

Judge Ends Hearing Of Portal-To-Portal Case

U.S. Gov't Asks To Become Party To Suit; Sonnet Anxious To Return Issue To Supreme Court For Final Say

Detroit, Feb. 5.—(AP)—Federal Judge Picard asking permission for the government to step into the six-year-old case, which was the forerunner of nearly five billion dollars in portal pay claims against industry.

Judge Picard, who is hearing the Mt. Clemens case, indicated that he is not opposed to the government entering the case but that he felt that the national CIO should be given the same opportunity.

Picard told Sonnet: "I want it to go up to the Supreme Court whatever I decide. I think there is something to be settled that should be settled once and for all."

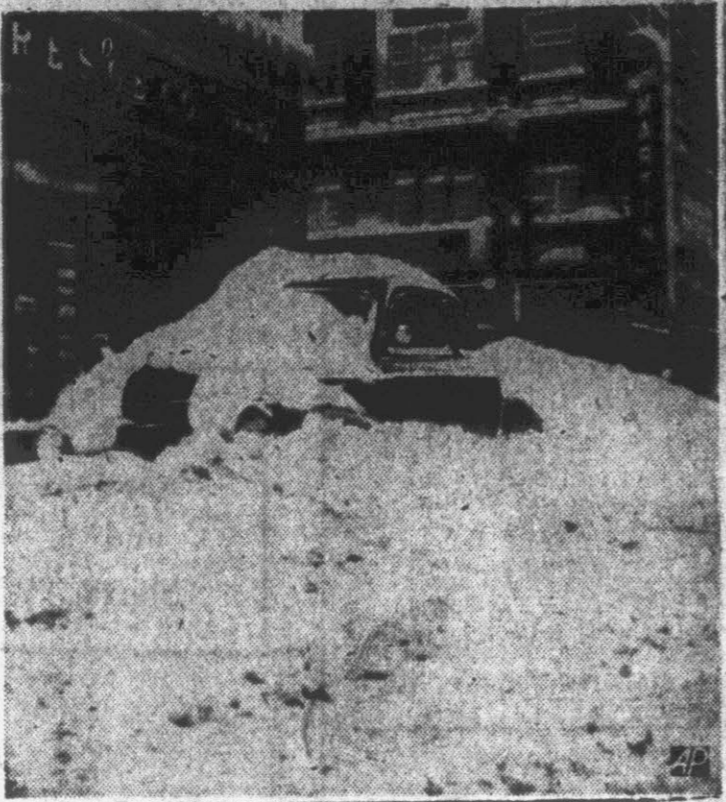

The district judge has been directed by the Supreme Court to assess portal time in the pottery case and decide whether or not it is too late to do so.

John F. Sonnet, assistant U. S. attorney general, said the government wants to enter the case and return it to the Supreme Court as soon as possible.

Earlier Sonnet told the federal judge that this course of action had been cleared by every government agency, including the president of the United States.

Sonnet presented a petition to

Snow-Bound In A Sioux City Street

A nine-inch snowfall left this automobile and many others stranded in the streets of Sioux City, Iowa. Snow plows, trying to open the streets, piled the snow deeper around the car. In many sections of the middle west, traffic was halted by snowfall that was 16 inches deep in some places. (AP Wirephoto)

THREE DIE IN GAS-SPRAYED TRAIN WRECK

Ninety Passengers Injured As Streamliner Smashes Tank Truck

Fresno, Calif., Feb. 5.—(AP)—A crack Southern Pacific passenger train smashed through a tank truck and trailer late yesterday with an explosion heard six miles away, showering ten railroad men with flaming gasoline and killing at least three persons.

Ninety passengers were injured, nearly 30 remaining in serious condition.

A girl, Kay Hansen of Pasadena, Calif., was reported in a very critical condition suffering from body burns and was not expected to live.

All but 47 of the injured were released after first aid treatment.

Amos Alonzo Stagg, 84-year-old dean of America's football coaches, was in a rear car and was unhurt.

The train was the streamlined San Joaquin Daylight enroute from Los Angeles to Oakland. It was sprayed with burning gasoline and burst into a blazing wreck in a matter of seconds; its gaily-decorated orange cars jammed with frantic passengers smashing windows and fighting crazily to escape.

Only ten of the streamliners' cars burned, and none of them left the tracks but the sudden envelopment of the train in blazing gasoline and deadly fumes created a near-panic among the hundreds of passengers who, a moment before, had been leisurely enjoying the streamliner's club cars and other comforts.

There was a tremendous explosion as the streamliner, racing through the flatlands of the San Joaquin Valley, slashed into the tank truck at 3:25 p. m. (PST) yesterday. For hours afterward railway officials, the Red Cross and other relief agencies struggled to aid the scores of casualties and find out the extent of the disaster.

Philip Lee Mayer, 21, of Fresno the truck driver, in some miraculous manner, escaped injury.

The scene was one of tragic horror as the spring flames trapped many of the 500 passengers in the cars.

The locomotive and the rest of the train remained on the track.

The victims were taken to hospitals at Kingsburg, Selma, Fresno and Tulare, adding to the difficulties of determining the extent of their injuries.

Peace May Yet Be Lost Says Truman

President Reports To Congress On U.S. Activities In United Nations; Notes "Great Progress" In Past Year

Washington, Feb. 5.—(AP)—President Truman told Congress today that the United Nations has made "great progress" in the past year but that world hopes for peace can yet be betrayed and lost.

"The difficulties and dangers that lie before us are many and serious," Mr. Truman said in a letter transmitting to both the Senate and House a report on United States activities in the world organization during 1946.

