SUDDEN BLAZE SWEEPS PEARL HARBOR DOCK

Heavy Damage At Naval Base; Fire-fighters Overcome By Smoke Pall

Pearl Harbor.—(AP)—The Navy sought to find the cause today of a flash fire which swept a huge Pearl Harbor dock, sent 25 fire-fighters to the hospital and laid a smoke pall over the giant base.

Damage was expected to run into hundreds of thousands of dollars, and it might have mounted far higher but for 500 Navy and Marine fire-fighters who confined yesterday's blaze to a quarter-mile-long wooden dock.

At the height of the roaring fire, civilian workers moved more than 5,000 tons of supplies to a place of safety when the flames licked close to the adjacent warehouse area.

Fire broke out without warning in the oil-slick waters between the dock and the supply ship Oberon at 10:45 a. m. and within a few minutes had reached the length of the dock on the submarine side of the yard.

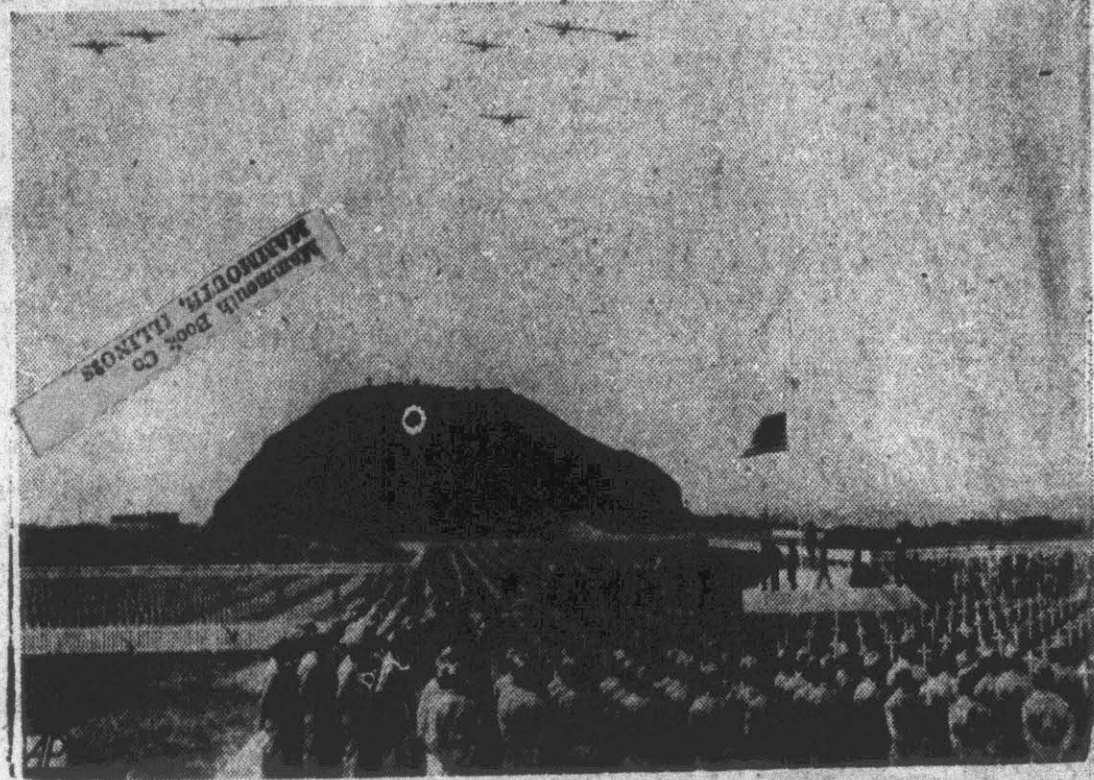

Crews of the Oberon and the nearby destroyer tender Sierra got their ships under way quickly and out into the safe channel as the flames spread along the oily waters, sending black smoke clouds billowing.

Four fire-fighting tugs and a dozen smaller craft equipped with hoses moved in and shot water into the mass of flames, while shore-based fire-fighters poured on water and chemicals.

Twenty-five of the fire-fighters were overcome by smoke and were taken to Navy Hospital, some protesting that they could stay and fight the flames. None was believed in serious condition.

Navy authorities estimated that (Continued on Page Four)

Memorial Service Honors Dead On Iwo Jima

With four-engined military planes flying overhead, memorial service is conducted at the Iwo Jima cemetery, February 20 in honor of American fighting men who died in the 1945 invasion of that Japanese island fortress during the war. It was the second anniversary of the invasion. Mt. Suribachi rises in the background. This picture was made by Joe Rosenthal who took the historic Associated Press photo of the American flag being raised on top of Mt. Suribachi during the battle. (AP Wirephoto—copyright 1947 by the San Francisco Chronicle).

Who's Guilty?

YOUNGSTOWN, O.—(AP)—Death in the electric chair for one 16-year-old high school student and life imprisonment for the second was imposed today by a three-judge court for the slaying of a salesman whose car the youths wanted to use in a \$5,000 kidnap plot.

"These kids are like the leopards who can't change their spots," said Defense Attorney David Haynes in his summation.

"I know what's wrong and so do you gentlemen," he said. "Too damned many playing playing mothers, too damned many cold mothers for sons and fathers to come home to; too much afternoon drinking and evening drinking."

School Lunch Fund Is Nearly Exhausted

Federal Appropriation Running Out; Budget Bureau Asked For Aid; Congress Balking At Program For Next Year

WASHINGTON.—(AP)—Several million school children may soon have to go without hot lunches or pay higher prices because a \$75,000,000 federal school lunch appropriation is running out.

Thirteen states have reported that the federal funds allotted them will be used before the end of the present school year. Some will be without federal money next week.

The states facing financial difficulties include Arizona, California, Illinois, Georgia, Louisiana, Minnesota, Missouri, New York, North Carolina, Ohio, South Carolina, Texas and Tennessee.

The Agriculture Department which supervises the program and apportions federal funds among the states, said it is powerless to provide further assistance unless Congress votes additional money.

It is known, however, that the department has asked the budget bureau to approve a department re- (Continued on Page Four)

PORTAL CLAIM BILL PASSED

House Sends Ban On Portal Pay Suits To Upper House

WASHINGTON.—(AP)—Legislation setting up legal barriers against about \$5,785,000,000 in portal-portal pay suits was approved by the House today and sent to the Senate.

In the first action of the new Republican-dominated Congress on a major labor bill, the House rebuffed all efforts to amend the measure.

Action came after numerous speakers declared the wave of portal suits, following the Supreme Court Mt. Clemens pottery decision, threatens the stability of the nation's economy and the federal treasury itself.

The bill in effect overturns the Supreme Court interpretation of what is work time for which employers must pay under the Wage-Hour Law.

Europe Relief On Loan Basis Asked By Hoover

Former President Disdains "Gift" Policy; Offers Specific Recommendations For Handling Relief To War-Ravaged Nations

Washington.—(AP)—Former President Herbert Hoover called on Congress today to put United States relief abroad on a loan rather than a gift basis. He also urged establishment of the post of foreign relief administrator to coordinate this country's missions of mercy.

