

TERMINAL PAY FUNDS OKAYED IN COMMITTEE

Funds For Rebo OPA In Deficit Bill; House Rushes Action

Washington, July 29.—(AP)—A \$2,431,708,000 allotment for GI terminal pay and a \$28,000,000 fund for the reborn OPA topped a \$2,479,663,210 deficiency bill approved today by the House appropriations committee.

Last scheduled money measure of the 79th Congress, the bill also provides:

- \$29,000,000 for overtime, leave and holiday pay of government workers;
- \$250,000 for the new price decontrol board under OPA.

Provision for use of Manhattan engineering district (A-bomb project) funds by the atomic energy commission, and \$19,750,000 of War Department money for military aid to the Philippines.

The bill was rushed to the House floor after two days of committee hearings, and House leaders urged its immediate passage.

Accounting for 98 per cent of the total, the GI terminal pay allotment gives effect to pending legislation under which an estimated 2,000,000 army and navy enlisted personnel already discharged or still in service are expected to apply for reimbursement for unused furlough time.

The bill authorizing the payments is tied up in a Senate-house conference committee seeking to adjust differences over the form of payments. The House voted for cash, while the Senate recommended bonds except for payments under \$50.

The committee cut the budget estimate for furlough pay by \$241,783,000, saying that amount would not be needed for another year.

The \$26,000,000 recommended to OPA supplements \$75,000,000 appropriated last week. The committee said the additional money would carry OPA until next February when the new Congress can revise its financial needs.

The committee through its administration request for \$100,000 for expenses of the atomic energy commission provided for in legislation passed last week. It proposed instead that the commission be financed from money already voted for the army's Manhattan district.

Other funds in the bill include \$200,000 for the Alaska communications system and \$500,000 for the Commerce Department.

Board Nominees Pass First Test

Senate Banking Committee Approves Truman's Selections For Price Decontrol Board; First Big Assignment Will Be To Rule On Commodities Which May Return To OPA

Washington, July 29.—(AP)—The Senate Banking Committee today unanimously approved President Truman's three nominees for the new price decontrol board.

The committee's action sent to the senate for its consideration, possibly today but more likely tomorrow, these nominations:

- Roy L. Thompson, president of the Federal Land Bank of New Orleans, as chairman of the decontrol board;
- Daniel W. Bell former treasury undersecretary, and George H. Mead, Dayton, O., paper company executive, as members.

Meanwhile, Mr. Truman arranged to confer at 3:15 p. m., eastern standard time, with Mead, residential Press Secretary Charles G. Ross today reporters.

Ross added, in response to questions, that all three nominees have told Mr. Truman they will accept the appointments.

Thompson will arrive tomorrow to meet with Mead and Bell.

In creating the board with top authority over price controls and restoration of price controls, congress stipulated that no more than two appointees should be members of the same political party. Mead is a Republican and Thompson a Democrat. Bell says he has no party affiliation.

They will be paid at the rate of \$12,000 a year.

The board's first big assignment is to decide by August 20 whether meats, dairy products, grains, cotton and wool should be returned to OPA.

Baptists Gather To Study Offer

Greensboro, N. C., July 29.—(AP) The State Baptist convention meets here tomorrow to decide whether to accept the Z. Smith Reynolds Foundation offer and tonight the convention's educational council convenes with the prospect that disposal of the present Wake Forest plant will be discussed.

The Reynolds Foundation has offered to give the income from its \$10,750,000 annual to Wake Forest if the college is moved to Winston-Salem. This is the chief point among the Reynolds conditions in connection with the grant.

The Wake Forest trustees, the Baptist general board and the convention's education council have all recommended that the offer be accepted. Dr. C. C. Warren of Charlotte, president of the convention, said he thought the convention would accept tomorrow.

There have been no official proposals as to what to do with the present plant at Wake Forest, 17 miles north of Raleigh. Tonight's meeting may consider this and make recommendations to the convention tomorrow.

Peace Stakes In Paris

America Behind Byrnes In His Effort To Get Just Peace For World; Cruz Of Matter Lies In Whether Russia Is Satisfied, Or Will Continue Power Politics

An atmosphere of deep anxiety surrounded the opening of the Paris peace conference today—anxiety born of uncertainty whether this historic meeting would break trail for real peace or whether it would be a harbinger of further conflict because of the great divergencies between Russia and the western allies.

Secretary of State Byrnes on departure Saturday by air for the French capital left behind a message which contained this "plan talk":

"It seems to me that the hope of avoiding some new terrible war greatly depends upon how quickly we can remove the dangerous sources of friction left in the wake of the last war."

Shortly afterward over in France General Charles de Gaulle, also made a blunt pronouncement in which he declared that world security depends upon "future relations of America and Russia." He pictured France dwarfed between two great powers and already able to foresee the possibility of a third world war. He urged quick formation of an Anglo-French alliance as keystone of an eventual bloc of western European countries, bound together for self preservation.

"It would be difficult to refute de Gaulle's statement that world security depends on future Russo-American relations, though that may be rather an over-simplification of a complicated situation. In any event, the great send-off which was given Secretary Byrnes in Washington by President Truman, numerous other government dignitaries and a crowd of several thousand spectators, fully marked the importance which Uncle Sam attaches to his envoy's mission."

"It is not a whole hearted send-off," said the President. "I have never seen one. That means that the country is behind Mr. Byrnes in his effort to get a just peace for the world, a peace founded on the Atlantic Charter of the United Nations on which this country squarely stands, now and, from this time forward."

Is Rep. Andrew J. May in the Room?

