Steelman Clamps Down On U. S. Public Works Program

Brings Spending To Virtual Halt While Federal Agencies Determine Which Projects Can Be Deferred To Spring; Move Complies With Truman's "Anti-Inflation Budget"

Washington, Aug. 6.—(AP)—The government's $1,600,000,000 public works program ground to a virtual halt today.

Federal agencies—under presidential edict—set about choosing $700,000,000 worth of construction to defer at least until spring.

Calling the step necessary to comply with the president's anti-inflation budget, reconversion director John R. Steelman yesterday clamped on a three-way moratorium that:

1. Prevents any agency from letting contracts for any new construction during the next 30 days without his express permission;

2. Provides that either civilian production administrator John D Small or Housing Expediter Wilson W. Wyatt must recommend, and the reconversion director approve nondeferrable federal construction to be started between Oct. 1, 1946 and April 1, 1947, and

3. Requires the agencies to put on the deferred list at least $700,000,000 worth of construction, some of which may be eliminated entirely. An official familiar with the moratorium plans told a reporter the search for deferrable projects most likely will turn first to such military construction as warehouses and officers' clubs, some airports and certain agricultural construction and reclamation projects.

Another official predicted that careful study also will be given to flood control projects and to public highways.

These officials emphasized, however, that no specific projects to be postponed have yet been chosen. They pointed out that agencies have more than three weeks to review their programs and submit revised estimates to Steelman.

The reconversion director made it clear that the moratorium does not affect contracts already awarded or funds which have been committed for work scheduled to start before October 1.

Also exempted under the order are projects costing no more than $3,000, and veterans housing and hospitals, overseas military projects, the manhattan atomic energy project and construction of access

(Continued on Page Four)

Truman's Order Will Affect N. C.

Raleigh, N. C., Aug. 6—(AP)—State Highway Commission Chairman H. A. Graham, admitting that he has had no official word from Washington, said today that the White House order to cut $700,000,000 in federal construction projects "undoubtedly will have its effect in North Carolina."

"This government order is almost sure to affect the 15 federal-aid highway projects which are to be let this month," Graham said. "These projects aggregate $1,529,000."

"The White House order means the virtual end of federal-aid highway work in North Carolina this year."

The Washington order freezes work on any federal highway projects until October.

The order, Graham said, in the end may allow more contractors "to bid on state highway projects."

He said that he was investigating the situation to see if the order does apply to the State Highway Commission projects.

New Textile Prices To Spur Production

Clothiers Hope Textile Price Boost Ordered By OPA May Put Long Missing Items Back On Their Store Shelves

By MARVIN L. ARROWSMITH

Washington, Aug. 6.—(AP)—A spokesman for retail clothing merchants said wistfully today that higher prices may put $2.25 shirts and 70-cent shorts back on store shelves.

"That's our hope," said Louis Rotchschild, executive director of the National Association of Retail Clothiers.

He told a reporter that the average 16 per cent increase in cotto textile ceilings put into effect by OPA yesterday undoubtedly will encourage greater production of cotton apparel.

"Manufacturers will have an incentive to produce shirts to retail at $2.25 and shorts at 79 cents," Rothschild said. "We haven't had any of those in a long time."

Up to now, Rothschild added, manufacturers have not been able to make a profit on these lower-priced items.

He said they shoul dbegin to reappea rin stores in about 30 days.

While OPA was boostingg textile prices to meet requirements of the new price control law, the agency's consumer advisory committee called for caution in lifting ceilings from basic commodities, especially food.

The committee urged government agencies, including the new price decontrol board, to take a strong stand against premature elimination of controls.

Record For Drones

Muroc, Calif., Aug. 6—(AP)—Two army B-17 drones landed at this army air base at 11:51 and 12:09 a. m. (Eastern Standard Time) today completing a 2,400-mile flight from Hilo, Hawaii. It was the longest totally unmanned flight in aviation history. The drones were controlled by one mother ship each.

The flights were completed in approximately 15 hours and 40 minutes. The only previous unmanned drone flights in history were made for the two atomic bomb tests from Eniwetok to Bikini and return.

JURIST FLAYS BABY BOUNTY

Charges Michigan Welfare Money Sponsors "Free Love"

Detroit, Aug. 6.—(AP)—A detroit jurist was on record today with a charge tha tunwed mothers are collecting welfare money in Michigan for illicit children conceived under what he termed a state-encouraged program of free love.

Recorder's Judge Arthur E. Gordon, in an interview, said a study of Detroit court cases shows an alarming increase in illegitimacy while unmarried mothers dissipate their government dole on gambling, drinking and the men who fathered their illicit offspring.

"The study showed that there is a definite tendency to put a premium on illegitimacy,55 he declared.

To state that every case of illegitimacy is based on fraud would be brutal and unfair," Judge Gordon said. "But why should we be ing squawking about free love and babies supported by the state in totalitarian countries when we do the same thing here—except that our state doesn't train them."

Raids on gambling centers and blind pigs, the jurist said, have resulted in a parade of unmarried mothers through his own and other lower courts.

Many of these women of the lowest moral type, Judge Gordon said, were collecting government aid for them because they're too irresponsible to work.

Nobody ever thought of making the proud papas support their offspring," Judge Gordon said.

QUAKE WREAKS HEAVY DAMAGE

Dominican Republic Hard Hit By Tremors And Tidal Wave

Ciudad Trujillo, Dominican Republic, Aug. 6.—(AP)—The government rushed aid today to areas south of the Monte Christi mountain range, stricken Sunday by an earthquake and tidal wave which took a toll of at least two dead and damaged more than 11 towns in this Caribbean republic.

Eye witness reports received today from Matanzas on the north coast, said a tidal wave swept inland as much as a mile so swiftly that it caught a party fleeing in an automobile.

Only eight of the 300 houses in Matanzas were reported were reported left standing. At Nagua 50 or 60 houses were destroyed and damaged.

Wrecked telegraph and communication facilities made it difficult to get a clear picture of the damage wrought by the quake, which apparently centered in the deepest point in the Atlantic Ocean, approximately 50 miles off the eastern coast of the Dominican republic.

Reports from the Matanzas and Nagua regions said that frightened inhabitants had taken refuge in the forest and were suffering from hunger. Authorities were considering dropping food from airplanes.

Meanwhile apprehension gripped the republic as new tremors shook the ground here yestehday and blacked out radio communications for several hours.

May Hold Vessel In Salvage Suit

London, Aug. 6—(AP)—The collision damaged U. S. merchant ship American Farmer was making for Falmouth at about eight knots today and was expected to arrive there about 8 p. m. (3 p. m. EST) tomorrow.

The 8,258-ton vessel has a cargo of wheat for bread-rationed Britain. At the end of her voyage she faces a probable legal squabble between British and American companies over $4,500,000 salvage rights.

The American Farmer, owned by the U. S. lines, was abandoned by her crew after she collided with another American ship Wednesday about 700 miles west of Land's End.

