Mr. Dowd Lists Causes of Juvenile Delinquency
Mr. Dowd listed the following causes of juvenile delinquency: first, changes in the home and in social conditions. This is also the most important cause. Second, unwholesome recreation and in connection with this — unwholesome influence of radio, movies, broken homes; third, lack of the right type of forces in secondary school. Other causes are idle youth, failure of parents to devote play periods to children, lack of laws to protect juvenile delinquents, and the fact that parents have let up in the rearing of children.

College Vesper Services
Chaplain Radford of the Greenville Air Base spoke at the YW Vespers Sunday evening.
Chaplain Radford said that it is impossible to break the laws of nature. Just as we have laws which govern forces outside us, we have laws that govern human conduct, and when we try to break them, we die. Man cannot live in a world dominated by hatred and greed. We should open our eyes and see, and seeing understand; we should use our ears for what they were intended, and we should look back on the history of human life and learn from the past. Until we do these things, the world will not be what it ought to be.
Chaplain Radford explained that the materials of progress, the things which make up the world and people who use them are gifts of God. Too often, talents are thought of, as private possessions for private use, but they should be for the advance of all people.
We have been placed here by God.

Entertains
On Thursday at 1:00 o'clock Mrs. Bryan E. Gibbs entertained at a bridge luncheon honoring her guest, Mrs. Mildred McClinton of Miami, Fla.

Christian Science Service
"Truth" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, January 28.

The Golden Text was from II Corinthians 13:8. "We can do nothing against the truth, but for the truth." Among the citations which comprised the Lesson-Sermon were the following from the Bible: "Lord, who shall abide in thy tabernacle? Who shall dwell in thy holy hill? He that walketh uprightly, and worketh righteousness, and speaketh the truth in his heart" (Psalm 15: 1, 2).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "At all times and under all circumstances, overcome evil with good. The purpose and motive to live aright can be gained now. This point won, you have started as you should. You have begun at the numeration-table of Christian, and nothing but wrong intention can hinder your advancement. Working and praying with true motives, your Father will open the way. 'Who did hinder you, that ye should not obey the truth?' (Pages 371, 326).

Mrs. Chapman Entertains
Grifton, Jan. 29 — Mrs. Jack Chapman entertained her contract club and invited guests on Friday night at the home of Miss Marie Chapman at a delightful bridge supper. Four tables were appointed for the games which were played progressively following supper which was served at the card tables in two courses. Scoring high for the evening were Miss Louise Mewborn, Mrs. A. D. Wall, and Mrs. George Sugg, Mrs. J. L. Quinerly, Mrs. L. D. McCotter, Mrs. H. P. Quinerly, Mrs. R. A. Nelson, Mrs. George Sugg, Mrs. T. J. Williams, Mrs. Robert Mewborn, Mrs. Cecil Cobb, Mrs. Ivan Bissette, Mrs. Robert Raspberry, Mrs. John Biggers, Mrs. Jack Tucker and Miss Bert Johnson.

Greenville Gets Grand Prize

In awarding of prizes at the St. Louis fair, four grand prizes came to North Carolina and Greenville gets one of them. The exhibit of leaf tobacco made by the Greenville Tobacco Board of Trade, was awarded this prize. It is a credit to Greenville that this town made the best exhibit of tobacco. It shows we have the best market in the world.

and if we live successfully and prosperously, we will discover that God is here. We will see him and hear him. We will find specific revelations of his love for us, and be so overwhelmed by it that we will try to do something for him. Then men and women will live in love, peace, service, and brotherhood.

Dr. J. L. Oppelt of the College faculty sang a solo. He was accompanied by Camille Jerhgan.

NEWS ABOUT SERVICEMEN

At Instructor's School

Randolph Field, Texas, Jan. 29 — First Lieutenant William J. Davenport, Jr., son of Mrs. Lada B. Forbes, 301 E. 11th Street, Greenville has arrived at Randolph Field to take an intensive course in AAF Training Command's Central Instructors School.

Now slated to pass on his battle-won skill to aviation cadets, Lt. Davenport is one of scores of pilots returned from overseas to take the four-week instructors course.

Assigned to the European Theater of Operations, he flew 72 combat missions, and was awarded the Distinguished Flying Cross and the Air Medal with three Oak Leaf Clusters.

