ALBANIA ASKS FOR EQUALITY WITH GREECE

Wants Right To Have Voice In Settling Italian Reparations

Paris, Aug. 21.—(AP)—The prime minister of Albania, Enver Hoxha demanded today that the peace conference seat him as an equal and asserted that the Balkan state never would consent to any changes in its borders for those frontiers are sacred.

Many of his remarks were directed against Greece and its prime minister Tsaldaris, also a target of Soviet Russia.

Referring to Tsaldaris' mention of the Albanian Quisling government during the Italian occupation he asserted that all who remained had been killed and "those war criminals who fled are in the best hotels in Rome."

He asked whether Tsaldaris would consider France an aggressor because Hitler had expected to wage aggression from French territory. It was from Albania, which Italy had seized as a prelude to the last war, that Mussoli attacked Greece and demanded that the peace treaty put an end to the aggressive imperialistic policy of Italy.

The Albanian representative asserted that Italy caused 3 billion gold francs damage in Albania and demanded as an absolute right, to be allowed to determine the amount and payment of Italian reparations. Hoxha received a long burst of applause and so did Alfonso R. W. Diaz, spokesman for Mexico, who spoke next.

As the speeches droned on, an informant in the peace conference secretary said 250 fundamental amendments to the draft treaties and an undetermined number of others had been presented by peace conference members. An American source said the U. S. had proposed none; that its position was already stated in the five treaty drafts.

Ten Hours Freedom For Escape Artist

Doylstown, Pa., Aug. 21.—(AP)—Robert Hendrickson, 21, of Philadelphia, enjoyed only 10 hours' freedom after making what was described as the most amazing escape from Bucks county prison.

He was captured five miles from the jail while sitting in a parked car waiting to call on a girl friend. Hendrickson, charged with car theft, broke out of a solitary confinement grating and a window and finement cell, went through a steel grating his 170 pounds through a hole 5-1/2 by 13 inches, and climbed over a 10-foot barbed wire fence and a 31-foot wall.

Council Blocks MacArthur Plan

Tokyo, Aug. 21.—(AP)—General MacArthur met his first major reversal at the hands of the four-power allied council for Japan today.

Council members—after they had been given time to consult their governments—rejected his proposal that the seven other allies be invited to send delegates to council discussion meetings.

British and Russian council members, however, were similarly blocked when they urged that MacArthur give the council his views on each council recommendation. Russia's Lt. Gen. Kuzma Derevyanko had advanced this proposal and British Commonwealth member W. MacMahon Ball supported it with the comment that knowing MacArthur's attitude would be helpful.

At present, Ball said, the council advances proposals without knowing how MacArthur receives them: "It is like posting a letter... and not knowing if it ever reaches its destination."

Clash Of Wills

Paris Peace Conference Fades As Western Powers And Russia Join In Test Of Strength And Nerves Over Control Of Dardanelles Straits

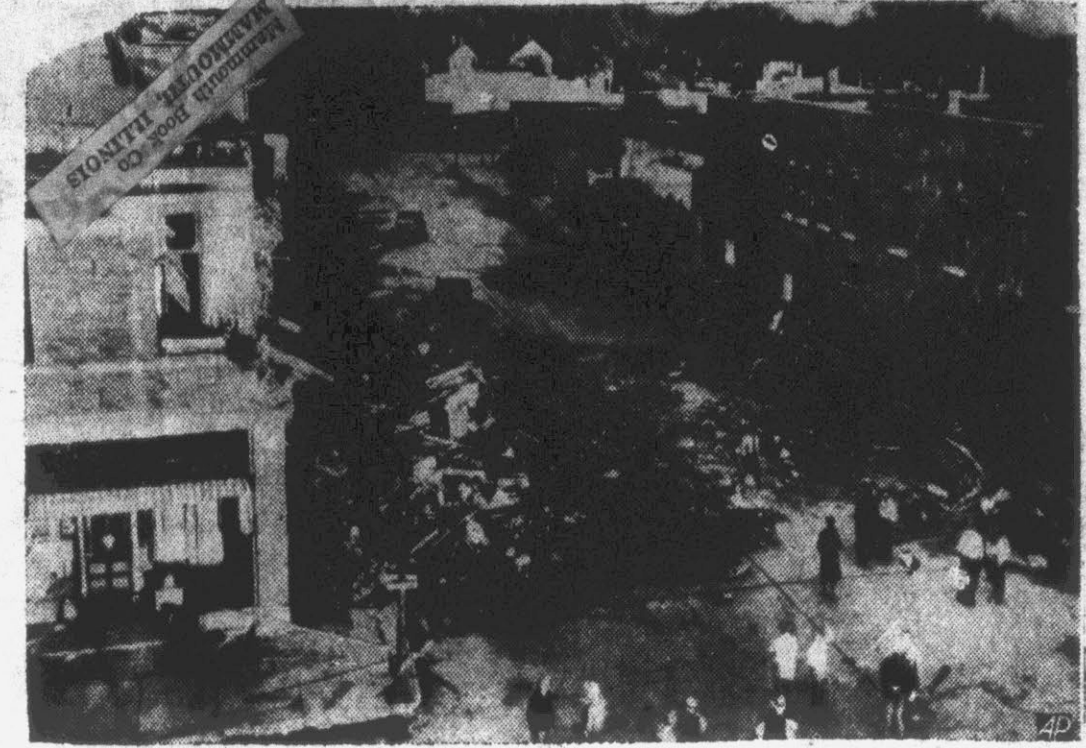

By DEWITT MACKENZIE

All the nosy acrimony of the Paris peace conference thus far has been concerned with the trifles as compared with a clash of wills between the western powers and Russia, which has been going on in the classical manner of diplomacy, behind the closed doors of foreign offices. The great powers are locked in a test of strength and nerves over one of the oldest issues of world politics, the straits question, or, to use the popular name, the Dardanelles.

