TENTATIVE OK GIVEN STATE MEDICAL PLAN

Program For Expansion Of N. C. Hospital Facilities Is Outlined

Raleigh, N. C., Sept. 23—(AP)—A \$48,500,000 program for the expansion of North Carolina's hospital facilities during the next five years was projected today by the executive committee of the North Carolina Medical Society.

At a meeting here yesterday, the committee approved a tentative blue-print for a state hospital building program and voted to ask the State Medical Care Commission to request the General Assembly to make an appropriation of \$10,000,000 at its 1947 session and another \$10,000,000 in 1949 to help finance the program.

The hospital program is predicated upon appropriation by Congress of \$75,000,000 a year for five years under the Hill-Burton Act. If North Carolina's share does not fall below the \$3,485,535 allotted the state for the first year, the state is expected to receive a total of \$17,414,175 in federal funds for hospital building during the five-year period, 1947-51.

The blue-print, which was presented to the committee by Dr. Hamilton McKay of Charlotte, chairman of the Medical Society's advisory committee to the State Medical Care Commission, recommends:

That the General Assembly take steps to match fully the federal funds under the Hill-Burton Act.

That the hospital building program have as its objectives:

1. Insuring every citizen the advantages of a hospital or health center within one to 25 miles.
2. Assurance that every county will have either a hospital or one or more health centers.
3. Needed additional beds for mental, tubercular, orthopedic, blind, spastic and other groups.

In general, one-third of the hospital funds would come from the federal government, one-third from the state, and one-third from local units.

However, the committee recommended that the state's contribution to poorer counties be greater than one-third and the contribution to the richer counties be less than one-third so that "no arbitrary limitation of this kind should prevent the state from seeing to it that equal opportunity for health is given all the people of North Carolina."

The proposed program calls for: the addition of 4,800 general hospital beds, the erection of 30 health centers throughout the state, the addition of 1,500 beds to the state's mental hospital, the addition of 700 beds to tubercular hospitals, and a teaching hospital with 400 beds.

Typhoon-Torn Guam Resumes Air Travel

Guam, Sept. 23—(AP)—Air travel is to be resumed to and from typhoon-swept Guam today. Saturday's devastating storm has moved into the area 300 miles southwest of Okinawa, curving tentatively toward Formosa.

The island command announced that 30 days would be required to return Guam to a reasonable functioning schedule, but much longer than that to complete necessary rebuilding.

Nehru Would Resign Indian Presidency

New Delhi, India, Sept. 23—(AP)—Pandit Jawaharlal Nehru, leading minister of the new interim government, asked the Congress Party today to relieve him of its presidency. He said there "may be many tests and fights ahead of the Congress and it is therefore improper that the president should also be a member of the interim government."

U. N. Ideal Not Dead

Despite The Pessimism Of European Intellectuals, This Analyst Points Out That To Win "One World" We Must Work For It; The Task Is Tremendous

