ZIONISTS SAY NEW VIOLENCE IS INEVITABLE

Reject American Plea For Truce; Promise Unremitting Warfare

Jerusalem, Jan. 2—(AP)—The great of a new violence hung over the Holy Land today as Irgun Zvai Leumi, rejecting an American congressman's plea for a truce, promised unremitting warfare to achieve its goal of a free Palestine.

The promise of continued strife was contained in a note transmitted to newspapers by Irgun leaders in reply to a message from U. S. Rep. Joseph Clark Baldwin (R-NY) which was published last Saturday in the Palestine Post.

Dispatches from London yesterday reported increasing indications that official British opinion was inclining to the view that the only feasible way to settle the Palestine problem was to partition the Holy Land into separate Jewish and Arab states.

These advices quoted an official British source as saying that the government would give "full and serious consideration" to such a partition proposal should the matter be broached by Arabs or Jews at the London conference on Palestine, which is scheduled to resume Jan. 21.

Irgun thanked Baldwin for his "help in the campaign to free Palestine," but declared that "nothing must stop our fight."

Dover Tribute To United States

This is "Maine Crescent," one of the streets of prefabricated houses now springing up in the English Channel town of Dover, which was ravaged by high explosives during the war. The inhabitants, who received gifts of U. S. food and clothing, chose such names as Roosevelt, Boston and Kentucky to designate the new thoroughfares.

EMBASSY GETS WILD PROTEST

Chinese Carry "Go Back Home" Demands To U. S. Minister

Nanking, Jan. 2—(AP)—One thousand Chinese students today carried their demands for ouster of American service men from China to the U. S. embassy and Chiang Kai-Shek headquarters.

They said they would march to the home of General Marshall, U. S. peace envoy to China, and to the Chinese foreign office tomorrow with their demands.

Chanting "Americans go home" and ignoring a ministry of education order banning such parades, the students carried petitions to Chiang's headquarters and the U. S. embassy.

The petitions demanded withdrawal of U. S. troops from China, and requested that the United Nations Security Council order U. S. troops moved, and that full details of the alleged part of a Peiping girl by two U. S. Marines be published.

U. S. Ambassador Stuart was absent, but Minister Walton Butterworth received the paraders' chairman and the petition. He gave the students Stuart's reply:

"U. S. Marine authorities are proceeding with the case as rapidly as the demands of justice and a democratic trial will permit."

Chinese Gov't Forces Holding

Peiping, Jan. 2—(AP)—Chen Chih-cheng, deputy commander of the Government's 11th war zone, announced today reinforcements had relieved the pressure of a strong Chinese Communist attack on Paoting, Hoph provincial capital.

The Government's Central News Agency said the Communists had failed to capture two villages five miles away after a two day battle, and had withdrawn.

Chen said the Communists had slackened their attacks against the northern section of the Peiping-Hankow railroad after Government forces drove guerrillas from Peiping's suburbs.

"Year Of The Boar"

Character Of The Japanese New Year A Symbol Of Turbulence To Believers In Old Ways; 1947 Will Prove Whether Nippon Can Become Democracy

By DAVID G. BAREUTHER

To millions of Japanese who still believe in the old ways this is the year of the boar, symbol of turbulence and unskillfulness. The ancient tradition, which grouped the year in cycles of 12 and assigned to each an animal of the oriental zodiac, was that the character of the new year was likely to resemble that of its symbol.

Nineteen forty-six was the year of the dog, faithful and docile. Believers therefore will expect of 1947 something different from the comparative tranquility of Japan's first full year of peace under American occupation and tutelage.

In his New Year message to the 75,000,000 Japanese over whom he exercises the conquerors' authority General MacArthur said the nation's progress in 1947 would determine "whether can be brought to fruition those great reforms now being charted."

Send Report To Justice Dept.; List Unions And Corporations As Possible Violators; Attorney General Asked To Check On Communist Party

Washington, Jan. 2—(AP)—The House campaign committee today reported widespread violation of the election laws and sent to the Justice Department a list of unions and 11 corporations it said had made contributions to campaigns which appear to violate the corrupt practices act.

In its final report of an investigation of the Nov. 5 congressional election, the committee also asserted the Communist Party had failed to file a report of receipts and expenditures as required of political parties. Attorney General Clark was asked to look into the matter.

There also was evidence, the committee said, that some of the congressional candidates themselves violated the law by failing to file required reports of their expenditures. The candidates were not named.

The list of unions whose names were turned over to the attorney general contained 58 specific cases of contributions ranging from \$2.50 to \$500. In some cases the same unions made several contributions either to the greater New York political action coordinating committee or the New York county American labor party campaign committee.

The corporations, most of them in New York, were listed as having (Continued on Page Four)

Dutch Overcome Indonesian Force

Batavia, Java, Jan. 2—(AP)—A Netherlands military spokesman announced today that artillery-supported Dutch infantry overcame a stiff Indonesian resistance Monday to occupy the southeastern section of Medan, pre-war capital of Sumatra.

He said that "people's army" irregulars, supported by elements of the regular Republican army, opened fire with mortars and automatic weapons despite a written agreement between Netherlands and Indonesian officials calling for Dutch to replace Indonesian forces in southeastern Medan. The city, in northeastern Sumatra, has 60,000 inhabitants, about 20,000 Chinese.

