WILL USE TWO HELICOPTERS IN RESCUE TRY

Big Planes Fly Dismantled Helicopters To Newfoundland Airport

Gander Airport, Nfld., Sept. 21.—(AP)—Two Army Skymasters, each carrying a coast guard helicopter, landed at Gander Bay today for an attempt to rescue 18 survivors marooned at the wreckage of a Belgian airliner in the wilderness 22 miles southwest of this base.

The first transport arrived from the United States at 6:49 a. m. (Eastern Daylight Time), the second 31 minutes later. Workmen immediately began unloading the dismantled helicopters so they could be assembled for the hazardous pickup of the survivors—14 of whom were injured seriously.

Lt. August Kleish, Cincinnati, Ohio, one of the two coast guard helicopter pilots who arrived in the transports said it would take at least eight hours to assemble his helicopter. The other helicopter pilot was Lt. Walter Bolton, Milton, Mass.

Kleish said the machines probably would be landed on a small plateau about a quarter of a mile above the crash scene. Previously a plan to hoist over the survivors' camp in the dense chill wilderness and lift them by emergency litters and hoists had been considered.

The helicopters, with mechanics, were flown from New York and Elizabeth City, N. C.

Comdr. Frank Ericson and Lt. Stuart Graham, attached to the coast guard station at Elizabeth City, are to pilot the helicopters. The pilots hold the No. 1 and No. 2 helicopter licenses in the United States.

Meantime, a coast guard Catalina flying boat took off for the scene to drop a small power plant, two floodlights, sanitary equipment, splints and crutches. The latter items indicated some of the survivors.

Prison Sentence In Perjury Case

Charlotte, Sept. 21.—(AP)—Ward M. Blanton, Charlotte law clerk was under a sentence of five to 10 years and W. T. Shore, an attorney, faced three to seven years imprisonment today following their conviction by a Mecklenburg Superior Court jury yesterday for conspiracy to commit subornation of perjury in connection with the operation of an alleged divorce mill.

A third defendant, Mr. Vivian Baird, secretary in Blanton's office who pleaded no contest in the course of the five-day trial was not immediately sentenced by Judge F. H. Armstrong.

Appeals were noted in the cases of the two men and their bonds fixed at \$6,000 for Blanton and \$2,000 for Shore. In addition, Blanton faces trial on three other charges—obtaining money under false pretense, bribery and practicing law without a license—and bond is fixed at \$2,000 on each charge.

Train Unions Invite Wallace To Meetings

Miami Beach, Fla., Sept. 21.—(AP)—An invitation to speak before the 28th convention of the Brotherhood of Railroad Trainmen here has been extended to former Secretary of Commerce Henry A. Wallace by unanimous approval of the some 1,000 delegates, President A. F. Whitney announced.

The invitation was sent last night by telegram to Wallace by Whitney. At yesterday's session of the convention a resolution was adopted scoring President Truman's action in asking for Wallace's resignation. The resolution hailed the move as a "time for consolation."

"Henry Wallace is a statesman, he has no place in an administration of ex-ward politicians and machine bosses," the resolution said.

Firmness In Policies

Wallace's Speech Started Misused Phrase "Get Tough With Russia" In Describing U. S. Policy; Colorful Description False; "Soft" Policy Is Worse

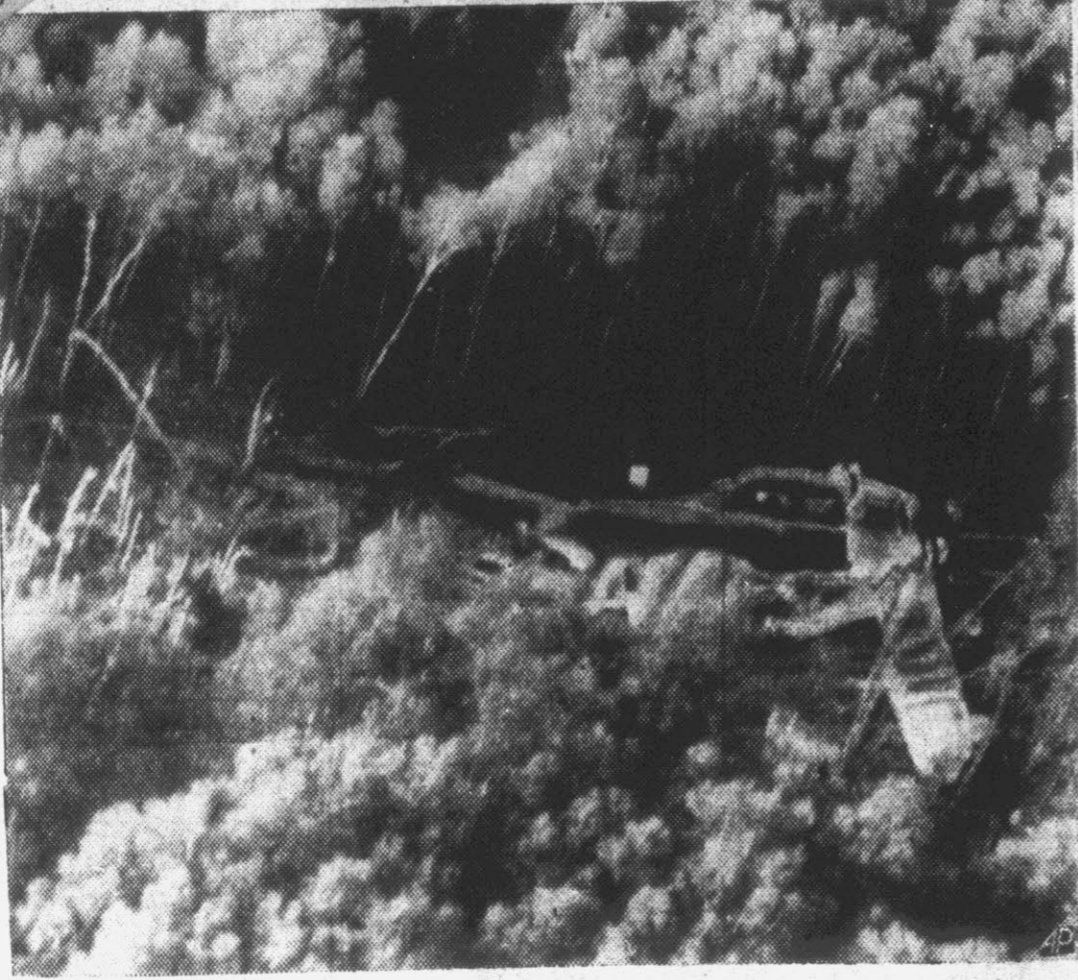

By DEWITT MACKENZIE

The Wallace episode has resulted in a good deal of bandying about of the phrase "get tough with Russia" which was discussed by the Secretary of Commerce in the explosive Madison Square Garden speech that now has resulted in his resignation from the cabinet.