Senator James M. Mead (facing camera in center), chairman of the War Investigating Committee, opens the day's hearing in Washington July 29 with the question: "Is Rep. Andrew J. May in the room?" Warren McGee (in white suit, back to camera), May's attorney, answers: "He is not in the room." McGee told the committee that May was unable to appear for questioning about war contracts with a mid-western munitions combine because of a heart attack. Sitting at the left is Senator Hugh B. Mitchell, Democrat of Washington, and at extreme right sits Senator Homer Ferguson, Republican of Michigan. Both are members of the committee. (AP Wirephoto).

Comptroller Condemns Actions Of Officials

Lindsay Warren, Testifying Before Mead Committee, Describes Practices Which Cost Nation Untold Millions

Washington, July 29.—(AP)—Comptroller General Lindsay Warren today denounced as "damnable" what he termed the widespread practice of army officers obtaining lucrative jobs from war producers whose government contracts helped avert and settle while in the service.

He laid before the Senate War Investigating Committee three specific cases and declared that—as a result of their discovery—the general accounting office has thrown every searchlight on contracts held by the war producers.

Warren said that the men after making these points during his testimony before the committee, which branched out today from its inquiry into the wartime operations of a midwest munitions combine:

1. The government lost untold millions by not allowing the accounting office to police the contracts.
2. Some high government officials made it a practice to accept cocktail parties, hotel and travel expenses from contractors.
3. "From my seat, it has looked as if every body and his brother was out to get the government during the lush war years."

Chairman Mead (D-NY) termed acceptance and offer of jobs to army officers by companies on whose contracts they have worked "an indefensible practice" and said the committee will dig into it deeply.

It was a rule rather than an exception, Warren said, for some government officials to accept favors from contractors.

"It got so bad in the Maritime Commission, for instance," Warren said, "that I called personally on Admiral Land (chairman—whose name was not mentioned in any of the reports—and also wrote him of it). He issued an order condemning such practices."

Warren declared that legislation liberalizing government contract practices during the war had greatly weakened the power of the general accounting office to prevent extravagance or misuse of public funds.

Warren was called before the committee, which has been investigating war profits of a midwest munitions combine, to give his advice on possible new anti-profits legislation.

The pending cases include:

1. Inquiry into a purported pay-off of \$100,000 to a contractor.

LYNCH-MOB IS WELL HIDDEN

Police Run Into Stone Wall In Trail Of Multiple-Murders

Monroe, Ga., July 29.—(AP)—State police reported today they had run into a "stone-wall" in tracking down every lead in the investigation of the multiple negro lynching here.

"We have talked to a lot of people and gotten nowhere," said Mead Williams, chief of the state police. "We think we know who some of the members of the mob are, but we can't prove it."

Meanwhile, the congregation of the First Methodist Church here yesterday by resolution called on local and Walton County authorities to cooperate with the state authorities.

The resolution brought a prompt retort from Sheriff E. S. Gordon who said: "We are ready to cooperate with the state. We've always been ready. It didn't take any resolution for that."

Spence said the "good people in Walton County wouldn't talk about the massacre even though some of the 'know who members of the gang are."

The state of Georgia, through Gov. Ellis Arnall, has offered \$10,000 reward for information leading to the conviction of the 20 odd mobsters who shot down four negroes near here Thursday.

Other organizations have offered additional rewards.

The mob victims—Roger and Dorothy Malcolm and George and Mae Dorsey—were seized from the car of a white farmer, lined up and tied by three volleys of fire from pistols and shotguns.

Roger Malcolm had been under \$500 bond on a charge of stabbing.

SHERIFF HAD BUSY WEEKEND

Serious Stabbing, Row At Tobacco Barn; Saturday Fights

By CHESTER WALSH

Sheriff's officers said today that William Munning, a Bahamian farm laborer on Ell Nobles' farm west of Winterville, suffered a wound which required about 80 stitches during an affray with Sam Sugg, Negro farm worker, over a small debt Saturday. The Bahamian was taken to Ft. General Hospital; Deputy Sheriff Cletus Jackson and Winterville Police Chief Jim Buck arrested Sugg and charged him with assault with a deadly weapon with intent to kill. Sugg provided bond today and was released.

Deputy Sheriff Lloyd Manning and state highway patrolmen Saturday afternoon arrested Major Adams, white tenant on Johnny Dixon's farm, in the Black Jack area.

Two Major Bills Await Houses Before Recess

Washington, July 29.—(AP)—President Truman's OPA decontrol board nominations and his expected early appointment of a domestic atomic control commission headed the Senate's Congress-end cleanup calendar today.

For the moment, however, both houses were largely marking time awaiting conference committee agreement on a cash-or-bonds provision of the GI terminal leave pay bill. That is one of two major bits of legislation expected to be whipped through before Congress quits Friday.

The other, already approved by the House and by the Senate Finance Committee, would freeze social security taxes a year at the present rate of 1 per cent on employers and employees.

Meanwhile, all arrangements apparently had been made for the annual—and thus far futile—effort to obtain Senate action on a bill to outlaw the collection of state poll taxes in federal elections.

Sponsors announced intention to bring up the House-approved measure which they say a Senate majority favors. There was apparent agreement to file a debate limitation motion, which would come to a vote Wednesday if offered today.

Southerners, who usually filibuster the anti-poll tax measure, were under leadership pressure to permit the motion to be filed. Confident they would receive the necessary two-thirds approval, they seemed likely to take this means of avoiding warring talk at the session's end.

While Mr. Truman's signature of the atomic control bill and his appointment of five civilian commissioners appeared to be only a matter of time, another measure on his desk is keeping lawmakers guessing.

It is the hotly disputed Tidelands legislation giving states undisputed title to the often oil-rich lands lying just off their shores.

The House completed congressional action on the bill late Saturday by a vote of 183 to 67.

