Here's Nuernberg Court Room During War Crimes Trial

Participants and spectators crowd the court room of the Palace of Justice at Nuernberg, Germany, during the trial of foremost Nazi leaders on war crimes charges. The dock at lower right holds the men on trial. In the front row of the dock, top to bottom, are Hermann Goering, Rudolf Hess, Joachim von Ribbentrop, William Keitel, and Alfred Rosenberg. Rear row, top to bottom: Karl Doenitz, Erich Raeder, and Hjalmar von Schirach. Headphones supply translation of the proceedings. (AP Wirephoto).

Striking Steel Remains Serious

CIO Unions In Two Basic Industries—Steel And Automobile—At Grips With Management Over Postwar Pay Increase With No Settlement In Sight

Detroit, Nov. 29.—(AP)—Secretary of Labor Schwellenbach took a personal hand today in the nine-day-old General Motors strike which has idled 225,000 workers and stalled production in more than 70 plants.

Schwellenbach, who conferred with President Truman late last week on the GM strike, set in on a four-hour meeting with officials of the CIO United Automobile Workers at Washington yesterday.

The conference was called by Chief Federal Conciliator Edgar L. Warren, who announced later he and Schwellenbach would ask GM President C. E. Wilson to resume negotiations promptly with the striking union. There was no advance hint as to what Wilson's reply would be.

Warren told reporters he was "hopeful" of getting the two parties together again and of finding a common ground for discussion of the union's 30 per cent wage increase demand.

Strikers at General Motors Termosted division in Detroit appealed to President Truman to use "immediately the power and forces at your command to make General Motors officials negotiate settlement of our dispute by meeting with our representatives." In a telegram to the President the Termosted strike committee said a hands off policy "will only result in further stalling by General Motors and prolongation of the strike."

UAW-CIO President R. J. Thomas and Vice-President Walter P. Reuther said they were ready to meet with the GM management "any time, any place." Reuther added that GM would "have to be convinced" of the necessity of the meeting.

The Labor Department said Wilson had declined three separate invitations to the capital for talks with the conciliation service similar to those yesterday with the union.

Shortly after the widespread strike was called the union requested the corporation to resume wage negotiations "but that the situation is more acute than the situation."

General Motors turned down the proposal, accusing the union of breaking off negotiations by ordering the walkouts and of "lawlessness" in refusing to allow "salaried employes entrance into the struck plants."

The company also reiterated its refusal to consider its profits and prices a proper subject for collective bargaining.

The Ford Motor Co., also facing the 30 per cent demand, meanwhile pressed its counter-demand for "company security" with a definite proposal.

In its next contract with the UAW-CIO it suggested a provision entitling the company to deduct from union dues collected under the check-off system \$5 for each day or fraction thereof any union member who fails to pay dues.

The signs have seemed to me to indicate that in this general period (or I'm not trying to pin the thing down to an exact length of time) we shall encounter the paramount international problem upon which peace hinges. Among these, of course are the sharp and dangerous difference which have arisen among the Big Three, whose solidarity is synonymous with peace and security.

Now the corollary to this is that the quicker the new United Nations Peace Organization gets into action to help settle the difficulties, the better will be our chances of avoiding further conflict. With that thought in mind I've been making inquiries in circles of the preparatory commission which is getting things set for the meeting of the security organization assembly, and have found ready agreement with this thesis.

It is good to be able to report that there is a sense of urgency to get the organization going. Present plans anticipate the meeting of the general assembly the first week in January, and with this as an objective the preparatory commission has set out to finish its work by Christmas.

MARSHALL TO BE WITNESS

General Marshall Will Appear Before Investigating Group

Washington, Nov. 29.—(AP)—Gen. George C. Marshall will testify at the congressional investigation of the Pearl Harbor attack before leaving for China as President Truman's special envoy.

This was announced today by Chairman Barkley (D-Ky.) of the Senate-House group. Barkley read the following statement: "The committee has been officially advised that General Marshall will be able to testify before the committee prior to his departure for China. As soon as his schedule in this respect is definite, he will advise the committee in ample time to arrange for his testimony before he leaves the country."

