

Garsson Probers Summon General

Officer Acted As Courier For Rep. May; Senator Ferguson To Ask For "The Whole Cumberland Lumber Story" When May Takes Stand; Congressman To Testify Friday

WASHINGTON, July 25.—(AP)—Maj. Gen. Alden H. Wallt has abruptly summoned for secret questioning by Senate war investigators today. He was called after the investigators heard that he acted as a courier for Rep. May (D-Ky.) in carrying to Gen. Dwight D. Eisenhower a clemency plea for a munitions maker's son.

The son, Capt. Joseph Garsson, was facing court martial at one time, on charges of disobeying orders. His father is Murray Garsson of the Midwest munitions combine now being studied by the Senate War Investigating Committee.

Senator Ferguson (R-Mich.) said today he wants Rep. May to tell the Senate War Investigative Committee the whole Cumberland Lumber Company story.

Chairman of the House Military Committee, is scheduled to appear before the Senate group tomorrow in delayed response to a subpoena.

Ferguson added to newsmen that he hopes the Kentucky testimony will bring out "all his dealings with the Garssons and these companies."

The Cumberland Lumber Company was one of the firms in a midwestern munitions combine organized by Henry M. and Murray Garsson which the Senate committee has been investigating for some weeks.

There has been testimony that the Cumberland Company received \$200,000 in advance for lumber that it did not deliver. The money, some \$25,000 of which was later refunded, was paid by the Erie Basin Metals Company, Erie, Pa., and the Batavia Metal Products Company, Batavia, Ill., two principal firms in the combine.

Some of the checks and drafts introduced as evidence of the transaction bore the indorsement "A. J. May" and May was recorded as a "lucky agent for the Cumberland firm, located at Prestonsburg, Ky. May has acknowledged indorsing only one of the checks. He said on the House floor it was given.

Textile Workers To Get Increased Wages

Greensboro, N. C., July 25.—(AP)—Wage raises immediately affecting approximately 5,000 textile workers in Greensboro and 22,000 workers elsewhere in the South, raising the minimum wage to 73 cents an hour were announced tonight by three major textile concerns, the Cone Mills interests, Burlington Mills Corporation and Carter Fabrics Corporation.

The raise will be effective Monday, July 29, in all cases, it was announced last night.

Mills here in which the increase averaging eight cents an hour, will be effective include White Oak Cotton Mills, Revolution Cotton Mills, Greensboro Weaving Company, Burlington Dyeing and Finishing Company and Carter Fabrics Corp. Burlington Mills has offered an increase averaging eight cents an hour in all of its 50 Southern plants which are not unionized, a statement from the company tonight said.

Harnessing The Atom

Control Of The Mighty Atom Greatest Problem Facing World; American Proposal And Why Russia Rejected It; Security Council Said No Nearer Solution

The full extent of the damage done by the under-water atomic bomb in Bikini Lagoon hasn't yet been determined because death-dealing radio activity still hangs about, but there's plenty to confirm that we have to do with a giant of awful might.

Howard Blakeslee, Associated Press science writer aboard the USS Appalacheian at the scene, says that this latest bomb was probably the most powerful man-made force ever loosed—perhaps even stronger than the bomb that razed most of Nagasaki last August.

In any event, we know that atomic energy is the greatest force on which pany man ever has succeeded in putting his halter. It is capable of unlimited destruction or can be made to work wonders.

The method of developing and controlling this new-found might is the world's No. 1 problem of the moment. And yet even as the experts were detouring the under-

TRIED TO INTERVENE IN ARMY'S TRIAL

Sent Letters To Eisenhower in Court Martial Of Garsson's Son

Washington, July 25.—(AP)—The War Department said today that Rep. May (D-Ky.) twice intervened with Gen. Dwight D. Eisenhower during the court martial of Capt. Joseph H. Garsson, son of a midwestern munitions maker under congressional investigation.

In response to inquiries, the department said the House Military Committee chairman sent two letters to Eisenhower in behalf of young Garsson who was court-martialed on a charge of willfully disobeying a lawful command of a regimental commander.

The letters went to Eisenhower in the European theater. They were handled in the "routine manner," the department said, and had "no influence what ever in the disposition of the case."

Garsson is the son of Murray Garsson, one of the promoters of the midwestern munitions combine whose war profits are under scrutiny of the senate war investigating committee. May, who has acknowledged intervening with the war department in behalf of the combine, is scheduled to appear before the committee tomorrow.

Capt. Garsson was brought to trial last April 2 in Europe. The war department said the court found him guilty and sentenced him to dismissal, but recommended clemency. Garsson eventually was "relieved from active duty" last January 22.

The department said a "summary of the facts" in the case showed "Capt. Garsson was ordered to place his chemical mortar in a certain area near Gries, France, on January 2, 1945. He protested, saying the position was 'tactically unsound.'"

On the following day, the regimental commander of the 143rd Infantry (not further identified) ordered Garsson to move into the position. Garsson refused that order, as well as a second one from the commander. He was then relieved of command, and the charge of willful disobedience was filed.

Evidence at the trial "disclosed," the department said, that officers testifying for the defense backed up Garsson's assertion that the position at Gries was tactically unsound. They also testified that the officer who replaced Garsson was not required to occupy the position.

Moon Is Target For Rocket Enthusiasts

Chicago, July 25.—(AP)—R. L. Farnsworth, president of the United States Rocket Society, says that army air force reports on the "practicability" of atomic energy for powering airplanes should result in rockets reaching the moon within the next two years.

Officials of the army air force in Washington this week reported that experiments aimed at powering airplanes with atomic energy had progressed to the point where the idea seemed practical.

Farnsworth today said that rocket enthusiasts "have known for years that atomic power was the answer to the fuel problem presented by the necessity of obtaining a speed of seven miles per second in order to escape the gravitational pull of the earth."

Federal Tax Cut Is Recommended

Washington, July 25.—(AP)—The House Republican tax study committee declared today there is "an imperative need for a complete overhauling of our federal tax system."

It suggested a 20 percent reduction in taxes for 1947.

Chairman Reed (R-NY) of the 27-member committee issued a statement saying there is no reason why taxes should not be reduced "handsomely in 1947." He said "one reason is the continued New Deal program of spending and wasting public funds."

The statement said that Canada is preparing to reduce taxes 23 percent in 1947, and asked "why shouldn't the government of the United States do as much for its taxpayers next year as the Canadian government does for its taxpayers."

Terrorists Bomb Jerusalem Hotel

Terrorists bombed and wrecked part of the King David Hotel (right) in Jerusalem, Palestine, July 22. Headquarters of the British army and the secretariat of the Palestine government were wrecked. The body of one man was blown clear across Julian's Wall, hitting the YMCA building (left). The bomb was planted in the La Rejense basement night club which was located in lower right corner of hotel. The British offices were just above the night club. (AP Wirephoto).

U.S. Will Continue To Press Baruch Program

Delegates Do Not Consider Gromyko's Rejection As Russia's Final Position On Problem Of Atomic Controls

New York, July 25.—(AP)—An authorized source said today that the United States would continue to press for adoption of the Baruch atomic control plan despite Russia's declaration that she could not accept the key U. S. proposals.

This source said the United States delegation did not consider yesterday's statement by Soviet Delegate Andrei A. Gromyko as Russia's final position on the atomic control question, but regarded it merely as an "argument" against the Baruch plan.

"We believe our plan can be sold," the informant continued. "We believe the facts will bring everybody in line with our view."

He added that the U. S. position had not been changed as a result of Gromyko's declaration and said there was no indication that it would change.

Russia's position was made known at a closed session of the atomic commission's committee No. 2 when Gromyko spoke at length on U. S. memorandum No. 3, dealing with the relationship between the proposed atomic development authority and the United Nations.

This memorandum covered such vital questions as the surrender of the veto on atomic matters and the powers which the atomic development authority would have.

"The United States cannot be accepted in any way by the Soviet Union either as a whole or as separate parts," Gromyko said, referring to the memorandum.

He said flatly that Russia would not surrender her veto rights or give up her sovereignty to the extent of permitting international inspection of atomic facilities.

He said it would be "dangerous and maybe fatal" to undermine the principle of unanimity of the big powers which was enshrined in the U. N. charter at San Francisco.

Gromyko declared that the atomic development authority, as proposed by the U. S. representative, Bernard M. Baruch, was of "such a character that in reality such an authority would be independent of the security council and would have almost full powers."