Since this involves one of the primary elements of world mastery and strategy, since it touches on one of the most cherished ambitions of the Russian state for three and a half centuries, and since it may determine control of the vital Middle East, there is a grimness about this clash beyond anything yet developed at Paris.

The other powers involved have been pulling and hauling at the

Tornado Wreckage Covers Street

Bricks, stones, shattered awnings and other debris cover a street in Wells, Minn., after a tornado Saturday night damaged every business building in town, injuring 25 persons. State guardsmen stand guard over the wreckage to prevent looting. At left, a street light globe has been shattered, but the bulb that was inside remains intact. (AP Wirephoto).

CHINESE REDS SET UP STATE

Announce Establishment Of Manchurian Government

Nanking, Aug. 21.—(AP)—China's Communists announced today establishment of their own government of Manchuria, and said they would not discuss participating in any coalition government of China until all of the current fighting is stopped.

Some informed quarters here said that establishment of such a coalition had become "the last hope" of mediators seeking a permanent peace.

Communist spokesmen denied that their party was calling for all-out mobilization against Chiang Kai-Shek's forces, and said they "have no desire" to overthrow his National government—which is strictly a one-party regime now. But they added:

"The first thing is to stop fighting. Then we can talk about reorganizing the government." Some observers here said that General Marshall and Ambassador John Leighton Stuart, having failed to stop the shooting first and talk politics later, now were trying to reach a political accord first.

Chiang, these sources said, had asked Marshall to request a list of (Continued on Page Six)

White Cane Sale Plans Completed

Henderson, N. C., Aug. 21.—(AP)—Lions Clubs of North Carolina have completed plans for the first annual statewide white cane sale and membership drive for the North Carolina State Association for the Blind Aug. 26-29, inclusive.

Sam Alford of Henderson, campaign director, said he believed the campaign goal of \$18,000 would be reached. One-third of the sale of white cane lapel buttons will be retained by local Lions Clubs for use in their blind aid and sight conservation programs. The other two-thirds will go to the association.

The State Association for the Blind, formed by Lions Clubs, uses its funds to aid worthy blind persons in hospitalization, home training and vocational education. It also assists in conservation of sight among underprivileged school children.

Dairy Products And Most Grains Still Free Of Controls; Packers Predict Shortages And Black Markets; Ceilings To Be Effective On Friday

Washington, Aug. 21.—(AP)—Pork chops, beefsteak, hamburger and all other meats are going back under OPA ceiling "at or close" to June 30 prices.

Milk, butter, cheese and all other dairy products remain free of ceilings, but controls will be slapped back on if prices of those items jump further.

Those main decisions of the price decontrol board prompted widely varying reactions. The meat industry spoke of dangers that black markets might return again and that the public would find less meat to buy.

And the CIO cost of living committee said the decision to keep dairy products free of controls will bring greater inflation to the American people.

On other points in its first decision, the congressionally created decontrol board:

1. Ruled against restoring ceilings on nearly all grains.

2. Authorized livestock and meat subsidies to be paid again, at June 29 rates.

3. Ordered price controls re-established on soybeans and cottonseed products, including salad and cooking oils.

Shortly after the three-man panel announced its unanimous rulings last night, OPA Chief Paul Porter told a reporter:

Restoration of subsidies on meats means we can re-establish ceilings at or close to June 30 levels. "This is the case on beef, pork and veal. We have not decided yet on lamb."

OPA had announced earlier that ceilings would become effective on Friday on any commodities recontrolled by the board.

Officials said today, however, that a plan under consideration calls for putting ceilings on live animals Friday, with a time lag in each case before they apply at the packer, wholesale and retail outlets. (Continued on Page Six)

N. C. Hosiery Mill In OPA Violation

Raleigh, N. C., Aug. 21.—(AP)—The federal treasury today was richer by \$120,000 as a result of the settlement by the Davis Hosiery Company of Greensboro of a treble damage claim brought against it by the Office of Price Administration.

T. S. Johnson, state OPA director said that the settlement—biggest in the history of OPA in the state—grew out of over-ceiling charges by the hosiery distributor of \$92,595.39 on 1,087,284 pairs of women's rayon hosiery.

Johnson said that the firm had violated OPA regulations which prohibit distributors who are affiliated with manufacturers from selling hosiery at the wholesale maximum price and requires such firms to sell at the lower manufacturer's ceiling.

J. L. Davis, Sr., president of the firm, in a statement issued at Greensboro, said "just prior to February 15, 1946, as a result of information voluntarily disclosed by the company to the OPA, the OPA indicated that the company's method of pricing was in violation of OPA regulations. After being advised by the OPA that alleged overcharges amounted to more than the net worth of the company, the company voluntarily paid to the U. S. treasury in full settlement of the alleged overcharges an amount equal to the net worth of the company."

PLANE WRECKS NEAR RUNWAY

Pilot, Co-Pilot Killed; Ten Passengers Injured

Moline, Ill., Aug. 21.—(AP)—Pilot Captain James Steen and co-pilot Marvin Fox of a chartered plane were killed and 10 passengers were injured, none seriously, early today when the craft crashed a mile south of the Moline airport while attempting to make an emergency landing.

The two crew members were thrown out of the plane. Steen was instantly killed and Fox died shortly after being taken to Moline Public Hospital. Two babies among the passengers were unhurt.

A passenger said one of the plane's two engines caught fire about 50 miles from Moline and that the pilot shut it off and headed for the airport. He circled the field three times the last time only a few feet from the ground.

The plane was over the runway on the last round and when the pilot gunned the engine a wing dipped and struck the ground. The impact split the plane in half, hurling some of the passengers to the ground.