Mr. Wallace employed that expression when he declared that the United States in dealing with the Soviet Union was reckoning with a force which cannot be handled successfully by a "get tough with Russia" policy. He said that "the tougher we get, the tougher the Russians will get."

Such colorful representations travel fast and far, and we are likely to hear much more about this one. It therefore should be noted now and well—that the United States Government never has promulgated a "get tough with Russia"

Wreckage Of Belgian Airliner

This is an airview of the wreckage of the Sabena trans-Atlantic plane which crashed early Wednesday into a densely wooded area near Gander Lake, Newfoundland. The picture was made by First Officer Walter H. Mullikin from a Pan American Clipper as it circled the wreckage after sighting it September 19, while enroute from Gander to LaGuardia Field, N. Y. A rescue party was landed at Gander Lake about five miles from the wreckage in an attempt to reach the site where survivors are reported. (AP Wirephoto)

CIO Seamen Vote End To Walkouts

Start Back To Work On Ships Today; Curran Announces Costliest Sea Stoppage Officially Over; CIO Longshoremen's Contract Expires Sept. 30

By the Associated Press
CIO mariners filed back to work on ships in New York harbor today after membership meetings there and in other East and Gulf ports voted an end to their maritime strike on the basis of an arbitration award establishing an industry-wide principle of wage parity.

Joseph Curran, president of the National Maritime Union, said that the nation's costliest sea stoppage was "officially over," but actual end of the strike elsewhere depended on acceptance of the settlement by all seamen involved.

The NMU said members in New York, Philadelphia, Houston, New Orleans, New Orleans and Providence had voted to accept the new agreement which also must be concurred in by NMU members in other ports, the CIO Marine Cooks and Stewards, and the Independent Marine Firemen, Oilers, Wipers and Water-tenders—West Coast unions—before the nationwide strike would be ended.

The U. S. Maritime Commission last night ordered its agents in all ports to pay all seamen the same rates as had been awarded AFL mariners, meaning wage increases of \$5 to \$10 monthly.

Establishment of the wage parity principle was contained in an arbitration award made Thursday in New York by federal Arbitrator James L. Fly.

There still was the possibility of strikes by the CIO International Longshoremen's and Warehousemen's Union, led by Harry Bridges, and the CIO Marine Engineers' Beneficial Association. Their contract with employers expires Sept. 30.

CIO President Philip Murray said in Washington last night he feared a breakdown of negotiations between the unions and the Water-front Employers' Association.

But Secretary of Labor Schweikert said he felt there was good prospect of his department's aver-

GREEK BORDER PROBE VETOED

However Shooting Incidents Still Under Of U. N.

Lake Success, N. Y., Sept. 21.—(AP)—Reported shooting incidents along the northern Greek frontiers remained under surveillance of the United Nations today despite Russia's veto of an American proposal in the Security Council for an on-the-spot investigation.

The suggestion of focusing continued attention on the troubled Balkan situation was made in an unprecedented move by Secretary-General Trygve Lie last night when the council rejected four proposals arising from the Soviet Ukraine's accusations against Greece.

The rejections had the effect of quashing the Ukrainian charges that Greece, with British backing was menacing peace on the Albanian frontier, and they ended the council's sessions of bristling debate in the past three weeks.

However, Lie's statement—that he was reserving the right, under the U. N. charter, to investigate and report on any matter which he deemed a threat to international peace and security—moved Soviet Delegate Gromyko, the council chairman, to remark that he believed the secretary general was perfectly right in raising the question.

The secretary general said that an inquiry to determine the facts would be essential before he could bring a matter before the council and that he was only reserving the right to make such an inquiry if he thought it necessary.

Shortly afterward, Gromyko invoked the veto to kill the resolution put forward by U. S. Delegates Herschel V. Johnson which called for a three-man commission to examine incidents along the borders of Greece's three Russian satellite neighbors and the right to ask all four Balkan governments for relevant information.

Wealthy Wife Of Ex-Senator Dies

Washington, Sept. 21.—(AP)—Wealthy Evelyn McLean Reynolds, 24, daughter of Mrs. Evelyn Walsh McLean and wife of former U. S. Senator Robert R. Reynolds of North Carolina, was found dead in her bedroom late yesterday.

The body was found beside a switched-on radio by the family physician, Dr. E. W. Leonard, who told investigators that death may have been caused by an accidental overdose of sleeping pills.

Coroner A. Magruder MacDonald deferred issuing a death certificate, however, until he has made a further examination. In a temporary finding, the coroner attributed her death to congestive heart failure. He said chemical test will be made to determine if a bottle of sleeping pills found near the body had any connection with the death.

Dr. Leonard had called at the family home to treat Mrs. McLean, owner of the famous Hope diamond, who was operated on recently for a knee injury.

DAIRY ITEMS FREED OF OPA

Decontrol Board Decides Against Ceilings At Present

Washington, Sept. 21.—(AP)—Dairy products went their way in a free market today, but with butter and cheese prices under the wary eye of the price decontrol board.

In announcing a decision not to reimpose ceilings now, the board declared it would maintain vigilance over the dairy-price trend and stay ready for any action which might be necessary.

A board official told reporters cheese and butter are the "sore spots." Chairman Roy L. Thompson had in mind last night when he said prices are "approaching the critical point."

The board nevertheless repeated its decision of a month earlier that milk, cream, butter, cheese, ice cream and other dairy items should remain free from OPA controls because there has been no "unreasonable price increase over June 30 ceilings plus subsidy."