Returns from New York

Mr. J. A. Collins, Sr., and Mr. J. A. Collins, Jr., have returned from New York, where they visited furniture markets and bought goods for J. A. Collins and Son's furniture stores in Greenville and Aurora. Their wives accompanied them on the trip.

Garden Club Meeting

The bright sunny weather with a promise of spring just around the corner brought the Garden Club members out in larger numbers than usual for the regular meeting Friday afternoon at the home of Mrs. Marvin K. Blount where they were greeted by Mrs. Blount and Mesdames L. A. Stroud, J. Hicks Corey, C. C. Hilton, and Dink James, hostesses for the afternoon, and invited into the Dining Room for a cup of tea with dainty accessories.

At the business session, presided over by Mrs. J. R. E. Moore, chairman the club voted to try in several ways to protect the birds in Greenville. First each member is asked to have in her own yard a place where food and water are provided; second, the club will build and maintain a suitable place for food and water for the birds in Cherry Hill Cemetery; third will ask the Board of Aldermen to declare Greenville a "Municipal Bird Sanctuary" and to place on the highway leading into Greenville markers so designating fourth every citizen of Greenville is asked to cooperate by declaring war on "stray cats and boys who use their rifles to kill our song birds.

The N. C. Garden Club has as its major objective the rebuilding of Tryon's Palace in New Bern. A bill will be introduced in the present session of the N. C. General Assembly asking for an appropriation to buy the site for the Palace. The Greenville Club voted unanimously its approval of this bill and instructed the legislative chairman, Mrs. E. W. Harvey to write letters to our representatives asking them to support it. The club voted too, to do its bit financially, each member pledging to give one dollar to the restoration fund. The State Garden Club is sponsoring an essay contest on Tryon's Palace in the public schools of the state. One hundred twenty five dollars is offered in prizes. The local club is urging the Greenville Schools to participate in this contest and as an added incentive, is offering three prizes for first, second and third best papers written by pupils in Greenville schools — while Greenville has no historic building to restore, the Garden Club thinks that Historic Markers should be placed here denoting that this was the home and is the burial place of T. J. Jarvis, Governor of N. C. and U. S. Minister to Brazil; the burial place of Salme Southall Cotten, pioneer club woman and civic leader; and that President George Washington visited Greenville on his historic tour through the south. It was voted that a request be made to the N. C. Historical Commission for these markers.

The Planting Committee, Mrs. J. Key Brown chairman is busy with plans for improving the grounds at Sheppard Memorial Library and other civic work in town.

A round table discussion of arrangements of flowers and evergreens brought by the members was helpful. Mrs. S. M. Crisp won blue ribbon for best arrangement and Mrs. Van Fleming the red ribbon, for second best.

Mrs. S. M. Crisp introduced Miss Katherine Davis of Lake Toxaway and Greenville who talked informally on the wild flowers of western N. C. Miss Davis told us interesting and unusual things about our old favorites the rhododendrons, laurels and flame azaleas and in more detail about the rare "Shortia" which was first found by the French botanist Dr. Michaux. In his laboratory he let a specimen of the plant with notation "found in the high mountains of western North Carolina." Following his death botanists searched for the plant for more than one hundred years. It is very interesting and is found in abundance in a limited section of our mountains. Miss Davis spoke of the similarity of many of the native plants of western North Carolina to those of the mountains of Asia, particularly in China and Japan.

The club was happy to welcome the following new members — Mesdames J. B. Spiman, C. E. Oakley, W. J. Stell, S. S. Roberts, Richard E. Hardaway and H. R. Rogers.

The water allowance in U. S. army camps is 100 gallons per capita daily.

The city of Lublin's civic history goes back to the 10th century.

Girl Scout News

Brownie Troop 5 met at the Rotary club with our leader, Mrs. Proctor. First we called the roll and then we said the Brownie Promise and the pledge to the flag. Then we talked about making Valentines. Then Rachel Lang read a story named Tutti Fruitti. We ended our meeting by playing Bingo.

Questions Legality
Wallace Nomination

Washington, Jan. 29 - (AP) - Rep. Hoffman (R-Mich.) today questioned the legality of President Roosevelt's nomination of Harry Wallace for Secretary of Commerce.

In a speech prepared for the House, Hoffman contended that if Wallace were promised a job prior to the election in return for political support, the President violated section 249 of the U. S. code which reads:

"It is unlawful for any candidate to directly or indirectly promise or pledge the appointment of any person to any public or private position or employment, for the purpose of procuring support in his candidacy."

