Unanimous Vote On Atom Control

United Nations General Assembly Votes 47 to 0 For Creation Of Special Atomic Energy Commission; World Security Council To Meet Tomorrow To Consider Complaints Involving Iran, Greece And Indonesia; Secretary Byrnes To Return To U. S.

London, Jan. 24.—(AP)—Secretary of State Byrnes left London by plane for Washington today.

London, Jan. 24.—(AP)—The United Nations General Assembly voted unanimously today for the creation of a special atomic energy commission, urged by U. S. Secretary of State James F. Byrnes.

The action came after little more than an hour of discussion during which both Byrnes and Chief Soviet Delegate, Andrei Vishinsky, urged prompt action.

The vote was 47 to 0, with four nations abstaining.

Almost simultaneously the World Security Council announced that it would meet tomorrow to consider the complaints involving Iran, Greece and Indonesia.

The complaints, proving the basis for the first major tests of the UNO's machinery to settle disputes, will be considered at 3 p. m. (10 a. m. EST).

Byrnes, who came to the UNO meeting primarily to work on creation of the atomic commission, planned to leave within a matter of hours—probably today and certainly tomorrow, American officials said.

The commission would have no power to compel the United States or any other country to disclose any of its atomic energy production secrets or disclose how the atomic bomb is made, according to interpretations given by Byrnes.

It will be composed of representatives of the 11 nations on the Security Council and Canada, and will be responsible to the council for its work and policies.

Byrnes opened the general debate on a proposal already approved by the assembly's political and security committee, to create a special commission to devise controls to prevent destructive use of atomic energy.

Byrnes opened the general debate on a proposal already approved by the assembly's political and security committee, to create a special commission to devise controls to prevent destructive use of atomic energy.

The sub-chasers will be dispatched to New Orleans early next month to complete the exchange, which was arranged during the San Francisco conference, these sources added.

About Five Hundred Injured In Rioting

Bombay, Jan. 24.—(AP)—Bombay faced another night of disorders tonight after a riotous day in which police repeatedly fired on bands of demonstrators in futile efforts to restore order.

First outbreak of violence today occurred when police fired three times upon huge stone-throwing crowds following the funeral procession of a Hindu victim of yesterday's bloody riots. By nightfall, tension was growing, and the toll of dead and injured mounted.

A police bulletin said twenty-five persons were wounded by gunfire during the day, bringing the number of wounded in two days of disorders to nearly 500.

The NATION TODAY

By James Marlow

By ROBERT GEIGER (Substituting for James Marlow) Washington, Jan. 24.—(AP)—The government calls its war-born insurance one of the greatest bargains in the world. Yet only one out of five servicemen keeps his policy in force after discharge.

The Veterans Administration, believing the percentage too low, announced today it will place insurance teams in discharge centers to collect premiums and encourage veterans to keep their policies.

Ninety-five per cent of all servicemen bought policies during the first World War. The government received 18,378,000 applications for \$143,000,000 worth of insurance. The total of applications exceeds the number in service because some policies were changed from time to time.

Officials said the peak figure for insurance actually in force probably was reached in September, 1945, when it stood at about \$120,000,000. They estimated this may have dropped to around \$90,000,000 today.

This still makes the government by far the largest insurance com-

CLOTURE RULE MAY BE USED TO END FIGHT

Filibustering Senators Face Petition For Limitation On Debate

Washington, Jan. 24.—(AP)—A poll by administration aides showed today the Senate will refuse to break the week old FEPC filibuster by applying its so-called "gag rule."

Nevertheless, Senator Mead (D-NY) said an effort will be made to present a cloture or debate-limiting petition today. He conceded the vote would be close.

Results of the poll, disclosed to a reporter, showed "more than 36" senators lined up against any step to force an end to the debate which has gone on and on since the measure to set up a permanent fair employment practice commission was called up unexpectedly a week ago.

Four or five other senators were counted as "probably opposed" to cloture.

Application of the seldom used rule requires a two-thirds majority of those voting. Thus 33 "No" votes would suffice to prevent adoption of the rule even if all 96 members were present.

However, four senators are out of the country, and several others are ill or away from the capital. Mead told newsmen his side needs 60 votes to assure victory, and that he had counted about 50 favoring the bill.

Only 16 senators need sign the cloture petition, and there was no doubt that number could be obtained with ease. The question of cloture debate would be voted upon two days after presentation of the petition.

If the "gag rule" were adopted, no senator could speak more than one hour in all on the pending bill.

There was considerable doubt, however, whether a cloture petition would be in order under the present parliamentary situation. The Southern filibuster technically is grounded not on the FEPC bill itself, but on a series of motions to correct the journal of last Thursday's proceedings.

Eisenhower Calls For 250,000 Men

Washington, Jan. 24.—(AP)—General Dwight D. Eisenhower's call for 250,000 new draftees by July 1 won a conditional endorsement today on Capitol Hill.

The special senate investigators of the demobilization temper reported that prospective selectees plus volunteers could ensure the 1,500,000-man army which Eisenhower insists is essential to carry out commitments after mid-year.

