

Anderson Facing Farm Criticism

National Farmers Union Calls On Organized Labor To Join In Drive For Ouster Of Secretary Of Agriculture; Charge Responsibility For Food Shortages

Washington, May 4.—(AP)—The tumult over continued price controls for meat waxed hotter today as the National Farmers Union called on organized labor to join in a drive for the ouster of Secretary of Agriculture Anderson.

President Truman's emphatic declaration that the administration still stands firmly for continued price controls on meat and livestock apparently had no dampening effect.

The Farmers Union claimed that Anderson had encouraged a "tremendous campaign" against meat price controls, and said further he was principally responsible for the country's current food shortages.

Mr. Truman said Anderson saw eye to eye with him on the necessity for continued controls, but on Capitol Hill some lawmakers declared the secretary of agriculture had given them the impression he favored removing meat ceilings if the black market situation does not improve in 90 days.

Representatives of the farm organization said they are seeking to have Philip Murray of the CIO and William Green of the AFL join with James A. Patton, the Farmers' Union president, in urging Mr. Truman to replace Anderson with someone more sympathetic with the policies of the administration.

The union already has made public a letter Patton sent to the President in which he blamed the Secretary of Agriculture as being principally responsible for the failure of the United States to produce enough food to meet its own needs.

A spokesman for the farm organization told newsmen Anderson's testimony this week with regard to price controls on meat had persuaded Patton it was time to withdraw his support from the food chief.

Mr. Truman's statement declaring that price controls on livestock and meat will be firmly maintained was issued by the White House yesterday. Its announced purpose was to clear up a series of unfortunate misinterpretations growing out of Anderson's congressional testimony on the meat situation and on the President's discussion of it at a news conference.

Anderson, appearing before the Senate Banking Committee Wednesday, was asked by Senator Barkley (D-Ky.) whether the cure for black markets in meat is to take off all controls and ceilings.

The secretary replied that if with slaughter controls and with the increased force that OPA is now putting on this we are not able to direct these cattle into decent channels, then the only remedy is abandonment of these controls.

Unemployed Veteran Starts New Business

Boston, May 4.—(A)—When former GI Harold Cohen lost a job in a leather plant he considered his five years in the Army and extensive KP duty and decided to do "housework."

He inserted an ad in a newspaper offering to do any kind of house cleaning for one dollar an hour and so many calls poured in from all sections of Greater Boston, the 25-year-old vet thinks he will have to hire some assistants.

The NATION TODAY

By James Marlow

Washington, May 4.—(AP)—Equal rights for women? Not yet. Not this year. Don't bet on next year, either.

Women themselves can't agree that it's a good thing. And big sections of organized labor are against the idea. Because of this divided opinion, Congress has looked upon equal rights with a wary eye.

The proposal—a constitutional amendment guaranteeing equal rights—has been offered in every Congress since 1923.

There have been congressional committee hearings and people for or against the idea have paraded by the dozens to speak their piece.

But it never got far enough along in Congress to be voted on. It's almost certain the present 80th Congress won't bring it to a vote.

This Congress wants to go home for the rest of the year by mid-July. It has a busy schedule up to that time. So it will leave equal rights on a hook.

The 80th Congress begins business next January. The proposal undoubtedly will be reoffered then. Getting such an amendment to

COOKE CHOSEN TO HEAD ECTC

Trustees Unanimously Elect Peabody College Official

DR. DENNIS H. COOKE

The presidential vacancy created at East Carolina Teachers College nearly two years ago by the resignation of Dr. Leon R. Meadows was filled yesterday when the board of trustees of the college unanimously elected Dr. Dennis H. Cooke head of the Department of Educational Administration at Peabody College in Nashville, Tenn.

Dr. Cooke, a native of Catawba county, has accepted the post and will resume his new duties on August 1. He will receive \$6,000 a year plus a home and such utilities as light, heat, water and telephone. No increase in salary was requested of the Budget Bureau by the ECTC board.

The board was called into special session in Greenville yesterday by Dr. Clyde A. Erwin, ex-officio chairman, at the request of the board's committee charged with the duty of recommending a new president. The committee, headed by Hugh Horton of Williamston, met here briefly prior to the State Democratic convention on Thursday and requested Dr. Erwin to call the board together yesterday to pass on the recommendation.

Dr. Cooke was the second to be offered the presidency since Dr. Meadows' resignation in 1944. In March the ECTC board tendered the post to Dr. L. E. Spikes, superintendent of the Burlington city schools, who subsequently turned it down in order to remain in his present job.

Horton announced last night that Dr. Howard J. McGinnis, who has been serving as acting president of ECTC since the resignation of Dr. Meadows, will resume his old job as registrar of the college.

Dr. Cooke, who is 42, attended high school in Maiden. He received his B. A. and M. A. degrees from Duke University and his Ph. D. from Peabody College. Among the jobs he has held are principal of the Maiden elementary schools, principal of the Aberdeen high school, and superintendent of the Mesonic Orphanage at Oxford. He has been connected with Peabody College for 17 years, the past six as head of the Department of Educational Administration.

PUBLIC FACES PARALYSIS IN RECONVERSION

Coal Shortages Hit Railroads, Utilities, Steel Plants, Famine Relief

By The Associated Press While the 34-day-old soft coal strike continued to spread a growing paralysis throughout the steel industry and seriously hamper railroads, Pennsylvania's Governor Edward Martin made an effort today to get enough coal mined to meet vital public utility needs.

Martin named three of his cabinet members to confer in Pittsburgh today with four district vice presidents of the AFL-United Mine Workers on whether coal can be mined for utilities servicing hospitals and other essential consumers.

At Washington, J. A. Krug, Solid Fuels administrator, declared in a statement that the relief and rehabilitation program for Europe is on the verge of collapse because of the shortage of coal for transportation. There is a grave possibility, he said, that great quantities of food "will not reach starving people in the liberated nations in time to avert an international catastrophe."

Meanwhile, the nation's output of steel—vital to peacetime reconversion—dropped nearly six points to 67.7 percent of capacity this week. It was the sixth straight week that production had sagged.

Fast-emptying fuel bins and lack of coal are causing a famine for steel mills and other essential consumers. (Continued on Page Four)

MINISTERS IN DISAGREEMENT

Italo-Yugoslav Border Chief Item On Today's Agenda

Paris, May 4.—(AP)—The Foreign Ministers' council heard statements on the disputed Italo-Yugoslav border from each of the four ministers in a three-hour session today, which indicated they were as far from solution of the problem as they were last September in London.

A member of the American delegation said the positions of the four ministers on the border problem was unchanged. The American said there was no sign of agreement with Russian Foreign Minister Vyacheslav M. Molotov lined up against his American, British and French colleagues.

A British source said Molotov described the border lines proposed by the other powers as punishments of Yugoslavia, a wartime ally. U. S. Secretary of State James F. Byrnes denied this, saying that the Yugoslavs under the American, British and French proposals would obtain 18,900 square miles of new territory and 375,000 inhabitants.

Molotov, agreeing that Trieste was ethnically Italian, was reported to have demanded that the city be turned over to Yugoslavia because it was an integral part of the surrounding countryside which, he held, was ethnically Yugoslav.

French Foreign Minister Georges Bidault pointed out, the British source continued, that the boundary commission had been instructed to draw their borderlines on ethnic grounds.

The ministers spent all morning discussing the Italo-Yugoslav frontier and did not reach the other items on the agenda for today, which included demilitarization of the Franco-Italian and Italo-Yugoslav frontiers and Italy's prewar bilateral treaties.

