Nobody knew why, but a half-dozen Japanese defense attorneys showed up today with green ribbons in their lapels.

FORMAL PEACE TREATY WITH JAPAN ASKED

MacArthur Advocates Early End Of Military Occupation; Japs Progress

Tokyo.—(AP)—General MacArthur today advocated an early end of the military occupation of Japan and elimination of allied headquarters position under a formal peace treaty on which negotiations should begin as soon as possible.

"Control and guidance" of Japan's democratization should then continue under supervision of the United Nations, MacArthur told correspondents in his first on the record conference since early in the war.

He declined to specify when he thought peace negotiations should begin, but indicated he believed it should be within a matter of a few months at the longest. He likewise declined to speculate on the probable length of additional supervision. MacArthur said if the United Nations cannot provide the mild control needed for Japan, the U. N. cannot meet any challenge.

Slays Judge, Takes Own Life With Gun

Fifteen-Year Grudge Culminates In Murder Of Superior Court Judge C. E. Thompson; Funeral Services Tomorrow

Elizabeth City, N. C.—(AP)—An elderly landowner who had carried a grudge for 15 years killed Superior Court Judge C. Everett Thompson, 65, last night and then committed suicide. Police Chief Walter Spence said.

Spence identified the slayer as George Pritchard, about 70, of Elizabeth City, who, he said, "considered all lawyers here his enemies."

Thompson was killed as he sat reading with his wife in the living room of the home here. He was sitting about a foot from the window when, Spence said, Pritchard pressed a shotgun against the screen and fired.

Spence said Pritchard emptied the remaining charge of the shotgun into his stomach, dying a few minutes later.

In Pritchard's automobile, parked in front of the Thompson home, was a four-page typed letter in which Spence said Pritchard declared he was going to kill himself.

The police chief said the letter was directed at Judge Thompson and was of a slanderous nature but did not mention any plan to kill the judge.

Pritchard's grudge against Thompson and other Elizabeth City lawyers stemmed from a civil law suit 15 years ago over the title of some lands, Spence said. Pritchard lost the case. Thompson was one of the

COAL MANDATE TO BE ISSUED

Supreme Court Orders Speed-Up Of Miners' Retraction

Washington.—(AP)—The Supreme Court ordered today that its mandate in the John L. Lewis case be issued on March 20—11 days ahead of customary time.

The government had asked the court to act immediately to enforce its decision against Lewis and the United Mine Workers.

The court's decision requires that within five days after its mandate is issued Lewis must withdraw a notice to the mine workers that the union's working contract with the government is ended.

If not, it will cost the United Mine Workers \$2,800,000.

When upholding the contempt convictions of Lewis and the UMW for disregarding a U. S. District Court order against last fall's coal strike, the high court reduced a \$3,500,000 fine against the union to \$700,000.

It said, however, that the original amount of the fine should be collected if Lewis did not withdraw the order.

Lewis ended last fall's strike by ordering the miners to work until March 31.

Under normal procedure, the Supreme Court's mandate (order in connection with the contempt decision) would not have reached the

opposition. Those were the days when America and Britain carefully avoided words or incidents which might injure Big Three relations and so hurt the war effort.

So Moscow must be congratulating itself that it achieved so much before there was a call of "halt" from the West. It would be remarkable indeed if the Soviet Union had expected to take over Greece and Turkey without serious opposition. Therefore, if it so chooses Russia can afford to sit tight and await developments, not only in that area but in many other countries where communism has bored in and established active cells of trained Red workers.

As things stand, both Greece and Turkey are up against the borders of Balkan states already absorbed by Russia. It's certain that the Communists in Yugoslavia and Bulgaria won't cease their efforts to cause a Red revolution in these neighboring countries. Moscow could turn its back to this and know full well that business was going on at the old stand.

REPORT SALES FOR TOBACCO

Over One-Billion Pounds Sold In 1946-47 Tobacco Season

Raleigh, N. C.—(AP)—North Carolina tobacco farmers received an average of \$48.01 for every hundred pounds of their tobacco and sold more than one billion pounds during the 1946-47 sales season.

W. P. Hedrick, tobacco marketing specialist for the North Carolina Department of Agriculture, reports that the 49-district average was eight dollars and fifty cents higher than the tobacco brought the previous season.

