Bevin Urges Big Five Powers To Draft New 'Conduct Code' Restricting Veto Use In UN

Major Nations Will Discuss Voluntary Restraint In Application Of Veto On Matters Before Security Council; Problem Adds To Tasks Already Self-Imposed

New York, Nov. 18.—(AP)—Foreign ministers of the United Nations five great powers met today to see whether they could work out what the British call a new code of conduct to restrict the use of the veto in the U. N. security council.

Those who attended the session for the U. S. were Secretary of State Byrnes, Senator Connolly (D-Tex.) State Department counselor Benjamin Cohen and Charles E. Bohlen, Byrnes' Russian expert and interpreter.

Prior to the big five session—of America, Britain, China, France and Russia—Byrnes met with his top United Nations delegates to discuss the veto issue and review American policy which agrees with that of the other powers in opposing any basic change in the veto at this time, but calls for restraint by agreement where possible.

The ministers moved to dilute the veto issue temporarily from the U. N. assembly and add it to their own tasks, finishing the satellite peace treaties and beginning German peace talks.

By such action Bevin and Byrnes were reported hopeful they could meet the anti-veto criticisms of small nations and simultaneously preserve cooperation with Russia.

While the foreign ministers thus added to their problems, diplomats held high hope that one peace issue— Trieste—might be near settlement at last.

If the deadlock is broken as quickly as some expect, it should allow the ministers to begin about midweek—as scheduled—their pre-

CIO's Main Concern Is Coming Wage Struggle

FRENCH LEFT WING WEIGHS UNITED FRONT

Union Of Reds And Socialists Would Elect Communist President

Paris, Nov. 18.—(AP)—French socialists weighed today a Communist proposal for a leftist united front that would give the new Fourth Republic the first Communist President in France's history.

They agreed to give the idea a hearing at a meeting of the socialist national council yesterday just a week after the party took heavy losses in the election of the powerful National Assembly.

The election gave the Communists 180 and the socialists 101 of the assembly's 618 seats. Other leftists might command 63. The Communist Popular Republican (MRP) Movement got 162 and rightist parties 85.

In a letter read to the socialist council, Jacques Duclos, Communist Party secretary, suggested the two working-class parties pool their assembly votes in support of a "Democratic Union" government under a Communist President.

Duclos said if socialists and communists acted together, they could "determine the composition and direction of the new government," but if not, "the reaction would be succeeding in imposing its political will."

In reply, the socialist council by unanimous resolution recognized the communists' right to take the lead in forming a government, asked an explicit statement of the com-

Murray Opens Convention In Keynote Speech; Agenda Of Convention To Feature Southern Drive And Stronger PAC

Atlantic City, N. J., Nov. 18.—(AP)—President Philip Murray opened the CIO's eighth convention today by declaring that the coming wage struggle was the convention's main concern.

In an extemporaneous keynote speech before an estimated 600 delegates, Murray pinned the blame for last winter's strikes on industrialists. He said no CIO union precipitated a strike.

He began by saying this would be one of the most important of all CIO conventions. He also declared it would be a unified convention.

To clear decks for the wage drive the CIO leadership has seized the Communist issue by the horns and forced all elements in the organization to subscribe to a strong anti-Communist declaration.

These subjects stood out importantly on the convention agenda: 1. The wage drive. 2. More steam behind the southern organizing drive. 3. A more effective political action committee.

The convention also was scheduled to approve the anti-Communist declaration which was endorsed by the 51-man executive board yesterday.

The statement puts the CIO on record as pledging only one national allegiance—to the United States. It declares the convention delegates resent and reject efforts of the Communist party or other political parties and their adherents to interfere in the affairs of the CIO.

The declaration does not end the struggle for power between the CIO's left and right wings, nor does it expel or remove anyone from office. The final sentence: "This convention serves notice that we will not tolerate such interferences" was seen as leaving future anti-Communist action indefinite.

ATHEIST GETS TIME ON AIR

Radio Audience Protests Broadcast Of Talk On Views

San Francisco, Nov. 18.—(AP)—Robert Harold Scott, 62-year-old atheist who won a five-year campaign for the right to broadcast his views, told a radio audience yesterday "there is no God all-wise and all-good, who is also all-powerful."

Scott spoke from San Francisco over Station KQW yesterday on the half-hour which for years has been devoted to the Salt Lake City tabernacle choir. The station was one of three local stations whose licenses Scott sought to revoke if they would not allow him time on the air.

