Allied Forces Smash Across Rhine Near Strasbourg

American And French Troops Hold All But One Section Of City

Nazis In Fight-To-Death Battle Push British From Two Villages On Northern Sector; Ninth Army Has Destroyed 110 German Tanks In Past Seven Days.

AGREEMENT ON GERMANY

Three-Power Plan To Occupy Reich Signed.

By WILLIAM FRYE London, Nov. 24.—(AP)—Allied advance units were reported today to have crossed the flooded Rhine east of Strasbourg, which French and American troops had captured save for a small but powerfully defended bridgehead at the western end of the main bridge.

Filed Marshal Gen. Gerd Von Runstedt committed ten or twelve divisions to the great battle of attrition on the soggy Cologne plain to the north and behind flame throwers and a drumfire artillery barrage drove the British Second Army from the villages of Beek and Hoven, three miles northeast of Gelsenkirchen.

The U. S. Ninth army, fighting for Julich on the brown and turbid Roer river 25 miles from Cologne, knocked out its 110th German tank in a seven-day battle on the right flank of the British Second Army front. In Holland, the British inched to within a mile and a half of Venlo, the Dutch road center on the great bend of the Mease (Meuse) river.

The U. S. First Army edged back into the Inde river village of Welsweiler, 26 1/2 miles from Cologne, fighting house by house. German trucks and horse vehicles were observed pulling out of the town to the northeast behind a strong rear guard screen. Heavy artillery pounded the Nazi columns. The Inde is a tributary of the Roer.

Berlin asserted earlier in the day that the Allies attempted fruitfully to seize one of the three Rhine bridges outside Strasbourg. Alsatian city of 193,000 connected by a two-mile canal to the Rhine. The reported crossing of the swift and wide upper Rhine did not necessarily constitute the spearhead of a major drive across the border stream.

Well over 40,000 Germans have been captured by the six Allied armies on the offensive in the current campaign. This swelled the total since D-Day to around 700,000 men, or almost 50 full strength divisions. Counting killed and wounded, total German casualties for the new winter offensive were estimated at Supreme headquarters at 160,000.

The famous French Second armored division commanded by Maj. Gen. Jacques Le Clerc crashed into Strasbourg yesterday after an 18-mile advance and by noon had (Continued on Page Four)

Five hundred pound demolition bombs are lined up ready to be loaded into a B-29 Superfortress before it takes off for a mission against the Japs. A mighty armada of these giant bombers paid a two hour visit over Tokyo today in what was described by Gen. H. H. Arnold as the beginning of a relentless air war that will continue until the day of a land-sea invasion of Japan's home islands.

MARKET SETS HIGH RECORD

Sales Already \$7,500,000 Ahead Of Last Season.

Sales on the Greenville tobacco market at the end of the season's twelfth week (including November 22) totalled 55,043,702 pounds for \$23,623,788.02, an average of \$42.92 per 100 pounds, it was shown in a report issued by R. C. Rankin, sales supervisor.

This week's sales (with a Thanksgiving holiday) totalled 2,009,686 pounds which sold for \$872,665.58, an average of \$43.44 per 100 pounds. Sales on the Greenville market this season show a 25 per cent increase over last year, the largest increase shown by any market in the belt. It was the largest quantity of tobacco sold in Greenville since 1939.

The money paid out for the crop so far is \$7,500,000 more than was ever paid out on the Greenville market. "We expect to pass the \$7,000,000 pound mark before the season ends," Rankin said.

Sales in 1943 totalled 44,201,278 pounds at an average price of \$40.12 per 100 pounds, 1942 season, 50,692,332 pounds at an average price of \$35.29, and the 1941 season, 43,760,734 pounds at an average price of \$30.85, the supervisor's report shows.

Executed For Rape

Raleigh, Nov. 24.—(AP)—George Brooks, 20, and James W. Buchanan, 19, negroes, died today in the Central Prison gas chamber for the rape of a white woman in Mecklenburg County last spring.

The two men escaped from a road gang last May 29, the same day the young farmwife was snatched from her home on the outskirts of Charlotte and attacked in a nearby wood.

Admirals Urge Bond Purchases

Washington, Nov. 24.—(AP)—Three admirals slugging the Japanese in the Pacific called today for the folks back home to buy War Bonds to the limit. "Success of the Sixth War Loan is vital to the war in the Pacific," said Vice-Admiral R. A. Spruance, commander of the Fifth fleet, in a statement made public by the treasury.

Yanks Capture Limon And Drive Southward

MacArthur's Men Plunge Into Climax Of Fighting For Possession Of Leyte.

