PLOT TO KILL 'M'ARTHUR ON MAY DAY TOLD

Supreme Commander Marked For Assassination By Jap Fanatic

Tokyo, April 30.—(AP)—General MacArthur was marked for assassination May Day—tomorrow—with hand grenades and pistols "some time during Communist demonstrations" near his headquarters, his office announced today.

American authorities learned of the assassination plot thru one of the participants whom Hideo Tokuyama, the accused but unapprehended leader, attempted to poison said Brig. Gen. Frayne Baker, MacArthur's public relations officer.

The Japanese government officially presented its apologies at MacArthur's office as reports of the plot—spreading like wildfire thru Tokyo—stirred Japanese fears of harsher occupation policies.

Kyuchi Tokuda, General Secretary of the Communist party, quickly said the Communists weren't involved and added "We have absolutely no reason to do away with General MacArthur."

Tokuyama, former kampei (thought police) officer who later became a kamikaze (suicide) pilot was known to possess grenades and pistols, Baker said. He was engaged for some time in preliminary arrangements to "enlist assistance" in a plot to kill MacArthur, a headquarters statement added, and has accumulated 140,000 yen (\$9,333) for the purpose.

"At one time in his negotiations he attempted to kill, by putting poison in his coffee, one of the plotters because he felt this would fail," the announcement said. "Fortunately, the poison was not immediately fatal. He was taken by the Japanese police to an American hospital where thru experienced assistance he was revived and detailed parts of the plot."

The informant, not identified by headquarters, will be kept in custody as one of the original plotters. Baker said. Japanese police released a photograph of Tokuyama to the Japanese press in an effort to speed his arrest.

The headquarters announcement added: "A plot has been uncovered to assassinate the supreme commander of the allied powers as an incident." (Continued on Page Four)

Intelligence Unit Requires Funds

Washington, April 30.—(AP)—The shake-up of its much-discussed intelligence service completed, the State Department looked hopefully to Congress today for funds to keep the unit operating after June 30.

Acting Secretary Dean Acheson announced last night the appointment of William L. Langer, 50-year-old Harvard historian, as special assistant in charge of research and intelligence. Langer succeeds Col. Alfred McCormack, under whom he formerly worked in the intelligence unit.

Big Four Devoting Today's Session To Trieste Issue

C-OF-C BACKS OPA CONTROLS

Eric Johnston Takes Opposite Stand from N.A.M. Appeal

Atlantic City, N. J., April 30.—(AP)—Eric Johnston, president of the United States Chamber of Commerce, contended today that if federal price control were wiped out in the immediate future "business would be back in the national doghouse within one week—and I mean the last stall in the doghouse, too."

He made this statement to a reporter shortly before he opened the 34th annual meeting of the U. S. Chamber. Approximately 2,000 business men, drawn from every state attended.

Johnston's position fell squarely athwart that of the National Association of Manufacturers, which has advocated the complete elimination of OPA after its present powers expired on June 30. It also indicated a divided opinion within the directorate of the National Chamber of Commerce itself.

Chamber directors voted last night to bring to the convention floor a resolution urging that the "date for the elimination of all such controls by Oct. 31, 1946."

"It would be suicidal if price control was abolished immediately," Johnston said in an interview. "Businessmen have not yet been conditioned for such a step. They must be educated to hold prices in line. The worst thing that could happen to us would be for prices to spiral and for us to have a period of boom and bust."

He said he felt a definite date should be set for the abolition of OPA and added the thought that date should be sometime next year. Johnston, fresh from a round of conferences in Washington, said he believed the Senate committee would report a bill which would plug up many of the holes shot in OPA's authority by the House.

Johnston said the March construction total was \$11,319,521 in the 26 large cities of the state and 64 towns of less than 10,000 population.

A total of \$7,189,822 was spent for the construction or improvement of non-residential buildings, including 12 new amusement and recreation facilities. Expenditures for dwellings, which will house 857 families, and for improvements and repairs to existing dwellings totaled only \$4,129,699.

Boundary Commission Turns In Secret Report On Findings; Rumors Of Accord Apparently Not Borne Out; Byrnes Proposes Long Military Occupation Of Germany

Paris, April 30.—(AP)—The foreign ministers conference decided to devote its entire session today to a discussion of Trieste and the Italian-Yugoslav frontier questions after receiving from U. S. Secretary of State Byrnes a proposal for a four-power mutual assistance pact to keep the peace in Germany for at least a quarter of a century.

The ministers of Britain, Russia, France and the United States received copies of a boundary commission report on Venezia Giulia one of the most difficult problems of the conference.

No details of the report were made public, but it was believed to contain both majority and minority opinions. Previous reports of a virtual accord on the frontier issue apparently were not borne out.

Byrnes' proposals would pledge American military might to keep the peace in Germany for at least 25 years as part of a long-term U. S. Foreign Policy.

The hitherto secret United States proposal, which would combine the military forces of the United States, Russia, Britain and France to assure a permanent German disarmament, was made public by Byrnes at a press conference last night.

N.C. Non-Residential Building Still High

Raleigh, April 30.—(AP)—Though veterans' families and "many other persons" continue to need housing, \$3,060,123 more was spent on non-residential buildings in North Carolina during March than on housing facilities, the Statistic Division of the State Department of Labor reported today.

The division said the March construction total was \$11,319,521 in the 26 large cities of the state and 64 towns of less than 10,000 population. A total of \$7,189,822 was spent for the construction or improvement of non-residential buildings, including 12 new amusement and recreation facilities.

JAPAN'S FOOD NEEDS URGENT

U. S. Member of Control Council Replies To Attack

Tokyo, April 30.—(AP)—The four-power allied council today postponed a decision on Russia's proposal to investigate Japan's food situation after the American member replied in effect, that it was strictly the concern of General MacArthur and the United States.

George Acheson, Jr., council chairman, said bluntly "the question of whether the United States might send food to other countries rather than to Japan is entirely outside the council's purview. He added it was far better for America to send food than to send "large numbers of additional troops."

Food is sent, he noted, to safeguard occupation forces; hence it is "connected with military operations"—which are solely MacArthur's affair.

"Over and above the paramount question of preventing unrest, which might create serious military as well as political difficulties, he added, "we are under a moral obligation to do what we can to prevent hunger and starvation in this country."

W. McMahon Ball, British commonwealth member, had suggested that discussion of the food problem be advanced to the top of the council's agenda because of "the topical importance of the subject." Neither he nor China's representative disapproved a Russian proposal that a committee study the matter, although Acheson remarked that "for technical reasons" he could not participate. There remained a possibility that Russian, British and Chinese members might proceed with their own investigation.

Washington, April 30.—(AP)—The Senate took time out from its feuding over the British loan bill today to debate a domestic airport measure all over again.

And the House, winding up a 12-day Easter recess, went through the formality of scheduling a formal session but kept all important business matters off its docket until Thursday.

Senate committees dived on with hearings on OPA extension and army-navy merger and branched out into a new field—potential radar sales abroad.

GOV'T SETS SCENE OF NEW COAL PARLEY

Schwellenbach Brings Lewis and Operators To Capital For Quick Solution

By HAROLD W. WARD

Washington, April 30.—(AP)—The government put John L. Lewis in a room with the soft coal operators today and insisted that they negotiate a new contract to end the critical 30-day-old mine shutdown.

Secretary of Labor Schwellenbach provided the conference room in the Labor Department building, instead of the fashionable Shoreham Hotel where previous negotiations bogged down April 10.

