

Fair and moderately cool tonight followed by partly cloudy and slightly warmer Friday.

Soviets Cut Nazi Baltic Escape Line

Moscow Dispatches Indicate Large-Scale Operations Have Begun On The Berlin Front; Danzig-Stettin Coastal Railway Kept Under Fire

London, March 1—(AP)—Red army spearheads swept through a split-up German front to cut Danzig off from Germany by land, a Moscow dispatch said today, and the Germans said the Russians had crossed the Inna river defense line east of Stettin.

By RICHARD KASISCHKE London, March 1—(AP)—The Russians have crossed the Inna River defense line east of Stettin in their offensive toward the Baltic. The German high command said today, and Moscow dispatches said a large section of eastern Pomerania appeared to have been virtually cut off.

Col. Gen. A. K. Sokolov's artillery has the Danzig-Stettin coastal railway under fire in several sectors and there is no traffic moving from east to west, said a Moscow dispatch from AP Correspondent Eddy Gillmore.

The German communiqué said Marshal Gregory Zhukov's First White Russian Army forced the crossing of the Inna.

Further east, the Germans said, Marshal Konstantin Rokossovsky's Second White Russian Army forced the Germans into a retreat south of Lubitz, 22 miles from the coastal railway, whose capture the Russians announced last night.

Gilmore said Koblentz-Kossin and Schlawe, a string of cities spaced 25 miles apart from southwest to northeast on the Stettin-Danzig railway appeared to have been cut off from one another by artillery fire brought within range by Rokossovsky's armored and motorized troops.

Tanks and mobile infantry were receiving cavalry support in the northward surge toward the Baltic. Large formations of Red Air Force Stormoviks threw battered German army and Volksturm units into confusion.

On the Berlin front, Moscow dispatches said there were indications that the Russians had finally begun large-scale operations across the Neisse in the thick defense zone between that river and the Spree.

This is the "east wall" which the Germans have prepared as Berlin's southeastern defenses.

German broadcasts frankly admitted that Nazi forces in Danzig, the Polish corridor and eastern Pomerania were in immediate danger of being cut off.

By latest official Russian announcement Marshal K. K. Rokossovsky's troops still had 22 miles to (Continued on page six)

Gen. Marshall Visits Carolina

Gen. George C. Marshall, chief of staff of the army, and Mrs. Marshall arrive at the Southern I line Country Club to be the honor guests of Col. Duval McEntee (right) and officers of the 541st Parachute Infantry of Camp McKell at a regimental dinner dance. Col. McEntee is the commanding officer of the 541st. This is believed to be the first public appearance of Gen. Marshall since the "Big Three" conference at Yalta. (AP Photo.)

Money Bill Passes On Second Reading

Finance Committee Chairman Says Measure Will Balance State Budget For Next Biennium

Raleigh, March 1—(AP)—The House today passed the biennial finance bill, which Chairman John H. Kerr, Jr., of the Finance Committee said would raise \$129,678,000 over present estimates, passed the House today on second reading 107 to 0, after the adoption of nine clarifying amendments.

Kerr said the bill would raise \$65,340,014 the first year of the next biennium, and \$63,338,014 the second year. It will mean a reduction of \$2,185,000 under the original bill as recommended by the Advisory Budget Commission.

Therefore, Kerr said, the budget will be substantially in balance since appropriations total \$131,098,161. He reminded, however, that the emergency war salary schedule called for the expenditure of \$8,800,000 if such funds were available. If that should be paid, the State would spend \$139,898,161 in the General Fund. But if that fund is not paid, the budget will be out of balance only \$1,411,133, which should be made up with revenue higher than estimated.

The only Representative to explain his vote was Vogler of Mecklenburg. He said he consistently had opposed the three per cent sales tax since its adoption in 1933 and originally this session had thought about trying to reduce it to two per cent. But inclusion of the emergency war salaries in the spending bill caused him to change his mind.

The House also passed, 92-2, on third reading a bill for a constitutional amendment to give equal

The WAR TODAY AN ANALYSIS OF THE NEWS

By DEWITT MacKENZIE Associated Press War Analyst The air offensive against Germany, which has swollen to unprecedented fury in support of the Allied drives for a knock-out, continues today and Nazi Propaganda Minister Goebbels is granting that this "inhuman" and "hardly to be borne," though Hitlerdon won't quit.

Similarly in the war of the Pacific our aerial assault against Japan is intensifying to terrifying proportions as we close in. The German and Japanese capitals—next to London and New York the world's greatest cities—have of necessity become focal points in the attack.

Tokyo—with its population of 7,000,000 and its flimsily built houses—finally has come under American bombing in a big way. The Nipponese government is deeply worried, especially since explosives have fallen close to the Royal Palace. The Mikado is not only temporal ruler—he is a god.

Berlin—Hitler's once arrogant but now frightened capital, crowded with war-time population of 5,500,000—is undergoing the fiercest air attacks ever administered to any great city. It was under fire again last night. The Fuehrer, lacking the Mikado's fortune, has fled.

Japan—which deliberately bombs civilians (as in Nanking) and practices rape, torture and murder—is shocked that we should lay hands on Tokyo. Germany—whose atro-

Yanks Now Hold Most Of Iwo Jima

New Philippine Invasion Seals Off Jap Holdings From The South China Sea

By LEIF ERICKSON

U. S. Pacific Fleet Headquarters, Guam, March 1—(AP)—All but the northern third of rocky Iwo Jima was in American hands today as the Marines, their special supplies parachuted from transport planes, fought to clear the vital central plateau.

Front dispatches said the third division Devildogs already had crossed the plateau in places and were moving downhill for the first time since D-day, 11 days ago.

The battle for the pillbox-studded central plateau was termed a decisive operation by Maj. Gen. Graves B. Erskine, whose Third Division Marines overran the main villages of Motoyama, just beyond the captured central airfield, in a gain of several hundred yards yesterday.

They reached a third airfield, Motoyama No. 3 which was under construction when the Americans landed Feb. 19.

