BEIRNE HINTS BELL SYSTEM NEEDS INQUIRY

Asks Congress To Check On "Monopolistic Labor Policy" Of System

Washington—(AP)—The National Federation of Telephone Workers, which is threatening a nationwide strike Monday, asked Congress today to investigate what it called "the monopolistic labor policy of the Bell System."

J. A. Beirne, president of the NFW, proposed the inquiry in letters to House Republican Leader Halleck (Ind.) and Senate GOP Leader White (Me.).

The letters went to Capitol Hill as Republicans on the House Labor Committee forecast swift approval of a bill intended to fend off the strike. The Republican committee had decided to go part way in answering Democratic objections that the bill is "vicious and unconstitutional."

Beirne told Halleck and White that the Bell Telephone System has been following a "pattern" in negotiations with the union. He said there is evidence that the telephone industry is insisting on local bargaining but is "actually bargaining nationally."

"To sum up," Beirne said, "we believe that a Congressional investigation of the labor relations policy of the Bell System will show that American Telephone and Telegraph is clinging to a fiction that each of the Bell System companies

Gov't Tries To Bolster Its Coal Services; Fear Shutdown

Washington—(AP)—The government tried to bolster its coal-mine services today amid threats of an extended shutdown of "unsafe" mines.

The six-day memorial work stoppage called by John L. Lewis for the 111 victims of the Centralia, Ill., catastrophe, is due to end Easter Sunday night. But union officials in two midwest districts declared the miners there will not work next week in pits they regard as too dangerous.

With this possibility in mind plus the chance that still other miners might extend the memorial period on their own, the 500 employees of the Solid Fuels Administration were placed on a standby basis while that agency is being liquidated.

So far as its legal status is concerned, the SFA was wiped out with expiration of the second war powers act at midnight Sunday—coincidentally, the time Lewis set for the start of the unprecedented nation-wide mourning period.

That also was the date the United Mine Workers' chief set for the expiration of his winter strike truce—later revoked after the Supreme Court upheld his and the union's contempt convictions.

Hence, Secretary of the Interior Krug held off until yesterday serving 30-day dismissal notices on the SFA employees—an action which will keep them available through April.

The agency's chief functions in previous mine shutdowns has been to set up allocation plans to spread the supply of coal among essential users.

That authority expired with the War Powers Act. However, and if similar action were to be taken Congress would have to reinstate it in the days or weeks ahead.

But the fact that the workers familiar with procedure still are available would avoid any lost motion.

In a related development bearing on the coal situation, President Truman acted, also at Krug's request, to keep Dr. R. R. Sayers as head of the Bureau of Mines for the time being.

Sayers was to have been moved to the Public Health Service, but Krug's choice of a successor, Dr. James Boyd, ran into bitter criticism from Lewis in two appearances before the Senate Public Lands Committee. Lewis contended Boyd is unqualified for the post for lack of coal-mining experience.

COP RALLYING FROM DEFEAT ON ECONOMYS

House Republican Fiscal Leaders Close Onslaughts

Washington—(AP)—Rallying from a \$350,000,000 defeat, their first in the Republican-controlled Congress, House GOP fiscal leaders sounded a new call today for governmental economy.

"If they go on that way, there's no hope of balancing the budget or anything else," said Rep. Taber of New York, who as chairman of the House Appropriations Committee has spearheaded the widely-heralded Republican "economy drive."

Taber was referring to yesterday's House action adding \$356,027,638 to a deficiency appropriation bill which gave the new majority party its first landing of the 8th Congress. He was not chastised, Taber said over an amendment that restored \$350,000,000 to the fund for veterans' benefit payments under the GI Bill of Rights because "a misunderstanding" caused the Appropriations Committee to knock out the money in the first place.

But the New Yorker was plainly disturbed over two other amendments, both offered by Democrats and accepted by a two-party coalition.

One added \$50,000,000 for continuation of the government-financed school lunch program.

The other tacked on \$21,580 to pay court-ordered back pay claims of three former federal workers fired at Congressional insistence.

Taber fought both propositions on the floor.

The back pay amendment provides funds for Goodwin B. Watson, Robert Morse Lovett and William E. Dodd, Jr., whose salaries were denied in a 1943 appropriation bill after a committee report accused them of subversive affiliations. The court of claims and the Supreme Court upheld their right to pay for the time they worked after the bill was passed.

"We routed them foot, horse and dragon," rejoined Rep. Cannon of Missouri, top Democrat on the Appropriations Committee and sponsor of the school lunch amendment.

"We broke into their cohesive organization. They are beginning to hear from back home and things are happening nationally that dis-

Marshall's Report On China Revealed

"Exchange Of Information" With Russia On Chinese Question Made; Pointed Reference To Missing Japs In Manchuria

Moscow—(AP)—U.S. Secretary of State Marshall has informed Soviet Foreign Minister V. M. Molotov that when the present withdrawals of U.S. troops from China are completed, only 6,180 military and naval personnel will remain, it was announced today.

The troops remaining in China will be there at the request of the Chinese Government, the American secretary told Molotov.

Marshall said that American forces had repatriated 3,000,000 Japanese to their homeland from China and then added: "As for the disposition of the estimated 100,000 Japanese taken in Manchuria by the Soviets, I have no information."

Marshall sent a letter to Molotov on March 31, meeting Molotov's request for an exchange of information with the United States and Britain on the status of the fulfillment of obligations concerning China as outlined in the Moscow agreement of December 1945.

His letter was strictly formal. For the most part it suggested that Molotov read the statements which President Truman issued on Dec. 15, 1946 and Dec. 18, 1946.

