Three-Hour Discussion By Top Negotiators Fails To Break Deadlock; Marshall Seeks Audience With Stalin

Moscow (AP) — The Foreign Ministers Council discussed German reparations and the level of German industry for more than three hours today and at the end of the session announced they had reached "no decision." This was to have been a show-down meeting expected to indicate possibilities of a German settlement of current problems at Moscow. The fact that no decision was reached was considered by some diplomats as possibly indicating little or no progress towards breaking the deadlock.

Sugar Rationing Gains Short Term Extension

Washington (AP) — Sugar rationing gained a new seven-month lease on life today, but President Truman—fearful of disastrous economic consequences from such a short extension—announced he might seek longer controls.

President Signs Measure Unwillingly; May Ask Congress To Reconsider And Re-Extend Controls Over Sugar

The Sugar Act, which also carries sugar price control to October 31 was approved by Congress yesterday along with a 90-day extension of the President's power to parcel out a sharply trimmed list of industrial, drug and food items.

By The Associated Press John L. Lewis' United Mine Workers quit their soft coal pits today beginning a six-day stoppage to memorialize the deaths of 11 Centralia (Ill.) miners. The 400,000 AFL-UMW members began the mourning period at one minute after midnight starting on the east coast and extending to the Pacific through the time zones.

MONARCHY FOR SPAIN SOUGHT BY DICTATOR

Overwhelming Approval By Parliament Is Expected; Franco To Keep Powers

Madrid (AP) — Overwhelming parliamentary approval was forecast today for Generalissimo Francisco Franco's proposal to declare that Spain, although her throne has been vacant or 16 years, is still a monarchy and to outline procedure for selecting the country's next ruler—whether king or regent. The measure was introduced in the Cortes (parliament) last night on the eve of Spain's "Victory Day," the eighth anniversary celebration of Franco's victory in the civil war. Approval was assured by the fact that an overwhelming majority of the cortes members were selected by the Franco government.

Wesley Foundation to Present Play The one-act play, "Simon, the Leper," which will be given by the Wesley Foundation Players as a part of the Holy Week observance, is a drama in the lives of some friends of Jesus in the days immediately preceding and following the crucifixion. The setting for the play is a garden between the houses of Simon, who had been healed of leprosy, and Lazarus, who had been raised from the dead. They, and their sisters, Mary and Martha, and Judith, are dear friends of the Master, who, they have come to believe is really the Messiah. The play reveals the effect upon their lives of the events of Passion Week, and of their love and belief in their Lord.

Costumes for the play were made by members of the Wesley Foundation drama group, following designs of costumes worn by the people of Palestine in the days of Jesus.

The play will be given in the Auditorium of the Jarvis Memorial Methodist Church, Wednesday evening, at 7:30 o'clock.

Both of these women are getting along fine and will be home some time this week. Thurman said that if nothing happens he will be at Red Oak next Sunday morning for the Easter Sunrise service.

Well, folks, we went over the top last Sunday at Sunday school. There were 107 present, 50 men and 57 women. Poor men, it looks like they are going to lose this contest. The ladies are less than 20 points ahead but we are still far enough ahead that we can smell all those good shades frying out there. All right folks, let's all pull together next Sunday morning. Who will be ahead? The ladies or the gentlemen?

We were glad to have Howard with us for a visit recently. He made a short talk, giving the highlights of his stay in the University of Chicago. We are always glad to welcome him back into our church.

LOOK OUT FOR PIN-WORMS Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. Get JAYNE'S P-W and follow the directions.

P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

FORMER ECTC TEACHER DIES

Miss Maria Graham Passes In Raleigh; Taught 50 Years

Maria Daniel Graham, who was for 36 years a member of the faculty of East Carolina Teachers college, died yesterday afternoon at 5:15 at Rex hospital in Raleigh. Miss Graham has been in ill health for a long time. Funeral services were conducted this afternoon at 4:00 o'clock in the Wesley Memorial Methodist Church in Warrenton, and burial was in the cemetery at Ridgeway.

Miss Graham came to the college at its beginning, and from 1909 until her retirement in the spring of 1945 she taught there as a member of the department of mathematics. For the past two years she has lived in Warrenton.

She was born and reared in Warren county. Her father and mother, the late Mr. and Mrs. John Graham, conducted there one of the private preparatory schools for which the state is famous.

