Meat Prices To Be Cut Sept.

New Date Set Permitting Dealers To Sell Out Over-Ceiling Stocks; Porter Pledges Fight Against Black Markets; Increased Prices On Coal Go Into Effect

Washington, Aug. 22.—(AP)—Higher coal prices went into effect today and oranges are going up but a meat price cut is due September 9.

Naming the date when retail meat ceilings are to apply again OPA Chief Paul Porter also pledged an all-out drive against black markets.

As this campaign developed, OPA authorized a price boost of 30 cents a ton for hard coal and for coke, and an increase of 18 cents a ton for soft coal.

These retail price hikes are required by the new price control law, OPA said.

On oranges, maximum prices in retail stores will climb about a half a cent a pound as soon as growers received at higher prices authorized for producers.

But even while the parade of price increases continued, OPA went ahead with an assignment it rarely handles any more—a price cut.

Porter reaffirmed at a news conference that the new meat ceilings which the price decontrol board ordered restored will be at or near June 30 figures.

In ordering them back, the board said meat prices had climbed from 20 to 30 per cent after controls had lapsed June 30.

Porter also announced a price increase of seven cents a hundred pounds for flour, effective Friday to offset higher parity prices for wheat, which remains ceiling free along with all other major grains.

This price hike is expected to raise retail flour ceilings about a cent on a 10-pound sack, on top of a cent a pound increase also early this month.

However, Porter said that bread prices, raised a cent a loaf August 2, will be cut by the same sum when the Agriculture Department lifts restrictions on the milling of wheat, perhaps this fall.

As for enforcement of meat ceilings, Porter said OPA plans to throw the book at black marketers. "There is no substantial basis," he declared, "for reports that we are going back to widespread black markets."

"I hope packers will devote a substantial part of their energy to making recontrol work—at least as much as they devoted to trying to get rid of controls."

Meat ceilings, Porter announced will be restored first on live animals, effective August 29, and at (Continued on Page Four)

SWIMMERS TRY TO SABOTAGE BRITISH SHIP

Vessel In Haifa Bay Fails To Sink After Mine Blows Hole In Bottom

Jerusalem, Aug. 22.—(AP)—Swimming saboteurs using limpet mines blew a hole eight feet long and three feet wide below the waterline of the British troopship Empire Rival in Haifa bay shortly before midnight last night, but failed to sink her the government announced today.

The announcement came only a short time after British troops moved into the all Jewish city of Tel Aviv and four other towns in Palestine in the wake of new Jewish underground threats of violence.

"Three swimmers were observed around the stern of the ship and the military guard aboard opened fire on them, though apparently without effect," the announcement said, in describing the attempt to sink the Empire Rival, which had just returned from transporting a second load of illegal Jewish refugees to Cyprus.

"Approximately a half hour later two explosions took place and the after hold of the Empire Rival began to fill with water. The bulkheads which had been closed held and the next hold remained clear of water."

After an investigation by divers the 7,045-ton vessel moved into shallow water under her own power. No immigrants were aboard at the time and no casualties were reported among crew members.

Military and police sources expressed belief that the attack was staged by Hagana's Palmach, the striking force of that Jewish underground organization, and advanced the theory that it had been carried out "as a gesture to show the military it could be done."

Meanwhile, the military conducted a spot identity check in several (Continued on Page Four)

ULTIMATUM IS TEST FOR U. N. COUNCIL

If America's Complaint Is Heard, Russian Veto May Decide Issue

New York, Aug. 22.—(AP)—The United States ultimatum to Yugoslavia threatens to confront the United Nations Security Council with a problem which could bring the whole peace organization to a bitter showdown which may hinge upon the Big Five veto power.

Council delegations were cautious today in speculating on what might happen if the Yugoslav government ignored the American demand for release of airmen held prisoner by the Tito government following the shooting down of unarmed U. S. transport planes.

However, it was conceded that the American threat to appeal to the Security Council should Yugoslavia fail to comply would give the council its supreme test of authority to settle disputes peacefully.

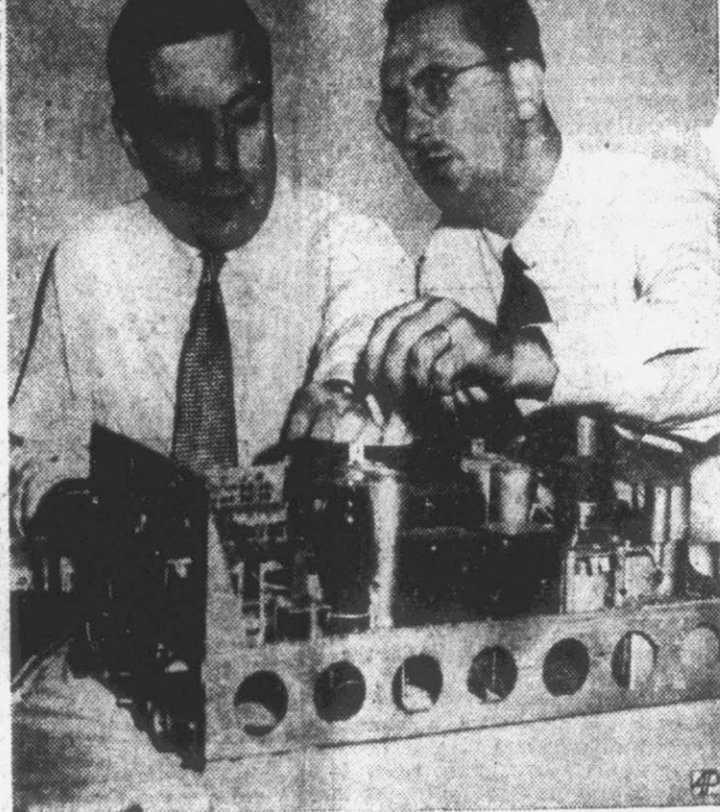

Up to now the council never has been faced with such an emergency as might be brought before it were the Yugoslavs, stiffened by Russian backing, to ignore or reject the American ultimatum.

The Yugoslav case, if it reaches the council, is confidently expected in informed U. N. quarters to fit the pattern of conflict between Russia and the western powers over the Iranian and Spanish cases still languishing on the council's agenda.

The veto power vested in the Big Five, which Russia thrice invoked in the Spanish case, may well prove the deciding factor should the Yugoslav case come before the council.

Should the United States fail to receive a satisfactory reply from Belgrade within 48 hours after the ultimatum is delivered in the Yugoslav capital, the American government is expected to ask the (Continued on Page Six)

Probe Radio Disposal

Rep. Roger Slaughter (D-Mo., left), chairman of a congressional committee probing sale of surplus war material, and Joe C. Lewis, investigator for the group, examine a piece of army radio equipment during a hearing in Atlanta August 19. One amateur radio man told the committee he bought for \$312 two army radios which originally cost \$4,000. The radios were sold by the army at Warner Robins Field, Macon, Ga., to Atlanta junk dealers for slightly over \$12 per ton. (AP Wirephoto.)