Senate Democratic Leader Barkley (Ky) and Secretary of the Interior Krug have declared themselves in favor of a veto to permit the Supreme Court, rather than Congress, to rule finally on the subject.

Speculation over possible members of the atomic commission has covered a wide range, including Gen. George C. Marshall, former army chief of staff and now Mr. Truman's personal ambassador to China.

While the measure specifies that the commissioners must be civilians, it permits the appointment of retired officers. Other names mentioned include Edward R. Stettin, Joseph P. Kennedy, former ambassador to Britain; O. Max Gardner, undersecretary of the treasury; TVA Chairman David E. Lilienthal and Dr. Irving Langmuir. James Conant, Edward W. Condon and Venner Bush, all prominently identified with development of the atomic bomb.

UN Selects Fifteen Sites In Home Hunt

Number Will Be Cut To Five For General Assembly's Verdict; Russian Plan For Atom Control Under Scrutiny

New York, July 29.—(AP)—The United Nations headquarters commission announced today the selection of 15 possible sites for the permanent home of the United Nations in the Westchester-Fairfield area of New York and Connecticut.

The proposed sites for the world capital range from two square miles to 40 square miles. After discussing each site with the people involved, the commission will cut the list down to five sites to be considered by the General Assembly at its meeting in New York this fall.

The proposal that the United Nations Atomic Energy Commission might be forced to make majority and minority reports was sent today.

PAC STRENGTH TO BE TESTED

Value Of CIO Backing In South Determined This Week

Washington, July 29.—(AP)—The CIO Political Action Committee is to run up against its toughest Dixie test this week. Tennessee voters decide Thursday whether to renominate 77-year-old Kenneth D. McKellar for a sixth term in the Senate.

The Tennessee contest sparks a week of political action in which:

1. Alabama voters choose a Democratic nominee to complete the term of the late Sen. John Bankhead.
2. Arkansas nominates a Democratic gubernatorial candidate, and Kentucky voters pick nominees for nine House seats and the Senate chair.

The Alabama and Arkansas elections are tomorrow, Kentucky's Saturday.

Most interest will be centered on Tennessee, however. There Edward Ward Carmack is attempting to unseat McKellar in a Democratic primary, where nomination usually is equivalent to election in November.

As an indication of the seriousness with which McKellar supporters view Carmack's bid, Sen. Stewart (D-Tenn) took the unusual course of issuing a statement assuring that his colleague's health is "strictly first class." Stewart also said there had been some "loose charges" about the health of McKellar, who spent a few days in a local hospital here in May.

The CIO is also involved in tomorrow's Alabama voting, which is

R. J. Reynolds Firm Signs Pay Contract

Winston-Salem, July 29.—(AP)—R. J. Reynolds Tobacco Company Saturday signed a labor contract with the United Tobacco Workers giving about 8,500 employees an average wage increase estimated by the union at approximately 12 cent an hour.

Adding between two and a half million dollars yearly in payroll money to the business and commercial activity of the community, the contract was made retroactive to May 29 of this year.

The expiration date of this contract, third to be entered into by the company and the union, is May 1, 1947.

The agreement was signed by behalf of the Reynolds Company by John C. Whitaker, vice-president and for the union by Philip Koritz, director of the local 22 and other officials of the union.

Quadruplets Are Assured Of Care

Reidsville, N. C., July 29.—(AP)—The Fultz quadruplets, now slightly more than two months old, are in good health and gaining weight daily in their private nursery in a local hospital.

The Negro youngsters—all girls and all named Mary—need have few worries about the future, either their father, Pete, said that a milk company was sponsoring them until they were 10 years old and that a Greensboro radio station has promised to send them through four years of Bennett College.

Pete can't tell his identical twins apart. Neither can the hospital nurses. In addition to the quadruplets, Pete and his wife, Annie Mae, have six other children, two of them twins.

Pete said the milk company had given the family a 148 1-2 acre plot near Madison and is building them a home, including a nursery. They'll move to Madison when the business is completed and the twins can be taken from the Reidsville hospital.

Mary Louise is the heaviest of the quadruplets—she weighs six pounds, 15 ounces. Mary Catherine weighs six pounds, 14 ounces; Mary Anne the scales at six pounds, eight ounces and Mary Alice at six pounds seven ounces.

ABC's Of Peace Talks

Conference Opening Today Will Deal Only With Italy, Finland, Bulgaria, Hungary And Romania; Though 21 Nations Will Be Present, Big Four Run Show

Washington, July 29.—(AP)—Here is an ABC explanation of the peace conference which opened in Paris today.

1. The conference is to help to draw up peace treaties with these defeated axis nations only: Italy, Finland, Bulgaria, Hungary, Romania.

2. The conference has nothing to do with Germany, Japan, or Austria. Austria will be handled later, separately. Peace settlements with Japan and Germany are far in the future.

3. Although 21 of the United Nations are taking part in the conference, the show is being run by only four: The United States, Russia, Britain and France. Those four will do the real job of treaty-making.

4. The other 17 United Nations are invited to attend so they can make suggestions. That's all they can't add anything or change anything. The Big Four will be the boss, have final say-so.

This is what the peace treaties mean:

"The loser nations, all of them, damage done. The Big Four can make their part in the war and the make them pay like this:

1. By taking territory away from them or changing their boundaries.
2. By making them pay damages to the victors, or some of the victors, in the form of ships, money equipment like machinery, or in goods produced over a number of years.
3. By setting a limit on the size of the armaments and armed forces they can have hereafter.

This is the background:

"When the war ended, the victor nations couldn't say to the losers: 'All right, the war's over. Now you're back in the family of nations. Welcome home.'"

