PORTAL SUITS DESTINED FOR NEW DECISION

Congress And Supreme Court Appear Likely To Fix Final Verdict

Detroit, Feb. 10.—(AP)—With the blessings of Federal District Judge Frank A. Picard, the multi-million dollar Portal pay dispute appeared destined today to return to Congress and the Supreme Court for final settlement.

Labor attorneys planned to carry on Judge Picard's decision dismissing the Mt. Clemens Pottery Company case to the nation's highest court and maintained it would have little or no bearing on hundreds of other Portal suits on file in other districts.

Spokesmen for American industry, from which some \$1,800,000,000 is sought in Portal claims, generally commended the ruling. Many felt, however, that revision of the fair labor standards (wage-hour act) still was urgent.

As for Picard himself, he has expressed on numerous occasions a wish that the case would be appealed once again to the Supreme Court, which injected the Portal-to-Portal theory in the original dispute over unpaid overtime.

Picard, resting at his Saginaw, Mich., home, after working day and night on the decision handed down Saturday, reiterated that desire today.

He also said he wanted to set straight some persons who had misinterpreted what he termed the "meat" of his ruling.

This concerned his interpretation of the "de minimis" doctrine. Or to other words, preliminary to 10 or 15 minutes was "de minimis" or too trifling to be compensable.

Previous to his decision, he said the Supreme Court and the wage—

Romney Indicted By Federal Grand Jury

Former House Sergeant At Arms Charged With Falsifying Accounts With Intent To Defraud In Congressional "Bank"

Washington, Feb. 10.—(AP)—Kenneth Romney, former House sergeant at arms, was indicted by a special federal grand jury today on charges relating to a \$124,000 shortage in accounts of that office.

The indictment charged Romney with knowingly and willfully falsifying figures in the accounts with intent of cheating, swindling or defrauding the government.

The sergeant at arms serves as a House "bank" where congressmen make deposits and cash checks.

The maximum penalty for conviction on each of three counts is a 10-year prison term and \$10,000 fine.

Attorney General Clark, in a statement accompanying the announcement of the indictment said that the first and second counts of the indictment alleged that:

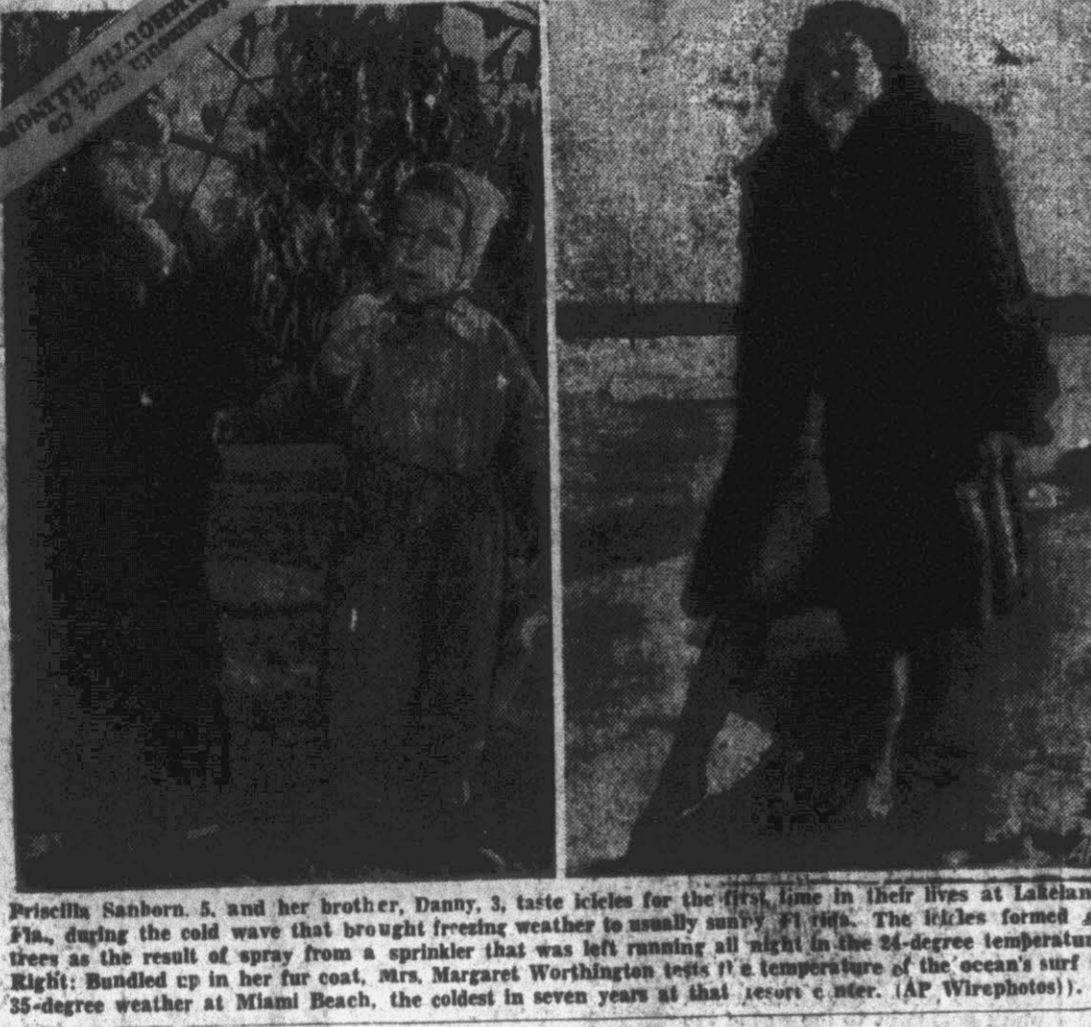

"Romney falsely stated the sum of cash on hand in the accounts which the office of sergeant at arms submitted to the general accounting office for the months of May and October, 1946.