He declared in the report itself that progress made on international control of atomic energy is "heartening," due chiefly to increasing Russian agreement with American proposals for a world control system.

On the other hand, the Chief Executive described as "disappointingly slow" the work of the Military Staff Committee. That U.N. agency has the task of organizing the forces which the Security Council is authorized to use against any future aggressor.

UN - AMERICAN PROBERS PLAN HOLD SESSION

Secrecy Cloaks Preliminaries; Eisler Arrested, Will Take Stand

Washington, Feb. 5.—(AP)—The House Committee on Un-American Activities closed a cloak of mystery over all but one of its "important witnesses" summoned to testify tomorrow.

Except to say that Gerhard Eisler, arrested yesterday at his New York home, will be on hand for the committee's first public session of 1947, Chairman Thomas (R-NJ) declined to be specific.

Eisler has been depicted in committee testimony as the Kremlin's top agent in this country.

"There are about a dozen important witnesses under subpoena and you better be on hand to see who they are," Thomas told newsmen who prodded him for some identification.

He could not name them now, he added, because of "the delicate nature of the situation."

Asked whether prospective witnesses include Hollywood celebrities whom the committee has indicated it will question during the year, Thomas said only "they are coming from considerable distances."

Despite Eisler's arrest in New York and his transfer to Ellis Island for possible deportation proceedings, Thomas said he is "confident" that Eisler will be on hand tomorrow.

He disclosed that the committee on January 31 requested the Justice Department to keep a "twenty-four hour surveillance in order to insure Eisler's appearance."

Eisler was identified last year by Louis F. Budenz, former Communist editor, as the leader of the Communist movement in the United States. Budenz renounced communism to join the Catholic Church and accept an economics professorship at State College and later at Fordham.

The federal warrant on which Eisler was picked up yesterday charged violation of the Enemy Alien Act.

Eisler had been scheduled to leave for his native Germany on a Russian vessel last October 18 but his exit permit was cancelled without explanation by the State Department.

"Prettiest Daughter Of Congress"

Rep. Hamilton C. Jones, Democrat of North Carolina who lives in Charlotte, sits on the capital steps and points out the sights of Washington to his daughter, Alice. She is visiting the capital city between mid-term examinations at school. Rep. Jones says she is the "prettiest daughter of the 80th congress." (AP Photo)

Kai-Shek Calls Top Generals Now In U.S.

Move Is Aftermath Of Peace Parley Breakdown; New Widespread Civil War Outbreak In Near Future Possible

Washington, Feb. 5.—(AP)—The breakdown of Chinese peace negotiations was reported today to have prompted Generalissimo Chiang Kai-shek to recall his top military leader, Gen. Ho Ying-chin, from the United States.

Chinese officials say that General Ho, who currently is China's representative on the United Nations staff committee, probably will leave for home this month.

China's wartime chief of staff Ho is rated an uncompromising foe of the Communists. He long has been identified with the extreme right wing of the Nanking Nationalist regime which Marshall has blamed, along with Communist extremists, for the failure of his efforts to effect a settlement of China's civil strife.

The General's transfer to the United States last year was viewed at the time partly as a means of giving Marshall a free hand in trying to bring the moderates together.

Thus his recall is viewed by some diplomatic authorities as a further indication that the two rival factions in China are squaring off to resume full scale warfare in the spring or summer.

Chinese officials say only that Ho's work in this country is nearing completion. He heads a military

COLD WEATHER AGAIN TONIGHT

Weather Man Claims Mercuries Will Rise On Thursday

Relief from the current siege of winter over North Carolina, which sent temperatures spiraling downward from the mountains to the sea, was seen today by the weather man but North Carolinians face another cold night before it comes.

The U.S. Weather Bureau reporting statewide readings far below the freezing point early today, predicted fair skies and rising mercuries tomorrow. Continued cold was seen for tonight.

The entire state was gripped in the siege which sent the mercury down to a high of 31 degrees to a low of 19 degrees below zero shortly after midnight. Two inches of snow were reported in the area.

The cold snap, coming on the heels of balmy, springlike weather that touched off January's rainy spell, was generally welcomed by farmers and orchardists. Hog killings had been delayed by the unseasonably warm days and apprehension had been expressed in some quarters over the premature blossoming of fruit trees, exposing them to the probability of killing frosts later.

Winds ranging in velocity from 15 to 25 miles per hour whipped the cold wave across the state's western mountain barriers.

No Compromise

Washington, Feb. 5.—(AP)—Charles E. Wilson, president of General Motors, today told the Senate Labor Committee he "never will sign a closed shop contract."

"I wouldn't sign a closed shop agreement," the corporation head declared. "I never will sign one. When it gets around to that they can make a farmer out of me."

BILL OUTLAW'S CLOSED SHOP

Labor Measure Is Introduced Providing "Right To Work"

Raleigh, Feb. 5.—(AP)—A bill to outlaw the closed shop in North Carolina was introduced in the Legislature today by Reps. Scott of Beaufort, Martin of Martin and Hathaway of Gates.

The bill set forth that "the right to live includes the right to work," and that all persons should be free from restraints and coercion in the pursuit of their lawful duties.

Membership in labor unions would not be abridged.

No person would be required to become or remain a member of a union as a condition of employment. Nor could any employer require an employee to abstain from labor union membership as a condition of employment.

The check-off system would not be mandatory. In the two persons would be required to pay union fees through his employer.

A wronged workman, under the bill, could recover damages.

On motion of Senator Wallace Johnston, the Senate referred to its committee on propositions and grievances a substitute bill outlawing all but the manufacture of fireworks in North Carolina. Senator Ailsbrook said it would not be right to let fireworks be manufactured.