Producers during the season sold 906,131,327 pounds for \$450,575,600. This is an average of \$48.73. Dealers resold 46,235,127 pounds for \$15,524,129. The resale average price is \$35.58. Warehouse sales brought \$25,921,704 for 57,366,842 pounds—an average of \$45.19 per hundred-weight.

North Carolina border belt markets sold 150,679,713 pounds of tobacco for \$78,061,210. This is an average price of \$51.81 per hundred pounds for the border belt.

Eastern Carolina belt markets sold 533,756,724 pounds for an average price of \$52.68 per hundred.

On the markets of the middle belt in North Carolina, 1,170,371,049 lbs. sold for an average of \$47.20 per hundred.

Total sales on the old belt during the season reached 139,420,853 pounds, which sold for an average of \$44.16.

Propose Report To U. N. On Aid For Greece Plan

Washington, March 17.—(AP)—Fresh Republican proposals arose today that President Truman (1) Officially report his Greek-Turkey aid program to the United Nations and (2) designate Herbert Hoover to direct relief activities in the two countries.

As congress awaited a legislative blueprint on the President's program to spend \$400,000,000 in bolstering the Mediterranean nations against threats of Communism, Senator H. Alexander Smith (R-NJ), voiced concern at any "by-passing" of the U. N. He said he thinks a "frank statement" of American intentions should be made directly to the international organization.

At the same time, Senator Moore (R-Okla.) suggested that Hoover who recently completed a European food survey, be named to direct relief and rehabilitation expenditures which will go along with the limited military aid Mr. Truman promised the two countries.

Participating in the contest will be bands, orchestras, glee clubs, vocal and instrumental ensembles and vocal and instrumental solos from the high schools of Goldsboro, Kinston, South Edgecombe, Lenoir, Wilson, Greenville, New Bern, Roper, Aulander, Pantego, Ayden, Alliance, Atlantic, Williamston, Tarboro, Fremont, and Rocky Mount.

The judges for the contest will be Miss Grace Vanduyke Moore Woman's College, Greensboro; Mr. Fletcher Moore, head of music department, Elon College; and Mr. C. B. Kutschinski, band director at North Carolina State College.

The work will go on in three places, Greenville High school auditorium, Wright auditorium at East Carolina Teachers College, and Austin auditorium at the college. The program begins at 9 a. m. in the various places and will go on all day. The contest portion of the program will end during the afternoon and there will be a rehearsal for the festival chorus.

Hear Officials Talk On Rent Housing Control

Fleming And Creedon Address House Body On Proposed Bill To End Housing Act And Wind Up Rental Controls

Washington.—(AP)—Two top government officials today told the House banking committee that controls on rents and housing should be extended.

Mr. Gen. Philip B. Fleming, the temporary controls administrator, proposed continuation of essential rent controls until June 30, 1948.

Housing expediter Frank Creedon told the committee that only those controls necessary to get the housing job done are being used now.

The committee is considering a bill by Chairman Wright (D-Mich.) to repeal the 1946 Patman emergency housing act in the case of the building industry of all federal control.

Fleming said that the proposed bill would lead to higher rents in many instances and to hardships for veterans and the lower income groups.

Creedon, who followed Fleming to the stand, told the committee:

"On the basis of the facts as I see them, it is my considered judgment that the few remaining housing controls cannot be removed at this time without causing a serious loss in the production of homes for veterans."

Creedon said that a report prepared by two of the agency's staff on 1947 home building prospects was not an official report.

Fleming testified that the rent control section of the Wolcott bill fails to provide the government with the tools that are necessary to enable it to continue an effective and workable system of rent control.

1. It takes from the government any authority to enforce maximum rents, leaving only court action by

NEW PROTESTS OVER HUNGARY

Second Note In 12 Days Sent To Russian Official

Budapest, Hungary.—(AP)—The United States, in its second note in 12 days to Russian authorities in Budapest, protested today that minority groups led by the Communist party in Hungary were "attempting to seize power through resort to extra-constitutional tactics."

The note, signed by Brig. Gen. George H. Weeks, American representative on the allied control council for Hungary, was addressed to Russian Lt. Gen. V. P. Sviridov. It said Communist tactics were threatening "the continuance of democracy in Hungary."

The note renewed demands for an inquiry saying "the United States government considers that the powers signatory to the agreement concluded at Yalta in regard to liberated Europe are obligated to take concerted action to investigate political conditions in Hungary."