Only a day after he recommended that the United States spend \$475,000,000 for the relief of Germany alone over the 18-month period beginning last Jan. 1, he was called to give his view before the House Foreign Affairs Committee on a proposed bill to expend \$350,000,000 in five other European countries and China.

Just back from making a three weeks' survey of Europe's food needs, Hoover contends that relief for the other European countries should not be put at higher levels than those he recommended for Germany and Austria.

In his report to President Truman on the survey, Hoover said German civilian needs have "sunk to the lowest level known in 100 years of history." He recommended that the United States and Britain each spend half of \$951,000,000 on German relief.

Hoover offered nine specific recommendations for handling relief: 1. No relief other than food, medicine, seed and fertilizers should be furnished under all relief appropriations. In some cases, limited supplies of clothing might be included.

2. Relief under our contributions should be limited to U. S. products and to transportation.

3. None of the funds should be used for countries which are able to pay in cash or secure credit or supplies through other channels.

4. Further careful estimate of need and costs of relief.

5. The distribution should be continuously under the supervision of, and satisfactory to, specialists.

6. No obligation or promise may be entered into with any country for any specific amount of relief; the distribution must be on a month (Continued on Page Four)

Firebug Strikes Again In Wilson

Wilson, N. C.—(AP)—Wilson County's mysterious firebug struck again before dawn today, setting his fourth farm house fire in 13 nights.

Stables, a packinghouse and an ordering pit on the farm of E. L. Cobb, about a mile from the settlement of Sims, burned to the ground about 2 o'clock this morning. Earl Reasons, a tenant on the farm, was awakened by the baying of mules, and discovered the fire. Reasons rushed into the stables and freed the mules, but three valuable dogs perished in the flames along with 100 bales of hay, tobacco sticks, a new oil-burning tobacco curer, and a large quantity of farming equipment.

This fire compares with the single airborne division which the United States possesses.

Some strategists note that the reported 100,000-man strength of the Russian airborne force may be misleading because of a possible Soviet deficiency in the important matter of air transportation.

COUNCIL MEET IS POSTPONED

Meeting Called Off By Gromyko To Study Atom Statement

Lake Success, N. Y.—(AP)—A declaration by Andrei A. Gromyko on Soviet Russia's position on the bitterly-fought atomic energy control problem was postponed today when the United Nations Security Council cancelled its meeting set for 3 p. m.

The Soviet delegate said yesterday he expected to make a "few remarks" today on the United Nations plan to return the atomic question to the United Nations Atomic Energy Commission.

However, an informed source indicated this morning the meeting today was called off at the request of Gromyko, who was said to have advised President van Langenhove, of Belgium, he would like more time.

The Soviet delegate blocked final action by the council on the Unit- (Continued on Page Four)

Jury Assembles For Lynch Case

Greenville, S. C.—(AP)—Coroner J. O. Turner of Greenville County today assembled a jury to study responsibility for the lynching of Willie Earle, 24-year-old Negro, near here Feb. 17.

The Greenville County courtroom scene of the afternoon inquest, was expected to be filled for the proceedings.

Thirty-one Greenville men, all but four of them cab drivers, were charged with murder following a week-long investigation of the case undertaken when the Negro's body, punctured with stab and shotgun wounds, was found just inside the Greenville County line.

Earle was being held in the Pickens County jail as a suspect in the fatal slaying of T. W. Brown, 48, a Greenville taxi driver, when an armed but unmasked band of men forced the jailer to surrender him to them.

Believe Red Army Building Biggest Airborne Striking Force Of World

Washington.—(AP)—Russia is believed to have an airborne army in being or in training far surpassing that of any other power.

Information filtering out of Russia indicates, it was learned today, that the Soviet Union's strength in troops trained for lightning strikes from the air may number as high as 100,000 men.

This force compares with the single airborne division which the United States possesses.

Some strategists note that the reported 100,000-man strength of the Russian airborne force may be misleading because of a possible Soviet deficiency in the important matter of air transportation.

Russia's primary aviation interest, during the war was in fighter type planes. She virtually ignored heavy bomber aircraft and, either because of policy or production difficulties, did little transport plane building. What her strength in transport is today is uncertain.

NEW LEASE ON LIFE IS VOTED FOR CONTROLS

Senate Committee Passes On OPA Funds; Agency To End June 30

Washington.—(AP)—The Senate Appropriations Committee voted 8 to 5 today to allow the Office of Price Administration \$17,991,815 to continue Rent, Rice and Sugar controls until June 30.

Chairman Bridges (R-NH) said the committee voted into a \$180,996,000 money bill a provision requiring OPA and the Office of temporary controls to end all activities June 30.

This action was taken, Bridges said, on motion of Senator Thomas (D-Okla.), and was approved by an 11-2 committee vote.

Bridges said the committee, in effect, allowed the OPA about \$5,000,000 to continue its operations for the next four months, with the remainder of the two millions for payment of terminal leave of employees and for liquidation purposes.

OPA officials originally had asked for \$5,000,000 money for the next four months. Bridges said the agency must make drastic cuts in its personnel, operating with about one-fourth of its present force of about 14,000 employees.

"I want to emphasize that this action won't end controls over rent, sugar and rice," Bridges told reporters. "The committee was informed that a rent control bill is ready for early Senate consideration and that there is a move afoot to transfer sugar and rice control to the Department of Agriculture."

A subcommittee had recommended yesterday by a 5-5 vote that OPA should have \$2,000,000 to operate through June 30, but the committee cut this down today.

JAYCEES WILL MAKE AWARD

To Honor City's Outstanding Young Man; Elect Officers

By CHESTER WALSH

The Junior Chamber of Commerce at its supper meeting at the Old Town Inn last night elected Van C. Fleming, Jr., president. He succeeds Thomas C. Wilson, whose administration was outstanding.

Sam Weeks was chosen vice-president, Milton Adams, secretary, and Howard Hodges, Jr., vice-president. Harold Staton and Edmund Waldrop were elected directors for two-year terms. Tom Wilson and Dr. Kenneth Quiggin for one-year terms.

In conformity with a national Junior Chamber of Commerce custom, the Greenville Jaycees, at its annual banquet next Thursday night, will present a distinguished award to the community's outstanding young man—not over 35.

Selection of the man who has contributed most to the welfare of the community during the past year will be made by a committee of leading citizens representing various civic and other organizations.

The winner does not have to be a member of the Junior Chamber of Commerce, President Van C. Fleming, Jr., said.

Godfrey P. Oakley won the distinguished service award last year. President Fleming spoke about the Red Cross drive for members to be held March 13-14. The Jaycees voted to underwrite the worthy project. Dr. Herbert Hadley chairman, and Godfrey Oakley (Continued on Page Three)

Greek Problem Whispered Behind Secret Conference

Senate Votes To Apply Surplus Fund To Debt

Knowland And Taft Compromise On Amount To Be Applied Out Of Budget Savings For U.S. National Debt

Washington.—(AP)—The Senate voted today to write into a budget-cutting pledge a promise to apply \$2,800,000,000 of any savings to reduction of the national debt.

