RUSSIAN DRIVE ON BERLIN FRONT

Third Army Driving Germans Toward Middle Rhine

Enemy Survivors Of Debacle Of Cologne Fleeing South To Bonn; Allies Hammering at Dwindling Nazi Bridgeheads on Northern Hinge

By JAMES M. LONG Paris, March 7—(AP)—The American First army moved within two miles of the Rhine city of Bonn tonight while the swift and powerful Third army closed within 14 miles of the middle Rhine and less than 20 miles of Cologne.

A censorship blackout suddenly was imposed on the First army operations—secretly similar to that which prevailed before the great Rhineland breakthrough and the Third army dash through the Eifel. The blackout suggested transcendent developments were in progress. The First army, closing on Bonn from all sides, was said officially to have gained up to seven miles during the day, overrunning more than a dozen settlements including Brühl, five miles south of the captured ruins of Cologne. The blackout prevented pinpointing the advances on the First army right flank, which has lagged far behind the left and center in the Cologne and Bonn areas.

In the West pocket last sizeable German bridgehead west of the lower Rhine, the Germans resisted with the utmost violence in an estimated 20,000 troops sealed in a pocket eight miles long and four to five miles wide.

The Ninth army cleaned out pockets south of Bonn and along the Ahr, a solid footing on the great carrier river from Cologne to east of Rheinfelden.

The 35th infantry division of the 9th army ran into bitter resistance at Orsenberg, two miles northwest of Rheinfelden on the south side of the West pocket but enemy units were crossing to the east of Frankfurt the river in any sort of craft they could find.

Determined rearward resistance held Canadian troops before Xanten at the northern corner of the pocket. But Bonningham southwest of Xanten was captured.

The dashing Third army headquarters were reported at supreme headquarters to be near Montreal, a crossroad town just short of Mayern. The report, far behind actual progress, placed the Fourth armored division within 20 miles of Coblenz and 50 of the large Rhine cities of Mainz and Wiesbaden. Frankfurt (Continued on page four)

May Vote Today On Manpower Measure

Washington, March 7—(AP)—Leaders pointed the Senate toward a vote today on whether to force draft age men into essential work. Senator Bailey (D-N.C.) set up the question for decision by offering an amendment to a substitute manpower control bill sponsored by Senator Beveridge (D-W.Va.) when the West Virginian would have men of 18 to 45 certified for war work, under penalty of jail or fine, unless they were engaged in "a lawful occupation," Bailey would draft them for labor unless they were performing "essential duties."

Twenty-six Hurt In Wreck Of Bus

Williamston, March 7—(AP)—A passenger bus and a log cart collided near here yesterday and 26 persons were injured. The bus crashed through the railing of the Roanoke River bridge and plunged 10 feet into shallow water.

YANKS MAKING ALL-OUT PUSH FOR TWO JIMA

General MacArthur Reports Luzon Campaign Now Entering Final Stage

U. S. Pacific Fleet Headquarters, Guam, March 7—(AP)—An all-out push against the 1,000 Japanese still entrenched on the rocky northern end of Iwo Jima was under way today, with tremendous artillery support and army fighters operating off the southern airfield for the first time. Those fighters are based within flying range of Tokyo.

The ground drive, breaking a two-day comparative lull in this fierce battle of the Pacific, was achieved with small gains yesterday in the center and on the left flank of the marine line squeezing the bitterly-resisting enemy against the northern cliffs.

The marines moved out behind a deadly rolling artillery barrage, the most intense of the campaign. But the Japanese fought back so strongly with a continuous stream of small arms and mortar fire that the marines were confined to "small, local gains," in the words of Adm. Chester W. Nimitz' communique today.

These gains were scored on the west side by Maj. Gen. Keller F. Rodgers' Fifth Marine Division, and east of the center by Maj. Gen. Graves B. Erskine's Third division moved up in the middle.

By nightfall the Devil Dogs were still some 600 yards from the northeast shore line opposite a bulge which, if reached, would cut the remaining Japanese garrison in two.

