Yanks Drive Into Okinawa Capital

Closing Pincers On Jap Anchor Fortresses Of Shuri; Nimitz Reports 20,950 U. S. Casualties Compared With 46,505 Japanese Killed In The Okinawa Campaign

By LEIF ERICKSON Guam, May 17—(AP)—A total of 46,505 Japanese have been killed on Okinawa by Lt. Gen. Simon Bolivar Buckner, Jr.'s Tenth Army which today pierced the heart of Naha and was fighting on the blood-soaked approaches to Shuri and Yonabaru.

American casualties through Monday were 20,950. Killed—2,771 soldiers; 1,010 Marines—total 3,781. Wounded—11,675 soldiers; 5,329 Marines—total 17,004. Missing—129 soldiers; 36 Marines—total 165. The Yanks captured 1,038 Nipponese.

For the 45 days of savage battling U. S. forces have lost an average of 84 men killed daily while Japanese have lost an average of 1,011 daily—a ratio of one American to 12 Japanese.

An estimated 36,000 Japanese remain on the island. Patrols of Maj. Gen. Lemuel C. Shepherd, Jr.'s Sixth Marine Division crossed the muddy Asato Estuary and entered the main part of Naha, rubble-strewn Okinawa capital on the west coast.

Across the island, a 96th Infantry Division tank platoon led by 1st Lt. Elton F. Andrews, Wilmington, N. C., rolled around the left nose of recently captured Onoda Hill and drove 800 yards south to within a couple hundred yards of Yonabaru, eastern anchor of the enemy defense line.

Meanwhile, elements of three divisions—the 77th and 96th Army and the First Marine—approached Shuri, a heavily-walled fortress. After a heavy morning of fighting, the 32nd Regiment of the 96th Division gained the top of a nearby hill and worked down the southwest slope slowly to within a few hundred yards of Shuri's moated north-east corner.

Tanks of Maj. Gen. Pedro A. Del Valle's First Marine Division entered Wana Village, 500 yards west of Shuri's northern end. Meanwhile, Shuri, regarded as the key to the whole Okinawa campaign was given a terrific plastering by Army and Marine artillery and naval gunfire.

Once Shuri's inner ring defenses are penetrated, said a Tenth Army spokesman, the end of the Okinawa (Continued on page four)

Daily Attacks

Washington, May 17—(AP)—The War Department put Japan on notice today that hereafter the enemy can expect almost daily attacks by United States strategic bombers.

Undersecretary of War Patterson told a news conference that "I guess it's safe to predict that from now on there will be almost daily strikes against Japanese industry."

He made this observation in discussing the two recent fire attacks on Nagoya by fleets of more than 500 B-29s.

The undersecretary was asked about a report that the Office of Strategic Services had received peace overtures from Japan. He replied that he hadn't heard of it and added:

"My only comment would be that I don't believe it, but they might surprise me."

The WAR TODAY AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE (AP Foreign News Analyst)

The clutch of the Allied machine for cleaning up Germany seems to have meshed suddenly, after considerable unpleasant rasping, and we are beginning to get high-power action—a fact which will ease ragged nerves considerably.

There were several important developments yesterday, emanating from such widely separated centers as Washington, London and Allied supreme headquarters in Germany. For one thing we got clarification—in broad terms—of the government under which Germany will work during occupation.

In the crisp language of Major General Clay, Gen. Eisenhower's deputy for the occupation, "The Allied government in Germany is going to be military and the Germans are going to know it's military." That is to say, there's going to be no nonsense—no coddling of the people who twice in a generation have plunged the world into war.

In London British Prime Minister Churchill gave an important in-

JAPS WAGING BITTER FIGHT

Americans Advance On Mindanao; P-T Boats Raid Naval Base On Davao Gulf

By DEAN SCHEDLER Manila, May 17—(AP)—American 31st Division Doughboys drove five miles along Sayre Highway in mountainous North Central Mindanao while another veteran outfit, the 24th Division, was still locked in close combat today with fanatical Japanese trapped near Davao City.

The push north of captured Marang put the 31st within eight miles of the Valencia air fields and 85 miles from the 40th Infantry Division. The latter is driving south from Del Monte along gravelled Sayre Highway. Between these two forces the bulk of an estimated 50,000 enemy troops on this second largest Philippine island was preparing for a last-ditch stand in wild hill country of Bukidnon Province.

Veterans of the 40th Division, who landed a week ago at Macajalar bay on the north coast, were battling powerful forces south of Del Monte, Gen. Douglas MacArthur announced in today's communique. They advanced slightly against strong resistance.

Northwest of Davao, the 24th slowly dug enemy troops out of entrenched positions between the Talomo and Davao rivers. Deep grass permitted the Japanese to steal through Yank lines and guns often were abandoned for knives, bayonets and fists in fierce fighting.

A Marine dive bomber silenced one of several troublesome Japanese naval guns across Davao Straits and speedy P-T boats, in a daring daylight crossing of Dava Gulf, destroyed six 70-foot torpedo boats and one large, fired four fuel and ammunition dumps and knocked out a pillbox at Pisco Point, Japanese secret naval base.

On Luzon, guerrilla forces harassed Japanese garrisons at Tuguecarao and along highway four in Southern Cagayan Valley, but the Doughboys down the road from Balete Pass was halted by heavy (Continued on Page Five)

Lt. Carl Langley Coming Back Home

Lieut. Carl W. Langley, pilot in the 15th Army Airforce, who was reported missing in action last March 2, is alive and expects to be on his way home soon, a letter today from him to his wife, Mrs. Eoline Sawyer Langley, 1009 West Fourth Street, stated. The letter was written on April 30 from Germany.

Langley was knocked unconscious through a collision during his fifth mission over Germany, his letter stated. He regained consciousness after falling 15,000 feet, opened his parachute and landed in Germany. He spent three weeks in a German hospital. He was a prisoner of war until liberated recently by an American army. He has been in the armed service two years and went overseas last January. He was stationed in Italy.

Early in March Lieut. Langley was reported by the War Department to be missing in action. His family had heard nothing from him since, but they clung to the belief that he would eventually turn up safely. He is a son of Mr. and Mrs. Carl A. Langley of near Greenville. His wife and daughter, Linda Sue, live with her parents, Mr. and Mrs. H. J. Sawyer in Greenville.

CASUALTIES NEAR MILLION

Totals Based on April Figures Show 986,214

Washington, May 17—(AP)—American combat casualties since Pearl Harbor have climbed to within 14,000 of the million mark, the Army and Navy reported today. Undersecretary of War Patterson placed the Army's losses at 878,939 on the basis of reports through May 7 and covering fighting to about the middle of April. The Navy added 107,275 to make the aggregate, 986,214, an increase of 13,560 over last year's report.

Patterson also reported that up to May 9, Army casualties in the Philippine campaign totaled 46,638, including 10,342 killed, 35,699 wounded and 507 missing. The Japanese, he said, have lost 237,256 in dead or prisoners during the campaign.

Since the Guadalcanal and the Papuan campaigns, Patterson said, records indicate that the number of Japanese actually counted killed by army forces exclusive of those on Okinawa amounts to more than 360,000.