The British ship, Elizabete, about a fourth her size, had the crippled ship in tow when a crew from the American Ranger, sister ship of the Farmer, boarded the damaged ship and got it moving under its own power.

There was no confirmation in the London press today of reports that both American vessels might be held upon reaching Falmouth for an Admiralty court to decide whether the Hudson Shipping Company of Cardiff, Wales, owner of the Elizabete, was entitled to salvage.

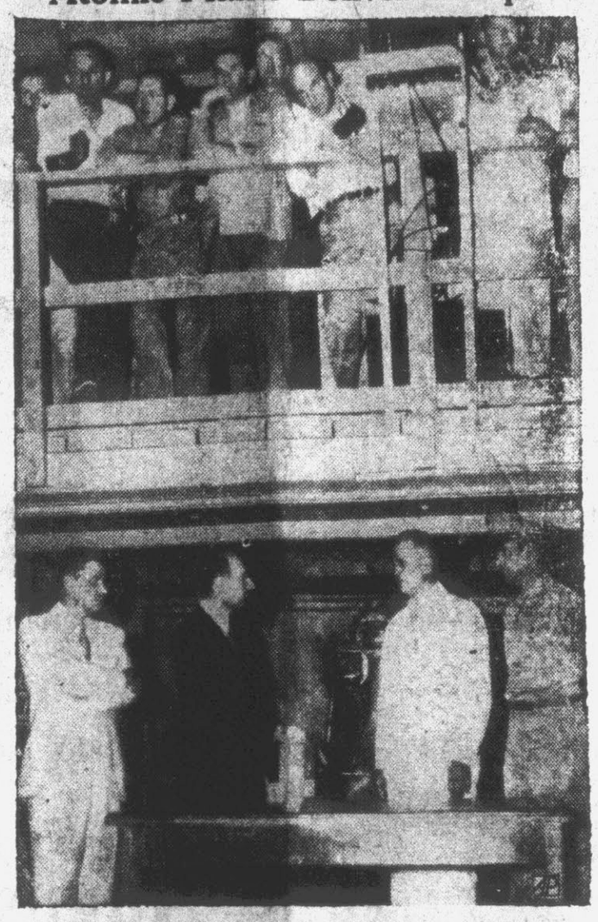

Both British and American salvage law hold that owners of a helpless vessel and owners of her cargo must pay rescuers whatever is decreed by a prize court.

Capt. Durant Facing Formal Charges Soon

Frankfurt, Germany, Aug. 6.—(AP)—Formal charges will be preferred tonight or tomorrow against Capt. Kathleen B. Nash Durant in connection with the $1,500,000 Kronenberg jewel thefts and her court martial will begin in about 10 days.

Col. Owen Summers, army headquarters commandant, said the Wac officer would be tried before her husband, Col. Jack W. Durant of Chicago, or Major David F. Watson of Burlingame, Calif.

Atomic Plants Deliver Isotope

As Oak Ridge plant employes (top) look on, Dr. E. V. Cowdry (second from right) of St. Louis, Mo., hospital receives from D. E. T. Wigner (second fro left), research director, the first isotope, unit of carbon 14, to be used in medical research. Looking on at the ceremony in the Tennessee plant, in front of the "pile" where the isotope was produced, are Dr. Prescott Sandridge (left), Oak Ridge assistant executive director, and Col. E. E. Kilpatrick (right), Oak Ridge deputy director. (AP Wirephoto).

MISSOURI IS TRUMAN TRIAL

President's Administration Faces Test By Proxy

By ASSOCIATED PRESS

Missouri's fifth district voters today marked ballots in a congressional race that promised an insight, by proxy, into the administration's popularity in one segment of President Truman's home state.

The race, involving an attempt by Rep. Roger Slaughter (D) to win renomination respite public opposition from the president, drew only a small segment of the voters participating in the day's six primaries—in Missouri, Kansas, Arkansas, New Hampshire, Virginia and West Virginia.

But because Mr. Truman said that if Slaughter was right in his fight against White House legislative proposals, the president was wrong, the contest took on an element missing since the late President Roosevelt aided in the 1938 defeat of Rep. John J. O'Connor, New York Democrat. Mr. Roosevelt's efforts, however, failed to unseat four other Democrats that year.

Like O'Connor, Slaughter incurred the presidential wrath because of his actions as a member of the powerful Rules Committee.

Enos Axtell, Mr. Truman's choice and Jerome Walsh, former OPA attorney, fought it out with Slaugh-

Italian Peasants In Revolt Over Decrees

Rome, Aug. 6—(AP)—Four policemen and "many more" peasants were reported killed today in fighting near Palermo between Carabineieri and Sicilian peasants in revolt against consigning their corps to the government's "granaries of the people."

The fighting broke out yesterday when police attempted to enforce the wheat decree, the Italian news agency Ansa said, and women were reported fighting side by side with men against the Caribinieri, who used tanks and armored cars in their efforts to smash the revolt.

Standing Fast

Tientsin, Aug. 6—(AP)—The commander of U. S. Marines in China said flatly today no orders have been given to prepare for their evacuation and indicated there had been some strengthening at one point since the bloody clash with Chinese Communists southeast of Peiping July 29.

Questioned about persistent, unconfirmed rumors in the Chinese press that President Truman had instructed General Marshall to prepare plans for withdrawal of the Marines, Maj. Gen. Keller E. Rockey told the Associated Press in an interview it was the first time he had even heard of it.

NEW UPHEAVAL AMONG TURKS

Premier Resigns; New Govm't Formed; Crowds Protest

Ankara, Aug. 6—(AP)—Recep Peker, who fought beside Kemal Ataturk 23 years ago in the successful revolt against the Sultains, undertook today to form a new Turkish government replacing that of Premier Sukru Saracoglu, which resigned last night in the face of heavy opposition to its domestic policies.

Saracoglu's resignation represented one of the greatest upheavals in Turkish politics since Ataturk died in 1938 and Ismet Inonu followed him as president. It was the result of popular dissatisfaction with domestic affairs, particularly the high cost of living.

The official Anatolia news agency said the Saracoglu cabinet would continue to function until Peker, who served briefly as Saracoglu's minister of interior, announces the composition of his new government, possibly next Monday.

Reliable political sources said Peker probably would name new ministers to every one of the 14 cabinet portfolios except foreign affairs as a demonstration that the new government will stand firm on present Turkish foreign policy. Hassan Saka

Atomic Age Enters Second Year With Oak Ridge Turning To Peaceful Era

Oak Ridge, Tenn., Aug. 6—(AP)—The atomic age was a year old today and in this historic city where it was born the birthday passed virtually unnoticed.

There was no celebration planned to observe the first anniversary of the atomic bombing of Hiroshima. Instead, scientists who a year ago were awaiting reports on the havoc wrought on the Japanese city today are seeking ways of transforming the awesome forces into peaceful uses for mankind.

One by-product of the chain-reacting uranium ovens that helped develop the atomic bomb already has been released to medical science for its war on disease.