Marshall's letter was distributed tonight by the American delegation press office. The report which Molotov presumably sent to Marshall had not been made public up to that time.

British Foreign Secretary Bevin was reported to have declined to engage in the exchange of information, on the ground that China was principally a Soviet-American problem.

Marshall attached copies of the two Presidential statements which he told Molotov, the Soviet minister would find "self-explanatory."

Marshall earlier had been reported hopeful that the differences in the four-power Foreign Ministers Council blocking progress on a German settlement might yet be composed. French and British diplomats took a more dismal view however.

Marshall's hopeful attitude was reported after a caucus of the American delegation to the Foreign Ministers Conference just prior to today's session of the Big Four, who argued German economic problems for several hours last night without progress.

There were strong implications that Marshall might make an eleven-hour effort to break the strangling deadlock over reparations by requesting an interview with Prime Minister Stalin in the near future.

As of this afternoon, no arrangements had been made for such a conference, but officials reaffirmed that the U.S. secretary definitely is planning to seek contact with Stalin at what he considers the proper moment in relation to the

WILL REQUIRE SENATE OKAY FOR DIRECTOR

Head Of Greco-Turk Relief Work Must Obtain Senate Confirmation

Washington, April 2—(AP)—The Senate Foreign Relations committee voted today to require senate confirmation of the director of the proposed \$400,000,000 aid program for Turkey and Greece.

Working methodically on the assistance legislation, the committee also voted to bar the use of any of the aid funds for repayment of past debts of the two countries.

Also adopted was a preamble by Senators Vandenberg (R-Mich) and Connally (D-Va.) setting out that the United States is extending assistance to the two nations within the spirit of the United Nations charter.

Chairman Vandenberg (R-Mich) said all votes were unanimous.

Senator George (D-Ga.) declared today that any attempt to reorganize the United Nations by leaving out Russia would be futile and lead only to the formation of a poor bloc.

The possibility of such a reorganization was raised by Senator Byrd (D-Va.) in a senate speech yesterday calling for a showdown "with Russia and her communist satellites."

Byrd proposed that the current problems of Greece and Turkey—for whom President Truman is seeking \$400,000,000 in American aid to counter communist pressures—be placed before the United Nations for action immediately.

If Russia vetoes action, Byrd counseled, take steps to remove the veto privilege; if that means the retirement of Russia from the U. N., and she "perverts in being an enemy to free peoples" then, the Virginian said bluntly, "it is better to have her outside the family than to have her inside the family than."

New Greek King Keeps Old Coalition Cabinet

Athens—(AP)—King Paul, the new monarch of Greece, designated Premier Demetrios Maximos and a seven-party coalition cabinet to carry on as the government of this strife-torn land today as one of his first acts after ascending a throne vacated by the death of his brother.

Maximos, who was appointed to head the cabinet by the late King George II last Jan. 24, submitted his resignation immediately after Paul took the oath of office last night, but the new king refused to accept it and requested Maximos to continue in office.

Maximos, a 74-year-old financier is a member of the Populist Party. His cabinet, which includes five former premiers, contains members of the Social Democrat, National Liberal, Reformist, Venizelist Liberal, National Unionist and Nationalist parties.

Meanwhile, it was announced that funeral services for King George, who died unexpectedly of a heart ailment yesterday at the age of 56, would be held Sunday. Burial is to be at the royal family tomb at Tatoi ("Dekeleia"), the country residence where George was born. Tatoi is about 15 miles north of Athens.

The body is to be removed to the Athens Cathedral Thursday to lie in state until the funeral.

An official announcement said a post mortem performed by the court doctor and two university professors had revealed that George's death was caused "by heart failure due to arteriosclerosis and thrombosis of the coronary arteries."

All banks and public buildings were closed in mourning today and schools will remain closed until Sunday.

In addition to the oath which he took last night, the new king also must be sworn in before the National Assembly when it reconvenes.

(Continued on Page Four)

INDICT MEN IN DAIRY STRIKE

New Orleans—(AP)—As the outgrowth of a Louisiana dairymen's strike, 25 men were named in federal indictments today on charges of impeding the mails, breaking the seal of a railroad mail car for theft of milk in interstate shipment.

The charges resulted from the action of a band of men who searched Illinois Central trains at Amite, La., March 25 and 26 and seized thousands of gallons of milk which was enroute to New Orleans Union dairymen, or the southeastern Louisiana producing area went on strike March 23 in protest against a move by New Orleans distributors to reduce the wholesale price from \$5.75 per hundredweight to \$5.20.

Many thousands of gallons of milk also was seized from trucks and dumped by groups of armed men who patrolled highways in the strike area in an effort to cut off the flow of milk into New Orleans.

A grand jury handed up today's indictments to Federal Judge Wayne G. Borah. United States marshals' officers were waiting to serve warrants on those named.

RUHR MINERS VOTE STRIKE

Essen, Germany—(AP)—A one-day strike involving nearly 300,000 men in 171 Ruhr coal mines was ordered by trade union leaders today as a protest against food shortages. The walkout will mean a loss of about 238,000 tons of sorely needed coal.

The decision was taken by an overwhelming vote of 50 mine union leaders after a three-hour session in the nearby coal mining town of Bochum, where 4,000 miners struck earlier in the day.

The output of coal in the Ruhr mines has been declining steadily since March 21 because of sporadic strikes and general unrest over failure of British and German administrators to fulfill promised food ration quotas.

The one-day stoppage was set for tomorrow.