The vote was unanimous, 82-0. The action came after Senators Knowland (R-Calif.) and Taft (R-Ohio) had compromised two different proposals on debt payment. Knowland at first wanted to earmark three billions for debt payments and Taft only one billion.

Senator Millikin (R-Colo.) obtained the compromise at one per cent of the debt of about \$280,000,000.

The debt payment pledge was attached to the congressional budget resolution which proposed to cut \$4,500,000,000 off President Truman's recommended \$37,500,000,000 expenditures for the year beginning next July 1.

Prior to action on the compromise, the Senate beat down 49 to 33 an amendment by Senator Green (D-RI) to apply all of any surplus in the 1948 fiscal budget to the public debt.

Senator Knowland (R-Calif.), who originally sponsored a \$3,000,000,000 debt reduction fund, agreed to the modification at the request of Senator Millikin (R-Colo.).

Knowland said \$2,800,000,000 is one per cent of the national debt, and setting aside that much would at least present a goal of paying off the entire amount in 100 years.

Knowland offered his proposal as an amendment to a resolution setting a \$33,000,000,000 spending ceiling for the next fiscal year. The House voted to make the figure \$31,500,000,000. President Truman asked for \$37,500,000,000 in his budget.

Senator Taft (R-Ohio) opposed a \$3,000,000,000 commitment for debt reduction, contending tax reduction is "more important" at this time.

The Ohio senator has taken the stand that \$3,500,000,000 of any budget saving should be used for a tax cut.

"Betty Jo" Reaches Goal; Sets Record

PULLMAN CAR WRECK FATAL

Sleeper Breaks Loose From Train; Porter Is Killed

Gallitzin, Pa.—(AP)—The last car of the Pennsylvania Railroad's New York-to-Texas "Sunshine Special" tore loose from the train at the peak of the Alleghenies in pre-dawn darkness today, careened wildly down the mountainside and slowed into an embankment, killing a Pullman porter and injuring 11 passengers.

The crash occurred at Bennington curve, the exact spot where the PRR's eastbound "Red Arrow" hurled the rails and plummeted into a deep ravine, killing 24 persons and injuring some 150.

The victim of the crash today was identified by the railroad as L. Keys, a Pullman employee who works out of the Houston, Tex. PRR district.

Railroad officials at Pittsburgh began an immediate investigation "entering the probe principally around why the car's automatic air-brakes failed to operate."

The train had stopped outside Gallitzin to take off one of two engines used to pull it up the treacherous and tough mountain climb. Passengers in the other sleepers and coaches did not know the train had lost a car until it reached Pittsburgh, about 100 miles west of here.

Ready To Sign Alliance Treaty

London.—(AP)—Foreign Secretary Ernest Bevin announced agreement in a British-French treaty of alliance in the House of Commons today.

Bevin said he and French Foreign Minister Georges Bidault would sign the treaty next Tuesday at Dunkerque.

"It is evidence of the bonds of friendship" between the two countries, he said.

Dunkerque has special significance to the two countries as a scene of horror and defeat resulting from attempted wartime cooperation that fell short of its goal of topping the Germans in 1940.

Notice To Our Mail Subscribers

Attention of our mail subscribers is called to the fact that it is necessary that all subscriptions be paid in advance if we are to continue to send you the paper. There is still a severe shortage of newsprint and we cannot carry subscribers in arrears when there are others who wish to subscribe to the paper. All present subscriptions not paid in advance by March 1 must be dropped from our lists.

Rumors Of British Appeal For U.S. To Take Up Commitments In Greece On Large Scale In View Of Near Breakdown In England's Domestic Economy

WASHINGTON.—(AP)—Britain, her domestic economy almost at the breaking point, was reported in congressional and diplomatic quarters today to have proposed that the United States take over her commitments in Greece on a large scale.

Although there was no White House confirmation, this was understood to have been the subject—at least in part—of a highly secret White House conference yesterday among President Truman, his diplomatic advisers, and key legislators.

One source said that the United States would issue a statement soon on what part, if any, it would assume in helping bolster the shaky Greek government.

In London, a foreign office spokesman said British and United States discussions were under way in Washington on the problem of continuing the economic and military obligations in strife-torn Greece now borne by Britain.

(The spokesman implied one aspect of the talks was the continued provision of foreign currency with which Greece could purchase arms and military equipment.)

(The discussions, he added, arose out of the ending March 31 of Britain's commitment to maintain the Greek armed forces. The same spokesman said he saw no prospect of U. S. military forces being sent to the country after Britain's forces get out.)

(Other government sources said Foreign Secretary Bevin was planning to withdraw Britain's remaining 10,000 troops from Greece within the next three months.)

It was learned from diplomats in Washington that the whole problem of Greece, together with a report on Britain's waning resources, was laid before Secretary of State Marshall by Lord Inverchapel, the British ambassador to this country.

(Continued on Page Four)

Bolivians Call For Rescue Of Flooded Town

LA PAZ, BOLIVIA.—(AP)—Bolivian diplomats in other American republics were under urgent instructions today to seek immediate aid in the rescue of inhabitants of a north Bolivian town reported almost completely covered by flood waters.

"The town of Trinidad is vanishing and all its inhabitants will perish if they don't get help," said a foreign ministry note asking foreign governments late yesterday to send amphibious planes to the capital of Beni Department on the northern frontier.

"If the evacuation does not start tomorrow, 1,200 children will be drowned," said a message yesterday from the prefect of Trinidad.

(U. S. Army headquarters in Panama dispatched a C-54 transport plane for La Paz yesterday with life rafts and life vests to be dropped in the flood zone.)

Late reports said the water was rising and that only dry land in town was a plot about 30 by 1,000 feet near the main square.

England's Rebirth

Industrial Crisis Interpreted As A Test Of British Character And Determination; "They Will Come Thru"; Undergoing A Mighty Change; The Future

By DEWITT MACKENZIE

The British government's decision to inaugurate night work in industry—a measure heretofore almost unknown to England excepting under pressure of war—gives us a fair measure of the gravity of the economic crisis which has overtaken John Bull's fair isles.

The fact that this is a Labor (Socialist) Government—made up of men who have spent their lives fighting just such onerous hours for the workers—further emphasizes the seriousness of the situation. And it emphasizes the determination of the Britons to battle this difficulty to a finish, just as they did in the perilous days of '40 when the black shadow of German invasion struck across the white cliffs of Dover.

The London Daily Express thinks the crisis is one of character rather than of economics, and expresses confidence that character, sound and steady, will give the lie to the prophets who say Britain is finished. Well, I haven't yet encountered any major prophet who ventured to claim that England was finished. Indeed, such a viewpoint strikes me as being exceedingly ill-founded.

Lewis W. Douglas, the economic expert who has been nominated by President Truman for the ambassadorship to London, when asked whether he believed the British would weather their present crisis, replied:

"Of course they will. They are too fine and their character too strong to assume anything else. As an insurance man, I think Britain is a good risk."

