OVER TWENTY INJURED WHEN TRAIN DERAILS

Miami-New York "Sun Queen" Wreck; No Passengers Are Killed

Camden, S.C.—(AP)—More than a score of persons were injured today when the Miami-New York Sun Queen of the Seaboard Airline Railway ran through an open switch at Cassett, S.C., 14 miles north of here and hit a box car on a siding, derailing the engine and seven following cars.

The Camden hospital said only two persons had been admitted at 8 a.m. today. The wreck occurred at 3:30 a.m.

The engineer, J.H. Johnson of Raleigh, N.C., was in the hospital with injuries of the head, arms and hands.

Several hundred feet of track were plowed up when the three diesel units and seven cars left the rails.

Pullman cars on the back of the train were not derailed, and most of the injured were treated on the scene, placed in the sleepers, and continued their trip via Columbia S.C.

The scene of the wreck was about 20 miles distant from the spot where the Seaboard's Silver Meteor was derailed Jan. 2, 1946 near Blaney. Two passengers were killed and 28 other persons hurt in that wreck.

James L. Carter of Columbia, a Seaboard division official, said that the damage was "heavy." A thorough investigation of the accident would be made immediately, he said.

Ed Rawl Tells History Kiwanis At Club Meeting

By CHESTER WALSH

On his official visitation to the Greenville Kiwanis Club last night, Lieut. Governor Ed Rawl delivered an interesting and eloquent address on "The Power of Kiwanis to Share In The Future."

His narration of the history of Kiwanis, how it was organized in Detroit in 1915 for better community service by business and professional men, was the best this reporter has heard in 25 years of Kiwanis activities. Rawl's story of the 12-year-old boy in another town who found a banker's wallet and returned it to its owner and was rewarded with vocational guidance to successful citizenship, and the returned army sergeant who took off his shoe at a meeting of the Salisbury Kiwanis Club and walked the length of the banquet table, and then reminded the Kiwanians that he was "Joe"—the "Joe" who as a boy 19 years before, was afflicted with infantile paralysis and was provided hospital treatment by Kiwanians, thus enabling him to become a useful citizen and serve his country in time of war.

The lieutenant-governor pointed out that this good work for underprivileged children is still going on in Greenville and in 2,600 other American communities where there are Kiwanis clubs.

"The only thing you can make a man from is a boy, and the only thing you can make a woman of is a girl," Rawl said, in conclusion President Eli Bloom presided.

Announcement was made that the Washington Kiwanis Club will have its "charter and ladies' night" banquet on Monday night, April 7; that Hunter Keck will have the High School Glee Club at the next Greenville meeting; that the Kiwanians will attend services at the Presbyterian Church on Sunday, April 13, and that clubs of the Seventh Division will meet in Greenville the second week in June.

About That Tax Cut

So Far You've Been Hearing Just Talk, Real Action Lies Ahead; Major Parties Widely Split Over Action, Hard Fight Foreseen; Behind The Scenes

By JAMES MARLOW

Washington—(AP)—Don't get excited yet. So far Congress hasn't cut your 1947 income tax. Maybe you'll wind up without a cut.

This isn't meant to gloom anyone who thinks his taxes are a cinch to go down this year. Just wait and see.

Until now you've heard mostly talk. The real action lies ahead. And there'll be more talk.

Neither House nor Senate has voted any tax cut yet. Before they do, there'll be a sturdy fight between Democrats and Republicans.

The reason for the fight will be explained later. The Democrats and Republicans are standing pretty solidly, one against the other.

In both Houses the Republicans have a majority of the votes. But keep in mind: a majority, not two-thirds, of the votes.

Because they have a majority, the Republicans should be able to shove through both Houses a bill

Assembly Speeding To Meet Closing Deadline

Two Big Money Bills Hurdled; Anti-Closed Shop Bill Becomes Effective; Heavy Appropriations Get Go-Ahead Sign

Washington, D.C.—(AP)—Wearying lawmakers, doing double-time down the home stretch, cleared two big money bills and made giant strides toward meeting a pre-Easter adjournment deadline.

With a record-breaking appropriations bill out of the way last week, the Senate passed without debate the \$311,000,000 revenue bill, already approved by the House.

