

Partly cloudy and a little warmer tonight. Cloudy and rather cool Sunday with light rain over west.

REDS CONTINUE DRIVE ON BERLIN

American Forces Plunging Through Siegfried Defenses

French And Americans Hold Long Stretch Of Western Bank Of Rhine

Germans Driven from Colmar in Alsace; Fiercest Fighting Since Nazi Breakthrough in December Now In Progress Along Several Sections Of Front.

By JAMES M. LONG Paris, Feb. 3.—(AP)—Two American divisions burst completely through the first pillbox belt of the double Siegfried Line today and surged across open country two-thirds of the way through the whole defense system. Some troops gained as much as three miles.

The German high command reported lively air activity and increasing artillery fire in Holland and on the front along the Roer River in Germany, amid rising indications of an impending Allied offensive.

Field Marshal Von Rundstedt gave this cryptic command to his troops: "Orders for what we have to do have been given. Comrades, now more than ever we must be watchful."

The Americans along a 40-mile attack front have run into stiffening resistance.

One front spokesman declared German troops were springing from concrete blockades and termed the fighting the fiercest since the height of the German December breakthrough into Belgium.

The battle was particularly fierce in the area 10 miles southeast of Mönchshaus, where the 82nd Airborne division seized Udenbreth and heights dominating the Siegfried Line 1-2 miles inside Germany.

Fighting forward east of Mönchshaus, the First Army's second infantry division had cracked the West Wall at one of its widest points 7 miles southeast of Aachen, and 47 or 10 miles inside Germany.

Pushing on, the second division seized Schonesseifen and Harperscheid, three miles from the Siegfried fortifications of Schleiden and 32 miles from Bonn, communications hub on the Rhine.

The second division already was through the first of two main defenses (Continued on page three)

Patrol Activity On Italian Front

Rome, Feb. 3.—(AP)—Allied patrols probing German defensive positions before the American Fifth and British Eighth army fronts listed casualties on the enemy yesterday at several points. Allied headquarters announced today.

A headquarters statement said a number of Silesian Poles from the German 148th division had deserted to Fifth army lines.

Despite unfavorable flying weather, medium bombers of the Mediterranean Allied tactical air force attacked rail bridges on the Brenner route into Germany and bridges in north Italy.

The WAR TODAY AN ANALYSIS OF THE NEWS

By J. M. ROBERTS, JR. Substituting for DeWitt MacKenzie

News that the Red Army is within artillery range of Stettin and the main railroad line of German retreat from Danzig, Pomerania and the northwestern tip of Prussia brings us back to a familiar pattern of Russian strategy.

Stalin's men, many of whom are gathering at the Oder like water behind the lip of a dam, are also about to cut another great scallop out of Hitler's domain along the Baltic and trap another important segment of his army. The entire German left flank, which occupies something like 20,000 square miles and has been strongly defended, is tottering.

Either the Germans already have gotten out what they can of these northern forces for the defense of Berlin or few of them will be available when the crisis comes.

North of Stettin there is railroad of sorts across the strip of land which divides the Stettin lagoon from the Baltic, but Stettin is the main outlet for all the threatened area. And another Russian drive farther east, last reported near

MANILA FALL IS IMMINENT

Yank Forces Now Within 18 Miles Of Philippine Capital

General MacArthur's Headquarters, Luzon, Feb. 3.—(AP)—Two powerful American armored columns raced toward Manila Thursday night amid strong indications the Philippine capital would soon be liberated without a major fight. One U. S. force was less than 18 air miles away.

Battle-hardened First Cavalry (dismounted) division troops drove a new arrow toward Manila Thursday by sweeping 57 miles in 24 hours down the east flank of the central Luzon plain to Sabang, within 24 miles of Manila and beyond.

Gen. Douglas MacArthur said today this sensational thrust completely severed Japanese forces in the north and south of Luzon.

Even closer to MacArthur's prime objective were elements of the 37th division which led the advance down central Luzon. These Yanks crossed the Angat river to the environs of Malolos, important communications center just 17 air miles to the north.