General MacArthur's Headquarters, Philippines Nov. 24.—(AP)—Mud-slogging American infantrymen lunched southward from Limon today after capturing that bastion of the Japanese Yamashita line in the climax to the longest and bitterest fighting of the entire Leyte Island campaign.

The Japanese First division has been practically destroyed, Gen. Douglas MacArthur said in announcing that the Yankee 32nd had smashed into and through Limon yesterday after a typhoon-slowed battle that had remained fairly static for two weeks.

Easier country lies ahead, but it was emphasized that this does not mean the heavy fighting is over. The terrain is such that the Japanese will be able to make defensive stands and force the battle-worn American Doughboys to dig them out of machine-gun nests and pill-boxes.

General MacArthur in his communique said the American victory at Limon may result in the rolling up of the entire Yamashita line.

The communique said the Americans had advanced 1,000 yards south of Limon and had reached the near-by Leyte River.

It fell to units under Col. John A. Hettinger, Colorado Springs, Colo., to break down the last Japanese resistance in the battle for

Nation Spared Possibly Dangerous Phone Strikes

By NORMAN WALKER Washington, Nov. 24.—(AP)—The nation breathed relievedly into its telephones today, spared of a threatened widespread strike that could have tied up its communications in wartime.

Telephone operators who had quit their jobs in 29 Ohio cities Washington and Detroit went back to their switchboards. Similar walk-outs which had shown every sign of developing in New York and elsewhere promptly faded.

SEEK FREEZE SECURITY TAX

Committee Will Begin Hearings Monday.

Washington, Nov. 24.—(AP)—Brushing aside a presidential recommendation, the House Ways and Means Committee voted 15 to 9 today against considering legislation of the bituminous coal industry.

Simultaneously, the committee agreed to consider a measure to freeze the social security tax at one per cent on worker and employer, instead of allowing an automatic raise to two per cent against each on January 1. It will start hearings Monday.

This decision made possible one more battle between the White House and anti-administrators on capitol hill before the 78th congress expires.

Some already were predicting Mr. Roosevelt would veto any legislation freezing the tax, on which congress twice before has prevented a rise. The automatic increase is provided in the basic social security law.

Winterville Plans Scrap Paper Drive

The Winterville Fire Department will collect scrap paper in the war salvage campaign in Winterville Sunday afternoon from 2 until 4 o'clock. Household and others are requested to place their bundles of scrap paper out front so that the firemen in the trucks making the collection will not be delayed.

Collection of scrap paper will considerably aid the war effort, Mayor Weyland Hunsucker said.

RUSSIANS OPEN NEW OFFENSIVE

Gain 16 Miles In Re-nerved Drive In Czechoslovakia.

London, Nov. 24.—(AP)—Russian forces have cleared the Germans from the island of Saare, north of the entrance to the Gulf of Riga, Marshal Stalin announced tonight in a broadcast order of the day.

Stalin said the clearing of the 1,000-square-mile island completed the liberation of all Estonian territory.

The victory was achieved by Marshal Lavrenti Govorov's Leningrad army, supported by units of the Russian Baltic fleet.

To the south in Latvia a massive battle to annihilate the German northern army corps was reported flaming again, although Moscow remained silent concerning it.

Theodore Johnson To Speak In City

By CHESTER WALSH Theodore S. Johnson of Raleigh, district director of the Office of Price Administration, will speak in Greenville at a countywide meeting in support of the "grocer-consumer anti-inflation campaign," sponsored by the National Retail and Wholesale Dealers' Association.

The first use of these bases south and east of Tokyo creates a two-way aerial squeeze against Japan's vital industries, with other B-29's from China, to the westward.

First official announcements of today's raid merely said a "sizeable task force" of Superfortresses "attacked industrial targets in Tokyo." Another communique was promised when further details were available.

(Tokyo, acknowledging the assault four hours after its announcement in the United States, said 70 Superfortresses hit the southern and northern outskirts of the capital early this afternoon, Japanese Time. The broadcast, heard by the Federal Communications Commission, claimed the B-29's "attained any tangible results" but "residential sections, including one hospital, were slightly damaged."

It said there were no shot down. There was no Allied confirmation.

Hundreds Of Tons Of Bombs Dropped By Giant B-29's Flying From New Bases On Saipan, Tinian And Guam; Tokyo Says 70 Planes Took Part In Raid.

Washington, Nov. 24.—(AP)—Fires still were burning in the center of Tokyo hours after the attack by B-29's today, the 20th Air Force reported.