Hoffman asserted a Federal Grand Jury should determine whether the nomination was a reward for past services or "held out as inducement for Wallace to get up into the collar and really play in the political field for a few furrows which would bring home the votes at the November election."

Bridges Wins
Court Review

Washington, Jan. 29 - (AP) - Harry Bridges, West Coast CIO labor leader, today won a Supreme Court review of the legal fight he has made against deportation to his native Australia.

Bridges asked aid of the high tribunal in seeking to block a deportation order issued by Attorney General Biddle in May 1942. Biddle at that time said Bridges was a member of the Communist Party and asserted the party advocated "violent overthrow" of the United States government.

In granting Bridges a review, the high court denied a request of the Communist Political Association that it be permitted to intervene in the case as a friend of the court. Justice Jackson took no part in consideration of Bridges' application.

Bridges, head of Longshoremen's Union, lost in fighting the order in lower federal courts by means of habeas corpus proceedings. In his petition to the Supreme Court he said there was no proof of his affiliation with the Communist Party and no facts to show unlawful membership in any proscribed organization.

Bridges told the court the deportation order "is demonstrably the result of unrelenting persecution extending over almost a decade, in the course of which outstanding infractions of ordinary conceptions of due process of law have been committed."

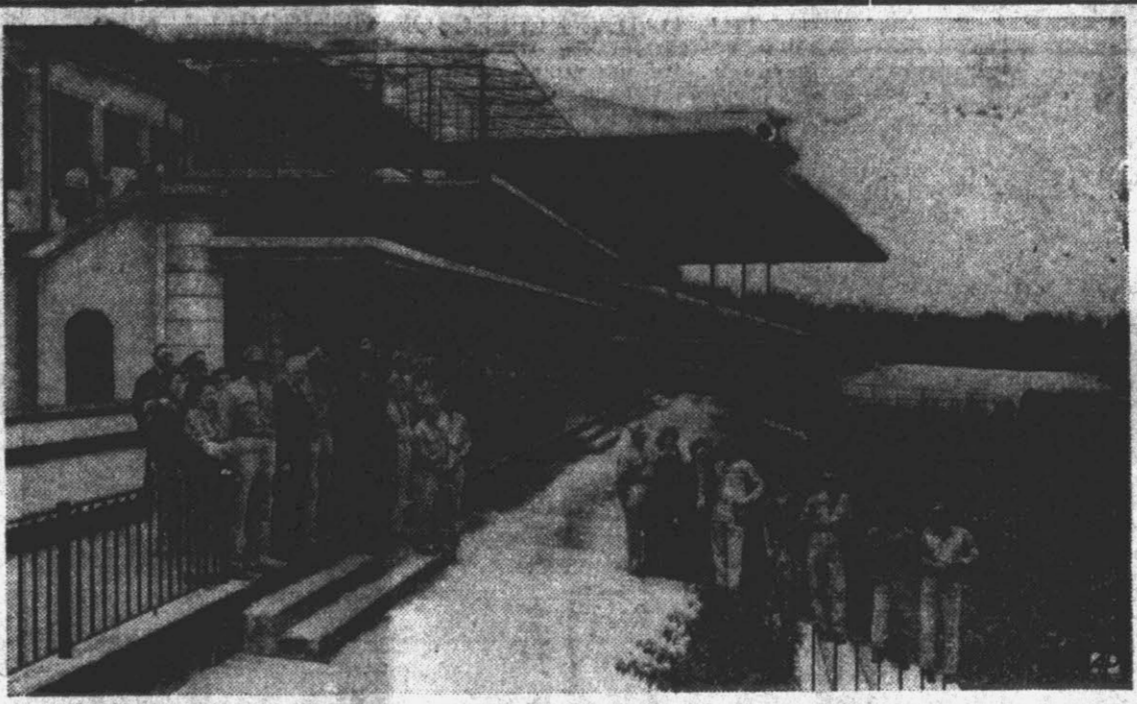

Maximum Prices On
Certified Potatoes

The Pitt County War Price and Rationing Board announced today that maximum prices have been established for certified and war approved seed potatoes.

These prices may be checked at the local rationing board by wholesalers, retailers and planters.

