TEHRAN RULE"Kurdish Republic"
Folds; Red
Interference
Failure

Tehran, Dec. 16—(AP)—Iran's central government, plagued for more than a year by separatist movements in Azerbaijan, claimed today to have brought Kurds as well as Azerbaijanis back under its control in the oil-rich province on the Soviet frontier.

An Iranian Army communique yesterday reported the surrender of Ghazi Mohammed, identified as head of the so-called "Kurdish Republic," and said this seemingly meant the end of the "Republic," established in parts of western Azerbaijan by a true with Azerbaijani separatist centered in Tabriz, provincial capital.

Government troops, which Iran's Premier Ahmed Quavam sent into the semi-autonomous province with the announced purpose of supervising a parliamentary election, entered Tabriz Friday and found that the regime of provincial "Premier" Jafar Pishavari had collapsed and that Pishavari and other leaders had fled. The Tabriz government hearing that its militia was losing announced capitulation Wednesday.

Yesterday's communique said the army had inflicted heavy casualties on some 1,000 irregulars Saturday and captured Miyandavar (Mandoob), termed a key city of the "Kurdish Republic," 80 miles south of Tabriz in southwestern Azerbaijan. Ghazi Mohammed pledged support to Quavam's government in the announcement.

Ghazi Mohammed declared the independence of the "Kurdish Republic" in November, 1945. Last April 1, Kurds in Hamadan and Tehran reported that a "new and greater Kurdish state" had been proclaimed at Sanjbulagh, Azerbaijan, by Kurdish tribesmen of Iran, Turkey, Iraq and Syria, and that Soviet technicians had arrived in Sanjbulagh to train tribesmen for a "general drive for a free Kurdistan."

Pishavari's Tabriz regime came to power Dec. 12, 1945, and his party's militiamen overcame the government garrison in the provincial capital. Last April 10, the Tabriz radio quoted Pishavari as thanking the Red Army, then reported withdrawing, "since it was by their efforts that the tyrannical regime of Iran was overthrown."

Cabinet-Making
Hits Dissension

Paris, Dec. 16—(AP)—Premier Leon Blum was expected to announce failure of negotiations for a national union administration and to offer France an all-Socialist cabinet today.

The 74-year-old Socialist, busy since Thursday trying to set up a caretaker cabinet to serve until selection of a permanent government, in mid-January, called parliamentary chiefs of the different French political parties to his office shortly after noon to tell them his intentions. He planned to broadcast a statement to the nation later in the day.

Mysterious Blast In
Minneapolis Store

Minneapolis, Dec. 16—(AP)—An explosion which Inspector of Detectives Eugene Bernath attributed to dynamite rocked the Loop district early today, blowing the front of a newly opened cafe and shattering hundreds of windows in nearby office buildings.

Bernath said no one was injured. The detective said, "I am sure someone planted several sticks of dynamite in the doorway of the cafe but why I can't say yet."

Four Condemned Get
Reprieve From Gov.

Raleigh, N. C., Dec. 16—(AP)—The possibility that the state could execute four men on Dec. 27—two days after Christmas—was forestalled today when Governor Cherry granted the four a reprieve.

The governor said that more time was needed to investigate the case in which four Negroes were convicted and sentenced to die for raping a white woman, Mrs. Dorothy Fry, at Lumberton last March 17.

Contractor Claims Campaign Donation Tended Bilbo Never Received By Intended Candidates; Cites Senator's Aid

Washington, Dec. 16—(AP)—B. L. Knost, Meridian, Miss. contractor, told the Bilbo investigating committee today that he had learned that a \$3,750 contribution he and his partner made to a Mississippi campaign fund in 1941 had not been turned over to the men running that campaign.

He testified that he turned the money over to Edward P. Terry, then secretary to Senator Bilbo (D-Miss.), for use in the unsuccessful campaign to elect Wall Doxey to the United States Senate.

He added, however, that in recent talks with Robert Gandy and Forrest Jackson, also associated with Bilbo in backing Doxey's candidacy, he had been told they did not get the money from Terry.

"It may have been used in the campaign but it never got into their hands," Knost said.

Knost said the \$3,750 was contributed on behalf of himself and Mike Morrissey, another contractor. Previously he had testified that in June of 1942 he and Morrissey jointly gave another \$5,000 to Bilbo or Doxey's campaign.

F. T. Newton, still another contractor, also had told of giving \$25,000 for the same purpose.

Knost also told the investigating committee that he made Bilbo a \$1,200 loan on Nov. 6, 1941, and that Bilbo has repaid only \$750 of the sum.

"Why did you make this loan?" asked Senator Ferguson (R-Mich.).

"Because he needed the money," Knost said, explaining that he was a long-time friend of the Mississippi senator whose dealings with contractors are under Senate scrutiny.

Knost conceded that Bilbo had assisted him in his quest for government contracts, by introducing him to government officials and sometimes accompanying him for interviews.

He expressed the belief that the senator will pay the \$450 balance when he can.

Knost testified that he handed the \$3,750 check to Terry (now ill in a Quinlan, Miss. hospital) at a suite in the Royal Hotel, Jackson, Miss., used as headquarters by the

committee backing Doxey's campaign.

Knost said he made the donation without prior consultation with his partner, Morrissey. He added that Morrissey agreed to stand half the expense when he told him about it later.

George Meader, committee counsel, asked Knost if he recalled that (Continued on Page Five)

Non-Residential Construction Gets Big Boost; Private Enterprise To Have More "Say" In New Housing Program

Washington, Dec. 16—(AP)—The government prepared today to boost non-residential construction by perhaps 40 per cent, put a floor-plate limit on new homes, and give private enterprise a much bigger say in fighting the housing shortage.

With these as policy guides laid down by President Truman, officials set out to run a housing program minus priorities and price controls—a program which was at this time catching brickbats from Wilson Wyatt's admirers and bouquets from the building industry.

One of Wyatt's chief aides, Norton Long, prepared to take the cue of his former chief and resign as deputy housing expediter. He denounced Mr. Truman's new housing policy as not a program at all but a bid for a moon and bust in real estate.

