

Considerable cloudiness and scattered thunderstorms in the East portion tonight. Saturday partly cloudy and slightly cooler.

Peace Conferees Start On Treaty

Adopt First Paragraph Of Preamble To Italian Pact Nearly Four Weeks After Opening Session; Group Of Nations To Fight For Softer Peace Terms For Italy

Paris, Aug. 23.—(AP)—The peace conference today accomplished its first actual work on a draft peace document. Nearly four weeks after the conference opened it adopted the first paragraph of the preamble of the Italian treaty.

This paragraph names the members of the conference who will be signatories. Its option was facilitated by the withdrawal of a Yugoslav amendment which presumably intended to ask that Albania be included.

The paragraph, as accepted, names all conference members, except Norway, as signatories to the Italian treaty.

A well-informed delegate reported that a bloc of nations—including France, China, Australia and Canada—had organized to fight for a softer peace for Italy.

The new bloc is expected to state its stand formally at a meeting later today of the Italian political and territorial commission. No other peace conference agencies are scheduled to meet today.

The delegate said the nation favoring an easing of the proposed Italian peace treaty, drafted by the Big Four, would maintain that Italy should receive greater credit for aid given the Allies after the overthrow of Mussolini.

He disclosed that more than half a dozen representatives met in a secret session yesterday to draft their pro-Italian campaign, and added there was a possibility the bloc would ask for an easing of Italian reparations.

Brazil placed herself on record in favor of "a just peace" for Italy in a plenary session of the conference yesterday, and agreed Italy should be given consideration for aiding the allies in the closing days of the war in Europe.

The Australian delegate, Dr. Herbert C. Evatt, told newsmen that he favored an easing of Italy's reparations and said he had prepared amendments to the proposed treaty designed to limit reparations to the amount Italy could pay without crippling her economy.

Canada, which already has waived claims for reparations against Italy, also is expected to support an easing of Italian reparations.

Vessel Sails On Bombing Threat

Jerusalem, Aug. 23.—(AP)—The British troopship Empire Heywood put to sea today a short time after naval headquarters received a telephone warning that the vessel, carrying 600 Jewish immigrants, would be blasted shortly.

Authorities said the Heywood would remain in the Mediterranean for four days, because it was believed she would be safer at sea than in Haifa Harbor, where Wednesday swimming saboteurs blew a hole eight feet by three feet in the side of the troop ship Empire Rival. The Heywood also had been damaged in a previous explosion.

Camp conditions at Cyprus prevented the immediate landing of the illegal refugees aboard the Heywood. They are being deported under the British policy forbidding further illegal immigration to Palestine.

One destroyer accompanied the Heywood, scheduled to dock at Cyprus Aug. 27. She started for Cyprus a week ago with the refugees but was forced to return to Haifa when refugees ignited two small gelignite bombs in the hold.

Quarrels As Symptoms

Yugoslav-U. S. Incident An Indication Of Bigger Issues Yet Hidden; See Moscow As Probing To Find How Much Can Be Obtained Before An Actual Break

By J. M. ROBERTS, JR. (For Dewitt MacKenzie)

Although the safety of their nations abroad has always been a serious consideration of sovereign states, the row between the United States and Yugoslavia seems to be more a symptom of larger ills than a definitive international incident.

ECTC AWARDS DEGREES FOR 31 STUDENTS

Summer Commencement Exercises Feature Talk By New President

East Carolina Teachers College today awarded degrees to 31 students in summer commencement exercises held in Austin Auditorium and featured by the address of Dr. Dennis H. Cooke, president of the college, who declared that "character building and moral training in education produce greater yields than the financial ones."

Today's graduating class, led by Mary Alice Charlton of Raleigh, consisted of four M. A. graduates, fifteen A. B. graduates and eleven B. S. graduates, each of whom was presented with a Bible as a traditional feature of all commencement exercises of the institution.

Recipients of the A. B. degree also were granted teaching certificates. Each member of the class has been employed.

Using as his subject, "Building Character as an Investment," Dr. Cooke urged that "reverence for God, obedience to parents, respect for law, integrity of character, loyalty to your fellowman, and willingness to work hard" are necessary in adjusting the profit and loss statements and balance sheets of the public schools.

Contrasting relative values of an investment with the intrinsic educational values, Dr. Cooke said that government figures show "each year in high school returns \$8,250, and each year in college returns \$20,000 on an average."

"One-fourth of state and local taxes are being spent on schools," declared Dr. Cooke. "The question is not how we spend too much on education, but what kind of education have we bought? Taxpayers and citizens have a right to expect good dividends on this huge investment—dividends in the form of citizenship and stronger character."

The graduates: M. A. degree: Mildred Johnson Woodland; Lessie Lee Murray, Lucama; Gilbert Purucker, Kingston and Norman Earl Smith, Greenville. A. B. degree: Lela Frances Adams, Blounts Creek; Audrey Frances Banks, Elizabeth City; Doris Baum-

Atomic Workers To Vote Again

Oak Ridge, Tenn., Aug. 23.—(AP)—More than half the workers at the three main operating plants here want a union to be their collective bargaining agent but have given neither the AFL nor CIO sufficient votes to represent them.