This was an infitesimally small unit of radioactive substance known as carbon 14. Called a "radioisotope", or a ray-emitting form of stable carbon, carbon 14 was ear-marked for research into the causes and possible cure of cancer.

As for the town itself, it has dwindled in population from a wartime peak of about 75,000 persons to 43,000. There are about 32,000 workers.

The army maintains its control of the 59,000 acre reservation, but there are many indications that Oak Ridge is taking shape as an average American town.

The CIO and AFL, which by wartime agreement avoided union organization activities here, have moved in in force for a major test in the Southern unionization campaigns.

A $60,000 golf course has been planned, a private telephone company has taken over the telephone service which throughoutu the war was operated by the army signal corps; and town authorities are painting buildings, laying sidewalks and resurfacing streets.

And since establishment of the town there have been more than 2,000 babies born at Oak Ridge hospital and more than 340 deaths have been recorded.

Byrnes Asserts Molotov Is Trying To Run Conference

Charges Russian With Seeking Dictation Through Big Four; Cites Record of "Inconsistency"; Challenges Publishing Of His Statements By The Russian Newspapers

By LYNN HEINZERLING

Paris, Aug. 6.—(AP)—Secretary of State James F. Byrnes and Soviet Foreign Minister Molotov clashed on the floor of the Paris peace conference rules committee today, Byrnes charging the Russian with seeking dictation to the conference through the Big Four and Molotov replying that the Big Four was an American idea.

Byrnes, replying to the Russian's charge of inconsistency read copiously from "the record" and challenged Molotov to see that the U. S. delegates remarks were published in the Soviet Union.

Molotov repeated his charges of inconsistency. He said Byrnes was speaking in a serious and angry tone and declared, "we, almost alone, have to defend the agreed decisions of the foreign ministers of the four principal powers, Russia, Britain, France and the United States.

He accepted Byrnes challenge to have the secretary of state's remarks published in the Russian papers.

The exchange took place in the second week of arguments as to whether the committee will recommend a rule that a simple majority or two-thirds majority vote will be required for the full conference to pass treaty recommendations on to the foreign ministers council of four for final action.

The American delegate also challenged the accuracy of Molotov's statement before the peace conference rules committee yesterday when he accused Byrnes of inconsistency for supporting a proposal by Prime Minister Mackenzie King of Canada that the foreign ministers council meet concurrently with the conference to speed the writing of peace treaties for five beaten nations.

Interrupting debate in the rules committee on the hotly argued two-thirds rule, Byrnes declared:

"In the United States we have a free press. Therefore the Soviet representative can be sure his attack against me has been published in the U. S. I challenge him to see that my following statement is also published in the press of the Soviet Union.

"When the Soviet had its back to the wall, the United States promised aid and we came to their aid. We have only admiration and respect for the people of the Soviet Union. And we won't let that admiration and respect be changed by any attacks by Mr. Molotov."

Molotov's interpreter, N. V. Pavlov, followed the secretary's address closely, leaning toward the speaker and straining to hear, then bending over Molotov at intervals to whisper snatches of the address.

Molotov, seated only six feet away from Byrnes, scarcely changed expression throughout the American's speech.

Byrnes declared that ever since Potsdam the Soviet Union had been seeking to restrict the participants in the Paris conference to the "smallest possible number" and that Molotov had attempted to have the foreign ministers council dictate to the conference. He added:

"Since the conference convened I have not uttered one word of criticism of the position taken by the representative of the Soviet Union. At no time have I questioned his motives."

SEN. MEAD IS GIVEN TIP ON FLORIDA TRIP

Board Informed Rep. May Went To Miami With Garsson Officials

Washington, Aug. 6—(AP)—Senate war investigators were said today to be pursuing a tip that Rep. May (D-Ky.) vacationed in Miami Beach, Fla., with officials of the Garsson munitions combine in March or April, 1944.

An official of the Mead committee said the group has received information indicating that the Kentucky lawmaker may have been at the Versailles Hotel in Miami Beach at some period during that time with Murray and Henry Garsson. The two brother were guiding lights of the Batavia and Erie Basin Metal Products Companies and other firms in the combine.

Congress was in recess from April 1 to 12, 1944.

In a speech to the House last July 8, May denied specifically that he had received any travel expenses from the Cumberland Lumber Company, an affiliate of the combine, adding that "I never used one penny of anybody's money except my own as travel expense or otherwise."

Nevertheless, the committee was understood to be preparing to question May—when his health permits him to appear—about the reasons for and the expenses of the reported Florida trip at a period when War Department witnesses have testified the House military committee chairman was exerting "special pressure" in behalf of the Garsson companies.

Committee records indicated that May also will be asked to explain his letters of April 12, 1945 to Gen. Dwight D. Eisenhower concerning court martial proceedings against Capt. Joseph Herman Garsson.

May's social associations with the Garssons are expected to be the subject of extensive questions when the Kentucky congressman appears before the Senate committee.

ALBANIA'S BID UNDER ATTACK

Greeks Charge Nation Cannot Qualify For U. N. Charter

New York, Aug. 6—(AP)—Albania's Soviet-supported bid for membership in the United Nations was bitterly opposed today by Greece, which charged that Albania could not qualify in the role of a peace-loving state as required by the UN charter.

The application remained under the critical examination of the Security Council's membership committee, meeting in closed session today with prospects that it would bring aabout another sharp conflict between Russia and the western powers.

Russia and Poland were reported backing Albania's bid without qualification. The United States and Great Britain reserved judgment, although both have levied sharp criticism at the regime of Premier Enver Hoxha.

An American delegation spokesman said Hoxha had refused to give aWshington assurance that his peoples republic would honor treaties negotiated between the United States and the previous Albanian government before the war, thus raising a question as to Hoxha's readiness to accept the obligations of U. N. membership.

Britain also questioned the peace-loving qualities of Albania on several counts.

Details of the American and British statements before yesterday's

(Continued on Page Four)

Hiroshima Observes Memory Of Victims

Hiroshima, Aug. 6—(AP)—The people of this city stood silent for one minute today in memory of their friends who were killed a year ago by the first atomic bomb loosed on Japan.

Hiroshima residents observed the day otherwise at their usual tasks, including the rebuilding of structures which were burned, destroyed or twisted by the bomb.

HURRY HOME, DEAR

San Diego, Aug. 6—(AP)—Police traffic Sgt. Bill Thien, admittedly sympathetic to husbands, came up with this information:

Ten times as many men are injured hurrying home from work between 4 and 5:59 p. m. as meet mishaps going to the job between 7 and 8:59 p. m.

MacArthur Praised By Roving Senators

YOUTH ADMITS MURDER ROLE

Wm. Heirens Confesses To Slaying Of Suzanne Degnan

Chicago, Aug. 6.—(AP)—William Heirens told State's attorney William J. Tuohy today he strangled Suzanne Degnan with his fingers as she lay in her bed and then took her body to the basement of a nearby apartment building and cut it to pieces.