Climaxing a series of White House huddles, Mr. Truman on Saturday night wiped out the \$10,000 ceiling on the selling price of new houses and announced that any citizen can build a home for himself.

New Cause For Hope
Early Pessimism Over Foreign Ministers Council And United Nations Disappearing; What It Cost Russia To Make Compromises; Reasons For New Attitude

For ten months and three weeks of 1946 the Foreign Ministers Council and the United Nations gave cause for little except pessimism. For each step forward there seemed to be a step back.

Russia seemed determined to turn the international conferences into mere forums for propaganda. Britain's prime minister went to Paris in the summer for what he termed "one last effort" to get the Russians to really cooperate. Little seemed to come of it. The Paris conferences and the first weeks of the New York conferences seemed merely to emphasize the cleavage between Russia and the English-speaking countries.

Then, four weeks ago, Russia began to show signs of softening. She decided that once a disarmament plan was set up, she would not demand the right to veto the decisions of its enforcement agencies. She

STATE MOURNS
DEATH OF SEN.
JOSIAH BAILEYVeteran Lawmaker
Passes At 73; Successor To Be Named This Week

Raleigh, N. C., Dec. 16—(AP)—North Carolinians today mourned their late senior Senator Josiah Bailey, as speculation mounted over his possible successor.

Bailey, a veteran of 16 years in the Senate, died yesterday at his home here of a cerebral hemorrhage. He was 73 years old.

Funeral services were to be held this afternoon (3:30 EST) from Raleigh's First Baptist Church. Services will be conducted by Dr. Broadus E. Jones, pastor of the church. There will be no pallbearers, either active or honorary, and interment will be in the Bailey family plot in Oak Wood cemetery here.

Gov. R. Gregg Cherry said he would name a successor for the remaining two years of Bailey's term sometime this week.

The Charlotte Observer said it was virtually certain that National Democratic Committeeman William P. Horton of Pittsboro would be the governor's choice.

Horton and four other Democrats—former Gov. J. M. Broughton, State Treasurer Charles M. Johnson, Lt. Gov. L. Y. Ballentine and W. B. Umstead who recently resigned as chairman of the state executive committee—were considered good possibilities of political successors here.

Bailey became ill suddenly Saturday afternoon and lapsed into a coma. He had suffered a serious heart illness about eight months ago, but was recovering.

Earlier Saturday, relatives said he had been unusually cheerful and had made plans for a business conference.

Classed as a liberal in his early political life, Bailey became known as a conservative shortly after entering the Senate. On occasion he fought so strenuously against New Deal proposals that he was attacked in some quarters as a reactionary.

The senator is survived by his widow, Mrs. Edith Pou Bailey; three daughters, Mrs. William Primm, Jr., of Washington, Edith, a student at Duke, and Sally, a student at Sweetbriar College; and two sons, James H. Pou of Raleigh and Josiah, Jr., of Morehead City, a student at the University of North Carolina.

Bailey was elected to the Senate in 1930, the second time he sought public office. He opposed F. M. Simmons in the 1930 primary claiming only one thing—that the self-respect of the Democratic Party demanded that the veteran senator be opposed for bolting the party in 1928.

REICH COSTLY
FOR TAXPAYER

Senators Learn German Food-Bill Will Cost \$171 Millions

Washington, Dec. 16—(AP)—The Senate War Investigating Committee has learned that it probably will cost American taxpayers \$171,000,000 next year to feed the U. S.-occupied zone of Germany while the Russian-controlled area eats homegrown food at no cost to Moscow.

Statements gathered by Committee Counsel George Meader during a three-week trip to Europe laid the blame for this situation on the failure of attempts to unify Germany economically under terms of the 1945 Potsdam Big Three agreement.

Blaming the French for blocking plans to set up central German administrative services, the statements obtained by Meader from Army of Occupation and Military Government authorities said the United States had been forced to stop the dismantling of German plants for reparations—most of which would go to Russia—because of the threatened financial drain on this country.

