U. S. SUBMITS BIG FOUR JAP CONTROL PLAN

Proposed Treaty Similar To Byrne's Long Range Control For Germans

Washington, June 21—(AP)—The United States has proposed to Russia, China and Britain the creation of a four-power control commission for Japan to take over supervision of Japanese affairs as part of a 25-year disarmament system.

The 25-year treaty similar to Secretary of State Byrne's proposal for the long-range control of Germany actually would become operative when present Japanese occupation ends, but indications are that if such a treaty is made the large scale occupation might be ended more quickly than otherwise.

The text of the proposed treaty was made public by the State Department today.

Both call for the same sort of long-range four-power controls but there is a considerable difference between them in comparison with the way Germany and Japan are controlled at present.

Under the powers of General Douglas MacArthur as supreme commander of occupation forces in Japan, the United States at present has a virtually complete monopoly on the direction of Japanese affairs. The proposed treaty would in effect, end this situation whenever the present occupation phase ends.

In Germany, on the other hand the four powers have shared control jointly from the first.

The avowed purpose of the treaty is to insure that, following the total disarmament and demilitarization of Japan by occupation forces, the country shall be kept in a state of disarmament and demilitarization as long as the peace and security of the world may require. To accomplish this, the following principal steps are set forth:

1. Japan's military organization shall remain completely disarmed, demobilized and disbanded and Japan shall be deprived of all sorts of arms and explosives, including atomic energy materials. The Japanese shall also be deprived of all sorts of bases and factories for producing arms and shall be allowed only a police having small arms, and such explosives as are necessary for industrial users.
2. To enforce these objectives the four powers would operate through the control commission, an inspection system which would keep constant check on Japanese disarmament and demilitarization.
3. The Japanese themselves would have to accept this method of keeping themselves disarmed.

Lack Of Funds Costs City Two Prisoners

Cambridge, Mass., June 21—(AP)—Two men held in Wilmington, N. C., may gain freedom today because Cambridge police can't scrape up enough money to bring them back to this city.

The men are wanted here on charges of breaking and entering and larceny of \$500 worth of liquor from a social club.

Police lost appeals to the District Court Clerk and County Treasurer for funds because the State Auditor instructed them not to release money for return of law violators unless they had been indicted by grand jury.

The city manager was out of town and could not be reached for a decision on release of \$200 for the trip to Wilmington.

Reluctantly, police air-mailed Wilmington authorities to release the prisoners. They said they would try later to obtain indictments.

Enraged Husband Dying In Triple Killing

An enraged husband, identified by police as Roscoe M. Tucker, 55, lies dying of five bullet wounds inflicted by a detective's gun at Tampa, Fla., after officers reported he beat his wife to death with a hammer, killed his son-in-law, Curtis Alton Nipper, by virtually decapitating him, and then attacked Detective Jack Shykov. Shykov fired into the man's chest at point blank range after being struck with the blood-smeared hammer. Detective Shykov stands at extreme right watching Tucker die. (AP Wirephoto).

Paris Conferees Turn To Trieste

Solution Called Key To Italian Peace Treaty; Ministers Take Up Problems After Upsurge In Harmony Following Virtual Agreement On Italian Colonies

By LOUIS NEVIN

Paris, June 21—(AP)—The Big Four foreign ministers, after successfully hurdling a major obstacle by virtually reaching a compromise on Italian colonies, turned today to the controversial Trieste problem—key to the Italian peace treaty.

In an upsurge of harmony, resulting from yesterday's fruitful sessions, the ministers buckled down to the heaviest agenda of the current conference.

Along with Trieste, they must decide the entire Italian-Yugoslav frontier question and the matter of the Dodecanese Islands. All four of the ministers agree in principle that the islands should go to Greece, but Russian Foreign Minister V. M. Molotov has indicated in the past that his country is not yet ready to discuss final terms.

Other problems of the Italian (Continued on Page Four)

Negro boy Drowns In Hole Near River

Woodrow Gardner, Negro, 17, son of Mr. and Mrs. Henry Gardner, 216 Reade street, was drowned in a water-hole near the river at the foot of Second street yesterday afternoon while wading and swimming with other boys. The body was recovered shortly after it sank.

Pitt County Coroner Griffin H. Rouse viewed the body and said death was accidental and that no inquest will be held.

THE NATION TODAY

By James Marlow

Washington, June 21—(AP)—The army did well in keeping down venereal disease among its troops during the tough war years.

But gonorrhea and syphilis have climbed since the shooting stopped. In 1945 venereal disease in the army hit its highest peak in 25 years. In 1945 the rate of infection was 69 out of every 1,000. The previous high for any recent year was 1920 when the rate was 78 out of every 1,000.

This information was given Congress by army officials who told the House Appropriations Committee.

The rate of disease varied with the location of troops. Example: In the United States, 45 per 1,000; in the Mediterranean theater, 132 per 1,000; in Europe, excluding Iceland, 99 per 1,000.

But during the full war years the rate per 1,000 men was: 30 in 1942; 28 in 1943; 37 in 1944.

Those figures do not include 200,000 men drafted into the army with gonorrhea or syphilis. They were drafted and then treated.

The army had to build special hospitals for them at each of the 34 reception centers.

The simple lesson, apparently, is that during tough campaigns men

are kept busy and don't have opportunity to contract disease; when the war ends and they have more leisure, the rate goes up.

The army points out: During periods when the army is being mobilized—that is, when men are being taken into the army—venereal disease rates increase.

They decline during the war and then go up again at its end.

The army says it does what it can to prevent disease among the soldiers but it isn't always able to gain control over conditions in civilian communities which are the main source of infection.

On this point the army officials told Congress.

"This is particularly true at the present time in foreign theaters where prostitution is considered an inevitable social evil by the inhabitants, thus contributing a highly infected civilian population and where the moral standards are lower than in the United States.

"Added to this is the break-down in moral and spiritual values that accompanies all wars, particularly in areas where the civilian population suffers extreme deprivation and scarcity of food, and a lack of drugs

WORLD AGENCY DEVISING NEW FAMINE PLAN

Washington, June 21—(AP)—A new and bigger international agency to rattle up food for famished peoples put a nine-nation central committee to work on details today.

Also coming up for action was the nomination of a secretary general to guide the international emergency food council in dividing the world's spare food among countries without enough.

The 21-nation council was organized formally yesterday to replace the combined food board set up by the United States, Britain and Canada during the war and operated by them afterward to help meet the famine crisis.

Even as the first meeting was getting underway, a new note of encouragement was sounded by this country's Agriculture Department in an announcement that the United States wheat crop had shown a 7,633,000-bushel improvement during the first half of June.

The new forecast was issued in a special report which placed the estimated crop at 1,033,139,000 bushels as of mid-month. But while this was up from the 1,025,509,000 June 1 figure, it was 90,104,000 bushels short of last year's record crop.

