Delegates Leave Peace Conference

Byrnes And Aides Depart For Washington; Hope Expressed That Meeting In June Will Solve Differences Between Russia And Western Powers

By FLORA LEWIS Paris, May 17—(AP)—U. S. Secretary of State James F. Byrnes and a party of 15 other persons, including Senators Tom Connally (D-Tex.) and Arthur Vandenberg (R-Mich.), left only today for Washington after the deadlocked foreign ministers conference had adjourned until June 15.

They flew in the "Caravan Crescent," which took off at 11:12 a. m. (6:12 a. m. Eastern Daylight Time). Before departing, Byrnes expressed the conviction that, despite the failure of the current conference to draft any major treaties, the outstanding differences between Russia and the western powers would be settled at the next meeting.

Views had been expressed by British Foreign Secretary Ernest Bevin. Bevin left for Britain shortly before noon.

V. M. Molotov, Russian foreign minister, left Le Bourget field for Berlin at 6 a. m. Jas. D. Dorn, assistant U. S. Secretary of State, remained in Paris to work with deputies of the other three powers in preparation for the June 15 conference.

American sources said that Byrnes' attitude was based on progress made on such questions as Italian reparations, colonies and Balkan frontiers.

They said that these advances should assure the calling of a 21-nation peace conference, even if the next meeting of foreign ministers should adjourn without total agreement on peace treaties.

American officials said that the city of Trieste, key to the Italian peace treaty had become a symbol of whether the next conference would succeed or fail.

At the conference just terminated, the United States insisted that Trieste remain Italian; the Russians were just as insistent that the important Adriatic port be ceded to Yugoslavia, Britain and France, which originally supported the United States, were reported willing to compromise by declaring Trieste an

(Continued on Page Four)

New Overhauling Of German Taxes

Berlin, May 17—(AP)—The Allied Control Council for Germany drastically increased today the taxes on tobacco, matches, beer and alcohol. Some rates were raised as much as 3,000 per cent.

The new law represents another step in overhauling the German tax structure. The process started in February when income and property taxes were raised to increase revenue and reduce the inflation potential.

The new tax increases all are on products in scant supply. The largest increase was on alcohol for beverage use. The rate rose approximately 3,000 per cent to a new rate of 11,470 marks (\$1,147) per hundred liters (26.4 gallons).

The beer tax was raised from 75 to 125 per cent depending upon the alcohol content. On tobacco, the rate was increased roughly 200 per cent, enough to increase four-fold the legal price of German cigarettes from five pfennings each to 20 pfennings (2 cents).

The black market price of American cigarettes is not affected. Berliners pay \$1.50 each and up for them.

FRANCO TOOK PART IN WAR

CHARGES SOVIET Charges Spain With Actually Participating In War On Side Of Germany

By REMBERT JAMES Moscow, May 17—(AP)—The government newspaper Izvestia devoted two pages today to a 10,000-word statement, attributed to two German officers who served in Spanish cities as military attaches, which charged that the Franco regime, "under a mask of neutrality, actually participated in the war on the side of Germany."

The officers, now prisoners in the Soviet Union, were described as Lt. Gen. Gunther Krappe, former military attaché in Madrid, and Col. Hans Rember, attaché in Tangier. The statement said Field Marshal Wilhelm Keitel and Col. Gen. Gustav Jodl—both now on trial in Nuernberg on war crimes charges—were active in arranging Spanish collaboration.

The officers were quoted as saying that after the Spanish civil war the German and Spanish general staffs, under the direction of Keitel and Jodl, collaborated in drawing up a secret "Isabella Felix" plan for seizing Gibraltar and widening Spanish possessions in Africa.

Here is the plan of the German-Spanish relationships as told chronologically in the statement: Germany, after helping Franco with the Spanish civil war, set about establishing close military collaboration plans.

The "Isabella Felix" plan was worked out with considerable secrecy. Remer learned about it in July, 1940, from a German general staff officer who asked Remer to issue 50 false passports for German officers assigned to study roads as to their fitness for the passage of German motorized columns.

Remer, who at the time was stationed in Berlin, said Adm. Wilhelm Canaris, the German intelligence chief had drawn up the passports. Canaris often visited Spain, ostensibly to hunt but actually to reconnoiter Gibraltar, Canaris' host of those visits was Gen. Juan Vigon, minister of aviation.

In August, 1940, Spain had increased her Moroccan army from 36,000 men to 100,000. Gibraltar's roads, fortifications and even rock samples were studied. The besiegers were to consist of one Spanish infantry division and one German Alpine division, supported by German artillery and aircraft.

The last fixed date for the storm—(Continued on Page Eight)

Philadelphia Papers Involved In Strike

Philadelphia, May 17—(AP)—Approximately 370 striking AFL truck drivers have halted distribution of Philadelphia's three largest newspapers—some 1,500,000 daily—in a dispute involving full pay for lunch time.

The Philadelphia Record and the Philadelphia Inquirer, morning papers, and the Evening Bulletin announced in a joint statement last night that publishing will continue, but papers will be sold only "over the counter" at their respective plants.

The strike was called by the Philadelphia Newspaper and Magazine Chauffeurs and Handlers Local Union, No. 628, affiliated with the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America (AFL).

Edward Crumback, international vice-president of the teamsters, asserted "this strike is unsanctioned by both the teamsters' joint council and the International Teamsters Union."

(Continued on Page Four)

Lewis Demands Welfare Fund

John L. Lewis, United Mine Workers' chief, tells a news conference in Washington that the union must have exclusive administration of a \$70,000,000 miners' welfare fund which he proposes to raise through a seven per cent levy on payrolls. He said the fund would have to be paid exclusively by mine operators. (AP Wirephoto).

NO REACTION TO PROPOSED STREAMLINING

Capitol Hill Quiet After Gov't Reorganization

Washington, May 17—(AP)—President Truman's first blueprint for streamlining postwar government produced only a mild stir today on Capitol Hill.

He created a little more comment with an accompanying announcement that he intends to seek approval of a regular department with cabinet status for the government's welfare activities.

The initial reaction of lawmakers was that the reorganization plans probably would keep Congress in session until mid-July. The law provides that such plans become effective after 60 calendar days, provided Congress remains in session and adopts no resolution disapproving them. (Continued on Page Eight)

Crippled Child Now Walking on Crutches

Memphis, Tenn., May 17—(AP)—Minnie Rose Webb, the little crippled girl from Covington, Tenn., now can walk on crutches.

That was the news contained in a letter from the child's parents, Mr. and Mrs. Jake Webb, who visited their 13-year-old daughter recently at the Shriners Hospital for Crippled Children in St. Louis.

"They have her leg straight now, in a plaster cast, and they have her on crutches, trying to teach her to walk again," the letter, sent to a Memphis friend, said.