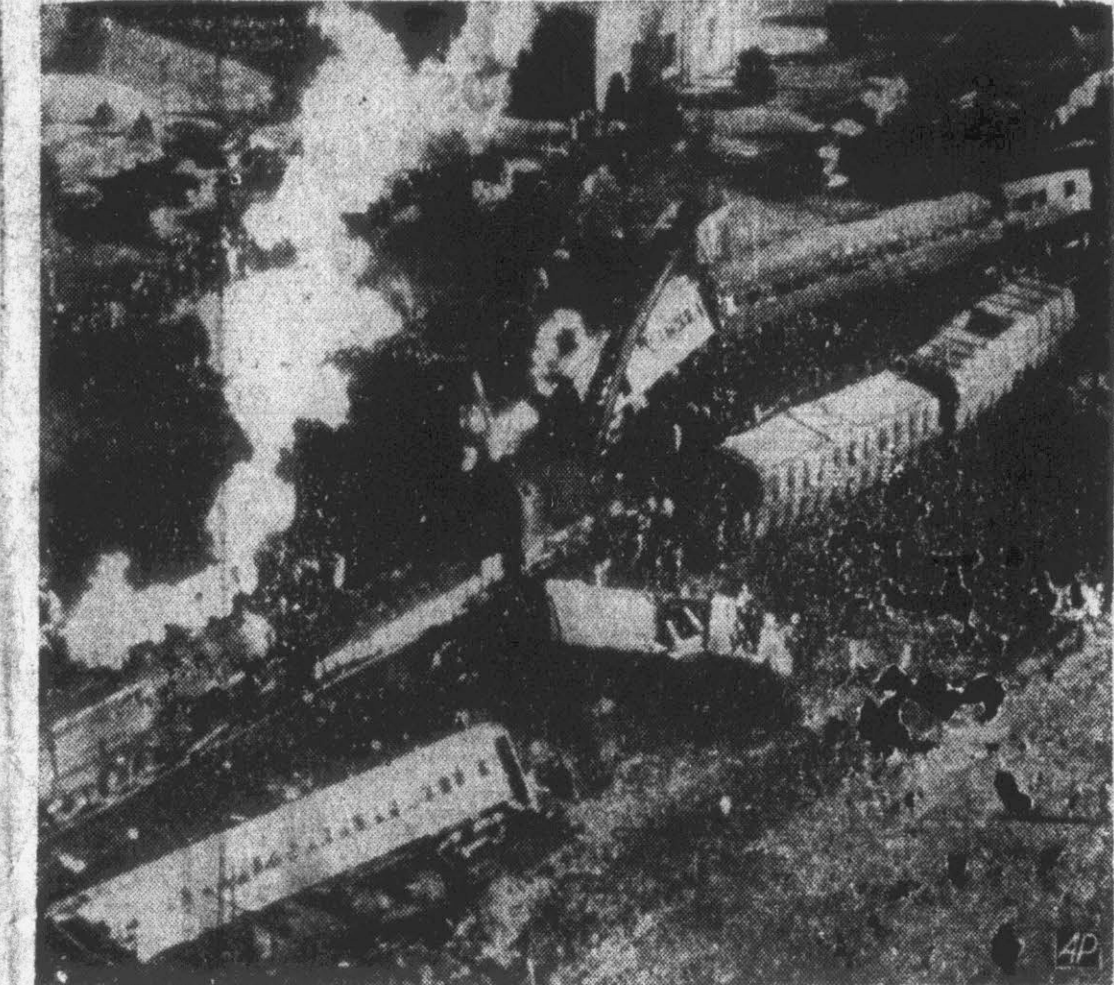

Beyond that, the statements indicated that even if economic unification of Germany were brought about immediately, it might take two years for the Germans to become sufficiently self supporting to require no further food shipments from the United States.

Still Disputed

Raleigh, N. C., Dec. 16—(AP)—The knotty question of how large an increase in teachers' pay the 1947 General Assembly will be asked to provide, temporarily believed to have been settled at a meeting of the North Carolina Education Association here over the weekend continued to confront state educational leaders today.

The issue bobbed back into the news Saturday night when a group of Western North Carolina teachers dissatisfied with action of local unit presidents of the NCEA during the day, issued a call for a meeting of the state's 18,000 classroom teachers here next Saturday when the individual teachers will be asked to voice their own opinions.

Meantime, Miss Mozelle Causey, president of the Department of Classroom Teachers of the NCEA said her group would have "nothing whatever to do" with the statewide meeting of classroom teachers called (Continued on Page Four)

Blasts Thought
To Be A-Bombs

Peiping, Dec. 16—(AP)—Chinese Communists today captured Chungyang in Central Shansi Province after a 15-month siege capped by an offensive so fierce the defending garrison, in an obviously erroneous message sent in all seriousness, radioed it thought the Reds were using atomic bombs.

Chungyang's defenders were out of food and ammunition as a result of one of the longest Communist sieges of the civil war. The final assault on the city, some 100 miles northeast of the Red capital at Yenan, lasted two weeks.

The Government forces in Manchuria, at the same time, claimed a victory over the Communists at Pulantien, Kwantung peninsula border town, after several days of fighting. Some 6,000 Communists were reported routed.

Franco Predicts
"Pearl Harbor"

Zaragoza, Spain, Dec. 16—(AP)—Generalissimo Francisco Franco said the Spanish people yesterday felt the world is "in a situation of war" so long as a materialist conception of life continues to exist, which he said is a "dead letter."

Franco said that "the new Pearl Harbor will not be the bombardment of naval units in port or flying or atomic bombs which destroy towns or industries by surprise."

Instead, he warned "the fifth column will be used," composed of "men of double nationality, one apparent and the other always potential, who will paralyze the circulatory system of the lives of people x x x through doors stupidly opened to them by innocent and blackheaded inorganic democrats."

Security Council Given Task Of Starting Disarmament Program; Diplomats Begin Homeward Trek With High Optimism

By JOHN A. FARRIS, JR.

New York, Dec. 16—(AP)—The United Nations assembly turned over to the 11-member security council today the monumental task of setting into motion a program for reducing the armaments of the world and destroying the mass destructive weapons of war.

Ending an historic eight weeks' session at 12:44 a. m., the top diplomats of 54 nations gave the world its first concrete hope for outlawing war and then headed for home after writing another chapter in man's long search for peace.

The next regular meeting will be held in New York next September 16, but the assembly may be called into special session in six months to approve world-wide arms reductions which the security council is to plan in detail.

In the vaulted gold and blue assembly hall at Flushing Meadow Park, the world's diplomats gave a solemn pledge that their countries would support immediate steps to reduce their armed forces and prohibit the use of the atomic bomb.

This was regarded as the most significant achievement of the assembly, which met in the U. S. for the first time and selected a Manhattan skyscraper site for its permanent home.

But almost equally as significant was the attainment of virtually unanimous agreement among delegates, a unanimity that had been conspicuously lacking since the United Nations was born.

For the first time since hostilities ended, delegates agreed there was an increase in cooperative spirit between Soviet Russia and the western powers.

There was evidence in some respects of a softening of Russian policy and the diminishing of Soviet suspicions. Delegates agreed generally that Secretary of State Byrnes contributed greatly to this by disclosing voluntarily the number and position of American troops on foreign soil—information that Russia fought unsuccessfully to have every nation give to the U. N.

T. T. is a vanguard in United Nations relations was keynoted by Warren R. Austin, chief of the U. S. Delegation in the closing hours of the session.

"Starting with the ink and paper charter," Austin told fellow delegates, "we progressed from positive disagreement and skepticism as to the solution of the great problems confronting us, to a newly discovered harmony—to almost unanimous agreement. I think that (Continued on Page Eight)

Corporations' Losses

Repeat Round Of Walkouts In 1947 Would Hit Many Corporations Harder Than Ever; Cushions Against Falling Postwar Profits Expires: Explanation

By JAMES MARLOW

Washington, Dec. 16—(AP)—Many corporations which were dealt financial blows by strikes during 1946 will be even harder hit if there is a repeat round of walkouts next year.

And should a business setback develop—as some economists have predicted but others disputed—it will be tougher on many businesses than if it had occurred this year.

Here's why: (but remember, all this has to do only with taxes paid by corporations; not with taxes paid by individuals.)

The corporation tax relief provision known as the "excess profits carry-back" expires on December 31. This provision—written into an early wartime tax act in an effort to help business convert to peacetime pursuits—has been a cushion against falling postwar profits whether due to strikes or other causes.