U. S. Ultimatum Is World Peace Test

DEVELOPMENTS IN BRIEF

BELGRADE—U. S. Ambassador Richard C. Patterson files from Belgrade to confer with Premier Tito at Bled and to present American ultimatum demanding release of downed fliers within 48 hours. The penalty otherwise: Reference of the case to the United Nations Security Council.

WASHINGTON—U. S. Determination to have the issue out is underscored by Byrnes ordering Undersecretary Acheson to begin preparing the case for the Security Council.

PARIS—Secretary Byrnes confers with European advisors after meeting U. S. military men and Yugoslav Premier Kardelj.

LONDON—Headlines reminiscent of the war years mark newspaper display of dispatches on the ultimatum.

TRIESTE—An American ex-soldier says attacking fighters looked like American-made Mustangs.

NEW YORK—Ultimatum confronts UN Security Council with problem likely to bring showdown fight on Big Five veto power, since Yugoslavia may get full Russian backing.

WASHINGTON—U. S. considers tighter plane protection for transports flying Austrian-Italian route; hints attacked planes may not have been flying over Yugoslav territory when they were forced down.

American Statesmen Ready For Showdown Involving Whole Structure Of World Peace; Diplomats Fear Yugoslav Defiance; Acheson Preparing Case For Security Council

BULLETIN
Ljubljana, Yugoslavia, Aug. 22.—(AP)—Yugoslav authorities today released Americans who had been taken in custody after their C-47 army transport plane was forced down here August 9.

Washington, Aug. 22.—(AP)—A 48-hour ultimatum to Yugoslavia ticked away today with the United States ready—if necessary—for a showdown involving the whole structure of world peace.

In a grave and angry indictment, this nation set tomorrow night as the deadline for the Soviet-backed Balkan state to (1) free imprisoned American airmen of one plane attacked by Yugoslav fighter craft, and (2) permit U. S. diplomats to investigate a second incident of a plane shot down near Marshal Tito's summer home.

It warned that unless those demands are met within the time limit—roughly about 10 p. m. (EST) Friday—the U. S. government will call upon the Security Council of the United Nations to meet promptly and take appropriate action.

This would pose a clear-cut test of the Security Council to function as an international agency for preserving peace in the face of veto powers held by the Big Five nations.

There were strong fears in American diplomatic quarters of possible Yugoslav defiance of the ultimatum—and with that possibility the chance that a Russian veto of Security Council action would have to be met.

But there was no American government reluctance to meet that challenge.

Even before somber-faced Yugoslav Charge d'Affaires Serge Mledko was handed the note late yesterday, Secretary of State Byrnes in Paris ordered Under Secretary Acheson to begin preparing the American case and to be ready to present it personally to the Security Council.

That fact underscored both the anxiety and the determination to have the issue out. It had been reflected two days earlier by two other major diplomatic developments.

A firm stand by the United States against Russia's demands for a share in the military control of the strategic Dardanelles.

2. Disclosure by those high in government of a firm new policy against appeasing Russia and against a further spread of Soviet domination over smaller and weaker countries.

The United States is considering (Continued on Page Four)

LOW COSTS TO RECLAIM LAND

Washington, Aug. 22.—(AP)—Fertile lands in the Southern states, which have too much water, could be reclaimed for a fraction of federal expenditures in developing arid western lands, an Agriculture Department research specialist said today.

Lewis A. Jones, chief of the division of drainage research for the Soil Conservation Service said: "Out west, where settlers must be moved in, the government has been spending from \$200 to \$500 an acre for irrigation. Rich delta and other land in the South could be rehabilitated at a drainage cost of from \$25 to \$75 an acre."

In these Southern areas, Jones added, there is no problem of transportation or settlement of farmers because they already are there.

"In many cases," he said, "the development of wet areas will enable farmers to abandon eroded hill lands and submarginal lands or place them in timber or pasture and move their cultivated crops to the fertile bottom lands."

Jones said that federal loans for irrigation were made on a 40-year basis without interest and that development of the South would be speeded by some similar provision for drainage.

Without such aid farmers in wet areas already have spent more than \$600,000,000, he said. The only federal aid given has been through Reconstruction Finance Corporation loans to some drainage districts for refinancing existing obligations and work done by the WFA and CCC camps.

Further federal aid would be justified, he said, but the fact that in addition to improving the land immediately affected, drainage promotes public welfare by improving health conditions, increasing the general tax base and reducing the cost of maintaining highways.

Mayor Says Vets Used As "Front"

Dallas, N. C., Aug. 22.—(AP)—Mayor A. J. Maxwell said today that a reported movement of former GI's to oust him was "fostered and agitated by former office holders."

At a meeting here Tuesday night more than 80 World War II veterans criticized Maxwell and announced plans to take legal action designed to depose him as mayor.

Maxwell said those whom he claimed fostered the movement "haven't got the guts to come out into the open themselves but agitate such things and stand back in the shadows and let someone who doesn't know any better do their dirty work."

In a prepared statement, Mayor Maxwell said the opposition to him stemmed from persons "whose kin had been indicted" under his administration; and from "some politicians" who he declared wanted to get control of the town government in order to open poolrooms and beer parlors. The mayor's court is the town's sole judicial tribunal.

He made no mention of statements allegedly made at the mass meeting that he had conducted "star chamber" court sessions from which the public was barred and that he had been discourteous to complainants before the town board of aldermen.

Negro Girl Burned To Death In Fire

Pitt County Coroner Griffin H. Rouse said Ruby Lee Thomas, 12-year-old Negro girl, who lived with relatives on the Damon Pierce farm, two miles east of Ayden, was burned to death Wednesday afternoon, when fire of unknown origin destroyed the kitchen and other parts of the tenant house.

Pierce, owner of the house, working at a nearby tobacco barn, discovered the fire. He and others removed two other children in the house. Ruby Lee Thomas, her clothing on fire, stumbled and fell as she ran toward a door, and the flames spread so rapidly she could not be rescued. She died shortly after arriving at a hospital here. The coroner said no inquest will be held. The child's mother is dead. Her father's whereabouts is unknown.

China's Battlefield

Manchuria, Scene Of Invasions And Counter-Invasions For Past Fifteen Years, To Be Site Of Battles Of A Civil War Which Now Seems To Be Impending

By GLENN BABE (For DeWitt MacKenzie)

A resumption of full scale warfare appears imminent in Manchuria, that unhappy cockpit of the Orient. The Chinese Communists hold most of the country and appear determined to stay. The Nationalists, thus far held to the railways and cities of the southern tip, show equal determination to regain this rich territory, withheld from them by a succession of invaders for the last 15 years. Manchuria is the prize most worth fighting for in eastern Asia, despite the dismantling by the Russians of the best part of the great military industrial plants built up there by the Japanese.

