Venezuela Junta Takes Over Reins

Cabinet Pledged To Democracy And Supported By Revolutionists Assumes Control Of Government; All Important Resistance Stamped Out

By PHILIP CLARKE Caracas, Oct. 22.—(AP)—A cabinet pledged to democratic ideals took over the reins in oil-rich Venezuela today under sponsorship of a revolutionary junta which stamped out all important resistance to its coup-d'etat in a tumultuous weekend of armed conflict. Bespectacled Romulo Betancourt, 37, a former newspaper columnist, assumed the dual role of president and minister of the interior with a pledge that his government had assumed power only to provide Venezuela with "free and universal suffrage by secret ballot."

WORK ON NEW CONSTITUTION

Moves Toward Democratic Japan Progressing

Tokyo, Oct. 22.—(AP)—The building of a democratic Japan, both financially and politically, occupied the center of the occupation stage today as government officials announced the powerful Zaibatsu is to be broken up of their own accord and gave the emperor's blessing to development of a stronger Diet. The announcement that Zaibatsu, the family financial giants of Japan, would liquidate themselves brought a blast from one of Tokyo's leading newspapers. Asahi Shimbun charged that the revision, announced by Finance Minister Keizo Shibusawa, was "merely reorganization in disguise," an attempt to step from under responsibility for supporting Japanese militarists in the past. Prince Fumimaro Konoye, one of the Japanese senior statesmen, a many-times premier and career diplomat who is one of Emperor Hirohito's close advisers, said the emperor is anxious that the revision of the constitution provide the nation with a Diet strong enough to be a guiding influence in the nation's politics. Konoye, at the command of the emperor who followed General MacArthur's wishes in the matter, is working a draft of a revised constitution. Allied headquarters today stepped into another field where there has been much talk and little action and ordered the Japanese educational system reformed. Japanese teaching, henceforth, the supreme headquarters ruled, shall concentrate on peaceful pursuits, eliminating military drill and other swabuckling trappings of the militarist regime which it herozed in the past. In answer to the request last week of some 4,000 employees of the (Continued on Page Six)

Stacy To Preside Over Conference

Washington, Oct. 22.—(AP)—Chief Justice Walter P. Stacy of the North Carolina State Supreme Court has accepted President Truman's invitation to preside over the forthcoming labor-management conference here. The White House announced today that Stacy had agreed to serve at the meeting, starting Nov. 5, at which a new understanding between management and labor will be sought. Meanwhile, Eben Ayers, assistant White House Press Secretary, said President Truman was still studying the labor-price situation with a view to issuing a statement later. The President, Ayers said, expects to see during the next two weeks virtually all the people who will participate in the labor-management conference.