CIO HEADS TO TALK DEMANDS

Pittsburgh, Dec. 16—(AP)—Top CIO officials gathered here today to start a week-long round of conferences which are expected to go a long way toward determining next year's contract demands for steel auto and electrical workers.

About 2,350,000 members of the United Steel Workers, the United Auto Workers and the United Electrical, Radio and Machine Workers are represented by their respective chiefs—Philip Murray, Walter Reuther, and Albert Fitzgerald—who were scheduled to open sessions with an informal meeting.

Other high CIO executives and groups will meet later on policies expected to be laid down by the three big labor chiefs. Among them are the steel workers' executive board, the same union's 175-member wage policy committee; and the UE controlling board.

The steel and electrical workers have not named any specific wage goals and there was no definite indication the week's sessions would produce any although the CIO has (Continued on Page Eight)

Trials Set For Industrialist

Nuernberg, Germany, Dec. 16—(AP)—War crimes trials against German industrialists are scheduled to begin by Feb. 1 with Friedrich Flick, mystery man of the wartime economic setup, as the first defendant. American prosecution officials said today.

The officials contend Flick, little-known internationally, was a "behind the scenes" operator who controlled vast holdings in the iron, coal and steel industries.

The second trial will be against the I. G. Farben industry, huge chemical combine. This will be followed by trials against the Krupp steel empire, the Dresdener Bank and the Hermann Goering Werke, steel industry.

Water was tipped in, furniture installed and Miss Blais began housekeeping.

NEHRU QUOTED
AS PLANNING
DRASTIC MOVEAll-Hindu Assembly
May Make Defiant Declaration Of Independence

London, Dec. 16—(AP)—The future of India was thrust forcefully onto the official scene in London today by Bombay dispatches quoting Pandit Jawaharlal Nehru as saying that his Congress Party was taking into its own hands the forging of a new independent nation.

The Times of India, published in Bombay, said Nehru—who is leading minister of the Indian interim government—had told a reception in Benares last night that "in two or three days time India is to declare herself out of the British Empire."

"The constituent assembly will pass a resolution declaring India a free, sovereign country and we are not going to submit our decisions to the British Parliament," The Times quoted Nehru as saying. "We have stopped looking toward London. We shall solve our own problems. I am not worried over the situation. The Congress has decided to go forward vigorously."

Nehru's statement, coming as the House of Lords prepared to open the third week of discussions here on India's future, carried grave implications.

It could mean open defiance, not only to the British who are preparing to leave India, but also of the Moslem League—awakened spokesman of 100,000,000 Moslems in India—which has boycotted the constituent assembly. Nehru opened a week ago at New Delhi.

The House of Commons here was told last week that more than 10,000 persons had been killed in Hindu-Muslim communal outbreaks in India since Britain's plan for freeing the sub-continent was presented last summer.

Official sources here declined to comment on Nehru's statement pending clarification of his remarks.

The question of what Britain would do if the Congress Party went ahead with its "independent India" House of Commons Friday. Winston Churchill, but elected to reply from Defense Minister designate A. V. Alexander, who called it a hypothetical question.

In Gun Battle

Murfreesboro, Tenn., Dec. 16—(AP)—A Negro who shot two officers and touched off gunplay in which two others were wounded was removed from a house in which he had barricaded himself this afternoon, after the place had been under siege more than an hour.

The unidentified Negro who became berserk and went on a shooting rampage while under questioning at police headquarters, was removed apparently not badly wounded.

Columbian Boss
Now In Lock-Up

Atlanta, Dec. 16—(AP)—Unable immediately to post \$2,000 bond, Emory S. Burke, president of the brown-shirted Columbians, was locked in the Fulton County jail here over the weekend on charges of riot and illegal possession of dynamite.

Jailer W. E. Johnson said Burke surrendered himself Saturday night on the grand jury indictments.

Meanwhile, charges of usurping police powers, lodged by Columbian leaders against James H. Sheldon, executive chairman of the Anti-Nazi League of New York, have been dismissed.

Mrs. Jacob Milton Hadley

Hadley-Sexton

Miss Edna Earle Sexton, daughter of Mr. and Mrs. Milton James Sexton of Zebulon, became the bride of Mr. Jacob Milton Hadley, son of Mrs. George Bacon Wood Hadley, and the late Mr. Hadley of Greenville, N. C., Saturday in a candlelight ceremony at five o'clock in the Zebulon Methodist Church. Rev. Charles E. Vale, pastor of the bride, was the officiating minister.

A program of nuptial music was rendered by Miss Jocelyn House, of Raleigh. Miss Anne Jones of Garner, cousin of the bride, sang, "If God Left Only You," and the Benediction, which was an original by Miss House. Miss Agnes Fullilove and Mrs. Dink James of Greenville, sang "Prayer Perfect," by Ervin J. Stenson, and "I Love You Truly," by Carrie Jacobs Bond.

The bride, given in marriage by her father, wore a gown of ivory brocade, designed with a smoothly moulded midriff bodice, high-sheer yoke sunburst tucks, and long sleeves ending in points over the hands. The full skirt terminated in a circular train. Her chapel length veil of illusion fell from a braided Juliette cap studded with seed pearls. She carried a bouquet of white roses, centered with a white orchid and showered with satin ribbons and stephanotis. Her only ornament was a string of pearls, a gift of the bridegroom.

Mrs. Elizabeth S. Ellington, of Wilmington, Delaware, sister of the bride, was the matron of honor. Her gown was ice blue taffeta, designed with a snug fitting basque bodice, and a sheer yoke outlined with a fold of taffeta, three-quarter length sleeves, and a bouffant net skirt, trimmed with bands of taffeta and bows. She carried a bouquet of pink roses tied with satin ribbon and streamers, and on her head wore a band of ice blue net ruching.

The bridesmaids were Miss Jane Hadley, Greenville, N. C., sister of the bridegroom, Miss Mary Elizabeth Woodard, Wilson, N. C., Miss Laura James Sexton, Zebulon, N. C., sister of the bride, and Miss Barbara Brown, Raleigh, N. C., cousin of the bride. They wore identical dresses of ice blue taffeta, yoked at the waist with pink ribbons, tied with pink satin ribbons, and wore bands of ice blue net ruching.