Health Dept. Opens Drive Against Rats

Raleigh, N. C., Jan. 2—(AP)—The State Department of Health has started an intensified war on rats, many of which carry dread typhus fever. E. S. Edwards of the U. S. Public Health Service, working with the state department, has opened headquarters in Goldsboro. He will visit other cities in the typhus control projects.

Tax Cutting Bill First On Agenda

Washington, Jan. 2—(AP)—Rep. Knutson (R-Minn.) announced today that legislation proposing a 20 per cent cut in personal income taxes will be the first bill introduced in the new congress. Knutson becomes chairman of the tax-writing Ways and Means committee when the Republicans take over majority control tomorrow.

The measure, which contemplates an "across the board" cut in personal levies, would slash \$3,500,000 from personal income tax collections in 1947.

Both Republican and Democratic opposition to such a slash has been heard, but Knutson voiced confidence that his plan would prevail.

Knutson told a group of newsmen that the bill "will be introduced at high noon," as the new congress convenes on Friday.

NO CONTRACT, NO WORK, NOW TEACHERS AIM

NEA Calls For Strong Policy In Negotiations With Schools

Washington, Jan. 2—(AP)—The National Education Association called on teachers today to adopt a policy of "no contract-no work" in future negotiations with school officials.

The association outlined a long-range program which: 1. Urged a minimum of \$2,400 per year for teachers, with regular increases leading to a "professional salary level for experienced teachers" ranging from \$4,000 to \$6,000.

2. Opposed strikes in instances where contracts or agreements already are in existence.

3. Called for more state and federal aid for education.

In a policy statement made public by Executive Secretary Willard E. Givens, the NEA Executive Committee declared it does not condone recent teacher walkouts which violated contracts.

The statement pointed to a clause in the association's code of ethics which says: "A contract once signed should be faithfully adhered to until it is dissolved."

However, the committee contended that "qualified teachers should be bold and forthright in their insistence upon adequate salary schedules x x x and remarked that the code also states: 'teachers should insist upon a salary schedule commensurate with the social demands laid upon them by society.'"

Givens said this portion of the code leaves the way open for teachers to refuse to report for work when a "satisfactory contract cannot be obtained. Such action on the part of teachers, he said, "would not be a strike."

However, he conceded, it is "similar" to the line adopted by the United Mine Workers, who hold they are not striking when they refuse to work because they have no contract.

The committee said that during the past six years 350,000 qualified teachers have left the profession "because they could not live on their salaries as teachers and could earn more elsewhere."

POLICE GUARD ROCCO VICTIM

New York, Jan. 2—(AP)—Police posted a 24-hour guard today at the hospital room bedside of Mrs. Olga Rocco, victim of a Times Square subway station "camera" shooting, as they expanded their hunt for the pretty Brooklyn housewife's ex-husband, Alphonse Rocco.

The protection was provided, police said, because they feared another attempt on Mrs. Rocco's life might be made by the person who plotted Tuesday's shotgun assault.

Mrs. Rocco, who was injured critically when her right thigh was blasted by the full charge of a 12-gauge shotgun, has accused Rocco of hatching the scheme which led Pearl Lusk, 19-year-old blonde, to shoot her, using a Christmas-wrapped shotgun she thought was a disguised camera.

Police, meanwhile, virtually abandoned the theory that a man who vanished into the surf off Brighton Beach, Brooklyn, was Rocco.

The clothing left by a young man seen to wade into the ocean and swim off in his underwear shoes and gloves, was shown to Mrs. Rocco last night, to Miss Lusk, and to the proprietor of the rooming house where Rocco lived, but no one could identify them as Rocco's.

Detective Henry Strauss said police had not entirely eliminated the possibility that the swimmer was Rocco but that the search would be pressed in other quarters.

Even had the clothes been identified, he said, "in view of the cleverness displayed by Rocco's cleverness displayed by Rocco's cleverness short of his body would have stopped the investigation."

New Brooms Issued To New Legislators

Washington, Jan. 2—(AP)—Rep. Bender (R-Ohio), passed out new brooms today to Republican members of the 80th Congress.

To each was attached a large card with the legend: "Here's yours. Let's do the job."

"The 80th Congress must make it clear that this means industrial peace at home as well as international peace overseas," Bender said.

A reporter asked whether some sympathetic Democrats might not get brooms.

CHARGE ABUSE OF WAA WORK

"Favoritism, If Not Corruption" Blamed To Agency

Washington, Jan. 2—(AP)—A special House committee investigating surplus disposal accused the War Assets Administration today of "sloppy business methods" and "favoritism, if not downright corruption."

The committee declared WAA's cost of doing business is "stupendous, in fact prohibitive" and skid the whole surplus property disposal program may end up "showing a net loss to the government."

The group, headed by Rep. Slaughter (D-Mo.), said in its final report, the investigation should be continued through a successor committee.

Meanwhile, it recommended, Congress should eliminate priorities for the purchase of all property except real estate, exempting only government agencies buying for their own use.

The report said use of priorities has been abused, especially through the practice of having veterans "front" for other people and in giving the United Nations Relief and Rehabilitation Administration an advantage over American business.

The committee said Congress also should act to insure that "speculators" (Continued on Page Two)

Tito Promises Firm Grip On Yugoslavia

London, January 2—(AP)—The Moscow radio quoted Premier Marshal Tito today as saying in a new year broadcast that his government would "nip in the bud" any attempt to restore "the old parasitic economic system" in Yugoslavia.

Tito told his countrymen, Yugoslavia has taken toward recovery and "all the most important means of production are in the hands of the workers."