The Secretary also stationed two seasoned "umpires" in the room with the committees of miners and operators to make certain the discussions keep going if at all possible. Then he stepped out of the picture and expressed the conviction that the groundwork had been laid for continuing the talks until eventual settlement.

The two government mediators are Edward F. McGrady, one-time Assistant Secretary of Labor and now a vice president of the Radio Corporation of America, and Paul W. Fuller, a former labor organizer, Methodist circuit rider and coal miner.

Lewis was pleasant but uncommunicative. The operators conceded that for the present at least, it was a government "show."

Schwellenbach, mindful of shrinking coal stockpiles, declared as much to reporters. He said the meetings had been resumed at the government's request—not the operators' or Lewis'—and he was trying to keep the negotiations going despite the unwavering stands of the disputing parties.

Lewis walked out of the negotiations April 10 ten days after the strike began, saying that it was "useless" to continue. The operators would not commit themselves on his demand for a union.

AFL PLEDGES BIG CAMPAIGN

Green Warns CIO That Southern Drive Is In Earnest

Washington, April 30.—(AP)—William Green put the CIO on notice today that the AFL is "in deep, deadly earnest" about coming out on top in their rival southern organizing drive.

The AFL president pledged "a campaign that does not know the word defeat. Nothing, a little CIO or a big CIO, I don't care what it is, is going to stop us in our march."

Green thus tossed down the gauntlet for a showdown Dixie battle in an address yesterday to the biennial convention of the AFL's United Textile Workers. Contending the CIO is "foreign-controlled and led by Communists," he added: "The workers of the South have to decide between an American-controlled organization and a foreign-controlled one. I am sure they will come with us."

Green recalled that the CIO had been formed by a breakaway of some unions from the AFL.

U. N. Subcommittee Compiles Evidence

Jaycees Present Cancer Fund Check

Dr. J. L. Winstead, city chairman of the Cancer Fund Drive Looks on as Howard Hodges, Jr., general chairman for the Junior Chamber of Commerce, presents a check for \$412.80 to Mr. George Davis, chairman of the county cancer fund drive. Photo by Henry Renfrew

Justice Dep. Readies War On Black Market

Black Market Profiteers Face Crackdown For Tax Evasion; New OPA Enforcement Agencies Are Being Built Up

Washington, April 30.—(AP)—The government turned more heat on the black market today with the double aim of improving the domestic food situation and halting the diversion of famine relief supplies for overseas.

The Justice Department announced the start of a "vigorous crackdown" on income tax evaders suspects of reaping huge black market profits.

"We're going after these fellows," Attorney General Tom Clark announced, promising that the drive "will be strengthened and accelerated."

OPA also disclosed a stepped-up enforcement campaign, aimed primarily at the black market in meat, which Secretary of Agriculture Anderson said is thwarting the nation's efforts to meet relief export goals in lard and meat.

Administrator Paul Porter said that OPA soon will have 650 enforcement agents working against the meat black markets.

The broad food picture was marked by these developments: 1. The Agriculture Department

Persians Skeptical Over Azerbaijan-Tehran Conference

Group Immediately Takes Up Work Of Determining Whether Franco Spain Menaces World Peace; Secrecy Surrounds Probe; Exiled Spanish Republicans To Help

By CHARLES A. GRUMICH

New York, April 30.—(AP)—The first investigating subcommittee of the United Nations Security Council began compiling evidence in secret today to determine whether Franco Spain menaces the peace as charged by Poland.

In the first phase of an inquiry authorized yesterday by a resolution stamping the council's "monstrous moral condemnation" on the Franco regime, the subcommittee disclosed it was committed to keep certain submitted documents confidential.

The subcommittee called first for data on Spain now in the hands of the various united nations. This will be supplemented by other evidence, including that of Spanish Republican leaders exiled in Paris.

The investigators did not disclose the sources of documents on Spain which are classified as too confidential to be aired in public now, and there was no indication that Spain herself would offer any information.

Shortly after the subcommittee was named by the council on a ballot of 10 affirmative votes, with Russia abstaining, the Moscow radio last night said a signed draft of a secret 1943 Spanish-German military protocol had been captured in the German foreign ministry during the battle of Berlin more than a year ago.

The exiled Spanish Republicans, who are represented here by two observers—Fernando De Los Rios and Jose Antonio Aguirre—indicated that Prime Minister Jose Giral of the exiled regime was expected to arrive here from Paris at any moment with new information.

Although the Spanish Republican observers regarded the council's appointment of a subcommittee as a necessary minimum measure of action and accepted it with reservations, they said their views on Generalissimo Franco certainly would be laid before the inquiry.

There seemed little likelihood the subcommittee headed by Giral's new delegate, Paul Hasler, would go beyond the receipt of data on Spain, or that it try its inquiry into Europe.

End A Life Is Not Hero Learns

Chicago

highway 30.—(AP)—An alert driver, Dean Mrs. Lillian terday, second death yesterday, saw a speeding stalled automobile in her suburban Tinley Park, the tracks in the hero in the incident.

Housing Problem Is Reaching New High

Kansas City, April 30.—(AP)—Bus Driver Denton B. Burch's housing problems are at a new high—possible eviction from a tent.

TODAY IN CONGRESS A Review Of Your Government In Action

The WORLD TODAY An Analysis Of The News

Air Service

South East Airlines, Inc. of Charlotte will start regular passenger and freight service from Greenville tomorrow — May 1. E. Johnson Dees of Greenville is agent for the company. His office is in the frame building at the airport. The telephone number is 2559. Reservations are made at the airport. Schedules are available there.

Planes will leave Greenville daily at 7:57 a.m. for Asheville, 11:13 a.m. for Charlotte, with intermediate stops; and at 3:91 p.m. for Elizabeth City and 4:28 p.m. for Charlotte, with intermediate stops.

Planes will arrive in Greenville daily at 7:52 a.m. and 6:15 p.m. and 9:44 a.m., 11:08 a.m. and 4:25 p.m.

South East Airlines' planes will connect with through air-liners at Raleigh, Greensboro, Charlotte and Asheville.

# GHS STUDENTS GAIN HONORS

## Student Musicians Win Favorable Ratings in Music Festival

By DOT ORMOND  
The Greenville High School music organizations came home from the 1946 State Music Contests in Greensboro as the proud holders of three "ones", a "one plus", and a two rating.

The contests began Tuesday morning, April 23, at which time there were orchestra and instrumental solo contests. Jim Haney, violin soloist in the B-C section, received a three rating; the orchestra also Class B won a two rating.

Wednesday was devoted to band contests and a massed band parade. The GHS band, under the direction of Mr. H. A. McDougle, competed

with twelve B-bands and came home with the coveted rating of "one".

Vocal solos along with trios and quartets were judged April 25. Joan Oppelt soprano, Jim Haney, baritone, and the boys' quartet received the rating of "three", a "two" and a "three" respectively.

Friday the various North Carolina glee clubs competed for their ratings. The class B chorus assembled in the Student's Building. The Greenville girls' chorus and mixed chorus received "one" ratings, and the boys' chorus came home holding a "one plus" rating.

The festival closed Friday afternoon, when the massed glee clubs rendered a concert to the public.

Hamburger A La Rubinoff.  
David Rubinoff, the famous violinist who achieved some fame as the originator of "hamburger a la Rubinoff" for officers at training camps where he played his violin will don his chef's robes tonight at the home of Recorder's Court Solicitor Eli Bloom and Mrs. Bloom and prepare a hamburger supper. The internationally famous violinist was entertained by the Blooms at their home when he arrived in Greenville Saturday.