Railroadmen "discovered" the crippled child after she had been waiting at their trains from the porch of the dilapidated Webb home. They bought her a wheelchair, showered her with gifts and then several weeks ago arranged for her to enter the Shrine Hospital for treatment. (Continued on Page Eight)

TODAY IN CONGRESS

A Review Of Your Government In Action Washington, May 17—(AP)—The Senate was in a mood today to slap an outlaw ban on employer contributions to benefit funds which unions may spend as they see fit. Even opponents of the proposal conceded it had majority support, but debate on the turbulent labor picture kept denying the chamber a chance to vote.

Coal Negotiations Again Deadlocked Over Demands

British Definitely Plan Leaving India

British Cabinet Mission Stress Government's Intention; Moslem Reception Cool Towards Proposed Cabinet Plan

By PRESTON GROVER New Delhi, May 17—(AP)—The three members of the British cabinet mission, facing the questions of a corps of newspaper correspondents, asserted repeatedly today that this time the British definitely intended to leave India. The Congress Party's working committee met today. It may decide whether to cooperate along the lines of the mission's recommendations yesterday that an independent federal union of India be organized and that an interim government of Indians be formed to rule until the new constitution is effective. Mohammed Ali Jinnah, president of the Moslem League, was expected to state his views tomorrow. The big question whether the Congress Party and Moslem League will participate in setting up the machinery for writing the new constitution then will be answered. Viceroy Lord Wavell was expected to outline in a broadcast tonight the formation of an interim central government as suggested by the cabinet mission, which proposed that a constitutional convention of 385 delegates be assembled as soon as possible to work out the details of an eventual federation. Comments in Moslem quarters indicated the plan would not find widespread acceptance among Moslems, but the official reaction of the Moslem League was expected to come from its president, Mohamed Ali Jinnah, who previously threatened civil war if Pakistan—separate and independent Moslem states—was not approved. The cabinet group's plan appeared to be more in line with the Congress Party's views, as outlined during the past six weeks of conferences relative to Indian independence, than with the Moslem League ideas and Hindu reaction, although (Continued on Page Four)

GEN. CLEARED BY COMMITTEE

House Group Satisfied Devers Did Not Slur Congressmen

Washington, May 17—(AP)—Gen. Jacob L. Devers today had not called congressmen "cowards" in discussing congressional attitude toward extension of the draft law.

The four-star commander of the army ground forces was summoned before the committee by Chairman May (D-Ky.) to explain the remarks attributed to him at a news conference in Atlanta last week. "Certainly I would not call a great group of congressmen, who not only are my friends but friends of the army, cowards," Devers told the committee.

When Rep. Shafer (R-Mich.) asked, "Just what did you say?" acting Chairman Thomson (D-Tex.) banged the gavel, ending the session in five minutes. Before Devers gave his explanation, Thomson read a telegram from Josh P. Skinner, managing editor of the Atlanta Constitution, which said: "Have just noted wire service reports you asking investigation of General Devers alleged reference to Congress as 'a group of cowardly men.' General Devers did not use the word cowardly in referring to Congress. The story originated in the Atlanta Constitution and was picked up and carried nationally by the United Press. The reporter who wrote the story for the constitution after an interview with General Devers had the following opening paragraph to his story: "Gen. Jacob L. Devers, army ground force commander, lambasted Congress here yesterday as a group of cowardly men, afraid of touching the controversial draft bill." The story as written did not have the quotation marks in it but the copy reader inserted them from the word group to the end of the sentence. (Continued on Page Two)

UN HOLDS UP APPLICATIONS

Albania's Request For Admission Delayed Until August

New York, May 17—(AP)—The Security Council adopted unanimously today a United States resolution which in effect delays immediate consideration of Albania's request for admission to the United Nations. The council then adjourned subject to call of the chairman. The resolution offered May 10 by Edward R. Stettinius, Jr., U. S. delegate, provides that all applications (Continued on Page Eight)

The WORLD TODAY

An Analysis Of The News Rate Increase On June 1

By DEWITT MACKENZIE India, at long last, has independence within her grasp—and this time it is being handed to her on a silver platter. That's the meaning of the British project of forming a federal union for self-government in India and passing it on to the Indians ready-made, so to speak. The great Indian political parties, having failed to settle their bitter differences in the recent round-table conference at Simla, Britain now is arbitrarily moving to set up a government and is inviting the Indians to come along and run it—to make what they will out of it, even to the extent of severing all relations with the mother country. There are indications of strong opposition to the plan among Moslems, who desire a wholly independent state (Pakistan) for themselves. But Mahatma Gandhi, most powerful political figure in the country and guiding light of the All-India Congress (mainly Hindu) has advised careful study of the proposals, saying: "Whether people like the announcement or not, it is going to be the most momentous one in this history of India." That puts the thing in a nut-

The NATION TODAY

By James Marlow Washington, May 17—(AP)—Now the coal dispute between John L. Lewis and the mine owners is more tangled than ever. No one close to the situation here is making bets on the outcome. Lewis and the owners have turned down President Truman on his proposal that they submit their two-months' old argument to arbitration. Had they accepted they would have had to accept as final the decision of one man, the arbitrator. They refused. They seem to have obviously logical reasons for refusing. Lewis' No. 1 demand is for the owners to contribute seven per cent of their payroll to establish a health and welfare fund for the miners. The miners would contribute nothing but would run the fund without any supervision by the owners. The owners flatly rejected this demand. They said such a fund was so far-reaching, socially, it called for legislation. That is the very thing Congress is talking about. Congress, in an angry mood at Lewis, is talking of passing a law to forbid any employer to contribute to an employees' fund.

Victims In Plane Wreck Unknown

Richmond, Va., May 17—(AP)—While Henrico County authorities continued attempts to identify positively 18 of the 27 passengers killed when a Viking airliner fell through murky weather to crash in swampy pineland here yesterday, a CAA inspector said he would ask the FBI to investigate certain aspects of the crash. H. G. Myers, Civil Aeronautics inspector making the inquiry, said the Federal Bureau of Investigation will be called in "because there are some things we can't account for." He said two pistols, a part of another gun of some sort, two steel jetons, a pair of handcuffs and a police whistle were discovered amid the twisted wreckage. "I want them (the FBI) to help clarify some things in my own mind, and it may be something they would be interested in," the CAA inspector said. He said repeated explosions heard by at least one witness following the crash could have been bullets going off. Harry M. Kimball, chief of the Richmond FBI office, said he had not received any request from the CAA to enter the investigation nor had he been given any indication that anything other than engine trouble or bad weather may have caused the crash. (Continued on Page Four)

they cool off. Byrd manifested impatience over the way debate has been prolonged. He told newsmen it seemed "very clear that a filibuster is on." He took issue on this with Chairman Murray (D-Mont.) of the labor committee who rejected the filibuster charge when it was raised on the floor yesterday by Senator Ball (R-Minn.). Ball made a futile move to have debate limited, but it was evident that even supporters of proposed new labor legislation were not yet ready to back such a curb. Meanwhile, individual Senators turned thumbs down on a suggestion by John D. Small, Civilian Production Administrator, that Congress outlaw strikes for six months. The general verdict seemed to be that lawmakers considered the idea unworkable. President Truman told his news conference yesterday that Small hadn't consulted him on the subject, and most Senators took that to mean the proposal had no immediate administration sanction. In typical comment, Senator Hetch (D-NM) said he didn't think it possible for Congress to outlaw strikes effectively.

