EXPECT DELAY ADJOURNMENT OF ASSEMBLY

Fight Over Pay Measure Holding Up Work; New Conference In Senate

Raleigh, N. C., Jan. 20.—(AP)—Hopes for a comparatively early adjournment of the 1947 Legislature faded today in the midst of a fight over supplementary pay for teachers and state employes.

Rep. Arch Allen of Wake, a veteran legislator, said today he did not see how adjournment could come before April 1. The 1945 session adjourned March 21. Other guesses ranged until April 15.

Appropriations committee hearings were delayed because of the pay measure furore. A delay by that committee naturally delays adjournment.

Allen said he expected the pay measure to be settled this week. He pointed out that under the original measure, the extra money would have gone to teachers and state employes on January 25 but it's too late for that now.

It is expected that Senator Rivers Johnson of Duplin will move for appointment of a five-man Senate committee to work with the House committee. Reports are that the Senate will request reappointment of the three senators who served on the first conference committee whose report recommending a 20 per cent increase retroactive to December 8, 1946, was adopted by the Senate last week but rejected by the House.

Lt. Gov. L. Y. Ballentine is expected to appoint two new senators, bringing the total number of Senate conferees to five. The first conference committee was appointed after the Senate failed to concur in the Barker amendment calling for increases ranging from 25 to 30 per cent. The Senate earlier passed without debate a bill calling for 20 per cent increases.

The House voted Friday to retain its five original conferees—Reps. E. L. Harris of Person, Arch T. Allen of Wake, Frank Taylor of Wayne, F. E. Wallace of Lenoir, and Barker of Durham—and added four new members to the list—Reps. E. T. Bost, Jr., of Cabarrus, Roy Taylor of Buncombe, Fred Royster of Vance and Frank Sims of Mecklenburg.

Final decision in the salary fight will not be made until later this week—Tuesday at the earliest.

Barker said he was confident that the conference committee will be able this time to get away from the administration-backed 20 per cent plan.

The House has definitely indicated twice that it doesn't want to go along with a 20 per cent increase. It seems that the committee, or least the House members on it, is (Continued on Page Six)

Bilbo Undergoes Operation Today

New Orleans, Jan. 20.—(AP)—Senator Theodore G. Bilbo of Mississippi underwent his second operation here today for removal of a malignant growth from his mouth.

The senator, who has been a patient at Touro infirmary for the past eight days, remained in the operating room for about two hours.

Hospital officials said afterwards that the 69-year-old patient "was in good condition and stood the operation very well."

While today's operation was described as "not a major one," it was said to be one requiring technical skill. It consisted of the removal of a piece of dead bone from the jaw, along with two glands.

Italian Premier Giving Up Post

Rome, Jan. 20.—(AP)—Premier Alcide de Gasperi said late today that he was submitting his resignation to provisional President Enrico de Nicola.

He made the announcement in clarifying a prepared statement he had read to a news conference in which he had said he was putting it up to the provision president whether his six-month-old, four-power government should continue in office.

A spokesman asked: "Does this mean that you are opening the crisis?" The premier replied: "It seems to me perfectly clear. I am submitting my resignation to President De Nicola."

"There Is Only One Governor"

M. E. THOMPSON

HERMAN TALMADGE

Atlanta, Jan. 20.—(AP)—Herman Talmadge re-occupied the executive office of Georgia's State Capitol today behind a trebled guard of state police and announced: "There is only one person who is governor."

Talmadge arrived at 8:30 a. m., prepared to reject claims of Lt. Gov. M. E. Thompson for his office on Thompson's contention that he is "acting governor" in succession to Ellis Arnall, resigned.

Talmadge was asked if he would object to Thompson operating as "acting governor" from the office of Senate president, one floor above the executive office.

Talmadge replied "there is no objection to Mr. Thompson occupying offices in the Senate as lieutenant governor."

Thompson has said he would conduct business of state from that office if Talmadge refused to vacate the executive offices and governor's mansion.

Big Insurance Company Organizes In Greenville

Million Dollar Corporation Chartered; Prominent Local Businessmen Play Vital Role In Establishing New Firm

By CHESTER WALSH The Old North State Insurance Company, with headquarters in Greenville, has been organized and chartered to do business in North Carolina and other states of the union.

The corporation has an authorized capital of \$1,000,000, of which \$500,000 are being issued, and a surplus of \$1,000,000. Robert Van Iderstine, formerly of New York City and now of Greenville, is president.

The company plans to engage in the underwriting of fire, casualty and fidelity insurance, co-insurance and re-insurance—all lines except life insurance and annuities. Forty-one influential North Carolina bankers, business, professional and insurance men are the incorporators.

At the organizational meeting in Greenville Friday, Van Iderstine was elected president. The following directors were named: W. H. Woodard of Greenville, chairman of the board; C. Shields Alexander of Scotland Neck; Judson H. Blount of S. Ficklen; E. Graham Flanagan, R. M. Garrett, Robert Van Iderstine, Robert Lee Humber, all of Greenville; J. W. Joyner of Farmville; T. H. Woodard of Wilson, and Ernest P. Young of Charlotte. Seven other directors, elected geographically over North Carolina, as well as vice-presidents and other officers, are to be elected at a later date. The company will start operations in the near future.

Robert Lee Humber, nationally known attorney of Greenville, said that about 92 per cent of the approximately \$5,000,000 of fire insurance business in North Carolina is underwritten by companies outside the state. He said the other eight per cent is underwritten by insurance companies chartered in the state but owned by outside interests. He added that even a larger proportion than the 92 per cent of the \$23,000,000 of casualty insurance business in this state is underwritten by outside companies.

Humber, who initiated the proposal to found the Old North State Insurance Company and who conducted the negotiations leading to its establishment, acted as chairman of the organizational meeting (Continued on Page Four)

Attack Judge For Pay Suit

Congressmen Would Probe Handling Of Portal Pay Case

Washington, Jan. 20.—(AP)—Senator Eastland (D-Miss.) said the handling of a portal pay case by Federal Judge Frank Picard of Detroit should be investigated by the House of Representatives with a view to impeachment.