Paul Porter, OPA administrator who expressed disappointment at failure of the board to restore these controls a month ago, told newsmen he had nothing to say this time.

Along with its dairy decision the three-member board took public notice of protests against the meat scarcity which followed return of price lids ordered by the board.

Thompson pointed out that the situation now is this: "Any request for decontrol of meat must be made by an industry advisory committee to the Secretary of Agriculture. Only if the Secretary of Agriculture denies the petition, or fails to act on it within prescribed time limits, could this petition be appealed to the board."

The board cannot, under the new OPA law, initiate a move for decontrol.

Babson Discusses Comparative Stock Prices

New York, N. Y., Sept. 21.—The stock market will continue to have ups and downs; but now caution must be exercised in picking stocks. The recent slumps depressed many good issues well below the Dow-Jones Averages. In this sort of market, therefore, readers can find individual issues still percentage-wise below the average of the market. Some of these should advance well above said averages.

In order to make money one should look for such individual issues which are capable of making the grade. First of all, we must select stocks in industries which show promise. Next, we must ascertain which companies are suited financially, as well as mechanically, to do the best job in their field. We must be certain that the stock which we choose has sales appeal. A good yield, if the financing is simple, usually makes for sales appeal. A company which requires few employees in relation to its volume of production should be especially attractive, since labor strife will have less chance to retard its progress. All the above factors should aid readers in selecting good individual issues.

Market Averages
If we compare certain stocks price-wise and percentage-wise with the Dow-Jones Averages in 1932, in 1937, the war years and now, we have some insight as to what action

CONVICT A & P OF VIOLATING SHERMAN ACT

Huge Food Chain Found Guilty Of Violating Fed. Anti-Trust Laws

Danville, Ill., Sept. 21.—(AP)—The huge A & P food chain, one of the world's largest, 12 of its subsidiaries and 16 of its officers were convicted today of violating the Federal Anti-Trust law.

The defendants including John A. and George L. Hartford, chiefs of the nationwide network of retail outlets and affiliated operations, were found guilty by Federal Judge Walter C. Lindley on both counts of a criminal infraction.

They were found to have conspired to restrain trade in food products and "to monopolize a substantial part of such products in interstate commerce." The maximum penalty for each defendant would be a \$5,000 fine and a one-year prison sentence on each of the two counts.

A & P immediately announced it would appeal, saying "we cannot conceive of this decision being upheld by any appellate court for we believe it to be in direct conflict with the facts in the case and the letter and spirit of the Sherman (Anti-Trust) Act."

Judge Lindley's ruling, in a 117-page opinion, climaxed one of the longest and most complicated federal court trials on record. The trial began April 16, 1945, twice was adjourned and was taken under advisement, without a jury, on April 6, 1946. The hearing consumed 22 weeks; there were about 3,000 pages of written record and more than 5,000 exhibits. About 200 persons testified.

The judge took cognizance of the defendants' claim of "high character" in their general business and economic policy, but added: "I cannot escape the conviction that by their cooperation in the promotion of the plan of operation which involved illegal action, illegal restraint of trade, they rendered themselves subject to the penalty of the law."

Much of the defense position was epitomized in the testimony of the chain's 73-year-old president, John A. Hartford, who declared his firm grew to its present enormous size because it believed "it was better to sell 200 pounds of butter at one cent per pound profit than 100 pounds at two cents per pound profit."

Judge Lindley ruled, however, that Congress "did not condone good trusts and condemn bad ones, and added:

"It forbade all. It is no excuse of unreasonable restraint or monopoly that such interference with free competition has not been utilized to extract from consumers more than a fair profit."

In its comment on the opinion, A & P called it "a severe blow, not just to A & P, but to the millions of consumers whose patronage made

WSB To Stay On Job Declares President

Washington, Sept. 21.—(AP)—President Truman in a statement today said the Wage Stabilization Board will continue to administer the wage "stabilization program."

Reports were current in Washington earlier this week that there was a possibility that a new wage stabilization set-up might be in the making as a result of a presidential request for a study of the whole wage stabilization program.

Procedural Mix-Up In Paris Balloting

RAINS DAMAGE N. C. HIGHWAYS

Eastern Part Of State Hard Hit By Heavy Rainstorms

Raleigh, N. C., Sept. 21.—(AP)—Heavy rainstorms in Eastern North Carolina during the past three days washed out several roads and inundated others rendering them impassable and caused thousands of dollars damage, the State Highway Commission reported today.

The Wilmington area was hit by a heavy rainstorm Wednesday and Thursday, and approximately eight inches of rain fell in an 18-hour period. Heavy rains fell in the New Bern and Morehead City area yesterday.

The commission reported the following for roads in the Wilmington area:

N. C. 303, fill at Bell Swamp washed out. Road closed but expected to be reopened Monday.

U. S. 421 inundated between Carolina Beach and Kures Pier. Road is closed and reopening uncertain. Traffic is being rerouted via a country road.

N. C. 130 between Supply and Southport inundated but reopened yesterday.

U. S. 74 and 76 between Wilmington and Wrightsville Beach inundated but reopened yesterday.

All other state highways are open, but many county roads in Brunswick and New Hanover are covered with water and are impassable.

In the Morehead City area, a small bridge was washed out on N. C. 101 near Cherry Point. U. S. 70 was covered with 18 inches of water at Newport, and pavement

Parliamentary Tangle Called "Fantastic" By Vandenberg; U. S. Opposes British On Balkan Oil Property Reparations

Paris, Sept. 21.—(AP)—British demands for specific treaty safeguards for foreign petroleum interests in Romania snagged on a tie vote, 7 to 7, in the peace conference's Balkan economic commission today.

The resulting parliamentary tangle caused the American delegate Senator Arthur Vandenberg, to declare "this procedure has been fantastic."

Earlier, the Italian political and territorial commission approved the separate agreement between Italy and Austria for considerable autonomy rights in the Tyrol, and ordered it inserted in the Italian peace treaty over the objections of the Slav bloc.

The revised British annex to the Romanian treaty which ran into a parliamentary snarl would require Romania to restore or replace the losses of allied nationals in the oil fields, annual discriminatory legislation and admit key administrative officials and technical experts into the country to operate the wells.