"The third count charges him with concealing and covering up in his accounts for the period in January 1, 1946, through October 31, 1946, the material fact that a shortage of \$143,853.77 existed in that he included as cash on hand certain items which he knew to be worthless as well as an alleged confession of a former employe to the theft of a sum of money from the office."

Russians Really Get Out To Vote
Moscow, Feb. 10.—(AP)—First returns from yesterday's elections indicated today that more than 98 percent of the electorate voted for Supreme Soviet (Parliament) deputies in seven of Russia's union republics and in 16 autonomous republics. Some predicted that a full count would show a 99.5 per cent vote.

Prime Minister Stalin, candidate in all seven union republics, and Foreign Minister V. M. Molotov were shown casting their ballots in front-page photographs in the Soviet press. They were pictured dropping votes in separate ballot boxes surrounded by flowers. Stalin, in his Generalissimo's uniform and military cap, Molotov hatless in civilian clothes. The polling place apparently was the Kremlin.

Winter's Cold Wave Brings Ice To Florida

Priscilla Sanborn, 5, and her brother, Danny, 3, taste icicles for the first time in their lives at Lakeland, Fla., during the cold wave that brought freezing weather to usually sunny Florida. The icicles formed on trees as the result of spray from a sprinkler that was left running all night in the 24-degree temperature. Right: Bundled up in her fur coat, Mrs. Margaret Worthington tests the temperature of the ocean's surf in 35-degree weather at Miami Beach, the coldest in seven years at that resort center. Hatch Act

Washington, Feb. 10.—(AP)—The Supreme Court upheld today that section of the Hatch "lean politics" act forbidding federal employes from taking active part in political campaigns.

The section fixing the penalty of dismissal from government service, exempts only the president and his official family, heads and assistant heads of department, and policy-making officials.

The CIO United Public Workers of America challenged the section on the ground that it violated constitutional rights of freedom of speech, press and assembly, and sought a high court ruling.

N. C. Assembly Returns To Air Two Proposals

Raleigh, Feb. 10.—(AP)—Members of the 1947 General Assembly will be back here tonight to begin a week that will be highlighted by important public hearings.

The Senate and House will meet at 8 a. m.

Two controversial issues—the separation of the division of game and inland fisheries from the State Department of Conservation and Development, and the establishment of a four-year medical school and teaching hospital at the University of North Carolina—will be aired this week in committees.

A public hearing on the separation measure, sponsored by the N. C. Wildlife Federation, Inc., will be held tomorrow by the point conservation and development committee.

Proponents of the bill will be heard at that time, while opponents including the State Department of Conservation and Development will present their views at a second hearing Thursday.

The North Carolina Medical Care Commission will appear before the joint appropriations committee on Thursday and present its proposals for a good health program.

Included in the biennial appropriation bill is the bill to provide for a good health program.

Last Chance For "Willie" Is Gone

Washington, Feb. 10.—(AP)—The Supreme Court today refused to reconsider its recent 5 to 4 decision that Louisiana may send Willie Francis, 18-year-old Negro, to the electric chair a second time.

Francis lived through the state's first attempt to execute him last May. He survived because the portable death chair failed to operate properly. Francis was convicted of killing a druggist in a holdup which netted \$4 and a watch.

The Supreme Court decided last January 13 that a second try at execution would not violate the constitutional guarantee against cruel and unusual punishment.

Portal Pay Decision
The Case Which Started The Flood Of Portal-To-Portal Pay Suits Has Been Thrown Out; Why, And How The Problem Started And Where It May End
By JAMES MARLOW

Washington, Feb. 10.—(AP)—A judge has thrown out the case which set the match under all the Portal-to-Portal pay suits but—

The fire isn't out yet, by a long sight. To see why—and how the problem got this way and where it may end—start at the beginning.

Five years ago the CIO union workers in a pottery company at Mt. Clemens, Mich., went into federal court and sued for overtime.

(They sued in federal court because the federal wage-hour law says workers must get paid overtime for all time worked over a certain number of hours a week.)

They said the company had told them on the side to get to work ahead of the regular starting time. So they said they had overtime coming.

Judge Frank A. Picard figured the men had overtime due because he decided, they actually had started production ahead of the regular time.

(But he did not figure they had

ITALIANS RIOT OVER LOSS OF CITY IN PACT

Evacuation From Adriatic Port Begins; Violent Demonstrations

Rome, Feb. 10.—(AP)—A British officer, Brig. R. W. M. De Winton, was shot (killed) by a woman today in Pola, an international Adriatic port and naval base awarded to Yugoslavia in the Italian peace treaty. British military officers announced.