Social and Personal

Mrs. W. P. Moore, Mrs. Wiley Brown and Mrs. Milton H. White attended the New Bern district conference of the Woman's Society of Christian Service in Beaufort yesterday.

Mr. and Mrs. J. D. McGlohon and little daughter have gone to New York for a visit. While there Mr. McGlohon will buy additional merchandise for Jane's Shoppe.

Mrs. John O. Patterson and children, Mary Elizabeth and Michael, of Madison, Wisconsin, are visiting Mrs. Patterson's sister, Mrs. W. L. Whichard.

Congressman Herbert Bonner was in Greenville for a short time yesterday.

Birth Announcement

Mr. and Mrs. Edwin A. Little announce the birth of a son on Friday, May 17, 1946 in Pitt General hospital.

To Speak On Poppy Day

Mrs. Arthur Corey will speak on "Poppy Day" tonight at 7:45 over WTGT.

Christian Church Announcements

The guest minister this Sunday for the morning service at the South Street Christian Church will be the Rev. Thomas P. Inabnett, director of religious education for the Disciples of Christ in North and South Carolina. He will speak in the absence of the pastor who will be in Richmond for the anniversary sermon in the church where he served for many years.

The young people meeting in their Sunday evening C. Y. F. club are having a lively contest between the boys and girls. It is a "nip and tuck" affair with the girls in the lead so far. Miss Dorothy Savage is leader of the youth meeting on Sunday evening at 6:30.

The Woman's Council will meet on Monday afternoon at the home of Mrs. W. L. Allen on East Fifth Street at 3:30. Mrs. C. H. Edwards is in charge of the program and she announces that Mrs. D. M. Clark will speak at that time on "The History of the Bible."

Plays Leading Role

Mr. and Mrs. R. E. Corbett, Jr., Mrs. J. H. Rose, Mrs. Milo H. Smith and Miss Jackie Sears left this morning for Fredericksburg, Va. Tonight they will see the play, "Little Women," in which Miss Joyce Corbett, daughter of Mr. and Mrs. Corbett, will play the leading role at Mary Washington College of the University of Virginia.

Engagement Announced

Mr. and Mrs. Hubert S. Moore announce the engagement of their daughter, Dandy Clover, to Mr. Bonner Guthrie of Morehead City, N. C. The marriage will take place in June.

Civil Superior Court

Judge Leo Carr of Burlington will convene a two weeks civil term of Superior Court here next Monday, May 20.

Presbyterian Announcements

Dr. Boyd will preach at the Presbyterian Church Sunday morning at 11 o'clock on the subject, "Reasoning with God About Our Sin," Isaiah 1: 18. Take a common sense view of sin and most of us will turn from it. Nothing ever pays in the long run but right.

Sunday school at 9:45 a. m. Men's Bible class at 10 a. m. Roy Coburn president, H. B. Keck secretary. Come and bring a friend to a good class. H. B. Mayo teaches this class. Twin Oaks Chapel Sunday School meets at 3 p. m. each Sunday. The Y. P. vesper will be held at First Church at 6:30 p. m.

There will be no preaching services in this church Sunday morning, June 2nd that we may attend the baccalaureate services of East Carolina Teachers College.

Entertained At Formal Dinner Seniors majoring in home economics at East Carolina Teachers College were entertained at a formal dinner.

Formal dinner in the New Classroom building on the campus by faculty members of the department on Thursday evening, May 16. About 70 guests were present.

Tables were arranged in a U-formation and were decorated with bowls of mixed spring flowers. Members of the junior foods class prepared the dinner and served the guests.

Included among those present were Dr. Howard J. McGinnis, acting president of the college, Mrs. McGinnis, Dean and Mrs. Ronald J. Slay, Mr. and Mrs. F. D. Duncan, and a number of college professors and their wives.

Hostesses were Mrs. Adelaide E. Blotkin, chairman of the home economics department, Mrs. Julia Fowler, Mrs. Josephine Rigg, Alice C. Brown, Stella Cox, Mabel Lacy, Alice Strawn and Louise Swan.

Members of the senior class were entertained at a tea by the Alumni Association of the college on Wednesday afternoon, May 15, at the alumni office in the Austin building. Mrs. Clem Garner and Mrs. Edna Loftin acted as hostesses and were assisted in entertaining by Catherine Charles of Aulander, Miriam Harper of Spring Hope, Mary Speight of Ahoskie, Leyta Taylor of Robersonville, Kathleen Whichard of Greenville, and Iola Hoffer of Gatesville, students at the college.

The tea table was attractively decorated with an arrangement of roses and ferns. A number of seniors and faculty members were present as guests.

Art Exhibit Planned By College Students

Students of art at East Carolina Teachers College will give an exhibition of their work in the Austin building on the campus, beginning Tuesday afternoon, May 21 and continuing through May 24. Work by a large number of students will be on display. The public is invited to visit the art department during the exhibition. A special open house will be held on Tuesday from 2 to 5:30 in the afternoon and from 7 to 10 in the evening.

Exhibits will be divided into three major sections shown in several rooms and will illustrate the various types of work done by students of art and the industrial arts.

Art in the integrated school program will be illustrated by units of work planned by college students for the public schools and will demonstrate the use of such media as papier mache, linoleum blocks, clay and wood. A special part of this section of the exhibition will show art activities in the primary

Students whose work will be on display are the students of Kate Lewis, Jean McIver Lane and Howard Ford.

Audience Enjoyed Dickson's Recital

Donald Dickson, baritone, gave one of the most enjoyable programs of the 1945-46 entertainment series at East Carolina Teachers College, when he appeared in a song recital in Wright auditorium Thursday evening, May 15.

Dickson delighted his audience by the power and range of his voice and the artistry of his interpretations, the excellence of his enunciation and the variety of his selections. Especially pleasing were "Northbound" and "Don't Ask Me Lawd," by Marlin Skiles, and the encores "I Heard a Forest Praying" and "Old Man River."

Dickson's accompanist, William Hughes played a group of four selections from Brahms and Debussy.

Two Important Events Ahead

By CHESTER WALSH
Two important events are to take place in Greenville next week. The Kiwanis Minstrel show, under direction of Eli Bloom, will be presented at the college Tuesday and Wednesday nights, May 21-22, when a couple of thousand persons will be entertained by Tige (Sweetpea) Gardner and his end-men with a brand new crop of jokes, some of them imported from Cuba.

The minstrel will be better than ever. Many new features have been added. A song and dance by a "divinutive" couple, "You Gotta See Momma Every Night," will provide every ticket purchaser with his money's worth. The chorus is as good as professionals. The songs are tuneful and snappy.

J. Hicks Corey has charge of the ticket sale.
All money derived from the minstrel goes to the underprivileged child fund. The tickets will all be

sold before the curtain goes up.

