Norwegian Gets UNO Nomination

Trygve Lie, Foreign Minister of Norway, is Nominated by World Security Council For Internationally Important Post Of UNO Secretary General

London, Jan. 29.—(AP)—Trygve Lie, a carpenter's son who became Norway's foreign minister, was nominated by the 11-member World Security Council tonight for the internationally important post of secretary-general of the United Nations Organization.

The stocky 50-year-old lawyer-diplomat was selected as a compromise candidate for the \$20,000-a-year post after a session of the five principal power representatives in the hotel room of U. S. Delegate Edward R. Stettinius, Jr., last night.

Previously the Americans had backed Lester Pearson, Canadian ambassador in Washington, while Russia had been supporting Iran's new premier, Ahmed Qavam Es Saltaneh, disclosed in Teheran that he had instructed Ali Shohly, Iranian UNO delegate, to confer with Soviet Vice Foreign Commissar Andrei Vishinsky in a new effort to settle the dispute by direct talks.

United Nations sources said they had high hopes that the conference would "ease the tension."

Delegates speculated that the new Iranian Government, known to have a more friendly attitude toward Russia, might agree to Vishinsky's suggestion that the Security Council "leave aside" the controversy pending direct Moscow-Teheran negotiations.

Vishinsky made that proposal yesterday in a speech before the 11-nation council after S. H. Taghizadeh, chief Iranian delegate, had repeated Iranian charges of Russian "intervention" in Soviet-occupied Azerbaijan province.

While the delegates expectedly awaited their meeting, the Iranian-Russian question remained on the Security Council's agenda for further debate when the council convenes again tomorrow.

Meanwhile, early settlement of the UNO's chief organizational problem appeared likely.

President & Nimitz Praise Price Boards

Washington, Jan. 29.—(AP)—President Truman and Adm. Nimitz today paid tribute to OPA's price control boards on the occasion of their fourth anniversary.

Mr. Truman, in a letter released by OPA, told board members: "Our price control and stabilization program has been one of the most remarkable achievements of the war period. In other countries, runaway inflation has sown the seeds of tyranny and disorder. In this country, we have kept inflation under control."

Nimitz, in his letter, cited the necessity for protecting servicemen's families and others living on limited income.

Plea For Flexible And Realistic Price Policy Sets Off OPA Argument

Federal Agencies Charge OPA Price Lines Are Hampering Reconversion And Contributing To Industrial Strife; "Severe Inflationary Pressures" Admitted

Washington, Jan. 29.—(AP)—A government official's plea for a "realistic and flexible" price policy brought into the open today a long-smouldering row between OPA and other federal agencies.

The nub of the debate that has been hauled from behind closed doors is whether prices are being held so firmly as to hamper reconversion and contribute to industrial strife.

Civilian production administrator John D. Small made the plea for what he called realism and flexibility. He said at a news conference yesterday: "The maintenance of a firm price means little if goods are not available for purchase at that level."

Small said he favors unequivocally the continuance of price controls to withstand "severe inflationary pressures." But he added that such controls should be used "to bring about the most rapid increase in production."

"There has been a growing feeling throughout the country," Small declared, "that price increases would be about the worst thing that could happen. To my mind, lack of production is the worst thing."

Small said he had discussed this matter several times with OPA Administrator Chester Bowles, adding that while Bowles is "worried about lack of production" he feels at the same time that the price line should be held.

OPA officials expressed surprise at Small's statements on price policy. They asserted the present program (Continued on Page Four)

"Shooting Star" Sets New Record

COUNCILL

Shown (above, top) is Col. William H. Council as he leaps from his Lockheed P-80 army jet propelled pursuit plane at LaGuardia Field, New York, January 26, after setting a new trans-continent speed record of four hours, thirteen minutes and twenty-six seconds from Long Beach, Calif., and (below) as his "Shooting Star" took off from Long Beach on the flight which clipped nearly an hour and a quarter from the old record. Sen. Tydings Wants World Disarmament

Resolution Calls For Disarmament Conference; Charges Atomic Armament Race Among Big Three

Washington, Jan. 29.—(AP)—Senator Tydings (D-Md.) demanded in the Senate yesterday that President Truman immediately call a world disarmament conference to prevent an atomic war.

Interrupting the Senate filibuster against the Fair Employment Practices bill, the Maryland Democrat said he doubted that the United Nations action for "control" of the atomic bomb would be successful.

"I do not believe that the United Nations Organization is equipped to initiate successfully a task of this magnitude," the Senator said, after pointing out that all the remaining great world powers are rearming to the teeth.

Because Germany and Japan are not to be permitted to rearm, Tydings said, there is this situation: "It is as plain as the nose on one's face that the great armed forces of our own country are being maintained principally for possible use against Russia, Britain, France or

China, since Germany and Japan are to be kept disarmed. "Is it not plain, too, that Russia is maintaining her armed forces for possible use against Britain or the United States or France or China?" Tydings introduced a resolution calling for the world disarmament conference as he began a lengthy prepared speech in his support.

Earlier, the special Senate committee on atomic energy was told by Dr. Harrison Davies, of the Federation of Atomic Scientists, that development of atomic energy "must certainly be freed from every vestige of military control."

London, Jan. 29.—(AP)—Prime Minister Attlee told Commons yesterday that British military observers would watch the United States atom bomb tests on warships in the Pacific in May.

He said U. S. authorities were being consulted about the British observers. Attlee brushed aside as "a different question altogether" the query of a Conservative member who wanted to know "whether Britain has any rights in the atomic bomb at all now."

Bataan Hero Denies Marriage In Manila

Manila, Jan. 29.—(AP)—A Bataan civilian nurse today asked annulment of a marriage she said she had contracted Dec. 7, 1941, with Maj. Arthur Wermuth, famed "one-man army." In ignorance of the fact he had previously married in the United States.

In Traverse City, Mich., Wermuth said the alleged marriage in Manila "is news to me. I don't know a thing about it. I want to flatly deny it, right now."

The annulment petition, filed in the Manila courts, was signed by Mrs. Olivia Josephine Oswald Wermuth, (Wermuth, who recently announced he probably would seek a U. S. Senate seat when he leaves the Army, said he didn't even know her. Wermuth married Jean Wilkins of Chicago on June 1, 1935.)

