

Increasing cloudiness tonight; Tuesday mostly cloudy with scattered light showers. Cooler Tuesday.

Wildcat Strikes Mar Coal Talks

Ten Thousand Miners Idle In Coal Fields; UMW Discusses Demands With Collision; Negotiations Recessed Until Wednesday; Secrecy Cloaks Status Of Discussions

Washington, Nov. 4.—(AP)—The government and John L. Lewis' United Mine Workers talked for more than two hours today about UMW demands for more pay while wildcat strikes spread in the soft coal fields.

The talks then were recessed until Wednesday without comment. Navy Capt. N. H. Collison, after the session with the UMW negotiating committee—from which Lewis was conspicuously absent—refused to tell reporters the status of discussions or reason for the long recess.

The negotiations began Friday Secretary of Interior Krug, who made the government's contract with Lewis last May ending a paralyzing 59-day bituminous shut-down then, still is out of town. Krug is not expected in Washington before Thursday and Lewis deliberately turned his back on the conferences until the secretary appears.

Whether Lewis imposed his usual silence rule upon those with whom he is negotiating could not be ascertained from Collison or his associates. There was no explanation from either side as to the nature of the conversations or whether the government directly or indirectly had bowed to Lewis' demand that the Krug-Lewis agreement be reopened for higher wages.

Lewis is aiming to end the Krug-Lewis contract Nov. 20, threatening to plunge the nation into another crippling soft coal strike. A scattering of wildcat walkouts which marked the beginning of the negotiations Friday, meanwhile are growing in numbers.

Union and mine owner sources reported nearly 10,000 coal miners idle, principally in West Virginia and Kentucky. The big stoppages were in the Williamson, W. Va., area, where operators said 8,000 were off the job. That would be an increase of 3,000 from the number of idle reported Saturday.

The government kept a wary eye on the soft coal fields for a sign as to whether its crucial talks with John L. Lewis are to be held against a background of peace or strikes in the mines. As fresh reports from the field were awaited, the federal coal mines (Continued on Page Six)

LIGHT VOTING FOR PITT ON ELECTION DAY

Polls Open At 7 A. M.; Clark Urges Renewal Of Party Allegiance

By CHESTER WALSH. Tomorrow is Election Day. The polls will open at 7 a. m. and close at 7 p. m.

Voting in the off-year election is expected to be light in Pitt County since there is slight Republican opposition to the local and district candidates nominated at the spring Democratic Primary.

The voters are to express their will at the polls on two proposed amendments to the State Constitution:

- (1) Amendments making the Constitution equally applicable to men and women; and (2) Amendment allowing limited necessary expenses of members of the General Assembly.

John G. Clark, chairman of the Pitt County Democratic Executive Committee, in a radio address at noon today made the following appeal to Democrats to go to the polls and vote tomorrow:

"When the Democratic Party your party and my party, took over the reins of government in 1933 Pitt county was in the throes of its worst depression, a condition that was brought about largely by the stupidity and blunders of the Republican Party. But the Democratic Party surmounted all obstacles and under the able leadership of President Franklin D. Roosevelt led us out of the wilderness of fear, doubt and darkness into the promised land of light, security and prosperity."

"It is an honor to be a member of the great Democratic Party. Its achievements are a source of pride. Time will not permit me to enumerate, but I know, and you know that many who were on the verge of bankruptcy in 1932 and 1933 are due to the guidance of the Democratic Party, prosperous and happy today."

"The Democratic Party is a party of the people, conducted by the people, for the benefit of all the people. It has guided the nation from darkness to light, from instability to stability. It has remembered, sought out, and lifted up the little man and the forgotten man."

"Tomorrow, November 5, we will be given another opportunity to renew our allegiance; to renew, again, so to speak, at the shrine of Democracy."

"The vote is a privilege born of freedom, and the untrammeled ballot is essential to the preservation of freedom, justice and democracy. Without it, government is nothing more nor less than totalitarianism."

"If we are worthy of this priceless heritage—the ballot—we should exercise the privilege and vote tomorrow for the Democratic candidate."

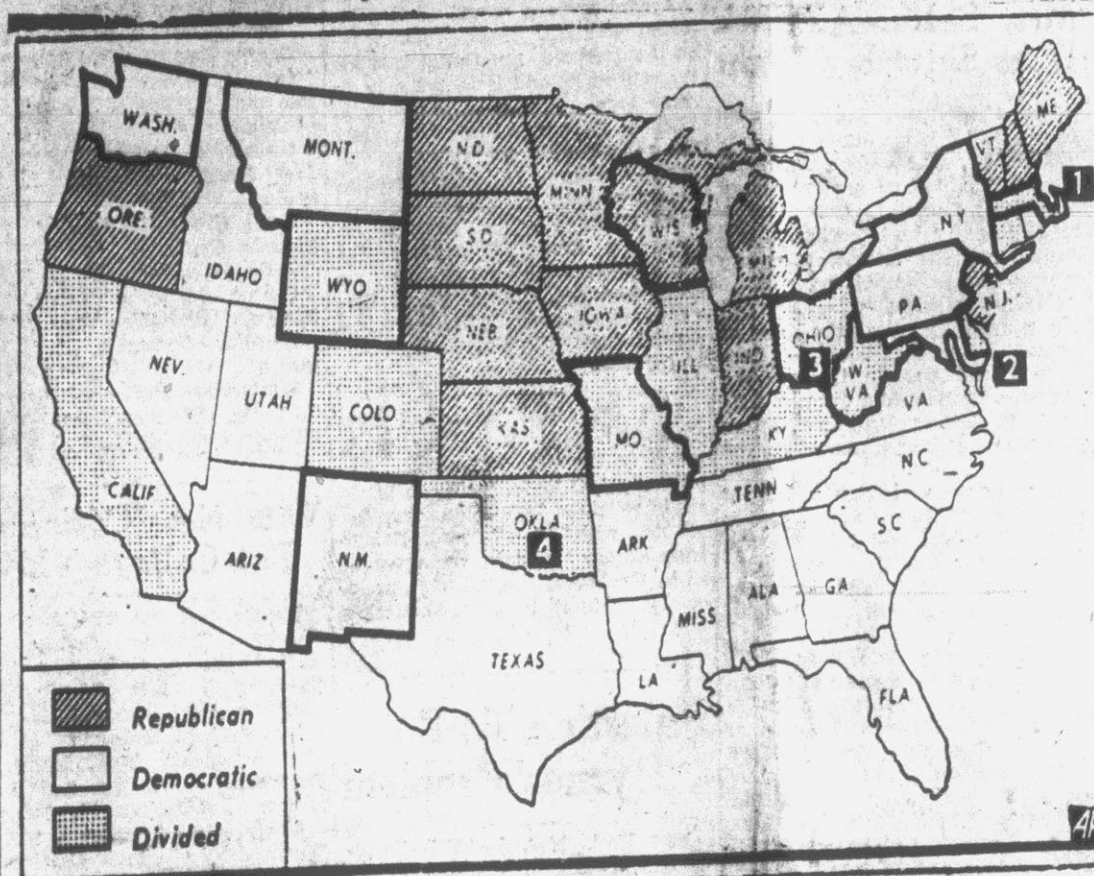

"If we are loyal and appreciative of what the Democratic Party has done for us, for our country, state and nation, it is our sublime duty as citizens of this great Commonwealth to express ourselves at the ballot box."

"Every Democratic vote is a renewal of faith and an expression of confidence."

"Democrats, let me exhort you, let me urge you to let nothing deter you to go to the polls tomorrow and show your appreciation your loyalty, your faith, by voting the straight Democratic ticket," Mr. Clark said in conclusion.

The only candidates on the state (Continued on Page Two)

Where GOP May Win Senate Seats, Gov. Chairs

The 12 states with heavy borders on this map are those in which political observers see the possibility of Republican senators being elected November 5. The present senate has 56 Democrats, 39 Republicans, and four Progressive (Wisconsin). Forty-nine seats constitute a majority. Observe also see a possibility that four states may elect Republican governors to replace Democratic incumbents. They are: 1—Massachusetts; 2—Maryland; 3—Ohio; 4—Oklahoma. At present, the Democrats have 23 governors, and the Republicans 22. (AP Wirephoto Map.)

TRUMAN STAYS ON SIDELINES

Prospects Of Eleventh Hour Appeal To Voters Fading

Independence, Mo., Nov. 4.—(AP)—Prospects of an eleventh hour presidential appeal to the nation's voters faded today as President Truman clung to his sideline role while his party organization fought the battle of ballots for Democratic control of Congress in tomorrow's election.

With a speech now apparently definitely out of the picture, President Truman's election day appeal, back home to voters, had not even been discussed.