Philippine Loan To Go Before The House

Washington, July 25.—(AP)—The House Banking Committee today approved a \$75,000,000 loan for the Philippines to meet the budgetary requirements of the new republic.

The legislation now goes to the House for consideration. Administration leaders hope to complete action on the bill before Congress adjourns next week.

LEAF PRICES CONTINUE ON HIGH LEVELS

Good Quality Tobacco Marketed; Prices Average Better Than Yesterday

Valdosta, Ga., July 25.—(AP)—Georgia tobacco markets opened their second session of the 1946 selling season with a strong demand for the leaf, and prices in many instances were above yesterday's 43-44 cents a pound average.

Warehouse floors were loaded, and the quality of the leaf, described by the Department of Agriculture as the best in recent years, continued to hold up well.

L. G. Cneek, market supervisor at Valdosta, said much of the leaf there was moving at 52 cents, and that prices generally were higher than yesterday. He placed the morning average price at 45.5 cents.

The Moultrie market reported two million pounds of leaf on warehouse floors and said prices continued strong.

Hazlehurst, the first row today brought an average of 48.28 cents and bidding continued brisk. Lower grades of leaf were of slight interest in Hazlehurst, but other grades were up.

Grading for the better grades of leaf was reported unusually brisk at Tifton as the market opened today. About 1,500,000 pounds of leaf was on five warehouse floors and some prices went over the 50-cent mark.

At Statesboro 800,000 pounds of leaf mostly lugs, was on hand and the first rows averaged 43 cents.

The Nashville market opened today 62 a hundred pounds higher than yesterday. Two million pounds of leaf was on hand. Prices for top grades ranged from 43 to 49 cents and for poorer grades from 10 to 25 cents.

Blackhear prices held up well and in some instances were higher than yesterday. Good grades brought from 44 to 49 cents.

High prices for quality leaf prevailed in opening day sales of the Georgia-Florida fine cured tobacco markets but lower grades sold as much as \$16.50 under last year.

The U. S. Department of Agriculture reported the bulk of sales yesterday were from \$37 to \$48 per hundred pounds, compared with \$39 to \$43 on opening day last year. The better quality leaf brought as much as \$3 a hundred pounds more. Good lemon sold at \$47 and choice lemon at \$46.

The department said volume of Continued on Page Four.

Direct Dealings In New Airway Treaties

Washington, July 25.—(AP)—The U. S. today acknowledged its failure to obtain international aviation facts by multi-lateral means and announced that it would now seek agreements through direct negotiations with individual nations.

A State Department announcement said this country "has decided to withdraw" from the international air transport agreement signed in Chicago in December of 1944 which provided for the multi-lateral approach.

Wolves Will Howl In GP's Beauty Contest

Port George G. Meade, Md., July 25.—(AP)—You may not be able to ogle in Detroit, according to a recently enacted statute, but the soldiers who plan a beauty contest at Fort Meade August 6 will be permitted to ogle the works in helping determine the winner.

An army post announcement said the beauty queen will be chosen by popular acclaim—applause, whistles and stamping of feet and choruses of wolf calls.

Freight Car Shortages Affecting Production

New York, July 25.—(AP)—Lack of ample freight-carrying space threatened today to clamp an undecorated but nonetheless rigid ceiling on the nation's productive effort.

Why produce more goods than you can expect to ship? That was a question already confronting some industries.

The shortage of freight cars was so acute there were reports in railroad circles that the Office of Defense Transportation would recommend further steps to speed deliveries of new units.

One proposal discussed was for the Reconstruction Finance Corp. to finance purchase of 50,000 cars for lease to the carriers, with priorities on scarce materials for quick construction.

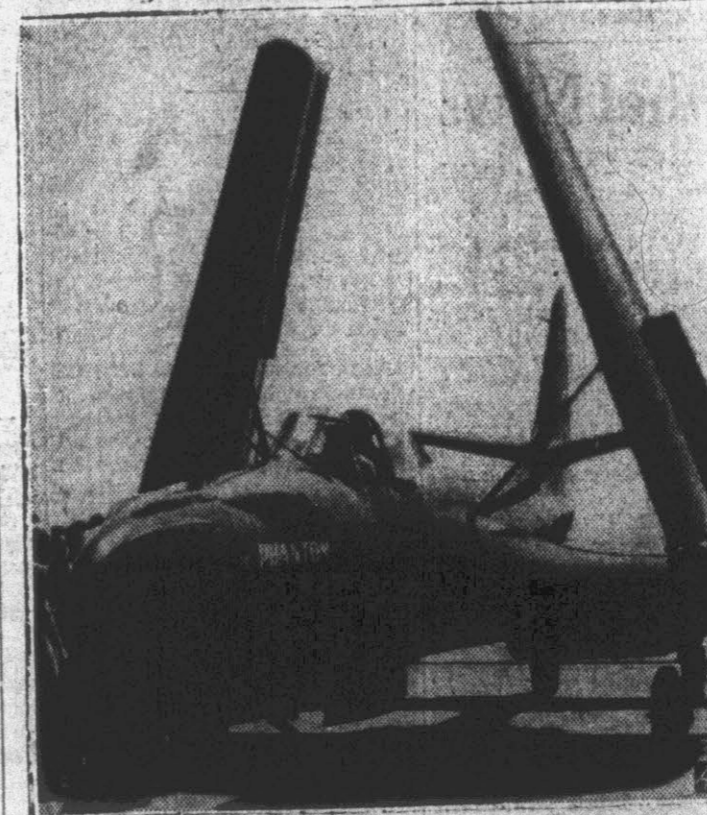

Individual railroads already have some 40,000 freight cars on order.

The car building industry points to a drop from 2,814 deliveries in May to 2,094 in June as emphasizing a need for assistance in obtaining materials, principally steel and lumber.

Carnegie-Illinois Steel Corp., a U. S. Steel subsidiary, cut its Chicago area operations 25 percent this week because of a car shortage. Pittsburgh manufacturers' rumormongering of storage space anti-pated steel mill curtailments within a week; in northern states grain was piled on the ground at bulging elevators and on farms awaiting shipment. Some coal mines were reportedly closed temporarily.

Price Control Bill Passed By Senate

Navy's New Jet Fighter Plane

Here is the navy's new jet-powered fighter plane, "The Phantom," resting on the flight deck of the Aircraft Carrier Franklin D. Roosevelt at sea off Norfolk, Va. The wings are folded upward to conserve space. The day after this picture was made successful flight tests in taking off and landing on the carrier's deck were accomplished by "The Phantom." (AP Wirephoto).

Under Fire

WASHINGTON, July 25.—(AP)—Legislation to reorganize congressional procedure came under a cross-fire of criticism today as the House took up the measure.

Opponents entered their fire on provisions of the Senate-passed bill which would:

1. Increase the pay of Congress members from \$10,000 to \$15,649 a year and allow them to become eligible for retirement pay.
2. Reduce the number of House committees from 48 to 18.
3. Establish a new budget procedure under which Senate and House committees which pass a revenue raising measure would have a voice in fixing a ceiling on expenditures.

HOLD TRIO IN HIT-RUN CASE

Police Hold Soldiers In Death Of Young Wife

Fayetteville, July 25.—(AP)—Rural Policeman E. W. Jackson announced today that three Fort Bragg army sergeants were being held without charge in connection with the hit-run automobile death Tuesday of Mrs. Clara Mae Alther 26, of Fayetteville.

Jackson identified the men as Sgt. Arturo Vasquez, 26; Master Sgt. R. Wellborn, 34, and Sgt. Clifford Cromer.

Jackson said Vasquez was picked up yesterday at Fort Bragg, while the others were apprehended by Fayetteville police the night before after a telephone tip by T. A. Johnson, constable-elect of Cross Creek and uncle of Mrs. Alther.

Jackson said Vasquez had told him he remembered riding in a car driven by Wellborn in which Cromer was a passenger, and that he remembered the car being put in reverse and then turned around on the Dunn road a mile north of Fayetteville, but that he did not remember hitting anyone.

Previously T-4 James M. Dew also of Fort Bragg, had told police that a passenger car bearing three men in army uniform had twice struck Mrs. Alther whom he was escorting home after they had refused an offer of a ride.

Jackson said Dew, who is being Continued on Page Four.