A third American spear was pointed at Manila from the southwest, in Batangas province, where the Eleventh Airborne division landed virtually unopposed Wednesday and quickly captured an airfield. (Continued on Page Two)

Begin Move To Block Wallace

Washington, Feb. 3.—(AP)—A Republican move to freeze government agencies against a Presidential transfer cast a new shadow today over Henry Wallace's nomination for secretary of commerce.

Just when Wallace's adherents were settling back to await expected confirmation of the appointment after March 1, the House Republican leadership popped a proposal to alter the senate-approved George Bill.

This Wallace-saving measure would transfer the \$45,000,000 Reconstruction Finance Corporation and similar agencies from the Commerce Department to a separate federal loan administrator.

President Roosevelt said he would approve legislation to affect this change and on that note the senate put the cabinet nomination on the shelf until March 1.

But Mr. Roosevelt's clinch message to Senate Majority Leader Barkley said only that he would approve legislation to return the lending functions to a separate administrator.

So the question of what he might do with a bill enlarged to cut off his authority to shift other agencies arose to plague the Wallaces and to encourage the former vice president's foes who still hope to keep him out of public office.

Open City (?)

London, Feb. 3.—(AP)—A mysterious broadcast heard in London today said "rumors are sweeping Berlin that the German high command intends to declare Berlin an open city but German army circles declare there is no truth in it."

The Associated Press listening post heard the broadcast but could not trace its origin.

SUPPLIES FOR LUZON INVASION—Soldiers and Coast Guardsmen bring supplies ashore for the invasion of Luzon Island in the Philippines. In background is a view of landing craft from a U. S. attack transport.

WOULD CHANGE LAW ON USURY

Corey Would Make High Interest Rates Misdemeanor

Raleigh, Feb. 3.—(AP)—Collecting more than the legal rate of interest in North Carolina would be made a misdemeanor under a bill introduced yesterday in the Senate by Senator Arthur Corey of Pitt.

The bill also provides for the forfeiture of the license or charter of a corporation guilty of charging usurious interest.

Under present North Carolina law, collecting of interest above the legal maximum rate—six per cent a year—is only a civil offense, and the law provides that a person who has been so overcharged can file a civil suit to recover twice the amount of the usurious interest paid.

This weakness of the law in providing a penalty for charging of usurious interest gained the spotlight last summer when the now-famous "Roderick Davenport case" broke in East Carolina. Davenport openly proclaimed—in big ads in newspapers—that he would borrow money at five per cent a week and would loan money at 10 per cent a week. Davenport operated in a number of East Carolina cities, with much of his dealings centered in Greenville, Kinston and New Bern.

The State Bureau of Investigation and local officials in eastern counties joined in an investigation which ultimately led to the arrest of Davenport and several of his associates on various criminal charges growing out of his operations, and they were indicted by grand jury. (Continued on Page Two)

Birthday Ball Here Tonight

The President's birthday ball will be held in the Wright building at East Carolina Teachers College tonight from 8 until 12. The music for the dance will be furnished by one of the best dance orchestras in this section, namely, the Ninth Wing orchestra of the Marine base at Cherry Point. The dance is informal, in that one may wear what one has to wear. All service men will be admitted free due to the generosity of firms and individuals in Greenville who have bought hundreds and hundreds of tickets to be given to all service men and women who come to Greenville today. The wives and sweethearts of the service men will be admitted free also.

W. W. Lee, general chairman of the ball reported this morning that he had already sold over five hundred tickets and further he expected to sell on thousand dollars worth by dance time. Tickets will also be on sale at the door of the Wright building tonight. Patrons are asked to come early, because the dance must come to a close at midnight.

