Group Takes Up Trail Communist Espionage

Eisler Case "Just Beginning" Claim Un-American Producers Expect To Find Link With Soviet Spy Ring In Canada

Washington, Feb. 7.—(AP)—The House Un-American Activities Committee today took up the trail of Communist spy activities today after checking to the Justice Department whether to deport Communist Gerhardt Eisler or try him as a conspirator.

The committee itself urged prosecution when it heard Eisler described by various witnesses yesterday as the top Communist in America and by his own sister as a "dangerous terrorist."

"That is just the beginning," a committee member told a reporter privately. "It is merely the first chapter on Communist espionage activities. Some of the succeeding chapters will be linked closely to operations of a Soviet spy ring in Canada."

This member said that an American on whom the committee has had its eye was in Canada in June, 1944, "and we want to know why."

It may be ten days, though, before the committee relates the additional chapters in open hearings.

The group had no meeting scheduled until Monday when it plans to adopt a resolution formally citing Eisler for contempt. Then it would be up to the Justice Department to bring a contempt case against him in court.

In a flaring session yesterday (Continued on Page Six)

British Study Plans In Holy Land Talks

Formula Would Allow Displaced Jews To Enter Semi-Autonomous Province; No Immediate Indication Of Acceptance

London, Feb. 7.—(AP)—Informed sources said today the British cabinet was considering a compromise formula which would allow 100,000 Jews from European displaced persons camps to enter immediately a semi-autonomous Jewish province in the Holy Land.

This plan was attributed to Foreign Secretary Ernest Bevin and Colonial Secretary Arthur Creech Jones.

There was no immediate indication from Ten Downing Street whether the cabinet had accepted it.

Government sources said after the cabinet meeting it was almost certain the new British proposal for Palestine would be conveyed to Arab and Jewish leaders in London over the weekend. They added it was likely that Arab delegates to the official Palestine conference would meet Bevin and Creech Jones once again Monday, and because of their "uncompromising opposition" to further Jewish immigration, the talks probably would dissolve immediately.

Qualified informants said Bevin was alarmed at the possibility of an Arab outbreak if the Palestine Arabs should be dissatisfied with a partition of the Holy Land into Arab and Jewish provinces, the most likely plan under consideration.

Bevin and Colonial Secretary Arthur Creech Jones apparently led the opposing cabinet factions. They met with Jewish Agency leaders last night but the agency's political chief, Moshe Shertok, said after a top-hour meeting that "we were allowed to see none of the features of the British government's newest, unborn child"—the new Palestine plan.

Jewish and government sources both said Shertok discounted the possibility of an Arab outbreak in (Continued on Page Six)

SENATE GETS TERM MEASURE

Presidential Limitation Bill Sees Split In Demo Ranks

Washington, Feb. 7.—(AP)—The proposed two-term limit on the presidency headed for the senate today by virtue of a revived Republican-southern Democrat coalition in the house.

While GOP leaders hailed the house action as a victory in the first test of their 1947 legislative program, one Democratic leader told reporters privately:

"They can't call this a victory for their program. They would have been better off if it hadn't been for the southern Democrats."

The limitation on the term of a constitutional amendment, which went through the house yesterday by a 285 to 121 vote—14 more than the necessary two-thirds majority.

If approved by two thirds of the senate and later by three-fourths of the states, it will prohibit more than two full or partial terms for any president.

Although all of the 238 Republicans present voted for the limitation, they were 33 short of the 271 needed for a two-thirds count. But they were joined by 47 Democrats, including 41 from southern or border states.

Many of those same votes were cast with the GOP to upset administration wishes when the Democrats were in nominal control of the house (Continued on Page Six)

Exchange Argues Rule Revisions

New York, Feb. 7.—(AP)—The 1,375 members of the New York Stock Exchange, having just shelved one controversy with their exclusive club, were embroiled today in another intra-fraternity battle of equal or even greater intensity.

Having side-tracked temporarily a scrap over broadening the rules governing the admission of new members, the brokers are now split sharply over a proposal to limit stock trading to a five-day week and a companion suggestion that the daily operating hours of the exchange be extended.

The effect of either or both changes, if made, would be felt throughout the country.

Efforts are being made to establish a strong majority opinion, for or against, before a vote is taken. Emil Schram, president of the exchange, has taken the position that a showdown is not imminent (Continued on Page Six)

Guaranty Wins New Place With Growth

The Guaranty Bank & Trust Co. of Greenville, which reported deposits of \$36,418,885 on December 31, gained 17 places in its standing among the 14,500 banks in the United States during 1946, and now ranks as the 438th largest in size compared with 456th place at the end of 1945.

This was revealed in the 1947 annual roll call of the largest banks in the United States published today by the American Banker of New York.

"Goat" Committee

United Nations Military Committee Generally Blamed For Holding Up Disarmament Talks Through Their Inaction; The Story Why No Agreements Made

By JOHN WEEKS

With several countries insisting that they cannot move toward disarmament until they know what is being done toward collective security through the United Nations Military Committee, that group, and particularly its Russian members, are taking a lambasting for inactivity.

Sir Alexander Cadogan, British delegate, is demanding a report "showing exactly how and why" the committee has been obstructed. Sir Alexander is believed to be acting under instructions from Foreign Secretary Bevin, who is reported much discouraged over progress toward a U.N. military force.

The inference is that "some delegation within the committee is recalcitrant and, since one of the Western powers asks the question, that delegation must be the Russian."

But that isn't the complete truth. The Russians did delay, between March and September, their "statement of principles" which the committee has asked of all members. When they did present it they were criticized for "not saying anything."

A careful investigation has failed to reveal where any of the others "said anything" either, when they reported in April, but the Russians got the blame and it has clung to them.

Since September, however, the committee's stalling has been unanimous. The truth is that, lacking directives from the Security Council, the military men have no means of knowing where they are going or what they're supposed to do when they get there.

