PLANDRATIC CURTAILMENT OF FUEL USE

New Series Of Coal Restrictions For Nation Set For Monday

Washington, Dec. 6.—(AP)—The Civilian Production Administration made ready today to clamp a new series of drastic fuel conservation restrictions on the nation Monday unless a soft coal strike settlement is reached beforehand.

Edward Falck, chief of CPA's office of emergency controls, said the new orders will:

1. Extend dimout restrictions to all utilities in the country which derive electricity from soft coal.

2. Require that the more stringent "second phase" of the dimout restrictions, already announced for 21 north and eastern states and the District of Columbia, be put into operation when coal stocks of utilities have dropped to a 20 instead of a 15-day supply.

3. Require utilities with more than a specified amount of coal—possibly a 60-day supply—to share the remainder with other utilities.

4. The Solid Fuels Administration summoned coal conservators from all states to an emergency meeting Dec. 11 in Washington.

5. The same agency proposed that no coal be burned in places of amusement, schools or other buildings, public or private, where this would not endanger health.

6. A general rail freight and express embargo creating widespread unemployment went into effect last night.

7. A postal order severely curtailing the size and weight of parcel post packages became effective at the same time, with a jarring impact on holiday spending and mailing.

Judge Speeds Up Appeal By Lewis

Washington, Dec. 6.—(AP)—Federal Judge T. Alan Goldsborough today took what was described as an "unusual" step to speed up the court appeal of John L. Lewis and his United Mine Workers from a contempt of court conviction.

The jurist, who fined the UMW chief and the union for contempt, signed an order permitting the original record of the contempt proceedings to be used in laying the case before the next higher tribunal—the Circuit Court of Appeals. Lewis and the UMW filed notice of an appeal yesterday.

Serious Shortage Of Coal In City

Mayor Jack Boyd yesterday telegraphed M. L. Burtless of Charlotte, regional administrator for the Solid Fuels Administration that Greenville has only one day's supply of coal among dealers and in bins and requested some action to divert coal this way. The shortage of coal is among individual consumers, it was stated.

The regional administrator wired the mayor today that he secures the cooperation of coal dealers. If they cooperate some action will be taken to relieve the coal shortage, the government official stated. In the meantime the coal strike continues.

Unemployment Avalanches In Wake Of Soft Coal Walkouts

Pittsburgh, Dec. 6.—(AP)—An embargo on railroad freight shipments today climaxed the snowballing effects of the soft coal strike with an avalanche of new unemployment that sent the idleness total above 213,630 in related industries.

Tens of thousands of American workers were handed pre-Christmas layoffs as the 16-day stoppage gradually choked off the economic and educational life of the nation.

Predictions from across the country indicated more than 5,000,000 workers would be idle by New Year's if the coal strike is still in progress.

Meanwhile, the Government planned more stringent conservation measures to save the meager coal supply, including an extension of...

GOP LEADERS PROMISE NEW ERA IN GOV'T

Washington, Dec. 6.—(AP)—Republican leaders promised today they will back a "constructive" program in a new Congress which Rep. Martin (Mass.) told them will have the job of "cleaning up" after 14 years of the New Deal.

Martin, who will be the next Speaker of the House, declared at a GOP National Committee banquet it is up to the party to "rescue the years of New Deal spendthrift policy from the ravages of 14 lies and secret government."

National committeemen, turning today to discussions of a site for the next presidential convention and the raising of campaign funds, agreed the GOP legislative program in the 80th Congress will weigh heavily in the 1948 race for the White House.

Jouett Ross Todd, committeeman from Kentucky, said he hopes the Republicans will offer without delay labor legislation designed to prevent critical work stoppages such as the coal strike.

"The country is looking for action in another vein, Dan Whetstone, in January, and May will be too late," he declared.

Montana committeeman, said he thinks the Republicans ought to "get out at once to make over the diplomatic service into a career undertaking."

"I think the country wants some experts handling its foreign affairs, and not some political hacks who are being paid off for their contributions," he said.

Eisenhower To Take Extended Vacation

Washington, Dec. 6.—(AP)—Gen. Eisenhower is leaving tomorrow for a month's stay at an army hospital at Miami, Fla., in what aides said today is his first extended leave and rest in more than a decade.

