CHINESE PLAN FRESH TRY TO END WARFARE

Meetings To Decide Issue Of Peace War; Observers Pessimistic

Shanghai, Oct. 19.—(AP)—Renewing hopes of peace for China, Gen. Chou En-Lai, chief Communist negotiator, agreed today to return to Nanking for negotiations and will leave for the capital next Monday.

It was Chou who previously had served the government an ultimatum that if Kaigan, Chahar provincial capital, was wrested from the Communists that negotiations were at end and a civil war to the finish was inevitable. Kaigan fell last week.

Peiping, Oct. 19.—(AP)—China's highest government generals met in a momentous session today as their victorious armies rolled southward toward Communist-besieged Paoting, capital of Hopeh province.

Observers predicted the issue of peace or war would be settled within two days, and they leaned to the belief that it would be civil war.

Gen. Chen Cheng, China's chief of staff, called the meeting which an announcement said without amplification was attended by a very high military authority from Nanking.

The presence of Gen. Tu Li-Ming, commander in Manchuria, and his chief of staff, Gen. Chao Chia-Hsiang, coupled with sporadic clashes and increased government troop movements in Manchuria, led to speculation that something might be afoot in that sprawling northeast territory.

Others included Gen. Fu Tso-Yi, conqueror and now governor of Kaigan, Gen. Wang Yao-Wu from Kiangsu province and Gen. Cheng Chieh-Min, government commissioner at truce headquarters here. Premier T. V. Song also flew in from Tsingtao.

As they talked, the government counter offensive to regain control of the Peiping-Hankow railway was reported in full stride.

Union Election At Rocky Mount Plants

Rocky Mount, N. C., Oct. 19.—(AP)—Negro tobacco workers at the G. R. Garrett Co., Inc., voted against any union affiliation while employees at the W. B. Lea Tobacco Company chose the AFL as their bargaining agent in two union elections held here Friday.

Both elections, which were held under supervision of the NLRB, affected only Negro production and maintenance workers. Garrett workers cast 101 votes for AFL, 26 for the CIO and 98 against union affiliation. Fifty five workers did not vote.

At the Lea Company 212 voted for AFL, 164 for CIO and 12 against any union while 194 workers failed to vote.

This is the third vote among tobacco employees at the China American Tobacco Company affiliating with CIO in September.

Governor Proclaims Navy Day October 27

Raleigh, N. C., Oct. 19.—(AP)—To pay tribute to the U. S. Navy that "swept all before it on the seven seas" during World War II, Governor Cherry has proclaimed Sunday, October 27, as Navy Day in North Carolina.

The navy, the governor said in his proclamation, contributed to victory in World War II, by "dispersing and annihilating the fleet of the Japanese empire and hunting and crushing the iniquitous U-boats of totalitarian Germany and Italy."

The Pot Of Unsolved Differences Between Big Powers Has Been Simmering For Many Months, Is About To Come To A Boil; Byrnes Points The Way

By DEWITT MACKENZIE

We are verging on several important international show-downs which at last may give us an answer to the paramount question of the day: whether there is a point at which Russia would be willing to compromise on her program of expansion or whether she is bent on driving straight on, let happen what may.

This crisis has been boiling for many months. It marks the arrival of the time when there must be an all-around spirit of "give" as well as "take" among the major allies if grave consequences are to be avoided. That, I take it, is the message between the lines of Secretary of State Byrnes' foreign policy broadcast last night.

Mr. Byrnes voiced concern over the "continued if not increasing tension between us and the Soviet Union," and made clear that while America won't expect other nations to yield to all of our demands, on

CONDEMN ASIA POWER POLICY

Critics Assail U. S. Position In China; Attack Byrnes

San Francisco, Oct. 19.—(AP)—Secretary Byrnes, even as he was expounding his European policy over the radio last night, was condemned by critics here for fostering civil war in China.

The critics of Byrnes' Asiatic policy, speaking at a conference on Far Eastern problems, demanded that American Marines be recalled from China, and that the United States stop supporting the Chinese government in its war with the Chinese Communists.

