German Resistance Collapsing

Reds Cutting Off Nazi Escape Route

Germans Announce The Evacuation Of Neustettin As Russians Continue Race To Seal Pomeranian Gap; Expand The Bridgehead South-east Of Berlin

London, Feb. 28.—(AP)—The Second White Russian Army driving toward the Baltic has captured Neustettin, Marshal Stalin announced tonight, and Berlin said it had raced on 30 miles northward to Polnow, within 15 miles of severing the escape route of Nazis battling in eastern Pomerania and the Polish corridor.

The Germans earlier announced evacuation of Neustettin. Stalin's order of the day also proclaimed capture of Frechlau, 15 miles northwest of the Polish corridor town of Chojnice.

Polnow is 12 miles north of Bublitz and only 20 miles from the Baltic. It is 15 miles from the coastal railway connecting Danzig with Stettin.

A Transocean broadcast from Berlin said the Russians had reached Polnow and a military spokesman called the breakthrough in that area toward Koenigs "the most dramatic event of the last 24 hours."

The rushing Baltic-bound Red Army vanguards were constantly covered by the Red fleet, the spokesman said. Neustettin is 90 miles east of Stettin and 40 miles from the Baltic.

Moscow dispatches, however, said the Russians had crossed even closer to the Baltic in the northeast corner of Neustettin and were only about 20 miles from Koenigs, on the last railway escape route linking Danzig with Stettin.

A Reuters dispatch from Moscow said the Russian spearheads had reached the Danzig-Stettin coastal road and were "in sight of the Baltic."

Associated Press dispatches from Moscow, however, said Marshal (Continued on Page Four)

Death Stirs Senate

Pfc. Robert R. Fogue (above), son of a Cincinnati department store owner, was killed in action in France, February 3. U. S. Senator Robert A. Taft, Republican of Ohio, who knew the youth, says he will tell the Senate young Fogue had only 17 weeks of training before going overseas. (AP Wirephoto).

TO STREAMLINE CONSTITUTION

Missouri Votes To Overhaul State Government

St. Louis, Mo., Feb. 28.—(AP)— Voters of Missouri have put their "X" of approval on a new million-dollar state constitution, which advocates say will streamline the government and halt abuses growing up in 70 years under the old code of laws.

Approval was emphatic, latest unofficial figures from yesterday's election giving it a majority of between 100,000 and 150,000 votes. In 3263 of 4543 precincts, the affirmative polled 286,376 and the negatives 146,584.

FASTEST IN THE SKIES

Washington, Feb. 28.—(AP)—A new jet-propelled fighter—the Lockheed P-39 Shooting Star—described as the fastest plane in the skies and having a substantial operating range, was announced today by the Army Air Forces.

Chairman Vinson (D-Ga.) of the Naval committee ordered public hearings on his bill to exclude the surplus fleet and its appurtenances from control of the surplus war property administration. That agency will have charge of dismantling the nation's vast war machine.

A similar attempt was made in the last congress as a rider of the surplus properties act, but it failed. Vinson's bill would leave with congress control over all vessels, shore installations, floating dry-docks and the wealth of other facilities that went into putting the United States at the top of first-rank naval powers.

Washington, Feb. 28.—(AP)—Major Gen. Edwin M. Watson, White House secretary and military aide was buried on a rainswept knoll in Arlington National Cemetery today while President Roosevelt looked on.

RAIDS RUIN JAP CAPITAL

Tokyo Industrial Section Devastated By American Planes

By LEIF ERICKSON

21st Bomber Command Headquarters, Guam, Feb. 28.—(AP)—Two hundred and forty city blocks of Tokyo's most highly congested industrial and business district are in smoldering, twisted ruins today as a result of Sunday's Superfortress raid, 21st bomber command headquarters announced today.

The greatest punishment yet dealt the Japanese nation's proud capital was inflicted without the loss of one sky "vint" of the more than 200 which participated in stormy weather.

MaJ. Gen Curtis (Iron Pants) Le May, commanding general of the sky mammoths, after studying the reconnaissance photographs said the results were "excellent." The photos show 29,974,000 square feet of important factory and trade areas burned out. This is 667 acres.

In comparison, New York's famed Rockefeller City—Radio Center covers a surface area of less than 12 acres, 1-56th of the destroyed area in Tokyo.

The ravaged area extends a short distance from Emperor Hirohito's moated palace eastward to the crowded waterfront.

The Superfortress assault was made in coordination with Vice Adm. Marc Mitscher's carrier-based plane attack which hit earlier in the morning and knocked out two aircraft plants in the northwestern suburbs. After hearing his pilots' reports, the leathery-faced "admiral" said "not believe the Japs will get them back into production for this war."

The damage was wreaked while snow was falling. Bombardiers called "bombs away" while some of their pilots could not see the wing-tips of their own planes due to the heavy cloud formations. The remarkable results attest to the perfection of the newly invented precision radio bombing instruments.

While Tokyo's heart was burning Premier Kuniaki Koiso called on the emperor to make apologies claiming without Allied confirmation that imperial property was destroyed.

The devastating B-29 attack was the first made in such large numbers over the capital during daylight.

Order Hearings On Post-War Navy

Washington, Feb. 28.—(AP)—A house committee set out today to build a protective fence around the navy to guard it from a peacetime scrap heap.

Chairman Vinson (D-Ga.) of the Naval committee ordered public hearings on his bill to exclude the surplus fleet and its appurtenances from control of the surplus war property administration. That agency will have charge of dismantling the nation's vast war machine.

A similar attempt was made in the last congress as a rider of the surplus properties act, but it failed. Vinson's bill would leave with congress control over all vessels, shore installations, floating dry-docks and the wealth of other facilities that went into putting the United States at the top of first-rank naval powers.

Washington, Feb. 28.—(AP)—Major Gen. Edwin M. Watson, White House secretary and military aide was buried on a rainswept knoll in Arlington National Cemetery today while President Roosevelt looked on.