"The most important event of next week will be the Democratic primary on Saturday, the 25th, when Pitt citizens will cast their ballots for a representative in Congress from the First District. Political observers predict the heaviest vote in the county since Clyde R. Hoey and Dr. Ralph McDonald had their "battle of ballots" for the governorship. A concerted effort is being made here to elect Robert Lee Humber of Greenville to Congress and provide Pitt county with a favorite son in the national Congress, the first in nearly half a century.

Greenville High School News

The Greenville High School Forensic Club has grown during the year from six charter members to a total membership of 31. During the last regular meeting of the club 12 new memberships were certified and the certificates from the national office in Ripon, Wisconsin, were awarded.

Associated membership certificates were received by Helen Rowland, Ruby Hodges, Donald Rose, Howard Proctor, Frances Bendall, and Tommy Hannaford.

The six new members with degrees of merit were: Jean Dail, Alfred Saied, Betty Mobley, Martha Kate Oakley, Roy Hardee, and Evelyn Dennis.

Bernadine Worsley is president and R. B. Starling of the high school faculty is sponsor for the local chapter of the National Forensic League.

Law Enforcement Here Improving

By CHESTER WALSH
State Highway Patrolmen did good work at the ball park last night directing traffic and the parking of cars. Results were gratifying. The cars were parked in lines which permitted easy exit. After the game motor vehicles moved away from Guy Smith Stadium with the precision of marching soldiers. Many favorable comments were being heard today about the close cooperation of law enforcement officers here. The various departments work together in harmony. Businessmen pointed out Sheriff Ruel W. Tyson and his deputy, Cpl. John Laws and the highway patrolmen and Chief Jim Tamer and the Greenville police department work in closest harmony and with significant results.

A reporter last night had some interesting experiences riding over Greenville in a police radio car. Local law enforcement has considerably improved since the city administration installed the radio system at the City Hall, permitting headquarters to keep in contact with cruising police cars.

Frequently a police car gets a call to go to a certain place, and the vehicle and officers are near where the call came from. The two way radio cars can instantly communicate with headquarters in case of trouble. Headquarters can, in turn, communicate with the highway patrol radio station at Williamston. And, then, it's "Calling all cars!"

When the Pitt County Commissioners install radio in the sheriff's cars, the communications system will be more effective, it was suggested.

GHS Senior Play Is Presented Tonight

The Senior Class of Greenville High School presents for their annual senior play, "Come Rain or Shine," tonight at 8 o'clock in the High School auditorium.

The play, under direction of Miss Jesse Belle Lewis, is a light comedy in three acts, written by Maryanne and Joseph Hayes.

Fifteen students are in the cast.

Strength FOR THE DAY

By EARL L. DOUGLAS

GREATNESS SHINES THROUGH

Joseph Haydn was a musician who made a life of sorrow and humiliation contribute to the production of great masterpieces.

In his home, Haydn was very unhappy. He was married to a woman who had no respect for his genius and so little appreciation of the value of good music that she sometimes tore up the scores of his immortal pieces to make curling papers. Haydn lived in a day when musicians occupied a low social status. For thirty years Haydn conducted Prince Esterhazy's orchestra. All this time he wore the livery of a lackey and took his meals with the servants. But Haydn had a great religious faith. He believed that God had given him a gift which he must use to perform a noble service. Every morning before he sat down to compose, he earnestly petitioned God for inspiration. Music lovers have always felt that there is something in Haydn's music which reflects his true piety of heart.

We are not what circumstances make us unless we are weak and pliant creatures. People of purpose take hold of life as they find it and make its circumstances either happy or unhappy, contribute to the living of a brave and effective life. When they do this, something shines through their careers which has about it the same quality of greatness and true goodness that one observes in the music of Haydn.

WASHINGTON DAYBOOK

By JACK STINNETT

Washington—You read thousands of words about "the coalition" in Congress that is causing President Truman and the administration so much trouble.

What is it?
That all depends. Generally a writer refers to the "conservative Republicans" and "conservative Southern Democrats." On either group it is impossible to draw a hard and fast line. The legislation under consideration alters cases.

Sen. Arthur H. Vanderberg of Michigan for example has a long record for toeing the party line as a Republican but during the war years he emerged as an outstanding leader in favor of the administration's foreign policy.
Sen. Robert A. Taft of Ohio is almost a constant thorn in the side of the administration. He is a recognized leader of the conservative "Old Guard." But his housing program report was more "liberal" than even the left-wing Democrats hoped to get passed.

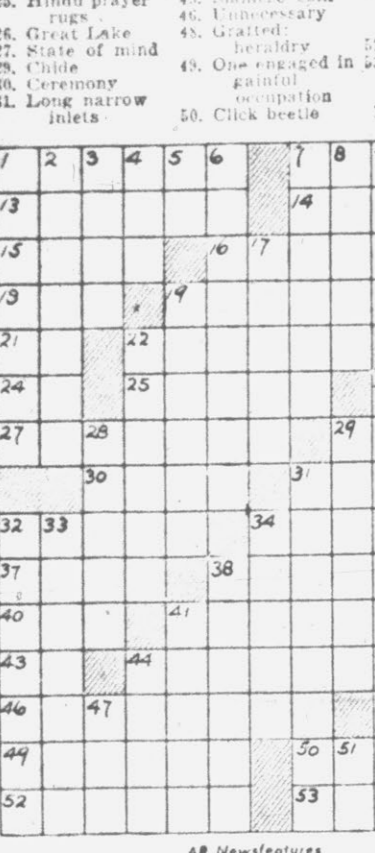

Still on many domestic issues these men are leaders of "the coalition."
Behind the scenes for weeks there has been a whittling down of the administration-approved budget. In the House of Representatives, the whittlers include such Democrats as Reps. Robert J. Doughton of North Carolina and Eugene Cox of Georgia, and on the Republican side Reps. Charles Halleck of Indiana, Harold Knutson of Minnesota and Minority Leader Joseph W. Martin, Jr. of Massachusetts.

But the real leader of the movement is Democratic Sen. Harry F. Byrd of Virginia. Prominent members of both parties have rallied to his banner. The group certainly is "a coalition," but it hasn't any more claim to the title "THE coalition" than several others.
When it comes to matters agricultural, Senate Agriculture Committee Chairman Elmer Thomas of Oklahoma often is in the forefront and far from always on the side of legislation approved by the administration. It was under his leadership that the parity price amendment to include increases in farm labor costs, was tacked on to the administration's minimum wage law.

What actually is happening is that now that the war is over, and the necessity for strictness of purpose in our legislation not so apparent, Congress is falling back into the pattern of economic and social divisions. Whether the members

U.S. - BRITAIN IN AGREEMENT

Anglo-American Plan To Deal With World Food Problem

Washington, May 17—(AP)—Herbert Morrison, lord president of the council of the British cabinet, announced today an Anglo-American agreement has been reached with reference to the world food crisis. A joint communique, giving details, is expected later in the day.

Morrison came here to consult President Truman and other American officials on famine conditions and remedies. Following a call on Mr. Truman this morning, the British official said his mission has ended.