Employment And EDUCATION

Employment and Education

Edison Park, Fla., Feb. 3.—Post war full employment depends upon keeping the national income up to \$120 billion or more. This compares with a prewar figure of \$90 billion. (Continued on Page Two)

Preventing Unemployment Three times in the past, the U. S. was up against a similar problem. (1) In 1815-48, following the Mexican war, there would have been a revolution in the U. S. except for the acquisition from Mexico of Texas and seven other states. (2) In 1874-79, following the Civil War, there would have been economic chaos except for the development of the railroads. (3) In 1919-22, following World War I, there again would have been an economic collapse had not the "horseless carriage" saved the day.

To jack up national income 50 per cent and prevent unemployment, some new great industry must be born, or some radical change must take place in education. I believe that following World War II—some revolutionary change will take place in our system which now "educates" 30,000,000 people and spends billions of dollars annually. Hence, I repeat this: postwar employment depends upon our school committees.

Memory Vs. Brains Here is my forecast: First, schools will give less attention to memory work and more to brain development. Such memory work as is given should be concentrated on spelling, arithmetic tables and vocabularies which knowledge will help

Much Testimony Offered In First Week Of Trial

Several Weeks May Be Required To Complete Meadows Case; 12 Witnesses Heard Yesterday

Testimony of 12 prosecution witnesses yesterday ended the first week of the trial of Dr. Leon R. Meadows, former president of East Carolina Teachers College, on charges of embezzlement of college and student funds totaling \$18,636.34 and false pretense in connection with the handling of funds entrusted to him. Judge Clawson L. Williams of Sanford, presiding over the special term of court, recessed the hearings late yesterday afternoon until 10 o'clock Monday morning.

When hearing was resumed after the noon recess yesterday, SBI Investigator Willard I. Gatling, of Raleigh, denied on cross examination that he had used coercion or any threats whatever in connection with securing statements from several of the prosecution witnesses who had preceded him on the stand. Gatling had given corroborating testimony to that of four Negro workers who had performed services at the college and from whom Dr. Meadows had received receipts for the work.

James T. Little, secretary-treasurer of Carolina Sales Corporation, of this city identified checks and invoice in connection with a sale by his company of refrigeration equipment to the college that included a Kelvinator alleged by the prosecution to have been converted by Dr. Meadows to his own personal use and claimed as his own personal property. The company's invoice for the entire sale was \$2,999.45 of which Mr. Little said \$359.45 was the college treasurer's check for \$2,904 and Dr. Meadows's personal check for \$95.45 received by his company in settlement of the account. Mr. Little testified.

Eddie Barber, electrician, identified two checks given him by Dr. Meadows in the amounts of \$19 and \$14 and testified that they were in settlement for work done on Dr. Meadows's personal property.

G. A. Conway testified that he and his brother J. W. Conway had done much floor scraping and finishing for both Dr. Meadows and the college. He testified that on one occasion when he was doing work for the college he received an advance from the college treasurer's office of \$30 while the work was in progress and that when the work was completed he received full payment of \$91.07 for the job. He stated that within 15 minutes after he had received the full payment he turned over the \$30 overpayment to Dr. Meadows. He stated that while in the progress of a job at the college infirmary he requested (Continued on page two)

Fight Looms On Draft Control

Washington, Feb. 3.—(AP)—The Senate and House threatened today to collide over what government agency men 18 to 45 into essential war jobs.

The Senate Military Affairs Committee met for a final vote on its version of the limited national service bill passed Thursday night by the House.

The committee tentatively amended the legislation yesterday to give James P. Byrnes' Office of War Mobilization and Reconversion full authority over the manpower control machinery which the measure would establish.

The House had vested in draft boards the authority to say what men should be required to remain at their present tasks and who should be forced to go to the war plants.

During four days' consideration of the bill, the House vigorously repulsed all efforts to give that authority to any other agency than the local boards. Chairman May (D-Ky.) of the House Military Committee declared that opposition would continue if the Senate sent the bill to conference with the switch in authority.

Newspaper Meet Cancelled. New York, Feb. 3.—(AP)—The 1945 convention of the American Newspaper Publishers Association, scheduled here for April 24-26, has been cancelled.

ANPA President Linwood I. Noyes announced the cancellation after a meeting of the board of directors yesterday.