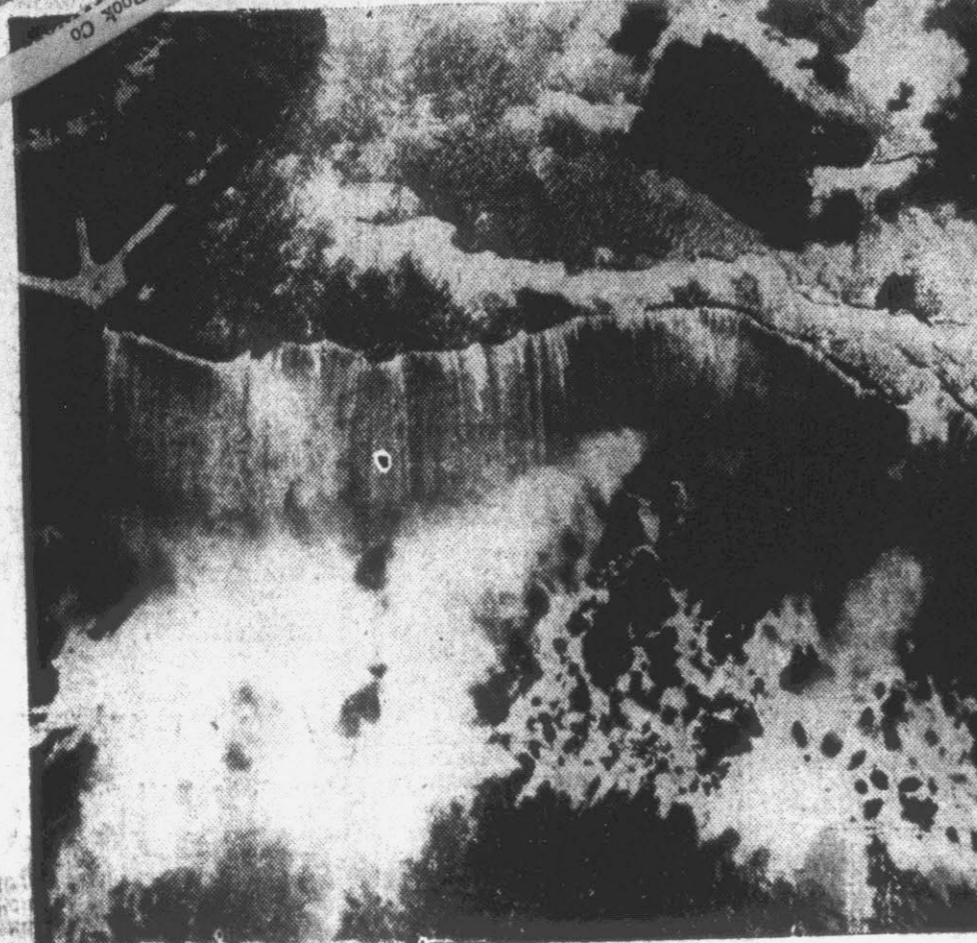

By DEWITT MACKENZIE

The international committee for the study of European problems—a privately formed organization made up of prominent statesmen, diplomats, educators and scientists of six European countries—has thrown a decidedly wet blanket on our hopes of achieving peace and unity by the United Nations.

This committee predicts failure for the U. N. in avoiding war and advocates the formation of a world federation of nations—a world state—for preserving peace. Such a federation, the advocates admit, would entail "important surrenders of national sovereignty."

One doesn't question lightly the views of such personages as Lord Beveridge, Liberal British economist; British Physicist M. L. Oliphant; Robert Gillon, president of the Belgian Senate; Eduard Herriot, former French premier, and Beola-

A Section Of-Niagara Falls Collapses

Aerial view was made a short while after a huge section of rock on the brink of Niagara Falls collapsed and tumbled down the 168-foot face of the cataract September 22. The break occurred in the American Falls, giving this section some resemblance to the adjacent Canadian Horseshoe Falls. The city of Niagara Falls, N. Y., was shaken with earthquake intensity as the mass of rock, 120 feet wide at the top and 30 wide at the bottom, was torn away and fell to the bottom of the gorge. (AP Wirephoto).

Harriman To Take Up Cabinet Duties

Washington, Sept. 23—(AP)—W. Averell Harriman's addition to President Truman's official family edged it further away today from domestic issue views espoused by Henry Wallace and United Oil policy toward Russia.

The present ambassador to Britain, tapped by M. Truman to replace the ousted Wallace as secretary of commerce, is widely credited, in fact, with having had a major hand in framing the present policy of firmness toward the Soviets.

It was Wallace's public disagreement with this policy which led the president to dismiss him from the cabinet on Friday.

Harriman gained his ideas of how to deal with the Russians first in handling lend-lease aid to them and later in more than two years as ambassador to Moscow. In personal relations, those ideas worked. He was highly popular.

Politically, the new secretary-designate is, like Wallace, a Republican turned new leader. Now 55, Harriman was born to wealth and became a Wall Street banker. He and a brother inherited some \$100,000,000 from his father, E. H. Harriman, the railroad (Union Pacific) magnate.