KQW gave Scott a half-hour of free time for "a trial broadcast" and invited its listeners to send in their reactions.

"An Almighty God could have prevented all natural evils, great and small," Scott said. "He could have prevented disastrous earthquakes and tornadoes, x x x He could have prevented every natural evil of the present and the past."

He asserted "the fact that no deity of any kind has ever, in any way, made himself unmistakably known to everybody in every generation amounts to positive proof that there is no such thing."

ODT In Order

WASHINGTON, Nov. 18.—(AP)—The Office of Defense Transportation today ordered a 25 per cent reduction in railroad passenger service performed by coal burning locomotives effective at 11:59 p. m. next Sunday.

ODT said the order was issued "because of the threatened stoppage of production of bituminous coal."

The agency warned further that a continued stoppage of bituminous mining operations will result in curtailment of freight, parcel post mail and railway express shipments and all export traffic except food, clothing and medicine.

"DIE IS CAST" SAY INSIDERS

Key West, Fla., Nov. 18.—(AP)—President Truman's decision to face a showdown with John L. Lewis added a militant note today to the Cuban Executive's Florida vacation.

His order to subordinate to fight it out with the chief of the United Mine Workers was cited by close associates here as the reason for his happy, carefree air.

The President, immediately after his arrival here by plane from Washington yesterday, put on a slack suit and began a trip around this U. S. naval submarine base chatting with reporters. Obviously the President was worried over the crisis in the coal fields.

Intimates said that Mr. Truman cast the die before leaving Washington. They said he instructed Interior Secretary J. A. Krug to "fight it out to a finish" with the president of the United Mine Workers.

Krug has been in frequent consultation with Reconversion Director John R. Steelman, who also remained in Washington. He will fly here to join the President later in the week.

Landlords To Register At OPA Headquarters

Estimated 6,000 Dwelling Units To Be Registered In Pitt And Beaufort Counties During Current Week; Simple Procedure

An estimated 6,000 dwelling units in Pitt and Beaufort counties must be registered with OPA rent control officials, beginning this week. It was announced by John Morris, area rent director for Pitt and Beaufort counties.

Pitt County and Greenville landlords must go to Opa headquarters 119 West Fourth street, in Greenville, beginning today—November 18, when OPA personnel will be on hand to aid in the registration.

Every person who collects rent from any living quarters must go to the OPA rent office, 119 West Fourth street, in Greenville, and register their rental units on a simple one-sheet registration blank Morris said.

"It will take less than five minutes to fill out the simple rent registration form," Morris declared. "Just have the information at hand, such as the price the rental unit was renting for on July 1, 1945, and all the services which were offered. The form is in triplicate with carbon copies so that a one-time filling will serve the entire registration."

Morris warned landlords that failure to comply with the rent registration may subject the landlord to a penalty of \$5,000 or a year in a federal prison.

Morris expressed confidence that persons who collect rents will cooperate with the government's rent control program. He said that "a great majority of our landlords are loyal Americans who want to do their part in the people's fight to keep rent prices down."

By WYATT BROWN Tuesday morning November 19th the teams of Christmas Seal Sale Bond Solicitors will approach their list of selected prospects following a final meeting that morning at Campaign Headquarters at the Pitt County Health Office.

The money from the Seal Sale is used to provide a monthly free Tuberculosis Clinic, free x-rays for the tubercular person, and in addition to these established steps for treatment and prevention of the dread disease are the plans next year to use Seal Sale Campaign funds to have a mobile x-ray unit travel over the county to secure more clinical x-rays from people more widely distributed.

GROUP WOULD INVESTIGATE ANTI-AMERICAN ACTIONS

Senate War Inquiry Committee Opposed By State Department

Washington, Nov. 18.—(AP)—The State Department was reported today to frown on a proposed Senate investigation of the American Military Governments in Germany and Austria.

Senator Brewster (R-Maine) told reporters he understood that is the department's attitude. He predicted the Senate War Investigating Committee nevertheless will approve hearings in Europe although he said some democratic members "have lost their enthusiasm."

"The kid-gloves boys at the State Department should not be afraid," Brewster commented. "The American taxpayers are entitled to know why we are dumping a billion dollars into the American zones alone and why we have 250,000 of our troops tied up there."

