

Use Of Atomic Energy For Benefit Of World Planned

Scientists Declare Atomic Energy So Limited That Surprise Attack Will Be Impossible With International Control. Denaturing Process Opens Door

By HOWARD W. BLAKESLEE. St. Louis, March 29—(AP)—The big fact on which scientists rely to prevent surprise atomic attacks — namely, that all atomic energy is limited strictly to two natural metals, without even a slight prospect of extension—came out here today at the meeting of the American Association for the Advancement of Science.

The metals are uranium and thorium, both scarce and controllable as mines and in power houses, so that scientists believe no nation will be able to prepare for an atomic attack without automatically giving the world advance warning of 18 months to several years.

These facts came from a plan for international control of atomic energy issued simultaneously last night in Washington and St. Louis. Here the plan was explained by Dr. Charles A. Thomas, vice president of the Monsanto Chemical Company, himself a member of the Plan Committee and an atomic bomb expert.

Uranium makes both bombs and power. It also make a new metal, plutonium, for bombs and power. Uranium converts thorium into a new form of explosive uranium. Uranium alone is the basis and no other chemical in creation now appears likely to yield atomic energy.

Important also is denaturation that renders all the metals non-explosive, but leaves them useful for power. Denaturation is what happens when an egg is hard boiled. The metals are not boiled; they are denatured by adding a secret chemical element. But Dr. Thomas said, there is no doubt that "boiling" them will take a long time and large plants.

The proposal is to give an international atomic development authority three controls: 1—All mining of uranium and thorium. 2—All plants making the metals. 3—Inspection of large peacetime power plants (because these could be secretly modified to make bomb materials).

All the explosive metals would be denatured and issued in stockpiles to all nations for peacetime use. No nation could start a denaturing job without being seen. Any nation (Continued on Page Four)

Matron Accused

Mrs. Secora Ramos (above) is under arrest at Gary, Ind., on a homicide charge after police said she admitted throwing her six-month-old nephew into a furnace. (AP Wirephoto.)

INFORMATIVE PROGRAM SET FOR WORLD

State Dept. Plans To Reach Plain Citizens In Foreign Countries

Washington, March 29—(AP)—Assistant Secretary of State William Benton today described the government's international information program as one of the mainstays of the effort to secure the peace by creating understanding among peoples.

In a speech prepared for the American Public Relations Association, Benton declared the information program is designed to help replace the ignorance and suspicion that now exists throughout the world about the United States with knowledge and understanding.

"The task is nothing less than the advancement of understanding among the peoples of the world to the point where the prospect of peace grows constantly greater and the risk of war grows constantly less," he said.

Benton said the information program is not a public relations job and in carrying it out the State (Continued on Page Six)

Congress Debates UNO Veto Provision As State Department Outlines Plan To Turn Atomic Energy Control Over To All-Powerful International Body

By JACK BELL. Washington, March 29—(AP)—A cautionary note against any veto loophole that might permit secret bomb-making tempered general congressional approval today of a plan for international ore-to-energy control over atomic power.

The veto question was brought to the front by Senator Ferguson (R-Mich.) in discussing the State Department's proposal for a United Nations "atomic development authority" which would mine all fissionable materials and operate all primary production plants. From these, "denatured" products would be shipped to secondary plants throughout the world for either scientific or industrial purposes.

But Ferguson told a reporter he does not see how a satisfactory agreement outlawing the use of atomic energy for war purposes can be reached if any of the big five nations retains the right to veto measures the UNO Security Council might want to take to enforce that agreement.

He said that before the United States turns over its secret formulas and processes to such an organization, it should make certain that no nation could veto an action to prevent use of these formulas and processes to make atomic bombs.

Senator Pepper (D-Fla.), who said he likes the general outline of the State Department plan, agreed that no veto should operate in any such case. He suggested that if the Security Council is the enforcement agency, it should be able to act on a simple majority vote.

The State Department report's confirmation that a way has been found to "denature" energy-producing plutonium of its explosive qualities prompted assertions by legislators that this may "simplify the task of preventing secret bomb manufacture."

Iranians At UNO Council Meeting

Fast-Talking Marine Closes Bank And Goes Holidaying With Its Assets

Yokohama, March 29—(AP)—The provost marshal's office today related the amazing story of a marine private who fast-talked a Japanese bank president out of \$87,800 yen (\$39,192), closed the bank and went holidaying with a Nipponese girl.

Capt. Otis J. Carter, chief of the Criminal Investigation Division, (CID) said Pvt. Earl L. Brown, Clarksburg, W. Va., readily admitted the hoax after he was trapped by 20 military police at a resort hotel.

Carter said Brown forged a purported authorization to inspect the bank's books, seized all of the bank's assets, closed it, and disappeared. A tip from a woman hotel manager that Brown had given her 10,000 yen to place 285,000 yen in her safe led to the arrest of the private and the Japanese girl with him. All of the bank's yen were recovered except 20,000 yen—the 10,000 given the woman manager, who disappeared, and another 10,000 Brown gave a surprised Negro truck driver to whisk him away.

Carter related this story of Brown's strange hoax: The private, wearing a second lieutenant's gold bar, entered the bank in rural Totsuka, by a rear door an hour before opening time on March 12. President Masatori Kishimoto accepted the forged credentials and gave Brown two bottles of beer to drink while he scanned records and equipment.