Twenty-First Bomber Command, Saipan, Nov. 24.—(AP)—A mighty armada of B-29 Superfortresses blasted Tokyo today with hundreds of tons of bombs, opening what Gen. H. H. Arnold said was "an attack which will be carried on relentlessly from the air until the day of land-sea invasion" of Japan's home islands.

An undisclosed number of Superfortresses roared from newly-completed airbases here at dawn for the 3,000 mile flight which marked the initial attack on Japan's capital by land-based planes, and its first bombing since April 18, 1942.

Brig. Gen. Emmett "Rosie" O'Donnell of Jamaica, N. Y., 38-year-old former West Point football coach, led the historic daylight assault, believed to be the largest attack yet made on Japan's homeland.

The aerial task force was from the recently-established 21st bomber command of the 20th Army Air Force, operating from the Marianas, under the command of Brig. Gen. Hayward S. "Possum" Hansell, Jr., of San Antonio, Tex.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE Associated Press War Analyst While you and I were snug and safe in the Thanksgiving atmosphere of our homes, the Allies pressed their great drive against the Rhineland.

The fighting is especially fierce in the Aachen sector where the battle of the Cologne plain is getting under way. This engagement in the rolling terrain before the proud crest of the Rhenish cities may be the decisive battle.

Certainly the Allies are determined to make it not only the deciding battle of this war but of all war for a long time to come. Speaking of outlasting war, anniversaries like Thanksgiving naturally brings up memories, and one recalls it was just twenty-six years ago that a "defeated" German army marched through Cologne after the Armistice, and the city's newspapers blazed the headline: "Greet Our Untaken Army."

Nowhere in Germany was there any sign that the greatest war of all time had just been fought. The countryside was trim. Neither city nor hamlet bore scars of conflict. We might have known then that we hadn't won the war but had only secured a breathing spell.

This time it's different. The Allied air navies have poured death and destruction over the length and breadth of the Reich. And now Nazi Field Marshal Von Runstedt seems bent on holding in the Cologne plain west of the Rhine as long as he can with what's left of the decimated armies that marched out with Hitler to conquer the world. This means he's prepared to make a terrible sacrifice of life in an effort to delay inevitable surrender.

Well, if they want it that way it's probably all to the good for our children. When the remnants of the Hitlerite army stagger back through Cologne this time, there won't be any newspaper screaming "Deutschland Uber Alles."

Today On The Home Front

By JAMES MARLOW

Washington, Nov. 24.—(AP)—What does Rosie the riveter do when her war job ends?

Take a poorer-paying one immediately when it's offered to her? Or hold off for one paying as well as her war job? And—if she does that, can she draw unemployment compensation?

That problem and the solution will affect workers in every state when job-changing starts after the war.

Under the Social Security law every state has an unemployment compensation fund. It's built up by taxes on employers in commerce and industry and, in a few states, by taxes on employees, too.

Not all workers are covered. But a tremendous number are. When thrown out of employment the "covered" workers can ask for unemployment compensation.

ten they have to be interpreted differently to fit different cases.

Thus decisions—on unemployment pay for a worker who refuses a job offer—will vary from state to state. Here's an example of the problem, taken out of thin air but typical of what will happen:

Rosie the riveter worked in a dime store before the war, getting \$15 weekly. She had no skill. The war came. She learned to be a riveter and got \$60 a week.

Now the war ends. Her plant shuts down. She goes to the local unemployment compensation office. She says she wants another job and, meanwhile, she wants her weekly benefits.

The local office tells her: There's no riveting job open. And her only skill is riveting there's no job open for her at \$60 weekly. She's told she can get an unskilled, saleswoman's job at \$25.

She refuses. She says that kind of work is not now suitable for her. She says she wants to look around for a job—either similar in work or pay—to her riveting job. (Continued on Page Four)

### Pain Pays to Bonner

was in the city today and acquaintances congratulations upon his private secretary Senator Clyde R. here he expressed appreciation for his connection with Herbert C. Bonner as past four years. Spain following statement: "I am devoted to Herbert Bonner and shall always value and cherish his friendship, as the past four years have been the happiest and most beneficial in my life. "It is with great regret that I sever this happy association, but I feel that in becoming secretary to Honorable Clyde R. Hoy, who also has my admiration and respect, that it gives me an opportunity to serve in a broader field and yet to still render continued service to the people whose friendship I shall always cherish."