## Mrs. Allie Lanier Died Sunday Night

Mrs. Allie V. Lanier, 70, wife of Edward B. Lanier, died at her home, 1006 Evans street, Sunday night at 7:30 after having suffered a stroke of paralysis Wednesday morning. She remained unconscious until her death. Funeral services will be held at the home of her daughter and son-in-law, Mr and Mrs. J. Edward Ricks, 1500 Dickinson Avenue, Tuesday afternoon at 3 o'clock. The Rev. Robert W. Bradshaw, pastor of Jarvis Memorial Methodist Church, will officiate. Burial will be in Greenville Cemetery.

Mrs. Lanier, daughter of the late Mr. and Mrs. James Station Wynne, was born and reared in Martin County. She was married in 1894. She came to Greenville in 1917. She had been a resident of Greenville since that time.

Surviving are her husband; a son, J. D. Lanier of Newport News, Va.; four daughters; Mrs. B. T. Clark Mrs. Nora L. Taylor and Mrs. J. Edward Ricks, all of Greenville, and Mrs. W. H. Grammer of Petersburg, Va.; 12 grandchildren; nine great-grandchildren and two brothers, Pat Wynne of Henderson and Will Wynne of Williamston.

Active pallbearers: A. C. Tadlock, Dr. K. B. Pace, L. B. Garis, J. C. Waldrop, Johnnie Askew, David Evans, Joe Parkerson and N. G. Saad.

Members of the Ellington Bible Class and the Ada Cherry Sunday school class will be honorary pallbearers.

## Fire School Is To Be Re-Opened This Year

The Eastern Carolina Fire School will be held at the M. O. Minges Drill Tower, in the western part of Greenville, May 7 and 8. The opening session will be held at the Curb Market building on Tuesday morning at 10 o'clock. Fire Chief George Gardner said. State Fire Marshal Sherwood Brockwell of Raleigh, who is also state drill master, will be in charge.

This school was started in Greenville in 1943, but was stopped because of the war. It has been re-opened and firemen from Durham to the coast will be present for the training. Mr. Minges donated the money for building the fire drill tower.

## Paper Drive Planned Sunday Afternoon

Next Sunday afternoon, Greenville's Junior Chamber of Commerce will hold one of its periodic drives for scrap paper.

Despite the fact that paper production is still far below the country's consumption requirements with this in mind, the Jaycees urge all Greenville residents to save old magazines, newspapers and wrapping paper; tie them into bundles and put the bundles in front of their homes by 2 o'clock Sunday afternoon, so that trucks may pick them up at that time.

## Good Attendance At Businessmen Classes

Attendance at the classes in business management and salesmanship technique at the Merchants' Association's office at the City Hall has been gratifying. Fifteen assistant managers attended their classes and 40 others were present for the salesmanship technique classes. W. G. Slattery of the State Department of Public Instruction, Raleigh, is conducting the school. Classes are held daily from 9 to 10 and from 10 to 11 o'clock. Classes for managers are held from 5 to 6:30 daily except Saturday. No class will be held next Saturday, due to Mr. Slattery's absence from the city.

After the Wednesday summertime half-holidays begin on May 8, no classes will be held on Wednesdays.

## Four Sisters Are Married Together

Detroit April 29—(AP)—Four sisters were honeymooning with their bridegrooms today following what unique quadruple wedding.

The Very Rev. Benjamin T. Hofitz, pastor of St. George Syrian Orthodox Church, who officiated at the successive ceremonies Sunday, said such a quadruple wedding was unprecedented in marriage annals.

The father of the brides, George Saieg, walking sedately to the prolonged playing of Mendelssohn's wedding march, made two trips down the aisle and back, escorting his attractive daughters in pairs to the altar.

The family, two of whose members were married in a double ceremony last year, said the idea for the quadruple wedding originated "in a kidding way," but that it was later deemed to be "a good idea."

The brides and their respective grooms, all but one from Detroit, were Mary Saieg, 21, and Mitchell Salhaney; Dorothy, 19 and Louis Snage; Rosie, 18, and Farah Canasi of Havana, Cuba; and Helen, 22, and George Saieg, no relation.

It left the Saieg family with only one unmarried daughter, 16-year-old Julia. Another daughter, Mabel, and a son, Elias, became bride and groom respectively in a double ceremony last year.

## GOOD NEWS

Chicago, April 29—(AP)—Youngsters should be commended, not scolded, for chewing gum in school says Dr. George Crane, psychologist and writer.

He told a Cook County teachers in "Titute that gum chewing 'grinds off' the nervous tension of city life and that a stick of gum given to each school child would 'enable him to work off a tremendous amount of energy.'

## Stone's Body Carried From Washington Cathedral

## GERMANS HOLD NEW ELECTION

### The Communist Party Weak In County Council Elections

By RICHARD O'REGAN  
Frankfurt, April 29—(AP)—Germany's fast growing new political party, the right of center Christian Social Union, won an overwhelming victory in weekend county council elections in the American zone, marred by rioting and pro-Nazi activity.

Conservative rural voters gave the church supported party almost a two to one lead over its nearest rival, the slightly left wing Social Democrats.

The Communist Party polled only a bare 5.4 per cent of the 3,136,347 votes cast in the second free election in the area in 13 years.

While 6,043 elected county officials took their seats on rural councils today, four U. S. army agencies were investigating a street battle between German voters and more than 5,000 Jewish displaced persons at Diessen in Bavaria.

Six persons were reported still in hospitals out of 18 treated for stab wounds and beatings in the riot, which finally was quelled by American soldiers.

Rural voters in staunchly pro-Catholic Bavaria gave the Christian Social Union its big total of 1,770,203 votes to the Social Democrats' 936,763 by overriding the majority the latter secured in more industrialized greater Hesse.

It was in the province of Greater Hesse that the Communists won the biggest vote, polling eight per cent of the total vote of 1,090,850 cast in the state, which includes the industrial cities of Frankfurt, Wiesbaden and Kassel.

## Coal Negotiations To Be Promptly Resumed

Washington, April 29—(AP)—The Labor Department said today negotiations between John L. Lewis and the soft coal operators, broken off suddenly April 10, will be resumed immediately.

Speaking on behalf of the Department, Les Eichel, press representative, said the joint conference will be resumed in the Labor Department conference rooms at 2:30 p.m. (EST) with special mediators Edward McGrady and Paul W. Fuller sitting in. Eichel made the announcement after a 20-minute conference this morning between Schwelienbach and Lewis and his negotiating committee.

## Diplomat Asks Help For Allies In Europe

Columbus, O., April 29—(AP)—Urging care of our recent allies and not our recent enemies, Charles Sawyer of Cincinnati, former U. S. ambassador to Belgium, today declared reports of European starvation were exaggerated when he left Europe.

"I do not know what conditions are today in Europe, he told the Columbus Kiwanis Club, but I do know that when I was there a few months ago, statements made as to starvation in Europe were exaggerated."

## FLASHY TAKEOFF

Albuquerque, N. M., April 29—(AP)—Young Al Esquibel, competing in a high school track meet, literally shot into the lead at the start of the 100-yard dash.

His coach Dave Tomlinson, rubbed his eyes in gratified surprise. Later he learned the flash of the starter's gun had scorched Esquibel's back.

But Al didn't win.