He claimed he was in a sort of dazweehn he killeld the six-year old girl last Jan. 7. After dropping the parts of her dismembered body in sewers in her neighborhood, he added, he returned to the "dissecting" room and wrote a note demanding $20,000 ransom.

He said he selelcted his victim entirely by chance. He was in the neighborhood earlier, he related and observed the window of her bedroom was not closed. It was then he got the idea of entering the house, he added.

Heirens, 17 year old University of Chicago student, related details of the shocking slaying to Tuohy, a group of police officials and his own attorneys at a confession conference in Tuohy's office.

Heirens, in his confession, said he flashed his flashlight in the Degnan girl's room and saw a female

Occuupation Of Japan Impresses Congressmen; Advocate Removal Of Troops From China; Truce Said Impossible

Washington, Aug. 6.—(AP)—Senators Ellender (D-La) and Butler (R-Neb) said today Gen. MacArthur expects to be able soon to carry out the occupation of Japan with a handful of our troops."

Just back from a 42-day flight that carried them and three House members around the world, the senators credtied MacArthur with a tip-top job of organizing and controlling the defeated Japanese.

As for China, however, both senators said in separate interviews they favor speedy withdrawal of all American troops and an immediate end of direct aid to that trouble-beset nation.

"We were all greatly impressed with what General MacArthur has done and is doing i nJapan," Ellender, ranking member of the congressional delegation said. "He told us that our troops soon can be cut down until the job can be done with a handful of men."

Butler affirmed this and added that he expects MacArthur to remain supreme commander in Japan until the job is reduced to a routine.

Shortly after MacArthur first entered Japan he produced a minor sensation in military and diplomatic circles here by announcing that occupational troops could be re-

(Continued on Page Four)

Balkan Chess Game

Greek And Albanian Quarrel Said To Be Actually A Contest Of Idealogies Between Russia, Britain In Their Efforts To Establish Zones Of Influence

By DEWITT MACKENZIE

Greece's bitter effort in the United Nations membership committee to keep Albania from joining the world organization is the reflection of a mighty dangerous situation in the Balkans.

Vassili Dendramis, Greek representative to the U. N., charges that Albania is "not a peace loving state" as required for admission, and accuses her of staging 21 incidents on the Greek-Albanian frontier. The two countries, he maintains, have been at war since 1940.

On the other hand Dr. Ali Kuci, resistance leader in Albania's wartime underground, denies these allegations and says the Greeks are "waging a war of nerves" in efforts to get northiern Epirus which Athens demands be returned by Albania. He asserts Greece has provoked such border clashes as occurred.

This imbroglio between Greece and Albania, however, is of small importance in itself. What matters is that the gods of war, who through the centuries have favored the fiery Balkans as a center of operations, are playing a game in which these two small states are chessmen. In the background are two major world powers—Russia and Britain—which are eyeing each other closely, for the Soviet regards the Balkans as its zone of influence, and England is bent on maintaining its domination of Greece as a vital politico-military base—the last rightist beachhead on the Balkan peninsula.

The situation is intricate, as befits the Balkans. Albania is to all intents and appendage of Yugoslavia which is ruled by Marshal Tito. The marshal basks in the favor of Moscow and the signs are that upon his shoulders rests the task of safeguarding Red interests in Greece.

Yugoslavia has a large military force along the Greek frontier. So does Albania. And across the border within Greece itself a strong corps of Greek Communists has been established.

The other side of the picture is this: The Greeks, I am told by a good source, have from 60,000 to 70,000 troops under arms, and many

(Continued on Page Eight)

Our Social Security

Next Congress Faces Unanswered Questions Covering Protection Against Old Age Poverty And Limited Periods of Unemployment; "Categories" Headache

By JAMES MARLOW

By FRANCIS M. LE MAY

(Substituting for James Marlow)

Washington, August 6.—(AP)—The difference between Joe and John is one of Washington's unsolved problems. The 79th Congress tried to unravel it. Now it goes on to the 80th Congress.

Joe is under the social security program. His old age is secure.

John works, but not at a covered job. He's not building up any insurance with the government for his old age.

What is the answer?

The 80th Congress will confront a decision next January on what, if any, new measure of protection millions of citizens can expect from government.

The social security revision bill which threw the last days of the 79th Congress into turmoil, failed to solve many of the major problems bedeviling the security program.

These questions went unanswered:

1. Will the old age and survivors insurance program continue to exclude some 20,000,000 gainfully employed Johns, while affording protection to 30,000,000 Joes.

2. Should the security program embrace protection against the hazards of disability and sickness? The program now is confined to protecting persons in "covered employment" against poverty in old age and during limited periods of unemployment.

3. What will Congress do about increasing the payroll tax to assure the future solvency of the security fund?

Congress employed a special staff that studied social security problems for many months and turned in a 750 page report. Long public hearings were held by the House Ways and Means Committee.

The staff, headed by Leonard J. Calhoun, recommended that the security tax be increased January 1 from 1 per cent to 1.5 per cent on employes' pay and employers' payrolls. But Congress froze the tax for the eighth consecutive year at 1 per cent.

This staff analyzed means of

Social and Personal

Mr. R. L. Humber, Sr., and Mr. and Mrs. Robert Lee Humber and sons have gone to Davis Island to spend a month.

—o—

Lt. Col and Mrs. E. J. Bennett and daughter, Barbara Jean of Washington, D. C., spent the week-end with Mrs. Anne McKimmie.

—o—

Mrs. C. D. Tunstall returned home Monday after spending two weeks at Natural Bridge and other points of interest in the mountains of Virginia. Her sister, Mrs. J. H. Ellis of Hampton, Va., returned with her to spend several days.

—o—

Mrs. A. J. Cox returned Sunday afternoon from Ayres, Mass., where she visited her daughter, Mrs. Henry H. Wood.

—o—

Miss Elizabeth Everette spent Saturday, August 3rd, at Bay Ridge Beech, Maryland, with friends.

—o—

Miss Joyce Corbette spent the week-end with Miss Mary Ann Duncan at Duke University and attended the dance on Saturday night at which Miss Duncan was crowned Beauty queen.

—o—

Rev. Z. B. Cox, his wife and sons, Paul and Chandler, of Farmville, visited his brother, G. D. Cox, in Winterville Sunday.

—o—

Mrs. Fred Smith of Farmville was a visitor in Winterville Sunday afternoon.

—o—

T-Sgt. Elbert Bowen and Mrs. Bowen, who have been visiting his parents, Mr. and Mrs. C. L. Bowen left yesterday for Norfolk and Baltimore. Sgt. Bowen has been stationed in Honolulu and after a three months furlough will be assigned to duty in the States.

—o—

Mrs. R. V. Keel, Mrs. Paul Williams and Misses Mary Ann Keel and Peggy Williams have returned from Atlantic Beach where they have been spending the past two weeks.

Birth Announcement

Mr. and Mrs. W. E. Fornes, 109 E. Eleventh street, announce the birth of a daughter, Kathenne Laverne, on Sunday, August 4, 1946.