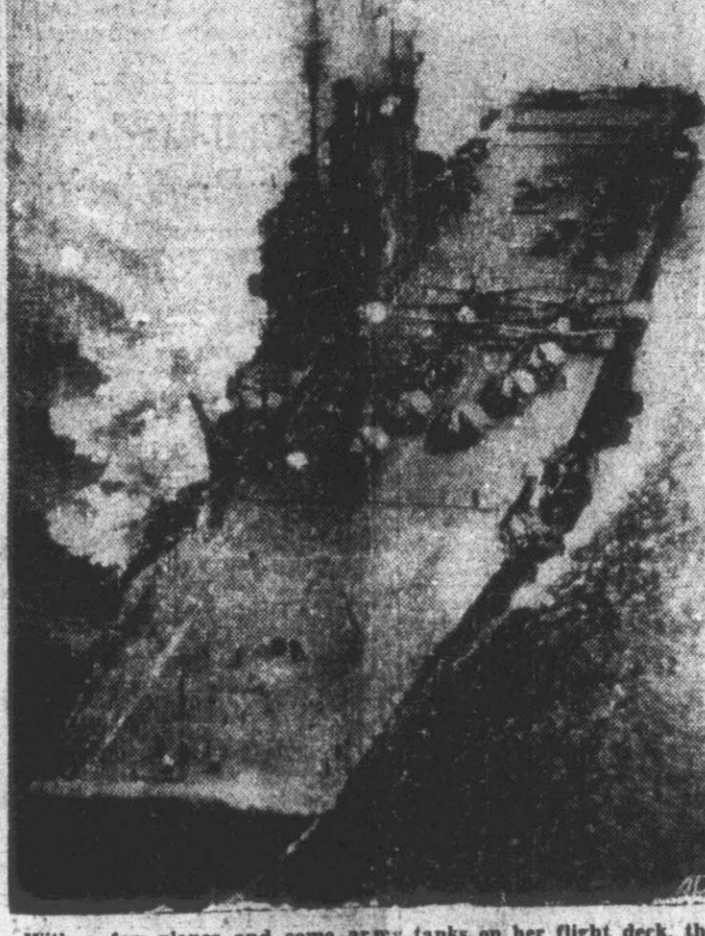

MacArthur Raps Jap Procedures

Tokyo, May 4.—(AP)—General MacArthur today disapproved Ichiro Hatoyama, onetime fascist propagandist, from ever holding public office in Japan and thus confused the country's turbulent post-election problems.

MacArthur, obviously tired of the fruitless, two-week political deadlock, also gave the government of resigned but still acting Premier Shidehara a verbal spanking for dereliction of duty.

It was learned tonight that before MacArthur's action, Shidehara unofficially had notified Emperor Hirohito that his resigned cabinet had decided to offer the premiership to Hatoyama.

Saratoga Heads For Atomic Test

Babson Discusses Fact-Finding

Philadelphia, May 3.—There are many subjects of which I know nothing, but a few concerning which experience has taught me much. One of these is "fact-finding." My entire life has been given to this.

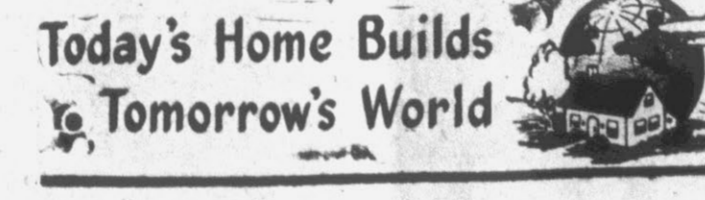

Beware of the Bank Hence, I am much interested in the various "fact-finding" committees which are being appointed by the government in connection with labor disputes. Well, let me say that most of them are the bunk. The idea is crazy that three men, unacquainted with an industry, can in four weeks or even four months get enough facts about that industry to say whether wages should be increased 5 cents or 20 cents.

To add to this bunkum, our good President goes into a trance and, by palimony or tea-leaf reading, pulls 18 1/2 cents out of the blue sky and calls that "fact-finding." It has long been an old joke that there are three kinds of lies, namely, "simple lies, damned lies and statistics." Well, that joke should now be amended to include a fourth kind of lie—the worst of all—namely, "fact-finding."

Wage Increases Cause Inflation However, as a result of this bunkum we are now having wages artificially fixed by one fact-finding board, prices fixed by another fact-finding board, hours fixed by another fact-finding board, profits fixed by another fact-finding board, and so on. All these things are supposed to prevent inflation. Yet, Congress is now passing a minimum wage bill which is the greatest inflation-producing law ever conceived.

All these things are done without any regard for the nation's welfare; but only to help congressmen get re-elected. They know in their hearts that all these "fact-finding" boards and the wages-prices-profits legislation will lead to utter confusion so

Today's Home Builds Tomorrow's World

NATIONAL HOME DEMONSTRATION WEEK MAY 5-12, 1946

Today's home builds tomorrow's world! That's the theme for National Home Demonstration Week May 5-12. It will be used by rural women throughout the United States, Alaska, Hawaii and Puerto Rico to focus attention on the contribution of the home and family toward progress and world peace.

During the week, 3,000,000 women reached by home demonstration work will hold open house—so to speak—to call attention also to the progress made in rural family and community living since the home demonstration program was initiated over 30 years ago.

Through meetings, exhibits, tours and radio programs during National Home Demonstration Week, these women will show the opportunities that home demonstration work offers and encourage wider participation in the program.

The Extension Service of the Department of Agriculture and of each of the 51 land grant colleges (located in the 48 states, Alaska, Hawaii and Puerto Rico) is cooperating with rural women in planning observance of National Home Demonstration Week.

Reinforcement Arrives To Aid Assault On Prisoners

SHOWDOWN ON BRITISH LOAN IS EXPECTED

Special Session In Senate Today; Curtailment Of Further Debate Seen

Washington, May 4.—(AP)—Putting on pressure to speed a showdown on the British loan, the administration today summoned the Senate for an unusual Saturday session, with a formal move promised to curtail further debate.

The move to cut further talk after three weeks of general debate originated not with the administration but with two Republican senators, Paul of Minnesota and Smith of New Jersey, both outspoken advocates of the long-term \$3,750,000,000 credit arrangement with Great Britain.

Within an hour yesterday afternoon they accumulated 29 signatures to their petition for "closure," a seldom invoked Senate rule for limiting debate to one hour per member. Only 16 signatures are necessary to force a vote on the petition. They planned to file it today and bring it to a vote Tuesday. It requires two-thirds majority to prevail.

Bell and Smith started circulating their petition after two roll calls to establish a quorum had consumed nearly an hour of the Senate's time. Bell told reporters the quorum calls smacked of "blunder tactics" and he thought the Senate ought to start extending the draft law, which will expire after three weeks general debate.

Majority Leader Barkley (Ky.) said the same thing—with even more vehemence—in the Senate floor.

Barkley told the Senate he would resist with all the power and influence I possess any attempt to lay the loan legislation aside for any other measure. And that went, he added, even for legislation to extend the draft law, which will expire a week from next Wednesday unless Congress acts.

EXECUTION OF NEGRO FAILS

Convict Lives After Ordeal In The Electric Chair

St. Martinsville, La., May 4.—(AP)—A 17-year-old Negro who survived being strapped in the electric chair and having the switch thrown, said "It tickled a little but didn't hurt much."

The 150-pound youth, Willie Francis, today was in a death cell in the Iberia Parish jail at New Iberia while state legal authorities wondered whether another attempt could ever be made, under the law, to electrocute him.

The Negro was strapped in the chair yesterday and the current was turned on. He squirmed and then astounded attendants by yelling under the hood, "Take it off! Take it off!"

Francis said "The Lord was with me" when he was taken from the fiery chair, and later in a death cell interview said that he was "thinking of going to heaven" when the switch was thrown.

Governor Jimmie Davis granted a six-day reprieve. Sheriff Leonard Ruescher said he would attempt to have the execution carried out next Thursday.

In the interview Francis, who was convicted of slaying Andrew J. Thomas, a St. Martinsville druggist, answered questions readily and even discussed the slaying.

He said he thought "it would hurt a little" when the switch was thrown and that he had difficulty in breathing with the straps and hood over his face.

Asked whether he considered the chair's failure an act of God, Francis replied, "I sure don't know, but I am sure glad about it."

Prison Silent

San Francisco, May 4.—(AP)—A reporter for the Oakland Tribune said that while cruising around Alcatraz Island prison today he saw several guards put long ladders to the windows from which convicts had been shooting; that the guards peered in the windows, and there was no shooting from inside. There had been no fire from the convicts since late yesterday.

A clerk at the prison reported later by telephone, however, he could not confirm reports the riot had ended. He would say nothing more.

ALLIES PLAN WITHDRAWALS

French, British To Remove Troops From Levantine States

New York, May 4.—(AP)—The United Nations Security Council had assurances from France and Britain today that the bulk of their forces in the Levantine States would be withdrawn by June 30.

