## President Signs Huge Loan Bill

### Terms British Loan A Major Step To Revive And Expand World Trade; Notables Attend Ceremony; Credit For Russia May Be Delayed Another Year

Washington, July 15.—(AP)—President Truman today signed the \$3,750,000,000 British loan agreement and terms it a major step to carry out a program for reviving and expanding international trade.

The loan, Mr. Truman said in a statement, serves the immediate as well as long-time interests of the United States, "by helping to restore world trade."

"At the same time," he added, "it enables Great Britain to cooperate in creating a pattern of mutually beneficial economic relations among the nations of the world."

"It goes far to remove the danger of rival and antagonistic economic blocs," the President continued.

He emphasized that the agreement between the two countries is not directed against any other nation, adding:

"The system of trade we seek is open on the same fair terms to all the United Nations."

Mr. Truman signed the measure at a ceremony attended by a large group of notables, including Lord Inverchapel, the British ambassador; Secretary of State Byrnes; Chief Justice Vinson; Treasury Secretary Snyder and members of both political parties from Capitol Hill.

The President used 26 pens in signing the measure, handing them out to his visitors as souvenirs of the historic occasion.

With the British loan arrangements now complete, attention has turned to a possible loan to Russia. There seemed little prospect that a credit for the Soviets, could be negotiated for at least a year.

The Kremlin reportedly is interested in borrowing about \$1,300,000,000 from this country.

Little has been heard of a Russian loan since the U. S. some time ago notified Moscow of a willingness to discuss it—provided Russia would agree to talk at the same time about her trade relations with the Balkans and other areas within the Soviet sphere of influence.

Any such loan would have to come through the Export-Import Bank unlike the one to Britain that late Saturday won a 219 to 155 House vote of approval.

Only President Truman's signature (Continued on Page Seven)

## A-Bomb Violence Grows Manifest

Kwajalein, July 15.—(AP)—Atomic bomb violence at Bikini was considerably greater than at first pictured, it was intimated today by an officer who reported that animals which withstood the concussion of the blast now are "dying like flies."

The officer, who visited the highly secret animal ship Burleson, said the animals may appear healthy and have a normal blood count one day and just "drop off the next day."

When asked whether the animals would be taken to the United States for studies of the effect of radiation, he had been announced, the officer asked in return, "What animals?"

The inference was that the studies might all have to be post-mortems.

Amazing Pig 311, fished from the waters of the lagoon after the blast, is still alive, an officer reported. He said, however, he understood the pig was beginning to show signs of radiation damage, and was being given penicillin and other treatments.

## Voting By Congressmen

No Full Records Exist On How Your Representatives Stand Every Time They Vote In Congress; Group Voting Saves Congressmen Embarrassment

Washington, July 15.—(AP)—Unless you ask your representative or senator, you'll never be able to find out where he stood every time he voted in Congress.

The reason: No full record of all the votes of individual congressmen exists. It never has. Yet such information might help you make up your mind in the congressional primary elections now going on.

Your congressman can produce a record, if he wishes to, on some of his voting. For the rest you'll have to take his word. Why?

Because Congress has several ways of voting and in only one of them is it possible to keep a record of the individual's vote. This is called the rollcall vote. Which means:

When one member requests it—and enough of the others agree—each congressman has to say "yes" or "no" by name. This then becomes a matter of record. It's a rollcall vote.

All the other voting is done in a group, without any personal identification. The congressmen vote by

## STANTON BELONGS TO JAYS MAY GAVE HIS FRIENDS HELP

### Investigating Committee Studies Means Of Forcing May To Testify

Washington, July 15.—(AP)—Joseph Freeman, a munitions manufacturer's Washington agent whose salary skyrocketed from \$5,841 to \$70,000 in four years, testified today that he asked Rep. May (D-Ky.) for business help "six or eight times."

But Freeman told the Senate War Investigating committee, now searching into the wartime operations of an Illinois munitions combine, that he didn't know whether May had ever visited his office.

That response came after Chairman Mead (D-NY) cautioned him to "think hard and long, and remember that you are under oath."

The committee has received testimony that May, chairman of the House Military Committee, interceded with the War Department to give contracts to the munitions combine. May has declared his activities were solely in the interest of the war effort and that he did not profit.

The combine received wartime contracts amounting to more than \$78,000,000.

"Was the congressman cooperative?" inquired Mead.

"Not always," said Freeman.

Under questioning Freeman testified that sometimes he had to wait as much as a week in order to get May's help on problems involving the Jeric Basin and Batavia Metal Products companies, two of the concerns in the combine.

Before Freeman was called to the stand, Mead announced that the committee is examining the law as to bringing congressman May before the committee by legal process.

Senator Mitchell (D-Wash.) told newsmen that in view of May's latest stand he planned once more to bring up his motion for a congressional resolution to summon the chairman of the House Military Committee as a formal witness.

Mitchell is a member of the committee that is opening its third week of hearings into what Chairman Mead (D-NY) has called war profiteering by a midwestern munitions concern.

May has acknowledged intervening with the army on behalf of (Continued on Page Four)

## Fields Gets His Summons

Benjamin F. Fields (right), Washington press agent, interrupts a news conference to show his wife a summons he has just received to testify before the Senate War Investigating Committee. Fields called in reporters to give his version of events which entered into records of the war profits investigation involving Eric Basin Metals company, and other concerns combined under Dr. Henry Garsson. (AP Wirephoto).

## Manpower Shortage In Fall Seen By Officials

### Full Employment Goal Said To Be Near At Hand; Analysts Amazed At Rapid Absorption Of Returned Servicemen

Washington, July 15.—(AP)—A market will consequently become even tighter than it has been in recent months.

Throughout the government, officials voice surprise over the rate at which private industry has absorbed discharged veterans—almost 10,000,000 in the last ten months, U.S.E.S. says. Five out of every six servicemen released up to June were at work or in school.

Real labor tightness is likely to be felt this fall, CPA analysts believe, when the flow of men returning from the armed services slackens off at just about the time that thousands of young men and women quit their vacation jobs to go back to school. However, to some extent this will be offset by the usual fall drop in farm employment.

Government officials are wary about predictions, in view of the celebrated error of the old War Manpower Commission in predicting 8,000,000 unemployed this spring. Few are willing to be quoted by name or to guess which industries will be hardest hit.

The consensus, however, is that housing construction will run into serious manpower troubles as the homes-for-veterans drive gets into full swing; that the lower-paid industries like textile mills and brickyards will encounter a resurgence of their wartime difficulties, and that "unpopular" occupations like foundry work and the needle trades will have difficulty recruiting workers.

Some analysts in the Office of War Mobilization and Reconversion say there is "better than a 50-50 chance" for a manpower shortage this fall; others believe it will be severe in some industries and localities but not general.

The U. S. Employment Service holds mainly to the latter view, but its current official report, "The Labor Market," gives this forecast: "A period of economic activity unparalleled in peacetime appears in the immediate offing. The labor

## Cabinet Summoned

LONDON, July 15.—(AP)—The British Cabinet was summoned today to approve a new import program made possible by a \$33,750,000,000 loan from the United States.

Following the meeting Chancellor of the Exchequer Hugh Dalton was expected to go before the House of Commons to report on the plan, which authoritative informants said would give high priority to machinery and machine tools as well as newsprint to increase the size of Britain's daily press, now limited to four pages.

## FAMINE YEARS STILL AHEAD

### U. S. Food Relief May Continue For Three Years

Washington, July 15.—(AP)—President Truman told a youth food conference today that the United States may have to help prevent starvation in war torn areas for another three years.

"It is going to take another year or two—maybe three—before those countries can get back on a production basis so that they could (Continued on Page Four)

## POKER FIGHT ENDS IN DUEL

### Three Men Killed In Family Argument Over Cards

Harlan, Ky., July 15.—(AP)—Sheriff J. S. Cawood reported today that three men were killed yesterday in a remote section of the eastern Kentucky mountains when the male members of two families "shot it out" in the middle of the road following an argument about a poker game.

The Harlan sheriff said it had not been determined how many men took part in the gun battle or whether the shooting took place in Harlan County or Leslie County. He said his deputies and those of Sheriff Wiley Joseph of Leslie County were investigating.

The bodies of three men were brought here to be prepared for burial. Sheriff Cawood said they were residents of the Middle Mountain area along the Harlan-Leslie county line near Hyden, Ky.