Miss Graham early decided to become a teacher. She attended the Peabody Normal college in Nashville, Tenn., and received degrees from Teachers college, Columbia University. She also attended the University of Chicago and the University of Michigan.

Before coming to East Carolina Teachers college, Miss Graham taught for a short time at Oakville, Tenn., and in the high schools in Warrenton and Goldsboro.

At the college Miss Graham was active in many fields of service. She was for years a member of the Alumni Advisory council. Through her interest and encouragement the Alumni association was successful in its early days. During the last war she personally supervised the sending of the Teo Echo, college newspaper, to alumni in all parts of the world.

She was also actively engaged during her long service at the college in YWCA work, and was a member of the advisory committee of the organization for 15 years. She was an advisor of the Poe Literary society and a member of the college student loan, the home-coming, and the course of study committees.

Miss Graham was a teacher who was outstanding for her sympathy for students and her tireless work with and for them. She was a member of various professional organizations, including the National Council of Mathematics Teachers and the Mathematics Association of America.

Miss Graham was a member of a family which has long occupied a prominent position in education in the state. Her uncle, Alexander Graham, was one of the leaders in public education in North Carolina and was for a number of years superintendent of the schools in Charlotte. Frank Kidder Graham, distinguished president of the state university, was a cousin; and Frank P. Graham, now president of the Greater University of North Carolina, is also a cousin. Miss Mary O.

Graham, another cousin, was once President of Peace Institute in Raleigh. Her brother, Major W. A. Graham of Warrenton, now retired, was prominent in education circles as superintendent of schools in Wilmington and later in Kingston.

Surviving are the following brothers and sisters: Major W. A. Graham of Warrenton; Miss Anna Graham of Warrenton; Mrs. W. H. Horne of Rocky Mount, and Mrs. P. G. Alston of Texarkana, Texas.

Mayor And Clerk Sign 800 Bonds

Mayor Jack Boyd had a sore arm today as a result of placing his signature as Mayor of Greenville on eight hundred \$1,000 water and electric bonds for additions, enlargements and improvements at the two Greenville Utilities Commission plants. City Clerk J. O. Duval was also signing the bonds and attaching the city's seal to them. The bonds are of \$1,000 denomination.

The bonds were expected to be all signed today. They will be forwarded to the buyers—Chase National Bank, New York City; B. J. Van Inger & Co., New York City and McDaniel Lewis & Co., Greensboro, N.C.

The bonds were sold at an average interest rate of 2.1875.

Third Street School

How to Vote
On Thursday, March 28th the 7th

grade of Third Street School went to the Municipal building. While there, Mayor J. H. Boyd showed the students how to vote.

When 21 years of age one may come to the Municipal building and register. Later on an election day he may come back to vote. The voting consists of this: You are handed a slip on which is written the names of the candidates. You may step into a private booth and check the person's name that you wish to win. In this way no one will know whom you voted for.

The students enjoyed it very much.—Sam Hux.

Board of Aldermen's Room
Friday morning, March 23, the 7th grade of Third Street School visited the city hall where Mayor J. H. Boyd greeted them. While they were there Mayor Boyd took them to the Board of Aldermen's room where Greenville ordinances are made.

Mayor Boyd explained to them about some city laws and told some of them. They were:

- When you are driving, watch stop lights.
- Watch for drunken drivers and don't drink.
- Keep on the right side of the street.
- Don't park where there are signs saying, "No Parking."

Start Building Super Market; Opens In August

Plans have been drawn and materials are being placed on the vacant W. E. Hooker lot, 205 Evans Street (opposite the armory), for

Watch out for children that might be playing in the street.
Don't go into a person's house when no one is at home.
Don't let your animals run loose.
Mayor Boyd hopes that everyone will obey the ordinances and keep out of trouble.

The 7th grade enjoyed their visit very much.—Jo Ann Johnson.

Court In Session
On March 28, the 7th grade of Third Street School went on a tour of the Municipal building. While they were there they saw court in session where Judge Roberts was presiding. They saw a man being fined \$50 for driving while under the influence of intoxicants and carrying a concealed weapon which was a trench knife. They enjoyed their visit and did not want to leave.—Jimmy Spears.

a new super market building. The brick structure will be completed and ready for occupancy next August, shortly before the tobacco market opens.

The building will be of brick construction and 114 by 57 feet. The company has signed a 10-year lease on it.