Who Runs Congress

Committees Run The Show; GOP Will Control Committees Because Of Their Majority; All Week, Committees Have Been Formed; Here's How They Run

Washington, Jan. 2—(AP)—Congress opens tomorrow but all eyes are on the new committees. The Republicans, now in control of Congress because they have a majority of members, will control the committees.

The committees run the Congress show. They prepare the bills which the whole Congress rejects or votes into law.

Committee Recommends Bilbo Be Barred At Door Of Senate When He Attempts To Take Oath; May Avoid Filibuster

Washington, Jan. 2—(AP)—The Republican Steering Committee recommended today that Senator Theodore G. Bilbo (D-Miss.) be barred at the door of the Senate when he attempts to take the oath for a new term tomorrow.

Chairman Taft (R-Ohio) said the committee's recommendation would be laid before the full Republican membership of the Senate at a meeting this afternoon.

Bilbo has been accused by an investigating committee of misusing his office and breaking the law in his relations with war contractors.

Taft indicated the possibility of an agreement with the democratic leadership under which a threatened filibuster, which would delay organization of the Senate, would be avoided.

Trouble piled up for Bilbo in another direction, too. Senator Bridges (R-NH) and Hickenlooper (R-Iowa) announced that the Mississippi lawmaker would be charged with violation of at least three federal statutes in a report they will file tomorrow with the Senate.

Bridges and Hickenlooper are minority members of the special campaign investigating committee which conducted hearings in Mississippi on charges that Bilbo intimidated Negro voters.

Hickenlooper and Bridges told a news conference that "in their opinion" Bilbo violated these federal statutes:

- 1. Section 1 of the Hatch Act which prohibits intimidation, threat or coercion of any voter.
- 2. Section 19 of the Federal Criminal Code which prohibits two or more persons conspiring to injure any citizen in the exercise of his federal rights.
- 3. Section 20 of the Federal Criminal Code which prohibits any person from denying another citizen any federal rights because of color or race.

Penalties under these laws range from a \$1,000 fine to 10 years in prison.

Taft told reporters a resolution might be offered to deny Bilbo his seat temporarily, with the understanding that this would have no bearing on the Senate's final decision.

Previously, senators often have been seated "without prejudice" while their cases are discussed.

The barring of Bilbo at the door would prevent the Mississippi, a lusty filibuster, from taking any part in Senate discussion of the charge against him. Presumably, however, he would be represented by some other senators, acting as his unofficial counsel.

The Steering Committee's recommendation was expected to be accepted by the full Republican conference later in the day.

At the same time, Senators Hickenlooper (R-Iowa) and Bridges (R-NH), scheduled an afternoon news conference to discuss a projected minority report of a special committee which investigated in Mississippi charges that Bilbo acted to prevent Negroes from voting in the primary where he was renominated.

The committee previously voted three to two, with Bridges and Hickenlooper dissenting, to clear Bilbo of these charges.

Taft said the Bilbo case involves a "lot of legal questions" that will take some time to debate.

Committee Chairman Kilgore (D-W. Va.) asserted that "in view of the scope of the findings" the whole record is being laid before the attorney general, whose agents (Continued on Page Four)

POLAR SHIPS IN ICE FIELDS

Head For Little America; Crewmen Have Two New Years

Aboard the USS Olympus in the Ice Belt, Jan. 2—(AP)—Crewmen aboard the five ships heading for Little America figured today they had greeted 1947 a couple of times while snaking through a field of broken ice cubes en route to Antarctica.

Reported positions showed the ships once crossed the international date line into 1947 and then a few hours before midnight returned to the side where it was still 1946. Consequently, when midnight came, the expedition greeted the New Year again.

However, the dateline crossing was not officially recognized.

The New Year found the central group of ships on the expedition proceeding slowly through a moat of ice surrounding the White Continent. Now and then a ship would tremble as it brushed a big floating chunk of ice, but Admiral Brudenel, leading the line from the ice breaker North Wind, safely skirted the bigger icebergs, some towering 200 feet in the air.

Once an ice floe closed in on the Merrick, blocking the lane, the Yancey stopped, but the Mt. Olympus had to swing out of line and get caught. It took the North Wind an hour to free the ships and reform the line.

Accepts Position To Prevent Split; Some Claim White House Pressure; Difficulty In Picking Slate For Minor Posts

Washington, Jan. 2—(AP)—Sam Rayburn of Texas agreed today a party caucus today to let House Democrats draft him for their own leader in the new Congress.

With leadership difficulties virtually solved all around, labor legislation held the spotlight on the eve of the first Republican-dominated congressional session in 15 years.

John McCormack of Massachusetts nominated Rayburn, who served as speaker when Democrats controlled the House, for minority leader.

Rayburn came to his feet with a speech in which he said he would accept.

But his formal election was delayed while the Democratic Party conference got rid of other business.

Some difficulty was encountered on picking the slate of minority nominees for various jobs still available around the House.

Rayburn had indicated all along—up until last night—that he did not want the leadership job and would support McCormack for it. McCormack has been serving as Democratic leader.

But the draft Rayburn drive got under way late yesterday. Party leaders said the Texan changed his mind to prevent a split in the new minority party. Some said direct (Continued on Page Six)

Gandhi On Tour Among Villagers

Calcutta, Jan. 2—(AP)—Mohandas K. Gandhi started today a village by village walking tour of the Noakhali district of East Bengal, carrying his doctrine of non-violence into the Moslem-dominated area where communal disturbances erupted in October.