Talubations of National Labor Relations Board elections, which ended yesterday, revealed that of the 10,831 process, production and maintenance workers voting, 4,128 favored no union, 3,622 voted for the AFL Atomic Trades and Labor Council, and 3,081 were for the CIO's Atomic Workers Organizing Committee.

Since neither the AFL nor the CIO was able to poll a plurality, runoff elections will be necessary to determine the will of the workers.

Charles M. Brooks, special NLRB representative in charge of the election, said the runoff elections would be held sometime after two weeks had elapsed, and before four weeks were past.

EXPANDS LISTS SURPLUS ITEMS FOR VETERANS

WAA Sets Aside More War Surplus Commodities To Sell To Ex GI's

Washington, Aug. 23.—(AP)—Veterans were granted exclusive rights today to buy more than a score of additional war surplus items ranging from concrete mixers to cash registers.

Officials of the War Assets Administration who disclosed this cautioned, however, that there is "nowhere near enough" of the goods in government surplus stocks to fill the demands of all veterans who want them.

Previously the "set-aside" list of commodities reserved for purchase by veterans—covered about a dozen types of goods including automobiles, trucks, tractors, plows and typewriters.

The additions cover a considerable range of office, bakery, photographic, restaurant and other equipment. Limits are set in some cases on the amount which a single purchaser can buy—ten rolls of barbed wire for each farmer-veteran, for instance, and two coffee urns for each veteran restaurant-keeper.

Where there is not enough to go around, the veteran who first obtained his purchase certificate from a WAA field office will get the goods, WAA said.

The expanded list now covers: Office equipment, photographic equipment, restaurant and bakery equipment and tool kits, bench grinders suitable for repair shops, barbed wire, fractional horsepower motors, concrete mixers.

Meanwhile the possibility arose that WAA might cancel the purchase priorities and privileges recently granted to 11 international organizations, including the United Nations.

STRIKE SLOWS PLANT'S WORK

Redrying Plant At Export Leaf Tobacco Co. Shut Down

The redrying department of the local plant of the Export Leaf Tobacco Company was shut down today as a result of a strike yesterday afternoon of between 10 and 20 Negro men who worked at the rear of the machines. There was no disorder in or about the plant and the company continued today to make purchases on the tobacco market and to receive and handle leaf tobacco.

When the walkout occurred it was in the middle of the day. Workers from other departments were moved to the rear ends of the machines, and the management had hoped that this shift in labor would make it possible to operate the machines today.

This morning, however, it was found that the shifted workers, although loyal to the company, preferred not to become entangled in the machine room dispute and asked to be returned to their regular positions in the factory. The request was immediately granted and the machine room closed down pending the procuring of additional workers.

L. T. Shotwell, local branch manager, stated yesterday that he believed the strike was unorganized and was brought about by two or three instigators who had made requests for wage increases amounting to about 10 per cent.

Police Chief James E. Tanner stated at noon today that a check of the tobacco factory section showed no unusual loitering and that other than the customary patrol, there was no police activity in the tobacco section of the city.

Draft Boards To Defer Some Men

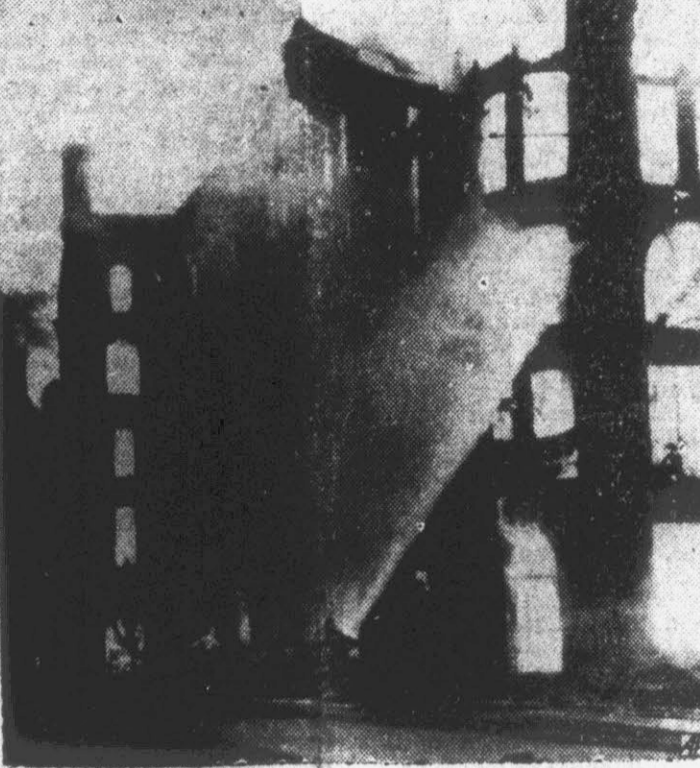

Washington, Aug. 2.—(AP)—Word went out from selective service headquarters today permitting local boards to defer home builders, college professors and executives in critical transportation or production fields.

Headquarters previously had said that beginning September 1—end of the July and August draft holiday ordered by congress—it would have to induct virtually all able-bodied men of the 19 to 29 year bracket to keep the armed forces at required strength.

The changes, last night's announcement said, were made on recommendation of John Steelman, director of war mobilization and reconversion.