He will take treatment for buritis, an inflammation which sometimes give him pain in his left shoulder. He was represented as enjoying the best general health in years.

NCEA Stands Firm On Lesser Pay Hike

Raleigh, Dec. 6.—(AP)—The N. C. Education Association's legislative committee stuck by its guns today in its proposal of a 22 per cent teacher pay boost as against the South Piedmont school district's campaign for a 40 per cent increase.

Reasserting the stand taken by the NCEA for the lesser increase, Claude Griggs of Albemarle, chairman of the legislative committee last night told a group of school superintendents that he thought the south Piedmont plan was impossible at this time.

VETS CZAR IS PROPOSED TO CUT RED TAPE

Washington, Dec. 6.—(AP)—Federal czar of veterans' affairs was proposed today in a War Department report which former servicemen are bitter over results of the G. I. Bill and other legislation for their benefit.

Lt. Col. Winthrop Rockefeller said a top-level coordinator empowered to "cut red tape and act" is needed. He reported on a six-months survey which he said showed both the Federal Government and local communities are "confused" for lack of a "master plan" for dealing with...

Rockefeller made no criticism of Gen. Omar N. Bradley, Veterans Administrator, or the Veterans Administration, whose record of accomplishment he termed "spectacular."

A single official is needed, Rockefeller advised, to coordinate the work of more than fifteen federal agencies, including the Veterans Administration which deal directly or indirectly with the veterans.

Urging prompt "drastic action" Rockefeller reported that "in spite of the fact that an important majority of veterans have accomplished reintegration into the community, disillusionment is rampant and unemployment and under-employment have reached distressing proportions."

Aside from appointment of a top-level coordinator, he recommended: 1. Creation of a citizens' group to conduct a far-reaching employment drive designed to correct injustices and hardships that have been the lot of far too many deserving men.

2. Steps to amend the administrative legislation of certain portions of the G. I. Bill of Rights "which currently does not provide for either effective or efficient operation."

3. Active support of organizations devoted to study and solution of problems involving racial prejudice and discrimination, along with "wise, tempered leadership" by wartime military leaders of efforts to prevent injustices due to color.

LAST CHANCE TO END RIFT

Attlee Calls Indians For Final Round Table Talks

London, Dec. 6.—(AP)—Prime Minister Attlee is meeting Moslem and Hindu leaders in a round table discussion of the political crisis in India tonight, No. 10 Downing Street announced.

There was no immediate official indication of the import of the calling together of Moslem leader Mohamed Ali Jinnah and the Congress party leaders, Jawaharlal Nehru. At the opening of the India talks here a government spokesman said the two would be brought into conference together if a basis of agreement on India's constituent assembly could be found.

It was possible Attlee had summoned the two Indians to stress again the gravity of the situation and make a last effort at compromise.

Though in conference since last Tuesday, the British still had not been able to bring together the heads of the factions in a round-table discussion.

They go the farther than separate. (Continued on Page Four)

Writer Says Stalin Illness Confirmed

Paris, Dec. 6.—(AP)—The London correspondent of the rightist French newspaper L'Espresso reported today that "sources in London" had "confirmed" rumors from Turkey that Soviet Prime Minister Stalin was seriously ill. This dispatch followed by two days a London columnist's report that "Stalin's illness" now was the subject of daily bulletins from the Kremlin.

The London Star carried Wednesday in the column "Star Man's Diary" the following item: "Russians in London today were as anxious as everybody else to hear more about reports from Turkey that Stalin's illness has now taken a dangerous course."

"Embassy officials, found it rather difficult to stick to the old formula about Stalin being in the best of health. It is now generally accepted, even there, that the 68-year-old leader, prematurely old through the strain of the last few years, is all but an invalid. It is significant that, for the benefit of embassy staffs, the Kremlin now issues bulletins about Stalin's health. Only a few people in London have been told the full contents of them."

In London, a Russian press attaché said that after the Star column appeared he checked at the embassy and found no one who had spoken to a Star representative.

"We have received no bulletins on Stalin's health here, and have seen none," this attaché said. "We know nothing about his health."