MURDER TRIAL FOR HEIRENS

Jury Votes True Bills Charging Student In Two Murders

Chicago, July 25.—(AP)—True bills charging William Heirens, 17, University of Chicago student with murdering Suzanne Degnan, 17, a former Wave, Frances Brown, 33, were reported voted today by the Cook County (Chicago) grand jury.

State's Attorney William J. Tuohy said the handwriting on the apartment wall of the slain former Wave, Frances Brown, was that of William Heirens, 17-year-old University of Chicago student.

Tuohy made his announcement as he went before the grand jury to seek indictments charging the husky youth with the kidnap-slaying of six-year-old Suzanne, whose dismembered body was recovered from various sewers Jan. 7, and the killing of the former Wave some three weeks earlier.

Previously the State's Attorney had announced that fingerprints on the ransom note and one found in the Brown apartment were those of Heirens. The FBI in Washington confirmed this, he said.

Tuohy said identification of the handwriting in the two killings was established by Herbert J. Walter, handwriting expert, after a lengthy study of the ransom note, the lipstick writing and Heirens' notes. (Continued on Page Four)

Roxas In Agreement On Agrarian Reform

Manila, July 25.—(AP)—At the end of a four-hour meeting on agrarian reform—crux of an armed peasant revolt—a Malacanang palace spokesman announced today that President Roxas reached accord and peasant representatives.

Details were not disclosed. The spokesman said the president plans to send a message to the Philippine Congress embodying the conference's recommendations.

Care For Mentally Ill

With Six Percent Of Population Affected, New Mental Health Institute Is First Major Effort To Organize Research Into Wide Field Of Nervous Disorders

Editor's Note: This is the first of two stories explaining what the government has just done to fight mental disease.

Washington, July 25.—(AP)—The mentally sick will get a break better than they've had.

The government will build—taking about two years to finish—a national mental health institute.

The location: Just outside Washington, in Maryland. The cost: \$7,500,000. The institute will be part of the U. S. Public Health Service's job:

1. Do its own research into the causes, diagnosis and treatment of mental illnesses. It will have a staff of specialists and receive volunteer patients.
2. Stimulate and coordinate the same kind of research around the country in hospitals and schools.
3. Give financial help to individuals, hospitals and schools working in this field and help states in their mental health programs.

The institute will have about \$10,000,000 a year to spend on its work. The job is big.

Before Congress approved creation of the institute, committees of the House and Senate investigated the problem. The Senate committee—the committee on education and labor—reported what follows:

There are 600,000 mental patients occupying hospital beds in this nation, half of all the hospital beds available for all illnesses over 125,000 cases are admitted each year. At any one time about 1,000,000 people are permanently disabled by mental illness and another 1,000,000 temporarily disabled. The committee said: "It is estimated that 10,000,000 of the current population will require hospitalization for mental diseases at some time in their lives. 1,000,000 at any one time about 1,000,000 suffer from some form of mental illness. Selective service during the war disqualified 1,000,000 men from military service because of mental or Continued on Page Four.

OPA Extension Bill To Reach President This Afternoon; Officials Anticipate Signing Of Measure Into Law; White House Message Will Explain Truman Action

Washington, July 25.—(AP)—President Truman probably will say whether he will sign or veto the OPA revival bill at a news conference at 4 p. m. (EST) today.

At the time of a White House announcement to this effect, the bill had not reached Mr. Truman. Although passed by Congress, it still had to go through the hands of the speaker of the House and the President of the Senate for their signatures.

It was expected to get to the White House soon after noon.

Presidential press secretary Charles G. Ross told reporters that the President's action on the legislation approved early today by the Senate, will not be announced in advance of the news conference.

The decision, Ross said, will be accompanied by a message to Congress in explanation of his action.

If the President signs the bill, Mr. Ross said, he will name the three-member price decontrol board it provides very promptly.

Ross would not forecast the President's action, although other White House officials say privately and House Democratic Leader McCormack has said publicly that he will sign the measure.

Except for rents many of the agency's wartime powers will be curbed or removed.

But on Capitol Hill, virtually no one had expressed any real doubt that the President will sign the extension bill which the Senate passed a few minutes after midnight, 33 to 26, and sent to the White House.

The House, meanwhile, approved the measure, 210 to 112.

The bill sent to Mr. Truman automatically will re-establish rent and many of the price ceilings that lapsed July 1. OPA's plans are to follow quickly with a number of temporary adjustments on prices pending calculation of new and higher ceilings required under the measure.

The bill gives OPA life through next June, but it prohibits restoration of price controls at least until August 20 on such major market basket items as meat and dairy products, as well as on grains, petroleum and tobacco.

(Continued on Page Four)

Jap Cotton Fabrics Ready For Exporting

Tokyo, July 25.—(AP)—Staple cotton fabrics—50,000,000 yards at prices comparable to those of Britain and the United States—will be ready for export from Japan next month, a supreme headquarters textile expert said today.

An additional 35,000,000 yards will be available the following month. The goods will go only to the Orient and the southwest Pacific.

Cotton is flowing into Japan from the United States at the rate of 22,000 bales a week, providing Japanese textile mills with raw materials sufficient to raise production to 65,000,000 yards in September. Of this amount at least 20,000,000 will be available for export.

Before the war Japan exported 2,500,000,000 yards of cotton fabric annually, but the entry of India, Mexico and Brazil into world markets and the wartime appearance of United States producers probably will prevent Japan from attaining her former supremacy in this field.

Social and Personal

Social Calendar

THURSDAY
7:00 p. m.—Business and Professional Women's Club meets with Mrs. Patsie Clark Meele on 4th Street Extension. A picnic lunch will be served.

FRIDAY
6:30 p. m.—Kiwanis Club

Tennis Courts
The tennis courts at Guy Smith Stadium playground to which clay has recently been added is now in playing condition and is open to the public.
Players are cautioned to use regulation tennis shoes.

Card of Thanks
I wish to express my appreciation to all those who were so kind and thoughtful during the illness and death of my dear mother, Mrs. Julia Brantley.
LALA BRANTLEY

Birth Announcement
Mr. and Mrs. Roy F. Everette of Belvoir announce the birth of a daughter, Frances Marie on July 20 at Edgewood General Hospital, Tarboro, N. C. Mrs. Everette is the former Helen Marie Dunn of Fountain, N. C.

Berry-Chapman
Grifton, July 24.—In a ceremony of simplicity and beauty Miss Murie Tucker Chapman, daughter of Mr. and Mrs. John Spencer Chapman of Grifton became the bride of Mr. Elmer Trent Berry, son of Mrs. Barney Berry and the late Mr. Berry of Weesville, on Wednesday afternoon at the home of the bride at 3:30. The Rev. Jack Rountree, Episcopal minister of Kinston, officiated at the double ring ceremony.
Quantities of midsummer flowers decorated the home. In the living room a traditional color motif of white and green was noted in arrangements of palms, ivy, gladioli, and lighted candles in tall standards. The rows were taken before the mantel which was decorated with ivy, candles and gladioli. Mrs. Edward Peale of Elm City played before the wedding "Leibestraum" by Liszt and "At Dawning" by Cadman, during the ceremony "To A Wild Rose" was softly played. Traditional wedding marches were used.
The bride, escorted and given in marriage by her father, wore a white summer palm beach suit with black accessories and carried a prayer book topped with an orchid.
Miss Rebekah Wall as maid of honor wore aqua crepe and carried an arm bouquet of pink gladioli.
The groom had as his best man, his brother, Maurice Berry of Weesville. John Chapman, brother of the bride, lighted the candles.
The brides mother wore rose crepe and an orchid at her shoulder, the mother of the groom was gowned in black and also wore an orchid.
Mrs. Berry was educated in the Grifton school and at East Carolina Teachers College in Greenville. She has taught in the Hertford and Weesville schools for the past two years.
The bridegroom is a graduate of the Weesville school and is a prominent young farmer of Weesville. After a wedding trip to unannounced points the couple will make their home there.
Out of town guests were Mrs. Barney Berry, Miss Louise Berry, Norman Berry, Mr. and Mrs. George Halstead, Mr. and Mrs. Lloyd Halstead of Weesville, Mr. and Mrs. Edward Peale of Elm City, Mrs. Albert McDonald of High Point, Mr. and Mrs. Ludlow Williams, Miss Sara Frances Williams of Greenville, Mr. and Mrs. George Tomlinson and Miss Sara Tomlinson of Wilson, and Miss Ruth Chapman of Hopedale, N.C.