Rep. Ellis E. Patterson (D-Cal.) told 1,500 persons at the opening of the three-day conference that the continued presence of U. S. Marines in China was intervention because Japanese troops there had been disarmed.

"Why," he asked, "are they there? Is it to start another war? I believe that those responsible for American policy have that sinister idea in mind." He named no names.

Later, he said Byrnes had promised (Continued on Page Four)

Central Prison Reports Escape

Raleigh, N. C., Oct. 19.—(AP)—Hosea Parker, 30, Negro prisoner serving long-term prison sentences for break and entering, escaped early this morning from Central Prison by scaling a high wall, Prison Director Clyde Robinson said today.

Robinson said Parker placed a dummy in his bed so that guards checking his cell did not detect the prisoner's absence. Meanwhile Parker had scaled a high prison wall and made his escape.

Parker's escape was the first successful break from Central Prison since the fall of 1937. Robinson said, when two men succeeded in reaching the outside of the prison. One of the two broke a leg attempting to escape and was immediately apprehended, while the other was later shot and killed by officers in Atlanta, Ga.

The last unsuccessful attempt was made last fall when seven prisoners succeeded in escaping from their cell block, but were apprehended at top of a prison building before they were able to make a getaway.

Only Light Supplies Of Meat Reaches Butcher Shops But Survey Indicates Customers In Many Cities Refuse To Pay Higher Prices

By the Associated Press

Only a small supply of fresh meat appeared in most of the nation's butcher shops today, but already there were indications many customers weren't going to pay the higher prices being asked for steaks, pork chops, ham and other cuts.

Despite a flood of livestock into markets this week after removal of price controls, packers said that several more days would be needed to move even a "fair" supply of meat into retail outlets. But, there was more meat in the country's butcher shops this weekend than for the last several weeks. And at much higher prices.

The American Meat Institute, representing the country's major packers, urged consumers to "shop around for the best buys" in meat and it appeared many housewives were heeding the advice.

Across the country came reports of buyers' resistance to the soaring prices asked for meat. And in some instances dairy products. Ceiling prices on cattle had been \$20.25 and on hogs \$16.25. During the week the highest prices for cattle were a record \$36 and \$27.50 for hogs.

Reaction to \$1.25 a pound steaks, 99 cent pork chops and 59 cent weiners ranged from "I'd starve before I'd pay that price" to remarks described by one market manager as "unprintable."

A two cent milk price boost to 18 cents a quart in Portland, Ore., prompted a telephone campaign among women's groups.

Typical consumer reaction to boosted meat prices was reported by various cities: New York: Many butchers reported one out of three customers turning away from \$1.00 roast beef and 75 cent hamburger. Customers were not complaining enough, one market manager opined, saying "if more of them refused to buy we could get meat cheaper from the wholesalers and charge less."

Minneapolis: Only male buyers, "obviously irked," said the higher prices in silence, one retailer reported. He said what women said in refusing to pay 65 cents for pot roast and 75 cents for pork chops was "unprintable."

Seattle: Many housewives took a "second look" before buying, and the State Retail Meat Dealers Association advised them "not to be too anxious and rush the markets." The association said wholesale prices were "ridiculously high" and there will be some leveling off.

General Dies In Jet Plane Crash

Dayton, Ohio, Oct. 19.—(AP)—Officials at Air Materiel Command headquarters, Wright Field today announced that Brig. Gen. Mervin E. Gross, 46, commandant of the AAF Institute of Technology was killed in a P-80 jet plane crash near Brooksville, Ky.

Gen. Gross who was born in Boyer, S. C. was enroute from an air force base in the south to Wright Field at the time of the crash last night. Sheriff Tom Kinny of Brooksville said the speedy jet plane crashed and exploded on a ridge near the town a few seconds after roaring low over the area.

Gen. Gross utilized the P-80 "Shooting Star" on many of his trips to the various AAF educational institutions in connection with his duties as head of the Wright Field Institute. He was assigned as commandant of the institute April 4, 1946.

ORDER CURFEW IN JERUSALEM

Revival Of Violence By Extremists Brings Quick Action

Jerusalem, Oct. 19.—(AP)—Military officials imposed a strict house curfew—6:30 p. m. to 5:30 a. m. daily—on Jewish sections of Jerusalem today because of a "serious recrudescence of Jewish terrorist activity in the Jerusalem area during the hours of darkness."