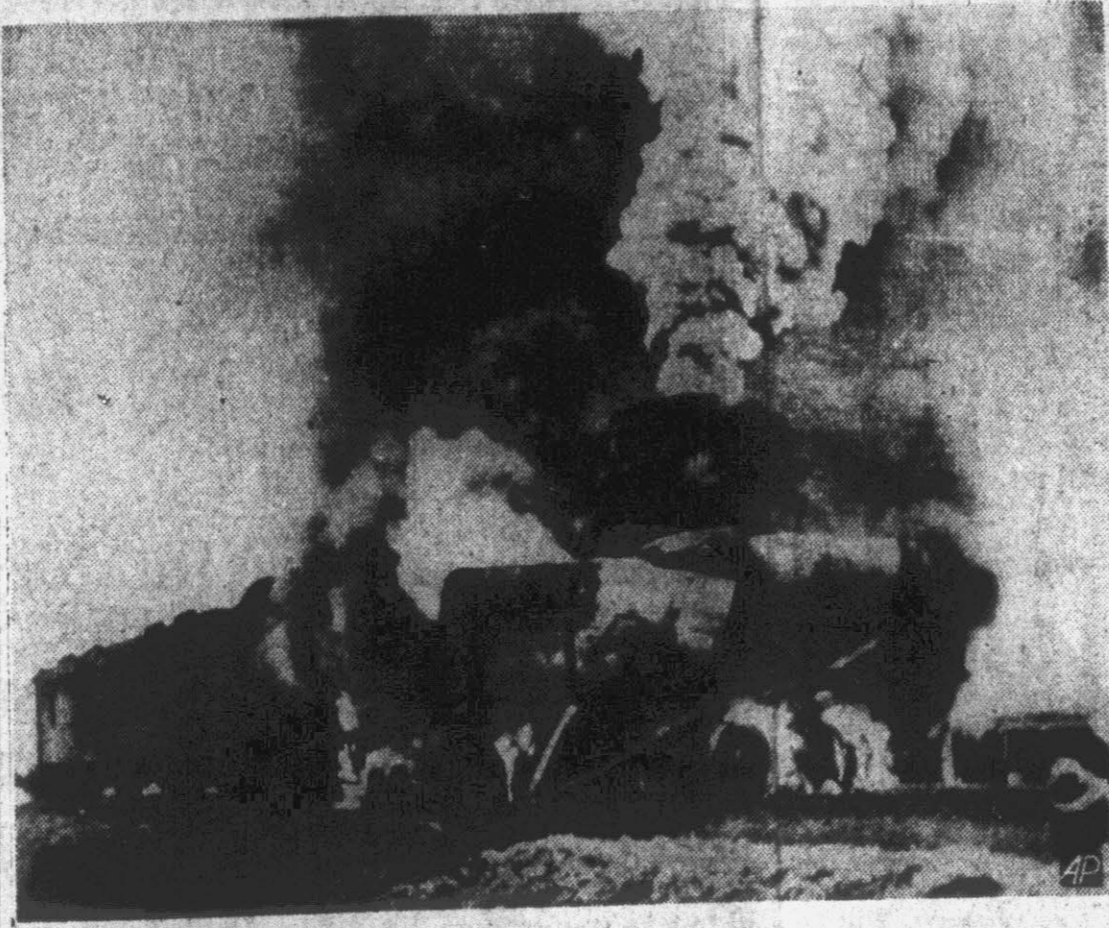

There's a situation in the U.N. which produces stalling in the whole security field for the time being. The Security Council, of course is not charged with making peace but with enforcing whatever peace (Continued on Page Four)

General Orders New Japanese Election

Tokyo, Feb. 7.—(AP)—General MacArthur took indirect note today of the increasingly insistent and widespread opposition to the conservative government of Premier Shigeru Yoshida and ordered another general election for Japan.

The supreme commander's edict was delivered to Yoshida in a politely couched letter expressing the belief that "the time has come for another election" to "once more advance the process of democracy which now governs the state."

3 Die, 90 Hurt In Flaming Crash Of Train, Truck

Flames and smoke pour from the wreckage of an oil truck piled up against the locomotive of the Southern Pacific railway's steamliner, "San Joaquin Daylight," after a collision on the Pacific coast. A terrific explosion shattered 18 cars of the train with flaming gasoline. At least three persons perished and 90 passengers were injured. The train was en route from Los Angeles to Oakland. (AP Wirephoto).

GARDNER BODY ARRIVES HOME

Family And Friends Gather For Funeral Services Today

Shelby, Feb. 7.—(AP)—The body of O. Max Gardner was brought back today to Shelby, his home town.

A hearse bore it from King's Mountain to a funeral home here, on a route that went directly through the Shelby business district. Hundreds of fellow townsmen of the former governor and ambassador to Great Britain stood bareheaded as it passed.

It had been brought from New York to Kings Mountain by train. Mrs. Gardner and other members of the family accompanied it.

After arrival here the family drove directly to the home.

The body will lie in state at the First Baptist Church tomorrow from noon to 2 o'clock.

A funeral service will be held in the church at 2:30 after which burial will take place in Sunset cemetery. The family has requested that no flowers be sent. (Continued on Page Six)

Advise Delay In Island Program

Washington, Feb. 6.—(AP)—Russia, Britain and Australia today were reported to have advised the United States to delay its plan for American control of strategic Pacific islands under a United Nations trusteeship until after a Japanese peace treaty.

However, both Britain and Australia accepted without objection the idea of such American control, according to information given privately to a reporter.

Russia, which has been objecting to extension of American interests or responsibilities at any point, is expected to fight the project eventually as "American imperialism." But an American-Russia showdown over the Pacific islands has not yet taken form in official notes.

Early Decision In Pottery Suit

Detroit, Feb. 7.—(AP)—A decision in the momentous Mt. Clemens Pottery Co. portal pay case may be delivered before the weekend "if at all possible," Federal Judge Frank A. Picard indicated today.

The judge made the announcement before closing himself for the second day to review testimony in the case which opened the door for claims of nearly \$5,000,000 for portal-to-portal time.