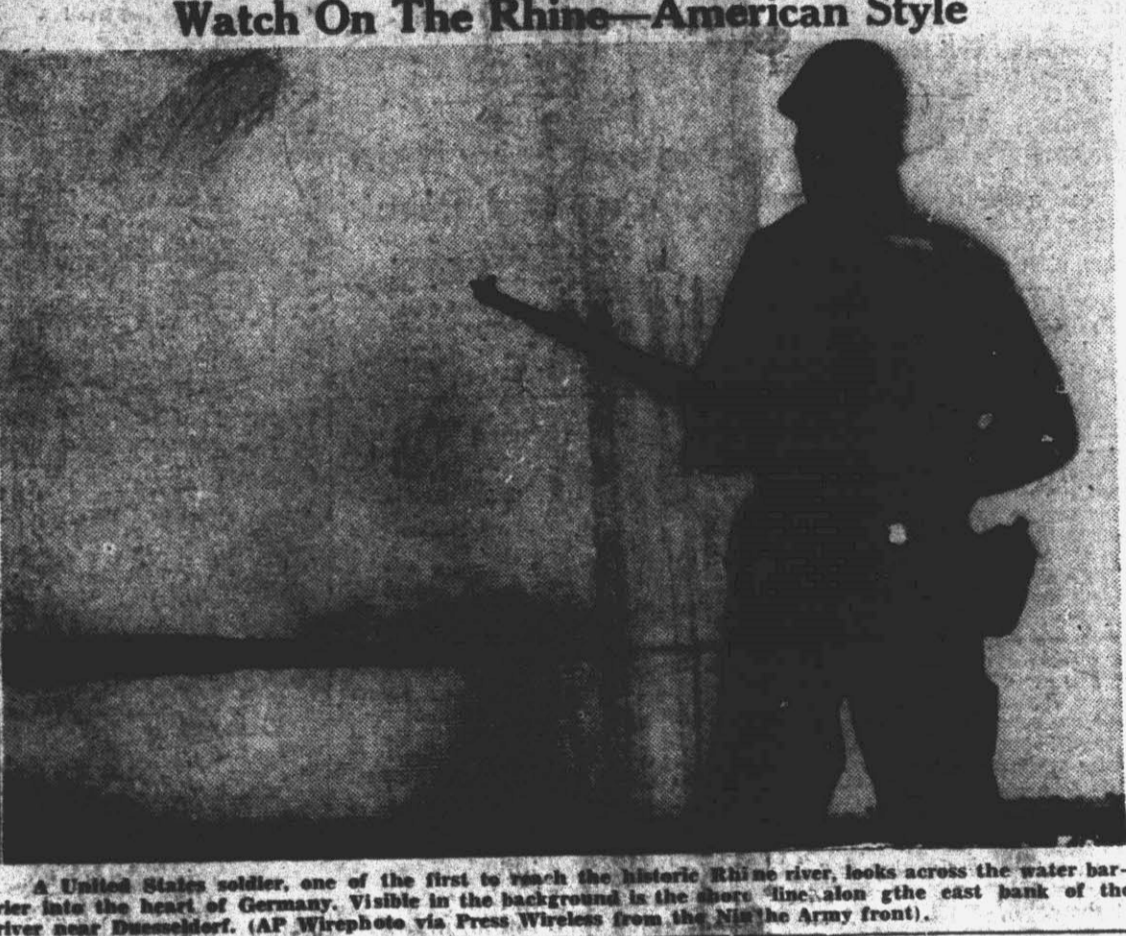

Married Women To Be Exempted

Washington, March 7—(AP)—The House today exempted from a proposed draft of women nurses, all women married prior to March 15, 1945.

It decreed by voice vote however, that all nurses not over 44 and not under 20 must register, with only those not married subject to actual induction.

The exemption from actual induction applies to women with dependent children, women with children under 18 years of age, and women married before Thursday of next week. In the latter group would fall widows without children.

There's little satisfaction to be had out of the report in London regarding a quarter that France is preparing to lead a bloc of Western European countries in a campaign to obtain greater power for the smaller nations in the forthcoming World Security conference at San Francisco.