The army chief of staff emphasized that he testified before the inquiry that only if the lagging draft "is able to provide the 50,000 men per month we are asking for will the 1,500,000-man army be guaranteed under our present discharge policy."

Leask said that when he was transferred to San Francisco on December 10, 1941, he found three radar towers lying on an open pier there. It was not until several weeks later that he received instructions from Washington to ship them to Honolulu immediately, the telegram said.

Short told the committee the army had hired experts from the Radio Corporation of America to help install radar equipment on the mainland.

"When it came to Hawaii," he said, "it was just a question of the officers digging out what information they could and putting it together. It looked like the War Department was more interested in developing radar on the main land (Continued on page four)

"The percentage of people keeping their policies after World War II is about double that of World War I," Harold M. Breining, assistant Veterans Administration in charge of insurance, said in an interview.

"We are opening this campaign to sell the policy at the time the discharge is made because we believe it a good investment. There will be a Veterans Administration representative or team in most separation centers to explain the advantages of retaining the insurance in civilian life and to collect premiums in advance."

The soldier will be approached at a psychological moment, when he has his discharge pay in his pocket, Breining says the life insurance association of the United States and the American life convention, representing about all life insurance companies, approve the government program.

Only a third of the annual number of poems was submitted at the annual imperial poetry party today.

"Snow on the Pine" was the theme. Emperor Hirohito's poem read:

"Man should be like the manly pine that does not change its color though bearing the fallen snow."

Held under century-old rites at the imperial palace, the party drew 14,262 poems.

Shelter And Heat For Pickets

Under a ramshackle lean-to with salamanders for heat, pickets keep a watchful eye on the idle Carnegie-Illinois steel plant at Pittsburgh, Pa., one of many mills closed by the strike of CIO workers. Snow and cold weather keep these pickets close to their shelter and fire. (AP Wirephoto).

Epochal Experiment To Be Held In Jap Atoll

"Operation Crossroads" To Test Effect Of Atomic Bombs On Guinea Pig Fleet Of 97 Vessels

By WILLIAM A. KINNEY Washington, Jan. 24.—(AP)—The Navy raised the curtain today on its plans for testing the atomic bomb against a great armada of fighting ships—an experiment expected to revolutionize sea warfare.

A guinea pig fleet of 97 vessels, ranging from carriers and battleships, submarines and transports to an assortment of smaller craft such as landing ships, will be the atomic target in the vast operation to start in May.

The laboratory selected is the anchorage of Bikini Atoll, one of the northernmost of the Marshall Islands which were wrested from Japan by amphibious assault two years ago.

Vice Adm. W. H. P. Blandy, head of the Navy's Division on Special Weapons, ticked off for the Senate Atomic Energy Committee these details of the epochal experiment, known by the codeword "operation crossroads."

1. In the target fleet will be 50 operating ships—two aircraft carriers, four battleships, two cruisers, 16 destroyers, eight submarines and 15 transports from U. S. fleets, plus a German heavy cruiser, a Japanese battleship and light cruiser—and 47 of other craft such as landing ships.

2. The undertaking "is not a combined or international operation, but rather a scientific experiment by the United States government alone." The question of permitting foreign observers has not yet been decided. (Continued on Page Five)

GENERAL GETS NEW WITNESS

Short's Testimony Confirmed By Signal Officer

By J. W. DAVIS Washington, Jan. 24.—(AP)—Maj. Gen. Walter C. Short said today that the war department delayed setting up radar in Hawaii in 1941 while it completed installations in New York City, Seattle and San Francisco.

Short's charge was bolstered when he read to the Pearl Harbor Investigating Committee a telegram he said he had received yesterday from Waterloo, Iowa, signed by Maj. George D. Leask of the Army Signal Corps.

Leask said that when he was transferred to San Francisco on December 10, 1941, he found three radar towers lying on an open pier there. It was not until several weeks later that he received instructions from Washington to ship them to Honolulu immediately, the telegram said.

Short told the committee the army had hired experts from the Radio Corporation of America to help install radar equipment on the mainland.

"When it came to Hawaii," he said, "it was just a question of the officers digging out what information they could and putting it together. It looked like the War Department was more interested in developing radar on the main land (Continued on page four)

Minimum wage—Members of the senate labor committee reported it had turned down two substitutes proposing an increase in the national minimum from 40 to 55 cents an hour. The administration wants to go up to 65 cents now, then to 70 and 75 cents in the next two years.

Pearl Harbor—Maj. Gen. Walter C. Short, army commander in Hawaii when Japan struck, declared to congressional investigators that: "The war department installed radar in New York City, Seattle and San Francisco in 1941—but not in Hawaii. Gen. Douglas MacArthur in the Philippines had much more secret information about Japanese intentions than Short did late in 1941."

The house committee on Un-American activities voted to bring contempt charges against Miss Helen R. Bryan, executive secretary of the joint Anti-Fascist refugee committee of New York City, on grounds

she refused to produce requested records. The committee attorney told reporters either Speaker Rayburn or the house itself could refer the charges to a district court for presentation to a grand jury.

Congressional defenders of organized labor lined up today behind a plan to cool off the drive for legislation restricting union activities by turning some of the heat on management.