Whatever his decision, the case will be returned to the U.S. Supreme Court "as soon as possible," Judge Picard was told yesterday by Assistant Attorney General John F. Sonnett as the trial ended.

The government entered the case in its closing hours after Judge Picard signed an order permitting the U.S. to join industry in its battle against the huge claims.

Tarheel Delegation Give Interior Secretary Park Recommendations

Washington, Feb. 7.—(AP)—A delegation of North Carolinians gave Interior Secretary Krug recommendations today for immediate developments of two national park projects in the state.

Suggestions concerning the Great Smoky Mountains National Park outnumbered those for the Blue Ridge parkway but need for completion of original plans for each was emphasized.

Speaking of the Great Smoky Park, the recommendations said the proposed program would enable the government to overcome the discouragement of many who wanted to live to see at least the original master plan for the park a reality.

It was pointed out that the Tar Heels have waited since 1936 to see the Great Smoky area well developed and since 1933 for completion of the parkway and that the people feel they have been patient long enough.

The group, representing the western North Carolina Associated com-

CITY FATHERS WORK TOWARD ZONING PLAN

Aldermen Hold Busy Session In Regular Meeting Thursday Night

By CHESTER WALSH

The Board of Aldermen in regular session at the City Hall last night declined to take action upon requests from Fleming Brothers and Mrs. Mattie P. Shuff to change the city's zoning ordinance to permit Mrs. Shuff to erect a professional building and the Flemings to erect a super-market at Fifth and Pitt streets, an area restricted as a residential section. Mayor Jack Boyd presided.

The city's zoning ordinance, plans for which were made after long and thorough study and consultation with zoning experts, was recently passed "ad interim" by the Board of Aldermen and a copy of it was published in the newspaper. A public hearing will be held shortly. The idea of zoning the city is to restrict certain areas to residential, industrial and other business property. Progressive cities all over the country have zoning laws and they are popular with the masses. Greenville, a well known citizen said last night, is simply ten years behind in zoning the city. Such an ordinance prohibits persons or firms from erecting shoddy buildings to detract from valuable buildings already erected. It has been pointed out.

The Board of Aldermen granted the Greenville Transit Company operator of the passenger bus line here, a 20-year franchise in addition to the 10-year franchise now in force. The bus line, owned exclusively by local persons, is rendering valuable transportation service in Greenville. It was stated.

R. W. Dennis presented a petition from property owners and others of the Fleming's Cross Roads community, across the river, to the aldermen to take that area into city limits when Billieade, South Greenville (formerly known as the "Barra") and the area between the present eastern city limits and Greenwood streets, including the old NYA property, are incorporated. (Continued on Page Six)

Hannegan Names Favorite For 1948 Presidential Election

New York, Feb. 7.—(AP)—Robert E. Hannegan, Democratic national chairman, has named his favorite for the 1948 Democratic nomination for President—President Harry S. Truman.

"The people of America have learned that Harry Truman wears well," Hannegan said last night in an address which he said would be the President's last into the ring for the 1948 race.

The party chairman, questioned by reporters after his address at a testimonial dinner given him by postal supervisors, said he had talked to Democratic leaders over the country and "all are in favor of the President and his policies."

"I am, for him most sincerely," Hannegan said. "As far as I am concerned, this puts his hat in the ring."

Mr. Truman will get an opportunity to voice his thoughts on the matter when he speaks to a Jefferson Day dinner here April 5. His address will be broadcast to similar Democratic Party affairs throughout the nation.

Hannegan, announcing this to (Continued on Page Six)

Remains Silent On Jewel Cache

San Francisco, Feb. 7.—(AP)—Col. Edward J. Murray of Palo Alto, who won his Army decorations the hard way, remained under technical arrest—and silent—today, awaiting his return to Japan to explain how and where he had acquired the \$210,000 worth of gems taken from him here last Monday by customs men.

The 55-year-old officer, praised and bedazzled for his leadership of infantrymen in combat, denied that the diamonds, emeralds and other jewels had come from the vaults of the Bank of Japan, over which he had charge.

But "I'm not telling anybody where they came from," he added in an interview yesterday at Fort Mason. "There is a reason."

He said he considered the jewels souvenirs, and that "there is nothing in Army Regulations that you can't buy merchandise." He did not say, however, that he had purchased the gems in Japan.

ARCTIC COLD HITS MIDWEST

Chicago, Feb. 7.—(AP)—A new cold wave hit with near paralyzing effect in parts of the Midwest today as the East and South got a respite from the frigid weather.

Near blizzard conditions prevailed in the Dakotas and Minnesota as winds of from 40 to 60 miles an hour carried a fresh mass of cold air from Canada into the benumbed Midwest region. The storm roared westward to the Rockies and spread over the north central states. Sharp drops in temperature were predicted for the entire area over the week-end.

Federal forecasters said that there was not much new snow in the storm, but the winds of gale velocity drifted old snow and threatened to impede transportation.

At Jamestown, N. D., the temperature tumbled to more than 15 below zero and winds of 61 miles an hour whipped up snow to make visibility only 1-16th of a mile. Conditions in many parts of the Dakotas and Minnesota were nearly similar, the Weather Bureau reported.

The storm moved swiftly and temperatures in the cold belt dropped more than 30 degrees from (Continued on Page Six)

REPORT OKAYS ASSURED WAGE

Guaranteed Wages Seen As Solution To Labor Strife

Washington, Feb. 7.—(AP)—A government report prepared for President Truman endorsed guaranteed wage plans today as a means of steadying the nation's economy and lessening labor strife.

Under the plans employees agree to furnish regular jobs and pay for a fixed period, sometimes a year, regardless of whether they may later have enough work to keep workers busy during the period.