Truman Approves

Washington, Jan. 29.—(AP)—Secretary of State Byrnes said today President Truman has approved his proposal to invite the United Nations Atomic Energy Commission to witness the tests of the atom bomb against naval ships.

Motherless Baby Saved By Mother

Sharon Lee Hollowell, five months old, got a scratched nose when her mother, Mrs. Walter Hollowell, trapped on the second floor of their burning home in Philadelphia, January 25, snatched her in blankets and pushed her down a snow covered roof to a 12-foot drop to the ground and safety. Her mother and father were burned to death. (AP Wirephoto).

Labor vs. Government Rioting In Santiago

Unions Defy Chilean Government's Authority; Cabinet Is Reshuffled; Troops Are Alerted For Action

By VAUGHN BRYANT Santiago, Chile, Jan. 29.—(AP)—The Chilean cabinet was reshuffled today as the government prepared for a showdown with labor by imposing strict censorship and a 60-day state of siege following a bloody riot yesterday afternoon between police and labor demonstrators in which five persons were killed, and 77 injured.

Mounted troops patrolled Santiago streets early this morning and the government ordered all soldiers on leave to report to their barracks and hold themselves ready for duty.

Two changes were made in the cabinet, giving military men new posts of authority, and some quarters predicted other appointments would be forthcoming.

During the rioting, which took place in the heart of this city, Bernardo Ibanez, general secretary of the Chilean Workers Federation, grasped a microphone and announced that a general nationwide strike would be called immediately to protest the action of the police.

One of those killed was a woman. Six women and five policemen were known to be among those wounded.

Some estimates placed the number of dead at 12, but only five deaths could be confirmed.

After the fighting the demonstrators, members of the Workers Federation, paraded through the streets with banners dipped in blood.

The government blamed the outbreak on "extremist agitation," but the Workers Federation quickly issued an answering blast in which it placed the responsibility on the government police.

The fighting broke out after noon. (Continued on page four)

Good Samaritan

Wednesday—tomorrow—will be the last day on which citizens may contribute cast-off clothing, shoes and bedding for the benefit of the people of war-ravaged European countries. State Senator Arthur B. Corey, chairman of the United National Clothing Drive, said today.

If you have any cast-off clothing etc., send it to the army, next to the courthouse, not later than tomorrow. Every article will give comfort to some war sufferer in Europe.

Chairman Corey requests that representatives of civic, fraternal and other organizations—white and Negro men and women go to the army Thursday morning at 9 o'clock and help pack the clothing, etc., for shipment.

A vote may come on the measure late today. Republicans were lining up behind a proposal to end federal control of USE of June 30. They claimed enough strength to vote, the agency's return to state jurisdiction after that date.

Action Expected Before Saturday On GM Strike

Special Federal Mediator Anticipates Definite Progress By Week's End; Hopes In Settlement Of Steel Dispute Voiced By Labor Department Spokesman; 41,150 Workers Have Been Laid Off Because Of Shortages In Steel Resulting From Strikes

(By The Associated Press) Definite action before the end of the week in the 70-day General Motors strike was predicted today by James Dewey, newly-appointed special federal mediator between the CIO United Auto Workers and the corporation.

A veteran at settling Detroit labor disputes, Dewey, a former member of the Labor Department's conciliation service, said he had been given a free hand by Secretary of Labor Schwelb in the wage dispute which has made idle more than 200,000 workers.

Hope ran high for an early settlement as both the union and General Motors agreed to accept mediation. The other two of the big three in the auto industry—Ford and Chrysler—previously came to terms with the UAW on wage demands, Ford with a boost of 18 cents an hour and Chrysler with 18 1/2 cents.

A fact finding board recommended 19 1/2 cents in the GM wage dispute, a figure which the union said it would accept but which was turned down by company officials.

Meanwhile the giant steel strike threatened—if prolonged—to make idle an additional 1,000,000 workers in Allied industries within a month.

Hopes of a settlement within a week of the steel dispute also have been voiced by a high official of the U. S. Labor Department, who declined to permit use of his name.

Already 41,450 workers in mines, railroading and steel fabrication have been laid off in plants closing because of the walkout attributed to 50,000 CIO steelworkers. Throughout the country labor disputes kept idle approximately 1-3,000,000 workers.

Settlement efforts today were centered in Washington, where Benjamin F. Fairless, president of U. S. (Continued on page four)

Former Aide To Roosevelt Died Today

Harry L. Hopkins, 55, former special assistant to the late President Roosevelt, died at 11:35 a. m. (EST) today at Memorial hospital.

Hopkins entered the hospital last November. He had been in ill health for several years and resigned his White House post last July 3, saying "I must take a rest."

A hospital attache said the nature of Hopkins' illness had not been determined.

He had been reported in serious "but not critical" condition early today.

Since leaving Washington, Hopkins had been impartial chairman of New York City's cloak and suit industry. He succeeded former Mayor James J. Walker to the post. His salary was reported to be about \$10,000 a year. (Continued on page four)

Weather Forecast Extended forecast for Carolinas from 7 p. m. tonight to 7 p. m. Saturday—Rain Tuesday night and Wednesday morning followed by fair weather, until rain again about Saturday. Not so cold beginning of period, followed by colder Wednesday night and Thursday, then warmer Friday and Saturday.

Governor Praises Employment Office After the conclusion of exercises at the courthouse yesterday honoring Selective Service officials from 24 Eastern Carolina counties, Governor Gregg Cherry and Gen. J. Van B. Mcets, state director of Selective Service, and others went to the United States Employment Service offices on east Fifth street, where Governor Cherry awarded federal citations of merit to members of the Greenville and Pitt County Appeals and Advisory Board.

Mrs. J. B. Spillman, local manager, welcomed the official party. While there the Chief Executive said the Greenville office is the best managed in North Carolina.

Citations of Merit were awarded the following: Mrs. James S. Ficklen, W. W. Lee, J. H. Harrell, Eli Bloom, Elbert Mills and Sam B. Underwood, Jr. of Greenville; Mrs. M. D. Yelverton of Fountain, and R. S. Coates, T. E. Joyner and J. H. Moore of Farmville.

The NATION TODAY

By James Marlow

By MARVIN L. ARROWSMITH (Substituting for James Marlow) Washington, Jan. 29.—(AP)—The steel industry's pending demand for price increases—a key issue in the big strike—confronts the administration with a basic policy decision.

