Forty Years Ago Today

THE DAILY REFLECTOR December 10, 1906 Fred Forbes spent Sunday in Bethel. Jesse Speight went to Norfolk Sunday. Julius Brown went to Bethel Saturday evening. L. M. Savage went to Raleigh today.

Miss Annie Perkins, who came home to attend the teachers' meeting Saturday returned to Farnville Sunday evening.

The Daily Reflector is twelve years old today and makes a new start for another year. Its parent, The Eastern Reflector is much older than this and will begin its twenty-sixth year with January.

ers Club held its regular meeting on December 4, 1946. The meeting was opened with a prayer sung by the entire club.

Magdalene Wainwright, secretary, called the roll and read the minutes of the previous meeting. At this meeting we had a very good attendance. The treasury report was given by the treasurer, Annie House.

For a Christmas special, we planned to go to Respass and have supper. Afterwards we planned to sing Christmas Carols in Winterville. Everyone is looking forward to having a very good time. This is to be on Friday night, December 20th.

The president, Barbara Dail, told us about the Pitt county council which has recently been organized.

At the meeting two candidates for parliamentarian of the County P. H. A. Council were nominated. They are Hilda Loftin and Barbara Dail. First county meeting. We are very proud to have the club adviser, Miss Alys Taylor, elected chairman of the Pitt County Vocational Home Economics teachers.

Next we had a very entertaining musical program. Hilda Loftin is chairman of the program committee.

The meeting was adjourned with everyone singing softly, "White Christmas."

Red Oak News

About one hundred men, women and children of Red Oak community will present "Christmas Through the Years," a pageant in three parts, on Sunday evening, December 22, at seven-thirty o'clock in the Red Oak community center. This pageant is being sponsored by the Red Oak Home Demonstration Club in cooperation with Red Oak Sunday school and will be their regular Christmas program enjoyed each year.

The first act shows a mother and her children on Christmas eve night of the year 1926. The mother tells her children the Christmas story and a choir of boys and girls sing many of the favorite Christmas hymns.

The second act shows three soldiers sitting around a camp fire somewhere overseas on Christmas eve, 1943. Their thoughts are of home and a choir will sing "White Christmas" and "Walking in a Winterland." Mrs. Edna Tyson will represent the "Christmas Spirit." Joe Tyson, Johnnie Cassick and James Sydney Allen will play the part of the soldiers.

A group of young ladies, dressed in evening gowns, will present a Christmas wreath drill. Miss Mimi Tripp will render some special music.

The third act will be Christmas eve of 1946 and will show the children of Red Oak community in their Christmas celebration. Songs, drills recitations and a Christmas tree will end the festivities.

We extend an invitation to all of our friends who are interested in what we do at Red Oak to come and enjoy this pageant with us.

Four people celebrated their birthdays at Red Oak Sunday school last Sunday. They were Mrs. Jarvis Tripp, Barbara Manning, J. T. Manning and James Sydney Allen.

"Mummy" Vandiford is dead. She lived eighty-six years in this neighborhood and was the oldest member of Red Oak church. She was known, loved and highly respected by all the folks in the community. It can truly be said of her that she was a good woman and she will be missed by all. Our sympathy is extended to the bereaved family.

Kiwanis Officials Guests At Banquet

By CHESTER WALSH The Kiwanis Club's officers and directors were guests last night at supper at Nelson Hopkins' Tavern on the Tar, in the Province of Bruce. President Ed Rawl presided.

This was the last directors' meeting of the present administration. Eli Bloom will succeed him as president of the club at the first meeting in January. Retiring President Rawl will then take office as a lieutenant-governor of the Carolinas Kiwanis District.

Secretary David C. Moore, Jr., was host at the barbecued chicken supper with all of the "trimmins."

Reports of the year's activities were gratifying. Judge J. W. H. Roberts' work as chairman of the Underprivileged Child Committee was given special praise. Plans were perfected for installing the new officers and four directors by Past Governor Sam Bundy of Farnville. The Kiwanis Club has 75 members now and a waiting list. Notable achievements were made during the year.

It is a Kiwanis custom for an officer or a director to entertain the club officials at supper at the monthly meetings. Those present last night in addition to Rawl, Bloom, Moore and Roberts were

good women and she will be missed by all. Our sympathy is extended to the bereaved family.

