

BLACK MARKET OF TEXTILES UNDER PROBE

Three Hundred Corporations And Individuals Under Investigation

Washington, Sept. 12—(AP)—Government agents are investigating 300 corporations and individuals who are suspected of black market operations in textiles, the Justice Department disclosed today.

"They have contributed materially to the present shortage of some clothing," he added. "For example, shirts, pajamas and women's dresses are included in the illegal deals."

Asked where the investigation is centered, the official said "it is countrywide—from Boston to Mississippi and from New York to the west coast."

"Hundreds of complaints have been received, many of them anonymous. These have been narrowed down to 300 which we now are investigating."

The official said the agents are looking principally into these reported practices:

- 1. Diversion into the black market of cotton textiles at prices above OPA ceilings.
2. Frauds in connection with priorities. That is, obtaining textiles by representing that they are to be used in the manufacture of certain items and using them for other items.

The investigation is being made by the Justice Department in conjunction with the treasury, OPA and Civilian Production Administration.

A by-product of the probe is the uncovering of tax dodgers.

The official said "the black market man and the income tax dodger often are the same person. Many times individuals and firms guilty of black market dealings hold back taxes to cover up. When evidence of tax evasion turns up, treasury agents pursue the tax angle independent of the black market angle."

Twenty-five individuals and corporations already have been indicted for black market textile operations by the special grand jury which has been in session in New York City since Dec. 12, 1945. It was impeached at the direction of Attorney General Tom Clark to consider evidence uncovered by the government drive to smash the textile black market.

Seventeen of the indictments allege that 7,000,000 yards of textiles were diverted into the black market at prices up to 300 percent in excess of the OPA ceiling. The purchasers it was estimated, paid about \$3,500,000 over the ceiling, which ultimately came out of consumers' pockets.

Six individuals of corporations have been convicted with fines or Continued on Page Four

Says Troops On Grecian Border

New York, Sept. 12—(AP)—The New York Times reported from Rome today that Albania had been steadily concentrating large forces, including two Russian infantry regiments, on the Greek border for the past weeks.

The Times correspondent quoting "very good authority," reported: "Albanian troops were being aided by Russian military advisers and strengthened with Russian materiel, including fighter planes, a small number of medium tanks, mortars, machine guns and ammunition."

Reporting Russian field batteries were arriving in Triana from Belgrade for service on the strategic island of Saseno, in the Bay of Valona, the dispatch said.

"The Albanian government is believed to have ceded Saseno secretly to Russia."

The island is near the mouth of the Adriatic Sea—an extension of the Mediterranean.

Our Stake In Greece

U. S. Sees Second Notice Of Interests In Eastern Mediterranean Outside Pressure On Greece, With Civil War Threat, Involves Big Powers

By GLENN BABE (For DeWitt MacKenzie)

For the second time in less than a month the United States has served emphatic notice of her intention to have a hand in shaping the post-war settlement in the eastern Mediterranean. The proposal tossed into the Paris Peace Conference yesterday (Wed.) by Ambassador Caffery for demilitarization of Bulgaria's southern border is another expression of the policy which dictated last month's notice to Moscow that Washington backed Turkey's reaction of Russian demands for domination of the Dardanelles.

The Caffery proposal is hardly less significant than the Dardanelles note. Both in effect state American opposition to the Soviet campaign of expansion in the Middle East. Together they constitute vigorous affirmation of a deter-

Dark Report On Occupation Task

Mead Board Considers Inquiry Of Military Government In Germany; Irregularities Charged; Probers Agreed On Postponing Testimony By Representative May

Washington, Sept. 12—(AP)—A sweeping inquiry into operations of this country's military government in Germany reportedly is under consideration by the Senate War Investigating Committee.

A member disclosed privately today that the committee received testimony in a recent closed door session regarding alleged irregularities among occupation troops, particularly with respect to fraternization.

An unidentified witness questioned about conditions in the American zone was said to have compared them unfavorably with the German occupation of France during the war.

This testimony, as yet uncorroborated by any others acquainted with the situation, was regarded as only preliminary information, and other members said additional facts will be sought before any decision is made on undertaking the inquiry.

This may come at a meeting later this month when Senator James M. Mead plans to step down as chairman to campaign actively as the Democratic nominee for governor of New York.

Senator Kilgore (WVa) is slated to be named to the chairmanship. His attitude toward undertaking any new investigations now may influence the decision. Kilgore is seeking reelection in a West Virginia contest that promises to be close.

Meanwhile, Senator Brewster (R-Me) approved Mead's decision yesterday sidetracking the proposal of Continued on Page Four

MIGRATION OF U. S. PEOPLES

Trend Shows From South To North, North To West

Washington, Sept. 12—(AP)—More than 27,000,000 Americans pulled by stakes and moved to new surroundings in the period from Pearl Harbor to March, 1945, and the Census Bureau says it's a safe bet that millions more will be on the move in the years ahead.