"The loser nations had been badly wrecked or overrun by the United Nations. Their governments which had supported the Axis, were gone. New governments, capable of running their own affairs, were being set up."

'The Hopes Of Plain Men Turn To Us Today' Says French President; Asks For 'Reasonable Solutions To Peace'; Ministers Convene In Atmosphere Of Dissension

Paris, July 29.—(AP)—The 21 nation peace conference, convened formally in Luxembourg palace more than a year after the end of the second World War in Europe, was summoned by President Bidault of France today to abolish the plague of war.

Addressing the 1,500 delegates of the victorious Allies on behalf of the host nation, Bidault pleaded: "The long suffering peoples of the world today look to you. If we cannot get complete solutions, I hope that at least we will get reasonable ones."

In an apparent reference to the United States and Russia, Bidault said that whatever "peace points" attached to the failure to keep us safe after the war, "world war, a fundamental cause of that failure was that the two great powers who had taken a decided part in the conquest of arms remained on the sidelines during the solution of the peace." "The hopes of plain men are turned toward us today," he declared, concluding his 10-minute, slowly spoken speech. Bidault was then named provisional chairman of the conference on motion of U. S. Secretary of State Byrnes.

The conference convened, however, in an atmosphere of dissension. For more than 36 hours the deputy foreign ministers of the four principal powers—Britain, Russia, France and the United States—had argued before agreeing even on publication of the five treaty drafts prepared by the four powers for submission to the conference.

It finally was agreed to release the five treaty texts, along with statements on each document, at 11 p. m. Greenwich Time (6 p. m. Eastern Standard Time) Tuesday.

The envoys of defeated Italy, Hungary, Bulgaria, Romania and Finland were handed copies of the peace treaties affecting them this morning.

Bormann Is Seen Alive In Munich

Nuernberg, July 29.—(AP)—American intelligence officers reported today that Martin Bormann, Hitler's deputy party leader who has been missing since the fall of Berlin, was seen in Munich only a week ago and that a house to house search for him is going on.

Bormann long was believed dead. He is being tried in absentia as one of 22 Nazi defendants by the international military tribunal.

Intelligence chiefs said a disgruntled chauffeur of Bormann, fired in a disagreement over stolen garden vegetables, provided them with a tip that started a new hunt for the Nazi party chief.

An army security chief said: "An army source said the chauffeur, Jakob Glas, longtime resident of Munich, informed intelligence chiefs he was 'absolutely certain' the man he saw riding in an automobile in a main street of Munich a few days ago was the missing and long-sought Bormann."

Glas was Bormann's driver for years until the final year of the Hitler regime. Then, he said, he was dismissed after Bormann accused him of stealing vegetables from the deputy fuhrer's private garden.

Christian Science Service "Truth" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, July 28.

The Golden Text was from Psalm 31:5, "In thy hand I commend my spirit; thou hast redeemed me, O Lord, God of truth." Among the citations comprising the lesson-sermon were the following: The Bible: "He that speaketh the truth sheweth forth righteousness but a false witness deceit. Lying lips are abomination to the Lord; but they that deal truly are his delight." (Proverbs 12:17, 22). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Honesty is spiritual power. Dishonesty is human weakness, which forfeits divine help. We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are." (Pages 153, 8).

ATTEND "LOST COLONY" By Rev. W. Hearne

Yesterday Belk-Tyler Company gave its employees an outing on Roanoke Island instead of the usual mid-summer banquet.

We met at the store at eight A. M. and went by way of Beaufort. I would not be surprised if "The Lost Colony" is still roaming around somewhere in the hundreds of miles of woods between Swan Quarter and the ferry at Stumpy Point. We did not miss hitting a stump on that long dirt road.

The salesmen at Belk-Tyler's bought the food and the salesladies prepared it. A three o'clock and six-thirty tables were spread at Fort Raleigh with everything from lemonade to fried chicken.

Was the water rough and cold? Well a half hour on the beach at Nags Head was enough after a wave caught Helen Sawyer as she was trying to run away from it in her Sunday best.

Dancing was enjoyed at the Beach Club from four to six.

At the conclusion of Paul Green's masterpiece, we left Fort Raleigh at 10:50 arriving back home at 2:30 a. m.

Those driving cars were Lex Plyler, Dal Cox, Ruth Clark, Ed Sawyer, W. R. (Pete) Brewer and Bert Mace.

Whedbee Reports On Leaf Prices

W. L. Whedbee, Sales Supervisor, reports that the following official information has just been received from the United States Department of Agriculture, Tobacco Production and Marketing Administration:

The first three days of sales for the 1946 Georgia-Florida flue-cured tobacco crop was highlighted by a steady advance in average prices for better quality offerings and drastic declines for most lower qualities as compared with the first four days last season.

The United States Department of Agriculture reports the increase ranged up to \$5.00, with most between \$3.00 to \$5.00. On the other hand, the declines in lower quality tobaccos were from \$1.80 to over \$3.00 below average prices of early offerings last year.

Green grades and nondescript suffered the greatest losses. However, these inferior qualities constituted an unusually small percentage of the heavy volume of deliveries. Because of this, the general average for 28,737,018 pounds marketed amounted to a record high of \$45.37 per hundred. This average was an increase of \$4.24 above opening week last season when four sales days volume totaled 30,671,100 pounds and averaged only \$41.13 per hundred. Warehouses were reported filling again immediately after each auction.

Whedbee again urged all farmers to give more attention to proper handling and grading of their tobacco this year, as he stated, it is increasingly apparent that this will materially affect the prices that they will receive this year for each individual pile of tobacco.