The next day Brown returned and ordered all the bank's money turned over to him "for inspection by the Eighth Army in Tokyo." Kishimoto insisted upon accompanying Brown and had four aides carry the 587,800 yen in sacks.

Secret Meeting Planned For Members Of Council

COAL OUTLOOK IS BIG CLOUD ON HORIZON

Improved Production Prospects In All Industries Except Soft Coal

By The Associated Press. The ranks of the nation's idle because of labor disputes, showing a steady drop the past couple of weeks, may be nearly doubled over the weekend.

A shutdown of soft coal operations appeared set for Sunday midnight, putting 400,000 AFL United Mine Workers on the strike list which today totaled 460,000.

President Truman said the government has no plans to seize the mines in event of a strike. But the government, to assure supplies for urgent uses, took over control and distribution of soft coal last midnight.

Labor Department officials continued efforts to avert a shutdown as John L. Lewis' UMW and the operators appeared no closer to reaching an agreement on a new contract. The mine union president has given notice to the producers there will no soft coal mined next week if a new contract is not agreed upon by midnight Sunday.

Other government officials, headed by Secretary of Agriculture Anderson and Secretary of Labor Schwelienbach, prepared to meet with principles in strikes of 42,000 farm equipment, International Harvester, Allis-Chalmers and J. I. Case, were invited to the conference in Washington to discuss the "grave situation on food production caused by the work stoppage."

Russian Officer

Lt. Nicolai Gregorovich Redin, 29-year-old Russian Naval officer, sits in custody at Portland, Ore., after his arrest there by FBI agents on espionage charges.

Redin stands accused of gathering plans and information regarding the U. S. S. Yellowstone, a destroyer tender. Complete details of his activities have not yet been made public.

Announcing this today, the OPA said the increases result from higher prices recently authorized for the packing industry to offset a wage increase of 16 cents an hour.

Price hikes for veal, lamb and mutton will be announced later. Retail pork prices generally will be upped an average of three-quarters of a cent a pound, OPA said, while beef prices will average a third of a cent a pound.

Increases for individual pork and beef cuts range from one to four (Continued on Page Six)

Will Perfect Plans For Direct Request To Moscow And Tehran For Information On Iranian Question; Byrnes Takes Lead In Procedure; Gromyko Not Expected To Attend

By JOHN M. HIGHTOWER. New York, March 29—(AP)—Members of the United Nations Security Council scheduled another secret meeting today in advance of their announced public session, reportedly to perfect plans for a direct request to Moscow and Tehran for information on the Iranian situation.

The meeting was set for half an hour in advance of the public session (scheduled for 3 p. m.) at Hunter College.

Word of this development came from well informed officials a few minutes after Secretary of State Byrnes and Sir Alexander Cadogan, the British delegate, had a hasty conference at their hotel headquarters, then ordered cars to be ready to take them to Hunter College half an hour ahead of the previous time.

Officials said there appeared to be no question of Russian Ambassador Andrei Gromyko attending this meeting any more than the public session, since he has announced that he will remain away from any of the gatherings concerning Iran.

Indications were that the U. S. and Britain were working for unanimous agreement of the 10 members actually sitting in at the council table to support the information request to Russia and Iran.

Governor Drafts Men For Plant

Richmond, Va., March 29—(AP)—Governor Tuck today drafted approximately 1,500 production and maintenance workers of the Virginia Electric and Power Company into the state's unorganized militia and placed them under military law, subject to court martial if they refuse to work for the commonwealth in the event of a strike.

The governor directed members of the State Guard began serving the orders on Vepeco workers at 9 a. m. today. Copies were placed in their hands at emergency meetings in armories and schools in various parts of the state last night.

The unprecedented action followed the governor's declaration of a state of emergency yesterday in a move aimed at preventing any interruption of power service in the event a strike of Vepeco workers takes place Monday as threatened.

Imported Smallpox Threatens Epidemic

Seattle, March 29—(AP)—The death toll stood at five today in a smallpox outbreak termed by one physician the worst in the nation since 1913. Vaccine from Philadelphia was brought in to help fight the threat of the invader from the Orient.

Health officials said the infection came from Japan with returning servicemen. Dr. J. K. Bozeman of the City Health Office said it was not a new type of the disease, and that in all but two of the deaths there were contributing factors such as heart, thyroid trouble and old age.

Mass vaccination of the city's residents and school children is progressing. There are 14 diagnosed cases and four probable.

LaGuardia Shatters Precedent In Speech

UNRRA's New Director Wants Fast Action, Not Red Tape; 'Wheat Has No Political Complexion' He Declares

By ALEX SINGLETON. Atlantic City, N. J., March 29—(AP)—Fiorello La Guardia, new director general of UNRRA, told delegates from 48 nations today that he would seek food for world relief wherever he could find it—including the Argentine.

"Ticker tape ain't spaghetti," cried out the squat, fast-talking former mayor of New York in his inauguration address after bluntly declaring that the people of the world "want bread, not advice."

With almost a touch of scorn he waved a batch of resolutions which have been passed during the two (Continued on Page Four)

Allied Control Council Adopts Industrial Plan

Program Designed To Eliminate German War Potential; Nation To Be Self-Sustaining By 1949; Emphasis On Agriculture

By THOMAS A. REEDY. Berlin, March 29—(AP)—A plan to eliminate Germany's industrial war potential while retaining enough of the beaten nation's economy to make it reasonably self-sustaining by 1949 has been adopted by the Allied Control Council.