Separate announcements that British and French forces had already abandoned Syria and would shortly pull the Lebanon were laid before the council as it faced up to a new crisis next week over the presence of Soviet troops in Iran beyond a March 2 treaty limit. Russia now has promised to have her troops out of Iran by May 6.

The British and French statements handed in last night to Chairman Hafiz Afifi Pasha were expected to circumvent any mention here of the Levantine squabble which was aimed at the London sessions of the council last February.

Both France and Britain emphasized that their withdrawals were voluntary.

The weekend hiatus shut off most comment on the Iranian situation, but some delegations were represented as optimistic over prospects of an amicable solution of the problem on the basis of dispatches from Tehran declaring Red Army troops were pulling up stakes in Iran after a round of farewell parties.

There remained the possibility of another embarrassment, however since Soviet delegate Andrei A. Gromyko has announced he will boycott any further reference in council to the Iranian question.

The council is committed to inquire into the status of Red Army withdrawals from Iran as of May 6, and presumably will ask both Tehran and Moscow for reports on Tuesday—May 7. In the face of Russia's adamant refusal to entertain the Iranian issue as worthy of council consideration, there was some expressed doubt that Moscow would reply to any further inquiry.

Antonescu To Go On Trial For His Life

Bucharest, May 4.—(AP)—The war-time trial of Ion Antonescu, Romania's wartime pro-Nazi premier, and 17 others accused of collaboration is expected to begin Monday.

A 60,000-word indictment charges Antonescu with declaring war on the United States and Britain on direct orders from the German minister, informants said. The prosecution likely will demand the death penalty for the former premier and his chief aides.

Minister Criticizes Democratic Platform

Raleigh, May 4.—(AP)—Failure of the State Democratic Party convention, which met here Thursday, to include a prohibition plank in its 1946 platform has been criticized by the Raleigh district of the Methodist Church.

The Rev. W. A. Tew of Lillington presented the criticism in a resolution which was adopted yesterday at a district conference here.

Prison Guards Surround Convicts' Cell Block Awaiting Decision By Outlaws To Accept Or Reject Ultimatum; Most Spectacular Escape Attempt, A Failure

San Francisco, May 4.—(AP)—Prison guards strengthened their battle line with reinforcements today and prepared to blast rebel convicts out of their cell block entrenchment at Alcatraz if they refuse a "surrender or die" ultimatum.

The choice for the desperate criminals was to face the blistering fire of assembled guns and grenades or to surrender and face charges of murdering two guards and wounding 14 others in the blazing mutiny, now in its third day.

Marines, local police and guards from other prisons, bolstered the officers of the island federal prison as the besiegers tensely awaited the desperadoes' decision.

The cell block of the three-story concrete structure atop the rocky island was quiet as the doomed men considered their choice.

The cornered criminals were reported to have ammunition, but no shots were heard from the embattled blockhouse since last night, and police reported at 6 a.m. (10 a.m. Eastern Daylight Time) that all was quiet on the island.

One of the convicts yesterday telephoned Warden J. A. Johnston to bargain for surrender.

"We'll make a deal when you throw out your guns and ammunition," Johnston snapped back.

Silence followed. It seemed probable the men were awaiting dawn to announce their decision.

There was no certainty how many of the convicts remained alive. A Marine officer estimated 24 were involved, on the basis of wounded guards' reports. It was presumed that some were killed and wounded in the three-day mutiny with machineguns, rifles, pistols, hand grenades and tear gas that raged for hours, then slackened into last night's calm.

Not a sound could be heard from the portion of the prison which they had held for more than 36 hours.

About 10:30 last night (PST) Warden J. A. Johnston ordered guards who had been attempting to creep within gunshot of the rebels to withdraw.

"We're leaving them alone tonight, to talk it over," a prison official said. "We'll go to work on them in the morning."

The desperadoes already had the blood of 16 men on their hands. Two guards had been killed, and 14 others wounded. One guard was brutally kicked to death. Others were herded into a cell, where frenzied and cursing convicts pumped bullets into them.

The surviving guards and the bodies of the dead men were rescued by a gallant group of prison officials, who braved a hail of gunfire to remove their comrades from the hands of the desperadoes.

There was no indication of convict casualties, but they undoubtedly (Continued on Page Six)

The WORLD TODAY

An Analysis Of The News

By DEWITT MACKENZIE The Paris correspondent of Tass, Russian official news agency, in analyzing American Secretary Byrnes' recent proposal for a four power pact reaches the conclusion that it looks as if this formidable preparations to reject the fundamental obligations undertaken by the Allies regarding Germany—namely the long occupation of Germany with the aim of actually destroying the roots and base of German militarism.

Well this just goes to prove that folks who are looking at an object from different angles are likely to resist different impressions. American observers generally haven't seen this move the way the Tass representative does. On the contrary it has been taken as a striking gesture of assurance that Uncle Sam does intend to see the thing through and doesn't intend to withdraw in isolation.

What Secretary Byrnes has proposed to the conference of foreign ministers in Paris is a four-power agreement (Russia, Britain, France and America) for the supervision of Germany for at least 25 years after the present occupation. This would be calculated to insure that German forces are completely disbanded, that the gestapo and like organizations are destroyed and that there is no manufacture of military materiel. The treaty could be renewed for another twenty-five years.

British Foreign Minister Bevin and French Foreign Minister Bidault supported Mr. Byrnes' move to have the treaty inserted in the conference agenda. Russian Foreign Minister Molotov demurred—and there the matter stands.

Extensive Search For Oil In N. C. Planned

Elizabeth City, May 4.—(AP)—Extensive seismograph surveys in the Pamlico sound area are planned in the near future by the Standard Oil Company, in a continued search for oil in Eastern North Carolina.

The company's exploratory well near Buxton on Hatteras is scheduled to be abandoned as soon as granite is reached.

### Oglesby-Hooten

The marriage of Miss Glennie Elnor Hooten, daughter of Mr. and Mrs. John Council Hooten of Grifton and John Thomas Oglesby, Jr., son of Mr. John Thomas Oglesby and the late Mrs. Oglesby, in a single ring service at 5 o'clock Friday afternoon in the Grifton Methodist Church, Rev. R. E. Walston, pastor, heard the vows.

Baskets of white snap dragon and peonies interspersed with standards of lighted candles against a background of long leaf pine and smilax formed a nuptial setting.

A musical program was presented by Mrs. Carlos Walston of Walstonburg, pianist, and Miss Jane Kittrell, of Walstonburg, soprano, sang prior to the ceremony "Because" and "I Love You Truly," as a benediction "The Lord's Prayer." Traditional wedding marches were used.

The bride was given in marriage by her father, wore a white satin and tulle gown, styled with square vee lace trimmed, full skirt which fell from a fitted bodice and ending in a train. Her fingertip veil fell from a halo outlined with orange blossoms. She carried a white satin prayer book, topped with an orchid. Her only ornament was a single strand of pearls which were worn by her mother on her wedding day.

Miss Fleda Hooten, sister of the bride, as maid of honor wore a white net gown and as a head dress a shoulder length veil and carried an arm bouquet of garden flowers. Little Martha Hart as flower girl wore an identical model and carried a silver basket of flowers.

Bridesmaids were Miss Sybil Oglesby, sister of the groom, Miss Emma Payne West of Kinston, Miss Christine Jones of Smithfield, Miss Elsie McLawhorn. They wore dresses of pink net over taffeta and were designed with full gathered skirts fitted bodice and sweetheart neck lines. They carried arm bouquets of garden flowers tied with blue ribbons.

Mr. Clarence Oglesby of Morehead City, was best man and ushers were Milton Hart and M. Bruton Taylor of Walstonburg.

The mother of the bride wore aqua crepe and corsage of roses. Mrs. Maggie Hart, aunt of the groom wore navy and white corsage.

Mrs. Oglesby, the daughter of Mr. and Mrs. John Council Hooten of Grifton, is now attending school at East Carolina Teachers College in Greenville where she will continue her work until the summer term at which time she will join her husband in Hutchinson, Kansas.

The bridegroom attended the Morehead City school and is now in the United States Naval Air Corps, he is aviation chief machinist mate. He is to be stationed in Hutchinson, Kansas for the present. For the wedding trip to unannounced points, the bride wore a dressmaker suit of blue, a white hat with black accessories and the orchid used in her marriage.

