POLISH VOTERS GIVEN CHOICE IN CANDIDATE

Opposition Party To Enter Some Contests; Boycott Ten Districts

Warsaw, Jan. 9.—(AP)—Voters in most of Poland were promised a choice between their communist-dominated government and an outspoken opposition today through the Polish peasant party's decision to contest the January 19 election in 42 of the 52 electoral districts.

Vice Premier Stanislaw Mikolajczyk, head of the peasant party and his executive committee announced last night after an eight-hour session that the party would campaign in those districts in which the government had accepted its candidate lists.

Some observers had said a country-wide boycott by the peasant party might have impelled the nation toward civil war. The government has accused Mikolajczyk's party of treachery and subversive underground armies.

The government spokesman declared yesterday that peasant party candidate lists had been rejected in the 10 districts under an election-law provision that any person accused of underground activities might be denied the right to vote or run for office. He said the districts were underground hotbeds.

Churchmen Want No Segregation

Buck Hills, Pa., Jan. 9.—(AP)—In a self-styled "revolutionary" report, a special committee of protestant churchmen insisted today the Christian Church must grapple all racial segregation and discrimination if it wants to remain champion "of human rights."

The committee made its report at the annual meeting of the home missions council of North America here, which represents 23 major protestant denominations. The group is in the third day of a four-day session.

Calling the problem of group and race relations "one of the great social and ethical issues of our day," the committee last night declared steps must be taken to insure success of the home missions projects in the U. S. and Canada.

Inventor Shows Rescuing Device

Atlanta, Jan. 8.—(AP)—A 65-year-old Detroit barber dropped 12 floors from an Atlanta hotel window today to demonstrate a simple mechanical device designed to save persons trapped in hotel fires.

"Nothing to it," commented the barber, Irvin Bassett, after the first of two descents for the benefit of Atlanta Fire Department officials and a representative of the Southeastern Underwriters Association.

Fire Chief C. C. Styrone, who directed firemen at the Wincoff Hotel last month when 119 persons lost their lives, said "it is a wonderful device as far as it goes—I'd a lot rather have it than a piece of rope." One disadvantage, he added, would be descent of persons through flames pouring from lower windows.

The device, patented under the name of "safety-scope," permits descent by a steel ribbon released from an automatic reel. It slips under the person's arms. Attachment inside the hotel can be either permanent or temporary.

President's Economy Report To Congress A Lecture On What Makes Wheels Go Round; Columnist Boils Down Report To Point Up Warning For '47

G. Cherry Outlines Program For New Assembly In Message

Raleigh, N. C., Jan. 9.—(AP)—Governor Cherry recommended to the legislature today that teachers and state employees be given immediate 20 per cent pay raises, that no material changes be made in tax laws, that the state's reserve fund be boosted by \$10,000,000, and that due consideration be given a proposed medical care program.

It was the first time since the days of Governor Aycock that a governor in his biennial message did not ask provisions for payment of the general fund debt service.

The 1945 General Assembly had provided for payment of the general fund bonded debt out of the way-time surplus.

Governor Cherry made no mention of liquor or of a proposal to divorce the division of game and inland fisheries from the Department of Conservation and Development.

Two issues which are expected to provide lengthy debate before this assembly.

Highlights of Governor Cherry's biennial message to the legislature: 1. Twenty per cent pay increases for teachers and state employees, effective January 1, 1947.

2. Transfer of \$10,000,000 from the general fund surplus to a post-war reserve fund, which then would total \$33,600,000.

3. First consideration should be given mental, charitable and correctional institutions in appropriating money for permanent improvements, with money to be spent when "a dollar's value can be had for each dollar spent."

4. Since no timing is called for in the medical care program, consideration should be given "as to what part of the program is feasible at this session of the General Assembly."

5. A strong highway safety program should be adopted, along with a plan for an increased number of highway patrolmen.

6. The Department of Tax Research should be enlarged and made a part of the governor's office.

7. Contributions to the teachers' and state employees' retirement fund should be increased from four to five per cent.

8. No division of highway funds and the statutory provision authorizing application of the state tax proceeds of gasoline tax collections should be repealed.

9. Some minor amendments should be made in the unemployment compensation law, to implement cooperation of the UCC and the employment service.

10. No major changes should be made in the UCC and the employment service.

11. No major changes should be made in the UCC and the employment service.

MISSISSIPPI GOVERNOR IN BILBO FIGHT

Jackson, Miss., Jan. 9.—(AP)—Gov. Fielding L. Wright said last night he plans to appoint Theodore G. Bilbo, senator for an interim term if the Senate denies him his seat without a hearing or on the basis of charges growing out of his election campaign.