The Marines had artillery, naval gun and close air support as they drove ahead more than 300 yards all along the two-mile battle line against the toughest, cleverest defenses encountered anywhere in the Pacific.

Associated Press Correspondent Jim Lindsay called the terrain "Hell's principal suburb."

An important supply problem was licked yesterday as U. S. transport planes flew in low and dropped supplies on the captured southern bomber field, Motoyama No. 1. Red and green parachutes landed special parts and medical supplies flown from the Marianas in response to a hurry-up call. Several days would have been required to bring supplies 700 miles by ship.

The Third division's push penetrated the center of the main enemy line of resistance. From there northward Japanese strength can be expected to weaken.

Manila, March 1—(AP)—American invasion of Palawan Island, the occupation of which would go far toward sealing off Japanese holdings in the southern Philippines from access to the South China Sea, was reported today by Tokyo radio.

Gen. Douglas MacArthur made no reference to such an operation in his Thursday communique which announced virtual destruction of the trapped enemy garrison of 6,000 on Corregidor Island in Manila Bay.

The enemy radio said that a regiment of Yanks—possibly 3,000 men—landed at 11 a. m. Wednesday on Palawan, 250 miles southwest of Manila.

The unconfirmed report told of a "violent battle" in progress.

If substantiated, Palawan would be the 16th island invaded by MacArthur's forces in the Philippines. (Continued on page four)

Announce Capture Of Six Escapees

Raleigh, March 1—(AP)—Acting State Penal Director H. H. Honeycutt announced today that six escapees from the Jackson County prison camp had been taken into custody, leaving 17 still at large from the Jackson and Craggy prison camps.

Four were captured this morning near Waynesville, they were Benjamin O'Kelly, Charlie Mooney, Vasco Robinson, and Lloyd Buckner. Two others from the Jackson camp were arrested Wednesday night, Honeycutt said. They were James Vaught and Thomas Willis.

Honeycutt also announced that two of the inmates wanted for escaping from the Craggy camp near Asheville, Fred Martin and Richard Hollingsworth, were nabbed here last night by state officers at Martin's home.

Tighten Ration Values On Beef And Pork Cuts

Washington, March 1—(AP)—A red-point food program, termed "the stiffest since rationing began" goes into effect Sunday. It assigns higher values to a wide range of cheaper beef and pork cuts. The OPA, announcing this today, tempered the bad news somewhat with two and three points a pound reductions for choice beef steaks and roasts. These, however, are scarce in most parts of the country.

The general tightening up results, Price Administrator Chester Bowles said, from "heavy military requirements and the fact that hog marketings are running below previous estimates."

While prevailing point values for all lamb and most veal remain unchanged along with the current 24-point ration cost of butter, these boosts, for example, have been ordered:

Hamburger and bacon go from four to six points a pound. So does beef chuck, up from three points. Short ribs go from one to three

Cologne Under Siege By American Forces

WALL UNDER QUESTIONING

Auditor Admits He Relied On Memo Books and Meadows Statements In Preparing Report

The trial of Dr. L. R. Meadows, on charges of false pretense and embezzlement may run for another two weeks according to estimates of counsel expressed today. Cross examination of Frank P. Wall, Raleigh certified public accountant, and one of the principal defense witnesses got under way this morning with Solicitor D. M. Clark doing the questioning. Clark bore down on the witness to the extent that at times there were sharp exchanges of words that brought about amused sighs and snickering among the spectators. Judge Clawson L. Williams halted the proceedings to inform those present that the only purpose of the trial is to find out the truth of matters involved and that it is not for the purpose of anyone's entertainment or amusement. He warned that he would tolerate no more laughter or other forms of demonstration on the part of the spectators.

The defense auditor late yesterday in summing up his report of his findings testified that Dr. Meadows was entitled to credits of \$15,116 above the total amount of money turned over to him and that this balance in Meadows' favor did not include an additional payment by check of \$18,937 for the benefit of the college. Two other cash items paid out by Dr. Meadows and the \$2,100 Meadows claims to have advanced to the college for the establishment of the commerce department.

Nearing the end of his direct testimony Wall said he had allowed Dr. Meadows credit for the \$503.05 Bolling check on the grounds that his investigation had shown it to be part payment for a \$1,000 contract building plans at the college and on Dr. Meadows' statement that his only part in the transaction was that of cashing the check for Bolling.

He also allowed Meadows full credit of the \$500 it alleged to have been handled by the late E. G. Flanagan. He said that according to the statement contained in the envelope, Flanagan had expended \$2,000 for the college and that Meadows had turned over the other \$800 to J. H. WaDROP, member of the board of trustees and auditors had not paid for the cement and on the back of college records which were in regular order and revealed (Continued on page four)

Navy Reports Loss Of Two Submarines

Washington, March 1—(AP)—Two of the navy's newest submarines, the Escolar and the Shark, are overdue and presumed lost with their crews of approximately 65 officers and men each.

The 1,525 ton submarines, commissioned last year, both were under command of their first skippers: Comdr. Edward N. Blakely, West Los Angeles, of the Shark, and Comdr. William J. Milligan, of Coronado, Calif.

The navy announcement of the losses late yesterday did not reveal the area, but presumably it was in the Pacific.

The losses raised to 39 the number of United States submarines lost from all causes since the start of war, and to 267 the number of naval vessels of all types lost.

Soldier Dies, Comrades Fight On

The body of an American sergeant lies on the ground in Juelich, Germany, but two infantrymen of the 19th Division of the U. S. Ninth Army carry on with the fighting. They are standing close to a building to avoid observation by enemy snipers. (AP Wirephoto via Signal Corps Radio.)

U. S. Ninth Army Increases Peril to Rich German Industrial Section; Third Army Closing In On Trier; Canadians Train Guns On Rhine

Paris, March 1—(AP)—Powerful American armies poured through the first defense before besieged Cologne today and broke into ancient Trier, guardian fortress city of the Moselle valley on the route to Coblenz.

Reports many hours outlasted placed First army tanks and infantry within five miles of Cologne, greatest communications center in the Rhineland and a city the size of Boston proper. At least five brickbats were thrown across the Rhine river.