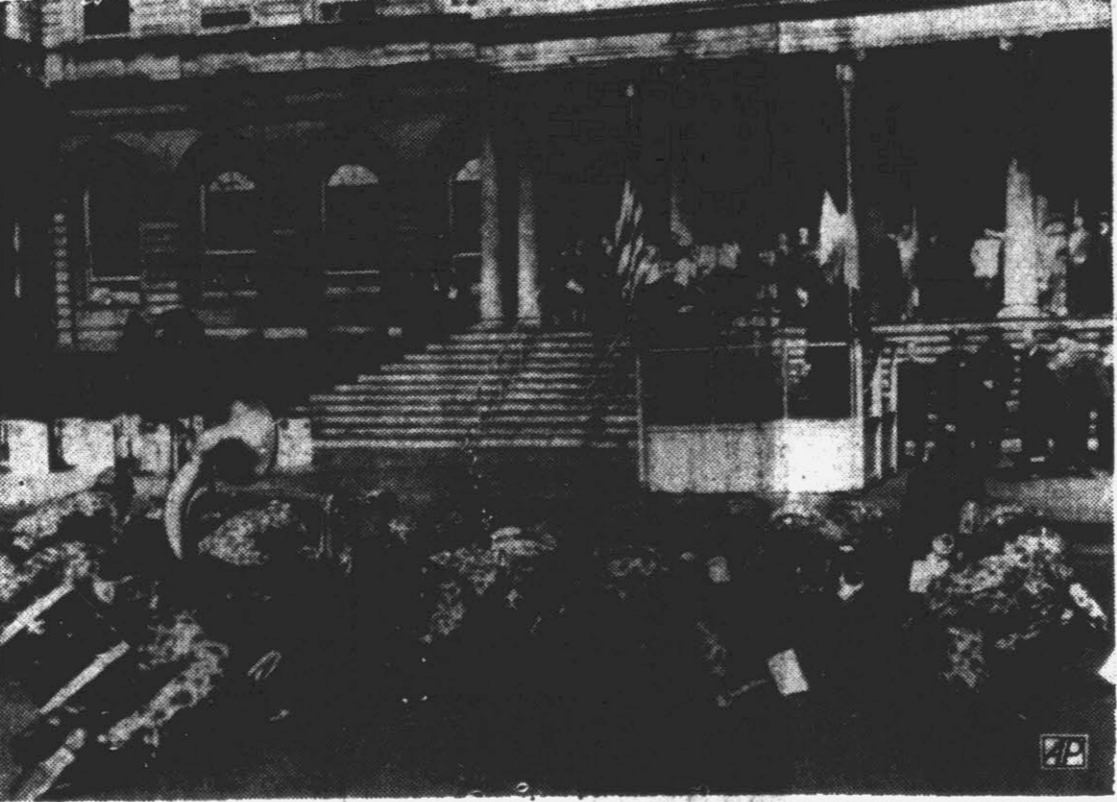

The WORLD TODAY

An Analysis Of The News

By DEWITT MACKENZIE (AP Foreign Affairs Analyst) Venezuela's revolutionary Junta, claiming control of the country after a short but bitter upheaval, today inaugurated a new government which is pledged to democracy under leadership of Romulo Betancourt, one-time Communist who resigned from the party and renounced the creed. The youthful Betancourt (he is 37 and is a former newspaper columnist) has promised a new constitution which will provide a universal secret ballot, and a meeting of the national assembly in April to fix a date for an election. He says that Venezuela will stand by hemisphere unity, and will respect the rights of foreigners and their investments. He has announced abolishment of the aged press censorship which this writer has encountered to his sorrow. Well, Senor Betancourt has placed the pudding before us. However, the proof will be in the eating, and while we don't question its goodness, we will sample it before passing judgment. When we speak of Venezuela we think of petroleum, for that great country possesses so much oil that it ranks third in world production, next to America and Russia. The nation has been fairly floating on it for many years, since it is the biggest producer of government revenue. New production of this liquid gold in the hands of foreign interests who have been granted concessions,

United States companies hold by far the greatest concessions, with the Dutch second and British third. So any revolutionary change of government in Caracas is of vast moment to big oil business in these foreign countries. For this reason the American and other foreign oil interests will be rather easier because of Senor Betancourt's promise that the new government will respect the following United States companies have leased over 3,000 square miles of territory. Another amazing American project which I have visited is the Caripito field in the eastern part of the country. This is buried in the heart of a dense jungle. A highway was driven from the coast for many miles into the interior over bottomless morasses which would have been impassable but for the magic of modern engineering. There the oil men—fighting snakes and other horrors—built an up-to-date settlement and sunk (Continued on page four)

Soldiers Kiss Pavement To Keep Pledge

Wearing their jungle camouflage suits, members of the 299th Army Ground Force band kiss the pavement in front of New York's City Hall upon returning from three years' duty in the Pacific. They had promised troops of the 77th Division that they would greet New York in this fashion. Mayor LaGuardia looks on from the stand. (AP Wirephoto).

SERVICES FOR NAVAL HEROES

Flowers Strwn On Atlantic And Pacific Sunday

Norfolk, Va., Oct. 22.—(AP)—Flowers sent from all parts of the country were scattered on the ocean near dusk yesterday in memorial tribute to the 60,000 men of the U. S. Navy who died in line of duty. The blooms, sent by rail, air, and even delivered in person in some cases, were tokens from those wishing to honor either some one individual or all the dead. Onto the stem of a chrysanthemum was tied a small sack of soil, red earth from the mountains of Virginia. Four letters came from an Ohio town, each containing a pressed flower. From Sherman, Texas, came a blossom, and others were sent from North Carolina, Missouri, Kentucky, Tennessee, Maryland, West Virginia and Washington. Some of the floral offerings for the watery graves carried engraved cards, and still others were accompanied by humble scraps of ruled paper with names and messages painstakingly printed on them. One pressed rose came with the explanation it came from "the bush he loved so much." The Navy Day Sunday memorial services started shortly after noon yesterday on the Norfolk Navy base pier between the great battleship Missouri, and the destroyer Harold J. Ellison. Navy chaplains—Catholic, Jewish and Protestant—conducted brief services for the dead of their respective faiths. Navy and Honor Marine guards drew up to attention beside the Ellison and a bugler sounded taps. "The flower-laden destroyer slipped out of her berth and turned (Continued on Page Four)

French Vote To Back Plans Of Gen. De Gaulle

First General Election In Nine Years Gives Unqualified Approval For New Constitution

By RELMAN MORIN Paris, Oct. 22.—(AP)—France's first general election in nine years placed an almost unqualified stamp of approval today on Gen. De Gaulle's plans to found a fourth republic on a new constitution drafted by the people's chosen representatives. Figures announced by the Ministry of the Interior this morning, 12 hours after the closing of the polls, showed that De Gaulle had won an overwhelming victory in a two-pronged election which decided that: (1)—A constituent assembly—designed at yesterday's election—will draft a new constitution rather than attempt to rebuild the government on the 1875 document which was the foundation of the third republic. (2)—The executive power will be vested in a provisional government during the seven months the assembly sits rather than in the assembly itself. Official results from 84 of France's 92 departments: In favor of a new constitution, 13,887,082; opposed, 554,750. In favor of an interim government, 9,582,210; opposed, 4,841,249. With approximately half of the ballots counted the first issue was carried by a margin of 10,694,197 votes to 729,409—a 96 per cent affirmative majority, according to the official figures. For establishment of an interim government, the Interior Ministry said the vote so far as 7,445,129 to 3,060,441 against—a 65 per cent majority. The question of writing a new constitution was supported by all political parties, but the Communists—aided by the Radical-Socialists—had opposed De Gaulle on the interim government issue. The election, which saw voters queue up at the polls in record-breaking numbers, witnessed the emergence of the resistant-born popular republican movement (MRP) as a potent factor in French politics. Socialistically inclined, the MRP is headed by Foreign Minister Georges Bidault who is considered close to De Gaulle. Official figures based on complete returns from 39 of France's 90 departments gave the MRP 134 seats in the assembly, which still have 522 members from France and 64 more from the colonies. Two branches of the Socialists coalesced into a single group and also clinched 134 seats. The Communists—before the election considered the dominant political force—lost 134 seats. (Continued on page four)

