## Forty Years Ago Today

THE DAILY REFLECTOR  
January 22, 1906

This changeable weather is dangerous for pneumonia. The warm weather brought out some mosquitoes, but they will freeze if they stay out.

The devil seemed at large in Pitt county Saturday night; his subjects even staking ground in defiance of the law or fear of the court. The attempt to assassinate a merchant in Greenville, the murder of a constable at Farmville and the burning of a church in Aiden are dastardly acts that alarm people.

is thy loving kindness. O God! therefore the children of men put their trust under the shadow of Thy wings. They shall be abundantly satisfied with the fauness of Thy house; and thou shalt make them drink of the river of Thy pleasures. For with Thee is the fountain of life; in thy light shall we see light." (Psalms 36:7-9).

The lesson sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Life is Divine Principle, Mind, Soul, Spirit. Life is without beginning and without end. Eternity, not time, expresses the thought of Life, and time is no part of eternity. One ceases in proportion as the other is recognized. Time is finite; eternity is forever infinite. Life is neither in

nor of matter. What is termed matter is unknown to Spirit, which includes in itself all substance and is Life eternal." (Page 468).

**A. A. U. W. Meets**  
The Greenville Chapter of the American Association of University Women met in the new classroom building of East Carolina Teachers College last night at 8 o'clock. Miss Emma Hooper, president of the chapter called attention to the article, "A Time of Greatness" and stressed the necessity of educating against the belief that another war is a certainty.

The group heard Dr. A. D. Frank, director of the division of social studies of the college, speak on "Highlights of 1945. He spoke forcefully of the educational problems brought about by the atom bomb and jet propulsion; pointing out the need of deeper education in the social, Christian side of the individual.

The greater the inventions, the greater the problems brought about by our lack of adjustment to scientific progress," he said. "Man's capability to prevent war probably exists," he continued, "but man's will to prevent war is more doubtful." In conclusion he said, "Mere air service will not create world security."

It was announced by the program chairman that Dr. Ellen Winston, Commissioner, State Board of Public Welfare, would be the guest speaker on February 18. The meeting will be open to the public.

**Craft-Thaxton**  
Miss Minnie Belle Craft, daughter of Mr. and Mrs. William G. Craft of Greenville, North Carolina, became the bride of Lloyd F. Thaxton

of Atlanta, Georgia, January thirteenth. The ceremony took place at the Meadowbrook Presbyterian Church. Rev. Hayes Clark officiated, using the ring ceremony in the presence of close relatives and friends. Miss Margaret Anne Johnston of the East Carolina Teachers College, pianist, and Miss Josephine Gibson of the East Carolina Teachers College, vocalist, furnished the wedding music.

The bride wore an aqua gabardine street dress with black accessories and a shoulder corsage of pink roses. Mrs. Thaxton is a graduate of the Greenville High School and received her A. B. degree from East Carolina Teachers College, Greenville, North Carolina. For the past three years she has been a member of the Greenville postal service staff.

Mr. Thaxton is the son of Mrs. Birdie N. Davis of Atlanta, Georgia. He has been recently discharged from the United States army. He served 42 months, 30 of them consisting of overseas duty in various parts of the Pacific war zone.

Mr. and Mrs. Thaxton will make their home at Number 22 Corbett Street in Sumter, South Carolina where Mr. Thaxton is employed as accountant for Swift and Company.

**Dates Announced For Legion Event**

Dates for the ninth annual oratorical contest sponsored by the American Legion in North Carolina have been announced by L. Bruce Gunter, Wake County chairman. The date set for Pitt County's Legion event is March 16.

The county contestants will be selected from the high schools throughout the county in contests to be held prior to March 9. The winner from each school must be reported to J. R. Worsley not later than March 9.

Any boy or girl enrolled in the ninth, tenth, eleventh, or twelfth grades of any accredited school of North Carolina for the period of 1945-46 is eligible to enter the contest. The school contests will be directed by the principal or some person designated by him. Detailed information will be furnished the principal of each school upon request, and each student is urged to bring the contest to the attention of its students and to urge them to enter.

The contest is on the United States Constitution, and this year's subject is "the privileges and responsibilities of American citizenship."

"This subject," Mr. Worsley says, "is of more importance than ever before at this particular time, and our schools should avail themselves of the opportunity to impress the matter of American citizenship on the students."

Individual schools are requested to offer prizes for the winner in each school. A prize will also be awarded the county winner, as will be the case in the district division, and statewide contest.

**The Nation . . .**

(Continued From Page One)  
Some Homestead storekeepers had donated coffee, milk and sugar and even stoves upon which to cook the coffee. Someone donated the use of an empty store. The coffee was made there and taken to the pickets.