The program, outlined in detail by the council last night, slashes German economy in half and places future emphasis in production on agriculture and on coal and materials for the rebuilding of war-torn cities.

PLAGUE TAKES HEAVY TOLL

Disease And Famine Spread Through South China

By The Associated Press. Cholera, bubonic plague and famine spread through vast areas of China today, taking a heavy toll of lives.

United Nations Relief and Rehabilitation Administration officials at Shanghai said Cholera raging through south China, where more than 1,000,000 persons are threatened, was exacting a 50 per cent mortality of those affected. The number of deaths was not given. (Continued on Page Four)

New Ambassador Takes Over Post

Moscow, March 29—(AP)—Lt. Gen. Walter Bedell Smith assumed today the duties of United States ambassador to the U. S. S. R., at a time when relations between the U. S. and Russia are anything but happily normal.

The 50-year-old former chief of staff to Gen. Eisenhower takes up one of the most important jobs in world diplomacy—and one of the most difficult. It is a job which requires cold judgment, an open mind and the ability to understand the leaders of 195,000,000 persons who occupy a sixth of the earth's surface.

Technically, Smith will not become the fifth U. S. ambassador to Russia until he presents his credentials to Nikolai M. Shvernik, chairman of the Presidium of the Supreme Soviet, a step which embassy officials said he would take without delay. He also will call upon Foreign Minister V. M. Molotov.

The WORLD TODAY AP World Traveler

By DEWITT MACKENZIE. Gander, Newfoundland, March 29. Well, here we are grounded again in the battle we've been waging since last Monday night to reach New York by air from Paris.

Maybe Dietetics Is A Useless Science

Goldsboro, March 29—(AP)—Well-care Superintendent J. A. Best said he had the following conversation with a 75-year-old man who lives alone and wants old age assistance: "How big a garden will you have?" "None as I don't eat vegetables."

TODAY IN CONGRESS A Review Of Your Government In Action

Washington, March 29—(AP)—Outright cancellation of the Bikini atom bomb tests was proposed in Congress today by Senator Huffman (D-Ohio), who said: "This is no time for martial gestures."

Child Labor Declines In North Carolina

Raleigh, N. C., March 29—(AP)—Child labor, on the decline in North Carolina since June last year, showed a further drop of 25.6 per cent during February, C. H. Pritchard, director of the Division of Statistics of the State Department of Labor, said today.

The NATION TODAY By James Marlow

Washington, March 29—(AP)—One of the most important jobs of government is going on now without much excitement. Congress is deciding how much the appropriations will be for the government departments.

Social and Personal

Mrs. Billie Whitley is recovering through error omitted that Mrs. James R. Worsley, the president, presided and brought greetings from the Pitt county unit.

Miss Betsy Nobles, a student at Brenan college, in Gainesville, Ga., is spending the spring holidays here with her father, Mr. W. E. Nobles.

Friends will regret to learn that Mrs. J. P. Moss is a patient at Pitt General Hospital.

Mr. and Mrs. C. H. Lanier have returned from Corpus Christi, Tex., where they visited their son, Jimmy Lanier, who is in the U. S. Naval Reserve.

Music Contest
Dr. Karl V. Gilbert, chairman of the music department at East Carolina Teachers College, is in Elizabeth City today acting as judge in the district music contest which is being held there.

Matrons to Meet
Circle No. 4 (Matrons) of the Eighth Street Christian Church will meet at the home of Mrs. C. H. Edwards with Mrs. M. R. Long assisting hostess on Monday afternoon at 3:30.

Brothers Honorably Discharged
Dow Waters left March 28 for Mineola, N. Y., to enter Roosevelt Airplane Mechanics School. He was an ensign in the Navy and flight instructor at Whiting Field, Fla., a year before being released from the navy in January, 1946.
S-Sgt. Jack Waters has recently returned from Camp Beale, Calif., after serving 36 months in the army. He is making his home in Winterville with his wife and little son. They are the sons of Mrs. A. M. Waters of this city.

Exhibit
There will be a showing of original pen and ink sketches by Edw. W. Hearne, advertising manager for Belk-Tyler Co., in the small front window at Belk-Tyler's Saturday afternoon, Sunday and Monday morning. These pictures are to be on exhibition this summer in the Park Avenue Galleries, New York City.

Mrs. Worsley Presided

Forty Years Ago Today

THE DAILY REFLECTOR
March 29, 1906

Sans Souci Club
The Sans Souci Club was most delightfully entertained on Wednesday afternoon by Miss Bessie Patrick.

After discussing the business which was brought before the club, all present enjoyed an especially interesting program which had been carefully prepared. Miss Nell Skinner read a paper on the life of Whitaker, after which Mrs. Haywood Dai delighted us with one of her best known selections, "Maud Mulder." Mrs. Woodward read a very instructive paper on the life of Helen Hunt Jackson.

The hostess served delightful refreshments.

ed a past matron's pin, a gift from the chapter. Miss Hazel Williford pinned the jewel on her mother.

During the social hour light refreshments were served to the members and many friends who were present.—Reported.

R. P. W. Meeting
The Business and Professional Women's Club met for its regular dinner meeting at the Proctor hotel Thursday evening, March 28, 1946. There were 28 present with four visitors.

Mrs. Viola Baker presided. Discussion of the "Boss's Dinner" to be held April 25 and plans for this were made.