But he supported Al Smith, the unsuccessful Democratic presidential nominee in 1928, and came under the new deal banner when the late President Roosevelt unfurled it in 1932.

Despite this new dealish background, Harriman is far away from Wallace on many social and economic issues. There is no trace in the appointment of any bid to the CIO Political Action Committee and other groups which follow Wallace.

London, Sept. 23—(AP)—W. Averell Harriman, chosen to succeed Henry Wallace as secretary of commerce, said today:

OPEN HEARING ON EXCESSIVE WAR PROFITS

Kaiser Testifies As To Low Net Profits Firm Made During War

Washington, Sept. 23—(AP)—Estimated profits of \$356,000,000 on capital investment of \$279,976 by 19 war time ship builders were cited today by the general accounting office as evidence of the need for protection of tax payers.

Ralph E. Casey, accounting office representative, told a house merchant marine subcommittee the figures indicated "the need for restoring some of the safeguards, checks and controls which experience has dictated are absolutely essential to the protection of tax payers against excessive and illegal expenditure of public funds."

The committee is studying the operations of the 19 companies who used shipyards built by the government.

As hearings began, shipbuilder Henry J. Kaiser gave reporters a statement saying that the combined net profits of the companies he operated were less than one-tenth of one per cent of dollar value after deducting losses and paying taxes.

He released its Marvin Colles, committee investigator, told the committee that the total fees and profits received by the Kaiser companies amounted to \$182,231,284 on a total capital investment of \$2,450,000.

Coles also said that the St. Johns Shipbuilding Company in Florida, not a Kaiser operation, had profits and fees of \$2,080,000 on a total capital investment of \$600,000—approximately 350,000 per cent.

Asserting his belief that industry is entitled to a reasonable profit for its efforts and risks, Coles said he believed the committee did not approve of "unreasonable wartime profits and was profiteering."

In most of the cases being investigated, Coles said, the operators of the shipyards had no money of their own invested in the physical properties and there was no possibility of loss to the operators.

The government, he explained, spent \$424,250,694 for the construction of shipyards operated by the 19 companies whose records are being examined. These companies had total combined net worth of their own of only \$823,000,000, he added, and their total fees and profits from the government amounted to \$356,006,612.

RUSSIAN SAYS UN A FAILURE

In The Handling Of Displaced Persons And Refugees

Lake Success, N. Y., Sept. 23—(AP)—The Russian delegate to the United Nations Economic and Social Council in effect accused the United States and Great Britain today of converting the world's refugee problem into a political football.

Nikolai Feonov, the Soviet delegate, declared flatly that the United Nations has been "a failure" in handling displaced persons and refugees.

Feonov assailed the United States' position on four main points:

1. Repatriation in general: Here the U. S. and Britain want to insert the clause "those who want to return" from the displaced camps to their countries of origin. The

U. S. Ambassador Fears Fliers Slaves In China

Nanking, Sept. 23—(AP)—Ambassador J. Leighton Stuart said today there was reason to believe some long-missing American B-29 bombers may still be living—as slaves in savage Lolo land, near the setting of mythical Shangri-Lai.

American military authorities have been given all available reports from sources which Ambassador Stuart termed reliable. But officers said that a rescue expedition to this uncharted west China region, one of the wildest mountain areas on earth, would be a formidable undertaking. Even an investigation would involve tremendous difficulties.

SURGEON DIED AT HOSPITAL

Dr. Frank Wilson, Jr., Passes; Funeral In Raleigh Tuesday

Dr. Frank Wilson, Jr., well-known Raleigh surgeon, died yesterday afternoon in Duke Hospital, Durham after a short illness.

Approximately two weeks ago, Dr. Wilson was taken ill with influenza but continued working until a week ago, when he was admitted to Rex Hospital. Shortly before his death he was transferred to Duke.