An anti-closed shop bill became effective this week, outlawing all future closed or union shop contracts.

The Senate meanwhile killed a measure providing for a 48-hour work week at a minimum 40 cents an hour for intra state workers.

The joint Appropriations Committee added nearly \$4,000,000 to the permanent improvements bill, reporting out a measure which carries a total of \$48,500,000. This is nearly four million more than the appropriation recommended by the Governor and the Advisory Budget Commission.

It also approved a \$37,790,000 allotment for an expanded four-year medical school at the University of North Carolina at Chapel Hill, and reported favorably a bill to give legislators six dollars per day expenses.

The House Finance Committee,

anxious to get rid of a large pile of local wine and beer legislation, gave favorable reports to two consolidated reports of the local bills affecting 21 counties in scheduled Tuesday. The House Propositions and Grievances committee killed a state-wide referendum bill introduced by Rep. Dan Tompkins of Jackson. It was the last of three state-wide referendum measures.

Each house received measures paving the way for acquisition of Camp Butler for the state for use as a state mental institution and calling for a \$1,500,000 appropriation and development; legislation tightening up the state fertilizer laws, and bills empowering state farmers to hold a referendum on special assessments to be used in increasing domestic and foreign consumption of crops.

The Senate passed a bill allowing a tobacco assessment referendum which will appear on the House calendar Monday night for final reading.

A measure tightening highway safety regulations was passed by the Senate along with a resolution pledging state cooperation in the Federal Bugs Island Roanoke River Hydro-electric and Flood Project. The measure previously passed the House.

Expect Govm't Call For Coal Contracts

Officials Anticipate Appeal To Lewis And Coal Operators For Start On New Negotiations; Legal Moves Remain

Washington—(AP)—Officials in touch with the soft-coal dispute said today there may be a government call within the next week for John L. Lewis and the mine owners to start negotiating for a new contract.

Before it comes, they told a reporter, two legal moves remain:

1. Lewis to "purge" himself and the United Mine Workers of contempt of the Federal District Court, here by showing that he has called off his notice terminating their contract with the government as operator of the seized mines.

This will include paying his own fine of \$10,000 and one of \$700,000 against the union. The Supreme Court, in upholding District Judge T. Alan Goldsborough's contempt finding, lopped \$2,800,000 off a \$3,500,000 fine against the UMW. Colateral for both fines was posted with the district court in the form of government bonds.

2. The Justice Department to decide whether it wants a final judgment on the basic issue of the court fight—whether Lewis had the right to reopen his contract with the government on 30 days notice.

The government contends the contract holds good as long as the government holds the mines. But authority to continue the seizure expires June 30 under present law and officials say the Justice Department may not insist on a court ruling.

BEVIN AND STALIN TO TALK

Moscow.—(AP)—An authoritative British source said today that a meeting between Prime Minister Stalin and Foreign Secretary Bevin was "in the wind" for this week end, but added that it might take place "somewhat later." The British have indicated that Bevin would be glad to see the Soviet leader, but had made no request for a conference.

Then, in order to become law, that bill will have to go to President Truman for his signature.

Since he's leader of the Democrats, and the Democrats are against a tax cut, Mr. Truman may try to kill such a bill by vetoing it. A veto would kill it unless the House and Senate, by a two-thirds vote, could pass it over the veto.

A bunch of Democrats then would have to join the Republicans, who have only a majority, to make up the two-thirds vote.

That seems unlikely. So, a tax-cut bill passed by Congress may wind up in the ash can.

Until now the only positive action in Congress has been taken by the House Ways and Means Committee.

It's the committee's job to get into shape a tax-cut bill for the whole House to vote upon.

CAROLINA HAS A CRIME WAVE

Law Enforcers Report Rising Rate In First Postwar Year

Washington—(AP)—A crime wave committed in North Carolina every half hour of 1946. In the first full postwar year one in every 41 North Carolinians was a crime victim.

In the nation as a whole each hour there were 40 burglaries, 107 petty thefts, 26 cars stolen, seven assaults with a deadly weapon.