The sheriff identified the dead as: Lloyd See, 64, a farmer, shot four times with one bullet.

Arthur Muncy, 64, a farmer, shot 12 times with nine bullets.

## EVATT CLAIMS VETO POWERS MUCH ABUSED

### Attacks Privilege As "Undemocratic And Unjust" In Broadcast

New York, July 15.—(AP)—Dr. Herbert V. Evatt, Australian foreign minister, today attacked the veto procedure in the United Nations Security Council as undemocratic and unjust and declared there must be "no veto" in the Paris peace conference.

Evatt, who is returning to Australia as a member of the United Nations Atomic Energy Commission, said in a radio broadcast heard here and in Australia that the illogical system of voting in the Security Council is the most serious disability under which the United Nations is now working. "It is a travesty of democratic procedure when any one nation can block the unanimous opinion of the remainder of a council of eleven when it is endeavoring solely to conciliate and adjust international disputes and situations."

"I sincerely hope that good sense will prevail and that the special privilege of individual veto will never in the future be abused."

The Australian cabinet member who will leave later this week to sit in the Paris peace conference said it is to be hoped there will be no attempt of any kind, direct or otherwise, to bustle through in a few weeks settlements which have taken so long to draft.

Reporting on the work of the atomic energy commission, he said he had obeyed the U. S. General Assembly mandate to proceed with the utmost dispatch to such an extent that some of his colleagues had good humoredly accused him of driving them too hard. He said however, that substantial progress has been made.

Evatt praised the United States offer to give up this new and tremendously powerful weapon as an act unparalleled in history.

## MIHALOVIC IS FOUND GUILTY

### Former Resistance Leader To Die By Firing Squad

Belgrade, July 15.—(AP)—Gen. Draza Mihailovic, former Chetnik leader, and 10 of his 23 co-defendants are convicted today by a Yugoslav military court on charges of collaborating with the Germans and were sentenced to die before firing squads.

Prison sentences ranging downward to 18 months were imposed on the remaining defendants.

It was not immediately announced how soon the death sentences would be carried out. Two of those sentenced to die were tried and (Continued on Page Four)

## Doctors Optimistic For Hughes' Chances

Los Angeles, July 15.—(AP)—His temperature and pulse still above normal, Howard Hughes remained in critical condition today in Good Samaritan Hospital, where the famous plane builder was taken a week ago yesterday after crashing his experimental photographic plane.

A bulletin issued by Hughes' physicians gave his temperature as 101.2 and said his pulse was running between 120 and 140. Breathing continued painful and laborious but Hughes had just ended three hours of restful sleep, the bulletin said.

Last night Dr. Verne Mason said he was optimistic over Hughes' chances for complete recovery.

## Civil Service Requires 'No Strike' Affidavit

The U. S. Civil Service Commission has informed Federal agencies that persons entering the Government service and those now in the Government service should be required to execute an affidavit in which they swear or affirm that they are not members of an organization of government employees which asserts the right to strike against the Government.

The Commission stated that after consultation with officials of the General Accounting Office, it has been ascertained that the following type of affidavit will meet the requirements of law:

"I do hereby swear (or affirm) that I am not engaged in any strike against the Government of the United States and that I will not so engage while an employee of the Government of the United States; that I am not a member of an organization of Government employees that asserts the right to strike against the Government of the United States, and that I will not while a Government employee become a member of such an organization."

Surviving are his parents, Mr. and Mrs. Eddie Haddock; two brothers, Terry and William Haddock; two sisters, Lovie Ann and Fay Haddock, all of the home; the paternal grandparents, Mr. and Mrs. Will Haddock, and the maternal grandparents, Mr. and Mrs. L. A. Spear, all of the Vanceboro community.

## Congress Makes Final Bid To Pass New OPA Measure

### Girl In Ochsner Case Sentenced

Benjamin F. Fields (right), Washington press agent, interrupts a news conference to show his wife a summons he has just received to testify before the Senate War Investigating Committee. Fields called in reporters to give his version of events which entered into records of the war profits investigation involving Eric Basin Metals company, and other concerns combined under Dr. Henry Garsson. (AP Wirephoto).

## Secretary Of State Readies Radio Talk

### Discusses Prospects of Peace In Europe; Adds Final Touches To Radio Address Covering Paris Conference

Washington, July 15.—(AP)—Secretary of State Byrnes talked over with President Truman today the prospects for formally reestablishing peace in Europe.

They went over, also, the radio report Byrnes will make to the nation tonight on the foreign ministers meeting at Paris which set the peace conference for July 29.

The 30-minute speech, beginning at 9 p. m. (EST) will be carried by CBS, ABC and Mutual networks.

Presidential Press Secretary Rose told reporters that the President regards Byrnes' address as a most important speech and is anxious that it have wide dissemination on the radio and in newspapers.

Diplomatic authorities looked to (Continued on Page Four)

## LOCAL PILOTS TO AIR MEET

### Kinston Jaycees To Be Host To Aviation Breakfast Club

Greenville will be well represented at a regular meeting of the North Carolina Aviation Breakfast Club at the Kinston airport next Sunday morning. Members of the club are pilots and airplane owners of eastern and central North Carolina.

The members assemble at a different city each Sunday for breakfast and an aerial show. Breakfast will be served at Hotel Kinston Sunday morning at 9:15. The aerial show will be held between 10 and 11 o'clock.

The Kinston Junior Chamber of Commerce is sponsoring the event. Five awards will be made. Prizes to the first pilot to arrive at Kinston, the pilot traveling the longest distance, the oldest and youngest pilots and the pilot with the most hours in the air. Stunts will feature the aerial show. There will be a demonstration of dusting growing crops from airplanes.

Greenville will be represented at the Kinston aviation meeting by Ray MacKenzie, in his Aerona plane; Tage Eurb and Neal Hamrick in their Cub "dusters"; Dick Cartwright, in his Aerona; Thos. F. Wilson, president of the association, a former member of the Army Air Corps; and Chester Walsh, and others.

Mr. MacKenzie is head of Greenville Equipment Co., local dealer for the Aerona plane. Under his direction extensive dusting of crops in fields has been successfully carried on this summer. MacKenzie has been an ardent booster of aviation. He was commander of the Greenville squadron of the Civil Air Patrol during the war when it had about 50 boys and girls as members. The object of the North Carolina Aviation Breakfast Club is to encourage and develop local aviation and to encourage student pilots.

## Youth Killed In Highway Mishap

Ernest Lee Haddock, 16, was instantly killed when his truck skidded and overturned on the Vanceboro-Grifton highway near Epworth Church in Craven County Sunday night about 7 o'clock. He was on his way to a church service.

Funeral services will be held at Epworth Methodist Church at 5 o'clock this afternoon by the Rev. Mr. Crowder, pastor, assisted by a former pastor, the Rev. H. B. Lewis. Burial will be in Epworth cemetery.

He was born and reared in the Vanceboro community and attended school in Vanceboro. He was a member of Epworth Methodist Church and Sunday school.

Surviving are his parents, Mr. and Mrs. Eddie Haddock; two brothers, Terry and William Haddock; two sisters, Lovie Ann and Fay Haddock, all of the home; the paternal grandparents, Mr. and Mrs. Will Haddock, and the maternal grandparents, Mr. and Mrs. L. A. Spear, all of the Vanceboro community.

## Barkley Hopes For Adjournment By July 27; Truman's Veto May Mean No Further Attempt At Extending Price Controls; President Expresses Dissatisfaction

Washington, July 15.—(AP)—Democratic Leader Barkley (Ky.) indicated today Congress is making its final effort to pass OPA-revival legislation by telling reporters he hopes for adjournment by July 27.

Barkley's statement was made at the White House after legislative leaders held their customary Monday morning conference with President Truman. It promptly was interpreted at the Capitol as a sign that, if Mr. Truman does not sign the bill next week, Congress will make no further effort to be made to extend OPA's general authority.

The President indicated he would veto the Senate-approved bill as it stands by commenting yesterday that it couldn't be any worse.

Today Barkley said the remarks made before reporters at the airport yesterday did not constitute everything the President said on the subject.

Congressional leaders hope to remove, in a Senate-House conference committee, many of the bills voted by the Senate against the placing of ceilings on major commodities.

Barkley told the reporters that the general legislative situation had been discussed with the President. As a prospective member of the OPA conference committee, he declined to discuss OPA prospects specifically.