The decision of the leaders was announced through the British-operated North German Coal Control Office. There was no immediate comment from British authorities.

Aging Premier, Demetrios Maximos Is Retained; No Shake Up In Government Yet; Plan Funeral For Deceased King George

Athens—(AP)—King Paul, the new monarch of Greece, designated Premier Demetrios Maximos and a seven-party coalition cabinet to carry on as the government of this strife-torn land today as one of his first acts after ascending a throne vacated by the death of his brother.

Maximos, who was appointed to head the cabinet by the late King George II last Jan. 24, submitted his resignation immediately after Paul took the oath of office last night, but the new king refused to accept it and requested Maximos to continue in office.

Maximos, a 74-year-old financier is a member of the Populist Party. His cabinet, which includes five former premiers, contains members of the Social Democrat, National Liberal, Reformist, Venizelist Liberal, National Unionist and Nationalist parties.

Meanwhile, it was announced that funeral services for King George, who died unexpectedly of a heart ailment yesterday at the age of 56, would be held Sunday. A grand jury handed up today's indictments to Federal Judge Wayne G. Borah. United States marshals' officers were waiting to serve warrants on those named.

RENT DECISION IS POSTPONED

Washington—(AP)—Locked in a wrangle over a proposed 10 per cent general rent increase, the House Banking Committee voted 17 to 7 today to postpone all action on rent and housing legislation until April 16.

Chairman Wolcott (R-Mich.) said the committee felt they should have "a chance to think over" the hot issue of a rent rise.

The group voted tentatively 9 to 6 yesterday to include a 10 per cent hike in rents in a bill extending rent controls to next March 31.

But when the committee met again today, it approved a motion by Rep. Kunkel (R-Pa.) to postpone final action.

The Senate Banking Committee earlier this week unanimously rejected a proposal to allow a general 10 per cent rental increase.

As the House committee broke up, Wolcott told reporters: "The members want to think this thing over during the Easter recess. This committee does not want to make any undue mistakes. We want to mull it over and see if we can't come to unanimous committee action."

Building Boom Here Shows New Increase

Twenty-five permits were issued for dwelling houses, total value, \$128,500.

Eleven permits were issued for commercial buildings, total value, \$226,500.

Total value all buildings under construction during the first quarter is \$455,000.

If building operations during the remaining nine months of this year continue at the same rate of the first three months, building operations for 1947 would total \$1,823,000.

Extensive building operations are going on in the suburbs of Greenville. Plans are in the making for many new buildings. The difficulties of procuring priorities on materials is hindering the building program, the building inspector said.

Last year the building inspector issued permits for 89 dwelling houses, total value, \$486,400; 41 commercial building permits, total value, \$392,150. Total value new buildings last year, \$818,550. Total value of repairs and alterations to buildings last year, \$45,920. Total value new buildings and alterations last year, \$864,470.

A bill to extend Greenville's city limits was recently passed by the General Assembly. It will become effective July 1. It provides for taking in the Hillsdale section and the baseball park in the western part of the city; South Greenville formerly known as the "Bama," and the area known as the Tucker lands, over to the Winterville highlands.

Mine Inspection Report Rejected Two Years Ago

Centralia, Ill.—(AP)—An Illinois state mine inspector says his plea two years ago for closing the Centralia coal mine where 111 miners perished on March 25 was rejected by Robert M. Medill, who resigned yesterday as State Director of Mines and Minerals.

State investigators who today planned to resume taking testimony also were told that the mine management decided it was not "economical" to install a sprinkler system which was recommended by inspectors to keep down explosive coal dust.

A mine manager also testified that the blast might have been caused by "ignition from the miners' open flame lamps" which he said were in use despite their prohibition under federal law.

The state mine inspector, Driscoll O. Scanlan, testified he pleaded in March, 1945, for authority from Medill to close the mine because Scanlan felt an explosion in the mine would kill every miner in it. Scanlan said Medill replied: "Well, we'll have to take that chance."

Civil War Shell Found No "Dud"

Charleston, S. C.—(AP)—The explosion of a rust-encrusted 10-inch shell, manufactured more than 85 years ago for use in a battle between Union and Confederate forces in the Civil War, today had resulted in critical injuries to two Charleston youths.

The boys, George Nungezer, Jr., 15, and William Neasley, 10, found the shell yesterday on the shore near Fort Jackson on James Island, an area from which many shells were fired against historic Fort Sumter, starting scene of the war.

The youths took the antiquated shell to a tool house to remove the powder. The shell exploded, blasting them against the wall and covering them with flames.

Two companions who accompanied them rolled Beasley in the sand to extinguish flames which were covering the lower part of his body.

Football "Fix" Leads To Prison

New York—(AP)—Three men convicted of the attempted professional football game fix were sentenced to imprisonment today by General Sessions Judge Saul S. Streit who said these three acknowledged gambler defendants combined to extend their lecherous activities to the corruption of sports.

Harvey Stemmer and David Krakauer were sentenced to from five to ten years in prison for attempting to fix the Dec. 15 championship game between the Chicago Bears and New York Giants. Jerome Zarowitz drew an indeterminate penitentiary sentence with a maximum of three years.

Two Teams Of Debaters Taking Part In Tourney

Two teams of debaters from East Carolina Teachers College are taking part in a series of intercollegiate contests at Fredericksburg, Va., on April 3-5.