It's this: To what extent, without inviting inflation, can abnormally high operating costs resulting from reconversion be considered as a basis for price boosts?

There is a wide difference of opinion, as indicated by these stanzas:

1. The steel industry is said to have asked for an increase of \$7 a ton.

2. OPA reportedly is opposed to granting any more than \$2.50.

3. Reconversion Director John Snyder is understood to have sounded out the industry on an increase of about \$4 a ton.

The government's price offer, whatever it was, was turned down by the steel industry as inadequate compensation for a wage increase of 18 1/2 cents an hour proposed by President Truman.

While the President has declined to discuss price aspects of the wage dispute, government officials who ask that they not be identified by name, say this is the background: OPA concluded that the steel industry's earnings in 1945 were greater than in 1939-39. The agency said therefore that under the price control act no price increase was warranted.

But the study did show that the industry lost money during September, October and November of last year as operations were concentrated on higher cost carbon steel

Jaycees Select Man Of The Year

By CHESTER WALSH The Junior Chamber of Commerce will announce the "Man of the Year 1945" in Greenville at its supper meeting at the Olde Towne Inn Thursday night at 7 o'clock. Acting President Charley Marston stated today.

The Jaycees have been considering nominations for the Greenville man between 21 and 35 years of age who rendered the greatest public service to the community last year.

The Junior Chamber invited nominations from civic and other groups here. A committee has for some time been considering the merits of those proposed, and on Thursday night of this week will announce the award and present a certificate.

The Junior Chamber of Commerce, which lost many of its members to the armed forces during the war, is receiving many of them "back into the fold," and the association is functioning efficiently and effectively. The Jaycees are largely responsible for Greenville having the modern 5,000-foot paved runways airport across Tar River.

Officials of Kiwanis, Rotary and the Lions clubs and other groups have been invited to attend the "Man of the Year 1945" meeting on Thursday night. At first it was planned to make the award on February 7, but the date was advanced to this Thursday night.

Snowflakes are transparent rather than white but their crystals reflect light in so many directions they appear white.

TODAY IN CONGRESS

A Review Of Your Government In Action

Washington, Jan. 29.—(AP)—Congressional committees took action today toward: Continuing price controls, keeping secret results of atomic bomb tests on warships, deciding whether to start the St. Lawrence Seaway project, and finding out what happened in the Rapido river battle in Italy.

In the Senate, Southerners stoked with more oratory a filibuster against a permanent Fair Employment Practices Committee. In the House, members argued over when to return the United States Employment Service to state control.

In committees: The House Banking Committee set public hearings for next Tuesday on legislation to extend until June 30, 1947, the price control act and a law permitting use of subsidies to stabilize prices. Chairman Spence (D-Ky) introduced the legislation today.

Atoms—the House Naval Committee asked Vice Admiral W. H. P. Blandy to submit tomorrow a bill providing that the United States keep tests of atomic bomb tests on warships next May. Blandy will direct the tests.

The Senate Atomic Committee heard Dr. Harlow Shapely, director of Harvard Observatory, say domestic controls of atomic power should be handled by a single commissioner assisted by an unpaid advisory staff.

St. Lawrence—A Senate subcommittee decided to start hearings Feb. 1 on a measure, authorizing

HEALTH BOARD REORGANIZED

Planning For Many Improvements; Excellent Personnel

By CHESTER WALSH Complying with the requirements of a bill passed by the last General Assembly, the ex-officio members of the Pitt County Board of Health—Mayor Jack Boyd of Greenville, G. H. Pittman, chairman of the Pitt County Board of Commissioners, and Don C. Conley, superintendent of county schools—have reorganized the public health board by appointment of the following members: Dr. B. McK. Johnson, dentist, of Greenville; Dr. Rod T. Williams, physician, of Farmville; Vance Bunting public-spirited citizen of Bethel, and Snowie L. Edwards, pharmacist, of Ayden.

At the reorganization meeting G. H. Pittman was chosen chairman and Vance Bunting secretary.

In enacting the new law regulating county boards of health in the (Continued on page four)

The WORLD TODAY

An Analysis Of The News

(This is the fifth of a series of columns on Generalissimo Franco by DeWitt MacKenzie, to whom the Spanish chief of state has just given an interview.)

By DEWITT MACKENZIE AP World Traveler Madrid, Jan. 29.—Freedom of the press naturally is an ideal which never ceases to flame within the newspaperman, and your correspondent would have been indeed a poor representative of his kind if he hadn't raised this question in his interview with Generalissimo Franco.

The subject is especially close to me because during the generation of my foreign service I've worked under censorship—some of them terribly harsh—in many countries of both hemispheres. More to the point, world peace depends on real acquaintance among the peoples of all nations. This acquaintance calls for the free exchange of news—not only reports of great events but the story of every day life. I asked the Generalissimo if he shared this point of view.

"Only in part," he replied, "for although a better acquaintance among peoples will contribute without doubt to peace among nations, the free exchange of news will only favor it if the news is true and is the result of a faithful and objective judgment. If, on the contrary, the news is by falsity and calumny, then its effect would be totally adverse and would contribute to encourage differences among nations."

"This is a problem of morality and education, as it is among in-

dividuals. Good morality and painstaking education make living together easy, but when these do not exist or are forgotten, living together is impossible. If it is really desired to take the road toward peace, it is necessary to return to the forms of good morality and courtesy damaged by the wars."

Franco said the government is seeking to cultivate these ideas through the Spanish press and he continued:

"The Spanish government at the end of the war decreed freedom of information for foreign correspondents. Spain desires not to conceal its truth from the world, and during the last ten years it has been devoting its attention to preventing the irritation of its relations with other countries by excesses of its press or its radio, and has required from its organs of opinion a moderation which does not deprive them of the noble defense of that which affects us or of the serene and dispassionate criticism of great international events."

"I can assure you that this moderation has favored peace and good relations with the United Nations, and when any newspaper has slipped into criticism, the ambassadors of foreign nations themselves have presented verbal notes asking for the moderation which has been the form of the Spanish press and which, unfortunately, has not been matched elsewhere."

In this and previous articles I have covered the full ground of my interview with the Spanish chief of state excepting for one sentence which stands by itself. (Continued on Page Four)

Social and Personal

Sgt. Wyatt Collins has returned to Fort McClellan, Ala., after spending a 12-day furlough with his wife and children, 1120 Chestnut street.