Rep. Biemiller (D-Wis) touched things off earlier in the week. He made a speech declaring U. S. Steel could have netted \$200,000,000 a year by accepting President Truman's wage compromise. He said the corporation would have gained \$200,000,000 annually in income from a \$4 a ton price boost, while paying out only \$180,000,000 more in wages under an 18 1/2 cents an hour boost for striking CIO steelworkers.

Some of Biemiller's colleagues said the figures came from the White House.

MEAT WILL BE HELD TO OPA RETAIL PRICES

Government Seizure Of Packing Plants Will Not Boost Meat Prices

Washington, Jan. 24.—(AP)—The government promised the nation's housewives today that federal seizure of meat packing plants will not boost ceiling prices for steaks and chops.

Secretary of Agriculture Anderson said all meat products will continue to be sold under present OPA retail ceilings after his department takes over operation of the struck meat plants where 263,000 CIO and AFL workers have been made idle by a wage dispute stirred much speculation whether the administration might resort to similar action in other current major strikes. The White House had nothing to say on that topic.

Otherwise the country's critical labor picture showed few important changes. However, effort to resolve the wage dispute of 650,000 shipyard workers by means of a compromise proposal were being studied, with the possibility of a decision during the day.

The most important question for women who do the country's marketing and cook its meals still was whether federal operation of struck meat plants would restore a normal flow of meat to their neighborhood butcher shops.

No one yet knew the \$64 answer to that one.

The reason was that approximately two-thirds of the striking meat men—some 193,000 CIO unionists—withheld any pledge to the government that they would return (Continued on page four)

Girl Scouts Will Help March Dimes

Greenville Girl Scouts will conduct a "Tag Day" next Saturday for the benefit of the National Infantile Paralysis Foundation. They will sell tags for a dime each, or as much as one is willing to give for a worthy cause and the giver may sometime benefit by the gift if the "great crippler" should attack them. Money donated to the March of Dimes fund is used to provide hospitalization, medical attention and equipment to treat persons afflicted with the dread disease and for research work for controlling the affliction.

The following Girl Scout troops will sell March of Dimes tags: Numbers 1, 4, 8, 9, 10, and 12. The Girl Scout office at the City Hall will be open Saturday from 9 until noon and from 2 to 4 o'clock.

No Bottle, No Milk, Say L. A. Dairymen

Los Angeles, Jan. 24.—(AP)—No bottle, no milk, dairymen decreed the other day, trying to force the housewives to return empties to stores.

It's illegal, replied the OPA yesterday, because there was no such provision in 1942.

But the dairymen voiced defiance today. Said Clarence Fryk, industry spokesman: "The bottle for bottle method is the only way we can continue to deliver milk and we are going to keep on doing it. We consider the health of thousands of babies more important than OPA regulations."

TODAY IN CONGRESS

A Review Of Your Government In Action

Washington, Jan. 24.—(AP)—Congress learned today the plans for a spectacular test to find out what atomic bombs will do to warships.

Vice Admiral W. P. Blandy, who will run the show next May at Bikini atoll in the Marshall Islands, told the senate atomic committee the bombs will be dropped on 97 fighting ships, from battlewagons to landing craft.

In other congressional committees: Hawaii—a subcommittee proposed that the full house territories committee "give immediate and favorable consideration" to legislation making Hawaii the 49th state.

Minimum wage—Members of the senate labor committee reported it had turned down two substitutes proposing an increase in the national minimum from 40 to 55 cents an hour. The administration wants to go up to 65 cents now, then to 70 and 75 cents in the next two years.

Pearl Harbor—Maj. Gen. Walter C. Short, army commander in Hawaii when Japan struck, declared to congressional investigators that: "The war department installed radar in New York City, Seattle and San Francisco in 1941—but not in Hawaii. Gen. Douglas MacArthur in the Philippines had much more secret information about Japanese intentions than Short did late in 1941."

The house committee on Un-American activities voted to bring contempt charges against Miss Helen R. Bryan, executive secretary of the joint Anti-Fascist refugee committee of New York City, on grounds

she refused to produce requested records. The committee attorney told reporters either Speaker Rayburn or the house itself could refer the charges to a district court for presentation to a grand jury.

Congressional defenders of organized labor lined up today behind a plan to cool off the drive for legislation restricting union activities by turning some of the heat on management.

Truman Says Industrial Strife Is Power-Try-Out

Murray And Aide In Pittsburgh

Philip Murray (right), president of the CIO's United Steel Workers, and David J. McDonald, secretary and treasurer of the union, confer in Pittsburgh, Pa., during a press conference regarding the steel workers' strike. (AP Wirephoto).

Asserts Both Management And Labor Have Far Too Much Power To Injure Public Interests; "It Is Necessary for The Government To Assert The Power Of The People"

Washington, Jan. 24.—(AP)—President Truman said today much current industrial strife was a contest for power between management and labor—both of which, he said, have too much power.

The public interest, he added, demands settlement of the steel strike on the basis of his 18-1-2 cents wage increase proposal.