Meanwhile, however, the President was on record for the second time in favor of exclusive United States trusteeship of captured Pacific island bases deemed vital to the country's security.

Speaking through Secretary Ross the President yesterday reaffirmed the Pacific base policy he enunciated at a news conference January 15.

At that time, the President said that the United States would petition the United Nations for authority to conduct the sole trusteeship of the island bases within the U. N. framework as long as they are needed. The policy advocates U. N. collective trusteeship for bases not vital to American defense.

Ross gave the President's attitude to reporters when he was questioned about a published report that the State Department and the armed forces had differed over some aspects of Pacific base control. Ross said he had no knowledge of differences within the departments.

The President, Mrs. Truman and their daughter Margaret, will vote at Independence in the adjoining fourth district where Representative C. Jasper Bell, a Democrat, is seeking re-election.

Colorado Snowstorm Blankets Big Area

Denver, Nov. 4.—(AP)—A snowstorm which blanketed this area during the past 36 hours was abating today and Coloradans who watched one of the biggest early-winter storms in years began digging out.

Six persons died in Denver from over-exertion or heart attacks—as they walked through drifts or sought to free stalled automobiles.

More than 16 inches of snow had mantled the countryside from Denver, north to Cheyenne, and south to the northern border of New Mexico, with travel reduced to a minimum.

Russia To List Geneva Quarters

Lake Success, N. Y., Nov. 4.—(AP)—Soviet Russia will ask the steering committee of the United Nations to list the old League of Nations quarters in Geneva as a possible site for the permanent home of the United Nations. It was reported today in authoritative United Nations circles.

At A Glance

By The Associated Press. Facts and figures on tomorrow's elections: Polls close—Earliest 4 p. m. EST, in parts of east; latest 1 a. m. EST, Wednesday in Washington State—a nine hour range. Estimated votes 35,481,339. Voting precincts 131,972. Senators to be elected 34; candidates 97. Representatives to be elected 432; candidates 898. Governors to be elected 33; candidates 88. Maine elected a senator, governor and three house members, all Republicans, Sept. 9.

HATE MONGERS FREE ON BOND

Group Believed Following Nazi Methods And Group Insignia

Atlanta, Nov. 4.—(AP)—A belief that the red lightning flash should be insignia of an anti-Negro order known as Columbians, Inc. was copied from that of a German youth organization—"Bei uns in Deutschland"—was expressed today by Police Chief M. A. Hornsby.

The police have four members of the order under charges of inciting a riot, with bonds set at \$5,000 each for a hearing Friday.

They were seized Saturday in a dramatic raid Hornsby himself led on a street demonstration against a Negro family moving into a house formerly tenanted by a white family.

As police sought lead means to back up its campaign against the anti-Negro, anti-Jew order, Hornsby pointed to a German propaganda booklet on his desk which he said was received by mail in 1938 describing the German youth organization.

It showed a lightning flash insignia and Hornsby said it differed from the Columbians insignia only (Continued on Page Five)

Hundreds Of Candidates In Tarheel State Await Results Of Election

Raleigh, N. C., Nov. 4.—(AP)—Nearly 600,000 North Carolinians are expected to vote tomorrow in an off-year general election that follows an almost lethargic campaign.

The polls in the state's 1928 precincts will open at 6:30 a. m. and close at 6:30 p. m.

By their ballots, the voters will select 12 members of Congress, including three brand-new members; two associated justices of the State Supreme Court, 11 Superior Court judges, 21 solicitors, 120 members of the State House of Representatives, 50 state senators, and hundreds of officials in the 100 counties.

The voters also will decide on two amendments to the state constitution, one of which would give women the right to serve on juries and the other would grant members of the state legislature \$10 a day expenses.

The Republicans have conducted energetic campaigns only in the western section of the state where they are the strongest and where they have the greatest hopes of unseating their Democratic opponents. They have appealed to the voters with the slogan: "Had enough? Then vote Republican." The Democrats also have concentrated their efforts in the west. The voting will result in the election of at least three new members to the state's congressional delega-

STEWARDS FOR COMING YEAR

Jarvis Memorial Church Installs Stewards In Impressive Service

By WYATT BROWN. The Board of Stewards of Jarvis Memorial Methodist Church for the next conference year were installed by the pastor, Rev. Robert W. Bradshaw, in an impressive service yesterday morning following the last morning service of this conference year.

William H. Hart is the chairman of the board and Sam B. Underwood, Jr., is vice-chairman for another year. E. L. Willard and E. L. Baker were held over for another year as secretary and treasurer, respectively. Mr. Bradshaw indicated the dual role of financial and spiritual leadership the stewards assume.

Following are the members: J. F. Arthur, E. L. Baker, Edward Blatchelor, J. H. Blount, M. K. Blount, F. P. Brooks, Frank M. Brown, J. Key Brown, W. M. B. Brown, Wyatt Brown, Charles D. Cobb, K. W. Cobb.

D. H. Conley, Sidney Duff, B. B. Drum, J. J. Edwards, Paul Fitzgerald, J. G. Fleming, V. C. Fleming, G. R. Flye, K. T. Futrell, L. B. Garrison, P. L. Goodson, Wyatt Highsmith.

F. A. Jordan, J. L. Kilgo, M. B. Massey, Reynolds May, W. P. Moore, James M. Moye, Joseph S. Moye, H. H. L. Ormond, J. W. Overton, K. B. Pace, E. O. Parkinson, Jr., C. A. Plyler, N. G. Raynor, H. C. Sugg, Hoover Taft, Joseph M. Taft, W. H. Taft, R. R. Taylor, A. L. Tucker, Jr., S. B. Underwood, Jr.

N. O. VanNorwick, Jr., J. C. Waldrop, J. H. Waldrop, S. A. Whitehurst, E. L. Willard, Tom Wilson, Hugh Winslow, J. L. Windstand and W. F. Young.

New stewards are: Larry Brown, Van C. Fleming, Jr., B. S. Hodges, Jr., C. Fred Irons, W. E. Marshall, Ed W. Ratcliff, R. W. Stark, P. Thompson and E. H. Willford.

Foreign Ministers Ready For Opening Of Sessions

Sixteen Key States To Chart U. S. Legislation

Outcome Of Elections In Sixteen States To Determine Control Of Both Senate And House; Parties Voice Confidence

By The Associated Press. The balloting in 16 key states appears likely to chart the nation's legislative course for the next two years when upwards of 35,000,000 voters choose tomorrow among more than 1,000 candidates for national and state offices.

These 16 states, stretching from Massachusetts to California, hold the major share of close contests which will determine Democratic or Republican control of the House and Senate in the 80th Congress.

Many of these same states also are among the 33 where gubernatorial elections are at stake in this off-year election.

With both major parties making their usual last-minute victory claims, attention centered on a final Republican drive to wrest nine Senate seats from the Democrats. Added to those which they claim already are in the bag, i. e. nine, would give the GOP control of the Senate for the first time since the New Deal came into power.

These seats are in New York, Missouri, Massachusetts, Idaho, Montana, Washington, West Virginia, Wyoming and New Mexico. Democrats insist they not only will win

in these races, but are unwilling to concede that the Republicans have a better than even chance to take over in Ohio, Pennsylvania, Delaware and Wisconsin.

In the hope of cashing in on what many observers have called a trend against the "ins," the Democrats have gone out after Republican-held Senate places in Kentucky and California with what they contend are fair prospects of winning both.

These 15 states—along with Illinois which has no senatorial contest—promise to furnish most of the vital results in the hotly-contested races which GOP leaders assert will give them control of the House. The Democrats sharply dispute these victory claims.

In the House, the Republicans now have 192 members. They need to retain all of these or equivalent districts and gain 26 for the 218 which marks a clear majority. The Democrats, with 235 members, could lose a net of 17 and still maintain control. There are six vacancies and two minor parties now represented among the 435 House places.

In the Senate, the Republicans must make a proportionately larger (Continued on Page Four)

Byrnes And Bevin Pave Way In Early Discussion; Council Convenes At 4 P. M. Today; New York Becomes Diplomatic Center Of World; Many Problems Ahead

By JOHN M. HIGHTOWER. New York, Nov. 4.—Secretary of State Byrnes met with Britain's foreign Secretary Bevin today in the first of a series of talks preparing for the opening in late afternoon of the four foreign ministers' sessions on the eastern European peace treaties and Germany.

Byrnes met Bevin in mid-morning and aides said that he planned to see Soviet Foreign Minister Molotov and French Deputy Foreign Minister Couve de Murville prior to the formal convening of the council of foreign ministers at 4 p. m.

The preliminary talks were described as secret, but authorities considered it evident that Byrnes would be exploring with the other three the most effective and speedy means of tackling completion of the peace treaties for Italy, Romania, Bulgaria, Hungary and Finland.