Barkley added the comment that Marshall, wartime chief of staff for the army, "is just as anxious to testify before the committee as the committee is to hear him."

An army board which investigated the Pearl Harbor disaster noted that a December 7, 1941, clerical order which Marshall telephoned to General MacArthur in the Philippines was sent by commercial facilities to army commanders in Hawaii. It was delivered three hours after the Japanese attacked.

Senator Ferguson (R-Mich.) told reporters he had been planning a line of questioning for Max Hamilton, chief of the State Department's Far eastern division at the time of the December 7, 1941, attack.

Yesterday, however, counsel for the Senate-House committee announced that after brief testimony today by former Secretary of State Cordell Hull and a wind-up appearance of former Ambassador Joseph C. Grew the witnesses would be Maj. Gen. Sherman Miles and Vice Admiral Theodore S. Wilkinson. They were chiefs of army and navy intelligence at the time of Pearl Harbor.

Asked what he planned to ask the military men, Ferguson—who has been the committee's most persistent critic—said: (Continued on page four)

Insurgents Push Onward In Fight

Tehran, Iran, Nov. 29.—(AP)—Azerbaijani Insurgent forces, swerving suddenly in their push down the main railroad toward Tehran, apparently had abandoned today an attempt to march upon the Iranian capital itself, but Iranian government troops maintained a vigilant watch in the capital.

An official Iranian government communique said last night a small force of Azerbaijan was marching on the town of Resht, 15 miles from the Caspian Sea, after taking and then evacuating the town of Takistan. The Insurgents turned north-east toward the Caspian after reaching Takistan, the communique said, instead of continuing toward Kazvin—on the route to Tehran.

This means that our whole new peace organization will be functioning in a little more than a month if things move as well as expected.

Then the world's major problems, both political and economic, can come before the United Nations. Indeed, I heard it suggested yesterday that there might be an international trade conference by June.

One of the earliest questions to be dealt with by the assembly will be the control of atomic energy—a subject which is causing international heart-burnings that are smoldering but none the less dangerous. However, there is a wide range of problems which can come before the assembly for any issue which threatens international tranquility is ripe for the peace mill.

If this idea is pursued to its logical conclusion we may see the United Nations Organization dealing with some issues which heretofore would have been regarded as not international in character but as purely the business of the nation immediately concerned. Thus a civil war such as now exists in China might become the concern of the world at large since it certainly threatens the peace of more than China.

This doesn't mean that national sovereignty isn't to be respected. On the contrary, there seems to be a very positive determination not to intrude in the purely domestic matters of any country. It will be possible to get things done.

Let's all pull together and buy E bonds in celebration of Victory.

SURPRISE WAR GERMAN PLAN

German Plans For The Surprise War Against Austria Revealed

By WES GALLAGHER

Nuernberg, Nov. 29.—(AP)—German army plans for a surprise war against Austria and Nazi fifth column plots leading to German invasion of the little country in 1938 were placed today before the international military tribunal trying 20 Nazi leaders on war crimes charges.

Fat and not-too-happy Hermann Goering was described as the man who directed by telephone the blitz invasion of Austria after Austrian Nazis paved the way by deposing Chancellor Kurt Schuschnigg.

Goering became serious as Assistant U. S. Prosecutor Sidney S. Alderman read in detail transcripts of telephone conversations between Goering and Austrian Nazis on the days before and on the days of the unopposed invasion.

The records were found in the ruins of the Berlin Air Ministry building by Associated Press Correspondent Dan De Luce and given to the prosecution for evidence.

This highly interesting document allows us to live again in those grim days of Anschluss, Alderman declared.

Many of the telephone conversations were with Arthur Seyss-Inquart, Austrian Nazi leader and one of Goering's fellow defendants. The prosecution said the records clearly disclosed Nazi plotting to absorb Austria into the Reich.

