Congressional "Big Six" Hold Discussion With Pres. Truman

Washington, Jan. 16.—(AP)—A GOP-dominated congressional "Big Six" met with President Truman today in what Secretary of State (R-Mich.) described as a harmonious "open forum."

Mr. Truman also expressed pleasure with the results, sending word through Press Secretary Charles O. Ross that it was "a very satisfactory meeting."

While Vandenberg said there was no definite agreement to keep any issues out of partisan politics, he told newsmen the initial discussion was confined to "what may definitely be called bipartisan issues."

Among them he mentioned the disposal of war surpluses and continued operations of the Maritime Commission.

Vandenberg, now president of the Senate, said that the President's

budget did not come up for discussion at the 50-minute meeting. House Speaker Martin (Mass.) asserted the get-acquainted session proved "helpful" and said there doubtless will be other get-togethers at the White House on "unpartisan" matters and "subjects beneficial" to the country as a whole.

The question of calling future meetings, Vandenberg said, was left "at the President's option, when bipartisan problems are to be presented."

Martin explained the discussion about the Maritime Commission revolved about continuing its authority to sell surplus ships, which is due to expire March 1.

The Republican-Democratic legislative conference at the White House lasted 20 minutes longer than scheduled.

The President and the four Republican and two Democratic leaders called in Maj. Gen. Robert Littlejohn, War Assets Administrator, during one part of the conference dealing with war surplus disposals.

The other Republicans at today's meeting were Senate Majority Leader White (Me.), House Speaker Martin (Mass.), and House Majority Leader Halleck (Ind.). The Democrats were Senate Minority Leader Barkley (Ky.) and House Minority Leader Rayburn (Tex.).

The session was harmonious throughout, Rayburn said.

The lineup apparently leaves out of the bipartisan Big Six conference Senator Taft of Ohio, who has taken the active lead thus far in Senate Republican moves on domestic questions.

FORD ACTIONS WIN APPROVAL BY OFFICIALS

Price Cuts Called Encouraging Start Toward Levels Urged By Truman

Washington, Jan. 16.—(AP)—Government officials today hailed the cut in Ford car prices as an "encouraging" start toward the general price reductions which President Truman has asked of all industry.

Edwin G. Nourse, chairman of the President's council of economic advisers, termed the Ford action a "crucial" contribution to sustained high production and employment.

Nourse added to a reporter that "a number of business people" have notified him of their "agreement in principle" with the President's plea for lower prices as a means of keeping public purchasing power high.

Nourse's council wrote the framework of Mr. Truman's economic message to Congress last week.

Mr. Ford's statement was made in most careful and reasoned terms—it should appeal to a large business following," said the economist, with reference to yesterday's price-cutting announcement in Detroit by Henry Ford II, president of the Ford Motor Company.

"If other manufacturers follow suit, they will make a real contribution to stabilizing business."

Ford announced immediate price reductions ranging up to \$50 on all Ford cars, as a "common-sense" move to avert the recession which has been widely forecast for this year.

Presidential Assistant John R. Steelman, former Reconversion Director, promptly wired Ford that the announcement was "good news for the country and I believe good business for your company."

Members of Congress also were quick to applaud.

Senator Myers (D-Pa.), a member of the joint congressional committee on the economic report, described the reduction as "not only smart business but real patriotism."

Tennessee Miner's Wife Gives Birth To Quads

Local Miner Jess Moore leans over the bed and looks at his wife in their two-room shack near Sequatchie, Tenn., after she had given birth to quadruplets by the light of a miner's born, but the other three, all girls, survived. Right: Dr. Tom Johnston and his wife, a nurse, tuck the survivors away in a bed at his clinic in Sequatchie. The babies, left to right, are Jessica, Dilly and Ruby. (AP Photos.)

FRENCH ELECT PRESIDENT OF NEW REPUBLIC

Vincent Auriol Wins; Communists Supported Socialist Candidate

Paris, Jan. 16.—(AP)—Vincent Auriol, veteran Socialist leader, today was elected president of the fourth French republic at Versailles palace.

An unofficial count gave Auriol 452 votes with 242 going to the MRP candidate Auguste Champetier De Ribes, 122 to Jules Gaxser of the Radical Socialists and 60 to Michel Clemenceau, son of the old Tiger of France representing the PRL.

The Communists adopted a motion saying that they were supporting Auriol, 64-year-old lawyer and one-time newspaperman, because of a desire to give the election a national union character.

MRP sources said a large majority of the party favored dropping the symbolic candidacy of Auguste De Ribes, president of the council of the republic.

With the communist action, Auriol seemed sure of getting at least 423 votes—communist and socialist—when Parliament began balloting for the first president of fourth republic at the palace of Versailles.