Today In Congress

By Max Hall

Washington, Oct. 22.—(AP)—Congress faced a new week—but the same old problems—today. Such long debated questions as atomic energy, the army-navy merger, the OPA labor relations and the Pearl Harbor investigation were back to trouble the legislators. The navy tossed a bucketful of cold sea water on the plan to combine the army and navy. The idea may be red-hot for such an idea but not Secretary of the Navy Forrestal. His plan: Plenty of cooperation in the field, with a joint committee at the head of the armed services. This committee would include the secretary of state and the President. Medical men had a chance today to have their say on a national science foundation. Dr. A. N. Richards, chairman of the Committee of Medical Research and Development, and Dean Francis G. Blake of the Yale University School of Medicine said they were for it. They cautioned that scientific progress couldn't be delivered on order—like ham and eggs. A special House committee hopped on the OPA. It declared that "rigid" price control is "retarding reconversion." This committee, headed by Rep. Howard Smith (D-Va.), came out for relaxed, "sensible and competent price controls." Rep. Powell, Democratic Negro Congressman from New York, complained to the navy that his 1945 Negro nominee to the Naval Academy "is not receiving fair and equal treatment." Secretary Forrestal promised to investigate. A lot of other things were going on. For instance: Atomic Energy: The Senate strove to solve its own intra-mural squabble. Several committees want

Nation's Strikes Shrink; Many Miners Back In Pits

SEVENTEEN DIE IN ACCIDENTS

Automobile Mishaps Account For 13 Of The Deaths

By ASSOCIATED PRESS Seventeen persons, including four killed today (Monday), died in the Carolinas as a result of weekend highway and railway accidents and gunshot wounds. Automobile accidents accounted for 13 deaths, gun wounds three and a train the seventeenth. In Sumter, S. C., four persons were killed early this morning when two automobiles and a truck cracked up on the southern outskirts of the city during a heavy fog. Six others were hospitalized. The dead were Woodrow Geddings, Arthur Geddings and Clarence Carraway, all of the Paxville section of Sumter County, and Laura Johnson, a young Negro girl. An auto-truck collision in Currituck County, N. C., Saturday, killed two residents of Broad Creek Village, Va., and a soldier from Currituck County. Killed were Audrey Winfred Hampton, 20, and Vernon Edwin Potter, 21, both of Broad Creek Village, and Pvt. Edwin Carlton Overton, 19, of Currituck County. At Columbia, S. C., two soldiers, both overseas veterans stationed with the 30th Division at Fort Jackson, died today as the result of a highway accident near Waterford yesterday. One a train in which they were riding overturned on Highway 26 and went down a five-foot embankment and turned over two and a half times. Their names were not released. Seaman Elmer Woodrow Moore, 22, recently returned from the Pacific, Stacy Dwight Moore, 37, mechanic, were burned to death when the pickup truck in which they were riding overturned and caught fire near Georgetown, S. C., Sunday morning. Sheriff Garris Cribb said the truck ran off the road in a heavy fog. Near Summerville, S. C., Cornelius Bochette, 15, a member of the Bamberg, S. C., high school football team, was killed instantly Sunday morning in a collision between a school bus and a truck. Witnesses said a piece of timber on the truck penetrated one of the bus windows and fatally injured the youth. On a deer hunt with a party of friends from Greensboro, N. C., Sheriff John C. Story, 45, of Greensboro, was shot and fatally injured Saturday morning. An inquest was held following the tragedy and a coroner's jury ordered Guy Taylor, 35, a tenant farmer of Raeford, held under bond of \$1,000 pending further investigation. Taylor was in the hunting party when the shooting occurred. Prison Supervisor Kyle Matthews reported Sunday that Lowell Weaver, sentenced in Harriet County to from nine to ten years for robbery, was shot fatally Saturday night near New Bern by a taxi driver. The prison official said Weaver picked the camp's gun locker and took a pistol after which (Continued on Page Four)

Husband Lashed

This is 98-pound Mrs. Lloyd O. Busching of Upper Marlboro, Md., whose 175-pound husband was convicted of beating her, and was sentenced to be given 10 lashes with a whip in the hands of Sheriff R. Earle Sheriff. Witnesses said the sheriff "did it very nice" with a four-foot rawhide whip borrowed from a horse trader. (AP Wirephoto).