School committees will realize that the student's greatest need is for self-discipline, so necessary to co-ordinate body, mind and spirit. Our present school system worked fairly well before the days of mass production and modern conveniences, but if continued along present (Continued on Page Two)

SAY MEETING HAS STARTED

Rumors of 'Big Three' Conference In Romania

A security blackout veiled the movements of President Roosevelt, Prime Minister Churchill and Premier Marshal Stalin today as axis capitals speculated that the big three conference was underway in Romania.

A dispatch from the Swiss border town of Chiasso to the Geneva newspaper La Suisse quoted Fascist sources in Italy as saying that the conference had begun in the Romanian Black Sea port of Constanta.

One German broadcast had fixed the site as Bucharest, the Romanian capital, while the German Transocean agency said the Allied leaders were conferring at a Romanian port on the Black Sea.

Recent dispatches from London and Rome passed through censorship, had speculated that the meeting would be held close to or within the borders of the Soviet Union, since Stalin is personally directing the Russian offensive.

A dispatch from London last night said there was every indication that "the fate of Germany was being decided by the big three somewhere east of London."

Workers returning to the Spanish town of La Linea from Gibraltar brought rumors that Churchill arrived (Continued on page two)

Germans Claim Russian Bridgehead Across Oder River Wiped Out Today

SHORTAGE OF FUEL IS ACUTE

Shipments Of Everything But Coal Banned

By The Associated Press Transportation and fuel services, snarled by a two-month snow blizzard, continued tight today with cargoes on rail freight and appeals for more coal production. The only cheering note was a forecast of moderating weather for most of the nation.

U. S. weather bureau forecasters at Chicago saw no bitterly cold temperatures anywhere, but said the next unpleasant weather was developing in the southwest where freezing rain moved slowly eastward. From the midwest light snow also sidled toward the bedevilled east.

The coal situation remained the most critical. In Ohio Governor Frank J. Lausche ordered all state buildings closed for the week-end, and New York's Governor Thomas E. Dewey matched the order.

Lausche said he would formulate a conservation program today to last until April 1. Retail coal piles in Ohio were reported barren, and schools were planning four-day weeks, with a possibility they might not open at all on Monday.

In New York it was touch-and-go from Albany to Buffalo. Charles J. Sells, state director of transportation and supplies in the emergency, said milk deliveries had been cut as much as 43 per cent in some cities.

The Grange League Federation Exchange mobilized a fleet of 140 (Continued on Page Two)

Long Occupation Of Reich Possible

Washington, Feb. 3.—(AP)—In American government circles the idea of keeping at least small military occupation forces in Germany for many years is gaining increasing support.

Information reaching Washington about conditions inside Germany is generally interpreted by officials as holding little hope of a unified enemy surrender.

Instead, the belief is that German military forces will disintegrate under pressure of Russian and Anglo-American armies leaving the country in a state of chaos.

Since this prospect, if realized, likewise means the complete disintegration of Germany politically there is increased discussion here of the possibility that the defeated people may have to be ruled by an Allied commission for an indefinitely prolonged period.

There is some belief that discussion of a plan along this line may be taken up by Roosevelt, Churchill and Stalin at their meeting.

Today On The Home Front

By JAMES MARLOW

Washington, Feb. 2.—(AP)—To you, the working man, the latest from the War Manpower Commission, must seem like boring news.

Believe it or not, the WMC says that instead of 700,000 workers about 600,000 are needed between now and July 1.

It used to be that 700,000 were needed. Not now.

The WMC had figured that some time between Dec. 1 and now 703,000 were needed.

But the WMC estimated yesterday 100,000 workers already had responded to the call for help.

Maybe the 100,000 difference between the 600,000 presently needed and the 700,000 formerly said to be needed were spared into jobs by the reported need for workers.

This, brother, is where we sweated blood.

The WMC gave out some figures and, believe it or not, it took a full day to find out the answer and this is what WMC said:

Between December 1 and January 15 the number of people in war jobs and war-supporting jobs increased by 100,000.