The report, prepared after a study by a staff headed by Murray Latimer, former chairman of the railroad retirement board, held that guaranteed wages would:

1. Tend to make employers plan their operations ahead to maintain regular production.
2. Thereby help maintain steady employment and purchasing power.
3. Contribute to labor peace by minimizing workers' fears of loss of income and "permitting and lifting of those restraints on productivity which have long been characteristic of employment insecurity."

Latimer's report has been submitted (Continued on Page Six)

Coal Taken From Empire's Ships

London, Feb. 7.—(AP)—Hundreds of ocean-going ships were tied up in British ports today by a government conservation order earmarking dangerously low coal supplies for domestic consumption only. In addition, electricity and gas rations in Britain were cut.

Both British and foreign vessels were affected by the ban on coal exports and ship bunkering, imposed last night. The London Star estimated the number at 700 or more.

In almost a month of bitter winter weather, the growing fuel shortage was reported to have thrown 200,000 Britons out of work.

The coal embargo curtailed Britain's export drive—a desperate attempt to rebuild foreign credits depleted by the war. Irish industry also was threatened. A member of the Irish Power Loom Manufacturers' Association said 50,000 textile workers would be affected.

Progress In Congress

No Laws Passed By Congress Since Its Opening A Month Ago; Time Needed For Full Study Of Dozens Of Solutions To One Problem; Selecting Best

By JAMES MARLOW

Washington, Feb. 7.—(AP)—Sitting outside Washington—if you haven't been following the news closely—you may think:

What about less talk and a little more action from Congress? Why doesn't it do something?

Congress came back to Washington a month ago, talking about cutting taxes and putting curbs on labor unions.

It's still talking. It hasn't passed one law on unions and it hasn't cut taxes one penny.

But the answer is simple: If Congress is going to pass any laws that mean anything, it had better talk about them first.

Take labor laws, for example: When Congress opened in January, the capitol jumped with talk about curbing unions.

Every day, it seemed, everyone and his brother popped up with bunches of bills to take away the power of unions.

There are good reasons why Congress couldn't act in a rush on all, or any, of those bills:

1. Each bill represented just one congressman's idea. Those ideas needed to be examined.
2. To do an intelligent job, Congress needed time to find out what organized labor business and other people thought should be done.
3. Instead of acting hotly, Congress needed time to think about the full effect of those bills before making them into laws.

So all the labor bills were dumped into the House and Senate labor committees, which have started hearings.

The men who wrote the bills, businessmen, union leaders and others all will be going before the committees to say what they think should, or shouldn't, be done. (Continued on Page Four)

Stassen And Taft Clash Over Labor

Leading Presidential Hopefuls In Lively Exchange On Labor Legislation; Stassen Differs With Ball On Measure

By MARVIN L. ARROWSMITH

Washington, Feb. 7.—(AP)—Two leading Republican presidential possibilities for 1948 collided sharply today on labor legislation.

Harold E. Stassen, an announced candidate, went before the Senate Labor Committee and proposed a secret majority vote of workers as the last step before a strike.

Committee Chairman Taft (R-

Ohio) whose name has been linked with presidential talk, called Stassen's suggestion "trivial," and a lively exchange followed.

Stassen told Taft that "if you believe in the democracy of workers, you must have confidence" in a secret ballot.

Taft argued that in such a vote the workers "do not go against their leaders."

Senator Ball (R-Minn.), who was appointed to the Senate by Stassen when the latter was governor of Minnesota in 1940, criticized Stassen's proposal on the ground that a majority vote requirement would be too drastic.

Stassen countered that "it would be too drastic" if Ball's legislation to outlaw the closed shop were enacted. By this he apparently meant that in an open shop, a smaller vote for a strike would suffice.

Stassen opposed Ball's bill to outlaw the closed shop and its modifications saying it would restrict the freedom of contract.

Stassen and Ball also differed over another proposal by Ball—to prohibit industry-wide bargaining.

Stassen said that breaking up industry-wide bargaining would permit employers to compete in lowering wage rates, perhaps leading to a lag in purchasing power which he said was one factor in the 1929 economic crash.

Ball said: "It seems to me your statement is the classic argument for monopoly wherever it occurs. I don't see how we can maintain a free competitive economy while we permit monopolies to go unchecked."

In his testimony, Stassen suggested as part of a program for peaceful settlement of industrial disputes that no strike or lockout could take place unless a majority of employees so voted.

"As a solution to the labor problem," Taft commented, "I think it is trivial."

Stassen cautioned Congress against "going too far" in restricting unions.

He called for a compulsory "cooling off" period before strikes and (Continued on Page Six)

Polish Envoy

The new Polish ambassador, Josef Winiewicz, enters the White House in Washington to present his credentials to President Truman. The President accepted the designation of Winiewicz as ambassador of the republic of Poland but told him the Polish government "has failed to fulfill" its pledge to hold free elections. (AP Wirephoto).

Higgins Firm Is Cleared By Jury

New Orleans, Feb. 7.—(AP)—A federal grand jury has cleared the Andrew J. Higgins boat-building firm, after an investigation of its war-time activities.

United States District Attorney Herbert W. Christenberry issued this statement today.

"The grand jury which for some months has been investigating alleged violations of federal statutes by Higgins Industries, Inc., and its officials has completed its investigation and has concluded that there is no basis for criminal prosecution."

Coal Taken From Empire's Ships

London, Feb. 7.—(AP)—Hundreds of ocean-going ships were tied up in British ports today by a government conservation order earmarking dangerously low coal supplies for domestic consumption only. In addition, electricity and gas rations in Britain were cut.

Both British and foreign vessels were affected by the ban on coal exports and ship bunkering, imposed last night. The London Star estimated the number at 700 or more.

In almost a month of bitter winter weather, the growing fuel shortage was reported to have thrown 200,000 Britons out of work.

The coal embargo curtailed Britain's export drive—a desperate attempt to rebuild foreign credits depleted by the war. Irish industry also was threatened. A member of the Irish Power Loom Manufacturers' Association said 50,000 textile workers would be affected.