Dr. Herbert W. Hadley of Greenville, N. C., attended his brother as best man, and the ushers were Albert Dab, Jr., of Washington, D. C.; Fred Forbes, Jr., Charles Forbes, and John Hassell, of Greenville, N. C.

Mrs. Sexton, mother of the bride, wore a black dress with a corsage of pink roses. Mrs. Hadley, mother of the groom, wore a dress of black and aqua with a corsage of pink roses.

Immediately after the ceremony, the brides parents entertained at a reception at their home, for members of the wedding party and out of

town guests. Mr. and Mrs. A. R. House greeted the guests at the door, and introduced them to the receiving line. Mrs. A. S. Hinton invited the guests into the dining room. The dining table was covered with a lace cloth, and centered with an arrangement of all white flowers in a silver bowl, flanked by white tapers in silver candelabra. Mrs. John Tucker, of Wendell, N. C., poured coffee. Assisting in serving bridal cakes, ham biscuits, cheese wafers, fruit bars, nuts and minis, were Mrs. T. T. Brown, Raleigh, Mrs. Fred Forbes, Mrs. Herbert Hadley, Mrs. Charles Forbes, Greenville, N. C., and Mrs. Albert Doub, Jr., Washington, D. C. Mr. and Mrs. Ben Cheaves presided at the bride's register, which was in the gift room. Mr. and Mrs. W. D. Finch said goodbye to the guests.

After the reception the bridal couple left on a wedding trip to un-announced points. For traveling, the bride wore a suit of cinnamon wool, with blue and black accessories, and the orchid from her bridal bouquet.

Mrs. Hadley is a graduate of Duke University, where she was a member of the Zeta Tau Alpha social fraternity and Phi Beta Kappa, honorary fraternity. She attended the University of North Carolina, where she studied social work and received her master's degree in social work from the University of Pennsylvania in June, 1946.

Mr. Hadley attended Duke University, where he was a member of Kappa Sigma social fraternity. He is now life underwriter for Security Life and Trust Co., in Greenville, N. C. Mr. and Mrs. Hadley will be at home in Greenville, N. C., after December 23.

On Friday evening following the rehearsal Mr. and Mrs. John Tucker of Wendell, Mr. and Mrs. Armistead Jones of Garner, and Mr. and Mrs. T. T. Brown, of Raleigh, entertained for the bridal couple at a cake cutting at the home of Mr. and Mrs. Tucker. Guests were members of the bridal party and out of town guests.

Among the citations comprising the lesson-sermon were the following from the Bible: "The Lord is thy keeper; the Lord is thy shade upon thy right hand. The Lord shall preserve thy going out and thy com-

ing in from this time forth, and even for evermore." (Ps. 121:5,8). And from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Script blesses man, but man cannot 'tell whence it cometh,' as it the sick are healed, the sorrowing are comforted, and the sinning are reformed. These are the effects of one universal God, the invisible good dwelling in eternal science."

Brides-Elect Complimented
Miss Rachel Fleming entertained at a coca cola party on Saturday morning at her home on East Eleventh street in compliment to Miss Betty Lou Turnage, Miss Della Frances Perry and Miss Mary Ann Harris, all brides-elect of this month.

Coca colas, variety of sandwiches, bridal cakes and nuts were served by the hostess assisted by Miss Sarah Moore and Miss Elizabeth Bridgers. The honor guests were each remembered with an honor gift of crystal in her selected pattern. Beautiful decorations suggesting the approaching Christmas season were used throughout the home.

Miss Boykin Entertained
Miss Janell Whitehurst was hostess at a dinner party Friday evening at the home of her parents near Greenville honoring Miss Lida Mae Boykin, bride-elect, of Wilson. The table was centered with a lovely bowl of American Beauty

roses while lighted white candles flanked each end. Mrs. B. M. Whitehurst, mother of the hostess served a three course dinner on tables set up in the dining and living rooms. The place of Miss Boykin was designated by a corsage of red carnations.

Covers were laid for sixteen guests who were as follows: The honoree, Miss Boykin, Glenna Finch, Mary Elizabeth Boykin, Laura Williamson, and Rose Haynes, Wilson; Maxine Guthrie, Morehead City; Rosa Ashell, Edenton; Mary Matthews, Raleigh; and Rachel Floyd, Fairmont; Elizabeth James, Jackie Barnhill, Mary Elizabeth Nicholas, Lucille Gray, Elinor Brown and Martha Whitehurst of Greenville and the hostess, Janell Whitehurst.

Bethel P. T. A. Meets
The Bethel P. T. A. met on Thursday night at 7:30 in the Bethel high school auditorium. The meeting was presided over by the president, Mrs. Harvey Mannitz, who turned the program over to Miss Mary Lois Staton.

The program was given by the Brownies and Girl Scouts under the direction of Miss Staton. The little girls presented a most beautiful Christmas candlelight program which included some of the Christmas carols. The girls lighted their candles from the Christ Candle and recited poems, verses of scripture, and thoughts which reveal the true meaning of Christmas, after which, Rev. L. F. Host offered prayer. The Scouts were: Jean Cullifer, Van Lee Edmondson, Norma Williamson, Janie Edmondson, Betty James, Jenny Whitehurst, Loretta Bullock, Peggy Crisp, Mary Ann Manning, Mary Jo

WILL TYSON IN HIGH POST

Greenville Lawyer To Appear In Supreme Court

Washington, Dec. 16 — (AP) — Within the next few weeks, a young Tar Heel lawyer will stand before the United States Supreme Court bar to represent the federal government in a precedent-making case. He is William Sherrod Tyson, native of Greenville, and solicitor in the Department of Labor.

He will head a battery of federal attorneys in a case which will probably decide whether a railroad should be required to pay wages to on-the-job trainees. The decision, of course, will effect not only the railroads, but also other large corporations.

A review of Tyson's career reveals a real success story, which the Tar Heel lawyer, himself, brushes off with a remark that he's "just an average man."

Born at Greenville, in 1903, this son of a combination farmer and bank president attended grade and high school in his home town. He graduated from the University of North Carolina in 1928.