Civilian Tobacco Not To Be Rationed

Washington, May 17—(AP)—OPA said today it has no intention of putting the civilian tobacco supply under rationing.

Responding to an inquiry based on yesterday's announcement that cigarettes, cigars and smoking tobacco will be rationed at Army and Navy post outlets starting June 3, an OPA spokesman said the agency's decision against civilian rationing, made several months ago, still stands. The reason given then was that it would not be workable.

The Army and Navy post rationing action was taken by the armed services.

King Speaks To Parliament Today

London, May 17—(AP)—King George VI told Parliament today that the "grand alliance of the United Nations which has brought us victory can and must continue to ensure that the peace of the world is not again outraged and destroyed."

"The purpose for which the United Nations have been linked in war do not end in victory," he said. "Mankind looks forward to a time when all nations under God's good providence, will be able to work together in mutual confidence for these exalted aims."

Wearing a naval uniform, the king appeared before a joint session of the House of Commons and the House of Lords to express thanks for the tribute paid the throne and himself in recent sessions and to compliment his people for their fortitude and courage during the war in Europe.

Prime Minister Churchill, in formal morning dress with a white handkerchief fluttering from a breast pocket and carrying a shining silk topper, attended the session. With him was Foreign Secretary Anthony Eden, who received a rousing cheer on his first appearance before Parliament since his return from the San Francisco conference.

Conference To Finish League Charter Soon

President Truman Pleased With Progress To Date; Many Major Matters Yet To Be Settled

Washington, May 17—(AP)—The White House reported today that President Truman is gratified by "the very satisfactory progress" being made at San Francisco toward setting up an international peace organization.

Press Secretary Charles G. Ross told reporters that the conference is ahead of schedule. He said the President had talked with Secretary Stettinius by telephone and concluded that everything was going nicely.

By JOHN M. HIGHSEWER Associated Press Diplomatic News Editor San Francisco, May 17—(AP)—Completion of a new peace-league charter now appears probable in about three weeks, but in the background of the United Nations conference critical Big-Power problems are piling up for the months ahead.

The heat is being turned on to get the job here finished. Conference committees, raking over proposed changes in the basic Dumbarton Oaks security plan, are eliminating many amendments.

Their work to date strongly indicates that the plan for an all-powerful 11-member security council and a general assembly limited to debating peace problems and advising on their solution will go through.

This was borne out late last night by the action of the conference committee studying assembly duties in

Inside Germany

By DANIEL DE LUCE With American Occupation Forces on the Rhine, May 17—(AP)—The American military government is a brain trust in Khaki.

It is eight months old and filled with good intentions. It is helping the defeated German people to help themselves toward democracy and partial reconstruction.

I have just finished a visit to the administrative centers in one American zone, eight times larger than that controlled by American forces in the Rhineland in 1919. Of its pre-war population of 11,000,000, about 7,000,000 Germans remain. More are returning daily.

The American army already is coping with problems of material rehabilitation. If its handling of political issues appears fumbling, it would seem to be the result of a lack of clear directives and precise coordination among the victorious governments on the highest official plane.

Joint deliberations by the four-power commissioners in Berlin may smooth out inconsistencies in the handling of political Germany but there is no apparent basis as yet for unguarded optimism on this score.

Months ago Gen. Eisenhower struck the keynote of Anglo-American behavior toward Germans when he announced that "we come as conquerors but not as oppressors."

On the practical side, these have become fundamental policies: Protection of the health of the Allied forces by prevention of disease among the enemy population. Safeguarding orderly Allied administration by all necessary measures to assure a subsistence level of food and housing for the Germans.

Battle Of Atlantic Cost Nazis Over 500 U-Boats

Escort System Lessened Effect Of Undersea Raiders; Japan-Bound Sub Carrying Nazi Generals Surrendered Sunday

By POPE HALEY Washington, May 17—(AP)—The battle of the Atlantic cost Nazi Germany more than 500 U-boats sunk. And, the dread undersea raiders which sent hundreds of Allied vessels to the bottom in the dark days of 1942 and early 1943 were able—once the escort system was perfected—to bag only 15 ships out of 16,760 sailing in convoy.

The dramatic story of the long and successful anti-submarine campaign was told to reporters yesterday by Admiral Jonas H. Ingram, commander in chief of the Atlantic fleet. It included disclosures that:

Only last Sunday a 1,000-ton, Japan-bound U-boat carrying three Luftwaffe generals and German aviation plans surrendered 500 miles east of Newfoundland. Two Japanese aboard committed hari-kiri shortly before the surrender to a destroyer-escort. (The captive sub is expected to reach the Portsmouth, N. H., navy yard Saturday.)

Two Japanese submarines were operating in the Atlantic last summer. One was damaged, the other destroyed south of Iceland. Last June a task group of French West Africa captured the German submarine U-505 to mark the navy's first taking of an enemy warship on the high seas in 132 years.

Ingram doesn't "take back a word" of his warning last winter of the possibility then of Nazi robot bomb attacks on the east coast. The navy was ready and frustrated the German plans, he said.

The admiral told his news conference that Atlantic fleet "definitely" sank 126 U-boats, "most of them far from shore." Counting those sunk by Britain, Canada and other allies, the toll was "in excess of 500."

Ingram estimated that the U-boat fleet in December, 1941, totaled 153 ships, and grew by January, 1943, to 400. Its peak strength of 450 was reached in March, 1945.

By the end of 1943, he said, anti-submarine measures had reduced the U-boats from a "menace" to a "nuisance." Thereafter, the Germans spurred by their high losses, perfected a new type craft which could remain submerged for weeks.

In a "last fanatical attempt to panic us before the collapse," he said, U-boats managed to torpedo five merchantmen off the east coast in the last three weeks of war, but (Continued on Page Six)

New Dimes Will Honor Roosevelt

Washington, May 17—(AP)—Franklin D. Roosevelt's likeness is going on a new 10-cent piece. Treasury Secretary Morgenthau announced today that the new dimes—which will eventually replace all dimes now in circulation—will be minted "just as promptly as we can" and that they will be ready for distribution about the end of this year.

Morgenthau, at a news conference, also announced that President Roosevelt's picture and a suitable quotation will be placed on a war bond to be issued later this year for the 8th war loan.

"We have had literally thousands of requests to honor Mr. Roosevelt in some way during the 7th war loan drive now going on," the secretary said. "We were so far along with this drive that we couldn't do justice to it. It will be done in the next drive."

He said the denomination of the bond has not been decided but that it might be a new denomination, \$250.

Secretary Morgenthau also exhibited a painting which he said is under consideration as a poster for the 8th war loan. The painting by C. C. Beall shows a family group gazing at President Roosevelt's portrait.

Defer Action On Johnson Act

Washington, May 17—(AP)—The Senate Finance Committee temporarily deferred action today on legislation to repeal the Johnson Act. This is an 11-year-old law forbidding private loans to foreign governments in default on obligations to the United States.

Committee members, apparently generally favorable to repeal, declined to call State Department and Securities and Exchange Commission witnesses next Tuesday. It was reported they want assurance that the SEC has full power to prevent foreign countries from flooding this country with securities of doubtful value.