No, England isn't finished—not by a long shot. However, we must recognize that this is no ordinary or temporary emergency through which she is passing. She is undergoing a mighty change—is being reborn.

Those of us who know England well through former residence there are wont to think of her before the war as a delightful land of emerald lawns, sweet doll-house gardens and trim hedges, where life moved tranquilly and folk took time to enjoy it. We like to recall our own rose gardens—the long terraces across a countryside dotted with thatched old-world cottages—the jolly week-end boating on the Thames. (Continued on Page 5)

Another Tax Form

Conditions Under Which The 1040 Short Form May Be Used In Filing Your Income Tax; Ten Percent Deduction In Tax Table; How To Fill Out Form

By JAMES MARLOW

(Editor's note: This is the fifth of 12 stories explaining who must do what about his income tax return.)

Washington.—(AP)—You can file your 1946 income tax return on the 1040 Short Form if—

Your income, from any source at all, was under \$3,000. If it was \$5,000 or over, you must use the 1040 Long Form.

Form 1040 is a 4-page form. It can be used two ways: as a Short Form as a Long Form. The main difference is:

On the Short Form you don't figure your tax. It's already figured for you in a tax table on the back. You must figure it on the Long Form.

When you use the Short Form you don't list any deductions for things like medical expenses, charitable contributions, and so on.

You don't have to. Everyone using the Short Form automatically is allowed about a 10 percent deduction. That's taken care of in the tax table.

If your deductions actually were more than 10 percent of income, don't use the Short Form. You'll lose money. Use the Long Form.

With the Long Form you must itemize your deductible expenses but you can deduct for all of them.

Husbands and wives with combined income under \$5,000 can file separately or jointly on the Short Form.

If their combined income is \$5,000 or more, but individually less, they can file separately on the Short Form or jointly on the Long Form. Don't skip around on the Short Form. Start at the top, answering the questions as you go down.

Most people will need only page 1. Some, with income from pensions or annuities, also will use the top of page 2.

Here's how to do it: You, married, have two children. You had \$4,500 income from salary and \$500 from dividends. Your wife had no income.

You write your name, address, social security number. Then you list as exemptions yourself, wife and two children, since they were dependent upon you.

(Each exemption you can claim knocks \$500 off your total income before it becomes taxable.) Where it says "your income" you (Continued on Page Five)

Forty Years Ago Today

THE DAILY REFLECTOR
February 28, 1907

Last day of February.
The river is getting high.
Miss Blanche Cromartie left yesterday for Baltimore and New York to purchase and study spring patterns for millinery.

The announcement of baseball schedules and seaside resorts making ready for another season, reminds us that summer will be along bye and bye.

Mrs. Herbert Hadley.
A lovely arrangement of pink snapdragons and ferns in a silver bowl was in the center of the table, which was covered with an imported cloth. Forty guests called during the hour.

church and affiliate with some church.

Young peoples Westminster fellowship meeting at 6:30 p. m. Mid-week prayer service, Wednesday at 7:30 p. m.

Kiwanis Club Meets Tonight
The Kiwanis club will hold its weekly supper meeting tonight at 6:30. President Ed Bloom will preside.

Masonic Meeting
A stated communication of Greenville Lodge No. 281, A. F. and A. M., will take place Monday night, March 3rd, at 7:30 o'clock. After regular business, work in Entered Apprentice degree is scheduled. All members and visiting Master Masons are cordially invited to attend.
L. F. STOKES, Master.
A. R. HOUSE, Secretary.

Literature Department
On the twenty-fifth of February the regular meeting of the Literature Department of the Woman's club was held at the beautiful new home of Mrs. Paul Ricks. Mrs. F. P. Brooks was assistant hostess. Josselyn and potted plants decorated the living room and the dining room table was covered with a bowl of red and white carnations. Refreshments consisting of ice cream, cake, salted nuts and demitasse coffee carried out the George Washington's birthday motif.

Visitors for the occasion were Miss Kate Lewis, Miss Mary Lewis, and Mrs. H. L. Carter. Mrs. Guy Evans was welcomed as a new member.

Mrs. H. H. Settle presided over the business session during which a collection was taken for the club's French war orphans.

Mrs. Ricks graciously presented one of Greenville's most valuable citizens, Miss Kate Lewis. Out of her great storehouse of knowledge of painters and paintings Miss Lewis talked interestingly of the work of John Stewart Curry and showed many of his paintings to illustrate the points she brought out regarding this modern regional artist who, she said, made a great contribution to native American art.—Reported.

Visitors at Training School
Fourteen high school seniors enrolled in teaching practice courses in the Snow Hill schools were visitors at the Training school on the East Carolina Teachers college campus last Thursday. The students, who are doing work to determine their aptitude for teaching, observed the classes carried on during the day.

in primary and grammar grades. The teaching practice courses in the Snow Hill schools were begun recently by Principal O. H. Boettcher. Dr. J. L. Oppelt, director of student teaching and placement at the college, who has served as consultant for the Snow Hill project, arranged the day of observation at the Training school. Kathryn Albritton of the faculty of the Snow Hill schools accompanied the students and directed their activities during the day.

The high school students who visited the Training school are Marie Harris, Willie Sowers, Tiny Heath, Virginia Owens, Edith Mewborn, Peggy Heath, Kathleen Fields, Gladys Goodwin, Louise Taylor, Evelyn Phipps, Emma Ellen Ham, Paul Watson, Grace Cunningham, and Agnes Barrow.

Appear in Recital

The Women's chorus of East Carolina Teachers college appeared in a recital in the Austin auditorium of the college on Thursday at noon. Under the direction of Dan E. Winkholt of the faculty, the chorus of 43 students, dressed in purple choir robes and standing on a tiered platform, presented a program of sacred and secular music. Dorothy Maynard of Smithfield was accompanist.

Among the numbers sung were "Beat Song" by Ware, "Three Little Maids" by Elliott, "The Lord's Prayer" by Malotte, and "The Great Awakening" by Kramer.

Is Your Life Out of Tune?

Is there harmony in your life or discord? What are some of the things that make for harmony in life? Why do some people remind you of a funeral dirge, while others make you think of a happy melody? We invite you to hear these questions discussed at the five o'clock vesper service at the Immigrant Baptist church, Sunday afternoon, the 28th. The members of the High School Glee Club will be our special guests, and will sing several musical numbers. We believe that you will enjoy this hour of fellowship and inspiration.

The Young People's Fellowship dinner will be served at 6 o'clock, followed by the Youth Fellowship program at 6:30 p. m.

Girl Scout News

The executive board of the local Girl Scout Council held the first meeting of the year at the Scout office Monday morning. Plans for the coming year were discussed, and the 1947 budget approved. The board has several new members this year—not all new to scouting, but new

in the capacity in which they are serving.

Mr. Charles Bissette, chairman of the Camp Hardee camp committee, called a meeting for Monday night. The meeting was well attended and proved to be a very enthusiastic one. Camp Hardee will have electricity available now, and since the buildings were ready to wire the buildings, many items concerning the wiring had to be worked out.