On Thursday night Mr. and Mrs. J. C. Hooten entertained at their home near the city as a courtesy to members of the Oglesby-Hooten wedding party and out of town guests at a delightful buffet supper. The home en suite was beautifully decorated with masses of sweet peas in pastel shades. Guests were re-

## Hold City Primary Election May 6th

A very light vote is expected to be cast at the City Democratic Primary-Election Monday, May 6, when the voters are to cast their ballots for four candidates for the Greenville Board of Aldermen. There is no contest.

The candidates are Berry Bostic, Dr. M. B. Massey, L. M. Buchanan, incumbents, and C. B. Mayo, wholesale farm machinery broker, who is a candidate for the seat occupied by J. A. Watson for many years. Watson, whose business now requires his entire time, did not offer for reelection.

The mayor and the five other aldermen come up for election next year.

## Six Candidates For Ayden Town Board

Six candidates have filed for the office of town commissioner of Ayden in the Democratic Primary-Election to be held in Ayden next Monday. In the second ward, the candidates are Floyed Nichols, Hodges McLawhorn and J. D. Cannon. In the fourth ward the contest is between Stancel Sumrell, Robbie Dail and "Here" Harrington. F. M. Kilpatrick, a member of the Ayden Board of Town Commissioners whose term expires this year, did not offer for reelection to the board. He has announced his candidacy for a seat in the Lower House of the State Legislature at the Democratic Primary.

## Calls Attention To Registering

By CHESTER WALSH  
Sam O. Worthington, a candidate for nomination to the House of Representatives thoughtfully called attention in an advertisement in the Reflector Thursday that there are only two days left in which to register to vote in the Democratic Primary, May 25.

The registrars were on duty at the various precinct voting places today and will be there next Saturday, May 11. If you are in doubt as to whether you are properly registered and want to vote in the primary, see your registrar before it is too late. Nothing can be done about it election day.

All armed service personnel who registered and voted while in service will have to register again to be able to vote in the Democratic Primary.

Worthington was born and reared in the Winterville community of Pitt County. He has always lived in the county. He is a graduate of the Winterville High School and the University of North Carolina. He is a veteran of World War I. He began the practice of law in Greenville in 1921. He was elected to the House of Representatives in 1938 and has served continuously since

the 1939 session—four sessions.

## CAA Readies Funds For State Airports

Washington, May 4—(AP)—The Civil Aeronautics Administration has announced that \$7,938,380 has been earmarked for airport construction in North Carolina under the federal aid bill now awaiting President Truman's signature. A total of \$356,250,000 is listed for all the states.

The CAA said that no funds would be specifically assigned for cities and communities until congress votes money for planning and CAA engineers determine local needs.

# Join Your Nearest Home Demonstration Club

Next week is National Home Demonstration Week.

Every rural housewife should belong to one of these progressive clubs that are doing so much for the up-building of a more abundant life on the farm, bettering family life relationships, and making the farm home a better place in which to live.

The home, together with the church and the school, is the basis of all worth-while Development. It has many and varied problems of health, nutrition, clothing, food production and preservation, and the like.

Science applied to these problems can make for greater agricultural progress in Pitt County. The members of the State College Extension Service and all of the Neighborhood Leaders of the home demonstration clubs are anxious to help you with your problems.

Join your nearest home demonstration club this week and begin to take an active part in its studies and demonstrations.

# Home Demonstration Club Work In County Shows Great Progress

## Nineteen Clubs Have Total Membership Of Approximately 500 Women

**By VERONA LEE JOYNER, Home Demonstration Agent**

For 25 years the Home Demonstration Club organization has extended to rural homemakers in Pitt County the opportunity to study home-making problems under trained leadership, to increase their skills, add to their information, develop their appreciation to the end that they may apply the contributions of science and art to their chosen profession, home making and may more effectively contribute to the well-being of their community. This great organization has served as a line of communication between the homes of the county, State College and the U. S. Department of Agriculture.

**VERONA LEE JOYNER—Pitt County's Home Demonstration Agent for the past five years.**

In April, 1916, Miss Laura Wingfield from Texas came to Pitt County as the first Home Demonstration Agent. In November of that year she left to become the assistant to Dr. Jane S. McKimmon, then State Home Demonstration Agent. Mr. B. Troy Ferguson, now northeastern district farm agent, was Pitt County's first Farm Agent and assisted Miss Wingfield in organizing the first Tomato Club in the St. John's community.

January, 1917, found continued interest in Tomato Clubs and so Miss Carrie Mauney, a North Carolinian, worked in the county as Home Agent during 1917. In 1919 Mrs. Mabel Bradshaw came in April and worked for the remainder of that year.

After a lapse of five years with no Home Demonstration Agent Miss Bertha Lee Ferverson from Texas, came to Pitt County during 1923 and served as agent until January, 1928. During the early part of 1926 the first club known as Home Demonstration Clubs were organized in Pitt County. In February, 1928, Miss Ethel Nice began her 13 years of faithful service to the county. On January 31, 1941, Miss Nice returned to her native state, Indiana, to continue her work in this field. On April 1, 1941, the present Home Demonstration Agent Verona Lee Joyner of Farmville, began her duties in the county, and working with rural women and girls. In September of that year Miss Edna Kirby of Lucama, now Mrs. Art Roberts, was added to the staff as the county's first assistant home demonstration agent. She worked with the rural families until August, 1943, at which time Miss Ella Ruth Bizzell of Newton Grove, took her place and now holds the position as Assistant Home Demonstration Agent. The county has been fortunate in having had only three Home Demonstration Agents since 1925 and two Assistant Agents during these years. This speaks well for the county and its good people. Due to increasing interest in Home Demonstration Club work and in order to meet the demands of the rural women of the county, a second Assistant Home Demonstration Agent will be added to the staff next July. The Home Agent's office has a full time secretary, Mrs. Ruel W. Tyson, who has held this position two years.

Through the years the purpose of the organization has been "to make the farm homes of Pitt County better places in which to live." As one travels over the highways of this large tobacco county one can see the many painted farm homes with yards that are landscaped that have resulted from this program. However, there are many changes in the homes of rural families that cannot be seen by a passerby—healthier families, through improved diet and health habits, attractive and livable interior of homes, happy family and community life, well stocked pantry shelves, smoke houses and freezer lockers, better economical clothed families, time and labor saving devices that make the farm and home jobs easier.

There are nineteen Home Demonstration Clubs with approximately 500 members scattered over the county. One of the real contributions the program has made to Pitt County has been trained leaders. Hundreds of women's lives in this county have literally been made over through this program. It has made anew the rural women. It has made efficient homemakers and better citizens of them.

Pitt County is proud of the Home Demonstration Club women. Their leadership is recognized throughout the State. They have made this county a better place to live in socially, culturally, religiously and economically.

and recreation, rural families are asking home demonstration agents for help with the solution of problems in such fields as health, and medical care, housing, farm and home financial planning, work simplification in the home, consumer education, child care and parent education, community welfare and citizenship responsibilities.

In 1944 a quarter of a million rural women studied home care of the sick; almost 800,000 quarts of home canned food were placed on pantry shelves; sewing machine clinics and tailoring workshops on garments for the whole family were held from Oregon to Massachusetts and from Maine to Hawaii groups of rural women assisted in sponsoring hot school lunches and medical clinics for children.

Home grown food supplies, well-made, attractive wardrobes, remodeled homes, refinished furniture and labor saving equipment handicrafts, landscaped yards, and community centers for recreation and canning, community libraries, and sickroom loan kits are typical achievements.

## Today's Homes

(Continued From Page One)

Home demonstration work is an educational program carried into rural homes and communities by approximately 3,000 home demonstration agents, joint employees of the state land-grant colleges and the U. S. Department of Agriculture. Home demonstration work is a 4-H Club work and other phases of the cooperative extension program in agriculture and home economics, is financed by the county state, and federal governments.

From tomato canning in a few southern communities in 1913, the scope of home demonstration work has been expanded—at the request of rural women—to embrace every phase of rural family life. In addition to foods and nutrition, clothing, household management and handicrafts.