And it was 216,861,000 bushels below the minimum figure of 1,250,000,000 which officials have said would be needed to meet all export

(Continued on Page Four)

Central Committee Appointed; U. S. Wheat Crops Showing Improvement

Washington, June 21—(AP)—The slam-bang congressional struggle over placating grafting of teenagers subsided near a compromise finish today with 19-year-olds once more subject to call and youths of 18 exempt.

Only the usual House and Senate approval of the hard fought conference agreement was needed to assure a nine-months extension of selective service beyond the end of this month.

Speaker Rayburn (D-Tex) saw a slight chance the House might act late today if two pending bills could be cleared, but it appeared more probable the measure would not be reached before next Monday or Tuesday.

A floor battle against accepting the compromise was promised by Rep. Short (R-Mo), lone holdout among the 14 Senate and House conferees.

"There is no need at all to extend the wartime draft," Short told reporters. "I am unalterably opposed to taking any teenagers and I also favor holding up all inductions for a few months as previously voted by the House majority."

Despite Short's last-ditch opposition, congressional leaders expected both the Senate and House to approve work the conference report and send it on to the White House well ahead of the June 30 deadline when the present stop-gap draft extension expires.

Along with the draft act extension, the conferees also approved a pay increase plan for all men and officers of all the armed services.

Like exemption of 16-year-olds the pay raise represented a victory for the House conferees, who had insisted upon a separate bill providing higher salaries in the armed forces.

Nehru was arrested yesterday by authorities of the princely state of Kashmir. He had defied a bar against his entering that northernmost portion of India to defend Shiek Abdullah and others accused of sedition in connection with a recent abortive "revolt" against the Hindu Maharajah, Sir Hari Singh.

Mohammed Ali Jinnah, president of the Moslem League, called on Kashmir's Moslems, who make up 90 per cent of the state's population, "not to be misled by slogans and stampeded into an action which would gravely prejudice their cause."

Nehru, president-designate of the rival Congress party and president of the All-India peoples states conference of which Abdullah is a member, was reported still in Kashmir but reports conflicted whether he had been released from custody.

Military officials at Rawalpindi near the Jamb-Kashmir frontier said they were informed Nehru was released but did not know where he was. A dispatch from Srinagar Kashmir capital, said the Congress leader was still detained.

Raleigh, N. C., June 21—(AP)—George Walker, 39-year-old Harnett County Negro, died today in the state's gas chamber at Central Prison for the rape of a 13-year-old white girl.

Death occurred 12 minutes after the gas started rising.

In his cell this morning by Chaplain William H. R. Jackson, Walker still asserted that he had nothing to do with the crime. In talks with officials of the State Paroles Commission, Walker has consistently denied his guilt.

Walker was convicted in Harnett County Superior Court last November of raping a 13-year-old white girl on last July 22, near her home between Lillington and Blues Creek.

Warden Hugh Wilson said Walker was visited in his cell this morning by two brothers and three sisters, all from Harnett County. They claimed the body.

Governor Cherry, after studying the case, refused to intervene.

Manchurian Truce Is Extended Eight Days

Nanking, June 21—(AP)—Generalissimo Chiang Kai-Shek today extended the truce in Manchuria for eight days just 24 hours before it was to have expired at the height of renewed negotiations.

The extension was widely regarded here as a concession to the Chinese Communists, who have been conducting an unbroken truce with equipment, \$2,012 and \$2,726.

Prisoner Dies In Gas Chamber

The extension was widely regarded here as a concession to the Chinese Communists, who have been conducting an unbroken truce with equipment, \$2,012 and \$2,726.

Baruch-Plan Advocates Firm On Banning Veto

Truman Statement On U. S. Policy Strengthens Stand Against Soviet Move To Keep Veto Power In Atom Control

By CHARLES A. GRUMICH

New York, June 21—(AP)—Backed up by President Truman's reaffirmation of American policy, Bernard M. Baruch and his advisors in the United Nations Atomic Commission maintained a firm stand today against Russia's move to retain the veto power in relation to world control of atomic energy.

The President's statement in the Capitol yesterday re-emphasized Baruch's pronouncement to the council last week that the United States would not yield atomic secrets to a world pool or dispose of her bombs under treaty provisions unless the veto is discarded on atomic control matters.

Mr. Truman commented that the Baruch proposal has his endorsement and that of Russia presented as a substitute will be subjects of negotiation which may lead to agreement.

With the atomic commission in recess until next Tuesday afternoon, Baruch and his advisors gave their closest scrutiny to the Russian plan

submitted by Soviet Delegate Gromyko two days ago.

They were concerned particularly with Gromyko's insistence on keeping the Big Five powers in possession of their veto and the absence in the Russian plan of any provision for an international authority to search individual countries for evidences of atomic developments that might become dangerous.

The Baruch plan envisions a virtually autonomous international atomic development authority which would be armed with unprecedented powers of search, seizure and punishment.

The Russian substitute would leave authority with the Security Council, operating with the veto power so that one Big Five power could stop any restrictive action against a potential atomic aggressor, and would provide sanctions as international punishment.

A long series of negotiations ended in a deadlock, however, and a program of the American (Continued on Page Four)

INDIAN CITIES SCENE STRIFE

Wave Of Protest After Nehru Arrest Ties Up Indian Centers

New Delhi, June 21—(AP)—India's major cities were in turmoil today with demonstrations and strikes protesting the arrest of Jawaharlal Nehru, Congress party leader.

Bombay was virtually a dead city as 100,000 millworkers stayed home the stock exchange and billion markets closed, workers walked out of the royal mints, two railway shops closed, shopkeepers shuttered their windows and students boycotted university lectures.

All markets in Karachi, Calcutta and Madras were closed and in Calcutta the transportation system was stopped by a strike.

Several persons were injured during a demonstration in which police used tear gas at Madras, South India.

Nehru was arrested yesterday by authorities of the princely state of Kashmir. He had defied a bar against his entering that northernmost portion of India to defend Shiek Abdullah and others accused of sedition in connection with a recent abortive "revolt" against the Hindu Maharajah, Sir Hari Singh.

Mohammed Ali Jinnah, president of the Moslem League, called on Kashmir's Moslems, who make up 90 per cent of the state's population, "not to be misled by slogans and stampeded into an action which would gravely prejudice their cause."

Nehru, president-designate of the rival Congress party and president of the All-India peoples states conference of which Abdullah is a member, was reported still in Kashmir but reports conflicted whether he had been released from custody.

Military officials at Rawalpindi near the Jamb-Kashmir frontier said they were informed Nehru was released but did not know where he was. A dispatch from Srinagar Kashmir capital, said the Congress leader was still detained.

Prisoner's Freedom To Cost Him Parole

La Grange, Ky., June 21—(AP)—Officials at La Grange State Reformatory reported a prisoner, Noah Wagers, 38, left a little prematurely and as a result will have to serve 11 more years, when caught.

They said Wagers escaped during the night—not knowing he was to have been paroled today.