These figures come from the Federal Bureau of Investigation's annual crime report, which also shows:

Crime increased in North Carolina in 1946 over 1945 as follows: murders from 101 to 135; rape from 84 to 103; aggravated assault from 3,748 to 4,019; larceny from 6,936 to 8,070; automobile thefts from 1,599 to 1,973; manslaughter cases dropped from 58 to 65; and 335 robberies were committed each year.

The FBI explained "robbery" includes "stealing or taking anything of value from a person by force or putting in fear; "burglary" means breaking or entering and attempts; "larceny" includes thefts (except automobile) such as shoplifting, pocket-picking or stealing without force or violence.

Kai-shek Army Still Continuing Advance

Peiping.—(AP)—The Government's Central News Agency said today that Government forces had wiped out or routed all Communist troops within seven miles of Yen-an, fallen Red capital city.

Other Chinese reports said the Nationalists were pushing forward from three directions toward Tsing-kien, 50 miles northeast of Yen-an.

Bidault Proposes Loose Federation

May Compromise With U.S.-Outlined Government For Germany; Molotov Favors Set-Up Similar To Pre-Hitlerite Era

Moscow.—(AP)—Foreign Minister Bidault of France proposed today a decentralized, loosely federated government structure for Germany, but warned that France opposed rapid establishment of even a provisional regime.

The French minister suggested that a one-house parliament be authorized, with its members to be chosen by the states. He stressed delegation of virtually all powers to the states.

He said the French position was that establishment of a provisional government for Germany was premature but that his delegation had found the U. S. proposal for a federalized Germany interesting. He indicated there were grounds for a compromise.

Foreign Minister Molotov was to present Soviet views.

(The Moscow radio said Molotov proposed establishment of a provisional German government with the same degree of decentralization which existed before establishment of the Hitler regime.

Foreign Secretary Bevin of Britain offered the council what appeared to be a compromise to the demand voiced by Bidault for guaranteed German coal exports.

The Briton proposed that the rehabilitation of German industry be effected on a progressive plan having regard for the necessity of exporting coal to liberated countries.)

Bevin also again proposed economic unity and a national pooling of all resources, along with export-import plans.

He advocated socialization of certain industries as one method of breaking trusts and for sharing the complete burden of occupation cost past, present and future, among the occupying powers.

Bevin offered Russia no evidence of encouragement in her drive for reparations from current production. Moreover, the Russians are not expected to like his suggestion for sharing occupation costs.

Has Confidence

Paris.—(AP)—The French national assembly, by an overwhelming 411 to 0 vote, declared its confidence today in Premier Ramadier's Indo-China policies. The communist deputies abstained from voting.

The five communist cabinet members voted with the government for the motion of confidence and the 34-billion franc appropriation (\$285,600,000) for continued military operations in Indo-China.

Ramadier immediately called a cabinet meeting for later in the day to decide the future of his coalition government. He had declared earlier that he would quit unless all parties in the assembly backed him.

CAN OVERRIDE TRUMAN VETO

President's Opposition To Portal Pay Bill Not Feared

Washington.—(AP)—On the strength of decisive House and Senate victories for legislation killing portal pay suits, Republicans spoke confidently today overruling a veto by President Truman if necessary.

The Senate vote for a measure to outlaw virtually all pending and future portal claims was 64 to 24.

It now goes to the House, which passed a similar bill three weeks ago, 435 to 56.

Next week a House-Senate conference committee will iron out the differences. Ratification is a foregone conclusion.

Then the bill will go to the White House. With a two-thirds vote needed to override (Continued on Page Four)

Babson Discusses Labor And Wage Prospects

Babson Park, Florida, March 22—The economic well-being of any country is largely determined by (a) the amount of food, homes, clothing, recreation, etc., which is produced by its people; and (b) the way these goods and services are divided up among you and me and our neighbors.

If, therefore, we are to be prosperous in 1947 we must produce. We cannot afford to lose another 110,000,000 man-days through some 6,027 strikes as we did in 1946.

Strikes on the Wane

It is my belief that the struggle between management and labor has already begun to slough off. Of course, there will be continued demands for small wage increases. Where industries cannot afford further basic wage increases there will probably be demands for certain concessions as portal-to-portal pay, paid sick-leave, increased paid holidays, health and welfare funds, etc.

There is no question but that some of these demands are legitimate. The real trouble is that many of them are simply camouflage to cover up the real struggle between the unions, owner-management and the government for the control of industry.