Conference Will Open On July 30

Home economics directors and teachers in twenty-four Eastern North Carolina counties have been extended the invitation to attend the vocational home economics conference to be held in the Classroom Building of East Carolina Teachers College July 30-August 2.

A series of similar summer conferences has been announced by Catherine T. Dennis, State Supervisor of Home Economics Education of the State Department of Public Instruction.

The first conference opened in Tompkins Hall, State College, July 23 and will continue through July 26. The Raleigh conference includes delegates from the following counties: Rockingham, Guilford, Randolph, Caswell, Alamance, Person, Orange, Granville, Vance, Warren, Franklin, Jones and Durham.

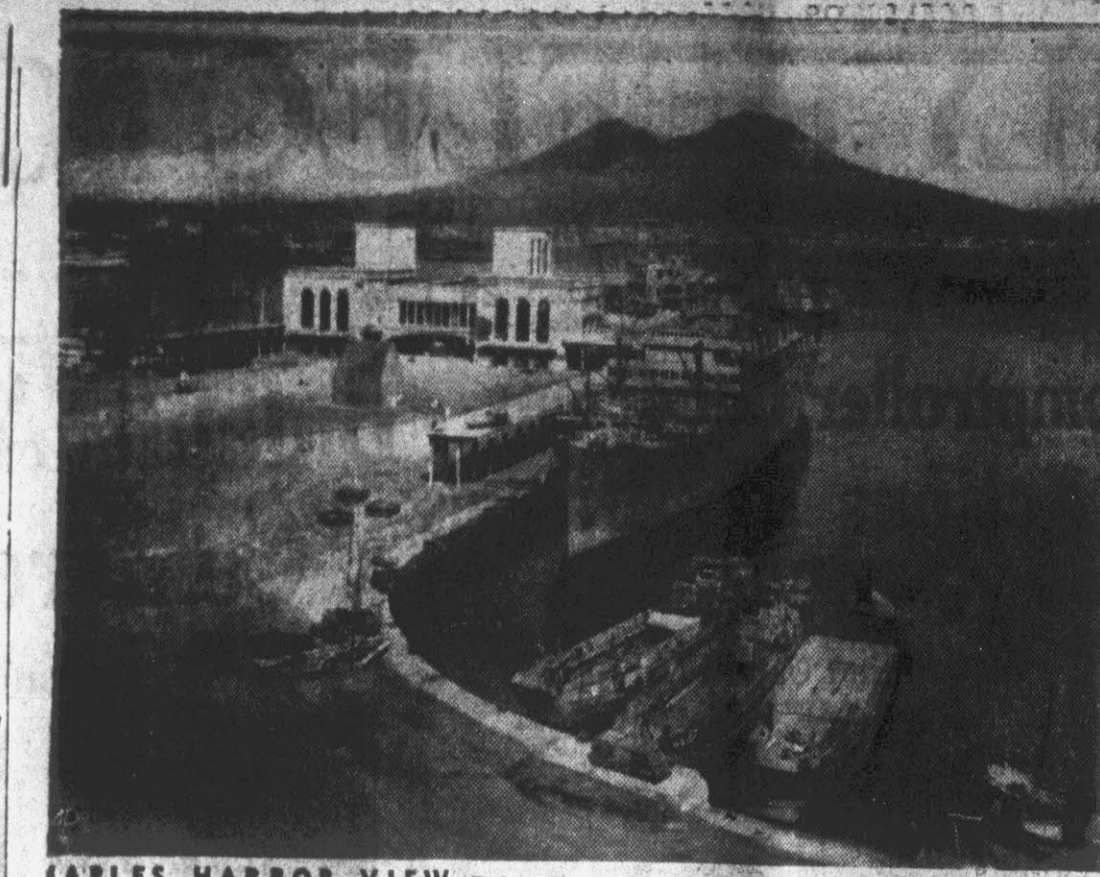

Mabel Lacy, field teacher trainer in home economics education at East Carolina Teachers College, said that plans for the vocational home economics conferences this summer include a round-table discussion on "Overall Planning for the Home-making Program."

Counties expected to be represented at the conference here include Currituck, Pasquotank, Perquimans, Chowan, Tyrrell, Hyde, Washington, Beaufort, Carteret, Onslow, Duplin, Lenoir, Wayne, Craven, Pitt, Wilson, Nash, Edgecombe, Halifax, Northampton, Martin, Bertie, Hertford and Gates.

SNAKES ALIVE Chicago, July 29.—(AP)—The giant anaconda at the Brookfield Zoo has been called "El Diablo Spanish masculine form for "The Devil," but zoo authorities today had 21 reasons for changing the name to La Diabla, the feminine form.

The big snake which everyone at the zoo had thought was a male, gave birth yesterday to 21 live anacondas.

John Flanagan, Jr. Died Sunday Evening

John Flanagan, Jr., 18, died at his home, 317 Pitt Street, at 6:30 o'clock Sunday evening. He had been ill several years and critically ill for the past week.

Funeral services were conducted at the home this afternoon at 1 o'clock by the Rev. R. C. Hauser, rector of St. Paul's Episcopal Church. Burial was in Cherry Hill Cemetery.

The youth spent most of his life in Greenville. He was a member of St. Paul's Episcopal Church.

Surviving are his parents, Mr. and Mrs. John Flanagan, a sister, Mrs. Victor B. Blanc of Pasadena, Calif., his maternal grandmother, Mrs. W. I. Skinner of Greenville, and his paternal grandmother, Mrs. E. G. Flanagan of Greenville.

Active pallbearers were Charles Laughinghouse, David Turner, L. A. (Pinky) Whitehurst, Bill White Bill Lee and Major Egbert Loyd.

R. K. Vincent, 17, Is Victim Of Drowning

Ralph K. Vincent, 17, of Winterville, was drowned at Atlantic Beach, Morehead City, Sunday afternoon while in swimming.