The Congress Party press compared his walk in importance to the 1930 walk to beat the salt law. Despite his 75 years and frail body, the Hindu leader planned to visit 20 villages this month. His route avoided the Ramganj police district, scene of the bloodiest of the communal riots.

Gandhi's party carried a 200 pound portable thatched hut for use in villages where no suitable living quarters are provided. He expected in his talks to villagers to restore confidence between Hindus and Moslems.

Family's Needs Were Provided

By CHESTER WALSH

The police department carried Christmas beyond the usual Yuletide period and provided good cheer and the necessary comforts of life for destitute Mrs. Gladys Williams and her three young children on Pitt street in the rear of Harris and Rogers Warehouse. The public's response to Chief Jim Tanner's appeal was spontaneous and generous.

In addition to donations printed in yesterday's paper, Odell C. Calhoun gave the police \$5 for the young mother and children; Mrs. E. L. Deavers, \$5; George Pugh taxi driver, 200 pounds of coal; Mrs. Mabel Mann, 103 Grande Avenue, clothing, and Mrs. McKee, 622 Pitt street, a blanket.

Robert Williams, husband and father of the children, is in the city jail awaiting trial in Police Court Friday for non-support. Police said he left home last Thursday and the mother and three children had only 30 cents for food for several days, until police discovered their destitute circumstances.

Chief Tanner, who is handling the case, has been in conference with Mr. W. H. Stanley, head of the Salvation Army, about the family's plight, and he has pledged cooperation.

Information About Rent Control Law

"We've got a new baby, can the landlord raise my rent?" "When can I move in?" "Can the landlord evict me?" These and 50 other frequent queries that are constantly peppering the Greenville Area Rent office are provided quick, simple answers in a new booklet just received by John P. Proctor, area rent representative. He announced today.

The booklet, "Some Answers to Questions about OPA Rent Control," details in concise, understandable language the protections and privileges afforded both landlords and tenants under federal rent control, Proctor said.

Free copies are available to the public, and may be secured by personal visit, or a copy will be mailed in response to any mail or telephone request, Proctor said. The local address of the Rent Office is 119 West Fourth Street, and the phone number is 3801.

Each proposal must be accompanied by a certified check drawn on some bank or trust company authorized to do business in North Carolina, payable to the Greenville Utilities Commission of the City of Greenville, N. C., in an amount equal to not less than five (5) per cent of the total aggregate amount of the bid or bids, as a guarantee that the contract will be entered into and the required bond executed within the time prescribed.

A performance bond will be required of the successful bidder in an amount equal to one hundred (100) per cent of the contract price, conditioned upon the faithful performance of the contract and for payment in full to all persons supplying labor and furnishing materials, equipment and/or apparatus for and in connection with the work to be performed under the contract.

General Contractors are notified that "An Act to Regulate the Practice of General Contracting," ratified by the General Assembly of North Carolina on March 10, 1925, and as subsequently amended, will be observed in receiving and awarding general contracts.

Bids will be considered only from those who can certify that they have manufactured and for such period of time as the Engineer and the Commission may deem proper for proof of merit, experience and ability to manufacture and install the equipment specified and/or construct the work involved.

The Greenville Utilities Commission reserves the right to reject any or all bids and to waive informalities, and further to award the contract conditioned upon funds being made available for the work involved. The right is also reserved to hold any or all proposals for a period of not exceeding sixty (60) days from the date of opening thereof.

Plans, specifications and contract documents are open to public inspection at the office of the Superintendent of the Greenville Utilities Commission in Greenville, N. C., and copies may be obtained upon application to the Engineer accompanied by a certified check deposit in the amount of Twenty (20) Dollars, made payable to the Greenville Utilities Commission of the City of Greenville, N. C. This deposit will be refunded only to those making bona fide direct bids to the commission and further conditioned upon the return of the plans and/or specifications, in acceptable condition, to the Engineer on or before the date set for receiving bids. To those acquiring plans and/or specifications and who find, upon examining same, that they will not or can not offer a bid to the Greenville Utilities Commission, fifty per cent of the deposit will be refunded, provided the plans and/or specifications are returned to the Engineer, in acceptable condition, on or before the date set for receiving bids. No excerpts from the plans and/or specifications will be available.

# TALK INQUIRY OF RFC WORKS

## Senators Discuss Sweeping Probe Of Activities During War

Washington, Jan. 2—(AP)—A sweeping inquiry into the RFC's handling of war plants and contracts was under discussion today by Republican members of the Senate War Investigating Committee.

The Republicans talked of undertaking the inquiry into the Reconstruction Finance Corporation as the first of several to be carried out if the life of the group is continued by the GOP-controlled Senate.

If RFC's war activities are probed, a committee member said, it is likely that Jesse Jones, former head of the agency and former Secretary of Commerce, will be the first witness.

The organization provided much of the financing for wartime industrial development either directly or through an interlocking chain of subsidiaries.

Also high on the list of prospective witnesses would be George E. Allen, who resigned last week as an RFC director after laying before President Truman a comprehensive plan to streamline the agency and take away many of its wartime powers.

There were indications that the Republicans have been looking critically at the RFC for some time with the idea of shearing off much of its authority before deciding whether to give it a new lease on life. Its present congressional authorization expires June 30.

## Tarheel Dead To Return In August

Charlotte, N. C., Jan. 2—(AP)—Bodies of Carolina service men who died overseas and whose next of kin requested return to the United States will begin to arrive at the Charlotte quartermaster depot in August.