L. L. Plyler, brother of Claude L. Plyler, manager of Belk-Tyler's Department Store, and Claude L. Plyler, Jr., ECTC student, son of Claude L. Plyler, will be owners. L. L. Plyler will be the manager. L. L. Plyler has had extensive experience in the business. He was manager of a super market in Salisbury and was with Thompson-Howard Company, wholesalers, in the same city before he entered the armed forces in World War II. He was in the Army Combat Engineers over three years. He was in the European theater of war 33 months. Claude L. Plyler, Jr., was in the Navy 14 months. Before that he was a student at the University of North Carolina.

The super market building will be of modern construction. The market will be ideally equipped and arranged along lines carried out in metropolitan cities, it was stated

Strength FOR THE DAY

By EARL L. DOUGLAS

The True Kind And The False

What is tolerance?

Some people would interpret tolerance to mean a willingness to reduce one's convictions to zero. Let no man say that the truths to which he subscribes are any more valuable than those held by other men. Truth is a way of looking at things. Furthermore, truth is a matter of time, or community custom, or prevailing philosophy.

This reason some people. But is this true tolerance? The only man that can be truly tolerant of the beliefs of others is the man who holds very firm convictions of his own and who is quite convinced of the finality of these beliefs. Because he holds belief to be such a precious thing, he readily recognizes the disposition of other men to do the same. The tolerant man is not one who says that beliefs are not matter. They matter a great deal to him—in fact, so much that he is willing to endure anything that both he and other men may have the right to pursue their beliefs unimpeded.

A great thinker centuries ago gave us the only formula that will ever work: "In essentials, unity; in things doubtful, tolerance; in all things, love."

There is a false kind of tolerance being advocated today and we need to avoid it. It is packed with unwisdom. Real tolerance and deep conviction go together.

A LOSS TO THE COUNTY

The death last night of County Auditor John H. Coward was a great loss to Pitt County. He had served the county for many years in one of its most important departments and his efforts contributed much to the county's present fine fiscal condition. The position of county auditor is not a popular one but it is of great importance and Mr. Coward's death creates a vacancy in the county's official set-up that will be hard to fill. As county auditor he rendered valuable service to the people.

STRIKES AND GUNS

That "rough-and-ready" action of a dairymen's union in Louisiana is a good example of labor racketeering.

The gun-toting characters ran for the bushes when FBI agents began looking into the stopping of trains and trucks for the removal of New Orleans-bound milk.

Legislation covering such incidents was brought up in Congress a year or so ago but seems to have been lost in the shuffle.

Meanwhile, this milk fight started over a cut of seventy-five cents per hundred-weight in prices offered by New Orleans dairies. That's a pretty big reduction for the dairy farmer, and if consumers were not going to benefit by the action, it seems to us the dairy farmer had a right to complain.

But they lost the support of public opinion when they started walking around with guns and reportedly shooting at trains, trucks and people. . . . It was too reminiscent of the bootleg wars

Music And Quiz At Rotary Club Supper Meeting

By WYATT BROWN
The Rotarians went in for a night of good time last night at their regular weekly meeting. They sang and ended up with a "quiz" period with prizes and penalties.
It was "barber shop melody" time—there were enough tenors to get the harmony, too. The sextette "stole the show" when they gave an unrehearsed but highly satisfactory rendition of "I Want a Girl Just Like the Girl That Married Dear Old Dad." Those participating were Maynard Fletcher, Hayward Dell, J. B. Kittrell, Judson Blount, Charles McCallers and Ed Hester. Johnny Overton led the group singing.
After the singing J. B. Kittrell held forth for a brief period with instrumental music—the harmonica.
In the "quiz" Kittrell's first victim was "Buck" Buchanan. Then he stumped Lawrence Stroud, Bancroft Moseley, Urcel Webb, Charles

Home and Sam Weeks. When no one had answered a question, J. B. posed a conundrum and offered 50 pounds of sugar as a prize and it was finally correctly answered.
Visiting Rotarians were: Dr. Grady Dixon, Ayden; Maynard Fletcher, Washington; and Charles McCallers, Kinston. Guests were: Bob Fulenburgh of Charleston, S.C. and Ed Williams, Jr. of John Overton, chairman of the Music Committee had charge of the program. President Judson Blount presided.

A MESSAGE FROM THE CHIEF OF STAFF

The Time of Need Is Now

The Selective Service System, which helped build so magnificent a wartime Army, is being discontinued as an immediate source of men for Army service. Its record is one of distinction, and the Nation's gratitude goes out to all those responsible for the efficient administration of that system, as well as to the millions of selected men who served with such courage and devotion.

