NAT'L LAWYER GUILD WOULD REMOVE CLARK

Attorney General's Chicago Speech Rubs Barristers Wrong Way

Cleveland, July 8.—(AP)—The National Lawyers Guild is resolved to seek the removal of Attorney General Tom C. Clark unless he reverses his policies of the Department of Justice.

Irked by a speech Clark made recently in Chicago, the Guild so decided in a resolution adopted at the final session of the organization's 10th annual convention yesterday.

Speaking before the Bar Association in Chicago June 1, Clark said one of the greatest dangers to "civil liberties of our fellow citizens and one which should be taken literally by all the members of our profession, is the method of communism and fascism to shackle democracy by indirection."

Clark also spoke of the responsibility of lawyers in guarding civil liberties. He said he did not believe in purges because they "bespeak the dark and hideous deeds of communism and fascism," adding:

"But I do believe that our bar associations, with a strong hand, should take those brilliant brothers of ours to the legal woodshed for a definite and well deserved admonition."

The Guild resolution calls Clark's speech "an insult to the legal profession."

"It seeks to intimidate lawyers into an abandonment of the most precious function of their calling namely, the vitalization of democracy through a defense of democratic rights."

"The speech is a plain incitement to disunity. It invites a witch-hunt against labor unions and their members; it seeks to promote intolerance of democratic rights by suggesting that the efforts of certain groups to vindicate their rights are insincere and artificially stimulated by outsiders of ulterior purposes; it seeks to set in motion a purge of lawyers who serve minority groups. These charges are in the shameful tradition of (Sen.) Bilbo and (Rep.) Rankin."

Mass Evictions In Soviet Zone

Vienna, July 8.—(AP)—Some 54,000 native Germans and other foreigners were ordered by Soviet authorities to leave Russian occupation zone of Austria by 6 a. m. today. A reliable source said they are to be sent to the French zone in Germany.

Russian army trucks and vehicles of the Austrian Communist party were stationed outside the homes of foreigners affected by the order, which permitted them to take only 30 pounds of belongings.

The Austrian government was reported to have advised foreigners in the zone that only persons who came to Austria after the Anschluss of March 13, 1938, and those not Austrian citizens were obliged to comply with the order. Austrian authorities claim the order contradicts both the London and Moscow declarations on Austria.

The order was said to be closely connected with the confiscation of "German assets," which the Russians announced Saturday. Austrian officials said the Russians were claiming 75 per cent of the republic's industrial capacity.

Saturday's order called for confiscation of \$22,000,000 worth of industry in eastern Austria along with other "German external assets." The United States and Austria have protested Russia's insistence that the property taken by the Germans after annexing Austria in 1938 is subject to seizure as German reparations under the Potsdam agreement.

Unions Emerge Unhurt Despite A Memorable Year Of Strikes And Strife, Of Threats And Denunciations In Congress, Organized Labor Escapes Promised Restrictive Legislation

By JAMES MARLOW

(Editor's note—This is the first of six stories explaining the history of organized labor and how, after a year of strikes, it emerges almost unscathed by restrictive legislation.)

Washington, July 8.—(AP)—Labor unions have come through a memorable year of tremendous strikes and struggles.

They have come through untouched, except for the Hoops Act, whose announced purpose is to squelch "racketeering" by labor or anyone else.

(President Truman said the act does not interfere with any of labor's recognized rights.)

This seems all that Congress, trying hard to adjourn, is expected to do this season by way of labor laws.

It was a tight squeeze, so tight that many people say they are astonished that labor came away so lightly.

For a year they had listened to threats and denunciations of labor in Congress, and at the end, Mr. Truman himself proposed labor leg-

Norah And Children Arrive

Norah Carpenter, unwed English girl, and her three surviving quadruplet children leave LaGuardia airport at New York after arriving by plane from London. With them is Jack Warner of Pittsburgh, a cousin of the babies' father, for Mr. Staff Sgt. William Thompson of Pittsburgh. The children, left to right, are Madeline, Michael and Maureen. May's Testimony Said To Be Unsatisfactory

Head Of War Profits Probe Board Dissatisfied With Congressman's Statement; Investigator Claims Given \$500 Bribe

Washington, July 8.—(AP)—Chairman Mead (D-N.Y.) today termed wholly inadequate the testimony Rep. May (D-Ky.) gave the Senate War Investigating Committee June 4 concerning his relations with an Illinois munitions combine. Mead commented after putting on the record a transcript of May's testimony at a secret session last month.

The committee had just heard Thomas O'Connell, one of its investigators, testify he was handed \$500 in a Chicago Hotel with the understanding that he would resign and withdraw from the investigation.