Midwest Floods Take Heavy Toll Of Lives And Property

Seven Dead And Thousands Homeless; Military Forces Pressed Into Service

Cincinnati, O., March 7—(AP)—Starving flood victims of rivers and tributaries along a 1,000-mile Midwest lowlands today had made thousands homeless, taken at least seven lives and dealt a staggering blow to the making of munitions.

The Ohio River—from its headwaters at Pittsburgh all the way to the Mississippi—rose toward levels reached only twice before in history.

The Mississippi ran into low-lying residential districts, forcing hundreds of families out. Waters of the White River in Arkansas threatened levees further south and military forces were pressed into duty to reinforce the barriers.

Louisville expected to evacuate hundreds of families as the Ohio rolled toward a 45-foot flood stage. At Cincinnati, the Ohio was expected to pass the 70-foot mark, 18 feet above flood stage.

Official forecasters, hoping that colder weather would halt the runoff from the saturated ground of the Ohio Valley's 202,000 square miles, still withheld definite predictions of a crest.

Relief agencies in the Cincinnati area were taxed heavily and the American Red Cross reported 5,000 to 6,000 families evacuated from their homes on both sides of the river.

Blankets and supplies were rushed into the area. (Continued on page four)

REBUTTAL IN MEADOWS CASE

State May Conclude Testimony Tomorrow

The state continued its rebuttal testimony today in the trial of Dr. LeRoy R. Meadows, charged with false pretense and embezzlement.

Cross examination of Robert G. Dayton, assistant director of the budget, by Judge Albion Dunn, of the defense counsel was completed shortly before noon today.

Dayton's testimony throughout yesterday dealt with college appropriations and unexpended portions of same together with transfers of funds for the purposes of maintenance, repairs, improvements, etc.

He said that no requests by the college for transfer of such items had been denied with the exception of an item of \$4,500 specifically (Continued on page four)

SOLOIS ASKED TO SPEED WORK

State Legislature Moving To Early Adjournment

Raleigh, March 7—(AP)—Speaker Oscar Richardson called upon representatives today to get in all their bills this week, next Monday at the latest, and said that business of the house was not being transacted fast enough.

Through yesterday, the 55th day of the session, only 72 bills had been considered, he said, whereas the 1943 assembly adjourned on the 53rd day after the house had considered 83 measures.

At the current pace, he said, it will take 11 more days to finish the work now before the house. He asked members to speed up the work all possible and said he might have to appoint a Calendar committee.

Calendar committees usually are appointed in the adjournment. All bills go to those committees.

Reps. Edwards of Greene and Quinn of Duplin sent up a bill to enable the State Department of Agriculture to finance and construct facilities and improvements for the state fair. The department would be authorized to issue \$100,000 in bonds, with the interest rate approved by the council of state. The department also would be authorized to invest up to 10 per cent of its surplus in the fair fund.

Reps. Hatch of Wake and Mosley of Guilford introduced a bill to authorize the governor to issue certificates to families of deceased veterans, expressing the appreciation of the state for their services, and to authorize the governor to issue certificates of appreciation to all veterans of the current war. BIG THREE MAY BE CALLED IN TO STOP ROWS

U. S. Officials Concerned Over Italian And Romanian Disturbances

By JOHN M. HIGHTOWER Washington, March 7—(AP)—American diplomatic officials are watching with growing concern the spread of internal disturbances in Romania and Italy.

Although the troubles in these countries apparently stem from different causes, in each they involve vigorous Communist leadership. There is a large possibility that each may bring into play the principles, if not the actual machinery, of the Big Three decisions at Yalta for the protection of liberated European countries.

Italy produced the latest and most spectacular political explosions, but Romania seems to involve issues potentially more dangerous to a friendly settlement of European affairs.

Romania is so completely within the Russian sphere of influence that there are strong suspicions here that Moscow has been fully aware of the efforts to engineer a Communist coup in that country and of the continuing attempts to establish what is regarded here as a Communist government.

The Italian outbreak, on the other hand, is attributed more to the awkward handling of Italian affairs by the Allied military command and the bungling and inertia of Premier Ivanoe Bonomi which allowed the escape of General Mario Roatta, former army chief of staff under Mussolini, to accused of war crimes.