In the case of Bevin, his talk also afforded his first opportunity since the Paris peace conference closed Oct. 20 to review the state of Anglo-American relations with Russia and evaluate the possibilities of settling here the Trieste, Danube and Bulgarian-Greek problems that have stirred up intense dispute at Paris.

Around an oval white pine table high in a skyscraper hotel, the big four foreign ministers met today to tackle the last great issue blocking the peace of eastern Europe and to try, if they can, to make a start on settling the future of Germany.

Their presence here and that of the 51-member United Nations assembly made this city for the time being the diplomatic center of the world and an arena in which Russia and the western powers may test to the limit their ability to solve critical issues of peace-making and peace-keeping.

The assigned task of the foreign ministers is to put into final shape peace treaties for Italy, Finland, Hungary, Romania and Bulgaria. These treaties, together with those eventually to be written for Germany and Japan, are designed to build out of the political wreckage of World War Two the peace which the United Nations was organized to make permanent and secure.

The main disputes left over from the 21-nation peace conference which ended at Paris October 30 are Trieste—it has been agreed that the strategic Adriatic port, claimed by both Italy and Yugoslavia, should be placed under the United Nations Security Council, Yugoslavia has held out for a lax control, presumably hoping to take over the port eventually, and has said she would refuse to sign the Italian peace treaty as now drawn.

Danube navigation—by the now famous votes of 15 to 6, with Russia in the minority, the Paris conference wrote into the Romanian, Hungarian and Bulgarian treaties clauses for freedom of navigation on the Danube, whose 4,000,000-ton a year pre-war traffic flow is now dried up. Despite the Paris decisions Russia has a veto in the foreign ministers' meeting, and Molotov's objection to the navigation clauses against the insistence of the western powers could indefinitely block the three treaties.

Bulgarian frontier—Russia and the other Slav states sought unsuccessfully at Paris to have western Thrace taken from Greece and awarded to Bulgaria. The border issue is intensified by the fact that the frontier lies not only between the two Balkan states but also between the Russian and western spheres of influence.

Arab-Jewish Clash Fomenting Tension

HOMEMAKERS MEETING HERE

Sixteen Counties Represented In Rally At College

Representing high schools from 16 counties of the northeastern section of the state, approximately 250 members of the Future Homemakers of America gathered in the Austin Auditorium of East Carolina Teachers College on Saturday for a rally. Hostesses were Audrey May of Greenville, president of the college Home Economics Club, and Jane Tyson of the Greenville Future Homemakers chapter, and members of the groups of which they are leaders.

Sue Gullifer of Murfreesboro, state song leader of the Future Homemakers, presided during programs presented at the morning and the afternoon sessions. Barbara Dail of the Winterville chapter reported for delegates to a welcome extended by Mrs. Adalade Bloxton, chairman of the home economics department of the college. The principal speaker of the meeting was Mrs. Will Frances Sand-

who described to members various state projects undertaken by the Future Homemakers as part of the year's work.

Others on the program were Betty Cannady of Franklinton, who read the national creed, and Marilyn Greedy of Robersonville, who made a report of finances. An attractive exhibit of scrapbooks and yearbooks arranged by the Jackson chapter was on display. Group singing was led by Ona Shindler of the Greenville High School and Sally Margaret Johnston, student of music at the college.

Advisors who helped with plans for the meeting include Alice Strawn, district teachers advisor, and Mrs. Edna James, both of the Greenville High School, and Mabel Lacy of East Carolina Teachers College.

Three tenth-graders were nominated for the position of state vice president of the organization for (Continued on Page Six)

Five Killed, Twenty-Seven Injured In Disorders; Feeling Runs High; Small Mines Used In Attacks On Railroad

Jerusalem, Nov. 4.—(AP)—Police reported tension at high pitch in northern Palestine today but said there had been no repetition of the Arab-Jewish clash which brought death to five persons yesterday. Twenty-seven persons or more were hurt in this and other disorders.

Three Arabs were killed, while two Jews were slain and nine wounded in a knife-and-club fight over land ownership at a new Jewish settlement near Lake Hula, source of the River Jordan near the country's northern borders. Feeling was reported running high on both sides today in such cities as Tiberias on the Sea of Galilee, south of Lake Hula.

Elsewhere in Palestine, quiet prevailed generally as Moslems celebrated the feast of Adha with the sacrifice of hundreds of sheep and lambs. The practice commemorates Abraham's sacrifice of a lamb after first offering his son, Isaac, as a sacrifice.

A small mine exploded under a train at Battir near Jerusalem early today but did no damage. Another mine was found on the tracks nearby and removed.

Reports spread through Jerusalem that another refugee ship had been sighted by Royal Air Force planes off the Palestine coast, but they lacked official confirmation.

Three trainmen, including the fireman, were injured severely last night when mines, evidently set off by electricity, derailed the locomotive and six cars of a freight train near Ras Ain, north of the Jewish city of Tel Aviv.

Fifteen or more British soldiers were injured Saturday night and yesterday when military vehicles hit (Continued on Page Five)

Blimp In Record On Test Flight

Glynco, Ga., Nov. 4.—(AP)—Navy crews here today refueled the airship XMI whose "very routine" test flight stretched into a record breaking time aloft.

The non-rigid blimp alighted here at 5:49 p. m. (EST) yesterday, 1703 hours after it took to the air at Lakehurst, N. J., to set what naval authorities said was a world's record for non-stop, non-refueled flights for any type of aircraft.

At that, the 300-foot craft could have remained aloft for another day or so, a spokesman for Lt. Cmdr. D. W. DeFay, USN, commanding officer of this station for lighter than air craft, said last night.

However, he added, since the flight was for training purposes and not intended as a record breaking attempt, it was considered best to land the blimp before its fuel and provisions were entirely depleted.

The flight took the blimp off the Atlantic Coast and over the Gulf of Mexico on patrol problems.

Changes In England

Recent Municipal Council Elections Give Further Insight Into Trend; Middle-Of-Road, Apt Description; Upward Surge Of Lower Classes Reflected

John Bull's municipal council elections give us further good indication of the general political trend in his tight little island—good enough, in fact, so that we are safe in labeling it as being fairly close to middle-of-the-road, with a moderate tendency to the left. Final results in 360 cities and towns show this apportionment of the 2,319 seats: labor (socialist) 1,041, conservative 647, independents 534, liberals 96 and communists one. The laborers scored a net gain of 159. However, we shouldn't overlook that at the same time the conservatives not only held their own but made a gain of four. Equally significant is the fact that the communists hold only one seat, as against the six they had before. This tends to confirm the consensus of observers that when John Bull installed his brand new socialist government last year he had no intention of becoming a long-haired radical. It certainly demonstrated anew that there is no trend toward the extreme left. However, this middle-of-the-road England is a far different country from what it was when your columnist first went there thirty odd years ago. You wouldn't think it possible that there could be such a vast social, political and economic change in that comparatively brief span. During the past generation there has been a leveling off. Great fortunes and estates have been broken up by heavy taxation. The landed gentry is fast disappearing, and with it many cherished traditions. Meantime there has been an upward surge of the lower strata of society. When I first went to England the old school tie still reigned supreme. Gentlemen were born, not made (Continued on Page Four)

Big Four At Work

Foreign Ministers Of Russia, France, Britain And U. S. Meet Today To Enter Final Phases Of Writing The Peace; Background To Their Ultimate Decisions

Washington, Nov. 4.—(AP)—The Big Four foreign ministers meet in New York today and here's why: 1. They start final work on peace treaties for Italy, Romania, Bulgaria, Hungary and Finland. 2. They hope to finish up those five treaties and reach agreement on them by Nov. 20. They've been working on them a year. 3. After Nov. 20 they expect to start work on a peace treaty for Germany. With the other five out of the way, they can do that. 4. This meeting of the foreign ministers is separate from the meeting of the 51 United Nations in New York. The U. N. has other business. 5. There'll be fireworks among the ministers on the five treaties between now and Nov. 20. 6. And when they start work on the German treaty after Nov. 20 there'll be still more fireworks. The four foreign ministers—meet-

ing in New York at the Waldorf-Astoria Hotel—are: United States—Secretary of State Byrnes; Britain—Foreign Minister Bevin; Russia—Foreign Minister Molotov; France—Deputy Foreign Minister Maurice Couve de Murville. (France's Premier Bidault, who also is foreign minister, will come here and take over for his country after the French elections next Sunday.) President Truman, Russia's Prime Minister Stalin and Britain's Prime Minister Attlee met in Potsdam, Germany in the summer of 1945. Knowing that working out peace treaties was a long and tough job, they agreed to let their foreign ministers do it. Starting in September, 1946, and winding up in July, 1946, the foreign ministers met four times—in London, Moscow and Paris. (Continued on Page Three)

Social and Personal

Mrs. George Entwistle of Ulica, N. Y., is visiting her Aunts, Misses Polly and Dolly Norris and her brother Henry Ayers, Greenville, Route 4.