"In my government's view it cannot be contended that such an investigation would, as you suggest, improperly impair the legal rights of the Hungarian courts, or that my government's concern with regard to the case of Bela Kovacs constitutes an infringement of the right of the Soviet occupation authorities to take reasonable measures for the maintenance of the security of occupation forces," the note said.

Kovacs, Secretary General of the middle-of-the-road Small Holders party and a member of Parliament, was arrested by the Russians recently.

Annual Music Festival Will Be Held On Friday

The annual Music Contest-Festival will be held in Greenville Friday, March 21, according to an announcement made today by Supt. Junius H. Rose, Chairman for the District.

Participating in the contest will be bands, orchestras, glee clubs, vocal and instrumental ensembles and vocal and instrumental solos from the high schools of Goldsboro, Kinston, South Edgecombe, Lenoir, Wilson, Greenville, New Bern, Roper, Aulander, Pantego, Ayden, Alliance, Atlantic, Williamston, Tarboro, Fremont, and Rocky Mount.

The judges for the contest will be Miss Grace Vanduyke Moore Woman's College, Greensboro; Mr. Fletcher Moore, head of music department, Elon College; and Mr. C. B. Kutschinski, band director at North Carolina State College.

The work will go on in three places, Greenville High school auditorium, Wright auditorium at East Carolina Teachers College, and Austin auditorium at the college. The program begins at 9 a. m. in the various places and will go on all day. The contest portion of the program will end during the afternoon and there will be a rehearsal for the festival chorus.

Friday at 8 p. m. at Wright auditorium at the college there will be a festival chorus program to which the public is invited. The public also is invited to attend the festival chorus in the evening and to sit in on any of the contest numbers during the day.

The district festival contest is a preliminary of the state festival contest which will be held at the Woman's College in Greensboro on April 21.

A detailed program will be published in the Reflector shortly.

Greenville High school will enter in the contest a mixed chorus of 50 voices, boys' glee club of 24 voices, girls' glee club of 20 voices, boys' quartet, girls' trio, alto, soprano, baritone and violin and piano solos. Miss Ona Shindler and Harold A. McDougale, directors of music in the Greenville High school, have been working hard with their groups and the school will, this year again present some fine artists.

Dr. Karl Gilbert, head of the music department of East Carolina Teachers College, is vice-chairman of the district and is working out all the details for the contest festival. In this he is being assisted by all the music teachers of the college and the city schools.

EXPERIENCED HAS FORMULA OF ATOM BOMB

French Scientist Discusses Research; No Bomb-Making

Paris.—(AP)—Dr. Frederic Joliot-Curie thinks he knows how to make an atom bomb and discussed the formula today, but he said he had never experimented with the weapon because France had promised the United Nations he would not.

He said his formula probably was not the same as the American bomb, but that in principle it probably was not very far off either.

Repeating what he once told a class at the Sorbonne University in Paris, the young French scientist said he imagined an atom bomb could be made by arranging two hemispheres of uranium in a tube so that there would be crushed together while one was being bombarded by neutrons.

"The French government has committed herself to the United Nations by declaring our experiments with atomic energy will be confined to peaceful applications," Dr. Joliot-Curie said.

He said the commitment was made in 1946, shortly after the French government organized and placed him at the head of France's atomic commission. So far his experiments have been confined to uses of nuclear energy in the fields of biology and chemistry, he said.

The atomic commission is now securing land near Paris for a large testing field where "low energy" piles will be placed. A second experimental plant will be set up later in a depopulated sector of France where a more powerful pile will be placed to generate nuclear energy.

London.—(AP)—Lewis W. Douglas, whose declarations of confidence in Britain's future won him a favorable newspaper reception as the new American ambassador, paid a combination business and personal call on Prime Minister Attlee today.

The business involved the strict protocol of getting his ambassadorial status on an official basis. The personal side involved a friendly chat with Attlee, who set aside 45 minutes for the engagement at No. 10 Downing Street.

What the two talked about was not disclosed. On the official side, however, Attlee was acting as substitute for Foreign Secretary Ernest Bevin, who is attending the Foreign Ministers' Conference in Moscow.

Fayetteville, N. C.—(AP)—Two young Indian brothers were being held in jail here today in connection with the \$9,500 robbery Friday of the S. C. Bank at Pembroke.

Bill Locklear, 28, of Maxton is charged with the robbery staged just as the bank was opening Friday morning. He was arrested several hours later in Maxton and Carolinas FBI Chief John C. Bills reported he had made an oral confession. He was held in lieu of \$10,000 bond.