Advises Against Consolidation

By CHESTER WALSH The Pitt County Board of Education, at a meeting Monday, again recommended to the N. C. State Board of Education that the board's order to consolidate the Pactolus High School with some nearby school not be carried out. In a previous meeting the County Board of Education had recommended that Pactolus High School not be consolidated. After hearing delegations of Pactolus citizens and making a special investigation, the local board has renewed its request to the State Board that the Pactolus High School be allowed to continue on its former basis, with three high school teachers.

Pursuant to the decision reached at the meeting Monday, the Pitt County Board of Education has requested all Pactolus High School students to report to the Pactolus school on Wednesday, August 28 for enrollment and classification.

The property, consisting of nearly 15 acres, will be purchased at a cost of \$12,600 and a committee was appointed to begin plans looking to the building of the Legion home just as soon as materials are available.

Coach Bo Farley presented the matter of the midget football team and stated that a league of about six eastern Carolina towns was being formed. He said that in view of the size of the boys permitted to participate in the midget games the school had no available equipment to fit them and the post decided to sponsor the team and furnish the funds for the necessary equipment.

Several routine matters including the appointment of important committees were included in the business of last night's meeting presided over by Post Commander Tom Wilson.

Cutbacks Ordered For Government Employees

Washington, August 21.—(AP)—Budget Director James E. Webb today ordered a cutback of 134,000 in the number of federal executive department workers in the next several months.

By November 16, he said, one out of each 25 current employees will be off the payroll and the number remaining will be down to 2,362,300. "Normal decline in seasonal employment" and shift of the U. S. employment service to the states are expected to account for most of those who go.

Unaffected and uncanceled in those figures are congressional and court employees, cabinet members and agency heads, military personnel, and civilian workers of the army, navy and war shipping administration outside the U. S. and its territories.

Including these, the total number of federal government employees over the world stood at 2,683,093 at the end of last June. Before the war the number was 537,500, and

TITO DEFENDS YUGOSLAVIAN SOVEREIGNTY

Witnessed Shooting Down Of One Plane; Declares He Wants Peace

Belgrade, Aug. 21.—(AP)—Marshal Tito, in a speech published today, stoutly defended Yugoslavia's course in which two American planes have been brought down in ten days, declared the country intends to insist upon its sovereignty and shouted that Yugoslavia wanted peace "but not peace at any price."

Saying he had witnessed the downing of one of the unarmed American transport planes, Tito denied the craft was lost in the clouds or was fired upon after it landed. He admitted, however, that an American plane had been forced to land.

Previous eyewitnesses and official American accounts said the first plane strayed over Yugoslav territory from its course on a flight from Vienna, Austria, to Udine, Italy, Aug. 9 and was forced to land after Yugoslav fighter planes wounded one of the passengers.

Although Tito mentioned witnessing only one incident at did not mention the date, he was believed to have seen both. The second involved a C-47 brought down Aug. 19 near Bled. Tito was in Bled on Aug. 19.

The Yugoslav foreign ministry in a note acknowledged last night that Yugoslav fighter planes attacked the transport and sent it crashing, probably with some fatal casualties.

The admission—contained in a note dispatched by the ministry last night to U. S. Ambassador Richard C. Patterson—brought from Patterson the bitter comment: "A year and a half ago they welcomed our planes and now they shoot them down."

The Yugoslav note, which termed Monday's incident a "regrettable accident," made no reference to the U. S. transport plane downed Aug. 9 nor to the seven occupants of that plane now being held at Ljubljana. It said two members of the crew parachuted from the plane forced down Monday, but added: "There are signs that unfortunately victims fell in this accident."

LEGION WILL ERECT HOME

Post Purchases Dudley Property; Will Sponsor Midget Football

Pitt County Post 39 of the American Legion last night voted unanimously to purchase the S. I. Dudley property adjacent to the City-County airport for the erection of a Legion Home and also voted unanimously to sponsor midget football in the local schools.

The property, consisting of nearly 15 acres, will be purchased at a cost of \$12,600 and a committee was appointed to begin plans looking to the building of the Legion home just as soon as materials are available.

Coach Bo Farley presented the matter of the midget football team and stated that a league of about six eastern Carolina towns was being formed. He said that in view of the size of the boys permitted to participate in the midget games the school had no available equipment to fit them and the post decided to sponsor the team and furnish the funds for the necessary equipment.

U. S. Rejects Demands By Russians For Dardanelles

Election Probers In Procedural Quarrel

New Row In Open Among Congressional Committees Investigating Election Campaigns; Inactivity Condemned

Washington, Aug. 21.—(AP)—A major row broke into the open today over congressional investigation of this year's election campaigns.

The issues which sharply split two special committees set up to do the job are:

1. How fast the inquiries should proceed.

2. The procedure to be followed in certain cases, such as looking into the role of the CIO's political action committee.

The fuss was pointed up today by a statement from Leo Allen (R-Ill.) that election law violators are being encouraged by what he termed committee stalling and delay.

Allen, No. 1 Republican on the House campaign expenditures committee, told a reporter he has considered resigning because he is "so disgusted with the lack of action" by his group. The committee has not met since Speaker Rayburn (D-Texas) named it early this month.

Allen said he cannot understand why Rep. O'Neal (D-Ky.) has not started an investigation. O'Neal has made no comment since Rayburn named him instead of Rep. Domengaux (D-La.) as chairman.

Domengaux had pledged an all-out inquiry into the CIO's activities.

There have been reports that O'Neal intends to withdraw from the group.

Allen acknowledged that there will be quite a fight over the CIO when the committee does begin operations.

The Senate campaign expenditures committee conducted hearings in July on the Montana primary but a controversy interrupted and it has not acted since. An aide today, however, said Chairman Ellender (D-La.) expects to call a meeting the first week of September.

One point at issue in the Senate group was the activity of Robert B. Barker, whom some of the committee members authorized to conduct hearings in Montana.

When Ellender returned to Washington from an overseas trip August 5 he ordered Barker's compensation cut off, although it had been authorized by the acting chairman, Sen. Ed Johnson (D-Colo.).