A census official, writing in the current issue of Domestic Commerce, says the bureau doesn't think that the war was wholly responsible for the migration and believes the postwar rate is going to continue high because the forces impelling people to move—high birth rates and employment opportunities—are still in operation.

Among his observations: "The South 'has an exportable surplus of workers who find a ready market for their services in the industrial North. The jobs don't come to the workers, so an increasing number of workers each year move to new jobs."

"The west has been making a strong bid for industrial power in recent years. New industries—aircraft, shipbuilding, steel, and a host of lesser manufactures—are drifting to the west, pulling a stream of workers in their wake."

"Among these three regions, the main migratory drift has been from south to north and from north to Continued on Page Six

Scholarship For Jimmy Futrelle

Jimmy Futrelle, prominent, popular graduate of the 1946 class of Greenville High School was, yesterday, awarded the James Stanley Woolfolk cash scholarship of \$200.00 according to an announcement made by Mr. J. B. James, chairman of the committee making this award.

The scholarship was established November, 1946, by Mr. J. Con Lanier in memory of Mr. James Stanley Woolfolk, Greenville High School graduate and later a graduate of West Point, who gave his life in World War II in the service of his country.

This scholarship is good, according to terms of Mr. Lanier, at the University of N. C., Duke University, Wake Forest, State College, and Davidson College. The committee had before them a list of the 1946 graduates who planned to enter the 'five colleges named from that group. They picked Jimmy Futrelle. Mr. James in announcing the award said that Jimmy Futrelle was an outstanding student in the High School last year and was prominent in all school activities and that he had been a constructive leader in the high school throughout his entire high school career. The committee again voiced its appreciation to Mr. Lanier for this scholarship.

ARREST BOGUS MONEY MAKERS IN NEW YORK

Secret Service Announces Smashing Of Big Counterfeiting Ring

Washington, Sept. 12—(AP)—The Secret Service today announced the recovery of \$110,000 in bogus \$20 Federal Reserve notes in the largest haul of bogus money taken in the past 10 years.

The announcement said four men had been arrested in connection with the haul, made in New York City.

Secretary of the Treasury Snyder and acting Secret Service Chief J. J. Maloney gave this account in a statement:

Joseph Soroka, alias "Mousey," and Joseph G. Giarusso were taken into custody in New York City yesterday after Soroka had delivered a package containing the \$110,000 in counterfeit bills to an undercover Secret Service agent at a midtown hotel.

Giarusso was arrested near the home of Soroka where, the statement alleged, he was waiting for Soroka to return and make payment for the counterfeit bills.

Some hours later Joseph Pateroster, proprietor of a printing office in Newark, N. J., was taken into custody by Secret Service agents as the alleged manufacturer of the counterfeit bills.

In his shop, agents reported they found the negative for "a counterfeit \$20 note and a strip of nine face sugar coupons."

Early today, the fourth man, George A. Larkin, described by the government as a partner of Pateroster in manufacture of the bills, was taken into custody in Newark.

The Secret Service man to whom Soroka was alleged to have delivered the money is a West Coast agent whose name was not disclosed.

About three weeks ago, the official statement said, he became acquainted with Soroka, while posing as a racketeer and drug handler from Los Angeles and Mexico, and subsequently associated with Soroka daily to gain his confidence.

The Snyder-Maloney statement said the counterfeit notes evidently were the "output of former makers of bogus OPA ration coupons" that originated in northern New Jersey.

He asserted that after his arrest, Soroka "bragged to agents he had made over \$200,000 during the war in black market activities, particularly in the sale of counterfeit gasoline, meat and sugar coupons," adding that "he is now broke, having spent all his money in high living."

Balk At Division Of Palestine; Jews May Join Talks

London, Sept. 12—(AP)—A British source said several Arab League delegates at the Palestine conference emphatically rejected today the British-American experts' plan for federalization of the Holy Land.

The fact that the United Nations is obliged to approach the Franco government regarding the opium convention puts the U. N. in the position of dealing with a government that its general assembly has condemned.

The council approved a drafting committee to consider changes in a proposed resolution and convention transferring to the United Nations the powers exercised by the League Continued on Page Four

Police Blockade Angry "Squatters" In London

London, Sept. 12—(AP)—Stalwart London bobbies blockaded London's hungry "squatters" in their pre-empted luxury apartments and hotels today as Communist leaders of the squatter invasion defied efforts of the labor government to stamp out the movement.