Weldon Locklear, 17, has been charged with conspiracy before and after the holdup and was held in lieu of \$2,000 bond.

The brothers have been bound over to the United States district court which opened here today.

Molotov Asks 20-Year Reparation Payment Of \$10 Billions For Russia And Four-Power Control Of Ruhr; British Show Trend For Secondary Role On Some Issues

Moscow.—(AP)—Foreign Minister Molotov demanded of the foreign ministers' conference today a 20-year reparation payment plan by which Germany should pay the Soviet Union \$20,000,000,000.

Molotov asked for a four-power control of the Ruhr and immediate cancellation of the American-British zonal fusion.

The Russian diplomat demanded also the removal from Germany of capital goods such as factories for reparations, a division of German assets held abroad and reparations from current production. He said the 20-year payment period should date from the signing of the Potsdam agreement in 1945.

Molotov said the agreed level of German production in steel should be raised from 10 to 12 million tons annually to provide for reparations payment.

British foreign Secretary Bevin was reported to have drafted a letter to Soviet Minister Molotov rejecting Molotov's proposal for a special conference on China. Bevin took a stand similar to Marshall's but in addition was reported to have stressed that Britain viewed the Chinese matter as primarily between the United States and Russia.

Some diplomats said Bevin's reported letter showed a British trend toward a secondary role in issues on which she could gracefully seek a neutral line.

In a meeting of deputy foreign ministers the United States launched a plea for wider participation by smaller nations in drafting the peace for Germany. Ambassador Robert Murphy urged a formula that would admit 26 countries, instead of the four powers and 19 smaller countries heretofore invited to present their views to the deputies at London. Murphy's list added Mexico, Bolivia, Iran and the Philippines.

Murphy was opposed by Soviet deputy foreign minister Vishinsky who said he wanted each nation approved separately rather than admitted by a general formula. He said he did not object to Iran.

Paraguay Rebels Score Advances During Uprising

Rio De Janeiro, Brazil, March 17.—(AP)—The Brazilian news agency reported today that Paraguayan rebels had captured Pedro Juan Caballero, capital of the province of Amambay of the Brazilian border, and scored other successes in the ten-day uprising.

The same dispatches said the rebels had taken the stronghold of Pena Iguazu and released 1,000 officers interned there by Paraguayan President Higinio Morino. Among them was listed Col. Alfredo Galeano, one of the leaders of the garrison at Concepcion, where the revolt erupted.

(The Paraguayan government asserted that loyalist troops had captured Helen Cue 20 miles southeast of Concepcion, and that full scale military operations were proceeding against dissident troops in the north.)

What Would Happen If This Country Doesn't Try To Stop Spread Of Communism? Benefit Of Acting Now? U. S. Strongest Today, But What About Tomorrow?

By JAMES MARLOW

Washington.—(AP)—This country faces some big questions in its new foreign policy.

That policy, at this time, is to stop the spread of communism by giving help to the present governments of Greece and Turkey.

Greek Communists are trying to overthrow the government there and Turkey is under steady pressure from her neighbor, Russia.

If we don't try to stop the spread of communism right now, here's the most extreme thing which could happen:

All Europe and the rest of the world might go communist and we'd stand alone, the last refuge of capitalism.

We, then, could hardly hope to sell the world. But we're strong now and perhaps could whip any nation, including Russia, that got in our way.

So, by acting now, we might save ourselves from being overwhelmed by the spread now. He's asked Congress for \$400,000,000 for Greece and Turkey.

And right there comes the No. 1

Communism's Empire

Many Countries Have Come Under Moscow's Control During Era Of Friendship With West; Kremlin Under No Pressure For Counter-Attack Over Greece

By DEWITT MACKENZIE

Thus far Russia's public reaction to America's new policy for halting aggressive communism hasn't been as explosive as many expected, and while there still is plenty of time for the lid to blow off, it isn't a foregone conclusion that it will.

This is no time for hasty predictions, but one of the possibilities certainly is that the Muscovites—having blasted Uncle Sam with hot words—may retire to their castle words—the draw-battle behind them and leave the next move to him and let him examine the situation from the standpoint of such a tactical move and see what it would mean.

First off, it's a fair assumption that Moscow already has achieved far more in the way of communism and extension of domination in Europe and Asia than it had expected to accomplish by this time.