Both the radical socialists and the party of Republican liberty (PRL) decided to maintain their candidates, though there was a possibility they might withdraw them at the last moment.

Also scheduled for today was the last meeting of the interim socialist cabinet of premier-foreign minister Leon Blum. Blum is to hand his resignation to the new president of the republic tomorrow.

Sentiment was reported growing among French politicians to keep Blum as premier with instructions to form a coalition cabinet.

REFERENDUM

Durin, Jan. 16.—(AP)—Harnett county's dry forces have called a mass meeting at Bules Creek for February 9 to organize the Allied Church League for Promotion of a statewide whiskey referendum.

THREE WEEKS DELAY IN UN ARMS ACTION

U. S. Not Ready Yet For Discussion Says Austin; Postponement Likely

New York, Jan. 16.—(AP)—A three-weeks delay in United Nations discussion of world disarmament appeared almost certain today.

A survey of the U.N. Security Council indicated the United States would succeed in postponing the final question until Feb. 4.

In pleading for postponement, the U. S. advised the Security Council yesterday it was not yet ready to discuss any arms reductions.

The council was expected to vote on the American appeal for deferment when it meets at Lake Success tomorrow.

Meanwhile, most delegates believed that the council would be unable to tackle before Monday Britain's case against Albania, whom she has accused of mining Corfu Channel and causing the death of 44 British sailors.

In discussing the American request to postpone discussion of disarmament, Herschel Johnson, deputy U. S. delegate, said he felt that private consultations between now and Feb. 4 would bring a wider area of agreement on the complicated question.

"The United States delegation is not prepared to discuss substantive matters (on arms reductions) at this time, either in the council or in a committee," Johnson declared.

Warren R. Austin, new U. S. delegate who officially took his seat yesterday, put forward the surprise proposal after failing to reach agreement with Russian Delegate Andrei Gromyko on procedure.

Austin originally had insisted that the council give priority to the problem of atomic energy control. Gromyko had insisted on setting.

Nanking To Open New Peace Talks

Nanking, Jan. 16.—(AP)—The government announced officially today it is going to resume negotiations with the communists and selected Gen. Chang Chih-Chung, governor of Sinkiang province, to present its proposals to communist headquarters at Yenan.

Chang was an original member of General Marshall's former committee of three that negotiated a quickly aborted truce a year ago. It must be emphasized that the decision to resume negotiations is completely unilateral and must remain so until Yenan's reaction is known.

Caution In Congress

Two Big Items Facing Legislators Are Taxes And Labor; Republicans Careful In Assessing Proposals; Some Likely Steps For Immediate Future

By JAMES MARLOW

Washington, Jan. 16.—(AP)—Now you can sit back and wait to see what happens in Congress about taxes and labor.

Taxes probably will be cut a bit, and probably there will be some new labor laws, or changes in the old ones.

But doing anything about taxes and labor—and doing it well—is a big job. The Republicans, settling down to work now, know it.