Transcriptions of the telephone conversations were given to the prosecution for evidence.

The Best Of All Christmas Gifts

Washington, Nov. 29.—(AP)—World affairs took over Capitol Hill today.

Domestic issues played second fiddle in Congress, although the House was still agitated over flood control.

Congressional developments with an international aspect.

Foreign policy—The Senate Foreign Relations Committee prepared to hear Patrick J. Hurley explain in detail, perhaps Monday, why he resigned so suddenly and explosively as ambassador to China.

World peace—The Senate limped into the fourth day of its debate on U. S. participation in the United Nations organization. Thus far, lots of fiery speeches; lots of Senators absent; no voting.

Board Harbor—The Pearl Harbor committee sat down to hear a little more testimony from diplomats and then swung to the military side of those last nightmarish days before the Japanese struck.

Low Priced Furniture To Be Put On Market

Plan Is Announced Designed To Increase Production Of Relatively Low And Medium Priced Furniture

By MARVIN L. ARROWSMITH

Washington, Nov. 29.—(AP)—OPA today announced a plan designed to increase production of relatively low and medium priced furniture.

Scheduled to go into effect early next year, the program provides for manufacturers' price increases ranging from 4 to 30 per cent for roughly two-thirds of various types of home furniture each firm produced during March, 1942.

There has been no decision yet whether the public will have to pay more.

If all depends, said an OPA statement, on the outcome of conferences to determine how much of the manufacturers' increase, if any, can be absorbed by the wholesalers and retailers.

If cost absorption is required, the dealers' markups would be trimmed, but not to an extent that would cut profits below pre-war levels.

Whether or not complete absorption is required, OPA said, "consumers should benefit greatly by the program, since it will bring back to the market the low and medium priced furniture that largely disappeared during the war."

OPA said that from March, 1942 to September, 1945, prices householders paid for new furniture increased about 25 per cent, while the overall cost of living climbed 13 per cent.

Today In Congress

Washington, Nov. 29.—(AP)—The UNRRA bill has been described as a "must" by House Democratic leaders who want it passed before Congress takes a Christmas holiday.

It was not the only Democratic "must" bill under fire today from a combination of Republicans and Southern Democrats.

Another was the jobs bill. This measure, under the title of the "full employment" bill, was approved by the Senate on September 28, with several amendments.

Then the House Expenditure Committee held long hearings. President Truman criticized the committee for taking so long. Finally a subcommittee went to work and prepared a substitute which is reported to provide for federal efforts toward a "high level" of employment, instead of "full" employment.

And now, even this weaker substitute is having a rocky time of it in the full committee, with a strong portion of the group seeking to postpone House consideration of the measure until next year.

As for the debate now going on in the House a decision was likely today on whether to appropriate \$124,475,000 for assorted navigation and flood control projects.

TO WELCOME SANTA CLAUS

Here Tomorrow Afternoon 4 O'clock

By CHESTER WALSH

When Santa Claus comes to Greenville tomorrow (Friday) afternoon at 4 o'clock and will ride in a parade up Dickinson Avenue to Evans Street and thence to the Courthouse there will be only 20 more shopping days left until Christmas. Christmas comes on Tuesday this year—and this will be a merrier Christmas than any since the war started just before Christmas in 1941.

The streets will be decorated with greenery. Stores and store windows are bulging like Old Kris Kringle's pack with Christmas things—more than has been available in a long time. The Yuletide this year will mean more since the war has ended.

Santa Claus sent ahead of his visit a significant message to children and grownups which tells how Christmas will be happier for everyone if he or she will look about and find someone for whom they can add some Christmas cheer—especially by buying a gift for wounded or disabled ex-servicemen in military hospitals in this area. The Junior Red Cross will deliver the gifts.

The Christmas parade will begin (Continued on page six)

Widen And Improve Two Pitt Highways

By CHESTER WALSH

It won't be long now before the Pactolus road, about eight miles of it from Highway No. 11 to Pactolus, will be graded and paved, and the Farmville highway, from the Atlantic Coast Line Railroad tracks on Dickinson Avenue widened from 16 to 20 feet and resurfaced to Farmville. District State Highway Commissioner John G. Clark said today.