Knowing this, both employers and employees ought to muster every ounce of courage and common sense in order to negotiate wisely not only for their own mutual benefit, but for the ultimate preservation of our American way of life.

Reasons for Labor's Change in Attitude

While strikes will remain a nuisance, a thorn in the flesh, if you will, of industry throughout 1947, the fact remains that the incidence of strikes has tumbled appreciably since November (July 720; September 541; November 477; December 228; January 191). I attribute this change for the better to:

(a) The fact that price controls have been lifted, which allows a greater latitude for bargaining;

(b) The political complexion has changed considerably in recent months;

(c) A warning handwriting is very clearly upon the wall for future strikers. Messrs. Green, Lewis and Murray all have sense enough to know that under present conditions continued belligerence and aggression can only lead to public hostility and a possible immediate retaliation from the new Congress. In the light (Continued on Page Two)

Republicans Confident Tax Bill Will Be Passed

Washington.—(AP)—Republican leaders will put their \$3,840,000,000 tax slashing bill before the House next Wednesday under a procedure requiring members to vote for this cut or none.

No amendments from the floor will be allowed, and the showdown vote will come on Thursday. Speaker Martin (R-Mass.) said the bill definitely will pass.

Democratic leaders quickly took a "no cut at all" stand, backing up President Truman's contention that any treasury surpluses this year should be used for payments on the national debt.

The legislation, approved 16 to 9 by the House ways and means committee yesterday, would lower by 30 per cent the taxes of more than 2,000,000 taxpayers.

The cuts would be retroactive to January 1. Wage and salary withhold rates would drop June 1, and (Continued on Page Four)

ANTI-NAZI IS SHOT BY PAIR

Masked Killers Believed Members Of German Underground

Stuttgart, Germany.—(AP)—Rheinhold Hub, Communist member of the denazification board in the nearby town of Oehringen, was shot to death in his bed today by two masked gunmen believed to be members of the Nazi underground.

German police said the slayers were seen fleeing in the direction of Bretzfeld, where a search was under way.

The motive for the shooting was believed to be Hub's anti-Nazi activity. Prior to the rise of the Hitler Hub was a member of the Social Democratic party. The denazification board of which he was a member had the reputation of being the toughest in Wuertemberg Province.

Hub, 41, had received two threatening letters in the last few months because of his bitter anti-Nazi attitude.

His wife, Lena, told this story: "Two masked men entered our apartment by smashing the bathroom window. They went straight to the bedroom."

"One man said, 'Shoot.' My husband jumped from the bed and, as he did so, a bullet hit him in the left side."

"The two men fled, leaving behind a sack containing various pieces of clothing and a briefcase with foodstuffs."

If the slaying was the result of his anti-Nazi beliefs, it would be the first such killing in the United States' occupation zone, although the Nazi underground, has been denazification offices in the zone on several occasions.

District Is Over Red Cross Quota

Final returns from the 1947 Greenville District Red Cross Campaign have just been completed with this district having raised 126 percent of its quota.

The Greenville district's quota this year was less than in previous years, but the campaign is regarded as one of the most successful drives yet staged. The campaign was made possible through the excellent cooperation and untiring efforts on the part of the large corps of volunteer workers.

John C. Fleming, chairman of the Greenville district, extended his grateful thanks and appreciation to those volunteers and to all who contributed of their time and their means to make the drive a success.

Undersecretary Of State Gives Straight-From-The-Shoulder Replies To Important Questions; No Stop To Aggression Unless U. S. Makes Firm Stand

By DEWITT MACKENZIE

Undersecretary of State Dean Acheson has given us straight-from-the-shoulder answers to the two most important questions arising from President Truman's policy of giving Greece and Turkey help to resist Communist aggression: (1) What business is it of Uncle Sam, and (2) if he does intervene will it precipitate war?

Acheson told the Foreign Affairs Committee of the House of Representatives that a Communist-dominated government in Greece would be considered dangerous to this country's security. Asked if a Communist-dominated government of China also would be dangerous, he replied that "I think we should not look with favor upon that."