Funeral arrangements will be announced later.

Young Vincent is survived by his mother, Mrs. Effie Cooper Vincent; three brothers, Troy C. and Cleveland H. Vincent of the home, and James C. Vincent of the United States Navy; six sisters, Miss Doris R. Vincent of Washington, D. C.; Mrs. W. Paul Dudley of Winterville; Mrs. Reid H. Smith of near Grifton; and Mrs. Eva Gray Vincent O'Arangelo, Jr., of New Orleans, La., and Miss Ruth and Miss Constance Vincent of the home.

Mr. Vincent spent his entire life near Winterville and attended the Winterville school.

Funeral Tuesday For Mrs. Emma Bullock

Funeral services for Mrs. Emma Pittard Bullock, 78, of Durham, will be held Tuesday afternoon at 3 o'clock at the Bullock Baptist Church, Bullock, N. C., of which she was a member. Burial will be in the church cemetery.

Services will be conducted by the Rev. Mr. Walker, pastor of the church, assisted by the Rev. Arthur Gillespie of Wake Forest, brother-in-law of the deceased.

Mrs. Bullock, widow of the late Alfred A. Bullock and Dr. P. Edmunds, was born in Granville county in the vicinity of Bullock. She had lived in several North Carolina cities and towns. She spent the greater part of her later life in Durham and Greenville.

She died Sunday night at the home of her daughter, Mrs. Ralph P. Hardee in Ayden, after a long illness.

Surviving are three daughters Mrs. Ralph P. Hardee, Mrs. W. E. Boswell of Greenville, Mrs. R. A. McGranahan of Durham; one son Alfred T. Bullock of Norfolk, Va.; three grandchildren and six sisters and three brothers.

STATUE OF SAINT—Enrico Tadolini, Italian sculptor, stands beside his nearly completed statue of Mother Frances, Xavier Cabrini in Rome. It will be placed in St. Peter's in honor of the first American Catholic saint.

Ten Said Killed In Ferry Crash

Caruthersville, Mo., July 29.—(AP)—The muddy Mississippi river was searched today for the bodies of at least ten persons, possibly more, who were believed to have perished in the collision of a ferry boat and two oil laden barges near here.

Thirteen other occupants of the ferry were saved after the flat boat overturned, dumping at least five vehicles and their passengers into the waters.

The accident occurred at 9:20 p. m. last night 50 yards from the Missouri shore as the ferry neared completion of its crossing from the Tennessee side.

The pilot of the ferry, Ed Hendrix, who was saved when he tossed

on a barge in the crash, was quoted as estimating that there were between 20 and 25 persons in the five or six cars on the flat boat.

Other estimates ran as high as 30. One survivor said the ferry carried four automobiles and one pickup truck.

The ferry tug was demolished and sunk by the impact of the two oil barges, linked together and pushed by two tugs in a single train. The ferry overturned and floated down the river.

Pharmacists Stress Laws Covering Drugs

Chapel Hill, N. C., July 29.—(AP)—An educational campaign to acquaint the public with regulations covering the sale of barbiturates (sleeping tablets) and other drugs

which may be dangerous if incorrectly used will be launched by the North Carolina Pharmaceutical Association.

Secretary-Treasurer W. J. Smith told the association's council meeting here that public understanding was essential if the regulations were to be enforced successfully.

He included the sulfa drugs and thyroid extracts along with barbiturates as drugs of potential harm if incorrectly used.

"We hope to achieve through a series of newspaper advertisements and other information means a public realization that when a pharmacist requires a prescription for these drugs that he is abiding by the law and his moral obligation to those for whose safety he is held accountable," Smith said.

NOTICE OF COMMISSIONER'S RE-SALE OF LAND Pursuant to authority vested in the undersigned commissioner by an order duly signed and entered by Honorable D. T. House, Jr., Clerk of the Superior Court of Pitt County, on May 3, 1946, in Special Proceeding No. 4655 entitled, "J. A. Lee et al. Vs. Leon Sawyer et al.," and an order of resale made therein, the undersigned commissioner will again offer for sale and sell to the highest bidder for cash on Thursday the 15th day of August, 1946, at 12 o'clock, Noon, at the courthouse door in Greenville, N. C., the following described tract of land:

That certain tract or parcel of land situated, lying and being in Pacolet Township, Pitt County, N. C., bounded on the North by the lands of D. T. McLawhorn, on the East by the lands of L. T. Whichard, formerly Lee Edwards, on the South by James Paul Ward and the lane, on the West by the Washington and Hamilton Road, containing 81 acres, more or less, and being that certain 18 acre parcel of land conveyed to G. G. Ward by Fred Leggett by deed duly recorded in Book J-12 at page 503, and all of that certain 400 acre tract of land which G. G. Ward bought of Hugh Paul by deed recorded in Book I-10 at page 469, except such of said tract as was conveyed by G. G. Ward to W. M. Edwards in that deed recorded in Book O-12 at page 88, and by G. G. Ward to Lee Edwards by that deed recorded in Book B-24 at page 125, and by G. G. Ward to James Paul Ward by deed recorded in Book B-22 at page 118 of the Pitt County Registry. Reference is also made to deed from Beatrice Bullock et al. to J. A. Lee, and to deed from Sallie Ward et al. to Beatrice Bullock et al., recorded in Book X-23 at page 533 and A-24 at page 429 of said registry.

This sale will be made for the purpose of making partition of the

proceeds of sale among tenants in common, and the successful bidder will be required to make a cash deposit of 10 per cent of his bid with the commissioner at the time of the sale and pending confirmation of sale by the Court.