Philippine Heroines Come Home

U. S. Army nurses and Red Cross workers—68 heroines who were captured by the Japs on Batan and Corregidor and imprisoned in the Philippines, arrive at Hamilton Field, Calif., following their liberation by Gen. MacArthur's forces. First to put foot on American soil is Lt. Edith W. Shacklett, of St. Petersburg, Fla., who leads the group from the first plane to land. (AP Wirephoto).

Yanks Halt Suicide Charge By Japanese

Marines Score Limited Gains On Iwo Jima; Resistance Still Bitter; Enemy Still Using Tanks

By FRED HAMPSON

Manila, Feb. 28.—(AP)—Scrambling Japanese, attacking behind the heaviest, artillery barrage in the growing battle for the Marikina watershed east of Manila, launched large-scale banzai charge against elements of the American Sixth Infantry division today.

The Nipponese were beaten off with heavy losses. The banzai attack occurred near Montalban, 12 miles northeast of Manila and close to the northern end of elaborately prepared enemy defenses along the watershed.

The Sixth and the First (Dis-mounted) Cavalry divisions found the Japanese entrenched in a series of caves and interconnected pill-boxes along a knife-edged ridge of the Sierra Madre north reaching 13 miles from the foothills of Mount Oro to Antipolo. Grim American infantrymen spraying liquid fire cleaned out Japanese in Manila's legislative building, but suicide squads continued to hold out in the Finance and Agriculture buildings.

Thirty-seventh division troops occupied all of the Legislative structure this morning after a nighttime artillery barrage broke up a concentration of Japanese machineguns on the second floor. Flame throwers, drums of gasoline and thermite grenades finished the job.

In the remaining enemy-held buildings, some Japanese committed suicide and others were killed by their own officers as they tried to escape.

Gen. Douglas MacArthur announced, meanwhile, the complete destruction of the enemy on little Verde Island, between Luzon and Mindoro, and the virtual end of the Corregidor garrison.

U. S. Pacific Fleet Headquarters, Guam, Feb. 28.—(AP)—Marines kept a line bisecting Iwo kept terrific pressure today on the Japanese in a supreme effort to crack a foe known to be short of water and believed to be husbanding ammunition.

After noticeably slackening artillery and mortar fire Monday, the (Continued on Page Four)

President Plans Report On Crimean Conference

By DOUGLAS B. CORNELL

Washington, Feb. 28.—(AP)—President Roosevelt returned today from the Crimean conference with buoyant hopes for an enduring peace and world-wide reduction of armaments.

American First Army Crosses Erft River In Swift Advance

WALL NEAR END OF TESTIMONY

Says Meadows Actually Overspent 'Memo Book' Funds

The trial of Dr. L. R. Meadows continued to deal with figures today as Frank P. Wall, auditor employed by Dr. Meadows, neared the end of his direct testimony. Indications at the noon recess were that cross examination of the auditor may begin late today.

Completing his explanation of Memo Book No. 2 expenditures the witness the auditor stated that he had given Dr. Meadows credit for \$4,018.43 in expenditures against receipts of \$3,633 or an over-expenditure of \$385.43 from the Ricks Tours fund as represented in the book. He explained that the over-expenditure was possible in view of the fact that other college funds as well as Dr. Meadows' private funds were all kept in one bank account. Wall said he arrived at the figure from calculations made after he had taken into consideration certain corrections by eliminating three items entered in each of the books and substituting five college items in place of five items for work on Dr. Meadows' private property. Meadows had previously testified to the items and stated that through error he had entered his own items in the record instead of similar items for the college, that should have been entered.

Based on Wall's testimony covering the two memo books Dr. Meadows received a total of \$18,945.43 into the two funds involved and made expenditures of \$19,076.32 or an over-expenditure of \$130.89. With the exception of the errors pointed out both by him and Dr. Meadows, Wall allowed every expenditure in both books as claimed by Dr. Meadows. Of the same claimed expenditures the state auditors has disallowed \$11,939.46.

Continuing his testimony Wall explained the expenditure of \$1,470.54 of college stationery store funds by Dr. Meadows. The itemized statement of the expenditures included a total of \$1,364 claimed to have been paid to four Negro workmen and for which Dr. Meadows holds receipts. The four workmen have testified that they actually received only \$158.60 of the \$1,364 and the state auditors disallowed the \$1,205.44. (Continued on page six)

Propose Refuge For Jewish Population

London, Feb. 28.—(AP)—A proposal for a "second Palestine" in Libya to provide refuge for hundreds of thousands of Jews was advanced in Commons today in the midst of Britain's most important foreign policy debate of the war.

The refuge suggestion came from Sir Lambert Ward, Conservative as government leader, marshaled forces to gain an overwhelming endorsement for Prime Minister Churchill's policies at the Crimean conference when a showdown vote of confidence is tallied tomorrow night.

An indication of Churchill's determination to demonstrate clear-cut British unity came in a reliable report that he himself would take the floor again tomorrow night wind up the debate.

Supreme Court Issues Rulings

Raleigh, Feb. 28.—(AP)—The State Supreme Court today reversed the decision in the case against C. L. Alverson. Murphy pool hall operator whose place had been ordered closed as a public nuisance.

The complaint alleged that Alverson sold wine and beer in his place or business known as "The Smoke House," causing drunkenness, profanity and disorder; that he sold wine and beer to minors and that the music from his juke box blared forth so loud that it disturbed citizens.

The court found no error in the case against Joe Martin and Herman Manning, of Martin county, convicted on a charge of aiding and abetting in procurement of an abortion.

Evidence showed that Martin and Manning carried Boulah Brown to Goldsboro from her home in Manning county on June 10, where an abortion was performed upon her. Two days later she died. Manning and Martin were each sentenced to two years; Manning appealed, as sentencing errors.