Several thousand Germans were believed trapped south and southwest of Trier by the Third army corps.

Prisoners streamed by the thousands into the cages of all four of Gen. Eisenhower's attacking armies.

Montgomery's headquarters said "German resistance was badly disorganized in some sectors" of the Rhineland, where the U. S. Ninth army still was operating under a news blackout.

Canadians to the north fought into the bastion of Kerwenheim and to the eastern edge of Weeze in plodding gains through the third and last Siegfried line chain guarding the northwest edge of the Ruhr, less than 10 miles away.

The American Ninth army to the north was declared at Field Marshal Montgomery's headquarters to be the "most spectacular news gain" at the edge of the industrial Ruhr region, driving the German 15th army toward the Rhine banks. German reports placed the Ninth within 11 1/2 miles of Dusseldorf, a city as large as New Orleans, and one broadcast said Dusseldorf was being shelled.

The tenth armored division of Lt. Gen. George S. Patton's army drove into Trier, once used as a base of operations by Caesar against France in the climax of his ten-mile northward drive from beyond Saarburg. The tenth gathered 3,000 prisoners in its dash.

German artillery heavily opposed the "sausage" line of German's strongest forts and machine-gunners at Trier, her oldest city and an imposing place of 68,000. On the way into Trier, Maj. Gen. William H. Morris, Jr., led his division through dense minefields and through fire from 36 88-mm. guns.

The enemy said officially that breakthrough attempts on both sides (Continued on page six)

Roosevelt Gives Report On Meeting

President Says Nation Will Have To Collaborate To Prevent Another World Conflict

By D. HAROLD OLIVER

Washington, March 1—(AP)—President Roosevelt told congress and the nation today that America will have to take the responsibility for world collaboration "or we shall have to bear the responsibility for another world conflict."

Mr. Roosevelt said he returns home from his long journeys "with a firm belief that we have made a good start on the road to a world peace."

Sitting in the well of the house chamber at a joint session of the two branches of congress the President said in a personal report on the Crimea conferences that the Allies will not desist for one moment "until unconditional surrender" is won.

"The German people, as well as the German soldiers," he asserted "must realize that the sooner they give up and surrender, by groups or as individuals, the sooner their present agony will be over. They must realize that with only common sense they can begin to reestablish themselves as people whom the world might accept as decent neighbors."

"Unconditional surrender of Japan is as essential as the defeat of Germany if our plans for world peace are to succeed," he declared, adding that Japanese militarism must

be wiped out as thoroughly as German militarism.

Mr. Roosevelt went before congress with his personal report on the historic conferences with Marshal Stalin and Prime Minister Churchill at Yalta just a little more than 24 hours after his return to the White House.

The chief executive described the big three meeting at Yalta as a successful effort to find a common ground for peace.

"It spells the end of the system of unilateral action and exclusive alliances and spheres of influence and balances of power and all the other expedients which have been tried for centuries—and have failed," he said.

"We propose to substitute for all of these a universal organization in which all peace-loving nations will finally have a chance to join."

The President reminded the senators that they will soon have an opportunity to make a great decision "which will determine the fate of the United States—and the world—for generations to come."

He apparently referred to the proposed world security organization, American participation in which will be passed on by the senate some time in the future. (Continued on page four)

Announce Prices On Steel Ice Boxes

Washington, March 1—(AP)—The first steel ice boxes made since the start of the war will sell at retail prices ceilings ranging from \$37.50 to \$67.50.

The OPA announced this today in fixing gold-plate ceilings for 12 types of non-mechanical refrigerators for which the war production board allocated materials.

Production of 75,000 such boxes in the first three months of this year has been authorized, but only a portion of the number will be made of steel.

An OPA spokesman said the ceilings are "somewhat higher" than those for pre-war ice boxes, but that they are of "superior quality."

Today On The Home Front

By JAMES MARLOW

Editor's note: This is the 10th of 12 stories explaining who has to do what about his income taxes.

Washington, March 1—(AP)—The procedure in making out a 1944 income tax return on the 1040 long-form is simple enough. But remember three things before you start.

1. You'll need pencil and paper—a worksheet—for the arithmetic; before you fill in the spaces.

2. You'll need the instruction sheet that goes with the long-form. You'll find your tax on the back when the surtaxes and surtax brackets are listed.

3. If your income is \$5,000 or over, you get a standard deduction of \$500 for deductible expenses. You don't itemize unless you want more than \$500. Then itemize on page 4.

From here on we'll do the step-by-step job of making out the long form. If you check it on a piece of paper as we go along it may help you in doing your own tax piece. You can follow the steps and later substitute your own income, deductions, exemptions, and so on.

Step 1. Write down your total income. Say it's \$5,800.

Step 2. You're taking the standard \$500 deduction. Write that under the \$5,800.

Step 3. Subtract the \$500 from the \$5,800. That leaves you \$5,300. That \$5,300 in the third step is important. It's called your net income.

Step 4. Under that \$5,300 write

the total of your surtax exemptions. In this case let us say you write down \$1,500 because you're claiming a surtax exemption of \$500 each for yourself, wife and child. You always get a \$500 surtax for yourself, \$500 for each dependent, and \$500 for your wife if she has no income.

Step 5. Here you write the result of subtracting that \$1,500 from the \$5,300. The result is \$3,800. This is called your surtax net income.

Step 6. This is where you figure the surtax itself. You look on the back of the instruction sheet and find that your surtax net income (that \$3,800) is in the bracket which says "over \$2,000 but not over \$4,000." Right beside it you see the tax is \$400, plus 22 per cent of that part of your surtax net income which is over \$2,000.

In your case here \$1,800 of your surtax net income of \$3,800 is over \$2,000. So you take 22 per cent of that \$1,800, which gives you \$396. You add that \$396 to the \$400 mentioned in the paragraph above for a total surtax of \$796.

Remember, finding this \$796 surtax was your sixth step.

Step 7. Now, by itself, write down again that net income of \$5,300.