Police, acting on orders straight from No. 10 Downing Street to the office of the prime minister, to end the "foreboding" of vacant private dwellings, refused to let sympathizers pass food into three of the largest squatter-occupied buildings despite pleas that "the children are hungry."

In retaliation, the squatters said they planned an appeal direct to King George VI for help and declared they would seek thousands of signatures on a petition to be circulated at a Trafalgar Square mass meeting tonight. Communist backers of the squatters called an open-air mass meeting near Leicester Square.

But since the king acts only on the advice of his ministers, the squatters already had the answer to their proposed petition. For the government denounced the whole squatter technique yesterday as an unlawful incitement to anarchy and threatened prosecution of the squatter leaders for criminal conspiracy.

"Such action from a labor government against the people who brought it to power would be tantamount to a betrayal," said the Communist Daily Worker. "The government is making a fool of itself with its pompous statement about the danger of anarchy."

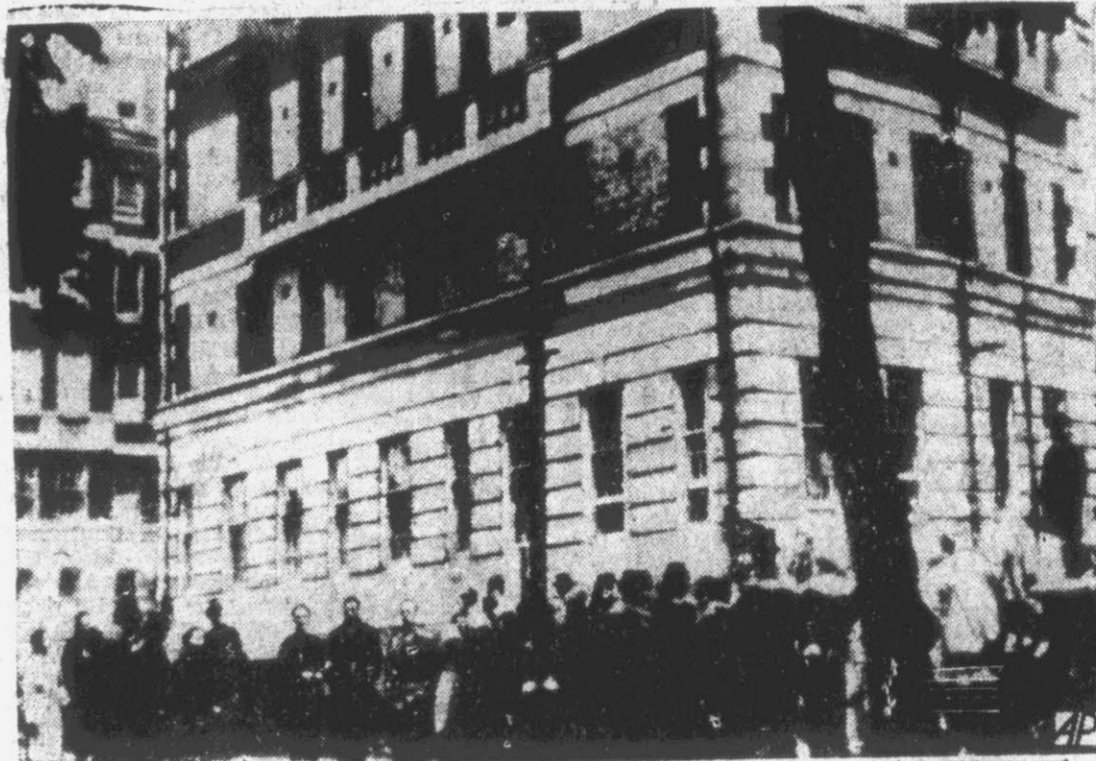

Richard Harding, Communist organizer of last night's snoop by more than a dozen families into the Ivanhoe Hotel in Bloomsbury, said "secret" plans were being made to get 200 more families past police barriers into the 630-room hotel which has been vacant for six weeks.

Leaders of the five-day-old "luxury squatting" movement, which has installed working class families in a number of apartments normally renting for about \$2,000 a year also talked of forcing beachheads in the empty mansions of picturesquely Hamstead.

Fifty men and women, chanting hunting squirrel before that day would be subject to prosecution. Continued on Page Four

Wall C. Ewing Is Found Guilty Of Manslaughter

Fayetteville, Sept. 12—(AP)—Wall C. Ewing, sentenced yesterday to 18 to 20 years in prison after having been convicted of manslaughter in connection with the death of his wife, was freed today after having made \$25,000 bond pending an appeal of his case to the North Carolina Supreme Court.

The bond was signed by M. B. Person and Joseph Calcutt of Cumberland County.

Ewing left the county jail where he had spent the last six months shortly after noon.