Brewster disclosed that he and Senators Ferguson (R-Mich.) and Knowland (R-Calif.), committee members, went to New York last week to confer with Secretary of State Byrnes and Senators Vandenberg (R-Mich.) and Connally (D-Tex.) about the diplomatic and political angles to the proposed European hearings.

The Maine Republican said this conference developed "some coolness" for fear that the War Investigating Committee might be trying to shape diplomatic policy. Policy-making is a job for the State Department or Senate Foreign Relations Committee of which Connally now is chairman and which Vandenberg is a member.

Virgil Wilson of the Chisolm section of Pitt County is being held in jail on a charge of fatally shooting Robert L. Kennedy, 31, Negro farmer of the Hudson's crossroads section shortly after midnight Saturday.

Thousands Lay Aside Tools Three Days Before Deadline; Federal Officials Map Plans To Avert Shutdown; Rankin Asks For Special Session Of Congress

WASHINGTON, Nov. 18.—(AP)—Defying the prospects of a government crack-down on John L. Lewis' thousands of soft coal miners today laid down their tools several days ahead of a deadline set by the mine workers chief.

As the walkouts spread, President Truman called for a showdown fight with Lewis and Attorney General Tom Clark summoned aides to another emergency session to explore possible court action against the United Mine Workers boss. It was the second such conference in as many days.

Mr. Truman was vacationing in Florida but intimates said he had left orders for subordinates in the capital to either smash Lewis' leadership of the miners or bring him to terms on a deal to keep mines going.

Lewis, rejecting a government proposal for a truce, has terminated the miners' wage contract effective Wednesday midnight—a signal for a complete shutdown in the mine fields. The government insists the contract still is effective.

While the government strategy was developing, Rep. Rankin (D-Miss.) called on Mr. Truman to summon Congress into special session at once to deal with the coal situation. The chief executive Rankin said in a statement should take the lead in getting this country back to a government of laws instead of the present reign of racketeers.

Aside from stay on the job appeals to miners, a high government official reported that government plans to block a mine shutdown include possible legal action to: 1. Freeze United Mine Workers funds. 2. Obtain a judgment restraining Lewis and the miners from carrying out a strike. 3. To prosecute Lewis under the Smith-Connally act which bans strikes in government seized plants.

In advance of any of these possible moves, the government already has: 1. Posted notices at all mines appealing to the miners to stick to their jobs, despite Lewis, and pledging to keep the mines open regardless of any action by the union boss. 2. "Froze" coal stocks in dealers hands and instituted rationing of deliveries. The regulations permit deliveries to public utilities.

A highway patrolman reported today that a car driven by Roy Hadcock of near Ayden, while crossing the Bethel highway from Duke's Service Station to Clark's place, across the river, collided with a car driven by Jones P. Moss of near Stokes Sunday night about 11 o'clock. Both cars were badly damaged. Hadcock was arrested for not having a driver's license.

Moss received a cut on a knee; John D. Langley of Bethel, riding with Moss, received cuts on his head, and his brother Ronald Langley was slightly injured. Highway patrolman said today they are going to bear down on persons driving cars without drivers' licenses.

WRECK FOUND AFTER SEARCH

All Aboard Killed; Pilot's Hand Gripping Controls

Burbank, Calif., Nov. 18.—(AP)—A dead flyer's hand still grips the controls of the Western Air Lines plane which crashed Wednesday, with 11 persons aboard, against the snowy peak of White Mountain.

Ventura County Dep. Sheriff Dolney Cummings, leader of a group which yesterday made an unsuccessful effort to recover the bodies, reported finding five badly burned corpses inside the wreckage.

Because no attempt at identification was made, Cummings said, he was unable to determine whether the hand on the controls was that of Capt. Garret Miller, 34, Van Nuys pilot, or first officer Tex Mathis, 25, Whittier, co-pilot.

Cummings said he presumed the other six bodies were buried beneath the debris, which was scattered over a wide area by the impact. His party, he said, lacked facilities for removing the bodies.

The Ventura County party's trek up the mountain followed attempts Friday and Saturday by a group headed by Los Angeles County Sheriff's Lt. Sewell Griggers. Leaders of the two groups will confer today on plans for recovery of the bodies.

Bank Resources At Record High

Raleigh, Nov. 18.—Resources of North Carolina's banks stood at an all-time high of \$1,920,347,118 on September 30—an increase of \$149,768,858.04 in the three months since June 29. State Banking Commissioner Gurney P. Hood has reported.