The officials said Wagers, trusty who had served 10 years of a 21-year manslaughter sentence imposed in Clay County, was missing on a routine cell check.

His parole papers had arrived from the state capital at Frankfort yesterday afternoon, but he hadn't been notified.

The officials said Wagers will have to serve the remainder of his term when caught.

Polish Loan Tops Offer By U. S.

Washington, June 21—(AP)—Poland's Ambassador Oskar Lange reports that his government is "not very much interested" at present in an American loan since it has received "a very large credit" from Russia.

Lange so told reporters yesterday during a talk at the state department.

The Polish ambassador said he believed the Russian credit was considerably more than the \$90,000,000 credit which the United States granted and then suspended.

Plan Would Cut U. S. Army Of Occupation

Berlin, June 21—(AP)—Gen. Joseph T. McNarney said today a plan was in existence to reduce American occupation forces in Germany to 150,000 men but "it has not yet been determined if it will be implemented."

He told a news conference that German civilian rationing would be raised from 1,180 to 1,225 calories a day on June 26 because the food situation has improved. He said 130,000 tons of food were expected from the United States this month to the American occupation zone.

In Washington, the War Department said 406,371 troops were in the European theater including those in Austria and the British Isles.

OPA APPROVES PRICE HIKES ON SOFT COAL

Increases Allowed To Offset Union Demands And Losses During Walkout

Washington, June 21—(AP)—OPA today raised soft coal prices an average of 40 1-2 cents a ton to offset wage concessions which John L. Lewis' United Mine Workers won in their strike.

The increases range from 10 cents to \$1.47 a ton, depending upon the producing district and type of mine. They boost retail prices about 3 1-4 per cent, OPA estimated.

Part of the increase was allowed to offset losses suffered by the operators during the 59-day strike.

Most soft coal is consumed by railroads and industrial firms. OPA said less than 15 per cent of total production goes to householders for heating purposes.

However, OPA expects to announce next week a price increase averaging perhaps \$1 ton for hard coal, used generally for home-heating. This also will offset anticipated miners' pay raises.

The soft coal price order is effective immediately, but in most cases the higher costs apply retroactively to all sales since May 13, when OPA authorized seller-buyer agreements for later payment of any increases granted.

The new price schedule applies at present only while the bituminous mines are operated by the government, which seized the pits during the strike which ended May 29.

President Truman told his news conference yesterday he did not know when the government will turn back the mines to their owners.

Bituminous mine operators have delayed opening negotiations with Lewis, UMW president, until OPA granted price increases to compensate for wage hikes the government allowed.

But there was no immediate sign that the mine owners will start dickering with Lewis right away on a contract similar to the one negotiated by the government.

Extra Van Horn, chairman of the bituminous operators negotiating committee, told a reporter "there is no meeting scheduled" with Lewis and no indication that any overtures will be made immediately.

He expressed the opinion that the operators will want to study the new prices first.

The government-UMW contract (Continued on Page Six)

Freighter Crew Stage Walkout

Charleston, June 21—(AP)—The crew of the freighter Andrew Hamilton quit this morning after the ship had completed loading coal for Denmark.

The Marine inspection unit of the Coast Guard was investigating charges made by the crew that the ship left Norfolk for Charleston without a lookout at the bow; that lifeboat No. 2 was "patched up" with white lead instead of being repaired, and that the vessel had its gangway "hanging on the lifeboat davits" while at sea.

The crew's charges came as an aftermath of the threatened nationwide shipping strike.

Unaware of the Washington agreement the local NMU called the strike here. When an NMU delegate sought to board the ship after most of the crew had walked off, the master, Captain Luigi Paturzo, kept him off by "pulling up the gangplank," according to Anthony Lucio, NMU port agent here.

The International Freightling Corporation of New York, which operated the vessel for the WSA, has taken no action on the crew's demands to have the master removed.

WIZARD'S TAX BILL OVERDUE

Ex-Chief Of Klan Found Wanting By U. S. Tax Court

Washington, June 21—(AP)—The United States Tax Court has ruled that Hiram W. Evans of Atlanta, former chief of the Ku Klux Klan, owes the government about \$350,000 in income taxes for the years 1937 through 1941.

Court record shows Evans paid approximately \$8,105.56 in taxes on earnings for the years involved from operations of a group of companies selling road building materials.

THE WORLD TODAY

An Analysis Of The News

By DEWITT MACKENZIE

Moscow's counter to America's atomic energy proposal was so astounding as to preclude immediate response; indeed, it has been a moment for quick thinking but slow answer.

Uncle Sam's offer to throw overboard the vast advantage which he holds through possession of the atomic bomb secret was purely voluntary. It was meant to be for the benefit of mankind. Thus it has been disconcerting to have the mouth of his gift-horse put under the microscope.

Still, the Russian proposition calls for careful consideration. It's no good saying, as one hears said, that the Soviet move throws a monkey-wrench into the machinery. A motion is before the U. N. atomic energy commission and must be ironed out. President Truman himself, while reaffirming the American policy, has said the matter will be negotiated—and may lead to agreement.

There is such divergence of view on fundamental points in the two plans that diplomatic circles in Washington are wondering whether another controversy might develop among the great powers. American officials, while indicating hope that

the differences may be cleared up, foresee a long and difficult road ahead.

Among the outstanding differences in the two plans is one which seems to carry the implication that Russia is entertaining grave doubts, or let's say, is protecting herself against untoward contingencies. This has to do with the American suggestion that it would be willing to dispose of its atomic explosives altogether—after international atomic control is created. Moscow, on the other hand, wants Uncle Sam's bombs destroyed, and the manufacture of others stopped, before the international machinery is working.

In short, Moscow is playing safe by trying to render America atomically impotent right at the outset. Well, maybe that's a smart move to make, although it isn't particularly complimentary to the motives of the United States, and it would seem to indicate suspicions which certainly can't make international relations any easier.

It is just such suspicions and doubts which have been summing up relations among the Big Three—and let none think that the sus-

Kennedy Wins

John F. Kennedy (above) of Boston, second son of Joseph P. Kennedy, financier and former U. S. ambassador to Great Britain, easily won the Democratic nomination for congress in the 11th Massachusetts district. He defeated a field of nine candidates and was assured of practically unopposed election this fall.

THREE KILLED IN EXPLOSION

Many Injured, Some Fatally, In Dallas Hotel Blast

Dallas, June 21—(AP)—At least three persons were killed and scores injured here today in an explosion at the Baker Hotel.

Several of the injured are believed to be fatally hurt.

The explosion, which occurred about 11:20 a. m., shook the central downtown business district. It was unofficially believed to have been caused by an exploding boiler and ammonia gas from shattered pipes in the air conditioning system.

It occurred beneath the coffee shop, and most of the damage centered around a parking lot which adjoins the hotel on the east side.

Dense smoke poured out of the hotel, causing firemen to don gas masks as they raced to rescue the injured.