Forty Years Ago Today

THE DAILY REFLECTOR
Thursday, July 25, 1906

Crops in this community are damaged on account of the rain.
The farmers would rejoice to see a few days of fair weather.
The Universalist Church here will be dedicated next Sunday morning.
There are crops yet standing several inches deep in water.
Was the weather reporter just faking with us when he said it would be fair today?

Navy Now Procuring Nurses
The Bureau of Naval Personnel, Navy Department, Washington, D. C., has advised the Office of Naval Officer Procurement that registered nurses who are between 22 and 30 years of age and are high school graduates may now apply for a commission in the Navy Nurse Corps.
Interested applicants can receive detailed information by contacting the Office of Naval Officer Procurement, 1320 G' Street, N. W., Washington, D. C.

VA Subsistence Pay Is Clarified

Subsistence allowances of an increasing number of veteran on-job trainees in North Carolina are being suspended because of employers' misunderstanding of starting-wage requirements. It was reported today by Judson D. DeRamus, Veterans Administration regional manager in Winston-Salem.
VA cannot pay subsistence, Mr. DeRamus explained, in cases where the allowance appears to be employed as a means of reducing starting wages instead of as a bridge between the normal starting wage and journeyman wage. In cases where it is found that a veteran's wage has been reduced following his induction as a trainee VA is forced to suspend his subsistence allowance until the situation has been clarified.
In explaining the basis on which the allowance is paid, he stated that if a veteran had been employed at \$100 a month in training for a position having a journeyman wage of \$175, the subsistence allowance could not exceed the difference between the starting and journeyman scales. Reduction of a married trainee's salary from \$100 to \$85 in order that he may receive the maximum of \$90 a month is contrary to the intent of the law, Mr. DeRamus said.
Detailed information concerning this, and other affairs, is available at the Veterans Administration Office located in the Armory.

James R. Lang Rites Held in Farmville

Funeral services for James Rodrick Lang, 43, prominent Farmville tobaccoist, who died of a heart attack at Waycross, Ga. Wednesday morning, were held at the Farmville Christian Church this afternoon at 5 o'clock. The Rev. Z. B. Cox, pastor, officiated. Burial was in Forest Hills Cemetery. The family requested that no flowers be sent.
Mr. Lang, who has been associated with A. C. Monk & Co., of Farmville as leaf tobacco buyer since 1927, was stricken while on the tobacco market at Waycross.
He was the son of the late William Move Lang and Mrs. Annie Phillips Lang. He had been a member of the Christian church since early youth and had served as deacon for many years. He was a Mason and a Shriner.
Surviving are his wife, the former Winifred Clark of Douglas, Ga.; two sisters, Mrs. Nannie Moye Humphrey and Mrs. Paul G. Jones of Farmville; two brothers, W. Harry Lang of Kinston and Robert G. Lang of Greenville, and a number of nieces and nephews.
Recompense is a military term denoting the reconnoitering or examination of an enemy's position or movements.

BEAUTY QUEEN CITY TO PAVE NEW STREETS

Della Frances Perry In Miss North Carolina Contest

At the Junior Chamber of Commerce's beauty contest and dance at the Greenville High School Tuesday night Miss Della Frances Perry daughter of Mr. and Mrs. John Carrington, was the winner and was crowned queen.

Miss Geraldine Alligood, daughter of Mr. and Mrs. C. J. Alligood, was runner-up.

At Wilson on August 3, Miss North Carolina will be selected from the beauties chosen by the 20 participating cities.

Carolina Beach, July 25.—North Carolina's most beautiful and talented young women—each a beauty queen in one of the 20 Tar Heel cities staging preliminaries to the Miss America pageant—will be official guests of this beach resort next week, immediately prior to the selection of Miss North Carolina at Wilson on August 3.

Plans for entertaining the young queens have been set in motion by the Carolina Beach Junior Chamber of Commerce, host to the girls during their five-day expense-free vacation here. On tap, according to plans already announced, are moonlight boat rides, dinner parties, dances, a formal ball and rounds of entertainment to include surf parties and the dozens of amusements available at the beach.

Immediately upon their arrival here Monday each girl will be presented a credential giving her freedom of everything the beach offers including room, lodging, beach clubs, sail and motor boats, taxis and night clubs. When the girls leave here they will fly in a specially-chartered South East Airlines plane from Wilmington to Wilson where the following day, Miss North Carolina will be selected from among their number.

Hostess to the city winners will be Mary Jarman—officially known as "Miss Wilmington of 1946."

During the course of their visit here the young women will have an opportunity to participate in the color sound filming of a portion of the Esso film travelogue of North Carolina featuring the State's beaches and vacationist possibilities. The Tar Heel travelogue, to be exhibited throughout the nation this winter, is being filmed by the Standard Oil Company of New Jersey in cooperation with the State Department of Conservation and Development.

North Carolina cities and towns participating in the Jaycee beauty contests and whose winners have been invited to participate in the Carolina Beach vacation, include Wilson, Rocky Mount, Greenville, Goldsboro, Thomasville, Mount

BEAUTY QUEEN CITY TO PAVE NEW STREETS

Brown Paving Company Awarded Contract For \$284,526

By CHESTER WALSH

The Brown Paving and Construction Company of Charlotte, successful bidder on Greenville's \$250,000 paving project is planning to start work shortly. A city paving bond issue of \$250,000 was approved at a special election held here earlier this summer.

The Brown company's bid was \$284,526, much lower than the bids of three other contractors. This company already has its equipment here, where it was used for paving the Pachtolus road.

Of the \$284,526, \$29,948.50 is for the Greenville Utilities Commission to install gas and water lines ahead of the paving, Mayor Jack Boyd said. The \$250,000 bond issue will be sold August 15.

Like other municipalities, Greenville was delayed during the war in its paving program. Issuance of the \$250,000 of bonds and the paving of new streets met popular response from property-holders and others

Yearly production of oil in the United States did not reach the billion-barrel mark until 1929. The United States produced nearly Gross hourly earnings of factory workers at the 1945 war peak were \$1.046.

JIGGER MORAN

by JOHN ROBERT

Chapter 7

He ripped a sheet from the man and sailed it to Jigger. It landed midway between them on the Red drew his brow into a tight frown. "There's not much in that you can go on, Jigger. The little doc didn't make with the scope for over a year—according to his files."

Jigger tolled out of the vacuum. "Doesn't square. How did the dear old pay his way in idleness?"

There was dry mirth in Red's something to pit your cunning against. The doc left a six-dollar balance in his bank account when he exulted. The police practically no cash and negotiable on the murder premises. The bankbook shows many a withdrawal for one solid dollar. Looks like a budget miracle. Wives dream about."

Doc sure A'hearn let you scan his files?"

"He held nothing. When you got on the Cap. From the way he leaps to your aid, it can't be anything less than murder."

Jigger mused aloud. "So the doc tolled no respect, bought and paid taxes without of the realm. What did he do with the twelve thousand he won at Little Joey?"

Red said that article once, Red stooped to plagiarizing yourself. I'll bet you had a change, even for Joey. He's operating in Manhattan. It's the same old monopoly it was in Schultz ran it."

Jigger fingered the outline. "I don't doubt it. Hiring might have been a grandstand play. He knew it would get A'hearn going after the killer. Five grand to me out of a twelve grand jackpot is giving away a lot. Jigger had a change of heart pulverizing the doc. The number was a finger pointing at him—and it leaked out."

Jigger fretted a cigarette. "It's one thing we must hasten to get in this week's Sunday supply. You get the by-line. That's the end in legitimizing you under the D. A. catches you—and he babbles."

Jigger's voice was soothing but undisturbed. Can't spare you, Red. Circumstances have decreed that you be man Friday. I promise this case won't go over two weeks. Then I'll give you a thousand skins and you rent a shack in the country and write your magnum opus. All I ask that two free passes be left at the office in my name when the lid is on your play."

Jigger grimaced sourly. Jigger picked up the resume and scanned it thoughtfully. Jigger read aloud. "The doctor canceled out on the twenty-sixth, late evening." He smiled on and then arched his eyebrows questioningly. "Why did you persere the entry on M. Leeds, 10 Fort Hamilton Parkway, Brooklyn?"

Red ruminated briefly. His reply came in a moment. "Maybe a hunch. Maybe there's a slumbering detective somewhere inside me." "Get to the point, Red."