Barring a last-minute change in plans the first test will take place on the House floor tomorrow.

The issue with each side confident of victory is whether any controls at all shall be clamped back on a dozen or more items in legislation to breathe new life into OPA until next June 30.

The Senate, by top-heavy majorities, ordered some items kept free of any future price ceilings.

Only one bill out of the entire bill passed since the agency died July 1, was one to extend an price controls for 30 days, without change.

## Release Assured

Berlin, July 15.—(AP)—Major Gen. Frank A. Keating, U. S. commander in Berlin, said today he has received a definite promise from Russian Gen. Alexander Kotalov that "an American warrant officer and his wife, missing since they entered the Soviet zone July 1, would be released within a few hours."

Keating said he would take "very definite action" if the missing couple, Warrant Officer Samuel L. Harrison and his wife, Helen, of San Antonio, Tex., were not released. Keating added that he personally would receive the Harrisons at Soviet headquarters.

A "high-ranking U. S. Army officer, who declined to be quoted by name, said yesterday that "something is likely to happen" if the Russians failed by July 15 to carry out a previous promise to release the Harrisons. This officer said that "we are getting tired" about retention of the "mad" about retention of they entered zone Soviet zone, without the required travel orders to visit a pet shop.

## Seven Marines Taken Prisoner By Chinese

Tientsin, July 15.—(AP)—Seven American Marines were taken prisoner Saturday by "an unidentified band of 80 armed Chinese" about 22 miles north of Chingangto, on the Gulf of Chihli, U. S. Marine Corps headquarters announced here today.

The announcement said that all Marine prisoners in the Chingangto-Paitaih area had been alerted and strong detachments had been ordered to search the countryside for the missing men.

An air search, which started at dawn Sunday but was halted by weather conditions, will be resumed as soon as possible.

The Chinese press asserted that the captors were members of the Communist army and Nationalist troops were ordered to join in the search.

## BULLFIGHT VICTIM

Barranquilla, Colombia, July 15.—(AP)—A child was killed at a bull fight when a bull shook off and sent into the grandstand a sword that a matador had just thrust into its back.

## The Meeting In Paris

### Analyst Expects Rose-Tinted Report By Secretary Of State, But Points Out Important Differences Among Big Four In Settling Futures Of Reich And Italy

Secretary of State Byrnes is home from the Big Four foreign ministers' adjourned meeting which laid the groundwork for the world peace conference of 21 nations opening in Paris July 29 and to quote his restrained summary "made some progress on the road back to peace."

Mr. Byrnes is scheduled to give us a report of the foreign ministers' parley by radio tonight but one would expect that his account would be calculated to make us grateful for part of a loaf, rather than to set bells ringing over a tremendous success by the Big Four negotiators. It's indeed a matter of much satisfaction that the conference didn't break up in Tallure, split as it was by the great divergence of views between Moscow and other allies.

The foreign ministers reached a large measure of agreement on the proposed treaties for Italy, Bulgaria, Romania, Hungary and Finland. As this column previously had remarked, it strikes me as unlikely that any treaty could alter the status of the four smaller countries, since they already are under Russian domination. The position of Italy, however, is still on the knees of the gods.

One of the outstanding features of the vital Italian treaty is the agreement to internationalize the strategic Adriatic port of Trieste. Byrnes said this could well serve as an experiment in international cooperation.

We now come, however, to a grim failure on the most important subject of the entire world peace settlement. That is the administration of the Germany, which started two world wars within a generation. Here the differences between Russia and the western allies are so great that if it is possible it still is far below the horizon. The tendency certainly is towards a partitioning of the ways and a division of the Reich.

The Potsdam agreement, which Marshal Stalin helped frame, added that while Germany was being occupied it should be treated as an economic unit.

Mrs. Veillette is the former Miss Edna Taylor of Greenville.

Birth Announcement  
Mr. and Mrs. George C. Jackson of Winterville, N. C., announce the birth of a daughter on July 10 in Pitt General hospital. Mrs. Jackson is the former Miss Eva Davenport of Tarboro.

Christian Science Service  
"Sacrament" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, July 14.  
The Golden Text was from I Corinthians 10:16. "The cup of the blessing which we bless, is it not the communion of the blood of Christ? The bread which we break, is it not the communion of the body of Christ?"  
Among the citations comprising the Lesson-Sermon were the following: The Bible, "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (II Timothy 2:15). And from Science and Health with Key to the Scriptures by Mary Baker Eddy: "Few understand or adhere to Jesus' precepts for living and healing. Why? Because his precepts require the disciple to cut off the right hand and pluck out the right eye, that is, to set aside the most cherished beliefs and practices, and leave all for Christ."

Fussell-Hardee  
Mrs. Whitman Joseph Hardee announces the marriage of her daughter Doris Ringold to Mr. Norman Edward Fussell on Saturday, July thirteenth nineteen hundred forty-six Greenville, North Carolina.

Postponed  
Due to mutual agreement the wedding of Miss Yashti Newman and Mr. Robert Norwood of Henderson has been postponed.

## Birth Announcement

Mr. and Mrs. Henry Renfrew announce the birth of a son on Sunday, July 14, 1946, in Pitt General hospital.

## DEATH OF INFANT

Funeral services for the infant daughter of Mr. and Mrs. J. Thurman Hale, who was born dead Saturday afternoon, were conducted at the graveside in Greenwood cemetery at 4:30 o'clock Sunday afternoon by the Rev. Richard E. Haaway, pastor of Memorial Baptist Church. Surviving are the parents, the paternal grandmother, Mrs. J. J. Hale, and the maternal grandmother, Mrs. Gertrude Bozeman of Ahoskie. Mrs. Hale is the former Miss Beulah Vann Bozeman of Ahoskie.

Masonic Notice  
There will be a regular communication of Greenville Lodge No. 284 tonight at 8 o'clock. Brother P. C. Stott will be here this week for instruction. All Master Masons have been urged to attend this work as much as possible.

## Reedy Branch News

The Young Woman's Auxiliary of Reedy Branch met at the home of Mrs. Phillip Averette with Mrs. Phillip Averette and Mrs. Eugene Averette as hostesses, on Monday evening, July 8.

The meeting opened with a scripture reading by Mrs. D. M. Gray. As Mrs. Viola Davenport, second vice president, led the group in prayer, she asked each member present to utter a few words in prayer, each in her own words and way. The group then, accompanied by Mrs. Raymond Hardy on the piano, sang the Auxiliary Hymn, Jesus Calls Us, and Onward Christian Soldiers. Minutes of the last meeting were read by the secretary, Mrs. Gurrass Vincent, and reports were made by the vice presidents and the treasurer.

After the old business was taken care of, a Junior Choir for the children was discussed and Mrs. Raymond Hardy and Mrs. Phillip Averette were put in charge of this. The dates for practice are to be announced by them later.

The meeting then adjourning, to meet again on August 5, with Mrs. Elwood Davenport and Mrs. Viola Davenport as hostesses, closed by everyone repeating the Lords Prayer. Delectable refreshments were served by the hostesses, and again the members departed with much enthusiasm for their new organization.

There were twenty-two present at this meeting, four of whom are new members.

**Women IN THE CHURCH**  
by Mary Fowler

The need to make the home Christian and to train children "in the fear and admonition of the Lord" was recognized as a major support of the American way of life when members of the Northern Baptist Convention met in their recent sessions at Green Lake, Wisconsin. Pastors and church members were urged "by education and action to support the moral life and spiritual tone of Christian homes; and to support every effort to exalt marriage, to promote an adequate program of juvenile protection, and to take such measures as will strengthen and improve Christian family life."

It was a daughter of the State of Virginia, residing in New York City in 1898, and appalled at the lack of religious teaching available for the City's children, who began the movement now known as "The Daily Vacation Bible School." In 1871, Mrs. Virginia Sinclair Hawes moved from Charlottesville, Va., to New York with her doctor husband. She joined the Epiphany Baptist Church and later gathered the children of East 71st street and vicinity for a summer Bible school; she raised the funds and hired the faculty. The first meeting place was in a beer garden back of a 71st street saloon. Years later, when the enterprise had grown to national proportions, Mrs. Hawes returned to Charlottesville, and died there in 1915. Two daughters now live in Richmond. When a Daily Vacation Bible School was opened in the First Baptist Church, Charlottesville, this

**THE CATHARTIC HABIT**

★ Too many people are influenced by stories concerning "intestinal cleanliness" or "stimulating the flow of bile." Many cases of simple constipation do not require a laxative at all, but only a minor change in diet and habit. The habitual use of cathartics is dangerous. Such misuse is often followed by chronic ill health. Strong laxatives are particularly dangerous when taken to relieve abdominal distress. The source of the pain should always be accurately determined by your physician. The safe procedure is to consult him. If a laxative is needed, he will prescribe a safe preparation with proper instructions for dosage. Then bring your prescription to us for expert compounding.