Thousands of spectators jammed to the scene, impeding rescue work.

Downtown streets were blocked off to allow free movement of at least 38 ambulances rushed to the hotel.

At noon, injured were still being taken from the hotel, one of the largest in the Southwest, and an adjoining parking lot, where many were injured when the blast scattered plate glass and lumber among pedestrians.

C. V. Alvin, of Waco, was standing across the street at the time. He gave this eyewitness description: "There was a dull, heavy thud, something like a dynamite explosion. The glass windows bulged out, and several bystanders on the sidewalk were cut.

"There was a lot of excitement, and it seemed that every policeman, fireman and ambulance in Dallas began to arrive."

Several trapped employes found escape through a manhole. One of these, Andrews Enrique, 55, said he was unable to see after the explosion.

Firemen, wearing gas masks, found many persons lost and blinded, tumbling about the building in panic. Others had been overcome by the smoke.

Social and Personal

Mrs. Jack Spain and children have returned from Washington, D. C., to spend the summer months at their home, 407 Rotary avenue.

Mr. and Mrs. David Giffenberfer of Oakland, Calif., Miss Louise Allen of Wilson, Misses Delphia and Myrtle Ruth Satterfield, and J. Z. McLashora of Greenville have returned from Carolina Beach after spending a week.

Mrs. Jean Rowan Balesky, Washington, D. C., internationally known pianist, is a guest of Dr. and Mrs. Ennett on Rotary Avenue.

Mrs. Fred Wicker and children, Wesley and Glenda, of Orangeburg, S. C., are guests of Misses Mamie Capps and Louise Howard on Pitt street.

Mr. and Mrs. E. B. Kennerly and little daughter Barbara Ann, of Washington, D. C., are visiting Mrs. Kennerly's parents, Mr. and Mrs. W. G. Rusin.

Mr. and Mrs. Luther Herring left for Atlanta today to attend the wedding of their son Neal, to Miss Marquerite Brunson of Columbia, Miss.

Mrs. Ruth Whitcher left today to spend the week-end with Mr. and Mrs. Bill Padgett in Chapel Hill.

Coward Back On Job
Dr. John H. Coward, county auditor, who had been ill some time, is rapidly regaining his health and is back on his job at the county house.

Presbyterian Announcements
The church school meets at 9:45 a. m. This is the time of year for little folks to attend Sunday school. Bring them and let them enroll. We have places for every member of the family. At the preaching service at 11 o'clock, Dr. Boyd, the pastor, will speak on the subject: "The Wells of Salvation." Text, Isaiah 12:3.

Sunday school at Twin Oaks Sunday at 3 p. m. followed by preaching service by Dr. Boyd at 4 p. m. All friends in the community are invited. Closing program for the Bible school at this place will be held Friday night, June 21, at 8 p. m. The public is invited. We are greatly indebted to Miss Mitchner, Mrs. Margaret Lee Duke, and Mrs. Edna Rose Carvill for conducting such a helpful Bible school for two weeks. Miss Mitchner goes from Twin Oaks to Wilson for a school.

Mrs. Alton O. Spain Honored
Mrs. A. O. Spain and Mrs. C. B. Spain entertained at a miscellaneous shower at the community building at Mt. Pleasant last Wednesday afternoon in honor of Mrs. Alton O. Spain, recent bride.

Guests were welcomed by the hostesses and invited into the building which was lovely with decorations of spring flowers.

Mrs. J. H. Sutton, Mrs. Doc Smith, Mrs. W. H. Moye, and Mrs. Dewey Small assisted in serving ice cream, cookies and salted nuts.

The bride received many lovely and useful gifts and was presented crystal and china in her pattern. Several games were enjoyed during the course of the afternoon with Mrs. Carl Scott winning grand prize for bingo.

Miss Elizabeth Brown a bride-elect for July was also remembered with a gift of crystal.

Masonic Notice
There will be a Special Communication of Greenville Lodge No. 284 tonight at 7:30 for work in the Entered Apprentice Degree. All Master Masons, Entered Apprentice and Fellowcrafts are invited.
By order: W. F. Owens, Master.

Allen Complimented
Mrs. James Bullock, Mrs. Stinson M. Bragg and Miss Inez Allen entertained Miss Audrey Allen, bride-elect, at a miscellaneous shower Wednesday afternoon at the home of Mrs. Sadie Allen.

The hostesses presented the honoree with a lovely corsage of white roses and also silver and china in her chosen patterns. She was also the recipient of many attractive gifts from the guests.

From a table attractively decorated with white flowers and candies delicious refreshments were served. The hostesses were assisted in serving by Mrs. Sadie Allen and Miss L. L. Mills.
About fifteen friends of the honoree enjoyed the delightful occasion.

Social Calendar

FRIDAY

5:00 p. m.—The wedding of Miss Audrey Allen and Jesse Jordan will take place in Echlin Street Christian Church.
6:30 p. m.—Kiwanis Club
8:00 p. m.—Miss Jean Murphy will be hostess at bridge in compliment to Miss Mary Lee Smith, bride-elect.
8:00 p. m.—Miss Jerry Skinner and Miss Pearl Spied will entertain at bridge at the home of the latter, honoring Miss Dorothy Flye, bride-elect.
8:00 p. m.—Fidelis Class of Memorial Baptist Church will meet with Miss Louise Hicks at 416 East Ninth Street.

SATURDAY

1:00 p. m.—Miss Anne Skinner will be luncheon hostess in honor of Miss Mary Lee Smith, bride-elect.

Primitive Baptist Church

There will be services in the Primitive Baptist Church Saturday and Sunday by the pastor, Elder S. B. Denny.

Christian Church Announcements

The disciples of North Carolina will be holding their annual adult conference this week and this conference will be in Catawba College near Salisbury, N. C. Several delegates from the Eighth Street Church here will be in attendance. The conference will carry through next Friday noon.

At the morning service Dr. H. G. Haney has announced to speak on the theme, "A Living Religion." In this new world there are evidences everywhere of the necessity of a power and influence that will motivate a society like this modern age. What is that force? A living religion is the only force that can provide the necessary motivation.

June 30 is the close of the missionary year of the Disciples of Christ in all their national organizations and all treasurers are requested to send in all moneys before that date in order to get the report correct and credit given in this year's work.

Birth announcement

Mr. and Mrs. Edward Harrell announce the birth of a daughter, Letha Mae, on Wednesday, June 19, 1946, in Pitt General hospital.

Miss Flye Honored

Mrs. Bill Clark Jr., Miss Anne Askew, Mrs. W. G. Rush and Miss Jean Rush entertained at a miscellaneous shower for Miss Dorothy Flye, bride-elect, Thursday night at the home of Mrs. Rush on West Third street.
The house was decorated with

Forty Years Ago Today

THE DAILY REFLECTOR

Friday, June 21, 1906

Miss Nellie Lawrence, one of the teachers in the Baptist Sunday school took her class out for a picnic today.