The first three paragraphs were adopted in a series of close votes. A tie vote came on the fourth and last paragraph concerning admission of key personnel, and again on the projected annex as a whole.

The British empire countries—Britain, Australia, Canada, India, New Zealand and South Africa—

Throws Down Challenge To Administration; Removed Any Doubt He Will Back Down On His "Go-Easy-With-Russia" Ideas; Dismissal May Split Off Party's "Left Wing"

By WILLIAM T. PEACOCK
Washington, Sept. 21.—(AP)—Henry A. Wallace, private citizen, threw down the gauntlet to the Truman administration today for a continuing battle over foreign policy.

The ousted secretary of commerce told the department's employees in a farewell message he was resigning in order "that I may be free as a private citizen to continue to fight for world peace."

And in a nationwide radio address last night he declared that "winning the peace is more important than high public office. It is more important than any consideration of party politics."

He removed any consideration of party politics. He removed any doubt that he would battle on for his "go-easy-with-Russia" ideas which brought him into conflict with the State Department and led President Truman to dismiss him from his official family.

"The success of any policy," Wallace said, "rests ultimately upon the confidence and the will of the people."

"There can be no basis for such success unless the people know and understand the issues—unless they are given all the facts—and unless they seize the opportunity to take part in the framing of foreign policy through full and open debate."

As the Iowan stepped out he left Congress members and others asking two major questions:

1. Would the president's action end the uncertainty over American policy caused by Wallace's New York address 10 days ago which contradicted Secretary of State Byrnes' position at many points? Some said it would. Others doubted it. Mr. Truman himself made clear he intended the dismissal as emphatic notice that he is standing four-square behind Mr. Byrnes.

2. What would be the effect if the Democratic Party and particularly on its chances in November elections and in 1948? A frequently expressed Republican view was that the dispute emphasized the differences within the Democratic party and enhanced Republican prospects of winning control of the net Congress.

(Continued on Page Two)

UCC Crackdown On "52-20 Club"

Raleigh, N. C., Sept. 21.—(AP)—The State Unemployment Compensation Commission has cracked down on members of the "52-20 Club" by disqualifying 51 of Wake County jobless benefit claimants who refused offered jobs.

Chairman Henry Kendall of the UCC reported today that the unemployment compensation claims of the 51 men had been suspended following an investigation of reports that scores of potential workers—including many veterans—refusing jobs at Raleigh offices of the U. S. Employment Service.

Similar investigations are being made in other North Carolina cities, Kendall said.

Of the 51 Wake County men, veterans were held ineligible for weekly jobless benefits "until their attitude improves," and 15 others were penalized payments for a total of five weeks each, the UCC reported.

The UCC crackdown followed reports that many workers had faked to accept work on an emergency housing project at N. C. State College here.

Wallace And Truman Unanswered Questions Raised In Manner Of Wallace Going; Clear Picture Of What Actually Happened, And Why, May Never Be Known To Public

By JAMES MARLOW

Washington, Sept. 21.—(AP)—Henry Wallace is out of the government. The manner of going has raised questions which never may be answered.

They involve Wallace and President Truman. Wallace, being secretary of commerce and therefore having nothing to do with foreign policy, nevertheless wrote a speech critical of that policy, as laid down by Mr. Truman and Secretary of State Byrnes.

It was for delivery September 12, Wallace took it to Mr. Truman. On that same day Mr. Truman publicly said he approved the whole speech.

Mr. Truman said this speech—which called for a change in our attitude toward Russia—was in line with the Byrnes foreign policy. (Byrnes, at the peace conference,

did not see the speech and was consulted about it.) Without presidential okay, speech might have received attention. With the okay, it came a sensation. People everywhere wondered: Mr. Truman going to change American foreign policy? If so, why not be consulted Byrnes? Because of the confusion, Truman announced September 12 that he did not mean he had proved the whole speech, but Wallace's right to make it. Why then had Mr. Truman Sept. 12 said he approved the speech? Had he read it all of it, or had he read it at all? There's talk that Wallace read it to him that the men were several times during the (Continued on Page Two)

Strength FOR THE DAY

By SAUL L. DOUGLAS

**WORSHIP IS HIGHER THAN
DIFFERENCE**
"What do you believe about Jesus
Christ?"

What man who was asked this ques-
tion replied: "I believe Jesus was
the best and wisest man who ever
lived. But I believe in him only as
a man. His words help me like those
of Emerson, Carlyle, and Shake-
speare."
Statements like this yield some
very interesting results when ana-
lyzed. Does anyone seek out any of
these great seers on that fearful
day when death and trouble de-
scend on the home? Does anyone
claim for a moment that these men
with all their wisdom, are able to
set up a way of life that humanity
may follow with full assurance that
the path will lead to a transcended
social order? Did devotion to any of
these men ever build any hospitals,
or any other constructive number of
people to go down into their pockets
and bring up money that could be
used to build and maintain schools
and colleges?

And these men are truly great,
no one would deny, but that they
should be put on the same plane of
consideration as Jesus Christ, every-
one would have to deny who has
thoughtfully read the four Gospels
pondered its facts of human history,
and looked into his own heart.
The race was responding to the
soundest promptings of instinct
when it decided to date time from
the birth of this man Jesus. He has
a significance for the whole of hu-
manity which puts him in a class
quite apart from any or all other
great characters of history.

An Appeal To Our Negroes.

With Negro workers in
several local tobacco factories
scheduled to vote next
Tuesday and Thursday on
the choice of bargaining
agents, we again appeal to
our Negroes to consider very
carefully all the facts in-
volved before they tie them-
selves to either the CIO or
the AFL. Of the two, it is
our opinion that the AFL is
the lesser of the two evils,
but, as we see it, we believe
our Negroes would do well
at this time to form their
own independent union, if
they feel they need a union,
rather than choose either the
CIO or AFL.