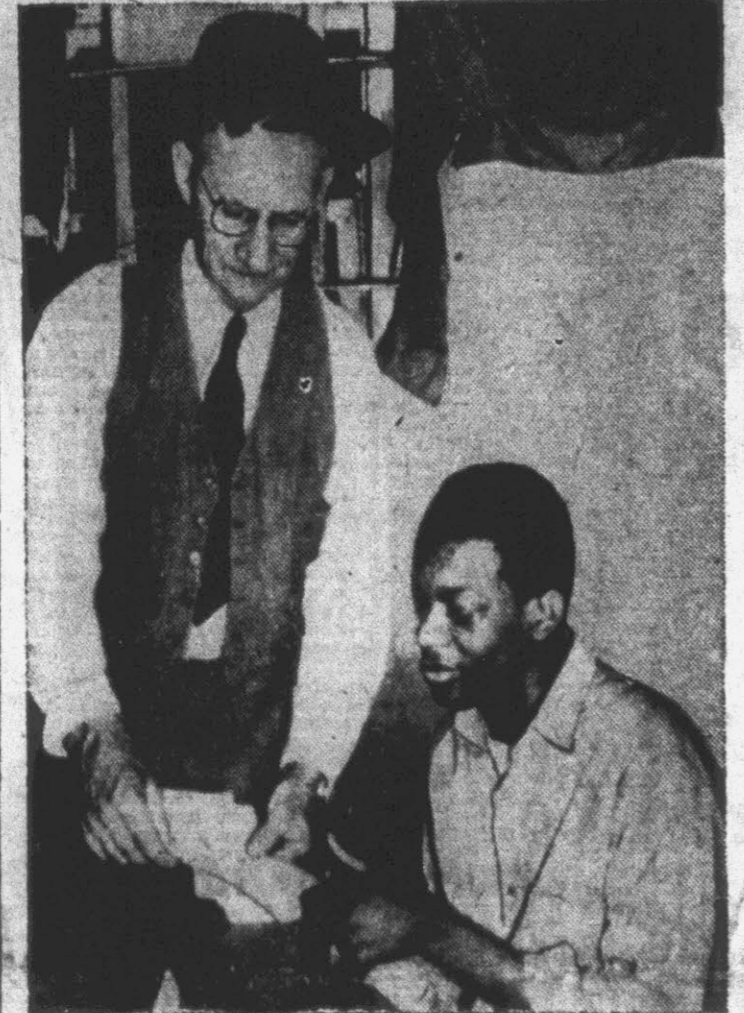

They're beginning to walk carefully. Take taxes and, with them, take Rep. Knutson, the Minnesota Republican.

He's chairman of the House Ways and Means Committee which handles tax problems for the House. He was all for getting rid of the wartime luxury tax on things like furs and jewelry. The government collected \$1,500,000,000 a year from them.

Finally President Truman said in effect on December 31 the wartime luxury taxes end officially next July 1.

This seemed to suit Knutson fine.

Willie Francis Faces Chair Again

Willie Francis (right), sitting in his cell at New Iberia, La., faces a second journey to the electric chair as the result of the U. S. Supreme Court's denial of his plea for intervention. He is talking with Jailer Cleme Norris. The 18-year-old Negro escaped death in the chair last May 3 when it failed to function because of a loose wire after he had taken his seat and the switch had been thrown. He is under conviction of murder. (AP Wirephoto.)

Mine Explosion Traps Workers; Many Killed

Dr. Cooke Makes Talk In Tarboro

Teachers in the schools of Edgecombe County heard Dr. Dennis H. Cooke, president of East Carolina Teachers College, speak in Tarboro on Wednesday afternoon of this week on "Recruitment of Teachers."

Pointing out that schools have lost and are still losing to other professions a large number of the best teachers, Dr. Cooke said that the low salaries now being paid are chiefly responsible for the present situation. "Other professions," he declared, "offer more attractive ultimate salaries and therefore few of those people of 'imagination and understanding and resourcefulness' needed by the schools are being recruited for classroom work, especially in the public schools.

The problem of recruitment he described as not merely one of finding enough people to man the schools but as one of determining who shall teach.

Rescue Crews Frantically Dig For Three Hours, Save Seven; Bodies Of 15 Found Grouped In Tunnel

Plymouth, Pa., Jan. 16.—(AP)—Fifteen miners were killed and three others injured in an explosion last night that wrecked the anthracite colliery operated by the Glen Alden Coal Co. here, trapping some 22 workers 850 feet below the surface.

Edward Griffith, president and general manager of the coal firm which operates the Nottingham Colliery, said the blast was discovered by an unidentified foot tender at the bottom of a mine shaft. The man, noting heavy clouds of dust and smelling gas fumes, sounded an alarm, Griffith reported.

Rescue crews, in constant danger of cave-ins because of weakened shorings, rescued seven men after more than three hours of frantic digging. A short while later, Griffith said, the bodies of the 15 dead men—found grouped in a gangway leading from the shaft—were brought to the surface.

Griffith said the company was unable to ascertain the exact number of night shift men working in the blasted section—located under the Susquehanna river—but reports from the scene said only 22 men were in the shaft.

The dead were all from Plymouth or nearby communities.

Thomas Miles, of Plymouth, who was unhurt, recalled he had been at work for about two hours when he asked his laborer, Charles Krawiec of Plymouth (also uninjured) (Continued on Page Eight)

"Eleanor's" Driving License Is Revoked

Albany, N. Y., Jan. 16.—(AP)—New York State has revoked the automobile driving license of Mrs. Eleanor Roosevelt as the result of an accident at Yonkers last August but the former first lady may apply for reinstatement after 30 days.

LONDON SEES WALKOUT END

Vital Transport Tie-Up Broken; Strikers Go Back To Work

London, Jan. 16.—(AP)—A meeting of delegates, representing striking London truck drivers whose walkout involves more than 50,000 men, broke up after 40 minutes today and the first strikers to emerge from the hall announced, "We are going back to work Saturday morning."

From time to time during the closed meeting, bursts of applause could be heard.

Some delegates ran down the stairs shouting, "It's back to work," to strikers assembled in the street.

More than 100 ships were tied up in the port of London today by a strike of 20,000 dockers and stevedores. They were idle in protest against use of troops to suppress striking truck drivers, whose 11-day old work stoppage now involves at least 50,000 men.