He also studied at The Sorbonne in Paris. Leaving school, he took up private practice and served nearly two terms as solicitor in Pitt county. He resigned the post to become clerk of then Representative Lindsay Warren's Committee on Accounts.

In 1933, while in this post, Tyson married Mary Washington of Greenville. He became associated with the labor department in 1939, assigned to that department's North Carolina and South Carolina regional office in Charlotte. In 1940 he was sent to Raleigh where he acted as federal adviser to the state's labor department in administering federal labor laws.

Bill's debut in Washington came in 1942, when he came here to assist Wynne, Sherre Latham, Isabelle Taylor, Barbara Whitehurst, Patricia Whitehurst, Shirley Ann Hardy, Shirley Jean Whitehurst, Janell Whitley, Nell Barnhill and Betty Marie Andrews.

The meeting then adjourned after a short business meeting.

sume the post of assistant solicitor. His predecessor resigned when Frances Perkins left the secretaryship of the department and her successor, Secretary Lewis Schwelb, named Tyson as the new solicitor.

He is known by his fellow workers as having a prodigious capacity for work. He always carries a folder of material to work on at home when he leaves the office at 6 p.m. Perhaps because of his youth, he has a reputation for keen wit, love, a good joke, and plays a poker hand nicely.

Fire Guts Home On Ward Street Sunday

Fire Sunday afternoon about 3 o'clock gutted the home of Mrs. Ed Move on Ward street and destroyed the contents. Fire Chief George Gardner said the fire started near the kitchen stove while the family was in the front part of the house. When someone opened the kitchen door to get water the flames caught a draught and went beyond control. The alarm, from box 156, was delayed, firemen said. Nearby buildings were not damaged.

FOR THE DAY**
By EARL L. DOUGLAS

PONDER AND LEARN
Tradition has it that one day as
Sir Isaac Newton sat in an orchard,
an apple fell from a tree and struck
him on the head. The incident
seemed to have started a chain of
thought which ended in an impor-
tant discovery. For most people the
fall of the apple would have been
an experience slightly unpleasant
and soon forgotten. Newton, how-
ever, pondered what it happened
to him, and out of it grew the
theory and statement regarding the
force known as gravity.

Many of the greatest inventions
have sprung from apparently in-
significant circumstances. The two
scientists on the banks of the Po-
tomac who found that the ships
were moving up and down the river
were interfering with certain ex-
periments they were making in electronics
had stumbled upon radar without
knowing it. Frequently we read ac-
counts of how by accident or
through the failure of a scientific
experiment some great truth was
discovered which the scientists were
not searching for.

Every event in life has about it
something of the significance of
Newton's falling apple. Every meet-
ing with a friend, every chance con-
versation we have on the street, every
misadventure of our plans, every
success, every disaster has a message for us if we
only heed it.

But God discloses his secrets only
to people who ponder the meaning
of everything that befalls them.

**SPOTLIGHT OF ART IN CAPITAL
TURNS ON CROSBY SALON**
BY ELEANOR EADS

Washington—After World War I
Harry and Caresse Crosby, two
American poets, began publishing
their own poems in Paris.

They established the Black Sun
Press. Harry was a great follower
of sun worship, and he loved the
color black. He always wore a black
flower in his coat lapel and smoked
black cigarettes. Hence, the name
Black Sun Press.

Harry died in 1923, and his wife
carried on. She published not only
her own work but that of many
other writers, including Antoine d.
St. Exupery's first book, "Night
Flight." Archibald MacLeish's
"New Found Land" and works of
Marcel Proust, George Grosz, Kay
Bowle and others.

Now Caresse Crosby is creating
a stir in this country and especially
in Washington, where she main-
tains a gallery for exhibiting the
work of modern artists, many of
them as yet unknown to America.
She is getting out portfolios of their
work.

These portfolios, which are of
loose leaf design, contain prose,
poetry and prints. Mrs. Crosby has
brought out four already, two from
Washington, one from Paris and
one from Rome.

Last year Mrs. Crosby had from
1,000 to 1,500 subscribers. This year
she expects to double the number.
She plans to leave shortly for
Greece to collect material for her
fifth portfolio. Later she intends
to get out another American edi-
tion containing the works of Negro
artists and writers.

For a time upon her return to
the United States in 1936, Mrs.
Crosby, living on an old estate near
Bowling Green, Va., called Hampt-
on Manor, thought she would take
up farming in earnest.

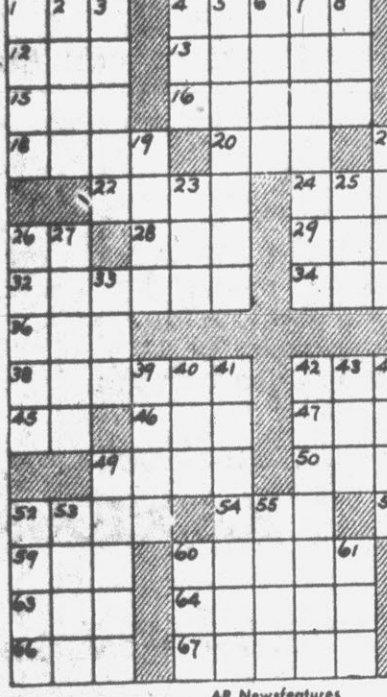

Her interest in new artistic ex-
pression sidetracked this plan. Sal-
vador Dali, much discussed artist
of melting watches, broken skulls
and other fantasy, came to visit. A
bull was entertained in the parlor.
Karin von Leyden, a Dutch ar-
tist, said the place was haunted
drew a picture on wrapping paper
of ghosts falling through the ceiling
and dancing in the air.

Caresse believes creative minds
and not those bound by past ideas
and conventions, will save the
world. She says her portfolios are
intended to help "build a bridge

night in announcing that she had

plan to call the statewide meeting.

"My department will make no

Announcement of plans for the

mony by the local unit presidents
when they endorsed the associa-

**FLUSH OUT KIDNEYS
THIS DOCTOR'S WAY**

Backache, loss of the old pep, getting
up nights, and headache are often caused
by nothing more than improper kidney ac-
tion due to excess acid in the urine. The
kidneys are one of Nature's ways of re-
moving impurities from the blood. And
when these impurities back up, trouble
may start.