Few parts of the world have seen more of war and its resultant misery for the civilian population than Manchuria since the beginning of the century. There the Russians fought the Japanese, Japanese fought Chinese, Chinese fought one another in a series of civil wars of which that now in progress promises to be the bitterest. More years of misery for the patient peasants who make up nearly all its 38,000,000 population are in prospect.

Unless some near miracle halts China's civil strife it is logical that Manchuria should be the main battlefield. The fortunes of war in the last days of Japan's imperialist adventure opened it to the Communist armies, who came in from the west while the Russians from the north were scoring their one-week victory over the crumbling pride of Japan's war machine, the Kwangtung army. Whether they received Russian aid or not—a point in dispute—the fact remains that when the Red Army was withdrawn to Siberia circumstances were such that the Communists remained in possession, in stronger force and with better arms and equipment than anywhere else in China.

(Continued on Page Four)

BALKANS SAID WAA FREEZES SALES ACTION

Washington, Aug. 22.—(AP)—The War Assets Administration today halted the proposed turnover of surplus camps and war plants to educational institutions, pending a congressional inquiry into such "gifts."

The WAA stop order followed disclosure before the House surplus property committee that the Thunderbird, Ariz., airfield had been "sold" at 100 per cent discount to the newly incorporated American Institute for Foreign Trade.

The order blocks the "sale" of more than \$13,000,000 worth of other government property and the leasing of about as much more.

All the properties had been assigned for disposal at a 100 per cent discount to non-profit, tax exempt institutions. Those earmarked for lease were to have gone for nominal sums, such as \$1 a year rental.

WAA said the stop-order resulted from action of the committee headed by Rep. Slaughter (D-Mo.) in "questioning the authority of the WAA to dispose of Thunderbird Field" near Glendale, Ariz., to a group of former army officers headed by Lt. Gen. B. K. Young.

The Thunderbird property cost the government \$407,000, but several of the properties now frozen cost much more—including the Gulf Ordnance Plant at Aberdeen, Miss., and the Tycoon Tackle war plant at Miami, Fla., which cost \$2,840,000 each.

Following is a list made public by WAA of non-industrial portions of government-owned surplus real property on which a 100 per cent discount had been recommended. This includes the name and location of the property, the applicant and its use.

Ukraine Hints New Troubles In Europe's Powderkeg

Paris, Aug. 22.—(AP)—The Ukraine warned the peace conference today that "once more the Balkans may become the powderkeg of Europe" and threaten world peace.

Taking the side of Albania against Greece, in the airings of Balkan quarrels before a plenary session of the conference, Dimitri Manuilsky, chief of the Ukrainian delegation, declared:

"We now see how the declarations made here by Greece really can endanger the peace of the world. We know how wars have been prepared."

Greek Premier Constantinos Tsaldaris earlier announced he sought to amend the Italian treaty to award to northern Epirus (southern Albania) Greece. He said Greek claims to the area went back several centuries and were based on a "practical and ethical point of view."

Manuilsky sharply criticized Tsaldaris' claim on southern Albania and said "the presentation of these claims has resulted in an increase of incidents" along the Greek-Albanian border.

Conservation Specialist Would Drain Wet Land In South

Washington, Aug. 22.—(AP)—Fertile lands in the Southern states, which have too much water, could be reclaimed for a fraction of federal expenditures in developing arid western lands, an Agriculture Department research specialist said today.

Lewis A. Jones, chief of the division of drainage research for the Soil Conservation Service said: "Out west, where settlers must be moved in, the government has been spending from \$200 to \$500 an acre for irrigation. Rich delta and other land in the South could be rehabilitated at a drainage cost of from \$25 to \$75 an acre."

In these Southern areas, Jones added, there is no problem of transportation or settlement of farmers because they already are there.

"In many cases," he said, "the development of wet areas will enable farmers to abandon eroded hill lands and submarginal lands or place them in timber or pasture and move their cultivated crops to the fertile bottom lands."

Jones said that federal loans for irrigation were made on a 40-year basis without interest and that development of the South would be speeded by some similar provision for drainage.

Without such aid farmers in wet areas already have spent more than \$600,000,000, he said. The only federal aid given has been through Reconstruction Finance Corporation loans to some drainage districts for refinancing existing obligations and work done by the WFA and CCC camps.

Further federal aid would be justified, he said, but the fact that in addition to improving the land immediately affected, drainage promotes public welfare by improving health conditions, increasing the general tax base and reducing the cost of maintaining highways.

Army Rescue Service To Aid Plane Search

Washington, Aug. 22.—(AP)—The army air rescue service here said it would join today in a search for a civilian plane overdue since August 18, on a flight from Lincoln, N. C., to Morristown, Tenn.

The service asked that anyone who might have observed the plane, described as a PT-17 Stearman biplane, silver-colored with letter markings in black, give what information he could to state police forestry service officials or local civil aeronautics representatives.

The plane, owned by Johnny P. Jones of Lincoln, was chartered by two civilians who planned to reach Morristown by about 12:45 p. m. last Sunday after an 11 a. m. take-off, the rescue service said. It was last reported seen over Bald Creek, N. C.

Chimpanzee Test May Lead To Polio Vaccins

Baltimore, Aug. 22.—(AP)—A vaccine against poliomyelitis may one of these days be found at the Johns Hopkins Hospital and, if so, a group of chimpanzees, serving as guinea pigs, will share in the credit.

Year-long experiments on six chimps were disclosed today. Definitive results are not expected for another 12 to 14 months, but Dr. Howard A. Howe said the experiments thus far tend to establish that chimpanzees once infected with the crippling disease are resistant to it the second time.

He declined to give particulars of his findings until further studies are made—and they are now at a temporary standstill. The six original chimps are so immune they no longer are useful research subjects.

Dr. Howe and his associates are waiting for a new set after taking time out to find a "suitable" home for one chimp to which they had become particularly attached during the year of experiments. The others were turned over to an animal dealer for sale to zoos.

"The chimpanzees were exposed many times to the poliomyelitis virus," Dr. Howe reported. "Although none were paralyzed at any time all became temporary carriers."

They remained carriers through the normal period of two or three weeks. After recovering, most of them were resistant to carrying polio the second time.

Dr. Howe explained most persons contracting polio are not paralyzed but are temporary carriers through the alimentary tract. Many, he said, have symptoms of polio but none of the after effects.

Chimpanzees were used in the experiments because they most resemble humans in their reactions to polio and may be subjected to the virus by simple feeding rather than injections.

Before the experiments can be resumed the new chimps will get a medical overhauling so thorough as to make a human envious.

One emaciated member of the first batch got egg nog every three hours, a regulated vegetable diet and sulfa treatments when he first arrived.