Social and Personal

Col. and Mrs. P. M. Crawford, parents of Mrs. G. H. Pittman, Jr. were recent guests of Mr. and Mrs. E. H. Pittman in Palestine. They were en route to Washington, D. C. and New York before going to Fort Knox, Ky., where Col. Crawford will be stationed.

Mr. and Mrs. W. E. Lee have returned from New York where they attended the national sporting goods show.

Social Calendar

FRIDAY

7:30 p. m.—Piano recital by pupils of Mrs. Eleanor Toll in Steppard Memorial Library.
8:30 p. m.—Kiwans Club.
9:00 p. m.—Spring Fever, O. H. S. Senior Play, High School auditorium.

Forty Years Ago Today

THE DAILY REFLECTOR
February 7, 1907

Town Matters

The board of aldermen met in regular monthly session last night, all members being present.

The finance committee reported that about \$7,000 would be needed for payment on the sewerage system.

There was a discussion on the matter of bootblacks congregating on the streets and a motion was offered that all bootblacks be required to obtain a license tax of \$5. A tie vote resulted and the mayor cast his decision against the motion.

Another motion was made that a license tax of \$2.50 per year be levied and it was declared unlawful for any bootblack to carry on his business on Evans street between second street and the graded school and on Third, Fourth and Fifth streets between Washington and Cotanche. This was adopted.

The report of the water and light plant showed that five water customers and five light customers were added during the month and the revenue of the plant for the month amounted to \$1,182.96. It was ordered that incandescent street lights be placed at the corner of Latham and Third streets and Jarvis and fourth streets.

Haney, pastor, will speak on the theme, "Bread Cast Upon Waters."

Attention Junior Hostesses

You are invited to a dance at Oak Grove on Wednesday February 12. Those who wish to go register at Key Brown's Drug Store at Five Points Friday or Saturday. A bus will leave the service men's home for the dance at 6:30 Wednesday evening.—Mrs. Key Brown.

GHS Senior Play Tonight

The GHS Senior play "Spring Fever" will be presented by the senior class tonight in the high school auditorium.

The play is a delightful and entertaining comedy, directed by Mrs. Howard Mims, who says, "The play is good and the cast has worked diligently to make this production an outstanding activity of the class of '47."

The curtain rises at 8 o'clock and the seniors are hoping to present this hilarious comedy to a capacity house.

Tickets will be on sale at the door.

Thalian Book Club

Mrs. T. W. Rivers cordially welcomed the members of the Thalian Book Club and the following guests, Mrs. H. L. Rivers, Mrs. B. B. Sugg, Mrs. E. S. Webb, Mrs. B. S. Warren, Jr., and Miss Elizabeth Wilson at a luncheon meeting on Tuesday at her home on East Rock Spring road.

After a most delicious luncheon and brief business Mrs. H. L. Rivers held an informal discussion on shrubs and gardening for the small home, the topic chosen for that date.

The books were passed and the meeting adjourned.

Establish Beta Club

According to Mr. W. E. Knight, plans were made on Wednesday, February 5 at the Stokes high school for establishing a local chapter of the National Beta Club, a service leadership organization for senior high school students of America.

Mrs. Sidney Boone, teacher of English, was appointed as faculty sponsor for the local chapter and Miss Treva Bullock, daughter of Mr. and Mrs. O. L. Bullock, was elected temporary secretary-treasurer. Permanent officers for this year will be chosen after installation meeting to be held at an early date. A special program is being planned for this occasion.

The organization will be composed of the following students who have fulfilled the requirements necessary for membership in the National Beta Club:

Marvel Stokes, Edward Kopp, Treva Bullock, Mary Frances Crandell, Corinne James, Elsie House, Peggy Ross, Alton Brimhill, Charles Cherry, Curtis Whitehurst, Jessie Corv, Taylor Martin and Helen Marie Etheridge.

A Happy Home

Is your home a happy home? What do you think is necessary to make a home a happy one? This question will be discussed at the five o'clock vesper service at the Immanuel Baptist Church Sunday afternoon by Pastor J. A. Nelson. This will be the sixth and final message in his series on "The Christian Home." Increasing interest has been shown in these messages as evidenced by the fact that we had our largest attendance last Sunday afternoon, including several complete families. We invite you to join us because we believe that you too will enjoy the service.

The intermediates and young people of the church will have their fellowship supper at 6 o'clock. The ladies of the Julia Meadows Circle are providing the supper, which promises to be unusually good, according to the menu planned. The youth fellowship program will follow at 6:30, a program planned and carried out with the needs and problems of young people in mind.

Sans Souci Club

The Sans Souci Beck Club met with Mrs. J. B. Kittrell February 4 at her home on East Fifth street with Mrs. Frank Wooten, president, presiding.

Mrs. F. J. Forbes was in charge of the program, the subject of which was Symphonies and Swing Music. She gave a brief sketch of the life of Stokowski, the famed orchestra conductor and a more detailed account of the lives and music of George Gershwin and Irving Berlin. The program proved very enjoyable.

Mrs. Kittrell assisted by her daughter, Miss Frances Kittrell, served a most delectable salad course.

FILED TODAY

Certificate of incorporation was filed today in the office of Secretary of State Thad Eure for the Cane S. Harrington and Co., Inc., Greenville, to deal in real estate. Authorized capital stock \$100,000, subscribed stock \$300 by Vance S. Harrington, fifth B. Harrington and Robert D. Harrington, Jr., all of Greenville.

Greenville Student Is Sherlock Holmes

By CHESTER WALSH

Robert Frank Rankin and Dell Laughlinhouse, Jr., both of Greenville and students at a business college in Richmond, Va. had an overcoat and suit of clothes stolen from their room about a week ago. They accepted their loss philosophically until Rankin essayed the role of a Sherlock Holmes. He is a son of Frank Dunn, coal and wood yard operator in Greenville.