Eastland is a member of a Senate judiciary subcommittee, considering legislation to outlaw more than \$4,000,000 of portal to portal back pay claims. He suggested the investigation at a committee hearing after testimony by Theodore Iserman, a New York attorney representing the Chrysler Corp., in connection with the portal suits.

Iserman testified that Picard had heard a suit for \$230,000 brought against Chrysler by plant guards. He said that during the trial Picard said that he wanted it understood that I am strictly pro-labor—I want these men (the guards) to get every penny that is coming to them.

Iserman told the subcommittee that Picard later ordered this remark stricken from the record. The attorney testified that he had later obtained a copy of the remark from the court reporter.

Eastland asked Iserman if the latter believed the alleged remark by Picard to be unfair.

"I think it was very unfair, if not unfair," Iserman said. Eastland then said "I think the House of Representatives should investigate the fairness of the remarks of the judge with a view to impeachment."

Judge Picard is the jurist who made the original decision in the M. C. Clemens Pottery Co. case, that was upheld by the Supreme Court last June.

It was this case which led to the filing of the series of portal claims.

Truman Nominates Inspector For Army

Washington, Jan. 20.—(AP)—President Truman today nominated Maj. Gen. Ira Thomas Wyche for Inspector General of the United States Army.

Wyche was named to succeed Lt. Gen. Daniel I. Sultan, who died last week.

A field artilleryman, Wyche now holds the temporary rank of major general. Under his new appointment he will hold the rank of major general in the Regular Army during his four year term.

Wyche, who is 59, has been in command of the First Service Command at Boston, Mass., since last May.

Final Act

Washington, Jan. 20.—(AP)—Secretary of State Byrnes, as a final official act, signed the World War II peace treaties with Italy, Hungary, Romania and Bulgaria.

Chairman Vandenberg (R-Mich.) of the Senate Foreign Relations Committee and Senator Connally (D-Tex.), who took part in the 16 months of negotiations on the compact, were at Byrnes' side in the ceremony at the State Department.

There will be a second signing of the treaties at Paris Feb. 10 when representatives of the enemy satellite states will affix their signatures.

Other allies will sign the treaties at the same time. Ambassador Jefferson Caffery will act then for the United States.

No Sentiment For GI Bonus

Ex-Servicemen In House Present Views On Soldier Benefits

Washington, Jan. 20.—(AP)—A sample survey among House members who were in uniform in World War II today turned up a heavy demand for housing for their fellow veterans and strong sentiment against a soldier's bonus.

Many also felt that Terminal leave bonds of former enlisted men should be cashed at once. Under present law, they mature five years after the issue date.

Ceilings on allowances to students and those learning jobs by working at them should be lifted or removed. The ceiling now is \$175 a month for single men and \$200 for the married.

More hospital facilities are needed for veterans.

Former soldiers should be given more time to pay up back income taxes.

Congress should go the limit on helping disabled veterans get back on their feet.

Those ideas came from House members with war records, questioned at random by a reporter. They represent every branch of the service and both parties.

Rep. Javits (R-N.Y.) was one who hammered against the idea of a cash fee on going to work to protect yourself, your family and all you hold dear." Javits was discharged as a lieutenant-colonel.

Rep. Nixon (R-Calif.) said there is no basic justification for a bonus and it is economically unfeasible. Thirty-five per cent of the population already is made up of veterans and their families, he said and the figure may reach 50 per cent.

Troop Withdrawal In Austria Pact Draft

London, Jan. 20.—(AP)—Two Western nations proposed in the conference of deputy foreign ministers today the withdrawal of all occupation troops from Austria within 90 days of the signing of the Austrian peace treaty, British sources said.

Russian Delegate Feodor T. Goussiev did not oppose the suggestion, which was incorporated in treaties drafted at the Paris Peace Conference for the satellite enemy nations.

Marshall Grounded By Bad Flying Weather In Chicago

Swearing In Ceremony Postponed 24 Hours; General's Party Resumes Trip To Washington By Train; Crowded Schedule Thrown Off

Chicago, Jan. 20.—(AP)—General George C. Marshall, en route to Washington to be sworn in as secretary of state, was grounded by bad flying weather in Chicago today and arranged to complete his trip to the capital by train.

The general's party obtained reservations on the Pennsylvania's Manhattan Limited, scheduled to leave Chicago at 11:30 a. m. EST. tomorrow.

The army transport command plane carrying Gen. Marshall and his party from the west coast had landed at the Douglas airport, northwest of Chicago at 8:30 a. m. today.

Less than an hour later, General and Mrs. Marshall and an aide left by car for downtown Chicago, where it was understood they would go to a hotel.

There was no immediate announcement of Marshall's plans. The White House, however, reportedly was making new arrangements for the oath-taking. Mr. Truman wants the oath to be administered in his presence at the White House.

A crowded schedule had been lined up today for Marshall, who will retire from the army as soon as he takes the oath as secretary of state. Included was an afternoon conference with President Truman and retiring Secretary Byrnes. The lat had expected to leave for his home in Spartanburg, S. C. tonight.

There is plenty of work ahead for Marshall, including preparation for the big four foreign ministers conference at Moscow in March on the German and Austrian peace settlements. The American delegation will leave in about a month for the Soviet capital.

Diplomatic authorities said at least three problems seem certain to claim Marshall's early attention: (1) American policy toward yesterday's elections in Poland; (2) the future American attitude toward China, and (3) a study of the Argentine situation.

Washington, Jan. 20.—(AP)—The swearing in of General Marshall as secretary of state was delayed 24 hours today after bad weather interrupted his flight to the capital.

Presidential Press Secretary Ross said the oath-taking ceremony will be held at the White House at 11

Renew Fight On War Profits Probe Issue

Washington, Jan. 20.—(AP)—Democrats renewed today their fight against a Republican proposal to keep the Senate War Investigating Committee alive another year.

Senator Pepper (D-Fla.) led off with an assertion that a regular Senate committee could do the same work more quietly and effectively than the special group.