Ellender since has sought to name a counsel to replace Barker out of agreement has been reached by the committee.

Barker declared today that although Ellender has withheld his payment, he wanted to make it clear the senator "did not tire me."

Tobacco

Sales on the Greenville tobacco market Tuesday totaled 1,537,602 pounds for \$804,367.18, for an average price of \$52.31 a hundred, Sales Supervisor Will Whedbee reported.

Quality of the leaf on sale at warehouses yesterday was not as good as Monday's offerings, and this accounts for the day's lower average.

Today's offerings were light, due to bad weather. The sales supervisor said all warehouse floors will be cleared today, and that all tobacco brought in tonight and tomorrow morning will be sold tomorrow.

The tobacco companies paid out to farmers for tobacco during the first two selling days of the season \$1,723,136.15.

Diplomats Fear Domination Or Occupation Of Turkey; No "Munich-Like" Settlements With Soviet In Sight; "We Are Not Bluffing" Says High Government Official

Washington, Aug. 21.—(AP)—The United States launched a carefully planned diplomatic offensive today against Russian expansion into fresh areas of the Middle East and Asia.

The master stroke was delivered with public announcement of this government's rejection of Soviet demands on the Dardanelles.

The broad outlines of the form the rejection would take had been known in advance, so the significance was in the readiness of top American officials to declare flatly, if privately:

There will be no turning back from this rejection—no "Munich-like" settlement with the Soviet Union over the strategic Middle Eastern waterway.

President Truman, Secretary of State Byrnes, Undersecretary Acheson, Secretary of War Patterson and Secretary of the Navy Forrestal all have revived the American policy on this basis. And they are reported to have agreed that it must stand absolutely firm unless the U. S. is willing to grant Russia a new slash of dominion from the Dardanelles to India and China.

Concurrent with the release of the text of the note, which is itself diplomatically mild but firm, a high diplomatic official said that if the Russians insist on "a... the Dardanelles to the point of trying to use force it will mean very grave trouble in the world.

What Moscow proposed to Ankara was that Russia and Turkey, share in the defense of the Dardanelles.

It was this to which American policy shapers emphatically objected even though they are willing to grant Russia many special privileges short of military control.

They contend that in this air age the Russians could not possibly hope to defend the straits by placing fortresses on its shores. They note that the straits were closed in the last war by German occupation of the Aegean Islands.

Thus, in the American view, this leaves only one way to defend the straits. That way is to occupy all of Turkey in addition to holding

Would Use Force Instead Of Notes

Boston, Aug. 21.—(AP)—Sen. Styles Bridges (R-NH) declared today that "the United States should not hesitate to use military force against the Tito government of Yugoslavia."

The senator, who yesterday criticized what he called "wanton attacks" on American planes over Yugoslavia, said in an interview:

"This is no time to pussyfoot or for writing sharp notes. It's time for action, action that Tito and Stalin, his master, understand."

Bridges described the Yugoslav government as "a Red puppet dancing to Joe Stalin's tune," and continued:

"Stalin must be made to realize that our appealing days are over and that we can be just as tough and maybe a little quicker on the trigger. x x x

"If economic weapons fail, we should be prepared to use military force."

Bridges added: "We can provide fighter escort for non-combat planes and if they are attacked, we can make our answer right up in the skies whose freedom was won by American fliers."

THE OPENING MOVE

Decontrol Board To Check And Double-Check Policies Of OPA And Agriculture Dept.; Last Night's Ruling Is Only First Of Many; New Tasks Ahead

By JAMES MARLOW

Washington, Aug. 21.—(AP)—The price decontrol board is here for a long stay.

Its decision last night—ordering ceilings restored on meats, soybeans and cottonseed—was just the board's opening move.

Under the law passed by Congress in July OPA will stay in business until June 30, 1947.

Since Congress set up the three-man decontrol board to be boss over OPA, the board, too, will have to stay in business until June 30, 1947.

The board's next task is this:

To decide whether to place ceilings on eggs, poultry, tobacco and petroleum. It's expected to do that soon.

After that the board will settle down to the routine job of checking and double-checking on what OPA does.

At the same time it will have a check over the Agriculture Department.

PRESIDENT TO VISIT BERMUDA

Radio-Telephone Keeps Him In Touch With Affairs

With President Truman en route to Bermuda, Aug. 21.—(AP)—President Truman, armed with a full report on the tense Yugoslav situation, sailed on his warmer southern waters today on his reverse-direction vacation cruise.

The chief executive's radio-telephone fill-in on incidents involving American army planes attacked over Yugoslavia territory came from Secretary of State Byrnes, who is in Paris for the peace conference.

Presidential Press Secretary Charles G. Ross told accompanying newsmen of the call shortly after he had advised them that the White House Yacht Williamsburg was headed for a berth in Bermuda tomorrow afternoon.

The ship will land at the American naval operating base for fuel, water and food and "a minimum of ceremony." Presumably the governor general of the British Crown Colony will board the Williamsburg to express an official welcome. The President then may go ashore to return the call.

Ross said Byrnes had telephoned the President from Paris at 4 p. m., apprising him "of all developments in the Yugoslav situation."

"The President has no statement to make about it now," Ross added in the radio hookup with the navy ship Weiss.

"Whether he will have a statement depends on developments over there."

HITS ONE-PARTY SYSTEM. Birmingham, Ala., Aug. 21.—(AP)—Chairman B. Carroll Reece of the Republican National Committee asserted today the solid south he held in political bondage from which it can be rescued only by restoration of the two-party system.

This is how: When OPA places ceilings on some non-OPA item—like a refrigerator—the industry which makes that product can, in time, go to OPA and ask to have the ceiling removed.

In doing so, the industry will have to show, with facts and figures, why it thinks the ceiling should be removed from the product.

If OPA says "no, the ceiling must stay," the industry can appeal to the decontrol board.