Mr. Truman, he told reporters, has been "most helpful." Russia's position in the world food crisis came in for renewed attention with President Truman's disclosure that he has been in touch with Generalissimo Stalin on the subject. The chief executive refused to disclose any details, but diplomatic officials said Mr. Truman had appealed for Soviet help in supplying food to famine areas. These officials, who declined to be named, had no word of any reply from Moscow.

last December that he favored such a pact.
Just before adjournment yesterday, the ministers initiated a revised armistice for Italy. This will liberalize control over Italy and aid her reconstruction. Terms of the document will not be announced until they are approved by the supreme Allied commander in Italy, but an American informant said the armistice was believed to abolish the Allied control council.

Gen. Cleared ...

(Continued from Page One)
tence, thus indicating a direct quotation. The reporter who wrote the story resorted to editorial presumption in using the word in an effort to give his impression of the general's remarks. The general himself did not use the word and the word appeared only as stated because of the reporter's resort to editorial presumption and interpretation.

Resignation Of CPA Head Asked

Atlantic City, May 17—(AP)—The CIO Steelworkers today called on President Truman in a convention resolution to demand the immediate resignation of Civilian Production Administrator John D. Small because of his suggestion to legislate a six-month ban on all strikes.

Small in a statement yesterday said such a ban would be sensible in the interest of reconversion because there was no sign labor will

Winterville

Next week is "Clean-Up Week" in Winterville. Under direction of the town commissioners, the enterprising community has been zoned, and householders and businessmen are co-operating in a movement to make Winterville a "spotless town."

Alferman George Cox is chairman of the clean-up campaign committee.
agree voluntarily to a holiday from strikes or that management will agree to voluntary arbitration of disputes.
"The record of Mr. Small as the civilian production administrator has been one of a devoted and dedicated servant of all of those powerful anti-social interests which have demonstrated a supreme contempt for the needs of our country during these trying times," said the resolution adopted by the convention.

Political Address

Hon. J. C. Lanier will speak to the voters of the First Congressional District at one o'clock on Saturday, May 18th, over the Greenville and Washington Broadcasting Stations in behalf of the candidacy of

Hon. Herbert C. Bonner

Tune in and hear the issues of the campaign discussed.

LONG SEARCH FOR RELIEF SOON ENDED BY RETONGA

Pains In Muscles, Distress From Indigestion And Sluggish Elimination Promptly Relieved, Says Mr. Shiver. He Feels Like Different Man.

MR. T. R. SHIVER

"I hardly know how I made out before Retonga gave me such splendid relief, and I will always feel grateful to it," declares Mr. T. R. Shiver, well-known resident of 1524 Merriman Avenue, Charlotte, N. C. "I felt rundown and out of sorts all over," continued Mr. Shiver. "I was often in distress from nervous indigestion, and my appetite was so spotty that sometimes I hardly wanted a bite at mealtime, and at other times I would be ravenously hungry. At night I would wake up after a few hours sleep and then couldn't go back to sleep again. I would go for as long as three days without a bowel movement and my head ached fit to burst. I felt loaded with toxic poisons and the muscles of my arms and legs pained so bad I could hardly stand it."

for relief. I now enjoy every meal. I sleep restfully, and those sharp pains in my muscles are relieved. For the first time in years I feel satisfactorily relieved of constipation. I feel so much better that I can hardly thank Retonga enough."
Retonga is intended to relieve distress due to insufficient flow of gastric juices in the stomach, loss of appetite, Vitamin B-1 deficiency, and constipation. Accept no substitute. Retonga may be obtained at Bisette's Drug Store.—Adv.

PUBLIC FORUM

DISCUSSING PROBLEMS OF INTEREST TO THIS COMMUNITY. IN ALL CASES NAMES MUST ACCOMPANY ANY COMMUNICATION

Greenville, N. C., 5-10-46
Editor Reflector:

In reading Judge Dunn's able presentation of his plea for the re-nomination of Mr. Bonner for Congress, I was surprised to note a very vital oversight in his summary of the benefits secured for the raisers of the various farm crops of this district. It is unlike Judge Dunn to overlook any point of importance in the presentation of his views, either legal or political. I refer to Mr. Bonner's action, in the hearing on, and final drawing, of the Flanagan bill, as originally drawn, carried a penalty for over planting tobacco quotas, or planting without quotas, of 40 cents per pound, as I remember. Anyway the penalty was prohibitive, and the man who was alone responsible for the reduction to 10c per pound was HERBERT BONNER. He used as his plea, that "a great many farmers have already made their plans to plant tobacco, and pay the penalty, and it would be unfair to them." Of course Judge Dunn should not have overlooked tobacco farmers, who constitute at least 1-2 of 1 per cent of the tobacco farmers of the district. Mr. Bonner's action in this case, in caring for the interest of these chiselers, should be of extreme interest to the loyal TOBACCO farmers of the district, and to every man, woman and child, of whatever vocation in life, as the money the tobacco crop brings, is the very financial salvation of the entire citizenship of the district.

wants, a raise of approximately 18 1-2 cents an hour, which is the kind of raise the government has allowed in other large industries.

It that's all the arbitrators decided to let Lewis have—and at the same time knocked out his other demands—Lewis might have an unpleasant time trying to explain this to his miners.
Why he hadn't settled for that 18 1-2-cent raise before the strike started—the owners offered it before the strike—instead of letting them lose \$10 a day, their daily pay, for 42 days of the strike?
The coal strike has been a tremendous one. Lewis is playing for high stakes. His long silence on what he wants was a psychological attempt to beat the owners into line.

It also crippled the nation.
It would therefore be a strange sight to see Lewis, who always acts the strong man making his way in the world, suddenly letting some arbitrator decide what Lewis could, or could not, have.

British Definitely ...

(Continued on Page Six)

mixed, generally was one of jubilant amazement.
"I never thought the British would do that," said a Bombay shopkeeper.
Mohandas K. Gandhi, one of the Congress Party's leaders, advised Indians to study the proposal with care.

"Whether people like the announcement or not, it is going to be a most momentous one in the history of India," he said.
A Hindu newspaper in Bombay called the plan "a most sincere attempt to give a fair and just decision to all classes and communities of India x x x. A very acceptable formula."

There was, however, some criticism in leading Bombay English-language papers, including the pro-Congress Morning Standard, which commented:
"The mission's plan is a meandering maze without direction, without

local living conditions, maintenance of property and settlement of community affairs," the operators said: "If these demands continue to be pressed, the industry, and it alone, must make the decision in each case as to how far it can go in the surrender of its hitherto unchallenged functions. The industry cannot delegate that authority to anyone else."

Lewis said nothing as he left the White House after giving his decision to Mr. Truman.

And the operators' position left little hope than even an offer of personal arbitration by the President himself would win their concurrence.

