SNOWSTORM IN BRITAIN HITS COAL SUPPLY

Transportation Tied Up; "Coal Cabinet" Hold Emergency Meeting

London—(AP)—A new fuel crisis threatened storm-battered Britain today.

Ice and mountainous snows knotted the nation's transportation system and slashed critically needed coal production. The Daily Herald, organ of the ruling Labor Party, forecast "further checks" on fuel-short industry unless coal stocks get through.

A two day blizzard that died out last night had blocked 120 highways, stopped all movement on forty branch lines of the Great Western Railway Line, and entirely isolated 33 South Wales mines, which went out of production. Attendance at other mines there and in the Midlands was cut by 50 percent.

Prime Minister Attlee called a meeting of his emergency "coal cabinet" for this afternoon.

A major London dairy cut milk deliveries 20 percent because of tangled transportation. A bread and milk shortage threatened industrial Birmingham, where incoming supplies were reduced 60 percent.

The blizzard cut England in two for highway travelers. An automobile association said "it is practically impossible to get from south to north." Thousands of abandoned vehicles dotted the roads, many buried beneath snow. A woman's body was taken from one car in Wales. Some school children were stranded all night in a bus near Oxford, but volunteers dug them out safely.

Many trains throughout the Kingdom were marooned in drifts. The Air Ministry forecast "continuing cold, with hard and severe night frosts." Day temperatures were slightly above freezing in most areas. A gale blew over Dover strait. Industry and the Trades Union Congress were reported near agreement on a plan for "double day shifts" to ease the burden on fuel.

Kai-shek Forces Rush To Prepare Drive On Harbin

Nanking—(AP)—The government rushed large quantities of heavy arms by sea today to its forces aiming new blows at retreating Communist troops in Manchuria, Chinese press dispatches said.

Nationalists established a bridgehead on the northern side of the Sungari river for a drive on Harbin, 75 miles to the north, these reports said. Harbin is one of the big Manchurian cities still held by Communists.

Gen. Tu Li-ming, Government commander in Manchuria, asserted yesterday that his troops could capture Harbin within 10 days if given the go-ahead.

Red forces were described in disorderly retreat. The central column was placed 54 miles north of Tshihwei, where the Nationalist counter-offensive broke their eight-day siege, and another column 35 miles northeast of the city.

Moscow Conference

Rehabilitation Of Chaotic Europe Hinges On Early Conclusion Of Constructive German Treaty; Opposing Viewpoints; Compromises Will Be Required

By DEWITT MACKENZIE

Secretary of State Marshall—now enroute to Moscow—has expressed doubt that the foreign ministers of France, Britain and America can write a German treaty at their forthcoming conference in the Soviet capital, because the Big Four still are in disagreement on fundamentals.

That a disquieting preview, because the rehabilitation of chaotic Europe hangs on the early conclusion of a constructive German treaty. We can go further and say that peace itself is largely dependent on how quickly and how well the Big Four deal with the new broken nation which but a brief time ago was the dominant power of continental Europe—economically and militarily.

Of course we should recognize that, as General Marshall says, the negotiations will be "extremely difficult." While the world is tensely anxious for the conclusion of a German pact, it doesn't wish to see a treaty which is the product of impetuosity. We want one which will put Germany on her feet eco-

President Voices Hopes For Lowering Of Trade Barriers

Washington—(AP)—President Truman, speaking for a reduction of world trade barriers, declared today the United States "can lead the nations to economic peace or we can plunge them into economic war."

The President, en route home from a three-day good-will visit to Mexico, stopped here to receive an honorary degree of doctor of laws from Baylor University. In an acceptance speech devoted entirely to the need for freer world trade, he:

1. Reaffirmed his faith in the Reciprocal Trade Act which has been under attack by some Republicans in Congress.

2. Struck out at those who would return to high tariffs and "economic isolation."

3. Welcomed continuation of bipartisan support for a foreign policy which calls for cooperation in the economic field as well as the political field.

4. Asserted that the alternative to "regimentation" of international commerce is the world trade charter to be considered by 18 nations at Geneva next month. The proposed international trade organization, he said, would apply to commercial relationships "the same principle of fair dealing that the United Nations is applying to political affairs."

(Mr. Truman made no reference in his remarks to Greece's appeal, with support from Britain, for American economic aid. Last Tuesday, Secretary of State Marshall termed the threatened collapse of the Greek economy a matter of "primary importance" to the United States. He said details of action proposed would be announced by the President.)

"The negotiations at Geneva must not fail," he declared.

He termed the United States today "the giant of the economic world," and added:

"Whether we like it or not, the future pattern of economic relations depends upon us. The world is waiting and watching to see what we shall do. The choice is ours. We can lead the nations to economic peace or we can plunge them into economic war."

"There must be no question as to our course. We must not go through the 'thirties' again."

He said reduction of trade barriers is a "settled policy" of this government, one of the "cornerstones of our plans for peace," and "a policy from which we cannot—and must not—turn aside."

"To those among us—and there are still a few—who would seek to undermine this policy for partisan advantage and go back to the period of high tariffs and economic isolation," he continued, "I can say

Rumbling Etna Is Again Active

Catania, Sicily—(AP)—A new and an old crater on the slopes of Mount Etna belched out hot lava today as the rumbling volcano, quiet since Monday, renewed its fiery activity.