Miss Jean Hilton is at home from W. C. U. N. C. to spend a few days between semesters with her parents, Mr. and Mrs. C. C. Hilton.

Miss Della Perry, a student at W. C. U. N. C., is spending a few days at her home in Greenville.

Misses Katherine Ann Jolly and Mary Ruth Carter, students at W. C. U. N. C., are spending several days here at their respective homes.

Mrs. N. O. Warren has moved from 433 W. Fourth street to her home 204 Eastern street.

Williams-Tripp

Mr. and Mrs. Joseph Bonnie Tripp announce the marriage of their daughter, Edith Katherine to Lloyd Angus Williams, United States National Reserve, on Friday, January 4, 1946, in Wilmington, N. C.

Woman's Club Meeting

General meeting of Woman's Club will be held on Friday, February 1, at 3:30 p. m. in the club house. All members are urged to be present.

Brown-Jordan

Mr. and Mrs. G. W. Jordan announce the marriage of their daughter, Edna Earle, to J. M. Brown, U. S. N., son of Mr. and Mrs. Johnnie L. Brown, of Ayden, N. C., on Friday, January 25, 1946 in Conway, S. C.

Albritton-Johnston

Mr. and Mrs. Joseph S. Johnston of Greenville announce the marriage of their daughter, Betty Christine, to Epl. William Earl Albritton, son of Mrs. Nora Albritton of Richlands, N. C. The ceremony took place on January the nineteenth, nineteen hundred and forty-six, at the home of Rev. R. E. Hardaway in Greenville, N. C.

Cpl. and Mrs. Albritton are making their home at Kinston, N. C.

Just received a shipment of Boston Ferns, Simpson's Flowers, 26-31s.

St. Paul's Episcopal Church Bishop Thomas H. Darst will conduct the services at St. Paul's Episcopal Church at 11 o'clock on Sunday, February 3.

Junior King's Daughters The Junior King's Daughters will meet with Marion Morton on Elm street Wednesday afternoon at 4 o'clock.

Miss Rasberry Elected President Miss Beula Rasberry has been elected president of the junior class of Atlantic Christian College in Wilson. During the previous semester, she filled the office of vice president. Miss Rasberry is a member of Delta Sigma sorority and served as treasurer during the first semester. She is a member of the Glee Club, Dramatics Club, Torchlight Staff and Junior class representative on the Women's Athletic Association. Miss Rasberry is the daughter of Mr. and Mrs. Paul Samuel Rasberry of Bell Arthur.

Make your home attractive with dish gardens. We have small plants of every description. Simpson's Flowers, 26-31s.

Bell Arthur Woman Died Rocky Mount

Mrs. Camille R. Willoughby, 49, wife of Mr. R. E. Willoughby of Bell Arthur, died at 4:15 o'clock Tuesday morning at Park View hospital, in Rocky Mount, after several months' illness.

Funeral services will be conducted at Eighth Street Christian Church in Greenville at 3:30 o'clock Wednesday afternoon by the pastor, Dr. H. G. Haney, and Dr. R. J. Bennett, pastor of Arthur Christian Church. Burial will be in Greenwood cemetery in Greenville.

The body will remain at S. G. Wilkerson and Sons' Funeral Home until an hour prior to the time of service. It will then be taken to the church.

Mrs. Willoughby, daughter of the late Tom and Allie Joyner Robinson, spent all of her life in the Bell Arthur community. She was a member of the Arthur Christian Church. She was graduated from East Carolina Teachers College, then known as East Carolina Training School, in 1918. She taught school for two years at Parmele. She was married in 1920.

Surviving are her husband, a son, Pfc. Ernest Willoughby of the United States army, now stationed in Europe; two daughters, Miss Helen Willoughby, a student at ECTC, and Miss Lucille Willoughby of the home; and a brother, Bert Robinson of Farmville.

Active pallbearers will be C. D. Smith, R. W. Tyson, Walter Dunn, Alton McLawhorn, Mark Smith, and Mack Smith.

LADY NEARLY CHOKED WHILE LYING IN BED—DUE TO STOMACH GAS

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat, after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Greenville.

Social Calendar

7:30 p. m.—Piano recital by pupils of Mrs. W. O. Freeland in Sheppard Memorial Library.

8:00 p. m.—Greenville Nurses' club meets at the home of Mrs. Blanche Cherry.

WEDNESDAY

4:00 p. m.—Junior King's Daughters will meet with Marion Morton on Elm street.

THURSDAY

10:30 a. m.—11:00 a. m.—Week of prayer and self denial observed at Presbyterian Church.

FRIDAY

10:30 a. m.—11:00 a. m.—Week of prayer and self denial observed at Presbyterian Church.

6:30 p. m.—Kiwanis Club.

Forty Years Ago Today

THE DAILY REFLECTOR

January 29, 1906

Seven thousand invitations, 3,000 of them to go outside the United States, have been issued to the marriage of Miss Alice Roosevelt.

First thing you know these fast running automobiles will just leave the ground and go flying through the air.

Every time that hopes begin to rise that Uncle Sam will unload the Philippines on Japan something happens to crush those hopes to earth again.

School News

Student Council Meeting There will be a student council meeting tonight at 7:30, lasting an hour.

Ball Game

There will be a ball game Thursday night with Tarboro. The proceeds will be donated to the March of Dimes.

March of Dimes

Greenville High School's home rooms collected \$183.65. Mrs. Bowen's room was first with \$35.00; second was Mr. Starlings who collected \$21.50 and Miss Lamb had \$13.53.

Christian Science Service "Truth" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, January 27.

The Golden Text was from Psalms 100:5—"The Lord is good; his mercy is everlasting; and his truth endureth to all generations."

Among the citations comprising the lesson-sermon were the follow-

ing from the Bible: "Give ear, O ye heavens, and I will speak; and hear, O earth, the words of my mouth. My doctrine shall drop as the dew, as the small rain upon the tender herb, and as the showers upon the grass. Because I will publish the name of the Lord; ascribe ye greatness unto our God. I will publish the name of the Lord; ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment; a God of truth and without iniquity, just and right is he." (Deut. 32:1-4)

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To seek Truth through belief in a human doctrine is not to understand the infinite. We must not seek the finite, mutable and mortal, and so depend upon belief instead of demonstration, for this is fatal to a knowledge of Science. The understanding of Truth gives full faith in Truth, and spiritual understanding is better than all burnt offerings." (Page 286)

Flowers speak words of cheer. Our potted plants are lovely and will bring sunshine to your home. Simpson's Flowers, 26-31s.