All along the Thames ships lay at anchor with their cargoes half unloaded.

In an attempt to settle the truck strike and halt the rapidly spreading wave of sympathy walkouts—only 15,000 truck drivers were involved in the original dispute—government negotiators and union heads summoned strike leaders to two meetings today.

Because the strike is unofficial, the ministry of labor has specified (Continued on Page Two)

Talmadge Coup Evicts Arnall; Seizes Control

Georgia's Executive Department, Governor's Office And Mansion Seized By Forces Supporting Herman Talmadge

Atlanta, Jan. 16.—(AP)—Herman Talmadge in a pre-dawn coup backed by National Guard officers and State Highway patrolmen, seized Georgia's executive department today and denied Ellis Arnall admission to either the governor's office or the official residence.

Arnall arrived at the executive offices this morning to find Talmadge in the chambers Arnall had occupied all day yesterday. Later when Arnall went to the executive mansion for lunch, he was met by four state patrolmen who blocked his entry.

"This completes, it seems to me, the capture of the state government as far as physical properties are concerned," Arnall told newsmen who accompanied him to the mansion.

"It has been done by gradual military infiltration, so that at the moment storm troops are in control. You have seen a military coup d'etat seize the governor's mansion, private office and automobile."

Arnall was alone when he arrived at the capitol today. He had spent the night at his home in Newnan, 40 miles south of Atlanta. He was driven to Newnan by a state patrolman, because he said his regular driver was mauled and beaten in fistfights when Talmadge supporters attempted to seize the executive chambers early yesterday shortly after his election by the Legislature.

Arnall's entry to the offices was blocked by Ben Odum, secretary to Talmadge.

As Arnall arrived in the ante-room which opens into his executive offices at the capitol, he was met by Odum and during a brief exchange of words at the door Arnall continued to pound upon it demanding admittance.

THREE DIE IN PLANE CRASH

Private Plane Falls And Burns Near Wake Forest

Wake Forest, N. C., Jan. 16.—(AP)—Three Washington men died in the crash of a civilian plane five miles west of here last night.

Police and State Highway Patrolmen said today they had concluded after an all night search that there were no other victims. First reports indicated that a fourth occupant of the plane might have been thrown clear when it fell and burned in a thickly wooded spot.

The twin-engine, five-passenger private plane, registered in the name of "Al Sherwin," was enroute to Washington from the air races at Miami. It reportedly made several passes at the nearby (Continued on Page Two)

New Outlook

Washington, Jan. 16.—(AP)—Prospects are fading in Congress for the Republican bill to cut most income taxes a straight 20 per cent.

But tax cutting in a different way—giving low income groups the biggest saving—seems more likely to pass.

This is indicated today by an informal poll of the House Ways and Means Committee, which writes all tax bills.

Meanwhile, Rep. Grant (R-Ind.) prepared for introduction today a Republican-sponsored measure to continue war time excise tax rates indefinitely on such things as liquor, furs, jewelry, luggage and lipstick.

Chairman Knutson (R-Minn.) said the Ways and Means Committee may approve this measure—holding tight to some \$1,500,000,000 in tax revenue annually—at its first meeting tomorrow.

Cherry's Pay Scale Given Endorsement

MUCH MONEY FOR BUILDING

Nearly \$1,000,000 For New Buildings In Greenville

By CHESTER WALSH

The building inspector's report of building operations in Greenville shows that \$864,470 worth of dwelling and commercial buildings were constructed in the city limits last year. If buildings just outside of the city limits were counted the sum expended for dwelling and commercial buildings during the period would total more than \$1,000,000. Fire Chief George Gardner, civilian building inspector, said.

Permits were issued for 152 buildings—dwelling and commercial and repairs and alterations. Eighty-nine dwelling houses valued at \$420,400.

Forty-one commercial buildings valued at \$392,150. This totals \$812,550.

Twenty-two permits were issued for repairs and alterations valued at \$45,920. (Continued on Page Seven)

BRITISH FORM NEW ENTENTE

Alliance With France Against Germans To Be Concluded

London, Jan. 16.—(AP)—Great Britain and France have agreed to enter into a new military alliance against any "fresh German menace," spurring talk on both sides of the English Channel about a new era of diplomatic and economic collaboration by the two wartime allies.

Announcement that a treaty of alliance would be concluded "at the earliest possible moment" came from the office of Prime Minister Clement Attlee last night after two days of negotiations with French Premier Leon Blum.

While some observers wondered whether Soviet Russia might not be cool toward such a Western entente, a British foreign office spokesman declared the alliance in postwar treaties linking Eastern and Western Europe.