The doctor was a fastidious recluse. Through the years the slack hit him, entries were complete and frequent. The bulk of these file cards were yellow with age. As a matter of fact, the whole boddy were a wee yellow except M. Leeds card. It was whiter and the ink seemed fresher. The doc had four entries on it that didn't mean much to me except that the fastidious doc dated none of them."

Jigger beamed. "Smart boy, Red. The basic alpha beta gamma of detection is to look for inconsistencies. You're right on the beam."

Red said wryly. "Thanks. Do I go to the head of your school for me?"

Jigger got up and tousled Red's hair—what there was of it. "Nice thing. Now I've got an excuse to live myself to Ebbet's Field and see them beloved bums. Only a murder clue could coax me into the rough of Brooklyn."

The small brow was a tight, single line again. "You're beating the bush in Brooklyn for nothing. After a few short turns and enclosures you'll find Little Joey's killer ter all."

Jigger dismissed it. "There was a personalization in that killing, Red. That can't be ignored. The doctor wasn't merely killed. He was destroyed down to the last shred of life. Joey might have coveted the twelve grand but he didn't hate the doc that much."

To Be Continued

PARIS BEAUTIES ON PARADE—French bathing beauty contestants, wearing the latest in fashionable swimming suits and carrying identifying entry numbers, line up for the judges at the Molitor pool in Paris.

Leeds was mulling a plan. "Tomorrow I will make him buy her a gold coffin."

Jigger lit a cigarette and held it out to Leeds.

Leeds bent in two and propelled himself forward, his head butting Jigger flush in the stomach.

Jigger doubled with sudden pain and Leeds plowed, half-running, through the door, his voice pitched to the maximum of lung-power: "I'll make him buy her a gold coffin tomorrow."

It was three minutes before Jigger came out of the knot of pain. He followed Leeds up the creaking wooden staircase and reached the sidewalk in a sprint. Across the street Leeds had reached the top of the iron fence; he fell face forward into the cemetery. Jigger mopped his brow and climbed into the front seat of his cab.

NOTICE OF SALE UNDER MORTGAGE

Under and by virtue of authority contained in that mortgage executed by Margaret Dawson, Eliza Dawson and Arden Dawson and wife, Jeannette Dawson, to B. T. Cox, appearing of record in the office of the Register of Deeds of Pitt County in book Y-15 at page 468, default having been made in the payment of the indebtedness, and the owner of the note having called on the undersigned to sell said property, the undersigned will offer for sale and sell at public auction for cash before the court house door in Greenville, Pitt County on Friday, the 23rd day of August, 1946, at 12:00 Noon the following described lands to-wit:

A certain tract or parcel of land lying and being in Pitt County, State of North Carolina, described as follows: Beginning at J. F. Bright's corner on the road leading from Haddock's Crossroads to Cox's Mill and running with said road said Bright's line to the beginning, containing 8 acres, more or less. The purchaser will be required to deposit ten per cent (10 per cent) of bid on day of sale.

This 17th day of July, 1946.

JEANNETTE C. ST. AMAND, Administratrix DEN. CTA. of the Estate of B. T. Cox. July 17-17w-4wks.

NOTICE TO THE PUBLIC

All firms or persons interested in making proposals for a lease for fixed base operations at the county-city airport, Greenville, North Carolina, are invited to file such proposals by mail, on or before midnight, August 5, 1946.

Proposals for lease should set forth the type of operation proposed, consideration involved, terms of lease, experience of the operator, financial responsibility of the operator and detailed information on all other matters the bidder desires considered regarding the fixed base operations proposed.

All proposals and bids will be addressed to the undersigned in a sealed envelope marked "airport bid." The commission reserves the right to reject any or all bids.

PITTS COUNTY-CITY OF GREENVILLE AIRPORT COMMISSION, P. O. Box 894, Greenville, North Carolina, July 19 and 25.

NOTICE OF HEARING ON CREATION OF STOKES SCHOOL DISTRICT OF PITT COUNTY

Notice is hereby given that on Monday, August 5, 1946, at 11:30 o'clock A. M., at the office of the Board in Greenville, North Carolina, the Board of Education of Pitt County will hold a public hearing upon the question of creating a school district, to be known as the "Stokes" School District of Pitt County, comprising the following described territory located in Pitt County:

Starting at and including the May Little farm and running southeast along Martin County line to Borough's Bridge; thence along Tranters Creek to Gurganus Bridge; thence along west side of Tranters Creek to Briery Swamp below Shepherd's Millpond; thence west along Pactolus District School lines to Grindie Creek at Highway No. 903; thence across creek along Pactolus District lines to section house on Highway 11; thence west to the old Belvoir School District line; thence north along Belvoir District line to Grindie Creek, which is the old Bethel School District line; thence east along Grindie Creek to the old Greenville-Robersonville road; thence north along said road to and including the lands of Bert Whitehurst, continuing north along Greenville-Robersonville road to Hickory Church at North Carolina Highway No. 33, continuing north on said road to Martin County line and the lands of Mayo Little, which point is the beginning.

At the time and place stated above any taxpayer or other interested person may appear and be heard.

Dated this 1st day of July, 1946.

D. H. CONLEY, Secretary, Board of Education of Pitt County, North Carolina. July 10-17-25

HELPS TONE UP BIRDS

PURINA CHEK-R-TON

Not a "cure" for coccidiosis, but many local poultry raisers report remarkable results in getting birds back in condition. Chek-R-Ton stimulates birds' appetites and helps them get more quickly to a normal level of feed intake and growth. Add Chek-R-Ton to the mash at the rate of 1% of the total feed. Come in and get a box today. Ask for

FOR A THRIFTY, SERVICEABLE BLANKET

CHATHAM'S Sutton

IS YOUR BEST BUY!

No wonder "Sutton" offers the best possible quality at its price... it's made by Chatham, manufacturers of fine blankets for almost a century! Medium-weight and serviceable, "Sutton" is made of 25% wool and 50% rayon for warmth and beauty—plus 25% cotton for extra strength. Perfect blanket for a beauty sleep, Chatham's "Sutton" gives you three and a half pounds of warmth plus the comfort of an extra six inches in length.

Wild peach, pink rose, Extra long 72" x 90" blue stock, mint green, chrysanthemum cedar. \$6.30

CHATHAM'S Airloom BLANKET

BLOSSOMS OUT IN SPRING FLOWER COLORS

You'll wonder how such lovely blankets could be so practical, too. But a Chatham "Airloom", of 75% wool and 25% cotton, is sure to be warm because all the wool is in the nap... and the cotton warp assures added wear. Luxurious for its delicate color, comfortable for its medium weight, Airloom is the kind of blanket that promotes good looks because it guarantees good sleep.

Wild peach, pink rose, blue stock, mint green, chrysanthemum cedar. \$7.95. Extra long! 72" x 90"

Chatham Presents "Woolshire" (Virgin Wool)

THE YEAR-ROUND BLANKET

Sleep well—and you'll look well! How true, and how easy, when you snuggle down under a Chatham "Woolshire," the blanket that gives you the double luxury of fluffy warmth and charming Spring flower color. Of 100 per cent virgin wool, Chatham's "Woolshire" offers the perfect combination of lightness and deep-napped comfort.

Wild peach, pink rose, blue stock, mint green, chrysanthemum cedar. \$10.95. Extra long! 72" x 90"

CHATHAM'S "LAMSDOWN"

100% Virgin Wool - 72 x 90

Extra fine Quality, medium weight, lovely rich colors. \$15.95

BUY NOW ON OUR LA-A-WAY PLAN, PAY AS LITTLE AS \$1.00 UNTIL YOU ARE READY THIS FALL.

Strength FOR THE DAY

BY EARL L. DOUGLAS

SOME BLAME AT LEAST
How much of the trouble in which
we find ourselves involved is due
to ourselves? How much is due to
others?

It is very easy to blame others.
In fact it is something we always
like to do when we find ourselves
caught between the upper and
nether millstone of unpleasant
circumstances. But it does little
good. Many a person goes through
life blaming everything and everybody
for his failure excepting himself and
his own weaknesses. He has never
had a fair chance; the rich steal
from the poor; you have to have
pull to get anywhere in this world;
it takes money to make money;
what can one do when one is born
without ability—with such
statements and queries many a person
attempts to justify his failures.