Miss Nina Bland returned home today from Pitt General hospital.

Mr. and Mrs. Norman E. Warren, infant son, Philip Hargett, Mrs. Ruth Harris and Mary Ann Harris spent Saturday in Durham and Chapel Hill. They attended the football game at Durham Saturday.

Pvt. Theodore Lupton, Jr., left yesterday for Camp Stoneham, California. He will go by plane from Washington, D. C.

Miss Jane Smith, who has been visiting her parents, Mr. and Mrs. J. B. Smith, has returned to Richmond.

Engagement Announced
Mr. and Mrs. Jarvis Tripp of Greenville, N. C., announce the engagement of their daughter, Mimi Elaine, to Mr. Edgar A. Denton, son of Mr. and Mrs. Arthur T. Denton of Greenville, N. C.

Pledge Sororities
Chapel Hill, Nov. 4.—A large number of coeds have pledged sororities following the recent rushing season on the University of North Carolina campus. Among them were: pledgees Alpha Delta Pi—Dorothy Nell Henderson, Delta Delta—Delta—Delphia Joyce Corbett, both of Greenville.

Christian Science Service
"Everlasting Punishment" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, November 3. The Golden Text, Psalms 9:16, "The Lord is known by the judgment He executeth; the wicked is snared in the work of his own hands."
Among the citation comprising the lesson-sermon were the following from the Bible: "He that covereth his sins shall not prosper; but whoso confesseth and forsaketh them shall have mercy." (Proverbs 28:13). And from Science and Health with Key to the Scriptures by Mary Baker Eddy: "Through error hides behind a lie and excuses guilt, error cannot forever be concealed. Truth, through her eternal laws, unveils error. The avoidance of justice and the denial of truth tend to perpetuate sin, invoke crime, jeopardize self-control, and mock divine mercy."

Paternal at Supper Party
Grifton.—Mr. and Mrs. Cecil Cobb entertained on a recent evening at a delightful supper party at their home here. Bouquets of chrysanthemums and roses were used as decorations throughout the rooms where the guests were received. A buffet supper was served and following this bridge was played at three tables. During the evening high scores were Mrs. Robert Rasberry, Mrs. Thurman Williams and Mr. H. C. Olesby. They were remembered with attractive gifts. Other players were Mrs. Williams, Mrs. Olesby, Mr. and Mrs. Brown Hodges, Mrs. Ivan Bissette, Mr. and Mrs. L. L. Mewborn and Mr. Rasberry.

Hostess to Contract Club
Grifton.—On Wednesday night Mrs. Walter Patrick was at home to members of her contract club and invited players for four tables of bridge. Lovely fall flowers and table appointments were of the Halloween motif. As guests arrived a delectable chicken supper was served at the individual tables.
During progressions high scores were made by Mrs. Elmo Smith, Mrs. Wiley Gaskins and Mrs. Paul Clark. Other players were Mrs. Milton Hart, Mrs. F. L. Cox, Mrs. Edward Hart, Mrs. Roy Jackson, Mrs. Norwood, Mrs. Ben O. Tucker, Mrs. Sam Wilson, Mrs. Josh Worthington, Mrs. Dorey Garris, Mrs. Jack Chapman, Mrs. Glendel Tucker, Mrs. Julius Chancey, Mrs. Paul Bradley.

Mrs. Quinerly Hostess
Grifton.—Mrs. H. P. Quinerly was a gracious hostess on Thursday night at her home on Church Street when she had for supper and bridge members of her contract club. Arrangements of chrysanthemums were used as decorations throughout the home. A delicious turkey supper was served as the guests arrived from beautifully appointed tables placed in the living and dining rooms. Following supper bridge was enjoyed. Scoring high for the evening were Mrs. Robert Mewborn, Mrs. Robert Rasberry. The consolation went to Mrs. L. L. Mewborn. Other players were Mrs. A. D. Wall, Mrs. Alton Chapman, Mrs. J. L. Quinerly, Mrs. Jack Tucker, Mrs. Thurman Williams, Mrs. Jack Chapman, Mrs. Eleanor Gower, Mrs. Ivan Bissette, Mrs. Vance Wall, Mrs. R. A. Nelson, Miss Hazel Patrick and Miss Bert Johnson.

Young Matrons Meet Tonight
The Young Matrons of the Christian Church will meet Monday night at 8 o'clock at the home of Mrs. David Proctor, 406 Harding Street.

Enrolled at Northwestern
Evanston, Ill.—A total of 21,818 students, comprising 9,942 full-time students and 11,876 part-time or evening students, have enrolled at Northwestern University this fall. The enrollment, which is the largest in the University's history, included 25 students from North Carolina. Benjamin Marshall Herring, 504 East Fourth Street, Greenville, N. C., is enrolled in the School of Music.

Junior King's Daughters
The Junior King's Daughters will meet Thursday afternoon at 4 o'clock with Marion Brown.

West Greenville P. T. A.
The West Greenville P. T. A. held its annual Halloween festival on Friday night at the school. A large crowd of young and old enjoyed the fun. The radio amplifier furnished by Mr. C. W. Brown helped Mr. Sam Winchester who acted as Master of Ceremonies, do an excellent job in conducting the cake walk and grand march. Prizes were given the boy and girl having the prettiest costumes and the funniest costumes. Many friends not connected with the school came over and shared the fun with us. We were happy to have them and they have a standing invitation to be with us every year.
Everyone entered into the spirit of Halloween and a grand time was had by all. —Reported

Plan, Quartet at College Tonight
Stelway concert grand pianos began arriving on the campus of East Carolina Teachers College at noon on Saturday for the program to be presented by the First Piano Quartet this evening at 8 o'clock in the Wright Auditorium. The first came from Raleigh on Saturday; a second, from Charlotte yesterday; and a third, from Rocky Mount this morning. One owned by the college is already on the stage. J. L. Russell, superintendent of grounds at the college, and a crew of workmen have been busy unloading and plac-

8:00 p. m.—Misses Sallie Norwood and Elizabeth Walker compliment Verona Lee Joyner at bridge at Ragsdale Hall, E. C. T. C.

SATURDAY
1:00 p. m.—Mesdames Frank Davis, Jr., and Henrietta Williamson compliment Verona Lee Joyner at a bridge luncheon at the home of Mrs. Frank Davis, Jr., Farmville.
8:00 p. m.—Mrs. Frank Cooper compliments Verona Lee Joyner at bridge at the home of Mrs. S. M. Holden, Farmville.

World Government Contest
The Woman's Club of Greenville will sponsor an oratorical contest on the subject, "Is World Government the Path to Peace?" to be held in the Greenville high school in November at a date to be announced later. All Greenville High School students will be eligible. A gold medal will be awarded to the winner.
The Extension Division of the University of North Carolina at Chapel Hill, which is promoting the contest on a state-wide basis, will supervise the program and serve as a "clearing house," preparing and distributing background material.
This event is being held in Greenville under the auspices of the International Relations Committee of the Woman's Club.
Full details can be had by contacting with Mr. R. B. Starling of the faculty of the Greenville high school.

Enrolled at Northwestern
Evanston, Ill.—A total of 21,818 students, comprising 9,942 full-time students and 11,876 part-time or evening students, have enrolled at Northwestern University this fall. The enrollment, which is the largest in the University's history, included 25 students from North Carolina. Benjamin Marshall Herring, 504 East Fourth Street, Greenville, N. C., is enrolled in the School of Music.

Junior King's Daughters
The Junior King's Daughters will meet Thursday afternoon at 4 o'clock with Marion Brown.

West Greenville P. T. A.
The West Greenville P. T. A. held its annual Halloween festival on Friday night at the school. A large crowd of young and old enjoyed the fun. The radio amplifier furnished by Mr. C. W. Brown helped Mr. Sam Winchester who acted as Master of Ceremonies, do an excellent job in conducting the cake walk and grand march. Prizes were given the boy and girl having the prettiest costumes and the funniest costumes. Many friends not connected with the school came over and shared the fun with us. We were happy to have them and they have a standing invitation to be with us every year.
Everyone entered into the spirit of Halloween and a grand time was had by all. —Reported

Plan, Quartet at College Tonight
Stelway concert grand pianos began arriving on the campus of East Carolina Teachers College at noon on Saturday for the program to be presented by the First Piano Quartet this evening at 8 o'clock in the Wright Auditorium. The first came from Raleigh on Saturday; a second, from Charlotte yesterday; and a third, from Rocky Mount this morning. One owned by the college is already on the stage. J. L. Russell, superintendent of grounds at the college, and a crew of workmen have been busy unloading and plac-

Forty Years Ago Today

THE DAILY REFLECTOR
November 4, 1946
Look out for land posted notices when you go hunting.
Hill Home came in from Rocky Mount Saturday evening.
Mr. Jesse Speight was returning from Washington Saturday and as he was about to get off the train at Farmale, he picked up a purse in the aisle containing \$60. Upon inquiry it was found to belong to Mr. Congleton, of whichard, who was returning from Baltimore and changed cars at Farmale, had lost the purse.