The seventh district of the Business and Professional Women's Club will have a district meeting in Ahsokie April 12. Mrs. Spilman is guest speaker for the occasion.

Many from here are planning to go. The nominating committee was named. Alma Letchworth, chairman, with Virginia Kares and Henrietta Johnson helping.

Mrs. P. A. Jordan introduced Miss Douville, a member of the staff personnel of the blind center. Miss Douville made a splendid talk about the work that is going on at the blind center. She said "We want to help the blind to help themselves." "The program out there is a two part one," she said. "A pre-conditioning program and a vocational training program."
The guests were introduced and welcomed by the club.

Presbyterian Announcements

Elders and deacons will be ordained and installed at the morning service next Sunday, at this church. Elders to be ordained are: Mr. F. J. Deiner, and George A. Brown. Deacons to be ordained are Mr. F. L. Gammon and Linda Stokes. Dr. Boyd will speak on the "Qualifications and Duties" of these officers as taught by the scriptures. An invitation will be given to any who desire at this service to unite with the church. There will be preaching in the church at 7:30 p. m. Sunday. The subject will be, "Conditions and Promised Blessings of a Revival," II Chron. 7:14, text. We are expecting several persons to unite with the church at this service. Next week Dr. George Mauze will preach each night at 7:30, beginning Monday, through Friday and both services next Sunday, April 7. The public is invited to hear him at 3 p. m. Sunday School will be held at Twin Oaks Chapel, and Dr. Boyd will preach at 4 p. m. following the Bible study hour.

Dr. Boyd is conducting an instruction class for small children who are interested in church membership, each Friday at 4 to 4:30 p. m. at the church office. Parents are requested to help the children remember this.

Christian Church Announcements
The mixed chorus of the Greenville High School will sing two numbers at the morning worship period at the Eighth Street Christian Church. Under the direction of Miss Ona Schindler the chorus will sing "Lord of Hosts" by Wennerberg and "All In The April Evening" by Robertson.

At this service the pastor Dr. H. G. Haney has announced to speak on another of the Old Testament stories using as his subject, "A Man Who Ran Away From God."

The circles of the Woman's Council will meet as follows next Monday: No. 1, with Mrs. Alice Proctor at 3:30; No. 2, with Mrs. J. Harvey Briley at 3; No. 3, with Mrs. B. B. Sugg at 3:30; No. 4, with Mrs. C. H. Edwards on the Avden highway at 3:30 and Mrs. M. R. Long will serve as assistant hostess.

Sunday evening between the hours

of 6 and 7 the young people of the community will meet for another period of consultation of vital youth relationships. There will be four classes taught by Drs. Irons and Aycock, Mrs. Adelaide Bloxton, and the Rev. A. Hartwell Campbell. The classes are for senior high boys, senior high girls, junior high boys, and junior high girls. All of those but only those are invited.

Greenville High School News

By ALVIN TAYLOR
Members of the GHS Journalism class who made the New York trip have recuperated fully and are back to their usual high standard of work.

Tonight, from 8 o'clock to 11:30, the "Freshman Follies," sponsored by the Freshman Class, will be held in the Greenville High School auditorium. This dance promises to be one of the highlights of the season. Admission will be 25 cents per person.

Several teachers from Greenville attended the NCEA convention being held this year at Asheville. In-

cluded among them was O. E. Dowd, GHS principal, and Harold A. McDougle of the music department.

Lorraine Smith Died At Hospital Today

Lorraine Smith, five-year-old daughter of L. A. (Smitty) Smith and Mrs. Smith of this city, died at Pitt General Hospital this morning at 9 o'clock after several days' illness.

Funeral services will be held at the home, 1606 Myrtle Avenue, Sunday afternoon at 3 o'clock. Burial will be in Greenwood cemetery. Surviving are the parents; one brother, James Roy Smith; the paternal grandfather, W. D. Smith of Washington and the paternal grandmother, Mrs. Anna E. Ross of Greenville.

Strength FOR THE DAY

By EARL L. DOUGLAS

THAT WE MAY NOT BE DERIDED.

The Bible has a great deal to say about hypocrites, and everything it says is loaded with condemnation. Modern man is more afraid of hypocrisy than of any other vice. In fact, he is so afraid of being called a hypocrite that he often practices a form of hypocrisy by refusing to make any religious pretensions and posing as much less religious than he really is.

People who have no use for the church often deride those who claim to be Christians and point out their obvious faults. It is true that there is no perfection anywhere, not even among Christian believers. The devout Christian, if he is sensible, does not claim to be a Christian—he aims to be a Christian. There are two things he may believe that everything a Christian is supposed to believe, but he realizes that belief alone does not make a man a Christian. Even the best of men fall below their ideals.

This is not an excuse by which we can to comfort ourselves in our failings. It is a realistic facing of facts. God does not expect us to be perfect but He expects us to aim for perfection. Even the best of Christians lay very little claim to virtue, but what they do say is that they are aiming to live up to the teachings of the Gospel.

OUR WARBRIDES

To you, who have left behind your families, friends and customs of the Old World, we bid welcome. It is no small feat to journey to a strange nation, bringing with you the dream of making a new home and beginning a new life.

We look back, not without pride, on that same spirit of the pioneer which built up our country from scattered settlements on the eastern coast to the sprawling giant it is today.

All of us know that before you lie hours of secret longing and loneliness. The memories of the home you left will always be with you. There is little we can do to assuage your grief.