The most wholesome reaction to
any mistake is the courageous
recognition that, to a greater or less
degree, one is always to blame for
any trouble in which he finds
himself. He may be very little to blame
but he will be involved in the same
trouble or worse if he does not recognize
that little blame and assume it.
Heredity is a scapegoat upon
which multitudes attempt to put
the responsibility for their mis-
takes. Family and faithless friends
are in the same category. We need
courageously to face the fact that
nothing ever happens to a man
which is not of the nature of himself.

WASHINGTON DAYBOOK

**UNCLE SAM; BIGGEST LAND-
LORD**
By HOWARD DOBSON
(First of Three Articles)
Washington—As the nation's biggest
landlord, the government makes
some money and loses some
—and provides homes for a lot of
people.
Aiming to keep out of the way
of private builders and investors,
Uncle Sam has stepped in to build
and operate homes only when the
job could not be done by anybody
else.

The government owns or is con-
nected with the management of
856,601 dwelling units. They cost
about three billion dollars to build
and shelter more than two million
persons—a good deal more than the
population of Connecticut. Tenants
pay about 200 million dollars a year
in rent.

This vast enterprise is only a
second-cousin to the veterans emer-
gency housing program aimed at
getting 2,700,000 homes started this
year and next. That is private, not
public, housing.

Philip M. Klutznick, a short
friendly fellow from Omaha, is in
charge of the arm-long list of federal
holdings, which range from
apartment houses to trailer vil-
lages. He is commissioner of the
Federal Public Housing Authority
(FPHA), the government's agent in
the low-rent and war housing busi-
ness.

From operating some projects and
selling others, FPHA is turning a
tidy sum into the U. S. Treasury
these days. Klutznick estimates it
will hand over about \$130,000,000
next year—about half that much
this year.

The government has become a
landlord for two purposes:
1. Originally, to help local com-
munities build housing for those
who could not pay enough rent to
support private building.

2. Then, during the war, the gov-
ernment built 851,000 homes for
war workers and others in war com-
munities who were unable to get
shelter any other way. This hous-
ing is being sold as rapidly as pos-
sible so the government can con-
centrate again on low-rent hous-
ing.

FPHA has on its busy hands ap-
proximately 600,000 units of war
housing—mostly apartments—in
these major classifications:
About 280,000 temporary units
not suited for more than a few
years use; 174,000 permanent units

being sold to occupants or to private
investors; 9,000 units built by the
Defense Homes Corporation and also
available to private buyers;
\$1,000 units built with low-rent
funds and now being taken over
by local communities to operate as
low-rent projects; 35,000 trailers
serving as temporary homes for
veterans but due to be sold eventu-
ally by the Reconstruction Finance
Corp.; 54,000 units in converted
structures leased by the
Home Owners Loan Corporation and
to be returned to the owners
as quickly as leases expire.
(Tomorrow: A complicated
business!)

Mentally Ill . . .

(Continued from Page One)
nervous disorders.
Fifty per cent of all pensions paid
by the Veterans Administration for
disability are payable because of
psychiatric disorders.
(The term psychiatric includes
diseases of the nervous system that
affect mental health.)
The committee said:
"Despite the contributions of public
and private organizations and
individuals, the nation has not yet
made real progress toward the goal
of mental health because these ef-
forts have been limited and they
lack coordination."
"Research in the field of mental
illness has up to the present time
been utterly inadequate in view
of the magnitude of the problem
and its serious consequences to our
society."
"It is estimated that no more
than \$2,500,000 is spent annually on
research in psychiatry and related
fields, as compared with an ex-
penditure of at least \$250,000,000,
or 100 times as much, for the main-
tenance of mental institutions."
"All public and private govern-
ment agencies together are spend-
ing not more than 25 cents per year
for research for each estimated case
of mental illness, and only \$1 for
each known case of total disabili-
ty because of mental ill health, as
pared, for example, with \$100 per
case of infantile paralysis, a dis-
ease which is far less widespread."
OPA officials acknowledged that

Price Control . . .

(Continued From Page One)
During the final long and some-
times bitter debate, senators Wher-
ry (D-Neb) and O'Daniel (D-Tex)
joined with others in demanding
rejection of the compromise bill
approved by a House-Senate confer-
ence committee.
On the other hand, Senator Taft
(R-Ohio), who led the fight against
OPA as it existed under the old law,
supported the current draft.
The bill's rough passage through
the Senate was highlighted just be-
fore midnight when Wherry, the
Republican whip, criticized Taft,
Democratic Leader Barkley (Ky)
and other conferees for their failure to
insist on the Senate amendments.
Even before the Senate began
more than 12 hours of debate on
the extender bill yesterday, OPA
Boss Paul Porter had his staff fever-
ishly at work on a stack of new
pricing orders in obvious anticipa-
tion of renewed powers. Porter had
previously conferred with Mr. Truman
on the bill.
OPA officials acknowledged that

The Atom . . .

(Continued from Page One)
providing for severe punishment of
violators, and endorsing the inter-
national atomic development au-
thority with the right of investiga-
tion in any country.
This proposal was put before the
U. N. Atomic Energy Commission
on June 14.—On June 19 Andrei A.
Gromyko, Soviet delegate to the U.
N. and representative to the Atomic
Energy Commission, rejected the
U. S. plan to abolish the veto on
atomic matters and presented his
own atomic control plan which
would put the whole system of control
under the Security Council and the
United Nations setup.
On July 12 the United States pre-
sented a further memorandum am-
plifying and explaining its propo-
sal. Yesterday Gromyko exploded
his own atomic bomb by flatly
rejecting the American proposals
once more.

U. S. To Press . . .

(Continued from Page One)
autonomy.
"This," he said, "cannot be recon-
ciled with the charter of the United
Nations."
A member of the U. S. delegation,
commenting on Gromyko's declara-
tion, said the delegation was not
surprised by his attitude and that
more statements like this were ex-
pected as time goes by.

Incumbents Lose Out In Oklahoma Voting

Oklahoma City, July 24—(AP)—
A wave of "anti-incumbent" senti-
ment swept three veteran Demo-
cratic Congressmen and three
long-time state officials from of-
fice in yesterday's Oklahoma run-
off primary election.
Personalities were the only issues
in the races. No outstanding state
or national questions were raised.
In addition to voting the veteran
officeholders out, the state Demo-
crats picked Roy J. Turner,
wealthy Oklahoma City oil and
cattleman, as their nominee for
governor in the Nov. 5 general elec-
tion.
Defeated were Congressmen Jed
Johnson, in the House 20 years;
Lyle Boren, in Congress 10 years,
and Victor Wickersham, a House
member five years.

May Tried . . .

(Continued From Page One)
With the recommendation for
clemency, the report of the case
went to the 6th corps headquarters
where the corps judge advocate en-
dorsed the clemency recommenda-
tion. The 6th corps commander,
however, forwarded the case to Eis-
enhower's headquarters without
such a recommendation.
There, Brig. Gen. Edward C. Betts,
staff judge advocate, and his as-
sistant reviewing officer urged sus-
pension of the sentences "in view of
the circumstances and the previous
credible record of the accused."
On May 15, Eisenhower confirmed
the sentence but followed Betts' re-
commendation and suspended its
execution. Eisenhower, the war de-
partment said, "made it a practice"
to suspend sentences in cases where
purely military offenses were in-
volved and the court had recom-
mended clemency.

Solution of Yesterday's Puzzle

PIPE LINE TO AVERT FLOODS

City Drainage Project Near Completion; Saved Money

By CHESTER WALSH
Construction of the 42-inch steel reinforced concrete drainage pipe line from Albemarle Avenue to a point near the utilities plant by the river has progressed satisfactorily and the project is nearing completion under supervision of City Engineer Henry L. Rivers. The surface drainage pipe line was started near the river. It was extended under the Atlantic Coast Line railroad track, and then proceeds south along the railroad right of way, then tunneled under Fifth and Fourth streets. The project is now on the home stretch. The pipe line will be extended to a point on Albemarle avenue near the National Biscuit company's plant, where it connects with another drainage sewer.
A special bond issue of \$53,000 was authorized for this project and for widening some streets. Bids submitted on the drainage pipe line were so high that the Board of Aldermen decided to have the work done by local labor under direction of the city engineer. A considerable sum was saved for the taxpayers. Mayor Jack Boyd said.
Installation of this drainage pipe line will relieve flooding conditions of the city streets following heavy rainstorms, it was stated.

Garsson Probers . . .