O'Connell said five \$100 bills were given him by Joe J. Martinez, a former Mead Committee investigator, as expense money preliminary to O'Connell's accepting a political campaign job in Mexico. O'Connell said he gave the money back next day.

In his statement to the committee, Chairman Mead said: "He (May) was not under oath. He left the impression with the committee that he made a few disinterested telephone calls that were more or less incidental. Testimony has since revealed that he made many telephone calls which were repetitious and troublesome."

"The committee has invited him to testify in open session and give whatever information he may have but he has so far failed to accept that invitation."

"The committee has received testimony from an army ordnance officer that may repeatedly importuned them to give valuable war contracts to the Illinois combine. The interlocked companies received over \$78,000,000 in contracts and their officers were paid salaries which Mead called 'war profiteering at its worst.'"

"The committee, opening the second week of its public inquiry into the interlocking group of 19 Illinois firms, made public a transcript of the following conversation:

MILLIONAIRE IN ACCIDENT

Howard Hughes Injured As Test Plane Crashes

Los Angeles, July 8.—(AP)—His collar, bone and seven ribs broken, his lungs punctured in six places, Howard Hughes was given a fighting chance to live today after crashing an experimental plane into three houses and a garage in Beverly Hills late yesterday.

The millionaire movie maker and plane builder was reported "resting easily" in Good Samaritan Hospital. Physicians said the degree of shock suffered by the 41-year-old sportsman in the next 24 to 48 hours would be the determining factor.

Hughes also suffered a broken nose, third degree burns on his hands and possible skull and left leg fractures in the crash and explosion of his newest plane, the XP-11, unofficially reported to be the fastest long-range craft ever constructed. He was alone on the test hop.

Aided by an unidentified Marine sergeant, Hughes staggered from the burning wreckage, was rushed to Beverly Hills emergency hospital, and transferred to Good Samaritan for surgery and treatment in an oxygen tent.

He was conscious for half an hour after the crash. When he arrived at emergency hospital, he calmly announced himself:

"I'm Howard Hughes." Shortly afterward, he collapsed.

Hughes plane had been in the air an hour and one-half. He had radioed the control tower at Burbank Airport that his landing gear was not functioning, and at dusk Glen Oederick, general manager of the Howard Hughes Corp., took off in an A-20 to search for him.

Twenty-five minutes before the crash, Hughes radioed that he was having engine trouble. He said he was going to try to make an emergency landing on the Los Angeles County Club course. That was the last message from him.

With a terrific "swooshing" noise, the XP-11, designed for reconnaissance photography, plunged onto a rooftop, bounced onto another roof, smashed a garage, and struck (Continued on Page Six)

Ten Fatalities For N. C. On Weekend

At least ten persons died violently in North Carolina during the long Independence Day weekend. Leading the fatalities were seven traffic deaths. McKinley Church, 25, and Isaac Eller, 22, both war veterans, were killed when their car overturned near Wilbur in Wilkes County Thursday night. The same car was killed in a wreck near Clinton and Claud Franklin Hodgkin, 28, was injured fatally at Deep River, Friday night a three-way collision near Wilmington claimed the lives of Miss Patsy Ruth Roberts, 20, and W. L. Nance, 68, her grandfather, both of Kannapolis. Sunday morning six-year-old William Howard Young of Four Oak was killed when struck by an automobile on his way to Sunday school.

At Mount Airy, Eddie W. Whitaker, 30, was shot to death Friday night. Police held James E. Edwards, 31, in connection with the slaying. Fishing trip along the Horse Pasture River in Transylvania County ended in death for Victor Lee Conner, 45, Friday, when he drowned while attempting to rescue his son.

MEXICAN VOTE RETURNS SHOW ALEMAN WINS

Count Incomplete, Miguel Aleman Certain To Be Next President

Mexico City, July 8.—(AP)—First official returns, including 25 of the federal district, 194 precincts, today gave Miguel Aleman, administration candidate, a lead of 1,945 over former Foreign Minister Ezequiel Padilla in yesterday's presidential elections.

The partial returns: Aleman, 13,588; Padilla, 11,613; Gen. Jesus Augustin Castro, 319; Gen. Enrique Corderon, 18.

First official returns from interior precincts gave Padilla 373 and Aleman 276 in Ciudad Casco, near Mazatlan on the Pacific coast.

Aleman led in 15 of the 25 federal districts (Mexico City and environs) precincts.

Aleman's powerful government party, PRI, held a proportionate lead in senatorial and congressional races in those precincts over rival parties.