Mr. Truman said, however, that he did not intend to seize the steel industry at this time although he did not rule out that future possibility.

It was necessary for the government, Mr. Truman said, to assert the power of the people in preventing strikes against the public interest.

Asserting that both management and labor have too much power, the President declared much of today's industrial strife is merely a tryout for power and added it was necessary for the government to assert itself, to assert the power of the people.

The President said, under questioning, that he has done everything he could to settle the steel strike in the absence of legislation supporting his fact-finding and "cooling off" procedure. The steel strike, he continued, is not in the public interest.

The public interest requires that the steel industry settle its dispute with the CIO steelworkers' union on a basis of the increase he suggested.

A reporter asked what he meant in saying the government should assert itself further in labor disputes.

The President replied he had asked Congress for legislation it did not seem fit to give him.

At the present time, the President said, he didn't see how the steel workers could return to their jobs unless the management accepted his proposal.

Asked about a proposal by Benjamin F. Fairless, president of U. S. Steel, that he call an all-management conference on wages, the President said he was always ready to talk to business leaders.

However, he added, the best thing Fairless can do is to send word that he accepts the White House proposal for settling the steel strike.

Mr. Truman said he thought it was not practical to seize the steel industry at the present time. He would not say the industry would not be seized eventually if the strike is prolonged, however.

He also said that the striking (Continued on Page Four)

Federation Plan Is Gaining Popularity

Plan For World Government, Dream Of Greenville Man, Is Ratified By Fourteenth State

(Special To The Reflector)

Atlanta, Ga., Jan. 24.—By unanimous vote in both houses of the legislature, the Georgia General Assembly passed today a resolution approving the World Federation, making it the fourteenth State of the Union to ratify this document, which was first passed by the General Assembly of North Carolina in 1941.

The Georgia Legislature likewise requested the delegation from Georgia in Congress to vote for a congressional resolution approving the principle of World Federation and requesting the President of the United States to initiate the procedure leading to the establishment of a Federation of Nations by evolving the United Nations Organization into a world law-making body.

The resolution which was sponsored in the Senate by Frank Gross, President of the Senate, and in the House by Speaker Roy Harris, had the solid backing of influential citizens throughout Georgia, representing the business, professional, educational and religious leadership of Georgia.

The World Federation plan originated with Robert Lee Humber of Greenville. It was first announced at a meeting of distinguished North Carolina citizens at Davis Island before the United States entered World War II. The North Carolina Legislature adopted it in full, some states approving the World Federation plan in part. And now the great State of Georgia has adopted it. The World Federation plan's author, distinguished international lawyer and world traveler, winner of a Rhodes Scholarship, and an outstanding scholar and philosopher, has addressed the general assemblies of every State in the Union.

The World Federation Plan provides for a world law-making body similar to the United States, but international in its scope, with every nation—the smallest and the largest—represented (Continued on page four)

MACARTHUR IS INTERVIEWED

Premier Shidehara Confers With General Today

Tokyo, Jan. 24.—(AP)—Premier Shidehara conferred with General MacArthur for more than an hour and a half today on undisclosed matters.

Elsewhere the Japanese cabinet was reported agreed to leave the status of the emperor virtually unchanged in a proposed constitutional revision.

There was no announcement by MacArthur's headquarters concerning his meeting with the aged no-tlemen who carries out his directives.

However, Kyodo news agency said Shidehara discussed the political situation since the recent cabinet shakeup in compliance with Allied orders to rid the government of men who helped plan and wage the Pacific war.

The press also said the premier sought MacArthur's view on a number of urgent measures which the government is said to be contemplating. Among these possibly are the forthcoming election, proposed importation of food and other basic commodities, economic reforms and prosecution of Japanese war criminal suspects.

Anti-Climax Pasadena, Calif., Jan. 24.—(AP)—John E. Moore, 60, drove his car into the path of the Santa Fe Chief steamliner.

His car was carried more than a block by the locomotive's cowcatcher. Moore stepped out nervous but uninjured.

Police gave him a traffic ticket. They said Moore had failed to observe a crossing wigwag signal.

It is important that the stuff be packed tomorrow to clear the armory floor for a March of Dimes dance to be given there for the benefit of the infantile paralysis foundation.

The WORLD TODAY

An Analysis Of The News

By DEWITT MACKENZIE AP World Traveler

Madrid, Jan. 24.—Generalissimo Francisco Franco, chief of the Spanish state, has granted me an interview which has taken one of the most unusual turns I've encountered in a long experience with heads of governments and diplomats.

Highlights of his statements are these: He is anxious for good relations with the United States. He never subscribed to the policies or to the political views of Hitler and Mussolini and he condemns their persecutions. Spain is developing along her own lines, uninfluenced by either Germany or Italy, and he (Franco) is heading for absolute democratic rule by the people.

As for the question of a return of the Spanish monarchy, he says: "It will be approached when this is suitable to the interests of the nation. When this time comes, it will have to be the Spaniards themselves who pronounce themselves in its favor."

The generalissimo rarely gives interviews, and in granting my request for one asked that I submit my questions in advance. This I did, and when I arrived at his residence—the fine old Royal Palace at El Pardo near Madrid—I had little hope that I should get more than formal replies to my written queries.