Then it's the job of the board to examine the claims of the industry for relief and the arguments of OPA against removing the ceiling.

If, then, the board decides OPA was wrong and the ceiling should be removed, OPA will have to remove it.

All of this, so far, involves appeals by industries to have OPA (Continued on Page Four)

Social and Personal

Mr. and Mrs. N. O. Van Nortwick, Sr., of East Rock Spring road, Greenville, visited Natural Bridge in Virginia recently.

Mr. and Mrs. E. C. Holly have returned from a trip to Missouri.

Miss Agnes Fullilove has returned from Watkinsville, Ga., to resume her teaching in the city schools. She is spending a few weeks with her sister, Mrs. Dink James.

Howard Hooker of Atlanta is spending two weeks at his home here.

Miss Frances Jacqueline Rodas of Lynchburg, Va., is visiting Mrs. C. W. Hearne.

Watson-Stokes
The marriage of Miss Carolyn Joan Stokes, daughter of Mr. and Mrs. William Fleming Stokes and Harold Lee Watson, son of Mr. and Mrs. William Smith Watson of Wadesboro was solemnized August 14 at 4:30 o'clock in the Stokes Methodist Church. The Rev. Sidney Boone, pastor of the church, assisted by the Rev. Robert Bame of Enfield, officiated. The impressive double ring ceremony was used. Mrs. Paul Davenport rendered a program and wedding music and Miss Edna Early sang "Because" and "I Love Thee." At the close of the ceremony, "The Lord's Prayer" was sung as a benediction.

The bride was given in marriage by her father. Her bridal gown was of white satin and net, fashioned with a sweetheart neckline, a tightly fitting bodice and long tightly fitting sleeves. The full sweeping skirt ended in a long cathedral train. Her three-quarter length veil of illusion fell from a coronet of seed pearls. The bride carried an old-fashioned bouquet of white asters, centered with a purple orchid and showered with staphenotis. Her only ornament was a string of pearls, gift of the groom.

Miss Marvel Stokes, sister of the bride, was maid of honor. She wore a colonial style of dress of white satin and net, fashioned with an off-shoulder neckline, tight bodice and long full skirt. She wore matching white mittens and a large open picture hat of satin and net. She carried an old-fashioned bouquet of white asters and red roses.

Mrs. Bebe Stokes Thompson of Raleigh, cousin of the groom, Mrs. Frances Van Dyke and Miss Virginia Conleton of Stokes, cousins of the bride and Miss Frances Page of Stokes, were bridesmaids. Billie Sue Stokes, sister of the bride, was junior bridesmaid. The bridesmaids and the junior bridesmaid wore dresses and accessories identical in color and style to those of the maid of honor and they carried old-fashioned bouquets of varied colored asters centered with red roses.

Mr. Watson had as his best man his brother, Marion S. Watson of Wadesboro. Ushers were: James E. Watson, brother of the groom and Walter C. Mangum of Wadesboro; Robert Thompson, Jr., of Hallsboro and Wallace R. Roberson of Stokes.

Honorary bridesmaids were: Laura Gene Taft, Peggy Pruitt, Wadesboro, N. C.; Miriam Hayden, Wilmington, N. C.; Hilda Mallard, Myra Butler, Rose Hill, N. C.; Betty Rollins, Rosa Glynn Ellerbe, Rockingham, N. C.; Dorothy Glenn Sugr, Grifton, N. C.; Mary Ann Houck Hickory, N. C.; and Becky Royall Hamlet, N. C.

The mother of the bride was gowned in white with matching white accessories and she wore a corsage of pink roses.

The mother of the groom wore a dress with matching accessories and a corsage of white roses.

Mrs. Watson graduated from Stokes High School and for the past two years, she has attended Greensboro College in Greensboro North Carolina.

Mr. Watson attended the Wadesboro Schools. He served three years in the air corps, during which time he spent a year as a prisoner of war in Germany. He received his discharge from the armed forces in October, 1945, following which he has held the position of inspector with the State Highway Commission.

After a wedding trip to unannounced points, Mr. and Mrs. Watson will be at home in Wadesboro. For traveling, Mrs. Watson wore a white gabardine suit with dark brown accessories and the orchid from her bridal bouquet.

Following the marriage, Mr. and Mrs. William Fleming Stokes, parents of the bride entertained at a reception at their home.

The guests were greeted at the door and introduced to the receiving line by Dr. and Mrs. J. M. Kilpatrick. The receiving line was composed of the bride's parents, the bride and bridegroom and members of the wedding party.

Mr. and Mrs. W. S. Watson, Jr. invited the guests into the sun room where Mr. and Mrs. J. Guy Penny and Mrs. Y. A. Pitts served punch.

Mr. and Mrs. Gordon Clark invited the guests into the music room where Mr. and Mrs. Zeb Brinson presided over the register. Mr. and Mrs. Clifford Whichard invited the guests into the dining room.

The table was covered with an heirloom lace cloth and the centerpiece was a bowl of mixed white flowers, flanked by silver candelabra containing burning white tapers. Seated at either end of the beautifully appointed table, Mrs. J. B. Conleton and Mrs. L. R. Whichard served ice cream and bridal cakes. Assisting in serving the mints and nuts were Miss Margaret, Calvin, Mrs. L. P. Hall and Mrs. Ethel Clark.

The guests were invited into the lift room by Rev. and Mrs. Sidney Boone, where they were greeted by Mr. and Mrs. Walter C. Latham. Goodbyes were said to Mr. and Mrs. B. F. Stokes.

Out of town guests included the following: Dr. and Mrs. J. M. Kil-

Hostesses at Tea
Mrs. Alfred Kennedy and Mrs. Hiram Mayo were hostesses at an informal tea on Monday afternoon from 4 to 6 o'clock at their home on Library street, honoring Miss Jane Tucker, whose approaching marriage to Dave Dolge has recently been announced.