He referred to the French-Soviet Pact of 1944 and the British-Soviet Treaty of 1942. The new announcement came, however, only a few hours after the Moscow newspaper Pravda asserted that Foreign Secretary Ernest Bevin had repudiated the British-Soviet pact by his December speech in which he said Britain was not "tying" herself to any foreign power.

The joint British-French announcement said that in addition to the treaty of alliance the two countries would "press on urgently" toward plans for mutual reconstruction aid in the economic field.

Tomorrow's Germany

Problems Of Writing A Tragedy; Objectives Of The Victors; Some Question To Be Decided; Claims Made By Small Nations; Work Of Years Ahead

By J. M. ROBERTS, JR.

The deputies of the Big Four foreign ministers meeting in London to do the preliminary work on a peace treaty for Germany are taking up a task which may require years for completion.

The stated objective is a self-supporting Germany which will ultimately return to her natural economic role in Europe without, at the same time, permitting resurrection of her war potential.

In addition, England and the U. S. oppose what Russia wants—a Germany which leans toward the Communist sphere. The French want to take over certain industrial areas of Germany and clamp the tightest restrictions on the rest.

Russia wants reparations without too much regard for Germany's ability to support herself, and will not cry too much if this requires continued Anglo-American contributions to the Germans.

Little countries surrounding Germany also have claims against her, both for territory and reparations. Some of the questions to be decided include:

Whether to permit a central government or to establish a loose federation of German states with strong centralization prohibited.

How strictly to construe the term "industrial war potential," whether all steel production shall be internationalized, for instance, or whether production shall be permitted up to the level of supply for a strictly peace-time economy. (The French are reported retreating somewhat from their demand for separation of the Ruhr and Rhineland from Germany and their internationalization, but the Dutch and France still demand the Ruhr.)

Whether to establish, or permit the Germans to establish, a central German government capable of signing a peace treaty, or merely to impose it.

Whether military occupation zones can be abolished and the operation can become one of policing, with reduced costs contributed. (Continued on Page eight)

Record Output In Food Production Scheduled By Sec. Of Agriculture

Washington, Jan. 16.—(AP)—Secretary of Agriculture, Anderson today issued final 1947 farm production goals calling for perhaps the last time in several years to come—for another year of record output of food and other products.

Anderson recommended planting of 356,893,000 acres, which is 11,712,000 more than was seeded last year and about 15,288,000 more than the pre-war average. He also asked for a continued high level of production of livestock and live stock products.

Announcement of the goals came a week after President Truman had cautioned in messages to Congress that a possible shrinkage of foreign markets and agriculture's increasing efficiency may join to create new price-depressing farm surpluses.

The president said, however, that because of high consumer incomes in this country and the continuing world food shortage, the demand for American farm products doubtless will remain strong for the next 18 months.

Mr. Truman nevertheless forecast that surpluses may arise in some products this year. He predicted the government will lose around \$330,000,000 in carrying out Congress directed price guarantees to farmers. Such losses would be incurred in buying the "surpluses" and in disposing of them among consumers and users who otherwise would not buy.

Anderson's final goals call for a few changes from tentative figures referred to state agricultural councils a few months ago for suggested revisions.

The most significant change is reduction of 1,024,300 acres in wheat seeding to encourage use of this land in production of more flaxseed, sorely needed for linseed oil for paints, varnishes and other industrial products. With a record winter wheat crop already in prospect, Anderson said some shifts from spring wheat to flax could be made safely.

Social and Personal

Mr. and Mrs. N. E. Winslow, Jr. and little daughter, Margie Ann, left today for Scotland Neck to make their home.

D. J. Whitchard, Jr. is in Pitt General hospital for treatment.

Miss Iva Shelburn is in Pitt General hospital for treatment for virus pneumonia.

Birth Announcement

Mr. and Mrs. Claude H. Pope, 207 Eastern Street, announce the birth of a son, Patrick Lee, on Sunday, January 12, in Pitt General hospital.

Falls From Ladder

J. W. Tyndall broke an arm yesterday when the ladder on which he was working fell from under him.

Training School Cancelled

The Greenville Ministerial Association is very sorry to have to announce that the annual training school for Sunday school and church workers which was to have been held during the week January 26-30 has had to be cancelled due to the fact that a sufficient staff of teachers could not be secured.

On this Sunday afternoon at 3 o'clock, January 18, the officers and teachers of the various church schools together with the pastors will meet at the Presbyterian church to work out some plans for a future school. Every pastor is urged to see that his teachers and workers in his church school are present for this meeting Sunday afternoon.

To Present Play at College

Members of the Senior class and the Chi Pi Players of East Carolina Teachers college have joined forces for a joint production of John Van Druten's popular play "I Remember Mama" on February 28 and March 1. Dr. Lucile Charles of the faculty will serve as director.