Men in the new deferment classes must obtain certificates from the interested federal agencies: Teachers from the Office of Education, builders from the National Housing Agency, transportation or production executives from the Civilian Production Administration.

Building Topples Into Street

Firemen, silhouetted against the flames, watch a cornice on the Massey-Harris office and warehouse building in Omaha, Neb., topple toward the street as they fight the flames which destroyed 25 carloads of farm machinery and four carloads of tractors in the five-story building. It is not known if anyone was hurt when the masonry fell into the street. (AP Wirephoto).

Strike Notices

CHICAGO, Aug. 23.—(AP)—Ralph Helstein, president of the CIO United Packinghouse Workers of America, said today that 30-day strike notices have been filed by the union against the Swift, Armour, Wilson and Cudahy packing companies. "We are still hopeful that a satisfactory disposition of our differences can be arrived at and that a strike can be avoided," Helstein said, adding that a "full round of negotiations with each of the big four packers now has been completed and that no progress can be reported at this time."

KAI-SHEK HAS NEW PROPOSAL

Endorses U. S. Trusteeship Of Disputed China Areas

Nanking, Aug. 23.—(AP)—Generalissimo Chiang Kai-shek reportedly approved today a last chance compromise plan to put all disputed areas in China under full American trusteeship pending a final settlement with the Communists.

Sources which in the past have proved reliable said the plan had been advanced by Chinese government quarters, but a Communist spokesman said it had yet to be handed to his group.

The spokesman gave as his personal view that the Communist command would hesitate to accept on the ground the government may decide all Communist-occupied areas were disputed.

The government source said, however, that the trusteeship proposal would extend only to areas now held by the Communists.

Leaf Prices Decline On Eastern Markets

Wilson, Aug. 23.—(AP)—Markets of the eastern North Carolina five-cured tobacco belt yesterday noted price declines ranging from 1¢ to 4¢ per hundred.

The federal-state marketing news service at Raleigh reported no material change in quality of offerings, except for slight increases in the proportion of fine and choice lugs.

Almost all lower grades of leaf lugs and primings were among the heaviest losers, while many medium to better quality offerings were unchanged or showed declines of from 1¢ to 2¢.

Drainage Research For Reclaiming Wet Lands

Washington, Aug. 23.—(AP)—The Reclamation Bureau repeatedly has urged a program for draining of wetlands in the South to fit them for farming. William E. Warne, assistant reclamation commissioner said today.

Commenting on a statement by Lewis A. Jones, drainage research chief for the Soil Conservation Service, that federal aid in drainage work would greatly speed development of Southern states, Warne told a reporter that the Reclamation Bureau lacks authority to participate in such an undertaking.

But the bureau would be very willing to launch feasible drainage projects, he said. Jones, in an interview, asserted that wet Southern lands could be reclaimed for farming at much less cost than is required to bring water to arid western areas.

Tension Over Yugoslavia Eases After Near Crisis

TURK CAPTAIN IS STILL HELD BY YUGOSLAVS

Yugoslav Official Says Role In Flight Was "Not Accidental"

Paris, Aug. 23.—(AP)—An official spokesman said today the Turkish officer-passenger of the U. S. transport shot down August 9 was being held because his flight over Yugoslavia was not accidental.

This coincided with a six-word dispatch from Belgrade to the French press agency saying that Marshal Tito had decided to reject the United States ultimatum. While some terms of the ultimatum already had been met, Secretary of State Byrnes said the Yugoslav affair was a pending matter. He edited all official U. S. comment would come from Washington.

Sava Kosanovic, the Yugoslav ambassador to the United States and a member of his country's delegation here said in a statement: "As has been announced 24 hours before the American note was given to Yugoslavia the passengers and members of the U. S. transport have been released, with the exception of a Turkish officer, whose flight over Yugoslavia—as the investigation has shown—was not accidental."

The Turk, said by the pilot of the plane to be a captain but otherwise unidentified, previously had been reported by the Yugoslavs to be in a hospital at Ljubljana. He was seriously wounded when the plane was shot down.

Kosanovic's reference to release of the other nine crewmen and passengers of the plane "24 hours before the American note was given" was not clear.

BUDGET ISSUE SPLITS DEMOS

Party Leaders Oppose Truman's Slashing Expenditures

Washington, Aug. 23.—(AP)—President Truman, who already has crossed verbal swords with Republicans over his budget revision, today faced a major row with some of his own party leaders over the same issue.

The Democrats are aroused by a \$300,000,000 slash they contend he ordered in expenditures for flood control and rivers and harbors projects for the fiscal years 1947 and 1948.

Four key party members in congress issued a statement terming the presidential action "without either constitutional or statutory authority x x x and in defiance of the will of congress."

They described it further as "an assumption of unwarranted and drastic power" and issued a call for a national protest meeting in New Orleans September 20.

The four are: Senate President M. Kellar (D-Tenn.); acting chairman Overton (D-La.) of the Senate Commerce Committee; chairman Mansfield (D-Tex.) of the House Rivers and Harbors Committee; and chairman Whittington (D-Miss.) of the House Flood Control Committee.