Premier Killed

Prime Minister Ahmed Maher (above) of Egypt was shot and killed in the Chamber of Deputies at Cairo shortly after he had read a royal decree declaring war on Germany and Japan. His assassin was arrested shortly afterwards. (AP Wirephoto).

HOUSE GETS MONEY BILL

Revenue Measure Set For Special Debate Tomorrow

Raleigh, Feb. 28.—(AP)—The \$129,000,000 revenue bill, one of the several big barriers to final adjournment, was reported to the house floor today and set for special consideration tomorrow.

The bill must pass three separate readings on separate days in both the senate and house. Its report to the floor today constituted first reading.

Latest estimates are that the bill will raise \$129,715,070, or nearly \$1,500,000 less than recommended appropriations.

Those figures are only for the general fund. Actually, the general appropriations bill totaled about \$232,000,000, including the highway and agriculture departments.

Two more bills calling for additional appropriations. (Continued on Page Four)

PROTEST DEFEATED

London, Feb. 28.—(AP)—The House of Commons by an overwhelming vote of 396 to 25 late today defeated a motion of protest against the big three's plan for the future of Poland.

There was no supplemental statement by the President. Mr. Roosevelt announced sometime ago that he would sign the measure.

Administration leaders had told him that his signature would be the price of getting the former Viceroy of Poland approved by the Senate as Secretary of Commerce.

Ninth Army Drives Toward Duesseldorf

Under Breakthrough News Blackout; Enemy Defenses Crumbling Into Virtual Rout As Allies Continue Drive

Paris, Feb. 28.—(AP)—First Army tanks and infantry battled within six and a half miles of Cologne tonight after throwing three bridgeheads across the Erft River. Only flat plains lay ahead to the great city on the Rhine.

Wide Ninth Army sweeps through disordered German resistance imperiled the Ruhr administrative center of Duesseldorf, already in artillery range.

Germans west of the Rhine "realize the jig is up and are withdrawing their artillery," a Ninth Army officer said at dusk.

In the center, Lt. Gen. George S. Patton's Third Army captured the military highway center of Bitburg—the "Bastogne of Germany." Third Army tanks were cutting about ancient Trier in an encircling threat.

The Germans retreated across the Rhine plain before the massed and growing might of the American First and Ninth Armies in the biggest breakthrough since Normandy—a retreat which was virtually a rout.

Swift Canadian advances in the north imperiled the smaller German Rhineland bastion of Xanten, only six miles across the Rhine from the Ruhr city of Wesel. Xanten is the third and last of three Siegfried chains protect the great industrial Ruhr.

A junction of the Canadian and Ninth armies, less than 20 miles apart, might trap 15 of Germany's best divisions.

Duesseldorf was within artillery range, 13 miles or less from the (Continued on page four)

Roosevelt Clears Way For Wallace

Washington, Feb. 28.—(AP)—President Roosevelt has cleared the way for a Cabinet post for Henry A. Wallace by signing the George bill into law.

The White House disclosed today that the President signed the measure at sea last Saturday.

The legislation separates the huge federal lending agencies from the Commerce Department.

Press Secretary Jonathan Daniels made the announcement today after the President reached the White House from the Crimean conference.

There was no supplemental statement by the President. Mr. Roosevelt announced sometime ago that he would sign the measure.

Today On The Home Front

By JAMES MARLOW

(Editor's Note: This is the 9th of 12 stories explaining who has to do what about his income taxes.)

Washington, Feb. 28.—(AP)—There's no single answer to this question of husbands and wives when both have income: "Do we save by filing separate or joint tax returns?" Try both ways before deciding.

Remember: 1. Technically, a wife is not a dependent. 2. Combined incomes may save for one couple by giving them full benefit of exemptions but cost another couple money by boosting their income into a higher surtax bracket.

Here's what that means—you are being hit by two kinds of taxes: 1. A flat 3 per cent normal tax on all taxable incomes, large or small. 2. A surtax which is 20 per cent on all taxable income up to \$2,000 and leaps by brackets to 91 per cent on the highest incomes.

But you—everyone—filing a return get: 1. A normal tax exemption of \$500 from your income before the normal tax hits it. 2. A surtax exemption—to take out of your income before the surtax hits it—of \$500 for yourself, \$500 for each dependent, and \$500 for your wife if she has no income or, having income, files jointly with you and includes her income.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE

Associated Press "War Analysis" The most impressive feature of British Prime Minister Churchill's speech in commons yesterday, as I see it, was the convincing picture he drew of a big three which is sincerely determined to stand together for the purpose of compelling the world (by force if necessary) to maintain peace.

That's a new approach to the paramount problem of the day—the outlawing of war. Only three cooks this time to make the broth, and that gives it a chance. As Churchill said, "it is their duty to preserve the world, not to rule it," but while he disavowed any "dictatorship of the great powers" he might have added in truth that among them they have the physical strength to make the world behave—or to stand it on its head, if they want to.

If that seems to smack of strong-arm work, let it smack. We failed to preserve peace with an unwieldy league of nations, and the consensus now seems to be to try the new idea. It obviously will work so long as the big three don't quarrel among themselves—and Churchill emphasized their unity.

In presenting this picture the prime minister declared that the United States would play "a vitally important part" in the new world security league, "which will not shrink from establishing its will against the evil doer" by force of arms. Also in discussing peace in the Arab world and the Middle East generally, he said the United States

Social and Personal

Mrs. Robert Black left Monday for Kansas City, Mo., where she was joined by her husband, Lt. Black, USNR. They will visit Lt. Black's parents.

Ensign James R. Worsley, Jr., who is attending Harvard School of Business Administration in Boston, is visiting his parents, Mr. and Mrs. James R. Worsley.

Birth Announcement.
Sgt. and Mrs. Robert W. Pearce announce the birth of a son, Jimmy William, on Sunday, February 25, 1945, in Pitt General Hospital. Mrs. Pearce is the former Miss Dorothy Mae Williams of Greenville.