The production, which will serve as the annual senior play at the college, will be a benefit performance for the graduating class; and proceeds above expenses will be used by the seniors for a gift to the college to be presented at commencement exercises in June. The two groups under the leadership of Mary Cameron Dixon of Wilmington, president of the Senior class, and Margaret Shields of New Bern, president of the Chi Pi Players, have begun work for the performances. Tryouts for places in the cast and on the production staff were held on Tuesday evening. A small group was tentatively chosen from the 40 stu-

FRIDAY
3:30 p. m.—Garden Club meets in the club house.
6:30 p. m.—Kiwanis Club.

Forty Years Ago Today

THE DAILY REFLECTOR
January 16, 1907

With Tarboro on one side of us and Washington on the other doing everything possible to secure the Eastern Normal school in case the legislature votes to establish one, it is no time for Greenville to go to sleep over the matter or just wait for it. Greenville has every advantage and is the place the school should be located. But it will not come just so. There should be effort and plenty of it.

Rehearsals for Minstrel
Rehearsals for a minstrel to be presented by the Veterans Club of East Carolina Teachers College in two performances on January 28 and 29 have begun. The production, which will include 45 men students and 20 women students at the college, is being directed by Eli Bloom, local attorney. Bloom is well known in this section for his work in stag-

ing minstrels for the last five years for the Greenville Kiwanis club.

Miss Lela J. Carson Died This Morning

Miss Lela Jones Carson died at home, 405 East 10th street, at 1:40 a. m. Thursday after a long illness. Funeral services will be held at the home Saturday at 3 p. m. Burial will be in Greenwood cemetery. Miss Carson was born near Bechel on March 19, 1917. She spent nearly all of her life in Greenville. She attended the Greenville city schools and was a member of Pentecostal Holiness Church in Greenville.

Surviving are her parents, Mr. and Mrs. V. C. Carson, and two sisters, Mrs. Jimmie Rouse and Mrs. B. A. Highsmith of Greenville.

Three Die . . .

leigh - Durham Airport but then continued on its flight. Charlie Hicks, the first to arrive at the scene of the crash, said he was in a store when he heard a plane losing altitude. "I rushed out to see the plane cutting down them pines. I was running right behind it. When the plane hit the ground the pilot was yelling 'get me out of here' and I was yelling 'I'll be there in a minute.'"

FALSE TEETH

That Loosen Need Not Embarrass
Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Mrs. Minnie Harris Died In Simpson

Mrs. Minnie Porter Harris, 72, wife of W. R. Harris, died at her home in Simpson at 1:45 p. m. Wednesday. She had been confined to her bed the past three weeks, but death was unexpected. Funeral services were conducted at the home at 4 p. m. today by the Rev. J. C. Griffin, Free Will Baptist minister of New Bern. Burial was in Greenwood Cemetery in Greenville.

Mrs. Harris spent her entire life in the Simpson community. She was a member of Black Jack Free Will Baptist Church. Surviving are her husband; two daughters, Mrs. F. M. Buck and Mrs. William H. Whitard; five sons, Guy and Russell Harris of Greenville, Herman Harris of near Greenville, and Johnnie and Jimmie Harris of near Grimesland; seven grandchildren and two great-grandchildren.

GHS Quint Has Game On Friday

The Greenville Phantoms will be out for their third Northeastern Conference win when they take on the Yellow Jackets from Roanoke Rapids in the high school gym at 8:00 o'clock Friday night. In the game played in Roanoke Rapids on Tuesday night the Greenies won a close 35-26 victory.

Although the game was close and exciting the Greenville quint can improve considerably on both offense and defense. One factor that showed up well was that the Phantoms didn't miss very many shots. Center Glynn Perkins was high scorer for Greenville with 16 points, followed by Henry Turner who bagged 12.

The J. majors will play a preliminary contest starting at 7 o'clock. In the game played there the Junior Phantoms were out easily 40-2.

Cottol. cloth produced in the United States in an average year would cover two states the size of Delaware.

Pirates Defeat Goldsboro Five

By **BILL STEUBLEN** East Carolina Teachers College won their ninth game of the season last night when they defeated the Goldsboro All Stars 44-37. The Pirates took the lead after five minutes of play and never relinquished their advantage for the rest of the game.

Going into the last few minutes of the contest, ECTC had rung up a lead of 11 points, but baskets by Claud King of Goldsboro narrowed the margin down to the final score.

King was the high scorer for the night with 16 points, but was closely followed by Larry James of ECTC who paced Coach Johnson's boys with 14 points.

The Pirates are scheduled to meet Norfolk Naval Base here Friday night and Rocky Mount's "college five" Saturday night.

