Price Increases To Be Negligible

Price Boosts Under Revised Wage-Price Policy Seem Unlikely Except Under Rigid Conditions Is Opinion Of Administrator Bowles

By MARVIN L. ARROWSMITH Washington, Nov. 2.—(AP)—Any price increases under the administration's revised wage-price policy seemed likely today to be "negligible."

That's Price Administrator Chester Bowles' view of President Truman's program of permitting price boosts only under rigid conditions will work out.

Meanwhile John L. Lewis' United Mine Workers' Journal asserted, the wage-price policy would "enlarge the realm of confusion."

These were other developments on the hot issue of wages and prices: Secretary of Commerce Wallace said there is danger of another depression "if corporate profits stay up and wages down." He told reporters this could mean four to seven million people unemployed for years, once the expected buying boom is over.

Bowles announced that retail price ceilings for new automobiles will be unveiled in four or five days. They are expected to be the same as 1942 prices. And he hinted dealers would be required to absorb an increase in producers' ceilings.

Rep. De Lacy (D-Wash.) said in the House that his proposed legislation giving government employees 48 hours pay for 40 hours work would lead the way to a national goal of higher wages and higher purchasing power.

De Lacy added that unless factory workers get a wage increase they will have 10 per cent less purchasing power next year than in 1941.

In his statement at a news conference yesterday Bowles said the wage-price policy set forth by Mr. Truman had served to emphasize the administration's determination to hold the price line against inflation.

The policy permits price increases to balance wage hikes only under these circumstances: (Continued on page four)

Youth Is Killed By Falling Tree

By CHESTER WALSH Odessa, 18, of Belvoir township, was instantly killed Thursday afternoon when a tree he was cutting down dislodged a heavy dead limb from another tree, sending it hurtling down, crushing his skull.

Everett and his father, W. Jesse Everett, and a brother, Jesse E. Everett, were cutting timber in the woods near Belvoir for K. R. Wood, Pitt County Coroner Griffin H. House said. The body was taken to Wilkerson's funeral home for preparation for burial. No inquest will be held.

Funeral services were held at the home of his parents, near Gum Swamp Church, this afternoon at 3 o'clock. The Rev. J. C. Griffin, Free Will Baptist minister of New Bern, officiated. Burial was in the Brown family cemetery, three miles from the home.

Surviving are his parents; nine brothers, Jesse E. Elwood, Leroy, Eugene, W. Kenneth, Odell, Louis, J. B. and Amos N. Everett of the home; five sisters, Mrs. Wilbur Brewer, Hannah Lee Everett, Shirley Everett and Mary Gold Everett of the home, and Mrs. Davis Warren of Williamston.

TESTIMONY IN NIPPON TRIAL

Witnesses Curse Japs And Ask For Yamashita's Death

By DEAN SCHEDLER

Manila, Nov. 2.—(AP)—Chinese, Filipino and Spanish witnesses who hysterically cursed the Japanese and screamed for the death of Lt. Gen. Tomoyuki Yamashita, threw the war criminal trial of the former Philippines commander-in-chief in continual turmoil today.

Members of the prosecution staff and interpreters both were required to quiet a Chinese woman whose four-year-old son had been snatched from her arms and repeatedly bayoneted.

The woman testified she had lost nine of the 12 in her family, had seen women and children slain and raped when 39 Chinese were herded into a lumberyard and murdered last Feb. 10.

"I'd like to kill that Japanese man," she screamed in Chinese at Yamashita as he finished her testimony and leaped to her feet.

Scenes "so bestial it is hard to find words to describe them," were related by witnesses of the mass slaying of from 500 to 1000 civilians who had taken refuge in the Manila German club on the same day.

Spanish Francisco Lopez, former Metro-Goldwyn Mayer representative in the Philippines, testified that Yamashita's troops poured gasoline over women's heads and set them afire, made sport of young girls for the entertainment of other Japanese at a club and then raped one of the girls after she was dead.

Another Spaniard, Jose Maldonado, described the tossing of a hand grenade into a bathroom where the Japanese had locked up all the men of a group of 50 who sought refuge in a certain home. Five were killed and many maimed.

He said his wife, 22-year-old Maria, was stabbed in the back with a bayonet, the point stuck out two inches from her chest.