In Copenhagen, the newspaper Berlingske today carried a Stockholm dispatch speculating on a Tass report from Moscow that Stalin failed to attend an official dinner in honor of a Czechoslovak delegation Wednesday.

Axis Satellites Treaties Are Virtually Finished

Washington, Dec. 6.—(AP)—President Truman counseled today with top government officials today on his Sunday night coal strike broadcast as organized labor marshaled a solid front against ending the walkout by injunction.

Presidential Secretary Ross told reporters as the weekly cabinet meeting convened, that Mr. Truman was consulting with administration officials on the broadcast.

Actual writing of the speech, Ross said, has not yet begun.

CIO President Philip Murray invited the rival AFL and the Independent Railway Brotherhoods to join the CIO in unified actions to combat what he called a deliberate and monstrous movement to cripple labor.

In a letter directed to AFL President William Green and to leaders of the railway workers, the CIO chief declared the federal court injunction against Lewis and the vengeful line of \$3,510,000 upon the mine workers is the first step in a campaign of hysteria against labor.

Murray said yesterday the CIO would join Lewis' AFL mine workers in appealing the contempt fines, levied against them for ignoring a federal court order to end the strike.

In his letter released today, Murray wrote: "The stage is set for the 80th Congress to be met by national hysteria deliberately fomented and inspired."

"It is my sincere conviction that we, the leaders of our respective organizations, must in the interests of our nation and our democratic institutions arise above any petty or personal quarrels to assure the successful completion of such a labor union program."

UN Home Site Near Showdown

Lake Success, Dec. 6.—(AP)—The United Nations headquarters committee neared a showdown vote today on the U. N.'s permanent home, confronted by Soviet Russia's outright rejection of San Francisco and her acceptance of British-backed Philadelphia among the four contending U. S. cities.

Delegates on the 54-nation committee, who have debated the issue for two days, were hopeful that today's meeting might produce a recommendation to the general assembly, which will finally decide on a site by approval of two-thirds the nations on hand and voting in plenary session.

Army Assures No Draft In January

Washington, Dec. 6.—(AP)—Despite an abrupt and continuing decline in the number of volunteers the War Department has announced it will draft no men in January 1947.

A statement yesterday said the draft holiday, inaugurated last October, would be extended an additional month because the army is now temporarily over strength. The number of men is to be reduced to approximately 1,310,000 by Dec. 31.

Government's Orders On Parcel Post And Freight Go Into Effect Today; Train Passenger Service Is Cut; An Explanation Of What The Rules Are

Washington, Dec. 6.—(AP)—The government's effort to save coal by putting a limit on parcel post and freight went into effect today.

Government officials figure the coal thus saved in running locomotives, will keep the trains running until the middle of February—if the coal strike lasts that long.

They estimate that the coal burning locomotives use up about 25 per cent of the coal produced in this country.

Here's an explanation of what the rules are in the three steps taken: 1. Passenger travel, parcel post and freight.

2. Passenger travel—This affects only those trains pulled by coal burning locomotives. It does not affect those whose en-

Axis Satellites Treaties Are Virtually Finished

Washington, Dec. 6.—(AP)—Greek Premier Tsaldaris conferred today with Secretary of State Byrnes for over an hour, presumably to discuss a demand for an international investigation of his charge that Albania, Bulgaria and Yugoslavia are sponsoring guerrilla warfare against the Greek government.

There was no official announcement on the nature of their conversation, but Tsaldaris made it clear upon his arrival here yesterday that he was anxious for United Nations action to halt what he has termed a threat to the peace and security of the world.

He said in an interview that the hostilities in northern Greece already has cost the lives of thousands of Greeks.

Tsaldaris was accompanied by Byrnes' quarters by his ambassador to the United States, Cimon P. Diamantopoulos. In addition to the border disputes, Diamantopoulos also was prepared to protest to the secretary and other members of the four-power council a Bulgarian peace treaty decision which denies Greek claims for changes in the Balkans.

Final agreement on outstanding issues was not reached, however, until Secretary of State Byrnes had reluctantly accepted a proposal that Italy pay a total of \$350,000,000 in reparations—\$35,000,000 more than the Paris peace conference had recommended.