The governor's comment came in the wake of a newspaper account of conversations he had with several Mississippi legislators concerning Bilbo, whom the Senate declined to re-appoint when it convened last week.

Wright said he had discussed his plans for naming Bilbo for an interim term in the belief that his remarks to the Mississippi legislators were off the record.

"I did not intend to inject myself into the controversy in Washington which I have avoided so far," he added.

Bilbo, at his "dream house" at Poplarville, Miss., where he is awaiting a call to go to a New Orleans hospital for an operation of his mouth, said he was "profoundly and irrepressibly grateful" for Governor Wright's decision.

"I think the governor's decision is just recognition of the will of the great majority of the people of Mississippi," Bilbo said. "I feel honored."

He reaffirmed his intention to fight to the last for his Senate seat.

"When I get through with my operations and get well enough to fight to the finish, I will return to the battle scene," he declared.

Wright's statement came after a day in which the Jackson-Business and Professional Women's Club announced adoption of a resolution endorsing Mrs. Thomas L. Bailey, widow of the late governor of Mississippi, for the senatorial interim term if one should occur.

Mrs. Bailey, however, declined to say whether she would be interested in such an appointment.

Dozens of labor bills already have been introduced by individual lawmakers. Rep. Case (R-SD) planned to outline a new strike control measure today. Rev. Hoffman (R-Mich), a labor committee member, has still another on tap for tomorrow.

The new Case bill is expected to be fully as far reaching, and perhaps more restrictive, than the one he backed last year. It was killed by a presidential veto.

In the Senate, Senator Ball (R-Minn.) put forward a new measure to outlaw the closed shop. It would make illegal all provisions in any present or future contract requiring a person to be a union member to get or hold a job.

But Senate hearings probably will center first on a bill which Ball helped write, along with Chairman Taft of Ohio of the labor committee, and Senator H. Alexander Smith (R-N.Y.). An expanded version of the old Case bill, it is the

DATE SET FOR HEARINGS ON LABOR LAWS

Washington, Jan. 9.—(AP)—Senate and House leaders today set January 20 as the outside date to begin hearings on proposed new labor laws.

The labor committee of one or the other chamber may go into action before then. But there is a chance they may launch together—a week from Monday—one of the biggest double features billed on Capitol Hill in many a year.

The idea at both ends of the capitol is the same—to turn out some kind of a bill that will tighten the screws a bit on labor unions and discourage strikes that paralyze business.

CONGRESS DISPLAYS UNITED FRONT ENDORSING MARSHALL

Washington, Jan. 9.—(AP)—The dominantly Republican Congress put the world on notice today that American foreign policy has the same united backing in peace as it had in war.

The chorus of Senate unanimity with which Gen. George C. Marshall won his sensationally swift confirmation as successor to Secretary of State James F. Byrnes demonstrated not only congressional confidence in his ability, but also solidified bi-partisan agreement on the necessity for an unbroken foreign policy.

The support for Marshall, bridging party differences, apparently rested on twin bases: (1) his record during and since the war, and (2) the conviction that he not only will pursue the "patient but firm" policies of Byrnes but will carry on his predecessor's practice of working closely with Congress.

This was reflected in a growing legislative demand for Marshall to address a joint congressional session before he leaves for the March 10 meeting of the Foreign Ministers Council in Moscow and the task of seeking Big Four agreements on Germany and Austria.

It raised, too, the likelihood that Marshall will seek to have Senators Vandenberg, chairman of the Senate Foreign Relations Committee, and Connally, its ranking Democratic member, at his side for that meeting.

Both Vandenberg and Connally have indicated strong reluctance to abandon their legislative chores for "interim" conferences, but Marshall may prevail upon them to change their minds on the grounds that he will need their background.

It will be the problem of assimilating that background which may prove the most pressing for Marshall in the brief period between now and his scheduled huddle with the diplomatic chiefs of Britain, France and Russia.

But others, also of grave interest, are being discussed.

Republicans Split Over Nat'l Defense Outlays

Washington, Jan. 9.—(AP)—Congressional Republicans are at odds among themselves today over national defense costs.

Rep. Taber (NY) is demanding that Army-Navy outlays be cut drastically while Senator Taft (Ohio) is counseling against such a course.