(Continued on Page Six)

Woman Prisoner Is Apprehended Here

Greenville police apprehended Bertha Pressly, who escaped from the Farm Colony, correctional institution for women near Kinston, on Evans street Monday night and returned her to the institution. Police Officers Gladson and Harris arrested her.

Police quoted the young woman as saying she would rather go to State Prison than back to the Farm Colony.

Good Prospects For Leaf Mart

Washington, Feb. 5.—(AP)—The Agriculture Department reported today that preliminary sales figures indicate flue-cured tobacco brought growers an average price of about 48 cents a pound during the past season.

This estimate compares with an average of 47 cents reported for the previous season.

The department said that when flue-cured marketings were resumed after the year-end holidays prices continued a downturn started weeks before.

January sales prices for old and middle belt flue-cured, type 11, averaged 35.9 cents a pound through the 17th.

Exports of all types of tobacco in November were said to have been the highest for the month on record, totaling 93,000,000 pounds.

"Heavy exports and continuing high cigarette manufacture contribute," the department said, "to favorable prospects for the 1947 crop."

They Do Want Peace

Russia Necessarily Sincere In Disarmament Proposals; Respects Behind Political Maneuvers At Lake Success; Soviet Now No Great Military Power

Russia's maneuvering for position and propaganda purposes in the current discussions at Lake Success need not be taken as evidence that the Soviet is insincere in its disarmament proposals.

That she will attempt to arrive at some agreement in her own fashion, always suspicious of anything a "foreigner" offers and always conscious of the party line, is a foregone conclusion. But in the long run she is probably more anxious for an arms limitation agreement than anyone else right now.

Britain and the United States already have passed their military establishment sharply, and are continuing to do so. Russia has, too, but not to such an extent nor as much as she would like.

To speak of Russia as one of the great military powers now is cor-

rect, but an oversimplification. She is a big army, but not well equipped for its size, and incomparably less mobile than those to which Westerners have become accustomed. The Germans, in the last months of 1941, knocked out the only really prepared Russian armies except those in the Far East, and thereafter the Reds moved or American wheels and received more than a fifth of their total war supplies from abroad. This takes Russian attention from the purely military field to that of industrial capacity. Russia desperately needs the men now in her army for industrial expansion. She knows productive capacity, rather than manpower, is the real basis for British and American military might, and is determined to be in a position to

(Continued on Page Four)

Regional C-Of-C Officers Meet

Wilson, Feb. 5.—A regional meeting of the North Carolina Association of Chamber of Commerce Executives, presidents, directors and committee chairmen of local chambers will be held here on February 21 at the Cherry Hotel, it was announced today.

This will be the first such meeting ever held by the organization in the state.

Chamber of Commerce officials from Wilson, Raleigh, Smithfield, Tarboro, Kinston, Goldsboro, New Bern, Greenville, Rocky Mount, Windsor, Elizabeth City, Henderson, Oxford, Farmville, Morehead City, Ahoskie and Louisburg are expected to attend.

Speakers on the afternoon's program will include W. C. Guthrie, of the Division of Rural Industries of the state Department of Conservation and Development; Lloyd Griffin, executive vice president of the N. C. Citizen's Association; and D. S. Coltrane, assistant commissioner of agriculture of the state.

Ed Cherry, assistant manager of the southeastern division of the United States Chamber of Commerce, will also speak, while a recently produced motion picture "Meet North Carolina," put out by the Standard Oil Co., will be shown.

More Searchers Hunt Lost Plane

Norfolk, Va., Feb. 5.—(AP)—Coast Guard and Army planes joined with the Navy today in a search of the Chesapeake Bay area for a Navy R4D plane with four and possibly six men aboard which went silent in the freezing gale-swept skies over Chincoteague Island last night after reporting it was lost and encountered storms.

Headquarters of the Coast Guard said aircraft from its station at Elizabeth City, N. C., station and army planes from Andrews field in Washington were taking up the search for the plane—the navy counterpart of the commercial DC-3. The navy said there were no new developments.

Farm Bureau Federation Approves Resolutions In Final Day's Session

Asheville, Feb. 5.—(AP)—Resolutions favoring continuation of the national farm program in principle and policy, creation of a four-year medical school at the University of North Carolina, and adoption of a model state fertilizer statute were adopted by the North Carolina Farm Bureau Federation at the final session of its 11th annual convention here this morning.

The delegates went on record as endorsing quotas on tobacco, cotton and wheat; parity prices, soil conservation military training through the schools and national guard, expansion of research in the field of agriculture, elimination of sales tax on farm machinery, tightening of highway safety regulations and state regulation of timber cutting.

One resolution endorsed the state food health program and urged the Legislature to appropriate money with which to provide funds for one-third of the costs of constructing hospitals and medical centers, and loans for medical and nursing training.

Also adopted was a resolution petitioning the General Assembly to consider the advisability of passing laws enabling peanut growers or other groups to conduct referendums on the proposition of levying a

Simple Ceremony In Burial Of Al Capone

Chicago, Feb. 5.—(AP)—Al Capone, who during his gangland days buried friend and enemy alike with a Roman holiday, was buried yesterday in a simple, five-minute graveside service.

An icy wind swept across Mt. Olivet Cemetery, tore at the canvas of the huge canopy over the grave and chilled a small group of relatives and friends of the nation's No. 1 gangster.

There were no pall bearers.

AFL Chiefs Against Conscriptation Plans

Miami, Fla., Feb. 5.—(AP)—The AFL Executive Council went on record today as being "unalterably opposed" to military conscription of any kind.

The 15 leaders of the AFL decided unanimously to vote against any congressional proposals requiring youths to undergo a period of military training. That would be the first step toward regimentation, the council members said.