However, White House Press Secretary Charles G. Ross told reporters the President had not abandoned hope for settlement of the two-month-old controversy over a new wage contract. Lewis terminated the old one April 1, starting off a 42-day strike which was interrupted only last Monday by the truce.
At the moment, presidential advisers appeared at a loss for a solution acceptable to all sides.

international city.
American authorities still were puzzled over Molotov's opposition to Byrnes' proposal for a four-power mutual assistance pact to supervise German disarmament for at least 25 years. Premier Stalin reportedly told Byrnes in Moscow

finality and full of pitfalls."
The pro-Congress Chronicle, in an editorial entitled "Good in Paris," criticized the plan for failing to set a definite date for independence, while the Times of India commented:
"India's supreme tragedy in recent years was the number of opportunities of honorable settlement which all parties missed. This is which all parties missed. This is the final opportunity. To miss it would be a supreme disaster."

WHAT ABOUT YOUR SON?

For hundreds of nights and thousands of anxious hours you worried about his safety... prayed for his return... asked only that he come back to you whole.

Now he is back. Mature as he is, this boy who has seen everything, this lad who came back a man, he still needs good, motherly guidance and advice.

We can't replace your wisdom... but we can give him the comradeship and assistance he needs in getting used to today's world. We've done it since 1899.

SUGGEST THAT HE JOIN THE V-F-W

ATOMIC POWER USE FORESEEN

Scientist Says Commercial Use Possible In Two Years

Washington, May 17.—(AP)—Dr. Leonard I. Katzin, West Coast scientist, today rated large commercial atomic energy plants as a practical possibility in two years and saw them curtailing industry's reliance on other sources of power.

A research chemist with the plutonium project at the University of California, Dr. Katzin described why he considers such a development financially and scientifically possible in an article written for the current issue of Army Ordnance magazine.

Through industrial application of atomic energy, undeveloped areas rich in minerals like Canada, could be made highly productive, waste in general could be curtailed and life made more livable, he theorized.

"In its present state of development, atomic energy does not compete with common fuels, but this need not be the case in the future," said Dr. Katzin.

One pound of uranium completely consumed by fission, he pointed out, will release as much energy as the combustion of 1,500 tons of coal, 250,000 gallons of fuel oil or gasoline, 80,000,000 cubic feet of artificial gas, or 40,000,000 cubic feet of natural gas.

Whether atomic power can compete financially with ordinary fuels depends on the cost of production. In order to compete with bituminous coal at \$5 a ton—the 1942 wholesale average in the United States—a pound of U-235 should cost not more than \$7,500 to produce, Dr. Katzin said.

"Competition with 15-cent gasoline is effective at \$30,000 a pound. To compete with artificial gas costing 50 cents a 1,000 cubic feet it may still cost \$39,000 a pound, while natural gas at the same cost would demand a competitive price of about \$20,000 a pound for U-235."

Dr. Katzin then said that available data indicates a pound of U-235 probably would cost about \$2,800.

He discounted the likelihood atomic energy could be used to propel planes and locomotives and automobiles or heat individual homes. For one thing, he said, protection against dangerous rays make it necessary to house the atomic energy machine, or "pile," in a steel or concrete shield weighing about 50 tons.

Marines' Discharge Schedule Is Altered

Washington, May 17.—(AP)—Marine corps headquarters today announced a revised demobilization schedule that affects 40,000 men and forecasts an end of the point system after July 15.

Under the latest schedule, points for male personnel will drop from 30 to 28 on June 1, to 22 on July 1 and to 20 on July 15. Concurrently 30 months of active service will establish discharge eligibility beginning July 1.

On August 1, the length of service requirement will be cut to 24 months and simultaneously all fathers with two or more dependent children, regardless of the time spent in the corps will qualify for discharge.

On September 1, the length of service requirements will drop to 18 months and fathers of one or

UNC House Building Plan Gets Under Way

Chapel Hill, May 17.—Clearing of the sites for veterans' homes that are to be erected by the University in the woods back of the campus has begun and it is expected that the 178 units will be completed and ready for occupancy by the latter part of August.

The federal government has let to the Henry C. Beck Construction Company of Atlanta the contract for moving the houses from Camp Davis and Laurinburg-Maxton Airport to Chapel Hill and setting them up here. The University has let to W. E. Mangum of Raleigh the contract for clearing the building lots and the rights of way for streets and roads.

The contract for water and sewer lines has been let by the University

to the Muirhead Construction Company of Durham and the electric wiring and installations will be handled by the University's own force.

Foundations for the houses will be laid within two weeks when the first shipment from Laurinburg will arrive.

The contract between the government and the University for the purchase of these housing units stipulates that the University be responsible for preparing the ground for the buildings, laying out necessary streets and roads, and providing utilities, while the government is responsible for laying the foundations and putting up the buildings. Rentals to be paid by the occupants are fixed by the government.

ACQUITTED.
Shanghai, May 17.—(AP)—Navy Lt. Claude W. Adams, commander of a patrol plane which was pursued by Russian fighters in Manchuria February 20, has been acquitted by a Seventh Fleet general court-martial of violating orders by flying over Russian territory.

New Korean Alphabet.
Seoul, May 17.—(AP)—The printing of 10,000 high school text books in an experimental new Korean phonetic alphabet which makes possible the use of typewriters and Linotype machines was ordered today by the military government.

At peak force, 40,000 persons work in the Pentagon building in Washington, 15,000 more than work in the 11 buildings of New York's famous Rockefeller center.

THINK THIS OVER

Have you stopped to think seriously about the candidate you will vote for Saturday, May 25th? You as a citizen of the FIRST CONGRESSIONAL DISTRICT should give this matter careful consideration. It will mean the destiny of your welfare for the future.

Here Are The Facts . . .

Shall the People send a capable man to Congress, OR shall they accept a candidate selected by a special group of professional politicians, so they can control his actions, that will benefit big business at the expense of the people?

ROBERT LEE HUMBER was persuaded to run for Congress by the people who knew he was capable, and they knew he was a good sober Christian gentleman, that he would bring fame and prosperity to his District. He is like our great departed President, for the common man. He is one of the world's greatest peace advocates with a plan to abolish wars. Our own State Legislature with thirteen other States has adopted his plan.

Voters Let's Join Hands and Send the People's Candidate to Congress This Time —

ROBERT LEE HUMBER

The trend shows Humber leading. Pitt will give him the biggest vote ever given any candidate for any office in its history.

This Space Sponsored by Friends of Robert Lee Humber

Grain Market
Chicago, May 17—(AP)—A weak undertone developed in oats contracts today as country offerings of the cash grain expanded. Purchases of oats on a "to-arrive" basis increased to around 100,000 bushels. May rye dropped 5 cents for the tenth consecutive session, a new record, and No. 2 cash rye in stores sold at \$2.24 a bushel against \$2.30 late yesterday.
At the close wheat was unchanged at ceilings, August \$1.98½, oats were unchanged to 28 cents lower, August 83½, and May rye finished at \$2.32½, off 5 cents.

New York Cotton
New York, May 17—(AP)—Cotton futures opened unchanged to 25 cents a bale higher.
Noon prices were 160 to 30 cents a bale lower, July 27.24, Oct. 27.45, and Dec. 27.56.
Futures closed 30 to 75 cents a bale lower:
Open Last Prv. Cl.
July 27.30 27.15 27.30
Oct. 27.54 27.39 27.50
Dec. 27.62 27.50 27.59
March 27.74 27.62 27.69
May 27.71 27.66 27.72
July 27.55 27.65
Midling spot 27.75, off 16.