## NOTICE OF ADMINISTRATION

Having qualified as administratrix of the estate of L. H. Roberson, deceased, on the 5th day of January, 1946, this is to notify all persons having claims against the estate of said decedent, to exhibit itemized and verified statements of account to the undersigned or his attorney, on or before the 25th day of March, 1947, or this notice will be pleaded in bar of their recovery. All persons indebted to the said estate will please make immediate payment to this the 25th day of March, 1946, the administrator or his attorney.

Arthur B. Corey, Atty.  
March 26-11w-6vks.

## Women Stage Crime Wave Of Their Own

Philadelphia, April 29—Women attacked two pedestrians in a pair of separate holdups yesterday, robbing each of the victims of \$3 and sending both to hospitals for treatment.

Steve Siwinski, 30, Philadelphia, told police a woman slashed him twice—once in the face, again in the right leg—took \$3 from his pocket and fled.

A 39-year old woman, Mrs. Lola Elliott of Philadelphia, said two women assaulted her as she walked along a downtown street, snatching her purse.

## UNWELCOME

Galesburg, Ill., April 29—(AP)—Prospective neighbors did some hasty scrambling to prevent a man from moving a boxcar onto a lot he owned here and using it as a residence.

The man bought the boxcar in Rock Island for \$150 and had it shipped here on a huge truck.

The neighbors found a farmer who would pay \$150 for the boxcar and then took up a collection to pay the trucker's \$100 hauling costs.

Policeman Ernest Rice then bought the lot from the owner.

## Security Council . . .

## Testimony . . .

(Continued from Page One)  
Freight Association, testified before the Senate Interstate Commerce committee in rebuttal to testimony by Justice Department antitrust lawyers, who opposed senate approval of the so-called Bulwinkle bill.

Passed by the house, it would permit railroads to fix rates by agreement, exempt from federal antitrust laws. Kerr said that opponents claimed eastern railroads, "had vetoed" lower rates in the south. He challenged anyone to prove this.

The witness said that the southern railway system had filed more than 100 independent rate reductions in the three years ended in 1943, that the Seaboard line had filed 78 in the same period, and that many of the smaller southern lines had followed a similar pattern.

Kerr also denied that as chairman of the Southern Freight Association he could exert an "important influence" over rates. "I can't do anything but file a proposal," he said. "I think it is my duty to call attention to a maladjustment."

He said he had done this in the case of shipment of tinplate from

Baltimore, Md., to Tampa, Fla., and that the proposed reduced rate was withdrawn not because of his action, but because coastwise water competition, on which the reduction was based, "had disappeared" during the war when the government took over ships.

## Truman Said . . .

(Continued from Page One)  
cern over the dwindling coal supply was reflected in the solemn demeanor of Reconstruction Director John W. Snyder, who also accompanied the President back to Washington from Quantico.

Snyder told reporters he could offer little tangible hope for an early settlement of the 29-day walk-out.

The reconversion chief reportedly told the President that if the 400,000 soft coal miners remain out of the pits another two weeks the paralyzing effect of the strike will be felt all over the country. It already has hit the steel industry hard, Snyder told Mr. Truman and coal is being borrowed from some big railroads to keep freight moving on some smaller carriers.

## Republicans . . .

Strength FOR THE DAY

By EARL L. DOUGLAS

A NEW POWER POSSESSED HIM

Charles Hadden Spurgeon was one of the greatest preachers the Christian Church produced in its entire history. He was converted under very unusual circumstances. One Sunday morning he started out to church in a blizzard and was compelled by the fury of the storm to turn down a side street and seek refuge in what proved to be a primitive Baptist church.

Spurgeon looked, and at that moment a new Spurgeon was born, destined to perform a remarkable service to his generation. For more than forty years he held England spellbound with his preaching. When men look to Jesus Christ, something remarkable always happens. Whether in anxiety or confusion, sin, sorrow, or bitterness of spirit, men find new life when they look Christ full in the face and accept him as friend and Saviour. He makes all things new.

Not all great religious figures have been converted in such spectacular fashion as was Spurgeon, and it would be unwise to make the validity of a man's religious experience depend upon the particular circumstances under which he "got" his religion. But conversion means a spiritual right-about-face, no matter how it comes about.

WASHINGTON DAYBOOK

By JACK STINNETT

By EDWARD E. BOMAR (For Jack Stinnett)

Washington—One of history's big history writing jobs, a chronicle of the Army's part in World War II, will be ready in about five years.

A series of preliminary volumes, destined to be rewritten, already have been published. The latest covers the first seven days of fighting for the Omaha beaches in the Normandy landing.