Forty-two-year-old Aleman claims the election on the basis of party estimates.

The newspaper Novedades published scattered unofficial returns obtained from Aleman workers in eight states that gave Aleman 126,211 and Padilla 92,666.

In Mexico City, where voting was late, ballot counting was delayed in many precincts. In one place, voting continued this morning because of long lines remaining at the scheduled closing hour last night.

Padilla continued to charge that the elections were fraudulently conducted.

Two deaths and a number of minor casualties marked the voting in which the army was used for the first time in history to police voting places.

Although the results will not be known officially until Thursday Aleman declared there was no doubt of his election and formally thanked the people of Mexico for "the great honor they have conferred on me." His defeat would be regarded as a tremendous political upset.

CHURCH MERGE SEEN LIKELY

Episcopalians And Presbyterians Agree On Formula

Philadelphia, July 8.—(AP)—Merger of the Presbyterian Church in the U.S.A. and the Protestant Episcopal Church in the U.S.A.—a move that will unite about 4,195,000 Americans spiritually—was a step closer to realization today.

A document embodying the proposed basis of union of the two churches was released by spokesmen of the groups in a joint statement.

Dr. William Barrow Pugh, Philadelphia, stated clerk of the General Assembly of the Presbyterian Church, and Dr. Alexander Zabriskie, Alexandria, Va., secretary of the Commission on Approaches to Unity of the Episcopal Church, said the document provides a formula for "mutual recognition of orders and extension of authority of the clergy of both communions." They said the document does not provide details of the organization of the proposed united church.

"The future constitution of the united church will lay down the principle that ministers who have been ordained in either church prior to the union will receive the authority of either, and that all men ordained after the union will bear the authority of either tradition," the statement said.

The merger would affect 2,000,000 members of the Episcopal Church and 2,175,000 persons of the Presbyterian Church.

Arab Spokesmen Draft Note To Pres. Truman

Jerusalem, July 8.—(AP)—Threats of a possible Arab civil disobedience program in protest against Jewish immigration to Palestine were coupled today with an Arab slap at President Truman and a suggestion that he open America to Jewish immigrants if he really is in sympathy with them.

Dr. H. F. Khalidi of the Arab Higher Executive Committee said that group was drafting a new note to Britain warning that unless the British government took immediate steps to halt the illegal entry of Jews into Palestine there would be a wave of non-cooperation by Arabs, followed possibly by civil disobedience.

"After that," the spokesman said, "the next step may be mass demonstrations by Arabs, and this executive will refuse to accept responsibility for them."

Khalidi's statement came as the executive committee disclosed it already had drafted a letter to President Truman accusing him of flagrant, empty and irresponsible statements in connection with the problem of Jewish immigration to Palestine.

The note was prepared in reply to a White House statement last Tuesday to the effect that the U. S. was prepared to assume technical, and financial responsibility for the transportation of 100,000 European Jewish refugees to Palestine in accordance with recent recommendations of the British-American inquiry commission.

"We wish to remind the President, however," the note added, "that if he is really genuine in sympathizing with the Jews and their plight in Christian Europe, we advise him to open his White House doors to them or the door of his American continent, which can absorb not only 100,000 but millions of them."

Stockyards Full

CHICAGO, July 8.—(AP)—Meat animals continued to pour into stockyards all over the nation today, in numbers outstanding many months previously.

Packers and butchers said that they expected fresh meat supplies resulting from last week's increased kill will begin to reach dining tables this week, at higher than previous prices.

Union stockyards receipts at Chicago again led all other markets, receiving 25,500 hogs, 22,000 cattle and 3,500 sheep. These were greater in all categories than anticipated, and markets were slow getting started because of the heavy receipts. Hogs were about 25 cents higher on the average.

Altogether 12 leading western markets counted 169,300 hogs, 190,300 cattle, and 24,500 sheep today. A week ago these totals were 24,718, 27,000 and 35,500 respectively.

COTTON YIELD EXPECTED TO SURPASS 1945

Greater Acreage In Cultivation Reported By Dept. Of Agriculture

Washington, July 8.—(AP)—The Agriculture Department reported today that 18,160,000 acres of cotton were in cultivation on July 1, or 3.2 per cent more than a year ago.

No forecast on production was given. If the yield per acre equals last year's 251 pounds, however, and the full July acreage is harvested, production this year would be about \$158,000 bales.

The indicated average this July compares with 17,749,000 acres in cultivation a year ago and with an average of 25,608,000 for the 1936-45 ten year period. Last year's crop totaled 9,015,000 bales compared with the ten year average of 12,293,000.