Notice V. F. W. Members

The V. F. W. will meet Thursday night at 7:30 at the Pitt County Court House. This is a very important meeting and all members are urged to be present. Larry Averette, commander.

Red Cross Nurses' Aide

The Red Cross Nurses' Aides will meet with Miss Rosalie Taylor on Summit street Friday night at 8:30.

Mirror House Attractive

The Mirror House, attractive eating place on Evans street, opposite the Pitt Theater, recently opened by Howard C. Bodkin, is a popular place with young people. The place is uniquely arranged and is one of the bright spots in Greenville. Shortly after it was opened a group of young people, occupying one of the booths was reported to have scarred considerably the table and both seats with pocket knives, lead pencils and other implements. Some of the initials were carved on the new seats. Customers find it interesting to observe the marks of playful vandalism and comment accordingly, one of them said today.

Kiwanis Meets Friday

The Kiwanis Club will meet Friday night at 6:30 for the weekly supper meeting. President Ed Rawl will preside.

Attention Junior Hostesses

There will be a meeting of Junior Hostesses at the U. S. O. at 7:30 on Thursday night, August 8. All Junior Hostesses are invited to be present.

Birth Announcement

S-Sgt. and Mrs. George H. Roebuck, Jr., announce the birth of a son, George III, in Pitt General Hospital on Sunday, August 4.

Mrs. Roebuck is the former Miss Virginia Woolard of Stokes.

Birth Announcement

Mr. and Mrs. John W. Blackman, 309 Pitt Street, announce the birth of a son, Monday, August 5, at Pitt General hospital.

Notice

The Woman's Auxiliary of Gum Swamp meets Wednesday at 3 o'clock at the home of Mrs. H. L. Lewis. Every member is urged to be present as there was no meeting last month.—Mrs. Kelly Clark, president.

Returns From Statesville

Mrs. Blanche Jackson, president of the Business and Professional Women's club of Greenville, has returned from Statesville. She attended the North Carolina Business and Professional Women's Institute at Mitchell College on August 3 and 4.

Honored at Coca Cola Hour

Miss Mary Alice Davis was hostess Saturday morning at eleven o'clock at a coca cola hour at her home on the Bethel highway honoring Miss Helen Aman, bride-elect.

The guests were greeted by the hostess and invited into the living rooms which were decorated with a profusion of summer flowers. In the dining room only green and white flowers were used. The table, covered with an Italian cut work cloth, had as its centerpiece an arrangement of tube roses and fern. Refreshments, consisting of assorted sandwiches, potato chips, salted nuts, brownies, mints and coca colas, were served buffet style. The hostess was assisted in serving by her mother, Mrs. Pauline Davis, Miss Alva Taylor, and Miss Geraldine Taylor of Washington, D. C.

Miss Aman was presented a gift of china in her chosen pattern and a lovely crocheted luncheon set by the hostess and her mother.

About twenty-five guests called during the hour.

Back From Mountains.

Mr. J. B. James, who has been vacationing with his family at Roaring Gap, in the mountains of Western Carolina, is spending several days in Greenville. He will return to the resort in a few days. He and his family will return here in about a week.

Birth Announcement

Mr. and Mrs. Vernon Howard Webb of Pinetops announce the birth of a daughter, Virginia Clark, on Sunday, August 4, 1946, in Pitt General hospital.

Mrs. Webb is the former Miss Virginia Clark of Greenville.

Tyson-Worthington

Mr. and Mrs. Clifton Worthington, of Winterville, N. C., announce the marriage of their daughter, Edna Lee, to Joseph Benjamin Tyson, son of Mr. and Mrs. B. L. Tyson of Greenville, Route 1, on Thursday, August 1, 1946, in Dillon, S. C.

Mrs. Tyson is a graduate of Winterville High School and King's Business College in Raleigh. At present she holds a position with the Carolina Sales Corporation in Greenville.

Mr. Tyson was graduated from Greenville High School and served with the U. S. armed forces for three years, 18 months of which were overseas. He will enter State College this fall.

Red Oak News

A large truck with sides on it, and capable of carrying between 60 and 75 people, will be on the church grounds Wednesday afternoon, August 7th, at four o'clock to carry whoever wants to go to the Farmville swimming pool to attend the annual community picnic. As we said in yesterday's paper, everybody is invited. We hope the truck will be filled and seats will be provided for all the older people. Everybody is asked to take a well-filled picnic basket and some sweetened tea.

If the weather is unfavorable, the picnic will be postponed until a later date.

We are glad to welcome another one of our boys back home. Fenner Leslie Allen, son of Mr. and Mrs. F. L. Allen, received an honorable discharge from the navy last week after serving sixteen months in the navy. He was stationed on Guam for almost six months. We were happy to have him back in his usual place in the Sunshine class last Sunday.

Mr. and Mrs. Joseph Tyson have returned from their wedding trip and they will make their home with Mr. and Mrs. B. L. Tyson until Joe enters State College this fall.

Mrs. R. R. Tyson will leave in the morning for several days visit with Mr. and Mrs. Vernon Hockaday in Roanoke Rapids.

Social Calendar

MONDAY

4:30 p. m.—St. Paul's Auxiliary of Episcopal church will meet in the parish house.

Women in the Church

by Mary Fowler

The third biennial assembly of the United Council of Church Women Mrs. Ruth Mougey Worrell, 156 Fifth Ave., New York City, secretary) will be held in Grand Rapids, Michigan, from November 11 to 15. State and local councils of church women will name official voting delegates to the assembly, but every church woman in the United States is entitled to attend if she so desires, "for this is a lay woman's movement," Mrs. Worrell explains. Among the subjects of discussion and action will be: a Christian's relation with all persons of all races, her responsibility for world order and peace, and her responsibility for unity within the local community.

"Even to the present time, among some of the aboriginal Bhil tribes in Panch Mahals, India, the widow of the dead man is carried along with the body of her dead husband to the burning or burying ground, and there she is laid down," says the Rev. W. Ferrell Pledger, of Tyler, Texas, Methodist missionary to the Bhils. "Then she breaks her marriage necklace; and her ornaments with it are thrown into the fire to be consumed with the corpse of her husband. This seems to be a survival of the time when she was actually burned with her husband, or buried alive with him."

"My parents were cognizant of their color, their position and their needs," says Mrs. Abbie Clement Jackson, executive secretary of the A. M. E. Zion Church, and daughter of Mrs. Emma Clarissa Clement of Louisville, Ky., recently voted "the American Mother of 1946." "They knew the responsibilities of raising a large family; yet they endured the hardships, deprived themselves of momentary pleasures in order that their children might have security. Through years of sacrifice they bore life's burdens with an omni-present smile so that others might know the peace and contentment found only in a home in which His presence is felt. Their children were encouraged to share with others no matter how small the pleasures. In my early adolescence, my parents brought me to the source whence comes my faith, and thereafter His hand has led me through a world of people of all races, colors and creeds—all in the image of God. I can say 'Our Father' and feel kinship with the world."