From now on we are engaged in a great test, to see whether a system traditionally American in peacetime—the volunteer system—can give us the stable, well-trained Regular Army our current international commitments require.

We have come to a crucial turning point in the development of our military establishment. Building an all-volunteer Regular Army is not a job for the War Department alone; it is a job for the American people—a task of writing the insurance against the chaos of another war.

Here are the basic facts: To carry out our present assignments, we must maintain the Regular Army at a strength of 1,070,000 men. This will require a constant flow into the Army of 30,000 men a month. These men must be of high quality, and every one must be a volunteer. Thus we face a persistent question: Can we do the job?

The task is enormous. Never before have we even considered raising and maintaining a peacetime Regular Army of a million volunteers. There are no sign-posts to go by, no experience on which to base sure forecasts. But such obstacles have never deterred this Nation before.

I have confidence in the young men of America, whose opportunity it is to choose this fine profession. And I believe we can do the job—if we have three things: public understanding, public support and public action.

A GOOD JOB FOR YOU

Strike activities slackened over the weekend; and so has any support the union might have enjoyed from fair-minded people.

Our "rough-and-ready" unions might as well realize now that winning concessions at the point of a gun doesn't sit very well with the general public.

that year he became district manager of the North Carolina Joint Stock Land Bank with offices in Greenville. On January 1, 1933, he was appointed tax supervisor and auditor for Pitt county, which position he held until his death.

In December 1910 Mr. Coward married Miss Blanche Winnifred Cannon, daughter of Mr. and Mrs. R. C. Cannon, of Ayden. There were five children born to this union as follows: Miss Gertrude Coward, of the faculty of W.C.U.N.C., Greensboro; Mrs. W. H. Ferguson, Richmond; J. H. Coward, Jr., Grifton; Air Cadet Graham Coward, who died in the service of his country July 29, 1943; and Reid Coward, student at State College in Raleigh. Other survivors include two granddaughters and two half-brothers, William A. Darden, of Greenville and F. C. Darden of Greene county.

Mr. Coward was a faithful member of Ayden Christ Church and a member of the board of deacons. He was a charter member of the Ayden Rotary club and was president of the club in 1929. He was a former member of the city council of Ayden and in 1939 was president of the Tax Supervisors Association of North Carolina. In 1918 he succeeded his stepfather, the late W. A. even more on military than on political considerations. Wilson is said to have testified in effect that Turkey remains the last strong government on the Mediterranean standing up against Russia. He added that the Turks aren't able alone to foot the bill for maintaining a large army.

It is true that Turkey, and the Dardanelles Strait which she controls, form a far more important base militarily than Greece. However, we can't dismiss Greece lightly, for it is a powerful bastion guarding the flank of the Turkish position.

Since Turkey straddles the Dardanelles and thus embraces both European and Asiatic soil, she forms a land bridge between Europe and Asia. Indeed, if you follow your nose around the Eastern Mediterranean after crossing the bridge from Europe, you eventually will arrive in Africa.

So Turkey can be said to provide a highway between three continents. And if that broad highway were thrown open to communism, there's no telling where the Red

ism might go.

The \$150,000,000 which President Truman would allot to Turkey, would be used for military purposes. The Turks are among the world's finest fighters, and it was a wholesome respect for the Turkish army (Ankara claimed that it totaled 1,000,000 bayonets) which kept Hitler from attempting to charge across from the Balkan peninsula into the Middle East.

Turkey is said to be able to mobilize a total of some 2,000,000. In event, she has sufficient effectives to man her powerful natural defenses along the Dardanelles, provided she has the equipment. That's where American aid would come in. It's safe to say that the Muscovites, like the Germans, would look carefully before attempting to force their way into Turkey from the Balkan peninsula.

Greenies Open Spring Drill; Daily Workouts

By BERT MOYE
More than twenty young hopefuls reported to Manager Pare yesterday afternoon at Guy Smith Stadium as spring training got under way for the Greenville Greenies.

Manager Pare put his boys through a stiff three hour workout consisting largely of calisthenics, hitting, and fielding. Among those reporting at the opening drill were three members of last year's squad, namely, Johnny Foell,

Rex Benton, and Hank Rauweiler. Two of the Greenies former players have not yet reported, they being Tommy Lee and Joe Alamo; however, they are expected to come in most any day now.