A mass evacuation of 23,000 of the 33,000 Italians in Pola was under way.

While Italian police and troops stood with machineguns and rifles, increased strength before the American and British embassies, crowds of Italians, angered by the peace treaty awarding Pola and a part of Venezia Giulia to Yugoslavia, demonstrated before the Yugoslav legation and demanded that its flag be pulled down.

Italians hammered against a legation door. A Yugoslav soldier guard fired a burst through the door with an automatic rifle. Josp D. Brancski, press attache of the legation, said no one was hit. He said Italian police officials later arrived and demanded that arms be surrendered.

The police also asked that the Yugoslav flag be brought down because it was dangerous to fly it. The request was refused.

The throng which demonstrated before the headquarters of the Yugoslav legation to the allied commission, an office with the rank of a legation, was estimated at several hundred.

Another throng of students, intermingled with hoodlums, marched to the American, Russian and British embassies, where they jeered and whistled.

More than 100 men with rifles and machineguns were placed at the American embassy, and traffic was diverted. Extra police, with machine guns over their raincoats patrolled the streets.

SECOND BREAK FROM PRISON

Desperados Used Knife And Wooden Gun In Escape

Philadelphia, Feb. 10.—(AP)—Three convicts had less than three hours freedom early today after fleeing over wall of the Holmesburg State Prison, but two other dangerous, long-term robbers remained at large.

It was the second mass escape attempted by the men in less than two years. On April 3, 1945 they tunneled out of the Eastern State Penitentiary with four others—and it took police almost a week to get them all back in custody.

This morning at 3:15 they overpowered Guard William Skelton as he was making a routine pre-dawn check of the cell blocks. Warden Robert J. Beveridge reported.

Using a small knife and wooden gun—Skelton was stabbed slightly in the hand—they obtained the keys to a prison storeroom and scaled the 20-foot wall with a stolen ladder. Beveridge said.

An immediate police alarm alerted authorities in the Quaker City and three of the men were picked up several miles from the prison as "suspicious" characters.

Beveridge said guards on the lower end at the escape as they sped up a ladder and over the wall "but none apparently were hit."

Want No Delays In Balkan Probe

Lake Success, N. Y., Feb. 10.—(AP) Greece officially asked the United Nations Security Council today to instruct its Balkan investigating commission to proceed without delay on its assignment instead of being diverted by internal Greek matters.

Vassili Dendramis, Greek ambassador to the United Nations, submitted a letter to the council saying that the Greek government has nothing to conceal but that "postponement of on-the-spot investigation on both sides of the border may well result in obliteration of important factual data necessary to the elucidation of the causes of the disturbances."

Shanghai, Feb. 10.—(AP)—The shaky Chinese dollar sagged to a new low today, bringing near-parity to Shanghai money markets and making it almost impossible to conduct business.

Buyers this afternoon offered 14,500 Chinese dollars for \$1 U.S. compared with an official rate of 15,000 Chinese dollars to \$1. They "could not" sell.

An ounce of gold sold for 666,000 Chinese dollars.

Labor Govm't In England Reeling

Half Of British Industry Closed Down In Crisis; Million Idled; Many Going Back On Dole; Conservation Measures

London, Feb. 10.—(AP)—Half of all British industry closed down today because of a shortage of coal from the socialized mines. Four million workers became idle, many going back on the dole, as electric service was drastically reduced.

Prime Minister Attlee prepared to face Commons during the afternoon and be questioned there by Winston Churchill, leader of the Conservative opposition. Attlee scheduled a radio broadcast tonight to plead for cooperation. The prime minister and his cabinet met at his unlighted Downing street residence.

The Labor government, which converted the coal mines from private to state ownership January 1, called the coal conservation measures necessary to avert complete disaster.

The crisis depressed shares of the stock exchange, where some brokers spoke of an industrial "dark night."

Slightly higher temperatures eased momentarily one of the most severe cold waves of the winter, but the forecast was for colder.

All industries except a few vital to health and welfare were ordered to halt totally or in part in 38 of the 64 counties of England and Wales. Consumers were forbidden to use electricity between 9 a. m. and noon and from 2 p. m. to 4 p. m. in homes, stores, offices and restaurants, affecting an estimated 22,000,000 people.

Conservative newspapers demanded Attlee to shake up his labor cabinet which commands a two to one vote in Parliament. The influential Manchester Guardian and London Daily Mail and Daily Telegraph demanded Emanuel Salinger resign as minister of fuel and power.

The London Power Company said it was supplying about half its normal loads. In the great industrial center of Birmingham factories and

Arrested

Jerusalem, Feb. 10.—(AP)—The Jewish agency and the Jewish national council (Vaad Leumi) flatly rejected today a government request for cooperation with the police and the British army in combating terrorism.

They expressed the conviction that the government's policy was precipitating consequences that may well be incalculable and proposed that evil be remedied by a constructive political settlement.

Won't Assist

Paris, Feb. 10.—(AP)—Italy signed sally and slyly today a peace treaty reducing her to a third rate power, stripped of colonies, indebted by reparations, her homeland reduced and her army and navy cut to a relative shadow.