Communist leadership in the mass protests in Rome yesterday was evident by the fact the throng which gathered before Quirinal Palace shouted "Death to the King!" and waved the traditional Red flag of the party. The significance of such leadership as seen here is that wherever in Europe mass violence is incited by governmental shortcomings, Communists always spring most vigorously to the protests.

Initially there was a comparable situation in Romania. While the government of Premier Radescu, which gathered before Quirinal Palace, was a representative of the council (Continued on page four)

DRIVE GETS OFF TO GOOD START

Red Cross Special Gifts Committee Report Generous Response

By CHESTER WALSH The annual Red Cross membership drive yesterday got off to good start toward raising the \$30,000 quota set for Pitt County.

Red Cross Army "Colonel" J. B. Kittrell was master of ceremonies at breakfast yesterday morning at Proctor Hotel for 50 solicitors of "special gifts." Campaign plans for raising the money were explained and the workers began circulating among the business and professional men of the city and by night reports indicated that the people better understand this year the great need for funds to carry on the Red Cross work.

Paul Nixon and James Balafas, owners of the Dixie Lunch Room, near Five Points, gave the restaurant gross receipts yesterday to the Red Cross. Women of the Service League acted as cashiers and hostesses. At 10 o'clock last night when Mrs. S. E. Evans, Mrs. James T. Little, John O. Fleming, "collier" of the Greenville regiment, and a newspaper reporter counted the money they found that the Red Cross had donated \$345.79 to the Red Cross. During the past four years the Dixie Lunch has donated a total of \$789 to the Red Cross. Joe S. Meyer, chairman of Pitt County Chapter of the Red Cross, extended appreciation to Paul Nixon and James Balafas.

Other Service League members serving as cashiers at the Dixie Lunch were: Mrs. Joe Dixon, Mrs. L. T. Showell, Mrs. Sam Underwood, Miss Bessie Brown, Mrs. Herbert Lloyd, Mrs. Will James, Mrs. Harding Sugg, Mrs. Dick Evans. (Continued on page four)

Give March Quota For War Bonds

Pitt county's quota of E. F. and G. war bonds to be bought during March is \$150,000. Pitt County War Finance Committee Chairman J. Herbert Waldrop announced.

North Carolina's March quota is \$9,000,000. The national quota for March is \$700,000,000. The Federal Reserve bank has not reported the February sales of these bonds.

Challenge Vinson's Recent Wage Ruling

Charlotte, N. C., March 7—(AP)—The southern staff of the Textile Workers Union of America (TWU) opened a two-day meeting here today with the chief challenger, Economic Stabilizer Vinson's right to rule on recent wage increases directed by the War Labor Board.

Moscow Dispatches, Ignoring German Announcement, Stress Russian Army Gains Toward Baltic Coast; Stettin Suburbs Under Heavy Fire

London, March 7—(AP)—The Second White Russian army today captured Starogard, 21 miles south of Danzig, Marshal Stalin announced tonight.

London, March 7—(AP)—German broadcasts today declared the Russians had opened the battle for Berlin, breaking into the northeastern defense of Keustrin on the Oder 39 miles from the Reich capital and announcing Zehden on the Oder east bank 31 miles from Berlin.

Berlin said the Oder front was aflame along a 70-mile stretch from south of Keustrin almost all the way north to Stettin.

Tanks of Marshal Gregory Zhukov's First White Russian army attacked Zehden, 23 miles northwest of Keustrin on the winding Oder, the German radio said, and possibly were trying to drive a wedge across to turn on Berlin or Stettin from the flank.

Attacking after a 20-hour artillery barrage, the Soviet army captured Zehden, northwest of Keustrin, another Nazi broadcaster said.

The German high command said Zhukov launched a major assault intended to overwhelm Keustrin and "establish further attacking bases" for a push on Berlin.

The Germans weeks ago said the Russians had crossed bridgeheads over the Oder 30 to 40 miles below and above besieged Keustrin.

Kuestrin was reported under attack from north and south. Moscow was silent concerning this front.