Mrs. Sallie A. Buck Died Saturday Night
Mrs. Sallie Ann Buck, 53, died suddenly of a heart attack Saturday night about 7:30 o'clock while riding on a cart from a store to her home near Pactolus. Coroner Griffin H. Rouse, who investigated, said death was from natural causes and that no inquest would be held.
Funeral services were held at 2:30 p. m. Monday at the home of her son, John Allen Buck, near Pactolus. Burial was in the Beppard cemetery in Beaufort County. Elder W. E. Grimes, Primitive Baptist minister of Pactolus, conducted the services.

Mrs. Buck was the widow of John Henry Buck, and daughter of the late Mr. and Mrs. Richard Beppard. She was born and reared in Beaufort County and had spent the past 20 years in the Pactolus community.
Surviving are two sons, John Richard Buck of Pactolus and John Allen Buck of Greenville, Route 5; five brothers, Noah A. Beppard of Leggets Crossroads, Zeno Beppard of Williamston, Leon Beppard of Plymouth, and Ivey and Daniel Beppard of Richland; a sister, Mrs. George Davenport of Leggets Crossroads; two grandchildren.

William O. Wilson Funeral Services
William Oscar Wilson, 64, died at the home of his daughter, Mrs. Van Mills, near Black Jack, at 4 p. m. Saturday after several months of illness.
Funeral services were conducted at the S. G. Wilkerson and Sons Funeral Home at 2:30 today by the Rev. Walter B. Nobles, Free Will Baptist minister of Winterville. Burial will be in the family cemetery at the Louis Gus Mills home place near Black Jack.
Mr. Wilson spent most of his life around Venter's crossroads near Ayden. His wife, the former Clara Mills, died in 1932. He was a member of Macedonia Methodist Church. For the past seven years he had made his home with his son, Louis Wilson at Cox's Mill.
Surviving are daughter, Mrs. Van Mills; two sons, Louis Mills and Clarence Mills of New Bern; six grandchildren; a brother, Tommie Wilson of near Ayden.

Retired Instructor At College Is Dead
News has been received at East Carolina Teachers College of the death in Lafayette, Alabama, of Miss Lulu O. Andrews, who was for a time a member of the English department of the institution and who is remembered in the state by

many former students and by school people among whom she worked.
Miss Andrews taught for years at the state teachers college in Farmville, Virginia, and at Peabody College. She was, at the time of her retirement two years ago, director of English work in the extension division of the University of Virginia. Always interested in East Carolina Teachers College, Miss Andrews at various times presented books and valuable materials for teachers to the English department and the Lanier and Emerson literary societies.

Women IN THE CHURCH

Miss Cornelia M. van Asch van Wijk, president of the World's Young Women's Christian Association, now on a visit to the United States from her native Holland, says that hundreds of association buildings all over Europe were destroyed during the war years, that many of the national leaders have died and no new ones have been trained, but that the work of the Y. W. C. A. was never so needed in Europe as it is today. Many thousands of Europe's children, she says, were taught to lie and steal and shirk work, and many became delinquents during the years of Nazi occupation. A major part of the two million dollars which the "Y. W." is now seeking will help rebuild the organization and its work in these war-damaged areas.

The National Council of Catholic Women, at their recent meeting in Kansas City, Mo., urged that in the writing of Europe's peace treaties "complete freedom of religion, as well as freedom of religious worship, be among the human rights guaranteed for all peoples." They urged also that the national government of the United States provide funds for adequate schools, for those areas that lack the means of themselves providing such funds, but at the same time they said that such funds should not lead to federal control or supervision of the schools assisted. Mrs. Henry Mannix, of Brooklyn, N. Y., is the new presi-

dent of the Council.
According to a report of the International Red Cross, from Geneva, Switzerland, the infant mortality rate in Poland is 50 per cent in some areas; it was 14 per cent in 1939. A large number of children, the report says, are tubercular or pre-tubercular; and the average weight of babies is 30 per cent less than before the war. Milk is reported a luxury throughout the land, bread and potatoes are the main foodstuffs. Church World Service (American) is trying to get essential foods into Poland, especially for babies.
Miss Constance White, of New York City, is the first American to enroll in the new "Ecumenical Institute" at Celigny, Switzerland, to study religious journalism. The Institute, with 60 students, mostly from Europe and Asia, was organized by the World Council of Churches and financed by John D. Rockefeller, Jr.

Subsistence Pay

Veterans doing on the job training or going to school, under the GI Bill of Rights are warned that if they do not send in a report of earnings for August, September, and October immediately to the Veterans Administration their subsistence allowance will definitely be cut off.
This does not apply to Public Law No. 16 veterans.

Vote New Officers For College YMCA
Members of the YMCA of East Carolina Teachers College have elected officers for 1946-47 and have chosen Paul Craver of Lexington as their president. Other officers include Sullivan Nelson of Jackson vice president; Earl Sawyer of Jamesville, secretary; and Ralph Gurnanus of Jacksonville, treasurer. Newly elected officers met on Wednesday evening, October 30 with Frederick W. Helfer of Baltimore, former post chaplain of Fort Benning, Ga., who has just completed a series of lectures during Religious Emphasis Week at the college. Programs and objectives for the year's work were discussed.

Palestine To Be Byrnes' Problem
New York, Nov. 4.—(AP)—Secretary of State Byrnes notified British Foreign Minister Bevin today that he is taking over the handling of the Palestine problem from President Truman and indicated a new American willingness to help the British work out with the Jews and Arabs a solution of the Holy Land problem.
Byrnes saw Bevin prior to the opening of the conference of foreign ministers on the European peace treaties, discussed briefly the matter of British and American occupation zones in Germany and took up the Palestine issue.
Michael J. McDermott, Byrnes' press relations officer, said that Byrnes notified Bevin that when the foreign ministers are not actively engaged in the consideration of the eastern European peace treaties he would confer with the British foreign minister about the Palestine situation.

WRECKS MARK THE WEEKEND

Patrolmen Report Three Collisions; 15 Persons Injured

By CHESTER WALSH

Three motor vehicle wrecks occurred during the rain on highways in the Greenville area Saturday afternoon between 3 and 6:30 o'clock in which five vehicles were damaged and 15 persons were injured, some of them seriously, State Highway Patrolman Dick Chadwick reported today.

A jeep driven by Bonnie Singleton of Washington, towing a truck loaded with tobacco and driven by James Jordan, colored, of Farmville, ran out of control on the Washington Highway near Greenville at 3 p. m. Saturday when the truck, with insufficient brakes, crashed into the jeep, then went across the highway and collided with a car driven by Guy Baker of Washington.

Baker was painfully injured. His wife, Mrs. Elizabeth Baker, suffered a compound fracture of a knee, and their daughter, Della Baker, 14, received a broken nose.

Singleton, driver of the jeep, received cuts and bruises about the head and body. Jordan, driver of the truck, suffered cuts and bruises. Two other persons in the truck, Lon Nobles of Washington and Willie D. Cox of Washington, received cuts and bruises.

James Jordan, truck driver, was arrested for not having proper brakes.

On the Bethel Highway, near Greenville, Saturday afternoon at 4 o'clock, a car driven by Miss Margie Ruy Harrell, Ahoskie school teacher, collided with a truck, driven by Will J. Mizell of Greenville, when the truck was making a left turn to enter a highway.

Miss Harrell was painfully injured and five Ahoskie High School students were injured. Li Sumner received cuts on her head; Jean Humphlett, Hazel Wiggins, Sarah Willford and Frances Mobley were painfully injured. Highway Patrolman Chadwick said.

Both drivers were arrested for careless and reckless driving. The truck driver was not hurt.

At Grimesland Saturday night at 8:30, a car driven by Charley Carrow of Washington collided with a trailer-truck loaded with lumber which was stalled on the highway. Carrow received fractures of facial bones and numerous cuts when he crashed against his windshield. Robert Boyd, riding with him, suffered a compound fracture of his right leg and other injuries.