The local union leaders in their headquarters building stayed busy on the phone, being sure there would be pickets available 24 hours a day or settling details which suddenly rushed down upon them.

Squads of strikers stood around inside the union building, men who had worked side by side for years and now were talking about the strike and the future was not clear to anyone.

Big signs told them to be sure to sign up next week for unemployment pay. They would, of course. In Pennsylvania they can get unemployment pay after five weeks of striking. The money will come in handy if the strike lasts that long.

But in talking to the big men and the little men in the CIO one thing seemed certain: They intend to keep on strike till they get the raise they wanted, 18 1-2 cents more an hour.

royal rights.  
The palace, of course, is filled with beautiful tapestries, said to be the biggest collection in the world. There are about 2,000 of these, dating from the 15th Century. Volumes could be (and have been) written about these and other wonders of the "Palacio Real," which include the room constructed of priceless porcelain and the huge banquet hall with its 100-foot long table.

However, this column has space for only one other item. In a private music room we discovered a player-piano, which an old servant of the royal family told us was used 15 years ago by the two princesses—now grown up. Beside the instrument is their stack of music rolls, and many of these were popular American music of that time—"Old Fashioned Girl," "Everybody Loves My Baby," and a lot more.

These days some of the offices of the palace are occupied by government bureaus and the state rooms are used for ceremonial functions like banquets.

**Strength FOR THE DAY**  
By EARL L. DOUGLAS

LIFE MEANS STRUGGLE  
One of the weakest and most corrupt monarchs that ever sat on a throne was Louis XV of France. From early youth until old age he was a notorious sensualist. He saw his nation drifting into revolution and decline, and his only reaction to this alarming state of affairs was a shrug of the shoulders and the statement, "After me, the deluge."

Louis had been a delicate child who was spared every exertion and always given his own way. He grew up, therefore, with a completely untrained character. He was given everything he wanted in childhood; when he reached manhood, he saw no reason for saying No to any of his desires.

Parents today often indulge in silly talk about giving their children advantages, by which they mean letting the dear little barbarians do only what they want to do. But this sort of thing of course never helps any child. We are made for struggle, and wise parents will always teach children how to endure hardship and fulfill certain undesirable duties. Nothing will kill a baby chick more certainly than to relieve it of the responsibility of pecking its way out of the shell. The salmon, casting themselves against the rapids of the Columbia River in their effort to get back to their original spawning beds, make one realize that nature takes the necessity for struggle quite seriously.

**Belie Lamm Will Be Missed In Greenville**

By CHESTER WALSH

Belie Lamm, of Wilson, who was manager of Bissette's Drug Store here nearly three years while Charles B. Bissette was an officer in the United States Navy, went back to Wilson Monday to resume his place with Bissette's Drug Store there. Mr. Bissette recently received his honorable discharge from the navy and has resumed management of the local store.

Incidentally, Belie Lamm was a valuable citizen in Greenville and popular, took part in nearly every community and war time project, successfully managed the local store, and made a warm place in the hearts of the people of Greenville. He was president of the Junior Chamber of Commerce and active in other groups. His wife took an active part in religious and educational and other community affairs and is a beloved "commander-in-chief" of the Lamm household, which includes their son, Barry Lamm, not yet in his teens.

While Mr. Lamm was manager of the store here he underwent amputation for appendicitis, and for some weeks Paul Bissette of Wilson took charge of the Greenville store. His interest in local and state affairs has made his name prominent in North Carolina.

**Girl Claims To Be Hitler's Daughter**

Herford, Germany, Jan. 22.—(AP)—British authorities are holding an attractive 18-year-old girl, Gotelind Tortensen, who asserts that Hitler was her father.

During numerous interrogations since her arrest in the Magdeburg area, she has insisted that her mother was a Swedish actress who was Hitler's mistress in the late 1920's.

She said her mother and Hitler met frequently in Vienna and that her mother now is dead.

The girl is an ardent Nazi with a violent hatred for Americans and British. She is being held in an internment camp near Paderborn as a security suspect.

She asserts that she was employed in the Reich Chancellery as a secretary, that Hitler saw her every day and treated her affectionately as his daughter.

The cause for which he fought so valiantly is bequeathed to the American public. The fight is not yet won. We must reinforce our strength and increase our effort until final victory is achieved.

Plans for the March of Dimes ball, have been completed and will be held February 1st, at the college. Hal Thurston's well known orchestra will furnish the music for dancing. Mr. Dan Vornhold of the college will have charge of special features from the Music Department.