Forty Years Ago Today

THE DAILY REFLECTOR
August 6, 1906

The baseball team left this morning for Washington to play a game there. A good crowd of rooters, fifty or more, went along with the boys. There were two boat loads, the Myrto and Mayona both carrying a crowd.

An election was held at Falkland Monday on the question of establishing a dispensary there. The vote was 10 for dispensary to 6 against.

Carlos Harris left Monday evening for La Grange.

Mr. and Mrs. A. H. Taft went to Henderson today to visit relatives.

Willie L. Freeman Funeral Yesterday

Willie L. Freeman, 46, died unexpectedly Saturday afternoon at the North Carolina Highway and Public Works Commission garage on the Bethel Highway, where he has been employed as a watchman for the past six months. He was found dead shortly after the lunch hour.

Mr. Freeman was born in Pitt County, the son of the late Henry Freeman and Susan Brown Freeman.

Funeral services were held yesterday afternoon at 3 o'clock at the Greenville Funeral Home chapel. Burial was in the Farmville cemetery.

Surviving are his wife, Mrs. Maude McGowan Freeman; four daughters, Mrs. J. J. Bryant of Knoxville, Tenn., Mrs. James Hudson and Mrs. Leslie Manning, both of Greenville, and Jean Freeman of the home; two sons, Carlton and Robert Lee Freeman, both of Greenville; two brothers, Luther Freeman of Farmville and Toby Freeman of Greenville; and three sisters, Mrs. Ada Nichols of Farmville, Mrs. Ida Lane of Norfolk, Va., and Mrs. Bessie Tyson of Fayetteville.

The Pitt County coronor, Griffin H. Rouse, deemed an inquest unnecessary, attributing death to a heart attack.

The American Cancer Society was founded in 1913.

THURSDAY, AUGUST 8TH.

Strength FOR THE DAY

By EARL L. DOUGLASS

FACING REALITY

ancis Bacon might well be called he father of the modern world. lived about three hundred years but he set in motion certain es which persist to this day. said he would never call a rue until he had established h by experiment; that he ust start with certain truths ere held to be truths just hecertain men said so, and oon from such truths, but would collect all the in- he could on any subject form his theories on the what these different facts im.

new method of reasoning ed by Bacon was called e reasoning. It attempted to ople into truth by a careful ation of all the facts that hand. Behind all our scienogress today looms the gBacon who broke in mena the power of an old dogmate base men arrive at gen uths by an observation o. lar truths, and he accepted as true until there was ood reason for believing i so.

a method can easily be carso far, but without a wiss to test our theories on the acts of life, there is no progorthy of the name.

nolds Planning Marital Venture

York, Aug. 6—(AP)—R. J. olds, II, wealthy tobacco heir ormer treasurer of the Demo- National Committee, has obed a license to marry Marian an actress, it was disclosed at the municipal building. Byrne's address was listed as 52nd street. details as to when or where emony will take place were

Elizabeth Dillard Reynolds anted a divorce from Rey- former mayor of Winston- N. C., last June 24 in Miami, grounds of mental cruelty. charged that Reynolds had said he planned to marry another woman upon whom, she claimed, he had bestowed gifts amounting to $1,000,000. Identity of the woman was not disclosed.

The World Is A Flat

Contrast In Govm't Of Occupied Areas

Washington, Aug. 5.—(AP)—Sharp contrast between Allied military governments in Japan and Germany was reported today by Senator Ellender (D-La) as he and four other members of Congress ended a globe circling air trip here.

Ellender told reporters that the occupational government of Japan under General MacArthur is now working like clockwork. In Germany, Ellender said, coordination was badly needed.

Accompanying Ellender were Senator Butler (R-Neb), Reps. J. W. Robinson (D-Utah), Crawford (R-Mich), and George P. Miller (D-Calif), as well as J. Weldon Jones of the Budget Bureau.

The group left here late in June to attend the inaugural of the Philippine Republic.

Public Works . . .

(Continued from Page One)
roads to timber lands.

In calling for postponement or elimination of projects, Steelman urged federal agencies making loans or grants to state and local groups to seek their cooperation in postponing public works construction wherever this can be done without jeopardizing health, safety, or essential services.

VESSEL IN DISTRESS

San Diego, Calif., Aug. 6—(AP)—Coast guard and navy craft continued searching early today for a ship that radioed yesterday that it was "sinking fast."

Distress messages received by the coast guard identified it as the fishing boat Mary Bell and gave the location as 45 miles south of San Clemente island, which is about 45 miles northwest of here.

Searching planes and vessels last night found [illegible] boat or any wreckage.

Social Security . . .

(Continued from Page One)
bringing under the old age and survivors insurance the 20,000,000 persons not now covered—agricultural workers, self employed, domestic workers, and employes of federal state and local governments.

But the bill that went to the White House did not deal with expanding coverage.

A separate bill proposing health insurance—vigorously backed by President Truman but attacked by opponents as socialized medicine—never came to a vote.

The big problem before Congress is to get more equity into the security program. The solution is beset by a confusion of categories.

A worker in one type of job—that is Joe—pays a tax on his pay. His employer pays a similar tax on his payroll. The worker, when he grows old, is entitled to retirement pay based on the wages he received in productive years. If he dies his family is entitled to survivors insurance. Joe and his employer paid for this protection.

John, another worker—on a farm, self employed, in domestic service—or employed by a federal state or local government—pays no security tax; his employer pays none. When he is old he is entitled to no retirement pay. (Although if he is destitute he can get relief payments in which the federal and state governments participate.)

Only three of every five jobs are covered employment for old age insurance. That's where categories come in.

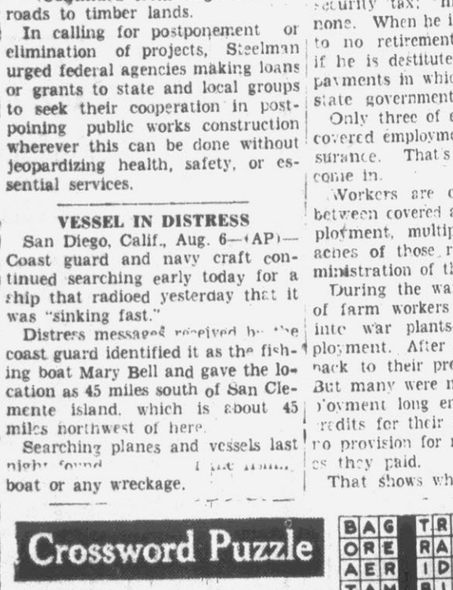

Workers are constantly shifting between covered and uncovered employment, multiplying the headaches of those responsible for administration of the program.

During the war many thousand of farm workers and women went into war plants—in covered employment. After the war they went back to their previous occupations. But many were not in covered employment long enough to build up credits for their old age. There is no provision for refunding the taxes they paid.

That shows what Congress is up against. When the security law was written 10 years ago no immediate means could be devised to embody in the insurance program many categories of jobs, because of the difficulty in collecting the taxes from farm workers, self employed and the like.