James McKay of Wilson, truck driver, was arrested on charges of failure to display proper signals. He was not injured. The front end of Carrow's car was wrecked.

Highway Patrolman Dick Chadwick investigated the three highway mishaps.

Guest Is Speaker At Woman's Club

Miss Harriet Elliott, Dean of Women and Professor of Political Science at the Woman's College of the University of N. C., made a thoughtful and stimulating talk to a large group of women at the Woman's Club on Friday afternoon. Mrs. H. R. Phillips, chairman of the Welfare Department of the Club, introduced Miss Elliott as a woman of many attainments. She has been prominent in the work of the A. A. U. W. and has represented N. C. as delegate-at-large at two national Democratic Conventions, was a member of President Roosevelt's Defense Commission and last year was a member of the Advisory Commission to American Delegates to the United Nations Educational, Scientific and Cultural Organization Conference in London.

In developing her subject "The Road to Peace," Miss Elliott said that the Paris Conference was not a real peace conference but an effort in that direction, as it is practically impossible to agree on peace terms so soon after a major war. Many problems were brought into focus there, none of which is easy to settle. First of all there is the question of the great Western power, the U. S., and the great British Empire between. Can these three work together? Miss Elliott says her personal opinion is that they can and must.

Political boundary lines is another question which will take much time for settlement, as will international trade problems. Countries that have been destroyed by war cannot rehabilitate themselves alone but must be helped by more fortunate nations until they can become economically secure. How far are we willing to go in giving to our strategic boundaries or how is England or Russia willing to

Relief At Last For Your Cough

Chronic bronchitis may develop if you have a cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Circumulsion which goes right to the seat of the trouble to help loosen and expel germs, loosen phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Circumulsion blends beechwood essence by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, get your drugstore to sell you a bottle of Circumulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

go? Questions such as these should be settled at the conference table and since the United Nations is the best organization we have for settling disputed international questions we should make every effort to see that it succeeds. Though it is not perfect, it will gradually work itself into a stronger medium.

On his last day alive Franklin Roosevelt wrote a speech which he never delivered in which he said that we, the people, must cultivate the science of human relations. He was probably thinking then of the day when war should cease and the nations of the world would have to learn the art of working together for it is necessary that we learn this art if we are to live. "Since wars arise in the minds of men it is in the minds of men that the defenses for peace must be created." It is the duty of every one of us to read and to learn all we can about world problems so that our opinions may be based upon knowledge.

Mrs. Robert Humber, president presiding over the club's business meeting. Many interesting announcements were made. Mrs. Humber reported that the fifteenth district, of which Greenville is a part, was second in the state in its contribution to the Cancer Fund. Mrs. Moore called attention to the fact that next week is American Art Week and in observance of this there will be two excellent exhibits at the Art Gallery in the Sheppard Memorial Library. Mrs. Dink James invited all interested persons to join the Woman's Club Chorus which is being organized now.

At the close of the program hostesses for the afternoon, with Mrs. H. S. Ragsdale as chairman, invited everyone to the tea tables for refreshments. The tables were beautiful with their arrangements of yellow and white chrysanthemums and lighted candles. Mrs. J. E. Spilman poured tea and the other hostesses passed beautiful Hallowe'en sandwiches, salted nuts and cookies.

Big Four

(Continued From Page One)

Helped by their large stags who had to clear up immense details, the foreign ministers argued and struggled to reach some agreements. They finally got together five agreements, or treaties, in a general kind of way.

Then they called a conference of 21 nations—including the United States, Britain, Russia, France—which had some interest in these treaties.

This conference of 21 nations—a peace conference—opened in Paris in July and ended Oct. 15.

There was a great deal of struggle at the conference between Russia and its friends, like Yugoslavia, on one side and the U. S. and Britain and their friends on the other.

The Peace Conference had no power to do anything final about the treaties. All it could really do, by voting, was to suggest changes in the treaties which the foreign ministers laid before it in July.

Then these treaties with the

changes—or, rather, the recommendations of the Peace Conference—went back to the foreign ministers. Now they've taken those treaties to New York to sweat over them some more.

There the foreign ministers will do the final work and reach the final agreements.

The Peace Conference had been only a way of straightening out some more of the treaty kinks before the ministers made final decisions.

BIG MEDICINE FAILS

Madres, Ore., Nov. 4—(AP)—The white man's faith in his traditional source of weather information—from Chief Tommy Thompson of the Celilo tribes—has dimmed.

When a white neighbor asked the venerable chief what could be expected soon in weather, the chief gravely pronounced:

"Don't know. My radio's broke."

SALE OF FARM LANDS

On Saturday, November 23, 1946

At 11:00 o'clock, A. M. at the courthouse door in Greenville, N. C., I will offer for sale at public auction for cash my farm property located about 1-2 mile west of Hudson's Cross Roads in Chicod Township, containing 29.25 acres, more or less, of which 21.75 acres are cleared land, and being a part of the late W. A. Buck lands. For description see deeds recorded in Book E-24 at page 141 and J-24 at page 457.

This land has 7.1 acres of tobacco allotment (1946); 2 tobacco barns equipped with coal stokers used one year; 1 residence; 1 tenant house; 1 pack house located on other land which can be removed to this land, and electric current is within reach of the property.

The last lap is the hardest!

You've probably figured your present car won't have to last much longer.

We hope you're right. For our part, we're doing our best to get those grand new Packards to our customers.

You know the situation

But, like every other motor car manufacturer, Packard is still struggling with parts and materials shortages.

This year, the industry as a whole has been able to build only 44% of its output for the same period in 1941.

Packard has done better than that, but we'd like to put in a word of caution:

It may be some time yet before you get behind the wheel of your new car.

Don't take a chance!

Make sure your present car keeps rolling. Test your car with this easy quiz.

If you find any of these symptoms, bring your car in for a quick check-up.

Lots of cars are lasting longer and running better because our expert mechanics are trained to nip trouble before it takes hold!

WINTERIZE NOW! These days, it's doubly important to beat winter to the punch. Bring your car in early for a thorough check-up of your battery, electrical system, and cooling system—as well as pre-winter lubrication and engine tune-up. The last-minute rush will be terrific—and the first cold snap may damage hard-to-get parts!

P.S. Fenders, doors, running boards—in fact, all body parts are scarce. Don't let rust eat them away. Our protective treatment will add to your car's life, appearance and value.

The Army Ground Forces offers you a new life OUT THERE

Look toward Korea and Japan! A thrilling new job and a new life—with interesting work, sports, entertainment and travel opportunities—can be had for the asking by qualified young men who volunteer for one of the famed Far Eastern units listed at right.

What an opportunity... what a job! Choose one of these great divisions, then set your sights for an experience that will be valuable to you all your life. Training in one of these crack units will stand you in good stead wherever you go. Study a foreign language. Learn the fascinating details of Military Government—so vital to future peace and world prosperity.

Japan's "Isles of Pines" are but a sample of the attractions of an Army career in the Far East. The Army has reopened comfortable hotels, theaters, swimming pools, tennis clubs, golf courses, ball parks. These—familiar haunts of pre-war tourists—and many new developments—provide a broader choice of recreation for Army men than is enjoyed by the average civilian at home.

Not everyone can measure up to this job. Only 3-year enlistees who meet prescribed physical and mental standards can enjoy the benefits of such a job. High overseas pay, excellent medical and dental care, good food and lodging and a generous retirement plan make your future in the Army Ground Forces too good to miss! See your nearest Army Recruiting Officer for full details.

Here's what you gain on overseas service

	Service in U. S.	Service Overseas
Master Sergeant		
or First Sergeant . . .	\$165.00	\$198.00
Technical Sergeant . . .	135.00	162.00
Staff Sergeant . . .	115.00	138.00
Sergeant . . .	100.00	120.00
Corporal . . .	90.00	108.00
Private First Class . . .	80.00	96.00
Private . . .	75.00	90.00

Overseas Service Increases Base Pay by 26%!

Strength FOR THE DAY

By EARL L. DOUGLAS

THOUGHTS FASHION FEATURES

Nathaniel Hawthorne in his pro-
foundly moving story "The Great
Stone Face" tells how Ernest, who
lived in the valley which lay below
the great mountain profile, gazed
so continuously on the face which
nature had carved high up in the
hills and admired so deeply its dis-
tinctness and character, that at last he
came to resemble the Great Stone
Face. There was a legend in the valley
that some day there would ap-
pear a man of great distinction who
would resemble the stone features
which the people of that part of
the country were accustomed to
behold. Men came and went, and
some were applauded and told that
they resembled the Great Stone
Face. But the excitement always
died down and nobody at last be-
lieved the legend.