So if you have these troubles, give your
kidneys and bladder a good flushing out
by taking Dr. Kilmer's Swamp-Root. It
works on the kidneys to flush them out
— increasing the flow of urine to help re-
lieve that excess acidity and ease that
burning sensation when you pass water —
helps that bladder irritation that
makes you get up at night.

Made of 16 herbs, roots, vegetables, and

**THE NEW PLASTIC WALL SURFACING MATERIAL
PLASTIC PLASTER**
Paint AND Plaster - IN ONE APPLICATION
JUST BRUSH IT ON

PLASTIC PLASTER is an entirely
new approach to the problem of mod-
ern wall coverings.

PLASTIC PLASTER produces a beau-
tiful textured, sand finished type of
wall covering in a choice of ten colors
with only one application. Can easily
be applied by the inexperienced decora-
tor on any surface — wallpaper,
paint, plaster, wood, wallboard, con-
crete and cinder blocks, bricks, con-
crete, metal, glass, etc. One coat will
cover and hide minor wall defects
such as cracks, seams, checks, joints,
nail heads, etc., and no connecting
laps will show even though allowed
to dry before the job is finished.
PLASTIC PLASTER is fire resistant
and has insulating qualities. It is
more than just a paint — it's PLAS-
TER and PAINT, all in one applica-
tion.

Be sure to use PLASTIC PLASTER
before you decorate either old or new
walls. Let us show you what beau-
tiful textured walls can be obtained
with PLASTIC PLASTER.

Contributor Says . . .

(Continued from Page One) he gave Terry the \$3,750 check on the same day that Newton gave the \$25,000. Knott said he thought his contribution came in ahead of Newton's. He explained that there was a money-raising rally that day and that "something had come up that had to be taken care of that day."

Attorneys for the war investigating subcommittee whose hearings have been marked by blows and brickbats, said they expected the once missing Terry to be on hand for today's session. But Dr. H. C. Watkins said at Quitman, Miss. last night that no decision on travel plans for his patient would be made until after a checkup today.

The committee planned to go ahead with its hearing by calling additional contractors. It is inquiring into reports that Bilbo accepted cash and expensive gifts in return for assistance in landing war work.

Patrolmen On . . .

(Continued from Page One) Chapel Hill, assembled at Troop A headquarters at the City Hall in Greenville today for special instructions from Lieut. Lester Jones, commander of Troop A, comprised by 26 Eastern Carolina counties.

The new patrolmen made up a soldierly looking group of men and they appeared to be enthusiastic over their appointment.

The exercises at the City Hall were impressive and the ceremony was attended by a representative group of county and city officials and others.

Following is a list of the new patrolmen and the clubs and towns to which they were assigned:

Greenville—Sullivan G. Gibbs
Vanceboro—Guy C. Langston
Maysville—Lem S. Mciggs
Bayboro—Oscar C. Brock
Swan Quarter—John G. Thomas
Fairville—Lawrence H. Taylor, Jr.

Nashville—Elias D. Wheeler
New Bern—Albert D. Hickman
Rocky Mount—Richard Warren Jackson
Seaboard Neck—Julian Woodall
Columbia—Leonard N. Walters
Murfreesboro—Parr West
Roanoke Rapids—John W. Wilson
Jackson—Wade C. Hartley
Gatesville—James L. Wagoner
South Mills—E. W. Moore.

Mr. & Mrs. FARMER —

At this time we extend to you our very best wishes for a

HAPPY HOLIDAY SEASON

And hope for you

A Most Prosperous 1947

We also want you to know that all Greenville appreciates —

(1) The opportunity of selling your Tobacco for you for an average of \$54.23 (including scrap), the highest average in the over 50 Year History of your Greenville Market.

(2) The opportunity of paying to you \$34,253,522.34 for 63,156,026 pounds of your Tobacco sold on your Greenville Market — the most producers' Tobacco since 1939.

(3) The opportunity your 250 Greenville Merchants and 3 Banks have had to serve you this year.

We Invite You to Keep Up the Greenville Habit — It Pays — and Your Greenville Friends Appreciate the Privilege of Serving You.

Prizes For Best Decorated Homes

The Greenville Merchants Association has announced that prizes amounting to \$62.50 will be awarded this year for the most attractively outside decorated homes for Christmas. The first prize will be \$25, second, \$15, third, \$10, fourth, \$7.50, and fifth, \$5. All homes in the city are eligible to participate. Mrs. Cora S. Powell, executive secretary of the association, quoted Martin Swartz, superintendent of public utilities as saying there is sufficient current available to warrant the outside lighting of homes during the Yuletide season.

Subsidization Of Athletes' Major Problem For Faculty Meeting

Dallas, Tex., Dec. 16—(AP)—How will you keep an old grad from "taking care" of a star athlete for going to the alumnus' college and playing football?

What's to prevent him from slipping the athletic young man a couple of fifties or a suit of clothes now and then—either to get him to attend the old grad's college or to keep him satisfied while he's there? The Southwest Conference Faculty Committee is tackling the problem.

Meeting here over the weekend the conference fathers frankly admitted subsidization of athletes had gotten out of hand and said something needed to be done about it. A representative will be sent to the national collegiate athletic association meeting in New York City next month. There he will find out what other conferences are doing to handle the situation. Later there will be a special meeting of the southwest conference fathers to outline a definite formula.

But take it from Matty Bell, veteran coach and athletic director of the Southern Methodist University, the only way to get the job done is to have a policeman. "You will need a regular FBI to prevent the alumni from helping the boys on the side," said Bell. "Even then I'd think it would be difficult to uncover all the offenses."

"I think the solution is to give each athlete enough legitimately so that he won't need help from outsiders. It won't really take a lot to do it and the athlete deserves it. He not only does everything other students do, but performs for the

SCANDAL HITS PRO-FOOTBALL

Gambler Arrested Trying "Fix" Championship Play-Off

New York, Dec. 16—(AP)—Professional football was involved today in a gambling scandal similar to those uncovered previously in other sports, but the gridiron game appeared likely to escape the black eye suffered by major league baseball and college basketball in experiences of the past.