Yugoslavia, which will obtain a slice of the coveted Venezia Giulia but not the port of Trieste which will become a free city, reversed herself and signed the treaty after protesting—the boundary agreement.

Italy, paying for the crimes of Mussolini and fascism, was the first of five axis nations to sign treaties which, when ratified, will end World War II for all the world except Germany, Japan, Austria and Korea.

Following Italy, the schedule calls Romania, Bulgaria, Hungary and Finland to the mourner's bench, as it were, to ink treaties with up to 20 allied nations. The U. S. had a part in all the accords except that of Finland, with which the U. S. has never been at war.

Italy observed a 16-minute period of silence at the 11 a. m. (5 a. m. EST) hour of the signing of her treaty, which the Italian constituent assembly and the major allied powers still must ratify. Silent groups gathered at the tomb of the Unknown Soldier in Rome, a monument to better days when Italy fought against Germany in the first World War alongside the nations now her conquerors.

Workers stood idle. Merchants shuttered their stores. Count Carlo Sforza, the Italian foreign minister will broadcast tomorrow.

Contrasted to the silent demeanor of the Italian signatory in Paris, the Yugoslav foreign minister, Stanoje Simic, declared Premier Marshal Tito's Russian backed government was roundly disturbed at the treaty with Italy.

Atlanta, Feb. 10.—(AP)—The State Supreme Court received today an appeal from a Superior Court ruling that M. E. Thompson is Georgia's acting governor and that the Legislature had no authority to elect Herman Talmadge to the office. The court clerk set the case for March 10.

Meanwhile, hearing of a suit between the two principals themselves was resumed in Henry County Superior Court at McDonough.

There Thompson is seeking an order enjoining Herman Talmadge elected governor by the Legislature, from exercising executive authority.

N.C. OFFICIAL DIES IN SLEEP

State Auditor George R. Pou Succumbs To Heart Attack

Raleigh, Feb. 10.—(AP)—Funeral services will be held in Smithfield tomorrow at 3 p. m. for State Auditor George Ross Pou, 52, who died in his sleep yesterday morning in Rock Hill, S. C.

Pou went to Rock Hill Saturday to spend the week-end with a cousin, Peter Ihrie, after attending the funeral in Shelby of Ambassador O. Max Gardner.

Ihrie said Pou retired shortly after midnight on Saturday, apparently in good health. After he failed to come down to breakfast, Ihrie went to his room and found him dead. Dr. W. R. Blackmon, who was summoned, said he died of a heart attack.

The funeral will be held at the Episcopal Church in Smithfield and burial will be there. Pou was a member of the Church of the Good Shepherd in Raleigh.

A native of Smithfield, he had

Stand-By Govm't

A Wisconsin Senator Visualizes Threat Of Dictatorship Should Legislators Be Wiped Out In Destruction Of Washington; Plan For Such Catastrophe

By J. M. ROBERTS, JR.

Senator Wiley, of Wisconsin, painting a terrifying picture of what could happen if an A-bomb wiped out the Washington government, wants to establish a stand-by system for the preservation of democracy by means of a television Congress.

He wants the states connected by a network which could substitute for the physical assembly of the nation's leaders, pointing out that meetings would be too dangerous even if they were not actually killed at the outset. He also thinks all states should adopt the interim appointive system under which governors could fill vacancies immediately if the leaders were killed, so Congress would always exist to check any would-be-dictator-minded executive.

Wiley, chairman of the Senate Judiciary Committee, thinks his plan is needed to supplement Presidential succession.

Since a desire to peer into the future is one of man's most persistent

DEATH STRUCK IN BALLROOM

Berlin, Feb. 10.—(AP)—Rescuers working in near zero temperatures today had recovered 81 bodies from the ruins of the Karlsruher dance hall, razed by fire at the height of Saturday night costume ball. Another 39 persons were in hospitals.

Capt. Frank Walten, British fire officer, said he did not expect the death toll to climb much higher.

A check of British rosters showed seven soldiers missing, the British postmaster's office said. Four British soldiers were hospitalized.

MIX-UP OVER DAHLIA DEATH

Nine Soldiers Say Confessed Killer Was At Ft. Dix

Fort Dix, N. J., Feb. 10.—(AP)—The case of the military policeman who implicated himself in the Los Angeles "Black Dahlia" slaying took new and conflicting turns today.

The Army's public relations office announced that nine soldiers had volunteered to testify before the Criminal Investigation Department that they saw Cpl. Joseph Dumais at Ft. Dix from the time Miss Elizabeth Short, was last seen alive and the morning her mutilated body was found in a Los Angeles lot.

On Saturday, Maj. Cornelius T. Morris, PRO officer, first had announced that Cpl. Dumais had confessed the slaying to Capt. William M. Florence, CID officer, in a lengthy, rambling signed statement. Dumais signed, contained the assertions it was "possible" he had been the killer.

Today, while the first of the Fort Dix soldiers went before the CID to tell of seeing Dumais here between Jan. 16 and 18, Maj. Morris' office made the additional statement that Cpl. Dumais had made oral assertions in which he went into details of Miss Short's death and further placed himself in California at the time the Fort Dix soldiers said they saw him here.