Today in a session scheduled for 4 p. m. the big four was due to clean up a number of relatively minor unsettled points and to act on a report from their naval committee presumably concerning the distribution of the Italian fleet among Italy and the victorious allied powers.

Here are the outstanding decisions made last night: 1. Reparations: Italy is to pay a total of \$350,000,000—\$25,000,000 to Yugoslavia, \$105,000,000 to Greece, \$103,000,000 to Russia, \$25,000,000 to Ethiopia and \$55,000,000 to Albania.

2. Parcel post: The new limits on parcel post packages—with some exceptions—will be delivered in this country and abroad.

There is a complete ban on all parcel post shipments out of this country except to members of the U. S. armed forces and limited to 70 pounds in weight and 100 inches in length and girth.

This means: A package may be 18 inches long but it cannot be more than a total of 60 inches lengthwise and crosswise. There are exceptions of the new limits on parcel post mailed for delivery.

Goldsborough Signs Order Staying Actual Collection Of Fines Pending Disposal Of Case; President Plans Speech; Murray Invites Unions To Join United Front

Washington, Dec. 6.—(AP)—John L. Lewis and his United Mine Workers today posted bond to meet the \$3,510,000 in fines levied against them for contempt of court stemming from the coal strike.

Lewis posted a cash bond of \$10,000 to cover his personal fine of the same amount.

The union deposited \$3,500,000 in face value of U. S. government bonds.

With the posting of the bonds Federal Judge T. Alan Goldsborough signed an order staying actual collection of the fines pending final disposition of the case.

Court Clerk Charles Stewart told reporters the \$10,000 cash and \$3,500,000 in government bonds were deposited in the court registry and immediately transferred to the U. S. treasury.

On Tuesday morning, November 26, our student body and faculty were entertained by the Lewis Players, well-known actor and actress who at one time have acted on Broadway. Mr. and Mrs. Ray Lewis, better known as the Lewis Players, presented a play, "America on Guard." This play was a mystery dealing with the capture of a German military spy operating in the United States.

The Lewis Players were the second in a series of four entertainments to be presented at Belvoir this year.

The first grade children of Belvoir school were delighted over a surprise party given by their grade mothers, Mrs. Charlie Harris, Mrs.

Linwood Harris and Mrs. Thomas Jones. The children enjoyed an hour of saying pieces, telling stories and playing games.

After this they were allowed to go on the playground where their fun continued. On returning to their room they were again surprised. They found refreshments attractively arranged on the tables carrying out the colors pink, blue, and yellow.

Each child left for the bus saying he had had a wonderful and grand time.

The fourth grade children sold more Christmas seals than any other grade in school.

Last Wednesday afternoon the four grade mothers of the fourth grade gave a party for the students. Refreshments were served in the lunch room and all the students had a wonderful time and enjoyed everything about the party.

Mt. Pleasant News

There were 175 young people and adults present for Christmas Eve, or and prayer meeting Sunday night, December 1, at the Mt. Pleasant Christian Church. Miss Ermadine Phillips sang two solos, "In the Garden" and "Jesus, Savior, Pilot Me." Mrs. B. L. Tyson of the Red Oak Christian Church was guest speaker for prayer services. Her subject was "Talents" and Mrs. Tyson made a most inspiring talk.

Visitors were welcomed from Newport News, Falkland, Belvoir and Farmville.

Mrs. Agnes Settle of Greenville will be the guest speaker Sunday night, December 8. The time is 6 o'clock and a large attendance is expected.

Mrs. Titus Allen Vandiford, 86 widow of James Henry Vandiford died at her home in the Red Oak Community at 2 a. m. Friday after being ill several months.

Funeral services will be conducted at Red Oak Christian Church at 2 p. m. Saturday by Dr. H. G. Haney Christian minister of Greenville. Burial will be in Greenwood Cemetery.

Mrs. Vandiford was born, reared and spent her entire life in Pitt County. She was married in 1883 to James Henry Vandiford, who died in 1917. She had been a member of Red Oak Christian Church for 70 years and was the oldest member.

Surviving are a son, James Vandiford of Greenville, a daughter-in-law, Mrs. Lissie A. Vandiford of the home, two granddaughters, Mrs. Travis Crawford of the home, and Miss Kelly Rue Vandiford of Greenville.