The new crater, which opened above Monte Santa Maria at an altitude of about 7,800 feet, emitted streams of hot, highly fluid lava which rolled steadily toward Monte Laguardia, near Randazzo, a town of 14,000 persons at the northwest perimeter of the 10,000-foot volcano.

While there appeared to be no immediate danger to Randazzo, some stations along the railroad circling the base were imperiled.

U. S. Sends Protest To Kremlin Over Hungary

Washington—(AP)—Fresh tension between Russia and the Western powers appeared to be building up today with disclosure of a United States protest against Soviet interference with Hungary's non-Communist government.

Diplomatic authorities said the note was sent to Moscow by Secretary of State Marshall shortly before his departure yesterday for the Big Four Foreign Ministers Conference opening there Monday.

Copies went to Great Britain and the three-power allied control council at Budapest.

The State Department declined comment pending word that the note had been delivered.

The protest reflected American concern over bolstering Hungary, like Greece, against Soviet domination.

For weeks the Hungarian Communist and other parties have sought to oust the moderate small holders' party in Parliament.

The most recent incident was the arrest of Bela Kovacs, anti-Communist member of Parliament, by Russian soldiers.

Kovacs' arrest was reported by the official Hungarian news agency to have been ordered by Lt. Gen. V. P. Sviridov, Russian occupation commander and chairman of the control council, on charges that he aided in the formation of underground terror groups and had organized espionage against the Russian Army.

American concern over Russian-supported efforts to upset the regime was evidenced last month by the extension of a second \$15,000,000 credit to Budapest to buy surplus American war material.

The State Department held out hopes then of further aid for Hungary, and made clear that this government proposed to help underwrite Hungary's post-war political and economic stability as agreed upon at the war-time Big Three Yalta conference.

When Hungary was experiencing a financial crisis last year Moscow rejected three proposals submitted by the United States that Russia, this country and Great Britain join in helping. Great Britain is involved as one of the Big Three at the Yalta conference and as a member of the control council at Budapest.

CHURCHES TO MAKE VISITS

Protestants To Have Visitation Days Here March 16-19

By CHESTER WALSH
The Greenville Ministerial Association has set aside four days of this month as "visitation days"—March 16, 17, 18 and 19. It is the plan of the Protestant churches of the city to visit as many of the people of Greenville as possible who are not affiliated with any church here.

Dr. H. Glenn Haney said today: "This is an honest and sincere effort on the part of the churches of Greenville to assure every person living here of a genuine welcome in the church of his or her choice. The churches will not be visiting indiscriminately, but will be calling upon people who have in some way expressed a preference for their various churches."

The program will be a gesture of the "good neighbor spirit." It is simultaneous and cooperative, every Protestant church in Greenville working at this important job at the same time. The church people of the city are asked to meet at the Memorial Baptist Church Sunday, March 16, at 6 p. m. At that time the various workers will be assigned

Charges Piracy In Seizure Of U. S. Liberty Ship By Netherlands Navy

Batavia, Java—(AP)—A ship captain and a lawyer from the United States jointly accused the Netherlands Navy today of committing an "act of piracy" in seizure of the U. S. Liberty ship Martin Behrman with her cargo of commodities from Republican Java.

The two were Capt. Rudy Grey, of Southport, N. C., master of the Martin Behrman, and James W. Ryan, attorney for the Isbrandtsen Company of New York, the vessel's operator. The ship, escorted by a Dutch destroyer, arrived at Tandjong Priok harbor.

"From the moment the Behrman reached the high seas, the Kortenaar became a private ship unlawfully using the American vessel as a Dutch prison ship for the confinement of the Behrman's master and crew, who were not indicted for nor convicted of any offense."

"The Dutch naval officer aboard told Grey his Marines were under orders to shoot the American helmsman if he attempted to depart from the course."

U. N. COUNCIL IS PESSIMISTIC OVER ATOMICS

Gromyko Statement Stymies Plans For World Control Of Atomic Energy

Lake Success, N. Y.—(AP)—Pessimistic security council delegates, groping for a solution to global control of atomic energy, pondered today a Russian assertion that Soviet frontiers never would be thrown open to unlimited international inspection nor Soviet factories allowed to operate under United Nations Control.

Andre A. Gromyko, Soviet deputy foreign minister, made these points clear in a major policy talk, devoted principally to an outspoken attack on the American control plan.

Gromyko said the U. S. proposals already accepted by all members of the 12-nation atomic energy commission except Russia and Poland, were contrary to the basic economic and national interests of other nations and directed against the independence of other states.

The Russian delegate insisted that he was in favor of strict and effective international control, but not on the broad terms laid down by the United States. While repeatedly assailing the American provisions in a 78-minute speech, Gromyko did not state how far his country was willing to go toward strict control.

Gromyko also:

1. Charged the U. S. with attempting to secure for itself world monopoly in the field of atomic energy.

2. Again demanded that the manufacture of atomic bombs be prohibited as a first step toward an atomic control system.

3. Said flatly that there could be no agreement on the veto so long as the U. S. insisted on veto use in punishing atomic violators. "The veto was established not on the initiative of the Soviet Union but on the initiative of the United States of America, in particular of the late President Roosevelt," he said. "The initiators of the veto were the U. S. and Britain."

MARSHALL HAS STOP IN PARIS

Secretary Of State To Confer With Premier Ramadier

Paris—(AP)—Secretary of State Marshall enroute by plane to the Foreign Ministers Conference in Moscow, landed at Orly Airport at 12:40 p. m. (8:40 p. m. EST) today.