State commercial banks had resources of \$1,375,540,304.11 on September 30. National banks in the state had \$33,750,650 and industrial banks had \$41,057,113.89.

Deposits of the state banks showed an increase of \$113,018,409.30 to \$1,296,620,266.42 and loans and discounts increased \$24,148,918.77 to \$260,753,068.87.

Bevin Upheld LONDON, Nov. 18.—(AP)—The House of Commons unanimously gave Foreign Secretary Bevin's foreign policy a vote of confidence tonight.

The vote was 352 to 0 against an amendment by 58 labor members of Parliament urging that the government's foreign policy steer a middle course between the U. S. and Russia.

True Bill Found By Grand Jury

Asheville, N. C., Nov. 18.—(AP)—A Buncombe County Grand Jury today returned a true bill of "conspiracy to incite riot and commit murder" against W. E. Connor, 32, and David B. Wright, 23, but Superior Court attaches said the case probably would not come up before the December term.

The two are leaders of a "protective" organization that has accused the city police department of laxity.

Judge W. H. Bobbitt of Charlotte is sitting in the November term of criminal Superior Court here.

Manufacturing employment in Pacific Coast states is two and one half times the pre-war figure.

Greek Relief Troops Join In Fight Against Attacking Guerilla Forces

Athens, Nov. 18.—(AP)—Greek relief troops were reported today to have joined battle with guerilla bands making their third attack in five days on Archangelos, west of ravaged Skra near the Yugoslav border.

Salonica dispatches in Athens newspapers quoted a communique as saying that the attackers came from across the border and penetrated Greek defenses about a mile and a quarter.

The relief column speeded to the village, the report continued, inflicted heavy casualties on the band and left the battlefield littered with dead.

The Greek general staff submitted to Premier Constantin Tsaldaris details of all attacks near the border since Oct. 1 for presentation to the American and British ambassadors to Greece.

Attorney Brings Suit For Libel

Washington, Nov. 18.—(AP)—Theodore Granik said today he has instructed his attorneys to bring a libel action against Preston Tucker, one of the principals in the battle over disposition of the government's \$171,000,000 wartime Dodge-Chrysler plant at Chicago.

Granik, New York and Washington attorney, said in a statement that he had acted in legal matters for Tucker, president of the Tucker Corporation of Chicago, a new automobile concern, but denied that he ever intervened with "officials of the National Housing Agency on Tucker's behalf."

Tucker told newsmen last Thursday that an attorney who implied he had government "connections" had offered to help him keep a lease on the Chicago plant in return for a \$10,000,000 consideration. Tucker did not name the attorney.

Wilmington Firm Damaged By Fire

Wilmington, Nov. 18.—(AP)—One wing of the Acme Fertilizer plant burned yesterday. Thomas Wright, president of the company, said he had as yet been unable to make an estimate of the damage.

The blaze was fought by fire departments from Acra, where the plant is located, Wilmington and Whiteside.

A Discussion Of The Halt Called By The Army To The Shipping Overseas Of Families Of Enlisted Men In Lower Grades; An Explanation And Meaning

WASHINGTON, Nov. 18.—(AP)—The Army has called a halt to shipping overseas the families of enlisted men in the four lowest grades.

Here is an explanation of this move and what it means—the announcement was made Nov. 9—given by officers at the War Department.

Under a long-standing law all commissioned officers and sergeants of the three top grades—master staff and technical—are entitled to housing or money to pay for it, even when overseas.

The Army has been sending over to them—when they requested it—their wives and children. It will continue to do so when there's shipping to carry them and houses can be found for them.

Cars In Collision Over River Sunday

A highway patrolman reported today that a car driven by Roy Hadcock of near Ayden, while crossing the Bethel highway from Duke's Service Station to Clark's place, across the river, collided with a car driven by Jones P. Moss of near Stokes Sunday night about 11 o'clock. Both cars were badly damaged. Hadcock was arrested for not having a driver's license.

Moss received a cut on a knee; John D. Langley of Bethel, riding with Moss, received cuts on his head, and his brother Ronald Langley was slightly injured. Highway patrolman said today they are going to bear down on persons driving cars without drivers' licenses.

When the war ended and the Army needed men to enlist as regulars—to replace some of the millions of draftees being discharged—it made a recruiting drive.

Many men signing up for two or three years were told—as an inducement to joining—that if they went overseas and wanted their families to join them they would be sent.