Overton, who made public the statement by the four, told a reporter that "the nation is aroused" by the cutback and said "we are receiving protests from all over the country."

The aroused Democrats invited Republican members of their committees to join them in the protest meeting.

Several Republicans have taken issue with Mr. Truman since he announced his revision of the budget earlier this month in an effort to bring it into balance either this fiscal year or next.

Geologists Warn Of Iraq Volcano Action

Baghdad, Iraq, Aug. 23.—(AP)—Oil company geologists, predicting a huge eruption from a long-dormant volcano near the Iraq frontier as a result of recent earthquakes, recommended today the evacuation of all residents living within 75 miles of the crater.

Yugoslav Government Promises To Give Satisfaction; Tito Orders Army Not To Fire Again On Foreign Planes; Hopes Fade For Safety Of Five Americans Shot Down Last Monday; Issue Not Yet Closed

PARIS, Aug. 23.—(AP)—The official Yugoslav press agency Tanjug said today that marshal Tito had decided to reject the American ultimatum.

The Tanjug dispatch appeared in four Paris newspaper today, but the U. S. embassy in Belgrade said over the telephone tonight that the dispatch had not appeared in Belgrade, where the press has played down the story of the difficulties between Yugoslavia and the United States.

The embassy in Belgrade declined to comment on the report pending receipt of advices from Ambassador Richard C. Patterson, who met with Tito yesterday. "We are waiting for a message from the ambassador right now," a member of the Belgrade embassy staff said.

DOWNED PILOT TELLS STORY OF 'INCIDENT'

Bad Weather Put Him Off Course; Yugoslav Signals Not Understood

Gorizia, Italy, Aug. 23.—(AP)—The pilot of the U. S. army transport plane forced down in Yugoslavia two weeks ago said today he failed to understand the signals of two Yugoslav fighter planes which later forced him down with gunfire.

"The fighter planes flew around us a couple of times," said Capt. William Crombie of East Longmeadow, Mass. "One rocked its wings. I was told after I landed that that was the international signal to land but in the American and British air forces that means assembly."

"I did not know what they meant. They kept diving at us and pulling away."

Crombie was set free yesterday with three crewmen and two military and three civilian passengers after an angry American ultimatum was issued to Yugoslavia.

"The weather was bad the day we took off," Crombie said in an interview. "We were supposed to take off at 6:30 a. m. but we were held up until 8:30. There was a good hole in the clouds above the field then."

He said he was supposed to fly in a ten-mile corridor from Vienna to a lake, thence to Graz, to Klagenfurt, to Travisio and Udine.

"I flew contact as far as the lake and then I started to climb to get above the clouds," he said. "At 15,000 feet I was over some of the weather. It closed in and I went on instruments, although there were occasional breaks in the clouds. I would have gone back, but it was getting worse behind."

He said he recognized the Austrian city of Klagenfurt and set his course slightly north of west. He had his radio operator ask the Udine airport for a bearing. He was "deferred," because the airport was working another plane. So he flew west for 15 minutes until he thought he was north of Udine.

"The clouds broke a little and I was over the lake."

UN Reports Loss Of Yugoslav Complaint

Lake Success, N. Y., Aug. 23.—(AP)—The United Nations admitted today that it couldn't find the much-publicized note from the government of Yugoslavia asking for an investigation of shipping on the Danube, though the records show the note was received Aug. 13.

It's all because of the moving mixup the U. N. people say. The letter was put in the Economic and Social Council files, the last ones to be moved here from the old Hunter College headquarters in the Bronx. Some of these files still are in transit and some are stacked up unsorted.

To complicate matters, most of the personnel working on the council affairs are on vacation preparatory to the next session Sept. 11 and no one here could recall what the note said or where it was filed.

Small Businessmen Experts In The Commerce Department's Special Bureau Can Help Businessmen In Many Ways, Such As Information On Loans And Tax Problems

By JAMES MARLOW

The small business office won't make any loans to him. That isn't its job. But it will tell him, if its experts think he's dependable, where he can apply for the kind of loan he wants. Because it is setting out to give more and more of this kind of help, the small business office's staff will have contacts with banks and lending companies all over the country. Suppose you're having trouble with your taxes. By getting in touch with the Small Business Office here you may be able to get advice on how you legitimately can save money on your taxes. Or the office may be able to help you unsmile some tax redtape if you've become tangled in it. But over and beyond all this, the Small Business Office is making a survey, and will continue to make such studies, on tax and loan problems of small businessmen. (Continued on page six)

# Social and Personal

Mrs. George Clapp, Sr. is in Pitt General hospital with a back injury.

Harvey Deal, who has been attending Peabody College in Nashville, Tenn., has returned to his home in Greenville.

Mr. and Mrs. W. H. Tolson and daughters Caroline and Ellen Brown, of Midland, Mich., are visiting relatives here.

Mrs. Carl McInturf of Washington, D. C., was an overnight guest at the home of Mr. and Mrs. J. W. Lyndall.

Mr. Phillip Carter of Milbury Mass., has arrived to attend the Dodge-Tucker wedding.

Miss Frances Hogood is spending several days in Laurinburg.

## Social Calendar

**FRIDAY**  
4:30 p. m.—Mr. and Mrs. L. B. Tucker will entertain at a reception honoring the Dolge-Tucker wedding party.  
6:50 p. m. Kiwanis Club.