I decided I should try for a more open and intimate discussion of Spain's problems.

Accordingly, when we had disposed of the formal queries and answers, I said to him: "The people of the United States have fought a great war against Nazism and Fascism. Thousands of our boys have died for this cause. Rightly or wrongly the American public feel that Spain was in effect an ally of Germany and Italy, and it finds it hard to forgive that. Did you subscribe to or support Nazi and Fascist policies?"

"No," he declared categorically. "I did not. Spain wasn't influenced by Germany and Italy, but has been developing along its own lines. We condemned all the persecutions (Continued on page four)

Returns Citation
Former serviceman and veteran of World War II, Paul C. Hill, Jr., of Greenville, N. C., recently received his citation for Oak Leaf Cluster to his Bronze Star Medal for the 1st Division CG.

Paul C. Hill, 54312457, Private First Class, Battery A, 33rd Field Artillery Battalion. For heroic achievement in connection with military operations against the enemy in the vicinity of Uckerath, Germany, 24 March 1945. Despite an intense enemy artillery and tank barrage, Private Hill courageously moved across open terrain and evacuated two wounded comrades to a place of safety. His unselfish devotion to duty exemplifies the finest traditions of the military service.

Serves on Rescue Tug
On the USS ATR 77 in the Pacific—William E. Hemmingsway, seaman, first class, Bethel, N. C., serves on this rescue tug which did outstanding work during the Pacific warfare. In less than a year of service, he travelled more than 37,500 miles with ships and barges in tow.

On Minesweeper
Aboard the USS Adams—G. W. Ellis, steward's mate, second class, Route 1, Fountain, N. C., is serving on this destroyer minesweeper which was recently at Shanghai, China.

The Adams first saw action at Okinawa where she was under attack by Jap suicide planes. In one attack she shot down six, and probably two more, of twelve Kamikazes. One of the planes exploded nearby and did considerable damage to the ship, causing it to retire for repairs.

Social Calendar

THURSDAY
4:00 p. m.—Tea at Woman's Club honoring new members of both Junior and Senior Woman's Clubs.
7:00 p. m.—The Business and Professional Woman's Club will meet with Miss Alya Ray Taylor, 319 E. 8th Street, for monthly dinner meeting.
8:00 p. m.—Junior Philathea class of the Methodist Church will meet with Mrs. Frank Mosley.

FRIDAY
6:30 p. m.—Kiwanis Club.
8:00 p. m.—Wesley Philathea class of the Methodist Church meets at the home of Mrs. J. B. Mallison.

Returns From Philippines
S. Sgt. W. S. Whitehurst arrived today from the Philippines and has received an honorable discharge from the U. S. Army.

Inter Se Club
Mrs. Vance Perkins was hostess to the Inter Se Club Tuesday afternoon at her home on Harding Street.

In the absence of the president, Mrs. Sam Underwood, Jr., welcomed the members and guest, Mrs. J. W. Winstead. After a short business session, Mrs. R. C. Rankin gave a paper on "The Evolution of the Red Army." "Soviet Russia has replaced Germany as the greatest power on the continent of Europe," stated Mrs. Rankin, "and has emerged from the war with the largest and most powerful army in Europe and Asia." In questioning the possibility of this fact, considering the enormous sacrifices the army has made, Mrs. Rankin said, "The overall answer lies in the fact that the Red army has been in a process of steady and most intelligently directed evolution since December, 1939." Mrs. Rankin then covered in detail the major steps of the Red army's evolution from their Finnish campaign to their present day victorious achievements. Following this interesting and informative paper, Mrs. Perkins invited her guests into the

dining room where Mrs. Tyson Bibo and Mrs. J. W. Winstead, seated at each end of the table served a delicious meal course with coffee and accompaniments.

Junior Woman's Club
The Junior Woman's Club met January 23rd at the club house at eight o'clock in the evening. The meeting was called to order by Mrs. R. W. McKenzie, president.

The collect was read, the roll called, and minutes of the last meeting were read. Miss Alice Wooten, treasurer, gave her report.

Mrs. Godfrey Oakley introduced Dr. E. C. Hollar of the E. C. T. C. faculty, who made an interesting talk on nation wide strikes. His talk was in three parts: (1) Strike three, who's out? (2) Strike two, we're all out. (3) Who wins the game?

A slate of officers for the coming year was presented to the club by the nominating committee.

A letter was read by Mrs. John Blackman that will be sent from the club to our senators and representatives in congress concerning taking action in the strike situation.

Club members volunteered to man booths at the theater for the next week in the March of Dimes drive.

Other club business was discussed after which the hostesses for the evening, Miss Doris Duval and Mrs. L. W. Edwards served ice cream, cookies and nuts.—Reported.

Forty Years Ago Today

THE DAILY REFLECTOR

January 24, 1906

Greenville now has eight regular trains a day.

Kinston is pushing right ahead in street paving and is setting a pace that Greenville ought to be fast to follow.