Step 8. Under the \$5,300 you write \$500. This \$500 is your normal tax exemption which everyone who files a return gets.

Housewives Urged To Turn In Fats

"Despite the fact that the government has been urging the turning in of waste fats for making of munitions, housewives in this section have been having difficulty in persuading stores to accept the waste fats," John G. Fleming, chairman of the Pitt County Fat Salvage Committee, said today.

In an effort to secure depositories for the fats Mr. Fleming has contacted the stores listed below, who have given assurance that they will accept waste fats and pay for them promptly, according to government standards. The fats are urgently needed and housewives are asked to turn in their supplies at once to keep the program rolling.

A list of the stores is as follows: Honeycutt's Market, Askew's Market, Garris Grocery, Jarvis Street Grocery, City Market, White's Store, Nicholls' Market, Pender's Store, and both branches of A & P stores, located on Evans street and Dickson avenue and Five Points Food Market.

RATION GUIDE Meats—Book Four Red Stamps Q5 thru Z3 and A2 thru D2 now good. Foods—Book Four Blue Stamps X5 through Z5 and A3 through M3 now good. Sugar—Book Four Stamps 34 & 25 Shirts—Book Three Airplane Stamps 1, 2 and 3 good indefinitely. Gasoline—14-A coupons expire March 21.

LOOKING AHEAD... We must keep your Red Cross at his side for a long, long time. The wounded... the discharged veterans... the men overseas, need Red Cross help. GIVE NOW! GIVE MORE!

# Social and Personal

Mrs. Jean R. Boyd is recuperating satisfactorily in Pitt General Hospital from an operation Tuesday morning.

Phil Goodson, Jr., has returned to Duke University after spending a few days at home.

B. S. Warren is in the hospital of the Medical College of Virginia for examination and treatment.

Mr. Smiley To Speak  
The regular meeting of the Woman's Club will be held tomorrow afternoon at 3:30 at the clubhouse.

The Literature Department will have charge of the program. Wendell W. Smiley, college librarian, will present the program. A full attendance is desired.

Save Old Tin Cans.  
Miss Louise Swann, county salvage manager, today again urged housewives and eating places to wash and save old tin cans for war salvage. The cans may be delivered to any school boy or girl in Pitt county.

Birth Announcement  
L. and Mrs. E. M. Biondo announce the birth of a son, Edward Morris, Jr., at the Family Hospital, Camp Lejeune, February 28, 1945. Mrs. Biondo is the former Miss Nettie Kay Smith of Greenville.

Mrs. Brown Honored  
Wednesday evening, February 28, was a big event in the lives of the new members of the Junior Woman's Club. Following a very lovely tea given in the home of Mrs. J. T. Little honoring the North Carolina president of the Junior Woman's Club, Mrs. Micou Brown, and fellow-worker, Dr. Anne Louise Wilkerson of Raleigh, a delightful dinner was served to the members and their guests at the Marine Room of the Olde Towne Inn. The dining room was very inviting with its soft candlelight and early spring flowers. The high-light of the evening was the inspiring and enjoyable talk given by Mrs. Brown, which instilled new hope and determination in the hearts of all for a bigger and better program for the current year.—Reported.

Legion Auxiliary Meets.  
The American Legion Auxiliary met with Mrs. Luther Bowling on Monday afternoon. A large number of members were present. Four new members were reported. Mrs. Roy Cox of Winterville joined the unit at this time.

The auxiliary voted to give \$25 to the Red Cross. Since March 15 is the birthday of the Legion, a committee was appointed to meet with the Legion commander to make plans for the annual birthday dinner.

Mrs. Corey announced that \$83 was given to the March of Dimes by the Legion and auxiliary from the dance at the armory. Poppy Day plans were started. Special emphasis was placed on membership at the meeting. The North Carolina department has set a goal of 8,000 members. Everyone is urged to contact every eligible woman and try to enlist her in the auxiliary.

Chaplain Bradford of the local marine air base, was guest speaker. His subject was "Duties of a Chaplain." He spoke informally, discussing three major problems which face chaplains at large. He said church attendance at the base was good but that as far as he had observed, there seemed to be no great revival in religion in the armed forces. He had several awards which were presented to one of the marines for meritorious service. He discussed these, telling how each was earned. He also had a number of pictured awards which he explained. This was very interesting since many of these listening had very little knowledge on these.

The social hour followed. Mrs. Bowling, assisted by Mrs. K. B. Pace served ice cream and cake with salted nuts and assorted hard candies.—Reported.

Entertain At Tea.  
The executive board of the Greenville Junior Woman's Club entertained at tea from 4:30 until six o'clock yesterday at the home of Mrs. J. T. Little, club adviser, in honor of its new members. Also honored were Mrs. Micou Brown of Raleigh, immediate past president of the North Carolina Junior Clubs of the State Federation, and Dr. Ann Louise Wilkerson of the Raleigh Junior Woman's Club. Early spring flowers in pastel colors made a lovely setting and added a wealth of cheer to the occasion. Hawthorne, quince and daffodils were used in the living room and jonquils were arranged in the sun room.

Guests were greeted by Mrs. Charles Gaskins and Mrs. Little, who introduced them to the receiving line composed of Mrs. Ray McKenzie, president of the local club, and the following new members:

For That Smart Look on EASTER SUNDAY visit Owen's Beauty Salon and get one of our MACHINE MACHINELESS or COLD WAVES. Phone 3386 311 Evans St. Two doors from Proctor Hotel.

# Forty Years Ago Today

THE DAILY REFLECTOR March 1, 1905

Now for the winds. March arrived meek as a lamb. We suppose she was ashamed of herself as February had done so very bad.

If the United States gets half a chance to unload the Philippines on Japan, Uncle Sam had better take advantage of it.

A judge in Reidsville has stirred up something of a sensation. Several prominent society men of the town were summoned before the grand jury to testify about card parties and other parties in which prizes have been given. If indictments follow many women of the town will have to appear as defendants in court.

Chatham Book Club Meets. Mrs. N. S. Beard was hostess to the Chatham Book Club Tuesday afternoon at her home on Elm street.