N. Y. Stock Market
New York, May 17—(AP)—An assortment of special issues continued to monopolize the bidding in today's stock market while many leaders languished in the minus column. Dividends, earnings and splits remained as the principal buying incentives. Rejection of the President's arbitration proposal in the coal controversy and the imminent railway strike served to restrain bullish enthusiasm which revived somewhat Thursday. Hopes for labor legislation kept liquidation at a minimum. Transfers ran to around 1,100,000 shares.

KAISER KAISER-FRAZER PRODUCT
FRAZER GRAHAM-PAIGE PRODUCT
America's First 1947 Motor Cars!

We'll Have Them Here to Show You—Surprisingly Soon!

KAISER—With Front-Wheel Drive!
Modern, perfected front-wheel drive. War-proved torsionetic suspension for off-load, all-road smoothness of ride. Wheelbase 117 inches. Six-cylinder 92 hp. engine. Widest seats in any mass-production car. Unexcelled driver-vision.

FRAZER—World's Smartest Car!
Unrivaled luxury, maximum roominess, exquisite beauty, effortless power! Wheelbase 123½ inches. Rear-wheel drive. Six-cylinder 100 hp. engine. Semi-elliptical springs in rear, coils in front. Smartly tailored two-tone upholstery.

THE AMAZING new KAISER and the sensational new FRAZER—America's first 1947 motor cars—will be here in our show-rooms—surprisingly soon!

You'll have your choice of the front-wheel-drive KAISER, or the more powerful and luxurious rear-wheel-drive FRAZER—both built at famous Willow Run! And always at your service, remember, will be our own specially-trained maintenance service staff, with factory-approved parts, tools and accessories.

You'll want to see these beautiful new postwar automobiles at your very first opportunity—so keep watching the news for the announcement of our first showing.

BASEBALL SCHEDULE.

Baseball fans will be interested in a schedule of games to be played during the next several days. Greenville plays New Bern at New Bern tonight at 7:45. Greenville plays Tarboro in Greenville Saturday night at 7:45. Greenville will play a double-header with Tarboro at Tarboro Sunday afternoon. First game is to start at 1:30. Greenville plays Wilson two games at Guy Smith Stadium Monday. The first game starts at 3 p. m.; the night game at 7:45.

YESTERDAY'S GAMES
Coastal Plain League
Greenville 19, New Bern 8
Kinston 1, Tarboro 0
Wilson 6, Fayetteville 2
Rocky Mount 7, Goldsboro 0

National League
St. Louis 9, Boston 8 (10 innings)
(Only game played)
American League
St. Louis 3, Boston 0.
(Only Game played)

Swinging their war-clubs with considerable enthusiasm, Manager Virgil Payne's Greenville club routed the New Bern nine to the tune of 19-8.

Each member of the local team scored at least one run, and all were credited with hits off the three pitchers, their rivals offered for the slaughter. The brothers Blackwell, and Manager Payne, scored three hits apiece in the evening's contest.

Joe Alamo, new-comer to the Greenville club, pitched throughout the game. The opposing batters accumulated 14 hits from his offerings, but they were so spaced as to prevent them from getting the full advantage they might otherwise have enjoyed. Last year Alamo pitched for Raleigh in the Carolina League. Much is expected of him by the local fans.

Highlight of the contest was when

V. Blackwell, homered with his brother on base in the sixth inning. The Greenies play a return match with the Bears in cNw Bern tonight.

Next to the legality of the reserve clause in the players' contracts, baseball's most puzzling question today is what has happened to Boston's power laden Red Sox?

Held to only three hits by Jack Kramer in last night's 3-0 defeat by the St. Louis Browns, the receding Red Sox stumbled through their fifth consecutive contest in which they failed to produce more than four safeties. Not even Chicago's hitless wonders of 1906 were that anaemic with the stick.

Individually the players average have shrunk alarmingly. Before the slump, six regulars were batting over .300, with Johnny Pesky and Ed Williams soaring above .400. Now only Williams, Pesky and Dom DiMaggio are .300 hitters. In the last five games, Pesky has made but four hits; Rudy York, three; Hal Wagner and George Metkovich, two; Williams and Bobby Doerr, one and DiMaggio none at all.

Only brilliant pitching by Mickey Harris and Dave Ferris has prevented the Sox from losing all five games.

In handing the Sox their third shutout of the season, Kramer faced only 31 batters last night and did not allow a runner to reach third until the ninth inning. The Brownie right-hander set the Red Sox down

in order in five innings.

Joe Dobson, trying for his fifth straight mound success, yielded only five safeties, but Chet Laabs, Johnny Berardino and Walt Judnich produced two runs in the first frame and another followed in the seventh.

In a parade of players including nine pitchers, the St. Louis Cardinals edged out the Boston Braves 9-8 in another ace-light contest to solidify their position at the head of the National League. With 33 players participating, 17 for the Braves, the Cards had to go 10 innings to win the decision.

Twice the Braves came from behind to deadlock the count, but went down in order in the 10th after the Redbirds had tallied on a steal of home by pinch runner Joffre Cross. Cross had gone in for Catcher Ken O'Dea, who had opened the final frame with a double.

Enos Slaughter of the Cards treated Mort Cooper, a bridegroom of a few hours, most harshly by clubbing him for a pair of homers, each with a man on base but the Braves came back to tie in the sixth 5-5. St. Louis went ahead again with three runs in the seventh, but the Tribe counted twice in the eighth and once in the ninth to force the game into extra innings.

Ken Burkhardt, fourth of five Card hurlers, was the winner, while Jim Konstanty, last of four Boston flingers, was the loser. The victory gave the Redbirds a half game advantage over the second place Brooklyn Dodgers.

Rain washed out the rest of the major league schedule.

New York, May 17.—(AP)—Legality of the player contract, the cornerstone of organized baseball, has been questioned in New York State Supreme Court by the Mexican League in a surprising counter-attack against what it termed an American "monopoly."

Charging that the American player contracts were "monopolistic, unconscionable, illegal and against public policy," Jerome Hess, counsel for President Jorge Pasquel and the Mexican league, yesterday insisted that players are held in "peonage for life."

As a result of this new approach by the Mexicans, Justice Julian Miller reserved decision on the New

York Yankees' request for a permanent injunction, restraining the Pasquels and their agents from tampering with Yankee players.

The court also reserved decision on the Mexican charge but strongly indicated it thought the whole thing should come up for trial, probably May 27 when the Yankees said they would be ready. Hess said the date would suit his clients fine.

Hess had sought a separate trial on the monopolistic angle and Mark T. Hughes, representing the Yanks, battled for a permanent injunction, irrespective of the monopoly charge.

"Monopoly is our defense and this case will be tried right down to the end until every scintilla of evidence has been introduced," Hess told the court. "Let there be no doubt about that."