Acheson commented that "Communist organizations throughout the world appear to act with a high degree of discipline and unanimity which is beyond the probability of coincidence." And as to war:

"I don't think it could lead to war. By strengthening the forces of democracy and freedom, you do a great deal to eliminate the friction between great powers."

That leaves it to us to fill in some details. We don't need to dwell on the danger from Communist-dominated governments. As pointed out in previous columns the danger can be two-edged—it's political in all cases, and military where strategically located countries are involved. In this latter category, of course, fall Greece, Turkey and China. However, the question of whether intervention could cause war is worth further consideration.

First off, there's small danger of precipitating war in anything like the near future for the logical reason that there's no country in the world set for immediate action. And so far as concerns the more (Continued on Page Two)

GREEK FORCES OPEN ATTACK ON GUERRILLAS

Large Scale Drive Under Way; Early Successes; British Helping

Athens.—(AP)—The Greek Army's promised spring offensive against anti-government guerrillas in the north was reported under way today on Mount Grammos near the Albanian frontier.

Larisa dispatches last night said the 15th division, with artillery aid and air-group support, began a large-scale drive on the Grammos guerrillas early Thursday.

The dispatches said fliers from Larisa and Salonika bases inflicted severe losses among the anti-government forces with machine gun fire.

Southwest of Mount Grammos, 18th division units were reported to have wiped out a band of over 60 guerrillas at Hopsi on Mount Zoumerka in Greek Epirus, not far from Albania.

Press reports said today that in another Epirus action, Greek troops killed 20 guerrillas and wounded 15 in a three-hour battle near Konitsa.

Other dispatches reported that far to the east near the Bulgarian border, the Xanthi brigade virtually wiped out a leftist band of about 200 in the vicinity of Thermani. These dispatches said 50 guerrillas were killed, 70 wounded and seven captured and the remnants fled into Bulgaria, leaving many supplies behind.

In Greece's southern peninsula of the Peloponnese, inhabitants of nearby villages broke into a prison at Ghythion and killed 32 Communist convicts to avenge the leftist killing of P. Katsareas, right-wing band chieftain.

British government informants in London said yesterday that British officers were helping the Greek command plan the spring offensive and that Britain still was assisting in financing and equipping the Greek Army.

These informants said British aid to the Greeks would continue beyond an announced March 31 deadline until help was forthcoming from the United States.

Start Inquiry On Rising Gasoline Price Reports

Washington.—(AP)—Motorists' complaints over widespread boosts in gasoline prices the past two weeks has started an inquiry by the Justice Department's Anti-Trust Division.

The department said last night it has received many complaints about the increases which, reports from representative cities show, range generally from a half-cent to a cent and a half a gallon. In some areas the advances were the second in recent weeks.

Douglas W. McGregor, acting attorney general, told reporters: "We are studying the situation and have been doing so for some time through the Anti-Trust Division."

Two governors, Mon C. Wallgren of Washington and Earl Warren of California, joined in criticizing the increases and in asking an FBI investigation.

In New York the Standard Oil Company (New Jersey), which announced increases of 3 of a cent a gallon or gasoline and 7 of a cent for kerosene, effective immediately, attributed the action to a recent advance in crude oil prices.

Washington.—(AP)—A bipartisan congressional drive got under way today to notify the world that the plan to shore up Greece and Turkey against communism conforms with United Nations' principles and purposes.

Garden School To Meet State College

Raleigh, N. C.—March 21—The State Garden School, conducted annually under the auspices of the Garden Club of North Carolina, will be held at N. C. State College March 27-28, it was announced today by Director Edward W. Ruggles of the College's Extension Division.

The instruction will be supervised by the College's Department of Horticulture, headed by Prof. M. E. Garner. Lecturers will include Prof. Glenn O. Randall of State College; Mrs. M. Cochrane Cole of Bronxville, N. Y., a flower show authority; and John H. Harris, horticultural specialist of the State College Agricultural Extension Service.

Mrs. J. S. Mitchener of Raleigh, president of the Garden Club of North Carolina, is scheduled to speak, and Mrs. E. L. Layfield of Raleigh, chairman of the State Garden School Committee, will preside.