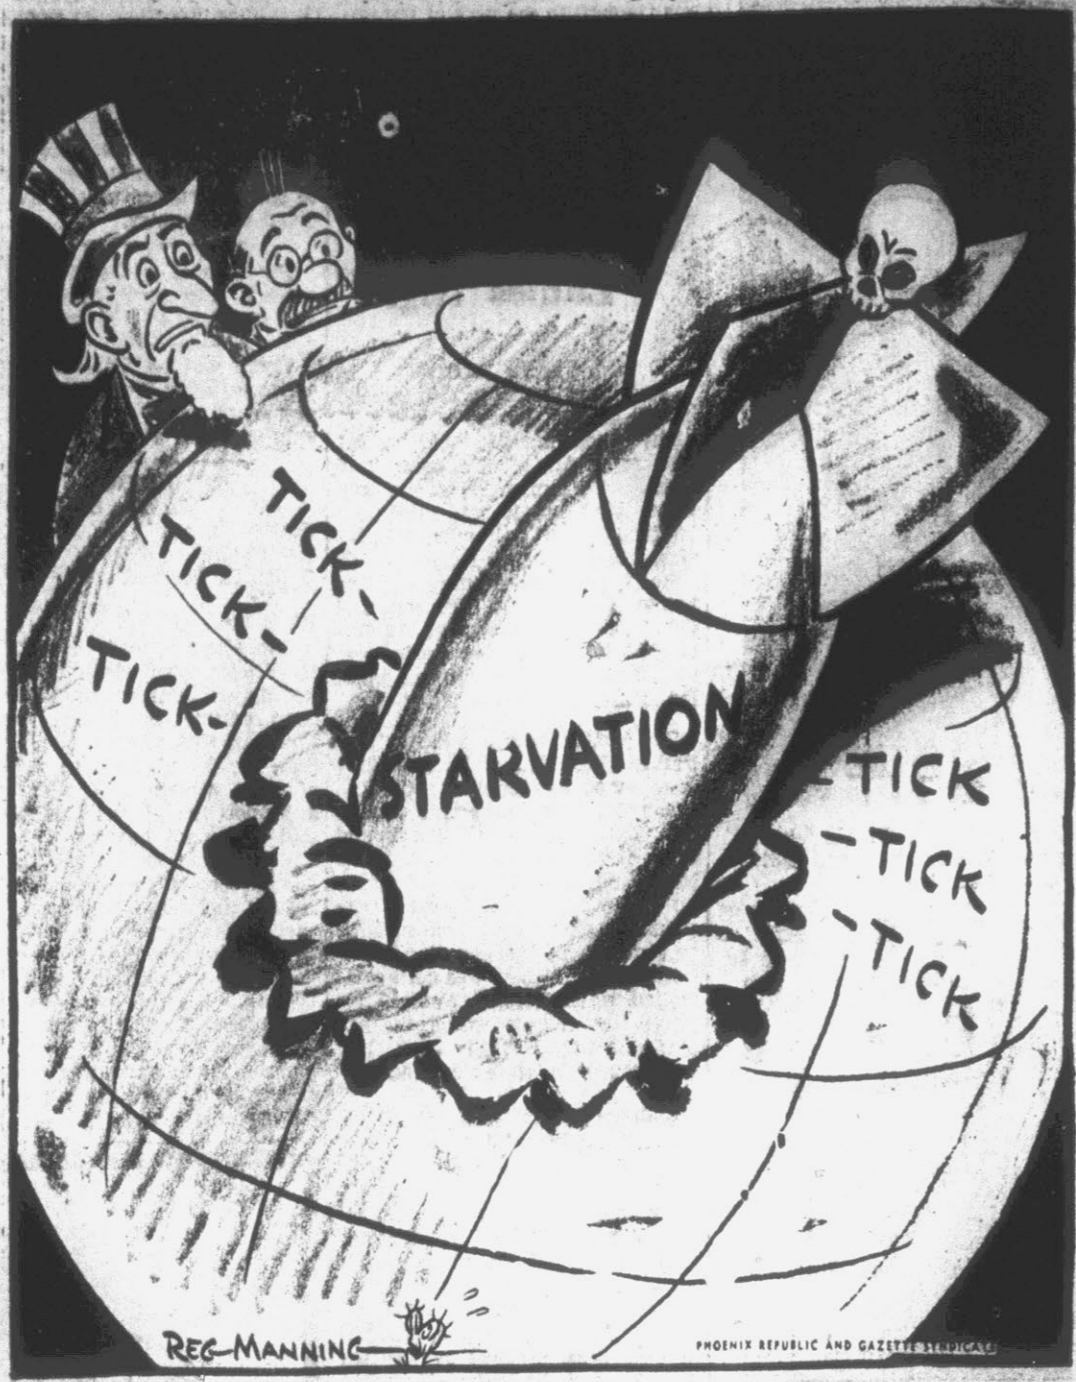

At work on the final history are possibly 500 officers, enlisted men and civilian historians, culling reports, interviews, photographs and drawings which in many instances originated under enemy fire.

The result is expected to be a monumental narrative of probably 120 volumes, the most comprehensive chronicle of any war and the first for any conflict in which American troops have been engaged.

If five years seems long, note that the official history of World War I is not ready even yet. It is a compilation of battle orders and other significant documents, rather than a narrative, and is now expected to be completed in a year or so and to require some 28 volumes altogether.

The 128-volume collection of records of the Civil War did not appear until 1902. With plans made in advance for the first time, the Army set out from the start to make a complete record of World War II, placing historians in each war theater headquarters and with each field army, air force and technical service. In the later stages teams of historians went into action with combat troops.

Another Time Bomb

The Nation . . .

(Continued from Page One)

5. Emergency housing. The House and Senate passed two different kinds of bills on housing and now have a joint committee working to reconcile their views. This should be finished up shortly.

6. Appropriations. This is routine every year. Congress has to vote money for the various government departments so they can operate for the fiscal year beginning July 1.

Since the present fiscal year ends June 30, the money must be voted before then but not before some debate in both houses.

Still left dangling after Congress goes home will be a lot of President Truman's proposals which this Congress will leave for the 80th Congress to struggle with when it comes to the Capitol next January.

Plot To Kill . . .

(Continued from Page One)

dent to the Communist parade and mass meeting scheduled for May 1. The leader of the plot is Hidet Tokayama, who has not yet been apprehended. Other known plotters still are at large, but are being rounded up.

Col. Harry I. T. Creswell, MacArthur's Chief of Civil Intelligence said his section "has no information as to Tokayama's politics. No political party was mentioned in connection with the case."

Creswell said an informant told headquarters of the plot five days ago. The informant stated that five or six persons were involved.

Creswell said he expected stories in the Japanese press about the plot would aid in the apprehension of Tokayama and the others.

Investigation of Tokayama was made by Col. Larry Bunker MacArthur's assistant military secretary. No extra guards were visible around the MacArthur office today.

Big labor celebrations are scheduled for Tokyo and other sections in Japan's first May Day observance in 11 years. Three hundred thousand

(Continued from Page One)

lowing a five-hour session of the foreign ministers conference. The secretary of state also disclosed he had drafted a similar pact to keep United States and other allied forces on the alert against a revival of militarism in Japan, but declined to reveal details of this proposal.

Byrnes says Premier Stalin had supported the idea for the four-power treaty on Germany when the two discussed the matter in Moscow last Christmas. However, Molotov Russian foreign minister, yesterday opposed placing the matter on the conference agenda in connection with general discussions on Germany.

France and Britain have accepted the proposal in principle, Byrnes said, Russia has expressed willingness to discuss it, although without getting a definite time. Whether the treaty draft will be placed on the agenda remained unsettled when Byrnes asked for adjournment of the conference last night.

The proposed pact apparently was put forward with the sanction of Sen. Connally (D-Tex.), chairman of the Senate Foreign Relations Committee, and Sen. Vandenberg (R-Mich.), ranking minority party member of the committee, who are acting as Byrnes' assistants at the conference.

It was an answer to fears, which Byrnes said had been expressed by Stalin and other leaders, that the U. S. might withdraw from European affairs as it did after the first

Rehearsal Held For Class Play

The first rehearsal of Greenville High School's senior play, "Come Rain Or Shine," was held last night in the auditorium under the direction of Miss Jessie Bill Lewis.

The play will be presented Friday night, May 1, in the high school auditorium. This light three-act comedy by Marjorie and Joseph Hayes is an up-to-date story of an American family on their summer vacation and centers around the misunderstandings existing between the younger and older generations.

The following people are in the cast: Dot Ormond, Ed Williams, Joan Oppel, Jimmy Futrell, Pat Parrish, Christine Jordan, Martha Whitehurst, Betsy Parkerson, Rodney Roberts, Virginia Brooks, Audrey Cox, Ramona Gray, Ella Frances Viola, Jack Whitchard, and James Crawford.

AFL Pledges . . .

(Continued from Page One) have "tired of experimentation in the rebel, rival movement" and have returned to the "house of labor." "We cannot help but believe," Green declared, "that there are others seriously considering coming back." He added that the AFL always will "welcome home" its prodigals.

The AFL Textile Workers have a major stake in the federation's drive because Green listed that industry at the top of those slated for organizing activities.

Byrnes says Premier Stalin had supported the idea for the four-power treaty on Germany when the two discussed the matter in Moscow last Christmas. However, Molotov Russian foreign minister, yesterday opposed placing the matter on the conference agenda in connection with general discussions on Germany.

France and Britain have accepted the proposal in principle, Byrnes said, Russia has expressed willingness to discuss it, although without getting a definite time. Whether the treaty draft will be placed on the agenda remained unsettled when Byrnes asked for adjournment of the conference last night.

The proposed pact apparently was put forward with the sanction of Sen. Connally (D-Tex.), chairman of the Senate Foreign Relations Committee, and Sen. Vandenberg (R-Mich.), ranking minority party member of the committee, who are acting as Byrnes' assistants at the conference.

It was an answer to fears, which Byrnes said had been expressed by Stalin and other leaders, that the U. S. might withdraw from European affairs as it did after the first

World War

The proposal requires German acceptance as a condition for the withdrawal of allied occupation forces from the Reich, and provides for four-power supervision of Germany for at least 25 years after the end of the present occupation.

Byrnes' suggestion would insure that German armed forces are now completely disarmed, demobilized and disbanded, that such organizations as the Storm Troopers and the Gestapo are wiped out, and that no military equipment or explosives are manufactured.

Atomic energy research would be outlawed through a prohibition of the production of all fissionable materials for any purpose.