But this was a verbal promise to these men in the four lower grades. They are not promised housing out-

**U. D. C. Meeting**  
The George B. Singletary Chapter United Daughters of the Confederacy met with Mrs. E. B. Ficklen at her home, on West Fifth street on Thursday, November 14.

Dr. Deal delighted his audience with a most interesting talk about the naval operations in the Mississippi during the War Between the States. The study for the year has been the activities of the Confederate Navy. Dr. Deal said that the South had no navy at the outbreak of the war, and they had to build from the very start. Freight and commerce boats were made over for use as war vessels, and the South had 14 against 49 northern war vessels. This alone made the Mississippi campaign hopeless for the South, without counting other resources, and a total lack of knowledge of naval maneuvers. He brought out very clearly that the greatness of the Confederate navy was shown by their hard work of building a navy after the war had started, without a ship on hand, and with resources in the crude, unmanufactured state, which had to be brought by land through and around Federal forces. He said that the building and equipping of the ships and manning them with trained seamen is one of the marvels of this great war.

Dr. Deal commended the Daughters of the Confederacy for the part they have taken in getting history books corrected and used in the South, books distinguishing truth from legends and falsehoods. He said the history books used in the South were written entirely by northerners, giving northern viewpoints only, until in recent years. He said B. F. Grady wrote the best and most accurate book about the history of the South.

Mrs. J. L. Fleming, president, presided and the business of the afternoon was duly dispatched after Dr. Deal's fine talk. Members were asked to remember to send their gifts for the Thanksgiving sunshine box to be sent to the guests at the Confederate Woman's home in Fayetteville.

**Classroom Teachers**  
The Division of Classroom Teachers of the northeastern district held its regular meeting at the Austin auditorium Friday, November 15, at 4 o'clock. Refreshments were extended by Mrs. D. M. Clark of Greenville, president of the local unit.

Local unit reports showed a substantial growth in Classroom Teacher membership as well as in N. C. E. A. and N. E. A.  
The district president, Mrs. Erna Turner of Elizabeth City, presented the speaker, Miss Mozelle Causey, state president of the Classroom Teacher Association. She spoke on the opportunities and advantages that active C. T. A. membership offers a teacher. They are: Chances for leadership, in-service training, an opportunity to grow professionally through working with other teachers, and development of a more unified program. These points were stressed at the summer conference which was held at Meredith College in August. This was the first conference of this kind to be held in the state.

Miss Causey says, "The job of recruitment is one for the classroom teacher. She should be the profession's best salesman." The success of our organization depends upon every member assuming responsibility and working together. We can then say that teaching is a profession and we are proud to be a part of it. The children now and always must be taught the four freedoms.

Reports were made by district chairmen: Mrs. Gladys Robbins, recruitment committee; Mrs. Phebe Emmons, publicity; Mrs. Cora Lee Munn, legislative committee; Miss Fannie Lee Carter, resolutions.

1. Where as the teachers of the Greenville schools have so graciously played hosts to the northeastern division of the N. C. E. A., we wish to express our deep appreciation of their generous hospitality.

2. Whereas the N. C. E. A. Legislative committee has agreed on a 6-point program including an increase in salaries of school personnel. We wish to go on record as approving their action in conjunction with the United Forces.

## WAR VETERAN ENDS HIS LIFE

### Woodrow Branch Uses Shotgun For Cash Deed; No Inquest

By CHESTER WALSH  
Joshua Woodrow Branch, 27, a World War II veteran, died of a shotgun blast in the head at the home of his father, Louis Branch near Greenville Saturday night Pitt County Coroner Griffin H. Rouse reported today.

Coroner Rouse stated that Branch paid a bill at Zeno Williams' store with the comment that "this is the last money I'll ever owe you." When Branch went out, the storekeeper told his father and brother, who were in the store, what Branch had said. When they neared the Branch home they saw the back-porch lights turned on and heard the blast from the gun.

No inquest will be held, Coroner Rouse stated.  
Funeral services will be held Tuesday at 3 p. m. from the home of his father, conducted by the Rev. W. B. Nobles, Free Will Baptist minister of Winterville. Burial will be in the family cemetery.

Surviving are his father, six brothers, John Olen Branch of the home, David William Branch of Greenville, Dennis Norman Branch of the United States Army stationed in Tucson, Arizona; Louis Gentry Branch of Greenville and Ass. Herbert Hoover Branch and Ass. Glenn Branch, both of the home; two sisters, Mrs. Cumor Branch Spears of Ayden and Martha Tibetha Branch of the home.