Calico sold for 8 cents per yard, ginghams for 10 cents, ladies hose 7 cents, hie thread hose 23 cents, comforts \$1.50 and \$2.50, mens dress kid gloves 98 cents and \$1.37, flannel 6 and 8 cents and medium length corsets with brass supporters attached, lace trimmed, \$1.25.

After the business, Mrs. Bowen, program chairman, introduced Dr. E. C. Hollar of the E. C. T. C. faculty. Dr. Hollar made an interesting talk on the "Rehabilitation of China." The task of rehabilitation and of reconversion will be a stupendous one, because there has been no peace in China since 1912. There is no national unity. The task of unifying China must come from within the country. However, the development of their national resources can be aided by experts from other countries. China, with one-fifth of the world's population will become one of the world's greatest powers.

The hostess assisted by Miss Imogene Riddick and Mrs. Luther Bowling served a delicious salad course with coffee.—Reported.

Cho Club
The Cho Club held its regular meeting Tuesday afternoon with Miss Jane Hadley at her home on Evans street.

Mrs. Robert Lang, president, called the meeting to order. After the business of the club, Mrs. Lang introduced Miss Elizabeth Norman, one of the members, who had charge of the program.

Miss Norman discussed in brief the life of Peter Litch Tchakowsky, famous composer. She took his composition of "Romeo and Juliet Overture," one of his best known works, put to music of the drama written by

Shakespeare. At the conclusion of the talk Miss Norman played "Romeo and Juliet Overture" on the recorder. During the playing of the music one was well aware of the different scenes throughout the play, especially the duet of Romeo and Juliet on the balcony, and their tragic death. Each member appreciated and enjoyed Miss Norman's talk.

Mrs. C. S. Forbes, Jr., a guest for the afternoon, assisted Miss Hadley in serving a delicious salad course.—Reported.

Dogwood Seedlings
Those interested in planting dogwood may order two to three ft. seedlings at cost, no less than 10 for \$2, larger amounts, 100 for \$20.

Orders and checks should be made out to the Garden Club of North Carolina in care of Assistant State Forester P. A. Griffith, Education Building, Raleigh, N. C.

Released From Active Duty
Capt. Ernest Winslow, Jr., has been released from active duty in the army at the separation center at Fort Bragg after serving four years and two months.

Choir Rehearsal
The choir of the Eighth Street Christian Church will meet tonight at 8 o'clock at the home of Mrs. E. G. Flanagan.

Local Students Participate
A number of students from Greenville are participating in the activities of the International Relations Club at the college during the winter quarter.

Mrs. Nell O. Barnhill is secretary of the club. At the January meeting Miss Elizabeth Rick and Miss Dorothy Etheridge were appointed by the president, Miss Ada Lou Allen of Elizabethtown, to serve on the social committee.

A member of the program committee of the club, Mrs. Virginia Cooke Greene has helped to arrange an interesting series of monthly meetings, at each of which some topic of world importance is discussed.

Teachers Conference
Supervising teachers from the Greenville High School and faculty members and student teachers from East Carolina Teachers College met last night at the high school for a conference on "The Values of Practice Teaching." Dr. J. L. Oppelt, director of student teaching and placement at the college, presided. Approximately 50 people were present.

A panel discussion made up the chief part of the program. Speakers included O. E. Dowd, principal, and Miss Frances Lamb of the high school faculty; Dr. Meredith N. Posey and Miss Ellen Rion Caldwell of the college faculty; and the following student teachers, Mary Whitehurst of Bethel, Charlotte Elliott of Edenton, Dorothy Jean Creech of Selma, and Violet Sparks of Ruffin.

Meanest Thief
Goldboro, Jan. 24—(AP)—Goldboro police today nominated a new "meanest thief." Chief H. T. Hines reported a "March of Dimes" collection box was stolen from Harrel's news stand.

Portland, Ore., Jan. 24—(AP)—Rent Director E. B. McCutchan handed a tenant a check for \$400 a landlord had overcharged her. She blinked in surprise for a moment—then asked one question. Did the check include a \$1 deposit on a key? It was McCutchan's turn. He blinked; said he would work on that, too.

Nylons To 'Be Brave'
Marlboro, Mass., Jan. 24—(AP)—Three mice gave several men a break in a nylon hosiery line yesterday. When the rodents escaped from a box being unloaded from a truck, the women scampered—and the men, made of braver stuff, just moved up to the head of the queue.

Sports

Duke and North Carolina continued their scorching pace last night, overwhelming two Southern Conference cage foes under a shower of points.

The Blue Devils made it their 23rd consecutive win, trouncing South Carolina 56-33, at Durham. Bubber Seward dropped in 19 points to keep the Dukes ahead except for one brief moment early in the game when Billy Pizza put the Gamecocks ahead, 6-5.

Scoring Jim Jordan led North Carolina to a 71-34 victory over N. C. State at Chapel Hill with 19 points. State's Jim Boger tallied 18.

Boger also held Carolina's ace, John Dillon, scoreless for the first period. Dillon racked his 12 points for the night during the second period.

In a close game at Boone, Appalachian State Teachers came from behind to trip Western Carolina Teachers, 43-38. Forward Bob Allen led the Mountaineers in their

final winning surge. Tonight's schedule finds ETC playing Atlantic College at Greenville and Catawba squared off with Greensboro Ord at Salisbury.