The four signatories would adopt a system of quadripartite inspection to make certain that Germany obeyed the instructions.

The number and types of armed forces which the four countries would make available to insure carrying out the surrender terms would be determined by a commission of control.

Byrnes emphasized that the proposed mutual assistance treaties concerning Germany and Japan would be entirely separate from the peace treaties with the two former enemy countries.

The only decision reached by the ministers yesterday was to place at the tail-end of the agenda the preliminary discussion of the whole German problem.

This generally was interpreted as a victory for Britain over French requests for definitive talks on the Ruhr and Rhineland.

Cows Irritated Over New Daylight Saving

Clearfield, Pa., April 30—(AP)—Clearfield area cows will have to put up with the ersatz daylight saving hours which indignant dairymen claim irritated the herds—at least until May 12.

The dairymen, who had threatened to strike today if borough council did not return to standard time, agreed at a meeting to postpone their strike until May 12. The postponement followed a meeting of 20 of the milk producers with a council committee yesterday.

A petition to end daylight saving time will be presented to the council by the dairymen at a regular meeting next Monday.

If the council does not act to restore standard time to the community, the dairymen will carry out their strike threat, a spokesman said.

## Hog Market

Raleigh, April 30—(AP)—(NCDA)—Hog markets steady with tops of 14.55 at Clinton and Rocky Mount and 14.90 at Richmond.

## Poultry and Eggs

Raleigh, April 30—(AP)—(NCDA)—Egg and poultry markets steady. Raleigh—U. S. grade A large 36; fryers and broilers 30.8; Washington—U. S. grade A large 39 1/2; broilers and fryers.

## Grain Market

Chicago, April 30—(AP)—Active grain futures contracts moved over yesterday's close in a finishing rally today. During the greater part of the session May rye and the deferred contracts in oats were depressed, following an opening decline of 5 cents in Minneapolis rye, the daily limit. At the finish active short covering had pushed the May rye contract up the 5-cent daily limit and it closed at \$2.57 1/2, oats were unchanged to 1/2 higher than yesterday's close. May 83. Wheat, corn and barley were bid at ceiling prices, \$1.83 1/2, \$1.21 1/2 and \$1.26 1/2.

## New York Cotton

New York, April 30—(AP)—Cotton futures opened 10 to 25 cents a bale lower. Noon prices were 30 to 65 cents a bale lower, May 27.70, July 27.72, Oct. 27.73. Futures closed 75 cents to \$1 a bale lower. Open Last Prv. Cl. ## N. Y. Stock Market

New York, April 30—(AP)—Irregularity persisted in another sluggish stock market session today with special issues attracting good support while many leaders were subjected to light pressure. Transfers were around 1,000,000 shares, among the smallest for a full stretch in a month.

# PHANTOMS WIN OVER TARBORO

## Improved Batting Power Shown in Yesterday's 13-5 Victory

Green Phantom bats unleashed a torrid fifteen hit attack in Guy Smith Stadium yesterday to swamp an improved Tarboro High nine 13-5, and to give Lefty Roscoe Little his second win in four starts. Little went the full nine inning route for the Greenies, giving only five hits and issuing only two free passes to first base. His control was much better than it was in the Kinston game and he was seldom in trouble after the first frame when Tarboro pushed four runs across on one hit and four Greenie miscues.

The Greenies settled down after that embarrassing first inning and proceeded to play almost errorless ball for the next eight frames. They committed only one error. Mac Batchelor was undoubtedly the busiest man on the field yesterday handling nine chances perfectly after contributing one error in the first inning.

The Phantoms started to overtake the four run Tarboro lead by scoring two runs in their half of the first inning when "Stump" Garrett got on by an error, then scored when Mac Batchelor smacked a home run over the centerfielder's head. In the third frame, the Phantoms pushed across four more runs on a walk, two successive singles by Harrington and Futrell, a fielder's choice, and two more miscues.

## Ayden Man Seeks Seat in House

By CHESTER WALSH  
Frank M. Kilpatrick of Ayden, a candidate for the lower House of the North Carolina General Assembly at the Democratic Primary in June, is a native of Pitt County. He has devoted himself to farming activities the past 25 years. He spent two years in a pre-medical school in Virginia, but had to give it up upon the death of his father.

He has always taken an active part in community affairs. He served several years as chairman of the Swift Creek Drainage Board. He is now chairman of the AAA Board in Ayden Township. He helped to organize the farm program in 1933. Before the State took over control of the highways Mr. Kilpatrick was a member of the Pitt County Highway Advisory Commission. He served one term on the Board of County Commissioners. Since then he has been a member of the Ayden Board of Commissioners. He is a past president of the Rotary Club and has been an active member of the Christian Church since his youth.

Mr. Kilpatrick helped to sponsor the Farm Bureau of Pitt County and is now a member of a review committee for 15 counties. He comes from a long line of Democrats. He has been chairman of the Ayden Precinct Executive Committee several years. His friends say his business experience will qualify him to represent Pitt County in the House of Representatives.

# WILSON HAS UNTRIED NINE

## Only Two Veterans in Team After Pruning Large Squad

By ED W. DAVIS  
Wilson, April 30—Wilson's 1946 Coastal Plain League Tobaccoconists will truly be a Wilson outfit—six of the sixteen players on the current roster are either native Wilsonians or have married and make their home here.

Manager Dickens applied the pruning knife to his large Tob squad—more than thirty players having been in camp—for the last time Friday, leaving only 16 on the team. With one or two exceptions—he's still looking for a hard-hitting outfielder and slugging first sacker—he is about the way the 1946 edition of the Tob will stack up. Jay Deaton, 6 foot 5 inch rookie from Greensboro at first; Manager Dickens at second; Pete Stuart at short; Eddie "Chatterbox" Bauer at third; Johnny Byrum, left field; Johnny Wolfe, centerfield; Johnny Alusik, rightfield, general utility; most favorable conditions. Now they see, Monk Webb, Red Benton, Pat Sourborne, Sherlin Hynes and Met

vey, and Catchers Billy Brooks and Hendricks. Of the 16 only two, Pitchers Kee and Bisette, are veterans; seven are limited men and seven are rookies, the latter being: Deaton, Wolfe, Brooks, Hendricks, Hynes, Matvey and Saurborne. Half of the players on the Tob roster are returned servicemen who performed for Wilson in either the Coastal Plain or Bi-State circuits before the war. Four, Bisette, Kee, Webb and Benton, are pitchers who in their last season in ball before the war turned in 62 victories against 27 defeats collectively. Manager Dickens has had few tie-field worries since training started. He has four capable performers in himself, Stuart, Alusik and Bauer, but has been unable to secure the slugging first sacker he wants. In Deaton, the boy who has been in camp only three days, he hopes he has solved his problem.

The outfield was a big problem for Dickens until Johnny Wolfe, a fence busting rookie dropped into camp about 10 days ago. Wolfe started out in left but has been shifted to center because of his ground covering ability and Johnny Byrum, with Williamston's Martins before the war, is now filling the left field spot. Alusik is to hold down the right field post until a regular fly chaser is assigned.

The catching department is comprised of two untried rookies as far as pro ball is concerned, however, Billy "Stringbean" Brooks was a star at the local high school, at Wake Forest his freshman year and with the undefeated Atlantic Christian College nine this year. Hendricks has also shown ability as a receiver, but has not shown the batting punch of Brooks. Three rookie hurlers, Hynes, a southpaw, and Matvey and Saurborne, righthanders, are fighting it out for the open berth on the hurling corps.