Total Number Of Strikers In The Nation Was Cut Almost In Half Today When 216,000 Coal Miners Went Back To Work; New Strikes Loom

By ASSOCIATED PRESS The return of 216,000 miners to the soft coal pit today sent the national total of workers on strike or off the job because of labor troubles to its lowest level in more than a month—214,000. But a new strike in the glass industry was developing in 10 cities and the figure started inching upward again. Preliminary reports indicated more than 13,000 out in Pennsylvania, Ohio, West Virginia, Illinois, Missouri and Oklahoma. On Sept. 19 the nationwide 1945 was 205,645. High for the postwar reconversion period was 250,000 on October 6. The resumption of work by miners in six states approximately halved last week's total. They went back on orders of John L. Lewis, United Mine Workers' president, who deferred to a later date negotiation of demands which brought about their walkout. Another 16,700 workers were expected back this week with resumption of steel operations which were curtailed because of a coal shortage. This was the general situation: Returning to work: A total of 230,400 composed, excluding the coal miners, of 3,000 at General Motors' Packard electrical plant at Warren, Ohio; 5,000 AFL ship repairmen in the Los Angeles area; 1,500 at the General Electric X-Ray Corporation in Chicago; another 1,000 at the Revere Copper and Brass Company, Chicago; 2,000 Michigan utility workers and 1,500 at Seiberling Rubber Co., Barborton, Ohio. Off their jobs or due to leave: 15,000 glass workers in 10 cities; 5,000 steel workers idle as a result of a walkout of 144 transport workers at Republic Steel's Canton alloy division, Canton, O., and 1,500 Western Electric employees, Kearney, N. J. Still idle: 61,700 Northwest lumber and sawmill workers; 2,700 bus drivers, 7,000 moviemen, 9,300 cotton and textile employes and 3,500 AFL Gulf Coast longshoremen with the balance of the national totals made up of strikes ranging from 25 persons upward. Future rumblings: 30,000 CIO East Coast longshoremen demanded "living cost" increase in pay and set October 29 as a strike date; the sprawling United Automobile Workers engaged in an exchange of talk via the press with the General Motors Corp., with which they are negotiating for a 30 cent wage increase; and in Congress Sen. Ellender (D-La.) suggested the legislators postpone all labor bills and let the contenders "shake down" into their postwar relationships. The miners' return ended at least temporarily a dispute centering around recognition of a foremen's union. Protracted conferences under Department of Labor agencies failed but the strike, which began September 21, ended abruptly, hard hit by the fuel shortage, began to swing upward as coal mov- (Continued on Page Four)

FOUNTAIN IS OVER THE TOP

County Has Reached 75 Per Cent Of War Fund Quota

Fountain Township, at the end of two weeks of the current United War Fund drive, joined the ranks of those townships which had either attained or exceeded their quotas. L. P. Yelverton and G. E. Trewhavian were co-chairmen for Fountain Township, and they, with the able assistance of loyal and faithful workers, were responsible for the speed and success of the campaign in Fountain Township. County Chairman Sam B. Underwood, Jr., in an interview this morning disclosed that Pitt County had attained about 75 per cent of the total county quota. He called on all War Fund workers and citizens of Pitt County to redouble their efforts to bring to a success (Continued on page four)

Growers Vote For Continued Control

By The Associated Press Continuance of the three-year marketing quotas was approved overwhelmingly in a poll of Kentucky, Tennessee and Virginia growers of fire-cured and dark-air-cured tobacco. The referendum, authorized by Congress July 28 and conducted Saturday, required a two-thirds majority to continue the controls. The controls go into effect again with the 1946 crop.

Urges Speedy Demobilization

London, Oct. 22.—(AP)—Former Prime Minister Winston Churchill, urging Britain's labor government to accelerate demobilization of the armed forces, declared today that "the task of holding Germany down will not be a hard one—it will be much more difficult to hold her up." Churchill, speaking in Commons as the leader of the Conservative opposition, said the occupation of Germany and the low countries should require no more than 400,000 troops with the same number required for the Mediterranean zone. He contended that the RAF should be reduced to a personnel of 400,000 and asserted that the Navy should be brought back to its pre-war strength of 1,330,000. May Bar Argentina London, Oct. 22.—(AP)—Speculation arose today among delegates of the United Nations executive committee that the objection might be raised against Argentina participating in the United Nations preparatory commission and assembly because of the crisis in the Argentine military government. Strike In Singapore Singapore, Oct. 22.—(AP)—British troops and Japanese prisoners went to work on Singapore's wharves unloading ships today as the vast majority of the port's dock workers continued an unauthorized strike protesting current wage scales and avowing sympathy for the Indonesian independence movement.

The NATION TODAY

By James Marlow

By STERLING F. GREEN (Substituting for James Marlow) Washington, Oct. 22.—(AP)—Which side—labor or management—benefits when the government takes over a strikebound plant or property? The answer probably depends on the viewpoint. The government's aim has been—simply to restore vital production and services for the purpose of winning the war and—now—insuring the peace. The public benefits through the restoration of employment, the avoidance of picket line violence and continued contribution to the industrial machine. But seizure in itself neither settles the labor dispute nor is meant to give either party an advantage which it did not enjoy before—although in some cases settlement has been reached by negotiation while the plant was in government hands. Under the law the government must operate the properties it takes over under the "terms and conditions" which were in effect when the seizure was ordered. In cases where defiance of a War Labor Board (WLB) order is involved, the wage increases or other adjustments ordered by WLB are put into effect by the Army, Navy or other operating agency. Or if the WLB orders a change in the "terms and conditions" after the seizure has taken place, they are enforced. But they last only