## Strength FOR THE DAY

By EARL L. DOUGLAS

### FAITH MAKES IT POSSIBLE

"And pray for them which des-  
piti-fully use you."  
For the man who takes a mean  
advantage of you; for the person  
who willfully inconveniences you,  
and does it because he likes to an-  
noy you; for the woman who talks  
behind your back and keeps you out  
of your rightful place of respect; for  
the malignant telling of lies; for the  
relative who works things about  
so that he gets more than his share  
of the inheritance; for the bank  
official who brusquely tells you that  
the mortgage will not be renewed  
and forecloses without any show of  
mercy; for the boss in office or mill  
who has it in for you and badgers  
you without ceasing.

Now listen again to what Jesus  
says: "And pray for them which des-  
piti-fully use you."

Of course it's hard. Do you find  
many of the injunctions of Jesus  
easy? Christ did not come to make  
life easy, but to make it rich. His  
promise is not that we shall escape  
trouble—that we will go through  
life and not experience outrage.  
His promise is that He will be with  
us and enable us to rise trium-  
phantly above the spite and malice  
of hateful and bitter souls.  
And to that end we are to pray  
for them that despitely use us.

## WASHINGTON DAYBOOK

By JACK STINNEY

### Washington—Your Capital in Peacetime

The Society for the Prevention  
of World War III has asked U. S.  
Attorney General Tom Clark to see  
to the deportation of more than 600  
members of the Nazi party in this  
country.

The Nazi party membership list  
came out of captured official Ger-  
man records.

Author Rex Stout, president of  
the society, said in part in a tele-  
gram to Clark: "The members of  
this fifth column created domestic  
disunity by promoting race hatred  
and other social and economic  
cleavages and corruptions to obscure  
Germany's real aim of world con-  
quest. These people had only one  
loyalty—to pan-Germanism—of  
which Hitler was the last notorious  
exponent. These people should be  
deported as undesirables."

John H. Lloyd, who was in charge  
of public relations for the Office of  
Education before he became a lieuten-  
ant commander in the Navy, has  
written a song which already is  
climbing into the best-seller lists.

It's called simply "I Pledge Al-  
legiance to the Flag." Right, it is a  
sing-song version of the old "pledge  
to the flag" which became a school  
room chant a good many years ago.  
—I think I was in the fourth grade.  
That's a good many years ago.

John Lloyd's story about the writ-  
ing of the music of the "pledge" is  
one for the record:

"I wrote the first notes on 3-by-  
5 scratch pad sheets. Never having  
written any music before, I didn't  
even know if the notes should go  
up or down."

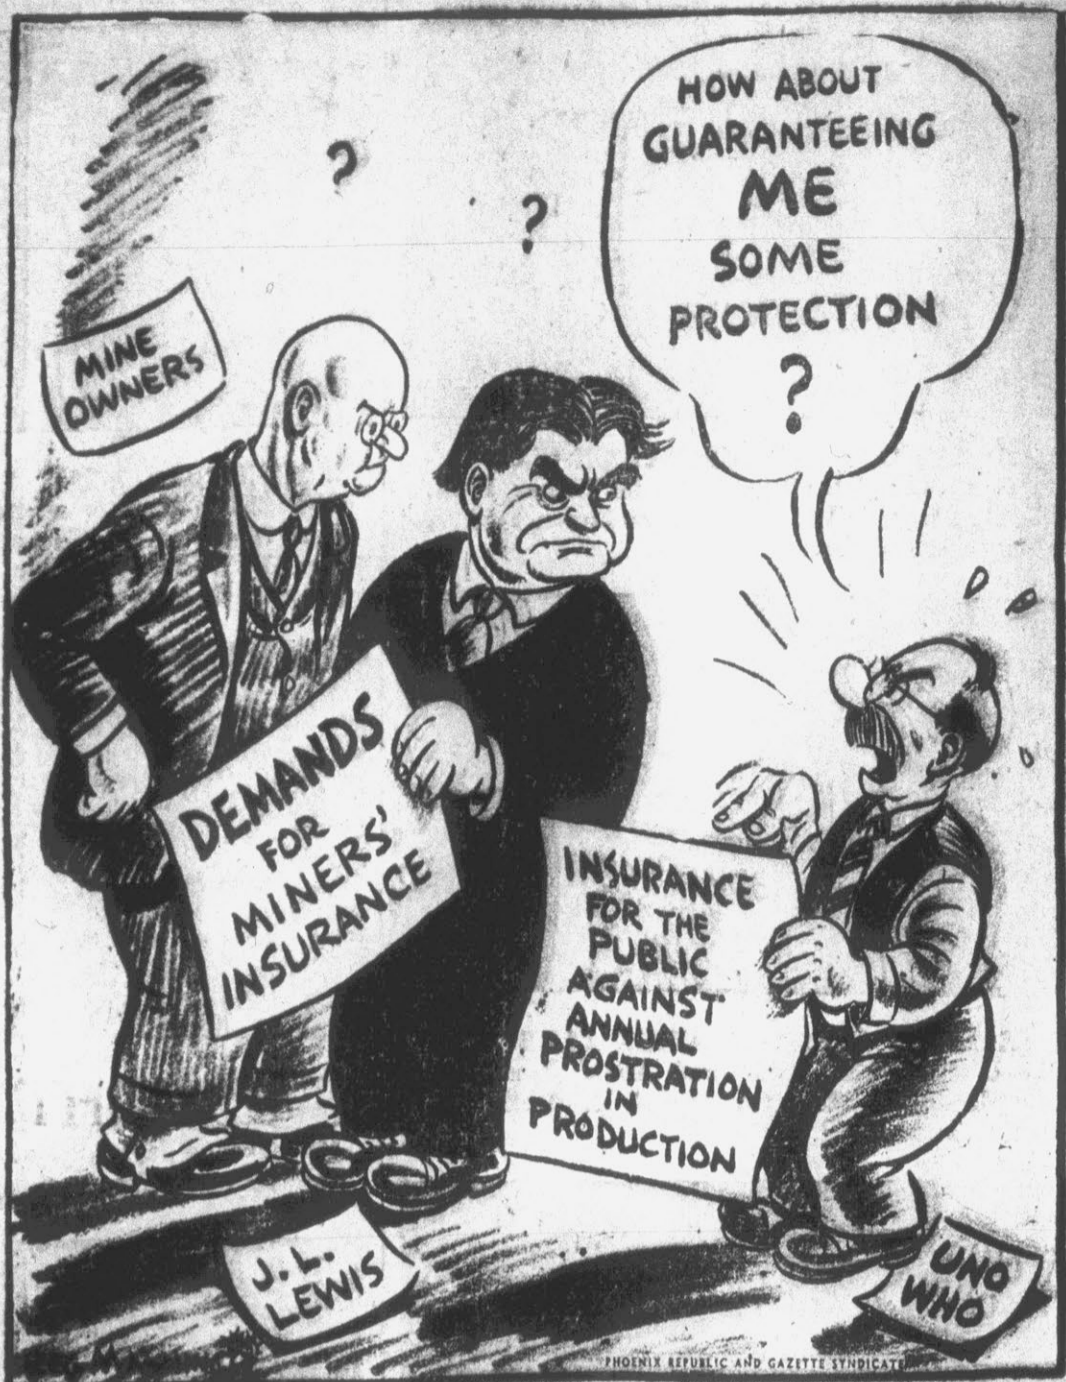

That was five years ago. But it  
didn't until 1944 that Lloyd put his  
composition on paper and ready for  
circulation. The verse is his own  
composition, the chorus the tradi-  
tional "pledge."

Tim Pan Alley, where John first  
tried to peddle his opus, gave him  
no encouragement at all. He finally  
published it privately. Few songs  
these days ever get any circulation  
that way. But in 1944, an educa-  
tional journal with national cir-  
culation picked it up and printed the  
chorus and music.

Since then it has become a school  
room classic in a score of states  
from Texas to Maine, Iowa, Florida,  
Pennsylvania, Michigan, and Indi-  
ans teachers, among others, have  
swapped Lloyd with letters about  
how the song is better than the old  
chant.

You can't verify it officially, but  
music insiders here are predicting  
that there will be another Federal  
tax cut this year. Both Sen. George  
(D-Ga.) and Rep. Doughton (D-  
N.C.) the tax watch-dogs in Con-  
gress, are on the record against any  
further reductions, but the argu-  
ment is that the report from in-

come tax and other revenue returns  
may change their minds.