Adoption Laws

Raleigh, N. C., Feb. 5.—(AP)—A subcommittee composed of Reps. Hales of Wake, Moore of Wilson, Edwards of Durham, Quinn of Cumberland and Worthington of Pitt was appointed today to study a re-drafting of the state's adoption laws.

House Judiciary two generally discussed proposed changes in the laws and decided to appoint the subcommittee to draft a bill, the chief purpose of which will be to protect the child and foster parents from interference by the natural parents. All possible protection would be given the child to protect his or her future.

WANTS CHANGE IN SUCCESSION

Washington, Feb. 5.—(AP)—President Truman today asked Congress for legislation which would place Republican Speaker Joe Martin first in line of succession to the presidency.

The President, in a letter to Martin, and Senator Vandenberg (R-Mich.), president pro tem of the Senate, renewed his appeal for a change in the traditional line of succession.

Secretary of State George C. Marshall currently would advance to the White House if a vacancy should occur prior to the 1948 elections.

Mr. Truman's first proposal that the speaker of the House be put in line after the vice president was made shortly after he succeeded Franklin D. Roosevelt.

It was directed to a Congress controlled by his own Democratic Party and would have made former Speaker Sam Rayburn President in the event of his own incapacitation.

Mr. Truman wrote today: "I said then, and I repeat now, that in a democracy the President should not have the power to nominate his immediate successor."

BRITONS FLEE TROUBLE AREA

RAF Flying Civilians From Violence-Threatened Holy Land

Jerusalem, Feb. 5.—(AP)—More than 150 British civilians left Palestine under the British Army's "Operation Polly" today, taking off from Aqir airbase in Royal Air Force Halifax planes bound for Egypt.

Truman Repeats Plea For Law On Heirs To Presidency

The President, in a letter to Martin, and Senator Vandenberg (R-Mich.), president pro tem of the Senate, renewed his appeal for a change in the traditional line of succession.

Secretary of State George C. Marshall currently would advance to the White House if a vacancy should occur prior to the 1948 elections.

Mr. Truman's first proposal that the speaker of the House be put in line after the vice president was made shortly after he succeeded Franklin D. Roosevelt.

It was directed to a Congress controlled by his own Democratic Party and would have made former Speaker Sam Rayburn President in the event of his own incapacitation.

Mr. Truman wrote today: "I said then, and I repeat now, that in a democracy the President should not have the power to nominate his immediate successor."

The Two Term Drive

Washington, Feb. 5.—(AP)—The Republicans seem determined to try to limit a president to two terms in the White House.

There is no law against three terms or more. But there's a tradition against it, dating back to George Washington who quit after two.

A number of presidents—Jefferson, Jackson, Johnson, Hayes, Taft, Cleveland—favored a limit on presidential terms.

No president ever had more than two until President Roosevelt won a third term in 1940 and a fourth in 1944.

In those critical years the voters gave Mr. Roosevelt a third and fourth term because they trusted his leadership or feared a change. The Republicans, citing tradition, had screamed against those third

and fourth terms and called for a ban on any more than two.

The only way it could be done would be by amending the constitution to limit the number of terms. The constitution doesn't set a limit now.

But the Republicans were blocked in Congress where the Democrats kept control until this year.

Now the Republicans are in control, and they're doing something about it. Some Democrats are helping them.

Some Democrats joined the Republicans yesterday in approving in the House Judiciary committee a proposal which would do this:

Amend the constitution to limit the president to two terms in the White House. And it doesn't mean two full terms. It means any part

Social and Personal

Friends of Mr. S. N. Putnam will regret to learn that he is ill at his home, 502 E. Second street.

Masonic Notice
There will be a special communication of Greenville Lodge No. 284, A. F. and A. M., this Thursday night, February 6, at 7:30 p. m. for work in the Master Mason's degree. All members and visiting Master Masons invited to attend.
L. F. Stokes, Master
A. R. House, Secretary.

Birth Announcement
Mr. and Mrs. Joseph Park Gastor announce the birth of a son, Robert Lawrence Gaston II, on Tuesday, February 4, in Pitt General hospital.

Birth Announcement
Mr. and Mrs. Levy Corey announce the birth of a son, Wayne Elias, on Tuesday, February 4, in Pitt General hospital.

Jarvis Memorial Church
The closing session in the study class in Stewardship will be held at Jarvis Memorial Church tonight at 7:30 in connection with the regular mid-week prayer service. The pastor is conducting the class in the E. H. Hinton Bible class room. The public is cordially invited to attend.

Chatham Book Club
Mrs. Frank Bendall was hostess to the Chatham Book club on Tuesday at one of the loveliest meetings of the year.
Members were greeted at the door by Mrs. Bendall and introduced to her house guests, Mrs. B. M. Curran of Burlington and Mrs. M. S. Curran of Oxford. Spring flowers and a grate fire added cheerfulness in contrast to the disagreeable weather outside.

The president welcomed the guests and presided over a short business meeting, after which the books were passed.
Mrs. Bendall then introduced Mrs. Paul Toll, Miss Sally Margaret Johnson and Miss Jean Robertson from the college, who rendered a most delightful musical program. Miss Robertson sang two numbers, "O Cessate-di-Piagnari" and "False Prophet" by Scot.

Mrs. Toll gave a short sketch of Brahms life after which she played a group of six waltzes and a number of Scherzos. Miss Johnson sang two numbers, "My Friend" by Malotte and "American Lullaby" by Rich. The club was most appreciative of this enjoyable program.
The hostess assisted by Mrs. Rufus Stark and Mrs. L. T. Shotwell served a delicious salad course with coffee.