The department said this is the first upturn in cotton average since 1942.

The report said that excessive rainfall in May throughout most of the cotton belt delayed chipping and cultivating of the crop. As a result, many fields became very grassy.

Early June weather, however, was favorable and farmers generally (Continued on Page Six)

LOCAL OFFICE MAKES GOOD

Employment Agency Finds Workers And Jobs When Called On

A check-up at the U. S. Employment Office here revealed that the statement of Pitt General Hospital in the state press last Monday that it had been forced to close 24 beds—one-third of the hospital beds—because of a desperate shortage of nurses and other help and inability to procure workers through the Employment Office was incorrect. The hospital had not applied for workers, Mrs. J. B. Spilman, manager of the federal office, said the hospital did not have an order for help on file. After she read the story about the hospital closing part of its facilities, she phoned the institution, offering assistance. Mrs. Lella Clark, superintendent of nurses, told Mrs. Spilman that the hospital was not ready to reopen the 24 rooms, that when ready they would notify the employment office.

A further check at the U. S. Employment Office revealed that there is no "long line of persons drawing government checks" for unemployment compensation. The federal (Continued on Page Six)

Big Four Still Fail To Reach Rules Agreement

Failure To Find Solution May Indefinitely Postpone Peace Conference; Soviet Press Hints Undercover Meetings

Paris, July 8.—(AP)—The foreign ministers council recessed after a morning meeting today, still deadlocked on the question of sending out invitations for a 21-nation peace conference July 29.

Arguments that have marked Foreign Minister V. M. Molotov's opposition to sending invitations for the conference unless they were accompanied by a strict code of rules for its procedure were presented again today in the face of pleas by Secretary Byrnes and Secretary Bevin to have the invitations go out immediately.

The American and British secretaries said they were willing to discuss procedure rules as suggestions but would not attempt to insist them on the other nations.

The ministers were to resume their session late today.

Sources close to the council said that failure to reach an immediate solution of the procedural problem upon which the foreign ministers have been deadlocked since Friday might result in indefinite postponement of the proposed peace conference.

The Soviet news agency Tass, meanwhile, injected a new note of dissent into the proceedings, by asserting that the British, American and French representatives had begun "secret" talks concerning Germany from which Russia was being excluded.

Tass said there was speculation in Paris that the reported talks "concern not only economic but also other questions."

Whether there was any foundation for the Tass report could not immediately be ascertained. There have been private meetings here between the foreign ministers council and government officials from Belgium and Czechoslovakia—countries that might have claims against Germany—have conferred privately with the ministers, including Molotov. There has been no official indication, however, of the nature of these talks.

The deadlock on the peace conference stemmed from Russia's insistent demands that the Big Four impose a set of rules of procedure on the conference—demands which (Continued on Page Six)

AMERICAN IS NAMED SAINT

Vatican City, July 8.—(AP)—Church bells pealed throughout the Eternal City of Rome yesterday to proclaim the elevation of Mother Frances Xavier Cabrini to sainthood in the Roman Catholic Church—the first time such an honor has been conferred upon a citizen of the United States.

Pope Pius XII, presiding over the majestic rites of canonization, declared that "the nations and peoples will learn from her—who ardently loved her fatherland and scattered the treasures of her charity and labors even to other countries—that they are called to constitute a single family, a family that must not be divided in stormy rivalry."

TRUMAN SEEN AS APPROVING NEW OPA BILL

Substitute Measure Has Chief Executive's OK As It Now Stands

Washington, July 8.—(AP)—Democratic Leader Barkley (Ky.) told President Truman today he hopes the Senate will pass an OPA renewal bill that will meet the chief executive's approval.

He talked to reporters at the White House after he and other legislative leaders had conferred with Mr. Truman, shortly before the Senate was scheduled to open debate on price control legislation.

"I told the President that I hoped the Senate will get out a bill he could approve," Barkley said.

Asked whether Mr. Truman mentioned any specific objections to the compromise measure before the Senate, Barkley replied that the President thought price control advocates had done "the best they could."

"He can't pass judgment on it until he gets it before him," Barkley added.

ALDERMEN IN BUSY SESSION

Municipal Body Begins New Fiscal Year; Plan For Paving

By CHESTER WALSH

At a meeting of the Greenville Board of Aldermen Friday night L. M. Buchanan was appointed mayor-pro-tem. City Clerk and Tax Collector, his Assistant, Glenn W. Brooks, Stenographer and Bookkeeper Mary Langley, Police Chief James E. Tanner, Fire Chief George Gardner, and Assistant Jasper L. Jones, Superintendent of Streets Clyde T. Mallison and City Attorneys Harding and Lee and other employees were reappointed. Mayor Jack Boyd presided over the meeting. The two new aldermen C. B. Mayo, recently elected, and W. Z. Morton, recently appointed to succeed Rufus V. Keel, resigned, participated in the aldermanic proceedings.