Herbert D. Brogden Died At Home Here

Mr. Herbert David Brogden, 54 died suddenly at his home, 407 Holly Street, Thursday at 4 p. m. after suffering a heart attack. He had been in failing health two years.

Funeral services were conducted at the home Friday at 4 p. m. by the Rev. R. E. Hardaway, pastor of Memorial Baptist Church. Burial will be in Maxwell, Tenn.

Mr. Brogden was born and reared in Maxwell, Tenn. He had been making his home in Greenville with his sister, Mrs. D. M. Clark, for the past 17 years.

Surviving are three sisters, Miss Mary C. Brogden of San Marcos, Texas; Miss Nettie E. Brogden of Jacksonville, Fla., and Mrs. D. M. Clark of Greenville, and a brother James T. Brogden of Maxwell, Tenn.

Light Satire Staged By Chi Pi Players

The Chi Pi Players of ECTC will present this evening in Austin auditorium at 8:15 their first major production of the school year, "The Admirable Crichton," with Robert Mussel-

white in the stellar role of Crichton. A second performance will be given tomorrow evening at the same time and place. Dr. Lucile Charles of the faculty is director.

In addition to Musselwhite, students from Pitt County who are members of the cast are Joseph Trotman and William Whitley of Greenville, and Jerome Worsley of Route 4, Greenville.

Three Wrecks On Roads Near Here

By CHESTER WALSH
A state dump truck collided with a car driven by Joe Sutton in front of Sutton's home on the Greenville-Bell Arthur highway yesterday morning about 10:45, damaging the car and slightly injuring Sutton. State Highway Patrolman Dick Chadwick said the truck was traveling on the wrong side of the road when Sutton drove out of a lane from his home onto the highway

which is being repaired. About 2 p. m. yesterday a truck driven by Heber Haddock of Farmville collided with Paul Peaden, of near Fountain, and his motor bike demolishing the bike and painfully injuring the youth. Peaden was given first aid treatment by Dr. Charles E. Fitzgerald in Farmville. A patrolman said Peaden drove in front of Haddock's car.

Yesterday afternoon about 5 o'clock a car driven by Charles Vance, colored, 17, of near Ayden collided with Tom Heath and his mule and cart on highway 102 near Venter's Cross Roads. The cart was badly damaged and Heath was seriously injured. He suffered several fractured ribs and cuts and bruises. He was treated by Dr. G. G. Dixon in Ayden. Highway Patrolman Chadwick arrested Charles Vance driver of the car and charged him with driving a car with insufficient brakes and not having a driver's license.

Good Health Speech Contestants Meet

Under direction of Dr. Meredith N. Posty of ECTC, participants in an oratorical contest sponsored by

the N. C. Good Health Association are holding a series of programs on the college campus. High school students from Pitt, Edgecombe, Nash, Lenoir, Martin, and other eastern counties met on Friday on the campus so that speakers for a state contest to be held later might be selected. A second group will be present at the college December 13 for a second round of speeches. Talks by the young orators are original compositions on good health.

From the winners of these and other contests now being conducted in the state, a high school boy and girl will be selected as winners and awarded a \$500 college scholarship by the State Good Health Association.

Social Security

DEPENDENTS OF veterans of World War II who have died after discharge are being Social Security claims now... Phoenix, Ariz., Dec. 5.—(AP)—The navy is praying for rain in Arizona so it can rescue one of its seaplanes.

WANTED: ONE RAINMAKER

The plane, a Catalina flying boat, made a forced landing Oct. 19 on Carl Pleasant Lake, 40 miles north of here. The lake, which serves as a reservoir, kept dropping. By the time a new engine on the plane was installed, the reservoir was little more than a puddle.

Two sailors live in the plane and maintain it in flying condition when it rains and adds 20 feet of water to the nearby dry lake.

Who Gets Off Easiest - Men or Women?