Mrs. W. E. Downing was another special guest of the club for the afternoon. —Reported

Round Table Club
Mrs. Howard Porter and Mrs. S. J. Everett entertained the Round Table Club at the home of Mrs. Everett on Tuesday afternoon. When the guests were seated the hostesses assisted by Mrs. J. G. Fleming served a delicious sweet course with coffee.

Mrs. D. H. Conley presided over a short business session. The members were delighted to receive from the Garden Department an invitation to attend their meeting on February 21 and hear Charlotte Hilton Green speak on birds seen in North Carolina.

Mrs. Robert Taylor introduced as speaker for the afternoon Mr. W. E. Marshall, a member of the faculty in the Social Studies Department of East Carolina Teachers College. Mr. Marshall spoke briefly of the present day government and contrast of China and possibilities of directing the unrest and revolts into something better for this mighty nation. These present thoroughly enjoyed this discussion by a well-informed student of world affairs. —Reported.

Resolutions of Respect
In view of the recent decease of W. C. Vincent who was a loyal faithful member of the Board of Stewards of Jarvis Memorial Methodist Church for twenty-five years, the Board of Stewards wish to take cognizance in a fitting manner.

Mr. Vincent was one ardent in the support of the affairs of the church. The constancy in his attendance upon the church services and his purposeful attention to the business of the church when he sat as one of the members of the Board of Stewards, marked him as a valuable member of his church and this board.

Therefore be it resolved That the Board of Stewards of Jarvis Memorial Methodist Church take this occasion to indicate their awareness of their great loss upon the passing to his reward of their valued fellow steward and manifest their appreciation thereby for the fine contribution he made by his high example of stewardship.

That the sympathy of this Board be expressed to his widow for her loss of a loved one.

That a copy of this memorial statement be presented to Mrs. Vincent.

That a copy of this statement be spread upon the minutes of the Board of Stewards and a copy be sent to the North Carolina Christian Advocate to be published in their columns.

Signed,
K. W. COBB
WYATT BROWN
R. E. TAYLOR

Inter Se Club
The Inter Se Book Club met at the home of Mrs. Hunter Irving who served a dessert course to her guests during the social hour at the beginning of the meeting.

The program for the afternoon was given by Mrs. Agnes Barrett, who read, in her usual competent fashion, Daphne Du Maurier's play, "The Years Between." The group was keenly interested in her rendition of this fine play which ran in

Social Calendar

WEDNESDAY
7:30 p. m.—Study Class for W. S. C. S. of the Methodist Church, taught by Mr. Bradshaw at the church.

THURSDAY
6:30 p. m.—Girl Scout annual dinner at the Rotary club.
7:30 p. m.—Business meeting of the Woman's Auxiliary of the Free Will Baptist Church at the church.

8:00 p. m.—Bridge tournament at Woman's Club. Call Mrs. J. R. Carrington or Mrs. Harvey Ward.

8:00 p. m.—Undergraduate Nurses' Association meets with Mrs. J. K. Hester, 306 Jarvis street.

FRIDAY
3:30 p. m.—General meeting of Woman's Club at the club house. Dr. Dennis Cooke, guest speaker.

6:30 p. m.—Kiwanis Club.
8:00 p. m.—"Spring Fever," G. H. S. Senior Play, High School auditorium.

Saturday
On Tuesday afternoon, February 4th Miss Jane Hadley was hostess to the Clio Book Club.

In the absence of the president Miss Hadley presided over a short business meeting at which time she welcomed Mrs. G. B. Starling and Miss Sue Barrett as guests for the afternoon.

Miss Hadley gave a most interesting and informative talk on Enrico Caruso, the greatest tenor of his day. He was born in Naples in 1873 and during his early

life he was very poor having very little formal education. At the age of 18 he had a desire to sing which he pursued and at the age of 21 he made his official debut in Naples. One of the most remarkable things about Caruso was that he had only one year of study in music. When he was thirty years old he made his formal debut in Rigoletto in the Metropolitan. During his time he sang in 21 countries. He married Dorothy Park Benjamin, an American who during his short married life he loved and adored and by whom he had one child, Gloria. His humanity was deep, his humor was broad and his faith was high. Before his death in 1921 he had sung 607 times at the Metropolitan. Caruso's body lies in a flower-chapel of white stone in a flowering cemetery near Naples. Soldiers of World War II have visited this mausoleum and paid silent tribute to the memory of this beloved man.

Following this review Miss Hadley played records of Caruso's and the group listened to his magnificent voice.

The guests were invited into the dining room where a salad course with tea was served from a beautifully appointed table by the officers of the club.—Reported.

Charge Boy With Serious Offense
Deputy Sheriff Loyd Manning arrested John Ippock, white youth of near Grifton, yesterday on a charge of breaking into Wahl's Drug Store in Grifton on January 18 and the larceny of money and merchandise. Ippock gave bond for appearance in Superior Court at the April term.

Authorities said Ippock is alleged to have stolen a small sum of money, some smoking pipes and fountain pens from the drug store.

Forty Years Ago Today

THE DAILY REFLECTOR

February 4, 1907

A delegation representing the citizens of Pitt County left Greenville Monday and Tuesday to be in Raleigh today. It is reported that not a merchant of the town of Greenville went with this delegation. We all want an Eastern Normal established and we think we have the best location in the state for it, but to have it come here we must have the vigorous efforts of all citizens.

Cold weather like this is unusual in this section of the country and it catches many unprepared for it. The wood dealers are doing a good business.

W. B. Woman's Auxiliary

The president of the Woman's Auxiliary of the Free Will Baptist Church is calling for a business meeting in the church on Thursday evening at 7:30 o'clock at which time the officers will be installed. All members are urged to be present and visitors are welcome.