GUILD CLAIMS PAPER'S SALE WAS FOR GAIN

Walkout Not Responsible For Suspension Of Big Paper Says Union

Washington, Feb. 10.—(AP)—The American Newspaper Guild told the House Labor Committee today the "best evidence" shows that J. David Stern suspended publication of the Philadelphia Record "for financial gain" and not because of a Guild strike.

Stern will give his side of the case tomorrow. He previously has blamed the CIO union for the suspension of the Record and the Camden (N. J.) Post and Courier.

The Guild arguments were presented to the committee by Sam B. Eubanks, executive vice president, in a prepared statement.

Eubanks said "it is not an unreasonable conclusion" that the sale of Stern's assets had been "long contemplated," and that the strike was "provoked deliberately" as a "shabby excuse" for the sale.

Eubanks said the strike, which started November 7, was caused by refusal of the management to negotiate a new contract. He contended the management "treacherously" consistently refused to make any wage offer comparable to those of other publishers with whom the Guild was concluding contracts.

The first contract ever signed by the American Newspaper Guild was with Stern's Philadelphia Record in 1934.

But last November, after a deadlock on wage demands, 580 Guildsmen went on strike at the three

IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? Then, here is how you may get blessed relief in helping your stomach do the job it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up over in food particles; else the food will ferment. Sour food, acid indigestion and gas frequently cause a morbid, soupy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this gastric juice. It is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent acting ingredients.

Also, SSS Tonic helps burn-up non-organic, weak, watery blood in nutritional amounts, with a good flow of this gastric digestive juice, plus rich red blood, you should not better, sleep better, eat better, work better, play better.

Acid-punching, vomiting, with eructations of sour and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help get things done for body strength and cheer. Don't wait! Join the host of those people SSS Tonic has helped.

Band Directors Honored

Members of the department of music at East Carolina Teachers College entertained on last Friday evening in the reception rooms of the Post Impressionist group. The lecturers have been recently acquired by the Art department. Jean Lane, faculty member and sponsor of the club, gave a short talk explaining the work of Matisse.

Guest of Faculty Wives' Club

Dr. Lucille H. Charles, member of the department of English and director of the Chi Pi Players at East Carolina Teachers college, was the guest of the Faculty Wives' club of the college on last Thursday evening and entertained members with a reading of John Van Druten's popular play "I Remember Mama."

Dr. Charles, who joined the college faculty in September, is now directing this play for a joint production by the Senior class and the Chi Pi Players. Both Dr. Charles' excellent interpretation of the drama and its forthcoming production by a college group lent interest to the program before the faculty wives.

At the same meeting members of the club contributed a small sum for the purchase of victrola records suitable for Sunday afternoon and evening concerts in the new soda shop on the campus. Several members contributed records. These will, it is hoped, become the nucleus of a library of the recordings for student use in the Soda shop and the adjoining patio.

One of the most enjoyable occasions of the year on the college campus was the open house held at the Library on Sunday evening. Students, the college staff, members of the Board of Trustees, and a small number of other off-campus guests attended.

AN HONEST ANSWER

Medical ethics are not something unique and set apart, but simply a direct application of the Golden Rule. They provide an honest answer to the question, "What is best for the patient?" As one physician put it, "I do for my patients what I would do for a member of my own family."

As pharmacists, we adhere to the same code. The quality of our medicines and service is the best it is possible to give: You, the patient, are our first concern.

Kuykendall, Martha Cammack, Elizabeth Drake, Mr. and Mrs. Herbert L. Carter, Dr. Gilbert, Mr. McBoogie, and Mr. and Mrs. Dan E. Vornholt.

A number of guests from the college were present, including president and Mrs. Dennis H. Cooke, Dean of Women Annie L. Morton, and Dean and Mrs. R. J. Slay.

High school students who were on the campus for the band clinic were entertained at a dance on Friday evening in the Wright building. Members of the college band and chorus acted as hosts and hostesses.

Of special interest was an exhibit of the etchings of Louis Orr, which depict scenes in North Carolina and which have been acquired by the library as they were issued. The etchings were arranged and displayed by Miss Jean Lane, chairman of the department of art, and a group of students under her direction.

Guests were welcomed at the door by Miss Margaret Sammon and E. H. Bedworth, graduate student. In the receiving room were Mr. and Mrs. Wendell W. Smiley, Mr. and Mrs. Dale M. Bentz, Dr. Dennis H. Cooke, Dr. Mary G. Caughey, Dean R. J. Slay, Miss Lena Ellis, Dr. W. A. Browne, Miss Louise Williams and Miss Eva Koeter.

Mrs. Cooke, Mrs. Slay, Miss Elizabeth S. Walker, and Mrs. W. A. Browne served coffee, punch, and cakes from a table covered with a lace cloth and made attractive with red candles and a centerpiece of red carnations.

A group of student assistants in the library helped plan and arrange the open house, and were present to welcome guests.

Relief At Last For Your Cough
Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which gets right to the seat of the trouble to help loosen and expel germ laden phlegm and soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends in each wood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Boy Scouts' Activities Are Example To World

Boy Scouts of this generation being trained for responsible citizenship "are the promise of men qualified to lead the peoples of the United Nations in their efforts to maintain universal peace," says Amory Houghton of Corning, New York, President of the National Council, Boy Scouts of America, in a message for Boy Scout Week, Feb. 7 to 13, marking the 37th anniversary of the organization.