The curfew order, effective today, was signed by Brig. R. H. Bower, commander of the Jerusalem civil district, and ordered all persons residing within districts specified by streets bounding the Jewish quarters "to remain in their homes unless in possession of a special curfew pass."

Bower's statement said that "in recent days one British police inspector, two British soldiers and one British airman have been murdered and a British colonel, two British soldiers, a British airman and an Arab civilian injured" by activities of extremists.

A similar curfew was in effect for nearly a month after the King David Hotel was blasted July 22. Eight persons were injured this (Continued on page two)

Three Arrested For Assault In Picketing

Winston-Salem, Oct. 19.—(AP)—Picket line violence at two of Winston-Salem's five truck laundries yesterday resulted in arrest and release under bond of three women for appearance in municipal court next Tuesday on assault charges.

Meanwhile two plant managers said they were hiring or wished to hire new workers as the strike for union recognition continued undiminished and the laundries carried on limited operations.

Ruby Wilkins, 27, and Bessie S. Wilks, 35, were arrested on the Winston Steam Laundry and Dry Cleaners picket line on charges of assault with a knife and ice pick on Mamie Harden.

Virginia Horn, 22, was charged with simple assault on Clarice Weatherspoon near the Dunn laundry.

A Challenge To Free Enterprise.

En route to Central West, Oct. 19.—As this is being published I am on a railroad train making my annual inspection of our U. S. Well, my first thought is that the railroads are racing toward government ownership! It is not entirely the fault of management, although the lack of interest in the railroads, financial or otherwise, on the part of directors and officials is no doubt a contributing factor. A railroad or any other business can not be expected to operate at a loss. Let today, in the greatest period of peace-time railway traffic, most of the railroads are operating at dangerously high costs and are crying for higher freight rates which only postpone the day of recovery.

The railroads, today, need many high-cost replacements. It is estimated that from four to six thousand locomotives will need to be replaced within the next few years, many now being over 25 years in service. There is great need for new passenger and freight cars. Are the railroads to continue to operate with the same equipment until eventually it falls apart and we have no railroads? Or are they going to manage to operate with a profit large enough to operate at a loss. Yet today, in the thus with the increased capital so

obtained permit replacements and improvements?

Need For Economy

The only real hope for continued solvency of the railroads is a concerted campaign to reduce costs. We have examples of such savings in the new vapor seasoning method for ties and timbers, which reduces checking and splitting more effectively than the old air seasoning process. Further, it reduces the time necessary to accomplish the seasoning from approximately 15 months to less than a day. End hardened and welded rails help to reduce high maintenance costs. The use of longer-lived materials results in greater rigidity and permanence of track.

Partly because of higher labor costs, many maintenance-of-way departments are using more power-operated machinery than ever before. With machines, three to four times more track can be laid in the same time than can be laid manually, and maintenance costs materially reduced. The protection of ties from mechanical damage, caused by the higher speeds and the heavier loads and motive power of today may be effected by the installation of larger tie plates. An authority on the subject states that the installation (Continued on Page Two)

LEGISLATORS IN PRAISE OF BYRNES STAND

Favorable Comment On Expounding Of U. S. Foreign Policy

Washington, Oct. 19.—(AP)—Members of Congress found much to praise today in Secretary Byrnes' speech reporting results of the Paris conference and expounding U. S. foreign policy.

Comment included the following by members of the Senate, Foreign Relations Committee:

LaFollette (Prog-Wis.): "The secretary of state vigorously espoused the cause of a just and Democratic peace for which he and Senators Connally, and Vandenberg labored at Paris. Every loyal American will rally to support their effort."

George (D-Ga.): "Secretary Byrnes is correct in saying we should not follow a 'tough' or 'soft' policy with anyone. We should follow a deliberate American policy, founded on sound American principles."

Pepper (D-Fla.), who joined Henry A. Wallace in criticizing the administration's attitude toward Russia—"The statement of Secretary Byrnes clearly puts forward the position of our delegation at Paris and of our official foreign policy. I share with Secretary Byrnes the earnest hope he expresses that we shall gain better understanding of one another."