Clio Book Club

On Tuesday afternoon, February 4th Miss Jane Hadley was hostess to the Clio Book Club.

In the absence of the president Miss Hadley presided over a short business meeting at which time she welcomed Mrs. G. B. Starling and Miss Sue Barrett as guests for the afternoon.

Forces of Attraction Unleash 100,000,000 volts... and OIL-PLATE Your Engine!

Forces of attraction between positive electricity in clouds and negative electricity in the ground unleash awesome displays of nature's power.

Through control of the force of molecular attraction, a special ingredient of Conoco Nth motor oil is actually bonded to working parts of your engine. In fact, so close is this bonding that cylinder walls and other working parts are OIL-PLATED!

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

1. added protection during the vital periods when you first start your engine
2. added protection from corrosive action when your engine is not in use
3. added protection from wear that leads to fouling sludge and carbon
4. added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now... at Your Conoco Mileage Merchant's Look for the red triangle. Continental Oil Company

CONOCO Nth MOTOR OIL

BETTER OIL-PLATE NOW!

YES, IT'S REAL STRAWBERRY!

If Stuffy Nose Spoils Sleep Tonight

A little Va-tro-nol in each nostril quickly opens up nasal passages to relieve stuffy transient congestion. Makes breathing easier. Invites restful sleep. Works fine! . . . Grand for relieving miliary distress of head colds. Try it! Follow directions in the package.

VICKS VA-TRO-NOL

To Appear In GHS Senior Play

Frances Aman as Anne Purcell in the G. H. S. senior play, "Spring Fever," plays opposite Guy Evans (Howard Brant). Anne, whose one interest in life is Howard Brant, plots to trick even her father in order to assure Howard's graduation. Although Frances has never appeared on the stage of G. H. S., she has taken private lessons in speech for the past three years. She is secretary of the senior class, and a member of the Coga and the Beta Club.

Pictured above is Guy Evans who takes what might be called the leading role in this year's GHS senior play, "Spring Fever," which is to be presented in the high school auditorium on February seventh.

Guy portrays Howard Brant, a senior at Brookfield college who is having trouble with his zoology. When he fails to hand in his term paper the professor informs him he will not graduate. Aunt Maude, however, comes into the plot in time to save the day and Howard too. Because of his superb acting ability, Guy has been a member of the Black Masquers for the past two years. This year he is president of that organization. He is also vice president of the senior class, chairman of the traffic committee, and a member of both the band and orchestra.

Dies In Newport News, Va.

Mrs. John C. Moore, 42, died at 5 a. m. today at Riverside hospital, Newport News, Va. She was the former Ella Mae Moore, daughter of Mr. T. L. Moore and the former Mrs. Dora Moore of Greenville. Funeral arrangements will be announced later.

IS EPILEPSY INHERITED? WHAT CAUSES IT?

A booklet containing the opinions of famous doctors on this interesting subject will be sent FREE, while they last, to any reader writing to the Educational Division, 537 Fifth Ave., New York, N. Y., Dept. B-1063

Police Recover Stolen Property

Police Officer Jesse L. Whichard yesterday arrested John Isaac Moore, 30-year-old Negro, in White's Store on Dickinson Avenue, when he was trying to sell a woman's watch to a clerk.

When questioned at police headquarters Moore told Chief Jim Tanner that his brother gave him the watch. When police started to find the brother, Moore changed his story and said he saw a Negro woman drop the watch and he found it. When police started to investigate further, he told them that he took the watch from the home of Susie Jenkins, Negro, in Bethel, last Monday night.

Moore will be tried at the next term of County Court.

Minstrel Pleases Large Audience

Before a large audience from town and college, the Veterans Club of East Carolina Teachers college presented last night in the Austin auditorium the Dixieland minstrel. The cast of approximately 60 students will give a second performance tonight at 8:15.

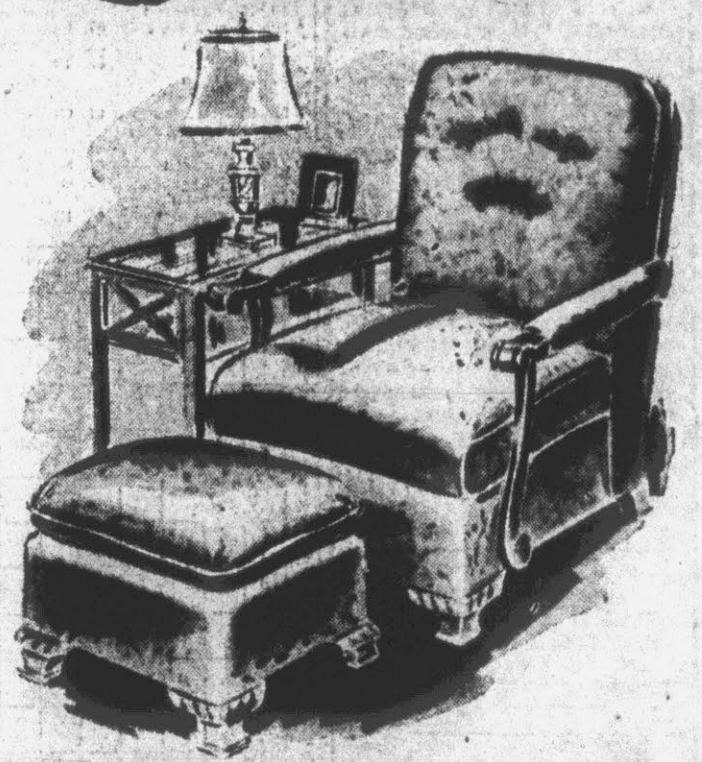

Clarke Stokes of Hertford acted as interlocutor and was supported by eight endmen—Joe Williams, Virgil Clark, and William Craft of Greenville, William Windley of Pinetown, Jack Hedgepeth of Rocky Mount, P. T. Upchurch of Raleigh, Jimmy Fryar of Wilmington, and Garland Hill of Chocowinity.