United States Ambassador Jefferson Caffery greeted the secretary and took him to luncheon at the ambassador's residence.

Secretary Marshall was to be the dinner guest of President Vincent Auriol tonight, and planned to confer with Premier Paul Ramadier before he continues to Berlin tomorrow for another stopover and a conference with United States occupation authorities in Germany.

Caffery boarded the plane and emerged with Marshall, who wore civilian clothing, a gray hat and dark overcoat. A small crowd was at the airport.

Ramadier halted a news conference to announce Marshall's arrival. He said the secretary would place a wreath at the tomb of France's unknown soldier tomorrow.

Contempt Conviction Is Upheld In Decision

UMW Chieftain Loses Again

The Supreme Court upheld 7 to 2 today the contempt convictions of John L. Lewis and his United Mine Workers for refusing to call off their coal strike last November. The \$10,000 fine against Lewis still stands, but the fine against the union has been reduced to \$700,000 providing specific conditions are met within five days.

2. Again demanded that the manufacture of atomic bombs be prohibited as a first step toward an atomic control system.

3. Said flatly that there could be no agreement on the veto so long as the U. S. insisted on veto use in punishing atomic violators. "The veto was established not on the initiative of the Soviet Union but on the initiative of the United States of America, in particular of the late President Roosevelt," he said. "The initiators of the veto were the U. S. and Britain."

Wagner Act Center Of Big Controversy

OPA TO DIE BY SENATE ORDER

June Thirtieth Death Sentence Decried; Last Funds OK'd

Washington—(AP)—OPA, the government's most widely known wartime agency, faced a definite June 30 death sentence today.

Critics of the once powerful Office of Price Administration which in its hey-day fixed values on everything from apples to zebra skins said the agency must die with the end of the Treasury's fiscal year.

This Senate decision—although a far softer blow than the House deal previously—prompted OPA's few remaining congressional supporters to protest that actually rent, sugar and rice controls will have to end before then for lack of funds.

The precise answer will be decided by a Senate-House conference committee expected to be appointed to iron out this and other differences over a \$182,000,000 deficiency appropriation bill.

The Senate wrote its verdict late yesterday after brushing aside a plea from Maj. Gen. Philip B. Fleming, OPA's top boss as head of the postwar Office of Temporary Controls.

Fleming said in a statement to the lawmakers that he will need \$12,000,000 just to close up shop for OPA, and that the remaining \$3,000,000 will allow actual operations only through April 30.

Previously the House not only had denied Fleming any additional money but ordered him to return \$9,000,000 previously voted OPA.

What the Senate did was provide a total of \$17,000,000 but with a stipulation that no more would be forthcoming for liquidation purposes after June 30.

Ten Thousand Dollar Fine On John L. Lewis Still Stands; UMW Penalty Reduced If Paid Within Five Days; Defendants Guilty Of Both Criminal And Civil Contempt

WASHINGTON—(AP)—The Supreme Court today upheld the contempt convictions of John L. Lewis and his United Mine Workers.

The high tribunal at the same time upheld the \$10,000 fine imposed on Lewis, but ordered the \$3,500,000 fine assessed against the United Mine Workers reduced to \$700,000.

The penalties grew out of Lewis' refusal to obey a court order intended to head off the 17-day soft coal strike last November.

The Supreme Court's long-waited decision was announced as the court met for a regular argument session. Ordinarily, the highest tribunal announces decisions only on Mondays. Today's action caught all parties by surprise.

Chief Justice Vinson delivered the opinion of the majority.

Justices Murphy and Rutledge wrote dissenting opinions.

Justice Frankfurter wrote a concurring opinion. Justices Black and Douglas each wrote an opinion in which they concurred in part and dissented in part.

The court majority ruled that neither the Norris-LaGuardia Act nor the War Labor Disputes Act barred the government from obtaining an injunction, which resulted in the contempt proceedings.

It was this injunction that Lewis and the Miners' Union were accused of flouting.

After the case had been appealed directly to the Supreme Court, Lewis suddenly ordered his miners back to work on December 7. He said he wanted the Supreme Court freed of any public hysteria in weighing the issues.

Chief Justice Vinson in his opinion said that the trial court properly found the defendants in the Lewis case guilty of both criminal and civil contempt.

The majority specified that in cutting the union's fine to \$700,000 it was doing so on this condition: "The union must pay an additional fine of \$2,800,000 unless the Supreme Court issues its mandate that it has fully complied with the lower court's order."

"The defendant union," Chief Justice Vinson said, "can effect full compliance only by withdrawing unconditionally the notice given by it signed by John L. Lewis, to J. A. Krug, secretary of the interior, terminating the Krug-Lewis agreement as of midnight, November 30, and by notifying at the same time, its members of such withdrawal."

"We well realize," Vinson went on, "the serious proportions of the fines here imposed on the defendant union."

"But a majority feels that the course taken by the union carried with it such a serious threat to orderly constitutional government, and to the economic and social welfare of the nation, that a fine of substantial size is required in order."

Filing Joint Returns

Some Points To Remember About Husband-Wife Filing Of 1946 Income Tax; How Money Can Be Saved; Preferred Forms; How Collector Can Help You

By JAMES MARLOW

Editor's note: This is the tenth of 12 stories explaining who must do what about filing his income tax return.

Washington—(AP)—Here are points to remember about husband-wife filing of 1946 income tax returns by March 15.