Col. Hugh S. Harpole, depot commander who made the announcement today, said the installation will serve as distributing point for North and South Carolina.

Col. Harpole said next of kin may elect burial privately or in a national cemetery. The government will pay transportation costs to the final resting site and up to \$50 for private burial, he explained.

Telegrams will keep kin informed of the arrival of a body in Charlotte and when the casket will reach its final destination.

## No Sacrifice

Washington, Jan. 2—(AP)—The House naval committee today formally declared against any sacrifice of security for economy, and mildly challenged the effectiveness of the atom bomb as a weapon against fleets.

The committee, wrapping up the findings of several subcommittees in the expiring Congress, said the policy on ship building and repairing should be one that would insure against falling below the levels justified by the international situation and this country's commitments.

Asheville, N. C., Jan. 2—(AP)—America's Town Meeting of the Air, radio program patterned after this nation's first fountainhead of democracy, will emanate tonight from City Auditorium here with George V. Denny, formerly of Asheville, as moderator.

The broadcast will go on the air at 8:30 o'clock through facilities of Radio Station WNCN and will be carried on a nationwide hookup of the American Broadcasting Company.

which is truly enjoyable. The minister's "over-the-back-fence" gossip with Announcer Charles Whedbee this morning caused many to turn up their radios.

Manager Billy Hodges should be proud of that 8:00 a. m. daily program. It's doing lots of good among the 80,000 or 90,000 or more listeners in WGTC's range.

Rev. Fr. Maurice, always cheerful always optimistic, has presented many helpful messages over WGTC. It's a wonderful program. It's for everybody's good.

## Morning Program Doing Lot Of Good

By CHESTER WALSH

One of the most popular spots on Greenville's radio station WGTC is "Morning Meditations," conducted at 8:30 a. m. weekdays by a different minister or priest or Salvation army worker. The opinion prevails here that WGTC has more listeners during this period than any other time during the forenoon.

Week before last, the Rev. Robert W. Bradshaw, "friend of young people," inspired many with his messages over the radio.

Last week—Christmas week—the Rev. Roscoe C. Hauser, pastor of St. Paul's Episcopal Church, presented a wonderful series of programs, including the singing of Christmas carols by the junior choir.

This week, the Rev. J. A. Nielson, pastor of Immanuel Baptist Church, is being heard daily at 8:30 a. m. with an unique innovation on the "Morning Meditations" program. His religious messages are entirely informal, they lead listeners along a channel of thought

## Strength FOR THE DAY

By EARL L. DOUGLAS

**A BASIC CHARACTER PROBLEM**  
The dead beat is a despicable creature. People do not hate him so much as they despise him. The man who will not pay his bills will not face any other responsibility in life with manliness and courage. By a keen intuition people in general have come to feel that such a man is afflicted with a character weakness which affects adversely every aspect of his life.

Someone has said that the hallmark of manhood is economic responsibility. The person who, to secure an education, or to get started in business, or to pay a doctor bill, incurs a reasonable debt and then is conscientious and diligent in paying it off calls forth the admiration of everyone. Men who have been successful in business speak with thrilling pleasure about young fellows to whom they gave financial assistance years before and so started them on a successful life work. Throughout the war we continued to respect Finland and have great sympathy for the nation because it recognized its debt to us in the first World War and reduced the debt faithfully on every due date.

Jesus said that he that is faithful in that which is least is faithful also in much. We can usually estimate the quality of a man's character in general by observing how he reacts to the debt situation in particular.

## WASHINGTON LETTER

**COMMISSION ON CHILDREN PREPARES ITS 1947-8 PROGRAM**  
By JANE EADS

Washington — A prospectus for youth has been completed by the National Commission on Children and Youth, considered one of the most important groups in the country concerned with our boys and girls.

"What the commission calls its 'Action Program for 1947 and 1948' emphasizes 11 points for developing and bettering the status of the nation's young folks.

The purpose of the commission, set up pursuant to a recommendation of the National Commission on Children in Wartime, is:

To raise the levels of health, education and welfare of the children of the nation so that they may have full opportunity to develop their potentialities and to become responsible and cooperative members of society;

"To this end, to arouse all citizens to cooperative action in support of the public and private services needed to realize this objective; "To work for the accomplishment of the objectives outlined in building the future for children and youth."

In considering the 11-point program, Miss Katherine Lentz, Chief of the U. S. Children's Bureau, who appointed the executive committee of the new commission, believes federal and state aid to education one of the main points. "The commission aims to 'press' for federal and state financial aid to public education that will make fully available educational opportunity for all children from nursery school through high school.

The commission says it wants to "insure for all youth, regardless of their economic status, full access to advanced liberal, technical and professional education, in accordance with their interest and capacities."

The commission urges legislation that makes possible achievement of a comprehensive program of child welfare services, within broad programs of public welfare, available in every state.

Further, it seeks better protection of the rights and welfare of children and youth through state legislation, such as laws relating to adoption, guardianship, illegitimacy, juvenile delinquency and other aspects of child welfare.

The commission's proposed action

## The Jockey Hates The Horse

program also calls for: Expansion of federal and state cooperative programs for maternal and child health and guidance programs for children, expansion of social security programs affecting family income.

Also recreational opportunity, improved child labor legislation, employment opportunities, state and community planning for children and youth, youth participation in the planning and development of community services and international programs.