A pretty 21-year-old Filipino girl who exhibited a horribly scarred leg, testified how she and some 50 others (Continued on page four)

Aldermen Dispose Routine Business

By CHESTER WALSH

The Board of Aldermen in regular session at the City Hall last night disposed of considerable routine business, heard reports of various departments, informally discussed a number of important matters for future consideration. Mayor Jack Boyd presided.

A State Highway Department engineer reported that the department will shortly be ready to ask for bids for widening the Farmville highway and that plans for widening Dickinson Avenue are being considered.

The Richards Bus Company was authorized to change some of the schedules for its city transportation buses.

The board passed a resolution ordering a potato storage house on Clark Street and the dairy on Washington Street to provide for disposing of surplus water and stop allowing it to flow into the streets.

The mayor reported that the city is negotiating with several prospective lessees for the county-city airport after the Navy surrenders its lease.

The WORLD TODAY An Analysis Of The News

By J. M. ROBERTS, JR. AP Foreign Affairs Analyst Americans awoke today to another day of disturbing news, just as they have for many days past. Strikes, and any number of troubles great and small.

But the news they might have had today was not to come. Instead of awaiting word of perhaps 200,000 American boys who might have been facing a murderous, suicidal Japanese defense of Kyushu Island, thousands were waiting on both east and west coasts for veterans homeward bound.

Today would have been a crucial day on Kyushu but for the series of fortuitous circumstances which knocked out Japan less than three months ago.

Under the schedule fixed before Hirohito hollered quits, MacArthur and Nimitz would have struck against the Japanese homeland night before last. Presumably they would have been ashore today with most of 10 divisions.

JUDGE LAUDS GRAND JURY

Commends The Body For Good Work And Excellent Report

In Superior Court yesterday Judge Charles Everett Thompson of Elizabeth City, presiding over the criminal term here, praised the grand jury for its good work and very comprehensive report with timely recommendations. Jonathan W. Overton is foreman. The report follows:

"We, the grand jury, have passed on all bills presented to us and have rendered our decisions in accordance with the evidence. We reviewed 46 bills of indictment, finding 43 true bills and three not true bills.

"We visited the State Prison Camp and inspected the buildings, grounds, and interviewed several of the prisoners. From our observation, inspection and interviews at this camp, we find it to be kept in a very good condition and the superintendent is to be commended for his good work.

"Upon our visits to the jail we found that the jailer's records of commitment, discharge of prisoners and fees collected to be well kept. After inspecting the jail, interviewing some of the inmates, it is our opinion that the jail is kept in a fair condition. The jail is in need of a thorough cleaning and a good coat of paint.

"We called before the grand jury the following county officers: Sheriff, clerk of court, register of deeds, tax collector, county auditor, superintendent of county schools, head of the welfare department and chairman of the ABC board. Each officer was requested to relate to the grand jury the duties of their department, what each department was doing for the welfare of the county and of what service could the grand jury render to improve their departments. We found these reports to be very interesting and highly informative. After listening to these reports and questioning the different officers, it is our opinion the various departments of the county are functioning in a very capable manner and performing their duties in a most excellent capacity.

"We visited the various county offices, namely: Clerk of the court, register of deeds, auditor, tax collector, sheriff, superintendent of schools, farm agent and health department. It is our opinion that the records of these offices are well kept and the personnel to be very capable and efficient.

"We visited the county home on two occasions and on each of our visits we found that the inmates were receiving the best of care and (Continued on page four)

"The question is whether to combine the War and Navy departments into a single department of national defense.

Navy supporters are fighting the proposal as though defending their goal line.

The Navy League an organization of Navy civilians, issued a statement calling the proposal "a grab for power at the expense of the public and the Navy."

Two admirals, Chester Nimitz and William Halsey, have reversed their previous stand and are against the merger.

A year ago, both Nimitz and Halsey testified favorably to setting up a department of national defense. This testimony, along with that of General Douglas MacArthur and other war chiefs, was given before a special committee of generals and admirals, and was made public yesterday by the Senate Military Committee.

MacArthur, on the other hand, urged that all armed forces be lumped into one strong force wearing the same uniform. He said even the Army-Navy football games ought to be abolished because they "have caused feelings so intense that they color a man's whole life."