Taber, who heads the new House Appropriations Committee, told a reporter he is convinced the military services can get along with \$8,000,000,000 between now and the budget year beginning next July 1.

Furthermore, he said that if President Truman recommends a larger amount in the budget message to Congress tomorrow, steps will be taken to trim the proposed expenditures.

Other nominations approved by the committee included: S. Finckley Tuck of New York to be ambassador to Egypt.

George Wadsworth of New York to be ambassador to Iraq.

J. Rives Childs of Virginia, now minister to Saudi Arabia, to serve concurrently as minister to the kingdom of Yemen.

Lowell C. Pinkerton of Missouri to be minister to Lebanon.

Mark F. Ehrlich, Louisville, Ky., publisher, to be the U. S. representative on the United Nations commission established to inquire into alleged violations of the Greek border.

At least two top rank nominations to the Senate by President Truman face possible confirmation.

House Vote Results In Keeping Gag Rule

Raleigh, Jan. 9.—(AP)—Governor Gregg Cherry let the Legislature know today that he stood for 20 per cent pay increases for the teachers and state employees, no change in the tax laws and a \$100,000,000 addition to the post-war reserve fund.

His message, following quickly on the heels of a House fight that resulted in retention of the two-thirds "gag" rule, was applauded loudly as the governor left the speaker's rostrum.

He was invited to appear at the joint session after Speaker Pearshall of Rocky Mount and President Tom L. Y. Ballentine of the Senate had helped to expedite resolutions asking for his appearance.

The supplemental appropriations bill, interpreted as an administrative measure to supersede one introduced yesterday by Rep. Kermon of New Hanover, recognized the increased cost of living, and would pay 20 per cent increases to

Dr. and Mrs. Cooke Entertain

Members of the Student Cooperative Council at East Carolina Teachers College were entertained last night by Dr. and Mrs. Dennis H. Cooke at their home on East Fifth street. About forty guests were present to enjoy the occasion.

Receiving with Dr. and Mrs. Cooke were Mrs. Ronald J. Slav, Mrs. Beecher Flanagan, and Miss Ellen Rion Caldwell. Refreshments of punch, sandwiches and cakes were served.

Service League

New year greetings were brought to the members of the Service League at the regular meeting Monday at the Sheppard Memorial Library by Mrs. H. L. Ormond, president. She read the ten commandments of service and urged that we follow these from day to day.

Reports from the standing committees showed that three patients had been cared for by the Laughinghouse bed fund at the Pitt General hospital; layettes had been made and were ready for emergency calls; the lending chest was complete with the addition of a wheel chair, and the welfare office, Red Cross office, doctors and health officers had been notified the lending chest was at their disposition when needy cases arise.

The finance committee thanked all members who had worked to make the Christmas apron sale a success and all friends who had cooperated by their patronage.

A letter of appreciation was sent Mr. Charlie Bisette of Bisettes for the donation of stuffed toys. These were placed in the homes of needy and thus brought cheer to small children on Christmas morning.

The Service League unanimously accepted the teen age group program as presented by Mrs. Vance Perkins and volunteer workers agreed to assist with this each day when needed.

The North Carolina good health program was discussed and it was decided to send a petition to our legislators asking them to bring pressure in the passing of this wonderful bill.

The meeting was adjourned with prayer by the president, Mrs. Ormond.

Tragic Death Of Farmer Monday

By CHESTER WALSH

L. J. Manning, 45, farmer of near Ayden, was fatally burned last Monday afternoon while burning over a tobacco bed when his clothing caught fire.

He was taken to Pitt General Hospital. He died that afternoon about 5:30.

His wife suffered painful burns about her hands and arms when she tried to extinguish her husband's burning clothes.

Funeral services were held at the home Monday afternoon. The Rev. W. H. Brunson, Christian minister, of Ayden, officiated. Burial was in the Ayden cemetery.

Surviving are his wife; three daughters, Mrs. Frank Bowen of Greene county, Mrs. Edward Mumford of Kinston, and Miss Gene Manning of the home; two sons, Harold Manning of Greene county and Thelbert Manning of the home; his father, J. I. Manning of near Ayden; three sisters, Mrs. B. A. Calhoun of Greenville, Mrs. C. H. Cannon of Winterville, and one brother, Rudolph Manning of near Winterville.

Dangerous Spot For Speeders

There is a temporary break in the pavement on East Fourth street between the High School and the Episcopal church. A bad place in the pavement was recently removed and the space in now filled in with dirt and cinders. City authorities have issued a warning to motorists to proceed along that street with caution until the pavement is replaced. Incidentally, persons living along East Fourth street say motorists speed along that thoroughfare at an average of more than 50 miles an hour. That's what the neighbors say.