"Certified seed potatoes" and "war approved seed potatoes" are defined as those that are grown, inspected, certified or approved and tagged or labelled as such according to law where grown.

western, where the train is made up, said he received the request to hold the train in a telegram bearing James Roosevelt's name.

Col. Roosevelt, in Salt Lake City where the train arrived on schedule last night, said "I didn't ask to have the train held. It must have been the conductor of the Manhattan Limited that asked for it to be held."

The conductor, C. W. Kleinfelder of Fort Wayne, Ind., reported to Pennsylvania officials he had sent no telegram and that he was not aware that Col. Roosevelt was a passenger aboard the Manhattan Limited, representatives of the road said.

Kiwanians To Rocky
Mount Hear Speaker

A delegation of Greenville Kiwanians will go to Rocky Mount tomorrow evening to attend a district Kiwanis meeting and hear Kiwanis International President Ben Dean of Grand Rapids, Mich., deliver a special address. He will speak at Ricks Hotel at 7 o'clock.

Some complimentary messages were sent to the Greenville Kiwanis Club for entertaining the volunteer members of rationing boards in Pitt County at its last meeting. Reagan Jones, program chairman, was toastmaster. Judge Dink James, member of the firm of Smith Brothers Electric Company, the club now has about 57 members, representing various phases of business and professional life.

A steady stream of fire into the stronghold, into besieged Breslau, Silesian bastion on the Oder, and

into Poznan and Turin in Poland where encircled Nazi garrison forces were believed on their last legs.

Liquidation of the final fourth of East Prussia still held by the Germans were proceeding in close-in fighting, while the Dabrowa coal fields and most of the industrial centers of Silesia had been overrun.

German broadcasts declared that Zhukov's frontal drive on Berlin had been temporarily stopped in the last 24 hours but the German communique told of continued fighting along the Odra in the frontier area 95 miles from Berlin.

Berlin military spokesmen said that the Russians were attacking along a line from Kreuz, 103 miles northeast of Berlin, to Zraszyn on the Odra southeast of Berlin and "we cannot yet speak of a coherent front in the East at all."

In Silesia, the enemy on Berlin said, the Russians further enlarged their bridgehead over the Oder at Steinau, 32 miles northwest of Breslau. Defense of Konigsberg had been penetrated, the Germans said.

Transoceanic Nazi news agency, reported the Russians were assaulting Breslau from the rear. The agency said that Marshal Ivan Konev's First Ukrainian Army forces, striking for Ohlau, on the Oder's west bank 14 miles southeast of Breslau, "now stand at the gates of Breslau."

All streets into the city of 650,000 have been barricaded, a German front line report declared, and "tank traps multiply hourly."

The whole upper Silesian battle-front was "engulfed in flames" as the Germans carried out a scorched earth policy, the account asserted.

"Whole towns are being destroyed and burning towns and villages and hamlets look like torches."

An Eighth Soviet Army joined the gigantic attack and seized the long-surrounded Baltic port of Memel yesterday in another day of great victories which brought gloomy prediction from the Nazi press.

Swedish correspondents reported from Berlin that German newspapers, painting the blackest picture yet of Germany's position, declared the "next eight days" may decide the war, and that "panic is sweeping the nation from east to west."

Residents of the German capital spent most of Sunday afternoon in air raid shelters, one Swedish source reported after a telephone conversation with Berlin.

an assault which opened yesterday brought to perhaps a 4,000,000 the number of Russian troops now on the march.

Premier Stalin announced the clearing of the enemy from the southern Silesian area by the capture of Katowice and Beuthen, by the First Ukrainian Army, while Marshal Gregory K. Zhukov's First White Russian Army overran another 400 western Polish localities in a drive straight at Berlin along an 800-mile front.

Opposition to the pre-dawn onslaught which caught the Nazis by surprise yesterday and gained two miles still was "light to moderate." Gen. Eisenhower communique said. On all sectors, 16 villages were taken.

The doughboys had to flounder forward almost Indian file through waist deep drifts and virtually shovel their way toward the German border. The advance could hardly be rapid. It was more of a line straightening operation.

Snow flurries continued today. The Seventh army front in Alsace was quiet - snowbound.

The French First army with its American troops made limited gains at both ends of the Colmar pocket below Strasbourg, but operations there were handicapped also by deep snow and poor visibility due to ground haze.