Several other Democrats were ready with new blasts at the proposal.

Demo Attack On Budget's Review

Washington, Jan. 20.—(AP)—Congress' first formal effort at review of President Truman's \$37,500,000 budget wound up today with some Democrats crying "gag rule" at Republicans.

Under the congressional reorganization act, study of the budget is a matter for a 102-member group composed of members of committees handling appropriations and taxation legislation.

This group met and decided to turn the job over to a 20-member subcommittee headed by Rep. Taber (R-N.Y.).

Protesting vigorously, Senator O'Mahoney (D-Wyo.) told reporters "the gag rule has been adopted at the beginning of Congress."

He declared members of the larger group would have no opportunity to voice their views to Taber's committee.

Pair Plead Innocent To Treason Charge

Boston, Jan. 20.—(AP)—Fleas of innocence were entered today in Federal Court for Robert H. Best and Douglas Chandler, former newspapermen accused of treason through propaganda broadcasts over Radio Berlin.

Toll Rises In Explosion Of Greek Vessel

Almost All Of 437 Casualties Believed To Be Women And Children

Athens, Jan. 20.—(AP)—The Merchant Marine Ministry today increased to 437 the list of persons missing and believed dead in the sinking of the 1,830-ton Greek steamer Chimarra, which was down 20 miles east of Athens yesterday after an explosion officially blamed on a mine.

The latest figures radioed here from shipping offices in Salonika indicated the doomed vessel was carrying 548 passengers and a crew of 87 when she left there Saturday.

Thus far, the Marine Ministry said, only 198 survivors are definitely known.

Aristides Mytakis, a 44-year-old school teacher who survived the disaster, estimated that almost 200 of the casualties were women and children.

"I am afraid every child aboard was lost and 95 per cent of the women," he said.

Mytakis said the ship sank so quickly that only two of her lifeboats could be launched. He described the vessel's decks as a "solid wall of cursing, fighting men struggling frantically to save their lives."

The Chimarra, which sailed from Salonika Saturday, hit the mine a few miles off shore from Rafina. Mytakis said the ship's master attempted to breach the vessel, but was prevented from doing so by a broken rudder control.

Survivors said scores of panicked passengers leaped into the cold waters of the Gulf as the ship lurched about before sinking. Others, trapped below decks, screamed in terror as the vessel settled beneath the surface.

Wireless Operator George Fretis said the fear-maddened passengers fought so madly to get into one life boat that it capsized and "I (Continued on Page Six)

No Plaintiff By Chinese Coed

Military Police Not Notified Until Following Day

Peiping, Jan. 20.—(AP)—Second Lieut. Richard C. O'Doud of Kingston, N. C., told a naval tribunal trying Marine Corp. William G. Pierson on a rape charge that neither the alleged victim nor Chinese police complained to marine police the night of Pierson's arrest.

O'Doud, who was MP officer of the day, testified the Marine corps was not informed until the following morning that Miss Shen Chung, 19-year-old national Peiping University co-ed, had charged she had been raped. The charge got off a series of anti-American demonstrations by Chinese students.

Testifying for the defense, O'Doud and eight other witnesses said Pierson was intoxicated Christmas Eve.

Lieut. Percival I. Clark III, Oklahoma City, naval doctor who examined Miss Shen Christmas Day, testified he found only three tiny abrasions, which could have been made during a previous medical examination by Chinese doctors.

The girl's injuries would have been greater had she struggled, he said. Miss Shen testified she had fought for three hours.

Lieut. Col. John H. Masters, Anderson, S. C., defense counsel, said he would call at least 10 witnesses although Pierson himself is not expected to testify.

Spokesmen of University students in Shanghai announced at a Sunday press conference that they refuse to rely on the justice of what they call the unqualified and one-sided American court martial. (Continued on Page Four)

James May Third Bicycle Victim On Highways Here

By CHESTER WALSH James Nathan May, 18-year-old Negro youth, was fatally injured on the Ayden-Kinston highway about 2 p. m. Saturday, when his bicycle and a car driven by John J. Rowland of Kinston collided several miles from Ayden. He died shortly after being taken to Pitt General Hospital.

State Highway Patrolmen John Laws and S. E. Gibbs said investigation revealed that when the car attempted to pass the boy on the bicycle, May swerved into the path of the car. Both were going toward Ayden.

Coroner Griffin H. Rouse, after investigating May's death, said the highway accident was unavoidable; that the youth, on his bicycle, swerved in front of Rowland's car. They were both going in the same direction. No arrest was made.

The patrolman said this is the third bicycle fatality on Pitt County highways during the past 30 days.

Election In Poland Virtually Means An Expansion Of The Soviet Union; Nation One Of An Amazing Collection Of States Within A Growing Orbit

By DEWITT MACKENZIE The results of yesterday's momentous parliamentary elections in Poland—the first since 1935—won't be announced officially until the end of the month, but we are told there is little doubt that the counting of the ballots will show an overwhelming victory for the communist supported government bloc of parties over Vice Premier Stanislaw Mikolajczyk's opposing Polish Peasant Party.

If that's what happens it will mean that Poland, gateway between eastern and western Europe, definitely is in the Russian sack-baring contingencies.

Larry Allen, AP correspondent in Warsaw, reports that the election was lacking in secrecy and marked by open intimidation of voters by organizers of the government bloc. He adds:

"In cities throughout Poland the bloc organizers working in groups of three went from house to house and rounded up voters and led them to the polls. Many were told that unless they voted for the bloc candidates they would face loss of jobs, their homes or even imprisonment."

Both the U. S. and Britain made repeated representations to the provisional Polish government in an effort to ensure fair elections. Warsaw replied that every precaution had been taken. It also maintained the position that the elections were Poland's own business—and Russia supported this stand.

However, the elections now are water over the dam. Poland has formally become one of the amazing collection of states within the Soviet sphere of influence.