Maybe you saw that poll on who has the easiest life - men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town - take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his lachons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very

Unbeaten Cerdan Fights Tonight
 New York, Dec. 6—(AP)—The highly-publicized Marcel Cerdan French middleweight champion, opens a campaign designed to capture the world 160-pound title when he faces George Abrams of Washington, a top contender, in his American debut tonight at Madison Square Garden.
 Never knocked out, never dazed and never knocked off his feet, the rugged French sailor from Casablanca, appears to have captured the imagination of the fight fans who are expected to turn out 17,000 strong and make possible a \$90,000 gate.
 Abrams, also an ex-sailor with almost four years in the U. S. Navy, reached the top of the heap reaching for Tony Zales' title by his upset victory over slugger Steve Balboise last summer.

during the last three seasons, today was named "coach of the year" in the poll of coaches conducted by the New York World Telegram and the Scripps Howard newspapers.
 Runner-up for the honor in 1944 and 1945, Blak received 112 first place votes out of 397 ballots cast in this twelfth annual poll.
 Runner-up honors were annexed by Bert Labrucherie, coach of the unbeaten U. C. L. A. eleven which will oppose Illinois in the Rose Bowl. The Pacific pilot received 53 first place nominations to nose out Arkansas' John Barnhill by two votes.

Season Tickets For Games Sold

Greenville High School began final preparations today for the coming baseball season. Ten home games have been scheduled with the following teams: Wilson, Farmville, Scotland Neck, Kinston, Tarboro, Elizabeth City, New Bern, Roanoke Rapids, Washington and Kennedy Home.

For the first time season tickets are being offered to both students and adults. Adult tickets now and adults. Adult tickets are now \$4 and students \$2. The sale of tickets will continue through next week.

About 40 boys have reported for basketball practice, and prospects for the team are good. The first home game will be played with Wilson next week. Both the school and the team are sure that the support given the basketball team will be better this year than ever before.

Tobacco Specialist Back From Service

Sam J. Weeks, former assistant county agent in Greenville, has returned after eighteen months service in the Army.
 On December 1 he resumed his duties as tobacco specialist in the county agent's office. Local farmers have in the past held Mr. Weeks in high esteem as an authority on disease-control. He will again take up this important task next summer.

Prior to his service in the Army Mr. Weeks held his position in the local office for over three years.

Minor Leagues Vote Increased Salaries

Los Angeles, Dec. 5—(AP)—Baseball's Class B, C and D leagues have voted to increase the salary limits of their players. Class B leagues voted to up the top scale from the present \$3,000 to \$3,500; Class C increased its scale from \$2,200 to \$2,800 and Class D from \$1,800 to \$2,250.

DOCTOR'S DISCOVERY FOR BACKACHES DUE TO KIDNEYS

If excess acidity of your urine makes your back ache so you groan . . . so you get up 3 or 4 times a night to pass water, now be of good cheer.
 Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He compounded a medicine made of 16 herbs, roots, vegetables, balsams—truly Nature's own way to relief. Millions have used it. The medicine is Dr. Kilmer's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may cause your backache . . . increasing the flow of urine to help ease that burning sensation when you pass water . . . and that bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's marvelous.
 For free trial supply, send to Dept. V, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

ORATORS HOLD COMPETITION

Close Contests; Girls Of Greenville And Bethel Are Winners

Betty Mobley of Greenville and Margaret Manning of Bethel took first places in the two oratorical contests held at the local high school last night. This event was sponsored jointly by the Greenville High School Chapter of the National Forensic League and the Greenville Lions Club.

This second annual staging of this event was marked by keener competition and several ties. In the Novice Division all the orations were tributes to characters in American History. In addition to Margaret Manning's winning speech, there was a second place tie between Ann W. Livingston and Helen M. Lawhorn of Winterville. Peggy Joyce Barrow and Anne divided third place money. Fourth and fifth places were won by J. of Winterville and Peggy Bowen of Greenville.

In the Open Division the orators were permitted to speak on any topics of their choice; and Betty Mobley's winning speech was concerning "North Carolina's Number One Need: Good Health" and she gave it the title, "Bloody Murder."

At the contest divided between Penina Bowden of Kinston and Gay McGlohon of Winterville. Frederick Brooks of Greenville took fourth place honors and Hilda Loftin and Raymond Jones of Winterville tied for fifth. Frederick Brooks and Betty Mobley are scheduled to use their orations in the district health contest.