Chairman Bloom (D-N.Y.) of the House Foreign Affairs Committee member, called it "a strong, forceful and kindly speech that ought to clear the air after the Wallace incident."

TOBACCO MART AT NEW HIGH

Prices Now At Highest Peak For Entire '46 Season

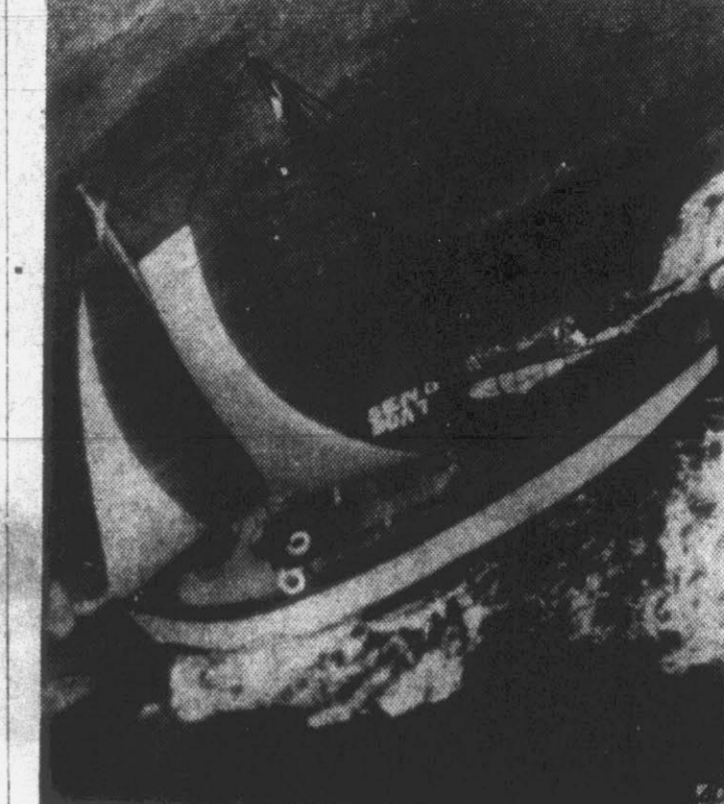

It was announced here today by W. L. Whedbee, Supervisor of Sales that during the present week, ending October 18, the Greenville Tobacco Market sold 6,577,548 pounds of tobacco for the sum of \$3,737,988 and averaging \$56.82. Whedbee also stated that tobacco was now the highest that it had been during the entire season and that the 12 warehouses in Greenville were clearing their floors daily, making it possible for farmers to bring their tobacco to Greenville, sell it the same day for the highest prices of the season and return home that night. Many farmers from great distances are taking advantage of this situation and tobacco is being sold in Greenville this year from sections of the state that had never before sold their tobacco in Greenville. The total number of pounds sold by the Greenville market this year is 53,616,478 for a total sum of \$29,041,934.13 or a total seasonal average to date of \$54.16.

Whedbee asserted that in keeping with the policy of the Greenville market that he had released for publication for the Greenville market only the complete, accurate and official figures, and that the figures shown did not represent any particular warehouse average, or individual sale average or any other selected group of sales, but the average of every single pound of tobacco sold on the entire Greenville Tobacco Market.

The highest single day's average of the season was on October 14 of this week when the entire Greenville market averaged \$59.27 for all tobacco sold in every warehouse. Tobacco farmers were cautioned (Continued on Page Two)

LIFE TERM IN PRISON AHEAD

Columbia, S. C., Oct. 19.—(AP)—A lifetime in the state penitentiary was in store today for Samuel C. Epes of Richmond, Va., 29-year-old son of a wealthy industrial family convicted of murdering his pretty wife.

Court Rejects Epes Plea For New Trial Or Reversal

His appeal for a new trial or reversal of conviction that came a year ago was refused by the State Supreme Court in an opinion handed down yesterday.