Fraternity Planning Dance For February

The Tau Chapter of Phi Sigma Pi, national honorary fraternity for men, began the winter quarter at East Carolina Teachers College by choosing a number of new members and officers and making plans for a dance on February 16, which will be a major social event at the college.

Dr. Carl L. Adams, chairman of the education department of the college, was elected an honorary member of the society. Leo Burks and Robert P. Holler of Greenville and Belvin Beck of Lexington, ex-service men and former members of the group, were welcomed back to the college as students and members of the fraternity.

Gordon Davis of Highland Park was elected treasurer and Herman

Milk Mixture For Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonfuls in a half glass of milk. Costs but little. Try a bottle. It must satisfy or money refunded. Lurin for sale by Bissette's and drug stores everywhere.

Eckhoff of Washington, assistant secretary. Members chose as sponsors for the February dance Erma Hinnant of Pikeville, Elsie Manning of Jamesville, Jewell Porter of Warsaw, Katie Earl Owen of Roseboro, Evelyn Collins of Maysville, and Eleanor Booth of Pollocksville, all students at the college here.

Propaganda Exhibit Will Be Displayed

A French exhibit showing German propaganda used against France during World War II will be presented by the foreign languages department of East Carolina Teachers College in the New Classroom Building on the campus on Friday and Saturday, February 7 and 8. Hours of the exhibit will be from 3 to 5 in the afternoon and from 7 to 9 in the evening.

A preliminary showing of the material will be given on Thursday afternoon, January 31, for members of the board of Trustees, which meets in Greenville then, and for faculty members and specially invited townspeople.

The material for the exhibit was collected by James L. Fleming, chairman of the foreign languages department at the college here, during several years which he spent in France. Miss Marguerite Austin of the French Department and a

large group of students have helped prepare and arrange the material. For help in the collection of the exhibit Mr. Fleming expresses thanks to the French Ministry of Foreign Affairs, the French Ministry of Information, and the U. S. Army Signal Corps.

Photographs, maps, posters, pamphlets, magazines and books show, among other things, Nazi propaganda against various nations and races, the French underground at work, Nazi torture methods against the French, the liberation of Paris, and the reaction of American soldiers to France and the French people.

The public is invited to attend the exhibit.

Resumes Position

Lt. W. A. Sugg, U. S. N. R., who has been stationed in Washington, D. C., the bureau of personnel, has been released from active duty. Lt. Sugg held a position in the advertising department with Proctor and Gamble before entering service. He left yesterday for New York, Boston and Cincinnati on a ten-day business trip.

Funeral Services For Wade H. Cox

Wade Hampton Cox, 29, of Ayden, died in Memorial General Hospital at Kinston Monday afternoon

about 2 o'clock as a result of injuries sustained in an automobile accident near Dover about two weeks ago. He was a brother of Boyd Hampton, employed at the Carolina Sales Corporation in Greenville.

Funeral services were conducted from the home this afternoon at 3 o'clock by the Rev. W. H. Brunson, pastor of the Christian Church. Burial was in the Ayden Cemetery. Cox was employed as a salesman. He was a veteran of World War II.

Surviving are his parents, Mr. and Mrs. W. O. Cox; five brothers, Raymond Cox and Roland Cox of Ayden, Hugh Cox of Kinston, Randolph Cox of Norfolk, Va., and Boyd Cox of Greenville; and two sisters, Mrs. Eugene Sexton of Rocky Mount and Elsie Cox of the home.

The undersigned Administrator of the Estate of F. M. Tripp, will, on Tuesday, the 19th day of February, 1946, at 11:00 o'clock, A. M., on the premises of the late F. M. Tripp in Pacolus Township, offer for sale and sell to the highest bidder for cash, the following described personal property, to wit:

We wish we could say "the line will end tomorrow," but we can't. There is still a shortage of equipment necessary to provide service. And equally acute is the shortage of trained men to install available equipment. Just as soon as we get the men—just as soon as we get the equipment—just that soon can we provide telephone service for all who want it. In the meantime, we ask your continued patience.

Carolina Telephone & Telegraph Company

INCORPORATED

Sports

By The Associated Press
North Carolina's White Phantoms, already far ahead in the state basketball race, today were breathing down the neck of Duke's Blue Devils for the lead in the Southern Conference.

The Phantoms climbed to within a half-game of Duke's conference leaders last night by trouncing Wake Forest, 70-47, but barring the unexpected, appear to have little chance of going higher on the loop ladder—at least this week.

Both teams have a conference game remaining on the week's schedule, Carolina playing host to Wake Forest on Saturday night and Duke entertaining N. C. State the same night. If both the Carolinians and the Dukes win, as they are favored to do, the week will end with them in the same relative conference position—and the Phantoms still a half-game behind the Devils.

Duke now has won nine games and lost one in conference competition; Carolina has won eight and lost one—that to Duke.

Counting all games played, however, the picture is much different: Carolina has piled up 18 victories against two defeats for an amazing .900 per centage; Duke has won 12 but lost four.

In their 20 games, the Phantoms have hit the basket for a total of 1,146 points, or slightly more than 57 per game.

Eppes High Plays Kinston Tonight

Eppes High will play Atkin High of Kinston in a doubleheader on the Eppes court tonight. The two girls' teams will open the twin bill at 7:30.

Coach Grimes carried his girls through a light practice yesterday morning without the services of his veteran forward who was out due to a throat ailment, but she is expected to be ready for the game tonight.