Jury Clears Referee Of Homicide Charges

New York, May 17.—(AP)—Arthur Donovan, boxing referee, was cleared of a homicide charge in Felony Court today after a grand jury refused to indict the nationally known sports figure.

The jury had been investigating the death of David Stanley Corcoran, 56, an importer and old friend of Donovan, who died after a street fight April 19.

Donovan, 54, was charged with homicide after a patrolman said he had seen Donovan slap Corcoran and Corcoran fell to the street during an early morning argument on Fifth Avenue. The importer struck his head on the pavement and died a few hours later in a hospital.

Thornhill Said Whedbee's Great

By CHESTER WALSH
Claude Thornhill, nationally famous band leader, who played for the Greenville June German Wednesday night said Charles Whedbee, chief announcer for WGTC, is good enough for the "big time" circuits.

Whedbee did the announcing for the band here. Thornhill was so much impressed by his fine work that he said he wished it were so that Whedbee could announce all of his radio programs. The famous Thornhill liked Greenville and the people here and said he and his band would like to come back again.

One of Thornhill's advance representatives left the armory to turn on the radio in his car to hear how the program was going over. He was impressed and said "somebody's going some excellent engineering

for this broadcast."

Incidentally, Greenville's radio station is out in the front rank with cities of larger population. Concert and other artists who come here make this observation.

It was recalled at the dance that Charles Whedbee made a big hit a few weeks ago when he interviewed Rubinoff, the great violinist, on WGTC, and Rubinoff said so. Rubinoff told Eli Bloom, who entertained the violinist while here, that Whedbee is "home talent," but good enough to take his place with any of the big broadcasting companies.

Terms Of School Lunch Bill Set

Washington, May 17 — (AP) — A permanent program of federal aid for school lunches was agreed upon today by a Senate-House committee after several months of argument about money limits.

"We finally agreed to strike out any definite limitation and accept the amount of money appropriated each year by Congress," Senator Russell (D-Ga.) told reporters.

The House originally approved a \$50,000,000 annual authorization and struck out a section providing funds for supervision and equipment. The Senate increased the total to \$115,000,000, including \$15,000,000 for supervision and equipment.

Under the compromise worked out by the joint committee, all funds must be matched by states and local agencies. First three years 1947-50 they must match federal funds dollar for dollar. For 1951-55 the state and local share increases to \$1.50 for each federal dollar and after that to three to one.

Cotton Consumption Increasing Monthly

Washington, May 17 — (AP) — The Census Bureau reported today that cotton consumed during April totaled 813,732 bales of lint and 9,442 bales of linters.

This compared with 803,937 bales of lint and 95,401 bales of linters consumed during March of this year, and 769,209 bales of lint and 126,849 bales of linters consumed during April of last year.

Consumption for the nine months ending April 30 totaled 6,771,882 bales of lint and 789,522 bales of linters, compared with 7,278,600 and 1,127,782 for the corresponding period a year ago.

Cotton on hand April 30 included:

Will Speak In Grifton Sunday

DR. E. L. HILLMAN

W. M. Futrell, principal of the Grifton School, has announced the following program in lieu of commencement.

At 8 o'clock Tuesday evening, an operetta, "Alice In Mother Goose Land," was presented in the Community Building by the first and second grades under the direction of Mesdames Abbott and Taylor.

On Friday evening, May 17, at 8 o'clock, the music pupils of Mrs. Eure will be presented in a musical recital.

Dr. E. L. Hillman, pastor of the First Methodist Church of Rocky Mount will deliver the community sermon Sunday evening, May 19, at eight o'clock.

Carl Goerch of Raleigh will deliver the final address at exercises to be held at 8 p. m. Thursday, May 23. Grifton School, like other schools of the county, has no graduating class this year because of the transition three years ago to twelve grades.

In consuming establishments, 2,387,837 bales of lint and 346,412 bales of linters, compared with 2,188,220 and 322,350 a year ago.

In public storage and at compresses 7,695,701 bales of lint and 53,561 bales of linters, compared with 11,025,490 and 39,350 a year ago.

Truman Calls . . .

(Continued From Page One)
For example, they said an engineer getting \$11 a day would get \$1.93 a day under the 18 per cent, whereas a tradesman receiving \$7 a day would get the \$1.44 minimum because that would be higher than \$1.26 figured on the 18 per cent basis.

Franco Took . . .

(Continued on Page Six)
ing of Gibraltar was January 10, 1941, but it was never carried out, because Hitler decided against trying to invade England and concentrated on his plans to attack the Soviet Union.

No Reaction . . .

(Continued From Page One)
The most important of the stream lining moves, proposed by Mr. Truman is the consolidation of the government's numerous welfare activities in the Federal Security Agency, which he hopes to raise to cabinet rank.

The chief executive also announced a permanent status for the National Housing Agency, originally a wartime setup, and listed a number of other lesser changes, most of them currently in effect under temporary wartime legislation.

Senate Majority Leader Barkley told a reporter that submission of the plans after the President's news conference yesterday made it practically certain that Congress would not quit before the middle of July. He added there was very little hope of getting through before then any way, at the rate necessary legislation is progressing.

Funeral Fleet Ready To Bring Dead Home

Washington, May 17 — (AP) — The GI's who can't be mustered out will start coming home from over-

seas this year to a final stateside bivouac.

They are the dead—men and women whose names on casualty lists went toward paying the battle price on 328,000 lives which World War II cost the United States.

They'll make their last voyage home in funeral fleets of white ships, marked from bow to stern with the purple band of mourning. President Truman gave the official signal for the somber movement when he signed legislation yesterday providing for the final burial of the country's World War II dead. It gives next of kin the choice of having their service dead returned to the U. S. for final burial in national or private cemeteries, or of having them rest in American national cemeteries abroad.

N. C. Soldier . . .

(Continued From Page One)
Devone probably will be sent to the Nuernberg prison stockade from Erlanger, where he had been taken for final questioning by former G-Men of the Criminal Investigation Division. He was said not to have implicated anyone else, asserting that he was alone at the time of the shooting.

Authorities said the Negro confessed after ballistics tests showed the fatal shots were fired from an Army carbine which had been traced to him.

The victims were T-4 Paul R. Skelton of McKinney, Texas, and S-Sgt. William R. Timmons of West Haven, Conn., both 21 years old and assigned to the fiscal department of "Stars and Stripes."

They were slain from ambush while riding in a jeep with another soldier and three young Allied women, on the way home from a night club.

Authorities said both men were killed by the same bullet, which

UN Holds . . .

(Continued from Page One)
for United Nations membership submitted not later than July 15 shall be considered by the council in August.

Albania's application is the only one on file.

Andre A. Gromyko, Soviet delegate, called the Stettinius proposal "useless" in view of the new rules on admission adopted today by the council but went along with other delegates when the vote was taken.

The resolution provides that applications received up to July 15 will be turned over to a council subcommittee for a report and then will be considered by the council "at a meeting or meetings to be held in August, 1946, for this specific purpose."