First objective of the tax-reducers  
will be the excise taxes—those on  
entertainment tickets, cosmetics,  
railroad fares, utility bills, luggage,  
etc.

These were supposed to be re-  
moved six months after the end of  
the war. Legally, the state of war  
hasn't even ended yet. But tax re-  
duction advocates may not wait for  
that hypothetical day. None thinks  
that there will be any further re-  
duction on 1946 income taxes, but  
there may be on 1947 rates—particu-  
larly in the middle and upper  
brackets.

## The Nation . . .

(Continued from Page One)  
world basis—judging by the progress  
made in this country—is a long  
way off.

Here are some arguments by those  
opposing the proposed amendment:

Once this amendment became na-  
tional law, the 48 states would have  
to wipe out their special laws af-  
fecting women, not only those dis-  
criminating against them, but those  
benefiting them.

As an example of the beneficial  
laws: mothers' pensions; laws com-  
pelling husbands to support their  
wives; and labor laws giving work-  
men special privileges.

Here are some arguments given  
by those who want the amend-  
ment: There are more than 1,000 laws  
discriminating against women in the  
48 states. For example:

Discrimination in regard to prop-  
erty rights, inheritance rights, di-  
vorce, the right to work for a living,  
to own and control one's earnings,  
engage in all lawful occupations,  
jury service, the holding of public  
office.

of steel from basic producers  
brought additional sharp curtail-  
ments in such steel-making centers  
as Buffalo, Pittsburgh, Cleveland  
and Birmingham, and threatened  
to add thousands to the more than  
71,000 workers in coal-consuming  
industries already idled by the coal  
shortage.

At the same time, railroad offi-  
cials were working out arrange-  
ments to meet the Office of Defense  
Transportation's edict to slash pas-  
senger service on coal-burning lines  
by 50 percent.

The ODT order, effective May 15,  
came on the heels of another ODT  
order imposing a sweeping em-  
bargo on virtually all freight ship-  
ments except fuel and food. About  
three-fourths of the country's rail  
system relies on coal.

Howard S. Palmer, president of  
the New Haven Railroad, declared  
the passenger service cut would  
"most seriously" affect the line's  
east end commuter service in the  
Boston area, but that through ser-  
vice would be maintained between  
Boston and New York, and New

## Spiritual Awakening

Whenever I refer in this column  
to the need of a "spiritual awak-  
ening," I have a flood of letters asking  
me to explain what I mean. Readers  
seem to think I am interested in  
some special theology or creed. Let  
me say again that there is no for-  
mula or definition of what is need-  
ed for a spiritual awakening. In fact,  
it varies from time-to-time. Today,  
however, it means a desire by us all  
to produce as much as possible for  
the good of all Gods creatures.

Bishop Paul B. Kern, author, edu-  
cator and church statesman, will  
be the speaker for a regional net-  
work of 39 radio stations May 5, on  
the Methodist Hour which will  
originate from WSB in Atlanta at  
8:30 a. m. EST.

He will speak on the subject: "Do  
We Moderns Need the Man of Gal-  
ilee?"  
This program is heard over WP-  
TF station 8:30 EST.

York and New Haven, Conn.  
Pennsylvania Railroad officials  
at Philadelphia said they had no  
immediate comment on plans to  
carry out the order.

A state of emergency, similar to  
that now in effect in Chicago, was  
proclaimed for the 18,000 residents  
of Muscatine, Iowa. Mayor H. E.  
Ferguson issued the proclamation  
as the coal supply of the municipal  
power plant dwindled.

Effects of the coal shortage also  
were being felt in Canada. Ship-  
ping officials at Winnipeg said  
Great Lakes grain shipments would  
be tied up if the strike continued  
another 10 days.

In Philadelphia, the nation's third  
largest city, the Philadelphia Mer-  
chants Association ordered a black-  
out of all show window, internal  
display and sign lighting. Officials  
of the Philadelphia Electric Com-  
pany, which serves 3,000,000 cus-  
tomers in the city's five-county  
metropolitan area, said they would  
know "by Tuesday" how effective its  
plea for voluntary conservation of  
electricity had been.

## AN ORDINANCE AMENDING ARTICLE II OF CHAPTER I OF THE ORDINANCE OF THE CITY OF GREENVILLE ENTITLED "FIRE PROTECTION"

The Board of Aldermen of the  
City of Greenville do ordain:  
Section 1. That sub-section (a) of  
Section 5 of Article II, Chapter I of  
the ordinances of the City of Green-  
ville, N. C., entitled, "Fire Protec-  
tion" is hereby repealed, and the fol-  
lowing section is enacted in lieu  
thereof:

(a) Vehicles transporting such  
and delivering gasoline are required to  
make tight connection between the  
tank of such vehicles and the tank  
or other receptacle in which gaso-  
line is discharged, and the intake of  
such tank or receptacle shall be  
tightly sealed immediately upon the  
completion of such delivery.

(a-2) All tanks or other recepta-  
cles in which gasoline is stored shall  
be properly vented so as to permit  
the escape of fumes therefrom, and  
in such a manner that the fumes  
shall be discharged at least 12 feet  
above the general level of the ground.

(a-3) The driver of such vehicle  
shall stand by the unloading con-  
nection at all times while gasoline  
is being discharged.

(a-4) This ordinance shall be in  
full force and effect from and after  
its adoption.  
J. H. BOYD, JR., Mayor  
Adopted May 2, 1946.  
J. O. Duval, City Clerk.

## ZONING ORDINANCE

Whereas, the section of the City  
of Greenville hereinafter described in  
this ordinance and designated as  
"Zone 1" has heretofore been used  
primarily for residential purposes;  
and  
Whereas, said section of the City  
is fast becoming a business district;  
and  
Whereas, for the purpose of pro-  
moting and protecting the health,  
safety, morals and general welfare  
of the citizens of the City, it is  
deemed to be in the best interest  
of the City and its citizens to regulate  
and restrict the erection, construc-  
tion, reconstruction, alteration, re-  
pair and use of all buildings here-  
after built, constructed, altered and

or repaired, for commercial or bus-  
ness purposes; now, therefore,  
The Board of Aldermen of the  
City of Greenville do ordain:  
First, That the section of the  
City of Greenville embraced within  
the following boundaries shall be  
hereafter known and designated as  
"Zone 1":  
"Beginning at a point in the cen-  
ter of the main line of the Atlantic  
Coast Line Railroad track where  
Broad Street intersects said main  
line track; and running thence with  
the northern property line of Broad  
Street in a southerly direction to  
Watauga Avenue; thence contin-  
uing the same course to a point  
opposite and at right angles with  
the underpass on Dickinson Avenue;  
thence at right angles and in a  
northerly direction and crossing  
Dickinson Avenue at the underpass  
to the southerly line of Chestnut  
Street; thence with the southerly  
line of Chestnut Street an east-  
wardly direction to Grand Avenue;  
thence a continuation of the same  
course to the center line of the main  
track of the Atlantic Coast Line  
Railroad track; thence southwardly  
with the center line of the main  
track of the main line of the said  
Atlantic Coast Line Railroad to the  
point of beginning."  
Second: That from and after the  
adoption of this ordinance, all  
buildings erected, constructed, re-  
constructed, altered and repaired  
within said Zone 1 for the commer-  
cial or business purposes shall in all  
respects conform to the require-  
ments of the law as applicable to  
the erection, construction, recon-  
struction, alteration and repair of  
buildings located within the fire  
district of the City and as set forth  
and contained in Article 11, of  
Chapter 160 of the General Statutes  
of North Carolina and amendments  
thereto, entitled "Municipal Corpor-  
ations."  
Third: This ordinance shall have  
no application to buildings erected,  
constructed, reconstructed, altered  
or repaired within said Zone 1 and  
which are used or to be used ex-  
clusively for residential purposes.  
Fourth: If the owner or builder  
erecting any new building, and/or  
reconstructing, repairing, or alter-  
ing any old building, upon notice  
from the local inspector, shall fail  
to comply with the terms of the  
notice lawfully given by correcting  
the defects pointed out in said  
notice, so as to make such building  
comply with the law, he shall be  
guilty of a misdemeanor and shall  
be fined Fifty Dollars (\$50.00). Ev-  
ery week during which any defect  
in the building is willfully allowed  
to remain after notice from the  
inspector shall constitute a separate  
and distinct offense.  
Fifth: This ordinance shall be in  
full force and effect from and after  
the 2 day of May 1946.  
J. H. BOYD, Mayor  
Attest: J. O. Duval, Clerk.  
Adopted May 2, 1946.