Representing the Jarvis Forensic Club of the college, Robert Russ of Washington and Milton Fields of Scotland Neck, the affirmative team, and Edward B. Bright of Chocowinity and Gibbon McNeely of Waxhaw, the negative team, will participate in the Grand National Forensic Tournament conducted under the auspices of the Strawberry Leaf Society at Mary Washington College of the University of Virginia at Fredericksburg. Accompanying the students will be Dr. Meredith N. Posey, professor of English at the college and sponsor of the local debating society. The topic under discussion is—Resolved: that labor should have a direct share in the management of industry.

RENT DECISION IS POSTPONED

Washington—(AP)—Locked in a wrangle over a proposed 10 per cent general rent increase, the House Banking Committee voted 17 to 7 today to postpone all action on rent and housing legislation until April 16.

Chairman Wolcott (R-Mich.) said the committee felt they should have "a chance to think over" the hot issue of a rent rise.

The group voted tentatively 9 to 6 yesterday to include a 10 per cent hike in rents in a bill extending rent controls to next March 31.

But when the committee met again today, it approved a motion by Rep. Kunkel (R-Pa.) to postpone final action.

The Senate Banking Committee earlier this week unanimously rejected a proposal to allow a general 10 per cent rental increase.

As the House committee broke up, Wolcott told reporters: "The members want to think this thing over during the Easter recess. This committee does not want to make any undue mistakes. We want to mull it over and see if we can't come to unanimous committee action."

Trains In Wreck, Two Are Killed

Armstrong, Okla.—(AP)—The Missouri-Kansas-Texas (Katy) Texas special passenger train and a freight train engine sideswiped here today, killing two persons and injuring several others.

At Durant, one hospital reported several persons from the train wreck were still in the emergency ward and more were arriving.

The engineer and fireman on the passenger train were reported killed, the engineer on the freight injured, and several passengers on the Texas Special hurt.

Discourse On Kings

Late King George Was Colorless, Lacked Leadership; His Brother Can Be Major Factor In Building Greece; Franco Brings Attention To Spanish Throne

By DEWITT MACKENZIE

The Greeks again have heard the fateful words which have come echoing down through the centuries: "The king is dead; long live the king;" and should their new ruler have a modicum of understanding and guts (if one may be permitted this very un-regal expression) he may give his liberty-loving people the leadership they need to escape totalitarian communism.

The late King George was a colorless individual who lacked leadership—lacked guts. His whole vicissitudinous life was marked by this deficiency. What the new king, Paul, will produce remains to be seen but he scarcely can be less efficient than his brother.

This is, of course, a particularly critical moment for the Athens government. It might inspire the Red elements to redouble their efforts to overthrow the government, though paradoxically the saving grace in this instance could lie in the very weakness of the late king. He provided little guidance or personality to be missed by people or government. However, it's equally possible that the anti-communists may find a way of strengthening their position as the result of the wholly unexpected death of King George.

Thus far there has been no indication that the position of Greece, as one of the key bastions of democracy against aggressive communism, has been changed. President Truman's proposal for help to this fiery little Balkan state still stands, and Congress continues its study of the proposition. The Greek government shows no signs of weakening in the face of the Red offensive.

Simultaneously with this sensational development, another throne came under the spotlight—that of Spain—and it's a peculiar coincidence that this country, like Greece is so strategically situated that both communism and western democracy would give much to see it under their respective zones of influence. For what happens in Spain will have a mighty effect on the political trend in France—

State's Income Tax To Top Billion Mark

Greensboro, N. C.—(AP)—Federal income tax collections in North Carolina for the fiscal year ending in June will be more than \$1,000,000,000, predicts Charles H. Robertson, state collector.

Taxpayers hurrying to meet the last March 15 deadline swelled that month's collections to a record \$136,934,082, he said. Collections for the first nine months of the fiscal year were \$897,074,766.

Keen Appetites For Good Food And Willingness To Pay Keep Prices Up

Washington—(AP)—Keen American appetites for plenty of good food—and a willingness to pay for it—are helping to hold farm prices at high levels.

The Agriculture Department so reported today, adding that this heavy domestic demand is getting considerable assistance from expectations that exports may be larger than anticipated and "speculative buying" in the grain markets.

Officials said that despite a substantial increase in food prices since most price controls were dropped the per capita consumption—particularly of meats, poultry products, milk, and vegetables—continues above pre-war levels.

Consumers are able to eat well the department declared, because total income payments are at record peacetime levels and are still rising.

This being the situation, the department said farm prices should hold at high levels during the next few months. However, the agency did not alter a previous forecast that prices will turn downward during the second half of the year, possibly as much as 20 per cent.

The prediction of a decline was based largely upon expectations of a slight industrial recession in the latter part of the year.

Reflecting favorable farm prices agricultural income for the first four months of this year is expected to total \$7,700,000,000 compared with \$6,100,000,000 during the same period last year—a gain of 25 per cent.

RENT DECISION IS POSTPONED

Washington—(AP)—Locked in a wrangle over a proposed 10 per cent general rent increase, the House Banking Committee voted 17 to 7 today to postpone all action on rent and housing legislation until April 16.

Chairman Wolcott (R-Mich.) said the committee felt they should have "a chance to think over" the hot issue of a rent rise.

The group voted tentatively 9 to 6 yesterday to include a 10 per cent hike in rents in a bill extending rent controls to next March 31.

But when the committee met again today, it approved a motion by Rep. Kunkel (R-Pa.) to postpone final action.

As the House committee broke up, Wolcott told reporters: "The members want to think this thing over during the Easter recess. This committee does not want to make any undue mistakes. We want to mull it over and see if we can't come to unanimous committee action."