Epes, in a week-long trial a year ago, when he declined to offer defense witnesses or to testify, was on charges of poisoning and suffocating Mary Lee Williams Epes, his Auburn-haired former school teacher wife.

The state charged he had given her an overdose of sodium selenite at their apartment here Jan. 27, 1945, then buried her alive. Two days later he reported to police that she was missing.

A fruitless search ended Feb. 14, when he led police to her body, buried in a makeshift foxhole grave at nearby Fort Jackson.

Epes, then a medical corps army lieutenant, consistently claimed he was innocent. He led officers to the body of his wife after he was found with throat and wrist razor slashes.

Prosecution testimony at the trial endeavored to show Epes' friendship with a blonde Louisiana warplant worker, whom he met on maneuvers in 1944.

In a dissenting 4-1 opinion, Chief Justice D. Gordon Baker recommended that Epes be granted a new trial on a charge of involuntary manslaughter.

State Senate President Edgar A. Brown of Barwell, chief defense counsel, said he had no comment on further legal steps.

The reshuffle followed by a few days the settlement of a revolt of Qashqai tribesmen in southern Iran. The tribe had demanded a larger representation in the Majlis (parliament).

Points U. S. Along "Patient But Firm" Attitude; Blames Increased Tension In Soviet Relations On Moscow's Belief That War Is Inevitable

Washington, Oct. 19.—(AP)—Secretary of State Byrnes pointed the United States along a "patient but firm" foreign policy course with Russia today, declaring that this country will neither yield to all demands of other nations nor expect them to yield to all of ours.

Voicing concern over "the continued if not increasing tension between us and the Soviet Union," Byrnes urged rejection of the thought that delays in achieving peace "make armed conflict inevitable."

"It is entirely possible," he said in a radio report last night on the Paris conference, "that the failure or inability of the Soviet leaders to rid themselves of that belief lies at the very root of our difficulties."

His address, obviously aimed at Moscow as well as his home audience, acknowledged Byrnes' distress over war talk which is "distorting the economic recovery of Europe," but affirmed his hope that a just peace can be attained without one-sided concession.

Byrnes said this nation will stand "irrevocably" behind the "right of every people to organize their economic and political destiny through the freest possible expression of their collective will."

"We oppose privilege at home and abroad," he asserted. "We defend freedom everywhere. And in our view human freedom and human progress are inseparable."

He made it plain that his goal is cooperation with the U. S. S. R.—but not continued concessions.

"We must be willing to cooperate with one another—veto or no veto—to defend, with force if necessary, the principles and purposes of the charter of the United Nations," he said.

An apparent reference to the debate which stormed up over Henry A. Wallace's criticism of the administration's policy toward Russia came in Byrnes' declaration:

"In following those policies we have been criticized at times for being too 'soft' and at times for being too 'tough.' I dislike both terms. Neither describes our earnest efforts to be patient but firm."

Wallace commented later: "After listening to the speech of the Secretary of State I am more certain (Continued on Page Two)

Arbitration In Power Walkout

Pittsburgh, Oct. 19.—(AP)—An end to the power strike which has crippled the nation's 10th largest city for 26 days today appeared possible as the leader of 3,200 independent unionists said he believed they would vote for arbitration of the dispute.

President George L. Mueller, of the independent association of Duquesne light employees, commenting on a general union membership meeting tomorrow, said:

"It appears that the members will vote for arbitration."

Mueller was interviewed before he departed by plane for Washington to lay the union's case before Labor Secretary Lewis Schwellenbach. He will return in time for the membership meeting. He said his recommendations to the meeting will depend on:

"What I learn from Secretary Schwellenbach. I want to talk to him personally. I never predict the future or what the union will do, but it appears the members will vote for arbitration."

The membership meeting—first in three weeks—was scheduled for 2:30 p. m. tomorrow.

ing to be firm. It was a pretty friendly speech."

In the next few days commentators will pick over the bones of the speech, interpreting what Byrnes said, trying to.

Byrnes and his state department are hardly likely to correct any of these interpretations, since in making them the commentators are using their right to express opinions.

Which is all right, except for one thing: The commentators themselves will represent various shades and hues of political thinking.