A large number of local fans were out to watch the initial doings of the Greenies, and also to get a line on the various players in action, and they saw a mighty hustling bunch of youngsters working out for berths on the Greenville nine.

Three local boys are working out daily with the club in an effort to gain a position on the team. Manager Pare stated that he was anxious to have as much local talent as possible come out and display their wares.

Workouts will be held daily in the afternoon beginning at 1:30 o'clock.

MAJOR LEAGUE TRAINING CAMP ROUNDUP

By the Associated Press

St. Petersburg, Fla. — Pitcher Johnny Beazley, so discouraged at one time last year that he announced he was quitting baseball, passed the first test on his comeback trail yesterday as the St. Louis Cardinals trimmed Cincinnati, 7-2. The Red Bird hero of the 1942 World Series showed plenty of stuff during his three-inning mound trick during which he fanned two and walked none and yielded three hits.

Fort Worth, Tex. — Yesterday in Houston, Tex., Hughson won a pitching duel from his first cousin Jack Crel, when Johnny Pesky fished out a triple that gave the Sox a 4-2 win over the Houston Bulls.

Tucson, Ariz. — Bill Nicholson worked out lightly yesterday for the first time since developing a Charlie Horse a week ago. Although this was a bright note for Chicago Cub Manager Charlie Grimm, the injury bugaboo struck again to take off some of the edge. Second Baseman Don Johnson, whose brittleness is becoming to worry the Cubs is out of the lineup again, this time with a banged-up finger.

Phoenix, Ariz. — The New York Giants celebrated their return to their initial spring training base yesterday by staging a six-run ninth inning rally to nose out the Chicago White Sox, 9-8. Highlighting the rally were two two-run homers by Clint Hartung and Willard Marshall, the latter's blow winning the game.

St. Petersburg, Fla. — The New York Yankees will end their stay here by playing exhibition games with the St. Louis Cardinals today and tomorrow. The Yanks will start heading north Friday, stopping at Atlanta, Norfolk, Va., and Baltimore before reaching New York.

Cardinals "Best" Says Writer; Boosts Infield

Tampa, Fla. — (AP) — The St. Louis Cardinals' infield should come to be recognized this year as one of the greatest in the history of baseball, and Manager Eddie Dyer's world champions most likely will win the National League flag by a decisive margin.

The foregoing is the principal fruit, so far as this writer is concerned, of six weeks spent wandering through the spring baseball mart, pinching the products and listening to the barkers.

The Red Birds should win again because they will be a better club than they were at any time in 1946. If pressed for a complete order of finish in the National this observer would guess something like this: (1) St. Louis, (2) Brooklyn, (3) Boston, (4) Chicago, (5) Pittsburgh, (6) Cincinnati, (7) Philadelphia and (8) New York.

Except for some doubt about Captain Terry Moore's ability to play his usual sparkling ball in centerfield for more than 100 games, the Cardinals are set to open the race with a rush. Their fine young catcher, Joe Graziola, has not yet begun to hit, but no one much doubts that he will come along.

The team that appears to have the best chance of upsetting the above order of finish is Pittsburgh. With Hank Greenberg and Ralph Kiner, last year's twin homerun kings, taking their big cuts in order, the Pirates might do almost anything—or nothing much. A fifth-place finish would represent a popular victory for the team's new owners, who include Crooner Bing Crosby.

Cancer . . .

(Continued from page one)

By declining the death rate for cancer has been increasing.

"The grim and ironic paradox is that medical science has taught us how to save our children from smallpox, from diphtheria, from scarlet fever, from dysentery and diarrhea, only to have them reach an age at which they may be killed by cancer.

"Medicine has succeeded magnificently in the effort to prolong life, so that a baby at birth is said to have a life expectancy of almost 65 years.

"But though the chances for each baby to reach adulthood are good, the chances for an adult to die of old age have improved hardly at all.

"Cancer is essentially a disease of adults. It is because human beings are living longer that cancer is now assuming an importance which it formerly did not have.

"As more persons reach maturity, their chance of being stricken by cancer increases.

"A woman at 35, a man at 45, enters upon the period of greatest danger.

"What we need is total warfare against cancer—fundamental research in biology, physics, chemistry, medicine, on any question that offers the slightest hope of a connection with the subject of cancer."

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach" and the ever-changing blood need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infections and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.