## SPY NETWORK SAID ACTIVE

### Extensive Fifth Column Reported By Canadian Agents

Ottawa, July 15—(AP)—The Royal Commission on Espionage charged today that "there exists in Canada a fifth column organized and directed by Russian agents in Canada and in Russia" and that in it "there are several spy rings."

The charge was made in the commission's fourth and final report. The 250,000-word document, pre-

pared in the House of Commons by Prime Minister W. L. Mackenzie King, added nine new names to the 14 previously named, but said that without further documents "we cannot identify any non-Russian members" of rings other than that around which the five-months probe has revolved.

That was the Military Intelligence System directed by Col. Nicolai Zabotin, former military attache recalled to Moscow some time ago for "inadmissible activities."

In swift sequence, Supreme Court Justices Robert Taschereau and R. L. Kellock reported:

1. There was an organization whose duty it was to procure false Canadian passports and other citizenship documents for the use of agents in Canada or elsewhere.

2. Zabotin and his assistants were helping to supervise and finance the work of an organization of agents operating in certain European coun-

tries.

3. There can "be little doubt" that the NKVD, the secret Russian political police, "have a powerful organization in Canada."

4. Several parallel "undercover systems of networks" existed under direction of members of the Soviet embassy and they "had and may still have their own undercover agents operating in Canada."

5. They included another "military" network parallel to that of Zabotin and, like his, directed by Red Army intelligence headquarters.

6. There was some evidence that a naval system of intelligence was being organized.

7. A "secret political system" was under a Russian named Goussarov, who held the official position of second secretary of the embassy. Its task was to act as the pilot for Communist activities.

## Wounded Woman In Serious Condition

Louise Davis, 24, stepdaughter of Nathaniel Davis, blind Negro storekeeper, who was shot in the abdomen and thigh at a party at the home of Elijah Thomas, Negro, on the old Laughinghouse farm last Wednesday night, continues in a serious condition at Pitt General Hospital. Nathaniel Davis, her stepfather, is being held in jail without privilege of bail pending outcome of her condition.

In what she considered a death-bed statement, the woman told police and sheriff's officers that her stepfather shot her when she rejected an improper proposal from him. Davis operates a store at 1305 Pitt street in Greenville.

## Largest Rocket Test Site Is In Australia

Sydney, July 15—(AP)—A British rocket bomb mission which surveyed Australia three months ago was reported today to have recommended to the British government that the world's largest rocket and atom bomb testing range be established in central Australia.

The Canberra correspondent of the Sydney Sun said the mission had estimated an expenditure between \$28,000,000 and \$32,000,000 would be needed.

The Sun said the testing range would be one thousand miles long and possibly 200 wide.

## Famed Mt. Wilson To Be Offered For Sale

Pasadena, Calif., July 15—(AP)—Famed Mt. Wilson, site of the world's largest telescope and future television center of the west, goes on sale today bearing a price tag of \$425,000.

Albert C. Childs, whose Pasadena-Mt. Wilson Toll Road Co. owns the nearby 6,000-foot peak, will be 65 tomorrow and he wants to retire. There will be plenty of bidders, he figures, because already he has been approached by 30 radio stations, newspapers and other interests seeking sites on Mt. Wilson for television transmitters.

## Long Range Non-Stop Flight Plan Is Told

Washington, July 15—(AP)—An attempted non-stop flight of more than 10,000 miles from Honolulu over the magnetic North Pole to Cairo, Egypt, is being planned for a B-29 Superfortress bomber.

This was disclosed today by army air forces officers who told reporters the plane is being made ready at Oklahoma City, Okla. The flight would set a new world record, they said. The actual date for the start has not been set.

## Do You Want To Build?

Regardless Of Your Building Needs We Are Now Ready With Our New Vita-Lite Plant To Supply your Requirements!

Vita-Lite is made from carefully selected materials which are scientifically mixed under the careful supervision of one of the most reputable testing laboratories in the South.

All Vita-Lite units are mixed and moulded by the latest designed vibrating automatic machinery which insures the smoothest textured and uniform product.

Vita-Lite units are placed in scientifically constructed kilns where they are cured by both live steam and fan processes.

All Vita-Lite products are tested regularly by our laboratory for both strength and moisture content and will at all times exceed the most rigid building requirements.

Vita-Lite units are smooth in texture, fire safe, uniform, termite proof, and economical to build with and maintain.

## Strength FOR THE DAY

By EARL L. DOUGLAS

### BEYOND PRICE

General Robert E. Lee was once offered \$100,000 a year if he would allow his name to be connected with a lottery scheme. His reply was: "Gentlemen, my name is all I have left, and it is not for sale."

Which incident is not only a warning against repeating the folly of lottery schemes, but a very wholesome and bracing reminder that the greatest asset a man has is his good name. Lee said the truth when he said he had nothing left. He had been the leader of a cause that met defeat. The government had confiscated his home. He had nothing left but the memory of a life lived under the high command of conscience and a reputation such as few men in history have enjoyed. "My name is all I have left," he said, "and that is not for sale."

### WASHINGTON DAYBOOK

By ALEXANDER K. GEORGE  
Washington—Perhaps few post-war homes will boast "bath" rooms with such conveniences as electric toothbrushes and infra-red and ultra-violet-ray lamps bolted to the ceilings.

It looks, however, as though the plumbers will do a boom business for several years in providing less than bath-room facilities. Not only will these be required for an estimated 10 to 12 million new housing units in the next 10 years, but both and toilet-additions to a small fraction of the old houses that need them will present the plumbing industry with a vast market.

When the Census Bureau took its first housing census in 1940, it found that only a few more than half the 37 million dwelling units in the United States had private tub or shower baths. About 58 percent of the houses had private flush toilets and about one-third had outdoor plumbing.

The incomes of millions of American families were increased substantially by the war-production boom, but the ban on use of materials for non-war purposes almost stopped the remodeling of houses. A large proportion of these increased-income families now have savings which can be used for home improvements when materials become more plentiful.

### Mihailovic . . .

Although the American home had been accumulating more and more of the many conveniences produced by American industry, the 1940 census of housing indicated a huge amount of improvements still to be made. Nearly eight million homes were lit by kerosene or gasoline lamps, nearly 29 million still were warmed by "heating stoves" and over nine million had no running water.

About two-thirds of all the farmers' wives in the United States still burnt wood both for cooking and for heating the house. Forty-six percent of all the houses had neither gas nor electric cookstoves. Thirteen million homes had outside toilets or none at all, and 14 million had no modern bathtubs.

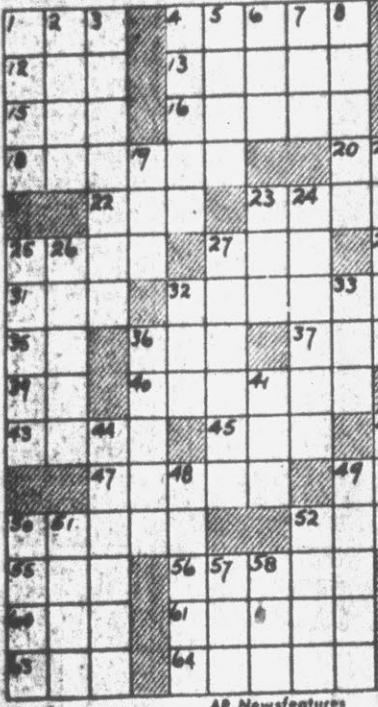

Radio tops the list of all conveniences: 62 percent of the homes had at least one. The percentages of homes with mechanical refrigerators was only 44. Nine million homes still used ice, and nine million others had no refrigeration.