And up to now no way has been found. The 80th Congress will tackle the job again.

							3	0 5 7 0 0 0
							0	6 0 2 0 0 4

After remaining idle as far as baseball was concerned for the past several weeks, due to their players working in tobacco, the Trojans from Third St. and the Bobcats from the Eastend played yesterday at Third St. The Trojans came out on top by the score of 13 to 8. Errors lost what chance the Bobcats had for winning the game.

Pringle, Pleasants, House and Alligood with two hits each carried the attack of the Trojans. Billy White with two doubles, and Big Bland with two singles were the leaders for the Bobcats.

Bobcats	3 0 1 2 0 0 2
Trojans	2 0 1 2 3 5 x

Indians Vs. Giants, Third St., 10 a. m.

Yankees vs. Tigers, Third St., 2:30 p. m.

Wagner And Cobb In Coaching Role Today

Chicago, Aug. 6—(AP)—Wrigley Field and Comiskey Park were abuzz today as 16 and 17 year-old youngsters from all parts of the nation worked out under two of baseball's immortals, Honus Wagner and Ty Cobb, for the third annual all-American boys game Saturday.

Wagner, rated the outstanding shortstop of all time, had charge of 16 players comprising the East squad, working out at the White Sox park. Cobb, the famous "Georgia Peach," coached the 17 players on his West squad who practiced at the Cubs park.

Owen Said Back After Mex Tour

Boston, Aug. 6—(AP)—Mickey Owen, who left a first string catching job with the Brooklyn Dodgers last April to play in the Mexican league, was reported back in the United States today, ready to return to his old post at Ebbets field—if organized baseball will have him.

Branch Rickey, Dodger president who said his information came from a mutual friend, disclosed that Owen had deserted the Vera Cruz club in the Mexican circuit, had arrived in Brownsville, Tex., and would seek reinstatement in the National league.

Owen himself could not be found up to an early hour today, but it was learned here that the catcher was enroute to his home at Springfield, Mo., and planned to appear personally before Commissioner A. B. (Happy) Chandler to ask his reinstatement.

Chandler, informed of the report at his Versailles, Ky., home, said he had "no comment."

Rickey said he "would intercede with Commissioner Chandler in Owen's behalf."

"My friendship for Owen goes back nine years," the Dodger chieftain pointed out. "If there is anything I can do, I'll be glad to do it."

Cubs Clinch 6-3 Win Over Locals

Greenville, held scoreless until the eight inning, was defeated 6-3 last night by the Fayetteville Cubs.

The Cubs made an early start with three in the second frame one in the third, and two in the fifth inning. The Greenies loaded the bases in their half of the seventh, but hopes of scoring were dashed when Pearsall made a spectacular catch just left of center.

Fayetteville plays a doubleheader here tonight at Guy Smith Stadium with first game starting at 6:45.

Club Owners To Pay More In '47

New York, Aug. 6—(AP)—Baseball is one happy family today with the major leagues' policy committee reporting "agreement in principle" between players and owners on proposed contract reforms.

Not that any disagreement had been expected. It was pretty much of a cut and dried proposition that the players would get substantially what they wanted. After all, the owners asked them to state their case and they couldn't very well turn a cold shoulder on their demands.

The diamond social revolution, mild in form, will cost the magnates more money in 1947. There can be no question about that. But in the long run, if the improved owner-player relations can snap the union threat and end the Mexican raids, the magnates will consider it cash well spent.

High on the list of matters to be discussed at yesterday's parley between the six-man policy committee, representing the owners, and the six-man player group was a minimum wage. The National league athletes had asked for $5,500 and the American had set no figure.

"Pin-Worms Can't Get MY Child!"

Better learn the Truth, Mother!

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living and growing inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. If you suspect this ugly infection, get JAYNE'S P-W right away and follow the directions.

P-W is the name of the Pin-Worm tablets developed by the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. Satisfaction guaranteed or your money back. Ask your druggist: P-W for Pin-Worms!

Grain Market

Chicago, Aug. 6—(AP)—Corn futures surged upward toward the close today on support from cash buyers and commission houses, after establishing new seasonal lows during early trading. The market developed a stubborn tone around the day's low, the nearby contract displaying greatest strength.

At the finish corn was 1 cent to 1⅛ lower than yesterday's close, January $1.34. Oats were ¾ to 1¼ lower, August 70¾-71. Barley was 1¼ lower, Nov. $1.26.

New York Cotton

New York, Aug. 6—(AP)—Cotton futures opened unchanged to 25 cents a bale higher.

Futures closed 75 cents to $2.30 a bale lower.

Middling spot 35.07, off 18.

N. Y. Stock Market

New York, Aug. 6—(AP)—The stock market extended its general retreat today although a handful of favorites managed to post good advances.

Steels and motors limped after a slightly uneven start. Dealings expanded at intervals but slowdowns were plentiful. The market was notably "thin," with several issues rising or falling a point or so between sales. Extreme losses running to 2 or more points were reduced in most cases near the close. Transfers held to the neighborhood of 750,000 shares.

WHAT is more fitting than REINFORCED CONCRETE for new state college, hospital and other institutional buildings?

With such buildings utmost security of occupants and visitors is a "must." So also is monumental beauty, long life—and economy. Reinforced concrete meets *all* these requirements. By casting walls, frame, floors and ornamental detail of one economical material great strength is secured at low cost.

Such a structure is firesafe and has the strength, rigidity and toughness to withstand tornadoes, earthquakes and other forces that might spell disaster for less sturdy construction. It is the *safe*, economical way to build.

PORTLAND CEMENT ASSOCIATION
State Planters Bank Bldg., Richmond 19, Va.
A national organization to improve and extend the uses of concrete . . . through scientific research and engineering field work.

Rotarians Review Members' Records

By WYATT BROWN

The Rotarians got the low down on several of their members last night at their weekly supper meeting. It is a custom at the Rotary Club to have each man tell something about himself up to the time of joining the club—who and why it is called. Those giving the low down last night were Troy Dodson, Sherman Parks, Dr. Fred Irons, Dr. Joe Bateman, Dr. D. B. Armistead and Sam Winchester.

A committee composed of J. B. Kittrell, Phil Goodson, John Proctor, June Rose and L. M. Buchanan, was appointed last night by the Rotarians to work with the Kiwanis Club on plans for entertainment of all the returned servicemen of Pitt County.

Guests of the club were Thomas Marshburn of Greensboro and Tom Wilson of this city. President Judson H. Blount presided.

Urcell Webb, program chairman, had charge of the program.

James Henry Jones, 81, died suddenly of a heart attack at the home of his daughter, Mrs. George Elks near Winterville, this morning at 7:30 o'clock.

J. H. Jones, 81, Dies After Heart Attack

Funeral services will be conducted at the Winterville Free Will Baptist Church Wednesday afternoon at 4:30 o'clock by the pastor, the Rev. D. W. Alexander, and the Rev. Walter B. Nobles, Free Will Baptist minister of Winterville. Burial will be in the Dennis family cemetery near Ayden.