The State Highway and Public Works Commission in Raleigh yesterday awarded the contract for these two highways to the Brown Paving Company of Lexington. The cost of the two projects will be \$283,342.25. The bids require that the contractors be signed within 20 days.

Commissioner Clark said he was certain the bids would be signed and returned promptly and that he hopes preliminary work on improving the two highways will begin in about 30 days.

The commissioner had been working on these projects for some time and was gratified when the contracts were let. Incidentally, Clark was given some high praise down today for his alert interest in securing better highways and lateral roads for Pitt County and other sections of his district.

Senator Johnson (D-Colo.) told the Senate "we are drifting toward war with Russia with certainty and speed."

He said he'd like to see the U. S. stand up to Russia and say: "Brother, you haven't a thing on earth that we covet other than your cooperation, friendship and good will. But don't make the fatal mistake of pushing us around—we won't take it."

COMMITTEE TO FACE A DRIVE

Appropriations Committee Is Braced Against Increase Drive

By WILLIAM F. ABROGAST

Washington, Nov. 29.—(AP)—The House Appropriations Committee braced for a stand today against a drive to add another \$124,475,000 to a deficiency supply bill.

Chairman Cannon (D-Mo.) pleaded against adding to increases that already have boosted by \$182,820,000 that total funds provided in the measure. It started through the House Tuesday with an overall total of \$1,131,452,312.

Cannon told newsmen he saw little chance of stopping an amendment slated for consideration today which would add \$124,475,000 for navigation and flood control projects turned down by the committee.

The districts of several hundred members are affected by one or more of the projects, he remarked.

The committee-opposed amendment went into the bill yesterday. One added \$24,500,000 for temporary housing for homeless veterans and their families. The other tacked on \$158,320,000 for new hospitals and living quarters for the veterans administration.

Of this \$158,320,000 the sum of \$23,460,674 was for completion of the regular construction program proposed for the current fiscal year. Included was \$5,462,201 for 901-bed neuropsychiatric hospital at Salisbury, N. C.

The vote on both amendments was one-sided. They are subject to a roll call count on final passage, but Cannon said he did not intend to demand one. He explained that few members would care to be recorded in opposition to anything for the veterans and it would be a waste of time.

"This is plain demagoguery," Cannon told reporters. "It won't help the veterans and it won't help the hospital program, which is a long range program now being developed."

There already has been appropriated \$84,000,000 for hospitals and the Veterans Administration doesn't expect its peak load of patients until around 1970. There is no need to rush this thing through and up (Continued on page four)

Police Recovered Stolen Automobile

Police last night arrested James E. Anderson and William Boyd, Jr., Negroes, and charged them with the larceny of an automobile. They were trying to push the car off near the railroad underpass on Dickinson Avenue when Patrolmen Roy Harris and Jasper L. Mills and Marine MP Sgt. Bell accosted them to check the driver's license. Investigation revealed that they had the stolen car from Benny Nobles, Jr., 141 West Seventh Street, police said.

Anderson and Boyd will be tried in Police Court Friday morning.

President Says No Conferences

COMMITTEE TO FACE A DRIVE

Appropriations Committee Is Braced Against Increase Drive

By WILLIAM F. ABROGAST

Washington, Nov. 29.—(AP)—President Truman said today he saw no need for any more Big Three conferences if the United Nations Organization works as it should.

Asked at a news conference whether revisions in Allied control policy and machinery for Germany might require a meeting of himself, Generalissimo Stalin and Prime Minister Attlee, Mr. Truman said he was not in favor of special conferences.

He wants the United Nations to do the job he added, asserting, he remembers that the League of Nations was ruined by special conferences.

The President stated he hoped the United Nations would take over within the next 90 days all the problems previously worked out by Big Three meetings.