### Judge Dixon Winds Up Civil Session

Judge Richard D. Dixon of Edenton adjourned the civil term of Superior Court here about noon today. The court disposed of considerable business. Many divorces were granted under the two-year separation law. Court officials, members of the bar and law enforcement officers and others complimented the Chovancourt jurist on his good work at this term of Pitt county Superior Court. Judge Dixon was substituting for Judge R. Hunt Parker of Roanoke Rapids.

### Organize Class In Aviation In City

By CHESTER WALSH  
At a preliminary meeting at the high school last night to organize a Civilian Air Patrol cadet training squadron in Greenville June H. Rose announced that the plans will be fully explained at assembly meeting at the school at 11:30. The Junior Chamber of Commerce is sponsoring the aviation project. Matt R. Long, prominent business man and pilot, will be commander of the local unit. Major J. D. Winstead of Rocky Mount, commander of the eastern wing of the Civilian Air Patrol; Maj. V. O. Uilman, commander of Squadron 954 at the Greenville Marine Air Station, Mayor Bruce Sugg and others present pledged their fullest support to the establishing of a training course for pilots here. Any boy or girl 15 years old and up may join and there is no age limit for adult students. The Army Air Force is behind the establishment of Civilian Air Patrol units. Those who join the classes now will know how to fly before the war is over, and then flying will be a pastime similar to motoring. Greenville, with its extensive airfield with three 5,000-foot runways, will be in the spotlight of aviation when the war is over, and we want our young people to take advantage of learning to fly under the auspices of the CAP, Mr. Long said today.

every member worked exceedingly hard to bring success to its class. The kings were as follows: J. L. Bush, 11th grade; Arthur King, 10th grade; Major Bess, 9th grade; James "Juicy" Carmon, 8th grade; Chester Hammonds, 8 and 7 grades; David Henderson, 4th and 5th grades; Samuel Barrette, 3rd grade; Jim King, 2nd grade; Oscar Bryan, grade 1-B; Pete Cannon, grade 1-A. The queens were as follows: Grade 1-A, Ester Ree Hammonds; Grade 1-B, Grace Edwards; Grade 2, Lenora Carmon; Grade 3, Marris L. Carmon; Grades 4 and 5, Mildred Clarke; Grades 6 and 7, Bobbie Dixon; Grade 8, Mammie Williams; Grade 9, Malissa Carmon; Grade 10, Doretha Lang; Grade 11, Mabel G. Worthington.

We wish to thank all parents and friends who contributed so generously to help make this contest a success, and special mention must be made of Mrs. Laura Stancil of Greenville, who worked tremendously hard. Principal J. W. Maye especially thanks each of you and this money he states will be used to equip the library that we are beginning for the first time, the Home Economics department, the Science Department, and purchase play ground equipment.

PUTTING CHRISTIAN CHARACTER FIRST

F. Z. Koo, the distinguished Chinese statesman has said that what China needs is not more doctors, teachers, businessmen, and engineers who are Christians, but more Christians who are doctors, teachers, businessmen, engineers, etc.

This is a striking way of saying that Christian character must be put first in estimating the worth of an individual.

that the employment offer bears some reasonable relation to the claimant's last employment, both as to the type of work involved and as to the remuneration.

The problem will be far more acute after the war when jobs may not be as easy as now.

Nation Spared ...

(Continued From Page One) said, "was taken after full consideration of the position taken by the National War Labor Board at the public hearing which concluded yesterday."

At that hearing WLB ruled out negotiations between the telephone company and strikers until the latter returned.

The dispute centered over living cost bonuses of \$18.25 paid outside workers brought to Dayton and paid in addition to regular wages received by local employees.

Pollock said he felt assured that, with the strike ended, WLB would establish a procedure for prompt hearing and determination on the merits of the dispute involving transferees.

One possibility for the operators is establishment of a special WLB panel for expeditious handling of disputes of telephone workers solely, such as WLB's present lumber and shipbuilding commissions exclusively devoted to their specialties.

Besides possible loss of union security rights, members of a union which causes the government to step in to take over strike-bound facilities may face threatened removal of draft deferments, as happened in the Philadelphia transportation strike.

THE WAR TODAY

(Continued from page one) ant road centers. Bitter fighting is going on in this area, for Von Rundstedt is counterattacking with armored forces to protect these strategic points.

Just above Lt. Gen. Simpson's American Ninth army, which is only a couple of miles from Julich, the British Second army also is encountering heavy fighting.

There's another highly important thought in connection with the battle of the Cologne plain. If Von Rundstedt does elect to make his big stand west of the Rhine, it may mean that this will be the last big battle. That is, once he is committed to this course he won't find it easy to retire behind the river defenses.

Russians Open ...

(Continued From Page One) Czechoslovakia after a four week fighting lull.