The body will remain at the home of his daughter, Mrs. Lossie Bell Whitehurst of Winterville until the time of the funeral, when it will be taken to the church.

Mr. Jones was born and reared near Ayden. He had lived in the Winterville community the past 15 years. He was a member of the Winterville Free Will Baptist Church. He was married to Miss Pency Dennis in 1902 and she died October 31, 1945.

Surviving are three daughters Mrs. Lossie Bell Whitehurst; Mrs. Irma Arthur of New Bern, and Mrs. Selma Elliks of near Winterville; two sisters, Mrs. Smithy Jones of near Greenville and Mrs. W. H. Hinson of Winterville, and eight grandchildren.

Various types of cancer were recognized and described in 400 B. C. by Hippocrates.

FLYING DOWN MANTEO WAY

Plenty Thrills In Plane Trip With Ray McKenzie

By CHESTER WALSH

Riding down to Manteo on Roanoke Island in Ray McKenzie's Aeronca plane, much of the journey being made over the clouds, was a thrilling experience last Sunday.

There were thrills a-plenty at Manteo during the day when the U. S. Coast Guard celebrated its 156th anniversary with a speech by Admiral Joseph F. Farley, the commandant, and a demonstration of life-saving at sea by a helicopter; the dropping from a big navy plane of a provisioned lifeboat by parachute; the rising from the water of a seaplane, partly jet-propelled, and some stunting by the famous Al Williams, former army stunt flier, speed champion and the first pilot ever to make an outside loop in an airplane. Civilian planes from many parts of the state participated in maneuvers.

Melville R. Daniels of Manteo, chairman of the Roanoke Island Historical Association, was master of ceremonies. Congressman Bonner was a guest in Admiral Farley's plane.

An outstanding feature of a plane trip to Manteo is the wonderful service provided by Bill Newton, who operates the airfield with his charming and versatile wife. Mr. and Mrs. Newton are developing lots of goodwill among the many people who visit Manteo and attend "The Lost Colony." Hobnobbing with Al Williams, famous pilot and head of the aviation division of the Gulf Oil Company, was an interesting experience. Incidentally, the former army pilot married an Elizabeth girl and has an attractive country home near Elizabeth City.

Another interesting pilot at the Coast Guard celebration was George F. Hatch, former lieutenant-commander in the navy and in charge of the Civil Air Patrol at Manteo during the war. Hatch is now recovering from injuries sustained when his crop-dusting plane tangled with high tension electric wires while dusting crops near Tarboro several weeks ago.

All who go to Manteo come away with pleasant memories of the courtesies of the Roanoke Island people, especially Melville R. Daniels, Adam Etheridge, Dare County Sheriff Victor Meekins, Bill Meekins, manager of Pine Haven Inn; Keith Fearing, manager of Hotel Fort Raleigh, and Miss Carrie Heron of Louisville, Ky., a member of "The Lost Colony" cast.

Flying back to Greenville from Manteo at 5,000 feet, over the clouds nearly all the way, was another interesting experience for a hobnobbing newspaper reporter. On the radio Beulah used to say of Fibber McGee, "I love that man." That's the way this passenger felt about Pilot Ray McKenzie.

Cases Tried In Police Court

Judge Jimmy Roberts disposed of the following cases in Police Court Monday:

Drunk: Lundy Chambers, $20; James Powers, colored, 30 days in jail; Simond Nobles and Haywood Moore, Jr., both colored, each paid $15; Grover Battle, colored, $15; Willie Oakley, $10.

Murder: Alberta Moore, colored, bound over to Superior Court without bond.

Gambling: Jack Atkinson, Robert Lee Chauncey, Roy Little, Ernest Adams and Zeb Carney, all colored. Chauncey was fined $10; the others, $15.

Disorderly conduct: George Hardy, Jr., $15; Aaron Hall, colored, $15; Maggie Hines, colored, judgment continued.

Assault: Dan Satterfield, judgment continued: Ernest A. Carney, nol prossed with leave; Raymond Blount, paid $17.50.

John F. Minges was not guilty of operating a car without lights.

Balkan Game . . .

(Continued From Page One)

of these are in that northern area facing Yugoslavia and Albania. And Britain is said to have some 30,000 to 40,000 troops in Greece.

One doesn't have to be the seventh son of a prophet to recognize that this situation, which at present basically is a conflict of ideologies, is also as explosive militarily as a block-buster. Should full-blown war come between Greece and the Albanian-Yugoslav allies on the north, no man could tell how far the conflagration might run. It easily could mean another world conflict.

While both sides are eyeing each other across their gun-sights, each is busy politically. The Communist cell in Northern Greece works day and night to strengthen its own ranks with the aim of gaining control of the Athens government ultimately. Meantime the Greek Rightist government now in power is busy preparing for the plebiscite on September 1 to decide whether King George shall be recalled to the throne he fled in April of 1941 when the Germans took over.

Actually the plebiscite, which will be held under the auspices of the present royalist government, is being made a question of the type of regime rather than of whether the laughless one, as the Greeks call George, shall be recalled. However, if the country calls for a monarchy, the odds at present are that George will be brought back with the blessings of Britain.

Thus goes the battle for control of Greece which affords an invaluable base from which Britain can reach the Dardanelles, the Suez Canal and other strategic points of the Middle East by air and by sea.

N. F. Mobley Passes After Long Illness

H. F. Mobley, 76, died at the home of his son, J. H. Mobley of Winterville Tuesday morning at 12:45 o'clock following five months' illness.

Funeral services will be held at Bethesda Friends Church, five miles east of Dunn, Wednesday afternoon at 4 o'clock. The Rev. Lela S. Garner, the pastor, and the Rev. E. G Cole, Baptist minister of Winterville, will officiate. Burial will be in the church cemetery.

The body will remain at Wilkerson's Funeral Home until Wednesday afternoon at 1 o'clock. The funeral cortege will leave at that time for Dunn.

Mr. Mobley was born, reared and spent all of his life in the Bethesda community up until two years ago, when he moved to Winterville to live with his son, J. H. Mobley, agricultural teacher at the Winterville High Scchool. He was a retired farmer and a member of Spring Branch Baptist Church near Dunn. Mr. and Mrs. Mobley celebrated their golden wedding anniversary March 8, 1945. Mrs. Mobley died several years ago.

Surviving are a son, James H Mobley, and eight grandchildren, three of whom, Mrs. Cleta Dawson Barefoot and Julius F. Dawson of Dunn, and Kimber Dawson of Goldsboro, were reared by Mr. Mobley after the death of their mother.

The tallest known palm tree in the eastern United States is a 95-footer at Collier-Seminole state park in Florida.

CRASHING INCIDENT

Springfield, Ill., Aug. 6—(AP)—A motorist missed a turn at a street intersection and his car crashed through the large plate glass window of a shop operated by Paul Zintek.

Zintek rushed from the shop, surveyed the damage and went to work. His business is installing plate glass windows.