Some will be friendly to Russia, some will be unfriendly, some will try to walk straight down the middle in interpreting Byrnes' words.

But, because they have one way or another, they are going to try to talk things that are not in there.

Women in the Church by Mary Fowler

The recent general convention of the Protestant Episcopal Church, meeting in Philadelphia, recently adopted the much-debated proposal "liberalizing" canons of the church, easing the conditions under which divorced persons may be remarried by Episcopal priests. The new regulation authorizes the bishop of a diocese, aided by a diocesan council if he desires such, to examine into the conditions leading to divorce of a member of the Protestant Episcopal Church, determine whether or not the first marriage had been a "true union of body, mind, and spirit," and in the light of his findings permit or refuse permission for remarriage within the church. The older canons on divorce were referred to in debates as "legalistic" and "unrealistic."

Although in New Orleans, Negroes are not permitted to play in the city's playgrounds or in the city parks, Gilbert Academy and Peck Hall (of the Methodist Church) have drawn "the larger circle" and are making for interracial friendship, says Mrs. Margaret D. Bowen, a leader of the city's Negro groups. "We permit white girls and boys to share the fun in the play space on our campus," she says. "After regular school hours, here and there you may see separate groups of white children playing together; you may also see mixed groups of white and Negro youngsters happily together—and nothing happens. When asked why white boys and girls were permitted to play on our campus, an alert Negro lad said, 'Two wrongs don't make a right, do they? Association is one of the best antidotes for segregation.'"

Civil Term Court Convenes Monday

Judge Q. K. Nimocks of Fayetteville will convene a civil term of Superior Court here Monday morning at 10 o'clock. The Cumberland County jurist will preside over a criminal term of court to be convened here on Monday, October 28. The criminal docket is unusually heavy and contains some important cases. The criminal term will be the last term of Superior Court to be held here this year.

THIS HURTS

Phoenix, Ariz., Oct. 19.—(AP)—Ralph G. Schmit soon will receive a refund for overcharges made against him by the auto court which he now runs. OPA decided he paid \$14.50 too much while he was a guest there. That was before his mother bought the place and he became the manager. FEATHER MERCHANTS NOTE Sidney, Mont., Oct. 19.—(AP)—The fashion in Indian war bonnets isn't running to the traditional eagle feathers this season, at least not here. Eugene Little Coyote of Lame Deer, Mont., soured the fashion whoop for magpie feathers. He wrote officials here that he would like to buy 100 of them at "whatever price you ask."

Nuernberg, Oct. 19.—(AP)—The cartridge which carried Hermann Goering's suicide poison was slightly less than two inches long and perhaps a half inch wide.

It was made of burnished brass and so highly polished it resembled an ornament. There was not a scratch on it.

Smokey Says:

HEY HUNTERS—WATCH THAT CIGARETTE IN THE WOODS—IT CAN DESTROY GOOD GAME AND TIMBER!

Fossing a match or cigarette carelessly in dry leaves may start a fire in the woods. Be a sportsman—a good one—be sure your match or cigarette is out—dead out. Fire destroys game as well as timber!

Your valuable trees and seedlings won't have to fight for protection unless you keep your woods wild and overgrown. By keeping them under control is the best way to keep them safe.

ECTC Juniors Win Over Ahsokie Eleven

Sparkling Runs And Passes Displayed In Rout Of Outclassed Ahsokie Team By Outlaws; Final Score 73-0

Breaking out a galaxy of long runs and beautifully executed pass plays, both accompanied by vicious blocks, Coach Joe Williams' ECTC Junior Varsity trampled a fighting but outclassed Ahsokie High eleven into the dust, 73-0, in that city yesterday afternoon.

Taking the opening kickoff and pounding down to the 15, the Outlaws lost it on a pass interception. They covered an Ahsokie fumble, but a penalty and a booming Ahsokie kick set them back to the ECTC 25. On the first play, Jack Davis, 137-pound swish-back, filtered on through the line and raced all the way to score. Conversion try was blocked.

Davis' run started the shambles. It was the first of four brilliant runs by the little halfback from Kinston. He dashed 80 yards on the first play from scrimmage in the second half; scooted 64 yards once in the fourth quarter and picked up the ball on an Outlaw kickoff a few minutes later to run 40 yards for another. He scored one extra point on a pass.