A husband gets a \$500 exemption for himself and he can claim another \$500 exemption for his wife if she had no income.

If she had \$500 or more income, she must file, either separately or jointly with her husband.

In such a case, if she files separately, she claims her own \$500 exemption and the husband claims only his \$500 exemption.

If they file jointly, they claim a total exemption of \$1,000. If the wife has less than \$500 income, she doesn't have to file a return but, no matter how small that income was, if she doesn't file, her husband can't claim the usual \$500 exemption for her and, of course, since she isn't filing, she can't claim her own \$500 exemp-

Kiwanis Meets Friday
The program committee, J. Archie Rogers, chairman, will have charge of the program at the Kiwanis Club weekly supper meeting Friday evening at 6:30. President Eli Hagan will preside.

Inter Se Club
Mrs. Joe Taft was hostess to the Inter Se Club Tuesday afternoon at 4 o'clock on East 5th street.

Mrs. Reynolds May gave a most entertaining and enlightening paper on "The People of the Philippines, Their Habits and Customs." She pictured these islands as made up of many distinct peoples living in a very small area, a rough estimate of the population being over twelve million.

The two chief tribes were the Filipinos and the Moros. It was interesting to note the influence of the Spanish, and more recently the American, in the development of these primitive islands into the modern Philippines.

After the program Mrs. Sam Underwood presided over a short business meeting.

At the conclusion of the meeting delicious refreshments were served. Guests for the afternoon were Mrs. Alma Browning and Mrs. Marvin Blount.

Wesleyan Service Guild
The Wesleyan Service Guild of the Methodist Church met Monday night at the home of Mrs. V. P. Scoville on Rotary Avenue. After Mrs. Annie Laurie McKimmie, president, had dispensed with the business, and Miss Bernice Powell, secretary, had read the minutes of the last meeting, an inspiring devotional on "Children" was led by Mrs. R. P. Rogers, assisted by Mrs. Hendrix, Miss Laura Bell, Mrs. Ruth Meeks and Mrs. Dorothy Johnson.

Delicious refreshments were served by the hostesses, Mrs. Scoville, Mrs. Hendrix and Miss Frances Cross.

Ballet Pleases
The Foxhole Ballet, a group of seven dancers headed by Grani Mouradoff, presented a varied program of dances in the Wright auditorium of East Carolina Teachers college on Wednesday evening. The program was well received by an audience of college students and visitors from Greenville, and other towns in the eastern section of the state.

A reception in honor of the artists was given by the social committee of the college in the Classroom building on the campus immediately after the performance.

Among the numbers most popular with the audience were the Grand Pas de Deux from "Swan Lake" by Mouradoff and Sonia Wolikowska, Polish ballerina; "Bolero" by Rosa Roland; the spectacular Sardar and the contemporary number "Circus" by the ensemble; and the folk-dance "American" danced to traditional music by Zora Leporska, George Tomal, and Richard Thomas.

The ballet was accompanied by a team of duo-pianists, Victoria Crandall and Moreland Kortkamp, well-known young American artists. During the evening they played two groups of compositions for the piano as a part of the evening's entertainment.

The next number to be presented by the Entertainment committee of the college as part of the series given during school year will be the North Carolina Symphony, which will play on April 14.

Clio Club
The Clio Book club held a most enjoyable meeting at the home of Mrs. W. S. Bost on Harding street, Tuesday, March 4. Upon arrival of the members a delicious sweet course with coffee, mints and nuts was served. Mrs. W. L. Whedbee presided over a short business meeting after which new officers for the ensuing year were nominated and elected. They are as follows:

Mrs. J. B. Hayes, president; Mrs. Aubrey Shackell, vice president; Mrs. W. J. Stell, secretary; and Mrs. John Adams, treasurer.

At the conclusion of voting the meeting was turned over to Mrs. James M. Move who gave a most interesting talk on her home town of Miami, Florida, with amusing and entertaining highlights of her

Forty Years Ago Today

THE DAILY REFLECTOR

March 6, 1907

Board of Aldermen meets tonight. Guess the ground hog is laying back smiling some more.

Greenville City is going to have a wireless telegraph station. The first battle for the eastern training school is over. It is now up to Greenville to see that the school is located here.

Behold how Greenville is growing! One man remarked that the town is now a mile and a half square. A new census would show about 5,000 people.

Life there. There being no further business, books were exchanged and the club adjourned.

Square Dance

St. John Community House, Friday night, March 7, at 8 o'clock. Sponsored by St. John Home Demonstration Club. Proceeds to go to equip kitchen of Home Demonstration club house.

Admission 50 cents. Everyone is invited.

Round Table Club

Mrs. H. H. Duncan entertained the Round Table Book club on Tuesday afternoon at her home on Dickinson avenue.

Mrs. N. C. Brooks was welcomed as a guest of the club for the remainder of the year.

During the short business session the new officers for the year were announced: President, Mrs. D. H. Conley; first vice president, Mrs. J. E. Winslow; second vice president, Mrs. D. S. Sain; treasurer, Mrs. Royce Hunsicker; recording secretary, Mrs. C. O. H. Horne; corresponding secretary, Mrs. J. W. Higgs.

Mrs. J. W. Higgs presented Dr. E. C. Hollar of E. C. T. C. as the speaker for the afternoon. Dr. Hollar spoke on his subject, "Russia Today and Tomorrow." Dr. Hollar opened his talk with the statement that during the past 30 years, Russia has experienced the most drastic changes on every level of life of any country in the world.