The State Supreme Court next hears appeals from this district in November but since the transcript of the record is expected to exceed 800,000 words, attorneys believe it will be impossible to go before the high court at that time. The next sitting of the Supreme Court for appeals from this district will be in May, 1947.

Judge R. Hunt Parker termed Ewing's crime as one of the "most horrible to come before the courts of the Cape Fear section, and said that the jury had been "most merciful" in putting aside possible verdicts of first-degree murder and second-degree murder.

Attorneys of Ewing, once a prominent Cumberland County political leader and a former manager of a local radio station, gave notice of appeal. Appearance bond was set at \$25,000. Ewing's brothers and friends are seeking to arrange the bond.

Ewing was tried on charges of first-degree murder in connection with the death last March 13 of his socially prominent wife who was found unconscious in the bedroom of her local home on March 12. She died in a local hospital the following morning without regaining consciousness.

The body of the 52-year-old Mrs. Ewing was covered with at least 20 bruises, and physicians testified that she died of a blow on the head. The blow, doctors said, was directed with such force that a brain hemorrhage resulted.

Judge Parker yesterday morning took three hours and 43 minutes. Continued on Page Three

Attention Called To Hunting Season Date

In publishing information on the hunting season a few days ago, it was erroneously stated that the squirrel season was from September 15 to December 15. The correct date for the squirrel season in the eastern section of the state is from October 1 to January 1, inclusive. This correction of dates has previously been published but there are some who contend they have not seen the correction and will begin their hunting on September 15.

District Game Warden J. O. Reed today again called attention to the official opening date as October 1 and declared that any persons hunting squirrel before that day would be subject to prosecution.

Italian Reparations

The United States Declares It Wants No Payment From Italy For The Cost Of Fighting Her; Here's The Story Behind Reparation Claims On Italy

Washington, Sept. 12—(AP)—The United States has stated it wants no reparations—payment for the money it cost us to fight her and the damage she did us—from Italy.

This country estimates that, of the \$35 billion dollars we spent on the war, 20 billions went into the Italian campaign. Then why cancel out 20 billion dollars?

Because Italy is broke and we don't think she could ever pay us. The British figure Italy owes them 11 billion dollars for reparations but they are not going to ask for it.

Here's the story: At the Paris peace conference—where yesterday we said we want no reparations—the claims for reparations by the various countries which fought Italy are being worked out.

When the final figures are agreed upon, they'll be written into the peace treaty which the United Nations will sign with Italy. Then it will be up to her to pay off during the years ahead.

The nations asking reparations and the amounts are: Russia, 100 million dollars; Yugoslavia, \$1,300,000,000; Albania, \$884,200,000; Ethiopia, \$738,900,000; Greece, two billions; Egypt, \$510,000,000; Mexico, 50 millions. Total, \$5,390,100,000. The only claim worked out so far is that of Russia, for \$100,000,000. Italy won't have to pay in cash, but in these three ways: 1. If Italy has any surplus munitions or machinery for making munitions—machinery useless for purposes of peace—Russia will get them. 2. Russia will send in raw materials—like bananas or insurance or oil or forests—in the balance. (Continued on Page Four)

White House Enters Maritime Dispute; Reconversion Director Instructed To Try To Work Out Settlement Today; Fate Of WSB Hanging In Balance

By MAX HALL

Washington, Sept. 12—(AP)—President Truman has instructed Reconversion Director John R. Steelman to take charge of the crippling maritime strike situation and try to work out a settlement today.

This announcement was made by Charles G. Ross, Presidential press officer, who told reporters that members of the Wage Stabilization Board, which last night refused to approve an AFL seaman's wage increase, were now giving a full report to Steelman.

"It is up to Dr. Steelman to make a decision, probably in the course of the day," Ross said.

As the spreading waterfront walk-out threatened to shatter the entire Truman wage-price stabilization program, Ross told newsmen that Steelman has two courses open.

"One obviously is to approve the finding of the Wage Stabilization Board and fight it out, with all that that implies," Ross said.

"The other is to agree with the Maritime Commission—and the unions and the industry—as against the WSB.

"Those are the alternatives." Ross emphasized that Steelman is acting under authority of the wage-price executive order of last February which subjected wage increases to federal approval before they could be used as a lever to raise prices or to increase charges against the government.

Steelman also is acting on his responsibility to coordinate disputes between government agencies, Ross said.

This issue arises in the conflict between the Maritime Commission, which espouses the AFL viewpoint, and the WSB, which ruled last night that two AFL seafaring unions are not entitled to higher wage increases than CIO unionists were granted in June.

Steelman's ultimate authority resides in the second war powers act, Ross said, but he added he was not prepared to discuss the possibility of government operation of the shipping lines.