Mrs. Clark Honored.
Last night at 8 o'clock Mrs. Bettie Clark was given a party in celebration of her 86th birthday, at her home on Biltmore street, by members of the T. E. L. Class of Memorial Baptist Church, with the class in full attendance. A number of church members were also present.

Mrs. Clark is the mother of Mrs. A. W. Hodnett and Miss Louise Clark, and is the oldest member of the Memorial Baptist Church.

Literature Department Meets.
The Literature Department of the Woman's Club met Tuesday afternoon at the home of Mrs. H. R. Phillips, with Mrs. L. W. Cherry assisting hostess.

Amid a setting of gay spring flowers, the hostesses served hot spiced apple juice, sandwiches, cakes and nuts.

A short business session was conducted by Mrs. W. H. Woolard, the chairman. The department reported 10 sweaters and three scarfs knitted for the Red Cross. During the meeting needles clicked busily as Mrs. J. H. Rose presented, in her charming manner Gwen Bristow's "Tomorrow Is Forever," skillfully choosing the highlights of the story. Mrs. Rose gave a comprehensive abridgement of the mo:arn Enoch Arden theme.—Reported.

Breaks Leg.
Little Miss Shirley Williams, daughter of Mr. and Mrs. Albert Glenn Williams of Greenville, is confined to her home suffering from a broken leg.

With Manpower Commission.
John S. Vickers of Morehead City, has been added to the War Manpower Commission staff in Greenville. He will act as veteran's representative. Mr. Vickers is living at Quinerly Manor.

Young People's League Meets.
The Young People's League of the Hollywood Presbyterian Church held their regular council meeting last Wednesday night at the home of Miss Ruth Evans.

The meeting was called to order by the vice-president, Lucille McGowan. The minutes were read by Olive McCallum. Rose Cherry, chairman of the social committee, gave a report of the Valentine party. Mrs. R. W. Wilson and Rev. Hayes Clark assisted the program chairman with the program for the following month. The regular meeting of the league was changed from Thursday night to Friday night at 7:30 at the Hollywood Presbyterian Church.

The meeting adjourned to meet on March 20 at the home of Mrs. R. W. Wilson and Miss Olive McCallum.

Delicious refreshments consisting of sandwiches, hot coffee and cakes were served.—Reported.

Radio Program
The weekly ECTC radio program, "The Broadway Show," over WGTC tomorrow evening at 7:30, will feature a program by the Jarvis Forensic Club. The student speakers slated to appear on the broadcast are Elsie West, a junior from Roxboro, on "Community Recreation"; Christine Yarbrough, a junior from Prospect Hill, on "Try a Junior from Fayetteville, on "The Value of Story Telling in the Primary Grades"; and Amanda Etheridge, a junior from Manteo, on "Manteo and the Lost Colony." Dr. M. H. Fosdy, advisor to the Jarvis Forensic Club, will introduce the speakers.

8:15 P. M. — Junior Woman's Club meeting, Marine Dining room Old Towne Inn. Guest speaker, Mrs. Micon F. Brown, of Raleigh.

Miss Austin Speaks at Chapel
"Assisting students in occupied countries means creating leadership in the post-war world," declared Miss Judith Austin, traveling secretary of the World Student Service Fund, speaking at the regular weekly ECTC chapel yesterday morning. Miss Austin gave a general accounting of the WSSF funds and reported on the world work among college students. Thirty per cent of the money received, she declared, goes to assist students in China. She reported that the Japanese first attacked schools as military objectives. This necessitated moving the schools and colleges further and further in the interior. WSSF gives students a chance to work their way through college.

In the last seven years the number of college students has doubled and there are 35 more colleges than before the war.

WSSF is now starting a book drive to aid college libraries in Europe. In one university library in Paris which had 9,000,000 volumes before the war, only 15,000 are left. The Germans took literally everything.

Fifty per cent of the students in Holland belong to the underground. Their policy has been "Kill or be killed." For years they have had no interest in education, desiring only to stay alive. In Europe it is estimated, she said, that eighty per cent of school age people have tuberculosis. The aim and program of WSSF is to meet these practical needs and to give student help as long as it is needed.

House Burns.
Friends and relatives in this section will regret to learn that the home of Mr. and Mrs. Lester Hardison of Portsmouth, Va., was burned early Saturday morning. Only clear thinking and quick action prevented the family from being seriously injured. Upon discovery of the smoke in the bedroom in which the entire family had been sleeping, the mother moved the children to a neighbor's to safety while the father fought to prevent the spread of flames. Being overcome by smoke, he gave up just as the fire department came to the rescue.

All of the furnishings of the bedroom were completely demolished but the only damage to other parts of the house was done by smoke and water.

All personal belongings of the family were burned completely, as well as all bed linens and covers. The lowest estimate of the damage to the house alone was \$1,800. None of the family was seriously injured, the father receiving only minor burns.

THE DAILY REFLECTOR
February 28, 1905

Has the farmer got anyone to blame about the present low price of cotton but himself and his brother farmers? If it takes six barrels of flour, two hundred bushels of corn and two hundred pounds of meat to run a farmer through the season, and he goes to market and lays in this supply has he any use for more?

There has been too much cotton raised, and the factories are supplied and just don't need any more now. There is but one way to put cotton back to 10 cents and that is to reduce the acreage.

Christian Science Service
"Mind" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, February 25.

The golden text was from Job 32: 8. "There is a spirit in man; and the inspiration of the Almighty giveth them understanding."

Among the citations which comprised the lesson-sermon were the following from the Bible: "Who hath directed the spirit of the Lord, or being his counsellor hath taught him With whom took he counsel, and who instructed him, and taught him in the path of judgment, and taught him knowledge, and showed to him the way of understanding; Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding." (Isaiah 40:13, 14, 28).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is God. The exterminator of error is the great truth that God, good, is the only Mind, and that the suppositious opposite of infinite Mind—called devil or evil—is not Mind, is not Truth, but error, without intelligence or reality. We can have but one Mind if that one is infinite, when we admit that, although God is infinite, evil has a place in this infinity, for evil can have no place, where all space is filled with God."