In his discussion of foreign policy Mr. Truman also developed these points:

1. He does not share either the fear which he said some persons in the country hold that Russia will not cooperate toward world peace and that Russia's policies will lead to war. He was very emphatic in declaring he did not share any such fears.

2. At a later date, the President will discuss fully the international situation, particularly as it involves efforts of the nations to cooperate for peace. The discussion may be at a news conference.

3. Negotiations, arms, peace, under way among the Allies ruling Germany for a revision of the Potsdam Declaration on Germany in some respects. Briefly the United States is seeking a modification of the arrangement which requires unanimous agreement among the government, Russia, France and Britain before decision can be made by the Allied control in Berlin. This effort at revision grows out of Byrnes' report on the possible failure of American aims and policies in Germany.

4. Gen. George C. Marshall, the President's special envoy to China, will leave for Chungking in three or four days and the instructions which he is finally given may be published. They are yet to be worked out, although Mr. Truman said that Marshall's basic job would be to carry out the policies which we have always had in China.

5. The resignation of Ambassador Patrick J. Hurley from the China post reached his desk formally only this morning, the President said. Hurley announced it two days ago with a blast at American "career" diplomats. Mr. Truman declined to comment on the Hurley criticisms.

A drastic revision of American policy on Germany is expected by diplomatic officials to result from Byrnes' report to President Truman on the potential failure of present German administration.

One result of any such change may be to eliminate to a great extent the "four big powers" (Continued on page four)

Washington, Nov. 29.—(AP)—Rain dipped all day from the low skies over the capital. It was a grey day, yesterday was the 105th day since Japan quit and the world suddenly went back to peace.

Ever since 1939 the tired world had looked forward, hopefully, to the end of war. There was great rejoicing when it ended. Men set out to build peace. Yesterday this was some of the news at home and abroad.

Famous Violinist at College Friday
Zino Francescatti, world famous violinist, who will play in the Wright auditorium on Friday evening, November 30, at 8 o'clock, has won fame on three continents and been associated with the greatest of modern musicians.

In 1938 he made a sensational South American tour with an orchestra directed by his friend, Jose Iturbi, who has since through success in the movies become a popular favorite. Previous to this time Francescatti had made an English tour with the great composer Maurice Ravel. A close friend of the Francescatti family is Robert Casadesu, the famous pianist, who dedicated his sonata for violin and piano to the violinist.

Madame Francescatti, who will be in Greenville with her famous husband, was a well-known violinist before her marriage. She accompanied the famous orchestra with which Francescatti has appeared in our country are the New York Philharmonic, the Chicago Symphony, and the Cincinnati Symphony. Francescatti has also appeared at the Salzburg festival under the baton of Bruno Walter.

Francescatti's wonderful technique has caused enthusiastic comments wherever he has appeared. A "fro on action" picture taken recently by Gou Mili, high speed photographer for "Life," showed Francescatti playing the glissando in the Paganini concerto, a rare x-ray shot of a sliding tone. The great violinist plays in the Paganini Perpetuum Mobile 2,800 notes in less than 4 minutes.

When he appears at the college on Friday night, the great violinist will use his "Hart" Stradivarius for the program, one of the finest instruments of its kind.

The first picture of the group was "Americans All" which was a splendid introduction to all Latin America, which describes the young people who live and work and play in our sister republics. An historical background was presented by fine animated maps. The second in the group was "Yucatan," an exciting and colorful travelogue to Mexico's eastern province, with narration by Charles Sackford, with superb musical background and glorious color photography. The third film was an introduction to Haiti which was delightful and entertaining, and contained a wealth of historical material, with its colorful people and unusual traditions. Points shown included Port au Prince, Cap Haitien, the palace of Henri Christophe, and the ruins of historical buildings. This was a most interesting and educational program especially as we realize today that future world peace depends greatly on how well the peoples of the various nations know and understand each other.

The hostess served a delicious salad course with coffee and fruit cake.