Court Clerk Lands Five-Pound Bass

Police Court Clerk Russell Rogerson, a "worm fisherman since boyhood," didn't think much of artificial bait after several trips without any luck.

On his next trip to Bryant's Creek, Tar River tributary near the airport, Rogerson lost his artificial bait. Shortly afterwards he saw a part of his line near the surface of the creek. He grabbed it and had a sizeable jack on the hook. He attached the lure to his line, cast and pulled in a four-pound bass.

Rogerson cast again and pulled in a jack; then another. On his last cast with the lost-and-recovered artificial bait, Rogerson pulled in a five-pound bass. After a year and a half, the court official caught his first fish with artificial bait.

Members of the police force, disputed his assertion that he "saw" a sturgeon in the river.

All farmers who had a gross income of \$500 or more during the past year are required by the Federal Government to file a return. The specialists say, pointing out that the farmer may take his choice of two filing systems:

He may file a declaration of his estimated 1946 net income by January 15, followed by a final return by March 15, or

He may file a return and pay the tax due by January 15.

Reasonable wages paid by a father to a minor dependent actually employed on the farm may be deducted as a business expense this year, due to a change in the tax law.

Oratorical Contest Set For January 30

On January 30th, at eight o'clock p. m., at the Woman's Club building, the Woman's Club will sponsor an oratorical contest for a group of high school students. The winner will receive a gold medal.

This contest is State-wide among high school students and the program which has been launched to stimulate the interest in World Peace among the masses of the people is supervised by the Extension Department of the University of North Carolina.

Everyone in the community is cordially invited, and it is hoped that a large audience will gather. The contest is to express their interest in the cause of World Peace, but to encourage our youth in their study of this great subject.

The winner will be chosen by secret ballot; each person in the audience of eighteen years of age or over will be requested to vote.

STUDENT LOAN FUND IS ON AIR

Waldrop, Blount And Cooke To Speak On College Program

J. Herbert Waldrop, trustee of East Carolina Teachers College, and Judson H. Blount, Greenville business man, will appear on the college radio hour at 8:30 this evening in the interests of the student loan fund. Also on the program will be Dr. Dennis H. Cooke, college president.

The three speakers will explain and comment on the drive to increase the present loan fund available at the college by a sum of \$15,000. Mr. Blount is chairman of the drive in Pitt county.

This evening's program will also include a recital by members of the college music department, Dr. Karl V. Gilbert, accompanied by Mrs. Gilbert, will be heard in a violin solo. Dan E. Vornholt will give a group of songs, and Elizabeth Drake will play selections for the piano.

W. E. Marshall, chairman of the college radio committee, has announced three other programs for January, each to be presented over the Tobacco Network on Thursday evening at 8:30. Concerts by the Greenville High School band and the East Carolina Teachers College band will be given on January 16 and 23, respectively. Jean Lane and Dan E. Vornholt of the faculty will appear in a joint song recital on January 30.

Shoplifting Queer Job Furniture-Store

Shoplifting in a furniture store is a cumbersome job, Chief Jim Tanner said today when he looked over the blotter at the police station yesterday.

He had listed for trial in Police Court Hebrew Kennedy, 27, and Clem Jones, Jr., 25, both Negroes, for larceny of two wicker chairs from the Friendly Furniture Store on Dickinson Avenue. Kennedy and Jones were 'caught in the act' of taking two chairs from a stack of chairs temporarily placed outside the store. Police said the men put two chairs in the rear of the building and covered them with scrap cardboard. An officer who arrived during the covering-up process suspected a hoax when the radio had a call to go to the furniture store to apprehend shoplifters.

Wreck Victim Will Be Buried Friday

Mrs. Minnie Morgan, 49, of Jones county, who suffered serious injuries last Saturday night when she was struck by an automobile near Maysville, died at Duke Hospital, Durham, Wednesday morning. She was a member of one of the oldest families in Jones county.

The body will remain at the Greenville Funeral Home until noon Friday, when it will be taken to the Maysville cemetery for grave-side services at 3 p. m.

Surviving are two sons, Floyd and Aubrey Morgan of the home.

Radio Installed On Law Officers' Cars

Radio installations have been made on Pitt County sheriff's and ABC officers' cars, in connection with Greenville police radio.