(Continued from Page One)
en to him as reimbursement for certain expenses.
Almost from the outset of the Senate committee's hearings into the combine's war profits, May's name has figured prominently in testimony.
Witnesses have said that the Kentucky lawmaker not only assisted the Garsson brothers in their efforts to obtain war contracts but participated in their social activities as well.
Whether May would appear alone tomorrow or accompanied by his attorney was not immediately known. Among conditions he specified previously for a voluntary appearance was that he might be represented by counsel. He also asked the right to cross examine witnesses and to subpoena new witnesses and records. The Senate committee rejected all these conditions, then issued its subpoena for May's appearance Tuesday.

Hold Trio . . .

(Continued from Page One)
held as a material witness tentatively identified the car in which Wellmoorn and Cromer were picked up Tuesday as the one which struck Mrs. Alther.
Chemical tests of scrapings from its fenders, believed to be blood are expected to be completed by tomorrow, Jackson said. Mrs. Alther, who died a few hours after she was struck, was buried today.
slain Suzanne. A host of police officers were to follow Degnan.

Leaf Prices . . .

(Continued from Page One)
sales was "extremely heavy" in all 19 markets with general quality considered the best of recent years.
Sales were chiefly in the fair to fine lugs, low and fair leaf and cutters. Extreme prices ranged from \$5 for nondescript to \$52 for top quality cutters and lugs.

Murder Trial . . .

(Continued From Page One)
Tuohy said Walter would present his findings to the grand jury during the day.
The first witness taken before the grand jury was James E. Degnan, former OPA official, father of the

CIVILIANS TO HEAD CONTROL

Board Agrees On Composition Of Atomic Commission

Washington, July 25—(AP)—Senate and House conferees agreed today that the proposed atomic energy control commission should be composed exclusively of civilians. They agreed also that the director of the division of military application should be a member of the armed forces.
The agreements, announced by Senator McMahon (D-Conn.), head of the Senate conferees working with a House group to adjust differences over atomic energy legislation, represented a compromise.
The House had insisted that at least one, and not more than two, members of the commission should be members of the armed forces. The Senate had insisted that all be civilians.
However, the House won its argument that the director of military application should be a military man instead of a civilian as recommended by the Senate.
The decisions of the conferees, however, are not binding on the Senate and the House and must be approved by both chambers before becoming effective.
No agreement was reached over the controversial patent section and a provision in the House bill authorizing the President to direct the atomic energy commission to permit the armed forces to produce atomic weapons.
McMahon told reporters the conferees would meet again this afternoon in an attempt to reach final agreement.

Press Association To Meet At College

O. O. Phillips of Smithfield, secretary of the Eastern North Carolina Press Association, has announced that a two-day convention of the association would be held at East Carolina Teachers College in November. The exact date has not been set.
Sixty members of the association are expected to attend the convention.

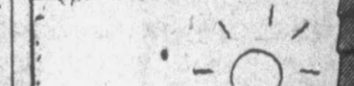

Do FALSE TEETH

Rock, Slide or Slip?
FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste
If you have excess acids in your blood, your 15 miles of kidney tubes may be overworked. These filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.
Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

BEWARE OF PIN-WORMS

Recent medical reports reveal that an amazing number of children and grown-ups may be victims of Pin-Worms—often without suspecting what is wrong! Watch out for the warning signs that may mean Pin-Worms in your child or yourself—especially the tormenting, embarrassing rectal itch. Because you can't see them, you can't see what is wrong! After centuries of distrust caused by Pin-Worms, a highly effective way to deal with them has been made possible. It is based on the medically recognized drug called gentian violet.
This special drug is the vital ingredient in P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son. P-W tablets are small and easy to take, and they act in a special way to remove Pin-Worms.
So if you suspect this ugly infection, ask your druggist for JAYNE'S P-W and follow the directions. Satisfaction guaranteed or your money back.
It's easy to remember: P-W for Pin-Worms!

N. Y. Stock Market

New York, July 25—(AP)—The stock market enjoyed a somewhat apathetic rally today with selected steels, rails, and specials leading the comeback.
Prices generally turned upward after a moderately active and slightly irregular opening. While dealings reverted to sluggishness, gains of fractions to 2 or more points—assorted "thin" issues executed wider jumps on a few sales—held well in the majority near the close although top marks were reduced in numerous cases. Transfers were in the neighborhood of 800,000 shares.

Ballam's Eleventh Inning Single Earns Winning Run

Greenies Take 3-2 Decision Over New Bern; Payne Uses Four Pitchers In Desperate Effort To Down Bears To Sixth Place Position

By BERT MOYE
Dean Ballam's timely single in the eleventh frame with one out to bring in Earl Smith who had walked and had advanced to third on Narron's single, gave the Greenies a 3-2 win over the New Bern Bears here last night and undisputed possession of fifth place in league standings.

Greenie took the lead in the initial frame when M. Blackwell walked, Carlson singled advancing him to third, and Verne Blackwell hit a ball to second baseman Hobgood, who threw the ball to first to catch V. Blackwell, and Carlson being trapped between first and second on the play with Merle Blackwell scoring during the meantime and before the final out was made.

The Greenies scored again in the fourth frame when Payne reached first on a fielder's choice.

LOSE WEIGHT SAFELY WITHOUT EXERCISE

Take off weight each week. Eat plenty. No drugs. No laxatives. Don't wear yourself out with exercises. Don't give up all the foods you like. Eat plenty—not too much. Lee singled, Smith reached first on Hobgood's error to load the bases, and Luke hit to shortstop Pinner who errored the ball with Payne coming home.

The Bears scored their first run in the sixth frame when Shetler walked, wetter walked, and Hobgood hit to Carlson who errored the ball with Shetler scoring as a result of the error.

In the seventh frame the Bears tallied again to tie the score at two-all and cause the game to go into extra innings. Urban singled, Shetler walked, and Stolt singled to bring in Urban for the tying run.

At the beginning of the eighth frame Manager Abe White of the Bears notified the umpires that he was protesting the game and he filed his protest over the initial run made by the Greenies. Manager White did not file his protest until after New Bern had made its second run.

Manager Virgil Payne used his entire pitching staff with the exception of Lee in the encounter. Rex Benton started for the Greenies and pitched for eight and two-thirds innings, yielding six hits and two runs. Johnny Foell then went into the game. But was quite wild walking the only man he pitched to to load the bases and making one wild pitch. "Iron Man" Alamo, who had pitched the previous game for the Greenies then went into the box and retired the side pitching to only one man, Stott, who flew out to Verne Blackwell in deep center. Dean Ballam went into the game at the beginning of the tenth frame and pitched one hit ball and received credit for the game.

Fielding honors in last night's contest go to Ray Carlson and Manager Virgil Payne, who both played fine defensive ball. In the fifth frame Carlson went by behind third base to "rob" catcher George of what seemed to be a sure hit. Manager Payne robbed Pinner of a hit in the eleventh frame when he made a dive towards first base to catch a hard hit ground ball and throw him out at first.

And speaking of the fine work done by Carlson during this season, baseball fans last night showed their appreciation to him by presenting him a purse. The occasion

being his birthday which is being observed today. In connection with this, should be given thanks to some of our most ardent lady baseball fans who instigated the plan.

Greenie goes to New Bern for a return game with the Bears tonight and on Friday they go to Rocky Mount to play. On Saturday night they play the Rocky Mount Rocks here at 7:45 in Guy Smith Stadium.

On Sunday afternoon at three o'clock the Tarboro Tars will play the reeries here at the local park. The game having been switched from the Tarboro park due to the fact that their grandstand is not completed.

By JOE REICHLER

Those who have started to count the Brooklyn Dodgers out of the National League pennant race because of their recent near-disastrous road trip, have done so without taking into account Brooklyn's amazing home record at Ebbets' Field, where they still have 38 games to play this season.