Wanda Lyndall of Pink Hill and Margery Lee Thomas of Warsaw were accompanists, and a jazz band of six men students supplied music during the performance and at intermissions.

A number of specialties in song and dance included numbers by the Veterans Quartet, jitterbugging by Jack Everton of Columbus and Jean Chaplin of Mt. Olive, tap dancing by a group of college girls headed by Joanne Bloom of Greenville, dance director to the minstrel, and special songs by Sue McGee of Monroe, Joe Williams, Tom Davis of Conway, and Maxine Guthrie of Morehead City.

E. I. Bloom, local attorney who directed the production for the Veterans club, Mrs. Bloom, and Joanne Bloom were called to the stage and received gifts from the club. Joe Williams, president, in a short talk expressed appreciation to the Blooms for the valuable aid in staging the minstrel.

February Sale

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tired to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fiber, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief, you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you get better, better, feel better, work better, better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic builds sturdy health.

COME IN AND SEE THE REVOLUTIONARY NEW

Firestone Champion GROUND GRIP TIRE

OUT-CLEANS OUT-PULLS OUT-LASTS

Any Other Tractor Tire Ever Built

Hundreds of field tests prove the new Firestone Champion Ground Grip Tractor Tire cleans up to 100% more effectively, pulls up to 62% more, lasts up to 91% longer and gives a smoother ride than any other tractor tire. No broken center tire can duplicate this performance!

Strength FOR THE DAY

By EARL L. DOUGLAS

WE ARE NEVER FORSAKEN
An agnostic, who holds forth on religious matters at great length, made the public statement some time ago that it is absurd to believe that a God who has the planets and the rest of the universe in his charge would have time to think about as insignificant a creature as man.

A conception such as this arises from a false idea of God. The agnostic uses the telescope but forgets to use the microscope. He sees God operating in the heavens, but forgets that God operates with equal care and precision in the most minute things of life. The same Being who rules the heavens manifests Himself also in the atom. The God who is interested in the stars is not too big to be interested in man.

To the agnostic, a God, if He exists at all, is the president of a big business concern and is so busy with important problems of administration that He neither knows the workers in his factories nor has any interest in them. The Biblical idea of God is that He is a Father and that every human being is a child of this Father. If the atom bears the marks of design and operates as the result of a vital power, we can be sure that the God of the stars is not too busy to take notice of us who are made in his image and after his likeness. If He took the trouble to create us, we can be sure that He daily takes the trouble to see that our lives are ordered after his original design.

They Want Peace . . .

Continued from Page 1

compete. But now she is behind on her five-year plan, and manpower is a serious problem.

So, understanding the necessity for an industrial system which can compete with those of the West, Russian disarmament today is a positive force in her drive for equality tomorrow.

But, at the same time, she wants no change in actual military ratios among the powers unless it be in her favor. Thus she maneuvers in the U.N. Security Council toward three ends—a world military situation in which she will be safe for some years in applying her manpower to industrial development, a political situation in which she stands before the small nations as a crusader for peace, and an economic situation in which she can draw on the resources of "friendly" (i.e., controlled) neighbors to build up her central strength.

Two Term Drive . . .

(Continued from Page One)

For example: President Truman wasn't elected to his present term. Stepping up from the vice-presidency, he's serving out Mr. Roosevelt's unexpired term.

If he should be elected in 1948 to a full term, that would be considered Mr. Truman's second term. He couldn't run again in 1952 or ever.

This proposed constitutional alteration may come up for a vote in the House shortly. The Republicans are all for speed in this.

It will need a two-thirds vote to pass. If it passes both houses, one more step is needed before it can become a constitutional amendment: Thirty-six of the 48 state legislatures—or 35 state constitutional conventions—must approve.

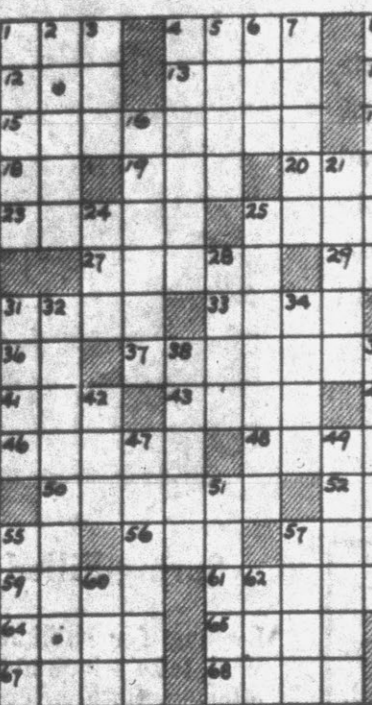

The big question in the matter is this: What's wrong with a man's being elected president as often as the people want him?

Briefly, here's the argument against more than two terms:

1. It's dangerous to keep one man as president too long since he may grab too much power and even become a dictator.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

trivial to deserve damages.

Sonnet, maintaining that the time was too trivial to merit notice, appeared last week as a friend of the court, a status that gave the government no interest in the suit beyond the district court hearing.

Employees who began the suit in 1941 and company executives concluded two days of testimony Tuesday on the time required for workers to prepare for their jobs by donning gloves, reading tools, etc.

Charles E. Doll, Sr., general manager of the firm, testified that not more than one minute daily was thus consumed by an employee.