Vester Fulk drove over from the four for the Jayvees second score of the game, culminating a 53-yard march. Milton Glover converted. A few seconds later Glover intercepted a pass by Ahsokie's Williams and hauled it back 40 yards to pay dirt. On the following kick off the Ahsokie team was thrown back to its own 18-yard line, where Peele blocked an attempted punt. Fulk, a star end and center, trailed the ball into the end zone, but was bumped off it by one of his teammates and an Ahsokie man pounced on it for a safety.

Before the end of the half Bobby Bailey, another standout quarterback, passed 30 yards to Joe Edwards, who took it to the 20 and raced over. The half time score was 27-0. In the third pass George Wood passed to Edwards on the goal line for a score, the play starting on the 18.

An interception and 15-yard run-back to the Ahsokie 25 by Glover set up another score, which saw Hayes smashing over from the three yard line.

Longest run of the day was made early in the final quarter when Bailey intercepted a pass on the ECTC goal line, pulled away from two would be tacklers and expressed down the sideline for 10 yards to score. The play was called back to the 36 for clipping, setting up one of Davis' long runs.

Bill Fulk intercepted a pass on the 28 to set up a two-yard scoring smash by Wood.

The final score of the game came when Bailed intercepted a pass on the Ahsokie 30 and raced over standing up. He also hit the line on a quarterback sneak for the extra point.

The Outlaws made 12 first downs to two for the home team, one on a penalty. The Jayvees lost 120 yards on penalties to 20 for Ahsokie.

Davis, Bailey, Glover, Hayes, both Pulps, Branton, Wood, and Wheeler paced the backfield. Edwards, Peele, Moseley, Young, Long, Hedegepeph, Manning, Eason, Wetherington, Bennett, Matthews, Bass, Bell and James starred in the line. Thorne led Ahsokie with several long punts and good passes.

Midgets Lose First Game To Kinston

The Greenville Midgets met their first defeat at the hands of Kinston last night to the tune of 6-0. The mighty Mites were playing the brand of football that they had played in previous games. The nearest they got to Kinston's goal line was when they reached the Kinston 20-yard line, but there they were stopped.

The only score of the game came on an end sweep from the Greenville three-yard line. Kinston made threats several times, and even had three downs on the one-foot line, but the Greenville line held them for downs.

Southern Conference

New York, Oct. 19.—(AP)—With the baseball season finally completed, football takes over the country's sport pages today with the spotlight shining on the Tennessee-Alabama clash, the Texas-Arkansas meeting and the Army-Columbia battle.

The Crimson Tide and the Volunteers, both unbeaten, meet at Knoxville with the winner anticipating little difficulty the rest of the way in winning the Southeastern Conference title and a possible bowl invitation.

The West Point Cadets take on Louisville's unbeaten Lions at Michie stadium in attempting to stretch their consecutive win streak to 23 games and Coach Earl Blaik's marauders are 20 point favorites to come out on top.

GHS LOSES TO KINSTON 20-0

Injury - Weakened Phantoms Drop Third Conference Contest

Coach Bo Farley's injury riddled Green Phantoms lost their third conference game here last night when they went down before a strong Kinston Red Devil eleven, 20-0.

The Phantoms, playing against odds, battled gamely to the finish, but the Kinston team proved just a little too strong.

Big Mahlon Tucker, running at full back in place of the ailing Jim Lee proved the main Greenville offensive weapon, as he crashed through the line after time for good gains. Tucker also contributed some good tackles to his team's defensive cause.

The first quarter went by without a score, but in the second period, Kinston's Sterling Gates reached pay dirt on a run of about thirty yards. The extra point was good.

That was all the scoring for the first half, but in the opening minutes of the third quarter, Kinston scored again; this time on a gallop of about 45 yards. The try for the extra point went straight through the uprights.

Later in the third period, the Devils scored again on another long run. This time the extra point was blocked.

That ended the night's scoring, but later the Phantoms put on their best sustained drive to reach to the visitors' thirty yard line. That was as far as they got, however, and Kinston took over on downs.