A native of Greenville, Dr. Wilson was the son of the late Frank Wilson, Sr., and Mrs. Wilson. He attended the Greenville City Schools and was graduated from Greenville High School in 1928. He was graduated from the University of North Carolina with a B. S. Degree in Medicine.

Subsequently, Dr. Wilson attended the Medical School of the University of Maryland and was graduated from that institution with an M. D. Degree in 1932. For a time, he trained under the direction of Dr. Arthur M. Shipley at the University of Maryland Hospital and at the Baltimore City Hospital. Later, he received additional training at the U. S. Marine Hospital at Baltimore, Md.

In 1937, Dr. Wilson came to Raleigh and began the practice of surgery. He practiced here until he entered the Army Medical Corps as a captain in July, 1942. After four years of service, he was discharged last July, with the rank of major. He then reestablished his surgical practice here.

Dr. Wilson was a Fellow of the American College of Surgeons; certified by the American Board of Surgery; member of the staff of Rex Hospital; member of the staff of Saint Agnes Hospital; consulting surgeon of the State Hospital at Dix Hill; consulting surgeon of the Seaboard Air Line Railroad; member of the Wake County Medical Society; member of the North Carolina Medical Society; member of the American Medical Association; member of the Raleigh Rotary Club, and member of the Theta Kappa Psi Medical Fraternity.

Surviving are his wife, the former Alice Barbour of Clayton; a daughter, Alice Elizabeth Wilson; a son, Gordon Frank Wilson; his mother, Mrs. Frank Wilson, Sr., of Greenville; two sisters, Mrs. Carl S. Ingle of Jacksonville, Fla., and Miss Elizabeth Wilson of Greenville; and two brothers, Dr. Howard Wilson of Raleigh and Thomas E. Wilson of Greenville.

American Surprise Move Capsizes Whole Structure Of Indemnity Program; Economic Expert Says Romania Unable To Pay 100% Reparations; Will Ask For Percentage

Paris, Sept. 23—(AP)—The U. S. siding with Russia, abandoned today the principle of full compensation for allied property losses in Romania. The move capsized the whole indemnity structure of the peace conference.

Willard Thorp, U. S. State Department economic expert, told the Balkan-Finnish economic commission that the U. S. had become convinced that Romania could not support all reparations and compensation burdens placed upon her by the original draft treaty proposals.

Russia has been fighting from the start for the principle of only one-third compensation for property losses suffered by private United Nations individuals and concerns in defeated countries.

France, which joined the U. S. in a similar move before the Italian economic commission last week, declared after Thorp's statement that it reserved the right to modify its position later.

Britain declared that the move had changed the situation but implied it would hold to its original 100 per cent compensation plan.

The American surprise move arrived as an amendment to article 24 of the Romanian draft treaty which has stymied the commission for several meetings. The United States did not state what percentage of losses it would ask in compensation.

Thorp said that full compensation for damage to United Nations property would mean Romania will have to pay \$70,000,000, of which \$50,000,000 represented damage to oil property by allied bombings of demilitarized German oil.

Of this amount, he said, \$10,000,000 has been paid.

However, Thorp added, restitution of loot by Romania would cost that country \$125,000,000, maintain Russian occupation troops \$325,000,000 and reparations to the Soviets another \$300,000,000. He argued that this total of 750,000,000—omitting the total compensation charges—was enough for a small country such as Romania to pay.

Air ROTC Starts For 76 Colleges

Washington, Sept. 23—(AP)—Army Air Forces announced today that its ROTC program will start this fall at 76 colleges and universities with facilities for 7,200 elementary and 9,000 advanced students.

The program, said the announcement, is intended to "provide the AAF with a steady flow of college-trained officers." The four-year course will lead to commissions as second lieutenant in the air reserve, said Major General Earle K. Partridge, Assistant Chief of Air Staff for Training.

Schools with air ROTC courses for the fall term include: Maryland—the Johns Hopkins University, Baltimore; University of Maryland, College Park; University of North Carolina State College of Agriculture and Engineering.