4. Whereas North Carolina furnishes men and women who contribute to the industrial and business progress outside of our state, be it resolved that the C. T. A. express our desire for federal aid to our schools.  
These resolutions were adopted.  
Officers for 1947-48: President, Mrs. Gladys Robbins, Rocky Mount; vice president, Miss Elisabeth Hyman, Greenville; secretary, Mrs. Hilma Carswell, Washington; treasurer, Mrs. Margaret McCullers.

## TB Fighters To Give Radio Drama Monday

The Pitt County Tuberculosis Association will present over WGTC each Monday at 7:45 p. m. until Christmas, a series of radio dramatizations entitled "The Constant Invader" and featuring Lionel Barrymore, film and radio star, as narrator.

A similar series presented by the association last year received first award for programs interpreting civic and service organizations from the Institute for Education by radio sponsored by Ohio State University. It was commended as a "dramatic series which, by reason of superb writing and production, focuses attention on national health subjects."

The program, which will be heard each Monday at the same time, is based on true stories of people who have won their fight against tuberculosis and returned to take their place in normal life. Sherman M. Parks, Christmas Seal Sale Publicity Director, said.

The programs were produced by the National Tuberculosis Association and recorded in New York and Hollywood under the direction of Hu Chain, well known radio writer-director. Musical direction was by Ben Ludlow.

## Strength FOR THE DAY

### WINTER GALES ARE NECESSARY

Throughout the northern states the autumn weather this year has been almost perfect. People have been heard to remark that it would be glorious if we could have weather like this straight through until spring.

But of course it would not be glorious. It would be so disastrous that, if by chance it should take place, it would constitute a catastrophe of major proportions. The foliage in the northern states has, probably for a million years, been accustomed to a certain rotation of seasons. Something happens to trees and plants during the winter season in a cold country which is necessary for their life. They have rest from the vigorous growing and fruitage of the summer season.

People often long for youth which will extend throughout life. This is silly. A person of middle age who still has youthful tastes and habits is a ridiculous figure. Down deep in our hearts we all wish that we might, from the beginning of our lives until the end, have nothing but happiness. But if we did we would experience no growth and gain no strength. Trees that face the storm and withstand it assume, with the passing years, a majestic appearance of power. It takes gales to produce this appearance. Summer zephyrs would never do it.

### Few Reds

(Continued from Page One)  
to make him change his mind.  
If the left-wingers could insure Britain's neutrality in another major conflict by the expedient of proceeding along lines not tied to the policies of any other great power then they would indeed have a strong argument for their thesis. But there isn't a breath of hope that Britain could escape involvement.

It's safe to say that, apart from perhaps a very few radical socialists, the British rebels aren't impelled by love of communism. Russia. The British rebels believe in nationalization of industry, but they all other Britons be abhors the idea of a totalitarian dictatorship for which the Red line stands.  
If it were otherwise, communism would have made headway in England long ago, for the Red tide has hammered incessantly at Britain's political dykes ever since the Bolshevik Revolution of 1917. The Soviet government had not long been established when Trotsky's world-revolution made violent attempts to gain a foothold in the British Isles.

### Families

(Continued from Page One)  
der the law as are the commissioned officers and sergeants in the top three grades.  
So if the Army finds a reason for not being able to send families overseas—as it says it has now—then it can stop sending families of the men in the four lowest grades.

And this is the reason the Army says it has to stop it:  
1. Housing is scarce overseas. And in this country building material—which could be sent overseas to make housing— is scarce.  
2. Because of limited funds, the Army doesn't have enough money to equip enough ships for moving the families—even if there were housing overseas. So there's a backlog of waiting families.  
But what of the promises made to those men who enlisted with the understanding their families would be sent to join them?  
If they have more than 18 months to serve overseas, they can ask to get out of the Army now, be sent back to the United States, and discharged here.