The latter is suggested to encourage, through the United Nations and other appropriate organizations, international action that will strengthen services for children and youth.

Recommendations of the commission are already being considered, and in many instances adopted, by other groups throughout the nation.

Chairman of the commission is Leonard W. Mayo, Cleveland, president of the Child Welfare League of America and dean of the School of Applied Social Sciences, Western Reserve Academy.

## Who Runs . . .

Continued from Page 1  
The Democrats, who now will be in a minority on each committee were deciding among themselves, in turn, who went on what committee.

Deciding on committee jobs was particularly tough this year and for this reason:

The old Congress cut down the number of committees.

They cut down, by merging or abolishing, the Senate committees from 33 to 15 and the House committees from 48 to 19.

So that meant a huge scramble by Democrats and Republicans to get on the reorganized committees of their choice.

This is how the committees work: When a bill is introduced in Congress it goes to the committee which handles that kind of bill. For example:

A bill dealing with the Army would go to the Military Affairs

## Committee.

The committees make or break any bill referred to them. If they don't want to touch a bill, they pile-ouche it. It dies there.

But if a committee wants to act on a bill, it holds hearings, calling in as witnesses people who are for or against it.

Sometimes these hearings last for months, resulting in huge volumes of published testimony.

Then the committee members vote on whether to approve the bill or reject it. If they reject it, it goes up to the floor of House or Senate for a vote by the full membership.

The House and Senate committees also pretty well decide how much money the government can have to operate every year.

What the committees decide about money for the government generally is approved by the full House and Senate.

liament. And, most revolutionary experiment of all, not merely for the Japanese but for all peoples, it renounces war and the possession of armed forces.

Close observers feel 1947 will determine whether Japan can become genuinely democratic. Hitherto the reforms in that direction, sweeping as they have been, have been largely of form, on the surface. The masses, still dazed by the cataclysmic changes wrought by defeat and the shattering of old beliefs and loyalties, showed little real comprehension. But the loosening of old bonds will permit new ferment to work in the next year. Labor alone, with more than 4,000,000 workers organized in unions, will be flexing its political muscles. The peasantry, rescued from the quasi-serfdom imposed by the land tenancy laws and customs, is bound to acquire political consciousness and reject much of the old social fabric.

Also tested will be the ability or willingness of the victor powers—and this means chiefly the United States—to stand aloof and allow

the Japanese to work out their own path toward democracy regardless of what turmoil this may entail. For it must be admitted that in Japan, as in the other oriental lands in whose destinies we are interesting ourselves, the worldwide conflict between Western Democracy and Russian Communism is a dominant factor. Thus far the Japanese Community Party has been noisy rather than important, but the new ferment will strengthen it and Russian encouragement and support will always be on hand.

The same struggle goes on in Korea, now divided between Russian and American occupation forces with no glimmer of hope visible for early freedom and unification. The United States has made it clear that it is not going to withdraw from Korea unless the Russians go too; otherwise the result would be another Soviet satellite.

contributed to Americans United for World Government.

Chairman Priest (D-Tenn) told a reporter the committee had asked the Justice Department to take whatever action it believes necessary.

Priest said the unions and corporations were cited to the department for violating the law prohibiting any corporation or labor organization from making a contribution in connection with an election. The unions, he said, contributed approximately \$50,000 to the greater New York political action coordinating committee and the

New York American labor party campaign committee.

## Wilson's Weekly Bulletin

By George Rector  
Food Consultant to Wilson & Co.  
Sunday Dinner Can be Easy  
It's a comfy feeling for the whole family when mother takes life easy on Sunday. No need to sacrifice the traditional dinner either. Rather than that, plan foods which can be prepared on Saturday.

**Stuffed Pork Shoulder Roast**  
Ask your dealer to bone a Boston Butt and sew up two sides, leaving one side open so you can stuff it with bread dressing. There'll be very little waste—only about a quarter pound of bone to a five pound roast. Season meat inside and out with salt and pepper. Fill cavity with B-V stuffing (if the roast is stuffed the day before it is to be roasted, be sure the dressing is cold before stuffing) and sew opening together with a clean cord. If you do not have a curved or long needle, ask your meat dealer for skewers, put them through the two layers of meat about 1/2 inch from the edge and lace together with cord. Place meat on rack in a shallow baking pan and roast in a moderate oven, 350°F., for 35 to 40 minutes per pound—or until center reaches 185°F.

**Feast of Leisure**  
Stuffed pork shoulder roast, baked potatoes, buttered quick frozen succotash, molded Waldorf salad, hot baking powder biscuits, and lemon fluff sounds like a feast to me. No reason for not stuffing the roast Saturday—nor scrubbing the potatoes, either. Likewise with making the salad and dessert. As for the biscuits, don't add the milk until near baking time. Then make drop biscuits to save on time and dishwashing.

**Plan Ahead—Save Work**  
If you have sufficient Advance Shortening on hand, make up enough dry biscuit mix for three or four meals. Then it's always ready for a jiffy quick bread, cobbler or dumpling.

Ingredients for the salad? One cup each diced apple and banana, one cup each diced celery and dates, one cup nuts, and 2 tbs. Wilson's Mayonnaise mixed with 1/2 cup whipped cream. . . all folded into a package of cherry-orange gelatin which has been dissolved in 2 cups hot water and chilled until slightly thickened.