Tidal Wave
Bombay Nov. 29—(AP)—Thirteen persons were drowned today by a tidal wave which swept the beaches at Bombay.

The tidal wave was believed to be the result of the earthquake reported yesterday somewhere at sea. Observatory experts placed the

center of the quake in a sea at a point equidistant from Karachi and Bombay off Western India. The experts said the shock was one of the worst recorded here in 96 years. No earthquake damage was reported to any American installations in the Bombay area.

Slim Pickin'
Los Angeles, Nov. 29—(AP)—Mrs. Elva Haddow found her dog at the Humane shelter when she returned from a trip. Neighbors had complained that the animal was starving but that isn't the story Mrs. Haddow has to offer.

She paid a small boy to feed the dog. The boy had a pet duck and the duck with a fine disdain for the dog's rights, ate the food placed out for the dog.

"Bet You 65 Cents That Bron-chu-line Eases Your Cough"
or Bronchial Irritation Resulting from a Cold

One dose will give you quick unmistakable relief. A few more doses may be all you need and usually half a bottle does the trick or your druggist is authorized to refund the 65 cents you paid for it.

No dope—no sweet stuff—won't make you dizzy or upset your stomach, but Bron-chu-line will ease your cough. What do you bet? Relief is what you want and what you get.

Hudson-Moore
On Saturday evening, November 24, at eight o'clock, Miss Alice Elizabeth Moore became the bride of Mr. Charles Tucker Hudson in a beautiful candlelight ceremony solemnized in the Jarvis Memorial Methodist Church of Greenville. Rev. Robert W. Bradshaw, pastor of the church, officiated.

The church was simply but very beautifully decorated in white and green. Ferns, white gladioli, chrysanthemums and white candles combined to make a most effective whole.

Before the ceremony Mrs. G. B. W. Hadley, organist of the church, rendered a program of wedding music. Mrs. Jean Piggett, soloist, sang, "Through the Years," by Youmans and "Because" by D'Har-delot. At the conclusion of the ceremony she sang as a benediction, "Oh Perfect Love."

The bride's father, Mr. A. V. Moore, gave her in marriage. She wore a formal wedding dress of satin and net fashioned with a unique waist cut down the back, sweetheart neckline, long pointed sleeves, a very full skirt ending in a long train. Her veil of bridal illusion fell from a Juliet cap of seed pearls and had a short veil over her face. She carried a bouquet of white carnations centered with an orchid.

Miss Jane Rogers was maid of honor. She wore a dress of pale blue satin with full net skirt and carried a bouquet of pink carnations tied with satin ribbon.

Mrs. Ashley Hudson of Baltimore was dame of honor. Her dress of pink satin and net was identical to that of the maid of honor. Her bouquet, too, was of pink carnations.

Little Judy Anthony, small daughter of Mr. and Mrs. P. T. Anthony was flower girl. She wore a dress of pale blue net made in a similar way to that of the maid of honor and carried a nose gay of pink carnations.

Mr. Ashley Hudson of Baltimore, brother of the groom, was best man. The ushers were Andrew Tucker, Ray Oglesby, Vann Moore, brother of the bride and James Hudson, brother of the groom.

Mrs. Rex Porter, Mrs. Aubrey Taylor, Mrs. Fred Worthington, Misses Doris Brown, Mary Emma and Marquerite Hudson were honorary bridesmaids. Their dresses were of pastel colors and they wore pink carnations in their hair.

The bride's mother wore a dress of dusty blue with a shoulderette of red roses. The groom's mother wore

a dress of a deeper blue and wore red roses.

Mrs. Hudson is the only daughter of Mr. and Mrs. Asa Vann Moore of Winterville. She received her education in the schools of Winterville and Greenville, E. C. T. C. and Miss Hardbarger's Secretarial School in Raleigh.

Mr. Hudson is the son of Mr. and Mrs. Ashley Hudson of Greenville. He received his education in the Greenville City Schools and E. C. T. C. He has recently been discharged from the army after several years service overseas.