It took two months to put them in perfect health for the experiments.

Wedging doctors at the hospital called at the chimp cages as part of their duty routine.

HOUSING GOAL GETS NEW AID

Wilson Wyatt Plans Slashing Non-Residential Building

Washington, Aug. 22.—(AP)—Wilson W. Wyatt today prescribed a transfusion of new materials for his languishing housing campaign. Non-residential building will be the donor. The housing expediter proposes to cut the construction of stores, factories, schools and public works by 30 to 50 per cent below present levels, his aides reported unofficially.

Without naming any figure, Wyatt tipped off his plans last night by announcing that "tough action," embodied in a "series of sweeping steps," will be taken this month.

"Non-residential construction cannot be permitted to continue diverting the present volume of materials from veterans' housing," his statement said.

Wyatt said more materials must be found to permit completion of "thousands of homes and apartments" started this year but not finished, and to get more new dwellings under construction.

Only 40,000 of the 331,000 permanent dwellings started in the first six months were finished by July, Wyatt has reported, and the number of new starts at last reports had fallen short of the housing program goal.

Wyatt's statement came after Franklin D. Roosevelt, Jr., housing chairman of the American Veterans Committee, told newsmen that the (Continued on Page Six)

See Conquest

Harold G. Urey (above), atomic scientist and chemist, professor at the University of Chicago, advanced the possibility of an American atom-bomb war to conquer the world as one of three choices presented by the bomb's very existence in an article appearing in "Air Affairs," August 19. (AP Wirephoto.)

Capt. Durant Is Arraigned Today

Frankfurt, Germany, Aug. 22.—(AP)—A stern-faced court martial arraigned WAC Capt. Kathleen B. Nash Durant today in the \$1,500,000 theft of the Hesse family jewels from Kronberg castle.

The 43-year-old Phoenix, Ariz., woman is accused of larceny, embezzlement, conspiracy and absence without leave.

Her lawyer, Lt. Col. John S. Dwinelle, told the court Mrs. Durant had asked and been denied permission to make her detained husband, Col. Jack W. Durant, her special defense counsel.

Durant, 36, who married the defendant shortly before the bulk of the jewels was discovered in the United States, is awaiting trial in the same case, but has not been formally charged.

Mrs. Durant, the former army manager of Kronberg castle, whence the dazzling collection of jewels was stolen last November, sat with her lawyer through the preliminary legal skirmishes. She looked white and drawn. All the insignia and decorations had been removed from her WAC uniform.

The gems were stolen from the Countess of Hesse, 74-year-old relative of Queen Victoria of England. Her stately castle at Kronberg was an officers' recreation center under Capt. Durant's management when the jewels disappeared. The Countess has been notified she will be called to testify.

KING COTTON RULES DIXIE

Record Prices Bringing Southern States Great Wealth

Washington, August 22.—(AP)—Dixie has taken King Cotton out of the doghouse and put him back on a throne—because it looks like he's coming through with close to two billion dollars for upkeep and fun in 1946.

He might do even better, and would at yesterday's average spot price of 35.72 a pound.

At a flat 35-cents-a-pound for lint and \$60 a ton average for cottonseed, the 9,290,000-bale crop forecast by the Agriculture Department for this year would return farmers \$1,852,610,000.

Today's record prices compare with an average of 12.4 cents a pound for the 1909-1914 period 10.34 for the 1935-39; 21.25 on July 15, 1943, and 30.83 on last July 15. The crop, however, is 3,263,000 off the 1935-44 average of 12,533,000. (Continued on Page Six)

Russian Spy Worked A Year For UNRRA

Frankfurt, Germany, Aug. 22.—(AP)—The U. S. army said today that a Russian spy worked for UNRRA for a year in the American zone of occupation.

She was turned over to liaison officers of the Russian army in Frankfurt today.

The Russian woman posed as a German and a doctor in order to obtain an UNRRA job, the announcement said. She was said to have confessed to faking identity papers and reporting regularly to her "NKVD superiors" on the political attitude of displaced persons in American camps.

Small Business Help

Commerce Department Has "Office Of Small Business" With Specialists Offering Information And Advice To Small Businessmen; Here's Main Features

By JAMES MARLOW

Washington, Aug. 22.—(AP)—Small business people—those who have such a business or are thinking of starting one—may be able to get from the Commerce Department information that will help them.

Within the Commerce Department is a special bureau called the office of small business, whose job it is to help small businessmen with many of their problems—although, of course, not at all.

Suppose you're a small businessman—want to open a small business—and there are some questions that bother you. You'd like some help, or some information.

In that case, what can you do? Right now you can write to, or visit, the small business office in the Commerce Department here in Washington. It has a number of specialists who will try to give you guidance.

The office here has a staff of about 100. It is adding several hun-

dre more. When they've been given special training, they'll be sent out to the department's 57 branch offices.

The department hopes to increase the number of offices to 75 soon.

When these branch offices are staffed you write or visit them, stating your problem to the specially trained men. Or you can still write or visit the main office in Washington.

The work of the small business office goes something like this:

John Jones wants to open a small business. He can't decide whether to make it a corporation or partnership. And he's bothered by a question about patents.

He comes to the office here, or writes to it, explaining his case. He is given information on the differences between a corporation and a partnership. And patent experts try to help him on his patent problem.

Here's another man, Tom Smith. (Continued on Page Four)

Poorer Quality Leaf Offered On Markets

Raleigh, N. C., Aug. 22.—(AP)—Prices were steadily lower and quality of offerings generally lower on the 16 markets of the eastern North Carolina tobacco belt.

The Federal-State Marketing News Service here yesterday noted leaf prices of \$1 to \$7 for lower quality of green leaf, hogs and primings on the eastern belt, and reported similar price declines on the 17 N. C. S. C. binder belt markets.

Humorous reactions were noted on the floors of eastern belt warehouses, the News Service said.

On the border belt the bulk of offerings was made up of low to good leaf and cutters, with leaf predominating.

Social and Personal

Mrs. Fred Broadwell, Sr., is spending two weeks with her husband in Statesboro, Ga.

Miss Pauline Bell left Tuesday for Concord to teach in the city schools.

Mr. and Mrs. A. W. Dolge of Hazardville, Conn., and Mrs. George Bigelow and Mr. Gordon Bigelow of Oxford, Mass., have arrived to attend the Dolge-Tucker wedding.

Mrs. Frank Wilson has returned from an extended visit in Hendersonville.

H. W. Pearce, Jr., of Atlanta, Ga., is spending several days with Mr. and Mrs. G. O. Britt at their home on the Stokes highway.

Miss Virginia Peele of Durham is visiting Miss Alice Ruth Bundy.

Mrs. Harvey Smith, Beaufort, and Mrs. Allison "Lizzy" Campen of Eden, who have been guests of Mrs. W. J. Bundy have returned to their respective homes.