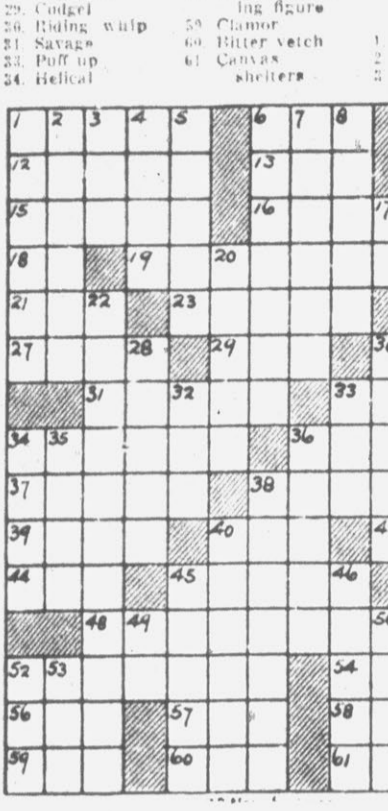

Our observation from the
news reports from over the
country is that the two ma-
jor organizations bring more
trouble to the workers than
they do actual benefits or
advantages, and it is for this
reason that we urge our Ne-
groes to steer clear of them
until they have given a fair
trial to their own independ-
ent unions. Frankly, we
believe that the chief motive
of the outside organizers is
to get initiation fees and
dues from our local workers
rather than to help them.

According to reports be-
ing circulated about the city
the tactics of the CIO orga-
nizers here are such as to
breed race hatred which, in
the end, instead of bringing
benefits to our Negroes may
bring grief to both our white
and Negro races.

In our opinion, there is
nothing that our Negroes
can gain or accomplish for
themselves through the CIO
or the AFL that they cannot

Firmness . . .

(Continued From Page One)
policy. Russia isn't soft itself and despises softness in others. The Soviet deals in direct action, and respects nothing less.
Therefore Uncle Sam's policy is one of firmness, which he adapts to the circumstances in which he finds himself. Unhappily the circumstances frequently are difficult because the Russians are distrustful of America. They regard the United States as the keystone of capitalism. And Moscow looks upon much of the rest of the Western world in the same light.

Wallace . . .

(Continued From Page One)
Some Democrats contended their party's ranks had now been closed and its chances improved.
One Democratic senator, talking with the understanding that his name would not be reported, said he thought it was largely a matter of what the CIO Political Action Committee does.

Many politicians agreed that the developments presage a bitter struggle during the next two years for control of the Democratic Party.
The issue is what group will name the 1948 presidential nominee and write the policies to which the party will be committed in that election year.
What is often called the party's left wing includes Wallace, Senator Pepper of Florida, the CIO-PAC and other elements which would go farther in social legislation than the remainder of the party.
The late Franklin D. Roosevelt led the factions together sufficiently to win one victory after another at the polls.
Mr. Truman had tried to do the same with some success up to now. Last May Wallace had said publicly he would support Mr. Truman for reelection in 1948.
Among those mentioned in first speculation over Mr. Truman's appointment of a successor to Wallace is Price Administrator Paul Porter, generally classed as a new dealer.

The chairman insisted that under United Nations rules, the fourth position was still alive.
Korbel said the rules require a second vote at a new meeting in 48 hours in case of a tie.
The Italian Commission voted 13 to 6 to insert the Italian-Austrian accord on the Tyrol in the Italian treaty.

Wallace-Truman . . .

(Continued From Page One)
But at the same time Mr. Truman was correcting himself on Sept. 14 about the kind of approval he gave, he said Byrnes would be consulted if there were to be any change in our foreign policy.
On Sept. 16 Wallace said he would make another speech on foreign policy within the near future. He was to speak again Sept. 24. But on Sept. 18, and rumors r. Truman was going to fire him, Wallace talked with the president.
He came out smiling, said "everything's lovely," added that his resignation had not been discussed, and announced he'd make no more speeches until after the Paris conference which ends next month.
Then yesterday Mr. Truman fired Wallace. But why did he wait until yesterday? Why didn't he fire him when he talked with Wallace at the Sept. 18 meeting, where Wallace said his resignation was not discussed?

Platypuses Coming

New York, Sept. 19—(AP)—Three young natives of Australia will take up permanent residence in the United States within the next few months—and they won't have any hoisting problems.
They are duck-billed platypuses among the world's rarest animals and will be quartered at the Bronx Zoo where elaborate preparations are being made for their comfort.

(Continued From Page One)
plus Greece, carried the first two paragraphs 7 to 6 against the U. S. and the Slav bloc—Russia, White Russia, the Ukraine, Czechoslovakia and Yugoslavia.
The U. S. took the position that special provisions for petroleum properties were unnecessary because they were covered by general clauses on property rights of allied nationals.
France, which abstained on the first two ballots, joined the British bloc in passing the third paragraph 8 to 6, then switched to the other side on the fourth paragraph, tying the count. The same lineup caused a tie on the annex as a whole. Then came the confusion over whether the vote on the whole included all four portions or merely the three approved ones.
Vandenberg declared Chairman Joseph Korbel of Czechoslovakia had erred in putting all four paragraphs to the vote on the whole when the last had failed to pass.

Attention! PARENTS:

Read This Aroud To Your CHILDREN!

The Children's Eyesight Piccolo
I will read only with my back to good light.
I will not rub my eyes with dirty hands, or use eyelid make-up.
I will not throw stones, sand, or rocks, or use sharp objects where they might strike the eyes of others.
I will use extreme care in the use of knives, fire rifles and other dangerous instruments.
I will cooperate with my parents in having my eyes examined each year.

FRIDAY
6:30 p. m.—Kiwanis Club.

Forty Years Ago Today

THE DAILY REFLECTOR
September 21, 1906

Days and nights are now of equal length.

According to the almanac summer ends today.

This was another big week for the tobacco market.

Yearly meeting is in progress at Great Swamp Church, four miles from town. A large crowd is expected there tomorrow.

Country

Country has added another impressive study of the romantic Bayou state in "Plantation Parade," subtitled, "The Grand Manner in Louisiana."

Along the banks of the Mississippi and its adjacent waters, sugar and cotton plantations arose in majestic splendor for over two hundred miles a century or two ago. Each plantation within itself was practically a self-supporting economic unit, flanked by dozens of outbuildings, galleons, slave quarters, offices, pigeoniers, stables, kitchen quarters and sugar houses. Framing all the elaborate estates were lush growths of trees, shrubs, flowers, and near-tropical vegetation which grew thick and profusely. And always the mighty "father of waters," on which depended to a very great extent the success or failure of plantation life, wound its relentless way through the heart of the country.