So instead of 700,000 as originally stated by WMC, we now need 603,000 in jobs by June 30.

Does this bore you, brother, it bored us too, trying to clothe through it. But it has a meaning for all of us.

The War Department laid down manpower figures. It said we need that much. And nobody seems to have questioned the need for manpower.

The house didn't question it. It passed a labor-draft bill. So far as we know, the senate won't question War Department needs either.

So—the War Department says we need "so many men." The house agrees and passes a labor draft bill. The senate will do the same, probably.

And this is the way it stands: The army needs 900,000 men between now and June 30. At the same time we need 600,000 men for industry.

The army will make up its 900,000 (Continued on page two)

Strength FOR THE DAY

By EARL L. DOUGLAS A ROUND-ABOUT PROVIDENCE

Many years ago a minister in England called upon a woman who was dying and found that just a short time before, she had experienced a marvelous conversion as the result of one of Spurgeon's sermons.

The seed of God's truth keeps growing because it has vitality and life. It springs up in the most unexpected places and under the most astonishing circumstances.

"God moves in a mysterious way his wonders to perform." This has been true in the past, and there is no reason to doubt that His wonderful providence has lost any of its power in modern life.

College Singers Delight Kiwanians

In celebration of the birthday of Victor Herbert, world famous music composer, Prof. Charles Fisher, head of the music department at the college, presented at the Kiwanis meeting last night his music class in a program of the famous composers' light operas.

The numbers, so musical, and so delightfully rendered, should be stated. They were: "Moonbeams," from the "Red Mill," by the chorus; "Kiss in the Dark," by Lucy Nell Smith; "Thine Alone," by Mary Blaine Justus, Elizabeth Bridges and Sally Margaret Johnston.

Members of the chorus were Dorothy Peebles, Elizabeth Bridges, Jean Robertson, Lucy Nell Smith, Josephine Gibson, Mary Blaine Justus and Sally Margaret Johnston.

Nearly a score of out-of-town guests were present. Frank J. S. Maturin, of Chicago, field representative of Kiwanis International, was present.

Would Change . . .

Until the investigation and the filing of charges on counts other than the mere charging of usurious interest, Davenport's widely advertised business apparently was thriving—with lots of clients hoping to get rich quick by lending to him and a number of customers ready to bor-

Hi Diddle Biddle

row. And Davenport's advertisements insisted that he was in a "legitimate business." The filing of the charges of the arrest of Davenport and his chief aides revealed that there was little cash in his coffers although his business had been operated on what later was termed in the areas affected as "a big borrowing small lending" scale.

Shortage Of . . .

(Continued From Page One) trucks to send feed to western New York farms, while in the New York harbor area the Third Naval district announced release of 16,300,000 gallons of fuel oil to civilians in New York, northern New Jersey and part of Connecticut.

The Solid Fuels Administration appealed to Pennsylvania miners to work today at straight time regardless of time and a half provision for Saturday work, but the miners refused.

The crux of the difficulty was in transportation, in a hopeless tangle because of heavy snows. New York State Guardsmen have been assisting in getting yards cleared at Albany and Buffalo, but more than 4,000 Pennsylvania miners were idle because of a lack of freight cars.

received funds totaling over \$27,000 more than \$18,000 of which he "embezzled, misappropriated, converted to his own use or converted to purposes other than those for which said sums were designated and held by him."

Some of the items upon which the false pretense charge is based are allegations that Dr. Meadows obtained, by fraud, receipts from workmen for amounts not paid to them and that in turn such receipts were used in preparation of an invoice upon which he obtained funds from profits of the college stationery store to the extent of \$1,470.54.

As indicated by his explanation before the board of trustees and by cross examination of witnesses so far in the trial by defense counsel, Dr. Meadows will base his defense on improvements made at the college during his administration, allegedly paid for by him out of the funds legally turned over to him as a result of action of the board of trustees setting up such a system of receipt and expenditure of funds by the college president for improvement of college buildings and grounds.