## Rained Out

All Coastal Plain League games were rained out last night. Manager Payne's Greenville team is scheduled to play their next game against the Wilson nine at 3:00 Sunday afternoon in the Wilson ball park. Wilson defeated Rocky Mount in their opening game May 2, by a score of 6-2.

# Sports

Sam Zoldak, an obscure left-hander from Brooklyn, N. Y., who spent two long years trying to convince Manager Luke Sewell that he could be a big league winner if given the chance, gives promise of establishing himself as the ace of the St. Louis Browns mound staff. After waiting two full seasons until the very last day of the 1945 campaign - to receive his initial starting assignment in the big time, all the 23-year-old youngster had to do was outpitch the fabulous Bobby Feller. The Cleveland fireballer pitched a five-hit day but Zoldak went him one better, winning the game 2-1 with a four-hitter.

Even after licking Feller, Sewell hesitated to make Zoldak a regular starter. But after gaining the Browns' initial victory this season with a fine relief performance, Sam earned a starter's role. He rewarded his manager with a 2-0 three-hit job against the Chicago White Sox last Friday and followed it up yesterday with his third victory to give the Browns an even 8-8 won and lost record for the season.

As good as was Zoldak's work, there were three better pitching

performances yesterday in a day when the hurrying far outclassed the hitting. No less than three shut-outs were turned in with Allen Gettel's probably the most significant. Gettel thwarted the Detroit Tigers with only two hits as the New York Yankees handed the world champions their fifth straight defeat, 2-0.

Johnny Schmitz, Chicago Cubs' left-hander, was credited with a 1-0 shutout over the New York Giants but a fine relief job by Hi Bithorn made it possible. Schmitz was driven from the mound in the ninth inning when the Giants loaded the bases with one out, but Bithorn stepped up to the hill and fanned the next two batters to save the game.

Al Jurisch, Philadelphia Phils' righthander purchased from the St. Louis Cardinals last winter, blanketed the Cincinnati Reds 1-0 with four hits to record his second victory.

Mickey Harris, undefeated left-hander, gained his fourth triumph as the American League leading Boston Red Sox stretched their winning streak to eight consecutive games by outscoring Cleveland, 9-4.

# Mr. Farmer

You make your living out of the soil by hard, tiresome labor. You put in extra time and labor to get rid of damaging insects. After your crop is finally made, you then wonder if you will get enough money to pay for your own expense and have a little profit. Do you realize it takes competent men to sponsor legislation for your cause. You now have the ONE big opportunity to send a man to Congress who can really do something for you. He has the knowledge to know what it takes to give you the right to earn a good substantial living.

# KIWANIS GETS HIGH RATING

## Lt.-Gov. Harvey Gurley Praises Greenville's Good Work

By CHESTER WALSH  
 E. Harvey Gurley of Goldsboro, lieutenant-governor of the Seventy Division, Carolinas Kiwanis District, during his annual visitation to the local club last night, told President Ed E. Rawl and the 75 members that the Greenville Kiwanis Club is one of the top-ranking clubs in the district. He reviewed some of its activities, including underprivileged child work, praised the outstanding accomplishments along this line, said Greenville leads all of the clubs in the district in this work. The lieutenant-governor complimented Dr. J. M. Barrett for the club's achievements while he was president last year, and Secretary Dave Moore, Jr.

The visiting Kiwanis official was impressed by the Kiwanis minstrel which provides funds for carrying on underprivileged child work—educating students at college, providing for crippled, the blind and other worthy causes. He gave a nice hand to Vice-President Eli Bloom, who directs the minstrel. Dr. A. G. Woodard, a former president of the Goldsboro Kiwanis Club, accompanied the lieutenant-governor to Greenville.

Gurley expressed gratification over President Rawl's announcement that Arthur Tripp, chairman of the Inter-Club Relations Committee will head a large delegation of Greenville Kiwanians at the Inter-club meeting in Goldsboro next Monday. No musical rehearsal will be held that night to permit the members to go to Goldsboro.

Announcement was made that President Ed Rawl had been appointed assistant sergeant-at-arms of the Kiwanis International convention at Atlantic City June 9-12. The appointment was made by International President Hamilton Holt of Atlanta, Ga.

It now appears that at least 20 local Kiwanians and their wives will attend the Kiwanis International Convention at Atlantic City June 9-13. The Kiwanians gave a rising vote of appreciation to Guy V. Smith for organizing the Greenville baseball club.

The Kiwanians sang "Happy Birthdays" to David Evans, Rufus Keel and James Ray Pittman, who each contributed a nickel for each year of their ages to the underprivileged child fund. Eli Bloom led the singing of Kiwanis songs. Mrs. Ray Tyson was accompanist. A chicken supper was served.

### Russian Evacuation Is Nearly Completed

Tehran, May 4—(AP)—Gendarmerie officials and an Iranian general staff officer said today all Iran had been evacuated by the Red Army, but Prince Mosaffar Firouz, propaganda minister, reported the evacuation of Azerbaijan province was not yet completed.

Firouz said, however, that "Azerbaijan is almost completely evacuated." He added that he saw no reason why correspondents should not visit the area "after May 6," the day the Russians, under the terms of last month's Soviet-Iranian agreement, will have been withdrawn.

### Twelve Fascists Held By The Italian Police

Milan, Italy, May 4—(AP)—Civil Police Chief Umberto Ferrante said today that 12 persons, including one suspected of being the head of a clandestine Fascist movement, were under arrest in connection with the theft of the body of Benito Mussolini.

Ferrante said none of those arrested had admitted taking part in the actual theft, but that some had confessed taking an active part in the organization "Partito Fascista Democratico."

This organization asserted in a published letter that it had arranged the body-snatching.

## Elaborate Program For ECTC Home Coming Day

Home Coming Day at East Carolina Teachers College for service men and women and veterans of World War II who are alumni of the college began this morning at ten o'clock. The program includes a series of entertainments which will fill almost every hour of the day. The entire college community and the guests who have gathered on the campus are enjoying, in spite of the bad weather, a time of good fellowship and inspiration.

The program began at 10 o'clock in the morning with registration of guests in the Wright Building and with music by the college band under the direction of Harold A. McDougle. A ceremony welcoming alumni to the campus followed, at which Dr. Howard J. McGinnis, acting president of the college, made a short address. The Women's Chorus, directed by Dan E. Vorholt of the faculty, sang "Swiss Folk Song" and Sibelius' "Onward, Ye Peoples."

Guests were served a barbecue luncheon in the college dining room at one o'clock. Mrs. L. L. Rivers, Mrs. Rose Harrell, and Miss Mary Blanche Strickland of the dining room staff directed preparation of a fine picnic meal for the occasion. The baseball game between the college Pirates and the Norfolk Division of William and Mary was postponed because of rain.

Chief event of the late afternoon will be the May Day celebration in the Wright Auditorium at 5:00 o'clock. Mary Young Bass of Enfield will be crowned queen. A series of dances, arranged under the direction of Nell Stallings of the physical education department, will be presented before the queen and her court. The maids-of-honor are Martha Jefferson of Fountain, Jean Roberson of Spring Hope, Elma Powell of Denton, Dorothy Jean Creech of Denton, Dorothy Jean Creech of

Selma, Erma and Nora Lee Hinmatt of Pikeville, Pauline Taylor of South Mills, Anne Dall of Kenansville, Ruth Baker of Rocky Mount, Charlotte Elliott of Edenton, Joyce Jessup of Tyner, Alta Mae Thompson of Goldsboro, Margaret Nunn of Kinston, Margaret Person of Louisburg, and Rita Dell Dawson of Dunn.

Solo dances by Mary George Isly of Pine Tops and music by Rachel Lee of Newton Grove will be featured on the program. Other numbers will include a waltz by a group of students, a jump rope routine and a maypole dance.