Strength FOR THE DAY

By EARL L. DOUGLAS

Goodness Divinely Reinforced

There are so many people who have no conscious relationship with the Church, but whose lives are characterized by restraint in the face of temptation and a generous spirit of helpfulness in the face of need. And while these people are much more Christian than they are willing to admit, there is, nevertheless, a difference in outlook and hope between such people and professing Christians of equally unimpeachable character.

As difference here is not so much in acts as in attitudes; not so much in what one does as in what one hopes; not so much in helpfulness as in faith. The one type of person responds to a human need simply because it is a human need. The other sees a human need and responds to it primarily because of the relationship he maintains with God.

BABSON

of these trends I predict that 1947—much to the surprise of many employers and employees alike—may see the fewest critical labor disputes since 1939.

Wage Outlook For 1947

As a result of this return to normalcy there have been during December and January some wage increases for workers in the trucking, clothing stores, cotton textiles, printing, painting, plumbing and shipping industries. You can expect that where unrest continues, the greatest pressure for wage increases and fringe concessions will probably come from the shipping industries, motion pictures, chemicals, household furnishings, radio and metal fabricating. Reason: The desire of the unions to share the reputedly high profits in these businesses.

The Need For the Practice of Basic Principles

Bear in mind these truths, however: Three fundamental economic principles must be understood before we can realize any true measure of prosperity. These are: (1) Only by increasing our national production will there be more to divide; (2) Our true national income can be increased most readily by extending free enterprise with a minimum of interference by government bureaucrats; (3) The masses are on the march and we should not handicap legitimate desires to better their condition.

Mr. Tobacco Farmer

On Tuesday March 25th on the H. W. Brown farm 2 miles from Bethel on Greenville Highway, Manning Supply Co. of Bethel will demonstrate the latest and best method of curing tobacco. These curers are of the best quality - silent in operation and simple. Anyone can operate them. Don't take something that will do the job just one year; get something lasting.

We have had other makes of curers but we are very glad to have this method of curer to show you, as they have proven so safe and silent and economical and no headaches to follow.

Manning Supply Co. will have a representative on hand to explain in detail the features of these curers. Be there Tuesday March 25th 1947 all day long.

UDC Meets

The George B. Singletary Chapter, United Daughters of the Confederacy, held their meeting Thursday afternoon at the attractive home of Mrs. T. T. Hollingsworth. The spacious room with spring blossoms effected a splendid setting for the president, Mrs. J. L. Fleming, to be persuaded to tell us of her visit to Southern Gardens.

With Mrs. Fleming we visited the beautiful Bellingham Gardens with its magnificent background of old oaks and hanging moss, azaleas and camellias in all their glory to New Orleans famous French quarters and to Natchez, the famous Garden spot of the South. Interesting and colored pictures were shown, delighting the group.

Mrs. Thomas Ennett gave a review on Lee, the Educator. She spoke of his achievements nationally while he was president of Washington College, now Washington and Lee, in Lexington. It was interesting to note the type of prominent citizens from the North who made such generous contributions to this institution. Among these were Cyrus McCormick, Thomas A. Scott, then president of the Pennsylvania Railroad, W. W. Corcoran, Washington philanthropist, and even Henry Ward Beecher sent a thousand dollars in cash.

Mrs. Ennett also spoke briefly on Lee as a Christian stating that the last five years of his life, indeed rounded out a career filled with the achievements of a man wholly given to God.

The business of the Chapter was discussed, committee reports made and members were urged to attend District meeting to be held in La Grange.

The hostess assisted by Mrs. J. G. Luptaures served delicious refreshments.—Reported.

St. Paul's Auxiliary

St. Paul's chapter of Woman's Auxiliary of the Episcopal Church will meet Monday at 4 o'clock at the parish house.

Inter Se Club

Mrs. Burke Stancill was hostess to the Inter Se Club on Tuesday afternoon at the home of Mrs. Wendell Smiley. The living room was decorated with a beautiful arrangement of spring flowers. Upon arrival a delicious dessert course with coffee was served by the hostess.

Mrs. R. W. Bradshaw presented a most interesting paper on the "Lepser Colony. She used several descriptive passages from the book "Who Walk Alone," by Terry Burgess to picture the Culion Lepser Colony in the Philippine Islands. Carville Lepser Colony in Louisiana is the most modern and up to date colony. In recent years some progress has been made with new drugs in the treatment of the disease, but no cases have been pronounced cured, only arrested, as it is too soon to tell whether permanent cures have been made. Those who work with the disease prefer that it be called Hansen disease, rather than leprosy, for psychological reasons.