while the government has control. In many cases, seizure just postpones the crisis. Early in the war labor unions generally welcomed federal seizure on the theory that it put pressure on employers by depriving them of the right to run their properties. By the time the war was over many unions had changed their view. They got few concessions from the Army or Navy, and their progress toward better pay or greater security was stalled while the government was in charge. In some cases they lost ground, in solidarity or memberships. In the Montgomery Ward case, seven months of Army control have brought matters back approximately to where they were. Board Chairman Sewell Avery has announced abolishment of the maintenance of union membership and the dues check-off which the Army installed on WLB's instructions. These were the major issues in the dispute. Wage increases given by the Army to some employes will not be reduced, Avery said. Others will be granted. But even the Army did not make good on WLB's order that it pay back wages amounting to more than \$700,000. WLB said the Army got entangled in bookkeeping difficulties and because it had only part of the Ward properties, didn't have access to the current profits.

200 lbs. @ 50c	100.00
210 lbs. @ 50c	105.00

1,202 lbs. \$594.94
Average \$49.55

Sell your tobacco in Greenville with Morton at the convenient tobacco warehouse in the heart of Greenville.

Morton's guarantees to sell your tobacco the day you bring it.

Truck loads are averaging over \$50 per 100 lbs. at Morton's.

by a group of influential men as a nucleus for an organization to sponsor an "annual german" and other dances each year, has increased more than 300 per cent since President Dick Stokes III announced last week that "Chuch" Foster's nationally famous 14-piece band of New York, with Miss Marilyn Paul, beautiful soloist, had been engaged for a dance here on Thursday night, November 1, at the armory.

The dance will be an elaborate affair and semi-formal.

Invitation will be strictly by bid and no bids will be issued to Greenville men who are not members of the "Twenty-Five Club."

Memberships are now being received by the members and at the office of President Stokes, 312 Evans street. Receiving of memberships will be temporarily suspended on October 31.

Other officers of the club are "Red" Flanagan, vice-president; Bruce Baker, secretary, and Alton Barrett, treasurer.

Mrs. Mamie Cherry Dies in Richmond

Mrs. Mamie Cherry, 80, died at her home in Richmond, Va., Sunday night after several days of critical illness.

Funeral services will be held in Cherry Hill Cemetery, Greenville, Tuesday afternoon at 1 o'clock. The Rev. Robert W. Bradshaw, pastor of Jarvis Memorial Methodist Church, will officiate.

Mrs. Cherry, a daughter of the late Heyrick and Elizabeth Tyson

Hooker, was born and reared in Greenville. She lived in Richmond the past 35 years.

Surviving are a son, W. L. Cherry of Richmond; a granddaughter, Elizabeth Cherry of Richmond; two sisters, Mrs. Rosa Brown of Greenville, and Mrs. George Ruelh of Baltimore; a brother, S. T. Hooker of Greenville and a number of nieces and nephews.

NEWS ABOUT SERVICEMEN

SERVICEMEN'S NEWS—M

Merchant Marine Cadet School Cadet Midshipman James H. Edwards, Ayden, N. C., has recently completed a 16 weeks training course at the U. S. Merchant Marine Cadet school, Pass Christian, Mississippi. This school is located 65 miles east of New Orleans, La. It is one of the three bases in which young men are trained for officers.

There are two types of cadets there—engine cadets and deck cadets. The engine cadets, of which Midshipman Edwards is one, learn the operation of Diesel, turbine electric, steam reciprocating, refrigeration, electricity, and many other subjects which may prove valuable to an officer.

There are approximately 300 men at Pass Christian from all parts of the United States.

The program a cadet must go through to attain his commission is as follows: He must complete his basic training satisfactorily at one of the three cadet schools. These schools are located at Far Hotel California, Kings Point, New York, and Pass Christian, Mississippi. He then goes to sea for a minimum of 12 months to gain practical knowledge in subjects he was taught at cadet school. After sea training he reports to the Merchant Marine Cadet Corps Academy, Kings Point, N. Y. He remains at the academy for two years and upon the successful completion of the course there, receives his commission as an ensign in the U. S. N. R.

On Terminal Leave

Capt. Willbur H. Brown of Greenville, has been separated from the Army Air Forces at San Antonio, Texas, and is on terminal leave before being returned to inactive status on January 4, 1946. It was announced by Public Relations office San Antonio, Texas.

Receives Discharge

Hospital Center, Camp Carson, Colo.—Pfc. Vance A. Powell, husband of Mrs. Julia Powell, 208 Manhattan Ave., Greenville, N. C., a veteran of overseas service in the EAME with the Infantry and wearer of the Bronze Star Medal, today received his discharge under the government's current demobilization program.

Receives Bronze Star Medal

Headquarters Eight Army, Yokohama, Japan—Technician Fourth Grade William E. Carwile, Green-

ville, N. C., has been awarded a Bronze Star Medal by Lt. Gen. Robert L. Eichelberger, Eighth Army commander, for meritorious achievement during the New Guinea and Philippines campaigns.

He is a clerk in the Eighth Army Finance Section.

The citation accompanying his award states that he "demonstrated outstanding ability and exceptional attention to duty in organizing and operating the officers pay section of the Eighth Army disbursing office." His wife, Mrs. Frances H. Carwile lives at 410 Latham Street, Green-

ville. He is the son of Mr. and Mrs. E. D. Carwile, Phoenix, Va. Before his induction, November 22, 1942, he was employed by the Smith-Douglass Company, Kinston, N. C.