Meantime the Senate Committee called General George C. Kenney of the Army Air Forces to testify today.

As for President Truman and Congress: There were several developments in that situation. Democratic leaders in the House said the President's criticism of Congress this week "did not harm" his legislative program and may help it.

Anti Jewish Elements Now In Street Fight

Police Fired Shots In Air To Disperse Anti-Zionist Disturbances In Cairo

Cairo, Nov. 2.—(AP)—Street fighting broke out in downtown Cairo today coincidentally with the beginning of a general strike by anti-Zionist elements and police fired shots into the air to disperse crowds who hurled stones at Jewish establishments.

Delegates of five Arab associations presented a note to all foreign diplomats which said: "We beg to inform your country all the Arab world is starting today this active struggle against the Zionists, who will threaten the Arab world by their existence in Palestine. We demand that the British government halt atrocities and unjust treatment against Arab leaders and immediate release the leader of Palestine, Grand Mufti Hajj Amin al-Husseini—now a prisoner of the French in Paris x x x"

Demonstrators had started a march to Abdien Palace, the residence of King Farouk.

The newspaper Egyptian Mail said that strike leaders had threatened to wreck shops unless they remained closed.

Most areas in Cairo were declared out of bounds for U. S. service personnel.

All communications in Cairo had been halted as demonstrators paraded the streets carrying signs reading "Down with the Zionists." The general strike had been called in protest against the Balfour declaration, which was issued 28 years ago today. It promised Palestine as a Jewish national home.

The Capitol rocked today with two famous rivalries: 1. Army vs. Navy. 2. White House vs. Congress.

A whole month before the Army-Navy football game, the two services were battling before the Senate Military Committee in a contest more bitter than most people had realized.

The question is whether to combine the War and Navy departments into a single department of national defense.

Navy supporters are fighting the proposal as though defending their goal line.

The Navy League an organization of Navy civilians, issued a statement calling the proposal "a grab for power at the expense of the public and the Navy."

Labor Disputes Adding Thousands To Strikers

Peace Is Restored In Magelang Area

Truce Follows Fierce Fighting In Dutch East Indies

By RALPH MORTON Batavia, Nov. 2.—(AP)—Peace was restored in the Magelang area at noon today by a temporary truce which followed a night of sharp fighting between Indonesian extremists and British Indian troops, during which RAF planes again strafed the Indonesian forces.

Elsewhere in central and eastern Java conditions were reported generally improved, although the situation at the naval base of Soerabaya was described as "very delicate."

Col. C. H. O. Pugh, commander of the British garrison at Soerabaya, succeeded in effecting the evacuation of 1,500 Dutch nationals, mostly women and children—and a similar number were expected to embark tonight.

At Magelang, British and Indonesian leaders were reported conferring during the truce, effected with the aid of Dr. Soekarno, president of the "Indonesian Republic," whose cease fire orders previously had been ignored by the extremists. Outcome of the negotiations remained in doubt.

The RAF strafing during the night enabled Gurkha infantry to reoccupy additional areas in the town, which is about 260 miles southwest of Batavia, and reduced danger to the hospital, previously reported under fire by the Indonesians.

A British commentator said the fighting involved extremists apparently out of the control of Dr. Soekarno, and added that a peaceful solution depended upon whether the extremists would obey Soekarno's broadcast said those responsible for the current disorders in Java were the Japanese, who originally "gave up their control to those whose desire for self-government they first encouraged."

The Japanese will be required to answer for this disobedience of Allied orders," the broadcast said.

In the background of the troubled political situation, Dutch economic experts were attempting to compile complete information on current Indonesian economic conditions.

Lack of a proper inventory of what the Japanese left of the Netherlands East Indies production system makes it impossible to make (Continued on page four)

Troops Of China Go To Manchuria

Chungking, Nov. 2.—(AP)—Chinese government troops, pouring from United States transports, began occupation landings today at two ports in Manchuria on the same day the Russians were scheduled to begin withdrawing from the country.

The army newspaper Sao Tang Pao reported, Japan wrested Manchuria from China in 1931.

The landings points were on opposite sides of Liaotung Bay.