(By The Associated Press) Last night's basketball results: Duke 56, South Carolina 33. Navy 64, Fordham 22. Bainbridge Navy 52, Camp Lee (Va.) 44 (overtime).

North Carolina '71, North Carolina State 34. Honea Path Veterans 42, Erskine 18.

Western Kentucky Teachers 45, Vanderbilt 32. Eastern State Teachers 63, Morehead (Ky.) 62 (two overtimes).

(By The Associated Press) Fights last night: Akron—Pat Comiskey, 208, Pater-son, N. J., outpointed Johnny White, 209, New York, 10.

Cincinnati — Floyd Gibson, 174, Cincinnati, outpointed Tommy Charles, 174, Terre Haute, Ind. 8.

Bangor, Me. — Leo Methot, 137, Montreal, outpointed Johnny Campbell, 138, Brewer, Me., 8.

Austin, Texas, Jan. 24 — (AP) —

Airplane hangars for college athletic field houses?

It's the idea of D. X. Bible, University of Texas athletic director. He's looking for one the Army or Navy no longer needs.

Bible figures he could put in 18,000 bleacher seats, and still have sufficient space for dressing rooms, showers and storage.

The university long has felt a squeeze at basketball games with facilities of its present gymnasium caring for only 7,500 fans.

Phantoms Play In Kinston Friday

By DAVE CLARK The Kinston Red Devils will play host to the Green Phantom basketball team tomorrow night in Kinston when the two teams meet for the second time this season. The Junior Phantoms will meet the Kinston Juniors in a preliminary contest scheduled to start at 7 o'clock.

The Greenies had little trouble in subduing the Red Devils in the first meeting by a 44-2 score, but most likely will have a tougher time on the Devils' court. The Red

Devils are probably the best team, other than the Phantoms, in the conference, and most likely will be the bunch to beat for the title. They are undefeated except for the Greenies' win over them, in nine or ten games this season.

Coach Farley ran his proteges through another workout yesterday and will most likely send them out for a short one today. He has been considerably worried about the team's failure to make a good percentage of their shots in the games and has stressed this in the practices. The Greenies have been winning quite easily, but it is because the other conference fives are not of the same good caliber as they.

The starting five has not been changed and remains: Billy Harrington and Mac Batchelor at guard, Ed Williams and Jimmy Futrell at forward, and J. T. Williams at center.

Eppes Vs. Williston Play Here Tonight

By HENRY WOOTEN Eppes High basketball teams meet Williston High of Wilmington on the Eppes court tonight at 7:30

o'clock. Coaches Murrill and Grimes sent their teams through a short practice session yesterday. The practice consisted of passing and fast breaking which will have to be used in order to stop the Williston boys and girls.

The starting line-up for Coach Grimes' girls will be E. Cherry, Mary Harris, and Mattie Forbes, forwards, Mollie Harris, Julia Cal-houne, and Allegro Grimes, guards.

Coach Murrill states that his

team will be stronger for tonight's contest, with the return of George (Slim) Parrish to the line-up. He was out of the last game, because of injuries suffered in the Beau-fort County game.

The probable line-up for the boys is Chic Forbes and Dr. Taylor, forwards; George (Slim) Parrish and Bobs Wilbs, guards; and Charles (Hap) Davis, center.

Eppes only lost this season was to Rocky Mount in Greenville.

Bronchial Coughs — Stubborn Hang-On Coughs DUE TO Colds

Remarkable Home Remedy Quickly Loosens - Up - Expels Germ Laden Phlegm

Compounded from rare Canadian Pine Balsam, Menthol, Irish Moss and other effective ingredients, Buckley's CANADIOL Mixture is entirely different—more effective—quicker in action.

Over 14 million bottles of Buckley's CANADIOL Mixture, for Irritating Bronchial Coughs, due to

Colds, have been sold—proof that thousands of mothers know its worth and would hardly dream of facing winter without it. Buckley's Mixture is all medication—no syrup—contains no dope. Your own druggist has this remarkable Canadian discovery—now made in U.S.A.—get a bottle right away at any good drug store and take it for more restful sleep tonight. You'll find it quickly loosens up thick choking phlegm, soothes raw membranes, makes breathing easier. 45¢—55¢—all druggists.

Grand Jurors Were Guests At Dinner

By CHESTER WALSH
Capt. Paul Crawford was host yesterday at a sumptuous dinner at the State Prison Camp for Judge J. Paul Frizzelle, members of the Pitt County Grand Jury, court officials and others. Chicken, fried country ham, and all of the necessary "trimmings," featuring "man-size" hot biscuits. About 70 guests were there. With representatives from every township in the county present, there was a lot of friendly mingling and good fellowship. The dinner was prepared and served at 1 o'clock by Howard Warwick, steward at the camp, with half a dozen men of the camp giving gift-edged service at the tables.

Dr. W. A. Browne Of ECTC Is Honored

Dr. W. A. Browne of the Geography Department of East Carolina Teachers' College has been notified of his election to membership in the Association of American Geographers.