### Rescue Unit May Be Reality Here

By CHESTER WALSH  
Members of the Greenville fire department and friends of the department are hopeful that the goal of \$5,000 for buying an emergency

rescue truck and equipment, including an "iron lung," will be raised before Christmas. Public-spirited citizens have already contributed nearly \$3,000 to the fund. Others may do a good deed by contributing. The rescue truck will be a valuable addition to the splendidly equipped and efficiently manned fire department. Those who read newspapers everywhere are frequently called upon for special services. The rescue truck would be used in connection with other fire department equipment. There is never any charge for firemen's services and they do many good deeds from dragging the river for drowned persons to rescuing those in accidents, etc.

Donations to this worthy fund may be deducted from income tax returns. Contributions may be mailed or taken to the fire department. There is only one other firemen's rescue truck in the state. That's at Salisbury and was given by the Junior Chamber of Commerce there.

The purchase and aid to this memorial to Dr. Watson are in the nature of improvements which are not required as far as hospital standards go, but which are greatly needed for more efficiently and pleasantly caring for a greater number of children who need hospitalization.

On sale will be a wide choice of various selections which will make lovely Christmas gifts and there will be a gift wrapping department to see that your gift is wrapped upon purchase for a minimum fee, among these selections for sale are aprons, bridge sets, vanity sets, pot holders, Christmas stockings, rag dolls, place mats, bean bags, table cloths, home made cakes, candies, cookies and baked hams. For your Christmas decorations there will be jelly bean trees, silvered nuts, pine cones, holly, hickories, and greenery and popcorn trees and many other items that will add cheer to your home for Christmas.

### Early Christmas Gift Put Aside

Cambridge, Mass., Dec. 10—(AP)—Four-year-old Frankie Kajunski's pre-dated Christmas tricycle was packed away today to gather dust until his one-year-old brother, Paul, arrives.

Frankie died yesterday of lymphatic leukemia—just as doctors predicted he would.

Acting on the word of the physician, his parents arranged Frankie's Yuletide observance eight days ago. The tricycle was one of many presents that had been placed under the youngster's tinsel tree.

### Local Ex-Navy Man Enlists In U. S. Army

James T. Lewis, Greenville Rt. 2 son of Mr. and Mrs. Herbert Lewis, has enlisted for three years in the U. S. Army according to announcement made by the local Army Recruiting Officer.

Lewis is a former member of the U. S. Navy in which he served nineteen months prior to his discharge last June. Lewis said he had been planning to continue his military career and had been waiting trying to decide just what branch of service offered the best advantages. After talking with S-Sgt. Paul Manning and learning about many things he had not been aware of, he decided upon the Army.

Lewis was accompanied by his friend, George Newby, also of Greenville Rt. 2, son of Mr. Clyde Newby who is a veteran of World War II and Venice Newby. Both boys

## Strength FOR THE DAY

By HARRI L. DOUGLAS

**DON'T LOOK BACK**  
The Greek myth concerning the search Orpheus made for his lost Eurydice is well known. To the accompaniment of sweet music which his skilled fingers produced, Orpheus descended to the lower regions and secured from Pluto consent to take Eurydice into the upper air. There was one condition imposed, namely, that Orpheus should not look back. The temptation overcame him, however, and when he did look, the beloved one for whom he had sacrificed so much had vanished.  
There is a story in the Bible also of Lot's wife looking back on the city of Sodom whose comforts and luxury she was leaving with such reluctance. As a result of this looking back which God had forbidden, she was turned into a pillar of salt. Our Lord used the incident to drive home a point once when he said, "Remember Lot's wife."  
Some people like to look back on a lurid past and enjoy its forbidden pleasures over again. Some spend their time looking back on past achievements and allow this to compensate them for present failure. Some people can never get over their sorrows, and others seem to be unable to recover from the blow they received in an experience of failure.  
St. Paul said, "Forgetting those things which are behind . . . I press on toward the goal unto the prize of the high calling of God in Christ Jesus."