One evening as Ernest was speak-
ing to his neighbors about the deep
things of God, someone suddenly
called the attention of all present
to the resemblance between Ernest's
face and the stone face high up on
the mountain. The legend had been
fulfilled. The distinguished man had
proved to be one of simple char-
acter, living a helpful life among
his fellows, conscious of no great-
ness but looking for it always in
others.

Hawthorne's story illustrates the
truth that as a man thinks within
his heart, so he is. His countenance
at last reveals his inner thoughts
and character.

WASHINGTON LETTER

NATURE'S GUARDSMEN

By JANE EADS
Washington—The Weather Bu-
reau's mobile emergency unit
(MOBEU) is ready and waiting for
any of nature's caprices—storm or
flood or quake.

MOBEU crews, minute men of
the Weather Bureau, get advance
dope on what's cooking in the sea
or sky or earth itself. Their informa-
tion aids precautions, evacuation,
relief and restoration.

MOBEU has groups in each of
seven Weather Bureau regions
throughout the country.

During ordinary weather these
trained and experienced men are
kept occupied on regular work. But
they are always on the alert. When
it becomes a sure bet that bad
weather is brewing at some spot
they are dispatched immediately to
the critical points.

The Bell Telephone Magazine, re-
porting its communications prob-
lems during the September, 1944
hurricane, shows how MOBEU does
the job.

It says the second tropical hurri-
cane to strike the North Atlantic
states in six years was "chaperoned"
for a week by the Weather Bureau
and reported on almost hourly dur-
ing that period.

The hurricane lived up to its
"advance billings" when it hit the
coast from Virginia to Maine.

"Such precautions as men may
take against an uncertainty, they
took before those hours struck,"
says the telephone company.

In some communities which had
learned their lesson the hard way
in 1938, vehicles and pedestrians
were forbidden the streets. School
sessions were suspended. In some
places homes were ordered evacu-
ated.

Due to the Weather Bureau's
warning and constant reporting of
the storm's progress, the telephone
company was able to prepare to
restore, within three days after the
disaster, 71 per cent of the tele-
phones knocked out of service half
the length of the Atlantic Coast
line.

The American Red Cross, ever
ready to act in disaster, is guided
chiefly by reports from the Weather
Bureau emergency unit.

The position, movement and gen-
eral characteristics of a tropical
storm or hurricane are reported to
the Red Cross by the Weather Bu-
reau.

Second, Rep. John H. Kerr is un-
opposed.

Third, Rep. Graham A. Barden
opposed by H. B. Konegay of Cal-
lyso.

Fourth, Harold Cooley of Nash-
ville, opposed by Ben L. Spence of
Siler City.

Fifth, John H. Folger of Mt
Alry, opposed by S. Ewan Hall of
Winston-Salem.

Sixth, Rep. Carl T. Durham of
Chapel Hill, opposed by A. A. Mc-
Donald of Durham.

Seventh, J. Bayard Clark of Fay-
etteville, opposed by H. Edmund
Rogers of Wilmington.

Ninth, Robert L. Doughton, op-
posed by Clyde R. Greene of Boone

Tenth, A. L. Bullwinkle of Gas-
tonia, opposed by C. Y. Nanney, Jr.
of Union Mills.

Desert, and its capacity would be
limitless, but we couldn't put a fuel-
burning power plant there because
of the cost of transporting the fuel.

Describing the great force of
atomic energy, the speaker said
when a bomb is exploded and its
rays sweep the area, the flash
leaves the terrain a scorched white-
ness and where a human being or
a building had been standing there
would only remain a white shadow
of their outline. Two pounds of
uranium are needed to make an
atomic bomb, he said. If it is less
than two pounds it is not effective
if there's too much uranium "you
and the vicinity become extinct."

Dr. Brennecke pointed out that
atomic force will be a great blessing
in therapeutics and medicine. He
said Germany did little to develop
the force, but Russia will have
atomic bombs in two years. Even
smaller countries can make them.
They are not so expensive since this
country and Canada and England
spent two billion dollars developing
atomic force during the war.

Dr. Brennecke in describing at-
oms—those minute elements which
make up matter—explained that
"if a thousand million atoms were
piled up on a table, the pile would
not be an eighth of an inch high."
But he reminded seriously, the split-
ting of atoms through the process
of fissioning, discovered by the Ger-
mans some years ago, provides a
power heretofore undreamed of on
this earth. He expressed the hope
that the nations of the world would
cooperate to use atomic force for
useful purposes and outlaw it for
war for the benefit of all mankind.

He reminded that some small in-
sults with rocket planes, radio re-
flected, could make a "sneak attack"
on the United States and we would
wake up next morning and learn
that 12 of our major cities have
been wiped out.

"We could press a few buttons,"
he said, "and direct our own jet
planes, loaded with atomic bombs
toward the attacking country, and
probably wipe it out, but that would
not restore our 12 devastated cities."

Dr. Brennecke said if interna-
tional control of the atomic energy is
established, we may anticipate
great blessings to mankind. At the
conclusion of his interesting address
the speaker answered numerous
questions.

W. Arthur Tripp, program chair-

Noted Engineer Guest Speaker

By CHESTER WALSH

"An atomic bomb—almost im-
measurable deadly weapon—could
easily demolish much of New York
and Manhattan Island, but we don't
believe that enough of the bombs
could be exploded at one time to
destroy the earth," Dr. H. G. Bren-
necke, head of the department of
electrical engineering at State Col-
lege, said during an address at the
weekly supper meeting of the
Kiwanis Club last Friday night.

He pointed out that the atomic
bomb is not nearly so important in
the news now as 18 months ago
when bombs were exploded over
Hiroshima and Nagasaki in Japan
but atomic energy is used for the
benefit of mankind will be a blessing
to humanity in the years ahead if
international cooperation provides
for use of the great force for useful
purposes.

"I expect to see within the next
20 years," said Dr. Brennecke
"atomic energy used for generating
power beyond the limits of coal
and oil for fuel. The atomic force
is permanent in its radiations. A
power plant generated by atomic
force could be placed in the Sahara

Desert, and its capacity would be
limitless, but we couldn't put a fuel-
burning power plant there because
of the cost of transporting the fuel.

Describing the great force of
atomic energy, the speaker said
when a bomb is exploded and its
rays sweep the area, the flash
leaves the terrain a scorched white-
ness and where a human being or
a building had been standing there
would only remain a white shadow
of their outline. Two pounds of
uranium are needed to make an
atomic bomb, he said. If it is less
than two pounds it is not effective
if there's too much uranium "you
and the vicinity become extinct."

Dr. Brennecke pointed out that
atomic force will be a great blessing
in therapeutics and medicine. He
said Germany did little to develop
the force, but Russia will have
atomic bombs in two years. Even
smaller countries can make them.
They are not so expensive since this

W. Arthur Tripp, program chair-

England . . .

(Continued from Page One)

Gentlemen's sons went to "public
schools" (we call them private in
America), while tradesmen's sons
attended the plebeian municipal
schools—and they were worlds
apart.

All that began to change after
the first world war. This was due
partly to the fact that taxation
compelled a lot of once wealthy
ladies and gentlemen to go to work
and partly to the insistent demands
of the lower ranks for their place
in the sun. The pace has accelerat-
ed with passing time until we wit-
ness the astonishing advent of a
socialist national government, and
find the socialists the strongest party
in the municipal councils.

Speaking of old school ties, not
long ago Minister of Education El-
len Wilkinson announced the gov-
ernment's intention to reform Brit-
ain's educational system and "re-
move those class distinctions which
are a handicap in democracy." Miss
Wilkinson proposed to make the or-
dinary schools so good that it will
seem absurd not to send all children
to them.

Candidates

(Continued from Page One)

Baker is the only one of 21 solicitors
up for election who has opposition.

Other candidates for Congress
with Democrats listed first, are:

First, Herbert C. Bonner, is op-
posed by Zeno O. Ratcliff of Pan-
tego.

Power Of Prayer Has Official Recognition

Miami, Fla., Nov. 4—(AP)—A flood of letters to the Weather Bureau declared the power of prayer dissipated the hurricane of Oct. 6-9 and converted it into a "chast storm" that did negligible damage.

An official report of the storm made public today described other factors, but included this statement: "The potential damage, especially to the citrus crop, was so great, and the actual damage so small, that many in Florida attributed it to the miraculous intervention of Providence in answer to statewide invocations."

Week Days 8 A. M. to 10 P. M., Sundays 1 to 10 P. M.

★ The infantile death rate in the United States is very low. From 1934 to 1936 we ranked seventh in the world, led only by New Zealand, Holland, Australia, Norway, Switzerland, and Sweden.

Yet 70,000 infants die annually in the first month of life, and 53,000 more from the second to the twelfth month. How many of these precious infants might have lived had their mothers had adequate prenatal care under the direction of a competent physician?