When the second world war broke out the USSR already was in area the largest country of the world, comprising one-sixth of the land surface of the globe. With the outbreak of the conflict Russia annexed the eastern half of Poland while (Continued on Page Four)

Communists Appear To Win Polish Vote

Heavy Balloting Cast; Government Seemingly To Hold 80 Per Cent Of Parliamentary Seats; Scattered Violence In Election

Warsaw, Jan. 20.—(AP)—The Communist-dominated government bloc parties appeared tonight to have won up to 80 per cent of the seats in the Sunday parliamentary election.

Landslide votes were cast in the big cities and heavily populated industrial areas where Vice Premier Stanislaw Mikolajczyk's opposition Polish peasant party (PSL) was at its greatest disadvantage.

It appeared that the PSL and its offshoot, the "new liberation" party, were likely to share the remaining 20 per cent of the 444 seats in parliament, somewhere around 90 places.

Mikolajczyk virtually abandoned hopes for victory by announcing he intended to ask the supreme court to nullify the election, charging irregularities and violations of secrecy.

The first 18 precincts in Warsaw gave the government bloc candidates 1,633 votes to 5,576 for the PSL, 4-223 for the labor party and 1,409 for others.

More than 100,000 volunteer militiamen aided the security police in guarding the ballot boxes. It was estimated that 12,000,000 votes were cast. The government asserted the election was legal and orderly throughout Poland.

Complete unofficial returns are expected within 48 hours. The official result will be announced January 31.

The voting was marked by scattered violence resulting in the death of eight persons, all apparently slain in raids by the anti-government underground, which had threatened forays during the vote counting.

Mikolajczyk, who was booed at the polls, charged that a constitutional guarantee of the secret ballot had been violated.

Tasks For Hercules

Marshall Shoulders Tremendous Load Of Work And Responsibility When He Becomes Secretary Of State; Some Of The Questions That Lie Ahead

By JAMES MARLOW Washington, Jan. 20.—(AP)—Gen. George C. Marshall shouldered a tremendous load of work and responsibility when he takes the oath as secretary of state.

At the age of 66, he then becomes the No. 1 U. S. diplomat. He also will be a front rank policy maker in international relations. In that job he'll have to show whether a great soldier also can be a good secretary of state, or may be a great one.

Postponement In U. N. Is Assured

Lake Success, N. Y., Jan. 20.—(AP)—An American motion to postpone United Nations discussion of worldwide arms reduction plans for two weeks appeared assured of passage today by the Security Council.

Only Russia stood opposed to the move on the basis of past arguments as the delegates reassembled after a weekend recess prompted by the death of Brazilian Delegate Pedro Leao Veloso.

Warren R. Austin, chief United States delegate, asked the delay until Feb. 4 because of James F. Byrnes' resignation as Secretary of State and to allow more time for studying a series of preliminary proposals tossed into the council hopper by Russia, France, Colombia and Austria.

Judge Burney Is Presiding

Criminal Term Of Superior Court Convened Today

By CHESTER WALSH After convening the criminal term of Superior Court here today and the selection of grand jurors, Judge John J. Burney of Wilmington appointed W. W. (Bill) Lee foreman of the grand jury.

In his charge to the grand jury the New Hanover County jurist made an impressive charge, advising the jurors in the points of the law and their duties as required by law. He explained the law, its purpose and its justification in a comprehensive and convincing manner.

A spectator in court expressed the opinion that "every citizen of the county should hear the judge's charge to the grand jury. He said every word of the message should be printed and that it also should be broadcasted over the radio. Its effect on the average person would result in a better understanding of the law and much more appreciation of it."

An unusually heavy docket confronts Judge Burney and Solicitor Dave M. Clark. Eight of the cases are capital offenses, including rape, murder and first degree burglary. The Ayden pickle factory robbery of 10,000 pounds of sugar from the plant is also scheduled for trial.

Christian Science Service

"Life" was the subject of the lesson-lesson in all Christian Science Churches and Societies on Sunday, January 19.

The Golden Text from I John 5:11: "This is the record, that God hath given to us eternal life, and this life is in his Son."

Among the citations comprising the lesson-lesson were the following from the Bible: "How excellent is thy lovingkindness, O God! therefore the children of men put their trust under the shadow of thy wings. For with thee is the fountain of life; in thy light shall we see light." (Psalm 36:7-9). And from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Because Life is God, Life must be eternal, self-existent. Life is the everlasting I Am; the Being who was and is and shall be, whom nothing can erase." (Page 290).

Duval, of Chicago, secretary of the National Conference of Family Relations, said recently, "One-third of the marriages made last year are headed for the divorce court, she said. But she found hope for realizing improvement in family life if church people and others will stress the need for preparation for the right kind of marriage and family life; if they will realize the need for assistance by parents as they try to put into operation values in which they have had very little experience; if they provide help for the needs of married people, and guidance and help in human relations.

During the summer of 1946, the number of vacation church schools conducted by the Methodist Church throughout the nation increased by more than 920 over the previous year, and the number of pupils enrolled increased by 85,000, according to Miss Ethel Estline, of the Board of Education of the denomination, Nashville, Tenn. There were a total of 10,586 such schools conducted, and a total of 567,213 children enrolled, she reports. These schools are from ten to thirty days duration, and enroll boys and girls from four to fourteen years of age.

"During the year since V-J day, the city of Shanghai has made steady progress toward the restoration of its outward appearance," says Miss Mabel R. Nowlin, Methodist member of the China National Christian Council, recently returned there after furlough in America. "Sidewalks and paving still need much repair; only a fraction of the previous good buses are running; the insufficient street cars are very overcrowded. But after living in badly bombed Chungking, I can hardly realize that this city has been through war and occupation. More ominous than outward signs of the war is the dangerous economic situation. Until rice can get to moving freely again, living costs are 4500 times what they were in 1937, and inflation is dizzying. If only the Communist-Nationalist hostilities would cease, the railroads could again get free moving. If it were only a struggle between two Chinese factions, the solution would be simpler. We need to be praying for both sides, and for the peacemakers in Nanking, that God's solution may be found for this nation of long-suffering people."