Upon arrival the members and guests, Mrs. Glenn and Dr. Holtzclaw, were served a delightful desert course with coffee and salted nuts. Mrs. Tom Watson and Mrs. Rufus Stark assisted the hostess in serving.

Mrs. W. P. Moore, president, presided over a short business meeting, at which time the club voted to make a donation to the American Red Cross Fund. She then turned the meeting over to Mrs. Carl Adams, chairman of the program committee, who in turn presented to the group Dr. Catherine Holtzclaw of the college faculty. Dr. Holtzclaw who had recently received her doctorate from New York University, gave some of the highlights of her dissertation, "Conditions Among the Negroes in North Carolina." She stated that in order to make a real workable program of education which would improve present conditions so that the races might live

together more harmoniously, it was necessary to know the needs of the Negro. She gave interesting facts and vital statistics to support six phases of the Negro's condition in this state and in an informal manner discussed his economic status, his health, his housing, his child welfare and guidance, his family, and his education. She closed her remarks by saying that when the people of the state are able to know the needs of the Negro and are willing to help him meet his needs, then conditions will improve.

A spirited discussion followed this informative talk. After the exchange of books, the club was adjourned.—Reported.

# Presbyterians To Launch Program

The Presbyterian church of the United States plans to launch an intensive evangelistic program throughout the bounds of the assembly, which includes all the southern states, beginning March 4 and continuing at least through April 15. Each church is planning for a series of revival services to enlist members into the church and lead souls to a decision for Christ.

The local churches of Pitt county are planning to participate in this evangelistic effort. Special committees have been appointed from the membership of the First Presbyterian church and arrangements are being made for the church to participate in the union evangelistic service to be held in Jarvis Memorial Methodist church April 8-14 with Dr. F. Crossley Morgan as speaker.

Effort will be made to enlist all members in attending these services, particularly workers in the church school, which affords one of the richest fields for evangelism in the organization of any church. The pastors of the Pitt county churches, Dr. Boyd and Rev. M.

# Girl Scout News

All girl scouts who have been publicly awarded badges but have not actually received the badges, please report to the scout office by noon Saturday for them. Several "Greenville" emblems are on hand for sale also.

# To Hold Assembly

Atlanta, March 1—(AP)—The Presbyterian Church in the United States has been granted permission from the Office of Defense Transportation to hold the 85th session of its general assembly May 24-31 at Montreat, N. C., the Presbyterian News Service announced.

In more than two centuries of Spanish rule (1540 to 1750), Bolivian mines produced gold valued at two billion dollars.

**Strength FOR THE DAY**  
 By EARL L. DOUGLAS

**BENEATH THE SURFACE OF LIFE**

Some years ago a student of the history of art began to search in the City of Florence for Dante's portrait by Giotto, that had been lost for centuries. He finally found it in a basement room long used for collecting rubbish. The portrait had been pasted to the wall and covered with several coats of whitewash. When the whitewash was removed, a beautiful full-length portrait of the Tuscan poet stood revealed.

There is many a treasure hidden in rubbish rooms and cluttered over with inferior material. Some folks treat life as some careless Florentine treated this gorgeous portrait of Dante centuries ago. Either they do not know life's value or else they do not care; but whatever the reason, they gather up the precious opportunities of God and impatiently throw them away. They do not know that they were created in the image of God. It was never intended that anything so precious as human potentialities should be consigned to rubbish rooms, or that the divine nature of men should be hidden by ugly stains and smears. Only a man insensible to beauty could have smeared Giotto's portrait of Dante with a whitewash brush. Only those who are insensible to the beauty of divine nature with which we are all endowed could ever be guilty of smearing the image of God in this our own soul with anything cheap or defiling.

**Today On The...**

(Continued from page one)

Civilians must be immune from deliberate terror bombings while soldiers are not. Maybe it hurts a civilian more than it does a man in uniform.

The idea of international law is — and of course quite right — that any code which lessens human suffering in war is some advance toward humanity. However, it does seem mighty strange that a world which must settle its arguments by such an inhuman method as war should be so concerned to protect civilians while sending the cream of its youth onto the battlefield to be sacrificed. But maybe we had better not go into that too deeply.

Naturally, with bombs falling near the Mikado's Palace, the question is arising as to what the effect would be on Japan if he were killed. That's a point of vast importance, but one which we cannot answer, and consequently is something many observers wouldn't like to see happen. After all, however, silly it may seem to us, Hirohito is a god to his people.

The case of Hitler, alias Shuckler, is different. The sooner he is dead, the better for humanity. Anyway, he's an active military man.

**THE WAR TODAY**

(Continued from page one)

normal net income.

Step 10. You take 3 per cent of \$400. Three per cent is your normal tax. It remains at 3 per cent on all taxable incomes no matter how large or small. Three per cent of \$400 is \$14. This is your normal tax.

Step 11. You add together your normal tax of \$14 and your surtax of \$786 and get your total income tax for the year: \$900.

These 11 steps are exactly the 11 steps you have to take in filling out page 4 of the 1040 long-form from lines 1 through 11.

But there's a little more. Now in your case your \$5,800 income came from salary. Taxes were withheld from your salary during the year and in addition you paid quarterly installments on your estimated tax to make up the difference between the tax withheld and total tax you figured you'd owe by year's end.

The withholding receipt from your boss shows that he withheld \$950 from you in taxes. But in addition to that you paid in quarterly installments a total of \$70. That's a total of \$920 — \$950 and \$70 — you paid in taxes during the year. But you find now that your tax for the year — according to your fig-

**South Of The Border--**

uring on page 4 of the long-form— should be \$940. So you owe the government \$20.

On page 1 of the long-form, line 6, you enter your total tax, \$940. In the proper places under line 7 you enter how much tax was withheld from you and how much you paid in installments. And on line 8 you enter how much you still owe.

On the rest of page 1 you write your name, list your exemptions by writing in the names of yourself, wife and child, and then you write in your boss' name and how much he paid you: that \$5,800.