Rankin was standing in front of the Capitol Theater in Richmond the other night when he noticed a ratty dressed young man walking down Broad street. He gave a double look and then suddenly it dawned upon him that the man was wearing an overcoat similar to the one stolen from him. He followed the man to a nearby restaurant where he was able to get a closer look at the overcoat and discovered two small defects that were in his stolen coat. He went to a nearby police station, and an officer accompanied him to the cafe and placed the man under arrest. He gave his name as Dalley L. Childrey of the 1300 block, Floyd avenue.

A few minutes later, when Childrey opened his overcoat Rankin saw that he was wearing the suit of clothes stolen from Dall Laughlinhouse, Jr., his roommate. Laughlinhouse later identified the suit as belonging to him.

Childrey was arrested on a house-breaking charge. Childrey is a 19-convict, Richmond police said.

Two Infants Were Found Dead In Bed

Pitt County Coroner Griffin H. House of Greenville, today reported that he had investigated the death of two infants in the county, and had found that they died of natural causes and there was no sign of foul play.

One of the deaths investigated was that of Willie E. Turnage, 13-week-old Negro infant found by its mother yesterday morning dead in bed with her near Farmville. The child apparently died of suffocation. A physician was called but when he found the infant dead he notified the coroner.

The other death reported was that of Mitchell Allen Koonce, seven-week-old white child who was found dead in bed early today on the K. E. Fidge farm several miles east of St. John's Church. The infant had been in ill health since birth, and died of natural causes. Coroner Rouse said.

"Citizen K." who had her first child, said: "I had three seizures with the doctor for making childbirth painless. The doctor made me go to sleep and I did not hear any more cries of the other women. During sleep the doctor advised me to see a movie theater. I also dreamed about being in my village, where I walked in the fields and woods, breathed easily, and felt no pain."

Evacuation From Palestine Ends

Jerusalem, Feb. 7.—(AP)—The evacuation of British women, children and "non-essential" male residents from Palestine has been completed, an official announcement said today.

A total of 1,396 members of civilian and military families and a "small number of non-essential males" were evacuated by the Army during this operation, which began Tuesday. These figures did not include families sent to British hospitals which are now in Palestine as they are able to travel.

Report Hypnosis Used By Doctors

Moscow, Feb. 7.—(AP)—Prof. M. S. Malinovsky, noted Soviet psychologist, reported today that hypnosis had been widely and successfully employed during childbirth in the U.S.S.R.

In a signed article in the magazine Ozonyek, he said that Prof. A. P. Nikolayev, K. I. Platon and N. T. Zdravomyslov applied it with successful results.

A letter from a young mother,

Will Ask Mercy For Terrorist

London, Feb. 7.—(AP)—A London legal firm announced today it would seek to carry to the privy council, Britain's highest court, an appeal from the death sentence imposed upon Dov Bela Gruner, convicted member of the Palestine underground organization Irgun Zvai Lemni.

Attorneys said that authorization to seek a privy council hearing was given by the doomed man's uncle, Frank Gruner, but that Dov Gruner himself had not signed any request.

Gruner is living on a day-to-day reprieve in Palestine, and informed sources there said his execution

might have been set for next Tuesday, deadline for the British demands upon Holy Land's Jewry to pledge cooperation in a drive to root out terrorism. The execution of Gruner might be a signal for violence from Irgun to avenge him.

The European eagle-owl normally has a yellow iris, but it changes to red when the bird is angry.

The annual expenditure for research projects in the United States is estimated at half a billion dollars.

GIRL SCOUTS
HAVE BANQUET

Mrs. D. S. Coltrane
Speaker At Annual
Council Meeting

By CHESTER WALSH
At the Greenville Girl Scout Council banquet at the Rotary building last night, Mrs. D. S. Coltrane of Raleigh-Wake County Girl Scout Council, said she was impressed by the warmth and fellowship of the welcome she received in Greenville and gratified to know that the Greenville Council has a permanent summer camp at Camp Hardee on Pamlico river. Mrs. Coltrane, witty, understanding and eloquent, delivered one of the best after-dinner speeches heard here in a long time. Mrs. W. P. Moore local Girl Scout commissioner, who presided, presented her.

Mrs. Coltrane reviewed the history of Girl Scouting and said its main purpose is "to teach a way of life, not simply to provide another recreational activity." She paid tribute to Juliette Gordon Low of Savannah, Ga., founder of the organization; reminded that there are now 1,000,000 Girl Scouts and the aim is to have another million. The speaker pointed out that the "adults of a community have the responsibility for training, protecting, and inspiring the youth of the community." In this direction, Mrs. Coltrane added, "We want to teach good citizenship, resourcefulness, character and self-reliance, because we know that today we face the problem of yesterday's neglect."

VISIT PEIPING SHRINE—Pharmacist's Mate Warren H. Eyer of Cumberland, Md., and his bride, the former Miss Mildred Darr of Washington, D. C., visit a shrine during their honeymoon in Peiping. She came to China after their proxy marriage.

She stressed the great lack of adult leaders in Girl Scouting, and expressed a hope that new leaders would come forward and have a part in effectively training the girls of the community the way to fair play and good citizenship.

Mrs. F. A. Bendall presented a Girl Scout "thank badge" to Mrs. J. G. Riddick for special services. Mrs. D. S. Spain, Jr. presented Mrs. W. P. Moore, local commissioner, with a gift of appreciation. Mrs. J. Knott Proctor sang two songs, with Mrs. D. S. Spain, Jr. as accompanist.

Out-of-town guests at the banquet included Mrs. L. B. Jenkins, Mrs. K. M. Harris and Mrs. Helen Lonon of Winston, and Mrs. S. W. Bowers, Mrs. Richard Ross and Mrs. Norman Winslow of Washington, and Miss Vera Williams of Chocowinity. City Schools Supt. June H. Rose and Postmaster J. Knott Proctor, Charles B. Bissette and Miss Martha-Lee Cowell were special guests.