### Dr. Cooke To Attend Meeting In Raleigh

Dr. Dennis H. Cooke, president of East Carolina Teachers College, and Dr. Lucile Turner, chairman of the English department, will attend an educational symposium on the shortage of teachers to be held at the Hugh Morison school in Raleigh on Tuesday, January 21. Dr. Turner will represent Delta Kappa Gamma, national honorary fraternity for women teachers, of which she is state president.

The meeting, called by State Superintendent of Public Instruction Clyde A. Erwin, will be attended by presidents of lay and professional organizations in the state.

### Rain Prevailed At Weekend This Area

The weather is the most important topic of conversation in this month of January, 1947, different in many respects, from any January in the memory of old-timers here. Of the 30 days of the month, 16 were cloudy, with intermittent drizzles of rain, totaling, up to January 11, a little more than one-half an inch of rain.

Mrs. C. E. Malden, Airways Observer here for the Department of Commerce, Atlanta, Ga., reported at noon today that from January 12 up to this morning at 8 o'clock, nearly three and one-half inches of rain had fallen—3.42 inches, to be exact.

The rainfall here in December was 1.73 inches, according to the weather observer.

The thermometer here has hovered in the 40's for several days. Brisk winds prevailed here during the day, with indications this afternoon that the mercury will go to lower levels.

Mrs. B. T. Clark, official observer here for the government, reported that Tar River was at the 101-2-foot level, a drop of about 1 foot since Sunday morning, when it was at the 11-foot level.

The average level of Tar River here is about 5 feet.

### Social Security

John W. Robertson, Field Assistant of Rocky Mount Social Security Office, during his visit to Greenville today, reported that he could be found every Thursday at 10 a. m. at the Employment Service Office.

Mr. Robertson declared that although there are over 282 people in Pitt County drawing Social Security payments of over \$44,000.00 a year, he was sure there were some others who should get in touch with him or his office to inquire about the program.

### DOCTOR'S DISCOVERY FOR BACKACHES DUE TO KIDNEYS

If excess acidity of your urine makes your back ache as you grow... so you get up 3 or 4 times a night to pass water, here is good news.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He compounded a medicine made of 16 herbs, roots, vegetables, berries—truly Nature's own way to relief. Millions have used it. The medicine is Dr. Kline's Swamp-Root. Instantly you take it, it starts to work. Nothing out there that may cause your backache... increasing the flow of urine to help you that burning sensation when you pass water... and that bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's marvelous.

The 1946 Amendments to the Social Security Act provides for payments of old age and survivors insurance to dependents of many veterans of World War II. Monthly benefits are payable to survivors of veterans who die within three years after discharge from service in case they are not entitled to compensation from the Veterans Administration. National Service Life Insurance is not considered as compensation or pension.

The revised act provides for monthly benefits, retroactive to the date of the veteran's death, if the survivors file their benefit claims with the Social Security Administration before midnight February 10, 1947. Claims filed after that date will be retroactive for no more than the usual 3-month period.

Marshall Barney, manager of the Rocky Mount office of the Social Security Administration, today called attention to the fact that even though the veteran never worked on a job covered by the Social Security Act, his dependents may be eligible for survivors insurance payments—in case of his death.

He pointed out that the new amendment does not provide any payment to the veteran himself and that it does not provide benefits for the survivors of men who died before discharge or release from the armed forces.

Mr. Barney said that under these provisions, a widow with one child could receive monthly benefits of not less than \$39 until the child reaches age 18, while a widow with three children could receive \$63 a month or more. Lump-sum payments may be made to certain relatives, if the veteran left no one entitled to monthly benefits.

As in the case of all other persons qualified for social security benefits, families of deceased veterans, to whom this new law applies, should come to the office of the Social Security Administration to file their claims as soon as possible. The Rocky Mount office is located in the Post Office building.

### Edwin Borden Davis Passes In Richmond

Edwin Borden Davis, 52, of Portsmouth, Va., died Sunday in McGuire General Hospital, Richmond. Mr. Davis was reared in Goldsboro, the son of Col. A. C. Davis and the late Louie Borden Davis. After serving in World War I, Mr. Davis settled in Maysville, where he was engaged in the veneer business. For the past several years he made his home in Portsmouth, where he was employed in the Norfolk Navy Yard.

### THE THREE SCOURGES OF MAN

★ Devastating epidemics have ranked with war and famine as population levelers. Of these three scourges of man, pestilence was most dreaded. During the Black Plague epidemic of 1348, it was estimated that in some places over two-thirds of the population was wiped out.

The discovery of bacteria as the cause of infectious disease is still within the memory of the living. Pasteur developed the first vaccine for rabies in 1885. Since that time many immunizing procedures have become routine. As a consequence, deaths from infectious diseases have been drastically reduced.

Everyone should be protected against smallpox and diphtheria as an absolute minimum. Do not wait for an epidemic to break out. Then it is often too late.

We maintain complete stocks of biologicals, subject to the orders of your physician.

### FARMER USES GUN SUICIDE

### Leslie Craft Ends Life At Farm Home Near City

By CHESTER WALSH  
Pitt County Coroner Griffin H. Rouse, investigating the death early today of Leslie Craft, 53, farmer, at the home of his son near Greenville, said Craft ended his life with a shotgun during a period of despondency.

The coroner said Craft sat on the bed in his room, on the Tripp farm, about two miles from Greenville, and tied a string to the trigger of the gun to fire it. The charge entered his heart, killing him instantly.

No inquest will be held. A member of his family said Craft had been worrying over family trouble sometime and had threatened to kill himself.

Funeral services will be held at Wilkerson's Funeral Home, Wednesday at 2:30 p. m. The Rev. W. B. Nobles, Free Will Baptist minister of Winterville, will officiate. Burial will be in the Craft cemetery near Winterville.