You're finished except for a couple of questions at the bottom of page 1. You pay the government \$20 in person or by mail—the \$20 you owe. You turn the money in together with your long-term filled out. It would be a good idea to keep an extra copy for yourself.

**Roosevelt Gives...**

(Continued from page one)

He expressed a hope that congress would decide his journey was "a fruitful one."

"For unless you here in the halls of the American congress, with the support of the American people, concur in the decisions reached at Yalta and give them your active support," he said, "the meeting will not have produced lasting results."

Discussing at length the big three agreement for united action in the political and economic field in liberated areas, the President mentioned the specific agreement regarding Poland's future boundaries as an outstanding example of such joint action.

Asserting the whole Polish question was a potential source of trouble in postwar Europe and the Yalta participants were determined to find a common ground for its solution, the President said:

"We did."

The decision to partition Poland, he described as a compromise under which the Poles will receive compensation in territory in the north and west in exchange for what they lost east of the Curzon line. The limits of the western boundary, he said, will be permanently fixed in the final peace conference. The President emphasized the

a pound, down from 12.

Barring an unexpected change in government requirements, the OPA chief asserted, "no marked improvement in civilian meat supplies may be safely expected before late summer or early autumn."

The new higher point values which went into effect last weekend will continue during March for lard, shortening, salad and cooking oils, and margarine.

Five more red stamps — E2 through J-2 in ration book four— will be valid for buying meats and fats beginning Sunday. They will be good through June 30.

the purchase and delivery of the cement.

Other major items allowed by Wall included the \$1,095 Underwood-Graham funds, a \$393 payment to S. T. Hicks, the Kelvinator item and all other credits claimed by Dr. Meadows in connection with handling of the funds.

Wall concluded his direct testimony with explanation of a report of cement purchases by and for the college from 1938 to 1944. He said the report was compiled from college records as well as all other funds including those handled by Dr. Meadows. He said total purchases during the period had been 27,354 bags with 26,866 of them during the 10 years Meadows was college president. The figure included 1,200 bags claimed by Meadows to have been purchased from J.

W. Clark and 2,400 bags claimed to have been purchased from Mr. Planagan, both of which had been disallowed by the state auditors as unsupported.

Beginning the cross examination Solicitor Clark questioned Wall in detail as to auditing practices and his experience as an accountant in and out of court. The witness admitted that he had appeared as auditor in many court actions but that this was his first time for the defense. He stated that all cases in which he had appeared had been won by his side except one that resulted in a mistrial.

Endeavoring to pound home his implication that the auditor had not followed recognized accounting practices and instead merely corroborated statements of Dr. Meadows, Clark went over item after item that had no support beyond the memo book entries and Meadows' statement that the payments had been made, and asked the auditor if he still insisted that to allow such items was following good auditing practices. In each instance the auditor declared that he considered it was. The auditor repeated time after time that he recognized the memo books as Dr. Meadows' official records and relied upon their authenticity.

Asked why, he had testified to certain errors in the book and substituted other items therefor, the witness admitted they were called to his attention by Dr. Meadows. Clark pointed out that such items were specifically mentioned in the indictment bill of particulars and asked if the substitutions had not been made because it was apparent the state would have evidence to show the expenditures were for Dr. Meadows' private use rather than for the college. The witness denied that this had prompted his actions but he admitted that he was in possession of the bill of particulars setting forth these items at the time his investigation and report were made.

Time after time the witness declared that he had never in his life denied credit for any item and charged a person with stealing unless there was evidence to indicate wrong doing and that he had followed this same procedure in auditing Dr. Meadows' affairs. He admitted, however, that he had not attempted to analyze Dr. Meadows' bank account but had confined his investigations to the memo book entries and other items covered by the state auditors. He stated, however, that his investigation had required much study of college records.

In the midst of one of his arguments with his questioner Wall described the trial of Dr. Meadows as one of the most outstanding cases of persecution he had ever seen.

unity of the major Allies and said they are determined to continue to be united so that "the ideal of lasting world peace will become a reality."

He pointed out that France has been invited to accept a zone of control in Germany, to join as a sponsor of the United Nations conference, that she will have a permanent member on the international security council with the other four major powers, and she will be associated in the joint responsibility over liberated areas.

W. Clark and 2,400 bags claimed to have been purchased from Mr. Planagan, both of which had been disallowed by the state auditors as unsupported.

Beginning the cross examination Solicitor Clark questioned Wall in detail as to auditing practices and his experience as an accountant in and out of court. **Yanks Now...**

(Continued on Page Five)

The island, 275 miles long and 25 miles across at its widest point, is the dividing line between the Sulu and South China Seas.

In American hands it would place United States forces along more than a 600-mile stretch of the South China Sea extending from Lingayen Gulf on western Luzon in an arc to Palawan's southern tip. That tip lies within 90 miles of Dutch Borneo. The nearest American holding in the Philippines is Mindoro Island, 125 miles northeast of Pal-

awan's principal port, Puerto Princess, is midway along the east coast. MacArthur's communique today reported the port's installations were pounded by "strong formations of attack bombers with escorting fighters" Wednesday.

On Corregidor, a little more than 3,000 Yanks, comprising the 503rd parachute regiment and elements of the 24th division, have all but wiped out an enemy garrison twice that size to pry open Manila's big bay. Already a cargo ship has entered the bay, bringing badly needed supplies to liberated but hard hit Manila, once more the capital of the Philippines.

**Naval Officers To Be In Raleigh**

A Navy officer procurement party will spend Friday and Saturday of this week in Raleigh to interview applicants for commissions in the U. S. Navy Reserve. Chief G. W. Stewart, petty officer in charge of the new Navy Recruiting Station, announced today.

Heading the party will be Lieut. J. C. Bule, Jr., and with him will be Lt. (jg) Frances Gormah, Dr. Robert H. Mulberger, and Yeoman A. M. Byrd, all of the officer procurement division of the sixth

and seventh Naval districts, with headquarters in Atlanta, Ga.

He did "most urgently" at this time, Chief Stewart said, are nurses, physicians, chaplains, and graduate civil, electrical and mechanical engineers. Applicants will be interviewed and physical examinations given in Raleigh.