Among our people there are many who are anxious to help you grow into our community and to accept us as a part of your life . . . for now, you are one of us.

Allied Control . . .

(Continued From Page One) living than the European average.

The council's outline established four general industrial categories:

1. Industries to be prohibited. These included synthetic gasoline and oil, synthetic rubber, synthetic ammonia, ball and taper roller bearings, heavy machine tools of war-making types, heavy tractors, aluminum, magnesium, beryllium, vanadium, radio-active materials (including uranium), hydrogen peroxide. The list extends from five to 19 the industries barred by the Potsdam meeting of the Big Three.

2. Those to be restricted to certain levels so any excess can be used to pay off Germany's war debts. Cut-backs included steel, limited to 5,800,000 ingot tons a year, about 39 per cent of the pre-war output; and machine tools, with only 11.4 per cent of pre-war production allowed.

A senior officer said economic experts would tour the Reich to compile a list of industries which can be used to pay German war debts.

3. Industries producing peace-time goods which may go ahead full blast. Coal for instance, is to be mined to the utmost, providing a balance for export in order that Germany may have cash to meet

ELKS ELECT JOHN GLOVER

Greenville Lodge Names New Officers Banquet

By CHESTER WALSH
Greenville Lodge No. 1645, Benevolent and Protective Order of Elks last night elected John W. Glover exalted ruler to succeed E. Hoover Taft. Charles E. Blair was chosen esteemed leading knight, J. F. Bowen, esteemed loyal knight and J. A. Bunting, esteemed lecturing knight.

Dr. P. W. Picklesimer was elected lodge secretary, John C. Proctor treasurer, Carl McKinney, tiler; E. Hoover Taft, alternative representative to the Grand Lodge, and J. Con Lanier, trustee. The other trustees are Curtis Perkins and L. B. Garris. Several other officers are to be appointed by the exalted ruler. The new officers will be installed April 11.

Greenville Elks Lodge organized about five years ago, now has 151 members. The membership considerably increased during the past year.

Proceeding the meeting a barbecued chicken supper was served to the members and several invited guests, including Robert Lee Humber, House Manager Herman Norris had charge of arrangements.

A Negro radio quartet entertained with southern songs and spirituals during the fellowship period. The attendance was the largest in several years.

Five new members were initiated and "journeyed over hill and dale, through forests and into the realm of Elksdom. They are Simon Moe, Jr., Jack Barrett, James F. Davenport, Jr., and W. S. Bost.

Exalted Ruler Taft gave an interesting history of the Elks, recalling that the organization was established in 1868 by a handful of New York actors "to promote the well being of their fellow-man." It now has 750,000 members, an increase of 200,000 since the attack on Pearl Harbor in December, 1941. Taft pointed out the good work of the Elks War Commission; reported with pride that the Elks have contributed more than \$70,000,000 to public welfare since it was organized. The Elks had 80,000 members in the armed forces. The organization maintains the Elks National Home at Bedford, Va., for aged and indigent Elks. Many lodges maintain visiting nurse services, and is a fled policy of the Elks to provide for crippled children. President Truman is an Elk, Governor Cherry is a member and the late President Roosevelt was an Elk.

Exalted Ruler Taft pointed out last night that Greenville Elks Lodge has been a moving spirit in benevolence in this city, takes an active part in supporting the Elks Home at Hendersonville and the Elks summer camp for boys. The local lodge has provided milk for thousands of school children, donated playground equipment and given assistance to widows and orphans.

reparations. Official estimates said total output by 1949 would be 75 per cent of the 1936 peak.

4. Industries which have levels fixed for 1949 only, without providing for reparations should those levels be exceeded.

Scientists Declare . . .

(Continued From Page One) inspectors to see that everything went as scheduled. They also would carry on nuclear research, with the ADA alone permitted to make experiments in the explosive field. Individuals and groups would be free to experiment in "safe" activities.

In its list of "dangerous" activities, which nations would be barred from carrying out individually, the report listed the mining of uranium and thorium, "the enrichment of the isotope 235 by any methods now known to us," operations involving

the manufacture of plutonium, and research and development in atomic explosives.

Veto Provision . . .

(Continued From Page One) wanting to make raw atomic explosives would have to seize an international plant within its borders and that seizure would be automatic warping to the rest of the world.

Coal Outlook . . .

(Continued From Page One) 1 when contracts with AFL Teamsters Union expired. Government seizure of the canneries was not being immediately considered.

A strike of 7,000 workers in Montana copper mines and plants ordered to start Sunday in a directive from the CIO Mine, Mill and Smelter workers, will paralyze the country's copper mining industry. Already about 17,500 are idle in the industry. The walkout in the Montana workings followed failure to reach agreement on demands for wage increases ranging from 21 1-2 to 30 cents an hour.

Twenty thousand production workers in General Motors plants in Michigan and Indiana were recalled to their jobs yesterday. It was the largest number called back in a single day since the strike of 175,000 CIO United Auto Workers employes began last Nov. 21.

Informative . . .

(Continued from Page One) Department is avoiding salesmanship and publicity techniques.

"We must seek to follow the road of the objective news reporter and not that of the advertiser or the publicist," he said.

"This program is designed to make the plain citizens of Shanghai and Leningrad, Bogota and Sidney, Barcelona and Dresden, Kobe and Cairo aware that we are a group of human beings with the same needs and aspirations and problems as all mankind, rather than as a confused legend of greed and generosity, weakness and of strength, freedom and oppression."