Lions Enjoy Ladies' Night.
The Olde Towne Inn was the scene of a lovely setting Monday night as the Greenville Lions' Club was host to their wives and other guests at their semi-annual Ladies' Night.

Lion Godfrey Oakly welcomed the new Lions and their wives into the club, after which President O. E. Dowd recognized all visiting Lions and guests.

Prof. Charles Fisher of the music department of the college, presented an autobiography of the life of Victor Herbert, touching on the humorous as well as the sentimental side. This was followed by the singing of a number of Mr. Herbert's best known compositions by a chorus composed of the following college students: Misses Mary L. Justice, Lucy N. Smith, Elizabeth Bridgers, Jean Roberson, Josephine Gibson, Sallie M. Johnson, Camille Jernigan and Dorothy Peaden.

Numbers rendered by the chorus were "Moonbeams," "When You're Away," "Kiss Me Again." Highlights of the program were Mr. Fisher and Miss Gibson singing "Because You Are You," from "Red Mill"; Miss Justice singing "Italian Street Song" from the opera "Naughty Marietta," and "A Kiss in the Dark" sung by Miss Nell Smith. The program was one of the most outstanding ever presented by the club and was thoroughly enjoyed by everyone.

Lions Cliff Taft and H. B. Williams had charge of the program. It was announced before the more than a hundred guests present that the club would again this year take

a very active part in the Red Cross work of the community. Junior Lion Junius Rose and Miss Lina Worthington were present as honor guests of the club.

Information About Plant Bed Cloth

Raleigh, Feb. 28.—(AP)—The government has promised assistance to farmers in their efforts to obtain sufficient quantities of tobacco plant bed cloth. W. L. Dowell, executive secretary of the North Carolina Merchants Association, said today.

Shortage of the cloth has become a serious problem, and a legislative resolution has asked congress to assist farmers in obtaining it.

Dowell said that H. S. Sommers of Washington, chief of the consumer soft goods section, wholesale and retail trade division of the Office of Civilian Requirements, advised him:

"If the various farmers who need tobacco cloth will make out signed statements to their regular retailers, stating the yardage that is necessary and that the cloth will be used only for protecting plant beds, some assistance will be given them."

Strength FOR THE DAY

By EARL L. DOUGLAS

FALSE GUIDES

As I went up in the elevator, I noticed that the clock on one of the floors was almost 20 minutes slow. When I got out of the elevator on the top floor, the clock which confronted me was covered with a piece of paper on which were written the words "Out of order." I felt that somebody should have done the same thing for some of the clocks on the lower floors.

There are few things more irritating than a clock which brazenly advertises the wrong time. It is a treacherous guide which causes us to miss trains and be late to appointments.

There are a lot of mistaken people going around the world who need a sign on them saying "out of order." They have wrong philosophies of life. They give bad advice to their friends. Some of these people even stand in pulpits, teaching their fellow men what they call the truth. But in reality they preach a startling distortion of what God would have men know and do. Others are in classrooms, warping the minds of students. Others break into print with their theories, or through the microphone challenge the world to follow them on their ill-conceived enterprises.

There is nothing more useful than a clock which is correct to the second, and nothing more misleading than one which deceives regarding the time of day. And what holds good with clocks, holds good also with people.

THE WAR TODAY

(Continued from page one)

Chungking—that I started writing in this column that Russia would emerge from the war as the dominant power of both Europe and Asia, I found indications of it everywhere.

Such information as has come out of the Crimean conference certainly lent calculated to lessen this belief. The agreement with Stalin over the hot Polish boundary question for instance, is widely accepted by observers as a sweeping concession to Moscow.

Without dilating on the subject, let's just say that Stalin wields vast influence. Churchill, speaking in highest terms of "Marshal Stalin and the Soviet leaders" whose "word is their bond," has made a gracious gesture to this new great authority in the eastern hemisphere.

Still, as I ventured to comment when the big three announced complete accord had been reached in the Crimea, it doesn't matter so much what they agreed to so long as they agreed, for world peace depends on their unity.

Today On The ...

(Continued from page one)

If her income was \$500 or over and she files jointly with you, you each get a \$500 surtax exemption (total \$1,000) and you each get a \$500 normal tax exemption (total \$1,000).

If her income was under \$500 and she files jointly with you, you each get a \$500 surtax exemption (total \$1,000) but on the normal tax you get your regular \$500 exemption while your wife gets an exemption only for the amount of her income.

Example: Jones' income was \$4,000, his wife's, \$250. Their normal tax exemption is his regular \$500, plus her \$250 income. If she made \$500 or over, she too would get a full \$500 exemption.

If their combined income was less than \$5,000, husbands and wives can file jointly on form W-2, the withholding receipt, or the 1040 short form or the 1040 long form.

If their combined income was \$5,000 or over but individually less than \$5,000, they can make separate returns on form W-2 or the 1040 short form or a joint return on the 1040 long form.

If they file separately on form W-2 or the short form, each is allowed a deduction of about 10 per cent figured right into the tax table used with those forms.

If they file jointly on form W-2 or the 1040 short form they are allowed one deduction of about 10 per cent.

If they file separately on the 1040 long form with the income of each \$5,000 or over, each is allowed a

standard deduction of \$500. If they file jointly on the long form they are allowed one \$500 standard deduction, not a \$500 standard deduction for each.

But—and his is important—if one uses the long form to itemize deductions, the other must use it and itemize, too.