An unsuccessful attempt to fix yesterday's game between the New York Giants and Chicago Bears for the championship of the National Football League was discovered before kickoff time by New York police, who confined their investigation today after the arrest of one man on a bribery charge.

Alvin J. Paris, a 28-year-old official in a novelty concern, was arraigned before Magistrate Joseph B. Glebocki on a charge of attempting to bribe a professional athlete in violation of a law passed in 1931 to protect football and other sports from mixups with professional gamblers.

Assistant District Attorney George Monaghan said Paris signed a statement saying he had offered half-back Frank Filchock and fullback Merle Hapes of the Giants \$25,000 each to "lay down" in the title game.

Paris, a self-styled "big bettor" on athletic contests, also offered to place a \$1,000 wager on the Bears for each player. Monaghan said Paris' bail was set at \$25,000 and a hearing was scheduled for Dec. 23.

Both players refused to deal with Paris, Monaghan said, and were exonerated by police, but Hapes was kept out of the game at the order of League Commissioner Bert Bell who announced that his share of the losing players' pool was being held up pending a further hearing.

Non-Home . . . (Continued from Page One) self—a right that for 11 months only veterans have enjoyed. Nevertheless the president said the new program will be a vigorous one, with the government stressing rental housing. The new program, with emphasis shifting from federal control to business initiative, will produce results, he promised.

Henceforth, Mr. Truman ruled, only a few raw materials will be housed—and anyone who wants to located—that is, channeled into building a home for his own occupancy may do so by getting a simple government permit.

LONG DISTANCE TELEPHONE CALLS INCREASE!

Although many people (perhaps including the telephone company) expected long distance calls to decrease following the end of the war, just the opposite has happened. Traffic on long distance lines is reaching new peaks each month . . . and the equipment necessary to take care of the increase just can't be produced fast enough. The 1946 long distance traffic load is officially pegged at more than 5,000,000 calls per day, about 370,000 more than last year's daily average. Perhaps this graphic illustration will help to explain why it takes your operator longer to answer and why your calls are sometimes delayed.

AN IMPRESSIVE RECORD

★ Although tuberculosis is one of the oldest known diseases, its cause was first conclusively proved when Robert Koch isolated the tubercle bacillus a little over fifty years ago. The success resulting from vigorous public health measures, particularly in the last quarter century, is impressive. At the beginning of the century, tuberculosis led the list of diseases as the most frequent cause of death. Today it has dropped to seventh place. There is no reason why it should not drop completely from the list of important causes of death.

This splendid record has resulted from the combined efforts of many agencies. An enlightened public opinion with respect to the value of the physician's services has contributed immeasurably. Have that long-delayed physical examination today. We are prescription specialists.

Corporations

(Continued From Page One)
More about this expiring provision:
The excess profits tax—which didn't touch this year's earnings although the "carry-back" provision applies to them—was a levy on "excess" profits resulting from war. Whether a profit was "excess" was measured by a company's earnings between the pre-war years, 1936 and 1939, or by a specified return on its capital investment. This measuring standard was known as the "excess profits credit."

Earnings above the standard were taxed at 95 per cent, with provision

for a 10 per cent postwar refund. Earnings below the standard paid the regular corporation tax of no more than 40 per cent (beginning with this year's earnings, it went down to 38 per cent).
If a corporation earned more than its excess profits credits credit for a couple of years and then earned less than the standard amount—though it turned a profit—the under-margin could be "carried back" to reduce the ver-margin of the earlier years.

Here's an illustration of how it worked:

The excess profits credit of a corporation which earned \$40,000 a year during its 1936-39 standard period would be \$40,000. Now figure

that it made \$100,000 in 1945. It then paid the regular corporate income tax of 40 per cent on the standard earnings of \$40,000. That amounted to \$16,000.
On the over-standard—earnings of \$60,000, it paid an excess profits tax net (after taking into account the postwar refund) of 85.5 per cent. That amounted to \$51,300 and with the \$16,000 regular tax brought the company's total 1944 federal tax bill to \$67,300.

Now suppose that this year the company not only fell short of its standard earnings (\$40,000), but managed only to break even. It would owe nothing for 1946.

Furthermore, that company could reopen its 1945 tax return and—because it had no use for its excess profits credit for 1946—apply that credit (\$40,000) to its 1945 profits. This would make its 1945 standard \$80,000 (the normal standard for 1945 plus the carried back standard for 1946). Hence there would be only \$20,000 of its earnings subject to the 1945 excess profits tax as a net of 85.5 per cent. Now the amount owed on this score would be \$17,100.
However, the 40 per cent regular

tax would apply to the new \$80,000 standard, instead of the old \$40,000. So the amount owed in regular taxes would be \$32,000 instead of \$16,000.

Thus the amended 1945 tax bill would be \$17,100 plus \$32,000, or \$49,100. But this compares with the \$67,300 the company already paid. So the treasury would send the company a refund check for \$18,200. Remember this: the excess profits tax law is a very complicated one. So any example such as the one above must be oversimplified.

cut off from the rest of Iran since the Russian occupation during the war.

The reasons for the new attitude, and whether it would last, were, of course, the subjects of much speculation. Some U.N. delegates pointed out that Russia needed in her fields and factories the troops with which she had been backing up her military diplomacy abroad. Needed financial help from abroad for her five-year plan, and had found that her previous attitude was building

up an unprofitable resentment against her. There are also some who hope that Russia's diplomats have, through continued association begun to feel more trustful of the West.

We have established the essential reality of the United Nations." Later, the American delegate told the Accomplishments of this session gives promise of the attainment of security without war—a peace that will prevail through the effective processes of the United Nations.

Behind the delegates as they hurried home today for the Christmas holidays was a job that in pure paper work alone staggered the imagination. The record totaled 4,814 documents, 33,086 pages, 19,532,784 words.

ford to hike wages 25 per cent without raising prices.

Reuther, however, has declared his union will seek an increase of 23 1-2 cents an hour for 900,000 auto workers, to life their pay to \$120. A 25 per cent hike in steel would mean an 1.25 1-2 hourly wage for steel workers.