South Carolina—Clemson Agricultural College; the Citadel, Charleston.

Virginia—Virginia Military Institute, Lexington; Virginia Polytechnic Institute, Blacksburg.

Washington, D. C.—Georgetown University; Howard University (New York).

Population Trends

Census Bureau Figures U. S. Population Will Begin Decline In 1990; Slow-Down Result Of Decline In Birth Rate; Median Age Group Growing Older

By ALEXANDER R. GEORGE

Washington—The Bureau of the Census figures that the population of the United States will start to decline after it reaches a peak of about 165,000,000 in 1990. The population now is estimated at 140,840,000.

This slowing down in the growth of the population is the result of a long-range decline in the birth rate. Although the war brought about a marked increase in births during the 1940s, the downward trend in the birth rate is expected to start again.

Some advocates of larger families have expressed alarm at the prospect of "a nation of old people." They have presented a gloomy picture of "a dying race, a future America of graveyards, physically and economically weak and inefficient, and powerless in war."

Population experts, however, say no such situation is in prospect.

Dr. John D. Durand, population analyst of the Census Bureau, says the age shifts will play a part in future economic developments but that "the outlook is not alarming."

He points out there may be only moderate changes in age distribution because past upward trends in the birth rate, similar to the big spurt induced by the war, may be resumed at various periods.

The population is growing older because of a slump in the death rate combined with the long-range drop in the birth rate. If these trends continue, the median age of the population is expected to increase from 30 at present to about 37 by the year 2000. Median is the age which divides the population into two equal groups, one-half older and one-half younger than

Tripp's guests at a seafood supper at the Seaside Club Market at Morehead City Saturday night.

The business meeting was held at Mr. and Mrs. Tripp's commodious seaside home, "Terry's Shack," named in honor of their daughter, Miss Terry Tripp.

President Ed Rawl, who presided, reviewed Secretary Dave Moore's report on the club's activities and future plans, and congratulated the officers and directors for their cooperation and the achievements of the year.

Matters up for consideration included the project of the Kiwanis Club to educate a worthy boy and girl at East Carolina Teachers College; the celebration of the club's 25th birthday with a "silver anniversary" banquet at the Woman's Club on Friday, October 11, when Kiwanis International and Carolinas Kiwanis District officials and others will attend. The Kiwanis minstrel, an annual event which provides funds for the underprivileged child-activities, came up for discussion. The club report indicated that it is in a flourishing condition, has 76 members and a "waiting list." A vote of thanks was tendered Mr. and Mrs. Tripp and Miss Terry Tripp for their hospitality.

It is a Kiwanis custom for different officers and directors to entertain the group at monthly meetings. They have been fruitful of excellent results. Those present in addition to President Rawl and Secretary Moore and Director Tripp were Past President Dr. J. M. Barrett, Vice-President Eli Bloom, Dr. H. G. Hanev, John D. Hice, David A. Gypsies Mourn Death Of Queen

Philadelphia, Sept. 23—(AP)—Hundreds of mourning gypsies from scattered parts of the nation gathered today to pay their final respects to their dead queen, Mrs. Martha Evans, wife of George Evans, king of the Evans tribe, one of the largest and best known groups in America.

Unshaven and unkempt gypsies men filed by the Mahogany coffin of their queen while the women, minus cosmetics and the gay colorful ornaments looked on in some reverence at the queen who had been their guide and counselor in love and marriage.

No one was permitted to use soap and if a man sneezed he was expected to tear his shirt, for these were the rituals prescribed by ancient unwritten law. No food has passed the mouths of those next to kin since the queen died Saturday.

Only a little wine is served and before the drinker raises the cup, a few drops are spilled on the ground—the queen's share in the next world.

mands that complete lists of all persons be submitted to their home governments and contends the U. S. and Britain have refused to allow this move.

4. Orphans: Russia wants the immediate repatriation of orphans and charges the two countries are blocking this move.

ton 20 ships were back in operation and a like number were being worked in Baltimore.