Bi-Monthly Bridge Club

Stokes, Sept. 19.—Mrs. Frances Van Dyke was hostess to members of the Bi-monthly Bridge club on Thursday night at her home here. Levelly arrangements of fall flowers formed a pretty setting for the games. High score was won by Mrs. Franklin Roebuck and low score went to Mrs. Charles Alfred Forbes.

Mrs. Van Dyke, assisted by her mother, Mrs. L. R. Whichard, served a delicious sweet course to the following members: Mrs. Gordon Clark, Mrs. H. F. Conleton, Mrs. Charles Alfred Forbes, Mrs. Marvin Barnhill, Mrs. Clifford Whichard, Mrs. Everett Knight, Mrs. Elmer Parker, and Mrs. Franklin Roebuck.

Buses to Ball Park

The Greenville Transit Company will operate express buses to and from Guy Smith Stadium tonight for the football game between Edenton and Greenville High School teams tonight at 8 o'clock.

Pentecostal Holiness Auxiliary

The Woman's Auxiliary of the Pentecostal Holiness Church will meet Monday night at 7:30 in the church.

Arrives in Korea

Mrs. Sidney Crane has arrived in Korea where she went to join her husband who is a chaplain in the army.

About Drivers' Licenses

No more drivers' licenses will be issued at State Highway Patrol headquarters at the City Hall until October 7. Col. John Laws said today Miss Louise Howard, drivers' license examiner, will be out of the city until that time. License examinations are made Mondays, Fridays and Saturdays.

Meeting at Atlantic Beach

The Kiwanis Club's officers and directors are week-end guests of W. Arthur Tripp at his cottage at Atlantic Beach for the monthly meeting, which will be held tonight. President Ed Rawl will preside. It is a custom among the Kiwanians for an officer or a director to be host at supper for the officers and directors meetings.

Kiwanis Enjoyed Weekly Meeting

By CHESTER WALSH
At the Kiwanis Club's supper meeting last night Joe R. Williams, editor of the State Farm Paper, made an interesting talk in which he reviewed the history of the industry through from the period from when there was no crop control and when the idea for the

RURITANS IN SUPPER MEET

Pactolus Club Had 'Ladies' Night' At Community Building

By CHESTER WALSH
The Pactolus Ruritan Club celebrated "ladies' night" and had "house-warming" exercises at the new community building there last night with a barbecued chicken supper and all of the "trimmings" and an hour of fine fellowship. Incidentally, Pactolus is the center of southern hospitality. The people there do things in a fine way and the construction of the modern and well-arranged Community Building was no exception. A visitor in the Pactolus community always has a feeling that he is glad he went and a desire to go again.

Don H. Conley, superintendent of Pitt County schools, made an impressive short talk during which he congratulated the Pactolus Township citizens for their public-spiritedness in providing funds by a bond sale to build the community house and equip it. The kitchen and lunch room facilities for the school are ideally equipped. The building is of cement tile, the floors are cement lighting arrangements and ventilation are adequate, and the Community Building is a credit to the community, Mr. Conley said, and added a good word for the members of the school committee and for J. M. Grimes, principal of the school and the teachers. He paid tribute to the active Parent-Teacher Association, and then related some humorous anecdotes which were crisp and entertaining.

Chester Walsh, public relations director for the Greenville Kiwanis Club, pinch-hitting for someone else, reviewed some of the history of Pactolus, especially the school and reminded J. Paul Davenport, chairman of the School Committee that although Pactolus was 24 years in getting that fine stretch of paved highway, it will be a fine asset to the section. He pointed out the good work of the Pactolus Ruritan Club, organized with a special program two years ago, with Congressman Herbert C. Bonner featuring it. He has done good work, James Chauncey is president of the club. Herman Hill is vice-president. Neel Lee is treasurer, and J. M. Grimes is secretary.

Mrs. J. Paul Davenport, Sr., led the singing of Ruritan songs, and the Ruritans demonstrated that in a singing contest they could outsing the Kiwanians and Rotarians, two to one.

Mrs. J. Paul Davenport, Jr., president, announced that the Pactolus PTA will meet next Tuesday night at 8 o'clock.

Incidentally it rained at Pactolus last night.

Rains Damage . . .

(Continued From Page One)
on N. C. 24 washed out between Morehead City and ocean, but one-way traffic being maintained.

NEVER TOO OLD ETC.
Los Angeles, Sept. 20.—(AP)—James M. Montee has a new pilot's license at the age of 84.

Montee, who leased a barley field in 1922 and converted it into what is the present home of Douglas Aircraft Company, had a license but it lapsed during the war after he had logged 300 hours.

A former stage coach driver, Montee soloed on his 60th birthday anniversary.

Fate Of Missing Cadet Uncovered

Sumter, S. C., Sept. 21.—(AP)—The skeleton returned to Shaw Field yesterday from nearby Wateree Swamp has been identified as that of aviation cadet Gerard T. Held of Chappaqua, N. Y., Col. T. W. Blackburn, commanding officer of the base, announced today. Identification was made by dental examination, Col. Blackburn said.

Finding of the bones, a decaled leather jacket and a molded partially-opened parachute ended the search for the cadet begun after his pilotless plane crashed in a field near the base November 24, 1943.

Sumter County Game Warden P. A. Broughton came upon the remains as he was looking for illegal fish traps in the swamp.

Tphoon Roars Into Naval Base At Guam

Guam, Sept. 21.—(AP)—A treacherous typhoon veered unexpectedly and roared today across this big U. S. naval base and three more fortified Mariana Islands to the north, leaving heavy military damage.

Huge sheets of corrugated steel from quonset huts were whipped through the air like leaves in the 100-mile gusts.

Rear Adm. Charles A. Pownall, commander of the Marianas, issued a statement in mid-afternoon that first, fragmentary reports indicated there were no serious injuries among navy or marine personnel or civilians.

Wives and children of military men had been removed from small quonset huts to stouter buildings and military personnel were confined indoors as word spread that the typhoon was shifting course.

Pownall said there was extensive damage to buildings throughout Guam, including the navy hospital. Many hangars were reported leveled at Harmon Field—from where B-29s used to take off for Tokyo.