The possibility of building some new cabins was discussed. Mr. Olie Van Nortwick, Jr., was asked to estimate the cost and possibility of building "right away." Miss Martha Lee Cowell, chairman of the building fund, was requested to forward this information to Mr. H. M. Hardee for his approval, in case it became necessary to make any substitutions or changes in the original plans set by the architect.

The road on the camp property needs to be improved. Mr. Bissette volunteered to contact some road construction parties as to the possibility of putting the road in or-

der. He will report his findings at the next camp committee meeting.

Funeral Rites John H. Spain

John S. (Jake) Spain, 75, who died at Watts Hospital, in Durham Thursday at 7:30 a. m. after two months' illness, will be buried Saturday afternoon. Funeral services will be held at his home in Galesburg Saturday at 2 p. m. The Rev. G. H. Sullivan, Christian minister of Wilson, and Dr. H. G. Haney, Christian minister of Greenville, will officiate. Burial will be in Mount Pleasant Church cemetery near Greenville.

Active pallbearers will be Paul Majette, T. R. Rouse, Jr., Ernest Eiks, T. R. Dixon, Dr. C. H. Spiggle, W. F. Galloway, N. L. Beck and Leslie Eiks.

SALE OF PERSONAL PROPERTY

By virtue of a decree of the Superior Court made by D. T. House, Clerk of the Superior Court of Pitt County, the undersigned Commissioner will on Monday, the 10th day of March, 1947, sell at public sale to the highest bidder for cash all of the personal property of every kind and description of the late T. M. Moore, consisting of the following:

12 mules, tobacco planters, mowing machines, carts, wagons, harness, plows, rakes, hoes, shovels, and all other farming implements of said estate of the late T. M. Moore, also about 50 barrels of corn and a small quantity of hay.

This sale will be held at 10:30 A. M. on the Store lot of the late T. M. Moore at House Station on the Greenville-Bethel Highway and will continue until all personal property is sold.

This sale is made for the purpose of making partition of the proceeds thereof among tenants in common. This the 17th day of February 1947.

W. O. MOORE, Commissioner
Harding and Lee, Attys.
Feb. 19-17w-2wks.

GREENVILLE, N. C.

Third Street School News

Mr. Rose Visits School.
Third Street school had chapel a few days ago. While in chapel Mr. Rose talked to them.

It seemed that they couldn't keep still. Mr. Rose told them the reasons why they couldn't keep still. He said, "You drink too many soft drinks, stay up too late, and go to the theater too often." He continued by saying, "One show a week is enough for anybody and never go to the late show." He said, "Growing children should have plenty of milk and always go to bed early."

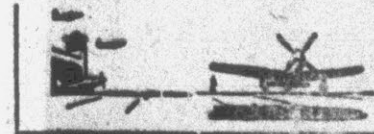

Third Street school enjoyed having Mr. Rose speak to them.—Lula

Here are
GOOD JOBS
for you!

Good pay, opportunities for advancement by enlisting in the U. S. Army Air Forces. Important new enlistment privileges and many other advantages. Family allowances for dependents. Thirty-day vacation with pay every year. Retire after 20 or 30 years with life income. Great training for a fine future. Get all the facts. No obligation. Apply

U. S. Army Recruiting Substation,
New City Hall Bldg. Greenville, N. C.

Cheerful Room
The second grade room of Third Street school looks just like spring. There are lovely painted jonquils on the window of the door to greet you as you go in. The first thing you notice as you enter is more jonquils painted on the windows. There are also jonquils on the tables where the pupils work and a large bowl on the easel.

The observer saw many other things of interest such as costume designing and an unfinished mural of the Mouse and the Turnip which the second grade children have drawn and painted pictures of George Washington are on the walls along with many spring drawings. Some of the children have taken old window shades and painted pictures on them so they could roll them up. They also have a study in black and white on the wall, animals cut from white paper and pasted on black.

This touch of spring cheerfulness is in keeping with modern teaching and is something every teacher should observe.—Edwina McMullan

Cafeteria
The Third Street school cafeteria has had two fires this year, so now it has new curtains and several interesting pictures. They hope to have it improved more very soon.

The older grades sit in the large room and the younger ones in the back room. The teachers take turns in supervising the large room with help from the older children. Mary

Elizabeth Crawford has entire care of the younger children and is teaching them to be quiet and have good manners.

Mrs. Edmundson is director of the cafeteria and she takes great care in planning the seven basic foods.

Marty Hadley

The Necessity of Good Milk
From the time we are born until we die we need milk. For the first three or four months we could not live without milk. If we did not drink milk our teeth and bones would not be strong and our teeth would not be white. You should drink at least one quart of milk a day to keep healthy and strong.

Milk should be kept clean. Bacteria can be in milk if it comes from a diseased cow. Disease can come from a milker or handler who is ill with or a carrier of a disease. Milk can be contaminated by flies, insects, unclean utensils, dirty stables, careless handling in transit to the consumer, insufficient refrigeration and poor handling in the home. There are many diseases that are carried through milk such as tuberculosis, undulant fever, sore throat, scarlet fever, diphtheria, typhoid fever and dysentery. No one should take chances, but should drink pasteurized milk.

—Tom Forbes.

District Chief Is VFW Speaker

Hugh K. Marr, Commander of the VFW First District, spoke to the local VFW post at their regular meeting Thursday night.

Commander Marr, of Elizabeth City, spoke briefly on the subject of veterans' bonus, citing statistics, he created much interest and on the subject.

A report was given on the "Walking Blood Bank" and it was stated that Sherwood Allsbrook was the latest donor for the bank. Post Surgeon Dr. Irons was highly commended by the members for his contribution to the success of the project.

Melvin Whitford and Red Flanagan compose the Red Cross Committee.

Thomas Sellers urged the sponsoring of an air show in connection with the civilian opening of the County-City Airport. Sellers, chairman, and Bill Pruden, David W. Mosler, Howard Waldrop and Howard Hodges, Jr., compose the Air Show Committee.

Three new members, Bill Faison, Bill Minton, manager Efford's store and Paul E. Tart of Bissette's drug store, were inducted. Nelson Bowden transferred his membership here from New Bern and was inducted.

Brave Officer Arrests A Mule

By CHESTER WALSH

Greenville police made an arrest last night, but were unable to lock up the prisoner in the calaboose.

Chief Jim Tanner said today. Desk Sgt. R. T. Rogerson received a report that a mule was roaming about Evans street, near Five Points. He signalled the radio cars to apprehend the equine. Patrolman Jesse Hill, in one of the cars, asked the desk sergeant: "What's the charge?" "Interfering with traffic," Rogerson replied.

When both police radio cars arrived at Five Points, Marmaduke Llewellyn had stepped up on the sidewalk in front of the Five Points market and was surrendering to Patrolman D. J. (Mac) McLeod, who was patrolling that beat. The mule was willing to go in any direction except toward the police station. A passing farmer, familiar with equine idiosyncracies, lent the officers a rope, and Patrolman McLeod made his only arrest of this night. The radio station announced the mule's arrest, and "In nothing flat," W. C. Eagles, Third and Summit streets, arrived and claimed his property.