Will Whedbee, Greenville sales supervisor, petitioned the Board of Aldermen for \$2,800 for advertising the tobacco market. James E. Worsley asked for a donation of money for providing a "homecoming day" welcome for veterans of World War II. The applications were referred to the Finance Committee, which is the Budget Committee. Leroy Barnes, who heads the "Rough and Ready Negro Fire Company," asked for a donation to cover some of the expenses of the fire company to attend the Negro Firemen's Convention at Elizabeth City on August 19. One hundred and fifty dollars was allocated.

Mayor Boyd reported that the city has advertised for bids on the \$250,000 street paving project. The bids will be opened at the City Hall on July 16. A bond election was recently held to provide funds for the paving. Repairing and resurfacing paved streets is financed through the city's budget.

The Budget Committee submitted a tentative draft of the budget for the fiscal year July 1, 1946-June 30, 1947. The budget will be completed this week.

Attention was called to the public nuisance of unnecessary tooting of automobile horns. Members of the board suggested that if the present ordinance does not provide for eliminating this nuisance that a new ordinance be adopted.

Mayor Boyd announced his committee appointments for the ensuing year.

The Austrian Seizures

AP's Foreign Affairs Analyst Interprets Moscow's Latest Move As A Major Step Towards Incorporating Austria Into The Russian Zone Of Influence

By DEWITT MACKENZIE

Russia's startling move in seizing ownership of a major part of Austria's industrial capacity and other property as German reparations—without notifying their allies—strikes a good deal deeper as I see it, than any mere desire to recompense the Soviet Union for war losses.

The tip that this is more than a reparations maneuver lies in the fact that it was carried out secretly. The Red authorities had the thing in a sack before they notified their American, British and French allies. Why this unilateral action? The Soviet Union isn't so hard up that she has to resort to such methods.

The western allies would like an early evacuation of all the troops of occupation and the signing of a peace treaty which would make Austria independent once more. When I was in Vienna recently I had a long talk with General Mark Clark, the American commander-in-chief, and came away with the distinct impression that he would like to see a military evacuation of Austria by autumn. However, the Russians have given every sign of intending to stay on indefinitely and their move in taking over Austria's chief industries most certainly tends (Continued on Page Four)

Warren-Bizzell

The marriage of Miss Ella Ruth Bizzell, daughter of Mr. and Mrs. A. W. Bizzell of Greenville, to Clarence Burton Warren, son of Mrs. Sude B. Warren and the late Mr. Robert Ernest Warren of Mebane, was solemnized in the Jarvis Memorial Methodist Church in Greenville on June 29th. The Reverend R. L. Hitchcox of Newton Grove performed the double ring ceremony.

Before the ceremony, Mrs. G. W. B. Hadley, organist, played Schubert's "Serenade," "Ave Maria" and "I Love You, Truly" by Carrie Bond. Hester Ann Bizzell, cousin of the bride, sang "Because," "All For You" and "The Lord's Prayer." During the ceremony "Claire De Lune" by Debussy was played. The traditional wedding marches were used.

The bride was given in marriage by her brother, Oscar M. Bizzell. She wore a white satin wedding gown fashioned with a sweetheart neckline, fitted bodice and long tight sleeves which ended in calla lily points. Her finger tip veil of illusion was attached to a tiara of seed pearls. She carried a white prayer book topped with a white orchid, showered with stephanotis.

Doris Bizzell, maid of honor, was her sister's only attendant. She wore a gown of white net over taffeta and carried an arm bouquet of Better Time roses. Her headress was an arrangement of roses and net.

Marvin Rogers of Mebane was the bridegroom's best man. Ushers were O. B. Reeves, Jr., Fayetteville, W. H. Pruden, Greenville, Leland Lee and Gordon Tart, Newton Grove.

The brides' mother wore a dress of aqua crepe with white accessories. The bridegroom's mother wore a black sheer crepe dress with black and white accessories. Both wore orchid corsages.

Immediately following the ceremony Mr. and Mrs. Bizzell entertained at a reception at 504 East Fifth Street, Greenville. Guests were greeted at the door and presented to the receiving line by Mrs. Bizzell, mother of the bride, and Mrs. Warren, mother of the groom. The receiving line was composed of the bride and groom, Doris Bizzell and Hester Ann Bizzell, Mr. and Mrs. William Batchelor, Mr. and Mrs. William Batchelor directed guests to the dining room. The table was covered with an imported cut-glass linen cloth and centered with a miniature bridal scene with a background of white candles in silver holders. WHAT IS A DRUG STORE?