Mr. Craft was born and reared in Pitt County. In 1915, he was married to Jennie Harris. Surviving this union are three sons, LeRoy Craft and Richard Craft of near Greenville; Alfred Craft of Pine Level; two daughters, Mrs. Raymond Gray of near Fountain, and Helen Craft of near Greenville. Mrs. Craft died in 1928. Later, Mr. Craft was married to Sadie McLawhorn in 1928. Surviving this union are four sons, Frank, Billie,

Leslie, Jr. and Tommy Craft, and two daughters, Mary and Janice Craft, all of the home. Also surviving are four grandchildren; three half-brothers, Johnny, Samuel and Jasper Mills of Shelmerden; and four half-sisters, Mrs. Pearl Tripp of near Ormondsville, Mrs. Tyree Stokes of near Ayden, Mrs. Aaron Mills of Greenville and Mrs. Charles Manning of near New Bern.

### Pactolus School Is Closed Three Days

The Pactolus school was closed today and will remain closed through Wednesday, Don H. Conley, county superintendent of schools, announced today.

The school was closed temporarily, due to transportation difficulties over muddy roads. A number of the school buses are in unsafe condition, and the school official deemed it wise to repair them before hauling school children. Conley said the rehabilitation program for school transportation is only about 40 per cent completed, and that much of the old equipment is unsafe at present. Unless new buses are available, more transportation difficulties are likely to be encountered before the winter is over, he said.

The Pactolus school will resume classes Thursday morning.

Representatives included the following towns and cities in North Carolina: Moses Burt, Hillsboro; Edward Chance, Parmale; Miriam E. Cowan, Salisbury; Margaret Hankins, Wilmington; Karuther Knox, Winterville; Geraldine Lyles, Greensboro; George F. McKinney, Salisbury; Angela Marchena, Raleigh; Cecil Powell, Wilmington; and James Ross, Greensboro.

Winners were Angela Marchena and George F. McKinney who received a \$500 scholarship to a N. C. college.

Each contestant received a diploma, a good health pin and a record of Ray Kruger's Good Health Song, "It's All Up To You."

Karuther was much impressed with N. C. College and Durham. She was accompanied to Durham by her trainer, Mrs. J. W. Maye.

Let's start now to doing something about N. C.'s number 1 need—good health, especially Health Week, February 2-8 by forming good health habits, good sanitation laws, visiting our doctors more often and reading more literature pertaining to health.

**Colored News**

The workers Council meeting was held in the Negro County Agent's office on December 21, 1946, with Mr. Richard Leary, president of the club, presiding. The devotional part of the meeting was splendid and very interesting. The Christmas spirit could be seen on the faces of members present who sang Christmas carols with uplifted voices. The business side of the meeting was in order. The 1st report was made by Mr. Vance Evans, who stressed the means and good use the council meetings had been to him in the years passed. He stated that he had five pigs, two brood sows and a fine peach orchard growing and had started a permanent pasture for 1947. Mrs. Bessie Harris, a new member to the council group made a very fine report on hogs, cows and chickens and stressed she thought the idea was grand to exchange ideas with one another along the farming line by attending the council meetings. She reported 17 small pigs, 10 hogs, 2 brood sows, 50 hens, 1 cow and calf, 65 barrels of corn, 30 bushels of sweet potatoes, six bushels Irish potatoes plenty of turnips and collards and 75 jars of canned food.

Amos Pollard, R-1, Grimesland, N. C., another member to unite with the group stressed the importance of living at home and raising more food and feed. He reported 38 barrels of corn, 30 bushels sweet potatoes 30 hens, 1 cow and plenty of collards.

Fred Midgette, R-2, Greenville, N. C. reported the following: 75 bushels of sweet potatoes, 100 chickens, seven turkeys, 9 shoats and one pig weighing 190 pounds at 5 months old that was raised on a bottle.

The Negro County Agent made a splendid and brief talk along the lines of better farming for 1947 and stressed the means of better health conditions and insect control by means of better sanitation and by the use of insect dusts. To keep a good community together or a good meeting with interest, one must have something to think about of interest and to have that, one will have something to work for and stay busy. Therefore the meetings or the community will always be interesting and stay alive.

The Negro Home Demonstration Agent, Mrs. Cephehart, made a wonderful talk on "What Christmas Means" and stressed the idea of exchanging gifts at Christmas time.

Many other fine reports were made during the meeting. These council meetings are held every third Saturday in each month for the group with a different demonstration given by the agent.

Dennis D. Dupree, Negro County

**We Are Reducing Prices of All Ford Cars**

**"as much as \$50 on some models"**

**Effective Immediately**

*A Statement by Henry Ford II*

"Although more than one million of our customers are waiting for delivery of their cars at present prices, we are immediately reducing the price of every Ford car—some models as much as \$50.

"This is our 'down payment' toward a continued high level of production and employment in the months ahead. We believe that the 'shock treatment' of prompt action is needed to halt the insane spiral of mounting costs and rising prices and to restore a sound base for the hopeful period of post-war production we are now entering.

"Let me review briefly the considerations which have led us to take this important step.

"The Ford Motor Company is in the mass production business. Mass production depends upon large markets. It will continue to succeed only if it can produce more and more at lower and lower cost so that more and more people can buy. Large markets begin to disappear when prices rise.

"The un-American spiral of mounting costs and rising prices has hurt everybody—some groups more than others. Many have not benefited from post-war wage increases, but have had to share the burden of resulting higher prices. Already, millions of American families are unable to buy the things which, in normal times, make up their standard of living. In the short view, we can see inflation. In the long view, there is danger of depression.

"The period since V-J Day has been an unhappy and costly period of reconversion to peacetime production. Ford Motor Company has lost millions of dollars since V-J Day, even after all tax adjustments.

"But the crisis of this wild aftermath of war seems to have been passed. Our own production, though still limited by material shortages, is now steadier. Produc-

tivity of our employes, which hit a new low during the period, seems to have started its return to normal. Ford Motor Company made a modest profit for the last three months of 1946, and we intend to continue to operate in the black.

"The American economy now stands at a turning point. Mounting costs and rising prices have warranted caution and hesitancy. There is even general fear that this dangerous, un-American cycle cannot be corrected without an economic recession. We think this fear can be dispelled by common sense and action. And among free men that becomes an individual responsibility.