Installations also have been made on the Greenville Utilities Commission's trucks and the emergency rescue truck at the Fire Department. This combination places the law enforcement officers, the firemen and other officers in constant communication—night and day.

Any of these cars may communicate with police headquarters at the City Hall. There, contact can instantly be made with the State Highway radio station at Williams-ton.

Law-enforcement officers welcomed the innovation, Mayor Jack Boyd said.

Pitt Legislators Named Chairmen

Raleigh, N. C., Jan. 9.—(AP)—Lieutenant Governor L. Y. Ballentine announced today the appointment of Senate committee chairmen, among them that of Senator A. B. Corey, of Pitt County, to the committee on counties, cities and towns.

In the House of Representatives, Speaker Tom Pearsall announced the appointment of S. O. Worthington of Pitt to the chairmanship of the committee on higher education.

Local Effort In State Required

Wilmington, N. C., Jan. 9.—(AP)—Organized effort on a local plane is necessary before federal aid can be obtained for flood control measures in the eastern part of North Carolina, the Wilmington Engineer Club was told last night by Burton J. Bell.

Bell, chief of technical information for the southeastern region of the Army Corps of Engineers, said organized efforts along any river basin will be desired results to the local residents.

Byrnes Praised By Cordell Hull

Washington, Jan. 9.—(AP)—Former Secretary Cordell Hull congratulated Gen. George C. Marshall today on appointment as Secretary of State and called him "splendidly equipped in every essential respect to make a great record."

Hull has been in retirement for three years. At his request, the State Department made public telegrams he sent to Marshall and to retiring Secretary James F. Byrnes.

The message to Byrnes: "I am deeply distressed that illness has compelled your resignation as the Secretary of State and has thus interrupted your long and fruitful career of public service. You have served with distinction in all three branches of our Government and have many great and lasting achievements to your credit. "I sincerely hope that your health will soon improve. The country needs the continued benefit of your outstanding abilities and varied experience."

Pilots Gather In Miami Air Show

Miami, Fla., Jan. 9.—(AP)—Air-minded Miami spreads her wings in welcome today for the 10,000 army.

Strength FOR THE DAY

By EARL L. DOUGLAS

STORM SIGNALS HOISTED

Drinking in America is assuming such proportions that we may well work up considerable alarm over the situation. Statistics on the growth of intemperance are designed to shatter any complacency we may have about the soundness of our character as a nation. Drinking has been accepted as normal in almost every social group. Old and young, men and women, either through long or recently acquired habit, line at the bar or join in the cocktail parties and like it. In a walk through a college community recently, we passed a dozen groups of students and in passing caught snatches of conversation. In about one-half the instances they were discussing liquor.

One does not have to be a temperance fanatic to be anxious over a situation like this. We have learned in recent years the reality of an affliction known as alcoholism, and we have been assured that it is growing at an astounding rate. All past national experience indicates that an increased interest in drinking is paralleled by a weakening of the moral fiber. For anyone who has read history, it will be hard to believe that our country has ahead of it a great era of improvement and progress if the interest of our people in alcoholic beverages continues to increase in the future as it has in the past two decades.

The storm signals are hoisted. We shall do well to regard them seriously.

WASHINGTON LETTER

FATHERS-TO-BE GOING TO SCHOOL TO GET 'KNOW-HOW'

Washington—Two physicists have temporarily put aside atomic research and turned their attention to little five "bombs" which are likely to sound off at any hour in the night.

Along with them are a lawyer, a geographer, the vice-president of a big corporation, three Army majors, a member of the Royal Air Force attached to the British Embassy and a Navy lieutenant.

These gentlemen are getting ready to be fathers. All of them are students in an American Red Cross class in Mother and Baby Care and Family Health. The class is one of several hundred being taught all over the country.

As a result of this instruction to prospective fathers, the Red Cross says wives "have already reported a terrific transformation in their husbands."

"The husbands now come home and scrub the kitchen and bathroom floors," it says, "do all the lifting jobs and are behaving as though they were secretly proud of having such an insight into mysteries usually revealed only to mothers."

Prospective fathers take their lessons in all-male classes or in classes along with prospective mothers.

"And they love it," says the Red Cross. "They are learning that being a father is a man-sized job."

The Red Cross lessons in "what every father should know" cover such topics as how the body prepares for the production of a new life, what plans should be made for delivery, what occurs during labor and the birth of a baby and the proper care of the new mother and baby.

The Red Cross is campaigning to get at least one home nurse in every family and is offering the course under the supervision of its home nursing program.