Mr. Houghton's message follows: "Boy Scout Week emphasizes once again that people of different race, language, creed and politics can live and work together successfully.

"Scouting is now active in 51 countries throughout the world and a total of 4,413,139 boys and leaders are presently learning its real value. They are absorbing the meaning of cooperation, self-reliance, responsibility and leadership. They are equipping themselves with an ability to look beyond their own communities. They are dealing in realistic terms with problems that require the application of the Scout Oath—'On my honor I will do my best to help other people at all times. The Scout is not bound by the narrow limits of his own personal world.

"This means that Scouting is making a very real and practical contribution to development of good will and understanding among the nations of the world—goals that have never been reached by any kind of short cut.

"Scouting is fundamental in its scope. It brings together into a united group those of different habits and traditions, all bound by the common law of Scouts of the world over. It is significant that the free peoples of the world are the most anxious to cooperate in extending the usefulness of Scouting.

"The record of Scouting proves that it is an effective training ground for responsible citizenship. Scouts of the world are building for tomorrow. For future years they are the promise of men qualified to lead the peoples of the United Na-

tions in their efforts to maintain universal peace. It is to the advantage of every community to give boys an opportunity to become Scouts."

Safe Robber Takes \$700 From Market

Vance Overton, owner of a grocery store and market at 14th and Evans streets, locked his store about 7 o'clock Friday night while he went to supper. When he returned to cut fresh meat for Saturday he found that a robber had entered the place and taken about \$700 in currency from the safe. When the storekeeper left the place to go to supper he simply gave the dial on the safe a twist.

Police Chief Jim Tanner said today that police investigating the robbery have a positive clue as to the identity of the robber and that they expect to make an arrest shortly.

Free TB Clinic Will Be Held Next Friday

The local Health Officer wishes to call attention to the fact that a free Tuberculosis Clinic will be held in the offices of Dr. C. Garrenton, Bethel, on Friday, February 21st, 2 to 4 o'clock.

The Clinic will be conducted by Dr. Garrenton. Patients both white and colored from any part of the county are eligible to attend the clinic. This is one of the regular monthly clinics held in Pitt County and is made possible through the Tuberculosis Christmas Seal Sale.

Scouts To Hold Big Father-Son Banquet

Tomorrow night, Tuesday, at 7:00 p. m. the annual father-son banquet for the Greenville Boy Scouts and their dads will be held at the Woman's Club.

Rev. W. M. Howard, pastor of the Methodist Church of Bethel will deliver a special talk to the boys and their fathers. All Boy Scouts have been invited to attend and bring their dads. The charge is one dollar per plate.

Woman Billiardist Plays At Elks Home

Miss Ruth McGinnis, woman pocket billiard champion, who is back again touring the country after working in a defense plant during the war, will make her first appearance in Greenville at the Elks Club on Thursday night at 10 o'clock. Miss McGinnis took up billiards as a hobby when she was a child in her daddy's pool hall in Honesdale, Pa. She won the title at nine. Now 34, the "Sweetheart of the Gentlemen's Game" is a graduate school teacher. Incidentally she is a "southpaw." She is the only woman ever invited to compete in the men's professional world tournament. She has defeated many of the best men stars and is considered the most colorful player in pocket billiards. All Elks are invited to witness the greatest woman billiardist the world has ever known.

Doctor's Discovery FOR FLUSHING KIDNEYS

Backache, loss of pep, getting up nights and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. Kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out increasing the flow of urine so help relieve that excess acidity and gas that burning when you pass water, helps that bladder irritation that gets you up nights.

Made of 16 herbs, roots, vegetables, and balm. Swamp-Root is absolutely non-habit forming. Caution: take as directed. For free trial supply, send to Dept. 2, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggists.

Federalist Will Talk At College

Students at East Carolina Teachers College will have as guest speaker at their assembly program on next Thursday Colgate Prentice, 22-year-old president of Student Federalists, Inc. His subject will be "World Government—A Challenge," and will deal with the organization's aim of world peace through world law.

Prentice has spoken at a number of North Carolina colleges during a tour which began in New York last October and on which he has covered more than 5,000 miles and has traveled from the East to the West Coast. He has spoken before more than 24,000 students.

After his release from the army, Prentice entered Swathmore College. There he organized the Swathmore chapter of Student Federalists and became executive chairman of the American Veterans' Committee chapter at the college.

In September he was elected president of the Student Federalists at the organization's national convention in Chicago. To acquaint students of the nation with the purpose of the organization, he dropped his students at Swathmore and began his present speaking tour.

Student Federalists is a non-partisan student movement organized and directed by students. Its aim is campaigning for federal world government in our time.

Strength FOR THE DAY

By EARL L. DOUGLAS

PROMPT ACTION AGAINST EVIL

There are certain types of blight which attack trees and shrubs and which must, upon detection, be utterly destroyed to prevent widespread destruction. A disease which in recent years has attacked the elm trees is one of these. When the blight begins to manifest itself, property owners and municipalities are warned that the tree must be immediately cut down and every bit of it burned. One twig spared might mean the wiping out of scores of other trees.