Building Report To Aldermen Has Startling Jump In First Three Months Of Current Year; Valuation Set At \$455,000

Nearly half a million dollars of commercial buildings and dwelling houses were constructed in Greenville during the first three months of this year, Building Inspector George Gardner's report to the Board of Aldermen shows. This does not include buildings outside the city limits.

Twenty-five permits were issued for dwelling houses, total value, \$128,500.

Eleven permits were issued for commercial buildings, total value, \$226,500.

Total value all buildings under construction during the first quarter is \$455,000.

If building operations during the remaining nine months of this year continue at the same rate of the first three months, building operations for 1947 would total \$1,823,000.

Extensive building operations are going on in the suburbs of Greenville. Plans are in the making for many new buildings. The difficulties of procuring priorities on materials is hindering the building program, the building inspector said.

Last year the building inspector issued permits for 89 dwelling houses, total value, \$486,400; 41 commercial building permits, total value, \$392,150. Total value new buildings last year, \$818,550. Food Prices

Washington—(AP)—Here's what the Agriculture Department expects food prices to do during the next several months:

Meat—Prices in general to continue high through spring and early summer, with moderate declines in lamb and better quality beef.

Dairy products—Declines through June.

Poultry and eggs—Chickens and turkeys to increase slightly during the next few months, but decline during the last quarter. Eggs to continue near present levels for several months.

Food fats and oils—To decline by late summer from present exceptionally high level.

Fresh vegetables—Declines in prospect as marketing season develops.

Fruits—Slight advances in April and May.

IMPULSIVE BUS DRIVER FOUND

Hollywood, Fla.—(AP)—The ir-repressible springtime impulse that prompted William Lawrence Cimilino to take a 44-passenger bus on a solo odyssey of 1,300 miles along the Atlantic seaboard has left the 37-year-old New Yorker with one major worry.

What will his wife and children think?

"I have a swell family, a wife and three kids," the bus driver from the Bronx, N. Y., said yesterday, "and I don't want to hurt em."

Cimilino's journey began last Friday when he left his regular bus route in the Bronx on a sudden impulse and headed south. It ended in the jail of this south Florida seaside resort.

"I just wanted to get somewhere," Cimilino told reporters.

Cimilino—and Florida authorities—meanwhile awaited the arrival of a mechanic-driver sent by the Sur-

(Continued on Page Four)

Demos Shatter GOP Dreams In Chicago Voting

Chicago—(AP)—Republican hopes of smashing the Democrats' 16 year old "big city" political dynasty lay shattered today under a tide of Democratic votes that swept Martin H. Kennelly into office of Chicago's new mayor.

In the nation's first major 1947 test of political trends, the Democrats recovered from a stunning setback suffered in last November's Congressional and county elections to score their biggest victory in a mayoral contest in 12 years.

Complete returns showed Kennelly's majority was 273,354 votes over Russell W. Root, his Republican opponent. Kennelly's Democratic running mates, Ludwig D. Schreiber for city clerk and Joseph T. Barran for city treasurer, also scored easy victories. The total vote of 1,386,941 was the largest in this history of a mayoral ballot.

Returns from the city's 4,654 precincts gave Kennelly 919,593 to 946,239 for Root.

Long Time Bachelor Is Willing To Marry

South Bend, Ind.—(AP)—Dan Young, a bachelor who today observed his 103rd birthday anniversary, said he's still willing to consider getting married.

But the retired farmer said he wasn't interested "in any young women from 85 to 95 years of age." Young insisted that if he ever gets married his bride would have to be his age.

Social and Personal

Social Calendar

THURSDAY
8:00 p. m.—Undergraduate Nurses meet with Mrs. Richard Barnes, 1108 W. Third street.

FRIDAY
6:30 p. m. Kiwanis Club

SATURDAY
3:30 p. m. to 4:30 p. m.—Easter egg hunt for children, Cotanche Street Park, sponsored by V. F. W. auxiliary.

were the following from East Carolina Teachers College: Dr. Howard J. McGinnis, Mrs. Adelaide Bixton, Mrs. Ruth Garner, Misses Louise Williams, Annie L. Morton, Lois Grigsby, Gussie Kuykendall, Kate Lewis and Ole Roes.

Engagement Announced

Mr. and Mrs. N. G. Saad announce the engagement of their daughter, Georgette, to Dr. Edward Millan, son of Dr. and Mrs. Charles Millan of Norfolk, Virginia. The wedding will take place on April 20.

Annual Book Club Day

held at the Woman's Club on Tuesday, April 8 at 1 p. m. Dr. and Mrs. I. G. Greer, of Thomasville, will give the program.

Third Street School News

Police Station
March 28, 1947, the seventh grade of Third Street school went to visit the police station.

First they went into the office where Mr. Crawford pretended that some of the boys were arrested for being drunk. Then they went to the cells where two colored men were. Some of the boys got into one of the cells and closed the door. They had a very nice time.—Charles Ray Ross and Jimmy Brewer.

Sheppard Memorial Library

The seventh grade of Third Street school has been visiting the public library and borrowing books. They enjoy their visits very much for the library is such an interesting place. They enjoy the library's beauty, also, the walls of pastel green, the beautiful chandelier, the spacious book cases lined with carefully selected books, the comfortable chairs and sofa, and the large tables for reading and studying. On the second floor there is a small auditorium and an art gallery where many lovely paintings are shown.

The library is free to all residents of Pitt county and there are different sections for children of all ages and adults.

In July, 1946, there were 18,024 books in the library, but 1,510 have been added since then, making a total of 19,564.

Miss Irene Hester and her staff have been very helpful to the seventh grade and they appreciate it very much.