Mr. and Mrs. A. V. Moore of Winterville, parents of the bride, entertained at an informal reception immediately following the Hudson-Moore wedding.

Attractive arrangements of fern, white chrysanthemums and ivy were used throughout the home.

Mr. and Mrs. Ray Oglesby greeted the guests and introduced them to the receiving line which was composed of the wedding party and parents of the bride and groom.

Mr. and Mrs. B. H. Bostic received at the dining room door. Punch, toasted pecans, cake and bridal mints were served from a beautifully appointed table which was covered with an imported cloth of lace and centered with a crystal bowl of white gladioli, carnations and fern. White candles in crystal holders cast a soft glow over the scene. Mrs. T. I. Moore of Greenville, poured punch. She was assisted in serving by Mrs. Edna Loftin, Mrs. Fred Worthington and Miss Mary Emma Hudson.

Mr. and Mrs. Claude Christopher registered the guests in the brides book and directed them to the gift room.

Goodbyes were said to Mr. and Mrs. Rommie Mallison.

Later in the evening the bridal couple left for a wedding trip to northern points. For traveling the bride chose a green dressmaker suit over which she wore a fur coat. Brown accessories were used. Her corsage was an orchid from her wedding bouquet.

After December 1, Mr. and Mrs. Hudson will be at home in Greenville.

Mrs. Nannie Brown and Mrs. H. A. Hudson were joint hostesses at a cake-cutting at the home of Mrs. Brown following the rehearsal of the Hudson-Moore wedding on Friday evening, November 23.

The bride's table was covered with an imported linen cut work cloth and centered with a silver bowl of white pom poms and bride's roses.

A three-tiered wedding cake topped by a miniature bride and groom was placed at one end of the table. White tapers in silver candelabra cast a mellow glow over all.

The cake was served by Mrs. H. A. Hudson, mother of the groom.

Bridal ice cream was served by Mrs. A. V. Moore, mother of the bride.

Sue and Donald Tucker, niece and nephew of the groom, served nuts and mints.

NOW for
A Real Christmas!

Poor old Santa's had four pretty discouraging Christmases. All over the world, the boys were away from home, and all over the world their families were missing them like anything.

How on earth can you make a good Christmas for people when they're worried and lonely? No matter how hard he worked at presents to cheer them up, the one present that everyone in the world wanted was PEACE. And he couldn't do much about that.

When 1915 dawned, Santa said to himself: "We've just GOT to make it this year. This Christmas must be a good Christmas...with the boys safe, millions of them back home, and everything happy and cheerful again!"

So there he sat at the North Pole, looking down over the scene of battle... watching and hoping, and praying, like everybody else. He watched the battles over Europe—breathed a sigh of relief as D Day started the smash toward VE. Then came VE itself. But that triumph was tempered by what was going on around the other side of the world. How long would the Japanese war last? Gloomy predictions—one year, two years—outnumbered hopeful ones. And then, suddenly—and literally like a bolt from the blue—came VJ Day. The war was over!

So Santa rolled up his sleeves and went to work—to make this, in millions of homes, the best Christmas in the memory of man!

And we at Penney's, who have always been Santa's assistants in a big way, have been working like beavers to provide the things that will complete this merriest of Merry Christmases with gay, useful, welcome presents! Maybe not everything that everybody wants (even the best-intentioned Santas couldn't accomplish THAT!) but certainly enough for a wonderful Christmas!