The new report of action on the Oder came as the western allies threatened Germany's Rhine river line.

Moscow dispatches made no mention of the Berlin-Oder front, but said Soviet troops were sweeping across Wollin, the first of the stepping stone islands in Stettin bay to the north, in a push aimed at cutting off Stettin from the sea.

They captured the city of Wollin, 23 miles north of Stettin, on the coastal route leading to the U-boats base of Swinemunde and beyond to Germany's Mecklenburg province. (Continued on page four)

Today On The Home Front

By JAMES MARLOW Washington, March 7—(AP)—Like a cop with a pretty badge but no gun or handcuffs, the War Manpower Commission can't enforce its wishes.

Maybe congress, bumbling around with a labor draft bill, finally will give WMC power under law. It has none now.

It must depend entirely upon cooperation of labor and management. WMC's feebleness is shown by the challenge of 90 CIO textile workers in New Bedford, Mass.

Don't draw conclusions from this. Don't expect everyone everywhere to balk, too. Here's what happened: WMC wanted workers for a tire cord plant. It wanted textile workers because they could do the job. It went to textile management in New Bedford and said in effect: "We're putting ceilings on you to pick down the number of your men. Pick out 90 you can let go. We'll interview them. If they don't have good reason for not going or refusing to go, we want them for the tire plant."

The 90 workers skipped the interview and went directly to the local WMC appeals board to protest. Their cases were heard and sent to the WMC national appeals board here. That board will examine the cases Thursday.

WMC Chairman McNutt will then receive the cases, plus the recommendation of the board. Both boards—here and in Massachusetts—are composed of labor and management representatives.

If some of the 90 have good reasons for not going to the tire plant, then the textile management is not to lay them off. The others will be laid off and asked to take jobs in the tire plant.

They don't have to take the jobs. They can refuse and stay idle. If they refuse, according to the cooperative program of WMC, no other employer is to hire them in that area.

Meanwhile the CIO asked for a federal court injunction against WMC. The request was refused by Judge Charles E. Wyzanski, Jr., who pointed out that:

WMC orders can not be enforced by fines or jail penalties but WMC orders are "addressed to the patriotism and good will of employers and employees."

So, no matter what happens in the New Bedford case, the problem comes down to this:

From the war's beginning WMC has had to depend upon cooperation by management and labor to carry out its wishes in solving manpower tangles.

Anyone at any time could have challenged WMC's authority and refused to comply. And anyone can still do it.

If an employer refuses, the War Production Board can shut off his lights and fuel.

If an employer refuses to comply (Continued on page four)

Day of Fellowship
Since Baptists in our southern organized for concerted action a hundred years ago, concern for the people of our own land as well as evangelization of those of other nations, has found expression in behalf of minority groups from the Atlantic to the Pacific. Again this year prayers and gifts of thousands of Baptists will speed the work of home missions as the members of missionary societies meet to share in this vital, urgent work. Remembering the beautiful, dedicated life of Miss Annie Armstrong and the great cause she served, all will want to prayerfully set aside an offering which represents a personal sacrifice. Such a gift might well be indicative of our gratitude to God for His goodness to us, and also our realization that we have no right to claim security for ourselves unless we are willing to help provide it for others.

In order to have a part in observing this season of study and prayer for home missions the women of the Immanuel Baptist church are invited to spend a day of fellowship at the church on Thursday, March 8. The morning session will open promptly at 11 o'clock under the direction of Mrs. W. A. Browne, chairman of missions. A stimulating program of information and discussion in which all may participate has been planned. Mrs. L. A. Stroud will bring a message and there will also be special music. Luncheon will be served at 12:30. A cordial invitation is extended to the members of the Business Women's Circle to join the group at that hour. Immediately following luncheon Mrs. Agnes Settle, state secretary of the Woman's Missionary Society of the Christian church, will be the guest speaker. Such a program will provide a day rich in information, a new awareness of Christian opportunity and fellowship. A gracious welcome awaits every member of the society and their friends.