Mrs. Moore, the commissioner, gave special recognition to many present for their support and encouragement of Girl Scout work, and paid special tribute to the troop leaders and Mrs. E. L. Henderson, executive secretary. Mrs. Henderson made a gratifying report and an inspiring short talk about scouting activities. The Greenville Rotarians were thanked for their good work in putting Camp Hardee in

order last summer. A feature of the banquet was the marked evidence of renewed interest in Girl Scouting in Greenville.

DOUBLE FEATURE
Waffa Walls, Wash., Feb. 7—(AP) Things happen twice here—sides the name.

At 3:30 p. m. a rity garbage-truck drove up to Fire Station No. 2. The driver excitedly asked firemen to put out a fire in his load. They did.

At 3:43 p. m. the same thing, only for another truck, happened at Fire Station No. 1.

**READY TO GIVE UP HE
FINDS RELIEF IN RETONGA**

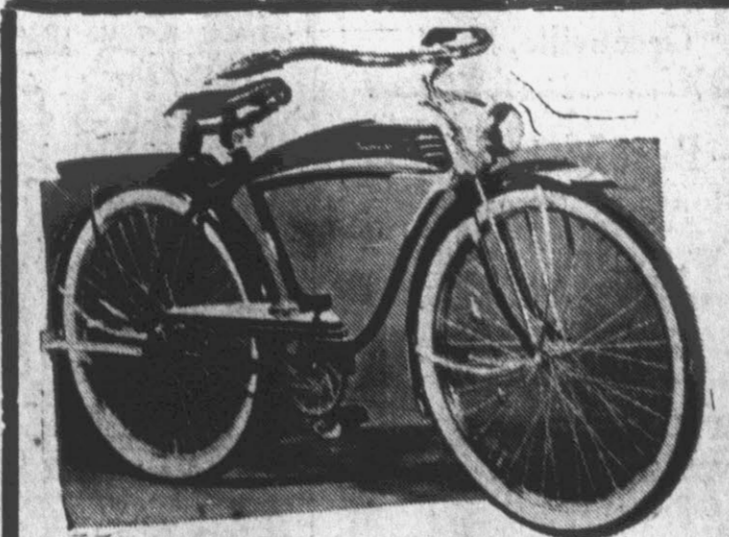

Distress From Nervous Indigestion Forced Him to Lose A Week At A Time From Work, States Oakley. Like Different Person Now

MR. J. C. OAKLEY

"The distress of nervous indigestion tortured me until I often felt there was no use trying to keep going but, thanks to Retonga, I can work all day again and still feel good when quitting time comes," gratefully declares Mr. J. C. Oakley, well-known resident of 114 Biggs St., Anderson, S. C. "For weeks at a time the little I did eat had to be forced down," continued Mr. Oakley. "My food seemed sour after every meal, and gas pressure often felt like it would knock me out. I was so restless I almost forgot what a good night's sleep was, and mornings it was all I could do to drag myself out of bed. I lost weight, and was forced to take strong laxatives regularly. I felt like a wreck and sometimes had to lay off a week at a time. "Retonga brought me almost un-

believable relief. I now eat anything I want, sleep soundly, and have regained my lost weight. I am working regularly again, and feeling fine. Nothing I know about can beat Retonga." Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Retonga has been publicly praised by thousands in many states. Accept no substitute. Retonga may be obtained at Bissette's Drug Store.—Adv.

ALL FOR ARTS SAKE
Chicago, Feb. 7—(AP)—A few days ago Volker W. Marshall, 19, appealed to the Chicago Avenue police after his landlady refused to let him play his violoncello after midnight.

Marshall told officers he held two jobs and didn't have time to practice until he got home at midnight. They agreed with the landlady but told Marshall he could practice in the station's courtroom—which is deserted at midnight.

Now, however, the officers are getting complaints from some of the prisoners in the lockup below the courtroom. They can't sleep.

**FLUSH OUT KIDNEYS
THIS DOCTOR'S WAY**

Backache, loss of the old pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. The kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start. So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out... increasing the flow of urine to help relieve that excess acidity and ease that burning sensation when you pass water... helps that bladder irritation that makes you get up nights. Made of 16 herbs, roots, vegetables, and salts. Swamp-Root is absolutely non-habit forming. Millions have taken it for 3 generations... often with wonderful results. Caution: take as directed. For free trial supply, send to Dept. Y, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Jayvee Quint Is Loser In Contest

The Needham Broughton school cagers of Raleigh defeated the East Carolina Teachers College junior varsity here 37-36 last night on a foul shot by Kim Buchanan, reserve center, in the last seven seconds. Coach Howard Porter's boys led throughout the game and held a 33-24 lead with only eight minutes to go. Connie Merritt led the locals and was high scorer for the night

with 15. Red Barham and Billy Burgess led the Raleigh boys with 11 apiece. Broughton—Jenrette 7, Yancey 2, Buchanan 3, Burgess 3, Boles 11, Barham 11. E. C. T. C.—Merritt 15, Hill 2, V. Jones 6, Gaylord 4, Harrison 8, Terrell 1.

Arctic Cold . . .

(Continued from Page One) yesterday's highs. At Sioux City, Ia. where the mercury reached 34 yesterday, this morning's reading was

below. Dickinson, N. D. bucked strong northwest winds in 20 below temperature. Even colder weather for the Dakotas and Minnesota as well as the rest of the Midwest, was predicted for tomorrow. The coldest weather of the year—5 to 8 below—was predicted for Chicago by tomorrow morning, with the mercury expected not to go above zero during the day. But as the Midwest remained fast in the grip of icy weather relief came to the Eastern section and to the South, where freezing weather yesterday morning in Florida caused millions of dollars damage to crops.

City Fathers . . .

(Continued from Page One) ated. The matter was referred to the mayor and a committee with power to act. Extension of the city limits will be effected by a bill in the General Assembly amending the city's charter. The mayor and the Parks and Playgrounds Committee were authorized to complete arrangements with the Greenville Baseball Club to again lease Guy Smith Stadium. The Aldermen passed a resolution authorizing the city to accept the airport property when the U. S. Navy turns it over to the county and city. The County Commissioners are to pass a similar resolution when they meet next Monday.