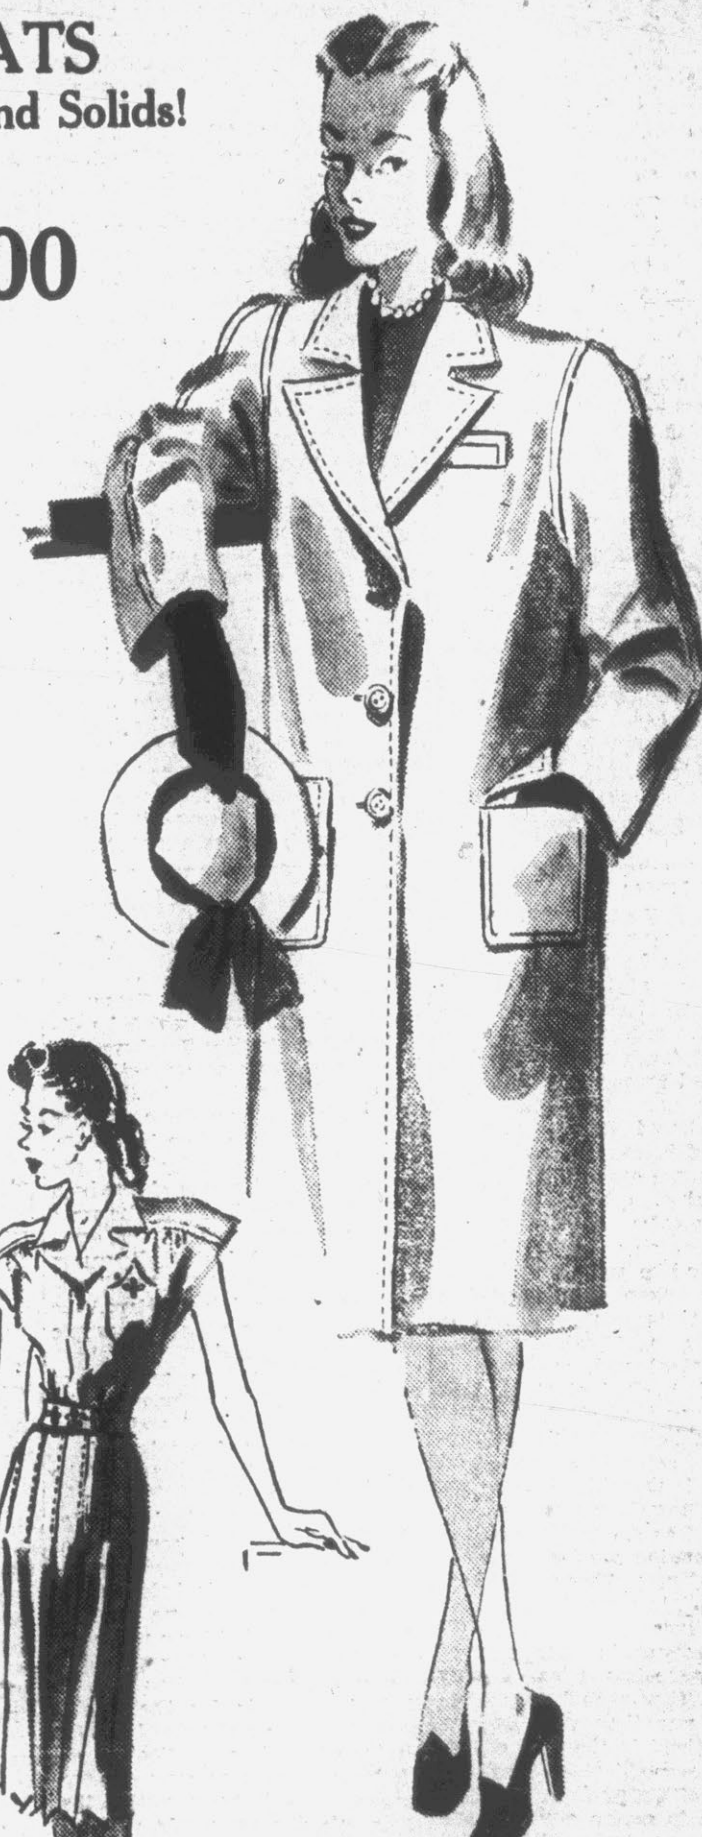

Probable starting lineup: E. Cherry, Mattie Forbes, and M. Harris, forwards; Molly Harris, A. Grimes, J. Calhoun, guards. Others who will see action will be C. Brown, M. Nichols, and J. Wiggins.

The boys are in the best physical condition of the season states Coach Murrill, and plans to give the undefeated team from Kinston a very tough fight tonight. Probable starters for tonight's contest will be Henry (Chick) Forbes, Dr. Taylor, forwards; Bobo Wilks and Slim Parrish, guards, and (Hap) Davis, center. Others who will see action if the Eppes boys get into trouble: J. B. Taft, Jr., and Emanuel Blow, forwards; Streeter, Wooten and Jones, guards; Skippy R. Lovett, center. This promises to be the best game of the season.

Strength FOR THE DAY

By EARL L. DOUGLAS

ZHUKOV PREACHES A SERMON
A friend of mine has just returned from a four months' stay in Europe where he was the honored guest of one of the governments. He tells this interesting story about the Russian general Zhukov.

A young Czech woman who had been passed around from one concentration camp to another was finally released by the invading armies and because of her linguistic ability was appointed interpreter to Zhukov. One day the general saw some Russian soldiers abusing German children. He called them to him and after administering a stern reprimand, he preached them what amounted to a little sermon. "Don't you know," he said, "that each one of these children is a child of God? How then can you treat children of God in this fashion?" The Czech interpreter was amazed and said, "But General, I thought because you were a Communist you were also an atheist." The general smiled and said, "Before the war I was an atheist, but not now. How could I be?" It is well to remember that the whole attitude of communistic officialdom seems to have changed with reference to religion. Twenty years ago they were hostile. Before the war they were derisive. Today, without in the least changing their personal views, most Soviet high officials believe that it is impossible to govern a nation and maintain a repressive attitude toward religion.

Men's Suits Held From The Market

Baltimore, Jan. 28—(AP)—The Evening Sun said today that although the shortage in men's clothing is "acute," a survey indicates that "thousands of suits" are being held in manufacturers' warehouses. The Evening Sun said that the manufacturers say they cannot move the suits to the retailers at a fair profit and that they will hold the suits until the OPA gives relief.

On the other hand, the paper said, the OPA has declared flatly: "No advance in the manufacturers' ceiling is in prospect." Other factors contributing to the shortage, the paper said, include "extensive government buying in 1945, an abnormally large consumer demand, bottlenecks in materials, shortages of skilled workers and depreciation of machinery."