The conflict between the Maritime Commission and the WSB brought a new angle into the limelight of the all-coast dispute. The Commission is a party to both the CIO and AFL wage contracts, since it still controls most of the merchant fleet.

Steelman's office gave no hint of the intended White House strategy, but aides of one WSB member disclosed that the meeting was set for today and Steelman aides did not deny it.

Even as unionists moved to tight-

Capture Woman's Assaulter Here

James (Tush) King, colored, wanted by authorities for assaulting Ioris Hill, colored, with a shotgun with intent to kill last February, was arrested last night in a raid by police and a deputy sheriff on King's mother's home, 412 West 11th street. Police Chief Jim Tanner, Detectives Crawford and Corbett and Patrolmen Harris, Dennis and J. E. Mills and Deputy Sheriff Loyd Manning made the raid.

Authorities said King shot the woman during an altercation in Ayden, severely wounding her arm. After the shooting King left for other parts and finally located in Baltimore. Deputy Sheriff Manning had a tip that King had returned and the raid was made.

Pactolus club met with Mrs. Hubert C. Simmons and the following officers were elected for 1947: President, Mrs. J. R. Davenport; vice president, Miss Sidney Davenport; secretary-treasurer, Mrs. Roscoe Barnhill.

The hostesses, Mrs. R. B. Starling and Mrs. L. S. Hardee of the Red Banks club carried out the idea of "school days" for their club meeting. The members played a game before the bell rang for school (club meeting) to begin. Then they got in line and marched in the living room where the chairs were arranged as a classroom. After the business meeting and demonstration the club members were told to go in the hall and get their lunches. There were lunch bags filled with sandwiches, cookies and fruit. Before we had time to start eating the grade mothers (hostesses) came and brought us luncheon. The officers for 1947 are: President, Mrs. R. B. Starling; vice president, Mrs. Burt Green; secretary-treasurer, Mrs. Carl Harrell.

On Wednesday, September 4, the Red Oak club met at the club house with Mrs. G. A. Evans, Mrs. H. R. Allen and Mrs. Lizette Vandiford hostesses to the club. Mrs. James Allen was elected president; Mrs. Fenner Allen, vice president; Mrs. James S. Allen, Jr., secretary-treasurer for the coming club year.

The Belvoir club met with Mrs. A. L. Morris as hostess at the teacher's home. The following were elected to serve as club officers next club year: President, Mrs. J. C. Parker; secretary-treasurer, Mrs. C. R. Clarke.

On Thursday the Farmville club met at the club house on the Fountain highway. The club decided to serve a Brunswick stew supper on October 18 in order to raise some money for their club. Mrs. J. R. Lewis was elected president for 1947; Mrs. Earl Bagley, vice president; and Mrs. B. R. Fields, secretary-treasurer. The hostesses for this month were Mrs. Bennett Tyson and Mrs. E. F. Hobgood.

A stunt-night was planned by the Chilooh club at their meeting to be given on October 4. The club elected Mrs. Gordon Clarke, president; Mrs. Roy Gaskins, vice president; and Miss Annie Carroll as secretary-treasurer for 1947. Mrs. L. J. Edwards, Miss Annie Carroll and Mrs. C. L. McCoy were joint hostesses.

On Monday, September 9th, the Stokes club met with Mrs. W. D. Bailey and the following officers were elected: Mrs. A. B. Eberhede, president; Mrs. W. D. Bailey, vice president; Mrs. Sacky Gurganus, secretary-treasurer.

The Littlefield club met at the home of Mrs. G. C. Garris. Mrs. Charlie McLawhorn, was elected club president; Mrs. Levi Worthington, vice president; Mrs. Carey Garris, secretary-treasurer for the 1947 club year.

To date this month the Bethel club

has had the largest attendance at their club meeting. Mrs. E. O. Burroughs charmingly entertained the Bethel club at her home with Miss-dames Ben Barnes and Lewis Ayers as co-hostesses. Club officers for 1947 were elected as follows: President, Mrs. Dennis Hardy; vice president, Mrs. R. N. Simmons; secretary-treasurer, Mrs. R. B. Edmondson.

The County Council of the Home Demonstration clubs met in the auditorium of the Agricultural building Tuesday afternoon, September 10th, at 3 o'clock. Mrs. D. N. Nobles, Jr., vice president, presided in the absence of the president, Mrs. W. R. Bullock.

Full activities for the clubs were discussed and plans made for achievement day, the extension conference and for the "housing exhibit" which Pitt County Home Demonstration clubs have been asked to prepare for the State Fair.

Mrs. Obed Castelle, vice president of the Remston-Nobles club, gave an interesting report on Farm and Home Week which she attended. She urged all Home Demonstration club members to make plans now to attend Farm and Home Week next year.