James Ficklen and Ferrell Burch are running a carnival this week on the Ficklen terrace.

Lawyers row and court house took it by turn Thursday afternoon mowing the lawn.

summer flowers. Five tables were arranged for bridge. During the progression food drinks were served. For making high score, a towel set was won by Mrs. W. C. Clark Sr. Mrs. Joe Gallagher won second high, a relish dish. Mrs. Aubrey Taylor won the floating prize.

Mrs. Gallagher, a recent bride, was remembered with a vase, and Mrs. Paul Flye, Jr. with linen. Miss Flye was presented a gift in her chosen silver pattern.

An ice course was served by the hostesses, Mesdames J. R. Askew, P. G. Flye, J. W. Clark, John Askew, E. B. Kennerly and Miss Dell Flye joined the party for refreshments.

Mrs. Fannie Carroll Funerar Held Today

Funeral services for Mrs. Fannie Carroll, 90, who died at her home near Cox's Mill early Wednesday morning after two weeks' critical illness, were conducted at the home Friday afternoon at 4 o'clock by Elder J. B. Roberts, Primitive Baptist minister of Farmville. Burial was in the Carroll family cemetery.

Mrs. Carroll, one of Pitt County's oldest citizens, was a member of a prominent family of this section and was held in high esteem by all who knew her. Her husband, W. F. Carroll, died 20 years ago.

Surviving are two daughters, Mrs. Tom S. Tyson of near Cox's Mill and Miss Annie Carroll of the home; a son, John J. Carroll of near Cox's Mill, six grandchildren and five great-grandchildren.

William C. Vincent Died This Morning

William C. Vincent, 72, died at his home, 312 Jarvis street, at 5 o'clock Friday morning after being critically ill for several weeks. Funeral services will be conducted at Jarvis Memorial Methodist Church Saturday afternoon at 4 o'clock. The Rev. Robert W. Bradshaw, the pastor, will officiate. Burial will be in Greenwood Cemetery.

Members of the Board of Stewards of Jarvis Memorial Methodist Church will serve as honorary pallbearers.
Active pallbearers will be Alton

Mrs. Edward Stuart Flanagan, the former Miss Doris Duval, daughter of Mr. and Mrs. J. O. Duval, whose marriage took place on Saturday, June 15, at four-thirty in the afternoon in Jarvis Memorial Methodist Church. Mr. Flanagan is the son of Mrs. R. C. Flanagan and the late Mr. Flanagan of Greenville.

Barrett, Frank Wooten, W. C. Eagles, Ed Garris, B. S. Warren, Jr., Milton Harrington and John Karsnik.

The body will remain at the S. G. Wilkerson & Sons' Funeral Home until the time of service.

Mr. Vincent was born and reared in the Winterville community. He came to Greenville when a young man and was engaged in the mercantile business until his retirement in 1941. He was a member of Jarvis Memorial Methodist Church, the Board of Stewards and the Ellington Bible Class.

Surviving are his wife, Mrs. Bettie Ives Vincent, a sister, Mrs. Zeno Allen of near Greenville, and two brothers, J. W. Vincent of Greenville and S. J. Vincent of near Greenville.

Kyzer Will Attend Institute For Week
Willard T. Kyzer, executive secretary of the Greenville Chamber of Commerce, will leave tomorrow morning for Chapel Hill to attend

Order Tickets

Masons who desire tickets to the banquet to be given at the Greenville Armory next Thursday night are requested to order them early to enable the committee to know how many plates to prepare. Herman Hardee, chairman, or Godfrey Oakley, co-chairman, will accept orders for tickets.

The banquet will be given in honor of W. J. (Dick) Bundy of Greenville, grand master of North Carolina Masons. Ladies are invited.

Ed Rawl Presented Program Swansboro

Ed E. Rawl, president of the Greenville Kiwanis Club, was the speaker at the "ladies' night" banquet of the Swansboro Kiwanis Club at Swansboro last night. The Greenville Kiwanian made a report of the recent Kiwanis International convention at Atlantic City. He gave some of the highlights of talks made by internationally and nationally known leaders, including Drew Pearson, former Governor Harold Stassen of Minnesota, retiring President Hamilton Holt of Macon, Ga., and others.

Carl Weeks, president of the Swansboro club, presided. Women of the Methodist church served the

LOCALS LOSE TO GOLDSBORO

Greenies Play As Never Before; Brilliant Teamwork Depite Defeat

By BERT MOYE

The Greenville Greenies lost a heartbreaker to the Goldsboro Bugs last night by the score of 1-0, but when the last Greenie was out in the ninth Manager Bill Herring's boys knew that they had been in a ball game, because the Greenies were in their fighting right up to the last man.

Manager Payne's boys put up a great defense game as the following facts will reveal: The Greenies played errorless ball, made one double play, caught two Goldsboro

Bugs out at second base who were trying to steal; caught a player out at home plate who attempted to come home on a wild pitch made by Ballam; and in addition the outfielders and infielders made some beautiful catches, especially the catch made by Merle Blackwell, Greenville third sacker, on a ball hit by Dick Connell in the fourth frame when he "robbed" him of what seemed an almost sure hit.

Bob DeCamp, pitching for the Bugs, allowed the Greenies only one hit, that being a sizzling line drive into left center field by Ray Carlson in the first frame. It was the inability of the Greenies to get their batting eye on the ball that cost them the game. The Greenies first chance to score came in the fourth frame when two errors put Carlson on third and Verne Blackwell on first with two out, but no go. Their second chance to score came in the ninth when Merle Blackwell walked and stole second, but was left stranded there when the game ended.

Dean Ballam, Greenville hurler, pitched seven hit ball and kept them well scattered, though a little wild at times. Goldsboro made their lone run in the sixth frame when Connell and Kukulka were walked and Kelly singled to bring home Connell for their lone tally.

Goldsboro's big threat came in the eighth frame when Bohonko, first man up, tripled, but he was soon put out when he attempted to reach home on a wild pitch by Ballam, but as stated before the boys were in the game playing heads-up ball and he was nabbed at the plate. The Greenies meet the Goldsboro squad again tonight at 7:45 in the Guy Smith Stadium, looking for the revenge that is sweet. In view of the excellent showing they made last night in Goldsboro, fans can count on a superior brand of ball game tonight.

SOME CHANGES MADE
Philadelphia, June 21—(AP)—The American Legion instituted its first all-women post last night, but the ladies took the oath in civvies. "We thought about wearing our uniforms," said Margaret M. Schaffer, post chairman, "but for the sake of those who aren't the same size as they used to be, we decided on dresses."

Good Fishing at Swansboro
Fishermen at Swansboro are making some of the best catches of the year. J. C. Canady of the City Fish Market there told Ed E. Rawl and Chester Walsh of Greenville while at the Onslow County resort Thursday to present a program for the Swansboro Kiwanis Club "Bulls" Ellmore, well known fisherman, said trout and croakers are running in abundance, flounders are plentiful and shrimp netting this summer are the largest caught in Swansboro waters in years.