**WILSON'S WEEKLY Bulletin**  
 By George Rector  
 Food and Nutrition Consultant to Wilson & Co.

**MARCH IS NATIONAL BREAD & GRAVY MONTH**

**Makes Good Brown Gravy Every Time**

"Mother always made good gravy," is the remark brides often hear and because old fashioned bread and gravy is a new fashion in extenders, it pays more than ever to be able to make good gravy these days. With my never-fail method given below, you can make good rich gravy every time, with or without meat drippings. There's a real taste treat in store for you when you make gravy this way.

**Good Old "Bread and B-V Gravy"**  
 (It's the rich brown gravy that puts the meal over)

2 tbs. fat or drippings  
 2 tbs. flour  
 1 cup liquid\*  
 1 tsp. Wilson's B-V

\*Use milk, water or vegetable water.

Melt fat, add flour and blend well. Add liquid and stir until smooth. When hot, add B-V which has been dissolved in a small amount of the hot mixture and cook until thickened sufficiently. Makes 1 cup gravy. Serves 3 or 4.

-----Clip Recipe Here-----

**EVERYBODY'S FAVORITE**

Men and children alike enjoy good old bread and gravy. And when it's good rich brown gravy made extra delicious with Wilson's B-V, there's real pleasure in cleaning up the last drop on your plate.

day. Iron plus the trace of copper which is also present in B-V helps build red blood cells; and so B-V helps prevent anemia and is an excellent addition to the diet of blood donors and others who need to build an extra amount of red blood cells. Lack of sufficient iron in the diet causes listlessness and slow progress in school work. So plan now to check your family's daily iron supply.

**A CUP A DAY**

A cup of delicious hot B-V daily—served regularly between meals or at bedtime—is a good habit to form. Why not start today?

Yours for tasty nutrition,  
 George Rector

P.S. A month from today, April 1, is Easter. Time to be making reservation with your meat dealer for a slice of Certified Tender-Made Ham (the original ready-to-eat ham). Certified Smoked Ham, Certified Leg of Lamb, or whatever your choice is for the day. Due to the present meat situation, it might be wise to give a second choice so you won't be disappointed.

**It's a Pimp Lunch**

Please the kiddies with a lunch planned around bread and B-V Gravy. One happy choice is this menu:

**Bread and B-V Gravy**  
 Green Beans Carrot Sticks  
 Deviled Egg  
 Baked Apple

Why not pin this menu up on your kitchen bulletin board and serve it tomorrow? It's colorful and tasty, it's planned to raise shouts of joy from the young fry.

**Sh-h-h! It's Nutritious**

Yes, B-V is nutritious but keep its secret from the family and you can use B-V often to add extra meat flavor to many low-point dishes. These dishes are so good your family won't even suspect they're also "good for them." One teaspoonful of B-V furnishes one-fourth of an adult's iron requirements for a

## Grain Market

Chicago, March 1—(AP)—Professionals short covering and commission house buying stimulated by the strength of securities and inflation psychology resulted in gains that ranged to more than a cent in grain futures markets today.

At the finish wheat was 1/4 to 1 cent higher than yesterday's close. May \$1.64 1/2-3/4. Corn was up 1/4 to 1/2 cent. Oats were 1/4 to 1/2 cent higher. May 66 1/2. Rye was up 1/4 to 1/2 cent. May 1.13 1/2-1/4. Barley was 1/4 to 1 cent higher. May \$1.09 1/2.

## New York Cotton

New York, March 1—(AP)—Cotton futures opened 10 cents a bale higher.

Noon prices were 25 to 30 cents a bale higher. March 22.25, May 22.44, July 21.83.

Cotton futures closed 15 to 30 cents a bale higher.

	Open	Last	Prv Cl.
March	22.21	22.22	22.19
May	22.11	22.13	22.09
July	21.80	21.84	21.78
Oct.	21.19	21.22	21.17
Dec.	21.11	21.13	21.09

Middling spot 22.49, up 6.

## N. Y. Stock Market

New York, March 1—(AP)—Stocks generally entered March with leonine tendencies today and, while scattered market leaders eventually turned a bit lamb-like, selective strength persisted throughout with new highs since 1937 numerous. Dealings, fast at intervals, slowed after midday and top gains were reduced here and there near the close. Transfers were around 1,700,000 shares.

**Soothe your irritated eyes with Murine**

Originated by an eye specialist, Murine brings soothing relief to eyes that are tired, burning or stinging. Just two drops in each eye

**NOW SHE SHOPS "CASH AND CARRY"**

Without Painful Backache

Many sufferers relieve aching backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up early, swelling, indigestion, itching of the eyes, headache and dizziness. Frequent or scanty urination with smarting and burning sensations shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 60 years. They give happy relief and will help the 15 million of us who suffer from kidney and bladder trouble from your blood. Get Doan's Pills.

**Snappy Playing In Annual Tournament**

The contesting teams in the annual basketball tournament being played nightly at Farmville are playing bangup ball and providing lots of excitement for the fans. The referees are doing good work and the games have been free of wrangling. Last night's scores indicate class A basketball.

Farmville girls won from Bethel 22 to 20. Stokes boys won from Grifton 22 to 18. Winterville boys won from Bethel 26 to 22.

Games scheduled for tonight: Farmville girls vs. Belvoir and Winterville girls vs. Grifton; Ayden boys vs. Grimesland.

The games begin at 7 o'clock, 8:15 and 9:30. The public is invited.

**Mrs. Maggie Taylor Died This Morning**

Mrs. Maggie Taylor, 74, died at the home of her daughter, Mrs. Sherrell Gurganus, in Cross Roads Township, near Williamstad, this morning about 4:30. She had been ill a week.

Funeral services will be held at the home Friday afternoon at 4:30. The Rev. H. M. Pope, Pentecostal Holiness minister of Williamstad, and the Rev. D. W. Davis, pastor of Cross Roads Christian Church, will officiate. Burial will be in the Rogers family cemetery.