This the 29th day of July, 1946. R. B. LEE, Commissioner July 29 - 11w-2wks.

Grain Market

Chicago, July 29—(AP)—Grains reversed their trend today and backed down sharply when several large commission houses became fairly aggressive sellers. Corn, up 5 cents early, retreated to around the previous close. Corn finished 1/4 cent higher than Saturday's finish, January \$1.38 1/2, oats were 1/4-1/2 lower, August 72 1/2-73. There was no trade in barley.

New York Cotton

New York, July 29—(AP)—Cotton futures opened \$1.40 a bale lower to \$1.60 higher. Noon prices were \$2.50 to \$7.60 a bale higher. Oct. 33.26, Dec. 33.30, March 32.90. Futures rallied \$10 a bale in early trading today on heavy mill buying and short covering which decline. The market thereafter turned reactionary on a resumption of outside liquidation and hedging. Final prices were at the lows for the day to show a range of \$1.40 a bale lower to \$1.30 higher. The market remained nervous over price control developments and better crop news.

N. Y. Stock Market

New York, July 29—(AP)—The stock market continued to shift toward recovery today, with steels in the lead, but buying was selective and generally diagnosed by brokerage analysts as unimpressive. From the start the ticker tape frequently loafed. Initial gains of fractions to a point or more were trimmed in the majority of instances near the close and a smattering of minus signs was in evidence. Transfers for the full proceedings ran to around 700,000 shares.

By JOE REICHER

Unless Cleveland's Bobby Feller or Detroit's Hal Newhouse hits an unexpected double, there appears a good chance today that the American League will finish two 30-winners this season.

Not since 1912 when the immortal Walter Johnson and Smoky Joe Wood reached the 30-victory mark did two great pitchers come along with such peerless parallel performances.

Following on the heels of Newhouse, who became the majors' first pitcher to win 20 games Saturday, Feller racked up his 19th triumph yesterday by shutting out the Washington Senators 7-0 in the opener of a double header. The Indians also won the nightcap 7-4 to advance within three games of the fourth place Nats.

Newhouse, needing only five more victories to join Cy Young, Denny Grover and Johnson as the only American League pitchers to win 25 or more three years in succession, was idle yesterday as the Tigers divided a doubleheader with the Philadelphia Athletics before a capacity crowd of 51,116 which enabled the Bengals to climb over the million mark in home attendance.

Hard-luck Dizzy Trout went down to his third straight shutout defeat as Jesse Flores scattered seven Bengal singles in pitching the 9-7 to a 2-0 win in the opener. Frank (Stubby) Overmire spaced seven hits to defeat the Mackmen in the nightcap 6-2.

The pace-setting Boston Red Sox maintained their 11-game lead over the New York Yankees by gaining an even split with the St. Louis Browns. After Denny Galehouse has stopped them 3-2 in the first game the Sox stripped six St. Louis chucks for 13 hits and an 11-4 triumph in the afterpiece.

The Yankees also had to come from behind to break even. Held to six hits in the opener by Johnny Rigney who blanked them 2-0, the New Yorkers hopped on Ralph Hamner and two successors for 11 hits and an easy 7-1 win.

The second place St. Louis Cardinals narrowed Brooklyn's National League margin to a game and a half by blanking the Boston Braves 2-0 while the Dodgers were being humbled by Pittsburgh's Pirates 7-3.

The third place Chicago Cubs advanced to within six and a half games of first place by sweeping both ends of a twin bill from the Philadelphia Phillies 11-3 and 3-1.

A seven-run frame helped Hank Borowy, returning to the mound after being knocked off the hill Saturday, to his fifth success.

Despite a pair of home runs by

Newhouse Going After No. 20

Hal Newhouse (above), Detroit Tiger pitcher voted the American League's most valuable player the past two seasons, will be seeking his 20th victory of the season the next time he takes the mound. "Prince Hal" has a good chance to beat Lefty Grove's best year of 31 wins in 1931. Last season Hal won 25 and lost 9. In 1944 he won 29 and lost 9. (AP Wirephoto)

the Giants' Johnny Mize, which raised his league leading total to 22, the Cincinnati Reds downed the New Yorkers twice, 6-3 and 6-4.

BOYS LEAGUE BASEBALL

The Giants are leading the Boys Baseball League with eighteen wins and eleven losses. Not far behind, in fact only one and a half games, are the Cardinals who have won fifteen and lost eleven. The Cards have been coming fast for the last few days and should keep up their play as they did last week. The Giants will have a fight on their hands for first place.

Tars Trimmed In Sunday's Contest

In a pitching duel here Sunday, Rex Benton led the way in holding the Tars to eight scattered hits. The Greenies came away with a 3-1 verdict over Tarboro.

With both teams held scoreless up to the fourth, in that inning Greenville scored two runs on a double by Carlson and singles by V. Blackwell, Payne, and Parise. Tarboro's only score came in the eighth inning, but their sole threat was stopped before it gained much ground.

The Kinston Eagles meet Greenville here tonight at 7:45.

Records Fall At AAU Swim Meet

High Point, N. C. July 29—(AP) Top honors in the Carolinas AAU swimming championship were held today by the University of North Carolina's men's teams, and Goldsboro's women.

They outpointed all rivals in the two-day meet here ending yesterday, winning all three of the junior national championships on the program.

Bill Ward of UNC won the 35-yard freestyle race, the University's "A" team came first in the 880-yard freestyle relay and Shirley Pate, 12 year old Goldsboro youngster, copped the 110-yard backstroke competition, her third first place of the meet.