Taking part in the crowning of the queen will be "Mille" Overton and Madge Stancil as train bearers. Sarah Smiley and Louise Ficklen as flower girls, and Bruce Cummings as crown bearer.

A dance given in the evening in the Wright Building will end the Home Coming Day program. Roy Cole's orchestra will provide the music. A committee of students is decorating the auditorium with pine boughs and evergreens and is arranging an attractive figure in which the May Court and their escorts will take part.

The Tau chapter of Phi Sigma Pi, national educational fraternity, will give their annual founder's day banquet this evening at the Olde Towne Inn and will have as guests many of those who return to the college for Home Coming Day. About 100 people are expected to attend. New officers of the club will be introduced by Dr. Beecher Flanagan, faculty advisor. John Johnson, president, and Sam Strickland of Greenville, alumni member, will take part in the program.

A group of 127 women students of the college have been selected to serve as hostesses for returning alumni and are entertaining guests of the college during the day. Arranging and directing the pro-

gram for Home Coming Day is a committee made up of Dr. A. D. Frank, chairman, Dr. Charles W. Reynolds, and Dr. Hubert C. Haynes, faculty members, Earl Smith and Oia H. Forrest of Greenville, and Jerome Donaldson of Metter, Ga., representing the college Veterans Club.

## CHINESE REDS DEFEATED BY GOV'T ARMY

### Kai-Shek Troops Rout 60,000 Communist Troops In Two-Day Battle

By ASSOCIATED PRESS  
 Chinese army headquarters in Mukden said today government forces have routed 60,000 Communist troops in a two-day battle for Peshaw, main Communist stronghold southeast of Mukden. It said National troops inflicted 5,000 to 7,000 casualties.

Gen. Tu Li-Ming, government commander at Mukden, said the battle began Wednesday and that occupation of Peshaw was completed yesterday. He said the National forces had thrust northward from Liaoning.

Meanwhile Gen. Chou En-Lai No. 2 Chinese Communist, reported in Nanking that the Russians had withdrawn their diplomatic and railroad representatives from Manchuria, recognizing the futility of attempting to operate the Changchun railroad jointly with China while the civil war was raging.

A Communist spokesman at American executive headquarters in Peiping reported that five American news correspondents, including Tom Masterson of the Associated Press, were scheduled to be evacuated from Changchun tomorrow.

Chou held his first press conference in Nanking, where he will resume peace conferences with Gen. Marshall, American envoy, and Generalissimo Chiang Kai-Shek. He said the withdrawal of the Russian representatives from Manchuria "worsens relations" between the Soviet and Chinese.

Chou said that he had discussed with Marshall the withdrawal of American Marines from North China and added he was confident that if the civil war became general the Marines would not interfere.

### Arabs May Ask For Soviet Help

London, May 4—(AP)—An Arab League spokesman said today that Palestine reports indicated Arab groups planned to send a delegate to Moscow to ask the Soviet government to submit the Palestine problem to the United Nations.

The spokesman, speaking in news-gram for Home Coming Day is a committee made up of Dr. A. D. Frank, chairman, Dr. Charles W. Reynolds, and Dr. Hubert C. Haynes, faculty members, Earl Smith and Oia H. Forrest of Greenville, and Jerome Donaldson of Metter, Ga., representing the college Veterans Club.

men in Cairo, added that he understood the Russians would be asked "to support the Arabs in Palestine" against the report of the British-American inquiry committee, which recommended immediate authorization for the immigration of 100,000 Jews.

Tension outed in the Holy Land amid reports that the heads of all the Arab states were discussing the report and that an extraordinary meeting of the seven states in the league would be convened.

Arab youths staged a riotous demonstration against the report in Jerusalem yesterday, and a high Arab official asserted in Cairo that some Arab leaders favored a fight to the death "for their existence."

### April Report Of Police Department

By CHESTER WALSH  
 Chief James E. Tanner's report of the police department's activities in April is interesting and indicates unusual activity. Two hundred and forty arrests were made during the month. The police made 187 calls, checked on 84 complaints, made 131 investigations and found 9 doors to business places open. The police tagged 64 improperly parked cars in the business section, citing the drivers to pay \$1 each at police headquarters.

In Recorder's Court 174 cases were disposed of by Judge J. W. H. Roberts. Defendants were: White males 91, white females 2, total 93 white persons. Negro males 69, Negro females 8, total 77 Negroes. One hundred and forty-seven defendants paid costs and fines. Superior Court, 4 were given road sentences, 11 were not guilty, 2 were not pressed, prayer for judgment was continued in 3 cases. The total revenue for the court in April was \$3,240.25. The city received \$2,012.70.

Arrests were made by police on the following charges: Assault 7, assault on female 4, assault with a deadly weapon 6, servicemen away without leave 2, breaking and entering 3, capias 4, carrying concealed weapon 1, disorderly conduct 4, driving while drunk 12, no driver's license 2, drunk 65, false pretense 1, fornication and adultery 4, gambling 12, health laws 1, improper brakes 2, indecent exposure 1, larceny 9, larceny of auto 1, non-support 1, parking violation paid 64, rape 1, speeding 30, traffic violations 2.

 have been heavy. For more than 24 hours rifle and grenades had blasted at the trapped men.

Alcatraz guards, reinforced by guards from other federal prisons rushed here by airplane, and heavily-armed Marines rested last night, prepared to renew the assault today.

The unprecedented escape attempt, perhaps the most spectacular in the history of federal prisons, was a complete failure.

## BALANCING OF BUDGET HOPED

### Program For State And Federal Budget In Demo's Platform

Raleigh, May 3—(AP)—Balanced state and federal budgets, increased salaries for North Carolina state employees and school teachers and an improved system of rural roads met with the approval of the State Democratic party convention, held here yesterday.

Only discordant note in an otherwise harmonious meeting was an unsuccessful attempt by dry forces to include a plank in the party platform for 1946 calling for a statewide prohibition referendum.

Approximately 2,000 delegates heard Rep. Robert L. Doughton, dean of the North Carolina Congressional Delegation, in a keynote address.

The liquor question came before the convention's platform committee when Francis Clarkson of Charlotte urged the adoption of a plank saying: "We hereby pledge and recommend the Democratic party to the task of driving liquor out of the state of North Carolina and to this end we pledge our party to work for the enactment of legislation to prevent the sale of alcoholic beverages."

Clarkson said he represented the Allied Church League. His suggested resolution was followed by two substitute resolutions, but none of the three ever was put to a vote. After losing their fight in the platform committee, the dries did not carry the argument to the convention floor and the party platform.

form as adopted by the committee was adopted by the full convention without a single dissenting vote.

In his keynote speech, Doughton followed the party pattern of praising the Democrats and criticizing the Republicans, but deviated from that line of talk to appeal for reduced federal expenditures.

He also expressed the hope for a balanced federal budget in 1947. A balanced budget, including a reasonable program of reduction in the public debt, is "not unrealistic to assume," he declared.

He added that Congress and the administration are convinced that the federal debt has reached its peak and is now receding. In that connection, he pointed to the fact that Congress is now reducing the "permissible debt" limit from \$300,000,000,000 to \$275,000,000,000.

Bliss, N. Y., May 3—(AP)—Mrs. Evelyn Caroline Poston, the 16-year-old war bride who didn't like her husband's farm near Salisbury, N. C., wants to return to her home in England.

Mrs. Poston who spent only 30 hours in Salisbury last month before leaving to visit her uncle and aunt, Mr. and Mrs. Francis Shisler here, said she wanted to go to England as soon as she could arrange transportation. "It's just homesickness, I guess," she said.

She said she had not heard from her Salisbury ex-soldier husband whom she married in England six months ago.

## Hats Off TO THE LADIES

We celebrate National Home Demonstration Week, May 5 to 12. In Pitt County there are 19 white home demonstration clubs and 14 Negro clubs with a total membership of 867.

Under the leadership of the State College Extension Service they worked in 2,596 rural homes last year, in 777 of these homes for the first time, in all phases of bettering home life—nutrition, food preservation, clothing, better family life relationships, and the like.

In food preservation, for example, about 45,000 quarts of fruits and 55,000 quarts of vegetables were canned for better live-at-home program.

These good women assisted in directing the 4-H club work of 1,189 boys and girls. Our hats are off the them.

We urge all rural women to join one of these clubs and take full advantage of its many opportunities.