**Presbyterian Announcements**  
At the First Church Sunday Rev. Robert S. Boyd, pastor, will speak on the subject, "The Sacred Task of Home Building." Text Ex. 11:9.  
Church school will meet at 9:45 a. m., and we invite all former pupils and teachers to be present. The Men's Bible Class will meet at 10 a. m. Judge James will teach the class.

At Twin Oaks Chapel Sunday school will be held at 3 p. m. and Dr. Boyd will preach at 4 p. m. following the study period. All people in the community not attending elsewhere are urged to attend this school. Let us get back after the summer slump to our regular attendance of 60 or more as soon as possible. Miss Sara Little who visited us at Twin Oaks recently writes a most encouraging letter as to her impressions of the work and thinks we are going fine. We hope to have another visit from her in October and we want to sustain her good opinion of the work.

**Christian Church Announcements**  
At the morning service in the Eighth Street Christian Church the pastor who has been on an extended vacation will preach using as his text Luke 12:21. "So is he that layeth up for himself treasure, and is not rich toward God." The subject of that message will be "Avoiding the Way of the Fool."  
Journeying through 10 states within the last month it has been wonderful to see the bountiful crops of this nation. Surely this is the richest of all the nations for here God has poured out his blessings in abundance. But the most subtle of all the temptations is to use this rich abundance for the glory of our own selfishness. America stands upon the verge of prostituting to its own selfish pleasures the great good things designed by God to be used for the welfare of men and to the glory of God.

Miss Nancy Hannah will sing at the 11 o'clock service Sunday morning the appropriate solo, "The Worship of God in Nature."

**Rev. Spivey Guest Preacher**  
Rev. B. Lowell Spivey of Charlotte will be the guest preacher at Emmanuel Baptist Church on Sunday morning. Mr. Spivey is a general missionary of the Baptist State Mission Board.

He has provided a rich and varied program in this phase of Baptist work and rendered untiring service in all departments of the state mission work.

The members of the church are urged to be present at the morning worship service. A cordial invitation is extended to the general public to hear Mr. Spivey.

## Our Farm Folks

Three thousand farm men and women from all parts of North Carolina are attending Farm and Home Week at State College, Raleigh, this week. Among the large number attending are 37 Pitt county delegates who are:

Mrs. George Cherry, Mrs. C. J. Satterthwaite, Mrs. H. C. Simmons of the Pactolus Home Demonstration Club; Mrs. R. M. Manning, Mrs.

## Forty Years Ago Today

THE DAILY REFLECTOR August 23, 1906

Thursday afternoon the third team of Greenville crossed bats with the first team of Ayden on the latter's ground.

The game, which was a snappy one from start to finish, resulted in a score of 5 to 5. With two men down in the last half of the seventh inning, the umpire declared the third out and changed his decision. As it was a seven inning game and the umpire's first decision ended it, Greenville retired from the field.

The features of the game were the heavy hitting of the Greenville boys, they making 13 hits. The pitching of Guy Lanier, who fanned 15 men and allowed only two hits and a three-bagger by McLawhorn for Ayden.

A. L. Morris and Mrs. J. C. Parker of the Belvoir H. D. Club; Mrs. James Allen, Mrs. H. R. Allen and Mrs. Amos Evans of the Red Oak club; Mrs. Sackey Gurganus and Mrs. Lydia Barnhill of the Stokes club; Mrs. J. R. Moore, of the St. John club; Mrs. W. S. Brown, Mrs. Roy Worthington; Mrs. Howard Barnhill, Mrs. J. E. Whichard and Mrs. J. L. Barnhill and Mrs. D. N. Nobles of the Sweet Gum Grove club and Mr. D. N. Nobles; Mrs. Oscar Hardee of Red Banks; Mr. and Mrs. W. R. Bullock of Bethel; Mr. and Mrs. Alton Sugg of Cannon; Mr. and Mrs. J. R. Gowans of Langs; Mr. and Mrs. Brantley Speight, Mr. and Mrs. Oscar Speight, Mrs. Obed Castelleo and Mrs. Alfred Fletcher of Renston-Nobles; Mr. and Mrs. Clifton L. Jones of Ballard; Mr. and Mrs. Mark H. Smith of Bell Arthur; Misses Verna Belle Lowery and Lillian B. Hines, assistant Home Demonstration agents of Pitt county.

Thursday, August 22, is known as Federation Day at Farm and Home Week and the following delegates are attending Federation Day program: Mrs. J. Brooks Tucker of Red Banks, Mrs. J. E. Wilkerson of Bell Arthur, Miss Verona Lee Joyner, Home Demonstration agent, Mr. S. C. Winchester, county agent, and

## Women IN THE CHURCH by Mary Fowler

Mrs. Harper Sibley, president of the United Council of Church Women, announces that during this summer women in churches across the land are making and assembling 500,000 "kiddy kits" which on November 1—World Community Day—will be brought to church altars and dedicated to the service of the world's needy children. Each "kit" will contain an outfit for a child from one to four years of age; dresses or suits, sleeping garments, coats, slippers, mittens, scarfs, etc.