They are grateful also to Mr. H. D. Sheppard of Hanover, Pennsylvania, for his wonderful gift to the city of Greenville and to the Board

Forty Years Ago Today

THE DAILY REFLECTOR

April 2, 1907

There was frost this morning and it nipped the early beans and potatoes.

One deposit in the seven banks in Pitt county on the 22 of March averaged only a fraction less than \$57.00. This is creditable to the people of the county as well as the banks.

Moseley Bros. purchased the General Insurance Agency.

of Aldermen for their liberal support of this project.—Edwina McMullan.

N. C. Art Exhibition

Friday morning, March 28, the seventh grade of the Third Street school visited the Art Gallery at the Sheppard Memorial Library. There were many beautiful paintings of water color, oil and other media. All the pictures and portraits were painted by North Carolinians.

There was one study "Veiled Flowers" done by Hobson Pittman from Falkland.

There were many other pictures and portraits which interested them. "Home-Jack" and "Mackey's Fish-house" both by W. F. W. Winslow from Plymouth were exquisite in line and color.

Two others of much interest were a portrait of a girl and a portrait of Thomas B. Kyle of New York by William C. Fields, another by Annie P. Lovitt named "Corner of the Atlantic."

There were two others they liked, "Broken Jelly" and "Fisherman's Pier" by Howell. A third one, "East End" was especially interesting because it was shadowed so perfectly and this was painted by Volturn Rann.

The seventh grade enjoyed visiting the exhibition very much and

Easter Weather May Be "Fair"

Washington—(AP)—Chances of favorable weather Sunday for displaying Easter finery most places in the United States were described as good today by the weather bureau's Dr. Ivan R. Tannehill.

Dr. Tannehill is chief of synoptic (general view), reports and forecasts. The way he actually put it was this:

"We may expect areas of non-rain to be more extensive than those where rain is occurring."

To make sure everybody understands what that means, he added:

"In other words, the chances of experiencing fair weather in any particular locality are considerably better than chances of rainy weather."

And he topped off his forecast with a suggestion to check your local weather bureau—say around Friday or Saturday.

appreciated being shown around.—Shirley Sateed and Helen Stokes.

Chapel Programs

On Wednesday, March 19, the seventh grade of Third Street school gave a chapel program.

It consisted of choral Bible readings, two prayers and a number of songs. Terry Flanagan interpreted a Hungarian dance, the music of which was composed by Brahms. The record used was played by the Boston "Pops" orchestra. Since the North Carolina Symphony orchestra is coming soon, this was to help the children appreciate the North Carolina Symphony orchestra's program.

Another recent chapel program was given by the sixth grade. A play named "Double Trouble" was produced. It was written by J. Larry Chatham of the sixth grade.

The grades seemed to enjoy these programs.—Marty Hadley.

Before the arrival of Europeans there were no domestic animals on the North American continent.

Elect New Officers For Forensic Club

Milton Fields, of Scotland Neck freshman at East Carolina Teachers college, has been elected president of the Jarvis Forensic club of the college and will head the organization for the 1947-1948 term. Fields is a member of the

East Carolina debate team which has taken part in two major inter-collegiate forensic contests this year at Lenoir-Rhyne and at Mary Washington college in Fredericksburg, Va.

Elected also as officers of the club were Annette Pridden of Warsaw, vice president; Warren B. Jarvis of Cherry Point, sergeant-at-arms; and Robert Chinnis, of Wilmington, parliamentarian.

Courthouse Was Closed
The courthouse was closed today in respect to the memory of John H. Coward of Ayden, county auditor, who died of pneumonia Monday night.

U. S. Department of Agriculture chemists have developed a non-swelling wood which promises to eliminate the nuisance of stuck drawers and doors.

Greenville Floral Co.

315 Cotanche Street

Phone 2627

Harvey Deal of Bloomsburg, Pa., is spending several days here with his parents, Mr. Ralph C. Deal and Mrs. Deal.

Mrs. Chester Walsh and Mrs. Edwin C. Hill and her son, Edwin C. Hill, Jr., of New Bern, went to Washington today to visit relatives. They will return tomorrow night.

Louis Dupree, a student at Harvard, is visiting his parents, Mr. and Mrs. C. L. Dupree.

Mrs. A. G. Walters, 315 Greene street, who has been confined to her home for some time with pneumonia is recuperating and will be glad to see her friends.

Mr. and Mrs. David Dolge, of Troy, Mass., are spending this week with Mrs. Dolge's parents, Mr. and Mrs. L. B. Tucker.

Mrs. H. C. Sugg has returned from a trip to Boston, Maplewood, N. J., and Washington, D. C.

Mrs. J. K. Spivey is a patient in Pitt General hospital.

Mrs. Bob Moffett and children will arrive this afternoon from Richmond to spend Easter with Mr. Moffett's parents, Mr. and Mrs. Hill Hone.

Mrs. Charlie W. Harris of Route 4, Greenville, N. C., is a patient in Pitt General hospital.

Mrs. Quinn Bostic left today for Raleigh to enter Rex hospital for a spinal operation. She was accompanied by Mr. Bostic.

Birth Announcement

Mr. and Mrs. Robert Stox of Winterville, N. C., announce the birth of twin boys Sunday, March 30.

Mrs. Stox is the former Novella Hardy, of Winterville, N. C.

V. F. W. Auxiliary Supper

V. F. W. Auxiliary will have its men's night tomorrow at 7:30 p. m. at the Airport Inn.

Easter Egg Hunt

V. F. W. Auxiliary will have an Easter egg hunt Saturday from 3:30 to 4:30 for children at the park.

Lector Club Meets

Mrs. Powell Speight delightfully entertained the Lector Club on Tuesday afternoon with Miss Harriet Gaylord as assistant hostess.