Mr. and Mrs. J. C. Youngblood left last Saturday for Hollywood, Calif., to visit Miss Kathryn Youngblood, 5439 Hermitage Avenue.

Miss Elizabeth Wyche of Weldon is the guest of Mr. and Mrs. Sam Underwood, Jr.

Bridal Couple Honored
Mr. and Mrs. F. L. Andrews, Jr., of Bethel were host and hostess at a three course dinner given at their home in honor of Miss Jane Tucker and David Dolge on Wednesday evening.

The home was beautifully decorated with summer cut flowers and burning candles. The dining table was centered with a silver bowl of white asters and fern flanked with burning candles in silver candelabra, which made a beautiful setting. Miss Tucker's place was marked with a lovely corsage of red roses. Mrs. Tom Andrews assisted in serving.

Mrs. Elizabeth Benton, sister of Mr. Andrews, was an invited guest to dinner also. The out of town guests were Mr. and Mrs. A. W. Dolge, Kendall Dolge of Hazardville, Conn., Mrs. George Bigelow and Gordon Bigelow of Oxford, Miss.

Miss Tucker Complimented
Mrs. E. E. Corbett and Miss Joyce Corbett were hostesses at a luncheon complimenting Miss Jane Tucker Tuesday afternoon at one o'clock. The home was decorated with mid-summer flowers and the luncheon tables were centered with green and white. The guests found their places which were marked with miniature bags of rice tied with green ribbon. The honoree was presented a corsage of white roses.

The hostesses, assisted by Mrs. G. C. Honeycutt, served a two-course barbecue luncheon. Miss Tucker was remembered with a breakfast cloth.

Birth Announcement
Mr. and Mrs. Ruel Dilda of Fountain announce the birth of a son, Bennette Turwell, on August 16th at Woodard Herring hospital in Wilson. Mrs. Dilda is the former Lucile Turwell of Farmville.

On U. S. S. Perry
Clifton William Whitehurst, 17, seaman, second class, son of Mr. and Mrs. C. W. Whitehurst, Greenville, N. C. is a crew member of the destroyer USS Perry which recently sailed to lend aid, if necessary, to the American Farmer, 8,000-ton United States Line ship carrying food to Britain, after it was damaged in a collision 700 miles west of Ireland.

Rev. Smith Conducts Revival
Rev. A. Smith, of Beaulaville, is conducting a revival in the Free Methodist Church in Winterville. Services begin each evening at 8 o'clock. The public is cordially invited to attend all services.

Miss Tucker Complimented
On Tuesday morning Mrs. Milo Smith and Miss Peggy Rose Smith were hostesses at a coca-cola hour from 11 to 12 o'clock in compliment to Miss Jane Tucker, bride-elect of this week.

Colorful summer flowers were used to decorate the house, dahlias predominating. Refreshments were served from the table in the dining room which was centered with an arrangement of all white flowers. Seated at the table to serve coca-colas, sandwiches, bridal cakes, nuts, potato chips and pickles were Miss Betsy Nobles and Miss Peggy Rose Smith.

Miss Tucker was remembered with a gift of crystal. About thirty guests called during the hour.

Birth Announcement
Mr. and Mrs. T. G. Briley announce the birth of a daughter on Saturday, August 17, in Pitt General hospital.

Miss Taylor Hostess
Mrs. Linda Taylor entertained sixteen of her friends last Friday afternoon at a coca-cola party in honor of her house guest, Miss Bet Wheeler of Wilson. The hostess was assisted by her mother, Mrs. Andrew Taylor, and Miss Nancy Taylor in serving coca-colas, brownies, assorted cookies, and mints.

Peat, believed the earliest stage in the evolution of coal, is found in bogs.

Geologists say coal has been in the making for perhaps 300,000,000 years.

Forty Years Ago Today

THE DAILY REFLECTOR August 22, 1906

On Wednesday afternoon Alexander Harper gave a sail on the launch "Mayona" complimentary to Miss Bettie Gray Sutton of La Grange, who is visiting relatives in Greenville. The merry party was carried six miles up the river and had a most delightful trip. Ice cream and cake were served on board the boat.

ing and an enjoyable program will be given. All young people, both married and single are invited to become members of this club and a special invitation is extended to the parents to attend the weiner roast Thursday evening, August 22, at 6:30 o'clock.

Mr. and Mrs. B. L. Tyson, Mr. and Mrs. Joseph B. Tyson attended the Sweet Gum Grove Home Demonstration picnic recently. They report a wonderful supper an extra large crowd, a good time and wonderful fellowship with these folks, no finer to be found anywhere in the state.

Mrs. James Allen, Mrs. H. R. Allen and Mrs. Amos Evans are representing the Red Oak Home Demonstration club at the short course for farm men and women at State College this week. These women will gather a wealth of information from this meeting and will have a chance to mingle with the finest people in the state.

Mrs. L. W. Edwards left for Raleigh Monday to attend a three day session of the executive officers of the Junior Woman's Club of the state.

Miss Alice Leota Edwards and Bobby Leon Edwards are visiting their aunt, Mrs. Scott Heath this week.

Belvoic Principal Makes Good Record

By CHESTER WALSH
Leslie L. Murray, principal of Belvoic-Falkland School, who will graduate at East Carolina Teachers College and receive his M. A. degree, has an outstanding record in the

Pitt County School system. Since he has been principal at Belvoic the school has experienced gratifying success. He is a native of Lucama.

He has been principal at Belvoic the past two years. There is a fine spirit of cooperation between the PTA and the school. He is active in religious and civic affairs; is an elder at Westminster Presbyterian Church, a Master Mason; member of the Lucama Masonic Lodge, the American Legion and is lecturer for the Wilson County Chapter of the State Grange.

Professor Murray is a graduate of the Lucama High School and Atlantic Christian College. He majored in English and Spanish for his B.A. degree, and in administration and supervision of secondary high school for his M.A. degree. He is president of the Pitt County unit of the North Carolina Education Association. He was instructor in Spanish at Atlantic Christian College two summers.

6:30 p. m. Kiwanis Club.

Seventh Day Adventists

The Greenville Seventh Day Adventist church membership will hold Sabbath school on Saturday morning at 10 o'clock in the community building at Ballard's Cross Roads. The subject of the lesson will be "The Parable of the Sower," continued.

Birth Announcement

Mr. and Mrs. W. C. Shreve, of Falls Church, Va., announce the birth of a son, John Ellison, on Tuesday, August 20.

Mrs. Shreve is the former Miss Madoline Woolard of this city.