On the west side, Generalissimo Chiang Kai-Shek's men went ashore at Hulutao, 70 miles northwest of the scene of clashes between his soldiers and Chinese Communists in the area of Chinwangtao.

On the east side, the troops were landed at Yingkow, 100 miles south-west of Mukden and 140 miles north of Port Arthur.

Commissioner Has Resigned

House Of Commons Announces Resignation Of Lord Gort

By HENRY E. JAMESON London, Nov. 2.—(AP)—The resignation of Lord Gort as high commissioner for Palestine was announced to Commons today as the recent outbreaks of violence there were branded officially as a "wanton resort to force" which might nullify Britain's attempts to solve the Jewish problem.

Apparently there was no direct connection between Lord Gort's resignation and the disturbances, however. Making the announcement, George Hall, secretary for the colonies, said the high commissioner had stepped down because of ill health.

A curfew was imposed yesterday in Palestine following a night in which railways were cut in at least 20 places and explosions were set off at widely scattered points.

Street fighting broke out in downtown Cairo today, coincidental with the beginning of a general strike by anti-Zionist elements who distributed pamphlets demanding that the Jews be evicted from their dream of a home in Palestine.

Police fired shots in the air in attempts to disperse the crowds.

In Palestine, the Palestine Post said the outbursts there indicated the Jews "have gone over from defensive to offensive action" in their campaign for the lifting of British white paper quota restrictions on Jewish immigration. The newspaper said the acts represented "a new x x x step in defiance which the Jewish people were driven to proclaim because it was clear that the White Paper, far from being revoked, was to be continued in force."

Hall told Commons casualties in the outbreaks in Palestine were five killed and at least eight wounded, adding that because of the widespread nature of the attacks, reports on them were incomplete.

Spanking By School Bus Driver Allowed

Raleigh, Nov. 2.—(AP)—Corporal punishment such as spanking may be inflicted by a teacher on a school child for misbehavior on a school bus, Attorney General Harry McMillan has held in an opinion issued yesterday. He said the same provision will apply to a combination school teacher and bus driver.

T. T. Murphy, superintendent of the schools of Pender County, requested the opinion. The Attorney General said, Murphy wrote that one of his teachers, who is also a bus driver, some time ago spanked an eight-year-old school boy for misbehavior on a bus.

In his opinion, McMillan said: "The law provides school masters and teachers discretionary power in the infliction of punishment on their pupils, and will not hold them responsible criminally unless the punishment causes permanent injury."

State Leading In Polio Campaign

Chapel Hill, Nov. 2.—(AP)—North Carolina, which last January raised \$517,211 for the fight against infantile paralysis, led every state in the union in contributions in percentage of total state income, a report issued by the National Foundation for Infantile Paralysis shows.

Out of every one million dollars of state income from all sources, North Carolina citizens contributed \$212,411, the report said. Oregon followed with \$209,100, and Georgia, the home of the Warm Springs Foundation, was third with \$175,940.

The NATION TODAY

By James Marlow

Washington, Nov. 2.—(AP)—Here are things to remember about—and a way to figure out—the reduction in your income tax which Congress just okayed.

It means a cut in your income tax in 1946, starting Jan. 1. It has nothing to do with your 1945 taxes. All taxpayers will benefit from the cut. About 12 million of them paying taxes in 1945 won't have to pay any in 1946. They're the lowest income people.

People making under \$5,000 a year won't have to worry about figuring out the new tax.

Employers regularly withhold — by deductions from the paycheck—the full tax on employees making up to \$5,000 a year. The government will give them new tables for 1946. The 1946 reduction does the same things: gives a taxpayer the same number of normal tax and surtax exemptions; knocks 3 per cent off each surtax rate; and knocks 5 per cent off the total tax.

This is what that means: There are two kinds of taxes on individuals: a flat 3 per cent normal tax on all incomes and a surtax which starts at 20 per cent of taxable income under \$2,000 and rises by brackets, as the income rises till it is 90 per cent on the highest incomes.

Carter, Gladys Davis, Josephine Averette, Lucille Husketh, Erma Hinnant, Eloise Jenkins, Louise Keith, Doris Sparks, Mary F. Stephenson, Sue Murray Thomas, Estelle Valentine, and Mildred Wellons.