Troops were curling around Colmer (Pop. 46,000) and reached within four miles of the Rhine and three of the city.

The Third army of Lt. Gen. George S. Patton, Jr., shoved the Germans back in to Germany beyond the Our river along an eight mile stretch of the Luxembourg frontier northeast of Wittz.

The 94th division captured Sinz, 3 1/2 miles inside Germany and seven miles southwest of Saarburg. The Germans counterattacked with four tanks and infantry in a futile effort to recapture the village.

The 17th airborne division in gains of a mile or more took Dorchester and Roder, east of Cleveaux in northern Luxembourg. The Fifth division cleared Putscheld, six miles north of Diekirch in a slight advance.

Weather cleared a bit on the Third army front indicating tactical plane support.

J. M. QUINN DIED SUNDAY

Funeral of Prominent Kinston Businessman Tomorrow

By CHESTER WALSH
 Jerry M. Quinn, 65, prominent Kinston business man and one of the organizers of the Quinn and Miller furniture stores, died of a heart attack at his home, 113 King street, in Kinston, early Sunday.

Funeral services will be held at the home Tuesday afternoon at 3 o'clock. The Rev. Wayne Drash, pastor of Gordon Street Christian church, his pastor, and Dr. H. I. Glass, pastor of Queen Street Methodist church, will officiate. Burial will be in Maplewood cemetery.

The Quinn-Miller and Stroud store and the Home Furniture store here and the other Quinn and Miller stores will close at noon tomorrow for the funeral.

Mr. Quinn requested in his will that the stores bearing his name in the firm continue to use it.

Mr. Quinn, a native of Duplin county, was a son of the late O. W. and Virginia Sandlin Quinn. He and J. Oliver Miller organized the first Quinn and Miller store in Kinston in 1893. His brother, J. W. Quinn and J. S. Miller, opened in New Bern at the same time. Mr. Miller later opened in Wilson and then went to Warsaw. Stores were opened in numerous North Carolina cities. Lawrence A. Stroud of Kinston and the late J. Oliver Miller and J. M. Quinn organized the Quinn, Miller and Stroud store in Greenville. Quinn and Miller were largely interested in the Home Furniture Store here.

Mr. Quinn was prominently identified with religious, educational and other community affairs in Kinston. He was a member of Gordon Street Christian church for 40 years.

Surviving are his wife, Mrs. Jessie Bryan Quinn; a son, Julian J. Quinn of Kinston; a daughter, Mrs. William V. Bond of Wilmington, Del.; a granddaughter, Mollie Joyce Quinn, and several nieces and nephews. The family was extensively related in Eastern Carolina.

Western Germany Hit By Bombers

London, Jan. 29—(AP)—Six railroad yards and a tank factory in western Germany were hit today by 1,150 American heavy bombers supported by 700 Mustang and Thunderbolt fighters.

The Flying Fortresses and Liberators bombed three freight centers around Coblenz and others at Hamm, Munster and Kassel in a heavy daylight blow.

Kassel got the heaviest pasting, with a tank factory there as well as rail yards drawing bomb loads.

It is likely that British bombers—busy last night with three separate attacks on Berlin and a 3,000-ton bombing of Stuttgart's principal railroads—raided the Ruhr during the day in the wake of the American heavy bombers.

A force of RAF Lancasters escorted by Mustangs attacked freight yards at Kresfeld this afternoon. In operations last night British bombers made three separate attacks on Berlin and dropped 3,000 tons of bombs on Stuttgart's principal railroads.

Yanks Move ...

(Continued from page one)
 the start of the Luzon campaign, was captured by Yanks of the First Army Corps, who pressed on toward junction with another American force moving northward from Sison. The two columns are heading toward Baguio, summer capital of the Philippines, 15 air miles north of the rugged Benguet mountains.

Gen. Douglas MacArthur reported that one Japanese division and one brigade defending Rosario had been "practically decimated" in the long fight, and "the enemy has been forced to move his northern reserves from the Baguio sector to supplement the remnants of his forces guarding the approaches to the north."

Eighteen miles to the southeast, American troops were beyond San Manuel but stiff fighting still raged in the burned and blasted town which the Yanks had been trying to capture for five days.

Associated Press Correspondent Dean Schelder, with the 25th division at San Manuel, said the Japanese counterattacked with artillery and tank-led "Banzai" charges yesterday, but were hurled back "in perhaps the toughest localized fighting on Luzon."