Fibers varying from three-quarter inches to two inches long are found in different kinds of cotton.

For HEADACHE Capudine relieves headache fast because it's liquid. Its ingredients are already dissolved - so ready to begin easing the pain. It also soothes every tension due to the pain. Use only as directed. 10c, 30c, 60c.

LIQUID CAPUDINE

Three Weeks

(Continued from Page One)

up immediately a commission to start work on implementing the General Assembly's basic arms reduction resolution.

American sources explained that Austin had not had time to familiarize himself with the arms question and therefore needed three

weeks to study the whole question. George Marshall, who is succeeding there also were indications that James F. Byrnes as Secretary of Austin wanted to confer with Gen. State.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 16 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 56 years. Doan's give happy relief and will help the 16 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Use Your Favorite Recipe

Whether your favorite recipe is for biscuits, cakes, or pies, they all contain flour. Roller Champion means better flour to bake better things.

Strength FOR THE DAY
 By EARL L. DOUGLAS

MORE GOOD SCHOOLS
 The quality of a nation can generally be judged by the quality of its schools. In the modern world, all progressive and powerful countries lay a tremendous emphasis on education. There is not a country in the entire world today which neglects the education of its citizens and holds a place of any importance in the council of nations.

One thinks of the influence which a little section of the English educational system, namely, the public schools, which we in this country call private schools, and the great universities have had on the character of Britain's leaders. The cool judgment, the capacity for restraint, the devotion to high ideals, love of country—all these received tremendous re-enforcement on the campuses of Rugby, Oxford, and Cambridge.

In this country we have fallen into the outrageous habit of giving schools a low rating of importance on our national balance sheet. Schools come after factories, mines, banks, farms, forests, and irrigation projects. Teachers are undoubtedly the poorest paid group in the country, considering the expense which their training involves. As a result, thousands of teachers are going into other forms of work less distinctive perhaps, but more remunerative.

What an unwise national policy to put anything before the education and training of youth! Nothing is cheaper than good schools. No investment will pay higher dividends than the money invested in the teaching and training of our youth.

NOTICE OF PUBLICATION OF SUMMONS

In The Superior Court North Carolina Pitt County
 Peggy Arnold Mills, by her next friend, Mrs. Leroy Campbell.
 Vs.
 Abram Lee Mills.

The defendant, Abram Lee Mills will hereby take notice that an action entitled as above has been commenced against him in the Superior Court of Pitt County for the purpose of securing an absolute divorce upon the ground of two years separation. Talmadge Coup . . . Much Money . . .

Continued from Page 1
 From within the room guards stationed at the door refused to open and called repeatedly for "Colonel." Finally the door was opened and Arnall forced his way in.

Arnall strode across the floor to a door leading into the executive's private office, where he was met by an aide of Talmadge who told him to have a seat when he said he desired to see Talmadge.

In a blunt question directed repeatedly at Bentum Odum, Arnall said dramatically:

"Are you denying me the right to enter my office?"
 Odum insisted each time that he was not denying Arnall entrance to "your office," but that he would not permit him "to enter the office of Mr. Talmadge, who is now the legal governor of Georgia."

After continued futile demands to gain entrance, Arnall turned to the room which was crowded with photographers, newsmen and Talmadge supporters and said:
 "Gentlemen of the press. It is quite obvious that I am denied access to my office. It is quite obvious that Mr. Talmadge is afraid to see me face to face."
 "I hereby place on order all department heads . . . and notify

them that henceforth they act at their peril unless expressly under direction from Ellis Arnall."

Continued from Page 1
 Total for new dwelling and commercial buildings and alterations and repairs—\$884,470
 The law requires that persons planning to erect new buildings or alter old ones shall, before starting work, apply to the building inspector for a permit.

Fire Chief George Gardner's report of fire losses during 1946 indicated that they were considerably less than in the previous year.

Buildings damaged by fire last year were valued at \$605,650; insurance carried, \$378,150; damage, \$35,943.92.

Contents were valued at \$449,800; insurance carried, \$319,900; damage, \$12,490.70.

Total value of buildings and contents, \$1,055,453. Total insurance carried, \$698,050. Total damage, \$48,349.62.

Total alarms turned in last year, 74; phone calls, 72; lots burned off, 66; out-of-town calls, 28; false alarms, 18.

The previous year—1945—buildings and contents damaged by fire totalled, \$1,074,100; total insurance carried, \$606,700; total damage, \$134,877.66.

Value of buildings, \$414,950; in-

urance carried, \$314,150; damage, \$40,848.43.

Value of contents, \$669,150; insurance carried, \$293,550; damage, \$94,019.23.