However, employees testified that they spent up to 20 minutes a day in addition to the time they spent walking from time clock to work bench.

Judge Picard labeled some of the employees' testimony "absurd and added:

"I've got to get this testimony on the record but I don't have to believe everything these witnesses say."

Chinese divisions were at least theoretically subject to Ho's orders. Talking to reporters after his call on Marshall this week, Ho said these had been reduced since V-J Day to about 150 divisions under Nanking's command, aside from smaller Communist forces.

Nearly two score of the Nationalist divisions are American-trained, and Ho said his government still will be dependent on the United States for aircraft and heavy weapons.

Grain Market

Chicago, Feb. 5—(AP)—Wheat
ran into fairly heavy profit-taking
following its recent advance on the
board of trade today. The bread ce-
real dropped as much as 2 1/2 cents
at one time, but a late rally reduced
extreme losses.

Wheat closed 1/2-1% lower, March
\$2.17 1/2, corn was 1/4-3/8 lower, March
\$1.33 1/2-3/4, and oats unchanged to
1/8 lower, March 76 1/2-5/8.

New York Cotton

New York, Feb. 5—(AP)—Cotton
futures opened 40 to 85 cents a
bale higher.

N. Y. Stock Market
New York, Feb. 5—(AP)—Auto-
motive shares pushed ahead in an other-
wise narrow and selective stock
market today.

The buying flurry in motors failed
to lift total transactions above a
level of around 1,100,000 shares.

Service Leaguers Good Samaritans

Stressing "Good Health" as North
Carolina's No. 1 problem, Miss Prase,
psychologist at the Preconditioning
Center for the Blind, brought a very
appealing message to the members
of the Service League at the Febru-
ary meeting. She said, "We are
indeed our brother's keeper, and if
we do not bring up the standards of
living in our community we would
soon be brought down to a lower
level." She stressed many needed
laws and aids for health.

The names of members who had
given 85 or more hours to volunteer
services were read and Mrs. H. L.
Ormond, the president, congratulated
them on this unselfish service.

Mrs. Vance Perkins and Mrs.
Robert Arthur of the Recreation
Committee thanked the members
who had made possible the opening
under chaperoning. The members
were urged to donate magazines for
this club.

Mrs. Tyson Bilbro, layette chair-
man, had placed four layettes with
needy mothers during January. She
asked that anyone having unused
baby clothes to give to this worthy
cause, whose her.

The Laughinghouse Bed at Pitt
of the Teen Age Club by their vol-
unteer staff had taken care of
four patients.

Mrs. Hunter Irving, chairman of
the lending chest, reported that the
wheel chair had been loaned to a
cripple, and that sheets, blankets
and other articles needed by a sick
mother had been placed.

Mrs. L. T. Shotwell, placement
chairman, announced that the sec-
ond half of the year's work was
beginning and asked for volunteer
workers to work each day at the
Preconditioning Center for the
Blind; to roll bandages at the hos-
pital; to work at the Thrift Shop
office; to chaperone at the Teen
Age Club. The Thrift Shop is in
need of warm clothes and shoes

Any donations will be gratefully re-
ceived.

Letters endorsing the Good Health
Program had been written to our
representatives in the State Legis-
lature. These were signed by the
members present and sent to Sena-
tor Arthur B. Corey and Repre-
sentatives S. O. Worthington and

Frank Kilpatrick in the General
Assembly.

**Ready To Enlist
Naval Reserve**
The New Bern Naval Recruiting

Station announced today that Lt.
(jg) R. W. Cantwell, Jr. and his
staff will be stationed in Room 228
of the Post Office Building in
Greenville Thursday Feb. 6 for the
purpose of enlisting men in the V-6
inactive reserve.

All veterans of World War II

Army, Navy, Marine Corps and
Coast Guard are eligible for enlist-
ing in the new Naval Reserve. Non-
veterans, 17 to 18 1-2 and 30 to 39
years of age also are eligible.

Men interested in the Naval Re-
serve program are advised to call
at the Post Office Thursday for
immediate enlistment.

**Flavor
RIGHT OUT OF
THE BERRY BOX!**

Yes, Sealtest REAL STRAWBERRY ICE CREAM IS BACK!

Big, red-ripe berries crushed and blended with fine, golden cream. That's Sealtest Real Strawberry Ice Cream as you enjoyed it in pre-war days... so creamy, so smooth you can't tell it's Sealtest by the taste!

Taste in the Sealtest Village Store, starring Jack Haley, Thursdays, 9:30 p.m. e.s.t. WPTF

THE MEASURE OF QUALITY

**Step right up and meet
a Sweetheart**

It's BUICK for '47!

of beam that spells room aplenty
— the ready-to-go poise of four
coil-sprung wheels ready to level
the roughest roads into boulevard
smoothness.

And in particular, mark down this:
Not one smart model but *nine* will
present this fresh front to the
world this season.

Cars in three series, three wheel-
bases and three price ranges give
you a triple-barreled chance to
know Buick size, Buick beauty,
Buick ability when you travel.

Choose from two versions of the
garage-handly SPECIAL — four of
the light-footed SUPER — three of

the great-hearted ROADMASTER
series.

In each you'll find a rich abun-
dance of the things that make Buick
America's most wanted automo-
bile — engines that seem to stay
forever young, the matchless buoy-
ancy of Buick springing, the
spaciousness of great room, the
feathery handling of controls that
are always "obediently yours."

Naturally — demand is going to
be great; a sweetheart like this is
bound to bring suitors flocking.

So how about coming in — right
away — and getting your order on
our books?

Tune in HENRY J. TAYLOR on the air twice weekly

ONLY BUICK HAS ALL THESE