Earlier this week, Benton told a reporter he would submit to Secretary Byrnes soon a projected program of voice of America broadcasts to Russia, as a possible means of improving understanding between the two nations.

Riotings Mark Raids On Black Market

Stuttgart, Germany, March 29.—(AP)—Military government officials announced that one Jewish displaced person was killed and four German policemen were injured in a fierce two-hour riot today in a German police, accompanied by U. S. military police, made a "black market" raid on a displaced persons camp.

The riot ended only when American armored cars rolled into the camp.

Secret Meeting . . .

(Continued From Page One) an action possible only when there is complete unanimity among the members. Replies would be requested by early next week, probably Tuesday or Wednesday, after which the council might proceed with or without the answers. The question procedure was informal majority support at a closed session of the council late yesterday, according to persons familiar with the discussions at that meeting.

Among top delegates there was some hope the Soviet government would find this, or some other method, as a graceful way out of the situation created by Ambassador Gromyko's Moscow-directed absence from two council sessions.

Some privately expressed hope that Gromyko might receive new instructions after the Kremlin had weighed world reaction to his dramatic gesture in walking out Wednesday's security council meeting and in the interest of restoring unity among the key players in the council. The ambassador stayed

at his Russian consulate offices last night until after midnight, then returned to his hotel.

Secretary Byrnes was represented by persons familiar with his statements at yesterday's secret council session as extremely desirous of finding a constructive solution to the problems both of the Iranian case and restoration of harmony within the council.

But he was determined, with the publicly expressed backing of President Truman, not to let the Soviet boycott hamstringing the council's work in so far as that can be prevented, even though Russia is one of the five powers holding permanent seats in that agency.

Gromyko, after many false alarms, and after one excursion about town in his official limousine, failed to show up for yesterday's session. Reporters who checked him out at the Russian consulate heard him say that he definitely would attend. At United Nations headquarters Secretary General Trygve Lie said no, he didn't think any Soviet representative would be there.

LaGuardia . . .

(Continued from Page One) week council meeting here, and asserted belligerently:

"I want ploughs, not typewriters. I want fast moving ships—not slow reading resolutions."

At the outset of his extemporaneous speech in the formal, flag-bedecked setting of the council, LaGuardia confessed amid chuckles that he was "no diplomat."

"When I have something to say," he said, "I'll say it. From this point on, the protocol is off."

"Wheat," he cried, "has no political complexion and I'll buy wheat wherever I can find it."

Then he said that he would start right now by extending his greeting to Col. Peron, President of Argentina.

"Here is an opportunity," he said, "for Argentina to show its desire to cooperate with the rest of the world."

(A dispatch from Buenos Aires today said Argentina had declined an invitation to membership in UNRRA on the ground that she already is committed to send all her exportable food surplus to various countries by sale or donation.)

"Before long," La Guardia continued, "I'll be knocking at the door of my old friend, Mackenzie King of Canada. Perhaps we can scrape up a few bushels there."

He told the delegates that relief was "not an international chess game where every move seeks an advantage, nor a game where one pushes every move."

"Our job is to take food where we can find it, and to take it to people who need it wherever they are," he said.

In what appeared to be a reference to Herbert Hoover's current food survey in Europe, LaGuardia said the facts about the present food crisis are contained in Lehman's report.

"This is not a quick airplane view of the situation," he shouted.

Hoover is touring Europe by plane to gather facts on conditions there as chairman of President Truman's food emergency committee.

Lashing out at the "racketeers who run the black markets," LaGuardia bluntly told representatives of receiving countries "I expect you to invoke all the power and force of the government to break black

markets.

LaGuardia said that while mayor of New York he had "jailed and fined more black marketeers than all the rest of the country combined, and I don't like them."

"We shall approach no group of people with a ballot in one hand and food in the other.

La Guardia said that before he consented to accept the position of UNRRA chief he was assured of enough shipping by American maritime authorities.

If UNRRA is unable to secure additional needed fertilizer, he added, "I intend to ask the War Department not to dismantle all of its power plants."

Appealing for help from the nation's press, La Guardia, who has persistently feuded with several New York newspaper publishers, said:

"I now swallow my pride—and this is difficult to do—and ask the newspapers for their full cooperation."

The Nation . . .

(Continued from Page One) a department can get along with less money than the Budget Bureau thought was necessary.

Having made up its mind on how much a department needs, the subcommittee draws this up in the form of a bill.

It sends the bill to the full Appropriations Committee which almost always approves the subcommittee's decision.

This is natural because, after all, some members of the full committee have been members of the subcommittees.

Then the approved bill goes up to the full House for debate and vote.

The World Today . . .

(Continued From Page One) solmi and Hitler to embark on conquests by arms. The league sent the Ivton Commission out to the Far East to study the Jap outrage.

The commission gave the invasion its right name and called for action against the aggressors. But the

The debate on appropriations for only one department may last a day or a week.

But it seems, invariably the House votes to give the departments less money than the Budget Bureau thought they needed.

Then the House-passed bill goes to the Senate for action. There are brief committee hearings there and then the full Senate votes.

The Senate has a habit of putting back all the money—and often more—taken out by the House.

So then a joint committee of House and Senate members have to get together to iron out the differences.

Generally this is done by agreeing to split the difference between the sum approved by the House and the sum approved by the Senate.