It is now up to the mothers to take advantage of the knowledge and skill of the physician during the trying months of pregnancy. We are ready to supply the needed dietary supplements and other medication ordered by your physician.

Important Sugar Conference Here

BY CHESTER WALSH
Executive secretaries of 10 Eastern North Carolina chambers of commerce met at Proctor Hotel here today for a conference on the serious sugar shortage and made plans for taking concerted action to persuade the federal government to take some action which will relieve the sugar famine. Willard E. Kyzer of Greenville presided. Speakers included Judson H. Blount of the Chamber of Commerce Agriculture Committee and J. B. Kittrell Blount pointed out the serious shortage of tobacco cloth and iron for making tobacco tubes.

Kittrell, one of the largest sugar brokers in the state, hit the nail on the head when he said: "I think the United States has played Santa Claus to the European nations long enough, and something should be done to allot more sugar to consumers in this country." From the facts Kittrell quoted, it appeared to the executives that the sugar famine caused by a group of men in Washington who don't know anything about it, involving the roles of a dictatorship board.

A round table discussion included five iron and tobacco cloth as well as sugar.

Secretaries present were: Charles McCullers of Kinston; W. C. Carlton of Morehead; William E. Bobbett of Rocky Mount; Jack Farrell

Hate Mongers . . .

(Continued on Page Eight)
in that it had two prongs and the Columbians three. "I believe it was copied," he said.

Three of the arrested Columbians meanwhile, obtained release under bond. They were Homer L. Loomis, Jr., local organizer and secretary of the order; James Akins and R. L. Whitman. Hornsby said the fourth, Jack Price, was being held for federal authorities because he was unable to produce a selective service registration card.

Addressed to "white men and women," the notice of the meeting said:

Colored News

The Silver Wing Quartet of Baltimore, Md., will sing at the Corner Stone Baptist Church Sunday, November 10, at 8 p. m. The public is cordially invited.

Hornsby turned his complete attention on the order over to the police department's legal division. He asserted he would do all in his power to have its charter revoked, even if it necessitated special legislation by the city council or an appeal to state authorities.

The secretaries are to take back to their own communities the results of today's conference and begin an active campaign to get some action from the government. It was a luncheon meeting.

SEASON'S BIG EVENT AHEAD

Notre Dame And Army To Give 1946 Classic Next Saturday

New York, Nov. 4—(AP)—They'll play the usual quota of college football games on the white-striped fields around the country this week but to the average fan the only thing that matters will be the national championship struggle between Army and Notre Dame.

Not since the Titanic struck the iceberg has a head-on collision attracted as much attention as this important clash bringing the nation's two outstanding gridiron powers face to face at New York's Yankee Stadium on Saturday afternoon. These two outfits still remain unbeaten and untied—a condition shared only by UCLA and Georgia among all the major elevens in the land. Both of them warmed up to the battle of the year by scoring shutout victories last weekend, a weekend in which Pennsylvania and Harvard were hauled rudely out of the all-victorious class and such onced teams as Northwestern, North Car-

olina and Oregon absorbed their first defeats. Notre Dame whipped Navy 38-0 for its fifth triumph of the year. In running over Illinois, Pittsburgh, Purdue, Iowa and Navy, the Irish have piled up 177 points while holding these worthy opponents to a total of 18. Army subdued a stubborn West Virginia team 19-0 to run its three-year victory string to 25 in a row. The Cadets have scored 208 points this year against Villanova, Oklahoma, Cornell, Michigan, Columbia, Duke, and West Virginia, allowing them a total of 55.

Hole In One At Greenville Club

Harold Thomas, local professional, made a hole in one on the 115 yard No. 3 hole on the Greenville Golf course here last Friday afternoon. Thomas used an 8 iron for the shot. The ball hit about 8 feet short of the cup and kept a perfect line in. He was playing in a fivegame with Jack Isaacs, famous tournament pro from Langley Field, W. L. Allen, Simon Moyer, Jr. and Howard Waldrop of Greenville. This is the first hole-in-one made on the new Greenville course and was the first one Thomas has ever made.

G-Men Will Play Roanoke Rapids

Fresh from their thrilling 14-13 triumph over Scotland Neck here Friday, the G. H. S. Green Phantoms go to work this week in preparation for Friday night's conference battle with Roanoke Rapids. The Yellow Jackets, loser to Raleigh on Friday night by a 38-0 score, will be on the rebound against the Phantoms and a tough battle is expected to ensue. Rock Venter's club has one of the toughest lines in the conference, and if reports are correct, that is the department of play the Greenies will have to work hardest on. However, if the Greenville line performs as creditably this Friday as it did in the last game, it will indeed be hard to beat. For, despite the superlative running of the backs it was the line play which no doubt won in the final analysis for Greenville.

Baksi Is Heavy Favorite To Win

London, Nov. 4—(AP)—British sports writers took an astonished look at Joe Baksi's shoulders today, cocked an admiring ear at his grammar and concluded that the former Pennsylvania coal miner was a Gene Tunney-in-the-making. Casting local pride to the winds they gave British light heavyweight champion Freddy Mills only an outside chance of beating Baksi when they meet in a scheduled 15-round non-title match tomorrow night—Guy Fawkes night—in Harringay Arena. "Baksi has more dynamite in his right hand than Guy Fawkes stored under the houses of Parliament," said one scribe after watching the 24-year-old Kulpmont, Pa., lad bat five sparring partners around as effortlessly as he used to juggle midgits in a tent show. Whitley Bimstein, Baksi's trainer was a little puzzled by the reference to Guy Fawkes. "He was a wrong 'un and they strung 'im up," explained a British sporting character. "Now the nippers (kids) shoots off fireworks on 'is birthday or wotever 'is is." "Oh," reflected Whitley.

Coal Talks . . .

(Continued From Page One) administration expressed willingness to credit the walkout of some 10,000 miners last Friday and Saturday to a misunderstanding over the status of their working agreement. Union district leaders said they were trying to get the men back to work, but a spokesman for the operators said they looked for an epidemic of strikes during the negotiations. Lewis, however, has given no fresh sign of his strategy. What his specific demands will be, remain to be seen. Most government officials think that Lewis will seek a cut in the present 54-hour work week, with little or no loss in take-home pay. For the full 54 hours, that is \$75.20, but the average bituminous miner is working only 42.4 hours a week, and making \$62.37, the Bureau of Labor statistics reported in August.

Homemakers . . .

(Continued From Page One) 1947-1948. Those chosen were Ann Cahoon of Greenville, Beatrice Hill of Chocowinity, and Merriam Britt of Aulander. These nominees will attend the state rally in Raleigh in the spring and stand for election at that time. The vice president chosen for 1947-1948 will automatically become president of the Future Homemakers in North Carolina the next year.

Southern Conference Has New High Scorer

Brinkley Replaced By Cloud Of William And Mary; League Decision May Be At Stake In N. C. And William And Mary Contest

By the Associated Press
William and Mary's fullback Jack Cloud today took over the football point-making leadership of the Southern Conference from Wake Forest's Dick (Rock) Brinkley. Both Cloud and Brinkley are from Norfolk, Va. Cloud pushed his scoring total to 42 points Saturday as he drove over for two touchdowns to lead the Indians to a 41-7 triumph over the University of Maryland. Brinkley and Charlie Justice, the North Carolina choo-choo tailback, trailed Cloud, each with 36 points. Stan Magdziak, William and Mary's star placekicker who alternated at the fullback slot with Cloud, held fourth place among the scorers with 32 points, among them 23 conversions for extra points and a field goal. Meanwhile, the conference's spotlight was turned on a game slated

Saturday afternoon in City Stadium at Richmond, Va., between the William and Mary eleven and North Carolina that may have much to do with determining the league champion. The Indians have won five straight in conference play without a defeat. If William and Mary manages to outlast the Tar Heels, who were beaten for the first time Saturday when they bowed to Tennessee, the Tribe from the Williamsburg, Va. reservation undoubtedly would start looking around for a new motivation and a good place to put the title bunting until next autumn. After North Carolina, the Indians will tangle with an unimpressive George Washington outfit and the University of Richmond. Should North Carolina come out on top, South Carolina's Gamecocks, unbeaten in three games, would climb into the favorite's seat. George Washington gets its first conference test Saturday at the Citadel; Clemson plays at Tulane; Richmond goes to Davidson; Wake Forest tackles Duke at Durham; Virginia Military Institute invades Furman, North Carolina State journeys to Vanderbilt, and Virginia Tech meets Washington and Lee at Lynchburg, Va. In games over the weekend Georgetown battered George Washington, 18-6; Clemson jumped on