Moscow announced last night the fresh drive by Marshal Ivan Petrov's forces already had ground out gains up to 16 miles on a 25-mile front west of Ungvar.

Kassa lies about 45 miles north, northwest of the Hungarian communications center, Miskolc, itself threatened from the south and east by units of Marshal Rodion Y. Malinovsky's Second Ukrainian army sweeping through Hungary.

While Petrov's troops were reaching Sobrance ten miles northwest

of Ungvar, Malinovsky's army units recaptured Takai at the lower end of an approximately 35-mile active front between those two points.

In yesterday's fighting Soviet troops also smashed due west of Ungvar 16 miles to Budkovce. The railway station of BacSKa, seven miles west of Csap, also fell.

Superfortresses ...

(Continued from page one) Shipping and shipbuilding yards are located in nearby Yokohama.

Early reports gave no indication of the bomb load carried. But the Army Air Forces said yesterday that the raid would not be a surprise to the Japanese, long forewarned by reconnaissance flights and practice B-29 bombing missions against Truk and the Bonin Islands.

The flight bore little resemblance to the first thrust of 16 medium bombers, launched from a carrier, which hit Tokyo in 1942 under Lt. Col. (now Lt. Gen.) James Doolittle.

Its historic importance was underscored by General Arnold's personal report to President Roosevelt. "This operation," he said, "is in no sense a hit-and-run raid. It is a calculated extension of our air power ... part of the Japanese empire is now out of our range, no war factory too remote to feel our bombs. The battle for Japan has been joined."

The systematic demolition of Japan's war production, begun six months ago from China bases, henceforth will be carried out with decisive force, softening up the Japanese heart for the ultimate invasion by combined United Nations' land, sea and air forces.

The coal bill came up after President Roosevelt had written Rep. Flannagan (D-Va.) saying such legislation "will help stabilize the industry and safeguard the interests of thousands of producers, hundreds of thousands of mine workers and millions of consumers." Congress killed the coal law last year.

Also in the house some members of the Judiciary committee considered forcing out a constitutional amendment to break up the senate's traditional two-thirds vote control over treaties and give the house a voice in the coming peace.

The senate today rejected a proposed prohibition against federal construction of electric transmission lines for three years after completion of a government power project.

Approving an amendment to the postwar flood control bill, the senate voted to permit construction of such lines immediately, unless 90 per cent of available power is purchased at the point of origin by private or public bodies. The latter would be given preference.

The amendment was accepted by Senator Bailey (D-MO) who had proposed the three-year restriction. The house called a start today on debate over a bulky post-war roads program already cleared by the senate. No vote is in prospect, however, before the middle of next week.

Ed Thomas On Staff Bell Telephone Co.

Edward G. Thomas, formerly of Greenville, a member of the public relations staff of the Southern Bell Telephone Company, Atlanta, Ga., is spending a few days with his parents, Mr. and Mrs. E. B. Thomas, near the city.

Thomas is another Greenville boy who went away and made good in a big city. After graduating from Duke University he became city editor of the Kinston Free Press in 1931. In 1935 he went to work for the Asheville Citizen-Times and in 1936 was in the advertising business in Atlanta.

While here Thomas is hobnobbing with Sam B. Underwood, Jr., a fellow-student at Duke in the long ago.

Standard Oil Buys War Bonds In Pitt

E. L. Woolard, sales agent at Greenville, announced today that Standard Oil Company of New Jersey had purchased War Bonds in the amount of \$500,000 in North Carolina in connection with the Sixth War Loan drive.

In line with the company's policy of allocating this purchase among the 100 counties of North Carolina in proportion to each county's quota Pitt county has been allotted \$7,000.

worked on a one-year extension of the administration's War Powers act, termed by Speaker Rayburn (D-Tex) as an absolute "must" for this session of congress.

The Russian communique reported capture of more than 3,000 German and Hungarian prisoners north and northwest of Csap, and 2,500 in two days of battle in Hungary. Moscow said the total taken since Nov. 8 in Hungary now stands at 14,470.

The Russian announcement of the capture of Tokaj in north-eastern Hungary came a day after the Germans said they had evacuated the famous wine town. Moscow said Tarcal, three miles west of Tokaj and 25 miles east of Miskolc, was taken during the day.

Front dispatches reported a "cold autumn rain" falling along the 85-mile front stretching northeast from Budapest, turning roads into rivers of mud.

Funeral Services Mrs. Buck Saturday

Mrs. Frank Buck, 64, died at her home near Hudson's Cross Roads Thursday night at 9:20 o'clock after several months' illness.