Bobby Feller Credited Starting Boston's Fall

By JOE REICHLER

Associated Press Sports Writer
If the thunderstruck Boston Red Sox can still see through the fog that has engulfed them, they can take a good sander tonight at the feller—Bob Feller, that is—who started them on their amazing retreat.

The mere sight of Cleveland's rapid Robert, their scheduled opponent tonight, should bring back painful memories to Joe Cronin's chastened charges.

For it was the same Feller who halted the Red Sox' mad dash for the American League flag just nine days ago when he snapped their 12-game winning streak. It was he who ended their home mastery over the western clubs which had stretched to 19 consecutive Boston triumphs. It was also Feller who started them on the dizzy slide that has reduced their seemingly insurmountable 10 1-2-game first-place lead to six and a half in a little over a week.

Since Feller set them back on their heels June 12, the Bostonians have dropped seven of the last 8 games, including last night's 2-0 setback at the hands of the St. Louis Browns.

Solemn Sammy Zodiak, a stringy sophomore southpaw, applied the whitewash brush to the ragged Red Sox last night, duplicating the feat of teammate Bob Muncieff the other night. Zodiak doled out just four singles and was never in serious trouble as his infield mates executed three double plays behind him. Boston lost only a half game of its lead as the runner-up New York Yankees were held to a split in their double-header by the Chicago White Sox. A neat eight-hit-ter by bespectacled Bill Dietrich halted the Yankees 3-1 in the opener. Floyd Bevens gained the split for the Yanks by besting Lefty Ed Smith 6-1 in the nightcap.

Brooklyn's pace-setting Dodgers and the challenging St. Louis Cardinals readied themselves for their "crucial" three-game series for the National League lead which starts tonight by knocking over the Pittsburgh Pirates and Boston Braves respectively, in easy fashion. Brooklyn won 7-3 while the Cards triumphed 9-1.

The third-place Detroit Tigers advanced to within nine and a half games off the American League pace by routing the Philadelphia Athletics 9-2 under a barrage of home runs by Hank Greenberg, Eddie Lake, Bob Swift and pitcher Dizzy Trout, who gathered in his seventh triumph.

Hank Edward's ninth inning single drove in George Case with the run that gave the Cleveland Indians a 4-3 victory over the Washington Senators.

Rain washed out the scheduled double-header between the Chicago Cubs and the Philadelphia Phillies, while the New York Giants and Cincinnati Reds were not scheduled.

AN EYE FOR AN EYE
Superior, Wis., June 21—(AP)—City Attorney George Flynn needs a pair of nylon stockings—for official use.

They are needed to satisfy a claim by a woman who is suing the city for injuries to herself—and a pair of nylons—resulting from a fall on a sidewalk.

Settlement of the claim is expected, Flynn said. But he's faced with the job of standing in line for the nylons—if he can find a nylon line.

BOYS LEAGUE BASEBALL

The Tigers from Third St. won over the Yankees again Thursday afternoon at the Training School by the score of 5 to 3 in another well played game. The Yankees out-hit the inners but could not get their hits at the opportune time, leaving ten men stranded on the bases.

Bobby Odum and Sydney Briley with two hits each led the Tigers. Joe Clark was the only Yankee to get two hits.

The Giants of Third St. combined some hard hitting with a good defense to run roughshod over the Wildcats of Training School to the tune of 20 to 0. The Giants scored nearly at will particularly in the fourth when they scored thirteen times. Glenn Scott pitching for the winners held the losers to two harmless hits.

Stoneham with four hits, one being a homer, led the Giants. Larry Fife and Sideris were next with two hits apiece.

The Cardinals came from behind yesterday morning at the Stadium to win over the Indians from W. Greenville by the score of 19 to 16. The Indians made one run in the first inning and seemed to be on their way to an easy victory, but the Cards fought an uphill battle and came back to score eight for themselves and go on to win.

Luke Taylor with two singles and two doubles, and Eddie Farley with two doubles and a single led the Cardinals at bat. Conner, Sellers, Whitehurst and Hendricks were best for the Indians.

Schedule for Monday
Wildcats vs. Indians, at W. Greenville, 11:00 p.m.
Giants vs. Cardinals, at Training School, 10:00 a.m.
Yankees vs. Tigers, at Third St., 3:00 p.m.
Bobcats vs. Robins, at Training School, 3:00 p.m.

BEST EXCUSE
Chicago, June 21—(AP)—The influence of returned war veterans on university life is being reflected even in excuses for absence from classes, say Loyola University officials.

Apartment-hunting and baby-sitting have taken their place alongside such old favorites as alarm clock failures, tumerals and dental appointments, they said.

One married vet's excuse was: "An eight-pound boy, wow!"

Crops Look Good On Way To Swansboro

By CHESTER WALSH

A trip through the country to Swansboro through New Bern and back through Richlands and Kinston revealed a panorama of luxuriantly growing crops, especially tobacco, which appears to be one of the best stands in many years. Good seasons and the past few hot days tended to bring out the crops like the proverbial beanstalk. Tobacco looks good all the way to Swansboro in Onslow County. Farmers there and in Craven County say prospects for good crops are excellent.

The missing link on a ride over the countryside is the absence of cattle and other livestock on the farms. There appears to have been considerable spraying of fruit trees and grape arborers have been repaired and the vines are developing a bountiful crop. Incidentally, a farmer in Onslow who farms on a diversified basis, said farmers who harvest their fruit and grape crops will net a substantial sum of money, on the side. What fruit can't be sold can be canned, and there will be a ready sale for the preserved products.

Strength FOR THE DAY

By EARL L. DOUGLAS

STRENGTH AND WEAKNESS BOTH NEEDED

Sometimes, as we go through life, we forget that our very existence depends upon the presence and co-operation of others. If any man thinks he is sufficient unto himself, he is pathetically mistaken. Even the most humble person in the world today is making some contribution to the richness of your life and mine.

Robert Browning was a man of robust health, and his wife, who was almost as distinguished in literary circles as Robert himself, was very much of an invalid. At times she lamented this fact, saying how much more she might be able to strengthen and support her husband in his great literary endeavors if only she possessed normal health. Against this her husband protested. He wrote her on one occasion saying, "My strength needs your weakness as much as your weakness needs my strength."

Sometimes the people who strengthen us most are the people who have to lean heavily upon us. Parenthood is an inspiring experience, not because of what the children give the parents but because of what the parents give the children. Responsibility confers nobility on the characters of those who assume it. The strength of the strong and the weakness of the weak are both required to make a world full of love and moral purpose.

WASHINGTON DAYBOOK

By JACK STINNETT

Washington—Not since before the war has Washington seen such an exhibition of democracy at work as in the fight over extension of OPA.