"The Ford Motor Company therefore proposes to accept its losses since V-J Day as an item of the cost of a great and victorious war. We are closing our books on that phase of our production history. We have decided that now is the time for us to make an investment in the future.

"Because they must build up depleted cash reserves or because they are still losing money, many businesses may not be able to follow suit. But we hope that our suppliers, our employes, and our other economic partners will back, each to his own ability, our attempt to return to the economic pattern which has helped to make America great—the principle that higher wages and a higher standard of living for all depend upon lower costs and lower prices through increasingly efficient large-scale production.

"We hope, as we move forward, that we will be able to reduce prices further, and that we will not be forced to raise them again to compensate for cost increases."

*Henry Ford II*

## Strength FOR THE DAY

By EARL L. DOUGLAS

### PUTTING THE PIECES TOGETHER

A great building is in process of construction on a certain university campus. In the vicinity one walks among thousands of pieces of carefully hewn stone. They all bear numbers. In an architect's office, perhaps miles away, they were originally numbered. The foreman of the job has huge piles of blue-prints, and on these the numbered stones are all accounted for. Within the next year they will be put together, and the result will be a beautiful building. But to one walking among the stones now, it seems as if they could never be assembled. One can hardly imagine them rising into a structure of beautiful proportions.

Behind the blueprint is the architect, and working for the architect is the foreman or the engineer or the mason. Behind the lives of all of us is a divine Architect. We see the scattered circumstances of life lying round about us and they seem nothing but evidences of confusion. All time is out of joint. Can anyone put together the manifold circumstances of modern life and make out of them something unified and significant?

Yes, behind all the detached evidences of life is the Architect. Working on them are men through whom the architect works. The events of this chaotic age will, by the hand of an all-powerful and all-wise God, be gathered together into something beautiful and significant.

And what is true of the life of the world is true of our lives as individuals.

## WASHINGTON LETTER

### GOP COMMITTEEWOMAN FROM PHILIPPINES STUMPING IN UNITED STATES

By JANE EADS  
Washington — Miss Marguerite Wolfson, national Republican committeewoman from the Philippines for 26 years, has come to the United States to "stump" for her party here the next two years.

The war years in the islands took a more than average toll on her health and heartstrings, but Miss Wolfson, a distinguished-looking woman of 60 with a nice smile and lively dark eyes, already is busily immersed in her job.

"Our biggest effort now," she says, "is to straighten out our domestic affairs and carry on with the leadership that has been forced upon us."

"All over the world people are looking to America to help shape and make a better universe."

Personally, she says, she is "trying to discover America and be one American among many." She hopes to spread abroad the story of what her country "has done for peoples everywhere."

Miss Wolfson's father, Joseph U. Wolfson, went out to the Philippines during the Spanish-American war and stayed there to become one of the leading lawyers of Manila. The family soon joined him. Through the years the Wolfsons accumulated a large apartment house, a plantation, a home in the center of town and a small house on the outskirts.

Miss Wolfson's parents died during the Japanese invasion, and all of the family's property was destroyed. The apartment house was bombed, then occupied by American soldiers and Japanese pilots successively. It was finally destroyed.

Miss Wolfson nursed the sick and wounded in her area during the war until she was interned at Santa Tomas for 14 months. She has worked for the underground forces.

Miss Wolfson became interested in the activities of the Republican party when she resided in England. People, she said, asked so many intelligent questions about this country, and she didn't know the

Leading business and professional men here and in Pitt County today said the organization of the Old North State Insurance Company in Greenville, is the most important event in this section since the tobacco market was organized in Greenville in the late 1890s. The personnel of the incorporators and the first subscribers to stock in the strictly North Carolina insurance company is excellent and represents considerable influence in the state.

The late Irvin S. Cobb of Kentucky, humorist and philosopher while on a visit in North Carolina not so many years ago, wrote a book entitled, "What North Carolina Needs Is A Press Agent." A prominent man here today said "What Eastern North Carolina needs is an organizer, and we've found him in Robert Lee Humber, nationally known lawyer of Greenville."

## Tasks For . . .

(Continued from Page One)  
The Americans, British, French and Russians still occupy Germany as they do Austria.

And each of those four nations has its own ideas about what the Allies should do with both countries.

It will be the job of Marshall and the other foreign ministers to reach some agreement.

But Marshall has other problems ahead: Agreements with other nations particularly Russia, on atomic energy; disarmament; foreign trade and what we will do with captured Japanese islands.

And closer home: Will he have time to reorganize the State Department? Stettinius started out to do that but failed. Then Secretary Byrnes tried, but didn't finish it.

Marshall had wanted to retire to private life a year ago when, after quitting the army, he was sent to China by President Truman.

## What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

# PIRATES WIN SUNDAY GAME

## Local Squad Continues Winning Streak In High-Scoring Contest

By BILL STUENEN

There's a quiet conviction spreading among their followers that the East Carolina Teachers College basketball squad is "going places." The racking up 1 field goals for a total winning streak which they have been enjoying is something for Coach Johnson to point to with pride, and whisper "watch our team next year."

The Pirates cage quintet made it to straight out of 13 games last night as they defeated the College Five from Rocky Mount, 60-53, in a tough game.

The first half of the second half was slow, with each team remaining in close distance of each other. After 10 minutes of the second half, the Pirates started to pull away as Larry James and Jim Taylor bombarded the basket to give ECT the win. James and Taylor combined scored 36 of their own team's points, while Jim Landis of Rocky Mount topped all scorers by

From where I sit, it's a little like the Brewers' program of Self-Regulation. They want all taverns selling beer to be a credit to the city. . . neat and orderly and up to scratch. And when any tavern lags behind, they nudge it back to standard. Works too!

### Main Street is One up on Broadway

Our Main Street isn't Broadway. But for cleanliness and neatness, it has Broadway lashed to the mast! (I'm sticking my neck out, so far as these city people go, but it sure is the truth.)

Our sidewalks all along Main Street are swept clean each morning; the store fronts are kept neatly painted; the windows are shiny bright; and there's grass and flowers every place that grass and flowers can be made to grow!