The program includes four other courses. There's a standard course in general nursing of 24 hours for adults; a 12-hour Care of the Sick course; a teaching basic nursing skills; a school course for boys and girls of high school age, and a college course especially adapted for college students.

to tell the Russians not to get excited; that standardization is merely something that looks sensible from our standpoint in an unsettled world; that the door is open for Russian participation in any deal Britain makes with the U. S.; that it's just like Russia wanting to cement a defense ring in the weak countries which surround her.

The ordinary diplomatic smoothie, subject to the inherent Russian distrust of foreigners, probably wouldn't have a chance of putting the idea over. Montgomery probably will have to be satisfied with partial success, if any. But if there's anything to the legend that the Russians are far more likely to trust a "toughie" than the British have sent the right guy to make the try.

prediction that Marshall shortly will order civilian control of American administration in Germany—a move consistently opposed by Byrnes.

Brewster's prediction to a reporter was based on the belief that Marshall, wartime army chief of staff, would string along with such a recommendation by Gen. Lucius Clay, now the commander of American forces in Europe.

Just what stand Marshall will take on the other issues remained open to speculation.

The general is expected back in Washington late next week from his fruitless mission to China to try to bring about that accord.

tary expenditures for items and services that were necessary in the past, but no longer needed.

Rep. Plumley (R-Vt.), who heads a naval appropriations subcommittee, voiced the opinion that "substantial savings" can be made in the Navy's budget, in comparison with the present year.

If President Truman fixes total federal sending at about \$37,000,000,000 as generally forecast, Tatt said it seemed likely that from \$10,000,000,000 to \$12,000,000,000 of this amount would be for the Army and Navy.

He said that while Senate Republicans would favor paring the larger amount, he doubted if they would wish to challenge the smaller, except where it was apparent savings could be made without impairing military efficiency.

mation fight, a highly placed Republican senator said today.

They are: James Perkins to be a member of the Civil Service Commission, and Dillon S. Myer of Ohio, as administrator of the United States Housing Authority.

The senator, who asked not to be quoted by name, said both nominations were discussed at a recent meeting of the Republican steering committee and that both aroused adverse criticism.

The crux of the Supreme Court case is whether Congress intended to include foremen when providing protection to unions certified to represent "employees," or whether foremen are excluded because they are a part of management.

Senator's top labor measure.

Senator Murray of Montana, former chairman, told a reporter he had sounded out Democratic colleagues on getting hearings under way January 20. Now he expects to put it up to Taft.

Chairman Hartley (R-NJ) of the House labor committee said he plans to start hearings by the 20th at the latest. There is a possibility, he said, the committee might get under the wire with them next week.

all teachers, principals and state employees making up to \$8,000 a year.

Simultaneously, the House extra pay bill was introduced by Rep. Alton of Wake and others, and in the Senate by Barber of Chatham and others.

The governor's message followed quickly on the heels of a House fight that resulted in retention of the two-thirds or "gag" rule, 65 to 45. The move to go back to the 1939 rules was led by Rep. Umstead of Orange.

Umstead, temporarily defeated yesterday, again brought the issue to the floor after the rules committee recommended retention of the 1945 rules, which includes the two-thirds rule.

Umstead was supported by Rep.

Moseley of Guilford, but was immediately opposed by Rep. Uzzell of Rowan, both veteran legislators.

Quick to the support of Umstead was Rep. Mull of Cleveland, former speaker of the House under whom the two-thirds rule was adopted.

Mull, on questioning from the floor, admitted that he once was for the rule but added, "I am no angel." He allowed Rep. Fitzhugh Wallace of Lenoir County to interrupt him. It was Wallace who withdrew from the speaker's race of Nash, making Pearsall speaker and threw his support to Pearsall by acclamation.

Rep. Moore of Wilson threw his support to Umstead as the House fight waxed warm. The argument delayed reading of committee appointments but it was certain that it would be suspended in time to hear the governor's message. He was invited to appear shortly after noon.

Senator Weathers of Cleveland introduced a bill to prevent the sale of fireworks in the state, but his measure would allow their man-

ufacture. Carnivals and the state fair would be exempted by special permission.

College Presents Recital Monday

Two stars of concert, opera, and radio, appearing in a joint recital on Monday evening, January 13, will open the entertainment series at East Carolina Teachers College for the winter quarter. Frances Yeend, brilliant young lyric soprano, and Walter Cassel, American baritone of the Metropolitan Opera association, will be presented at that time in the Wright auditorium at 8:00 o'clock by the college entertainment committee.