★ The drug store is but one unit in a complex pattern of businesses and professions, all of which serve the needs of the community. But it is unique in that pharmacy is both a business and a profession.
A business built on service to the sick cannot be restricted to usual "business hours." The need for medicine and sickroom supplies is usually immediate and urgent. In times of widespread illness the twenty-four-hour day seems all too short. We are ready, day or night, to serve the pharmaceutical needs of the community.

LOCALS LOSE TO GOLDSBORO

Rain Stops Game In Seventh With Score Of 7-0

The Greenies' slump held over through their Sunday game against the Bugs of Goldsboro as rain halted the game in the seventh inning, with a 7-0 score against the locals. M. Blackwell, Carlson and Payne were the only players to score hits off Bob DeCamp's pitching; while the Goldsboro nine picked up ten off Joe Alamo's offerings.

Goldsboro opened the game with a small barrage of singles, then their guns were silenced until the sixth. The five runs they scored in that inning resulted from four singles, a double, a walk, a stolen base and a wild pitch.

Manager Payne's Greenies have a number of opportunities during the coming week to break the jinx which has followed them the past seven days starting with a return to a meeting with Fayetteville in a match in Goldsboro tonight, and double header here tomorrow night.

FOR GOOD LISTENING hear Jim Britt, Mel Allen and Bill Corum report this annual classic from Fenway Park in Boston.

A set of maps covering every part of your trip. Created by Shell road-map experts for clear, easy reading, completeness of information and handy size, Shell Maps show all population centers and mileages between them, scenic points, other special places of interest. Separate inset maps show principal cities and how to drive through them.

Made to measure for you... If, for instance, you like to drive about 200 miles a day, Shell experts will so mark each day's drive on your maps, planning your trip so that you wind up your day's run at a good place to spend the night.

Things to see, things to do... Shell Touring Headquarters will send you all the facts about National Parks and Monuments, State Parks, places to hunt and fish, other exciting things to see and do along the route. If you're driving into new territory, be sure to ask your Shell Dealer for this information... it will add immensely to the pleasure of your trip!

Special made-to-order routings planned to fit your trip. Immediately upon receiving your request for tour information, your Shell Dealer sends to Shell Touring Headquarters for complete trip data. Corps of experts immediately selects your set of maps and marks on them, so you can read it at a glance, the best route for you to take, including last-minute information on road conditions, construction work, etc. (These facts are constantly being flashed in to Shell Touring Headquarters by road-check men in the field.)

Places to stay, too! Shell has a complete, up-to-date, and country-wide listing of hotels, motor courts, tourist homes, camp sites—the best places to stay in each locality. Be sure to ask your Shell Dealer for this information—it will save you hours of hunting at nightfall for a place to stop.

Motor laws and regulations—they vary from state to state, and from city to city. It's a good idea to ask your Shell Dealer to have a summary of these regulations included in the information he requests from Shell Touring Headquarters.

To get all the above information absolutely free, simply ask your Shell Dealer to forward your requests to Shell Touring Headquarters. Try to allow at least a week for compiling and mailing data. Your Shell Dealer will get in touch with you the minute your maps and tour information arrive.

**Strength
 FOR THE DAY**
 By EARL L. DOUGLAS

**IN THE HANDS OF A POWER
 ABOVE**
 When Clara Barton began her
 career as an Army nurse, she was
 without any experience in suffering
 and utterly unused to the work she
 was required to do. Sometimes she
 thought she could not continue.
 Later she confided to a friend
 the thing that had kept her going.
 "I learned how to forget myself
 completely, and I discovered that
 that was the only way. When con-
 fronted by human need," she con-
 tinued, "one must never so much as
 think whether one likes a situation
 or not; one must never think of any-
 thing except the need and how to
 meet it."

Probably everyone reading these
 words either confronts or has con-
 fronted some duty which has ap-
 peared unbearable. How can we go
 on meeting the requirements which
 duty is imposing upon us in such
 matters? How can we stand it—
 physically, mentally, spiritually?
 The answer is that no duty which
 is really a duty is ever unbearable.
 Satisfy yourself in your own mind
 whether the thing is or is not a
 duty. If it is a duty, some way will
 be found for getting through it.
 Strength will be given you when all
 strength appears gone. The unbea-
 rable will become bearable and the
 deep defile with precipitous walls
 on each side will finally open into
 a calm and pleasant valley and
 amaze you with the realization that
 the suffering is past.