The Americans threw everything they had at the fanatical enemy—even mortar shells hurled by hand into the paths of oncoming Nipponese tanks.

Schelder estimated 800 Japanese were killed and 50 enemy tanks destroyed in the five-day battle.

A third point of resistance was at Clark Post, Stotsenburg, adjacent to Clark Field. General MacArthur reported both as captured in his Friday communique, but field reports said the Japanese still were offering resistance at the fort three days later.

Under a stay of proceedings granted by Judge Philip L. Sullivan in his ruling Saturday the Army continued its operation of the 16 seized Ward properties in Chicago and seven other cities.

Sullivan ruled that Wards is not a war production plant within the meaning of the War Labor Disputes act, and therefore is not subject to the seizure powers of the act.

Ward's properties were seized by the Army December 28 under presidential order after Wards non-compliance with War Labor directives providing for wage increases and maintenance of membership.

The communiques from the new headquarters said the carrier planes sank or damaged more than 125,000 tons of enemy shipping in the Formosa-Ryukyu raid. They shot down or destroyed 177 planes and damaged 202 on the ground.

Other air strikes, the communique reported, were made against two Japanese bases in the Kuriles, western Carolines, Palau and Marshall.

From his forward headquarters, Nimitz also sent "well done" messages to Adm. William F. Halsey, commander of the Third fleet, Vice Adm. Charles A. Lockwood, Jr., commander of the submarine force, and Lt. Gen. Millard F. Harmon, commander Army Air Forces, Pacific Ocean areas. He commended them for the recent blows of their "gallant fighting forces" against the enemy.

BEGIN WORK ON COURT APPEAL

Ward Case To Be Carried To U. S. Circuit Court.

Chicago, Jan. 29—(AP)—The government today began legal preparation to appeal the federal court ruling that President Roosevelt acted without authority in the seizure of Montgomery Ward and company properties.

J. Albert Woll, United States Attorney, said yesterday he believed the case would be carried to the United States circuit court of appeals in a day or two. Court rules allow the appellant 60 days to take action.

Meadows Trial ...

 no expenditures at all.

In opposing the state motion for consolidation for the charges Judge Albion Dunn stated that under the statutes the defendant could not legally be tried for two different offenses at one and the same time. In asking that all indictments be quashed he contended that the state charged Dr. Meadows with embezzling funds from several sources in one and the same indictment thereby making such indictment defective, null and void.

The like-wise contended that the defendant was being placed in jeopardy twice for the same alleged offense which was contrary to the statutes. Therefore he contended, one of the indictments must be set aside, before the defendant could enter a plea to any charges.

With the exception of prospective jurors and court officials, very few persons attended the opening sessions of the trial today.

Continue Air Raids On Japanese Islands

Washington, Jan. 29—(AP)—Superfortresses again attacked enemy installations today on the Japanese islands of Iwo Jima in a daylight raid.

The raids were carried out by the 21st Bomber Command, based at Saipan, under Major Gen. Curtis E. LeMay.

Results of the attack were not immediately determined but will be announced when operational reports are received.

General H. H. Arnold, commanding the 20th Air Force, announced the attack at headquarters here.

The Iwo Jima islands are on the way to Japan from the American base at Saipan and form the principal point of interference with flights to the mainland.

They have been attacked frequently in order to keep Japanese air concentration there to a minimum.

CAP Squadron Will Drill High School

The Greenville squadron of the North Carolina Civilian Air Patrol cadets will meet in the high school gymnasium at 7:30 tonight for drill and instruction. Lieut. Matt R. Long, a pilot and squadron commander, will be in charge. Lieut. Jerry Vaden will conduct the military drill.

The squadron meets once a week. Any boy or girl 15 years old and groups may join. The squadron is free and will be useful to students after the war. Any member may resign at any time.

Governor Gregg Cherry recently urged young people and adults to join the CAP. School Superintendent June H. Rose recommends it.

Funeral Services For Jule K. Warren

Funeral services for Jule K. Warren, 58, prominent attorney of Trenton, who died at a hospital in Richmond, Va., Saturday, were held at the home this afternoon. The Rev. Jack Rountree, Episcopal minister of Kinston, officiated. Burial was in Cedar Grove cemetery, New Bern.