Funeral services will be held at the home Saturday afternoon at 2 o'clock by Rev. John Elks and Rev. Warren Boyd, Free Will Holiness ministers of the Black Jack community. Burial will be in the family cemetery near the home.

Surviving are her husband, J. F. Buck; five sons, L. H. and N. L. Buck of Route 2, Grimesland; M. A. Buck of Route 1, Grimesland; and J. G. Buck of Route 3, Greenville; one daughter, Mrs. W. H. Clark of Grimesland; 30 grandchildren, two brothers, Jim Mills of Route 2, Washington, and L. A. Mills of Route 2, Greenville; one sister, Mrs. Lilly Hudson of Route 3, Greenville.

Mrs. Buck was the daughter of the late Gus and Sophia Hardee Mills.

Allied Forces ...

(Continued from page one) cleared the foe from all the narrow, crooked streets in the western part of the city. By 4 P. M. the whole town was liberated except for the Rhine bridge approach two miles from the center of Strasbourg. It was heavily mined, stoutly defended and intact.

Von Rundstedt massed his divisions, half of them tank outfits, along a 25-mile front on the Cologne plain from north of Gellenkirchen to the bloody Hurtgen Forest, and these were the best the Germans could muster in western Europe. They faced the massed and charging might of three Allied armies, the American First and Ninth and the British Second.

Of the Ninth army's toll of 110 tanks, 23 were the new Tiger Royals—monsters with six-inch skins. The battle was almost amphibious. Three days of rain left inches of water standing on the fields, and the streams were well out of their banks and raging.

The resolute British backed onto high ground from Hoven and Beck and there were reported standing firm.

Agreement ...

(Continued from page one) plan approved by the commission is understood to call for the long-discussed three-way split of Reich territory and even a three-way division of occupation troops in Berlin itself.

Full authority over German affairs would be vested in the Supreme Allied Council which the American and British members initially might be General Dwight D. Eisenhower and Field Marshal Sir Bernard L. Montgomery, respectively. The Russians also are expected to name an officer of the highest rank, probably someone like Marshal Voroshilov, who has just been released from his supreme war council duties in Moscow, presumably to take on important assignments in other fields.

While the general control of Germany during military occupation would be a three-way split by the great powers, the arrangements does not preclude participation of French and other Allied troops. In fact it is expected that France, particularly, will be given important industrial areas such as the Ruhr for long-term occupation and undoubtedly have a place, although not a top place, in the Supreme Allied Council organization.

Buried Mrs. Price In Wilson Today

Mrs. J. W. Price, 68, died last night at 7:40 o'clock at the home of her daughter, Mrs. J. C. Hamilton, 1086 Evans Street. She had been ill a long time.

Funeral services were held at Hunt's Funeral Home in Wilson this afternoon at 4 o'clock. Rev. Mr. Lloyd Flowers officiated. Burial was in Maplewood Cemetery in Wilson.

Surviving are a daughter, Mrs. Hamilton of Greenville; a brother, Preston Smith of Maury; and a sister, Mrs. Richard Whitley of Black Creek, and six grandchildren and four great-grandchildren.

E. S. Sutton Died After Long Illness

E. S. Sutton, 76, died at his home in Shelmerdine at 11:15 o'clock Thursday night after two weeks' illness.

Funeral services will be held at the Pentecostal Holiness church at Shelmerdine at 3 o'clock Saturday afternoon by Rev. J. A. Howard, Pentecostal Holiness minister of Chocowinity. Burial will be in the Mack Smith family cemetery.

Mr. Sutton spent all his life in Pitt county. He was a member of the Pentecostal Holiness church at Shelmerdine. He was first married to Miss Lillie Dixon of Winterville, who died in 1915. Surviving this union are a daughter, Mrs. Beulah Tripp of Greenville, and a son, Edwin A. Sutton of the United States Navy. He was later married to Miss Eleazer Tripp of Craven county, and she survives him. Other survivors are four grandchildren, a brother, Jimmie Sutton of near Calico Cross Roads, and a sister, Mrs. Sarah Mills of Vanceboro.

Roberts President Of Bar Association

At a meeting of the Pitt County Bar Association at Respass' place last night J. W. H. Roberts, judge of City Recorder's Court, was elected president. Dink James, judge of Pitt County Recorder's Court, was named vice-president; Senator Arthur B. Corey, recording secretary, and Eli Bloom was reelected financial and social secretary for the sixth consecutive year.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expectorate laden phlegm, and soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to get you a bottle of Creomulsion. It is so understanding you must like the way it quickly allays the cough or you will have your money back.