At the conclusion of the program Mrs. Stancill, vice president, presided over a short business session.

Girl Scout News

On Sunday, March 16, at 3:30 in the afternoon the Girl Scout Court of Awards was held in the Methodist Church. The meeting was opened with the congregation singing the "Hymn of Scouting." Rev. Robert W. Bradshaw led the invocation.

Mrs. E. L. Henderson, presiding over the meeting, told the listeners the life history of Juliette Low, who was the founder of the Scout movement in America.

Mrs. J. G. Riddick gave a very informative talk on the major fields in Scouting, and the proficiency badges in each field.

Mrs. Richard Stokes, III, had two Brownies to fly-up from her troop, and Mrs. J. E. McClain had two Brownies to fly-up from her troop.

In troop No. 4, Mrs. Carl Adams, leader, twenty girls were awarded

QUEEN BEULAH RASBERRY

Alumna of Arthur High Queen at A. C.

Miss Beula Rasberry, senior, Atlantic Christian College, Wilson, North Carolina has been elected Queen of May. Miss Rasberry will reign over the traditional May Day. This traditional May Day is a yearly event looked forward to by every student in the college, alumni and friends of the college. The festival will be May 4.

Jack Daniels of Bogart, Ga., will reign as king with "Sparky" McCaskill of Dunn, N. C., and Jimmy Daniels of Bogart, Ga., as his attendants. Miss Rasberry is the daughter of Mr. and Mrs. P. S. Rasberry of Bell Arthur, North Carolina. She is a graduate of Arthur High School, and is now a senior at Atlantic Christian College.

While in high school the queen elect was very active in sports, playing on the basketball team, and also active in dramatics. She was a class officer both her junior and senior year in high school, and was the statistician for her senior class. She was active, too, in other activities in the community, in addition to her school work. She was president of her local 4-H Club and also president of the County 4-H Club.

The queen is a member of Delta Sigma sorority of Atlantic Christian College; a member of the college glee club under the direction of

superintendent. Miss Harriet Fulton, and a member of the Womens Athletic Association, and now president of the association. She was in the May court on May Day the spring of 1946. She worked on the staff of "The Torchlight," which replaced both "The Collegiate" and "The Pine Knot" during the war. Both "The Collegiate" and the "Pine Knot" are back on the campus this year for the first time since the war. She, too, has worked on the staff of the "Pine Knot."

Beula was voted the prettiest girl in the senior class when the superlatives were named. The Concert Committee which is responsible for the concerts we have on the campus is headed by Miss Rasberry, chairman of the committee.

Miss Rasberry is a major in social studies and English, and plans to enter the teaching profession as a high school teacher. The queen has expressed herself as being "overwhelmed with happiness" to be queen. She says she loves the gay activities of college life and shudders at the thought of graduation.

The queen's attendants will be Miss Lorette Osborne of Robersonville, North Carolina, and Miss Pierce Stalls of Robersonville, North Carolina.

Greenville Women Elected To High Offices At Convention Of AAUW

Mrs. Robert Lee Humber was elected state president and Mrs. D. Spruill Spain, Jr., state secretary of the North Carolina division of the American Association of University Women at the convention in Charlotte, yesterday. Their election was unanimous, according to a message from Miss Emma Hooper, president of the Greenville branch. Miss Hooper, accompanied by Miss Martha Cammack, Mrs. Spain and Mrs. Humber left Thursday to attend this, the first state meeting to be held by the organization since war time restrictions on conventions.

Mrs. Humber, nee Lucie Berthier, was married to Mr. Robert Humber of Greenville, in Paris where he was practicing law. Her degrees are from the University of Paris; her doctorate completed except for the oral presentation which was interrupted by the war. The subject of her thesis was "The History of Secondary Education in the United States From the Origin to 1900. Mrs. Humber studied in England for two and a half years.