For the past five years, the Monterey Peninsula (California) Council of Church Women has been a staunch advocate of justice to the Japanese Americans who were living in communities there when the war developed through the years when the organizations of Japanese American women were members of the Council. The white women furnished them with reading matter, clothing for children, letters, etc., when the families were evacuated from the Monterey Bay region, first into temporary camps and then into Arizona. More recently the American church women have run "advertisements" in the local papers, setting forth the principles of American and Christian tolerance, goodwill and fair treatment to these people—and counteracting to a large degree the campaign of interests that would bar their return to their homes and properties.

Urging American women to do some Christian service for the thousands of agricultural migrants, their wives and children, who move into the farm states during the summer and fall season, Miss Edith E. Lowry, of the Home Missions Council of North America, says: "At this season, thousands are moving from the South into the crop areas of the North. Native families with little children, single men and wo-

men, and imported workers from Mexico and the West Indies make up the groups. In some states, public agencies are helping with housing, health services and working conditions. Church women can help encourage these efforts, and they can assist in providing trained leaders and in developing in state and local community an appreciation and understanding of these workers who are essential to agriculture."

## Truman To Try Hand At Deep Sea Fishing

Hamilton, Bermuda, Aug. 23—(AP)—President Truman decided today to make one of his rare fishing trips to round out his Bermuda vacation.

Press Secretary Charles G. Ross told reporters arrangements were being made to take off from the presidential yacht Williamsburg in small boats for a nearby spot.

It will be the president's first attempt at fishing since his Puget Sound experience last June when he caught nothing. He is not a particularly ardent angler.

George E. Allen, RFC director and apparent promoter of the outing said Mr. Truman's line would be baited for red snapper. Local sportsmen say the nearby waters

also abound in wahoo, sharks, rockfish, bonito and barracuda.

## BLS Cites Big Jump In 1946 Food Prices

Washington, Aug. 23—(AP)—Mid-July food prices in 17 cities were 80 per cent higher than in August, 1939, the Bureau of Labor Statistics reported today.

BLS said the lowest rate of increase for the seven-year period in the 51 cities in which it gathers such statistics was Houston, Tex., with a 64 per cent hike. The highest was Memphis, Tenn., with 94.6 per cent.

The increase for New York was 78.3, Washington 75.1, Baltimore 80 and Little Rock 89.5.

BLS gave these other figures of percentage increases of retail food prices by cities between August 1939 and mid-July 1946:

Between 70 and 80 per cent—Charleston, S. C.

## LaGuardia Visiting Districts In Poland

Warsaw, Aug. 23—(AP)—A denial by Gen. Joseph T. McNarney of UNRRA Director General F. H. LaGuardia's assertion that American military authorities had obstructed

UNRRA work brought this reply from La Guardia:

"I accept his plea of not guilty. But don't do it again."

The former New York mayor talked cheerfully to reporters at a news conference here last night, and then left by train to visit the lower Silesia industrial district.

Asked about reports that he might run for the United States Senate from New York State, La Guardia said: "I'm out of politics—until I decide to get in again."

## Arrest Man Charge Possession Booze

Pitt County ABC Officers J. M. Ward and J. L. Taylor and Deputy Sheriff Lloyd Manning arrested Plymouth (Pocum) Clark of the Clay Root section Thursday night and charged him with possession of six one-half gallon jars of bootleg whiskey. Clark posted \$200 cash bond for his appearance in County Court on September 3.

Lignite is a dark brown coal with low carbon and high oxygen content.

**NOTICE OF ADMINISTRATION**  
Having this day qualified as administrator of the estate of H. H. Laughinghouse, this is to notify all

persons having claims against the estate to file them with the undersigned within twelve months from this date or this notice will be plead in bar of recovery. All persons indebted to the estate will please make immediate settlement. This the 6th day of August, 1946.

**A Naval Affair**  
Miami, Fla., Aug 23—(AP)—Police desk sergeant didn't believe it when a woman reported an automobile had collided with a submarine here.

Pollman D. D. Carver investigated. He reported a car had jumped a retaining wall and crashed into a World War I submarine moored in the Miami River.

# Take 13-9 Win Over Locals

holding the lead for seven in the eighth when Rocky leftfielder, Herb May out a homer with bases to start a nine run break- to give the Rocks a 13-9 r Greenville.

Ranweller, Alamo and Ball had their turns on the but to no avail. In the final the Greenies went to bat in and their hitting drove Judger from the mound. The -action outburst was halted ree runs had been brought

## Strength FOR THE DAY

By EARL L. DOUGLAS

### HOW MANY GODS DO YOU WORSHIP?

Everyone has a religion. The word "religion" is derived from a Latin word which means "to bind." Whatever we cling to, that is our religion.

The late, lamented paperhanger of Berlin had a religion, let us never think otherwise. There was something in life to which he was bound, namely, love of power; and that particular thing was his religion. The thief has a religion, and so has the murderer and the adulterer. Most serious of all, however, is the fact that some people have two religions—the one they confess and the one to which, either consciously or unconsciously, they give their allegiance.