**"More Stuffing Please"**  
That's what they'll call for if you give the stuffing an extra rich, delicious meat flavor by adding Wilson's B-V. Just make your regular stuffing and add a teaspoonful of B-V, dissolved in a little hot water, for each quart of soft bread crumbs. It's really surprising how much B-V improves the flavor of bread stuffing.

Sincerely yours,  
George Rector

## VIET NAMESE INVITE MEET

### French Minister Goes North To Discuss End Of Fighting

Paris, Jan. 2-(AP)-Dispatches from IndoChina said today that French colonial minister Marius Moutet, investigating trouble with Viet-Nam Nationalists in that country, was going north where he had an invitation to peace talks.

The French press agency reported that Moutet had left Saigon in the south by plane for Hanoi, capital of IndoChina and of the Viet-Nam republic. Ho Chi Minh, president of the republic, was said to have invited Moutet, over the underground Viet-Nam radio, to meet with him and discuss ways to end fighting between Viet-Nameese and French troops.

French circles would not venture any predictions as to whether Moutet would receive Ho. Authorities termed his flight risky because of bad weather and possible anti-aircraft fire from Viet-Nameese entrenched in Hanoi's outskirts.

The French press agency reported yesterday that French troops had taken three weeks to put down that rebellion, involving 2,000 to 3,000 self-styled "Cambodian" "Issarak", or "free men," armed from Siam.

## Arranging Loans For Fsed Zones

Berlin, Jan. 2-(AP)-American and British loans approximating \$100,000,000 are expected to be arranged this month for the revival of foreign trade of the economically fused U. S. and British zones of Germany, American officials said today.

The Reconstruction Finance Corporation, which has already made \$7,750,000 available to purchase American raw materials for the U. S. zone, is expected to increase its advances to \$50,000,000 or more during January.

Don D. Humphrey, deputy director of the American Military Government's economics division, said probably \$35,000,000 would be allocated for materials for the textile industry.

## LaFollette Rumored New U. N. Delegate

Washington, Jan. 2-(AP)-Reports in State Department circles today of Senator La Follette, Wisconsin Progressive, will succeed John G. Winant as U. S. representative on the United Nations Economic and Social Council.

After 21 years in the Senate, La Follette ran for nomination as a Republican in the last Wisconsin primary and was defeated by Joseph R. McCarthy. Informed officials said Winant submitted his resignation from the U. N. body several days ago.

## Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to save your money back. (Adv.)

## Former Tarheel May Visit Japan

Washington, Jan. 2-(AP)-Robert Frazier, former Greensboro, N. C., attorney, probably will go to Tokyo soon as a counsel for the war crimes tribunal.

Frazier told a reporter today that if he "definitely decided" to go to Japan he will be there for a year. He said after his return he likely will maintain law offices with his brother Clifford Frazier in Greensboro but "also probably will have connections in Washington."

Frazier has been chief counsel of OPA's office of export and import. He did not disclose details of his future Washington connections except to say they "may concern some of the export and import trade with which I have been familiar during the war."

Frazier at one time was vice-consul to Norway.

**Patriarch III Of Nervous Strain**  
18-PATRIARCH ILL  
Istanbul, Turkey, Jan. 2-(AP)-A special commission of mental experts, appointed by the synod of the Greek Orthodox Church, has officially reported Maximos V, the 51-year-old patriarch, to be suffering from a nervous disorder.

Highly competent sources said the rigidly cloistered life a patriarch must lead had caused Maximos' illness less than a year after he became the spiritual leader of the church.

The commission said that it believed Maximos' "intelligence is normal" and that he probably would be cured. He now is undergoing special treatment and will be examined again, perhaps within two weeks, informed sources said.

Maximos is one of the youngest patriarchs in the history of the centuries-old Orthodox religion.

**KIDNEYS MUST REMOVE EXCESS ACIDS**  
Flush Out Poisonous Waste  
Help 15 Miles of Kidney Tubules  
If you have an excess of acids in your blood, your 15 miles of kidney tubules may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, you may experience backache, rheumatic-like leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or constant passages with smarting and burning sensations shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as you do, so ask your druggist for Doan's Kidney Pills, a simple, direct, used successfully by millions for over 40 years. Doan's gives you relief and will help the 15 miles of kidney tubules flush out poisonous waste from your blood. Get Doan's Pills.

# Bowl Games End With Upsets For Powerful Football Elevens

### Officials Steal Show In Sugar Bowl; Oklahomans Overwhelm Wolfpack; Illini Smother UC-LA; Rice Out-Stubborns Vols; Arkansas Holds LSU; Catawba Wins

rolling. Often the spectators gave voice to their disapproval of the officials.

Nobody contends the officials were partial. However, it was a very foggy afternoon, and the game was hard to see even from the press box.

Jacksonville, Fla., Jan. 2—(AP)—There was no doubt in the minds of 17,000 persons who witnessed the second annual Gator Bowl game here yesterday as to why the Oklahoma Sooners are rated the second best defensive football team in the nation.

The powerful Oklahomans, packed by a rugged fast-charging 200-pound line, overwhelmed the North Carolina State Wolfpack 34-13 and shortly after the start of the second period the final outcome was never in doubt—only the margin of victory.

Pasadena, Calif., Jan. 2—(AP)—The big nine plays a pretty fair brand of football, the UCLA Bruins ruefully conceded today.

The Bruins were still rubbing their bumps from a bruising 45-14 shellacking by big nine champion Illinois in the Rose Bowl yesterday. Coach Ray Eliot and his truly fighting Illini, grinning from ear to ear, prepared to hop a homeward train at noon.