Of course much of the new Communist empire in Eastern Europe was created while the war still was on. Country after country came under Moscow's control as the Red Army advanced. While this was a matter of concern for the Western Allies they offered no troublesome

opposition. Those were the days when America and Britain carefully avoided words or incidents which might injure Big Three relations and so hurt the war effort.

So Moscow must be congratulating itself that it achieved so much before there was a call of "halt" from the West. It would be remarkable indeed if the Soviet Union had expected to take over Greece and Turkey without serious opposition. Therefore, if it so chooses Russia can afford to sit tight and await developments, not only in that area but in many other countries where communism has bored in and established active cells of trained Red workers.

"Substance" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, March 16.

Golden Text from II Corinthians 9:8.

"God is able to make all grace abound toward you; that ye, having all sufficiency in all things, may abound to every good work."

Among the citations comprising the lesson-sermon were the following from the Bible:

"Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all."
 (I Chron. 29:11). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As God is substance and man is the divine image and likeness, man should wish for, and in reality has, only the substance of god, the substance of Spirit, not matter. Spirit is the only substance, the invisible and indivisible infinite God." (Pages 301 and 335).

Artists' Exhibition

Paintings from the North Carolina Artists' tenth annual exhibition which was assembled in Raleigh last

December for the annual meeting of the North Carolina Art Society are now showing in the local art gallery on the second floor of Sheppard Memorial library. This exhibit created an unusual amount of interest and was the subject of much discussion and newspaper comment during the six weeks it hung in the State Art Gallery.

Several of the artists who are represented in this show are old friends of the Greenville gallery. William C. Fields of Fayetteville and New York had a one man show here last year made a gallery talk and gained for himself many friends in Greenville. Claude Howell has had a one man show in the gallery and has been sending printings for the Community Art Festivals for ten or more years. Mr. Howell lives in Wilmington. His work was shown in the Contemporary Artists' exhibition at the New York World's Fair, W. Frith Winslow of Plymouth is another friend of the art festivals. He has exhibited in nearly all of the art festivals of the state and has visited many of the galleries in Raleigh. Probably the best known artist represented in the exhibit is Hobson Pittman, a native of Tarboro.

The public is cordially invited to visit this exhibit. Gallery hours every afternoon from two until six. The board of directors of the gallery are interested to know which paintings are best liked by the people of this section. Everyone is invited to see the exhibit and vote for the best liked painting.

The King's Daughters Meet:
 The Patient Circle of The King's Daughters met with Mrs. Hortense F. Moye, at her home 611 Evans Street Tuesday evening March 11th. Mrs. Jake Hadley as the speaker of the evening, was introduced by the president, Mrs. Aubrey E. Shackel, and proceeded to give a word picture of her work in the Welfare Department of Delaware, a position held by Mrs. Hadley prior to her recent marriage. Mrs. Hadley described the various types of work, investigations, interviews with clients, and explained how the department, through the interviewer was able to get the accurate information in welfare cases, many times from persistence and devotion to the work. She said that "It was exciting, interesting and informative." Her talk was appreciated by the members present, and the president thanked her for the group.

The meeting opened with The King's Daughters' prayer, after which Mrs. J. H. Randolph read a portion of the Bible. She also read from William Drummond's writing, explaining love to be the greatest single force for good in the world.

A call for reports heard Mrs. T. T. Hollingsworth and Mrs. Cora Powell give reports on local welfare cases handled by the group. Delegates to the state convention in Kammelle, April 23, and 24 were elected as follows: Mrs. E. L. Baker, Mrs. Hamner Winstead, Mrs. J. H. Randolph, Mrs. Cora Powell and Mrs. W. R. Jones. Mrs. A. E. Shackel will attend as third vice president of the state organization. Refreshments were served by the hostess.

Strength FOR THE DAY
 By EARL L. DOUGLAS

THE HEART EASILY CORRUPTED

Socrates, after a life devoted to human welfare, was put to death by his fellow citizens. Dante, who tried to bring order out of chaos in Italy, was rewarded with banishment. Columbus, who discovered a new world and definitely led humanity into a new age, was sent home in irons from the region he had recently discovered. Bruno de Nola advocated the teachings of Copernicus and was burned alive for his presumption.

Centuries before this, Jesus, the only perfect man the human race has produced, was driven to death for his very goodness. St. Paul, who counted all things loss that he might serve God and man, was beheaded. Most of the original apostles perished as the result of their conviction and in spite of their devotion to human betterment.