### Royal Romance . . .

(Continued from Page One)  
has no privileges of monarchy. The first prince consort of England was Prince Albert, husband of the famous Queen Victoria. Just before their marriage the British government gave him precedence next to the queen, but he had no distinctive title and such privileges as he received were purely by courtesy.  
However, while the prince consort has no privileges of monarchy, he does have a full-time, tough position to fill in service of the state. He and the queen must forever be attending public functions, conferring decorations, making speeches and what not.  
That is one of the perils of constitutional royalty. They belong to their people and really don't have a great deal of private life. As for Elizabeth, she has been undergoing intensive and arduous training for queenhood ever since she was a tiny girl. The result is that she will be much better prepared for the crown than was her mother, Queen Victoria, who came to the throne unexpectedly when her father, King Edward VII (now the Duke of Windsor), abdicated so that he could marry "the woman I love."

coal to run factories, and so on.  
But in the fall—strike alone, the American Iron and Steel Institute says, the steel industry lost because of the strike about 1,350,000 tons of pig iron, enough to make 500,000 automobiles.  
Although the government has had possession of the mines since it took them over to settle the strike last May, the owners run them as they did before the government stepped in. And they're running them now. This is what happened, according to the Solid Fuels Administration: The government took over. Then it gave it to the owners of the individual mines as disputes of the government to run the mines.  
SFA says there was not one case where an outsider had to be brought in to run a mine.  
The owners run the mines as they always did. If there's a profit they take it. If there's a loss, they stand it. They make out the pay checks to the miners.  
The government has about 250 of its own employes working in connection with the mines. In one job or another. This is because there is a lot of dead work for the government even though the mine owners run their own mines.  
The owners run the mines—and deal with the union workers—in dealing with the contract with the

## Big Receipts In Shriner's Game

Charlotte, N. C., Dec. 9.—(AP)—Shrine Bowl officials said today net receipts from the 10th annual all-star football game played here Saturday would probably establish a new all-time high for the benefit of the crippled children's hospital at Greenville, S. C.

The Charlotte Observer last night said the net receipts might total \$60,000. Last year the hospital received \$13,500.

Lewis' attorneys began preparing their defense against a Virginia State Corporation Commission charge that the UMW violated the state's blue sky law through the "sale" of union memberships.  
Lewis has been directed to appear before the commission in Richmond on Friday to show cause why a temporary injunction should not be issued.  
The unique action in Virginia is based on a contention that union memberships are a form of securities and that Virginia law prohibits their sale under Corporation Commission approval.

### Navy Recruiter To Be Here Wednesday

Chief Quartermaster J. L. Tyson, U. S. Navy recruiting representative of the new New Bern Naval Station will be on the second floor of the Greenville post-office building on Wednesday between the hours of 1 and 3 p. m. for the purpose of interviewing and accepting qualified applicants for immediate enlistment in the navy.

Chief Tyson adds that the navy has resumed its unlimited recruiting for the remainder of the year and that December may be the last month to volunteer for the navy under the open quota system.

### Good Points About Meat To Be Frozen

College Station, Raleigh, Dec. 5.—Dr. Dan E. Brady, in charge of meats research for the Agricultural Experiment Station at State College, says that the aging of meat for freezing is one of the most vital points in the handling of the product for the freezer-locker patrons.

He points out that the holding of carcasses in the chill or age room for too long a period will shorten the lifetime of frozen products. "Some patrons," says Dr. Brady, "tell their locker plants that they wish their beef to be aged as long as three to four weeks. In fact after the meat is chilled, it should be aged for only five to six days for best results."

On the other hand, pork should be cut immediately after it is thoroughly chilled, and this usually means within two to three days after slaughter."

Dr. Brady explains that while it may be all right to age fresh meat for a considerable length of time repeated trials have shown that long aging of meats is unsatisfactory when the product is to be frozen.

### Cases Tried In Police Court

By CHESTER WALSH  
In Police Court yesterday Ervin L. Evans was fined \$15 for being drunk and having fireworks in his possession.

James R. Gray was taxed with \$10 on costs for having fireworks in his possession.

Raymond Bryant, Jr., colored was taxed with \$10 on costs for having fireworks in his possession.

In the meantime W. M. Scates was arrested for having fireworks in his possession, and W. C. Rowe was arrested for exploding fireworks in the city in violation of a city ordinance. They will be tried in Police Court next Friday morning.

In the case of William H. Wilson colored, charged with driving while drunk and hit-and-run driving asked for a jury trial. He gave bond for \$500 for appearance in Superior Court in January.

Drunks: Willie B. Dixon (and disorderly), \$15; Allen Moore and King S. Spencer, each 30 days on roads; Ernest Harrington, (and disorderly), \$15.