"I presume you know," writes the secretary of the association to Dr. Browne, "that notice of election to this organization is no routine matter, as it may be in some societies. Your qualifications have been before the Council for nearly a year and have been available to the entire membership for several months. Having studied your publications and your academic record, the entire membership by ballot vote now

registers its wish for you to become a member."

The association has only about 200 members.

Dr. Browne joined the Geography Department of East Carolina Teachers' College in 1937. He received his doctor's degree from Peabody and has contributed to leading publications in his field.

Hugh Horton Will Speak For Kiwanis

Hugh Horton of Williamston, a former member of the State Legislature from Martin County and now a member of the East Carolina Teachers' College Board of Trustees, will be the speaker at the Kiwanis Club's supper meeting Friday evening at 6:30.

A special program will be presented in celebration of the 31st anniversary of the establishment of Kiwanis International in Detroit, Mich. Don H. Conley, superintendent of Pitt County schools, will have charge of the program. President Ed Rawl will preside.

Mr. Horton is a former lieutenant governor of this sixth division of Carolina Kiwanis.

Is this a "SCRAP of PAPER"?

The CIO—United Steelworkers Union said that its strike does not violate its contract with steel companies. Here is the "no strike" clause taken from a typical contract. Let the words speak for themselves

"During the term of this Agreement neither the Union nor any Employee, individually or collectively shall cause or take part in any strike, or other interruption or any impeding of production at any plant of the Company covered by this Agreement. Any Employee or Employees who violate the provisions of this Section may be discharged from the employ of the Company in accordance with the procedure of Section 8 of this Agreement."

This provision, or one similar to it, is contained in each contract between the Union and the various steel companies. These contracts continue by their terms until the autumn of this year.

local observance of Junior Chamber of Commerce's 25th Anniversary Week. The meeting and presentation will take place on February 7, at the Old Town Inn, at 7 p. m., according to an announcement by Charles T. Marston, acting president. Jaycee "Silver Anniversary Week" was January 14-21.

Pointing out the significance of the honor, Acting President Marston of the local Jaycees stated, "The Junior Chamber of Commerce is making this award because it affords recognition to the young man who has made one of the most outstanding contributions to this community during this critical year in history."

Mayor Jack Boyd proclaimed last week as "Junior Chamber of Commerce Week" in Greenville to focus attention on young men and the work they are doing in the State. During the past year, the local organization has participated in campaigns which helped to bring victory.

New Order On Use Of Protein Meals

In an effort to prevent shortages in large livestock feeding areas of the nation, the U. S. Department of Agriculture has issued an order restricting the use of protein meal in the manufacture of mixed feed for livestock and poultry. J. V. Taylor, chairman of Pitt County AAA Committee, said here this week.

"The restrictions are a reinstatement and expansion of manufacturing and distribution controls originally issued in December 1943 and terminated in 1945 after the feed situation improved," he said.

The recently issued order prohibits manufacturers from using more high protein meal in making feed for feeding livestock other than poultry feed than the quantity used for that purpose in the corresponding calendar quarter of 1945.

The order provides that no person may use a larger quantity of protein meal in the manufacture of poultry feed than the following percentages of the quantity so used in the corresponding month of 1945: January and February, 100 percent; March, 95 percent; April 90 percent, other months, 85 percent. This limitation is in line with the national 1946 goal calling for a 15 percent reduction in the production of eggs and a 1 percent decrease in the number of chickens raised on farms.

Grimesland Mailman Auto Accident Here

By CHESTER WALSH
When Gattis Sutton's car got out of control near Greenwood Cemetery Monday night and turned over, imprisoning the driver in it, S. A. Porter of Grimesland, mail carrier, found that he could not get the man out and went to police headquarters to report the accident.

Husbands! Wives! Want new Pep and 'Jim?

The police station they radioed the police radio car, with Officers Jasper Mills and Harris in it, at that time passing Rivers Service Station. They radioed back for help and state highway patrolmen responded. Porter also went back to the scene and helped extricate Sutton, drenched in gasoline, from the overturned car. The officers did not hear the crash, but were near the scene and were there within two minutes of the radio call. Police said Porter reported the accident and helped, but they did not know his name. Porter asked that a correction be made. The driver of the overturned car was not injured. The police are doing a great work, especially since the radio was installed. They respond in minutes after

a call is made on them, Chief Jim Tanner said.

DOMESTIC RELATIONS.
Los Angeles, Jan. 24.—(AP)—His wife's kisses cost him \$5 each. Sidney Raskin, bakery executive, has charged in Domestic Relations Court.

His wife, Actress Dorlene Welch, confirmed it.

"I did it to discourage him," she told reporters as she left the courtroom. "De was always buzzing and pecking around. It was annoying. "If he didn't have \$5 with him, I'd take what he had on account."

LASA NIGHT.
Long Beach, Calif., Jan. 24.—(AP)—"What show do you want to see

or our last night?"
Police Inspector B. C. Carstensen said he found that note last night in the purse of a 15-year-old girl, dead in a car with her 17-year-old boy friend, apparently of poison.