The hearings by subcommittees started months ago and still are going on.

Congress still has a lot of voting to do so the government can operate in fiscal 1946.

The reason you don't hear much about the committee hearings is this: they're closed to public and newsmen.

After the hearings fat volumes—stenographic reports—of all that has been said in the committees are published.

League temporized and let the thing go by default. From that stemmed Mussolini's attack on Ethiopia and finally Hitler's attempt to conquer the world.

Either the United Nations deals with threats to peace quickly and finally without fear of personalities involved or it will follow the

League of Nations as a failure. Such a failure would mean another world conflict in due course.

That's why your little international committee up here in Gander takes hope from the fact that the Security Council isn't running away from its obligation, even though it is an uncomfortable one.

Food Rationing For Germans Is Severe
Berlin, March 29—(AP)—Lt. Gen. Lucius D. Clay, deputy military governor of the American zone, announced today that food rations for Germans would be cut 20 per cent as of April 1, thus reducing the daily ration from 1,550 calories to 1,275. The ration has been lowered by the British sector to 1,012 calories.

Clay announced the planned reduction to the minister presidents of Pavarla, Wuertemberg-Baden and Greater Hesse at Stuttgart.

Clay said the War Department was making 15,000 tons of wheat available from U. S. crops during April, May and June and stated that additional shipments after that will be necessary if the new lowered scale is to be maintained.

MONUMENT RETURNS
Seoul, March 29—(AP)—Korea's monument to its famed Admiral Lee, who turned back an overwhelming Japanese naval force in 1597 by using an ironclad warship more than 200 years ahead of its advent in the West, is being erected. It had been taken down by the Japanese.

ECTC Debators Are Chosen For Contest
Debaters who will represent East Carolina Teachers College in a series of intercollegiate contests during April were chosen at special tryouts held on Thursday, March 28. Charles Long of Thomasville, Edward B. Bright of Chocowinity, Gloria Butler of Tabor City, and Joyce Strickland of Angier will make up the college teams. All are members of the Jarvis Forensic Club, debating society at the college.

Wake Forest will send a team to Greenville on April 12 to meet an East Carolina Teachers College team composed of Long and Bright. Two teams from the college here will compete in the Grand National Forensic Tournament at Fredericksburg, Va., on April 19-20.

College Enrollment Of Men Increasing
Enrollment of 848 students at East Carolina Teachers College for the spring quarter has been announced by the registrar's office at the college. Of these, 727 are women, and 121 are men.

The total figure of 848 compares with 803 for the same quarter last year to show an increase of 45 students. The number of women has decreased by 29 from last year's total of 756. Men students have more than doubled their spring quarter registration for 1946, having been 47 as compared with 121 at present.

Dr. M. N. Posey of the department of English reports the unusual circumstance at the college that in his class in freshman English men outnumber women. Men taking the course number 19, and women only 10.

CHAMBER HAS GREAT PLANS

Trade Body Is On Alert For Progress Of Greenville

By CHESTER WALSH
The Greenville Chamber of Commerce has a definite policy in its objectives for Greenville and the section in the postwar period. The trade body, ever on the alert for the development and progress of the community, is working to keep Greenville abreast and ahead of other cities. This was demonstrated in the selection of its officers and directors and the appointment of

committees for the ensuing year. The personnel is exceptionally strong and is representative of the men who really do things for the progress of Greenville and Pitt county.
Walter L. Harrington is president; John B. Webb, Jr., and E. Graham Flanagan are vice presidents, and David A. Evans is treasurer. Willard T. Kroyer is executive secretary.
Following is a list of the committees:
Directors are: W. L. Allen, Dr. J. M. Barrett, A. Tyson Bilbro, J. H. Blount, L. M. Buchanan, W. Banks Cozart, Jr., David A. Evans, E. Graham Flanagan, John W. Glover, Walter Harrington, R. V. Keel, J. B. Kittrell, W. W. Lee, J. Roy Martin, M. O. Minges, J. S. Moyer, Godfrey P. Oakley, Curtis Perkins, John C. Proctor, William H. Taft, N. O. VanNortwick, Jr., J. B. Webb, Jr., W. H. White and Thomas E. Wilson.
Executive Committee — Walter Harrington, chairman; J. B. Webb, Jr., E. Graham Flanagan, David A. Evans, J. H. Blount, John C. Proctor and Godfrey P. Oakley.
Agriculture Committee — J. H. Blount, chairman; J. B. Speight, G. V. Smith, A. R. Barrett, F. F. Hendrix, F. L. Little, Bruce Baker, W. H. Woolard and James Keel.
Civic Affairs Committee — Joe S. Moyer, chairman; Dr. K. B. Pace, J. A. Collins, W. W. Lee, C. A. Plyler, R. W. McKenzie, C. D. Ward, T. Y. Walker, M. K. Blount.
Commerce and Trade Committee — Thomas E. Wilson, chairman; Curtis Perkins, F. G. Copeland, C. W. Minion, A. B. Stallworth, R. W. Davenport, L. S. Garris.
Finance Committee — David A. Evans, chairman; J. H. Blount, Joe S. Moyer, J. T. Little, E. G. Flanagan, John C. Proctor and W. H. Woolard.
Health and Sanitation Committee — Dr. J. M. Barrett, chairman; N. C. Fooks, Charles Rumley, Dr. N. T. Ennett, Charles B. Bissette, Gentry Galloway, M. K. Blount.
Industrial Committee — E. Graham Flanagan, chairman; Martin Swartz, R. M. Garrett, Odell Calhoun, J. H. Waldrop, Guy V. Smith, M. K. Blount.
Legislation and National Affairs Committee — John W. Glover, chairman; J. H. Waldrop, James Worsley, Wyatt Brown, B. B. Sugg, Hoover Taft and Bancroft Moseley.
Membership Committee — J. B. Kittrell, chairman; Ed E. Rawl, Odell Calhoun, R. W. McKenzie, J. C. Waldrop, F. F. Hendrix, W. W. Lee, W. H. Taft and Bruce Baker.
Program and Public Relations Committee — J. B. Webb, Jr., chairman; J. B. Kittrell, John G. Clark, B. S. Hodges, Jr., John Fleming, D. J. Whitchard, Jr., Godfrey Oakley, N. O. Van Nortwick, Jr., C. R. McBrayer.
Transportation and Communications Committee — N. O. Van Nortwick, Jr., chairman; H. L. Ormond, R. H. Kennan, W. H. White, Tyson Bilbro, L. M. Buchanan, Robert G. Thompson and T. I. Wagner.