The Greenville Utilities Commission was requested to turn over to the city \$35,000 for the general fund. Several letters requesting the Aldermen to permit theaters to remain open Sundays were read. No action was taken.

Mayor Boyd announced that several traffic stop lights will be installed at various intersections as soon as materials are received. A motion was made and carried to request the General Assembly to amend the city charter to authorize the mayor and Board of Aldermen to raise the salaries of the mayor and aldermen and other city employees when advisable.

A motion to pass an enabling act to authorize the mayor and aldermen to appropriate funds for recreation and advertising and other donations was rejected. This matter will be referred to the voters at the general city election to be held on the first Monday in May.

The Aldermen went on record as opposing any change in the taxicab law. There is a bill in the Legislature to place taxicab companies under the jurisdiction of the State Utilities Commission. The board also went on record as favoring the anti-fireworks law and approving the legislative bill which will require all owners of pistols to register them with city and town chiefs of police and county sheriffs. Several petitions for new paving were approved, subject to available funds.

Gardner . . .

(Continued from Page 1) Pallbearers will be: State Senator Lee B. Weathers, Holt McPherson, editor of the Shelby Daily Star, Odus Mull, member of the N. C. house of representatives, Audie Powell, attorney, Charles Burrus, a legal associate of Gardner for 14 years, George Blanton, president of the First National Bank, Jack Dover, textile executive, Rush Hamrick, Sr., Shelby businessman, Phil Elliott, president of Gardner Webb Junior college, and D. W. Royster, Sr. of Shelby.

Tarheel . . .

(Continued from Page 1) 5. Widen park road between Cherokee and Newfound Gap by 1948. 6. That the National Park Service provide a program for construction of all the park road described in the four party agreement of 1943. 7. That the National Park Service make available to North Carolina and Tennessee officials information about all plans for the future development of the park. Recommendations for the Blue Ridge Parkway include: 1. That contracts be made to assure completion during 1947 of parkway sections begun before the war. 2. That engineering work be done and rights of way acquired without further delay. 3. That the State Park Service and public roads bureau be fully informed of all plans for completion of the parkway.

Band Clinic . . .

(Continued from Page One) Students present for the clinic will be guests this evening at a dance sponsored by the college band and chorus and held in the Wright

building. Visiting directors and other guests will be entertained at a reception in the Classroom building by members of the college music department.

Says Truman . . .

(Continued from Page 1) day, said the theme will be "peace and prosperity." Then, he got in another boost for Mr. Truman with this: "On that theme, President Truman's record of achievement qualifies him as the best authority in America today."

The White House reported Hanager's move had not been discussed with the President. Hanager spent 90 minutes Monday with President Truman discussing what he said were postoffice and political problems.

British Study . . .

(Continued from Page One) the event of partition. Crech Jones was reported in favor of a compromise formula which would partition Palestine over a period of five years, with the Arabs and Jews having the right to secede at the end of that time. He also would remove all limitations in immigration for the Jewish area and would give the Jews more territory than previously suggested.

Senate Gets . . .

(Continued from Page 1) during the latter part of the Roosevelt administration and after Harry S. Truman became president in 1945.

Stassen . . .

(Continued from Page One) lockouts and creation of an independent office of federal labor conciliator. The one-time Minnesota governor declared new national labor legislation is needed because union leaders have abused their power.

Buthe added in his prepared testimony that there is some danger lest proposed changes might "weaken labor that the result would be injurious not only to labor but to our free economy as a whole." Part of Stassen's criticism was directed at bills introduced by Sen-

ator Ball (R-Minn), the man he named in the Senate in 1945.

The former governor hit out specifically at provisions of those measures which would outlaw industry-wide bargaining, permit employers to obtain injunctions to stop all strikes, and forbid maintenance of membership clauses in contracts. These require that workers remain members of their union for the life of the contract.

Stassen, who announced his candidacy for the Republican presidential nomination last December, proposed that the U. S. conciliation be separated from the labor department and that the president appoint the chief of the new office. "This would make for an atmosphere of neutrality," Stassen said.

He also advocated legislation requiring these steps before a strike or lockout could take place:

- Filing of a notice with the conciliation office stating (1) the existence of a dispute, (2) the issues and (3) that no agreement had been reached after at least 10 days of negotiation.

The conciliation office then would call the parties together to negotiate further for at least 30 days. If no settlement was reached, the last offer of management would be voted on by the workers themselves to decide whether to accept or strike. No strike could take place unless a majority of the workers so voted by secret ballot.

Group Takes . . .

(Continued from Page One) that produced shouting, raw tempers and flushed faces, Eisler firmly refused to take an oath to tell the truth without first making a preliminary statement. The committee promptly voted to cite him for contempt.

Security officers of the immigration service hustled him off to Ellis Island. His attorney, Carol King, remained and handed around a statement in which Eisler proclaimed that he is neither a spy, foreign agent nor boss of the Reds in any country.

But on the strength of evidence fit dug up, and on the basis of what witnesses said, the committee decided there is a case against Eisler on five points:

- (1) Conspiring to overthrow the government of the United States, (2) perjury, (3) passport falsification, (4) income tax evasion and (5) contempt of Congress.

A recommendation that these charges be pre-pressed was handed to the Justice Department. While the department has taken preliminary steps toward deporting Eisler, Rep. Mundt (R-SD) declared it is of the "utmost importance from the standpoint of national defense that Eisler be detained in this country."

Reading at times from a report of the royal commission on Russian espionage in Canada, Mundt said Eisler was linked with Samuel Carr

and Fred Rose, who were described in the report as two of the main links in the spy chain in Canada. Carr is a fugitive and Rose, Mundt told the committee, was arrested by the Canadians for turning over atomic bomb secrets to the Russians.

"We've got to follow through," Mundt declared, "and find out through the FBI what information Eisler could convey to the Soviets if he were permitted to leave this country."

All Eisler says is that he is a German Communist, and a political