# Title-Bound N. C. Runs Into Duke On Saturday

## Tarheels in Line For Southern Conference Championship; EC-TC To Play Lenoir Rhyne; State Clashes With Florida

By ASSOCIATED PRESS  
Title-bound North Carolina runs head-on into vastly improved Duke Saturday and the Blue Devils fail to derail the "Choo-Choo," the Tar Heels will win the 1946 Southern Conference football championship.  
The "Choo Choo," naturally is chugging Charlie Justice, the Asheville flash who ran wild against Wake Forest last week as Carl Snavely's boys whipped the Demon Deacons 26 to 14.  
If Justice can get up as much steam against the Dukes, Carolina should have the title in the bag.  
But there are hordes of Duke supporters who are sure that neither Justice, Walt Pupa nor any other of the fancy performers at Chapel Hill can get past the revitalized Blue Devils.  
They may be right. The Dukes had speed and power to burn last

## Last Minute Rally Via Air-Lanes Gives Visitors 13-7 Victory

By JAMES LOCHRIDGE  
West Carolina Teachers College staged a last-minute aerial attack which was good for a touchdown and a win over the East Carolina Teachers here at Guy Smith Stadium on Saturday afternoon. After trailing the locals all afternoon, by 7 to 0 at the half and 7 to 6 at the third quarter, the visitors completed two long passes in the last minute of the contest and, with the extra point, took a 13 to 7 victory back to the mountains.  
The local Pirates took possession of the pigskin on their own 42 yard line late in the first stanza and drove unrelentingly to the Catamounts' 34. At this point, Ellie Fearing tossed a beautiful pass to Slade Phillips, who took it on the five and crossed the goal line unmolested. Dan Wheelless split the uprights with a kick from placement, and the Pirates took the lead 7 to 0.  
The Mountain Boys went on a march early in the second quarter, but they ran up against a stone wall defense on the ECTC 5 yard line and were held for four downs.  
Even though the average weight of the WCTC line was greater than that of the locals, the Pirate line held time and again to stave off line plunging threats. John Wyatt, R. B. Lee, and "Shotgun" Brown were three of the links in the Pirates' line that forced the visitors to take to the air.  
The Catamounts scored early in the third quarter on pass from Bryson to Brown, but the conversion was wide of the uprights.  
As the fourth quarter drew to a close, halfback English of WCTC connected twice on long passes to halfback Heaver to cover the 79 yards from their own 21 to pay dirt. Hardin converted successfully to clinch the Catamounts' last-minute win.  
Slade Phillips and Ellie Fearing deserve credit for both defensive and offensive performances for the Pirates.  
The starting line ups were as follows:

European theater, which means Germany and Austria—17,350 (11,000); Mediterranean theater, which means mostly Italy—1,481 (1,300); and the Pacific theater—9,545 (7,000).  
The families in this country don't make the request to go overseas. It's the men overseas who make the request of their commanding officers to have their families join them.  
The Army has heard reports of wives who, when notified they had an okay for travel overseas, moved out of their homes here and, due to a long wait for a ship, were stranded.  
The Army says this shouldn't happen here.  
A wife gets two notices from the army about sailing. About six to eight weeks ahead of sailing time she's notified that her husband's request for her to join him has been approved.  
About 10 days before sailing time she's notified when and where to report to her ship. A couple of ships broke down at the last minute. The army points out this delayed the sailing of 1,800 people.

## Fire Department Was Busy Over Weekend

The fire department had several calls during the weekend, but no serious damage was reported. The department was called to Larry James' house, 10th and College streets, Saturday about 1 p. m. to extinguish some burning shingles on the roof. Firemen Saturday night extinguished some burning pasteboard boxes at Five Points. A call went in Sunday about 12:30 when a truck on 10th street had a short circuit in its wiring. Another call went in from the Mirror House, opposite the Pitt Theater Sunday when refrigeration gas was escaping.

## MEDICAL SOCIETY MEETS

The Pitt County Medical and Dental Society held its regular monthly meeting in Farmville last Thursday. Dr. F. P. Brooks, president, presided. Dr. J. M. Mewborn and Dr. Rod T. Williams were hosts.  
The scientific program subject was "Control of the Uterine Hemorrhage at Delivery." It was presented in the form of a moving picture of actual cases taken from Dr. Joseph B. De Lee's Clinic in Chicago.

The Pitt County Health Officer Dr. N. Thomas Ennett, made his report for October showing 524 immunizations for diphtheria and whooping cough and 3,598 examination and inspections of school children.  
The following officers were elected for the next year: Dr. J. M. Mewborn, president; Dr. B. McKay Johnson, vice-president; Dr. C. F. Irons, secretary-treasurer; Dr. R. C. Smith, delegate to the North Carolina Medical Association, with Dr. D. L. Moore, alternate.