The hostess, Mrs. Duncan, assisted by her sister, Mrs. Helene Kirkpatrick, served a delicious salad course and tea.

in every class. We are sorry to learn that Douglas Allen, son of F. L. Allen is ill in Dr. Smith's Clinic. We hope he is soon well. Last Sunday was the first Sunday in over five years that Douglas was not present at Sunday school. We missed him very much.

The men have really started out to win in our contest at Red Oak. They were there Sunday 38 strong, but the women were right on their heels with 37 present. All right! Who will be ahead next Sunday? I'll tell you. The side that works the hardest will have the most present. Will it be the men or will it be the ladies? We'll let you know after 11 o'clock next Sunday Morning.

About 60 young people were present last Wednesday evening to begin practice on the negro minstrel to be given at an early date. Have you ever seen a red-headed or white-headed colored person? Well, you will just have to plan to attend this minstrel and see Aunt Semina.

Girl Scout News

March 12 will be a big day in the lives of the Greenville Girl Scouts, who will join with more than a million members of their organization throughout the nation to celebrate the thirty-fifth birthday of Girl Scouting. "Better Citizens Build a Better World" is the anniversary slogan of the Girl Scouts, and will provide the theme for many of the special events, both national and local.

The work of the local organization, with the exception of executive secretary, is carried on wholly by volunteer helpers. The Girl Scouts are deeply grateful to these men and women for their interest and support and pay tribute to them at this time.

Jaycees To Name Man Of The Year

The Junior Chamber of Commerce will hold its annual banquet at the Old Town Inn tonight at 7 o'clock will make its annual distinguished award to the young man (not over 35) who has contributed most to the community's welfare during the past year.

The winner does not have to be a member of the Junior Chamber of Commerce. President Van C. Fleming, Jr. said today. Selection of the man of the year will be made by a committee of representative citizens.

Godfrey P. Oakley won the distinguished award for 1945.

Red Oak News

F. L. Allen, Mrs. James Allen and Mrs. B. L. Tyson represented Red Oak Christian Church last Sunday afternoon at a county-wide meeting of the 13 Christian Churches of Pitt county held in Greenville. Plans were made for a leadership training school to be held about the middle of April at the Eighth Street Christian Church. A faculty has already been secured and each church in the county has been assigned a certain quota to be reached in attendance. This is something that is badly needed, especially in our rural churches, and we hope to have a large representation from Red Oak.

Make Good Brown Gravy Every Time

"Mother always made good gravy," is the remark brides often hear and because men like old fashioned bread and gravy, it pays to be able to make good rich brown gravy every time. With my never-fail method given below, you can be sure of doing just that, with or without meat drippings. There's a real taste treat in store for you when you make gravy this way.

Good Old "Bread and B-V Gravy"

(It's the rich brown gravy that puts the meal over)

2 tbsp. fat or drippings
2 tbsp. flour
1 cup milk, water or vegetable water
1 tsp. Wilson's B-V

Melt fat, add flour, and blend well. Add liquid and stir until smooth. When hot, add B-V which has been dissolved in a small amount of the hot mixture and cook until thickened sufficiently. Makes 1 cup gravy. Serves 3 or 4.

*If meat drippings are used, decrease B-V to suit taste.

----- Clip Recipe Here -----

You'll smack your lips over this gravy, it's that good! Remember, too, that enriched bread and gravy is nutritious as well as satisfying.

A Cup A Day

A cup of delicious hot B-V daily—served regularly between meals or at bedtime—is a good habit to form. Why not start today?

It's so easy to make: Simply dissolve one-half tsp. B-V in a tablespoon of hot water and fill teacup with hot water. Warm you up in a hurry on a chilly day.

Yours for tasty nutrition,

Make Good Brown Gravy Every Time

"Mother always made good gravy," is the remark brides often hear and because men like old fashioned bread and gravy, it pays to be able to make good rich brown gravy every time. With my never-fail method given below, you can be sure of doing just that, with or without meat drippings. There's a real taste treat in store for you when you make gravy this way.

Good Old "Bread and B-V Gravy"

(It's the rich brown gravy that puts the meal over)

2 tbsp. fat or drippings
2 tbsp. flour
1 cup milk, water or vegetable water
1 tsp. Wilson's B-V

Melt fat, add flour, and blend well. Add liquid and stir until smooth. When hot, add B-V which has been dissolved in a small amount of the hot mixture and cook until thickened sufficiently. Makes 1 cup gravy. Serves 3 or 4.

*If meat drippings are used, decrease B-V to suit taste.

----- Clip Recipe Here -----

You'll smack your lips over this gravy, it's that good! Remember, too, that enriched bread and gravy is nutritious as well as satisfying.

It's a Pinup Lunch

Place the Kiddies with a hunch planned around bread and B-V gravy. One happy choice is this menu:

Bread and B-V Gravy
Green Beans Carrot Sticks
Deviled Egg
Baked Apple Milk

Why not pin this menu up on your kitchen bulletin board and serve it tomorrow? It's colorful and tasty... planned to raise shouts of joy from the young fry.

Sh-h-h! It's Nutritious

Yes, B-V is nutritious but keep it a secret from the family and you can use B-V often to add extra meat flavor to many a simple dish. These dishes are so good your family won't even suspect they're also "good for them." One teaspoonful of B-V furnishes one-fourth of an adult's iron requirements.