Thomas Lynch, assistant general counsel of the Treasury Department, testified today in favor of repealing the act, as recommended by President Truman.

CHINESE LOSE AT FOCHOW

Forced To Withdraw After Five-Day Battle

By SPENCER MOOSA Chungking, May 17—(AP)—The Chinese command said tonight that its troops were forced to withdraw from the East China port of Fochow Tuesday night when the Japanese threw large numbers of reinforcements into the five-day battle.

Fochow, an old treaty port, is on a section of the China coast on which American Expeditionary forces may land some day. The Chinese said they fought into the city last Friday and inflicted 400 casualties.

Chinese combat command headquarters said today an American observer had found "increasing evidence that enemy morale has suffered heavily from unexpected reverses" in Hunan province.

The American report praised the morale and fighting spirit of the Chinese who turned back the Japanese. (Continued on Page Four)

Alabama Votes To Retain Poll Tax

Montgomery, Ala., May 17—(AP)—Controversial anti-poll tax legislation came to a sudden end in the Alabama legislature yesterday.

The house defeated, 70 to 27, a bill to abolish the cumulative feature of the levy, which requires a citizen to pay up all back taxes before he can vote.

Alabama is one of the seven states which still retain the poll tax. Georgia abolished it early this year.

Today On The Home Front

By JAMES MARLOW

San Francisco, May 17—(AP)—The State Department took newsmen on a fast tour—through the sacred precincts of the 4th floor in the building where the United Nations conference is held.

All the conference documents are turned out on that floor. It must be the busiest place in San Francisco.

A staff of 400 men and women work around the clock. Every document comes out in at least two languages, English and French, the working languages of the conference.

But much also is produced in Chinese, Russian and Spanish which—along with English and French—are the conference's official languages.

There are 130 translators there. A Chinese staff—because no Chinese typewriter is available—print the Chinese characters on stencils.

Armada Of More Than 500 B-29's Blasts Jap Industrial Area For Second Time In Three Days; Returning Fliers Report War Plants In Flames

By JAMES LINDSLEY Guam, May 17—(AP)—A great fleet of more than 500 Superfortresses kindled huge new conflagrations today in Nagoya, war vital Japanese aircraft and arsenal center still in flames from Monday's incendiary raid.

The B29's struck shortly after midnight, dropping more than a million fire bombs from medium altitude by the light of flares and fires started in Monday's 500 plane strike.

Japanese broadcasts reported that 12 hours later 40 fighters from Iwo Jima strafed the Fujisawa district on the southern outskirts of metropolitan Tokyo.

Today's B-29's dropped more than 3,500 tons of fire bombs on a 16-square-mile target area centered on the section adjoining Nagoya's inner harbor and estuary docks.

Heavy fires were left roaring along the waterfront, reported Lt. George Walker, Superfort navigator from Boston, Mass.

"I don't believe there's much left of the city," third leader in Japan, added Sgt. Ray Karpowicz, radio-man from Madison, Ill., who has been on 14 Nagoya raids.

Returning crewmen reported anti-aircraft fire was meager and the few interceptor planes were not anxious to fight. There was no report of any B-29's lost.

A Japanese imperial communique claimed nine B-29's were shot down, almost identical with its story after Monday's raid in which two Superfortresses were destroyed. The enemy communique said the Aitaka shipyard was bombed, but made no mention of industrial damage.

"We were over the target early, but even then large fires were burning in the southern part of the city," reported Lt. W. C. Lochner, Milwaukee, Wis., instrument specialist. "We started a few dandy blazes ourselves. By the time we left Nagoya, smoke was billowing thousands of feet into the air."

The target area included the Mitsubishi aircraft assembly plant which has been called the world's largest.

Also attacked today were small home factories and shops operated by many of Nagoya's 1,500,000 residents.

Other major plants in the target area included steam and electric car, munitions and ordnance plants; a vehicle company, second largest in the empire; Sumitomo Aluminum Company's works; Hokuks Machinery Company's Aisai plant; Yataichi Steel, Okamoto Aircraft Company's Showa and Casadora plants; Osaka Machinery Works, Tokusui Light Metals Company's Aitaka plant and Nagoya Steam Power plant.

Cigarettes

New York, May 17—(AP)—An easing of the cigarette shortage within two or three months is predicted by manufacturers.

The National Association of Tobacco Distributors summed up: "The situation will ease during the rest of 1945, but deliveries still will have to stand in line."

These people are part of the conference secretariat. They work for the conference, not for the State Department and their expenses are paid by the United Nations.

Between 1,000,000 and 1,500,000 pages of material stream out of that 4th floor daily; some typed, some mimeographed, some photographed, some printed or some photolithographed.

There is a nurse in attendance 24 hours a day because the pace is fast and already there have been a few minor breakdowns among the women workers.

A gang of college professors—specialists in political science—are tucked away in cubicles in the back. They act as secretaries to the conference. (Continued on Page Four)

End of the Century Club.
On Tuesday afternoon, May 15, Mrs. R. C. Stokes, Jr., was gracious hostess to the End of the Century Club at her home on Elizabeth street. Mrs. Ficklen, Arthur presided and after a short business session Mrs. Stokes turned the meeting over to Mrs. A. D. Frank, who introduced the guest artists, Miss Camille Jernigan, Miss Sallie Margaret Johnston, and Mr. Alexander Akakas, who rendered the following delightful musical program, arranged by Dr. Gilbert of East Carolina Teachers College:

Piano solos by Miss Jernigan: Scherzo, by Griffes; Ritual Fire Dance, by De Falla.
Voice solos by Miss Johnston: Spirit Flower, by Campbell; The Song of Songs, by Moys; At Parting, by Rogers.
Violin solos by Mr. Akakas: Adagio Pathetique, by Godard; Nocture, by Boulanger; Adoration, by Barowski; Fair Rosmarin, by Fritz Kreisler.

After this most enjoyable program the members and guests were invited into the dining room where dainty refreshments were served by Mrs. R. C. Stokes III, and Mrs. Dall Laughinghouse. Blue hydrangeas and red roses, given by the hostess, added much to the pleasure of the afternoon.

Guests were: Mrs. Kenneth Brim, Mrs. J. J. Perkins, Mrs. H. C. Edwards, Mrs. Lyman Ormond, Mrs. Reid Perkins, Mrs. R. C. Stokes III, Mrs. Dall Laughinghouse, Mrs. James Moye, Mrs. Aubrey Shackell, Miss Mary Harding, and from the college, Miss Camille Jernigan, Miss Sallie Margaret Johnston, and Mr. Alexander Akakas.—Reported.

Receives Degree.
Mr. Leo Edwards, son of Mr. and Mrs. E. L. Edwards of Greenville, will graduate at the 46th annual commencement of Piedmont College, Demorest, Ga., on May 27. During the past year Mr. Edwards was captain of the boys' basketball team.

To Speak in Extension.
W. J. Bundy, past president of the Greenville Kiwanis Club, will be guest speaker at the "Ladies' Night" supper meeting of the Edenton Rotary Club Friday night.