Members from 17 Home Demonstration clubs answered to the roll call.

A social hour was enjoyed at the conclusion of the program.

THE DAILY REFLECTOR
September 12, 1896
J. F. Davenport returned Tuesday evening from a trip north.
G. S. Porter and Raymond Tucker of near Greenville left Monday for Baltimore, Washington City, Philadelphia and other points of interest.
F. C. Harding returned this morning from Raleigh.
A. M. Moseley went to Grifton this morning.

The graded school at Bethel opened Monday with a large attendance of pupils and a full corps of teachers. Miss Bertha Waldrop of Hendersonville teaches the 7th and 8th grades.

Flowers
The tea table as covered with a handsome cloth and centered with nosegays of white flowers in crystal cornucopias. White tapers in silver candleholders, beautifully decorated cakes, silver baskets filled with nuts and cheese straws, and platters of sweetmeats made a lovely bridal table. Mrs. J. H. Thomas and Mrs. W. Williams were joint hostesses. They were assisted by Misses Mary Rose Crisp, Miriam Shotwell, Arna Glass, Nancy Hannah and Lillian Wooten.
A large number of friends of the honor guest enjoyed this delightful affair.

Birth Announcement
Mr. and Mrs. Derrell Hemby announce the birth of a son, Donny Eugene, on Sunday, September 8, 1946, in Pitt General hospital.
Both mother and baby will return to their home on Greenville, Route 2, today. Mrs. Hemby is the former Miss Bruce Montigo of Greenville.

Fined for Shooting Squirrels
In Magistrate Heber L. Jenkins' court today, G. H. Whitehurst was fined \$30 and \$6.35 costs for hunting squirrels out of season. The open season for hunting squirrels starts October 1. Game and Fish Protector J. O. Tuley presided.

Rocky Mount, Wilson Meet In CPL Finals

By the Associated Press
First game in the finals of the

Coastal Plain series is scheduled tonight at 7:45, with Rocky Mount, regular season winner, playing at Wilson, No. 3 league finisher. Wilson gained the finals by taking a 5-4 verdict over Kinston last

night before 3,289 paid admissions. Wilson knocked the series at three games apiece on Tuesday night with a 4-1 victory.

Wilson's own Fern Bissette pitched last night's victory. Game-clinching run came in the seventh as Stuart, on via an error, stole second, and came home on Bauer's double to centerfield.

ishment." Maximum sentence for manslaughter is 30 years; minimum is four months.

Judge Parker expressed appreciation for the patience of the jurors through the long trial, and ordered their pay be doubled the regular fee.

Council Of Youth Fellowship Meets

The newly elected Council of the Youth Fellowship held its first meeting Tuesday night at the Jarvis Memorial Methodist Church and planned programs for Sunday School and the Sunday evening league meetings for the remainder of September.

The council decided upon Sunday, September 29 as the date for the installation of new officers elected last spring.

The new officers are: president, Sherod White; vice president, David Clark; secretary, Louise Bizzell; treasurer, Rex Guthrie; publicity chairman, Alvin Taylor. The superintendent of young people's division of the Methodist church is Dr. W. E. Marshall. The commission chairmen for the coming year are: worship, Marion Brown, Eloise Tucker; recreation, Lewis Evans, Ann Oakley; community service, Douglas Guthrie, Jean McGowan; world friendship, Peggy Reid, Junius Rose.

The morning Sunday School services of the Methodist church begin at 9:45 while the Sunday night league meetings commence at 7.

Wall C. Ewing . . .

(Continued from Page One) to deliver his charge to the jury which took the case at 1:28 p. m. and at 4:05 p. m. the jurors sent word they had reached a verdict.

Ewing was visibly shaken by the verdict. He clasped his hands to his head, and bowed. He made no comment.

In passing sentence, Judge Parker said: "We who have listened to the evidence in this case, will not forget the merciless and brutal beating for three years of Douglas Ewing, a 100-pound woman, by her 200-pound husband, and her pathetic cries night after night."

"Help, help, help, Wall, you have beaten me all day and night; you are slowly beating me to death."

"Not one word has been said that Douglas Ewing was not a faithful, loyal wife," the judge continued. "Slapped, knocked down, thrown out of the door, her only word was 'Wall, you know I love you; I have loved you since I was 13 years old. I shall always love you.'"

"For three years, she was never without bruises. No person, except members of his family ever saw her fall and bruise herself. Dozens saw her bruised by her husband. If Douglas Ewing drank or doped, her husband's beating justified and drove her to such conduct. His conduct to his wife has shocked the conscience of every person who has heard it."