Mail orders for the performance are now being filled. The regular

ticket sale will open on Jan. 10 and will be conducted from the Austin building.

The concert will be the third number to be presented this season by the college entertainment committee.

Lean Beef Needs Care in Cooking
Much of the beef coming to market these days is rather lean. Properly cooked, it is delicious. But it is well to remember that all lean beef, even if choice cuts, needs long, slow cooking with moist heat... braising, that is.

Meat Pie

Cut into inch cubes
1 1/2 lbs. lean beef and brown in 1/4 cup ADVANCE SHORTENING
Add 3 cups of water, cover, and simmer 1 1/2 hours or until tender.
Add 1 cup sliced potatoes
1 cup sliced celery
1 cup diced carrots
1 cup peas
1 tbs. grated onion
Continue cooking until vegetables are just tender. Measure liquid, add water to make up to 3 cups and thicken with a paste made of 4 tbs. flour
1/2 cup water
Add 1 tsp. WILSON'S B-V dissolved in a small amount of hot gravy.
Add meat and vegetables and transfer to a casserole.
Top with fluffy mashed potatoes.
Brown in a hot oven, 400° F., about 15 min. Serves 6.

What's in a Name?

... or, a rose by any other name would be just as sweet. Which leads me to tell you that if you use leftover meat and vegetables in the meat pie above, it's shepherd's pie you'll be serving.

Make the shepherd's pie really tasty by using B-V gravy for the sauce; since you will be using water instead of meat broth, you'll need three tsp. B-V instead of one. Heat vegetables and meat in gravy before transferring to casserole. Easy, isn't it?

Hot rolls with plenty of Clear Brook Butter or Certified Margarine if you're thrifty yet particular about good flavor) and a splash of greens with plenty of cold milk would finish off a most satisfying main course. For dessert? Coffee and chocolate chilton pie will bring "thank you's" from all.

Time Saver
Time too short to bake rolls? Then stir up baking powder biscuits—either rolled or drop biscuits—and bake them in a waffle iron. It's a matter of minutes. For good flavor, use Advance Shortening in making the biscuits.

Yours for good food

LO. THE POOR INDIAN

Albuquerque, N. M., Jan. 9-(AP) Giles L. Mathews, income tax field deputy, says an Indian sought help in filling out his income tax blank. To questions on earnings, profits, cash on hand, the Indian had only one answer: "Ugh." Then the conversation went like this: "You'll have to tell me." "Ugh." "Why, you may even have a refund coming." "Ah, how much?"

NCAA SETS UP 'PURITY CODE'
College Members Obligated To Clean Up Athletics

New York, Jan. 9—(AP)—The 252 member colleges of the National Collegiate Athletic Association were under moral obligation today to abide by the group's newly-drafted "purity code" and to start cleaning their athletic houses immediately.

Actually, the set of five principles governing the conduct of intercollegiate athletics which were approved at the concluding session of the NCAA yesterday do not go into effect until the next annual meeting in 1948.

Between now and then, the code with its implementation clause providing sanctions against non-conforming schools in the form of a schedule boycott, will be written into the constitution by a committee appointed for that purpose.

Also referred to the constitutional revision committee was a resolution offered by Col. William Couper of Virginia Military Institute which would limit colleges to ten varsity football games a season and prohibit participation in post-season games.

Couper's anti-bowl proposal and anti-recruiting provisions of the purity code met with vigorous opposition on the convention floor. The other code provisions, including one limiting financial aid to athletes to tuition, were adopted by unanimous votes.

N.C. Basketball

By the Associated Press
 At Norfolk, Va., E.C.T.O. completed a successful two-game tide-water invasion by edging out the St. Helena extension of William & Mary, 43 to 42. A field goal by forward Jim Taylor in the last 40 seconds of play did the trick for the Teachers.

High Point, meeting a powerful Hanes Hosiery team that has ambushed State Collegians on more than one occasion this season, led most of the way but two sensational field goals by Cedric Loftis, Hosiery guard, during the closing seconds gave the independent five a 56-55 victory.

The Demon Deacons, making their third Southern Conference appearance against Clemson in South Carolina, outpointed the Tigers, 68-43.

Playing without their star sharp-shooting forward, Jack Gentry, who turned an ankle in their loss to South Carolina Tuesday, Coach Murray Greason's lads maintained complete control of the backboards to enjoy a comfortable lead throughout the contest.