Mrs. E. B. Higgs Died Early Today; Funeral Friday

Mrs. E. B. Higgs died early this morning of a heart attack at her home, 1204 Dickinson Avenue. The funeral will be held there at 11 a. m. Friday. Burial will be in Greenwood cemetery. The Rev. J. E. Aycock, a former pastor of Immanuel Baptist Church, and a member of the faculty of Campbell College, assisted by the Rev. A. Marwell Campbell, also a former pastor of the church, will conduct the funeral service.

Before her marriage, Mrs. Higgs was Annie Felicia Shields, daughter of James G. Shields and Margaret Whitmore Shields of Scotland Neck. She was born there June 4, 1872. She went to school there and made her home there until her marriage to Edward Benjamin Higgs February 8, 1893. Since then she had lived in Greenville, where she contributed much to the educational and religious life of the community. Mrs. Higgs was a charter member of Immanuel Baptist Church. For many years she did outstanding work in the Beginners' Department of the Sunday School and in the Missionary Society. She

Without Painful Backache Many suffer from nagging backache quickly, one they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 8 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

was a charter member of the Round Table. Four children were born to Mr. and Mrs. Higgs: Marguerite Higgs Everett, who died April 13, 1927; Mrs. L. B. Thornton of Hartford, Conn., and Miss Lella Higgs and Mrs. L. M. Buchanan of Greenville. Besides the three children, other survivors are her husband and two grandchildren, Edward Higgs Buchanan and Anne Dallenline Buchanan of Greenville; three sisters, Mrs. H. C. Livermon and Miss Susie J. Shields of Scotland Neck, and Mrs. S. C. Everett of Greenville, and a brother, C. J. Shields of Scotland Neck.

4-H Club Members Baby Beef Steers

Pitt County 4-H Club members now have on feed eight baby beef steers which will be shown in the April Fat Stock Shows. These shows have been a great success in past years and from all appearances the quality of calves will be as good or better this year than formerly. In a baby beef project, 4-H members learn to select feeder calves, proper feeding practices, and the art of showmanship as well as fitting cattle for show. Each boy is required to fit, feed and show his animal, keeping an accurate record of all money spent and work done.

In past years interested livestock buyers have paid premium prices for the fine cattle exhibited by 4-H Club members. Shows convenient to this area are the Rocky Mount fat stock show, April 2 and 3; the Kingston fat stock show, April 9 and 10, and the Kinston County Fat Stock Show, which will be held in May. These shows offer an excellent opportunity to freezer locker owners to buy choice cattle to be placed in their lockers.

Beekeepers To Hold Meet In Greenville

The North Carolina State Beekeepers' Association will hold its annual meeting in Greenville Friday, March 14, in the Agricultural Building. This will be an all day meeting beginning at 9 a. m. and a program is being arranged. The Association was organized in January, 1917, and this will be its 30th anniversary. It is a general beekeepers meeting and the interested public is cordially invited to attend. In addition to local talent on the program, Mr. George H. Rea, lecturer and representative for the National Federation of Beekeepers' Association, will give an address. Mr. Rea has had a wide range of experience in bee culture activities and will bring a worthwhile message.

A series of meetings are being arranged about this time for the State by Mr. W. A. Stephen, Extension Bee Specialist, State College, Raleigh—perhaps in Charlotte, Greensboro and Hendersonville.

When they file separately on Form W-2 or the 1040 Short-Form, each is allowed a deduction of about 10 percent for personal expenses. It's already figured into the taxable used with those two forms.

When they file jointly on Form W-2 or the 1040 Short-Form, they are allowed one deduction of about 10 percent but it is 10 percent of their combined income.

When they file separately on the 1040 Long-Form, with the income of each \$5,000 or more, each is allowed a standard deduction of \$500 for personal expenses.

If they file jointly on the Long-Form, they are allowed only one standard deduction of \$500 from their combined income, not a \$500 deduction for each of them. But if one uses the Long-Form and itemizes deductions, the other must use it and itemize, too. Friday: The 1947 income tax estimate—who must make it).

Strength FOR THE DAY

By EARL L. DOUGLAS

GET UP AND SHAKE HANDS

Stephen A. Douglas was a bitter opponent of Abraham Lincoln and everything for which Lincoln stood, but once the nation in a lawful exercise of the ballot had elected Lincoln as the sole issue, Douglas got behind his former opponent and supported him manfully. At Lincoln's inauguration the President could find no place to deposit his silk hat while he read his speech. Douglas stepped forward and with a sly grin took Lincoln's hat, saying: "If I can't be president, I can at least hold the President's hat."

Few people can take defeat in such a spirit. Can one imagine any of the Nazi's manifesting such a spirit? Could any of us be as good natured if the hopes we had cherished for years had been suddenly blasted? Good sportsmanship in the face of defeat is pretty hard to summon, and the manifestation of a sense of humor when one is thoroughly trounced is harder still. But we can generally measure the moral stature of a man by the way he acts when his hopes fall in rain about him. Many fold up and die. Several men in the history of our country have done this after being defeated for the presidency. It takes grit to get up and go on and even shake hands with one's opponent after one has been knocked out cold.

Athletics have done a lot for the English-speaking people in this regard. Religion has done more. Good sportsmanship is usually the Christian gospel put into operation amid the rough-and-tumble of life.

points to visit. After a brief service they will go out in the name of the churches to present the claims of Christ and His church to all people.