What is the matter with men that they treat their fellows in this fashion, that they reward service with anger and base cruelty? All sorts of psychological reasons can be given for such actions. The religious answer is that a personalized spirit of evil works upon the hearts of men and destroys lofty purpose. Men fall from sainthood and become devils because they follow devils. And modern science with all its acknowledged triumphs has done little to ameliorate the monstrous evil of the human heart. The heart of man always was and continues to be desperately wicked.

Margaret Truman Displays Talent

Detroit — (AP) — Margaret Truman, 23-year-old daughter of the President, today looked back on a "big thrill" — her triumphant debut as soprano soloist with the Detroit symphony orchestra.

A host of tributes, including high praise from Conductor Karl Krueger, greeted the youthful coloratura's appearance last night on a coast-to-coast broadcast.

Mid-way in the program, which was broadcast over ABC to an estimated 15,000,000 listeners, she sang with considerable poise and sang "Cielito Lindo" by Padilla, then David's difficult "Charmant Oiseau" from the opera "Pearl of Brazil" and concluded with a request from her father, "The Last Rose of Summer."

Detroit music critics commented that Miss Truman's voice "was true and well-controlled," but noted "one or two lapses from pitch." They agreed that her talent was evident despite her inexperience.

 The third phase—economic—cannot be settled by occupation authorities.

2. Japan is still economically blockaded by the allied powers. Final settlement of this problem is possible only with a peace treaty. Trade must be in the hands of private traders.

3. Japan today understands as thoroughly as any nation that war does not pay. Her spiritual revolution probably was the greatest the world has ever known.

4. Japan has lost her feudalistic concepts and has come to recognize the "dignity of man." "I don't by that mean to say this thing called democracy has been accomplished. The process of democratization is one of continual flux. It takes years. There is little more except to watch, control and guide."

Mrs. Mary Gallup Died In Raleigh

Raleigh, March, 16.—Mrs. Mary Lee Gallup, 77, of Fayetteville, died yesterday morning at the home here of her daughter, Mrs. George D. Vick, 1011 Harvey Street. Funeral services will be held this afternoon at 4 o'clock from Rogers and Breece Chapel, Fayetteville. Burial will be in Cross Creek Cemetery. Dr. Louis S. Gaines, pastor of the First Baptist Church of Fayetteville, will officiate.

Mrs. Gallup was the daughter of William Thomas and Margaret Ann Whitehurst of Pasquotank County. She married Durant Tillett Gallup of Elizabeth City in 1877. They moved to Fayetteville, where Mr. Gallup died in 1928. Mrs. Gallup was a member of the Fayetteville First Baptist Church. Surviving are three daughters and two sons: Mrs. B. D. Moore, Mt. Holly; Mrs. Clifton H. Edwards, Greenville; Mrs. George D. Vick, Raleigh; Durant T. Gallup, Fayetteville; and Kenneth R. Gallup, Sanford; six grandchildren; a great-grandchild; two sisters, Mrs. W. R. Evans, Roanoke, Va., and Mrs. W. L. Bristow, Norfolk, Va.; and two brothers, Capt. Davis T. Whitehurst, Portsmouth, Va., and W. E. Whitehurst, Elizabeth City.

John W. Vincent Died At Hospital

John W. Vincent, 74, of Greenville, died in Pitt General Hospital Sunday morning at 7:40 o'clock after being critically ill the past two weeks. Funeral services were conducted this afternoon at 3 o'clock at the Presbyterian Church by the Rev. R. S. Boyd, Presbyterian minister of Greenville. Burial was in Greenwood cemetery. The body will remain at the S. G. Wilkerson and Sons Funeral Home until 2 o'clock, when it was taken to lie in state at the church. Mr. Vincent was born in Pitt County and spent nearly all his life in the Winterville community and in Greenville. Until 1935, he was a tobaccoist. Surviving are his wife Mrs. Bessie Parkinson Vincent; one son, John Wiley Vincent of Warsaw; two daughters, Mrs. L. A. Brown and Mrs. T. A. Meyers of Washington, D. C.; one sister, Mrs. Zeno Allen of near Greenville; one brother, S. J. Vincent of near Greenville; three grandchildren.