Jap Elections To Be Held March 31

Tokyo, Jan. 29—(AP)—The Japanese cabinet today set Japan's first general election under occupation scrutiny for March 31. It will be the first time men under 25 and women have been permitted to vote.

The elections, originally scheduled for January, were postponed after General MacArthur's January 4 political purge directive which forced the resignations of scores of ultra-nationalistic government officials.

Candidates' eligibility must be certified by the home ministry, which tomorrow will publish qualifications established by the government.

On the economic front, MacArthur ordered the government to halt smuggling of food and other merchandise into Japan from Korea. MacArthur also warned the Japanese that production of "some important items" of medical supplies, particularly vaccines, "is far below existing capacity" and ordered a speed-up in manufacture.

True Inflation
Athens, Jan. 29—(AP)—Finance Minister Alexander Mylonas today announced that effective February 1 salaries, wages and pensions in Greece will be increased 10 times above their level of last June.

The increase, Mylonas said in a radio address, corresponds to the rise in prices.

CPA REVIEWS PRODUCTION

Washington Gives Figures On Consumer Goods

Automobiles: Only 53,072 cars were built in 1945. At least five times as many were expected. The strikes are "continuing to hamper production."

Refrigerators: About 150,000, half the prewar rate, were shipped in December. Output may double by June.

Washing Machines, Ironers: 65,000 went to dealers last month. This is 60 per cent less than 1941 monthly shipments.

Vacuum Cleaners: December shipments totaled 90,000, 58 per cent of the prewar rate, which may be reached in May.

Electric Irons: Monthly output last month per cent less than before the war. Production expected to hit 1941 rate of 380,000 a month soon after settlement of electrical industry strike.

Sewing machines—only about 5,000 shipped in December, but production may hit prewar 48,000 per month by June.

Alarm Clocks: 900,000 started to retail stores last month. Only a 10 per cent climb now to prewar rate, which is expected by March.

Radios: Only 100,000, or 10 per cent of 1941 rate, shipped in December. Industry is having trouble getting cabinets because it has to compete with furniture makers.

Director Of College Band Is Appreciated

Harold A. McDougle of Greenville and the student band which he directs at East Carolina Teachers College are subjects of an article of praise and appreciation in the Jan. 29 issue of the Techo Echo, student newspaper at the college here. Mr. McDougle became conductor of the college band last year and has been active in making it one of the most popular organizations on the campus.

At recent basketball games the band has played for "pep" rallies and during intermissions, the members wearing attractive purple and gold uniforms.

Mr. McDougle is a member of the faculties of the college and the Greenville High School and is city supervisor of instrumental music.

Of him and his organization, the Techo Echo says:

"Harold A. McDougle is director of the band, which is composed of 34 members. Every Tuesday evening when practice is held in the Wright Building everyone on East Campus during that hour will agree that they are a working organization. From the time they pick up their instruments for the 'tuning period' until the end of the hour, the strains of music come floating out of the upper floors over the entrance. The listeners notice that the music dies away only once and that is when Mr. McDougle takes the solo trumpet part in 'Stormy Weather.' The band is ready when there is any occasion for it, as ball games, but its big annual event is the out-door concert held on the front campus on commencement Sunday."

CONCESSIONS PAVED WAY IN CHINA TRUCE

Political Conference For Chinese Unity Reaches Accord

By SPENCER MOOSA
Chungking, Jan. 29—(AP)—Concessions by the government solved a major problem of the political consultation (unity) conference today and possibly paved the way for setting the only remaining major question facing a subcommittee on government reorganization.

The subcommittee reached an agreement on the powers of a projected reorganized State Council, on which it previously had been decided that the Kuomintang (National) Party should have 20 seats and other parties and non-partisans 20.

The only major question left unsettled in the committee is the distribution of party representation in the executive yuan, or cabinet.

Decisions regarding the State Council, as reported by government sources, were:

1. The power of appointment will be transferred to the council from the central executive subcommittee of the Kuomintang.

2. Emergency powers of the president of the republic must be approved by the Council before they are exercised.

3. The president's veto may be overridden by the council by a three-fifths majority.

All three decisions represented concessions by the government.

The same sources who announced the concessions predicted that a stalemate in the subcommittee leading with the National Assembly would be broken. They reported the Communist Party and Democratic League had withdrawn their demand for a new election to the assembly. The government vigorously had opposed such an election.

The fanciest snowflakes are formed at relatively high temperatures. A baby chick, peeping in its shell before hatching, will be quiet at the hen's warning cluck.

The World Today

(Continued From Page One) have requested," said Franco, "serve to help to reestablish the trusts and increase the bonds and sympathy between our peoples, we shall have contributed to some extent to those ideals of peace of the North American people, which find the most perfect echo in our nation and in my government."

seat, chairman of the County Commissioners and the county superintendent of county schools to be ex-officio members of the board.

The bill requires that a physician, a dentist, a pharmacist and a public-spirited citizen and the ex-officio members to comprise a county board of health.

Dr. Johnson was appointed for four years; Dr. Williams, three, Bunting, two, and Edwards, one year. Under the old set-up there were two physicians and one dentist on the board with the ex-officio members.

The Pitt County Board of Health will work in cooperation with the Pitt County Medical and dental societies. During the war there has been more or less interruption of the health program in North Carolina. The legislators, visualizing the probability of marked changes in the public health program during the reconversion period, anticipated bringing up to date many methods now used in the public health program. The reorganized health board is expected to function more effectively now that the war is over.

The personnel of the new board of health is excellent, each of the members having a keen interest in the public welfare and considerable talent and willingness to carry on the work on an improved plane, businessmen and others said here today.

CONSTIPATION Hazardous in BAD COLDS

Beware of sluggish elimination when you have a cold. If you are constipated you may be sure your intestines are retaining virus-laden mucus and other putrefactive waste matter. This condition may interfere with the treatment of the cold and lead to more serious complications. Relieve this hazardous constipated condition promptly tonight with Calotabs. Calotabs are one of the most dependable of all intestinal eliminators. They pleasantly yet thoroughly act on every foot of the intestinal tract, thus helping to sweep out virus-laden mucus and other putrefactive material, enabling Nature to more effectively combat the cold. Get Calotabs from your druggist. Use only as directed on the labeling.