All of Tuesday morning was taken up in selecting the jury and a major portion of the afternoon session was consumed with the reading of the bill of indictment to which the defendant entered a plea of not guilty.

Wesleyan Service Guild with Mrs. Lewis Herring.

Presbyterian Announcements. The church school meets Sunday morning at 9:45 o'clock. Jesse R. Moyer is superintendent. This is a school for the church membership and the whole family is invited to attend.

At the morning preaching service the pastor, Dr. Boyd, will speak on "Educational Responsibility of the Church." His texts will be Matt. 28:20 and II Tim. 11:2. This message will be a discussion of the place and importance of the church school in the life of the church members.

Sunday afternoon at 3 o'clock the Twin Oaks School will meet and a short preaching service will follow at 4 p. m. All friends in this community are invited to attend. Miss Sara Little, who surveyed the field and assisted in the organization last September, will be present for a short visit.

Young people of the First Church meet at 6:30 p. m. Miss Agnes Lapsley will be in charge. Wednesday night at 7:30, mid-week prayer service will be held at the church and on Thursday night at 7 o'clock a supper meeting of all officers of the church will be given at the church. Presbyterian students of ECTC will give the supper, price 60 cents. This is an important meeting of the officers as the budget for next year will be formulated and adopted.

Sunday will be your last opportunity to make that special gift to our current foreign mission fund.

Masonic Notice. Greenville Lodge No. 284, A. F. and A. M., will have a regular communication Monday night at 7:30. Supper will be served at 6:45. Jas. W. Brewer, Master. N. R. Joyner, Secy.

Immanuel Baptist Circles. Circles of the W. M. U. of Immanuel Baptist Church will meet Monday at 3:30 as follows:

Clatide Wilson Circle meets with Mrs. W. R. Smith.

Nettie Patrick Circle meets with Mrs. Banks Cozart.

Julia Meadows Circle meets with Mrs. Preston Corey.

The Business Women's Circle will meet Tuesday night at 8 o'clock with Miss Ruth Williamson.

Junior Miss To Be Presented Here. Finding counterparts for the touring of Patricia Pearson, Lenore Longman and Joan Newton, Juvenile mainstays in the Broadway stage hit "Junior Miss" which is coming to East Carolina Teachers College for a matinee and evening performance Wednesday, Feb. 7, with an all New York cast and production, has been an exciting though exacting assignment for the Civic Drama Guild's executive staff. Although hundreds of young actresses and actors were interviewed and auditioned for the various roles it was several months before the carefully selected cast was complete.

The part of Judy in next Wednesday evening's production is being played by Eleanor Stafford and the supporting company includes Pat Smith, Sandra Roan, Cynthia Blake, Elva Harris, Mark Forbes, Elaine Eldridge, Gary Strom and Jane McCloud.

Pfc. and Mrs. Eugene T. Coughlin have an apt. at 309 Pitt Street.

Forty Years Ago Today

THE DAILY REFLECTOR
February 3, 1905

The Greenville Supply Company is unloading a solid car load of tobacco just arrived from Brown & Williamson of Winston-Salem. The car is bedecked with streamers which bear the words "For Greenville Supply Co. One car Kille, Bloodhound and McGinty Twist Tobacco."

This is the first solid car of manufactured tobacco that has ever come to Greenville or even to any town in this section that we recall.

7:30 p. m.—Evening worship.

Herbert R. Ross Dies Heart Attack

Herbert R. Ross, tenant on H. N. Worthington's farm near Winterville, was found in an unconscious condition on the road about 75 yards from his home early today. He died shortly after being removed to his home.

Coroner Griffin H. Rouse said Ross left the home of his mother, Mrs. Fannie Ross, in Winterville, on a horse-drawn cart about midnight. The horse and cart were found in the yard about daylight. A son found Ross on the road and removed him to the house. A physician said it appeared that he suffered a stroke or heart attack and fell from the cart.