"The jury in this case has been most merciful. The evidence discloses as brutal, as merciless, as barbarous a case of wife beating as has ever been tried in our courts. It is a heartless, unlawful killing of a frail, loving wife, without any cause or excuse, and in the opinion of the court deserves severe pun-

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; rise the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, to independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health!

WILSON'S WEEKLY Bulletin

Choice Lamb Deserves Careful Cooking

Lamb chops, one of the most tender of all tender cuts, deserve careful attention in preparation. This means broiling or pan-broiling to develop their best flavor and retain their tenderness and juiciness.

Broiled Lamb Chops . . . cooked to perfection

Pre-heat broiler with door closed to 350° F. (about 10 min.) with regulator set at "broil." Arrange chops on broiler rack so placed that meat is about three inches from flame or electric unit. When half of cooking time has elapsed, season chops with salt, turn with tongs or with fork inserted in fat, and continue broiling the remaining time. Season second side. A chop an inch thick will require 12 to 15 min. Allow four minutes longer for each half-inch additional thickness. The five chops pictured (loin chops, flank end removed), 1½ inches thick, weighed 1½ pounds; will serve 5.

Pan-Broil on Top o' Stove

No broiler? Then pan-broil the lamb chops. Heat heavy skillet, rub lightly with fat or not, as desired, and place meat in skillet. Cook slowly, turning when one side is browned sufficiently. Test for doneness by cutting a gash near the bone. Lamb should be served medium or well done . . . never rare.

Cater to Flavor

For a truly delicious flavor, rub chops lightly—very lightly—with a cut clove of garlic. Finish off the main course with shoe string potatoes, mashed rutabagas, cole slaw and shiny red beet pickles. For dessert? First choice is gingerbread served with cream cheese thinned with cream (instead of whipped cream). Use Clear Brook

Eggs in making the gingerbread.

They're really excellent in quality.

Conserve Fat—Eat Well

You can eat well and still do your bit to conserve food. Try these oven-crip shoe string potatoes once and you'll serve them often. Why? There's no last-minute scurrying to fry them . . . and they save fat besides.

Here's how: To serve 4, pare 4 medium-sized potatoes, cut into strips about 3-16 inch wide and soak in cold water 15 to 30 minutes. Drain and dry well on clean towel. Heat 4 tbs. Advance Shortening in a large shallow pan, add potatoes and roll in fat to coat. Bake in a hot oven, 425° F., 25 minutes, turning once.

There should be only one layer of potatoes in the pan for good browning.

Sincerely,
George Rector

Strength FOR THE DAY
 BY EARL L. DOUGLAS

PUTTING CONSCIENCE TO WORK

A man running for office made the most solemn promise to the voters that if elected he would support certain measures designed to correct widely recognized abuses. But after election he owed against all the measures he had promised to support. One of his frate constituents met him on the street and challenged him about the matter. With a sigh, the official replied: "Man, you have no idea the amount of outside pressure which was brought against me." To which the constituent replied with some heat: "But what about your inside pressure?"

The struggle between external and internal pressure goes on continually in the lives of all of us. There is not a person in the world who is not a terrified spectator of a struggle constantly being waged between his conscience and the influences of the outside world. If we are going to plead the overwhelming character of outside pressure everytime our weaknesses get us down, we might as well give up all pretense of trying to do the right thing. Mankind, until the end of time, will certainly encounter in circumstances and persons every variety of opposition to good intentions.

Accordingly, we have to face the inevitable and be prepared every day to put up a stiff fight. We have to put the inner pressure—conscience, character—to work against the external pressure. There is no other way.

A STRIKE AGAINST THE GOVERNMENT

In considering the double-talk and intimidations to which the Wage Stabilization Board is being subjected, we should look into the offer made by the operators of shipping lines who plead for the privilege of paying the striking seamen the wage increases they are demanding.

One fact that stands out like a sore thumb is that it is the Government who owns most of the ships now tied up. The operators could advocate an unlimited wage boost for seamen, it would cost them nothing and permit them to reap their harvest of profits. It would be the Government who footed the bill of additional costs in the operation of these vessels.

Another point to remember is that for years the American Merchant Marine has been heavily subsidized by the Government. Without this aid it could not compete with the merchant marines of other nations. The cost of this subsidization amounts to many millions of dollars. The new demands now being made will push these expenses to a record high.

Who pays the costs of subsidization? The Taxpayer.

Why is it necessary to subsidize our shipping lines? Because our standard of living is so high, and that of other nations is so low. Foreign vessels can operate at a quarter of the cost of an American ship.

The WSB has already asserted that the proposed pay scales for seamen is inflationary and dangerous. The

Stake In Greece . . .

(Continued From Page One)
 western Thrace, Greece's easternmost territory at the head of the Aegean. Such a transfer would split Greece from her one friendly neighbor, Turkey, and bring Bulgaria—and the Soviet sphere of domination—to the Aegean. Strategically and politically that would be almost as great an advance for the Soviet bloc as control of the Turkish Straits.