The home was attractively decorated with spring flowers. After a short business meeting, presided over by Mrs. Herbert Hadley, the program was turned over to Mrs. E. D. Whitley, Jr., and Mrs. Harold Forbes, who gave interesting talks on "Southern Poetry."

Following the program delicious refreshments were served.

Card of Thanks

We wish to thank our many friends and relatives for their kindness and sympathy shown us during the illness and recent death of our father, J. H. Collins.

THE FAMILY

Birth Announcement

Mr. and Mrs. Clinton A. Abernathy, of Durham, N. C., announce the birth of a son, Clinton Adair, Jr., on March 18 in Watts hospital.

Mrs. Abernathy was formerly Gladys Small of this city.

Jarvis Memorial Church

A play, "Simon, the Leper," will be presented by the Wesley Foundation Players in the annex of Jarvis Memorial Church this evening at 7:30. This play, in keeping with the Easter season, is one of a series of services designed to lead the community in a meaningful observance of Holy Week. The public is cordially invited to attend.

Observing Holy Week

This is Holy Week. Friday is Good Friday, Saturday is the last day of Lent, a 40-day period of fasting and prayer observed by some churches. Sunday is Easter Sunday, the Feast of the Resurrection, a day observed by all Christian churches with special religious services. The Jews observe Friday of this week as the feast of the Passover.

Tobacco Plants Not Growing

Farmers in this section are worrying about their tobacco plants. The plants have had a very poor growing season. Unusually cold weather has considerably retarded their growth. A week's warm weather and gentle rains are needed.

Aldermen Meet Thursday

The Board of Aldermen will meet at the courthouse Thursday night at 8 o'clock. Mayor Jack Boyd will preside.

Commissioners Meet Monday

The Board of County Commissioners will meet at the courthouse next Monday at 10 a. m. Chairman Jasper Smith of Bethel will preside.

Card of Thanks

We wish to express our appreciation to our friends and the public for their kindness during the illness and death of our father, L. E. Elks.

—Clarence Elks and Family

Blind Woman Is Making Good In Secretary's Job

By CHESTER WALSH
Esther Rich, talented and accomplished Negro woman of Greenville, is making a remarkable record and demonstrating that a blind person may become self-supporting and take an active part in the every-day affairs of life.

of measles, whooping cough and other diseases. She went to the School for the Blind at Raleigh and finished high school. She won a scholarship at Shaw University. When she worked on adult education in Greenville for eight years and did some substitute work in the schools. She went to Howard University in 1942 and in 1944 won her master's degree in history.

After this she went to the University of Michigan to work on a doctor's degree. In the fall of 1945 she was N. C. Commissioner for the Blind arranged for her to do nine months of training in social work. She reentered Howard University

Managers Of Two Ballclubs At Lions' Meet

Lion's Club enjoys baseball stories and experiences of Mr. Johnny Pare, manager of the Greenville Baseball Club, and Mr. Lester Bell, manager of the Harrisburg, Penn. Club. Both Mr. Pare and Mr. Bell kept the group amused with their humor about baseball, based on their actual experiences. Each of these men invited the membership of the club and the citizens of Greenville and surrounding communities to come out and visit with these two clubs. The Harrisburg club practice in the morning and the Greenville club in the afternoon.

The club was also delighted to have Mr. Dave C. Moore, Jr., secretary of our local ball club, tell of his baseball activities and gave an interesting history of baseball in Greenville and surrounding communities. Mr. Moore pointed out that Greenville had long had baseball teams dating back to the early twenties. He stated that Greenville and community had always supported baseball and that the club expected to have even better attendance this year than last.

Guests of the club included Mr. Izzy Katzman, sports writer for the Harrisburg paper, and Mr. Paul Powell of ECTC.

Mr. Raymond Bullock had charge of the program. Mr. Tyson Bilbro presided in the absence of President V. E. Rawls.

Safe Robbery Of \$288 Inside Job

Greenville police did a good job in recovering \$288, stolen from a small safe at the home of Lydia Fleming, colored, 1005 Fleming street several days ago. No arrest was made.

The woman told police she left her house for a few minutes, that when she returned the safe was open and the money was missing. Detectives Corbett and Crawford, who investigated, after questioning several persons, said they would probably make an arrest that night.

The next morning Lydia Fleming reported to the police that she found all of the money on the floor in front of the safe. The officers suspected it was an inside job and their ruse "brought home

the money."

The woman was keeping the money for her two daughters, who are school teachers.

in January, 1946 and studied social work through August. Esther Rich, totally blind, now holds a position as secretary at Good Samaritan Hospital in Charlotte. She takes dictation in Braille, transcribes her notes on a typewriter as well as a person with normal sight. She finds her way about the building in performing her duties with no trouble. Her outstanding characteristic is her optimistic and cheerful spirit.

"I learned self-reliance at school in Raleigh," she told a feature writer for a Charlotte paper, who wrote more than a column about this noted Greenville woman.

Farmer Missing Since Saturday

Lonnie Modlin, 60-year-old farmer of Grimesland, has been missing since last Saturday. Police said he left home that day to come to Greenville to buy seeds. He had \$90 on his person, his son, Henry Modlin, told authorities.

The elderly farmer was wearing a blue lumber jacket, with brown leather in front and back, and blue trousers with small stripes. Any person knowing the man's whereabouts is requested to contact the Greenville police.