Divorce Mill In Superior Court

The "divorce mill" was grinding in Superior Court today after the one-week civil term was convened by Judge Charles Everett Thompson

of Elizabeth City. There were 21 suits for divorce on the calendar for hearing, nearly all of them based on grounds of two years separation. Ten of the suits were instituted by husbands, 11 of them by wives.

There are 52 suits on the calendar which have been carried a long time. They are to come up before Judge Thompson in consultation with plaintiff and defense counsel for disposition and are not to be tried by juries, a court official said.

The calendar for tomorrow and the remainder of the week contains 27 suits for various and sundry causes.

Actor Dies

San Diego, Calif., Oct. 22—(AP)—Henry Armetta, 57, Italian born stage and screen actor, died at Mercy Hospital last night shortly after collapsing at Russ Auditorium where he appeared in the show "Opening Night." Physicians said his death was caused by a heart attack.

Pedestrians Beware
Omaha, Oct. 22—(AP)—Police booked the man on a charge of drunkenness while driving a vehicle. The vehicle—a baby carriage with a six-month old passenger.

Premier Resigns

Tehran, Oct. 22—(AP)—Premier Muhsin Sadr resigned today as head of the Iranian government but consented to hold office at the request of the Shah until a new cabinet can be formed.

Strength FOR THE DAY

By EARL L. DOUGLAS

BEACHHEADS OF FAITH

A missionary who had worked for many years among the Japanese, and who in World War II became an army chaplain, was given permission to work among some Japanese prisoners of war. He preached to them in their language every Sunday and ministered to them. But he found them an obdurate and bitter people who resented captivity. He had very little hope that his efforts among them would ever produce any results.

Just before a large group of prisoners with whom he was working was transferred to another camp, he preached a sermon in which he appealed to the prisoners — Shin-tosists all — to accept Christianity. He declared beforehand that if he got one convert he would feel he had accomplished a great deal. To his amazement nine privates and four officers came forward at his appeal and asked for baptism. Think of what this meant. They would have to live with the rest of the Japanese prisoners and take their jeers and curses because they had joined an alien faith. Had conditions been normal, a hundred Japanese would probably have responded and sought membership in the Christian Church.

The appeal of the gospel is universal. It was made to meet human needs. Japanese as well as American. And it will take the establishing of just a little beachhead of Christian consecration as this missionary established to make conditions between Japan and America permanently peaceful.

The World Today

(Continued From Page One)

Their wells. Small wonder that the oil interests should worry over any political upheaval. But of course the granting of these concessions long has been a bone of contention in Venezuela, some political leaders maintaining that all rights should be retained by the country.

There are many points about the revolution still to be clarified. The main issue, one judges, lay in the charge by the Revolutionists that the now deposed President Isaacs Medina Y Angarita was scheming to establish a dictatorship. Any way he is under arrest along with his predecessor, General Lopez Contreras, both of whom face trial.

tical group were assured of 131 seats. De Gaulle won electoral endorsement all down the line. Sixteen of his present "council of ministers" sought election to the assembly and 15 were victorious. Only Rene Mayer, his Minister of Transportation, was defeated. Government statistics indicated that between 20,000,000 and 25,000,000 persons voted in the national elections, the first in which women were eligible.

Nation's Strikes ...

(Continued From Page One)

ed toward the furnace again. Yet a week was expected to elapse before the laid-off workers could be recalled in full strength. One of the largest new threats against labor peace came with the announcement by a spokesman for the CIO Federation of Glass, Ceramic, and Silica Sand Workers that unionists would leave their jobs today. He said a breakdown in contract negotiations was the immediate cause.

Lewis M. Cracken, federation secretary and treasurer, said he knew of no last minute meetings, and said the strike would hit the following cities: Toledo and Mt. Vernon, O.; Ford City and Creighton, Pa.; Clarksburg and Charleston,

ful conclusion this final United War Fund campaign. "Pitt County has never failed to attain its quota and it should not fail in this campaign. With Victory on the armed fronts won, the American people and the people of Pitt County have a profound obligation to be generous in their contributions to the worthy causes supported by the United War Fund," Mr. Underwood said.

Today In Congress ...

(Continued From Page One)

and others in Congress say a six-month extension, as has been suggested, would be really "stalling." Labor. A new plan for curbing strikes came from Rep. Ramspeck, Georgian who carries the title of "Democratic Whip" in the House. As such he's supposed to keep his party voting together.

Ramspeck proposed legislation to outlaw strikes during periods set aside for collective bargaining. It would also ban strikes during deliberations of fact-finding boards, which would frame recommended settlements where collective bargaining had failed.

But while this and other suggestions developed for laws on the labor problem, Senator Ellender had a different idea. Why doesn't Congress lay off, he asked. If Congress sidetracked labor questions for half a year, he said, maybe workers and employers would work out their troubles themselves.

Also in Congress: 1. Free Press: House Republicans had recommended giving relief funds abroad only to nations exercising freedom of the press. Now they've modified their plan to restrict a new money allotment. The new version would withhold

funds from any nation hampering American newsmen.