### Winterville Has Freak Animal

Elbert Smith has a white mouse (albino) in a cage at his service station in Winterville that is attracting much attention. White rats are plentiful, but white mice are a rarity. Ray Olesby, tobacco auctioneer, says the rodent is a possum; members of the Rabbit Club claim it is a cross between a rabbit and a possum. The diminutive animal answers to the name, "Plug."

# Salute to American Women

Molly Pitcher fired the cannon which turned the tide of battle back in 1778. In World War II women served in the armed forces. They worked in war industries. They sold bonds. They gave millions of hours of volunteer service to help mend the human destruction the war brought. Because the job of providing well-balanced family meals is woman's biggest task, we are proud that the bread we make, always fresh, tender-crust and delicious, helped to simplify meal preparation in so many patriotic American homes.

The war work which has been accomplished by the women of this community is indeed praiseworthy. It is a pleasure for us to pay tribute to their gallant service. We deem it a privilege to continue to serve them.

**By HAROLD CLAASSEN**  
 New York, Nov. 2—(AP)—Navy defeat Notre Dame tomorrow in a game which has forecast the season's prediction of this year's football games at an 800 pace the last Saturday's stumbling flight of 38 decisions.

Midshipmen, who haven't exactly impressive in any of five triumphs, are the selected to end a similar winning streak by Notre Dame. The Irish looked better in their triumphs with the clubs vanquished by except for Georgia Tech. Navy lost to the Middies, 20 to 6, dropping a 40 to 7 contest to the Bluffers. Still, Navy is predicted to triumph.

**her predictions:**  
 Mary's—Southern California: coast odds-makers have the six-point favorite but here it appears the Trojans triumph although Herzan Wever likely will be the best player in the field. Southern California.

**Minnesota-Michigan:** Fritz Cris teams invariably have trouble involving the little brown team. We like the Gophers on the ground.

**Wake-Georgia Tech:** Both teams taken them on all corners but Blue Devils' George Clark will get them a decision at Atlanta. Cornell-Columbia: Coach Ed McEver is reported saying his reconstructed team would lose to Yale. Columbia. It lost to Yale. Northwestern-Ohio State: The Wildcats were at their best against Purdue. Ohio State.

**Illanova-Army:** The Cadet Corp rushes into Michie Stadium at 10. The Cadet football team starts 15 minutes later. Army.

**Texas-Southern Methodist:** The Longhorns to rebound from their surprise 7 to 6 setback by Rice last week. Texas.

**Mississippi State-Tulane:** The Greenies are unpredictable but they appear strong enough to halt Mississippi State's string of wins. Tulane.

**North Carolina-Tennessee:** The Vols appear a couple of touchdowns stronger. Tennessee.

**Princeton-Penn:** Princeton is unbeaten, Penn has lost one. After Saturday night they will have identical records. Pennsylvania.

**Farwest:** Denver over Utah, Colorado over New Mexico, California over Washington State, Washington over Oregon.

**Middlewest:** Drake over St. Louis (Friday night), Indiana over Cornell College, Great Lakes over Illinois, Wisconsin over Iowa, Purdue over Pittsburgh, Marquette over Detroit, Missouri over Michigan State, Iowa State over Kansas State, Kansas over Nebraska, Oklahoma over Texas Christian.

**Southwest:** Rive over Texas Tech, Texas A & M over Arkansas, Baylor over Southwestern.

**South:** Georgia over Chattanooga, LSU over Mississippi, Auburn over Florida, Miami over Clemson (Friday night), Alabama over Kentucky, Virginia Military over Vanderbilt.

**Maryland over William & Mary,** Virginia over West Virginia, North Carolina State over VPI.

**East:** Rutgers over Lehigh, Rochester over New York University, Temple over Lafayette, Penn State over Syracuse, Yale over Dartmouth, Brown over Coast Guard.

## Strength FOR THE DAY

By EARL L. DOUGLAS

PERHAPS A BITTER WINTER. Great wars have frequently been followed by revolutions. Napoleon once wrote: "I am the signet which marks the page where the revolution has been stopped; but when I die it will turn the page and resume its own course." Bismarck also declared that the great questions of the day are not decided by speeches and majority votes, but by blood and iron. As we stand at the threshold of what promises to be a new world we wonder whether it will offer the sons of men good or evil.