Give the American people a bone of contention and they'll put on the snarliest dogfight you ever heard. Generally, when it's all over, each contender takes a piece of the bone and trots off without any serious wounds to lick.

It'd like to bet that when the Senate and House conferees have finished ironing the wrinkles out of the OPA extension, that's the way it will be once more.

At the outset, OPA was earmarked for immediate post-war opposition. Living from year to year through the war, it had hurdles to clear every time its continuance came up in Congress. As its deadline neared this time, V-J Day was virtually three-fourths of a year behind.

Roughly speaking, the battle lines had already been drawn. I say "roughly speaking" because it must be understood that the opposing armies often are in each other's camps because of other issues involved—politics for example.

In a general way, business, big and little, was opposed to extension of any price controls. Still generally speaking, the consumer elements, including organized labor, favored them. The farm groups were getting and having between a desire to avoid controls over farm product prices and a desire to retain them on other consumer goods.

The stage was set for a grand melee when the OPA extension bill came up in the House. The divisions led by the manufacturers got in the first lick. Out of the House came the bill that would knock the props out from under OPA.

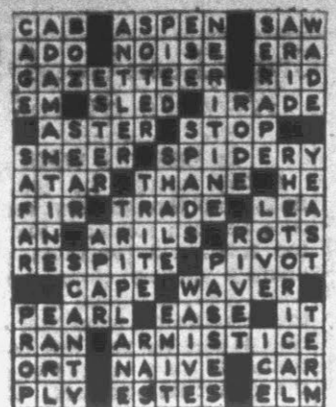

It wasn't until the question was raised in the Senate that the real storm broke. Pro-OPA elements, alarmed at what the House had done to their price control baby, really marshaled their forces.

I couldn't begin to list the organizations that jumped into the fracas—parent-teachers, university women, more labor groups, farm, industrial and consumer groups and some who just labeled themselves "leagues of voters."

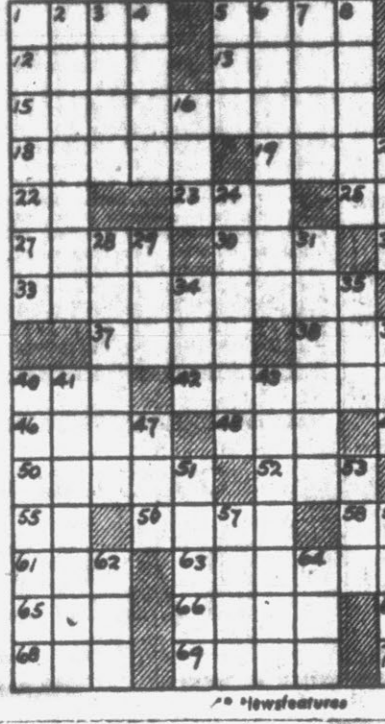

In the meantime, the Senators began to get the greatest avalanche of mail that has descended on the Capitol since the days of the pre-war draft. In many cases, it far exceeds that. A Senator who wasn't getting a thousand letters a day was accused of representing constituents who couldn't write.

Democracy at work. Both House and Senate now know that they have had hold of just what they have been trying to dodge in this election year—a very hot potato. Get the folks at home riled up and they'll toss one over every time.

The Nation . . .

Continued from Page One
facilities and personnel to fight these diseases.

Then the army took a crack at writers who have written glowingly about quick cures for venereal disease.

The army officials, frowning on this, said it helped increase the rate by "minimizing the seriousness of venereal disease."

If anyone is startled by the 1945 rate of disease in the army, that picture is a lot better than it was in the early years of the republic's army.

The army produced records which it said were "fragmentary and inaccurate" for those early years but which nevertheless showed this rate of venereal infection per 1,000 soldiers:

1820—114.8; 1825—98.6, the highest rate until 1860. In 1860 it jumped to 156 per 1,000 men, apparently the worst year in army history for infections of this kind.

Of the venereal disease which occurred in the army between 1778 to 1860, the army told Congress:

The records indicate that during those 121 years the army, like the "better elements of the civilian population, looked upon venereal disease as an inevitable social evil concerning which nothing could be done and (which) should not be discussed in polite society."

During that period modern methods of diagnosing and treating syphilis and gonorrhea were unknown.

The World Today . . .

4. In case of any violation by the Japanese, the four powers would move in by common agreement with the necessary forces to put the Japanese in their place again.

5. The treaty would come into force when it has been ratified by each of the four governments and could be renewed after 25 years for an additional 25-year period. Any changes to be made would depend on how far the Japanese would have advanced "in the reconstruction of their life on a democratic and peaceful basis."

and domestic needs without conservation measures at home.

Argentina was the 20th nation to accept membership on the new international food council, but a technicality prevented her from coming in at once. Her delegates instructions failed to arrive in time.

That did not prevent the assignment of Argentina to a place on the central committee—the agency that will carry on when the full council is not in session.

It will work with committees handling specific commodities, coordinating their work and smoothing over differences. The combined food board had 16 commodity committees. One thing to be determined today was whether these should be taken over in whole or in part by the IFPC.

Serving on the central committee with Argentina will be the three

French-Italian frontier, decided to appoint the Big Four ambassadors to Rome a commission to observe the carrying out of the terms of the Italian peace treaty, and agreed to the withdrawal of British and American troops from Italy and Soviet troops from Bulgaria within 90 days after peace treaties go into effect.

House Votes Aid For Romance In Services

Washington, June 21.—(AP)—The House passed today legislation to admit to the United States the alien sweethearts (true blue varieties) of members of the armed forces.

The bill provides that aliens actually engaged to service personnel may enter the U. S. for three months as visitors, and must be deported if not married at the end of the three months.

Rep. Klein (D-NY) estimated that the bill would admit about 14,000 aliens, principally from Australia. The House added two amendments to the Senate version. One would require that the American consul in the country from which the alien sweetheart comes be satisfied that a bona fide engagement exists. The other would require that a bond be posted to cover return transportation costs if the marriage does not take place.

The bill was returned to the Senate for concurrence in these amendments.

Ball Plans Rider Strategy On Bill

Washington, June 21.—(AP)—Senator Ball (R-Minn) disclosed plans today to try for a ban on the unionization of foremen by means of a "rider" to a pending appropriation bill.

At the same time, Ball and other labor legislation backers split over a plan to lead the Hobbs "anti-racketeering" bill with amendments when it comes to the Senate for a vote.

Baruch-Plan . . .

(Continued from Page One)
ican plan pointed out that the proposed Russian convention would have to pass muster with the Security Council and be ratified by half the nations of the world before it would become effective.

"After all, he have the bombs," this proponent said.

The American position is that all the safeguard controls must be set up before the U. S. would yield the whip-hand to an international atomic development authority; the Russian plan holds out for destruction of the bombs within three months after adoption of the proposed convention and for control on a national basis before any international body should be set up other than one for exchange of scientific information to be used for peaceful purposes.

Paris Conferees . . .