Large Audience Enjoys Recital
A large audience enjoyed the concert Monday evening of William Kapell in Wright auditorium. The recital was one of great interest since Mr. Kapell is on his first concert tour. As has been mentioned before, Mr. Kapell is the 22-year-old man from Manhattan who made his astounding leap to fame almost overnight.

Mr. Kapell seems to possess as fine a technical and musical equipment as any newcomer (or oldcomer, for that matter) on the concert stage. The program began with two Bach chorales, the first and perhaps the best known being "Jesu, Joy of Man's Desiring." This was played with a clear conception of its beauty of tone and construction. The second, "Rejoice, Beloved Christians," was taken at a tempo that easily established Mr. Kapell's technical abilities. In the Bach "Partita" a careful study of rhythm and contrast was shown.

In the Brahms and Chopin group Mr. Kapell reached some of his greatest moments of piano playing in the evening's performance. The modern group of numbers, consisting of selections from Shostakovich, Debussy, and Nin, were played in good style. The program was brought to a close by a fiery rendition of the "Mephisto Waltz" by Liszt. As encores, Mr. Kapell played a "Danse of Spain" by Turbini, "Romance" by Schumann, and "Gopak" by Moussorgsky.

Mr. Kapell may easily be ranked as a mature artist and one of the most interesting personalities among pianists today.

Methodist Workers' Council.
All officers and teachers of Jarvis Memorial Methodist Church school, and officers of the young people's and adult classes, have been called for a workers' council meeting tonight at 8 o'clock in the Ellington Bible Class room. J. H. Rose and Rev. Robert W. Bradshaw will present several items of immediate concern to the workers in the school and a full attendance is expected.

Community Concert.
The church choirs of Greenville are uniting to bring the community an Easteride concert Palm Sunday evening at Jarvis Memorial Methodist Church. The program will consist of traditional and modern Easter anthems with solos and other special numbers. Anyone wishing to sing in the chorus will be welcomed. The first rehearsal will be Friday night at 8 o'clock at the Methodist Church. Charles Fisher of the college music faculty will direct.

Argentina May Be Invited To Return

Mexico City, March 7.—(AP)—The inter-American conference today was expected to pass on a statement telling Argentina the American republics would like her back in the family but noting they are prepared to stop any aggression in the hemisphere.

A draft of the declaration, agreed upon tentatively yesterday by conference leaders, says the American republics would like Argentina to take necessary steps to return to the fold.

However, it pointedly declared, the Americas consider it "essential" to state they are united on a common policy of stopping any actual or potential aggression in the hemisphere.

Authoritative sources declined to predict whether the statement would be adopted by the Steering committee in its present form. There was a likelihood that Argentina's neighbors—Chile, Bolivia, Paraguay and Uruguay—might find it difficult to take too strong a stand.

Marines Win Over Phantoms

By DAVE CLARK

After being ahead 23-19 at the end of the first half, the GHS Phantoms fell behind in the last quarter of the game played last night and lost to the Greenville Marines by the score of 48-40.

The Marines once again followed their old habit of taking the lead early in the contest and then falling behind as the game comes to a close.

The Phantoms were definitely the "houses" in the first half. They got off to a slow start, but soon came roaring back to overtake the Leathernecks before the first quarter ended.

The last half, however, was a different story. The Marines began to rally, and, sparked by Adams, who scored 18 points during that time, came flying back to overcome the wildly playing Greenvilles.

Jimmy Futrell was once again the life of the Phantom attack. He chalked up 17 markers to take high scoring honors for the High School. Joe Lupton tossed in 10 points to take the second spot.

Make Heavy Raid On Nazi Plants

By HENRY H. JAMESON

London, March 7.—(AP)—More than 900 U. S. heavy bombers struck in a seven-pronged attack today at oil plants in the Dortmund area, a large railway viaduct at Bielefeld,

and railroad yards at Soest and Siegen after steady RAF night assaults on German troops massed at Westel on the Rhine.

The Eighth air force bombers were covered by 250 fighters in this 23rd straight day of aerial blows closely coordinated with the ground attack.

Oil targets included three benzol plants and a large refinery on Dortmund's outskirts. Bielefeld, Soest, and Siegen all are on main rail and highway routes from Central and Eastern Germany to the Western front.