Slight underdogs in the pregame doping, the twice-beaten Illini fired fire warning by scoring in the first three minutes of play. Before they were through deflating the previously all-winning Uclans the Eliotmen poured across six more touchdowns.

Orlando, Fla., Jan. 2—(AP)—Maryville College, undefeated in regular season play, took a decisive 31-6 lacing from Catawba College in the inaugural New Year's Day Tangerine Bowl football game here.

The powerful Catawba Indians utilized both land and air tactics in trouncing the Tennessee eleven before an estimated 10,000 shirt-sleeved fans.

San Francisco, Jan. 2—(AP)—Two long-gainer touchdown passes, thrown by Clyde Leforce from near midfield, provided the winning

scores for the Western All-Stars in their 13-9 victory over the East in the 22nd annual Shrine charity classic before 62,000 football fans at Kezar Stadium New Year's Day.

Taking advantage of the fast, perfectly dry field and clear weather, both teams quickly abandoned any ideas they might have had of depending on running plays and resorted to wide open passing offenses throughout the game.

What little running was done was mainly to open up opposing defenses.

Tampa, Fla., Jan. 2—(AP)—Delaware University's hard hitting Blue Hens will go into the 1947 football season with their long string of victories intact.

The Hens, playing in 82-degree weather, overpowered the Rollins College Tars 21-7 in the first annual Cigar Bowl game here yesterday for their 25th straight victory and the 31st successive game in which they have not tasted defeat.

Miami, Fla., Jan. 2—(AP)—Tennessee's vaunted precision blocking and tackling meant nothing to the powerful Rice Owls, who struck like a Texas twister early in the 13th annual Orange Bowl football game here and then held the befuddled Vols to win, 8-0, before a capacity crowd of 38,000.

Coach Jess Neely's eleven from Houston rolled to a touchdown and a safety in the first 12 minutes of play yesterday and then repulsed every Tennessee threat to win a bruising battle of stalwart lines.

Houston, Tex., Jan. 2—(AP)—Icicle weather apparently means nothing to St. Mary's and Georgia Tech.

The Gaels of California and the Engineers of Georgia, in clashing here yesterday in the Oil Bowl, ignored rain, sleet and low-30 temperature to stage one of the wildest tilts ever seen in this southwestern area where grid teams are noted for razzle-dazzle.

Tech smothered St. Mary's 41-19.

Dallas, Tex., Jan. 2—(AP)—When does 54 yards equal 271? The Arkansas Razorbacks can answer that one—or rather they did in the Cotton Bowl yesterday as they battled favored Louisiana State to a 0-0 tie.

L. S. U. buffed and snorted for almost three times the length of the gridiron yet couldn't score although reaching as far as the Razorback two-yard line once and on other occasions rolling to the six, seven and eight-yard stripes.

El Paso, Tex., Jan. 2—(AP)—Roger Stephens and Elbert Nickel shared their Virginia Tech opponents' accolades today as the aftermath of Cincinnati's 18-6 grid triumph in a sunless, frost-bitten Sun Bowl game.

Stephens, a backfield star from Waterloo, Ia., sparked Cincinnati Bearcat drives to three touchdowns after a scoreless first half. Nickel of Portsmouth, O., was the end who cut down numerous VPI threats.

ASHAMED BURGLAR London, Jan. 2—(AP)—"What would your mother think?" That, said housekeeper Nora Clarke, five feet tall, was what she asked an armed burglar about to leave her employer's house with an armload of furs.

"He looked at me then and said something like, 'All right,' and put them down and left," Mrs. Clarke related to police.

The shame, however, police said, did not stop the thief from getting away with about \$4,000 worth of other valuables.

### Stolen Derby Hopeful Recovered

"Jay," a proud race horse, probable candidate for the Kentucky Derby, who was stolen from his stable in Memphis, Tenn., Christmas Eve, is guided into a truck by handlers after police recovered him from a farmer who had bought the horse for \$100. The aristocratic two-year-old, valued by his owner at more than \$20,000, had been sold or laded six times after he was stolen, once in an even swap for a spotted pony. (AP Photo.)

### Demos "Draft" . . .

Continued From Page One) pressure came from the White House too. Rayburn visited the White House late yesterday.

Rep. Joseph W. Martin, Jr., of Massachusetts, who has been Republican floor leader, takes from Rayburn tomorrow the speaker's gavel.

Rep. Leo E. Allen, Illinois Republican slated to head the powerful House rules committee, predicted that a large majority of Democrats on both sides of Capitol Hill will support GOP-proposed labor legislation.

The Republicans were expected to hold back until President Truman outlines his views in his state of the nation message to a joint Senate-House session next Monday.

However, party heads in the House have leaned strongly toward a law which would prevent strikes in industries affecting the public health or welfare. Some of them advocate compulsory arbitration.

Both parties scheduled caucuses

### Sacrinity Stands Out In Contest

San Francisco, Jan. 2—(AP)—Nick Sacrinity, halfback from Wake Forest, who starred in the lineup for the Eastern team, although on the losing side was voted the outstanding player of the 22nd annual east-west football game here yesterday.

The poll was taken by the Northern California Football Writers Association and visiting writers.

Clyde Leforce, quarterback from Tulsa University, was chosen the second most valuable player, and his West team-mate, Dick Hagen, ended from University of Washington, tabulated the third most popular vote.

Sacrinity won 61 points against 39 for Leforce and 25 for Hagen.