The home was beautiful with many tastefully decorated arrangements of lovely summer flowers in variegated colors.

Guests were greeted at the front door and presented to the receiving line by Mrs. Milo Smith. The receiving line was composed of Mrs. Alfred Kennedy, Mrs. Hiram Mayo, Miss Jane Tucker, her mother, Mrs. L. B. Tucker, and Miss Myrtle Ruth Collins.

Mrs. Leo Venters of Ayden, aunt of the honoree directed the callers to the dining room. In the dining room the traditional color motif of green and white was noted in the arrangements. The table was covered with an imported lace cloth and had as a centerpiece a crystal bowl of asters, baby's breath, tube roses, daisies and fern flanked with candles in crystal candelabra. A miniature bride and groom was also used on the table. Miss Peggy Rose Smith, seated at the table served bridal cakes from a crystal platter. Mrs. Clarence Barnhill of Stokes stood at the other end and served punch. Misses Peggy, Marjorie and Margaret Tucker, cousins of the bride, assisted in serving mints, nuts and open face sandwiches.

Mrs. E. L. Collins of Ayden, aunt of the bride, directed the guests to the den where Miss Kathleen

Miss Linda Moore of Washington is visiting relatives here.

Alex Blow went to Plymouth Tuesday evening.

Burt James went to Washington Tuesday evening.

Miss Lee Brown returned Tuesday evening from a visit in Portsmouth.

The Greenville market is leading on prices of tobacco.

Whichard presided over the guest register.

Goodbyes were said by Mrs. R. E. Corbitt. About 60 guests called during the afternoon.

The hostesses presented Miss Tucker with pieces of silver in her chosen pattern.

Personal Shower For Miss Tucker
On Monday from 8 to 10 o'clock, Mrs. Hutch Ward and Mrs. Charles Rumley gave a personal shower for Miss Jane Tucker at the home of Mrs. Ward on Evans street. The house was beautifully decorated throughout with asters and other summer cut flowers. Miss Tucker was presented with a lovely corsage.

Several games were played with much enjoyment.

Two contests were given, prizes going to Sarah Jones and Edna Mae Cannon.

Master Charles Rumley, Jr., and little Miss Judy Tucker, dressed as a bride and groom, came in bringing a basket of lovely useful gifts for Miss Tucker.

A delicious ice course was served to about 35 people.

Bridal Couple Honored
Tuesday evening at 7 o'clock, Mr. and Mrs. Robert G. Little gave a dinner at Knotty Pine Inn, Washington, honoring Miss Jane Tucker and Mr. David Dolge.

The table was cetered with candles and each guest found his seat by a place card. Miss Tucker's place was pointed out with a beautiful corsage. A delicious three-course dinner was served.

Strength FOR THE DAY

By EARL L. DOUGLAS

FAMILY RELATIONSHIPS IMPORTANT

Here are the words with which the Old Testament closes:
"Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the Lord. He shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse."

Last words are always significant. The words with which the Old Testament closes are especially so. They tell us that cordial and satisfactory family relationships are the most important matters in life, and that God's curse will rest upon any generation which does not properly order its home life.

The oldest quarrel in the world is between youth and maturity. It is inevitable that these differences of opinion should arise; and on the whole such differences are wholesome. But when they arise over fundamental disagreement as to what is right or wrong, the most precious values of the race are in jeopardy. It is only on the basis of love that differences like this are ever settled. When the hearts of fathers and children are turned toward each other, it is of little moment that their minds for the time seem to run in opposite directions.

WASHINGTON LETTER

ORSINGER OF AQUARIUM HAS FUN WITH FISH AND FROGS
By JANE EADS

Washington—Under the bustling lobby of the Commerce Building a short man with a wide grin, shoulders like a halfback and white hair that sprays like bangs about his head, lives with fish, frogs and turtles.

Fred G. Orsinger, director of the aquarium of the U. S. Fish and Wildlife Service, has been "isolated" there since 1932, he says, but folks from all over the world seek him out.

"Although he is nearly 69, his agile, witty mind is full of lore about his charges, and like all men closely associated with fish, he spins some tall ones now and then. In fact, for many years he was an honorary member of the Liars' Club of Burlington, Wis.

"He's also a member of the Ala Pisho Club of Bethesda, Md.

"Did you ever eat skeet, or troll one?" he asks.

Orsinger likes to take you around the aquarium and show you his collection.

"Now, here's a German carp that we feed sauerkraut every Tuesday," he said, pointing to the carp.

He showed me his little walking fish too. They actually walk—when they want to—on the bottom of the pool on fins attached to the under part of their bodies.

Orsinger is fond of his turtles. He was bemoaning the death of a veteran named Oscar. Oscar had been with the Bureau of Fisheries 35 years and spent 14 years at the aquarium.

"He overate himself and got so fat and lazy he just passed away. He ate meat, fish, lettuce, banana skins, everything," Orsinger said.

We lingered by a big tank full of Canadian brook trout. They came to the aquarium with good high coloring, but from lack of sunlight the colors began to fade.

"Now two percent of all the food they get is paprika," he said. "We found it did the trick and just see how bright those fins are. We're trying paprika on our own trout too. By golly, it's working."

Now that the war's over, Orsinger hopes to get all kinds of new and strange specimens for the aquarium.

He's especially anxious to get a few man-eating fish. These are called piranha and hail from the Amazon and the backwaters of the Orinoco rivers.

Though only 11 inches long when full-grown, they can tear all the flesh and muscle off a man's body in 10 minutes, Orsinger says, and I believe him.

remove ceilings on non-food items. But when it comes to wanting ceilings removed from a farm product—which means, a food item—industry will have to appeal to the Agriculture Department.

(Putting control of food prices under the Agriculture Department was another part of congressional efforts to strip OPA of its previous wide powers. OPA used to be boss over food prices, too.)