Football

By MARION ALEXANDER
Chapel Hill, Nov. 29—Three triple-threats in the same backfield—that's all North Carolina has to stop when once-beaten, high-scoring Bowl-minded Virginia closes the season here Saturday at 2 p. m.
The Cavaliers' terrible threesome, which ranks with the most respected and feared combinations in Dixie, is made up of Charlie Ellis, Ray Brown and Jay Kennard.
Ellis, who is just averaging 130 yards a game, is said by Coach Frank Murray to be the "best T-quarterback in college today." Half-back Brown has replaced the departed Duda as high scorer with 10 touchdowns. Fullback Kennard, a Navy transfer, started several games for Duke last fall.
Carolina must be on the alert for a run pass, or kick from any slot at any time, for all three boys are triple threats, and indeed, Ellis' 634 season passing average and Brown's 46-yard punting average against Maryland last week rank right up with the best in the country.
Coach Carl Snaveley is worried how the Carolinas defenses, which held up so well against Duke's single wing power type attack, will function against Virginia's tricky T-system and dangerous triple-threat backs.
On the other hand, the Tar Heels' own offense has been clicking about the best of the season in intrasquad scrimmages this week, and all the signs point to a wide-open and probably free-scoring thriller.
The kickoff is set for 2 p. m., and the advance sales indicate that a crowd of over 15,000 will turn out to see the colorful Cavaliers, who are just averaging 31 points a game, square off with the fireball Tar Heels.
The ancient and traditional series, which is tied at 23 wins and 3 ties apiece, will be homecoming for Tar Heel alumni, and the extra features will include a half-time show by the Band and cheering section.
Among the others will be a gala parade and pep rally Friday night and the annual Carolina-Virginia

cross country run run at the game Saturday.
The Tar Heels are in somewhat better shape physically than they were for Duke. However, several players are still slowed up with minor hurts, and Coach Carl Snaveley will have to juggle his personnel accordingly.
On the credit side, several alternates or reserves have been coming along well last week and this and appear slated for increasing duty. These include Max Cooke, end; Stan Marcszyk, tackle; Bill Wardle and Bob Mitten, guards; Paul Rizzo, blocking back; and Jim Camp, wingback.

SITUATION TO BE SURVEYED

General Marshall Thought To Make Study Of China

Chungking, Nov. 29—(AP)—Lieut. Gen. Albert C. Wedemeyer, U. S.

commander in China, told newsmen today that he thought Gen. Marshall was being sent to China "to make a survey of the situation and make appropriate recommendations to the President concerning the future U. S. assistance—or military aid—to China."

"Few men in the United States, either military or civilian, are better equipped to evaluate a situation than Gen. Marshall. He has a fund of experience in international affairs and enjoys the respect of the President, Congress and the people of the United States," Wedemeyer added.

General Marshall is coming to China as special envoy, replacing temporarily at least the resigned U. S. Ambassador Maj. Gen. Patrick J. Hurley.

Chinese press dispatches meanwhile reported that Nationalists have halted their fighting advance toward Mukden, Manchuria, because Russians allegedly agreed to their peaceful entry later into that historic, industrially-rich city.

The dispatches said that Nationalists now are mopping up Chinese Communist resistance in the area between Shanhaikwan, Great Wall gateway to Manchuria, and Kowangtze, a rail junction about 90 miles below Mukden.

Another report said that Chinese Communists whose resistance to the Nationalist drive thus far has been sporadic, were digging in at Tahushan, on the Peiping-Mukden Railroad 25 miles northeast of Kowangtze.

The new Szechwan Daily, published by a group of Szechwan province financiers, said that several outstanding questions between China and Russia were approaching settlement.

He declared, however, there was "no immediate emergency in the American and British zones as long as current rations can be maintained."

Eisenhower Reports French Hampering

Frankfurt, Germany, Nov. 29—Gen. Eisenhower in a report released here today, criticized the French Government for hampering the Allied Control Council and urged early establishment of central German administration machinery.

Summarizing the situation in Germany in October, before he left to become chief of staff of the U. S. Army, Eisenhower cited the "potential dangers of unrest and disease this winter."

Consider Farming Road Contracting

Raleigh, Nov. 29—(AP)—"Farming" out of some contracts for betterment of county and secondary roads to private contractors is being considered by the State Highway and Public Works Commission.

The proposal, made yesterday at a regular meeting of the commission, was explained by Charles Ross, general counsel for the Carolina Road Builders Association. He said contracts are now ready with materials, machinery and labor to take over under contract a portion of the State's secondary road system.

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 13 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