Husbands and wives filing jointly on the 1040 short form should note the little box under the table on the back. It tells them to take 3 per cent of the lower income—but not more than \$15—and deduct it from the joint tax found in the table. Example: Jones' income was \$4,000, his wife's, \$250. They combined their return on the 1040 short form. Their tax in the table was \$687. They took 3 per cent—\$7.50—of Mrs. Jones' income because it was the lower and subtracted it from the tax, leaving them a tax of \$679.50. This was the tax they had to pay.

Yanks Halt ...

(Continued from page one)

Japanese loosed a heavy barrage Tuesday at Leathernecks straightening out their line with slight advances north up high ground blanketed by pillboxes and blockhouses.

The Marine line, manned by three divisions, cut across the island's center at the north end of the fighter airfield where the Nipponese still hold a fingertip's grasp after a week of battling over that base.

As the fight for the island entered its 10th day, Japanese dug in on the higher northern half still showed a marked power to resist, although they have been shelled incessantly from the sea bombed from the air and pounded by artillery.

They even have tanks left on the barren island where enemy positions have been raked by the 16-inch guns of battleships and blasted by divebombers which pinpoint their targets. Monday night Marine artillery broke up a tank-led counterattack.

Maj. Gen. Graves B. Erskine's Third Division, which has counted 200 enemy pillboxes in its zone of action, inches northward and westward from the virtually captured fighter base Tuesday.

On the right flank, Maj. Gen. Clifton B. Cates' Fourth division which captured the vital artillery observation position of Hill 382, Monday, straightened its line around that promontory.

There was no mention in Adm. Chester W. Nimitz' communique this morning of any gains on the left flank by Maj. Gen. Keller's Booke's First Marine division, last reported assailing Hill 362 which is 700 yards east of the Hiraiwa Bay coastline.

Marine artillery, warship guns, land-based and carrier-based planes covered Tuesday's slow drive. An observer reported watching big Liberators from the Marianas score direct hits with 500-pound bombs on pillboxes and "a building which looked like a concrete communications center."

President Plans ...

(Continued from page one)

say how long American troops might remain in Germany.

Mr. Roosevelt viewed the conference at Yalta as one of a series of steps toward a better world. Almost with exultation, he said the American public and press were quite right in saying with virtual unanimity that the parley was a great achievement.

He said he believed the United Nations organization will develop into the best method ever devised for stopping war and eradicating some of its causes.

Mr. Roosevelt even visualized Germany and Japan as future members of the organization, at such time as they have proved themselves worthy of places in it.

But he was insistent that they first must purge themselves, reverse militaristic tendencies, reverse reason for decades and demonstrate an ability to live peaceably among nations.

"Do you think," he was asked, "that Germany and Japan should ever in the foreseeable future be permitted to rearm?"

No, he replied, adding that he

hoped armament would decrease all along the line, even among the Allied big five — America, Britain, Russia, China and France.

The chief executive predicted his belief that Germany and Japan can do an about face on the relatively short history of their militarism. Germany became their militaristic after 1890, Japan after she first admitted outsiders in 1856, he said. Nations that can do that in such a comparatively short time, he went on, can go the other way—although it may take another 50 or 60 years.

Reds Cutting ...

(Continued from page one)

Constantin Rokossovsky's Second White Russian Army had been slowed in its push toward the Baltic by mud and fierce counterattacks designed to prevent the closing of the trap on thousands of Germans in eastern Pomerania and the rest of the old Polish corridor.

The German high command announced that Marshal Gregory Zhukov's First White Russian Army had expanded its Oder River bridgehead south of Kuestrin, 39 miles east of Berlin.

In an order of the day, Marshal Stalin announced last night that Marshal Rokossovsky's Second White Russian Army had driven 44 miles northwestward into Pomerania in four days from the captured Polish stronghold of Chojnice.

At last report, Rokossovsky's troops still were fighting forward 22 miles from the enemy's last escape route hugging the coast between Danzig and Stettin. German broadcasters said the Russians already were hammering at the outskirts of Koeslin, through which the escape route runs.

A Moscow communique credited Rokossovsky's troops with capturing more than 100 communities in their four-day sweep. The fall of Bublitz placed the Russian vanguards 22 miles southeast of Koeslin and 28 miles from the Baltic.

To Streamline ...

(Continued from page one)

san delegates from every section of the state spent one year and about \$1,000,000 in writing the document, and some legislators believe the state legislature will be in session two years rewriting from 3,000 to 10,000 laws to conform to the new code.

The constitution "streamlines" the government by providing for the grouping of more than 70 state agencies under 15 major executive departments. It rounds up tax collecting duties, with their patronage and political power, from various state agencies and puts them under one revenue department, headed by a governor's appointee.

The state superintendent of schools will no longer be elected by the voters. He becomes a "commissioner of education," appointed by a bi-partisan board chosen by the governor.

Merit examinations are provided for employees of penal and hospital institutions.

Justices of the peace will "disappear and in their place will be lawyer-magistrates, receiving salaries instead of fees, an effort to eliminate "traffic traps" in small towns.

The loan shark is intended to be another casualty, with a provision in the code that interest will be the same for all lenders, outlawing the present 30 to 36 per cent annual charges.

Women are given the right to sit on juries, but they can be excused by the judge if they don't want the job.

The constitution is a compromise measure, several of the more drastic provisions having been voted down in the convention. One such plan would have given the state a one-house legislature.

House Gets ...

(Continued from page five)

tional appropriations were introduced in the house. Reps. Moses of Guilford and Ramsey of Rowan sent the one to appropriate \$10,000 for the new division of legislative drafting and codification; and Rep. Stoney of Burke introduced one to spend \$10,000 for research and experiments in the cultivation of

grapes. The money would be handled by the Agriculture Department.

A joint resolution by Reps. Loftin, Stunford and Craig of Buncombe would ask the Veterans Administration at Washington to provide "necessary improvements" at Oteen veterans hospital.