Snookie Proctor of UNC set a new record of 22.24 in defending his 1500-meter freestyle championship beating the 22:37.3 mark made by Billy Stone of Raleigh in 1940. Mike Morrow set a new low time with his 4:32 in winning the 300-meter individual medley. Randy Hudson of Tarboro won the 150-meter women's medley relay in 2:27 for another new mark.

New Pitcher Joins Payne's Greenies

Hearn Robinson, former University of Georgia pitcher, and with the Smithfield club in the Tobacco League this season until last Saturday, came to Greenville Saturday to join Manager Virgil Payne's Greenville Greenies. He witnessed Saturday night's game with Rocky Mount from the grandstand.

This is Robinson's first season in professional baseball. He is a native of Atlanta and was a freshman at the University of Georgia. He is 21 years old, six feet, 1-inch tall and weighs 206 pounds. He is right-hander and bats right. He won 14 and lost seven games for Smithfield. The Greenville club bought his contract from Smithfield.

section on the charge of assault with a deadly weapon—a shotgun. The officers said Dixon and Adams had had an argument and an affray at a tobacco barn, and that after the encounter Adams threatened other workers at the barn with a gun and drove them away, witnesses told them.

During the weekend sheriff's officers arrested Gus Bell and James Dupree, Negroes, after a fight at a service station in the Bruce section Saturday night. The officers said one of the participants in the altercation later made threats with a gun. Details of the affray are expected to come out at the trial.

Sheriff Ruel W. Tyson received a message during the weekend from Fayetteville that officers there had arrested Charley Cogdell, white prisoner on a Pitt County law gang, who escaped about 10 days ago. The sheriff said Cogdell made his getaway while the road gang was working near Stokes and that the fleeing prisoner used a stolen car to facilitate his escape. Capt. Paul Crawford, head of the local prison camp, went to Fayetteville today to return the prisoner here.

Incidentally, the sheriff's officers had a busy weekend. The deputies were up nearly all of Saturday night, and calls started coming in early Sunday morning for minor disturbances in various parts of the county. One arrest on a serious charge was made.

ton seed, soybeans and hundreds of products made from them should be placed back under price controls at that time. If it makes no decision, ceilings automatically will be restored.

Under terms of the OPA revival act, the board must hold public hearings before it makes any ruling on these commodities. The purpose of this is to obtain the views of consumer groups and industry representatives.

Radcliffe predicted the board will need "a week or so to get organized" before beginning hearings about August 7. He said the price hearings will last at least a week.

The revival law also bans restoration before August 20 of ceilings on eggs, poultry, tobacco and petroleum. After that, consent of the board is required to re-establish controls.

The board also has sweeping jurisdiction over decontrol of all other commodities. And it may restore ceilings on any item if it deems this necessary.

Industry committees are authorized to petition the board for removal of ceilings if preliminary requests are rejected by OPA in the case of non-agricultural products, or by the agriculture department in the case of farm commodities.

Stripped of all this authority it had exclusively prior to July 1, OPA, dug deep into the job of fixing new and in general higher ceilings required by the new law.

Officials said price hikes on automobiles and farm machinery probably will be first actions taken under the revised standards. They are expected this week.

Next in line are upward adjustments on textiles and clothing, with retail garment costs due to rise perhaps 15 to 20 per cent, according to private preliminary estimates by OPA.

Auto prices are tagged to go up an average of \$100 in the case of lower-price cars, officials said, while the increase on more expensive models is expected to be greater.

Long-Range Housing Bill Seen Delayed

Washington, July 29—(AP)—Administration leaders virtually abandoned hope today for passage of the Wagner-Elender-Taft long range housing bill at the present session of Congress.

Chairman Spence (D-Ky) told newsmen after a closed door session of the Banking committee: "I think you can say we have given up hope. If Congress goes along through with its plan to adjourn on Friday."

Shortly before, Speaker Rayburn (D) President Truman the House would consider the bill—providing the banking committee sent it to the floor.

Notwithstanding urging by President Truman, Spence said, a majority of the committee members insisted on complete public hearings before acting on the bill. A group of opponents were outside the committee clamoring to be heard while the committee sat in executive session.

Death Penalty Asked For Nazi Prisoners

Nuernberg, Germany, July 29—(AP)—French prosecutor Charles Dubost demanded today the death penalty for all the 21 ranking Germans in the dock of the war crimes tribunal.

"You must hit hard without pity," Dubost said in presenting the French prosecution summation, "that the verdict must be just, that is sufficient. To be sure, there are shades in their guilt. But does it follow that the penalties must be varied if even the least guilty, as we think, deserves the death penalty?"

Justice Robert H. Jackson and Sir Hartley Shawcross previously had summed up for the United States and Great Britain. Russia still is to be heard.

Suicide Believed To Be Plan Of Heirens

Chicago, July 29—(AP)—The jail cell guard over William Heirens was intensified today after Sheriff Michael Muechy reported finding of a note indicating the 17-year-old student charged of two brutal killings was contemplating suicide.

As new precautions were being taken, State's Attorney William J. Tuohy awaited first official notification that Heirens is ready to confess killing six-year-old Suzanne Degnan, ex-Wife Frances Brown and Mrs. Joseph Ross, a widow.

Poland Towle of defense counsel said he and Heirens' four other lawyers would meet with Tuohy, probably today, "to determine procedures Tuesday both when Heirens is arraigned in court and for the proposed confession."

Charlotte Editor Is Victim Heart Attack

Charlotte, July 29—(AP)—Messages of condolence from over the state and elsewhere poured in today to the family of Julius S. Miller editor of the Charlotte Observer who died of a heart attack while luncheon with his family at Lumberton yesterday.

The 59-year-old editor, who had been in newspaper work for the most part of his adult life, had been afflicted with a heart ailment for more than two years but his condition had not been regarded as serious.