Red Oak News

Another one of our boys, John Wyatt Tyson, returned to his home with an honorable discharge last Monday afternoon. It has been about eighteen months since he was home last. Most of his time was spent in China and on the islands of the Pacific. That only leaves one of our boys from the immediate neighborhood in the service. That one is Bill Griffin who is stationed in Puerto Rico. The Youthful Workers' Club will meet this Thursday evening at 6:30 o'clock. A weiner roast will be enjoyed after which a business meet-

Strength FOR THE DAY

BY EARL L. DOUGLAS

BUILDING LIFE ON WHOLE-SOME ACTIVITY

Who remembers the days when hoodlums fought on the streets and when even men of prominence exchanged fistfuffs over matters of personal grievance?

In spite of an increase in serious moral problems which confronts us in these chaotic days, it must be admitted that there have come into modern life certain refinements which make some situations of a generation or two ago seem very crude.

So far as young people are concerned, it would appear beyond doubt that athletics and other wholesome outdoor activities have been responsible for much of this improvement. As I write, I am glancing out over a blue New England harbor filled with sailboats. Scores of young people are having the time of their lives. I am as sure as one can be of anything that activities of this sort keep the mind of youth centered on the wholesome aspects of life and so refresh body and spirit that a lot of human devility is either skipped or forgotten. Moral disease as well as physical grows in darkness and solitude. Lots of young people get into trouble because there is nothing else to get into.

Thirty years ago a tennis court or a swimming pool was a rarity. Only the rich went away on summer excursions in those days, which are often mistakenly called "the good old days of yore."

DON'T BE TOO HASTY

Reports to the effect that the majority of our Negro tobacco workers are falling for the line of the CIO organizers and that petitions have been filed for elections in local tobacco factories at an early date, in our opinion is disquieting. We are not opposed to organized labor and we do not object to the workers joining a union if by so doing they feel that they can better themselves, but, in our opinion, the CIO is anything but American and we believe the workers would do well to consider the American Federation of Labor or even independent unions rather than tie themselves up with the CIO. Instead of listening to the promises of organizers, who speak English with a foreign accent, we believe the workers would do well to investigate carefully the records of the CIO and the AFL before making a definite decision. Too much of the labor strife in this country today is being caused by the CIO, based on daily reports, for it to be a good influence on any community or of benefit to the rank and file of its membership. We certainly don't want to see our Negro citizens take a step for which they may be sorry in the future.

VFW in Carolina Shows Progress

Winston-Salem, Aug. 21.—The Veterans of Foreign Wars has become North Carolina's fastest-growing organization during the past 12 months, James M. Hayes, Jr., local attorney and commander of the Department of North Carolina, VFW announced here today.

U. S. Ultimatum . . .

(Continued from Page One)
lighter plane protection for American transport planes which may have to pass near the Yugoslav border while flying the Austrian-Italian route, top diplomatic authorities reported today.

the U. S. makes no statement as to the exact location of the two planes when they were attacked.

Officials here have emphasized all along that the U. S. is not making any claim to the right to unauthorized flight over Yugoslav territory. The American case is based on the contention that the Yugoslavs had no right, however, to shoot down American aircraft that might have flown over their territory by mistake.

To this position the ultimatum added the additional point that the Yugoslavs had no right to send up fighter craft beyond Yugoslav boundaries to shoot down American aircraft properly over Austria.

Swimmers Try . . .

Wide Variety Of Services Performed For Ex-GI's In N. C.

High Point, Aug. 22.—North Carolina veterans received \$68,537 in awards or increases in awards during July in applications for benefits under claims filed with the Veterans Administration office in Winston-Salem through the Service Office of the Department of North Carolina, Veterans of Foreign Wars, State Adjutant A. C. Ingram announced today.

The Department of North Carolina maintains a full-time service staff in the Winston-Salem regional office of the Veterans Administration, headed by VFW Service Officer, D. M. Swayngin, to handle

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or chronic passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging headache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Belk-Tyler's HAS BIRTHDAY

Popular Department Store Factor In Greenville's Development

By CHESTER WALSH

Belk-Tyler's Department Store 117 East Fifth street, which was opened in Greenville August 22, 1938, today observed its eighth birthday anniversary. Claude A. Plyler, the manager, head of the modern department store, has been in charge since it was opened. He responded appreciatively today to many felicitations on the success of the store and the fine type of personnel of the clerks and other employees. Belk-Tyler Company has contributed much to the development of Greenville as an important shopping center for Eastern North Carolina, businessmen and others say.

The company now has 260 stores in several states, and 22 new stores are being opened this year. The store here employs about 50 persons, a number of those of the staff having been with the company since the store was opened here eight years ago.

Belk-Tyler's is an important retail institution in Greenville and the section. The company's policy of merchandising and dealing with the buying public here has resulted in a volume of business that equals some and surpasses that of other Belk-Tyler stores in cities of similar population. The management and the employees take an active part in community affairs and contribute much to the progress of Greenville.

Education In Safety Needed Says Cherry

Raleigh, N. C., Aug. 22.—(AP)—Safety on the streets and highways comes only after hard work, a safety meeting of the Carolina Coach Company was told by Governor Cherry last night at a banquet.

"Safety doesn't come free, and it costs money," the governor said. "It requires the three well-known E's—education, enforcement and engineering."

Governor Cherry said, in his opinion, education offered the best long-range hope, for by education a better performance of new generations of pedestrians and drivers will result.

We Need Your Help

The Salvation Army wants several white women to do light work on the tobacco market. Hours are not long, and the pay is liberal. If you are interested contact Major W. H. Stanley. Dial 2336 or 2324.

Dr. Dennis H. Cooke Speaks Farm Women

Raleigh, Aug. 22.—Improvement of soil, diversification of crops adoption of a practical live-at-home policy, and the abandonment of the one-crop system constitute the very foundation of any sound farm policy for the country women," declared Dr. Dennis H. Cooke, president of East Carolina Teachers College, in an address delivered today at N. C. State College.

Using as his subject, "The Country Woman Looks at Her Problems," Dr. Cooke told delegates to the annual meeting of the North Carolina Federation of Home Demonstration Clubs that the average farm woman "works too hard, she is relatively isolated compared with her city sister, her farm is not self-sustaining, she needs more adequate hospitals and health facilities, and her children's educational opportunities are not entirely adequate."

Dr. Cooke urged that "the State of North Carolina must recognize and accept the sound educational principle that adequate educational offerings that are provided in the larger city and consolidated schools will cost more per capita in these smaller rural schools that should not be consolidated."

Dressed-Up Meals Can Be Easy

Dressed-up meals are sometimes easier on the "cook" than meals which look simple. Such is the case of the platter shown below which can be prepared and placed in the oven to cook, leaving the last half hour before dinner relatively free.

Hamburger-Vegetable Platter... a meal-in-one

Preheat sizzling platter in a 325° F. oven, 10 to 15 min. On it arrange:

- 4 hamburger patties
- 2 1/2 to 3 cups mashed potatoes
- 4 tomato halves, each topped with 1/2 tsp. cheese crumbs, made by mixing together:
 - 2 tsp. fine dry bread crumbs
 - 1/2 tsp. CERTIFIED MARGARINE
 - 1 tsp. grated CERTIFIED AMERICAN CHEESE

Place in oven and cook 30 min. Serves 4.