Senator McBryde of Hoke sent up a bill to allow the State Board of Education to lease marsh and swamplands to the State Department of Conservation. Its authority to do so was questioned some months ago when proposals were made to lease certain lands for oil drilling purposes.

The house passed nine of the 11 complicated insurance bills, and a measure providing for fiscal control of the public school funds by the State Board of Education, creation of the office of controller, and the appointment of school attendance officers in the eight educational districts to be set up by this assembly.

Afternoon Session Pitt County Court

Cases tried by Judge Dink James at the afternoon session of Pitt County Court yesterday:

Willie Jasper Dixon, colored, driving drunk, carelessly and recklessly and assault with a deadly weapon, was found guilty of reckless driving, paid \$40 and lost his driver's license for four months. If he makes proper restitution, he only loses his license for 60 days.

Elton Dawson Reel, speeding, paid costs and lost license five days.

Four negroes charged with disturbing religious worship were convicted. They are Elbert Anderson, Fredrick Gannon and Henry Daniel. Each was fined \$5, costs deducted and forbidden to go on Warren Chapel church property for a year and forbidden to drink for a year. If they drink and get caught they will forfeit their liquor ration coupon books.

Winchester Be Farm Agent Jones County

S. C. Winchester, assistant county agent in Pitt county for the past several years, has submitted his resignation effective March 1, to become county agent of Jones county. He will succeed Jack Kelly, who becomes extension swine specialist.

Winchester has been assistant agent here for more than three years and has done an outstanding job. His successor has not been named.

Aldermen Meeting Postponed A Week

The regular scheduled monthly meeting of the Board of Aldermen will not be held at the City Hall tomorrow night—the first Thursday in the month. The meeting will be held on Thursday night, March 8.

Mavor Bruce Sugg said today.

The meeting was postponed because bills for the previous month's disbursements are not received so early in the month and the board has to pass on all of them.

Elks Lodge Donates \$250 To Red Cross

Greenville Lodge No. 1645, Benevolent and Protective Order of Elks, at a recent meeting donated \$250 to the annual Red Cross drive for funds to carry on its humane work.

The Elks pledged full support and turned over the check to E. Hoover Taff, Pitt county chairman of the annual Red Cross membership drive. Exalted Ruler Dick Burdy presided.

Reports of various committees indicated that the lodge is experiencing one of the best years since it was organized about four years ago. There are more than 100 members, and the personnel is representative of every strata of the community.

Asks 4-H Clubs To Maintain War Goals

Washington, Feb. 28—(AP)—President Roosevelt told 1,700,000 farm youths today that with final victory still to be attained they must pursue their seven wartime goals "with even more momentum."

His letter to all 4-H club members was in recognition of National 4-H Club Week opening March 3.

"Nowhere are these services more appreciated than among our fighting forces," Mr. Roosevelt wrote, of the farm youth organization's program, which calls for members:

To produce and conserve food, aid in scrap collection and war bond drives, protect their own health and that of the community, serve wherever possible for those who have gone for war and help other youths adjust themselves to farm work, help interpret war programs locally, practice democratic procedures and stimulate deeper appreciation

of democratic ways and "to become informed on important social and economic forces now at work and help develop a good-neighbor spirit at home and abroad."

German ...

(Continued from page one)

Ninth Army, which had outflanked and bypassed the westernmost Ruhr city of Muenchen Gladbach and entered its suburbs.

By dusk, First Army tanks and self-propelled guns had crossed the Erf and the bridgehead had been widened. The battle moved deeper into the flat plains leading to Cologne, but no nearer the city, since the bridgehead is north of the deepest penetration toward the metropolis.

Canadian on the north cleared 44 miles of the west bank of the Rhine and beat upon the last swaying defenses of the northwest corner of the Ruhr at points 295 miles from Berlin, the nearest approach from the west.

American before Cologne were 39 miles deep in Germany and within 298 miles of the Reich capital.

The American Ninth and Canadian First armies were within less than 29 miles of a junction in the Rhineland, a coup which might trap 15 or more of Germany's best divisions.

The four attacking Allied armies captured more than 4,000 Germans yesterday and ran the total for the six day offensive to 25,718.

All along the northern battle front, Allied bombers and fighter

bombers struck through low clouds to harry the retreat and hasten the havoc in German ranks.

Lend-Lease Credits
Washington, Feb. 28—(AP)—The United States today announced extension of lend-lease credits to France for civilian supplies totaling \$2,575,000,000.

The supplies are to continue moving to the French under a broad new lend-lease agreement signed today with the De Gaulle government, even after the end of the war, unless President Roosevelt decides to cancel the contracts as being not "in the national interest."

Zoologically speaking, apes are more like man than like monkeys.

The button they sewed on Tom's shirt 9 times

YOU know Tom, although perhaps you call him by another name. A shy, quiet boy who has suddenly become a man in the midst of war. Until he went into the Army, Tom had never been away from home. But now he's three thousand miles from Mom and Dad... and a boy can become mighty lonely, even in an army of millions.

But here in the jungle, as though by some miracle, a Red Cross club has been established. And inside are girls... smiling, wholesome American girls who speak your language and are so much like sis... or the girl next door.

Tom knows that among a score of heart-warming jobs these Red Cross girls perform is the simple, homey act of helping a GI sew on buttons. So Tom has torn a button from his shirt and a Red Cross girl is sewing it on. And a little later Tom will tear off that same button again. In all (and this is an actual case), that button was sewed on a total of nine times!

The girls know, and smile indulgently. A little thing, yes, but such little, friendly services can give a big lift to the spirits of a lonely service man far away from home.

This is the only appeal the Red Cross will make to you this year. Won't you give as much as you can to this great cause?