# Sports

The major league's current pace makers—Brooklyn's precocious Dodgers and Boston's slugger Red Kix—go on trial today when they engage the defending 1945 champions for the first time. For the Dodger's youthful crew the opening interseasonal series takes them to Chicago and then around the horn to St. Louis, Pittsburgh and Cincinnati will be an acid test. Also the Brooks swept thru the east on an eight-game winning spree until they collapsed at New York Sunday, they have been feasting on inept pitching offered by the Phillies and Giants.

Rookies Dick Whitman, Carl Furillo and Ferrell Anderson have been doing a good job but they have been breaking into the big show under seven pitchers: Fem Bisette, Kelly encounter some real "pros." Hank Borowy is slated to oppose Ed (no-

hit) Head today and they'll be looking at Max Lanier, Joe Beggs, Rip Sewell, Ed Heusser and Bucky Walters before they come home. In the American League, the Red Sox must open up against the Detroit's ace, Hal Newhouser, winner of his first three starts. Joe Cronin has been getting fine pitching from Mickey Harris and Joe Dobson with Tex Hughson and Dave Periss ready to hit their true stride but the slugging has been the thing in Boston.

Shortstop Johnny Pesky, who couldn't hit in spring training, is burning up the league with a .391 average, big Ted Williams boasts a .367 mark and catcher Hal Wagner is close behind at .364. Two other regulars, centerfielder Dominic Di Maggio and first sacker Rody York are well over the .300 level.

Philadelphia, April 30—(AP)—Eighty-three-year-old Connie Mack admits disappointment in his 1946 edition of the Philadelphia Athletics and announces "I'm willing to buy good players but I want to be sure they are better than what I have now." Mack's A's have won only two of this season's 12 starts.

Mack, manager of the A's for the past 40 years, says he's still hopeful the team will get out of the dumps. "There isn't a player on my team who shouldn't be batting over .250 yet most of them aren't even close to that mark," he said. Meantime, the A's announced purchase of outfielder Russ Derry from the New York Yankees for \$7,500.

**TOMORROW'S SCHEDULE**  
National League—Brooklyn at Chicago, New York at St. Louis, Boston at Cincinnati and Philadelphia at Pittsburgh.  
American League—Cleveland at New York, Detroit at Boston, Chicago at Washington and St. Louis at Philadelphia.

**YESTERDAY'S RESULTS**  
American League—Cleveland at New York, rain (only game scheduled).  
National League—(No games scheduled).  
Louisville, Ky., April 30—(AP)—

It was a matter for argument today whether this afternoon's derby trial mile preview figured to be a better horse race than Saturday's Kentucky derby production. It was such a rhubarb in piled-up derbytown, that the boys and girls weren't clawing at each other so much over who was going to win this mile trial in the mud among 14 candidates for Saturday's \$100,000 run as they were over who would go to the post today as favorite. It was the biggest field ever in the nine year history of this final preview for the big heat—a preview incidentally which never has sent its winner to take the large pot the following Saturday. Three times the horse which finished second in the trial mile followed it up the next Saturday by hitting the big jackpot—Lawrin in 1933, Gallahedian in 1940 and Whirlaway in 1941. But never has any gee-gee rung the cash register in both.

In today's trial will be Spy Song Assault, Rippey and in earnest to give this trial mile the classiest set of derby contenders it has ever had.

The art of making glass bottles was known to the Romans as early as the year 79.

**NOTICE**

# RUBINOFF TO RETURN HERE

## Eminent Violinist Favorite With Greenville Music-Lovers

By CHESTER WALSH

Rubinoff and his magic violin thrilled an overflow audience of college and school students at East Carolina Teachers' College yesterday afternoon. An appreciative audience of music-lovers at the night concert virtually "adopted" the popular virtuoso and assured Ru-

binoff that he will be invited to come to Greenville again in the near future. There was a profound kinship between the celebrated violinist and his audience. He interspersed his wonderful program with frequent friendly comments about Greenville and the people here and said he had had three wonderful days in the city.

Rubinoff was in Greenville under the sponsorship of the Junior Chamber of Commerce for the benefit of the Cancer Control Drive. His visit here was the outstanding musical event of Greenville in many years. Rubinoff's friendly spirit, his wit and humor, love of people and of rendering service, made a warm place for him in the hearts of the people of Pitt County—the largest tobacco-growing county in the world. He smilingly said, "I have had a delightful time, and I want to come to Greenville and play

again for the wonderful people here." The eminent violinist's program ranged from higher classical numbers to "Don't Fence Me In," in a dozen variations. Gershwin's "Rhapsody In Blue," transcribed by Rubinoff for a violin solo and played for the first time transported the audience to rapturous heights. The highlights of the wonderful program was Rubinoff's own composition "Danse Russe" which was featured in his motion picture, "You Can't Have Everything." To sum it all up, Rubinoff is Greenville's favorite violinist. Music lovers here will cherish happy memories of his sojourn in the city.

Alexander Makokof, Rubinoff's piano accompanist, is an artist. His rendition of Chopin's "Polonaise" was wonderful and his playing of "Blues" in the boogie-woogie style demonstrated his versatility.

Rubinoff made a friend for life when he played Straus' "The Blue Danube" and dedicated it to Chief J. L. Williams, officer in charge of the college grounds and buildings. The highly esteemed guardian of the law had been waiting 18 years for some one in concert at East Carolina Teachers' College to play this number. Rubinoff gratified his wish last night.

The concert was outstanding successes and the Cancer Control Drive will net a substantial sum of money as a result. President Tom Wilson of the Junior Chamber of Commerce said. While here Rubinoff visited the schools, was on the radio Sunday afternoon and appeared on another radio program at night over the Tobacco Radio Network, the program originating in the studio of WGTC in Greenville. Mr. and Mrs. Eli Bloom and others entertained Rubinoff while he was here. Mr. Bloom took him to Rocky Mount last night, where the violinist appears in concert tonight. Then the distinguished musician will go to New York and thence to his home 5600 Forbes Street, Pittsburgh, Pa. for a rest.

# REPORT READY ON PALESTINE

## Joint British-American Committees Findings Released Tonight

Washington, April 30.—(AP)—The long-in-preparation Palestine report which may have political repercussions throughout the strategic middle east is scheduled for release tonight.

It is the work of the joint British-American Committee, which for the last four months, has studied the problem of homeless European Jews and its relation to the hotly debated issue of immediate large-scale Jewish immigration in Palestine.

But beyond the immediate issue of the ancient Arabic-Jewish Palestine dispute and the future of European Jews, is the relationship of the great powers—the U. S., Britain and Russia—in the oil-rich Middle East.

The committee's report, scheduled to be released simultaneously in Washington and London at 7 p. m. (EST) will be binding on no one. Britain, which has governed Palestine under a League of Nations mandate since 1922, can ignore the committee's recommendations if it so chooses.

Most diplomats familiar with the situation, however, believe Britain will not find it politically feasible to do that. Yet, if Britain attempts to follow the recommendations it probably will tread on the toes of either the Arabs or the Jews. And in either case, British international prestige will sustain a setback, the diplomats say.

## Fear Heavy Toll In Big Explosion

Earle, N. J., April 30.—(AP)—The Harold C. Thomas, a destroyer escort, exploded today while ammunition was being unloaded onto a pier at the Earle naval depot, and the Navy expressed fear that "many are dead or wounded."

The Navy said it had but few details on the blast, which was followed by fire on the pier.

"It is very bad just how bad we don't know yet—and we have no reports on the casualties," the naval spokesman said.