CHECKERBOARD PERIL
Seattle, Wash.—(AP)—Mrs. Gienna B. Rich, filing suit for divorce, charged that her husband, Edgar, had a "vile and ungovernable temper." She said he upset the checkerboard whenever he saw he was going to lose.

Strength FOR THE DAY

By EARL L. DOUGLAS

FRIENDS AND ENEMIES OF MANKIND

How lavishly we reward those
who minister to our convenience or
to entertain us, and how shame-
lessly we neglect those who make
their contribution to the finest el-
ements of our lives.

While Rembrandt was painting
his last great picture, "The Return
of the Prodigal," he was living in a
state of poverty, an undischarged
debtor, owning not a thing in
the world but the clothes on his
back and his painting materials.

One of the most talked-of
debutantes of the season were the
Baker twins—Elizabeth Alexander
and Virginia Gordon—daughters of
Capt. Harold Davis Baker, U.S.N.,
and Mrs. Clifford Hall, Newport
pianist and entertainer, was im-
ported for the affair, and Veuve
Clique champagne was served.

Probably the most talked-of
debutantes of the season were the
Baker twins—Elizabeth Alexander
and Virginia Gordon—daughters of
Capt. Harold Davis Baker, U.S.N.,
and Mrs. Clifford Hall, Newport
pianist and entertainer, was im-
ported for the affair, and Veuve
Clique champagne was served.

Only way to tell the two apart
is to know the secret—Elizabeth has
a widow's peak. The girls are tall,
slender, brown-eyed and very so-
phisticated-looking.

Their debut was from 5 to 7 p.m.
at the Shoreham hotel. Guests
numbering more than 400, came
from New York, Baltimore, San
Francisco and Milwaukee.

WASHINGTON LETTER

DEBUTANTE SEASON IS GAY IF NOT OVER-GLAMOROUS

By JANE EADS

Washington—This has been the
most debutante season in the his-
tory of the capital—if not the most
glamorous.

It is true that the parties haven't
been so fantastically extravagant
in the days when live butterflies
were loosed from tailroom ceilings,
and painted automobiles were
driven away and the debutantes wore
stolen orchids.

But the champagne was just as
sparkling and the debutantes just as
glamorous and the parties just as
gay.

Most of the parties were given in
private homes, rather than in the
state homes as in the old days.
Flowers and candlelight and
hot and sweet music of popular
orchestras were there just the same.
Dinner for more than 25 debutantes
and the social calendar for the
next two weeks the girls were home for
holidays from their schools and
university. So many parties were
given that some of the would-be
debutantes postponed their bows until
spring.

The young thing went to three
dinners in one day, spending an
average of \$100 at each. Another took
around seven different functions in a
week. A number boasted as many as
10 invitations and tried to accept
them all.

Included in the list of debutantes
were daughters of two members of
the diplomatic corps and the
daughter of a cabinet member.
Of the others were daughters of
senior Washingtonians, or
"establishment" as they are called.

Memorable, dark-eyed Nora,
daughter of Carlos Martins, Bra-
zilian Ambassador and dean of the
diplomatic corps, made her debut at
the Embassy.

She was 19, and had moved through
the vast hall, which was trimmed
with holiday decorations and red
and white streamers and white
flowers and a pink ballroom.

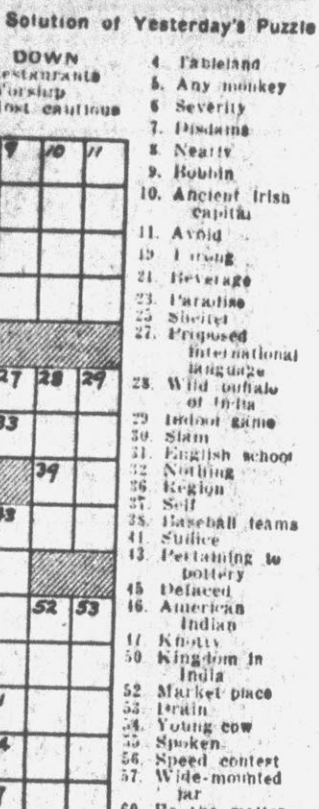

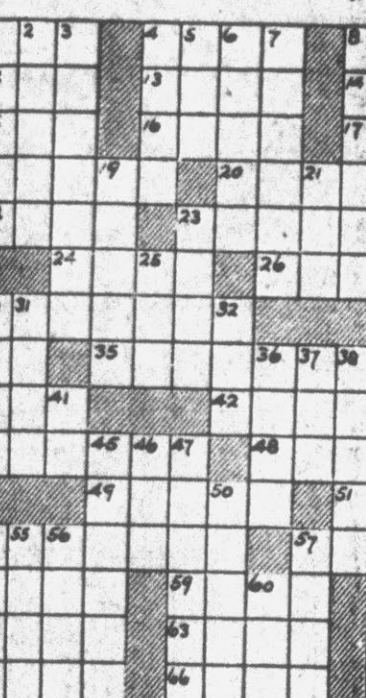

As for the other daughter of the
diplomatic corps, the daughter of
the cabinet member, Miss
Patterson, daughter of the
attorney at war and Mrs. Robert
Patterson, was the only one to
be escorted.

There has been no dearth of
escort men for the debutantes, but
Nora Martins probably
was the best. The Princeton

Solution of Yesterday's Puzzle

is up to Dr. Oswaldo Aranha, of
Brazil, who will become chairman
tomorrow.

The council is considering a resolu-
tion by U. S. Delegate Warren
Austin. This would send back to the
Atomic Commission, which has
not met since Dec. 30, the commis-
sion's voluminous report, Gromyko's
13 proposals which would take
the heart of the American plan out
of the report, and the comments of
the council delegates.

Sudden Blaze . . .

(Continued on Page Four)
100 others were treated for minor
burns, and many others, overcome
temporarily, were revived on the
dock and returned to their stations.
It was approximately four hours
after the flames broke out that the
fire was brought under control.

School Lunches . . .

(Continued from Page One)
quest for a delinquency appropria-
tion to help carry the program on
through the school year.
Such a request, if made of Con-
gress, would come at a time when
economy-minded lawmakers are
demanding elimination of a \$75,
000,000 request by President Tru-
man for a school lunch program next
year.

Under the school lunch act, passed
last year, the federal govern-
ment allows funds to states which
agree to match federal grants dol-
lar for dollar. Congress appropri-
ated \$75,000,000 for the current year
all of which has been allotted to
the states.

The money is used either to give
free lunches to children or to pro-
vide them at a lower price than the
children otherwise would have to
pay.

"Betty Jo" . . .

(Continued from Page One)
plane on.

As the Betty Jo taxied to a stop,
Col. Thacker, his face gray with
fatigue but smiling happily, swung
out on a wing.

Suddenly he glimpsed in the bi-
crowd, his wife, Betty Jo, for whom
his plane was named.

"Hey, look out!" he cried, leap-
ing to the ground, "that's my wife!"
Flushing his arms around her, he
kissed her, shouting, as if still
speaking above the roar of engines,
"I am kissing you now."