This situation and the necessity for prompt and forthright action teaches quite a lesson on the way we should handle all evils. Compromise should be the key word of all human relationships so long as principle is not involved. But where principle is involved, a compromise is malignant. When a man discovers an evil in his own life, let him follow the advice which the government gives to those who discover blight on their trees and shrubs. Get rid of the hateful thing, and get rid of it at once.

Jesus expressed it by saying that if a hand offend us, we must cut it off. Or a foot, the same. If the eye offends us we must pluck it out and cast it from us. No sacrifice or pain is for a moment to be considered when we are dealing with evil in our lives. Disaster is too dreadful for us to think of doing otherwise.

THE BOY SCOUTS

Today, through the Boy Scout movement, nearly four and one-half million boys all over the world are receiving some truly inspired training in cooperation, self-reliance, responsibility and leadership.

Too much cannot be said of its importance to the world of the future. The youths of today make the world of tomorrow, and these boys and their leaders are building for a future that is the embodiment of mankind's hope.

"On my honor I will do my best to help other people at all times . . . so I lead the oath these boys take on becoming a fledgling Scout, a 'tenderfoot.' That promise is repeated time and again throughout the Scout's career. There is no finer standard for a philosophy of life.

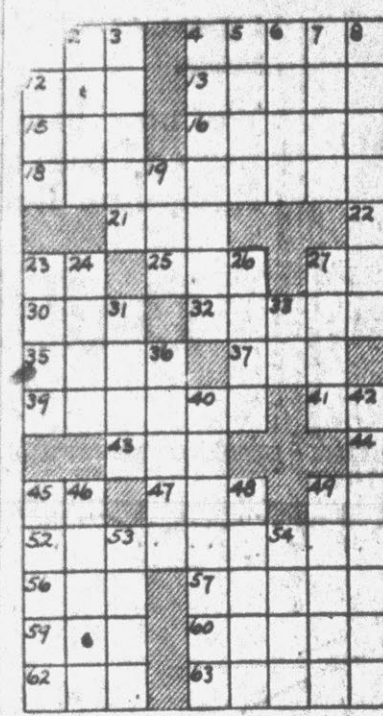

This week marks the 37th anniversary of the Boy Scouts of America; their years of growth is fruitful evidence of the support the organization has received from parents and the men who have given their time to the training of boys to better citizenship.

Today we take time to look back with fond remembrance on our own days of Scouting; the first lessons on knot-tying the men who told the story of the flag and what it stood for . . . the religious zeal with which we went about doing our "good turn" each day . . . the hikes and camping. To us it was fun, but it was also an education; and though we grew up, that same program has

Meanwhile German authorities were attempting to identify the bodies. Only three of the 81 have so far been identified, they said.
Various causes were advanced for the holocaust—likened to the disastrous Cocoanut Grove blaze in Boston four years ago, which caused 490 deaths. A British fire control officer blamed overheated stoves, while a German civilian, familiar with the structure, said a short circuit caused the fire. The German recalled that the flames first broke out in the ceiling and the lights went out immediately.

The board of directors, having long had under consideration the need of the city of Greenville for some agency devoted exclusively to providing emergency charitable relief, admitted the Greenville Emergency Charity Fund as a participating agency on a probationary basis under the sponsorship of the Service League. Results of the operation of this new agency will be appraised at the next meeting of the Board of Directors, and a decision will then be reached on its application for permanent participation.

Portal Suits . . .

(Continued from Page 1)
hour administration always had ruled such time "de minimis." In the Mt. Clemens case, he added, the walking time going to work—the only portal time recognized by the Supreme Court—was never more than eight minutes.
August Scholle, president of the Michigan CIO Council, contended that if 25 minutes is insignificant, it is insignificant when an employee is 25 minutes late (for work) and should not be docked.
Maurice Sugar, general counsel for the CIO United Auto Workers, said the decision "would not necessarily apply to other cases." The UAW-CIO has filed suits totaling nearly \$1,000,000.
The two CIO officials both said they considered the Supreme Court ruling in the Mt. Clemens case of last June 10 binding until a final decision is reached.
Government attorneys had announced intentions of appealing the case regardless of Picard's ruling.

Stand-By Govm't . . .

(Continued from Page 1)
developing new weapons, it would almost amount to a new experience.
About the only thing of which we are sure is that the best plans will hardly be sufficient to preserve even a semblance of democratic procedure in any future war.
During the recent war Britain prescribed what a farmer should be able to produce, and was prepared to take his land away from him and assign it to an efficient producer if he failed. That is merely a mild reminder of what is almost sure to happen to every personal right in any future struggle.
Thoughts of such an eventuality inevitably circle back to two central ideas:
That any future war, whether atomic or not, will produce insufferable conditions, that only a nation led by madmen could start it, and that, therefore, the world can no longer sit idly by while such men get control anywhere.

Portal Pay . . .