**Claim Sinking**  
**Of U. S. Vessels**  
By The Associated Press  
Japanese broadcast unconfirmed by Allied sources, claimed today that two American submarines and seven warships and transports, including an aircraft carrier, were sunk or damaged in the Philippines waters this week.  
An imperial communique, recorded by the Federal Communications Commission, asserted Japanese planes intercepted a convoy east of Mindanao island Tuesday and in a three day attack sank two transports and one cruiser or destroyer, and damaged an aircraft carrier.  
The communique also claimed "three more enemy warships of unidentified type were damaged Sunday in the Japanese aerial counter-attack on the carrier force which attacked Manila. Adm. Chester W. Nimitz has already reported no U. S. ships were damaged."  
Domei news agency asserted additional "enemy submarines" were sunk in the southwest Pacific bringing to eight the number the Japanese claim to have sunk in ten days.

# Phantoms Will Play Jackets Here Tonight

### Last Game Of Season For Greenies; Large Attendance Expected.

Captain Sam Clark's Phantoms meet their last football foe of the season tonight when they square off with the Elizabeth City Yellow Jackets in Guy Smith Stadium at 8 o'clock.

The 1944 G-men hung up their grid togs after the game tonight until another season rolls around.

The game tonight promises to be a knockout from beginning to end. Both teams have eyed this battle for several weeks and are ready to exhibit some classy ball playing.

The Greenies will enter the game as a slight underdog because of a 7-6 defeat given to them by the Jackets in a previous meeting but Phantom spirit and revenge are counted upon tonight to make up for anything they should happen to lack.

Captain Clark has been bobbling his line-up around some in the last week but the following boys are expected to get the starting nod.

Batchelor and Fleming, ends; Lupton and Rice, tackle; Dail and

Clark, guards; Williams, center; Leggett, wingback; Jordan, blocking back; Futrelle, fullback; Perkins, tailback.

Six seniors will be playing their final high school game tonight. Among those are "Cotton" Jordan, Charles Rice, Amos Leggett, Dennis Fleming, Lawrence Posey and Ralph Parkerson.

The bands of both schools will be on hand to warm up things and the town people are urged to come out and help the Phantoms complete a successful season.

## Marines Win Game By Score 39 To 21

By SGT. BOB SMAGULA

The Greenville Marines, of squadron VMD 354, took an easy victory in their second home game Wednesday night at the Greenville armory when they crushed the Atlantic Field basketball team, 39 to 21, playing a fast and rugged contest before an overpacked armory court.

Both teams played rugged basketball throughout the entire contest. The Greenville Marines, however, overpowered the Atlantic team completely, showing more class

and deception. Playing brilliantly, Howie Helfrich sparked the VMD quintet with his fancy overhand shots that held the crowds gasping when he rolled up nine points for the victors. Flashy Pete Lukas and Cliff Adams came close behind with six digits.

Howie Helfrich dropped in the first one for VMD with his beautiful left overhand shot, after both teams took off to a slow start. It took a few minutes for both teams to warm up. After missing easy baskets Bill Hammond followed up for the squadron's second basket. Wait Gadszki, from Atlantic ran up the first for the opponents. Then Helfrich came around with his unbeatable left arm to drop in another and Cliff Adams followed up for VMD to take the lead 8 to 2.

Atlantic's Bob Sent and Bill Day dropped a basket apiece. Pete Fowlowskie sunk a beauty from the corner, with Helverson coming right back to deliver for Atlantic. Pete Lukas, playing his last game for VMD, finally warmed up to sink one and Day followed to make the first quarter score 12 to 10.

The Greenville Marines came around easily in the second quarter to hold their opponents to only one point when Day dropped in a free throw. However, Dick Clarke started off hot for the VMD five dropping in two, Adams following up with another. VMD 354 led the halftime with a 18 to 11 score.

The Greenville Marines stole the show in the second half when they completely overpowered the weak Atlantic team. Bob Sent, from Atlantic swiped the ball for the first basket, however, Joe Teufel and Bill Hammond came right back to take one apiece. Pete Lukas sunk a classy set shot, and also made a free throw. Joe Teufel made two free throws with Lucas setting up a honey from the corner, leading the third quarter at 28 to 13.

Atlantic determined to make a comeback, scored when Earl Helverson dropped in three free throws and a sweet overhand shot. Ted Unkel delivered a good long shot with Howie Helfrich coming in with another fast overhand from the side. Cliff Adams and Hauxhurst dropped in two more for the Greenville Marines. Bill Freeman set up two for the Atlantic team, trying vainly to bring up the score. Bob Sent dropped in the last basket for Atlantic to end the contest, with the VMD 354 Marines taking an easy victory 39 to 21.