Announcement

Due to the recent decrease in the price of dairy feed, resulting in a slight decrease in the cost of milk, we are pleased to announce beginning March first a reduction of one cent per quart.

We will always look to the interest of the public we serve, when conditions warrant a reduction in the cost of our products.

Prices on milk, effective Saturday March first, will be as follows:

SWEET MILK, WHOLESALE PRICE, Qt.	19c
SWEET MILK, RETAIL PRICE, Qt.	21c
WHOLE LACTIC MILK, Wholesale Price, Qt.	19c
WHOLE LACTIC MILK, Retail Price, Qt.	21c
BUTTER MILK, WHOLESALE PRICE, Qt.	11c
BUTTER MILK, RETAIL PRICE, Qt.	13c
SWEET MILK, Half Pints, Wholesale, Qt.	5 1-2c
Chocolate Milk, Half Pints, Wholesale, Qt.	5 1-2c

Carolina Dairy Products, Inc.
GREENVILLE, N. C.

Tax Form . . .

(Continued from Page One)

write your employer's name and address. List all your employers if you had more than one.

Then, separately, list your \$4,500 salary and \$300 from dividends. Add the two. The total is \$4,800. Turn to the tax table on page 4 to see what your tax is.

Because you're claiming four exemptions, look down the fourth column which shows that the tax on a man with four exemptions and \$4,800 total income is \$452. Write that on page 1, line 7.

But during the year the boss withheld from your \$4,500 salary a tax of \$395. (In 1946 full tax was supposed to be withheld from all salaries and wages up to \$5,000).

So you write that \$395—the tax withheld from you—alongside (A) under line 8, page 1.

You look at line 7—the \$452 in total tax—and at line 8—the \$395 tax withheld. The difference—\$57—is due to the tax on the \$300 in dividends from which no tax was withheld in 1946.

So you write that \$57—the difference between the tax withheld and the full tax owed—on line 9.

Then you sign the return, tear page 1 off the 4-page 1040 form and turn it in to the Collector of Internal Revenue.

Saturday: Your exemptions).

England's . . .

(Continued from Page One)

These things come back to be because they are typical of a land

of charm, where life's tempo was moderate and its setting exceedingly pleasant. Of course that wasn't the whole story. There were inequalities. The rich on their baronial estates were very rich, and the poor in their humble cottages sometimes were very poor. Still, on the whole, life was gracious to the people of the British Isles.

I believe the spirit of those days will be restored in England, though the road to recovery will be difficult and dangerous. John Bull will see the crisis through. Likely it will be even a better England, because inequalities which have blemished the way of life have been disappearing these many years. She will again see the happy long week-end upon the Thames.

Still, I don't believe England is heading toward her old affluence. Her days of vast personal fortunes are gone. Her domination of world markets is a page of past history. But the Union Jack flies high over the capital of the globe-encircling British Commonwealth of Nations

\$800,000 CITY OF GREENVILLE, NORTH CAROLINA BONDS
Sealed bids will be received until 11 o'clock, A. M., March 11th, 1947, by the undersigned at its office in

the City of Raleigh, N. C., for the following bonds of the City of Greenville, North Carolina, dated March 1, 1947, and maturing on March in the years hereinafter stated, without option of prior payment:

\$400,000 Water Bonds maturing annually, \$6,000 1950 to 1960, inclusive, \$10,000 1961, \$12,000 1962, \$12,000 1963, and \$15,000 1964 to 1965, inclusive.

\$400,000 Electric Light Bonds maturing annually, \$6,000 1950, \$10,000 1951, \$11,000 1952, \$14,000 1953, \$14,000 1954, and \$15,000 1955 to 1977, inclusive.

Denomination \$1,000; principal and semi-annual interest (M and S 1), payable in New York City in legal tender; general obligations; unlimited tax; coupon bonds negotiable as to principal alone; delivery on or about March 31, 1947, at place of purchaser's choice. There will be no auction.

A separate bid for each issue (not less than par and accrued interest) is required. Bidders are requested to name the interest rate or rates, not exceeding 6 per cent per annum in multiples of one-fourth of one per cent. Each bid may name one rate for part of the bonds of either issue (having the earliest maturities),

and another rate or rates for the balance, but no bid may name more than four rates for either issue, and each bidder must specify in his bid the amount of bonds of each rate. Each rate must be bid for bonds of consecutive maturities. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost to the City, such cost to be determined by deducting the total amount of the premium bid for the aggregate amount of interest upon all of the bonds until their respective maturities.

Bids must be on a form to be furnished with additional information by the undersigned, enclosed in a sealed envelope marked "Proposal for Bonds," and must be accompanied by a certified check upon an incorporated bank or trust company, payable unconditionally to the order of the State Treasurer of North Carolina for \$16.00.

The right to reject all bids is reserved.

The approving opinion of Messrs. Litch and Mitchell, New York City, will be furnished the purchaser.

Grain Market
Chicago, Feb. 28-(AP)-A run-away market erupted in the grain pits on the board of trade today and prices soared under aggressive short-covering and new buying demand. The March wheat contract jumped 10 cents, limit permitted in a single session, to a new 27 year high for any wheat delivery at \$2.33. Other deliveries were sharply higher. May, July and September wheat were at the best levels for these specific contracts in 30 years.

Corn soared with wheat. Gains extended to more than 7 cents at times, largest since removal of OPA price ceilings.

Oats were up more than 3 cents at one time. Lard was strong. Barley jumped 9 cents.

Buying in all pits was touched off by Herbert Hoover's report on food conditions in Germany.

Wheat closed 8 1/2 to 10 cents higher. March \$2.55, corn was up 6 1/2 cents, the daily limit for this grain, March \$1.57-1.55 1/2, and oats 2 1/2 to 4 1/2 cents higher. March 84 1/2-85.

Russell Sparks New Bern To 45-30 Victory

By DAVE CLARK
New Bern's Bears, sparked by fast breaking forward Warren Russell defeated a scrapping Roanoke Rapids ball club 45-30 last night in the first game of the NEAC tournament held at ETC.

Beaten by the Roanoke Rapids team twice this season, the New Bern club showed just how much they have improved by their resounding triumph. The action was closest in the first quarter when the Bears could get only a 12-6 lead.

However, in the second period the New Bern team doubled their tally while holding their opponents scoreless, making the halftime score read 24-12.

The third quarter saw the Roanoke boys outscore by two points the leading club and pull the score to 32-18 in favor of New Bern.

The last quarter was just about even with New Bern scoring 13 markers to Roanoke Rapids' 12. The final tally read 45-30 with the Bears on the long end.

Speedy forward Warren Russell accounted for 12 points to lead his club. James Brown dropped in 10 points to take runner-up honors.

James Warren and Walter Myrick got 8 and 6 points respectively to lead Roanoke Rapids' scoring attack.

Seaboard, Eppes And Pendleton Win In Play-Off

Large crowds attended the opening play-off in Eppes gymnasium for the afternoon and evening contests. The playoffs are divided into classes "A" and "B."