Sans Souci Book Club.
On Tuesday afternoon Mrs. Frank Wilson was hostess to the Sans Souci Book Club.
In the absence of the president, Mrs. W. I. Wooten acted as president. After roll call and the transaction of business, the books were passed by the librarian, Mrs. F. J. Forbes.

Mrs. Wooten then presented Mrs. Wyatt Brown, who gave a most interesting paper on the life of Dr. Wilfred Greenfield of Labrador. She told much of his work in Labrador and northern Newfoundland. He was founder and superintendent of the Grenfell Association and was a beloved physician. He brought hope, kindness and sympathy to cheer the people with whom he lived. He was a man of courage and determination. His humor was a delight to those who were with him and brought color and refreshment into everyday life. So with the years in Labrador he found great joy in living and the fun of accomplishment brought conquest with it. He may well be called the missionary of the world. Sir Wilfred died on October 9, 1940, but his inspiration lives on.

After this most informative paper the hostess served a tempting ice course with salted nuts and mints.—Reported.

Mrs. Fisher Here Tomorrow.
The public is cordially invited to hear Mrs. Louise Fisher on Friday afternoon at 3 o'clock in the New Classroom building at ECTC.
Mrs. Fisher will speak on "Gardens and Flowers of Colonial Williamsburg."

Dale-Moore.
The wedding of Miss Evelyn Willa Moore, daughter of Mr. and Mrs. Sam G. Moore of Lake City, South Carolina, and Lieutenant Harold Boyce Dale, Army Air Corps, son of Mr. and Mrs. Lester C. Dale of Gastonia, North Carolina, took place Saturday evening, April 14, at eight o'clock, in the Post Chapel at Camp Pickett, Va. The ceremony was performed by Capt. Charles Wideman, U. S. Army chaplain.

A program of wedding music was rendered by Lt. Dorothy Cogley, Army Nurse Corps, Corporal Casimir Hoffman sang "I Love You Truly" and "Through the Years." The bride was given in marriage by Colonel Leonard W. Hasset. She wore a dress of white marquisette with fingertip veil and carried a prayerbook centered with a gardenia.

Miss Wista Godwin of Portsmouth, Va., cousin of the bride, and only attendant, wore a dress of blue marquisette and carried a nosegay of spring flowers.
Lieut. James T. Ankeny was best man. Ushers were Lieut. Webster C. Dove and Lieut. Albert W. Crockett.

After the ceremony a reception was held at the Officers Club.
Lieut. and Mrs. Dale are residing at 207 High street, Blackstone, Va.

Cllo Club.
The Cllo Club held its last meeting of the season on Tuesday, May 15, at the home of Mrs. E. G. Wilkerson. Upon arrival of the guests, the hostess served drinks and sandwiches.

Mrs. Robert Lang presided over the business session, at which the program for the next year was planned. At the conclusion of the business meeting, Miss Jane Hadley gave an inspiring paper on our late President, Franklin D. Roosevelt. She sketched his ancestry, childhood, young manhood, marriage, his political career, and gave interesting incidents from each phase of his life. She discussed his affliction and how he fought always to overcome it. She told of the genuine sorrow of the whole world at his death, and of the expressions of sympathy from each nation.

This paper, prepared by Miss Annie Shields VanDyke, gave us a better understanding and deeper appreciation of our late President.
At the conclusion of the program we adjourned to meet again in the fall.—Reported.

The Round Table Meets.
The Round Table held the last meeting of the year Tuesday afternoon at the home of Mrs. H. H. Duncan, hostess. Judge Dink James gave an address on the life of Judge Walter Clark, famous North Carolina jurist and lawyer.

This Judge Clark was possessed of extraordinary talents became obvious when he was only 14 when he became a drill master. During the Civil War he was sent to Virginia as a drill master to train Confederate soldiers. On returning from the war, he studied law at the University of North Carolina.
During his public life he early championed liberal causes. First he took a leading part in woman suffrage, then the protection of children, and then espoused the cause of labor. Judge James interpolated his address with numerous incidents in the life of Judge Clark.

This meeting of the Round Table was the 35th anniversary of its organization. Mrs. Charles O'Hagan gave a brief history of the club from its inception in 1910. Cold drinks were served upon arrival and following the program a delicious ice course was served by the hostess. Mrs. Jake Higgs presided at the beautifully appointed refreshment table. Spring flowers added a colorful note to the decorations.—Reported.

the school with which to buy books. The money will be divided in seven parts in order to give each teacher a chance to buy the books she chooses for her room.

The Elks Club was thanked for the eight swings given for the playgrounds.

There was a lengthy discussion of the proposed highway to be placed within 95 feet of the rear of the school building. Everyone expressed regret that such a proposal had received any favorable consideration. The placing of this highway would ruin what a landscape architect has termed "possibly the most ideal school and community center in

North Carolina." The group unanimously decided to send pleadings and a petition to State Commissioner Hon. A. H. Graham, and to District Commissioner, Hon. John G. Clark, requesting that this proposed highway be re-located.

The recreation committee has secured equipment for Third Street playground, a slide given by the Kiwanis Club, and a castle tower, by the city recreation committee.

Mrs. Dunn was given a rising vote of thanks for her untiring work for the past two years.

After the business was over, a social hour was enjoyed by all.—Reported.

A SLIGHT CASE OF THEFT

Chapter 18
All color drained from Brenda's face as she clutched the arm of the sofa. Seconds passed while her mind somehow refused to take in the disastrous import of what Donohue had just said—that the police believed she had killed Tom.

"My God, officer. Have you lost your mind?" Christopher strode across the room and faced the officer. "You can't make a charge like that against Mrs. Blair—"

"Instantly, Donohue was on his feet, his face an angry red.

"You keep out of this, Mr. Humbert," he commanded grimly. "This is an official investigation on a charge of murder. If you interrupt me again, I'll be forced to ask you to leave. I have my work to do and I'm going to do it, regardless of where this investigation leads."

Donohue shot his next question at Brenda almost in the same breath. "What do you know about the money that was stolen from your department Monday, Mrs. Blair?"

The unexpectedness of the question made Brenda gasp—but she held her head a little higher, hoping she was not showing how frightened she really was.

Certainly everything connected with the robbery was thoroughly covered from every angle at the store. There is nothing I can add.

"I see. Well, you may be interested to know that the \$15,000 stolen from your department was returned to the store this afternoon by the police. It was found this morning."

"No one told me anything about this this afternoon," Christopher ejaculated. "Was all the money found?"

"Every cent of it. We had your cashier go over the package several times and she reported nothing was missing. The entire \$15,000 was recovered."

"Oh," Brenda breathed, "that is wonderful. I'm so glad." She stopped suddenly. Donohue was watching her closely. He shrugged his shoulders expressively as she spoke, as if to himself at least, he was calling her a liar. There was a look in his eyes that frightened her. He let another long silence settle heavily over the room as he pushed back his chair and walked slowly over to the girl on the sofa.

Members of the police department always said Donohue could break down a suspect on shorter notice than any other member of the force. They said the secret of the way he did it was to charge at a suspect with a wholly unpredictable surprise and do it fast. Now he stood close to Brenda and said in a dead level voice:

"You were in complete charge of the fur sale, Mrs. Blair. You ordered the cashier to take the money down to the main office in a box you knew had been tampered with and the biggest take in the department was stolen a few minutes later. Twenty-four hours after the fact your husband was murdered." He glared down at her.