Many a man thinks he is a Christian, while all the time he worships with fanatical fervor at the shrine of some idol—money, success, ambition, selfishness. Many a person has a Sunday God for whom he dresses up in his best clothes, to whom he sings praises, to whose enterprises he contributes money. Then he has an everyday god to whom he pays the utmost respect from Monday morning through Saturday. It is bad to be an atheist—that is, to have no God whom one acknowledges in a spiritual sense, but it is vastly worse to have two gods; one for Sunday adoration and the other for weekday use.

Idolatry remains problem number one in all sound religion. It was not abolished when men ground their images to powder or cast them into the fire. It lingers today in the disposition of modern man to have a God he outwardly worships and another deity he inwardly serves.

## WASHINGTON LETTER

### HE BLUSHES ALL COLORS

By JANE EADS  
Washington—One of the capital's most unassuming residents is Basil. He never talks. He just basks in the sun all day. Sometimes he turns green, but it is never with envy.

Basil is the pet chameleon of Mme. Alexis de Aminoff, wife of the counselor of the Swedish Legation. He is a stellar attraction at the Aminoff residence. Guests are always very formally introduced to him.

He is called Basil, Mme. Aminoff says, because she can't remember his real name. Mme. Aminoff confides to friends she has stopped wearing Basil as a lapel ornament. It was too tiring for him changing color all the time with every different costume she wore. It was especially confusing when his mistress wore a full-colored print.

The counselor and Mme. Aminoff kill flies for Basil to eat.

The National Capital Canary Club held its annual baby canary carnival this year at Eagle Tent Hall and came forth with something new in fine feathers—a reddish-orange-colored canary which local fanciers call the "Red Factor."

Canary raisers say the goal of top breeders is to get birds of a delicate crimson shade. They say the "Red Factor" is a cross between the old-fashioned yellow canary and a South American bird known as the black-headed Red Siskin.

It's all done by "judicious breeding," the breeders say.

A coffee klatch in a town like Washington, where champagne flows like water, is a real novelty... but it drew a pretty good crowd to the Carlton the other day. It was all on Empress Haile Selassie, who is trying to break into the world market with his mocha.

The coffee was brought from Ethiopia to Washington by Brig. Gen. Thomas B. Wilson, an airline executive who visited the emperor on an 80,000-mile round-the-world trip early this year.

White cartoons of the coffee were given guests at the party. Handwritten across the top was "Haile

R. R. MAN AGAIN VOICES HIS THANKS TO RETONGA He Still Feels As Fine As He Did Months Ago, Says Retired Southern Conductor, Retonga The Only Medicine That Gave Him Relief, He States

Declaring that he still feels as fine as he did months ago when he publicly told of finding relief from suffering through Retonga, Mr. H. G. Landers, retired Southern Railroad conductor, again voices high praise of this famous medicine.

"I can truly feel for anyone who must give up his favorite foods and is afraid to eat almost anything because of acid indigestion," said Mr. Landers. "Stomach gas sometimes pressed up against my chest until I could hardly breathe. I got little sleep and mornings I felt as tired as though I had done a hard day's work."

"Retonga is the only medicine that gave me satisfactory relief. I soon regained my appetite and again enjoy food. Acid indigestion and restlessness are relieved and I feel much better and stronger. I told last January how Retonga relieved my distress and I still feel as fine now as I did then. Anyone suffering as I did should give Retonga a trial."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Bissette's Drug Store—Adv.

### Smallest Limit Allowed Hunters

Chicago, Aug. 23—(AP)—When dawn breaks over the sloughs, marshes and passes on the opening day of waterfowl season, Oct. 5 hunters will be brought face to face with the smallest daily bag limit in history.

Regulations governing the 1946 season prescribe that the daily bag may not be more than seven ducks with the possession limit twice the daily limit, or 14, in a 45-day season in all zones.

The reduction of the bag limit from ten daily and 20 in possession is for protection of the duck population, which has declined to a dangerously low level, Albert Day, Interior Department Director of Fish and Wildlife, said today.

"This season, with things back somewhere near normal we expect to find over two million hunters recorded—that is, 65 per cent more than were recorded in the 1937 low spot, and 300,000 more than last season. As the duck count is going downward, the number of gunners is swinging upward," Day added.

### PARTICULARLY IMPORTANT

among the things that have become more precious to you in the past few years is your home.

You doubtless realize that it is worth more than before the war—probably more than even a year ago. But have you increased your fire insurance protection to present day values?

From the standpoint of premium cost, the difference between carrying too little insurance and insurance to value amounts to very few dollars. But from the standpoint of possible loss if your property is destroyed by fire, the difference may mean thousands of dollars.

Don't wait until your present policy expires to take out the additional protection you need. A telephone call to this agency will bring prompt service.

### Terminal Pay . . .

(Continued From Page One) habilitation leave authorized by medical officer, as well as "Pass," "Liberty" or period of temporary duty are not chargeable as leave or furlough.

Servicemen will be allowed 2-1-2 days per month leave, but not to exceed 120 days, and will be settled for on base-pay plus longevity, with subsistence of 70 cents per day. The first three pay grades with dependents at time of last separation will be entitled to an additional allowance for quarters of \$1.25 per day.

In medieval Italian comedy the plot was written out but the dialogue was improvised by the actors. This art form was called "commedia dell'arte."