The Pendleton girls defeated their Ayden opponents in the first class "B" contest of the afternoon by the score, of 26-7. The Pendleton team had very little trouble in handling the Ayden girls and reserves played two quarters of the contest. O. Woods, accounting for 14 points led the winners.

In the second game of the afternoon, Seaboard defeated the Ayden boys 35-22 in a contest which provided the most excitement during the last quarter, both teams making all of their points from mid-floor.

M. Williams, Seaboard's guard scored 12 points for his team, and was high scorer for the afternoon. Seaboard will represent the B division in the semi-final play-off next week.

Brawley High, of Scotland Neck and Eppes (both in "A" division) met in a close and hair-raising contest with the Eppes girls finally going down to defeat 19-17 at the close of two over-time periods. The game's end found the score tied at 10-all, ending the first over-time the teams were still tied up at 15-15.

Mattie Forbes and C. Clapp of Eppes and Brawley respectively made 12 points each.

The Eppes boys finished off the Brawley quint to the tune of 32-25. Hay Davis and J. B. Taft were high scorers for the winners, making 19 and 10 points, respectively. Halftime score was 17-10, in favor of Eppes.

Edenton Quint Loses To Long, Tall, Pam Pack

The Washington Pam Pack used their tall boys to an advantage last night in the second game of the NEAC tournament's first round as they took an easy 40-12 win over a scrapping Edenton ball club.

Big Freddie Potts tossed in 14 points to lead his club in scoring and it was his and Hallett Ward's height that was the turning point in the game.

The first period started slowly as neither club could seem to find the basket, but Washington managed to take a 5-2 lead.

The Pam Pack ran the score to 19-6 by halftime as they began hitting on their shots.

The third and last quarters were almost all Washington as they ran the count to 28-10 at the three quarters mark and 40-12 by the closing whistle.

Semi-Finals In Conference Basketball Tournery Tonight

Washington Tangles With New Bern In Opener; Greenville Meets Kinston For Second Game; Four Teams Are Seeded Entries - Battle- Royals In Prospect

Washington meets New Bern in the opener and Kinston takes on Greenville in the afterpiece tonight in the NEAC tournament finals being held here in the ECTO gym. The opening whistle will blow for the first game at 7:30, while the next contest is slated to start at approximately 8:45.

Both of tonight's games should

Perkins Leads Locals To Win Over Serpents

Led by high-scoring Glynn Perkins, Greenville's Green Phantoms moved into the semi-finals of the Northeastern Conference Tournament by defeating the Tarboro Serpents last night 41-34.

The first half was a nip and tuck affair with neither team being able to get over a two or three point lead with the exception of the first four minutes of play when Tarboro held a 5-1 advantage.

The Greenies' ball-handling wasn't up to par and a number of their passes were intercepted. This was particularly true toward the last of the game when the Serpents had two and sometimes three men watching Perkins.

Starting the second half with a 20-16 lead the Phantoms increased their margin to 21 on a foul shot by Perkins. Everett made a 21-17 by sinking his free throw.

Another foul shot by Perkins and a field goal by Jimmy Cox put the Greenville five lead at 24-17. Perkins dropped in four free throws and Billy White made another to give the Greenies a 29-17 advantage. Hart and Whitehurst each made good on free throws and

be battle royals, with all four teams seemingly almost evenly matched. All four were the seeded teams in the tournery and played on fairly even terms whenever they met during the regular season.

No upsets took place during last night's games, but both Kinston and Greenville had close calls.

After a nip and tuck first half, the Kinston boys managed to pull away from their Elizabeth City opponents in the last half.

Greenville, on the other hand had a tough battle all the way through their contest. The Tarboro boys got "hot" in the waning minutes of the game, and spurred by the cheers of sympathetic fans pulled up to within two points of their favored foes. However, Glynn Perkins, the Stokes "jumping jack" came down to earth and racked up two baskets and put the game on ice for the Phantoms.

Neither Washington's Pam Pack or the Bears from New Bern had much trouble with their opposition and their game tonight should be close and hard fought.

During the regular season, Washington won over New Bern by one point in one of the two games played between them.

Scoring stars in last night's winning teams were: Warren Russell a forward for New Bern; Freddie Potts, a tall forward for Washing-

ton; Paul Bennett, Kinston's center who accounted for twelve points and Glynn Perkins, Greenville's high jumper who took the tournery's scoring lead by racking up 22 points last night.

Two successive baskets by Perkins and a foul shot by Turner ended the scoring at 41-34.

Tarboro, the underdog of the tournament, fought hard to down the limping locals, and received much credit from local fans who saw the Phantoms threatened, time and again by their foes clinch the victory in the closing minutes of play.

Glynn Perkins, Greenville forward was high scorer of the evening with 22 points, ten of these coming in the first half.

Cobb of Tarboro sank a goal.

Billy White countered with a goal of his own, putting the third quarter score at 31-23.

Cletas Jackson started the final stanza with a good foul shot, and then Tarboro started hitting the basket with more regularity and narrowed Greenville's lead to 32-30 by virtue of points raked up by Hart, Everett, and Worsley.

Perkins made good on a crisp shot but Everett retaliated with a looping hook putting the score at 34-32.

Billy White sank his shot but Cobb came back with one of his own.

Two successive baskets by Perkins and a foul shot by Turner ended the scoring at 41-34.

Devils Overcame Jackets' Threat To Win, 38-29

By DAVE CLARK

Elizabeth City's Yellow Jackets threw a scare into Kinston's smooth working Red Devils last night in the third game in NEAC tournament play, but when the final whistle blew, the Devils were on top by a 38-29 score.

The Yellow Jackets showed vast improvement over their regular season form last night as they notched the Devils basket for basket during the contest's opening minutes. As the game went on, however, the Kinston boys' smooth ball handling paid off with a few more baskets than the E.C. boys could make.

Elizabeth City went off to an early lead, which Kinston had trouble overcoming, and at the first quarter mark led by a 9-8 score. It was nip and tuck throughout the second quarter also, and by halftime one point still separated the teams. Kinston had the lead, this time at 17-16.

In the second half, the Red Devils began to pull slowly away from their opponents as the going got a bit rough and Kinston began to control the backboards regularly. The score at the three quarters mark stood at 30-20.

In the last stanza it was just about even again with the Jackets scoring nine points while the Devils scored eight, making the final score 38-29.

Larky center Paul Bennett dropped in 12 points to lead his club's scoring. His teammate R. A. Phillips got eight to take runner-up honors.

Lindy Holmes led Elizabeth City's scoring with 11 markers.

Tractors Need "WINTERIZING," too ...

AFTER a full season of heavy work, your tractor may need minor repairs or reconditioning. A tractor tune-up now will give you faster starting and quick, responsive power for winter hauling jobs. Also, repair work done now will give you a head start next spring when time is at a premium. Our shop is fully equipped to handle complete service on your tractor and other farm machinery. Well-trained mechanics will check your engine efficiency, adjust carburetor and magneto, install new parts, weld cracked or broken parts — any job needed to give you better tractor performance. At the same time we can check the cooling system and lubrication — vital steps for winter operation. Don't wait for trouble to catch up with you. Bring in your tractor, or schedule your job by phone.