The blast occurred at 11:35 a. m. (EDT) and could be heard for miles around. The vibration broke windows in houses and stores in the Monmouth County area.

Coast Guard craft were dispatched to the scene. All doctors and ambulances in the area were mobilized.

## President Signs Philippine Bill

Washington, April 30.—(AP)—Legislation designed to put the Philippines on their feet economically during the early years of independence was signed by President Truman today.

In doing so, Mr. Truman said the two measures give notice to the Filipinos and to the world "that we are redeeming our promises to the heroic Philippine people."

The President's statement characterized the legislation as "unprecedented" and as the "heart of the program for Philippine rehabilitation and recovery."

One bill sets up mutually advantageous trade relations between the islands and the United States for a 28-year period beginning July 4, the date on which the Philippines get their freedom.

The other provides for \$25,000,000 and for transfer of \$100,000,000 in surplus property to help in the restoration of the war-ravaged country.

Mr. Truman signed the bills with a fistful of seven pens, joshing with spectators that he might veto them instead.

## Marshall Hopeful For China Truce

Nanking, April 30.—(AP)—General Marshall, special U. S. envoy to China, arrived today amid new reports he was "getting closer and closer" to effecting a truce between the National Government and the Communists, now bitterly engaged in Manchuria.

The general and Mrs. Marshall flew from Chungking. Marshall briefly reviewed an honor guard and was driven to the 17-room mansion formerly occupied by the German ambassador to the puppet regime of Wang Ching-Wei which will be the Marshall home here.

He did not meet reporters, but a source close to him said that negotiations on the Manchurian situation were proceeding in an optimistic atmosphere. The source added he would not be surprised to see results "within a few days."

Meanwhile, talks among Marshall, Communist Ben. Chou En-Lai and government Gen. Hsu Yung Chang temporarily are suspended.

## Conservation Is Topic Of Talk

DR. B. B. BRANDT

Dr. B. B. Brandt of the science department of East Carolina Teachers College talked on "The Migration of Fishes with Relation to Conservation" on Monday evening, April 29, at the first program meeting of the recently organized faculty lecture club at the college.

Overfishing, according to Dr. Brandt, is the principal cause of the decline in the catch of shad and herring in our streams. So severe, he said, has been this decline during the past fifty years that in many streams it is no longer profitable to fish for either of these kinds.

As a cause of the decline, he also mentioned dams and obstructions, which severely curtail spawning and limit it to areas below the barrier, unless fishways make the waters above the dam available for spawning. Along the southeastern coast, he said, in our Delaware river is pollution of the stream sufficient to kill shad. Dr. Brandt pointed out that in spite of pollution, shad enter streams, and attempt to spawn. In the Hudson river area, he said, shad spawn above the polluted areas, and the young are able to negotiate these places on their seaward migrations.

## Ceiling On Rye Bread Is Raised

Washington, April 30.—(AP)—OPA today raised retail prices for most rye bread two cents a one-pound loaf.

And an official of the agency told in

a reporter privately that housewives soon may pay more for white bread and other kinds.

Bakers, the official said, are now seeking an increase of a cent a one-pound loaf on other than rye bread. He added that some increase looks likely.

The rye bread hike of two cents, effective immediately, pushes retail prices to 11 and 12 cents for most one-pound loaves. OPA said it will remain in effect at least until June 30 when the agency will re-examine bakers' costs to determine whether the higher ceilings should be continued.

Explaining the increase, OPA noted that ceilings of rye grain do not become effective until June 1. Meanwhile, the agency said, hys bread makers have been squeezed between sharply advancing rye prices and bread ceilings.

The rye bread increase is subject to the limitation that wholesale ceilings may not exceed 12 cents a loaf. This means, APA said, that retail prices will not be changed in the case of rye bread now selling at wholesale for 12 or more cents a loaf.

## Woman Held In Death Of Child

New York, April 30.—(AP)—Mrs. Eve Erickson, 43, was arraigned today on a homicide charge in Stapleton, Staten Island, felony court in the death last night of her three year old adopted daughter, Susan, as a result of what Richmond County District Attorney F. A. Kane said was a beating.

Mrs. Erickson and her husband, Lief, 41, were arrested Sunday on charges of felonious assault after the child had been taken to a hospital by a physician.

The charge against Mrs. Erickson was changed to homicide, but Erickson was arraigned on a felonious assault charge and held in \$5,000 bail. Mrs. Erickson was held without bail. Both will have hearings May 7.

The Ericksons, married nine years and childless, adopted Susan eight months ago from a Manchester (N. H.) foundling home, Kane said. The district attorney quoted the couple as saying they slapped the child Saturday when she refused to eat her cereal.

## Weakness Alleged In U. S. Espionage Laws

Washington, April 30.—(AP)—Senator Eastland (D-Miss) said today there is an "apparent weakness" in espionage laws, whereby foreign

governments can obtain information on secret United States instruments of war.

He made that statement to reporters after the first meeting of a Senate judiciary subcommittee considering a bill to prohibit sale of American-made radar and electronic equipment to foreigners.

Eastland said the situation appeared to be such that foreign government by purchasing "declassified" (non-secret) parts and combining them thru "industrial know-how" can make "classified" (secret) apparatus.

The subcommittee decided to bar the public and reporters from its initial hearing.

The subcommittee took up the bill amid reports that Russia was interested in buying such equipment.

## Army Plans Show Of Weapons For Mexico

Washington, April 30.—(AP)—South of the border where the war with Mexico flared a century ago, the United States Army will demonstrate some of its newest infantry weapons next month for Mexican military personnel.

The War Department announced that the arrangements had been made at the request of the Mexican government, but made no reference to history books which show it was May 13, 1846, that the United States went to war with Mexico.

## HIGH PRICED, 14. M

San Francisco, April 30.—(AP)—The army has a new private today at \$315.96 a month. James L. Triplett, 39, of Vallejo, Calif., father of five boys and five girls, enlisted in the air forces at Hamilton Field, and this is how his monthly pay adds up:

Base pay of \$50, \$7.50 for previous service, \$20.46 for rations, \$28 allotment for his wife, \$30 for the first child and \$20 for each of the other nine children.

## The Movies Today

Pitt—"ROAD TO UTOPIA" with B. Crosby, B. Hope, D. Lamour.

State—"WHISPERING SKULL." Tex Ritter, Dave O'Brien.

## Amendment Offered To the Judicial Code

Washington, April 30.—(AP)—Senator Bridges (R-NH) proposed today an amendment to the judicial code which would bar future Supreme Court justices from any political activity.

The New Hampshire senator said in a speech prepared for floor delivery that congress ought to act now, while there is a vacancy in the office of chief justice, to require future members to devote all of their time to court activities. He said his amendment would not affect present justices.

Without mentioning him by name, Bridges alluded to the service of Associate Justice Robert H. Jackson as prosecutor in the Nienberg war trials. Jackson has been mentioned as President Truman's possible choice for Chief Justice.

## NAZIS ASSAIL DIPLOMATS

Nuernberg, April 30.—(AP)—Hjalmar Schacht, on trial with 22 other Germans as a war criminal, vigorously assailed today the statements of two American diplomats against him.

"If diplomatic reporting is so unreliable everywhere, it is small wonder that nations have so much trouble getting along together," the former reichsbank president and minister of economics told the international military tribunal. He also challenged the credibility of the published diary of the late William E. Dodd, former U. S. ambassador to Germany.

The pulse of new born infants beats from 130 to 140 times a minute.