But if the Agriculture Department refuses to remove a food ceiling upon request of an industry that industry then can appeal to the decontrol board.

So that places the board in top command over price controls—on food and non-food items—and thus enables it over-ride OPA and the Agriculture Department.

All of this—appeals to OPA and agriculture and the board—is part of the long pull ahead to get America back to normal when there shall be no price controls.

It will mean a lot of work for the board in the months ahead and for this reason: as the months pass, more and more goods will be produced and will flow into the market.

The increasing supply of goods is supposed to lessen the danger of runaway prices and, therefore, the need for price controls. With plenty of goods to buy, Americans won't be so apt to bid up prices.

It will be the board's job to see that ceilings are not imposed any longer than necessary on anything.

Clash Of Wills

(Continued from Page One)
sarrits, and second, that Russia and Turkey jointly assume their defense. The Black Sea powers are Bulgaria, Romania, Russia and Turkey. Since the first two are now firmly in the Russian orbit, and seem destined to remain there, Turkey would become a permanent minority of one in any Danubian councils.

And the second demand would mean that Russia would move in alongside Turkey in military occupation of the shores of the straits. The junior partner in such an arrangement would have little chance to hold his own.

Acceptance of these terms would mean fulfillment of a dream which Russian rulers have held since Peter the Great three and a half centuries ago determined to break through the bonds of land and ice that held Russia away from unhindered access to the seven seas. Never perhaps in all history of the glacier-like spread of Russian territories toward the warm waters has any of Peter's successors looked upon a prospect so inviting as that spread before Stalin. The Baltic now lies largely within the Russian sphere; through Yugoslavia, the Adriatic is in effect accessible; Russian power is established in Port Arthur and Dalren on the ice-free waters of the Orient; possession of the Kuriles widens Soviet access to the Pacific, and Soviet power is moving with great pressures toward the Mediterranean and the Persian Gulf.

The United States, Britain and France have ranged themselves behind Turkey in opposing the thrust through the straits. They are not opposing all Russian desires, however. They are willing to alter the existing regime for control of the straits, embodied in the Montreux Convention of 1936, so as to considerably facilitate the movement of merchantmen between the Black Sea and the Mediterranean. But they want to do this within the framework of the United Nations and the Montreux Convention and the U. S. for the first time is ready to share the responsibility for a plan of peaceful control of the Dardanelles.

The question worrying the other capitals is how much in earnest is the Kremlin in its demands, how far is Stalin prepared to go in pressing them, whether this means a showdown or just the beginning of bargaining. The answer may mean more to the prospects of world peace than anything achieved at Paris.

NOTICE
The Youthful Workers Club will meet at the Red Oak Community House Thursday night, August 22, at 7 o'clock. Don't forget this will be a weiner roast to which our parents are invited. Let's be there.

At George Washington University
Two North Carolina veterans are members of the class of 98 taking the only review course for the United States Foreign Service examinations ever to be offered by a university.

Both are enrolled under the G. I. Bill of Rights at George Washington University for a 12 weeks, intensive program. They were accepted for the course from applications received from 700 war veterans who sent in requests to take the course from army, navy and marine bases all over the world. During the 12 weeks they are "reviewing" diplomatic history of Europe and the United States, reading and writing of the English language, economics, finance, philosophy, international law and international political relations, statistics, political and economic geography. They practice taking examinations previously given for the Foreign Service at double speed.

The New York Times is a daily textbook. They are in class from 1 to 5:30 p. m. each day studying at what their director, Dr. Edward Campion Acheson, estimates to be five times the average rate of college studying speed.

Their faculty includes the staff of the University plus a series of radio and newspaper commentators and columnists and Washington political figures. For recreation about half of them belong to the United Nations club, a social group whose membership includes people of all nations and members of the diplomatic missions in Washington.

Students from North Carolina are John G. Clark, Jr., 28, of Greenville, N. C., and John W. C. Williams, 21, of Carboro, N. C.

Clark, a graduate of the University of North Carolina, became interested in the foreign service in March of this year while taking a course in International Relations at the University of North Carolina. He served as a warrant officer in the ETO and Panama doing personnel and administrative work. His second choice of a career—writing or publishing.

Miscellaneous Shower
Mrs. C. H. Worthington and Miss Anne Worthington of near Winterville and Mrs. R. B. Hawkins of Ayden were hostesses at a miscellaneous shower at the home of Mrs. Worthington last Monday evening honoring Mr. and Mrs. Joseph B. Tyson, who were recently married.

The home was thrown en suite and was decorated throughout with asters, dahlias and other late summer flowers.

During the evening several enjoyable contests and songs were led by Mrs. R. B. Hawkins, Mrs. B. Leon Tyson and Mrs. L. W. Edwards.

The dining room was lovely with its soft lights and beautiful flowers. A three-tiered white wedding cake topped with a miniature bride and groom centered the dining table.

which was covered with a layer of Mr. and Mrs. Tyson cut the first slice of cake in the traditional manner after which Mrs. Alton Worthington, Mrs. R. B. Hawkins and Misses Anne and Jean Worthington served delicious refreshments of cake, ice cream and salted nuts.

Mr. and Mrs. Tyson received many lovely gifts attesting to the high esteem in which this young couple is held.

strategic Balkan position. And this appears to be the American assumption of what the Russians actually have in mind in some form.

As one high official put it, "the entire American policy is based on the assumption that the Russians intend either to dominate or to occupy Turkey."

Therefore the central issue according to the official American viewpoint is the survival of Turkey as an independent nation.

"We are not bargaining," one official said, "we are not bluffing. We have taken an attitude to which we intend to stick. We want to make that crystal clear to everybody."

"We do not intend to be in any sense belligerent about it. We intend to be absolutely and unambiguously firm."