Coach Flucie Stewart's Appalachian quint fired frequent spectacles.

Quintuplets?

Peiping, Jan. 9—(AP)—The Chinese Central News Agency reported today that male quintuplets were born recently to the wife of an officer in the self-defense corps at Yenihshien in Honan province, but there was some question as to the authenticity. The dispatch, filed by a correspondent who said he had not seen the quint, reported all five boys were well and that several thousand persons thronged to the home to congratulate the father, Wan Hsiu-Feng. The report did not say anything about the mother, except that she is doing well.

Sullivan Award Voted To Tucker

New York, Jan. 9—(AP)—Arnold Tucker, field general of Army's undefeated football team, today held amateur sport's greatest honor for 1946—the James E. Sullivan Award.

Tucker, 22-year-old first-classman from Miami, Fla., won the distinction by the closest vote ever recorded in the trophy's 17-year history.

He, with 597 points, nosed out Johnny Lujack, Notre Dame quarterback with 565 points, and swimmer Bill Smith of Honolulu with 546, to bring the coveted Sullivan Award to West Point for the second consecutive year.

The 1945 prize went to Felix (Doc) Blanchard, Army's line-cracking fullback.

In the previous polls, conducted by the Amateur Athletic Union, track had 10 winners, golf had 190, and one each went to swimming, tennis, rowing and football.

Minor Losses In N.C. By Strikes

Winston-Salem, N. C., Jan. 9—(AP)—North Carolina, 12th leading industrial state, lost only one of every 537 man-days the nation lost through strikes in the first 11 months of 1946, says Forrest H. Shuford, Labor Commissioner.

He told the YMCA men's club here last night this gratifying figure came despite "greatly accelerated drives for unionization of our industries."

About 12,000 North Carolina workers involved in strikes during the first 11 months of 1946 lost 200,000 man days, compared with 107,475,000 days lost in the nation," Shuford explained.

The conciliation service of the State Labor Department settled a large number of the more than 100 situations last year in which a labor-management controversy existed, the commissioner explained.

Unanswered Questions In Pro Football Scandal

By SID FEDER
 New York, Jan. 9—(AP)—The loudest scandal in professional sports since the Chicago Black Sox case has resulted in the conviction of the man accused of trying to fix the National Football League's 1946 championship game, but several questions for the league to ponder were left over today from the trial of Alvin J. Paris.

Chief of these are:

1. What training and conditioning rules would permit valuable players such as passing ace Frank Filchook and fullback Merle Hapes to hit the night-club bet until the wee hours only a few days before an important game, and what precautions—if any—are taken, to prevent it?
2. How can a gambler become acquainted with important players, know them well enough to try to bribe them to throw a game, and actually be able to visit the club's training camp and talk to them two days before the title-tile?

National League czar Bert Bell today is pondering possible action against Hapes and Filchook for withholding information of the bribe offer from their coaches.

Favor Continued Work By Probers Foreign Affairs Talk By Byrnes

Washington, Jan. 9—(AP)—A two-year extension of the special Senate War Investigating Committee was recommended to the Senate today by its rules committee.

Chairman Brewster (R-Me.) told reporters the investigators will look into all wartime profits.

The rules committee also:

1. Set up a new 12-man special Senate Small Business Committee under Senator Wherry (R-Neb.).
2. Referred election contests in Maryland, Virginia and West Virginia to a subcommittee composed of Chairman Hickenlooper (R-Iowa) and Senators Bricker (R-Ohio), and Myers (D-Pa.).

Cleveland, O., Jan. 9—(AP)—The Institute on World Affairs began its 21st annual meeting today—a three-day session dedicated to programs for lasting peace.

Ezequiel Padilla, former Mexican foreign minister and a recent candidate for President of his country, was scheduled to speak at the luncheon opening the meeting.

An address by retiring Secretary of State James P. Byrnes Saturday night will highlight the institute meeting, of which Time magazine is co-sponsor. He is scheduled to speak on foreign affairs.

The speech—the first since Byrnes resigned—will be carried over.

Spud Surplus Spurs Super-Grading Move
 Washington, Jan. 9—(AP)—Burdened with a \$100,000,000 surplus of spuds, the Agriculture Department today urged growers and shippers to help build up a greater national appetite among consumers.

It suggested the packing of a super grade of potatoes with a minimum diameter of 2-1/2 inches for round ones and 2 inches for long ones.

The agency predicted such action would create a greater demand among consumers and help the government get rid of a 100,000,000-bushel surplus.