Aristotle once wrote that revolutions are not about trifles but that they spring from trifles. Very small incidents among multitudes of cold and hungry people this winter may start bloodshed as great as anything we knew in the war. When nothing is to be lost from revolution and everything to be gained, they are quick to employ violence to gain their ends. There are a lot of centers of social instability in the world, and here great social forces may begin devastating operations, like cargo in the hold of a ship which has not been securely packed and begins pitching about in a storm.

It seems a dreadful thing that in the face of great opportunity, indifference and selfishness so often dull the human conscience to sleep and bid men forget not only their duties but their best self-interest. If we do the right thing, both to individuals and nations, all this will accrue to personal advantage in the long run.

supervision. Members of the grand jury were very much impressed with the excellent condition of the home and we commend the superintendent and his assistant for their efficiency.

The clerk of the Superior Court was asked by the jury to present to us a list of any orphans that did not have a guardian, and also for a list of any executor, executrix, administrator or administratrix that had not filed their annual accounting. The clerk advises that so far as he knows there are none, but due to pressing court matters he will be unable to make a check at this session of court.

Painted. That the County Board of Education give some thought and time to the procuring of additional equipment for the county garage; also, the possibilities of relocating the garage at a more advantageous point. We inquired why the buildings had not been painted and were told that it was due to the critical shortage of labor and materials. It is the opinion of this grand jury that the buildings be painted as early as possible. We were advised that additional equipment for the county garage had been purchased but delivery had never been made. We were also advised that the relocating of the county garage would not be wise or practical and this grand jury concurred in that opinion.

Recommendations:  
First. That all warrant forms, consecutively numbered, be furnished by the county to all justices of the peace and mayors' courts; that the use of warrant forms secured from any other source be prohibited and that all justices of the peace and mayors' courts be required to make monthly reports to the county auditor, which, along with other things necessary to report, shall require an accounting for all warrant forms which have been furnished to them.

Second. We urge and request that parents of children of school age see that their children are enrolled and regularly attending school.

Third. That the county auditor take the necessary action against those persons brought to the attention of the grand jury as being delinquent in listing their 1944 and 1945 taxes which will enable him to effect listing and collection of all such taxes.

In submitting this report, we wish to express our appreciation to His Honor, C. E. Thompson, Judge presiding, and the Hon. D. M. Clark, solicitor, and all court officers for the assistance rendered, and the courtesies extended to us during this term of court.

Mrs. R. J. Matlock Died Last Night

Mrs. Palmetta Taylor Matlock, 62, of Hookerton, died at Rex Hospital in Raleigh last night about 10 o'clock following an operation.

Funeral services will be held at the home in Hookerton Saturday afternoon at 3 o'clock.

Surviving are her husband, R. J. Matlock, of Hookerton; mother, Mrs. Agnes Taylor of Hookerton; two daughters, Mrs. L. H. Stocks and Mrs. J. I. Eagles, of Hookerton; two sons, R. J. Matlock, Jr., of Raleigh, and M. T. Matlock, of Greenville; and a sister, Mrs. N. F. Lovelace of Crisp, and three grandchildren.

A. J. Whichard, 74, Died This Morning

Alfonser James Whichard, 74, died in Pitt General Hospital this morning. Funeral services will be conducted at the S. O. Wilkinson & Sons Funeral Home Sunday afternoon at three o'clock by the Rev. D. W. Alexander, Free Will Baptist minister of Bethel, and burial will follow in the family burial ground near the home.

Surviving are a number of nieces and nephews.

Superfortresses

London, Nov. 2 (AP)—B-29 Superfortresses soon will comprise the major part of the United States occupational air force bomber strength in Germany, the British aviation magazine Aeroplane said today.

Five groups of Superfortresses, numbering about 250, will be moved to Europe as soon as runways are built to accommodate them, the publication reported in a dispatch from Germany.

Mrs. R. M. Hearne Died Early Today

Mrs. R. M. ("Miss Acca") Hearne, 85, passed away at her home, 302 Summit Street early this morning after several months illness. Funeral services will be conducted Saturday at 2 p. m. at the Jarvis Memorial Methodist Church by her pastor, Rev. Robert Bradshaw. Burial will follow at the Cherry Hill Cemetery.