2. Subversives: The House Committee investigating un-American activities is under fire of those who want the committee abolished. Representatives Patterson (D-Calif.) and Hook (D-Mich.), leaders of the move say a proposed investigation of news analysts by the committee is going too far. They say it would be an attack on freedom of speech.

3. Rationing: Senator Stewart (D-Tenn.) commented that "we have such a large supply of meat and butter that it is, figuratively, running out of our ears." He said food control officials would be asked to furnish facts on further controlling these items at hearings beginning today.

4. War's end: Hearings got under way today by a House Judiciary subcommittee to set an official termination date. It's important because so many wartime powers are hinged to the date.

ed her bow eastward toward the sea, flowers tied on her starboard near her stern. San Francisco, Oct. 22—(AP)—Dozens of flowers rode on the restless waves of the Pacific off the California coast today in tribute to those who died that this country might have peace.

The floral offerings were tossed into the sea Sunday at the conclusion of a simple ceremony aboard the Frigate USS Brownsville 10 miles off the Golden Gate.

The service was arranged by the Navy to remember its fallen dead, but wreaths from an anonymous donor honored the "unknown" casualties of five branches of the service—soldiers, sailors, marines, airman and merchant mariners.

Prayers were said by Capt. R. W. Truitt of Richmond, chief of chaplains for the 12th Naval District, and Cmdr. H. C. Strauss of Baltimore. The invocation was given by Lt. P. J. Lundbeck of Boswell, Wis. After the sounding of taps the clear voices of a 60-wave choir

echoed across the waters. The flowers were from relatives of men lost in World War II.

Seventeen Die ...

(Continued From Page One)

he hired a taxi and instructed the cab driver out of town. Mack Gaskins, the driver, got hold of the pistol in a scuffle and shot the fugitive, the prison supervisor said. At Fayetteville, N. C., Carl A. Schular, 16, was killed instantly Saturday morning when he was struck by a freight train of the Atlantic Coast Line Railroad, while sitting on the track, according to Coroner W. C. Davis.

Injured in an automobile crash on October 7, Miss Leona Pitts, 19, of Charlotte, died Saturday at the Charlotte Memorial Methodist Hospital. Harry Enloe, a sailor, was fatally injured in the same accident and died instantly.

At Charlotte detectives were looking for an unidentified assailant of Jim Gaddy, Negro, who was shot to death last night. Detectives said Gaddy was shot from ambush after talking with officers concerning a shooting on East Stonewall street.

Serious?... Yes! But it NEEDN'T MEAN YOU!

EXPERT CARE MEANS MORE THAN EVER!

Have your car serviced HERE ...and have it serviced NOW

WITH plenty of gasoline available, motorists will do more driving than in recent years. This means the Finger of Trouble is sure to be busy this winter! And winter is always especially hard on cars...

Your car today is a year older than last Fall, and more liable to cause you trouble. But if you take care you needn't worry.

Now is the time for winter care...for complete and dependable winter protection...such as Esso products and your Esso Dealer can give you.

Make a date today to see your Esso Dealer. Let him do those simple but important things which can keep your car safe from the Finger of Trouble!

Until you can get a new automobile...

Be safe, not sorry... come in and let's SAVE THAT CAR!

To open stuffy nostrils, get effective Mentholatum today, the Medicated Nasal-Unguent. Jars, tubes 30c.

TESTED AND FOUND EFFECTIVE BY A GROUP OF NOSE AND THROAT SPECIALISTS

Heavy Fire Loss At Laundry Plant

The owners of the Sunshine Cleaners, dry cleaning and laundry plant, A. S. Barnes of Wilson and J. K. Barnes of Rocky Mount, are expected to return to Greenville tomorrow and decide whether or not they will rebuild the plant, which was gutted by fire last Friday afternoon. A considerable quantity of clothing was recovered from the burning building, a frame and galvanized iron structure at 621 Pitt Street. A lot of clothing upstairs was lost. Fire Chief George Gardner said the fire started in a dry cleaning machine when the solvent became ignited. Mr. and Mrs. J. C. Youngblood, former owners of the plant, sold it to A. S. and J. K. Barnes early in September and on September 10 the new owners took charge and the Youngbloods retired.

WANTED—POSITION, AS BOOK-keeper, double entry preferred. Box 3, Robersonville, N. C. 22-31s

Football

By MURRAY ROSE New York, Oct. 22 - (AP) - Despite their fall from the unbeaten ranks, Ohio State's Buckeyes and Georgia's Bulldogs will command plenty of attention Saturday when they oppose all-conquering Minne-

sota and Alabama in two of the best games on the weekend program. Ohio State's 35-13 defeat by Purdue Saturday was the biggest upset of the season. Cecil Isbell fielded a hard-charging line that operated magnificently in front of the passing and catching battery of Bob Demoss and Bill Canfield. The Buckeyes didn't even score until the final period as the Bollmakers' front line gave Ohio's stars backs, Paul Sarringhaus and Dick Fisher, a rugged afternoon.

The Buckeyes, who ran up 12 straight victories over a two-year span until they met Purdue, appear in for another licking from Minnesota. Bernie Bierman's Gophers surprised a homecoming throng of 5,000 at Minneapolis by taking to the air to wallop Northwestern 30-7.