THE OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."
OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people... that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so

much is being done to help them by finding out and correcting the condition that leads them to excess."
GEORGE: "How many folks are there like that, Judge?"
OLD JUDGE: "Well, according to scientific research, 95% of the people who drink, drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."
GEORGE: "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard of on the subject."

Meat Prices...

(Continued From Page One)
cents a pound. The price boost for most popular cuts—such as sirloin and porterhouse steaks, bacon and pork chops and loins—will be only one cent a pound.
In some areas, ceilings for these cuts will not be increased.
The reason for this, an OPA official explained, is that meat prices are figured under a formula based on costs which vary from area to area. Retail prices are rounded off to the nearest cent.
About three-fourths of all pork cuts are being raised in price, but only a third of beef cuts.
Beef liver and cooked beef brisnets are increased by two cents a pound, but other beef variety meats remain at the same ceiling. The only items increased by four cents a pound are bulk dried beef and packaged Canadian bacon, OPA said.
The agency added that beginning Monday butcher shops will display posters listing new ceiling prices for beef and pork.

Tarboro High School Students May Smoke

Tarboro, March 29.—(AP)—The Tarboro City School Board announced today it had decided by a 4 to 2 vote to permit smoking by high school students despite a petition from the Ministerial Association urging it to prohibit the practice.
Pupils must have their parents' permission before being allowed to smoke, the board said, adding that a smoking room may be established at the school.
After receiving a request from the students for authority to smoke, the board polled their parents by means of a questionnaire. The result was announced as: 184 in favor, 126 opposed.

Father And Son Die On Gallows

Fort Madison, Ia., March 29.—(AP)—Calm and stoical to the end,

Phillip H. Helney, 72, and his son William Henry, 45, plunged to their deaths on the Iowa State Penitentiary gallows at 6:01 a. m. today.
Crossing themselves and shaking hands with the Catholic prison chaplain, Father Herbert C. Bongers, the men showed no visible emotion but only clamped their jaws hard before the traps were sprung in one of the few father-son executions in this country.
The men died for the confessed murder December 16, 1944, of Robert W. Raebel, 63, a Lake Okoboji resort operator, during a \$28 robbery in which Mrs. Raebel also was brutally beaten.
Henry, the son, dropped an instant before his father as Sheriff Joe L. McQuirk pushed the two levers that controlled the gallows trap. The father was pronounced officially dead at 6:12 a. m. and the son at 6:13 a. m.
A statement, signed by both, in which they expressed confidence that God would "forgive us our sins" was released after their deaths.

No Bargain

Seattle, March 29.—(AP)—Larry Smith is wondering now if he got a bargain after all in buying at a five dollar discount two tons of coal which were delivered to his neighbor's house by mistake.
It took him 75 trips, carrying 50 pounds of coal in two scuttles, to bring the coal home, Smith related between applications of liniment.

Wrong Bottle

Los Angeles, March 29.—(AP)—Eleven-month-old Beatrice Sutton

is feeling all right now, except perhaps for hangover.
Hospital attendants who treated her said the baby's two and a half year old sister fed her the contents of a bottle of high-proof cologne.

HOW TO WIN FRIENDS—AND KEEP THEM

Making friends is important. Keeping friends is even more important. The telephone party line where everyone uses the telephone sparingly is a sure sign of folks who know how to make friends and keep them. So use your party line sparingly. It's the easiest way in the world to remain friends with your neighbors. Means better telephone service for everyone, too.

Plague Takes...

(Continued From Page One)
In north and southeast China, UNRRA reported, bubonic plague was reaching dangerous proportions. Dr. Frank H. Herring, chief regional UNRRA medical officer in Kwantung province flew to Canton with enough cholera vaccine to immunize 200,000 persons. More vaccine will be sent until 1,000,000 persons have been immunized.
U. S. Navy ships have been pressed into service to deliver cholera vaccine for immunization of 250,000 persons in Hankow.
Bubonic plague was reported moving through a corridor west of Mukden, in north China, and vaccine was being flown to the area. Southeast China also reported the plague in an area centering around Foochow.
In Chungking, the Peoples Political Council asserted that a terrible famine in the recovered provinces of north China was taking an increased toll of lives. Millions of persons were said to be endangered.