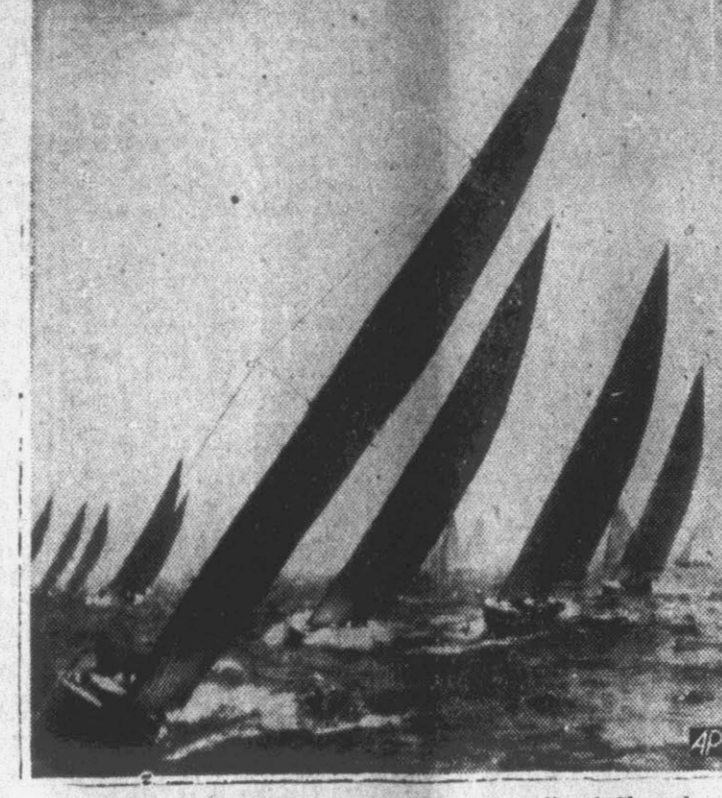

Forced to share the National League's top berth with the St. Louis Cardinals for four days after leading the parade for more than two months, the Dodgers wasted little time upon their return home yesterday to regain undisputed possession of first place.

This they did by the simple medium of notching their 30th victory in 39 home games, at the expense of the third place Chicago Cubs while the Cardinals were thrashed by the New York Giants.

With an after-dark crowd of 39,677 fans on hand the Dodgers eked out a brilliant 2-1 triumph over the Bruins, principally on the fine hurling of southpaw Joe Hatten.

The Giants, nemesis of the Redbirds all season, showed the St. Louis aggregation one full game be-

hind the Brooks when they beat the Cards for the 9th time in 14 meetings this season by a 3-1 score on the strength of Johnny Mize's 20th home run in the ninth inning with one mate aboard.

In the American League, the pace setting Boston Red Sox maintained their 11 1-2 game margin over the runner-up New York Yankees by taking advantage of a pair of miscues to defeat the Chicago White Sox 4-1.

The Yankees kept pace with the Red Sox by coming from behind to defeat the St. Louis Browns, 5-3 under the lights at Sportsman's Park.

Cleveland's Bobby Feller racked up his 18th win and seventh shut-out of the campaign in pitching the Indians to a 1-0 triumph over Bob Savage and the Philadelphia Athletics. The Tribe fireballer fanned nine to raise his season straggling total to 220.

Bobo Newsum, veteran Washington righthander duplicated Feller's feat by outpitching Detroit's Dizzy Trout 1-0. The Philadelphia Phillies took a 2-0 victory over the Pittsburgh Pirates, and Cincinnati shaded the Boston Braves, 2-1.

Baseball Fans

A little over two weeks ago the public address system at the ball park went out of commission — (The one they had been using ever since the Coastal Plain League was born out at the Third Street school.)

I went to Guy Smith, and Ty Wagner, and told them I would buy a good set if they would let me secure eight advertisements from local firms to pay for it. (They have the same system in Kinston where the ball club is too stingy to buy their own set.) Guy Smith and Ty Wagner agreed. So I contracted eight business firms for the remainder of the season, collected the money, went to Bray's Radio Shop and paid the advertisers' money (\$128.75) for the set. Went to Johnson's Music Shop and bought eighty records which I thought you fans would enjoy.

Monday afternoon Dave Moore, Guy Smith's mouthpiece, called me up and complained about the ads. They would have to be cut out; said, "after all people go to a ball game to be entertained, not to listen to ads." (They sure do—but nine times out of ten all the entertainment the ball fans get at Guy Smith Stadium is a phonograph record or an ad between innings; that is, unless they have a passion for errors.)

I have been announcing free of charge. I just wanted to let you know what a predicament Guy Smith has placed me in. I always thought he was a man of his word.

No. The only advertising they are interested in is when they are soliciting ads for the fence.

Edw. W. Hearne.

WAC'S WANTED FOR OVERSEAS

Third Army Area Attempts To Reenlist Over 300 Ex-WAC's

Atlanta, Ga., July 25—An intensive drive is now under way in the Third Army Area to reenlist over 300 former members of the Women's Army Corps in certain specialist categories for immediate assignment in the European Theater.

The need for Wacs overseas has become so great that in addition to those who have remained in active service, honorably discharged women are now urged to reenlist for this duty. In order to meet this need on time, a deadline date for applications has been set for August 7, 1946.

Critical skills needed for immediate assignment include stenographers, clerk-typists, general clerks, statistical clerks, teletype-writer operators, supply clerks, telephone switchboard operators, administrative non-commissioned personnel and cryptographer technicians.

Women who reenter the service will be given the same grade held at the time of their discharge and they must reenlist for the duration plus six months. In the event the continuation of their military status occurs before the expiration of one year's foreign service, they must agree to remain in a civilian status after discharge for the unexpired portion of that year if their services are required in that theater.

According to S-Sgt. Paul G. Manning, Station Commander of the Greenville, N. C. Station, "priority will go to those women who have not served overseas because, although urgent, there is a need for only a limited number in each category. We are attempting to be fair to the many Wacs who were denied the chance to go overseas but who served long and creditably in this country during the war."

Cardinals 0 0 2 1 0 2 4 7
Giants 0 0 4 0 0 4 1 1

BOYS LEAGUE BASEBALL

The Cardinals came from behind twice to win from the Giants Tuesday morning at the Training School field by the score of 16 to 9. The Cards scored twice in the sixth to tie the score at four all only to have the Giants come back in the bottom of the same inning to score four runs to get the lead again. In the last inning the Cards scored four runs to go one up, the Giants still fighting scored in their half to tie the score at 9-9. In the extra inning the Cards with the help of a double by White and a triple by Farley went on a hitting rampage that netted them seven runs and the ball game.

Eddie Farley had a perfect day at bat with six for six including three singles, a double and two triples. Woolfolk, Tucker, Johnson, Umphlett, Bost and White got two hits each. John Sideris, Gardner and Guy Smith led the hitting for the losers.

Schedule for Friday
Giants vs. Cardinals, Training Sch., 10 a. m.
Yankees vs. Tigers, Third St., 2:30 p. m.

WILSON'S WEEKLY Bulletin
By George Rector
Food and Nutrition Consultant to Wilson & Co.

Arrange Cold Platters Attractively

Arranging food attractively makes getting meals twice as much fun . . . takes very little extra time. Many women find it a help to clip pictures showing unusual and attractive arrangements of food, especially of cold cuts. Why not start with the one below?

A Tempting Cold Meat Platter . . . from your emergency shelf

Front Row: Slices of Wilson's Certified Jellied Ox Tongue.
Second Row: Mor. sliced.

Back Row, left: Certified Vienna Sausages; right: potato chips spread with Certified Deviled Ham.

Clip Recipe Here

Eye Appeal Important
An attractively arranged cold platter of Wilson's Certified Meats starts any dinner off right on a hot day. Add scalloped potatoes (for the one hot dish) a chilled mixed vegetable salad, rye wafers and fresh blueberries and cream. To make the scalloped potatoes more tasty, more nutritious, grate Certified American Cheese and sprinkle between layers of potatoes.

Nutritive Value High
Enjoy the convenience of Wilson's delicious canned meats often, as they contain the same high quality proteins, minerals, and important B vitamins found in fresh meat. So take my advice and keep a good supply on hand to help make meal preparation easier this summer . . . and insure meat for dinner when fresh meat is not available.

You can always be sure of the quality of Wilson's Certified Meats—canned smoked or fresh—for they are made of the highest quality ingredients. In fact, all products bearing the Wilson label must live up to the

Appetite Teasers
Hot days call for greater efforts to tempt the appetite. Try these ideas on your heat-battered family.
Start meals often with a cold fruit or vegetable juice cocktail . . . sipped leisurely in the living room. A grand accompaniment is potato chips spread with Certified Deviled Ham as shown in photograph above.
Wedges of frosty watermelon, interspersed or not, as you wish, with cantaloupe balls, make an appetizing first course . . . equally good for the finale.

Sincerely,
George Rector