Maacea Warren Hearne was born June 19, 1860 in Edgecombe County. Her parents were Sheriff Allen E. Warren and Lucinda Edwards Warren. She moved to Greenville in the early seventies when her father was elected sheriff of Pitt County.

For several years she taught school in Greenville, and Pitt County, with her sister, the late Miss Bettie Warren. She has been a member of the Methodist Church since 1872, and was one of the organizers of the Bright Jewels, which, in those days, was the leading children's organization of the Methodist Church.

Surviving are one son Edw. W. Hearne of Greenville, and one brother Olen E. Warren of Freeport, L. I. New York. Several nieces, nephews, great nieces and great nephews.

Active pall bearers are C. A. Plyler, J. B. Kittrell, Dr. K. B. Pace, Dr. S. M. Crisp, Herbert Waldrop, Sr., R. O. Moye, D. J. Whichard, Jr., and Joe Boyd.

Honorary pall bearers are the Board of Stewards and the Women's Missionary Society of the Jarvis Memorial Methodist Church and the employees of Belk-Tyler Company.

Plane Designer Says Bomb Is Over-rated

Tokyo, Nov. 2 (AP)—Major Alexander P. De Severly, warplane designer who is studying aerial bomb damage in Japan, said today he found nothing in an inspection of atom-bombed Hiroshima and Nagasaki "that indicates to me a radical revolution in the science of warfare to the point where we can dispense with the Army, Navy and Air Forces."

He told a news conference he failed to find any indication of primary fire caused by the bombs, and said they "fired the imagination more than they fired the cities." Most of the 60,000 deaths reported from Hiroshima, he said, resulted from falling parts of flimsy structure. The fire that followed the bombing, he added, was started by hot stoves.

Bus Order

Raleigh, Nov. 2 (AP)—An order which was published yesterday by the State Utilities Commission stipulated that: 1. No tractor-type buses may be used in North Carolina except when used in local emergency operations. 2. The passenger load of regular type buses is limited to not more than 50 per cent over seating capacity of the bus.

Cable Services

Sydney, Nov. 2 (AP)—The Sydney Sun said today in a dispatch from Melbourne that dominion governments were expected soon to acquire all existing cable services. An announcement that Australia has adopted this recommendation of the International Telecommunication Conference at London probably will be made by Prime Minister J. B. Chifley within a fortnight, the dispatch said.

Abolish Nazi Courts

Berlin, Nov. 2 (AP)—The Allied Control Council formally abolished the Nazi judicial system today and reorganized the German courts on the basis of the judiciary law of 1877.

Troops Arriving

Washington, Nov. 2 (AP)—Approximately 19,000 American servicemen are scheduled to arrive at two EastCoast ports today aboard 14 troop transports. At six west coast ports at least 11,500 troops are due to disembark from 22 ships.

Vigilance

Tokyo, Nov. 2 (AP)—Vigilance against resurgent Japanese who still dream of reconquest and revenge while outwardly appearing complacent, an Allied headquarters authority declared today, is more important at present than the rounding up of war criminals.

Unearthed Findings

New York, Nov. 2 (AP)—The New York Times said today in a dispatch from London that archaeologists have unearthed findings in Iraq which place the beginnings of

civilized mankind between 5,000 and 6,000 B. C., 2,000 years earlier than previous evidence had shown. The findings, which were made at Hassana, 400 miles north of Ur, the site of the civilization of Abraham were reported by Dr. Najil al Asil, director of Antiquities for the Iraq government and leader of the Iraq delegation to the United Nations Education Conference, the paper said.

Bitter Chew

Omaha, Neb., Nov. 2 (AP)—Some of the natives on Okinawa are learning the hard way that it doesn't pay to steal from the U. S. Army, an Omaha army physician relates.

In a letter to friends here, the physician in the Fifth Airforce stationed on the Pacific island, said some of them landed in a hospital because the "baking powder" they stole was DDT insecticide.

Migration Delayed

Raleigh, Nov. 2 (AP)—The North Carolina waterfowl season opened today with hunters outnumbering the ducks and geese in some sections. Prolonged mild weather in the North has resulted in delayed bird migration.