Reckless driving: Roy L. Haddock \$10.  
Traffic violation: Elbert L. Whitmore, \$5.

Disorderly conduct and assault: Jack Stroupe, \$15.

Richard Anderson, 18, charged with trespassing on the premises of Ashley Allen, a cripple, near the baseball park, was given two years on the roads. Judgment was suspended as to the road sentence provided he pay \$15 court costs and \$12.50 to Allen. Judge Jimmy Roberts placed Anderson on probation for five years.

### Municipalities Ask Tax Share

Greensboro, Dec. 10.—(AP)—The N. C. League of Municipalities which claims to represent 98 per cent of the state's urban population, will ask the legislature to give cities one cent of the six-cent state gasoline tax.

George C. Franklin, legal consultant of the league, told a meeting of city managers, mayors and attorneys from a surrounding 14-county area here last night that local streets earn 40 per cent of all money the State Highway Department collects.

At present cities are allocated \$1

000,000 annually by the Highway Department.

The league will hold similar meetings this week in Waynesville, and Hickory and Charlotte.

### Visiting Rotarians At Monday Meeting

At the Greenville Rotary Club's weekly supper meeting last night the following visiting Rotarians were present: Cleveland Paylor of Farmville, Leroy Rollins of Farmville, Paul K. Ewell of Farmville, Norman Winslow of Washington, Norman Grutsch of Graham. The guests of the club were Heber Tripp, Marion Blount and Robert L. Coleman of Raytona Beach, Fla. The Rotarians voted to have no meeting on Monday night, December 23.

### Gang Of Boys Stone Passenger Trains

New York, Dec. 10.—(AP)—Twenty eight train passengers were injured late yesterday when a gang of boys stoned 25 Long Island railroad trains near the Rego Park station, Queens, during the evening rush hour, the road announced.

Plainclothes patrolmen and radio patrol cars went to the scene but the boys had dispersed.

Most of the victims were cut by flying glass.

### Child Convicted In Murder Trial

Harrisonburg, Va., Dec. 10.—(AP) Arthur Lee Whetzel, eleven-year-old Broadway, Va. boy who said he gave a five-year-old playmate, Patricia Ann Strawderman, a fatal shove off a bridge into the Shenandoah River because he was "mad at her," was convicted of second degree murder in Rockingham County circuit court yesterday and sentenced to seven and a half years imprisonment.

The court decreed that he be turned over to the State Department of Public Welfare, but later Sheriff Sam Callander said the Welfare Department refused custody unless it be for an indeterminate period or unless sentence were suspended.

## EUROPE FEELS GALE'S MIGHT

### Heavy Winds, Snow, Floods And Fog Cover Western Areas

London, Dec. 10.—(AP)—The most destructive gales in years left wreckage, floods, snow and fog today over

Western Europe. French officials sadly surveyed the damaged 951-foot ship Liberte, formerly the German liner Europa, which was deep in the harbor mud of Le Havre after snapping her moorings and gashing her side on wreckage. The French estimated the salvage would require a year or more if the ship indeed could be saved.

Damage was especially heavy along the northwest French coast. Heavy seas carried away huge terraces on the beaches and smashed dozens of fishing boats. A foot of water still covered some roads.

Gale warnings were flown on the north and west coasts of the British Isles. High tides brought floods

in some areas. Fog and ice were general in North England, Scotland, Belgium and adjacent countries. Aircraft were grounded at numerous points. Two passenger trains collided in the fog near the British industrial center of Birmingham, injuring several passengers.

Heavy seas continued in the Mediterranean. Some 800 survivors of a wrecked Jewish immigrant ship awaited rescue on a small island on the fringe of the Dodecanese.

### Tug-Boat Strike Threatens N. Y.

New York, Dec. 9.—(AP)—New

York's sprawling harbor was threatened today with another possible tugboat strike as boat owners and union officials prepared to resume negotiations for a new contract.

Local 333, United Marine Division of the International Longshoremen's Association, which tied up the harbor in a long strike early this year, authorized last night the taking of a new strike ballot.

Capt. William V. Bradley, president of the local, said no date had been set for the strike vote. He said the union sought a \$1 daily pay boost and reduction of the work week from 48 to 40 hours.

Ancient Mosaic law forbade anyone taking a milestone in pledge for a debt.