The starters for the Phantoms last night were: White and Turner at ends, Little and Tanner at tackles, Eilers and Rose at guards, Dennis Cooke, center, and in the backfield were Tucker, Joseph, McLawhorn and Evans.

Subs who saw action were Shelley Beard, Bobby Fleming, Ed. Smith, Tommy Diener, Joe Eberhardt, Ben Roberson, Paul Stokes, Herbert Corey, Murry Cooke, Bobby Saleed, Billy Goodson and Glenn Perkins.

Bruins-California clash and the Oregon-Washington State engagement.

Other attractions are found at Franklin Field, Philadelphia, where the Ivy league powerhouse, Pennsylvania, hooks up with one tied Virginia and at Baltimore Stadium where Navy vies with a once-deadlocked North Carolina eleven that is sparked by "Choo Choo" Justice.

Georgia, another undefeated Southern squad will battle a tough Oklahoma A & M machine at Athens, Ga.

Notre Dame, which has run roughshod over Illinois, Pittsburgh and Purdue, enjoys a holiday.

Elsewhere around the grid front, the Kansas Jay Hawks put their big six claims on the line in a tussle with Nebraska which has dropped encounters to Iowa and Minnesota. Other big six games send the powerful Oklahoma soomers against thrice beaten Kansas State and a tough Missouri eleven against Iowa State.

Indiana's defending big nine champions take on an underdog Iowa eleven at home while Ohio State's Buckeyes tackle a crippled Purdue boilermaker machine and Wisconsin goes after its second conference win at the expense of Illinois.

Other eastern attractions find Michigan State at Penn State, Syracuse at Holy Cross, St. Mary's at Fordham, Yale at Cornell, Dartmouth and Brown at Providence and Rutgers at Princeton.

In the south, Auburn meets Tulane, Georgia Tech scuffles under the arcs at L. S. U. and Vanderbilt dials Kentucky.

The southwest has Baylor at Texas Tech, Southern Methodist at Rice, Texas Christians at Texas A & M and the fear west, Sant Clara at Stanford, Washington at Southern Cal, Utah at Denver and Colorado at Brigham Young among others.

ERSKINE WILL MEET PIRATES

ECTC Squad Primed For Contest Tonight At Stadium

By JIM LOSKRIDGE

East Carolina Teachers' College plays Erskine College of Due West, S. C., tonight at 8 o'clock under the lights at Guy Smith Stadium. This will be the third home gridiron contest for the locals, who have won one and tied one on the local grid. The Pirates have dropped one tilt this season which was to Elon College at Reidsville last week. Coach Johnson's Pirates will be fighting hard to get back into the win column tonight.

The Erskine eleven, under the leadership of Head Coach Harry Bolick, Jr., has had an unsuccessful season so far. It is reported that the South Carolina boys have a scrappy outfit, but in their previous contests they have been up against superior odds. The results remain to be seen when the two teams meet tonight.

Probable lineups for tonight are as follows:
ECTC—Tatarski or Winesette, left end; R. B. Lee, left tackle; Wheelless, left guard; Pendleton, center; Miller, right guard; Wyatt, right tackle; C. Brown, right end; Everette, quarter back; Fearing, left halfback; Phillips, right halfback and Pittman, fullback.

Erskine—Padgett, left end; McLeod, left tackle; Freeman, left guard; McGill, center; Carnes, right guard; Murphy, right tackle; Randolp, right end; Cotton, quarterback; Whaley, left halfback; Blackston, right halfback, and Snipes, fullback.

Asia Policy . . .

(Continued From Page One)
ed him and other congressmen that after Japanese troops had been disarmed, American troops would be pulled out, but that his later inquiries were ignored.

He called for support of Henry Wallace's ideas on foreign policy and asserted that the present Democratic administration had deserted President Roosevelt's foreign policy. "I don't think the American people will let the Byrneses, the Vandenberges and the Connallys get away with it," Patterson declared.

The meeting, called by the War Peace committee and the Committee for a Democratic Policy in the Far East, heard other speakers all with China experience, join Patterson in assailing U. S. policy in China as unworkable.