Smashing of the Bielefeld viaduct would stop the main flow of traffic from the big inland bases of Brunswick and Hannover to the Ruhr battlefield.

The U. S. Maritime Service training station at Sheepshead Bay, Brooklyn, had 60,000 graduates in two years.

Elks To Nominate Officers Tomorrow

Greenville Elks Lodge No. 1645 will meet at the Elks' Home Thursday night at 8 o'clock to nominate officers for the coming year. New officers will be elected at a meeting to be held on March 22. W. J. (Dick) Bundy is elected, re-elected. The lodge was organized four years ago. Curtis Perkins served as exalted ruler until last year, when Bundy was elected. The lodge membership is more than 100. The personnel is representative of the business, agricultural and professional life of Pitt county. Francis Bowen is secretary. The lodge will provide a free supper for the members tomorrow night at 7 o'clock.

Virginians Approve New Voting Plan

Richmond, Va., March 7—(AP)—Virginians in the armed services will be given the right to vote without personal registration and payment of the poll tax under a plan approved by the voters in a state-wide referendum yesterday. The vote was on the question of holding a constitutional convention, limited to the single task of removing these requirements for the service personnel. Unofficial returns from 1,213 of the State's 1,714 precincts showed 45,797 votes for the convention to 26,391 against.

Register Gains On Italian Front

Rome, March 7—(AP)—American mountain troops have gained five miles in the rugged Apennines southwest of Bologna in the strongest advance on the Fifth army front in weeks. Allied headquarters announced today. The action was officially described as "a most successful limited offensive attack." Striking northeastward west of the Pistoia highway three days ago, the Americans have captured a number of dominating peaks and the town of Castel D'Alano, 20 miles from Bologna. More than 1,200 prisoners have been taken. The attack began at 7 a. m. March 3 under a 20-minute artillery barrage and with air assistance. Headquarters permitted disclosure of the assault only this morning.

Important Meeting To Be Held Here

An important meeting will be held at the city hall tomorrow night under the auspices of the local Advisory Committee for the Office of Defense Transportation. Walter L. Harrington, chairman, will preside. Henry C. Ledford, vocational director of veterans, will explain how employees can be trained under their program in the automotive and other fields. W. H. Dunn, assistant state service officer of the N. C. Department of Labor, will discuss his vocational activities for veterans. R. S. Atkins, representative of the Office of Defense Transportation, will speak on automotive maintenance problems. He will be in the Merchants' Association office from 5 o'clock on to discuss automotive problems privately.

House Insists On Ending Lend-Lease

Washington, March 7—(AP)—The House Foreign Affairs committee today expressed in blunt terms its insistence that lend-lease end when the war is won. Apparently moving to offset Republican-expressed fears that the program might become a vehicle of postwar reconstruction in Europe, the committee said in a report: "When the war has been won, lend-lease should end and be liquidated as promptly and efficiently as possible." The statement was attached to committee-approved legislation extending lend-lease one year beyond its present June 30 expiration date and validating contracts made under the act until June 30, 1949.

Structural sections as long as 480 feet were towed to the coast of France to provide harbors for the invasion.

Adam Thompson installed the first bathtub in the U.S.A. It was 7 feet long, weighed 1,750 pounds. It was built of mahogany and lined with sheet metal.

Pal Pioneered, Perfected and Patented the Hollow Ground blade—a different, modern blade. Shaves with just a "Feather Touch" because Pal is flexible in the razor—follows facial contours. No need to "bear down". Blades last longer, too. Try them.

Put yourself in his shoes

Suppose there weren't enough money to bring your child into the world? In a tearful, dejected letter, Pvt. R.'s wife told him she was going to have a baby. There wasn't enough money to pay for medical care and hospitalization. Helpless, Pvt. R. appealed to the Red Cross. In a few days he received word that they had assisted his wife in applying for emergency maternity and infant care.

Suppose you were wounded, disabled, jobless and discouraged? A Marine Private, he was wounded in the South Pacific and discharged for disability. He went home discouraged at the prospect of making his living again. Unable to take up his former trade, in desperation he appealed to the Red Cross. They put him in touch with the proper agencies doing well, now.