(Continued from Page One)
treaty to be considered are the Austrian-Italian frontier and disposal of Italian naval units.

The question of Trieste, however, promises to be the most controversial. Russia has insisted that the important Adriatic port be ceded to Yugoslavia and Britain, France and the U. S. have maintained that it must remain Italian. All four of the conferees concede that Trieste is ethnically Italian.

The compromise yesterday, when the ministers expressed general approval of a U. S. proposal to delay decision on the colonies for a year and to refer the matter to the United Nations if the four powers could not agree by that time, gave rise to a new atmosphere of optimism.

Conference circles were visibly brightened by what a British source described as the conciliatory manner of yesterday's formal and informal sessions.

Under the compromise, Italy may renounce sovereignty of her colonies, which would be under four-power control pending either agreement by the Big Four or reference to the United Nations.

The ministers approved a motion by U. S. Secretary of State Byrnes to name a four-man commission to study the proposal and work out details.

Named to the commission were Ben Cohen, U. S. State Department counselor; Andrei Vishinsky, Soviet deputy foreign minister; Maurice Couve de Murville, French deputy foreign minister, and Gladwyn Jebb, British deputy foreign secretary.

The ministers yesterday also de-

Grain Market
Chicago, June 21—(AP)—Some oats deliveries broke away from their ceilings at times today, but there was no sustained selling pressure. Losses were generally recovered later in the session with prices back at maximums. Corn and barley remained bid at ceilings throughout the day. Rye was strong at Winnipeg.
Final prices were at ceilings of \$1.46 1/2 for corn, \$1.35 1/2 for barley and 83 cents for oats.

New York Cotton
New York, June 21—(AP)—Cotton futures opened unchanged to 20 cents a bale lower.
Noon prices were 15 cents a bale higher to 35 lower. July 29.31, Oct. 29.25, and Dec. 29.32.
Futures closed 35 to 90 cents a bale higher.

N. Y. Stock Market
New York, June 21—(AP)—Selected stocks regained their equilibrium in today's market, following yesterday's tumble, but many leaders continued to display slipping tendencies.
Dealings, lively in the forenoon, tapered somewhat later as early advances running to a point or more were reduced in a number of cases. Trends stiffened in the final hour and, while losers were plentiful, recoveries predominated near the close. Transfers were in the neighborhood of 1,400,000 shares.

Hope Says Indian Deal Completed

Little Rock, June 21—(AP)—Radio and screen comedian Bob Hope said here today that a deal for purchase of the Cleveland Indians already has "gone through" and that he had bought "about one-sixth" of the baseball club.

"Word from my attorney in Cleveland is that the deal already has gone through, although there are a few loose ends to be tied up in a meeting of present club directors on Saturday I believe," Hope told the Associated Press just before taking a plane for Omaha, Neb.

Hope declined to say how much money he had put up as his share of the purchase price but said he was buying "about one-sixth of the club," and it was reported he was paying \$175,000. He would neither confirm nor deny that this was the amount.

The radio funny man, who gave a performance here last night, is associated with Bill Veecik, former president of the Milwaukee Club of the American Association, in negotiations for purchase of the Indians.

Don't Pay Extra For Radio Tubes

Raleigh, June 21—Radio sets without tubes may not be legally sold unless the manufacturer makes application for a ceiling price to OPA in Washington, the State Office of Price Administration said today.

Due to the tube shortage, many manufacturers have been shipping tubeless radios to distributors and retailers, the agency pointed out. In

many instances, the latter have been supplying tubes from their own stocks and adding the costs to the retail prices, it was added.

Enforcement officials explained that this is strictly in violation of the radio price regulation since radio sets are pre-ticketed at the manufacturer's level complete with tubes, and can only retail at no more than those prices regardless of the dealer's cost of supplying tubes.

Manufacturers have been notified to cease shipment of sets without tubes, the agency said. In cases where manufacturers temporarily lack tubes they may apply for ceiling prices on the sales of tubeless sets.

Officials pointed out that enforcement actions will be taken against any manufacturer, distributor, or retailer offering tubeless radios for sale, unless such authorization has been granted.

NOTICE OF SALE OF VALUABLE FARM LAND AND TIMBER

On Monday, June 24, 1946, at twelve o'clock noon at the Court House door at Greenville, North Carolina, the undersigned commissioners will sell all of the timber standing or growing on the A. J. Whichard lands in Pactolus Township, Pitt County, North Carolina, measuring ten inches in diameter, sixteen inches above the ground, with three years in which to cut and remove the timber.

At the same time and place, said commissioners will sell subject to the above mentioned timber sale, the A. J. Whichard farm which contains approximately 200 acres of land, with 80 acres in cultivation, 19 acres tobacco allotment, together with tenant houses, tobacco barns, pack houses and other buildings.

Local Kaiser and Frazer Dealer Offers Service
Until first models of the Kaiser and Frazer automobiles arrive for display and sales at the Auto Specialty Company, local agency for the new 1947 cars, the firm will continue to devote its garage and repair facilities to the servicing of all makes of automobiles.
The company, located at 206 East Fifth Street has approximately 6,000 square feet of floor space for automotive service and repair, and is equipped with modern garage facilities.
Headed by Mr. W. B. Peel, the company will sell the Frazer and Kaiser cars in this area. Mr. W. A. MacDonald said that deliveries of the first Frazers would be made in the near future, Kaiser deliveries starting shortly thereafter.
The two new automobiles will be produced at the huge ex-bomber plant at Willow Run, Michigan, which is shared by Kaiser-Frazer Corporation and Graham-Paige Motors Corporation. The Kaiser is a product of Kaiser-Frazer Corporation, and the Frazer, of Graham-Paige Motors Corporation. Both are six-cylinder, full-size automobiles with sleek body lines and the widest seats of any competitive automobile.

Look For the Big Mirror in Front of Our Store Dial 4010

The decision was reached April 30. Attorneys have not yet filed a final accounting.

Referring to the companies that Evans organized with members of his family listed as partners, Judge Hill described them "only as devices to reduce the income taxes of the Evans family."

tion of Fred M. Vinson to be Chief Justice of the disension ridden Supreme Court.

He succeeds the late Herlan F. Stone. Confirmation was by voice vote late yesterday, with no objection. Vinson's new appointment culminates a long career of public service in which he has been House member from Kentucky, U. S. Court of Appeals judge for the District of Columbia, Stabilization Director Federal Loan Administrator, Reconversion Director and Secretary of the Treasury.

OPA Approves ...

(Continued from Page One) gave the miners an 18 1-2 cent hourly wage increase and provides for a levy of 5 cents a ton for a health and welfare fund. It also raised vacation pay from \$75 to \$100.

On the basis of expected production of 530,000,000 tons of soft coal during the year ending next, March 31, OPA estimated that the new wage contract will raise operators' costs \$280,500,000. This includes strike losses.

Of this, operators will have to stand \$57,750,000. The balance—\$222,750,000—will be paid by consumers.