### Tark Captain . . .

(Continued From Page One) on Yugoslavia" was the first indication that the Yugoslav government contends it did not receive the State Department ultimatum until today.

Kosonovic charged that "recent event" in which American aircraft over Yugoslavia territory were involved—30 miles inside Yugoslavia—are a result of the tense atmosphere which is being deliberately maintained from some quarters, in order to make it possible for an explosion to occur.

Kosonovic referred to press remarks which said the attacks on U. S. planes were not accidental or the result of nervousness of individual Yugoslav pilots, but were carried out to test American reaction.

"I surely know my own people well, and I have a sufficient knowledge of the Americans, to be able to affirm that such conclusions are a basic misinterpretation of the facts and cannot possibly contribute to ascertaining the truth."

### Expands Lists . . .

(Continued From Page One) ed Nations and the United Nations Relief and Rehabilitation Administration.

WAA Administrator Robert M. Littlejohn, it was learned, has ordered his top staff members to consult with the state, commerce and other interested departments and prepare reports promptly on the advisability of rescinding these priorities.

Littlejohn expects to reach a decision by the middle of next week.

### ECTC Awards . . .

B. S. degree: Katherine Burnett Wilmington; John Charlton, Berrackville, W. Va.; Rita Dell Dawson, Dunn; Ellen Fay Jessup, Tyner; Wilma Kearney, Snow Hill; Ethna Powell, Denton; Spencer Rubin Trenton, N. J.; Mary Frances Smith, Jane Tucker, and James L. Whitfield, Greenville, and Mary Virginia Windley, Henderson.

### Peace Conferees . . .

(Continued From Page One) Italy, was reported lining up with the Australian "equality of pay" attitude.

The treaty draft approved by the Big Four foreign ministers proposes reparations of \$100,000,000 for Russia, and leaves up to the peace conference the matter of making recommendations on claims put forward by France, Yugoslavia, Greece, Albania, Ethiopia, Egypt and other powers.

A recess today of the general conference, after two days of plenary sessions, will allow the secretariat time to digest more than 250 amendments which have been submitted to the various treaties.

### Tension Eases . . .

(Continued From Page One) peated."

"The Aug. 19 incident was the shooting down of a second Ameri-

can plane. The fate of its five occupants still is in doubt.

A report from American embassy officials in Yugoslavia that the Yugoslav government has promised to give satisfaction.

The fact that much remains for the Balkan nation to answer to was made abundantly clear in the ultimatum itself. That document—in demanding the release of the occupants of the two planes still alive—added:

"If within 48 hours from the receipt of this note by the Yugoslav government, these demands are not complied with, the U. S. government will determine its course in the light of the evidence then secured and the efforts of the Yugoslav government to right the wrong done."

Hopes for the safety of five American flyers shot down by Yugoslav fighters last Monday faded today with a State Department report that the Yugoslav fourth army had expressed doubt any of them had parachuted to safety.

The message concerning the missing five came from Harold Shantz Charge D'Affaires at Belgrade. It read:

"Hohenhalt (Theodore Hohenhalt consul at Zagreb), phoned at 1:30 p. m. that the crew and passengers of the plane downed Aug. 9, have been given liberty and the Yugoslav fourth army offered motor transport to the Morgan line.

"The fourth army said they are doubtful whether any of the crew parachuted out. They think the crew may have thrown objects overboard which peasants mistook for parachutes."

### Businessmen . . .

(Continued From Page One) The purpose of this survey is, in time, to make recommendations to Congress on lending and tax policies which will help small businessmen.

In addition to this kind of help, the Small Business Office has taken over an activity which has been going outside the Commerce Department for about three years.

This is called the Area Development Division of the Small Business Office.

Right now the division has only a small staff here, although by the end of the year it expects to have three men in each of the Commerce Department's eight regional offices.

The division's job is to work with state planning bodies, or with cities or counties which are looking for information on how to start up new industries or businesses.

The Area Development Division's work goes like this:

Here's a city where the citizens think they'd like to have a new business if there is anything in their area that would attract a new business or make it profitable.

The division's men will show how a survey of the area can be made—to find what attractions and resources and markets it has for a new business—and what kind of plant profitably could do business.

### FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night". A carefully blended combination of 16 herbs, roots, vegetables, balsams; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many people say have a marvelous effect.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to: Department A, Kilmer & Co., Inc., Box 1285, Stamford, Conn. Offer limited. Sent at once. All druggists sell Swamp Root.

mean also a fear of being spied upon. Be that as it may, there is also no question that a subtle propaganda is being carried on in Europe which is spreading fear of all American airplanes.

America has the atomic bomb, so the story goes, and no one can tell when she may decide to use it; the next war may start through a few innocent-looking planes. There are, according to the new Yugoslav textbooks, two great countries in the world, Yugoslavia and Russia, plus a fearful group of "foreign" nations.

Fear—fear and distrust—are the daily diet in the eastern European sphere. That such a diet always will lead to incidents such as those which now have occurred is axiomatic.

The spectacle of Yugoslavs cheering in the streets as their planes shoot down their allies, who have done so much for them, certainly emphasizes the state of the world. But it is more important that the incidents have become transmission lines for far higher voltages generated elsewhere.