The Census Bureau's study found the average American home to be a one-family detached-wood structure of four or five rooms, built in 1915 and housing three persons. That, of course, was before the great doubling-up of families caused by the wartime ban on building, cou-

### Famine . . .

(Continued From Page One)  
even contribute to their own support," the President declared.  
"We are going to help them all we can with machinery and the wherewithal to raise food, but it will be some time before those destroyed countries can get back on a basis where they can feed themselves."  
Opening the meeting of the national youth conference on food in the White House east wing, the President told the delegates the U. S. had furnished to date 417,000,000 bushels of food grains as compared with commitments last November for 225,000,000 bushels.  
"But that is nothing for us to brag about," he said. "We furnished those food grains because we happened to be the country that had them and didn't mean that everybody while he didn't starve, received enough to eat."  
He told the young people he wished they could see "the situation as it really is" in Poland, Greece, Germany, Austria, Hungary and China. "You would understand then just exactly what it means, and what war and pestilence really mean. You would know what the Four Horsemen look like."

### Sec. Of State . . .

(Continued From Page One)  
that speech for a new estimate by Byrnes on whether the western powers and Russia are developing greater or less cooperation. Also the secretary may emphasize his intention to press for another foreign ministers meeting later this summer to tackle anew the problems of German and Austrian peace making.  
Landing at Washington airport yesterday to receive a warm greeting from President Truman, Secretary Byrnes summed up the 28-day Paris meeting this way for himself and his colleagues, Senator Connally (D-Tex) and Vandenberg (R-Mich):  
"I'm very happy to be home, and I know I speak for our delegation when I say we made some progress on the road back to peace."  
In a few minutes chatting with the President, he arranged to make his first personal report at the White House and told newsmen he would talk on the radio tonight.  
Ahead are two busy weeks of work for the secretary, who expects to return to Paris by July 29 for the opening of the 21-nation conference on peace treaties for Italy, Finland and the Balkan states.  
After that conference, lasting for several weeks, the United Nations Assembly is scheduled to meet in New York September 23. Byrnes wants the foreign ministers to meet again between the peace and U. N. sessions to try to come to some kind

### Witness Says . . .

(Continued From Page One)  
some of the firms in the combine but he has emphatically denied any wrong-doing or any profit to himself.  
Mitchell's motion—which would require action by both Senate and House—has been pending with the committee since early last week. Since then there has been a double exchange of correspondence between the committee and the House member.  
May's most recent word on the subject was a letter Saturday in which he agreed to appear if he could be fully and completely accorded what he termed conditions conforming with the established concepts of judicial fairness. He previously had requested permission to cross examine witnesses and to call up additional witnesses and documents.  
The restatement of conditions was in reply to a letter earlier the same day which declared the committee had concluded that May was unable to explain or contradict testimony linking him with Washington activities of the combine. May termed this conclusion unwarranted.

## CAROLINA TRAILWAYS

NATIONAL TRAILWAYS BUS SYSTEM

### United States, who was sentenced in absentia to 20 years.

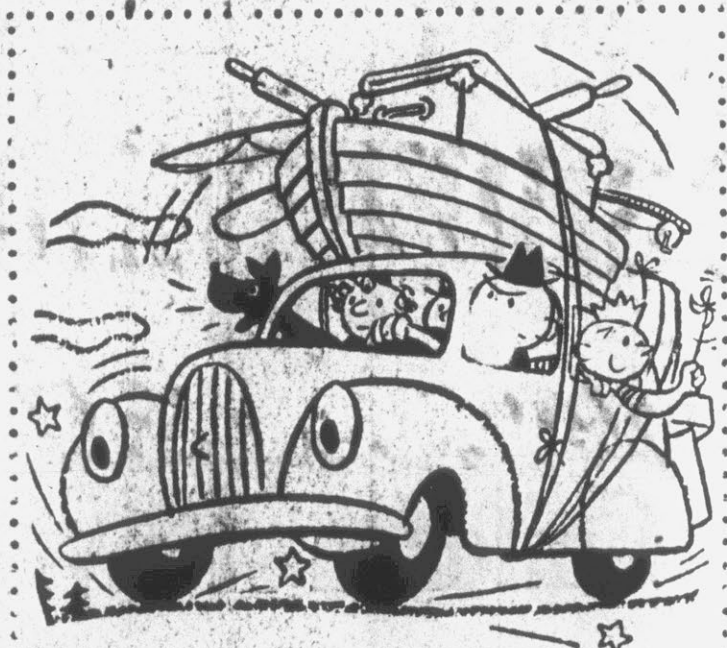

The crowd cheered when the verdict was announced against Mihailovic, who took the decision with outward calm.

The verdict against the Serbian non-Communist leader and his fellow defendants came at a trial which began June 10. Mihailovic maintained stoutly throughout the proceedings that he was innocent of collaboration with the Nazis and that he had fought to drive them from the country.

The verdict was announced shortly after 8 a. m. (2 a. m. EST) by the president of the military court which had concluded hearing of testimony last week.

Sentencing was delayed for several hours, however, under Yugoslav court procedure which required a full explanation of why the defendants were found guilty.

The trial was marked by the refusal of the Yugoslav government to permit the testimony of U. S. fliers who were forced down in Yugoslavia during the war and were

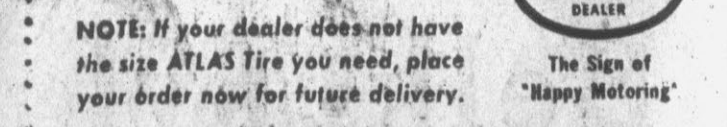

When the old bus hits the highway with an all-time record load,

Make sure your tires are ATLAS—the kind that "make good on the road!"

FOR PLEASURE AND SAFETY, you need good tires on hot summer highways. If yours are doubtful, ask about ATLAS Tires at your neighborhood ESSO Dealer. Inspect the special ATLAS tread, designed for extra wear and safety. Read the generous ATLAS written warranty of satisfaction. It means what it says—and it says plenty. Whenever you drive, stop at the ESSO sign regularly. It stands for high quality in motoring products. Motorists from Maine to Louisiana rely on it for "Happy Motoring"—you can rely on it, too!

NOTE: If your dealer does not have the size ATLAS Tire you need, place your order now for future delivery.

## New York Cotton

New York, July 15—(AP)—Cotton futures opened \$1.50 to \$3.55 a bale higher. Futures mid-morning prices were \$1.50 to \$3.25 a bale higher. July 24.68, Oct. 24.75, Dec. 34.91. After dipping momentarily on profit taking and hedging, the cotton market rallied into new high ground with the July 1946 delivery advancing the daily permissible limit of \$5 a bale. Noon prices were \$2.95 to \$5 a bale higher, July 35.03, Oct. 35.14, Dec. 35.28. Mill buying and short covering increased sharply in late dealings today which carried the cotton market into new high ground for the day with the July, October and December 1946 deliveries reaching the daily permissible trading limit of \$5 a bale. Futures closed \$2.90 to \$5 a bale higher.

	Open	Last	Prv. Cl.
July	34.60	35.03	34.03
Oct.	34.75	35.23	34.73
Dec.	34.90	35.38	34.39
March	34.85	35.30	34.30

## Hog Market

Raleigh, July 15—(AP)—(NCDA)—Hog markets stronger with tops of 18.25 at Ricky Mount and 17.00 at Clinton. At Richmond good and choice barrows and gilts: 120 to 240 pounds \$6.50.

## Poultry and Eggs

Raleigh, July 15—(AP)—(NCDA)—Poultry and egg markets steady and firm. Raleigh—U. S. grade A, large, 44; fryers and broilers 35 to 37. Washington—U. S. grade A, large 45; roasters, fryers broilers, 38 to 42.

## Grain Market

Chicago, July 15—(AP)—Oats dropped more than 2 cents at times today while corn, after setting new seasonal highs in the early trade, held about steady with the previous close. Final prices on corn were unchanged to a cent lower, January \$1.69 1/2-\$1.70, while oats were 2 1/2-3 1/2 over, July 83, August, November and March oats were at new seasonal lows. Barley was not traded.

## N. Y. Stock Market

New York, July 15—(AP)—The stock market continued on the downgrade today with "thin" leaders adding 1 to 5 or more points to last Friday's decline. Dealings, relatively sluggish in the forenoon when there was a half-hearted attempt at selective recovery, picked up some momentum after midday as offerings of pivots, industrials, rails and utilities became more insistent. There was a subsequent slowing of the pace. Quotations generally were at or around the day's lows near the close. Transfers ran to about 1,200,000 shares.