The Russians were playing "tit for tat"—introducing many complaints against the British to balance the Iranian protests against alleged Russian interference in Northern Iran.

The spokesman said emphatically that the British had nothing to do with the filing of the Iranian complaint.

Athens, Jan. 22.—(AP)—Premier Themistocles Sophoulis said today "British military forces are in Greece with the full consent of the Greek government and in earnest collaboration with it in maintaining order."

This assertion by the head of the government was the first official Greek reaction to Russia's request to the United Nations Organization to give early consideration to the situation in Greece.

The Russians maintained that the presence of British troops in Greece represented interference in Greece's internal affairs.

Sophoulis spoke in reply to an Associated Press request for a statement outlining his position in the matter.

The Georgian told a reporter that when he and his Dixie colleagues finish, "the public will understand what's in this bill."

The fact-finding bill, another item high on the administration program, reached its first congressional test with a showdown vote in the house labor committee.

Republican members of the committee lined up in an effort to strip the proposed legislation of the 30-day cooling-off period provision, and the authorization giving fact-finding boards access to company books.

Short said that when he took command at Hawaii he learned from Lt. Gen. Charles D. Herron, his predecessor, that General Marshall had "definitely indicated his intention to direct personally any genuine pre-war alert."

He contended that Marshall had ordered and "supervised" an all-out alert on June 17, 1940, adding: "It was my expectation that if the chief of staff once again had information causing him to expect a 'trans-Pacific raid' against Oahu, he would follow the course he had set previously as an example."

An Inspiring Example Of  
Achievement Despite Handicap

Because Franklin Roosevelt himself had long suffered from infantile paralysis, he was zealously devoted to extending research toward completely conquering the disease . . . and to the Warm Springs Foundation whose facilities can aid those already stricken. The man who became president in the face of so great a handicap appreciated all the more the value of completely restored health, and the need for an institution which would make necessary therapy available to all. Until infantile paralysis smites someone dear to you, you cannot realize how tragic it is. May you never know! But to help those whom it has already claimed, give generously . . . Join the March of Dimes.

## Phantoms Defeat Pirates To Meet Roanoke Rapids Greensboro Team

The Green Phantoms swept a double-header from the Roanoke Rapids Yellow Jackets here Monday night at the High School gym as the varsity won easily by a 39-21 score and the juniors eked out a low scoring 12-10 victory.

It was the Phantoms fourth conference win in as many starts and the sixth victory of the season.

Billy Harrington was again all over the court for the Phantoms, excelling in floor work and point-making as well. He tossed in 12 points to lead Greene scoring.

The Phantoms were still off on their shot, but didn't have much badly-vid 8-g. trouble scoring 39 points against a much weaker team. Roanoke Rapids scored the first basket, but their lead was short-lived as the Greens came back to take a 11-5 lead by the end of the first quarter and go on to a 20-6 advantage by half time.

In the second half Roanoke Rapids was able to chalk up 15 points, six of these made on the second string, and held the Phantoms to 19. Warren, Roanoke Rapids center, was the whole show for that club and literally kept them in the game. He scored 10 of their 21 markers.

J. T. Willis followed Harrington's 12 points with 11 markers scored from his pivot position. Willis added six points to his total and Henry Turner got four. Mac Batchelor and Jimmy Futrell scored three and two markers, respectively.

Starters for Greenville were Jimmy Futrell and Ed Williams at forwards; Billy Harrington and Mac Batchelor at guards and J. T. Williams at center.

The E. C. T. C. Pirates will meet the Greensboro ORD basketball team tonight at 8 o'clock in the Wright Building. The ORD squad is composed of professional and college all stars from some of the best teams in the United States.

To date, they rank about number 10 in the nation's basketball team ratings. The E. C. T. C. boys were handed their second loss at the hands of the "Hawks" and will be out for revenge.

There will be a preliminary game between the Junior Varsity Outlaws and Bethel High School.

Probable starting line ups are:  
Parker, Jessie F Shannon  
Moye, Charles F Demitros  
Farker, James C McColloch  
Moye, Blaine G Williams  
Jones G Poja

## Hold Autopsy Case Sudden Death Baby

Coroner Griffin H. Rouse, investigating the sudden death of the three-month-old infant of Mrs. Ada Ruth Frizzle of near Ayden, had an autopsy performed and sent the child's stomach to Duke Hospital in Durham for examination. It was erroneously stated in yesterday's report of the death that the mother was colored. This correction is freely made. Mrs. Frizzle reported to Ayden authorities that when she returned from Maury to her home with the child she found it was dead.

An inquest will be held after further investigation, the coroner stated. No charge has been made against the mother and she is a liberty.