Funeral services will be held at the grave in the Winterville cemetery Sunday afternoon at 3 o'clock by the Rev. E. C. Cole, Baptist minister of Winterville.

Mr. Ross was born and spent his entire life in the Winterville community. Surviving are his wife, Mrs. Clyde Sutton Ross, four sons, William David Ross of Chocowinity, Roy Lee, Jim and William Earl Ross of the home; a daughter, Miss Laura Mae Ross of the home; three grandchildren; five brothers, Joe Ross of near Greenville, Alfred, Jimmie, Heber, and Lewis Ross all of near Winterville, and his mother, Mrs. Fannie Ross of Winterville.

Reds Continue . . .

(Continued From Page One)
cations hub represented the greatest gain yesterday for the Russians with a 15-mile plunge straight through the heavily reinforced German lines.

The German radio, which has consistently placed the Russian advance several miles ahead of points announced officially by the Soviet high command, said the Red army was attacking Kustrin and had reached the Oder river at new points only 38 miles from Berlin in the Frankfurt area.

The midnight Russian war bulletin said the Nazis were constantly replenishing their shattered forces east and northeast of Frankfurt, but despite a stubborn resistance were losing one position after another under blows.

Another column of Zhukov's men, coiling northeast around Kustrin, reached the Oder river at a point 30 miles from Berlin, the Germans announced. This advance threatened to outflank Kustrin and take it from the rear.

Moscow's communique did not confirm that fighting was in progress at Kustrin itself. It did announce the capture of Alt Limritz, only 10 miles east of the city on the eastern side of the Oder at its confluence with the Warthe.

A late Nazi broadcast said the Kustrin garrison was in close quarter combat with Soviet units attacking the town along the northern bank of the Warthe.

The First White Russian army captured more than 150 places yesterday despite the stiffened German resistance and an unseasonal thaw which hampered mechanized operations.

A DNB broadcast from Berlin reflected German alarm at the double barreled thrust by Zhukov. It said the eastern danger zone could be divided into two main areas—the march on Berlin and the attempted break into Stettin to split the German northeastern armies from those in the central front sector.

In the Silesian area about 100 miles southeast of Berlin Russian troops scored new successes yesterday along the Oder, reaching the river on a new seven mile front between captured Boyadel and Lippen in advances up to 13 miles.

Meanwhile, in East Prussia the Russians compressed the German-held territory to less than 1,000 square miles of the original 14,283. More than 100 localities were captured yesterday, including Domnau and Schippenbel, 20 and 33 miles southeast of encircled Konigsberg, where the German garrison was reported running out of ammunition.

American . . .

(Continued From Page One)
fense belts there, but enemy opposition stiffened.

Germans fought as bitterly against the U. S. Third Army's push farther down on the 40-mile assault front, and hard fighting raged for Bleialf, 5 1/2 miles west of Prum, a supply center for the defense line.

American and French troops battled to throw Germans from a toe-hold in Colmar on the southern end of the Wester front, and broadened their grip on the Rhine south of Strasbourg to 35 miles.

Artillery pounded the Rhine bridge at Neurbriach east of Colmar, main escape route for perhaps 25,000 Germans in the Colmar area. Allied troops reached the Rhine near Kuehnheim, north of Neurbriach.

French and American tanks and infantry had driven to the center of Colmar, meeting strong resistance only in the eastern sector. More than 25 French towns were taken yesterday.

Americans of the Seventh Army, aided at points by French units, advanced in the area 15 miles north of Strasbourg and Doughboys pushed back across the Moder River on both sides of Haguenau.

Allied planes struck repeatedly in support of ground troops. They destroyed or damaged 64 locomotives, 1,312 railway cars, and 274 motor vehicles Friday.

British and Canadian patrols felt out German strength on the northern end of the front.

The American First and Third armies beat into the Siegfried Line while the Ninth Army stood poised along the Roer River farther north with a gap already torn in the formidable defense chain.

The pattern of day and night attack began increasingly to seal off the whole battle zone from Dusseldorf to Coblenz, perhaps preparing for a breakthrough bid for the Rhine.