## NEGRO HOME DEMONSTRATION NEWS

Amelia S. Capehart, Agent National Food Preservation Week July 15-22 To help meet the unprecedented demand for food the week of July 15 to 22 has been designated as National Food Preservation Week. This week special efforts will be put forth by club members and non club members on home canning and preservation of food supplies for the coming winter months. Home food preservation not only will increase supplies for American families but it also will help release those foods that are particularly adapted for shipment to the famine areas abroad. Secretary Anderson says, "The war years are behind. In front of us is the task of retooling for peace. The immediate problem that faces a war-torn world is food. Food spells peace and democracy. Food spells relief instead of foment. It is the obligation of every American to conserve and to preserve this precious food. In this way we assure our own people a better diet, as well as help the famine stricken of the world." An appeal is made to every homemaker to set aside some time within a busy day to can and preserve the family food supply for the winter. Some may say, I will do my canning the quickest way and lose many many jars of food. Let's not take a chance. Follow directions carefully for successful canning which is a method of using heat and air tight containers to preserve food. Canning is not difficult if the rules are followed. A homemaker can well be proud of successful canning. Acid and Non-Acid Foods Acid Foods: Foods for canning are divided into two groups, one group of foods contain acids. The acid foods are all fruits, tomatoes, pick-

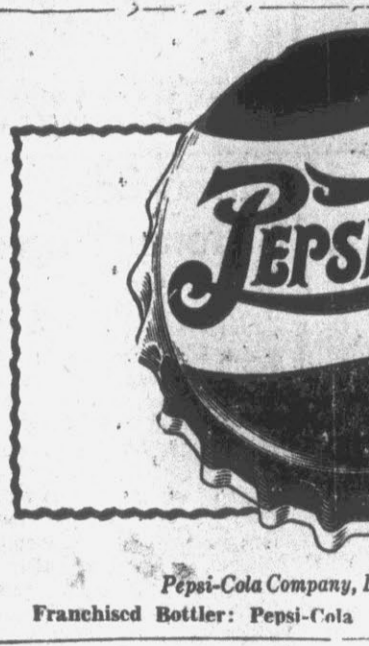

led beets, ripe plimentos and rhubarb. These foods can be processed in the boiling water bath at the boiling temperature of water (212 degrees F). Non-acid foods: This group of foods do not have acid in them and must be processed in a steam pressure canner at temperature of 240 degrees F and 250 degrees F. These temperatures are obtained when the pressure gauge registers 10 pounds (240 degrees F) of pressure or 15 pounds (250 degrees F) of pressure. The foods in this group include all vegetables except tomatoes. Such vegetables as asparagus, beets, peas, beans, corn, okra and greens, meat, poultry and fish also come in this group. For more information on home canning (Reprint) Extension Circular No. 271 Canning Fruits and Vegetables may be secured from the Home Agent's office.

NOTICE OF PUBLICATION in The Superior Court Before the Clerk: North Carolina

Pitt County North Latham, executor of the estate of Mollie Harris Latham, deceased, vs. Mary Brown The defendant, Mary Brown, will take notice that an action entitled above has been commenced in the Superior Court of Pitt County, North Carolina to sell to make assets to pay the indebtedness of the estate of Mollie Harris Latham. The following described lands in the City of Greenville, Pitt County, North Carolina: Bounded on the West by the land of Fred Foreman, bounded on the North by the land of Ruth Hardee, on the East by Bonner's Lane, on the South by Pamlico Avenue and being Lot No. 712 on Bonner's Lane. And said defendant will take notice that she is required to appear at the Court House in Greenville, North Carolina on the 25th day of July, 1946, or within twenty days thereafter and answer or demur to the complaint filed in this proceeding, or the plaintiff will apply to the court for the relief demanded in said complaint.

# "JOB DIVIDENDS" at General Electric

For the year 1945, \$35,000,000 in addition to wages was spent by General Electric in extra benefits for employees

It isn't a new thing for General Electric to put more than money into pay envelopes for its employees. "Job dividends"—these extras that G-E employees get in addition to wages—have a sound business reason. To be successful, a company must be efficient. A man with fewer worries can produce more efficiently, which makes further benefits possible. Profit-sharing plans, relief and loan plans began over 10 years ago. General Electric. Life insurance for em-

ployees, cash for suggestions began over 20 years ago. Pension plans were started 33 years ago. And vacations with pay began 53 years ago. Every employee has a stake in the future of General Electric. For out of its success—and only out of success—can come further advances in living standards. That is the aim of General Electric, not alone for its employees, but for the public, who gain by new and better products, continuously improved.

# GENERAL ELECTRIC

### Local Churches Honor Campbell

At a union meeting at Memorial Baptist Church last night the ministers of Greenville dedicated the service to the honor of the Rev. A. Hartwell Campbell, pastor of Emmanuel Baptist Church, who yesterday tendered his resignation, as pastor, to become effective in mid-August. The Rev. Richard W. Haraway, pastor of Memorial Baptist Church, presided over the meeting. Other ministers of the city were present. A special program of music was presented by an augmented choir, with Mrs. J. L. Fleming at the organ. Although a heavy thunderstorm came up at the time of the service the congregation was representative of nearly all the churches of the city.

The Rev. Robert W. Bradshaw, pastor of Jarvis Memorial Methodist Church, said the invocation, during which he expressed appreciation for the outstanding service Mr. Campbell is rendering in Greenville. Dr. Robert S. Boyd, pastor of the First Presbyterian Church, dean of local ministers, in a happy vein, recited some of Mr. Campbell's good works as pastor here and expressed good wishes for his success in a new field. He also said a good word for Mrs. Campbell, Dr. E. O. Haney, pastor of Eighth Street Christian Church, "always interesting, always eloquent, paid fine tribute to Mr. Campbell for his ministry in Greenville and his community activities."