THE REFERENDUM
 On July 12, tobacco grow-
 ers will vote on the continu-
 ance of allotment quotas.
 The referendum will de-
 cide more than the mere
 continuation of the system
 of controls, determined also,
 will be the entire living
 economy of eastern North
 Carolina and the incomes of
 countless growers outside of
 our own state.

Our greatest wealth lies
 in our huge tobacco produc-
 tion. It overshadows other
 industries to such an extent
 that our citizens who are not
 involved in the actual farm-
 ing of tobacco are depend-
 ent upon the continued pros-
 perity of their farming
 neighbors. This condition of
 mutual prosperity must be
 continued.

A majority of 66 2-3 per-
 cent is required to assure the
 continuance of crop control.
 Those who are against the
 allotment system are sure to
 vote . . . The great danger
 lies in that, the proponents
 of crop control being indif-
 ferent and certain in their
 own minds that the controls
 will be approved without
 their vote, fail to make their
 voices heard when it is need-
 ed most.

It is a matter of record
 that in the years of planned
 marketing quotas tobacco
 prices were kept at the high-
 est levels. In these days of
 increased living costs it is
 imperative that those who
 play such a prominent part
 in advancing our state's
 greatest single asset receive
 a fair compensation for their
 labors.

If quotas are approved,
 loans at 90 percent of the
 parity price will be avail-

signed it into law would have placed more restrictions on organized labor than any law ever passed in this country. Mr. Truman killed it with a veto.

4. Then, trying to salvage something out of its year's work, Congress passed the Hobbs bill. This was introduced several years ago by Rep. Hobbs, Alabama Democrat, but had been gathering dust in Congress since.

Hobbs said the purpose of his bill was to plug a loophole in an old anti-racketeering law that had been on the books since the early 1920s. Under that old law a number of AFL union members several years ago were convicted of forcing out-of-state truck drivers to give them a day's pay before being allowed to drive into New York.

The Supreme Court got the case and said there was a loophole in the law, that it did not apply to union men. The court freed the convicted AFL union members.

Mr. Truman signed the Hobbs bill into law July 3.

under Russian control as, for example, is Hungary. Continued occupation of Austrian territory by the other three allies merely puts off the day when Austria will be behind that Stettin-Adriatic line.

All this fits in well with the view expressed by diplomatic authorities in Washington that the Russians are maneuvering to keep Red armies spread over eastern Europe as long as possible. Secretary of State Byrnes has as one of his objectives the withdrawal of armies of occupation as soon as possible. He is reported to favor an agreement that occupation troops be withdrawn from a country about three months after signing of the peace treaty. Soviet Foreign Minister Molotov, however, holds that troops should be maintained until a treaty is ratified—and months and even years might elapse before ratification by the various signatories.

As the signs now read, Austria already is to all intents and purposes incorporated in the Russian zone of influence.

The bulk of the country's basic industry is in the Russian zone and Austrian officials declare Moscow is claiming 75 per cent of the republic's industrial capacity. The distracted Vienna government says the Russian-claimed properties have decisive significance for the country's reconstruction and economy. That, of course, is precisely why the Red authorities seized them.

2. Reacting to the rail strike, Mr. Truman asked for a temporary law permitting the government—once it had seized an essential industry—to draft strikers into the army and force them to work.

With no more big strikes in immediate prospect, all talk of this request has died down. So it's frozen too.

3. But Congress—House and Senate—produced a bill of its own, the Case bill. It was named after Rep. Case, South Dakota Republican, who first introduced it in the House. This bill—if Mr. Truman had

BOYS LEAGUE BASEBALL

BOYS LEAGUE

After losing four straight to the Giants the Cardinals from the Training School finally put it on the Giants Monday morning at Third St. Park.

The Cards lost no time and set to work in the first inning when they scored seven times to take a commanding lead that the Giants could not overtake. Glenn Scott who pitched for the Giants and who generally has things his own way was knocked rather freely and also committed two errors that hurt his cause. Tee Rouse with four hits and Milton Foley with three did the most damage for the winners. John Sideris and Glenn Scott got two hits each for the Giants. Billy Johnson and John Karsnak played a great fielding game.

Local Elks Attend New York Meeting

Four members of Greenville Lodge, Benevolent and Protective Order of Elks, left at the weekend for New York City to attend the 82nd meeting of the Grand Lodge of the order. Those who will attend the convention from Greenville are Hoover Taft, John W. Glover, Curtis Perkins and C. L. Russ. More than 10,000 members of the Benevolent and Protective Order of Elks will meet in New York City from July 6 to July 11 in the first convention of the order since the removal of wartime travel restrictions. It will be New York City's largest convention since Pearl Harbor. Exalted Ruler John W. Glover said.