First sailings from San Francisco were expected today and 11 of the 50 ships released by the strike's end at New Orleans sailed yesterday.

The increase will make the wage of able-bodied seamen \$172.50 a month and firemen and waterfronters 177.50.

Harriman . . .

(Continued From Page One)

"I fully support the foreign policy of Mr. Truman and Mr. Byrnes, who are carrying on the high principles laid down by Mr. Roosevelt. 'There lies the road to peace.'"

Embassy sources said Harriman planned to go to Paris within the next few days, giving him an opportunity to talk with Secretary of State Byrnes.

Pauley Report . . .

(Continued From Page One)

"Some coolitically minded advisers have favored a release as a factor in the congressional elections, in order to show that the administration is still working on the problem of resettling Jewish DPS displaced persons."

"Others have opposed publication on the grounds that the report would merely serve as an unpleasant reminder that more than a year has passed since the president first asked the British to permit the 100,000 Jewish DPS in Germany to enter Palestine."

"These advisers fear a Jewish protest vote in New York and other industrial states this year out of resentment against Truman's acquiescence in the British government's failure to keep its promise to carry out the unanimous recommendations of the Anglo-American committee of inquiry, which asked that the gates of Palestine be opened to the 100,000."

"Some State Department advisers, as hostile to Jewish immigration to Palestine as is the British government, have been against publication of the report on the familiar ground that it will 'inflammate the Arabs' and on the newer argument that reparations for resettlement may antagonize the Germans and spoil the effect of the olive branch held out to them in the Stuttgart speech."

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? Is there here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour, food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

National Dog Week Observed

B. B. Drum of Drum's Hatchery and Feed Store has been named committeeman for this community of National Dog Week. September 23 to 28, according to an announcement received here from National Dog Week headquarters in New York City. Mayor Jack Boyd today pointed out the seven-point objective of the observance.

This marks the 19th consecutive annual observance of National Dog Week, a movement of non-part character which attempts to make the dog more valuable to his owner and more acceptable to the non-owner. General Chairman for 1946 is Lowell Thomas, well-known lecturer, world traveler and radio commentator.

The seven-point objectives of National Dog Week include: 1. A good home for every dog. 2. Eliminate stray dogs from the streets. 3. Better informed dog owners. 4. Teach consideration for dogs and all animals. 5. Emphasize the dog's use as a companion, helper and home protector. 6. Secure fair laws for dogs and their owners. 7. Teach respect for the rights of non-dog owners.

Plans are now being made for a "dog and pet parade" next Monday.

Members of this year's advisory committee for National Dog Week include such nationally prominent personalities as Henry D. Bixby

Executive Vice president of the American Kennel Club; Sydney H. Coleman, of the American Humane Association; James Farquharson D. V. M., president of the American Veterinary Medical Association; Hon. John Phillips, United States Congress; Dr. James E. West, Boy Scouts of America; and Mrs. C. Vaughn Ferguson, national president of the Girl Scout organization.

Surgeon Died . . .

(One page word postponed)

Funeral services will be held from the Edenton Street Methodist Church on Tuesday morning at 11 o'clock, with Dr. A. J. Hobbs, pastor of the church, officiating, assisted by the Rev. Walter Patten of Louisbourg and the Rev. Robert W. Bradshaw of Greenville. Burial will be in Montlawn. The Wake County Medical Society will serve as honorary pallbearers.

Phantoms Win 13-7 In First Game Of Season

By DAVE CLARK

The Green Phantoms struck twice in the opening minutes of play here Saturday night to run up a thirteen point lead, then came back to lead through the final three hectic quarters to register a 13-7 victory over the hard fighting Edenton Aces.

Jimmy Lee was the running and passing star for the Phantoms Saturday night, as he scored both touchdowns and completed three out of five of his aerial tosses.

Greenville, with Roscoe Little doing the booting, kicked off to start the game, and when Edenton fumbled, caught them back on about their own twenty-five yard line. After running one play, Edenton kicked out of bounds on their own thirty five.