## KIDNEYS GETTING YOU UP NIGHTS?

If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache due to excess acidity in the urine, be glad you're reading this.  
Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.  
Swamp-Root goes right to work to flush out kidneys...increases the flow of urine, helping to relieve excess acidity... the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.  
For free trial supply, send to Dept. S Kilmer & Co., Inc., Box 1355, Stamford Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

### Objected to Castor Oil

In Police Court today Judge Jimmie Roberts gave Young Richmond Jenkins, colored, 90 days on the roads in connection with a forcible trespass charge and two years for larceny. Jenkins' wife, Moietta Jenkins, testified that when she objected to taking a dose of castor oil prescribed for her by her husband, he assaulted her.

### Kiwanians Have

### Old-Time Meeting

By CHESTER WALSH

At the Kiwanis Club's supper meeting Friday President Ed E Rawl extended a warm welcome to the Rev. J. A. Neilson, new pastor of Immanuel Baptist Church who came to Greenville yesterday to assume his duties. He was formerly pastor of Mills Home Baptist Church at Thomasville. Dr. H Glenn Haney, in a short but eloquent after-dinner speech thrilled the 75 or 80 men present and provided some "food for serious thought and meditation."

David A. Evans had charge of the program. James Ray Pittman led the "congregational" singing of some of the old songs, a favorite pastime of the Kiwanians, concluding with the "Star Spangled Banner." Mrs. Ray Tyson was accompanist.

Judge J. W. H. Roberts reported on activities of the Underprivileged Child Committee. Achievements along this are gratifying, the president said.

Tom Wilson had as his guest Milton O. Taylor, World War II veteran, who lost one leg when a mine exploded on the European battlefield and the other leg was badly shot up. The government is doing nicely for the veteran. Tom Wilson, chairman of the Post-War Services Committee, said what the re-

### turned veteran needs is a house in

which to live, and the Kiwanians are trying to do something about it. Bill Green, trainer of the Midget football team, was a special guest.

Judge Roberts asked the Kiwanians who have any castoff clothing to fit a four-year-old boy to send them to his office today or Monday. His committee is helping a worthy family.

Wyatt Highsmith won the attendance prize given by Marvin Blount. J. Archie Rogers will have charge of the program next Friday.

**Farmers Meet With Credit Association**

Ten outstanding farmers representing all sections of Pitt and Greene Counties, who are members of the Advisory Committee of the Greenville Production Credit Association, met with the directors and officers of the association Wednesday afternoon in Snow Hill, N. C.

The purpose of the meeting was to review the contributions made by this cooperative credit organization to agriculture in Pitt and Greene Counties and to discuss ways and means of improving and increasing the usefulness of the association to its members.

Jno. R. Carroll, President of the association, presided over the meeting. F. L. Little, Jr., Secretary-Treasurer, gave a report on the

operations of the association and reviewed the progress made since organization. D. F. Hardison, director, led a discussion on complete farmer-ownership of this credit organization and reported that the members now own 76 per cent of the total net worth of this lending institution. J. P. Davenport, also a director of the association, explained to the group the credit factors considered by the association in reviewing applications for loans. Plans have been formulated to hold the annual stockholders' meeting in Snow Hill, N. C., as explained by B. M. Richardson, Assistant Secretary-Treasurer, at this meeting.

The Greenville Production Credit Association has 923 members in Pitt and Greene Counties and made loans totaling \$1,095,000.00 to finance crops and livestock production, purchase of workstock and tractors, and for general farm purposes during 1946.

The visiting guests were L. B. Scarborough, State Councilor from Rocky Mount, Alonza Edwards from Hookerton and Forrest G. Shearin state secretary from Scotland Neck.

Mr. Scarborough gave an inspiring message on future possibilities for the 1947 Junior Order United American Mechanics. State Secretary, Forrest G. Shearin gave a fine report on what achievements had been accomplished in the last six years, and past state councilor Alonza Edwards also gave a fine message. W. C. Chauncey is district secretary.

**Republicans Map Attack On Bilbo**

Washington, Nov. 15.—(AP)—Republicans mapping plans to bar Senator Bilbo (D-Miss) from the new Congress turned today to his alleged relations with war contractors.

Senator Brewster (R-Me) told reporters that considerable data bearing on that subject has been collected by investigators of the Senate war investigating committee. He said it probably will be turned over to the committee on privileges and elections which considers complaints as to fitness of any senator to take or hold his seat.

**Junior Order Had Meeting In Grifton**