Since coming to Greenville, Mrs. Humber has been guest speaker for many local organizations, served as chairman of the International Relations committee of the Greenville Branch of AAUW for five years, as well as International Relations chairman of the Woman's Club. She is now the very successful president of the Greenville Woman's Club. She and her husband are active in the Memorial Baptist Church. They have two sons, Marcel and Johnny

both of Greenville. Mrs. Spain received her Bachelor's degree from Converse College, Spartanburg, S. C., doing additional work in music. She has been a member of AAUW for seven years, serving in that time as chairman of the Legislative and Economic Status of Women, the Social, and the Nominations committees. She is a member of the Greenville Woman's Club, past president of the Round Table Book Club; active in PTA and Girl Scout Work and is president of the Fireside Club of the Eighth Street Christian Church. She and Mr. Spain live on Student street. They have a son, Dr. D. Spruill Spain, III, of the Medical Center of Richmond, and a daughter, Sudie Mae of Greenville.

Members of the Greenville Branch of the American Association of University Women went on record as wholeheartedly supporting these two members as nominees, and all are very proud to have them as co-workers. They believe that the State AAUW is fortunate and honored to have them as their state president and secretary.

Guilford Evans Died Friday Afternoon

Guilford Evans, 78, died at his home near Greenville on the New Bern highway Friday afternoon after having suffered a heart attack, Thursday night. Funeral services will be conducted at the home at 3:30 o'clock Sunday afternoon by the Rev. Walter B. Nobles, Free Will Baptist minister of Winterville. Burial will be in the McGowan family cemetery near Mr. Evans' home. Mr. Evans spent all his life in this community in which he died and was a member of the Greenville tribe of Red Men. His wife, Mrs. Luana Haddock Evans, died January 10, 1942. Surviving are two sons, Lyman and Lanier Evans both of near the home; five daughters, Mrs. Arthur Ayers and Mrs. Charlie Crisp of the home, Mrs. Raymond Evans and Mrs. Rufus McLarhorn of near the home, and Mrs. Roy Roberson of Robersonville; 16 grandchildren; one great-grandchild; a brother, Marion Evans, near Robersonville; and a sister, Mrs. R. H. McGowan of near Greenville.

Thomas R. Andrews Died Rocky Mount

Thomas R. Andrews, 59, of Bethel died Friday at 7:30 p.m. at Parkview Hospital, Rocky Mount. He had been in ill health for some time. Funeral services will be held at the Bethel Methodist Church Sunday at 2:30 p. m. The Rev. W. M. Howard, Jr., the pastor, will officiate. Burial will be in the Bethel cemetery. The Masons will participate in the services at the grave. Active pallbearers will be F. F. Pollard, W. J. Smith, F. L. Blount, Swan Ives, F. L. Andrews, Jr., Wadde Carson, J. L. Gurganus and J. B. Bunting.

Mr. Andrews, a native of Bethel was a hardware merchant. He took an active interest in community affairs.

Surviving are his wife, Mrs. Earle Proctor Andrews; one son, Thomas R. Andrews, Jr., of Bethel; one daughter, Mrs. W. B. Soyars, Jr., of Winston-Salem; one brother, L. L. Andrews of Bethel, and two sisters, Mrs. N. M. Graham of Scranton, S. C., and Mrs. W. B. Shoe of Greenville.

That Tax Cut . . .

(Continued from Page One)
Yesterday that committee dominated by Republicans, passed a bill to cut taxes 30 per cent for small tax payers, 20 per cent for the big boys.

The full House is expected to vote on it and the Republicans are confident they can ram it through. No one knows when the Senate will get around to voting on such a bill.

But Democrats in the Senate have warned there'll be big changes in the kind of bill the House is expected to pass.

Why should the Republicans apparently want to cut taxes while the Democrats, led by Mr. Truman, don't?

One very good reason for the Republican desire to cut taxes is this. In the campaign before last fall's elections, which put them in control of Congress, the Republicans said they'd cut taxes if they won.

The Democrats are arguing this way against cutting taxes now:

1. With our international problems up in the air, the government doesn't know how much money it may need this year.
2. After government expenses are paid, any money left over from taxes should be used to pay off some of the national debt.

That public debt of about \$260,000,000 is the money the government has borrowed to keep running especially during the war.

The House probably will vote to reduce taxes by about \$400,000,000. Democrats think that's money that could be used on the public debt.