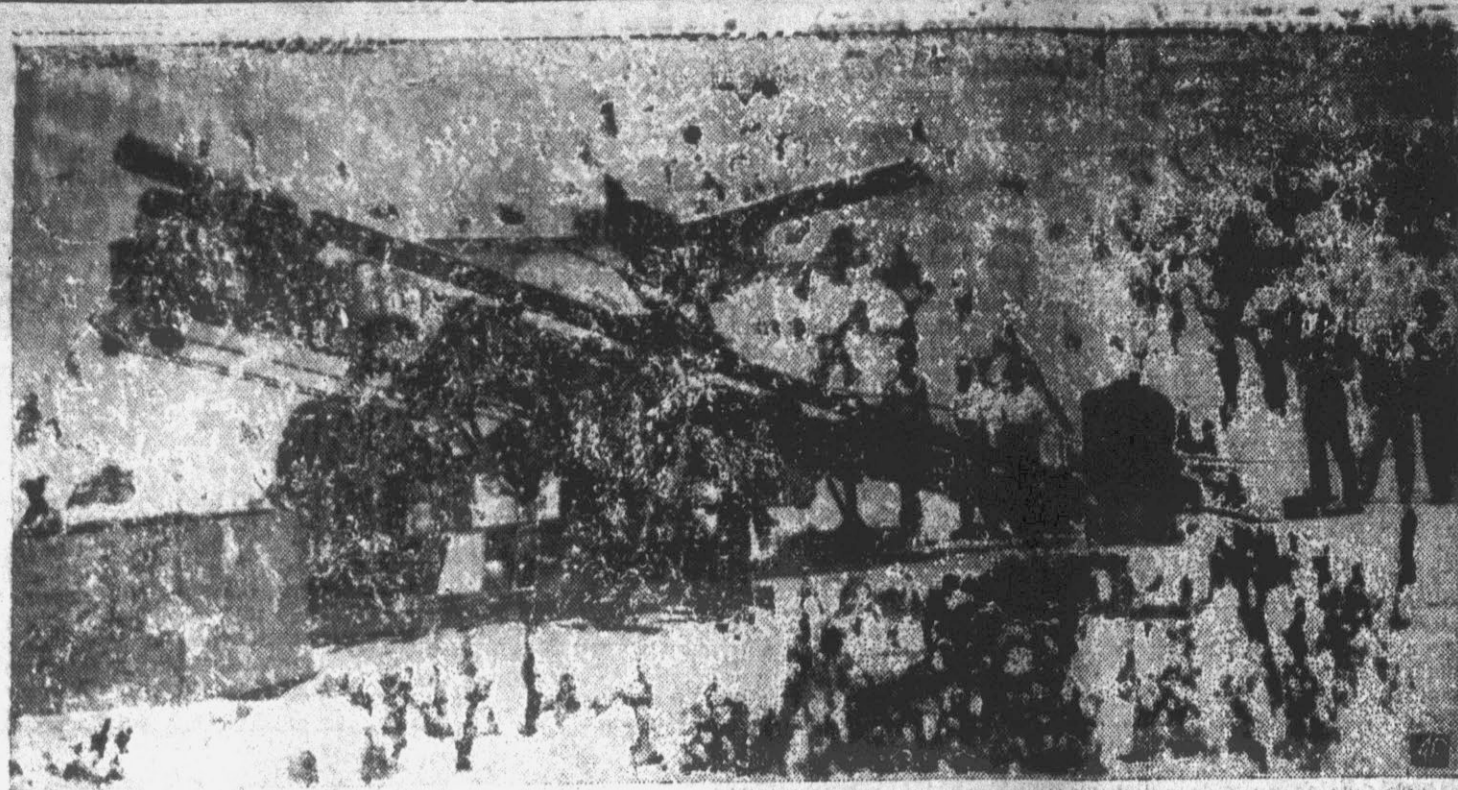

Mr. Campbell expressed appreciation for the honors extended him and said he felt that he felt it was more of a tribute to the Christian ministry.

The popular minister will end his pastorate in Greenville in late August. He will go to Dunn, in Harnett county, to become manager and director of a new radio station being established there. He said he was not leaving the Christian ministry, but his services will continue to be available in connection with his duties at the radio station.

### Adm. Rosendahl Will Retire From Service

Lakehurst, N. J., July 15—(AP)—The flag of Rear Admiral Charles E. Rosendahl was hauled down today at the Lakehurst Naval Air Station as he bid farewell to active Navy service pending official retirement later this year.

The 54-year-old officer, who volunteered 23 years ago for lighter-than-air service because he thought it would be interesting, read his orders detaching him from service in ceremonies in front of Hangar No. 1. He is being retired because

LAUNCHING TARGET DRONE — A gasoline-propelled target drone goes up the launcher at the Mojave, Calif. naval base. These small planes, controlled by radio, are used to test gunners, marksmanship.

of physical disability.

After his flag, as chief of naval airships, training and experimentation, was hauled down, the rear admiral reviewed the men of his command while overhead five airships dipped low in formation to pay their respects.

### Destroyer Is Named After Solomons Hero

Bath, Me., July 15—(AP)—The destroyer USS Robert A. Owens, named for Drayton S. C. Marine Corps sergeant who was awarded posthumously the Congressional Medal of Honor, was launched today at the Bath Iron Works, Inc. shipyards.

The vessel, complete only to the main deck, was christened by Miss Patricia Hannegan of Washington, D. C., daughter of Postmaster General Robert E. Hannegan.

Miss Hannegan represented Mrs. Ralph V. Owens, mother of Sgt. Owens, who was unable to attend because of illness.

Owens was killed on Bougainville Island, in the Solomons, Nov. 1, 1943, when he destroyed a 75 mm. Japanese gun emplacement which was holding up landing operations. He was awarded the Congressional Medal for his action.

It is estimated that the average daily production per oil well in the United States is about ten barrels a day.

### Memorial Coin To Honor Negro

Washington, July 15—(AP)—By unanimous vote the House today passed a bill authorizing a memorial 50-cent piece "to commemorate the life and perpetuate the ideals and teachings of Booker T. Washington," the late Negro educator.

Virgin-born of slave parents, Washington founded Tuskegee Institute, one of the nation's largest Negro colleges, at Tuskegee, Ala.

Support of the bill came spontaneously from both Democratic and Republican sides of the House, Majority Leader McCormack (D-Mass.) saying the measure was getting action swifter than any he could remember, except emergency legislation.

Introduced by Senator Buch (D-Va.) while he was a member of the House, the bill was approved Friday by the Committee on Coinage, Weights and Measures. The Rules Committee gave it right-of-way Saturday. It was made the first order of business for today, and quickly passed.

### Potofsky Is Hillman Successor In Union

New York, July 15—Jacob S. Potofsky today took over the presidency of the Amalgamated Clothing Workers of America (CIO)

succeeding the late Sydney Hillman. Potofsky, who has been secretary-treasurer of the union since 1940, said he would follow "the Hillman traditions and Hillman policies," both nationally and internationally. He was elected yesterday by the General Executive Board to serve the unexpired term of Hillman until 1948.

Potofsky, 51, aided in the formation of the Clothing Workers Union in 1914 and has held many important posts in that organization and in the CIO.

### Balloon Invasion Said Jap Intent

Tokyo, July 15—(AP)—A Japanese reparative from Manchuria asserted today that at the end of the war Japan was preparing to invade the United States from Manchuria with balloon brigades ferried across the Pacific in man-carrying free balloons.

Lance Cpl. Samu Takagi, who said he was a member of one such brigade, added that the man-carrying balloons, similar to the explosive carriers which were launched in great numbers, were perfected too late for use.

The man-carrying balloons, Takagi said, were in reality double units, one of which was to be detached to permit the soldier to land on United States soil to carry out sabotage.

Takagi said he was with the 2,

522nd balloon brigade at Kirin, Manchuria, where 5,000 of the explosive-carrying type were released to be windborne toward the United States in the last three months of the war.

A five-square mile, under ground plant at Kirin was used for the balloon manufacture, he asserted.

He said the balloons crumbed at from 20,000 to 40,000 feet.

### FBI Investigates Georgia Primary

Atlanta, July 15—(AP)—The Georgia Democratic primary, in which a candidate publicly has warned "wise" Negroes not to participate Wednesday, was under probe today, by the Federal Bureau of Investigation.

Meanwhile, Major William E. Spence of the Georgia highway patrol said he understood the federal agency was probing into the possibility of violations of Negroes' civil rights in several sections of the state. The patrol chief added that his office did "not anticipate any disorders" when Negroes go to the polls for the first time to cast a ballot in a Georgia primary.

With 123,000 Negroes registered to vote and 46 counties in which Negro voters outnumber the whites, "white supremacy" has been made the paramount issue of the campaign by former Governor Eugene Talmadge.

Talmadge, who issued a warning to

"wise" Negroes to stay from the polls and has stumped the state declaring that unless he is elected and the "white" primary restored, racial segregation will be abolished.

**PUBLICATION OF SUMMONS**  
In The Superior Court  
North Carolina  
Pitt County  
R. E. Harrison  
Vs.  
Dorothy Marie Harrison

The defendant, Dorothy Marie Harrison will hereby take notice that a Civil Action has been instituted in the Superior Court of Pitt County, North Carolina, by the plaintiff, R. E. Harrison for the purpose of obtaining absolute divorce

office in the Court House in the City of Greenville, North Carolina on the grounds of two years separation, and the defendant, Dorothy Marie Harrison will further take notice that she is required to be and appear before the Clerk of the Superior Court of Pitt County at his office on or before the 24th day of August, 1946, and either answer or demur to the Complaint which has been filed in the said office, or the relief hereinafter demanded will be granted.

Witness my hand this 9th day of July, 1946.

D. T. HULSE, JR., Clerk Superior Court of Pitt County.  
Harding and Lee, Attys.  
for Plaintiff.

## NEW POST-WAR TYPE INSECTICIDE

It's DIFFERENT—It works DIFFERENT, It's Used DIFFERENT from any of the Pre-War products you've used or known.

Double Bug Trouble works on a NEW principle—PARALYSIS. It's not a spray—you paint Double Bug Trouble on door and window screens to control flies, mosquitoes, gnats, moths and other flying insects. To control roaches and water bugs, paint Double Bug Trouble along the baseboard of your bathroom, pantry and kitchen, and under the lavatory, sink and on shelves of kitchen cabinet and pantry. Double Bug Trouble kills by contact.

When flies, mosquitoes or gnats light on the screens or when roaches or other bugs crawl along baseboards or in cracks that have been treated with Double Bug Trouble, they become paralyzed. The paralysis extends to both legs and wings and DEATH IS NOT INSTANTANEOUS—BUT SURE. With Double Bug Trouble, fly, mosquito and other insect control is POSITIVE and COMPLETE.