With several passers in action, the Gophers completed six of eight heaves for 151 yards and three touchdowns. And with Vic Kubitiski back in his fullback spot the Gophers also showed plenty of power on the ground, rolling up 277 yards rushing.

Georgia's 32-0 trouncing by Louisiana State was almost as stunning as Ohio State's loss. The Bulldogs had Charley Trippi back in action but the Army veteran couldn't move against a stubborn Tiger line. L.S.U. had been beaten 2-7 by Alabama and the Crimson Tide's stock rose sharply. On its own hook, Alabama handed Tennessee its first defeat of the campaign by a 25-7 count. Harry Gilmer again was Alabama's big gun as he completed 12 of 20 passes for 150 yards.

Maryland was the only other major undefeated college team to topple, Virginia Tech staging the 21-13 surprise party. The nation's top trio, Army, Navy and Notre Dame, maintained their forward march although Navy took quite a battering and needed the breaks to derail the Engineers from Georgia Tech 20-. The Middies will have to be at the top of their game Saturday when they meet the rested, all-winning Pennsylvania combination.

Army had first period jitters against the Melville Torpedo Boat Raiders but Glenn Davis and Doc Blanchard quickly took care of the situation with three touchdowns apiece for a 55-13 triumph. Notre Dame received spirited first half opposition from a pepped up Pittsburgh eleven and needed the Danewicz to unlimber his pitching arm for the 39-9 conquest.

Army shouldn't have too much trouble against Duke in New York while Hugie Devore probably will clear the bench against Iowa.

Other all-winning teams and their Saturday's victims included: East-Columbia, 31-7 over Colgate; Holy Cross, 25-0 over Brown; Temple, 28-12 over West Virginia Friday night.

South - Mississippi State, 16-6 over the Eastern Flying Training Center Eagles. (Virginia was idle.)

Midwest - Indiana, 52-20 over Iowa; Tulsa, 40-0 over Nevada; Oklahoma A. & M., 46-6 over Utah.

Southwest-Texas, 34-7 over Arkansas.

Far West-St. Mary's, 58-0 over McClellan Field.

Saturday's results of the Carolina-front included: North Carolina 20, Cherry Point 14.

Wake Forest 19, N. C. State 18. Richmond 40, Guilford 0. Oak Ridge 27, Appalachian 7. Second Army, Fort Bragg 39. Presbyterian College 0. High Point 59, W. C. T. C. 0.

Fraternity House Fire Kills Three

New Brunswick, N. J., Oct. 22 - (AP) - Two Rutgers University sophomores and a young woman guest died, and another young woman guest, four students and an aged Negro houseman were injured yesterday, when a three-alarm fire swept the three-story frame fraternity house leased by Sigma Alpha Mu.

The dead were Raymond Berger, 19, of Jersey City, and Benjamin Gordon, 20, of Trenton, Rutgers students, and Miss Joyce Patricia Katzman, 20, of Teaneck, a former student at the New Jersey College for Women, who transferred to New York University.

Middlesex County Coroner Robert H. Jamison said the three died of suffocation in the \$25,000 fire which wrecked the 35-year-old fraternity house and injured four Rutgers men and the second young woman guest, who were forced to leap from second-story windows, as well as the houseman who slept on the ground floor.

Grain Market

Chicago, Oct. 22 - (AP) - Grain futures today continued a rally that began Saturday, with all grains except corn climbing well over a cent a bushel at times.

Wheat closed 1/2 to 1 1/2 cents higher than the previous finish. Work On New ...

(Continued From Page One) newspaper Asahi that the owner's step aside as disciplines of the old regime and let the employees take over, the proprietors today said in effect. "Nothing doing."

President Nagataka Murayama said it was not his understanding of democracy that men need be pushed out of the company they had built by persons who had no interest in it.

Konoye, who said yesterday MacArthur had suggested that he lead a liberal political movement, stated in an interview today that the necessity of senior statesmen about the throne gradually would disappear under the contemplated constitutional revisions.

The prince, thrice premier of Japan and himself one of the most influential of these senior statesmen, said there was a "strong possibility" that the Diet, or Parliament, would eliminate need for the powerful clique in the shadow of the throne.

Increased power of the Diet will be one more safeguard against the future "misuse of the constitution," he added.

Konoye, who was premier when Japan opened its war on China in 1937, already had said that one question to be pondered in remaking the constitution was a provision for abdication of an emperor.

Several Japanese higherups have said that in their opinion Hirohito has no intention to abdicate, but that he was aware of world wide discussion of the possibility that he might step down in favor of the crown prince.

They added that the mikado felt to be his duty to see that terms

of the Potsdam Declaration of surrender, which he accepted, were carried out.

Konoye, conceded in high government circles to be the central figure in the state affairs of Japan today, said that he had been approached on the matter of forming and heading a new political party, but he was undecided.

The prince said that in two recent interviews with MacArthur he had explained his official activities since 1937, and the Allied commander had said "in a general way that should lead a liberal movement in Japan."

"General MacArthur opened the conversation with a very determined statement that the constitution needed liberalizing," Konoye said, "and then suggested that I take the lead in such a movement."

The prince said he reported MacArthur's wishes to the emperor, and

Hirohito commanded him to undertake the constitutional revision. American officials will be kept informed of all details of the revision, which is expected to be drafted by November, he added.