"The stolen money was found in your bathroom this morning, Mrs. Blair. I found it myself wrapped in old newspapers, hidden in your laundry hamper, under a pile of dirty clothes. Your husband's fingerprints were on the package—and so were yours. Now do you say—"

There was a soft rustling in the room, a heavy, deep, sighing sound. Frantically, Christopher sprang toward the officer and shoved him back from the sofa, as he leaned down and caught up Brenda, who had collapsed in an unconscious heap in a corner of the sofa before he could reach her.

"I don't do things like this," Brenda murmured as she opened her eyes a few minutes later. Christopher was bending over her, a glass of water in his hand. "I just can't," her voice shook dangerously.

"Don't talk, Brenda," Christopher cautioned in a low voice, his eyes hard and bright with anger. "You've been through a third degree that was a honey. Take it easy for a few minutes. I've got a few things I want to say to Donohue."

He banged the glass down on a nearby table and swung around to face the lieutenant.

"You've just accused Mrs. Blair of murder!" he flared out at him. "That's a dangerous thing to do on the flimsy evidence I heard you say. You can't make a charge like that sit a kid and you state it so easily. I don't like your method, if it's information you're after."

"Oh, You don't like my method?" The lieutenant snapped back at him. "So what! I'm handling this case. You mind your own business."

"In my business the customer is always right," Christopher eyed him challengingly. "In your business I'd say the customer is always wrong. You're going on the supposition that everyone around here is guilty."

Install Officials Farmville July 2

By CHESTER WALSH
Mayor James W. Joyner and five members of the Farmville Board of Aldermen who were elected at the primary election held on May 1, will be sworn in at the city hall in Farmville at noon on Monday, July 2. The new administration will hold its first regular meeting that night at 8 o'clock.

Joyner has been serving as mayor pro tem since last year, when Mayor George W. Davis was elected to the lower house of the State Legislature. In the three-cornered campaign, Joyner won over C. H. Flanagan and Henry Johnson. There were 11 candidates for the five places on the Board of Aldermen. Only one of the incumbents was a candidate for reelection, J. M. Stansil, and he was re-elected. The other aldermen are Fred C. Moore, W. C. Wooten, W. A. Allen and Manley Liles.

The Farmville Board of Aldermen meets the first Tuesday in each month.

Strength FOR THE DAY

GOD OUR PARTNER

What does the Bible teach about
the fear of God?

The modern idea is that fear is a
weakness and that we should strive
always against it. Certainly there
are types of fears which constitute
weakness and nothing but weak-
ness. Worry and anxiety are of this
type. But there is a wholesome type
of fear which warns us against
dangers. A man who would plunge
without fear into a jungle infested
with prowling and creeping dan-
gers of every sort would be not a
hero but a fool. Fear is given us for
the purpose of protecting us against
real danger! It becomes evil only
when it leads us to over-anxiety
about little things or about situa-
tions over which we have no control.

The Bible commands us to fear
God. We are to fear Him not as we
would fear a despot but as we would
fear a perfect and loving heavenly
Father whose will we cannot trans-
gress with impunity.

Too few people fear God today,
and the very people who should
fear Him most are the ones who
fear Him least. We may well fear
God if our hearts are unrepentant
and if we persist in our evil ways.
This is what the Bible means when
it says that the fear of God is the
beginning of wisdom. This is whole-
some fear. The exhortation "Fear
not" which rings through the Bible
is directed toward those who worry
because they do not know that God
is their partner in every right en-
terprise.

AMERICA IN WARTIME

By JACK STINNETT

Washington—It isn't very often a
politician publicly rakes the mem-
bers of his own party over the coals.
But that is exactly what Rep.
Charles Marion LaFollette of Evan-
sville, Ind., did to his Republican
colleagues on the floor of the
house the other day.

The 47-year-old renegade is one of
the more liberal members of his
party and very popular with all but
the die-hards on both sides of the
aisle. He chose for his distribute
the closing debate on the proposed con-
stitutional amendment to approve
treaties by a majority of the house
and senate (rather than two-thirds
of the senate plus one, as is now the
case).

Both Republicans and Democrats
(though not all of either) applauded
his words.

"Let me say to my Republican
friends that it is time we began to
think and act in here as though we
expected to elect a President some-
day," said Mr. LaFollette.

"All of these arguments we hear
are negative arguments of people
who refuse to act constructively,
of people who want constantly to
hedge around an executive."

The Congressman argued that,
starting with Gov. Alf Landon in
1936, the Republicans had put for-
ward three candidates, each more
progressive than the party delega-
tion in Congress in preceding years,
and that the voters recognized this
fact.

"If this party in the Congress
continues its opposition to all
changes and continues to offer no
constructive program, calculated to
channel the progressive forces at
work in the world, it will never elect
a President. It will crucify every
candidate for President upon the
record his party has made in the
Congress in the four years preceding
his candidacy." Rep. LaFollette con-
cluded.

Although the representative from
Indiana is serving only his second
term in the house, he already has
gained a reputation for plain speak-
ing that matches his red hair.

Not long ago, when some col-
league was holding forth sentimentally
on "our boys overseas," LaFol-
lette took the floor and said flatly
that such nauseous play on senti-
mentalities made him want to retch.

A strong proponent of President
Roosevelt's Fair Employment Prac-
tices committee and a crusader for

If You Regret It Later

equal rights for all races and creeds.
LaFollette is popular with organized
labor. Some time ago, he took a
month off to study economic and
labor problems at first hand in Eng-
land and liberated France.

LaFollette is third cousin of the
better-known LaFollettes of Wis-
consin. In less than three years in
the house he has demonstrated that
that branch of the family has no
corner on the blood of political in-
dependence.

who will be tried before an interna-
tional court, and Washington's
top prosecutors have been named.
The United States War Crimes
Commission in London announced
that an international conference on
German war crimes would start on
May 31.

American troops captured the no-
torious Dr. Robert Ley, Nazi labor
front leader and one of Hitler's chief
aides, in the region of the Fuehrer's
Berchtesgaden home. Ley was dis-
guised, tried to deny his identity
and finally attempted to swallow
the contents of a vial.

General Clay stated that German
Grand Admiral Doenitz, who pro-
claimed himself head of govern-
ment when Nazis claimed Hitler was
dead, is considered a prisoner of
war. A lot of Allied folk had been
fearful that this Nazi admiral might
get away with his pose of piety,
and be able to foster Hitlerism
among his people.

One of the most important
thoughts growing out of yesterday's
burst of energy was General Clay's
statement that "more important
than just the occupation of Ger-
many is whether the four nations
America, Britain, Russia and
France) can stand together to pun-
ish Germany. If they cannot, what

There are arrangements for the
delegations to send messages back
to their own capitals quickly.

Suppose a Russian wanted to send
a message to Moscow. He could turn
it over to the army which would
teletype it directly to Washington.
The army in Washington has a di-
rect teletype connection with Mos-
cow. Bingo. The message is in.