Good News For Folks Who Suffer From

- STOMACH GAS
- SOOR FOOD TASTE
- ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress. Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, nervous condition, loss of appetite, underweight, rashes, sleeplessness, etc.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or faulty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent active ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other stimulants to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Over a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

N. Y. Stock Market

New York, Aug. 21.—(AP)—Individual stocks made a fair amount of headway in today's market while many leaders continued to doze in lower territory.

From the start dealings were about as slow as in the preceding session. Quotations generally attained their best marks in the forenoon. Gains of fractions to a point or more—a few "thin" issues executed broader jumps—eventually were reduced or converted into losses considerable irregularity prevailed near the close. Transfers ran to around 700,000 shares.

Bethel Minister Speaks At Rotary

BY WYATT BROWN

Discipline, intellectual diet and environmental control were offered last night by Rev. Billie Howard president of the Bethel Rotary Club when he discussed the youth toll resulting from the recent World War. He put the responsibility up to parents, citing an ancient saying by Confucius that parents must be held to blame in part for every child's delinquency.

First, the speaker discussed the awful toll taken in Europe by war among the children who by the millions suffered twisted bodies and dwarfed minds, and the count is not yet complete.

Next the speaker showed how the war had contributed to delinquency among the children of the United States, citing specific instances involving 11, 12 and 13-year-old children. The causes of such delinquencies he suggested were the lack of discipline as children were permitted to express themselves—he called it expressing the spirit of the devil in them when they misbehave.

The intellectual diet of children was indicated as another determinant of behavior in children. In this category he mentioned the undesirability of comic strips for impressionable children. He decried the lack of Sunday school and church influence due to attitude of parents.

Parents can afford more discipline, and see to the right intellectual diet, and encourage an environment that will train the children in the way parents want them to go. Mr. Howard said in conclusion.

After the speech, several Rotarians brought up the matter of a suitable place for the meeting of the teen-age group, suggestions were made that a special program

on the matter be had and it is planned that a week from next Monday night, Urcell Webb and any other Rotarians he chooses, to help him put on such a meeting.

Dr. Alvin VanNorwick of Durham was a guest of the club. John Fleming presented the program for the evening. Ollie VanNorwick, Jr., vice-president of the club, presided in the absence of the president.

Nature's Forces Hold the Rings Around Saturn...

and OIL-PLATE Your Engine!

NO one knows just why Saturn is the only planet to have rings around it. We do know, however, that mighty forces of gravitational attraction hold them there. Through extensive research into the forces of attraction between molecules of liquids and solids, Conoco scientists are able to bring America's motorists the benefits of new and better oils.

Using the force of molecular attraction (basic force that holds things together), a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. In fact, so strong is this attraction that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection during the vital periods when you first start your engine
- added protection from corrosive action when your engine is not in use
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Alamo Stops Rally By Wilson In 4-3 Victory

By DAVE CLARK

Fireman Joe Alamo put out his second flame in as many nights last night in Guy Smith Stadium as he saved a 4-3 verdict over the Wilson Tubs for Lefty Tommy Lee, who started on the hill for Manager Payne's Greenies.

Alamo stopped a Wilson rally in the eighth after two runs had been scored making the score 4-3 by whiffing Billy Brooks for the third out. The tying Wilson run was on second base at the time. Alamo re-

tired Wilson three up and three down in the ninth.

Tommy Lee wasn't as effective last night as he usually is, but tight fielding by the boys behind him kept Wilson's runs down. Lee gave up ten safeties as compared to Carnahan's seven. Carnahan started and finished on the mound for Wilson.

Wilson drew first blood by scoring once in the third frame on doubles by Bauer and Brooks. However, Greenville tied it up and went ahead

in the fifth on two doubles and a single by Narron, Stewart and Ranweiler.

The Greenies pushed across two more tallies in the sixth when Verne Blackwell singled, went to second on Payne's sacrifice, and came home on Stewart's single. Stewart came home a moment later when Bauer at third errored Luke's grounder.

The Wilson rally in the eighth netted two runs on three singles and a walk before Alamo came in to put down the uprising.

Greenville plays Rocky Mount here tonight at 7:45.

(Continued from Page One) tain the quality and service," MacKie said.
Mr. and Mrs. J. O. Morton established the bakery here in 1937. The business steadily expanded until larger quarters were needed. They built the modern baking plant, 1602 Dickinson Avenue, about four years ago, and its products won popular favor. About three years ago the Mortons opened a cake shop on Evans street, between Third and Fourth streets. They still own this. They sold the Dickinson Avenue plant to the C. and S. Baking Company about two years ago.

Mr. Calhoun said after the transaction with the Waldensian-Pittsburg Company was completed that he has not made any plans as to his future activities. He hopes to continue to live in Greenville.
Mr. and Mrs. Morton and family have gone to Florida to live for a year.

Price Ceilings . . .
(Continued from Page One) If this procedure is adopted, officials added, it may be several days before retail ceilings are re-invoked. In allowing milk, butter and also cheese to remain ceiling-free, the board cautioned:

"If (prices for) dairy products move upward from here on out, the board can and will put the industry back under control."

Vanceboro Boy Was Victim Of Shotgun
Willie Lee Lewis, eight-year-old son of Mr. and Mrs. Rufus E. Lewis of Vanceboro, was accidentally killed Tuesday afternoon about 4:30 when a shotgun he was taking from a rack exploded.
Funeral services will be conducted from the Vanceboro Methodist Church Thursday afternoon by the pastor, the Rev. W. R. Crowder. Burial will be in the Wiggins family cemetery near Vanceboro.
Young Lewis attended the Vanceboro school and finished the third grade last year.
Surviving are his parents; a brother, Raymond Edward Lewis; a sister, Junie Elizabeth Lewis, both of the home; his maternal grandparents, Mr. and Mrs. Bennie Wiggins of near Vanceboro, and his paternal grandfather, Henry Lewis of near Vanceboro.