Convive A & P . . .

this company grow." The chain continued.

If upheld, it will mean less food on every dinner table and less buying in every pay envelope.

BABSON

(Continued From Page One)
from the May highs while Commercial Solvents, which I still believe to be good, has fallen off about 37 per cent. The averages are yet well above Commercial Solvents.

Montgomery Ward is a stock I believe is good, which has shown a decided decline far below that of the averages, due in great part to the issue of rights. In 1932 Montgomery Ward declined to 3 1/2. It reached a high of 69 in 1937. It again receded in 1942 to a low of 23, which was a decline of 66 per cent compared to only 52 per cent for the Dow-Jones Industrial Averages. Along with the rest of the market the price of this stock progressed during the war. In May, 1946, Montgomery Ward reached a peak of 104 1/2. It has since sold off to a low of 65 1/2 or about a 37 per cent drop compared with only a 21 per cent drop for the Industrial Averages. A wise selection of individual issues may be made at this time if one's judgment is based on all the favorable factors I have mentioned, including a promising relationship to the Dow-Jones Averages.

Helicopters . . .

(Continued From Page One)
vivors had suffered broken arms or legs in the crash of the Sabena airliner Wednesday morning.

A 14-man U. S. Army rescue team was ministering to the group of survivors of a giant four-engine Belgian airliner, which crashed in the fog before dawn Wednesday morning, 22 miles from Gander airport.

Strewed around the victims were the bodies of 26 persons killed outright in the crash.

The wife of the U. S. President was called "Your Majesty" until 1815.

Pastoral Letter Expresses Stand

Philadelphia, Sept. 21.—(AP)—A grim-toned pastoral letter warning that mankind may be obliterated by new armaments of "fantastic power" but expressing belief that a lasting peace is possible marked the close of the 55th, triennial convention of the Protestant Episcopal Church in the U. S. A.

The letter, adopted by the 153 members of the church's house of bishops, was read at a religious service closing the 11-day meeting yesterday.

It set forth the stand of the bishops of world peace, world relief, racial understanding, industrial peace, the Christian family and Christian understanding. It urged the support of such steps "as will lead to the strengthening of the United Nations."

"We should lend our aid to human agencies of peace," the letter stated, "because Jesus Christ pointed the way for such amicable settlement."

In reference to labor strife, the letter stated that "if the parties concerned are governed only by self-interest, anarchy will prevail and the life of the nation will continue disturbed."

Football's Biggest And Best Season Under Way

By ROBERT GRUBB
New York, Sept. 21—(AP)—College football gets off to a running start today in what has been billed as the sport's biggest and best campaign, and the usual early-season setups for "name" teams may offer a few surprises.

Returning servicemen and over-loaded squads make the normally hazardous profession of prognostication doubly risky in this first big postwar season. The only certainty is that every team has much more to offer than its wartime predecessors.

All eyes will be on West Point where Army gets off to its earliest start in 56 years of participation with Villanova, the Cadets' 34-0 victim of 1945. Villanova, 40-6 winner over Kings Point Midshipmen in the Wildcats' opener last week, promises a different kind of opposition this time.

Navy, which like Army lost some of its All-America manpower, won't see action until next week.

Only other contests slated for the East are Lehigh at Kings Point and Otterbein-West Virginia.

Indiana, champion of the big time last year, opens against Cincinnati at Bloomington, Illinois, an expected Western conference powerhouse meets Pitt at Pittsburgh, Iowa entertains North Dakota State, Purdue plays host to Miami of Ohio, and Wisconsin is at home to Marquette.

Missouri, favored to repeat as champion of the big six, meets

Texas, its conqueror in the 1946 Cotton Bowl and champion of the Southwest, in a game worthy of late season. Iowa State meets Colorado University at Boulder and Kansas battles Texas Christian in a night game at Kansas City.

A league contest headlines the opening in the Southwest conference with Mississippi and Kentucky meeting under lights at Lexington, Texas. Aggies play North Texas State, Texas Tech meets West Texas State, Tulsa battles Wichita and Baylor takes on Southwestern of Texas.

In the South, Clemson meets Presbyterian, Davidson engages Epsilon, Richmond clashes with Randolph-Macon and V. M. I. faces Carolina.

In openers last night, University of Alabama took Farman 26-7, DePaul overpowered Wayne University 31-0, Drake defeated St. Ambrose 26-15, Canisius of Buffalo trounced Western Ontario 34-3, West Chester (Pa.) Teachers beat Moravian 14-6, and Guilford beat Newport News Apprentice School 7-0.

Yesterday's results
NATIONAL LEAGUE
Brooklyn 5, Cincinnati 3.
(Only game scheduled.)
AMERICAN LEAGUE
Detroit 15, Cleveland 1.
Chicago at St. Louis—postponed.
(Only games scheduled.)

Phantoms Show Wares Tonight

Coach Bo Farley holds the postponed unveiling of his 1946 football eleven here tonight when his Green Phantoms meet the Edenton Aces at eight o'clock in Guy Smith Stadium.

The untried Greenies will no after their first victory in as many starts tonight when they play the first of a ten game schedule.

Incidentally, tonight's contest pits pupil against mentor, as the Edenton coach, Tex Lindsey, was formerly one of Coach Farley's charges on the ECTC eleven.

The Greenville starting line-up will probably be as follows: Henry Turner and Billy White at ends; Jim Tanner and Bud Whitehurst at tackles; Tommy Ellers and June Rose at guards; Dennis Cook at center; Mahlon Tucker or Billy Goodson at full back; Jimmy Lee at full back; Lewis Evans at wing back; and Dave Clark in the blocking back.

Ex-Champ Apostoli On Come-Back Trail

San Francisco, Sept. 21—(AP)—Fred Apostoli, 159, San Francisco 32-year-old former middleweight boxing champion making a come-back, knocked out George Duke 153, Petaluma, Calif., in the ninth round of a scheduled 10-round bout at the Civic Auditorium tonight.

Apostoli, after giving his opponent a heavy body beating for five rounds, flattened Duke with a right and left for the full count.

"THE SEARCHING WIND" DRAMATIC MOVIE

Robert Young and Ann Richards co-starred with Sylvia Sidney in the film version of the stage play, "The Searching Wind," opening tomorrow at Pitt.