Or he could send it by a commer-
cial company. Then his message
would be relayed to New York, re-
layed from there by cable to Paris,
and from Paris would go on to Mos-
cow. All this, of course in addition
to the Russians' own communica-
tion facilities via their ship's radio here.

A battery of 14 mimeograph ma-
chines churn around the clock. And
a staff of 35 artists are busy—usu-
ally on a 24 hour basis—making
charts or posters or brochures for
the conference.

Not all the people working on the
4th floor were brought here from
Washington. Some—such as court
reporters needed because of their
stenographic speed—were recruited
in the San Francisco area.

And there is a special bin-
garded by sailors—where confi-

destroyed are dumped. Sailors take
them out in sacks and burn them.
Some of what happened to the capt-
ured documents is being investigated.

Some of the delegates,

dio, and some is packed away to be
shipped to Washington where it will
be available—some of it—upon re-
quest in the future.

Plotted Against Eisenhower

London, May 17—(AP)—The
Luxembourg radio said today that
Lt. Col. Otto Skorzeny, one of the
chief aides of Heinrich Himmler,
had plotted an attempt on the life

Super-Bombers ...

readers more than antiaircraft fire,
said Sgt. Thomas Eden, top gunner
from Norfolk, Va., after today's raid.
"They really spotted us and it was
bright enough to read, but so far as
I know we didn't stop a single bit
of flak."

Lt. Charles W. Vyhanek of Chil-
cago, a bombardier, said flames
were plainly visible when his plane
was 17 minutes away from the tar-
get.

"We really raised hell with that
city," he said.

The Japanese apparently learned
a grim lesson from the initial fire
raid on Nagoya, and plane com-
mander Capt. Max Myers (no ad-
dress available) reported the south-
ern portion of the city was well
blacked out.

Brilliant flares dropped by Path-
finder planes offset the enemy at-
tempt to cloak the city in darkness
and bombing visibility was good.

"We saw several Jap fighters,"
said Sgt. George Hanover of Johns-
town, Penn., a gunner, "but they
just looked us over and siled on by
and we didn't get a crack at them."
Hanover said another B-29 was ap-
proximately 100 feet above his craft
when it began its bombing run.

"For a minute I thought he was
going to drop his bombs on us,"
Hanover continued, "but they passed
by a safe margin."

Sgt. Ray Schuster of Tuscaloosa,
Ala., a blister gunner, reported
flames were just getting a good
start when his plane finished its
run and that a bright glare was
visible for 75 miles.

Roosevelt Death Pleased Hitler

Paris, May 17—(AP)—Adolf Hitler
went into a fit of hysteria when
the news of President Roosevelt's
death reached him in his under-
ground chamber of the Chancellery
in Berlin at midnight, April 12, his
former secretary said in an inter-
view with the Daily Liberation.

The secretary, Gerhardt Hergesell,
said Hitler had presided over the
usual night conference and
stretched out on a divan after the
other German leaders had depart-
ed.

War Criminals Tried

Moscow, May 17—(AP)—Tass re-
ported from Bucharest today that
three Romanian generals went on
trial as war criminals, accused of
hanging, burning and shooting
hundreds of Russian citizens in
Odessa during the German-Romanian
occupation.

The generals were named as
Magin, Trestorlanu and Kalocescu.
They were reported tried in a peo-
ples court over which I. Zabrya

Truman Visits Hill

Washington, May 17—(AP)—
President Truman drove to the
Naval Hospital at Bethesda, Md., to-
day for a 30-minute conference with
Cordell Hull, former Secretary of
State.

The trip prompted speculation
that a possible meeting of the Pres-
ident, Prime Minister Churchill and
Premier Stalin had been discussed.

Lindbergh in Paris

New York, May 17—(AP)—
Charles A. Lindbergh, now in Paris,
will leave the European theater soon
as a civilian in connection with the
development and production of air-
plane engines and propellers for
the Army and Navy. United Aircraft
Corporation announced.

The company, which employs
Lindbergh, said he would continue
studies conducted last year in the
Pacific.

California occupies more than
one-half of the Pacific coastline of
the United States.

Cold Cuts to the Rescue

Hamburger is as scarce these days as the proverbial hen's teeth, but dinner can still be good. Select your favorite cold cuts, grind and use in the place of ground beef. We did just that in making the meat porcupines shown below and they were very tasty as well as attractive.

Meat Porcupines ... use hamburger or ground cold cuts

Wash 1/2 cup rice, drain and let dry.
Combine 1 lb. Wilson's Certified Cold Cuts, ground, or hamburger
1/2 cup day-old bread crumbs
1 egg, slightly beaten
2 tbs. minced onion
1 tsp. Wilson's B-V, dissolved
in 1 tbs. hot water
Mix thoroughly, shape into 8 balls.
Roll each ball in the dry, uncooked rice.

pressing rice firmly onto the meat.
Place in skillet, pour over them a mixture made of:
1 cup condensed tomato soup
1 cup water
1 cup diced celery
Cover and simmer 30 min., heating the porcupines carefully with the tomato mixture several times.
*If hamburger is used, omit the egg.

Meat Loaf the Easy Way

Have you ever tried reheating the Dutch Loaf for Plain Loaf to serve as a meat loaf? For ease and speed, put the whole piece in the top of a double boiler and heat over boiling water. It will have a delicious baked meat flavor. If you prefer, you may bake in the oven. And with Wilson's B-V on your kitchen shelf, you can make a grand gravy to serve with it.

You will find that every one of Wilson's Certified Cold Cuts are of the same high quality that they were in pre-war years. In fact all of Wilson's Certified products must live up to

Complete the menu with baked potatoes, margined carrots, cole slaw, hot biscuits and rhubarb upside-down cake.

Wilson's Certified Dutch Loaf, Plain Loaf, Luncheon Roll or Bologna are among the cold cuts which are especially good for making this dish.

The ideal Thos. E. Wilson wrote over 25 years ago.

OUR IDEAL

"To make well and to trade fairly... To profit not alone in dollars but in the good will of those with whom we deal... To correct our errors... To improve our opportunities and to rear from the daily work a structure which shall be known for all that is best in business." Thos. E. Wilson

Hungry for a Beef Sandwich?

A real find in good beef flavor is Wilson's Certified Pot-Roasted Beef, a really super cold cut. For a special treat, place 3/4 slice of it between two slices of bread, spread the outer sides with Certified Margarine and brown lightly on both sides in a skillet over moderate heat. It's easy on the red points, too.

Sincerely,
George Rector

Twelve Japanese planes approach-
ing shipping off Okinawa Tuesday
evening. Nine were shot down and
the others were forced to retire
without inflicting damage. A few
others bombed American-held Yon-
tan and Katena airfields, Okinawa,
Wednesday morning causing slight
damage. One plane was destroyed.

Escort carrier planes attacking
the Sakishima group, Southern Ryukyu,
destroyed five Japanese
planes.

Privateers, Liberators and Venturas
sank two medium freighters and
heavily damaged a medium freight-
er-transport and a small cargo ship
off Korea.