Raymond Morris Died At Belvoir

Raymond Morris, 57, died at his home near Belvoir Sunday at 5:30 p.m., following a short illness. Funeral services will be conducted Tuesday at 3 p.m. by the Rev. D. W. Alexander, Free Will Baptist minister of near Bethel. Burial will be in the Barrow family cemetery near Belvoir. Mr. Morris was a member of Gum Swamp Free Will Baptist Church. He was born in

Vanceboro Man Killed Saturday In Collision

Archie Gray Wilson, age 21, of near Vanceboro, was killed Saturday night about 8:30 when his automobile and a truck were in a collision near Fort Barnwell in Craven County. His companion, H. Clifton Forrest, and the Negro driver of the truck were injured.

Funeral services were conducted at the home of his parents, Mr. and Mrs. Leon A. Wilson this afternoon at 4 o'clock by the Rev. William Crowder, Methodist minister of Vanceboro. Burial was in the Kite family cemetery.

Mr. Wilson was born and reared in the Vanceboro community. He attended Vanceboro schools. He was

married to the former Miss Iris Walls of near Vanceboro. For a short time he worked for the Fuller Brush Company.
 Surviving are his parents, Mr. and Mrs. Leon A. Wilson; his wife; three brothers, Henry Leon Wilson, Roland Wilson, and Kenneth Wilson, all of Vanceboro; two nieces, two nephews, nine uncles and five aunts.

SOME GOOD NEWS ABOUT CANCER

★ Approximately one in four of the 158,000 lives lost each year in the United States from cancer could be saved if the knowledge already in existence could be made available to all—assuming that the knowledge is acted upon promptly. Here are the danger signals:

1. Any lump or thickening, especially of the breast.
2. Irregular bleeding or discharge from any of the body openings.
3. Any sore that does not heal.
4. Persistent indigestion.
5. Sudden changes in the form or growth of a mole or wart.
6. Hoarseness persisting for two or three weeks.
7. Regional pain.

Only in the early stages can cancer be successfully arrested. At the appearance of suspicious symptoms see your doctor at once. For prompt, expert prescription service, call on us.

 new foreign policy. It isn't likely to remain quiet forever, and for this, if no other, reason:

In stepping into the internal affairs of Greece, this country is ignoring the United Nations which we helped create to solve international problems.

Mr. Truman said the time is too pressing to wait for action by the United Nations. But would we permit Russia to make that excuse if she openly wanted to do something of the same kind?

Once we do it, Russia may feel free to do likewise. Then what happens to the United Nations?

Red Empire . . .

(Continued from Page One)
 situation: wherever Russian troops are in occupation—Hungary, Austria, Germany, Korea—the Redism will continue to be the passport for the population. In China civil war rages between the Nationalist Government and the Chinese Communists. In important Western countries like France and Italy the Communists are so well organized as to be able to carry on without

intervention by Moscow.
 Yes, the Soviet Union has done a big stroke of communication in Russia, and, of course, in the Western Hemisphere the Redism has received an impetus from the fact that Russia was our ally and thus was largely free of criticism and protest. Current investigations in Washington are throwing light on conditions in the United States, where it long has been evident that communistic cells were active, even in many public schools and colleges.
 Thus, we see that the problem of combatting communism can't be solved by the fairly simple expedient of giving aid to helpless states like Greece. Every country which has relations with Moscow is filled not only with diplomatic and consular agents of the Soviet Union but with the representatives of one sort or another.
 However, perhaps we had better not pursue that line further. Washington is in process of studying what action if any shall be taken to counter aggressive communism in this country.
 Meantime Russia is under no pressure to make a counter-offensive.

St. Calvary F. W. B. Church Usher Board No. 1 held its weekly meeting at the home of Mrs. Cleo Harris with Miss Alice Chestnut acting hostess with quite a few members present for the round table discussion emphasizing the duties of ushers. Opening was brief followed by minutes and miscellaneous affairs which was thrashed out briefly. The highlights of the club are the saving treasurer and the special musical session which is very new with the members and who are enjoying such fine. The board was honored to have Mr. Charles Webb and Mr. Robert Earl Jenkins present to take a part with the board and listening with eager ears the members applauded the interesting remarks by the visitors.

The hostess served a delicious chicken frozen salad plate with all the trimmings followed by a delightful tasty dessert which was enjoyed by all.

'N BOTTLES AND AT FOUNTAINS PEPSI-COLA. Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell. Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease. To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloot and give off that sour food taste. Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.