### Reinforce Greek Northern Border

Athens, Dec. 9.—(AP)—Greece, which has accused three northern neighbors before the United Nations of violating her borders, today was reported to have reinforced Bulgarian-frontier sentry posts and to be intensifying a mopup of northern guerrillas.

The army said yesterday it had strengthened the Bulgarian-border posts and had sent seventh division units into the area to guard Greek-Turkish roads and railways. Army and press reports told of heightened strife with leftist bands.

Meanwhile, Gen. Stylianos Gonatas, acting premier, said the Greek government was investigating a new complaint that Greek planes were flying over Yugoslavia. He reported the protest came from the director of the Yugoslav ministry of foreign affairs in Belgrade.

Most of Canada's best productive sometimes exceeding 1,500,000 pounds, is exported.

The U. S. Labor Department estimates that 800,000 people moved from the U. S. South to the North and West from 1940 to 1945.

Grain Market Chicago, Dec. 10—(AP)—Corn was in demand during the greater part of the grain futures session today, with oats following its lead. Wheat futures, however, ran into selling in the early part of the trading and although they rallied from the day's low they did not match the advance in feed grains.

At the close wheat was unchanged to 1 cent lower, January \$2.09 1/2. Corn was 1/4 lower to 3/4 higher, January \$1.32-\$1.32 1/2. Oats were 1/4 higher to 1/2 lower, December 81-81 1/2. Berley was unchanged to 1 cent higher, December \$1.31. Lard was 65 to 75 lower, July \$20.50.

New York Cotton New York, Dec. 10—(AP)—Cotton futures opened 75 cents a bale lower to 20 cents higher. Noon prices were 15 to 60 cents a bale higher than the previous close. Dec. 31-36, March 31-25, and May 36-72. Futures closed unchanged to \$1.05 a bale higher than the previous close.

**Pirate Cage Team Has Eighteen Games Ahead**

**Half Of Scheduled Games To Be Played On Local Campus**

By TOM ROWLETT  
Fresh from their 53-23 victory over Campbell College last Saturday night, the ETCO Pirates traveled down to Cherry Point yesterday and met defeat by the Marine Flyers—48 to 42.

Sparked by the beautiful ball handling and shots of Capt. Bob Rose, three-year all-Southern for the University of North Carolina the flyers downed a scrappy, never-say-die Teachers' five. Captain Rose personally accounted for 22 of the Flyers' points and was a standout in defense against the Pirates.

Even though defeated in points the Teachers accomplished a considerable gain, for prior to starting time they were rated a 40-point underdog. After two minutes of the starting half, the Marines realized that they were in for a scrap. Never once were the Flyers able to go above a six-point margin with which the game ended.

Coach Jim Johnson of East Carolina Teachers College has announced a schedule for the college basketball team which includes 18 games for the season. Nine of the games will be played on the campus in the Wright Auditorium, which is fitted up with emergency bleachers for the contests. January 20 and February 10 are being held as open dates.

Coach Johnson, with Assistant Coach Howard Porter, is shaping up a first-class team from the 50 men who reported for practice early in the season.

The schedule is as follows:  
Dec. 11, Louisburg College, there.  
Dec. 13, Fort Bragg, here.  
Jan. 4, Camp Lejeune, here.  
Jan. 6, House of David, here.  
Jan. 7, Norfolk Division of William and Mary, there.  
Jan. 8, St. Helena College at Norfolk, there.  
Jan. 14, Campbell College, there.  
Jan. 17, Norfolk Naval Station, here.  
Jan. 18, St. Helena College, here.  
Freshmen vs. Weldon High, here.  
Jan. 24, Fort Bragg, here.  
Jan. 31, Atlantic Christian College, here.  
Feb. 8, Camp Lejeune, there.  
Feb. 14, Norfolk Naval Station, there.  
Feb. 15, Newport News Apprentice School, there.  
Feb. 18, Atlantic Christian College, there.  
Feb. 19, Norfolk Division of William and Mary, here.  
Feb. 23, Cherry Point, here.

The ETCO Teachers showed beautiful team work throughout the game as the individual points certify. Jim Taylor, flashy Pirate forward, paced the Teachers with 19 points, followed closely by Charles Bill Moyer and Larry James each scoring 9 points. Moyer, a six-foot 7 1/2-inch Pirate center, showed continued improvement as he sank three field goals; and exhibited a stellar game on ball handling, as he consistently took rebounds out of the Flyers' hands. Blaine Moyer played his usual bang-up game of offense and ball handling, as he sank two goals.