Total alarms turned in during 1945 was 75; phone calls, 74; lots burned off, 43; out-of-town calls, 7; false alarms, 16.

Cherry's Pay . . .

(Continued from Page One)
 As recommended by the committee, the increases are the same as those proposed in the original 20 per cent bill, which was passed in the Senate last week virtually without debate.

Increases for all salary brackets, followed by total increase for the seven month period follows:

Up to \$1,200, increase of \$20 per month, a total of \$140 for the remainder of the fiscal year.
 \$1,200-\$1,380, \$22, \$154.
 \$1,380-\$1,560, \$25, \$175.
 \$1,560-\$1,740, \$27, \$189.

\$1,740-\$1,920, \$30, \$210.
 \$1,920-\$2,100, \$33, \$231.
 \$2,100-\$2,400, \$37, \$258.
 \$2,400-\$2,700, \$42, \$294.
 \$2,700-\$3,000, \$45, \$315.
 Rep. Moseley of Guilford introduced a bill this morning providing for the segregation of youthful prisoners from old offenders. He introduced the same measure in 1945, and indicated today he would fight at greater length for it this session.

The conference committee last night moved into executive session at a local hotel, and politely-but-firmly denied the presence of press and radio representatives.

Rep. Reg. L. Harris of Person, who was named unanimously as chairman of the committee, announced last night that no decision was reached during the initial session, but promised that a public statement would be made later this week on the outcome of the hearings.

Wilson's Weekly Bulletin
 By George Rector
 Food Consultant to Wilson & Co.

Eat a Good Breakfast Every Day
 It's so much more fun getting up in the morning if you're in the habit of eating a good breakfast. The aroma of sausage sizzling on the stove puts even the sleepy-head in a good mood.

Link Sausages
 Place Wilson's Certified Pure Pork Sausage Links in a cold skillet, add 4 tbsps. cold water, cover, and cook over a moderate heat about 5 min. Remove cover and continue cooking until sausages are browned, draining off excess fat as it accumulates.
 To avoid pricking sausages, turn them with a spoon. This will retain all the delicious flavor and juices of the meat.

Do Right by Your Mary

Recent nutrition studies show that one meal a day is very light or omitted altogether, a child nearly always fails to get enough food or the right kind of food during the day even though the other meals are ample.
 This study also revealed that eating too little at breakfast or lunch usually results in irritability or fatigue before the next meal.

A breakfast of grapefruit, waffles with honey, juicy Certified Pure Pork Sausage Links, and a glass of milk gives a child a good start for the day's work.

Prevent Mid-morning Slump

If we were all as protein-conscious as we are vitamin-conscious, our meals would be improved greatly. Proteins, the "repair parts" for the body, are as necessary to good health as vitamins are. They constantly repair body tissues, help ward off infection, and, in general, contribute to our sense of well being. So plan to serve your family plenty of high quality proteins for breakfast every morning.

Nutritionally yours,
 George Rector

Knutsen's fellow Republicans might be willing to cut income taxes a bit, although maybe not 20 per cent. Now take labor.

Republicans - some of them - have heaved a flood of bills into Congress to restrict very stiffly the activities of labor unions.

Senator Ball, another Minnesota Republican, put in two bills that have made organized labor furious: One would outlaw the closed shop and the other would outlaw industry-wide collective bargaining.

And not all Republicans were pleased with Ball's ideas. The Senate Labor Committee - headed by Senator Taft, Ohio Republican who may be a presidential candidate, too - starts hearings this month.

Mine . . .

Continued from Page 1
for the time.

"It's 5:45," Miles quoted Kraviec. "He shoved his watch back into his pocket and then it came. There was a terrific explosion. Everything seemed to go topsyturvy. My place is the second one in from the foot of the shaft. The others who really were caught in the blast were a lot farther in than I was."

Germany . . .

(Continued from Page One)
ing to German economic rehabilitation.

How German foreign trade is to be supervised, whether large corporations should be broken up; how to handle the problem of tariffs or their abolition, and prevent any aggressive trade practices such as "dumping" and export premiums.

PIN-WORM MYSTERY ENDED

Pin-Worms have been causing trouble for centuries, and millions of victims have desperately sought a way to deal with this pest that lives inside the human body. Science has at last solved the problem! It is now known that Pin-Worm infection spreads rapidly and can cause real distress if neglected. So beware of that aggravating rectal itch, and act fast. Ask your druggist for JAYNE'S P-W at the first sign of Pin-Worms. P-W is a medically sound treatment based on an officially approved drug principle. The easy-to-take P-W tablets act in a special way to remove Pin-Worms easily and safely. It's easy to remember: P-W for Pin-Worms!