Scouts To Watch Army-Villanova

West Point, N. Y., Sept. 21—(AP)—Scouts from every team on Army's football schedule came here today to watch the Mules go after their 19th consecutive victory in opening the 1946 campaign with Villanova.

Representatives of Oklahoma, Cornell, Michigan, Columbia, Duke

Sports

By JOE REICHLER
Associated Press Sports Writer
What was conjectured a week ago has taken on aspects of probability as National League President Ford Frick announced today that in the event the Brooklyn Dodgers and St. Louis Cardinals finish the regular season in a tie for first place there will be a three-game post-season playoff between the two contenders.

Not until the deadlock becomes a fact, however, will Frick name a playing site, which in all likelihood will be a neutral field.

Naturally such a situation would involve the setting back of the World Series, perhaps a full week to Oct. 9.

Hanging on for dear life, the battling Brooks today were only one game behind the Cards, confident that they can catch the Redbirds at the final pole. Following yesterday's playoff of the recent Dodgers-Reds 19-inning scoreless tie, both clubs are even so far as the schedule is concerned. Each has only eight games left, and each has five more at home.

With typical Dodger pluck, Brooklyn came from behind to defeat the Reds 5-3 yesterday. Trailing 2-0 in the last half of the fifth, the Brooks garnered their first run off Johnny Vander Meer in 29 innings on Joe Medwick's run-producing poke, and then Dixie Walker came through with a three-run homer to climax a four-run inning.

The Reds kept pecking away sending Hank Behrman, who had relieved starter Art Herring in the fifth, to the showers in the eighth when they filled the bases. Hugh Casey came on to end the threat and, after giving up a run in the ninth, fanned Ray Mueller for the final out to leave the potential tying runs on the basepaths.

The Detroit Tigers took advantage of Cleveland's use of almost an entire rookie squad to scalp the Indians 15-1.

The majors' only others scheduled game, between the Chicago White Sox and St. Louis Browns, was postponed by rain.

West Virginia, Notre Dame, Penn and Navy were all seeking the answer to the question: "How good are the Cadets this year?"

Villanova took a 54-0 drubbing a year ago, but this season's Wildcat outfit has shown vast improvement and hopes to narrow the margin to respectable proportions. The 'Cats got off to a running start last week by shelling Kings Point Merchant Marine Academy 40-3.

Despite the loss of three All-America linemen who starred last year Army is fielding a veteran combination of seven of the 1946 championship contingent. Added are two who were rated second-string last year only because a couple of upperclassmen got the starting call over them.

The touchdown twins, Glenn Davis and Doc Blanchard, are slated to start. "Mr. Inside" and "Mr. Outside" spent only 14 minutes each in the Cadets' rout of Villanova last year.

Sentence Soldiers To Die By Hanging

Frankfurt, Germany, Sept. 20—(AP)—Two American air force soldiers have been sentenced to be hanged and three others to life

For REAL PROMPT Relief from **MUSCULAR ACHES-PAINS**

imprisonment on conviction of raping two German women, headquarters of U. S. Air Forces in Europe announced today.

It listed those sentenced to die as Cpl. Asbury L. Wells of 6 Cedar Street, Wallaware Shoals, S. C., (unlisted Postal Guide) and Pfc Gonzalo Salinas of Lincoln, N. M.

The sentences handed down Sept. 13 by courtmartial, will be reviewed by the Commanding General of the Ninth Air Force Service Command and must then be confirmed by the War Department in Washington before they can be executed.

SUNNY SIDE UP
Decatur, Ind., Sept. 20—(AP)—Lem Ehler, restaurant operator kept saying, "Sorry, no ham, no steaks, no pork, no meat." It got tiresome.

Finally Lem went to work on a sign. It was a big one and covered an entire wall when he tacked it up. It said:

"How do you want your eggs?"

ADD WEAK REJOINERS
Jacksonville, Fla., Sept. 19—(AP)—A motorcycle officer stopped a driver who turned left at a downtown thoroughfare — almost knocking down a "No Left Turn" sign in the middle of the street.

"Didn't you see that sign?" asked the officer.

"Yes, but I'm from out of town," replied the driver.

ORDINANCE PROHIBITING THE PARKING OF VEHICLES ON THE EAST SIDE OF EVANS STREET BETWEEN FIFTH STREET AND SEVENTH STREET
The Board of Aldermen of the City of Greenville do ordain:

Section 1. That it shall be unlawful for any person, firm or corporation to park any automobile, truck, bus, motorcycle, or other vehicle of any kind on any portion of Evans Street lying between Fifth Street and Seventh Street except on the West side of said street within the regular marked and designated parking spaces; except regular authorized bus stop.

Section 2. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction by the Court shall pay a fine of \$5.00.

Section 3. This ordinance shall be in full force and effect from and after its adoption.

Adopted Sept. 16, 1946.

J. H. BOYD, JR., Mayor

Attest: J. O. Duval, City Clerk.

ORDINANCE PROHIBITING THE DRIVING OF AUTOMOBILES, AND OTHER VEHICLES THROUGH AND ACROSS PRIVATELY OWNED PROPERTY ADJACENT TO STREET INTERSECTIONS WHERE STOP-LIGHTS, SIGNS OR OTHER SIGNAL DEVICES ARE MAINTAINED, TO AVOID SUCH STOP-LIGHTS, ETC.

The Board of Aldermen of the City of Greenville do Ordain:

Section 1. That it shall be unlawful for any person, while operating any automobile, truck, bus, tractor, motorcycle, bicycle, or other vehicle of any kind, and when approaching any street intersection at which any stop-light, traffic sign or other signal device is maintained for the guidance of traffic, and-or at which intersection the operator or driver of such vehicle is otherwise required

Room that remembers
HE'S TALL, SHE'S TINY
He's six feet, she's five-three, and they've wisely planned a living room where both of them... and all their friends... can be comfortable.
That extra-long sofa for instance... stretch full-length on it, or sit beside three friends with ample elbow room. The low chairs are her idea of heaven. Paired cozily, and built so that even a tiny person can lean back blissfully. You can see it's a room that will really be lived in! Furniture by Tomlinson has the rare knack of expressing the way you live today.