Richmond, Calif., Jan. 20—(AP) George Schoux, a boy who learned his golf on the public links of San Francisco and graduated into the professional ranks just a year ago this week, developed into another threat to the scoring kings of the PGA yesterday by winning the \$10,000 Richmond Open Golf Championship with a 16 under par score of 268.

Schoux, who jumped four strokes ahead of the field with a third round total of 197 Saturday, stood off the challenge of two of golf's all-time greats in the final round—U. S. Open Champion Lloyd Mangrum and the nation's leading money winner Benny Hogan—without cracking.

Philadelphia, Jan. 20—(AP)—Rune Gustafsson, the soft spoken,

fast moving Swede, was in town today to acquaint himself with the "troublesome curves" he must face here Friday night in the first big indoor mile of 1947.

New York, Jan. 20—(AP)—Clark Griffith, owner of the Washington Senators, is desirous of picking up an easy \$150,000, all the eminent gray-haired gentleman has to do is hand over James B. (Mickey) Vernon, his much-sought after first baseman, to the New York Yankees.

Chicago, Jan. 20—(AP)—Art Devlin of Lake Placid, N. Y., pug-nosed Irishman who flew 50 bombing missions over France during the war, outjumped champions of Sweden and Norway yesterday to win the 41st annual Norge Ski Club meet in suburban Fox River Grove, Ill.

Devlin, who won the United States jumping title since returning from overseas, leaped 203 feet on his first attempt to set a record for the big hill near Cary, Ill., and then jumped 173 on his second try. The judges, rating him on form as well as distance, gave him 147.4 points.

Peoria, Ill., Jan. 20—(AP)—Police were given a hot clue when they were sent on the trail of 44 stolen chickens. One of the hens, the complainant reported, was a fresh with a double beak.

# BETHEL QUINT SHOWS POWER

## Winning Combine Takes 15th Game Of Season Over Robersonville

Bethel, N. C., Jan. 18.—The Bethel Indians beat Robersonville 37 to 35 in a close contest Thursday night, Jan. 18. The lead changed hands 10 times. The score at half was 17 to 18 in favor of Robersonville. At the end of the third quarter the score was tied up 24 all. Robersonville never regained the lead. This win boosted Bethel's winning streak to 12 straight. They have won 15 out of 16 games. The win at Robersonville last night broke Robersonville's 3-year winning streak on their own court.

The Bethel Indians have made 546 points averaging 34.125 points per game to their opponents' 329 points averaging 20.56 points.

Farmville is the only team who has beaten Bethel. It was in their fourth game. The Indians, however, came back and beat them twice; once by 11 points and once by 20 points.

## Martin County Man Killed By Log Truck Saturday

By CHESTER WALSH

James Garland Bailey, 29, of Beargrass in Martin County, died at 8 o'clock Saturday night while enroute to a Williamston hospital after being involved in an automobile accident.

He was an occupant of a car being driven by his brother-in-law W. A. Bailey, which had stopped at the intersection of the Beargrass-Williamston highway and was hit by a logging truck which left the Williamston highway and was turning into the Beargrass road.

Funeral services were conducted at the Beargrass Presbyterian Church at 2:30 o'clock this afternoon.

# Burgler Clubbed To Death By Woman

## Los Angeles, Jan. 16—(AP)—A 21-year-old burglar was clubbed to death today, the sheriff's office reported, by a 64-year-old woman who found him hiding in her kitchen.

Deputy Sheriff W. H. Salyers identified the victim as Robert Rudolph Matthews. He was found unconscious on the floor when officers arrived, and died a few minutes later in a hospital prison ward.

## Student Organizing Big Sports Program

Robert L. Shuford of Thomasville, freshman at East Carolina Teachers College, has accepted a position with the Greenville Recreation Department and has begun the organization of young men of the city into teams participating in various sports.

Shuford states that the program which he will conduct is designed to give young men in Greenville, especially those working here, an opportunity to engage in wholesome recreation. Basketball, volleyball, and badminton are the major sports on the schedule of activities which Shuford has planned. Games will take place at the Armory in the city.

# N.C. Basketball

The South's largest basketball crowd will witness two of Dixie-land's finest teams in action tonight when Duke's Southern Conference defenders attempt to halt an impressive victory drive by a title-hungry band of Indiana freshmen wearing the colors of N. C. State.

Other games on tonight's card will feature three North State Conference battles, Elon at Catawba, Lenoir-Rhyne at Appalachian and High Point at Western Carolina Teachers. East Carolina Teachers will entertain St. Helena of Norfolk.

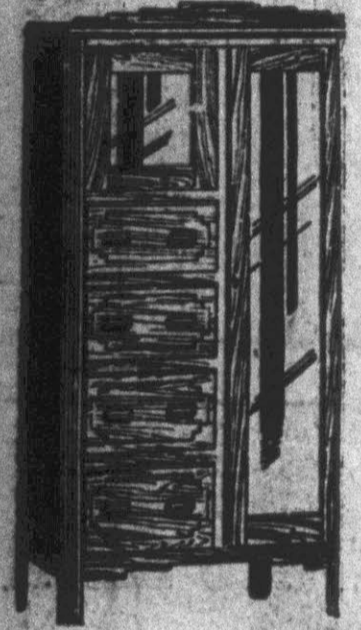

In games last night, ECTC edged out the Norfolk Naval Station, 52 to 49, in overtime; Lenoir-Rhyne lost to Wofford, 44-40 at Hickory; and the Asheville Bombers spoiled a Western Carolina tour by High Point by downing the Panthers, 53 to 39.

PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

Q. What educational benefits do I get under the GI Bill of Rights?  
A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the end of the war, entitles you to another month of post-service education, up to 48 months. Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.

Q. What about family allowances?  
A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.

Q. What are my chances of going overseas?  
A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.

Q. Can I still choose the branch of service I want to serve in?  
A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.

Q. Is there any way I can reenlist in my old grade?  
A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.

Q. Is there any other way I can reenlist in grade?  
A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.