With your screens, both doors and windows, painted with Double Bug Trouble, all flying insects such as flies, mosquitoes, gnats, night bugs or all sorts are REPELLED or KILLED on the OUTSIDE. The crawling insects, such as roaches, waterbugs, ants, bed bugs, spiders, thousandlegs, fleas, lice, chicken mites and ticks of all sorts, are repelled or killed by painting a film of Double Bug Trouble where these pests must crawl, around the

baseboards, under the sink and around lavatories, in cracks where they run and hide. Whenever insects TOUCH Double Bug Trouble with either wings or legs, they DIE. THERE'S NO ESCAPE. Double Bug Trouble POSITIVELY REPELS OR KILLS and is an effective means of insect control, if the application is made according to the directions on each bottle. Double Bug Trouble is harmless to humans and animals, when used as directed. ONE APPLICATION LASTS FOR DAYS. Double Bug Trouble is now on sale in your neighborhood. The dealers listed below will be glad to serve you.

# Six Victories In Row As Greenies Rebound

In playing Goldsboro, the Greenies' lucky number appears to be "6"; for Saturday, the locals won the double-header 8-0, 6-2—then to make it even more convincing on Sunday they defeated Goldsboro on their home grounds to the score of 6-4.

Having won the last six consecutive games, Greenville's baseball club appears to be once again on the come-back trail. Saturday's twin victory demonstrated of what the team was capable of doing in the way of playing errorless ball and giving strong support to the man on the mound.

Sunday, Greenville batters got to Bill Herring for a walk, three hits and four runs to drive him from the mound in the seventh, effectively stopping his streak of fifteen consecutive wins.

A triple play by the Greenies highlighted the game after two errors and a single had loaded the

bases with none out. Pete Luke caught Lombardi's line drive at first, tagged to double Markel, and threw to Carlson before Schroeder could get back to second.

The seventh inning was the Big Inning for the locals when Luke led off with a single, Ranweiler walked and Lee singled. Parise was safe on Bohonko's error as Luke scored. M. Blackwell forced Ranweiler at the plate. Carlson then doubled to right field bringing in Lee, Parise and Blackwell. By that time, Herring had had enough, and was relieved by Nick Turowicz. Tommy Lee, who got spiked in the top of the ninth, got credit for the win.

Johnny Foell, pitching both games of Saturday's double-header, allowed but seven hits in two games. In the first inning of the first game, Carlson tripled and was brought in on V. Blackwell's double. Parise then singled with Foell moving up to third. M. Blackwell singled, bringing in Foell; then Carlson singled, scoring Parise. Smith rapped out another single bringing in Carlson.

The sixth saw V. Blackwell reaching second and scoring on Smith's single. The last run was made in the eighth inning when Smith (again) hit a single, Payne walked and Narron brought in Smith on a one-base hit.

The first inning of the second game saw Parise reach first on Collin's error. M. Blackwell was saved on first by virtue of Connell's error. Verne Blackwell brought them both home. Smith batted one of his frequent singles and Payne duplicated the feat bringing in V. Blackwell.

Goldsboro scored in the second frame when Collins reached home on Markel's single. The third inning opened with a double by V. Blackwell, who advanced to third on Smith's long fly to deep center and scoring on Payne's fly to right field.

The visiting team scored their only other run in the fourth, when Bohonko singled and later scored on an infield out by Schroeder.

The last two runs by Greenville came when Narron singled in the sixth, advanced to second on Lee's sacrifice. Foell, not content with starring on the mound, doubled to score Narron. The favor was returned by Parise who rapped out a two base hit bringing in Foell.

The big feature in the Coastal Plain League play today is the All-

Star game being played in Wilson, with the Northern All-Stars heavily favored because of the imposing batting strength they will display. Herring's Southern Division will carry only three 300 hitters as compared with the eight 300 men on the team under Soufas' management. The following are the starting line-ups, with the home club batting average where available, and position:

**Southern All-Stars**  
 Tepedino, ss, Kinston, 272.  
 Lowry, 3b, New Bern, 259.  
 Anderson, 2b, Fayetteville, 287.  
 Shetler, 1b, New Bern, 362.  
 Cohen, rf, Kinston, 389.  
 D'Angelus, Fayetteville, 289.  
 Lingle, cf, Goldsboro, 341.  
 McDowell, c, Kinston, 240.  
 Tomasic, p, Kinston, 240.

**Northern All-Stars**  
 Dickens, 2b, Wilson, 318.  
 Wolfe, cf, Wilson, 326.  
 Martin, rf, Rocky Mount, 317.  
 V. Blackwell, lf, Greenville, 318.  
 Soufas, 1b, Rocky Mount, 330.  
 Carlson, ss, Greenville, 342.  
 Bauer, 3b, Wilson, 336.  
 Fowler, c, Rocky Mount, 314.  
 Kennedy, p, Rocky Mount, 314.

**Playground Fair To Be Held Wednesday**

The fair that had to be postponed two times on account of the weather will be staged Wednesday afternoon at four at the Cotanche St. playground. There will be bingo games, games of skill, pony

rides, donkey rides, goat and cart rides and many other interesting events. A varied list of prizes are being offered to the winners and a gate prize will be given to the lucky person who draws the right number. Everyone attending will be eligible for the gate prize.

The fair is being put on by the City Recreation Dept. and will be free of charge. The playgrounds will be closed on Wednesday morning so that the workers may help in the preparation for the afternoon event.

## Boys League Resumes Play After Week-End

After the usual rest over the weekend the teams of the Boys League went back at it today with the Cardinals of the Eastend playing host to the Giants from Third St. In the afternoon game the Tigers and Yankees tangled also at the Training School.

**Schedule For Tuesday**  
 Cardinals vs. Giants, at Third St., 10:00 a.m.  
 Yankees vs. Tiger, at Third St., 2:30 p.m.

## Putting Contest At Miniature Course

This week will be devoted to qualifying for the inaugural putting championship of Greenville, at the Miniature Golf Course. There will be a championship flight for the teensters, one for the ladies and one for men. Each entrant qualifying score will determine the flight in which he plays, and indications are that there will be several flights in each division.

Saving Stamps will be awarded the winner and runner-up in each flight, and medals to the champion in each division. Every entrant will play at least three rounds, and by going to the finals will get six rounds, it was stated.

## National Food Preservation Week

USE SUGAR WISELY

Verne Belle Lowery, Asst. H. D. Agr.

Our food problems are as great, if not greater, than they were at any time during the war years. Our North Carolina budget calls for 24 quarts of canned fruit per person. By wise planning, homemakers will be able to preserve the maximum amount of fruit with sugar that has been allotted for canning this year.

Fruit butters are the most sugar economical of the sweet spreads, requiring only half as much sugar as fruit pulp used. A pound of sugar will make about 3 pints of butter. In jam and preserve recipes that ordinarily call for equal parts by weight of sugar and fruit, the proportion can satisfactorily be cut to 1/2 as much sugar.

For jellies, a pound of sugar made up with 1/2 pint of fruit juice yields on the average 1 1/2 pints, which would fill about 4 glasses. When jelly recipes call for 1/2 to 1 part sugar for every part by measure of fruit juice, use the smaller proportion of sugar. Jelly making is a delicate art, the tinkering with jelly recipes by any but experienced jelly makers is unwise. Failure may mean loss of precious sugar.

Honey and corn syrup can be used to replace part of the sugar in canning fruit and in making jam, jelly and preserves as follows:

In canning fruits, honey may replace up to 1/2 the sugar called for in the canning recipe. Corn syrup may replace as much as 1-3 the sugar called for in the canning recipe.

In making jelly, honey can replace up to 1/2 the sugar called for in the recipe. Corn syrup can replace up to 1/4 the sugar called for. If you use either part honey or part corn syrup, cook the mixture slightly beyond the jelly stage.

In making jams and preserves, the sugar is weighed rather than measured by cupsful. Cook jams and preserves somewhat longer when you cut the amount of sugar. With less sugar it takes a little longer cooking to get the product as thick as you want it.

With corn syrup or honey, replace up to half the weight of sugar called for in the recipe. To make substitutions by cupsful rather than by weight it is necessary to know that 1 pound of sugar equals about 2 cups sugar and that 1 pound of honey or corn syrup measures approximately 1 1/3 cups.