The Pirates will have a schedule of home games next week. They will meet Louisburg Wednesday night and Fort Bragg Friday night. Both games will be played in the Wright Auditorium.

Blackjack Billy tangles with the Cliffsides, N. J. titleholder at Madison Square Garden Feb. 28.

The 20-year-old Philadelphia fighter sensation unleashed a barrage of body blows last night to knock out Shelton Bell of Youngstown, Ohio, at 1:51 of the fifth round of their scheduled 10-rounder at the arena.

A crowd of 5,862 who paid \$17.975 watched the Fox, 176, stumble through a first round in which Bell, who scaled 173, danced in and out of close quarters with sniping jabs. But Fox kept moving in and staggered the Oklan with a right to the jaw in the second.

From then on in, Fox pounded his foe relentlessly, sending him to the canvas for a nine count twice in the third round. He flattened

him a third time but the bell rang after two seconds.

Fox ran into a streak of wildness in the fourth stanza, but in the fifth went after his foe with murderous body blows, finally sending Bell down for keeps with a vicious left to the stomach.

**WRONG CUSTOMER**  
Rockford, Ill., Dec. 9—(AP)—Bar-tender Robert McCarthy said it was bad enough when someone stole his \$20 green topeat from the tavern where he works, but he felt worse when Frank Jennings tried to sell it back to him for \$1.50 a few hours later.

Jennings denied he stole the coat but was held on a larceny charge.

**Fox Flattens Foe For Keeps**

Philadelphia, Dec. 10—(AP)—Billy Fox, fresh from his 42nd knockout in 42 professional fights, promised today that he'd flatten Gus Lesnevich in February and lift the light-heavyweight title.

**From where I sit... by Joe Marsh**

**How to Stop Worrying**

I guess folks in our town do about as much worrying as in yours—over housing and prices, and crops, and jobs—and the little domestic problems that are always coming up.

Dad Hoskins, who's lived to the happy age of eighty, has a simple formula for stopping worry. About every problem, he asks himself: Is there anything I can do about it? If there is, he never postpones making a decision, or taking necessary action.

If there isn't anything he can do about it, he sets aside a "worrying hour" after dinner, and gets his worrying over in one concentrated period. When that's over, he relaxes over a friendly glass of beer with Ma Hoskins—and they talk about pleasant things together, until bedtime.

From where I sit, that's as workable a formula as you could find... right down to the mellow glass of beer that seems to wink away your worries.

(Continued from Page One) ing complete survey and study now. When it is completed, he will, as usual, call in all government officials who will be concerned with the administration of any phase of the labor program and discuss it with them as well as with congressional people. "He doesn't want punitive legislation. What he would like to have written in the law is a clear concept of labor's responsibility to the people and the government." Clifford's work on labor legislation is only a part of the over-all study dealing with all phases of the legislative recommendations which will go to Congress about January 6. In view of the epidemic of strikes during the past year, however, widespread interest has been aroused in what new approach to the problem the White House may propose.

"It is very evident from the information and documents we have in hand that the philosophy and objectives of the Columbians are taken almost without change from the Nazi ideology," Cook's report said.

### Fire Chief's . . .

(Continued from Page One) stalled on every floor of buildings and kept in working condition to warn occupants in case of fire or any other possible disaster which would endanger lives," the Greenville fire chief said. He emphasized the importance of fire-proof furnishings on the inside.

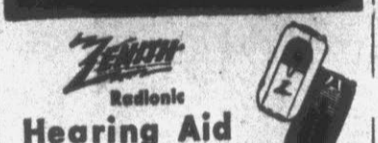

"Until state laws require these things, we will continue to have such holocausts as that in Atlanta. Sporadic investigations, with no specific action by governing bodies to improve design trap buildings simply teaches us to expect more such holocausts to occur," Chief Gardner said.

"The Proctor Hotel in Greenville is not a fire-proof building, and it is well known, but there is a sprinkler system there, and it has proved its value on more than one occasion. "For my part," Gardner said, "I would rather take my chances in it than in any swanky fire-proof hotel in the state. A sprinkler system in the Winscott Hotel in Atlanta could have prevented the terrible loss of life in Atlanta several days ago."

"It would be a credit to North Carolina if the building code rules were amended to prevent such disasters as that in Atlanta and another in Canada within recent days."