Greenville took over at this point, and on the first play from scrimmage Lee broke through guard and raced through the Edenton secondary for a touchdown. Lewis Evans' attempted kick for the extra point

was low.

The Phantoms scored again a few minutes later when they recovered an Edenton fumble, and after a play or two, Lee broke off tackle tally Lewis Evans passed to Billy White in the end zone for the extra point.

Edenton dominated the play in the second quarter, scoring once and threatening to score twice more. They scored on a straight line buck from about the three yard line after being held for three downs.

In the second half, the Phantoms were boss once more, although Edenton did threaten the Phantom goal early in the third quarter.

Except for numerous penalties which the Phantoms drew, the score could have been higher. On one occasion, speedy wingback Lewis Evans took fifty five yards to pay dirt only to have the play called back because of a holding penalty. Evans' run was the most spectacular and the longest of the night.

Although Greenville won, their offense and defense showed many mistakes which will have to be ironed out before they become a smooth working unit.

College Football Season Moving Into High Gear

New York, Sept. 23—(AP)—Off to a flying start last Saturday, the college football season moves into high gear next week-end with choice inter-sectional struggles dotting the program and enough conference clashes to provide an early line on title prospects in most of the major loops.

The Midwest, where Cincinnati spilled Indiana 15-6 in a startling upset which speeded the opening program, also boasts the top attraction next Saturday—an early season collision between two teams that are expected to be among the best in the land, Illinois and Notre Dame.

Illinois, which will be on its home field at Champaign for this one warmed up to the task by rolling over Pittsburgh 33-7 in the opener for both clubs Saturday.

It will be the first appearance for the fighting Irish, reportedly loaded with talent and operating once again under Frank Leahy.

But elsewhere around the Midwest, as well as in other sections of the country, there will be enough high class competition to satisfy the swarms of fans who have been running over each other to buy a pair of \$4.40 seats in the stands.

In the east, a great Army team which souashed Villanova 35-0 to open the season with its 19th consecutive triumph, catches an unknown inter-sectional opponent in Oklahoma, striving to rebuild with a new coach and a galaxy of prewar stars.

Villanova, meanwhile, will open Navy's season at Annapolis.

In the Southwest, Texas, which surpassed early predictions by smothering Missouri 42-0, enters Iowa State, Oklahoma A. and M. which ran its victory string to 20 in a row by turning back Denver 40-7, will be at home against Arkansas.

First game to the Southeast Conference sends Baylor, 21-7 winner over Southwestern, against Texas Christian, which played a scoreless tie with Kansas Saturday night. Texas Tech will meet Texas A. and M. at San Antonio and Florida State will be at rice in non-conference clashes.

Alabama, Southeastern Conference favorite which was unimpressive in stopping Furman 26-7, invades Tulane for its first league test. Mississippi will play at Florida and Georgia Tech at Tennessee in other title tilts.

Kentucky, 20-6 winner over Mississippi in the Southeastern opener catches the giant-killer, Cincinnati on the latter's field.

Duke moves into North Carolina State in the Southern Conference feature. Other top tilts in the south will find Mississippi State at Chattanooga, Tennessee Tech at Vanderbilt, Virginia Tech at North Carolina, VMI at Richmond and Bababridge Navy at Maryland.

the major college football upset of the year Saturday in defeating Indiana University 15-6, says there was no mistake about his team's performance.

"We just outfooted 'em," he declared.

"Of course, we had the psychological jump on Indiana," the 32-year-old Nolting told newsmen today as he sent his charges through a regular workout in preparation for the University of Kentucky game here Saturday night.

"I believe Indiana was thinking about its upcoming game with Michigan," he said, "and we were ready for the kill. The Hoosiers didn't think too much of us and we had everything to gain."

around the Chickasaw course.

Moreover, it followed on the heels of a similar upset in Nashville where last week the links elite were humbled by a comparative newcomer Johnny Palmer of Badin, N. C.