Howie Helfrich was high scorer for the victors with five points. Bob

Sent was high for Atlantic with six points.

## GRID PICKINGS FOR SATURDAY

### Robertson Picks Ohio State, Notre Dame, Southern Cal., And Duke To Win.

By ORLO ROBERTSON

New York, Nov. 24—(AP)—Since the coin was right in picking Syracuse over Colgate last week and the office gal gave us Texas Aggies to beat Rice we are tempted to call on one or the other for all of Saturday's games. But, unfortunately, we're fresh out of coins and the office girl is taking the day off. So, with hope that we can do as well as last week when the record was 34 wins and eight defeats, we give you:

Ohio State-Michigan—How's that for a tough one to start with? Ohio State, led by Les Horvath and Bill Hackett, is unbeaten. Michigan has dropped only one game and can take the big ten title by winning this one. Our Mr. Howell, late of Columbus, says the Buckeyes, since there is no Michigan man around to offer an argument we'll string along with him.

Notre Dame-Georgia Tech—Tech beat Navy; Notre Dame lost to the Middles but the Irish aren't going to lose this one. Notre Dame.

Duke-North Carolina—Can't even work up a sweat on this one. Duke.

Oklahoma Aggies - Oklahoma - Bob Penimore gets a chance to shine and lead the Aggies to victory and possible bowl bid.

Southern California-U. C. L. A.—they tied 13-13 in the opening game of the season but the Trojans now are enroute to the Rose Bowl and the UCLANS have slipped backwards. Southern Calif.

Virginia-Yale—Yale is looking for an unbeaten season. Virginia lost to N. C. State on a muddy gridiron but they also tied North Carolina Pre-flight. We'll call it: Virginia by a narrow margin.

Camp Peary-Bainbridge—Bainbridge pulled out the first one by a one touchdown margin. They'll do better at home this week.

Indiana-Purdue—If we were sure Boris Dimancheff would be able to play we would see Purdue. But because of his bad knee, we'll pick Indiana with Bob Hoernschmeyer going to town.

Cornell-Pennsylvania—The Quakers have a little too much for the big red eleven. Penn.

Iowa Pre-flight-Iowa—Iowa Pre-flight.

Tennessee-Kentucky—the unbeaten, once-tied Vols want to play in the Rose Bowl. They'll not be stopped by Kentucky.

Illinois - Northwestern — There's too much speed in the Illini backfield for northwestern. Illinois.

Down the list: Princeton over Atlantic City air base. Brown over Colgate. Dartmouth over Columbia. Georgia Pre-flight over Daniel Field. Pierce over Jacksonville naval base. Kansas State over Nebraska. Rutgers over Lehigh. Wisconsin over Minnesota. Pittsburgh over Penn State, and on Friday, Auburn over Miami and Georgia over Clemson. Sunday, we like Holy Cross over Boston College and the Fourth air force over the Second air force.

## Swedish Vessel Believed Sunk

Stockholm, Nov. 24—(AP)—The 503-ton Swedish passenger ship Hansa was hours overdue at the Baltic island of Gotland today, and Swedish military aircraft reported sighting debris, bodies and a life-boat with apparent survivors 25 miles from Gotland.

Disappearance of the ship in good weather recalled the recent German proclamation that shipping in the Baltic and the Gulf of Bothnia was liable to be sunk without warning.

The Swedish newspaper Aftontidningen speculated that the ship, carrying more than a score of passengers and 27 crew members, was sunk "either by a mine or a torpedo."

The route was outside the area proscribed in the German proclamation.

## Wartime Pig-Skin Shoes Ration-Free

Washington, Nov. 24—(AP)—Shoes made of a wartime pigskin—possibly 15,000,000 pairs a year—will be sold ration-free, the OPA announced.

announced today.

Elimination of the ration stamp requirement for this future production is intended to encourage use of so-called "bacon tins" pigskin for the uppers of shoes. OPA describes it as "strong and durable" and "largely a wartime development." Soles will be of plastic or rubber. Few men's sizes are planned.

**Dog Delays Trains**

Philadelphia, Nov. 24—(AP)—Trains on the high-speed Frankford Elevated Lines were delayed ten minutes today—by a dog.

The animal jumped onto the tracks at one station, pranced to another more than a mile away, carefully avoiding the lethal third rail, and scampered off, eluding pursuers.

Campus is a Latin word meaning "level plain."