Ambassador Caffery's caustic statement put it this way: "This hardly seems the place for Bulgaria, after abetting the invasion and after the ruthless occupation and exploitation of this area (Western Thrace), to lay claim in its peace settlement with the victorious powers to an important piece of territory to be taken from one of them."

Instead of satisfying Bulgarian demands the United States proposed to restrict Bulgaria's power to harm the neighbor with whom she has gone to war three times in this century by demilitarization of the Bulgarian side of the border.

The Soviet's other Balkan satellites, Yugoslavia and Albania, are carrying on similar and complementing campaigns in the war of nerves and propaganda against Greece. Albania is claiming territory and supporting the Ukrainian attack on Greece in the United Nations Security Council. Yugoslavia is carrying on propaganda for a "Macedonian Federation" which would take a big bite out of northeastern Greece, including Salonika and most of what would be left along the northern Aegean if Bulgaria got Western Thrace. The proposed federation would be under Tito's and Moscow's tutelage, to say the least.

This constant pressure from her neighbors, reinforced by the clamor echoing from the sounding boards of Paris and Lake Success, could not

have to import food and raw materials to keep her people and machines going. Without the food and materials she might wind up in chaos.

In order to pay for those imports of food and materials, she'll have to borrow money abroad. Where? This country, richest in the world could lend her money.

But if Italy borrowed money from us, might it not be used to pay off the reparations being demanded now at the Paris peace conference. It might. So the U. S. spokesman on this subject in Paris, Willard Thorp, said this country does not propose to pour help into Italy only to have it go out as reparations to other countries.

This was not exactly shutting off a U. S. loan to Italy. But if any loan is made to her, it probably will be iron-clad that none of our help goes to pay off Italy's debt to other countries.

If Italy can't get a loan from this country, she might be able to get one from the International Bank which the United Nations have set up to help stricken countries get on their feet.

But in this case it would be a sort of international loan to Italy not one directly from the U. S.

Besides, the \$20,000,000,000 we have cancelled out, this country gave \$1,000,000,000 to Italy in food and supplies.

We may ask Italy to pay for some of that some time, but not now. That has nothing to do with reparations.

of the Erie Basin Metal Products and allied companies operated by Dr. Henry Garsson and Murray Garsson. It does not desire to set a definite date for a hearing in anticipation of his (May's) recovery.

"When Congressman May is able to testify in a hearing in Washington without injury to his health the committee will then arrange for a hearing," Mead said. He asked Andersen to inform the committee when May's physician felt the time had arrived.

Brewster told a reporter he believed it would be satisfactory to try to question May at sessions that might last only one hour each day. In view of the large number of inquiries committee members are expected to address to May, the congressman's appearance might last for weeks if this course were followed, Brewster said.

Subpoenaed for July 26, May failed to appear because of illness. Later he sent the committee a statement reiterating his denial that he had profited in any way from his association with the Garssons.

Mead called May's statement inadequate and declined to send a subcommittee to Prestonsburg as the congressman had suggested as an alternative to a later appearance here.

off, extending to more than 3 cents in wheat, but were unable to make much progress above the preceding close. Prices were mixed, with nearby deliveries steady and others mostly fractionally lower.
Wheat finished 1½ lower to ½ higher, January \$1.95½, corn was up ¼-½, January \$1.31½-¾, and oats were ahead ¾-¾, September 78-78½.

N. Y. Stock Market
New York, Sept. 12—(AP)—Buyers and sellers appeared a bit fatigued in today's stock market and prices generally were permitted to shift over a slightly irregular course on the smallest dealings of the week.
An attempt at the opening to extend Wednesday's rally soon faltered and, for a while, declines of fractions to 7 points predominated. A little support then arrived and reactions were whittled down or converted into plus marks by midday. Transfers dwindled to around 2,000,000 shares compared with 2,870,000 the day before.

Father And Daughter Held Incest Charge

Police were holding today Myles
L. Bartlett, 53-year-old Negro, and
his 22-year-old daughter, Queenie

Bartlett, for alleged incest. Queenie
is pregnant. They were arrested
Tuesday night. Another daughter,
Mary Magdaline Bartlett, is a wit-
ness in the case.

Chief Jim Tanner said the couple
was arrested on complaint of Bart-
lett's wife, Mary Bartlett, who said
that her husband had been having
illicit relations with their daughter
for a long time. She told police that
her daughter had "taken my place
in the home"; that the abnormal
relations of father and daughter
had become more pronounced in
recent months, and that the affair
had been going on for several years.
They will be given a hearing in
Police Court Friday.