The fire chief said casually, fire prevention means saving lives, sav-

(Continued from Page One) She stood him on a chair. The youngster looked at a pistol and the service revolver, toyed with them, then turned away. He hid his head in his grandmother's shoulder.

Next he was taken into the judge's chambers where the test was repeated. Circuit Judge Paul Eger reported to the jury that the boy picked up the gun, cocked it and pulled the trigger three times.

Preceding his son on the stand Smith said that on the night of the shooting he and his wife and "Butchie" were in a bedroom getting ready to go out.

"I went into the clothes closet and just as I started out I heard a bang," Smith testified. "I saw her drop and looked over where Butchie was and I saw him drop the gun."

Only L. D. Wilgress of Canada supported the American move to let the site issue ride another year. He said that the U. S. Government must have sufficiently good reasons for asking postponement and that the committee should respect the wishes of a government that is to be host to the United Nations.

### Swartz Talks . . .

(Continued from Page One) and another on Jarvis street between First and Second streets. These storage tanks have greatly facilitated having water in sufficient quantities at the points needed, though taxing the plant's capacity to fill them, and resulting in limited quantities being in the storage tanks when demand during the tobacco season reaches its peak.

Supt. Swartz said that one of the factors in reducing the fire insurance rate in Greenville was the erection of the overhead tanks of strategic points over the city. But with the facilities to handle the water demand and the State Department of Health not permitting the adding to present equipment at the plant, the Utilities Commission will have to issue bonds to provide the funds for completely rebuilding before they can expand.

Discussing the electricity situation in Greenville, Supt. Swartz told of installing an 1,800-kilowatt generator in 1927, with an additional 5,000-kilowatt unit being added with the aid of a Public Works Administration grant of funds in 1939. The demand for electric current has increased from 4,240,000 kilowatt per hour in 1927 to an estimated 25,000,000 kilowatt demand for 1946 (23,500,000 kilowatts in the first 11 months of 1946).

The gas situation has been met by switching to propane gas. The supply is adequate, and those who live beyond the city's gas mains may buy this gas in bottles.

In concluding his interesting talk Supt. Swartz asserted that with the proposed bond issue of enlargement and improvement of the plans, added to the present indebtedness of the Utilities Commission, there would be no increase in the local tax rate because the interest and principal would be paid from revenues of the commission.

### Fight Managers At Festivities

New York, Dec. 9—(AP)—The Fight Managers Guild—sometimes known to the artists of the malaprop as the fight managers "guilt"—held its annual beefsteak last night, and although more than 100 of the thirty-three-percenters were on hand, no one was cut except the steak.

There was a moment of seriousness in the festivities when all hands rose to offer a brief prayer for the recovery of boxing promoter Mike Jacobs, fighting for his life after being stricken with a cerebral hemorrhage and acute heart attack.

Some North American Indians greased their bodies as a protection against cold.

## STATE'S CAGE QUINTS ROLL

### Basketball In N. C. Starting With Big Week Schedule

Charlotte, N. C., Dec. 9—(AP)—With football ended for the year except for the post-season, Bowl games, the sports spotlight in North Carolina today began focusing sharply on basketball—the state's quintets getting into full swing this week with a '15-game schedule.

Four games were on tap for tonight, Catawba at North Carolina, McCrory at Wake Forest, Lehigh-Rhine at Valdese Community Center, and East Carolina at Cherry Point.

The basketballers opened their season virtually unnoticed last week. Most of the games pitting college fives against independent quintets, and it was still too soon to predict the season's leaders based on this year's results.

However, the Tar Heels of Chapel Hill have indicated they retain the scoring punch which powered last year's team to the runner-up spot in the national finals. Friday they defeated Hanes Hosiers 44-43 and earlier in the week they slaughtered Cherry Point, 63-29.

### The Movies Today

Fitt: "THE OUTLAW" starring Thomas Mitchell, Jane Russell.

State: "THUNDER TOWN" with B. B. Steele, Syd Saylor, Cartoon.

Among the independents, Hanes Hosiers shows much promise although it has lost two games—both by one point. In addition to the defeat by North Carolina, the Stockingmen lost another thriller Saturday night when they were defeated by Duke in the last six seconds of the game, 44-43.

Two other Saturday games saw Cherry Point defeat North Carolina State 56-46, and Wake Forest bow to McCrory 61-66.