N. Y. Stock Market

New York, July 8.—(AP)—Selected issues advanced moderately in today's stock market while the general run of leaders jogged over a slightly uneven path. Dealings were relatively quiet from the start although a bit more active than Friday's slowest session since last August. Mild irregularity persisted near the close. Transfers ran to around 700,000 shares for the full proceedings.

New York Cotton

New York, July 8.—(AP)—Cotton futures opened 5 to 35 cents a bale higher. Futures closed \$5.00 a bale higher.

Amazing Discovery In A Hearing Aid

A big improvement has been made in a hearing aid now welcomed by thousands. This new one-unit aid is so light in weight you'll hardly know you're wearing it. Requires no separate battery pack, battery case or garment. Made so you can adjust it yourself to suit your hearing. The tone is clear and powerful. Remarkable new "X-Cell" retains full power up to 50 hours continuous use. Eliminates altering batteries two or three times a day. Includes many other improvements for your comfort and better hearing. The makers of Beltone, Dept. 7228, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send free descriptive booklet and explain how you may get a full demonstration of this wonderful hearing device in your own home without risking a penny. Write them today.

Big Four ...

(Continued from Page One) both the British and American delegates vehemently opposed. These rules, which Russia proposed be sent out with invitations to the conference, included a proviso that a two-thirds majority vote of the conference should be required in order to make any changes in the draft treaties submitted by the foreign ministers. American sources maintained that with six Slavic states—Byelo Russia, Czechoslovakia, Poland, the Ukraine, the U.S.S.R. and Yugoslavia—traditionally voting as a bloc, the two-thirds rule would make it virtually impossible for the peace conference to change anything in the draft treaties without the approval of those nations.

May's Testimony ...

(Continued from Page One) crypt of May's appearance on June 4 after the chairman of the House Military Committee insisted in a statement that he had told his full story at that time. In the document released last night, May was quoted as saying his only connection with the companies was to assist their officers in a timber deal which, he asserted, resulted in no profit to him. Army ordnance officials testified last week that May "put on pressure" to obtain contracts for several of the companies. The committee also heard testimony that two of the firms advanced \$48,634 to the Cumberland Lumber Company of Prestonsburg, Ky.—May's home town—and that \$18,634 worth of checks to the company were endorsed A. J. May. This testimony prompted Senator Mitchell (D-Wash), a member of the committee once headed by President Truman, to demand that May be called as a witness—even if it require actions by both houses of Congress.

The Movies Today

Pitt—"RAINBOW OVER TEXAS," Roy Rogers, Dale Evans. Stage—"SUN VALLEY CYCLONE," "Wild" Bill Elliott, Serial. ment Week. Incidentally, the Employment Office recently sent more than 50 workers—white and Negro—to the Farm Agent's office in response to a request for farm workers. It appears after a careful study of the situation that there are plenty of jobs and plenty of workers, and this includes registered nurses. The records indicate that those who pay full living wages have no trouble procuring workers or holding them after they go to work.

Local Office ...

(Continued from Page One) does. However the records in both offices concerning Pitt County showed that less than 1 per cent of the very few who are justly entitled to unemployment compensation avail themselves of the privilege. Mrs. Spilman quoted the attorney for the State who checks on these cases as saying: "It was explained that if a person quits a job he is not entitled to compensation. If he's fired he can qualify for unemployment compensation if there are no jobs available. But there are jobs—plenty of them available for men and women, Mrs. Spilman said. A person out of a job who applies for unemployment compensation is referred to half a dozen or more jobs that are open. If the applicant declines to accept an available job, then that person is recorded as 'not willing to work and not entitled to compensation.' The Employment Office has nothing to do with what wages are paid workers. They find jobs and persons to fill them. This information is given in justice to the local Employment Office, which is doing a bang-up job. Incidentally, when Governor Cherry was in Greenville several months ago, he said 'the Pitt County Employment Office is the best managed in the State.' The U. S. Employment Office, under management of Mrs. Spilman, has the support and cooperation of the three civic clubs—Rotary, Lions and Kiwanis, and the Womans Club. These organizations recently had folders printed and distributed encouraging employers and workers to register at the Employment Office. The Chamber of Commerce had printed a similar message on placards to be placed in public places. This was done in support of a 'Job Development Program' during 'Veterans' Employ-