Dr. Howard McGinnis, acting president of East Carolina Teachers' College, and Mrs. McGinnis, Mrs. Agnes Barrett and F. D. Dunbar of the college attended the funeral.

Mr. Warren was a son of the late William Y. and Fannie Badham Warren. He was a graduate of the University of North Carolina. He was for many years prominent in the Democratic party and was chairman of the Jones County Democratic Executive committee. He had been a trustee of East Carolina Teachers College since 1929 and had been on a number of special committees including the building committee. He was for a time a trustee of the University of North Carolina.

Surviving are his wife, Mrs. Etta Burt Warren; a son, Lieut. J. K. Warren, Jr., and two daughters, Mrs. Alan A. Warren of Charlotte, N. C., and Miss Frances Warren of Trenton.

BEGIN FIGHT ON MANPOWER

No Compromise Expected On Limited Service Act.

By WILLIAM F. ARBOGAST
 Washington, Jan. 29—(AP)—In no mood to compromise, the House moved today for a showdown fight on limited national service legislation for men between 18 and 45.

A decision is expected Thursday or Friday. First, however, will come debate and maneuvers on an "anti-closed shop" amendment and a proposal for statutory backing for the Fair Employment Practices Committee.

A week-end of overtures and sounding out of sentiment failed to find a common ground for compromise of Rep-Senate differences between organized labor advocates and a bloc seeking to impose stringent curbs on union activities.

"We will fight it out on the floor and I believe we have enough votes to win," Chairman May (D-KY) of the House Military Committee said of the bill as a whole. "This Committee wrote the measure at the request of President Roosevelt."

May said he would resist attempts to write into the bill a ban against requiring a man to join a union if his local draft board assigns him to work in a closed shop.

The measure provides that men between 18 and 45 may not leave essential jobs without draft board approval and must take such jobs at draft board request under penalty of induction, fine or imprisonment.

A provision requiring boards to give men "reasonable choice" of jobs, May said, adequately protects the freedom of a worker to join or refrain from joining a union.

This provision, however, does not meet the approval of a large bloc of Southern Democrats and rural Republican representatives. They may seek to impose an outright ban on strikes and permit non union men to work in closed shops.

Ground Action Light On Italian Front

Rome, Jan. 29—(AP)—Allied bombers smashed again at enemy communications in northern Italy yesterday as frigid weather continued to limit ground action along the entire Fifth and Eighth Army fronts, headquarters announced today.

Bombers concentrated on the Brenner Pass area with effective results, headquarters said. Brazilian fliers bombed the San Michele bridge in the area while American pilots hit the Lavis railbridge. Fighterbombers destroyed other spans north of Trento and near Padua, Bergamo and Milan.

A number of German raiding parties were reported along the Senio and Reno Rivers in the Eighth Army sector. They were driven off after one patrol pushed to the south bank of the Senio, two miles west of San Alberto, and another probed Allied positions southwest of Alfonsine.

 ed by former Governor Broughton last year to study the state's health and hospital needs for possible legislative action.

Recommendations of the hospital and medical care commission—and the proposed bill, if it is introduced—will be aired at a public hearing before the joint Appropriations committee tomorrow afternoon.

That hearing, incidentally, will be the last on the committee's schedule dealing with proposed expenditures of state departments, agencies and institutions in the 1945-47 biennium.

Other education bills expected to be introduced early in the week would set up the eight educational districts called for in the constitutional amendment passed by a vote of the people in the general election last November; the biennial education machinery bill, and one recreating the office of comptroller of the State Board of Education. The office was not provided for in the constitutional amendment which reshuffled the education board setup.

Meanwhile, a full delegation of assemblymen is expected to tour the Dix Hill unit of the state's mental hospital system. An invitation tendered by N. E. Edgerton, chairman of the Hospital Board of Control, to visit the Raleigh hospital Wednesday at 3 p. m., was accepted when both houses passed a joint resolution of acceptance.

Another deviation from the business of legislating will come tomorrow when a joint session will hear an address by David Lillenthal, president of the Tennessee valley authority. The session will be held at noon.

Other measures expected to hit the legislative hopper during the week are a bill setting up an aeronautics advisory commission; one incorporating the recommendations of a 50-member commission appointed by former Governor Broughton dealing with state regulation of its huge insurance business; and another which would create the office of chancellor of the Greater University and provide that administrative deans of the three units of the University system be known as "presidents."