On Monday night, March 17, the visiting churchmen and churchwomen will meet at Jarvis Memorial Methodist Church at 6:30 for a fellowship supper. On Tuesday night at 6:30 they will meet at the First Presbyterian Church, and on Wednesday night at Eighth Street Christian Church, and after a brief service they will go out on visitations again.

This program is set up under the auspices of the Greenville Ministerial Association, with all of the ministers heartily cooperating.

der to emphasize the gravity of the offense of which the union was found guilty.

"The defendant Lewis, it is true, was the aggressive leader in the studied and deliberate non-compliance with the order of the district court; but as the record shows, he stated in open court prior to imposition of the fines that the representatives of the United Mine workers determined that the so-called Krug-Lewis agreement was breached, and that it was the union representatives who notified the secretary of the interior that the contract was terminated as of November 20. And certainly it was the members of the defendant union who executed the nationwide strike. Loyal in responding to the orders of their leaders may, in some minds, minimize the gravity of the miners' conduct; but we cannot ignore the effect of their action upon the rights of other citizens, or the effect of their action upon our system of government."

The chief justice asserted that "the gains social and economic which the miners and other citizens have realized in the past are ultimately due to the fact they en-

Wagner Act . . .

(Continued from Page One)

The NLRB chief put it this way in his statement submitted to the Senate committee:

"At best, several years of uncertainty and court litigation would flow from enactment of many of the proposals that amend x x x the act."

"At worst, American workmen and their representatives would so resent the destruction of rights they have so recently won that work stoppages would sweep the country."

"The Chamber of Commerce stand for the House committee by Herman W. Steinkraus, chairman of the Business Organization's Labor Relations Committee.

His testimony said "vast areas" of the Wagner Act have been left to interpretation by Herzog's board. Because of "shifts in the board's policies," he said, "the employer has never known when a long-established administrative ruling would suddenly be changed with new and unforeseen results."

Cases Tried In County Court

By CHESTER WALSH

The following cases were tried before Judge Dink James in County Court Tuesday:

W. L. Whitley, charged with abandonment, non-support and assault with a deadly weapon, was not guilty. The charge was not pressed and the prosecuting witness taxed with the costs.

Abandonment and non-support: James A. McLawhorn, not guilty of failure to support his wife; guilty of failure to support his children. Judge James gave him four months on the roads, suspended on conditional shooting ability at the Port Terminal, near Greenville, next Monday, March 10, at 3:30 p. m.

The Pitt County Wildlife Club is sponsoring the marksmanship exhibition. It is free. All sportsmen and the public generally are invited.

Cox is one of the world's greatest marksmen. Jesse Moye, president of the Pitt County Wildlife Club, said today. Cox performs almost unbelievable feats with shotguns, rifles and pistols. He became an expert shot before he wore long pants. His father gave him his first gun as a birthday present. The shooting ability of this Remington marksman is more than an exhibition, since his performance is so smooth that extremely difficult shots appear simple. Cox's shooting ability is an example of what constant practice will accomplish.

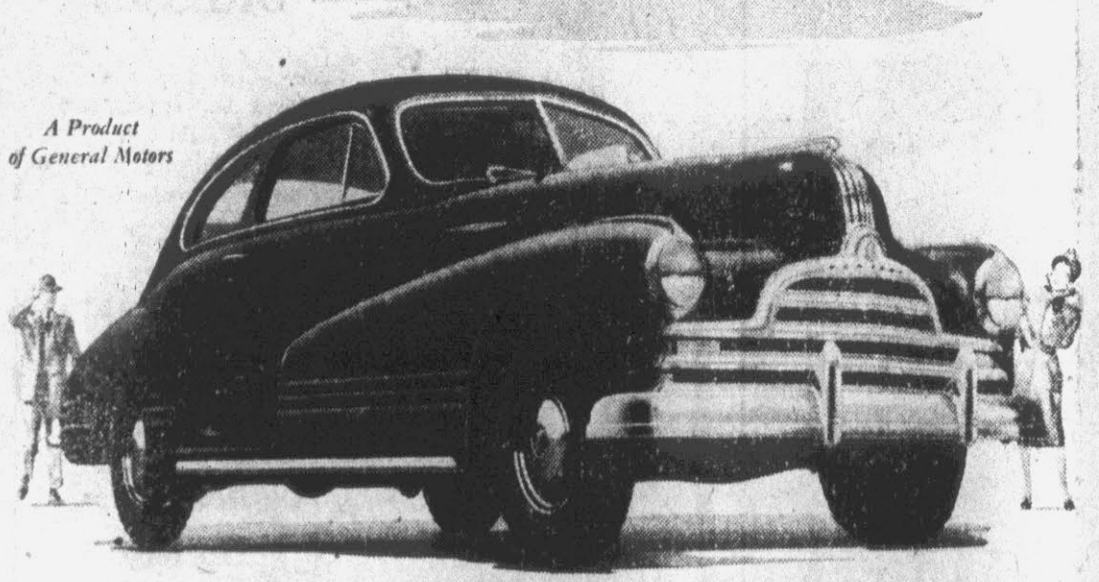

Great Marksman Is Coming Here

By CHESTER WALSH

Wilbur E. Cox, nationally known marksman and representing the Remington Arms Company, will give a demonstration of his spectacular shooting ability at the Port Terminal, near Greenville, next Monday, March 10, at 3:30 p. m.