**Six Persons Hurt In Train Wreck**

Steuenville, O., March 1—(AP)—At least six persons were injured early today when the Pennsylvania railroad's "Spirit of St. Louis" was derailed at Fairplay station, 15 miles west of here, the state highway patrol reported.

Divisional patrol headquarters at Cambridge said they were informed six injured were taken to the Valley General Hospital in Steuenville. However, they said there was no report of any fatality. The hospital said only one of the six suffered serious injury.

Highway patrol spokesmen said they were informed via two-way radio from patrolmen on the scene that nine cars of the St. Louis to New York flyer jumped the track after passing through a tunnel. One of the cars, they reported, ran off a trestle and overturned in the swollen waters of Cross Creek.

**Cologne Under ...**

(Continued From Page One)

of Rheydt and Grevenbroich, a main left river crossing, were foiled by Germans fighting "on a coherent line running from west of Duken to the Ert and reaching the Roer south of Dueren."

Canadians and Britons fought strongly with armor to break the enemy's last ditch stand in three places of the Hochwald gap between Weeze and Kerwenheim, within 22 miles of the great Rhine port of Duisberg and less than ten of the Rhine city of Wesel across the Rhine.

The Canadian and American Ninth armies were within 25 miles or so of a junction which might trap thousands of Nazis west of the Rhine.

Allied warplanes were keeping a vigilant "watch on the rhine" for signs of a mass retreat eastward and shot up clusters of river barges and tugs at one point.

A wholesale withdrawal of Field Marshal Rundstedt's mauled and bleeding armies has not yet begun across the river, AP Correspondent Roger D. Greene reported.

A prisoner reported that German troops before the Ninth army had been ordered to fall back east of the Rhine.

signed to the roads, will make application to the Commission of Paroles for a parole of the balance of his sentence during good behavior.

**CONCERNING BOOKS**

The Sheppard Memorial Library announces the addition of the following books to its collection:

"When We Are Green We Grow," by Jane Simpson McKimmon. The first State Home Demonstration Agent in North Carolina gives a history of Home Demonstration Club work in our state. It is not a history told with statistics and cold facts but with human interest stories of how the North Carolina farm family responded to the home demonstration work. The personality and character of the author as revealed through the history alone would make the reading of the book a delightful experience. The writer's story is that of a crusader, one who worked to see that the rural women of North Carolina were accorded the same privileges of educational advantages as her sisters in town or as were the farm men who were getting the benefit of farm agent work.

A copy of the book has been given to the library by the Home Demonstration clubs of Pitt County. In addition to the copy in the library, each of the clubs in the county have bought a copy for reading among club members and others interested.

"A Plain Man Looks At the Cross," by Leslie D. Weatherhead. A new Lenten-Easter sermon series by the pastor of City Temple, London. He goes to the heart of some of the basic problems confronting Christianity in our day which will quicken the spiritual life of many people.

"Red Fruit," by Temple Bailey. A light romance with present-day Washington as its setting.

"The Battle Within," by Philip Gibbs. The setting of this present day novel is in England. The Hadon family—the mother, father and daughter—present a picture of life on the English home front. The daughter of the family provides romance when she is put to the test of choice between a young American and her former German fiancé who deliberately crashes his Messerschmitt near her house.

**11 Negro Draftees Failed To Report**

Pitt County Draft Board No. 1 reported that 11 Negro draftees failed to report today for preinduction examination to enter the army. Anyone knowing their addresses should communicate with Draft Board No. 1. The names of draft evaders are required to be turned over to the FBI.

Following is a list of those who failed to report: Clarence Earl Carr, Neal St., Greenville; James Edd Rollins, Read St., Greenville; James Williams, Rt. 1, Box 75, Greenville; Val Whitehurst, 1105 Sixth St., Greenville; Paul Koonce, Rt. 1, Box 34, Farmville; Oscar Junior Joyner, Gen. Del., Farmville; Clifton Taylor, 239 E. 4th St., Maysville, Ky.; Humores Tyson, Rt. 1, Box 15, Farmville; Zeno Randolph, 791 George St., Baltimore, Md.; William Henry Barnhill, Union Hall St., Jamaica, N. Y.; Edmund Lewis Brooks, 36 Yarnnot St., Boston, Mass.

**Brazil To Have General Election**

Rio De Janeiro, March 1—(AP)—President Getulio Vargas promised the Brazilian people today that he would fix within 90 days the date for the first general election this country has known since 1930.

The promise was embodied in a decree modifying the constitution, which he established in 1937 by restoring to the people the right of direct suffrage in the election of the president, governors of states, parliament and state legislative assemblies.

Vargas gave no indication of the probable date of the election, but in

**NOTICE OF APPLICATION FOR PAROLE**

go from captured Bublitz to cross the coastal highway and railway connecting Danzig with Stettin, but a German broadcast said Red Army vanguards had reached Poldnow, 16 miles from the two communications lines.

Neustettin, a five-way railway hub and major block in Rokossovsky's pathway to the Baltic, fell to a combined frontal assault and outflanking maneuver. A communique said 300 of its garrison were slain and 600 captured. Fifteen hundred Russians were freed from slave labor.

The Moscow bulletin announced gains of five to six miles along Rokossovsky's 40-mile assault front, but none that would take him any nearer the coast than Bublitz, captured two days ago.

More than 50 towns fell yesterday, however, in the general line-straightening and solidifying operations from Schwornigatz, 11 miles north of the Polish corridor city of Chojnice, westward to Bublitz.

**Expresses Appreciation**

Washington, Mar. 1—(AP)—President Roosevelt has written Federal Judge Isaac M. Meekins of the Eastern District of North Carolina saying that he "regretted to learn that your health impels you to terminate your long career of public service."

The President expressed appreciation for Judge Meekins' "faithful and loyal service to the highest traditions of the Judiciary during the many years you have been on the bench."

**NOTICE OF APPLICATION FOR PAROLE**

Notice is hereby given that Luther Casper, convicted of being drunk, resisting arrest and assaulting an officer in the October Term of the Superior Court of Pitt County and sentenced by Judge R.