By VERN HAUGLAND

Okinawa, May 17—(AP)—Naha,
shell and bomb battered capital
city of bloody Okinawa, looked like
"a trash dump" to a Marine patrol
which roamed the city for five hours
today.

They didn't see a living creature
until the moment they were leaving.
Then a Japanese tossed a hand
grenade which wounded two of the
five-man group.

Pfc. John T. Smith, Jr. of (106
Church St.) Charleston, S. C., com-
bat photographer who accompanied the
patrol, said Naha's streets were
a mass of shell-pocked rubble.
Smith, Pvt. Melbourne Picard of
Inkster, Mich., and Pfc. Alvin
Schmid of Montello, Wis., escaped
injury when the grenade was
thrown.

"Nearly every building in Naha
is leveled," Smith said. "In the
doorways lay charred bodies of Jap-
anese soldiers. Once we had to
crawl around a mound of debris and
stinking corpses."

Japanese air activity was feeble,
although two bomb hits were made
on Yontan airfield today, causing
minor damage. Nine Japanese
planes were downed yesterday.

N. Y. Stock Market
New York, May 17-(AP)-Buying of rails, utilities and assorted industrials kept today's market in the recovery groove.
Advancing tendencies prevailed at the opening and, for a while, dealings were somewhat active, profit cashing on the three rising sessions then cropped up and top gains running to a point or more were reduced in the majority of cases near the close. The pace slowed after midday but transfers for the full stretch were around 1,300,000 shares.

East of Manila, two prongs of a powerful 43rd Infantry Division pincers closed to within 1,000 yards of each other and compressed a strong enemy force near the Ipo Dam watershed, source of Manila's water.
The First Cavalry Division pushed up the east coast toward a small, unused Japanese seaplane base south of Infanta.
Dutch troops landed unopposed on the southern tip of Tarakan Island off the Borneo coast and captured some ammunition dumps. Inland on the oil-rich island, Australians cleaned out a strong Japanese position.

Medium attack and fighter bombers pounded enemy positions on North Luzon with 150 tons of bombs while other air units ranged over a wide area from Formosa to French Indo-China, the Dutch East Indies and New Guinea.

A Navy Liberator sank a 3,000-ton freighter transport off the Celebes. Patrols in the Dutch East Indies sank four freighters and two coastal vessels and damaged several others.
Long range patrol planes bombed an airfield at Canton at night and sank two coastal vessels near Hongkong in a daylight raid. Rail and highway lines were hit in French Indo-China.

Phantoms Win Final Game Of The Season

Local Highs Defeated Tarboro Here Yesterday By Score Of 11 To 2

Coach Snag Clark's Phantoms ended their baseball season yesterday in Guy Smith Stadium by giving the Tarboro High nine an 11-2 licking before the largest turnout of the year. The starting hurlers were Dick Flye of Greenville and Weaks of Tarboro.

The game was 0-0 until the third inning when the Greensies pushed across 2 runs when Pitcher Dick Flye doubled down the left field line to bring in two mates on base. From then on it was Greenville's ball game as they scored in every other inning. The Tarboro boys managed to tally once in the fifth and sixth frames.

The outstanding performer for the Greensies was third baseman Jimmy Futrell who starred both at field and at bat. He handled all his chances at third perfectly and in the one time he wasn't walked at bat, he lashed out a booming triple to left field.

Yesterday's victory gave the Phantoms a season's record of three wins and three losses, or a 500 average. They won over Tarboro twice and New Bern once, while losing two to Kinston and one to New Bern.

Starting hurler Dick Flye ended the season with a 500 average having won two and lost two. The other Greene starter, Earl "Spook" Morgan won one contest while dropping one.

The leading hitter for the Phantoms, based upon the greatest number of times at bat, was Will "Stump" Garrett who sported a hefty batting average of .368. The next two leading hitters were Jimmy Futrell and Billy Harrington with averages of .294 and .273 respectively. Pitchers Dick Flye and Earl "Spook" Morgan had averages of .545 and .300, but they were at bat only about 11 times.

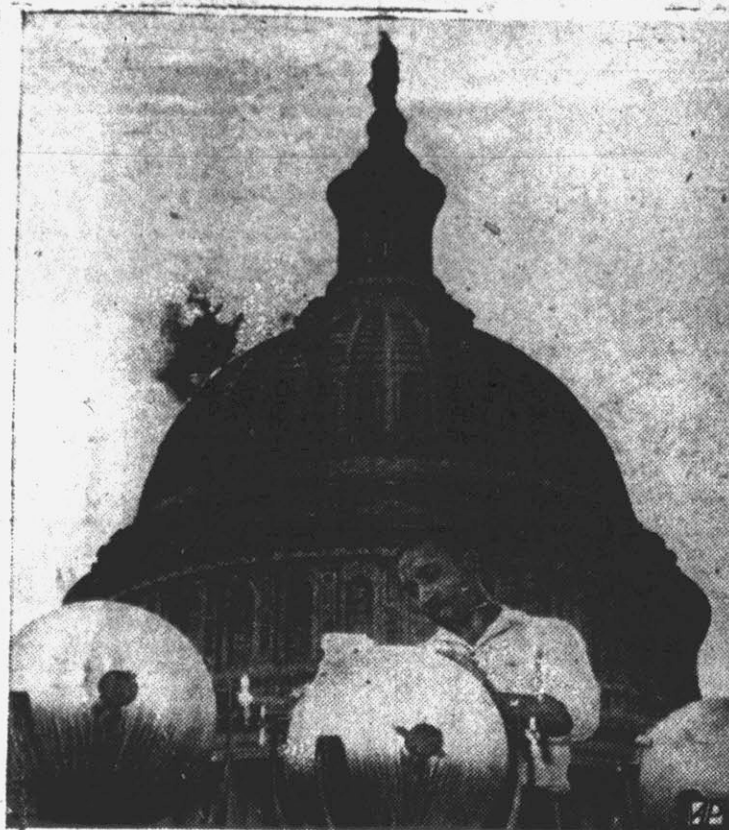

Creditable Display Art Work At ECTC

The student art exhibition at East Carolina Teachers' College which was opened Monday in the foyer and halls of the new classroom building, contains an impressive array of creditable work, reflecting exceptional talent and good training. The exhibition will be open to the public through Friday.

Teachers and students invite the public to inspect the display. It contains: Murals and tempera paintings, figured drawings in charcoal, stencilled wall hangings and textile designs, block paintings, finger paintings, puppetry, papier mache mast, creative problems in wood, clay and cloth, weaving and bookbinding, lettering, Pan-American posters, costume drawings, interior designs and composite subjects in charcoal and paintings.

Radio Program For Kiwanis Meeting

A special program appropriate to "National Radio Week" will be presented at the Kiwanis Club's weekly supper meeting Friday evening at 6:30. Don C. Conley, Billy Hodges, manager of WGTC; Carl Kinney of WGTC and the Pulli-Kinney sisters, Mrs. Dink James and Miss Agnes Fullilove, will participate on the program, which will be broadcast from 7 to 7:30. President Dr. J. M. Barrett will preside. W. H. Woolard, War Finance Committee chairman for Region One, will have a special message for the Kiwanians.