If you prefer to use the broiling oven, set thermometer at 350° F. Brown one side of meat and turn before adding vegetables.

Helpfully yours,
George Rector

Pitt County
Curtis Upchurch
Vs.
Hazel Dell Upchurch

The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Pitt County by the plaintiff wherein he seeks to obtain a divorce from her on the grounds of two years' separation, and she will further take notice that she is required to be and appear before the Clerk of the Superior Court of Pitt County at his office in Greenville, North Carolina on or before the 6th day of September, 1946, or within twenty days thereafter and answer or demur to the complaint which is now on file in said office or the relief prayed for in the complaint will be granted.

This the 7th day of August, 1946.
D. T. HOUSE, JR., Clerk Superior Court.
August 8-17w-4wz.

NOTICE OF ADMINISTRATION

Having qualified as administrator of the estate of Mrs. Lizzie Brooks, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at Simpson, North Carolina, on or before the 10th day of August, 1947, or this notice will be plead in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 10th day of August, 1946.
G. S. PORTER, Administrator of the estate of Mrs. Lizzie Brooks, deceased.
August 10-17w-6wks.

N. Y. Stock Market

New York, Aug. 22—(AP)—A drop of more than 12 points in American Telephone helped unsettle the stock market today and leaders suffered one of their sharpest slumps of the year on the heaviest selling in a month. Steels, motors, rubbers, rails, utilities and numerous industrials tumbled 7 to 8 points after a moderately active opening. Selling in the second hour became so urgent that the ticker tape, for an interval, was two minutes behind actual floor trades. Dealings then slowed as support arrived and extreme declines were reduced in most cases near the close. Transfers of around 1,700,000 shares were the largest since July 23.

Sports

The St. Louis Cardinals, who have been chasing the Brooklyn Dodgers practically from the start of the season, might be occupying the top spot in the National League today were it not for former teammates now with rival clubs.

The latest ex-Card to help subdue his former teammates is St. Johnson, 38-year-old pitcher of the Boston Braves, who wore a St. Louis uniform from 1936 through 1938.

The veteran righthander turned back the Cardinals 4-3 last night under the lights at St. Louis. The defeat pushed the Cards back a game and a half to the pace-setting Dodgers who whipped the last place Pittsburgh Pirates 8-3 in the afternoon.

Johnson joins a host of other ex-Cards who have been directly responsible for St. Louis losses this season. Mort Cooper, Johnson's pitching mate, owns two triumphs over the Cards and pitchers Harry Gumpert of Cincinnati and Al Jurkisch of the Phillies have one victory apiece.

Oscar Judd, a former member of the Card organization and now with the Phils, has beaten them three times while Pittsburgh's Fritz Ostermueller has done it twice and the Phils' Ken Raffensberger once.

Among the batsmen, Walker Cooper, sold by St. Louis to the New York Giants for \$175,000 last winter, twice hammered home runs to beat his former mates, Johnny Mize and Buddy Blattner, also of the Giants, each beat the Cards this year with four-base knocks, as did Carden Gillenwater and Johnny Hopp, both now with the Braves.

Rebounding from their shutout defeat at the hands of the Pirates Tuesday night, the Dodgers landed on lefthander Ken Hefitzelman and his two successors for 11 hits, three by Dixie Walker, to defeat the cellar-dwellers.

Dave Ferriss, the Boston Red Sox sensational sophomore, hurled his 22nd mound triumph, but needed help after giving up 14 hits in five and one third innings. Staked to an 11-1 lead over the St. Louis Browns after two innings, Ferriss was banged for six more runs before being removed in the sixth and the Sox went on to win 12-9.

The New York Yankees swept a double header from the Chicago White Sox, 10-1 and 5-4, winning the second game in the 15th inning when Johnny Lindell led off with a triple and after relief pitcher Earl Caldwell waked two men purpose to load the bases, scored on pinch hitter Nick Etten's single.

The lowly Philadelphia Athletics made it two in a row over the third place Detroit Tigers when Phil Marchildon outpitched Virgil Trucks 4-1 with a neat seven-hitter.

Rookie outfielder, Del Ennis' ninth inning home run enabled the Phils to eke out a 1-0 victory over the Cubs in Chicago and Early Wynn pitched Washington to a 4-3 victory over Cleveland at the capitol last night.

Johnny Hetki pitched and batted the Cincinnati Reds to a 7-3 victory over the New York Giants. The 24-year-old rookie right-hander allowed only seven hits, and made three himself, batting in two runs.

WITHDRAWAL
Singapore, Aug. 22 (AP)—A British military spokesman said today that present plans call for the withdrawal of all British forces from the Netherlands East Indies by Nov. 30.

He estimated that British troops in the Indies now number about 20,000 men.

First Rough Sessions In Pre-Season Training

North Carolina's Tarheels today bore the bruises of their first pre-season scrimmage session as heavy work replaced the early limbering-up drills in Southern conference football training camps.

In a surprise move, Coach Carl Snavely yesterday ordered his hopefuls to "knock heads." His only comment afterwards was: As good as can be expected.

Two pre-war regulars, however, ripped off fine gains in the scrimmage. They were Billy Myers, who worked on the wing, and Hugh (Shot) Cox, back in his old tail-back position. Sharing the honors with them was Max Spellman, a newcomer from Savannah, Ga.

Whose bullet passing was just as impressive under fire as it had been in earlier workouts.

Coach Beattie Feathers promised his North Carolina State squad of 70 men a body-contact drill for Saturday afternoon. The wolfpack working in heavy gear, showed marked improvement.

Duke, however, continued to work on fundamentals, with the Blue Devil squadmen still wearing light equipment. The Wademen topped off their workout with drills in punting and extra point kicking.

The first rough work of the season was on tap for Furman's 83-man squad today, with pads and uniforms to be donned for the first time.

Heavy work also was ordered for the Richmond Spiders, as Coach Johnny Fenlon devoted particular attention to his tackle candidates. Latest arrival in the Spider camp was Leonard Fendrich, 1942 all-state guard from Pelham, N. Y.

Bobby Thomason of Leeds, Ala. did some accurate passing in Virginia Military Institute's drill yesterday, with full-speed blocking and charging under way in a session devoted to passer and punter protection. A series of long punts were gotten off by Jack Hutchinson, of Greensboro, Pa.

Three war veterans reported at William and Mary to boost the Tribe's roster to 79 men. They were George Gibbs of Danville, Va., former Duke tackle; Milton Mills, Verona, N. J., center, and William McKay, Washington, D. C., an end. Another arrival was Earl Massey letterman tackle from Hopewell, Va., leaving only two of the 27 expected lettermen missing.