Grain Market

Chicago, Jan. 29.—(AP)—Active contracts in grain futures developed strength during the closing hours trading today.
 Profit taking in rye toward the finish held the May contract advance to 3 1/4 cents for the day.
 At the closing bell, wheat was unchanged at ceiling, May \$1.80 1/2. Corn held unchanged at ceiling, May \$1.18 1/2. Oats were unchanged to 1/2 lower, May 81. Rye was unchanged to 3/4 higher, May \$2.12 1/2. Barley was unchanged at ceiling, May \$1.22 1/2.

New York Cotton

New York, Jan. 29.—(AP)—Cotton futures opened unchanged to 35 cents a bale lower.
 Noon prices were 30 to 65 cents a bale lower. March 25.40, May 25.36, July 25.35.
 Futures closed 5 to 55 cents a bale lower.

	Open	Last	Prv. Cl.
March	25.45	25.40	25.49
May	25.43	25.38	25.48
July	25.40	25.36	25.47
Oct.	25.00	25.02	25.04
Dec.	24.98	24.98	25.00
March	24.93	24.93	24.94

Middling spot 26.06, off 11.

N. Y. Stock Market

New York, Jan. 29.—(AP)—The sprinting bull stock market faltered at intervals today under light profit cashing but a late rally in steels and assorted industrials lifted the average to another high since 1931 on relatively heavy volume.
 Monday's sharpest upswing since 1940 inspired a certain amount of skeptical selling after the opening and the ticker tapper for a while was as much as two minutes behind.
 Transfers were around 2,700,000 shares.

Veteran World War II

A 3-year enlistment in the Regular Army now entitles American young men to a FULL COLLEGE COURSE or a Business or Trade School Education

By Act of Congress, benefits of the GI Bill of Rights are open to every qualified young man who enlists in the new Regular Army before October 6, 1946

HUNDREDS of thousands of intelligent young men finishing high school have been unable to afford a higher education. Now they can have it, free.

GREATEST EDUCATIONAL OPPORTUNITY IN HISTORY

Under the GI Bill of Rights every young man who enlists in the Regular Army before October 6, 1946, is entitled, after discharge, to education or training in the school or college of his selection at Government expense. For a period based on the length of his service, the Government will pay his tuition, up to \$500 per ordinary school year, plus \$65 monthly for living expenses — \$90 if he is married. After a 3-year enlistment, for example, he

French Veterans In Annam Action

French forces have broken the back of Annamite resistance in Southern Annam and have captured the important city of Dalat, 150 miles southeast of Saigon and 50 miles inland from the China Sea, a French communique announced today.

Carrying out the greatest offensive operation they have thus far undertaken against the Annamite forces, the French employed airborne troops to capture Dalat. Elements of the crack French Second Division and the Ninth Colonial Infantry then drove on beyond Dalat to the shores of the China Sea. Battle-hardened veterans of the European campaign fought across boggy rice fields and severe mountain terrain during the operations, which began last Saturday when the Ninth Colonial Regiment pumped off from Bienhoa, 20 miles north of Saigon.

A motorized column of the Second Armored, which participated in the liberation of Paris and the fall of Strasbourg, drove 75 miles eastward from Ban Methout to Nha Trang, another seaport 50 miles north of Phan Rang, which had been seized earlier in an amphibious operation.

DEGNAN CASE STILL ACTIVE

Chicago Police Unrelenting In Man-Hunt

Chicago, Jan. 29.—(AP)—Chief of Detectives Walter Storms said today that two young men were held on open charges after several hours of questioning in connection with the kidnap-killing of Suzanne Degnan on January 7.

Storms said that the youths, whom he identified as Theodore Campbell, 22, and Vincent Costello, 18, had told him they had made calls to the Degnan home on the morning of January 7, after Suzanne had been kidnapped.

The detective chief said the two were to be questioned further today and that detectives sought to trace the movements of the two youths on January 6 and 7.

Storms said that Costello had been given the so-called "lie detector" test and that the results "did not stack up so far." Campbell was to be given a test later.

"The information that we had was the cause for Campbell and Costello being picked up for questioning," Storms said. He did not amplify his statement.

Police, in their search for the maniac killer of the six-year-old Degnan girl, have questioned scores of persons, and have tracked down hundreds of tips and clues.

Storms did not further identify either of the youths other than to state that Costello had been on parole from a training school.

They were questioned from mid-afternoon yesterday to early morning today by Storms and other high ranking officials of the police department and State's attorney's office, including Commissioner John Prendergast and State's Attorney William Tuohy.

Storms said that a search was being made for another youth now wanted for questioning.

Patterson Backs Ike's Promises

Washington, Jan. 29.—(AP)—GI's overseas today regard continuation of the draft a "must," reports Secretary of War Patterson.

The men are looking to Selective Service, he said, to supply their replacements so they can be relieved and come home.

Back from a month-long inspection tour of garrison forces in Europe, Asia and the Pacific, Patterson held firmly to the War Department's contention that the Army can not be reduced safely below the 1,500,000 after mid-year and still do its job.

However, he promised that the Army will fulfill "unconditionally" the pledge of Gen. Dwight D. Eisenhower to have all enlisted men with two years service or 40 points discharged or in the process of discharge by June 30.

Farmers Resolve To Act Against Strikes

Edgar, Neb., Jan. 29.—(AP)—A group of 21 Clay County farmers who said they need "farm tools and machinery, bathtubs and refrigerators" last night voted a strike against strikes.

In a resolution proposed by V. Hubert Johnson, the group decided to withhold their farm produce from market until the nation's industrial workers return to their jobs. Johnson was named head of a committee which will fix the date of the proposed strike.

The Edgar resolution asserted that farmers here are not "taking sides in the industrial battles," but added, "We will supply no one but ourselves."

Johnson said that "when we shut off sources of food, strikers will work or starve."

Filipino Battalion In Combat With Japs

Manila, Jan. 29.—(AP)—Seventy-two Japanese holdout soldiers were killed three days ago in the southern Luzon province, Camarines Norte, in combat with a Filipino battalion which had tried for six weeks to persuade them to surrender.

There were no Filipino casualties, Western Pacific Army headquarters said in reporting the action today. Intelligence officers of the 86th Division, charged with policing the area, estimated 48 Japanese escaped into rugged hills 150 miles south of Manila.