Suppose your mother were ill and without funds? Seaman T. M. received word his mother was desperately ill and without money. He remembered advice he'd heard and went to his Red Cross Field Director who requested the boy's local chapter to arrange for care. They did. Now, anxiety lifted, Seaman T. M. is a better fighting man. Another example of your Red Cross in action.

Suppose your son were taken prisoner of war? Imagine the anxiety of the parents of Pvt. E. D., who had had no word from him in months. The Red Cross sent a welfare inquiry. And then the International Red Cross reported that he was healthy and well, and was receiving regularly the American Red Cross packages that helped keep up his spirits. Your money goes to packages to him.

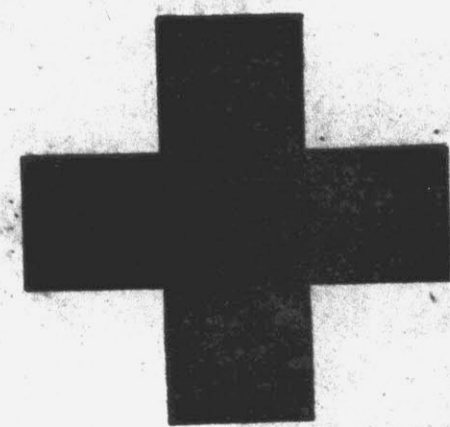

Suppose you were dying for want of blood plasma? The shrapnel and fragments from a shell burst riddled Sgt. R. J. M.'s left arm. He was losing blood fast. A medical corpsman administered first aid and Red Cross blood plasma. Then they carried him to the field station and gave him 8 more pints of plasma. Without it, he would have died.

Suppose you couldn't bring yourself to tell your family you'd lost your leg? He hadn't told them he'd lost his leg...Dad and Mom would take it too hard. But they were coming to see him in the hospital. He appealed to a Red Cross worker to break the news for him. It was a tough job, but she did... and soon Mom was holding his hand while Dad was telling some funny things that had happened back home—and Sgt. J. T. was smiling happily.

The Red Cross can't do this work without your help!

The actual cases outlined above illustrate just a few of the thousands of ways in which the Red Cross helps our fighting men—at home and overseas. But without *your* help there would be no Red Cross to do this humanitarian work. For the Red Cross is wholly dependent on the money that you and other sympathetic Americans contribute. And after three years of war, the work of your Red Cross is greater than ever.

Think of the pain and suffering you can alleviate by your contribution—and how proud you can be of your part in this heart-warming work. *Won't you give all you can?*

Grain Market

Chicago, March 7—(AP)—Weakened by several days of extensive short covering, grain markets broke sharply today under profit casting but recovered some of the losses shortly before the close. The deferred wheat futures, bearing the brunt of the selling, were off more than two cents at times. At the finish wheat was unchanged to 1/2 lower than yesterday's close, May \$1.70 1/2. Corn was 1/4 to 3/8 higher, May \$1.15 1/2. Oats were up 1/4, May 67 1/2. Rye was 1/4 higher to 1/2 lower, May \$1.16 1/2. Barley was off 1/4 to 1, May \$1.13.

New York Cotton

New York, March 7—(AP)—Cotton futures opened 5 cents a bale lower to 5 higher. Noon prices were 15 cents a bale higher to 25 lower. March 22.23, May 22.18, and July 21.90. Futures closed 10 cents a bale higher to 45 lower. Last Prv. Cl. March 22.21 22.22 22.20 May 22.20 22.17 22.19 July 21.90 21.88 21.90 Oct. 21.37 21.27 21.36 Dec. 21.26 21.19 21.27 March (1946) 21.09 21.07 21.16 Middling spot 22.52, off 2.

N. Y. Stock Market

New York, March 7—(AP)—Stocks tried for new gains today but on increased selling in the late proceedings most leaders retreated to levels under the previous closings.

Losses in the key divisions near the finish ranged from fractions to around a point. Volume was approximately 1,500,000 shares.