Wake Forest's rugged squad also donned heavy equipment for a session in contact blocking, while the Davidson squad, in its second day of pre-season drills, launched into heavy work and donned heavy gear for two scrimmage sessions. Five freshmen were among the ball carriers working out in the scrimmages.

Strike-Out Records Falling To Kennedy

Rocky Mount, Aug. 21—(AP)—Lefty Bill Kennedy, star hurler for the Rocky Mount Rocks in the Coastal Plain league, struck out 22 batters last night in defeating Tarboro with a one-hitter, 2-0.

The strikeouts brought his season's total to 417, one short of the all time record of 418 set by Virgil Trucks in the Alabama-Florida league in 1939. Kennedy's present mark surpasses the old major league mark of 411 set by Charles Radbourne with Providence in the old National League of 1884.

Scheduled to toss three more games before the CPL season ends, Kennedy has won 25 games and lost three. Included in his wins are 13 shutouts. Early in the season he set a new league single-game strike-out record when he whiffed 24 batters in turning back Goldsboro.

Pittsburgh, Aug. 21—(AP)—Robert Murphy and his American Baseball Guild struck out for the third time as Pittsburgh Pirate players formally rejected the Guild in baseball's first collective bargaining election.

Nineteen out of 31 eligible Pirates

voted in the election conducted by the Guild. One vote, that of rookie catcher Board yesterday, but only three went to bat for Murphy, Boston-born, Harvard-educated father of

70 Proof — Berke Brothers Distillers Inc., Boston, Mass.

Sure, Dad, I'm joining the V.F.W.

"That's right, I'm joining the Veterans of Foreign Wars because it's an outfit that talks the language I understand. Its members, like me, are all men who served their country overseas."

Over 2,000,000 men are active members of the VFW today. Why?

Because, of all the veterans' organizations, the VFW has stood unswervingly for the man who risked the most so that his country could be a decent place for decent men and women; because the VFW has repeatedly fought the veterans' fight against selfish interest, reaction and those quick to forget WHO won the war.

If you served overseas you belong in the VFW!

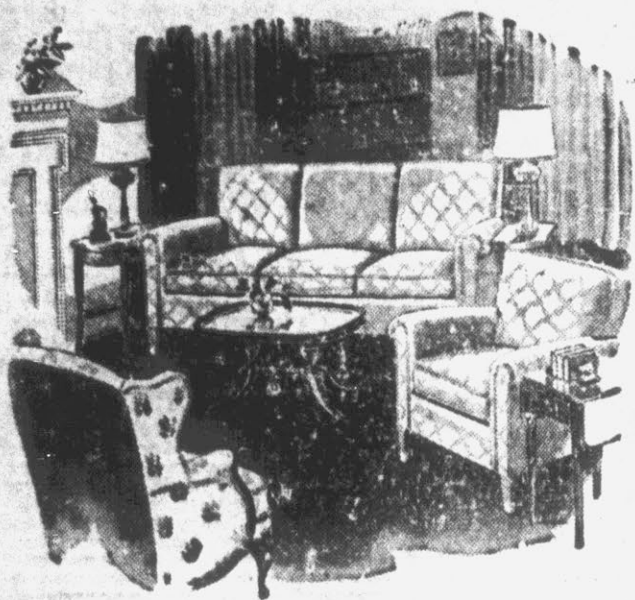

(N. C. State Department)

Greenville Police Find Farmville Car

Greenville police have recovered Farmville Police Chief Lucas' automobile, which was stolen from a parking place Tuesday. The officers found the car on "The Block," on Albemarle Avenue, and arrested Oscar Lee Joyner and charged him with larceny.
Detectives Corbett and Crawford found the car and made the arrest.

Victim Of Stabbing During 'Crap' Game

Chief Jim Tanner said today that Robert Lee Smith, 17, is at Pitt General hospital in a serious condition with a wound near the heart and Jasper Wade Garris, 22-year-old war veteran, is

being held in city jail pending outcome of Smith's condition.
Police said the two men had a difference over a nickel in a crap game on 14th street near the Norfolk Southern Railroad, and that during the argument Garris stabbed Smith. Radio car patrolmen Early and Hill investigated the case and made the arrest.

Balkans . . .

(Continued From Page One)
"These acts of violence mean that someone is seeking to cause trouble on the Albanian frontier," he added. "Once more the Balkans may become the powder keg of Europe and all this may have a nefarious effect on international relations."
"The conditions prevailing in Greece are liable to create trouble in the Balkans."
Manuilsky asked that the con-

King Cotton . . .

(Continued From Page One)
000 bales
At 35 cents, a 500-pound bale would bring farmers \$175.
Texas leads the cotton parade with a predicted harvest of 1,900,000 bales, worth \$322,500,000—at 35 cents a pound.
At this price, Arkansas and Mississippi farmers could realize more than \$200,000,000, while Georgia, Alabama and South Carolina growers would split up more than \$100,000,000 coming to each of their states.
The Agriculture Department has issued no 1946 cottonseed production estimate, but said today that if the ratio of seed to lint maintained the 1935-44 average that farmers could count on 3,781,000 tons. At \$90 a ton, the average price on July 15, that would bring in \$226,860,000.

ference "take into account the abnormal situation which still prevails in Greece."
He acknowledged the truth of Tsaldaris' charge that the Albanian parliament once voted support of Mussolini, adding "but other votes are now being prepared elsewhere which may have results as strange."

Housing Goal . . .

(Continued From Page One)
government was permitting "an orgy of building which includes honky-tonks, race tracks, and swimming pools—but not homes."
Roosevelt said he was asking President Truman to:
1. Call a special congress in November to pass the Wagner-Elender-Taft long-range housing bill, intended to cut housing costs and provide 1,200,000 dwellings a year for ten years.
2. Order the allocation of all building materials, with 90 per cent channeled directly into new houses.

Test For U. N. . . .

(Continued From Page One)
president of the Security Council Dr. Oscar Lange of Poland, to call a special session of the council.
The American delegation could ask for a hearing after the customary three-day interval or could plead urgency and demand a session at once.
Lange could disagree with the idea of emergency or with presentation of the subject itself, which, according to one authoritative source, would open the way for a council debate on procedure.
This source said the rules are somewhat vague on procedure, for the situation is unprecedented in the brief history of the council which has never been called into emergency session.
In the absence of any indication from the State Department as to how the Yugoslav issue might be submitted to the council, one authoritative source expressed the belief the American delegation would cite articles 34 and 35 under chapter VI in the U. N. charter.
These provide that any member may ask the Security Council to "investigate any dispute, or any

situation which might lead to international friction or give rise to a dispute, in order to determine whether the continuance of the dispute or situation is likely to endanger the maintenance of international peace and security."