First Army troops were through the Monschau Forest at places, and near its eastern edge elsewhere.

Below the second division's thrust, the Ninth infantry division reached Dreilborn after a three-mile advance. First infantry division met a stiff battle at Ramscheid after gaining 1,000 yards.

Gen. George S. Patton's Third Army men were 3 1/2 miles inside Germany at Bleialf, but the Germans at late reports had kept them from expanding their front farther.

Elements of Patton's 94th division completed the clearing of the Campholz Woods, three miles inside Germany and 15 miles southeast of the city of Luxembourg.

Elsewhere along the Third Army front the Americans retained defensive positions and continued active patrol jobs.

Rain and mist returned to the Third Army front. Rising temperatures accelerated the mud-generating thaw.

Phantoms Cagers Romp On Kinston Red Devils

File Up Score Of 84 To 25 In Contest Here Last Night; Juniors Also Win.

By DAVE CLARK
Coach Clark's Phantoms added another victory to their record by swamping the Kinston Red Devils here last night in another high scoring contest by the score of 84-25. In the preliminary battle the Greenville Junior Varsity downed the Kinston Junior team by the score of 38-31.

From the opening whistle it was evident who would dominate play, as the Phantoms jumped to an early lead and never allowed the Devils to make a threat toward rallying.

Coach Clark used every member of his squad and all but one of them added his bit to the scoring. Halftime found the score standing at 40-13 in favor of the Phantoms, but in the last half the Phantom first and second strings ran it up to 84 while the Kinstonians were pushing their side of the scoreboard up to 25.

"Big Joe" Lupton was once again high scorer for the Phantoms with only 14 of the 85 points made by them, for the scoring was more evenly divided than ever before. Bill Harrington was close on Joe's heels with 12 markers. F. T. Williams, with 10, Futrell, with 7, and Batchelor with three did the tallying for the first string.

Next Friday night will find the Phantoms in Raleigh, battling the cagers of Needham Broughton High School.

Yanks Study Russian. Paris, Feb. 3.—(AP)—A daily lesson in Russian phrases for American troops has been started by the U. S. Army newspaper Stars and Stripes.

The first one, appearing yesterday in a page one box, was: "Mi tovarish"—"we are friends."

Audience With Pope. Vatican City, Feb. 3.—(AP)—Pope Pius XII received Myron C. Taylor, President Roosevelt's Vatican representative, and Lt. Gen. Ira G. Eaker, commanding general of the Mediterranean Allied air force, in a 20-minute audience today.

Airmen Damage - 13 Jap Vessels

U. S. Pacific Fleet Headquarters, Forward Area, Feb. 3. (AP) - Low-flying Marine Mitchells have damaged 13 Japanese ships, probably sinking one of them, in nightly harassing attacks since Dec. 8 on the Bonin and Volcano Islands, Adm. Chester W. Nimitz reported today. His communique told also of fresh air strikes Wednesday and Thursday against Owl Jima in the Volcanoes, protecting the approaches to the Japanese mainland from the Tokyo-raiding Superfortress base at Saipan. Army Liberators hitting Iwo, which has come in for a daily pounding for months, encountered four interceptors over the tiny island on Wednesday. The Thursday strike left fires visible 30 miles away.

The Movies Today

PITT - "The Singing Sheriff" - Bob Crosby, Fay McKenzie.
STATE - "West of Rio Grande" - Johnny Mack Brown, Serial.
COLONY - "War Dogs", with Billy Lee.
Yap in the Western Carolines and various targets in the Palau Islands were bombed by Marine fighters both Wednesday and Thursday.
British Decoration.
Rome, Feb. 3. (AP) - Lt. Comdr. Douglas Fairbanks, Jr., former film actor, has been awarded the British Distinguished Service Cross for his work as special operations officer on Vice Admiral H. K. Hewitt's staff in landings in Sicily and at Salerno, Elba, and southern France. It was announced today.