GOLF MATCHES SET BY TOWNS

Eastern Carolina Golf Association Play Begins March 12

Wilson.—With Smithfield and New Bern added to the Association roster this year the Eastern Carolina Golf Association will open scheduled season's play at Rocky Mount, Farmville and Plymouth on March 12, it was announced today by W. E. Barnes, of Wilson, president of the golf loop.

The Association will play a 12 week schedule with the annual Championship tourney of the loop set for the first week in June at Wilson's Country Club. The regular match play schedule between towns will end on May 28.

Towns competing in the Association this year will be Wilson, Kinston, Rocky Mount, Goldsboro, Greenville, Plymouth, New Bern, Farmville and Smithfield.

Matches this year will be tri-city affairs, and all matches will be played on Wednesdays as usual.

Team Captains of the loop this year are as follows: Wilson, Hubert Walton; Farmville, Otis Taylor; Greenville, W. S. Moye, Jr.; Goldsboro, W. B. Lawlor; New Bern, Dr. S. T. Lewis; Kinston, British Long; Smithfield, H. H. McCormick; Rocky Mount, Gordon Waters; Plymouth, A. G. Morris.

Browns still were looking for their first exhibition game victory, having lost their third straight yesterday, this time to the Pittsburgh Pirates 3-2.

Caracas, Venezuela.—The Dodgers evened their series with the New York Yankees at one game apiece last night when they came from behind with five runs in the ninth to defeat the American Leaguers 8-7. Pee Wee Reese's triple and Gene Hermanski's double, both off Pitcher Allie Reynolds, recently acquired from Cleveland in a trade which sent Joe Gordon to the Tribe.

Lakeland, Fla.—Shortstop Eddie Lake was on hand to complete the Detroit Tigers' first string infield. Manager Steve O'Neill is still shelved with a bruised shin.

Orlando, Fla.—Manager Ossie Bluege of the Washington Senators is pleased with the fine showing of Pitcher Milo Candini, who rejoined the Nats last season after his army discharge. "Right now I'd have to call him the best looking pitcher in camp," said Bluege.

Sarasota, Fla.—Ted Williams pulled his new car to a screaming stop and stepped out into the bright sunshine. The Boston Red Sox officially had opened spring training. In keeping with a quaint Williams custom, Teddy arrived late yesterday afternoon, hours after the regular workout and three days after the rest of the team reported. He mumbled something about being caught in the heavy traffic and visiting a reptile farm but nobody paid much attention. The team had arrived.

Famous Golfer Makes Hole-In-One; Champion

By CHESTER WALSH

Charlie Yates, assistant vice-president of First National Bank of Atlanta, Ga., was a guest yesterday of J. Herzer Waldrop, vice-president and cashier of the Guaranty Bank and Trust Company. Yates won the British Open Amateur Golf Championship in 1938, and is internationally known.

The Atlanta banker played a four-some on the Greenville Country Club links yesterday afternoon with Waldrop, Don H. Conley and Erzell Webb. Yates made par for the course up to the eighth hole, and then history was made—he shot a "hole-in-one" in the eighth hole—a 185-yard stroke. He parred on the ninth hole for a birdie for the course.

Incidentally, this was the fifth time the Atlanta banker and ardent golfer has made a "hole-in-one" during his spectacular golfing career. Yates made four of the spectacular "holes-in-one" on the Atlanta links.

Yates is a wonderful golfer—he's a "natural." He enjoys the game, generously shares his knowledge and experience with fellow-golfers and is always friendly to the gallery.

Many golfers on the Greenville links yesterday afternoon stopped their game to watch him. He had an enthusiastic gallery following him over the course, and the spectators cheered when he made that "hole-in-one" on the eighth hole.

Yates had some nice things to say about the improved course at the Country Club and made some timely suggestions.

short power stations by spreading the load.

Under this plan, which won tentative approval last night from a special TUC committee, half the factories in a given section would begin their eight-hour lay at 6 a.m. and the other half at 2 p.m.

The government had proposed that a third of British industry be put on nights, but an official source said this had drawn criticism from both sides—union workmen who didn't want to work all night and industrialists who objected to paying a night differential.

only this: "Take care! Times have changed. Our position in the world has changed. The temper of the people has changed. The slogans of 1939 or of 1896 are sadly out of date. Isolationism, after two world wars, is a confession of mental and moral bankruptcy."

As for bi-partisan cooperation, he said: "Happily, our foreign economic policy does not now rest upon a base of narrow partisanship. Leaders in both parties have expressed their faith in its essential purposes. Here, as elsewhere in our foreign relations I shall welcome a continuation of bi-partisan support.

"Our people are united. They have come to a realization of their responsibilities. They are ready to assume their role of leadership. They are determined upon an international order in which peace and freedom shall endure."

Dinner was late that night

Dinner was late that night for little Linda. A swollen Susquehanna River, had washed away her home—and everything in it.

But the Red Cross was there to help her and all the homeless families . . .

. . . to supply food, clothing, shelter for the night;

. . . to extend comfort, emergency medical aid, care for the injured;

. . . to help a stricken people restore their homes.

Every week, disaster strikes somewhere in our nation. Always in catastrophe—flood, fire, explosion, tornado or hurricane—your Red Cross is on the job.

You want to do your share to help your American Red Cross carry on in 1947.

Give—give generously and gladly to this "greatest mother of them all"!

GIVE—so your RED + CROSS can carry on!