(Continued from Page One)
when the wage-hour law started. (Which means: the workers would get overtime dating back to 1938. That's what they were claiming.)
This Supreme Court decision was handed down last June. Other unions—mostly CIO—seeing a chance to get a lot of back overtime, filed similar portal to portal suits.
Those suits now near \$5,000,000. Businessmen cried they'd be ruined if they had to hand out all that back pay.
Congressmen talked of passing a law to stop the suits. The Treasury said it would lose billions in back taxes if the suits were paid off.
But—there was one very important point in what the Supreme Court told Picard about figuring portal to portal back overtime.
It told him not to consider any overtime that was "trifling." Then the government, through the Justice Department, stepped in.
The Justice Department attorneys asked Picard to consider as "trifling" the whole suit of the Mt. Clemens workers and to throw it all out.
That's what Picard did Saturday. He said the whole claim was "trifling" and therefore the workers had no back overtime pay coming.
What happens now? Mt. Clemens workers' attorneys seem sure to appeal Picard's decision eventually back to the Supreme Court.
That will take time. So nothing will be finally decided about portal to portal pay suits until the Supreme Court says its final say.
Meanwhile, this question, which goes to the heart of the whole problem, remains unanswered:
When does a worker's payable time start? When he actually starts production? When he walks in the door of the plant? When?

INJURIES HIT ETC CAGERS

Three First-Stringers Out; Break Even On Road Trip

The injury-ridden East Carolina Teachers College basketball team broke even on their weekend road trip to Fayetteville by defeating Edwards Military Institute Friday night by 61-35 and losing a heart breaker to the Fayetteville American Legion All Stars Saturday night 67-63.
In the first game, the Pirates had little trouble in routing E.M.I. as Charlie Moyer tossed in 26 points to lead the pace.
Playing a stronger team Saturday night, the Bucs were hard hit by the loss of Jim Taylor, high scorer forward, and the services of their two first string guards Snag Clark and Tom Cox and therefore lost a close one to the Legion All Stars. Bill Helms, Legion center, was one of the big reasons for the defeat as he dropped in 27 points. Charlie Moyer and Slim Everton kept E.C.T.C. in the ball game with 17 and 15 points, respectively.
The E.C.T.C. junior varsity made a clean sweep of their two games, defeating E.M.I. junior varsity 48-21 and outclassing Fayetteville High School 45-25.

Schedule School To Open Monday

Bunn, N. C., Feb. 8—(AP)—All was quiet here today around the campus of the Bunn Consolidated School, reopened after a teacher walkout on January 29, and classes are expected to be held on Monday.
A scheduled reopening of the school yesterday morning at 8:45 was delayed for almost an hour by Principal O. G. Thompson who refused to allow classes to be held until two Raleigh newspapermen were asked off the campus after Thompson requested aid from Franklin County Sheriff John P. Moore and State Highway Patrolman Merrill H. Bynum.

FINDING THE "TIME"

Philadelphia — Henry Blunt lost his \$50 watch last June 16.
The other day, sloshing through five inches of snow, he kicked at a bright object—then picked it up. It was the lost timepiece.

A LONG RACE

Joplin, Mo., Feb. 8—(AP)—Lieut. R. G. Sheppard, naval medical officer, raced the stork and won.
Sheppard arrived an hour before his wife gave birth to a daughter at St. John's Hospital.
Plenty margin? Well, Sheppard started from Guam.

WANTED: To Rent Office
My law offices in White Building, have been surreptitiously, with utter disregard of common courtesy or fairness, rented out from under me and I have been ordered to vacate same immediately so that a Whiskey Distillers' representative may install and entrench himself among the Lawyers near the Court House.
The obsession for money by my present landlord and the extravagant and arrogant use of it, characteristic of easy whiskey profits, is the combination which is driving me out. Money and liquor, as usual, ruthlessly and triumphantly marches on.
I want to rent an office. If you have one I can use let me know.
James L. Evans, Attorney.

Preliminary plans for the Greenville club to sponsor one in Washington were made at a meeting there last week. Last Friday night Moye Harrington, John A. Matthews, Ronald B. Medlin and James F. Buchanan III of Washington attended the Greenville club's meeting.

The Greenville Kiwanis Club sponsored the organizing of the Farmville Kiwanis Club about two years ago and the Kinston club shortly afterwards. Both clubs are flourishing and progressive.

Deafened Now Hear With Tiny Single Unit

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 5115, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today.

Annual Banquet For GHS Squad

The nine men responsible for the elegant feed were Paul Scott, J. A. Collins, Royce Hunsucker, W. W. Lee, Frank Diener, Smug Respass, D. J. Whitchard, Jr., Ronald Respass and Vernon Rawls.

The annual presentation of the barbecue supper to the GHS lettermen dates back to six or seven years ago when a smaller group, but one containing many of these same men, began the custom.

Very little formality was observed Thursday night. The primary object was to eat, an object which the men and boys achieved with considerable success.

After supper Coach Bo Farley thanked the men present for the excellent meal. He then called on

Enter Final Lap Of Cage Season

Greenville High's Phantoms go into the home stretch of their basketball season tomorrow night playing the "up and coming" Bears from New Bern. This will be the Phantoms' next to last appearance before the home fans.

New Bern extended the league-leading Washington team to the limit, losing only by one point in the waning moments of the game.

The Phantoms have been playing good ball recently, but will have to be at their best to handle tomorrow's assignment.