...or being friendly along the way

The spirit of camaraderie of the open road is summed up in the three words *Have a Coke*. At stops, everyone steps up to the familiar red cooler for the friendly refreshment of ice-cold Coca-Cola. America's streets and highways are dotted with such places that invite you to pause and refresh with a Coke. Wherever you go, Coca-Cola stands for the pause that refreshes, —a symbol of friendly refreshment.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

Henderson Bows To Phantoms

By JIMMY FUTRELL

In a contest that held the fans in a constant tenseness the GHS Phantoms turned back the Henderson High School Bulldogs, previously unbeaten in two years of play, 38-34 last night on the Bulldogs' home court.

Coach Snag Clark's Phantom five bumped into some of the stiffest opposition of the season last night and were forced to go the limit before a determined Henderson five would admit their first defeat in two years.

After fifty seconds of play, Batchelor, Phantom guard, sank a beautiful one-hander from the cor-

ner to give the locals a 2-0 lead. Both teams fought hard the first quarter as that period ended the score stood at 10-9 in favor of the Bulldogs.

Batchelor sank three one-handed shots from the corner in that period to keep the Phantoms in the race.

There was little scoring in the second quarter as both teams were rather wild.

Halftime found the score standing at 19-17 in favor of the Greens.

The third period showed signs of more offensive play. Both the Bulldogs and the Phantoms began to make a better percentage of their shots, even though the local cagers missed easy shots, time after time.

With Billy Harrington leading the way, the Phantoms presented a smooth attack in the last quarter soon overcame the wearied Bulldog five. Harrington tossed in six straight points during this period.

Billy Harrington and Jimmy Futrell led the way for the Phantoms. Harrington got 11 points and Futrell 8.

Committee Molding Mine Wage Demands

Washington, Feb. 28—(AP)—John L. Lewis and 31 of his district presidents molded tentative mine wage demands today and asked their policy committee's okay to place them on the conference table.

The United Mine Workers district chiefs, with Lewis, Vice President John O'Leary and Secretary-Treasurer Thomas Kennedy make up the Union's Scale Committee. It has been weighing various proposals for the past three days in preparation for the start of bituminous contract talks with the operators tomorrow morning.

Lewis will not disclose the nature of his demands until then.

Give Final Report On Seal Sale Drive

The final report on the Christmas Seal Sale is due in the office of the State Tuberculosis Association Mar. 1st, according to the State Secretary, F. W. Webster.

Through the report of the Pitt County Seal Sale Treasurer, Mrs. M. T. Matlock, it is stated that the total amount reported in both Greenville and the county as a whole is \$4,204.44. The quota for the county and city was \$3750; this means that the county and city contributed 12 per cent in excess of the quota.

Push Plans For Draft Of Nurses

Washington, Feb. 28—(AP)—Confronted with figures showing almost 600,000 army and navy personnel in hospitals, the house leadership moved today to expedite legislation to draft nurses to care for them.

Tentative plans call for final house action Friday on a measure to subject to induction all unmarried nurses not under 20 or over 44 years of age.

Already approved by the Military committee, the legislation won rules committee sanction after the army disclosed that battle casualties are filling hospitals at a rate of 1,600 daily and are "steadily mounting."

In addition, army officials said in a report to the rules body, some 6,500 men become ill or suffer non-battle injuries every day.

Give Figures On Traffic Death toll

Chicago, Feb. 28—(AP)—The nation's traffic death toll of 2,070 in January was 7 per cent less than in January, 1944, but 19 per cent greater than in January, 1943, when public acceptance of wartime restrictions apparently was at its peak, the National Safety Council said today.

Among 413 cities reporting, 273 had no deaths in January, the largest being Rochester, N. Y., population 324,900; second largest, Syracuse, N. Y., population 205,900; third largest, Flint, Mich., population 151,500.

Board Approves Minimum Wages

Washington, Feb. 28—(AP)—The War Labor Board places at 55 cents the minimum hourly wage rate necessary to maintain a wartime living standard.

WLB's regional boards yesterday were authorized to approve hourly rates up to 55 cents where employers voluntarily ask the increase or the Union and employer make the request.

Approximately 4,000,000 workers, mainly in textiles, service trades and some lumbering and turpentine operations, are receiving less than 55 cents an hour, WLB Chairman William H. Davis told a news conference.

"Unfortunately," Davis said, the Board's action "doesn't mean that all 4,000,000 are going to get 55 cents tomorrow."

Effect of the action, he explained, is that WLB finds that at least 55 cents is necessary to maintain living standards, "but it doesn't mean that 55 cents is enough to maintain a decent standard of living."

Colored News

Richard (Dick) Teel, 86, died at the home of his sister at 12:15 Tuesday after a lingering illness of 18 months. He was born in Pitt county and lived here all of his life. He married the late Mrs. Ella Johnson Teel who preceded him in death July 31, 1938. Surviving are one daughter, Mrs. L. L. Teel, of Greenville, one step-daughter, Mrs. Laura Johnson Cooper, Washington, N. C., three sons, John of Williamston, Joseph and Peter of Richmond, Va., one sister, Mrs. Mary Briley, Greenville, Route 5, two brothers, Peter of Georgetown, S. C., William of Kinston.

Funeral will be held at White Oak Baptist church Sunday at Grimesland. Burial will be in White Oak cemetery.

Easy on the SUGAR BOWL

Nut Cup Cakes

- 1/4 cup shortening
- 4 tablespoons sugar
- 1/2 cup corn syrup
- 2 EGGS
- 1 1/2 cups sifted cake flour
- 2 teaspoons Rumford Baking Powder
- 1/4 teaspoon salt
- 1/2 cup milk
- 1 teaspoon vanilla flavor
- 1/2 cup chopped nut meats
- Cream shortening, sugar and 1/2 corn syrup. Add egg yolks, sifted dry ingredients alternately with milk, flavor and nut meats. Beat egg whites with rest of syrup to a meringue, fold in. Bake in greased muffin cups in moderate oven (375° F.) 25 minutes. Makes 12.

DON'T TRIFLE WITH TASTE!

Safeguard the fine flavor of this recipe—use Rumford no-alum Baking Powder.