Musical Treat At School Tonight

By CHESTER WALSH
The Greenville High School Glee Club, with between 50 and 60 voices, under direction of Miss Ona Shindler, will present an unusually impressive program at the high school auditorium tonight at 8 o'clock. A small admission fee will be charged. Proceeds of the concert will be used to buy vestments for the members of the Glee Club.

"Listening in" at some of the rehearsals indicated that an entertaining musical treat is in store for Greenville music lovers who attend the concert. The boys and girls in the group have exceptional talent, many of them have histrionic ability and their work shows the effects of skillful training by Miss Shindler. Following is the program:

Send Forth Thy Spirit (Emite Spiritum Tuum) by Schuetky, the Lord's Prayer, by Malotte; Music of Life, by Cain; Now Let Every Tongue Adore Thee, Bach; To Thee We Sing, by Tkach; Praise to the Lord, by Christiansen, to be sung by the High School Chorus.

Duet, by Geraldine Alligood and Jim Haney.
The Creation, by Richter; The Long Day Closes, by Sullivan, and Rain and the River, by Fox, to be sung by the Boys' Glee Club.
Solo, by Geraldine Alligood.

The Peasant and His Oxen, Jugoslav folk song, and Willie, Take Your Drum, Burgundian folk song, by the Mixed Chorus.

Boys' quartet, Bobby Clark, first tenor; Dick Flye, second tenor; Amos Leggett, baritone, and C. J. Cannon, bass.

Out of the Silence, by Jenkins, and With A Song In My Heart, by Rodgers, to be sung by the Mixed Chorus.

Break Forth, O Beauteous Heavenly Light, by Bach; When Children Pray, and The False Prophet, by Scott, to be sung by the Girls' Glee Club.

And the Glory of the Lord, from The Messiah, by Handel, to be sung

by the Mixed Chorus.
The concluding number will be Hallelujah Chorus from The Messiah, by Handel.
Miss Geraldine Alligood and Miss Allison Hearne will be accompanists.

Bahamian Labor For Harvesting Tobacco

The County Agent's Office announced today that a small amount of Bahamian labor will be available for tobacco harvesting this season, if they are needed. It is contemplated that this labor will be housed on the farm and paid at the prevailing rate for tobacco work. Growers who use this labor will sign a contract guaranteeing work for the period of time of the contract. Application blanks are available at the County Agent's office for growers who wish to make application for this labor. Applications must be in by June 24.

The County Agent cautions that there will be only a very few Bahamians available for the tobacco harvest and that they will be allocated to emergency cases in the county so long as they last. Allocation will be handled by an Allocation Committee of farmers from every community in the county. He further stated that this labor would be inexperienced in tobacco and relatively expensive. Growers should not apply for this labor except as a last resort.

To Reopen Navy Aviation Program

Young men are again going to have the opportunity to win their "Navy Wings of Gold" and to become commissioned officers in the U. S. Naval Reserve by qualifying for training in the Navy's V-5 program, Lieut. W. W. Tomplin, Jr., Navy recruiting officer, said today.

The V-5 program, according to Tomplin, has been reopened to civilian applicants on a restricted basis. Eligible to apply are men who are 17 years of age and older, but who will not be 19 on or before July 1, 1945, and who are high school graduates or who will graduate before June 25th. Men within these age limits who have had as much as two semesters in college are not eligible to apply.

Applications are being accepted at Navy recruiting stations in the state. These are located in the post office buildings in Asheville, Charlotte, Greensboro, New Bern, Raleigh, Salisbury, Wilmington and Winston-Salem. Recruiting officers will give applicants preliminary physical and mental tests, and selections will be made for further processing to determine their qualifications for flight training.

Final processing will be at the office of Naval officer procurement in Atlanta, Ga., where candidates who are accepted will be sworn in the Navy as aviation cadets. When they are called to active duty, they will be sent to a school to prepare them for the flight training program which follows.

Lieut. Tomplin said that only a limited number of men will be chosen for this program. He suggested that those who are interested should make their application as soon as possible at the Navy recruiting station nearest to them.

Chance See Plane Carrier In Action

By CHESTER WALSH
"The Fighting Lady," an actual fighting story of a United States airplane carrier in the Pacific, to be shown at the Pitt Theater on Friday, May 25, is a thriller and will show our people just what kind of fighting our men are having to do to defeat the Japanese. J. Herbert Waldrop, Pitt County War Finance Committee chairman, said today. Free tickets will be given to buyers of War Bonds by the selling agents.

"We have a tough fight ahead of us in the Pacific and it will cost more money to transport the fighting forces there and supply them," the banker said. "The longer the war lasts the longer we will have to wait to buy automobiles, refrigerators, etc. The more War Bonds we buy the quicker the war will end. War Bonds represent real purchasing power after the Japs are licked."

"We can't win the war without guns and ammunition and planes and other supplies, and Uncle Sam can buy these things unless we buy War Bonds now. They're a good investment, they pay good interest, and those who buy them are helping

the men on the battlefronts." Mr. Waldrop reminded, when he reported that the people here are very slow in buying bonds in the Seventh War Bond drive, now under way. War Bonds are on sale in the bank lobbies and at J. C. Penney's store and the postoffice.

Memorial Baptist Revival Continues

Rev. Thomas W. Fryer, preaching at the revival meeting at Memorial Baptist Church Wednesday evening, took as his subject, "The Fact That Man is a Sinner." Using a number of scriptures, he showed that man is a sinner by nature, by choice, and by practice. He emphasized the fact that all are sinners and that none are righteous. Using the Scriptures, he showed that none are born into the Kingdom of God by the natural birth; that none are saved by the works of the law, or by a good moral life. He declared that we are not saved by baptism, by church membership, or by the ordinances; but that we must be born again by the Spirit of God. The new birth, he said, takes place by the work of the Holy Spirit, which one sincerely believes in Christ, confesses his sins and accepts Christ as his personal Savior and Lord.

The services will continue tonight and Friday night at 8 o'clock, and at the usual hours on Sunday. There will be no service Saturday.

Winterville Takes Politics Seriously

Mayor Weyland Hunsucker, who has served several terms as mayor of Winterville, will begin a new term on July 1. When first elected Hunsucker was considered to be the youngest mayor in the United States. Members of the town board of commissioners are George D. Cox, L. B. Hill and Dr. Davis C. Moore.

The town officials were elected the first Monday in May and were sworn in the same day. The town's fiscal year begins July 1. Cox and Hill are veterans on the board. Moore was elected to succeed Ray Oglesby, who was not a candidate this time. Hunsucker, Cox and Hill were re-elected.

James Buck is chief of the police department. George D. Cox is fire chief.

all but two of them reached port. "Only three weeks before the Germans surrendered, a formidable wolf pack of U-boats was intercepted and badly mauled by one of the most powerful forces of carriers and destroyer escorts ever to rise in the mid Atlantic. From prisoners we learned that this pack had orders to blanket the east coast from Maine to Florida. We sank five U-boats in this blitz of the Nazis." (As a postscript to the battle of the Atlantic, Ingram said the "cease firing" order has not yet been issued and will not be until all the U-boats are accounted for.)