Sheriff Of Surry County On Visit

Surry County Sheriff Rex I. Tilley of Mount Airy, who took Ethel Davis, 20-year-old white woman, of Salisbury to the Dobbs farm, correctional institution for women near Kinston, yesterday, found the institution closed and had to take her back to Mount Airy. The sheriff came to Greenville to spend last night with friends. He left his prisoner at the police station overnight. They left for Mount Airy this morning.

OCS Opened To Men In Enlisted Reserve

The army has advanced another inducement to veterans of World War II to join the Enlisted Reserve Corps by opening the doors of officer candidate schools to enlisted men of the Reserve. M-Sgt. Virgil B. Lindsey, Commanding Officer of the Greenville Sub-Station of the Army Recruiting Service said today.

The new directive, which has just been received from Headquarters, Third Army, in Atlanta, Ga., states that members of the Enlisted Reserve Corps who attend and graduate from Officer Candidate Schools will be commissioned as Second Lieutenants in the Officer Reserve Corps. They will not be

Warns Tobacco Farmers Not To Exceed Quotas

In view of the increased penalty for marketing tobacco produced in excess of farm acreage allotments, and loan eligibility requirements, J. V. Taylor, chairman of the Pitt County AAA Committee, cautioned flue-cured tobacco farmers this week against planting in excess of their allotments.

Mr. Taylor pointed out that all tobacco produced in excess of farm acreage allotments this year will be subject to tax amounting to 40 per cent of the 1946 average market price instead of the flat 10 cents per pound effective in past years.

"Planting in excess by the larger of 0.3 of an acre or 5 per cent of the farm allotment disqualifies all tobacco produced within the allotment from support loans," he stated, "and in such cases only the excess production will be eligible for support price—and that at just 60 per cent of the loan rate."

Growers planting within their allotments will be eligible for support price at the loan rate on all tobacco produced. The loan rate will be 90 per cent of parity as of June 15.

Officer Catches Negro In Act Robbing Store

By CHESTER WALSH
Greenville police did another good job of sleuthing last night when Officer J. E. Mills caught Charley Jones, 20-year-old Negro in the act of breaking into Polard's Store on Pamlico Ave.

The store had been entered and robbed once a week for several weeks, Pollard said. Other arrests are expected to follow. Chief Jim Tanner said he believes the epidemic of robberies in that section of the city was broken up with Jones' arrest. The officer assumed to watch the place said he saw Jones try to break in through the front door shortly after last midnight. New iron bars placed on the door yesterday prevented the robber from entering.

Jones then went to the rear of the store, with the officer on his heels.

The robber was a surprised individual when Mills commanded him to "stick 'em up."

Jones will be tried in Police Court Friday morning.

required to serve on active duty with the Regular Army, but may apply for such duty if he wishes.

FORD Offers the Lowest Priced Cars In Its Field!

The Ford three-window, six-cylinder business coupe is now back in production. The price has been reduced twenty dollars below the price which prevailed last fall when production on this model was temporarily suspended.

This reduction, together with those of January 15 ranging up to fifty dollars, makes the Ford business coupe and the two-door sedan the lowest priced cars in their field.

This is in keeping with Ford's policy of offering the greatest value at the lowest possible cost.

Strength FOR THE DAY

By EARL L. DOUGLAS

CROSSES AND CUSHIONS

Comfort has come to play such
a part in modern life that the de-
mand for comfort has forced its
way into the church and into Chris-
tian theology. Many people expect
religion to furnish them not salva-
tion but happiness. They complain
when things go wrong, cry out
against the injustice of heaven, and
angrily demand why they are re-
ceiving such shabby treatment.

Of course the shabbiest treat-
ment ever accorded to anyone in
this world was accorded the only
perfect man that ever lived. Two
thousand years ago he was oppo-
sed and driven to cruel death not
because he did anything evil but
because his goodness was so over-
whelming that imperfect men cried
out spitefully against it and thrust
it from them. Jesus Christ insisted
that life is a serious matter and
that the pathway to moral ideals
is a rough one, even for the most
intrepid traveler.

Today we are doing our best to
get the idea of sacrifice out of our
religion. Someone has said that we
have taken the crosses out of the
crosses and brought in the cush-
ions. Whether this is true or not,
it at least symbolizes a modern dis-
position. We cry out that the world
owing us happiness, and in the en-
suing silence we hear these words:
"Whoever would save his life
shall lose it, and whosoever will
lose his life for my sake and the gospel
shall save it."

WASHINGTON LETTER

FREE SNUFF, SOAP AND COMBS FOR MEMBERS OF CONGRESS

By JANE EADS

Washington—Congress does its
best to encourage its boys and girls
to wash their faces and hands and
comb their hair before they appear
in public.

Cakes of soap, fresh towels and
combs and brushes are supplied
each member.

Senators are supplied with snuff
too. At the opening of each ses-
sion of Congress, Miss Grace Genz-
berger, who has been clerk in the
Senate's Sergeant-at-Arms office
for 25 years, orders the snuff.

Whether the Senators use the
stuff or not, the two little snuff
boxes attached to the wall of the
Senate Chamber by the doors lead-
ing into the lobby have to be filled
several times each session.

This has been going on since
Congress began. At first the boxes
were very ornate. They disappeared
every now and then. Miss Genz-
berger said she finally got just plain
boxes that could be screwed on so
tightly they couldn't be filched.

In addition to these attentions
senators are supplied little bottles
with shaker tops on their desks in
the Senate Chamber. The bottles
are filled with litemite, a sort of
mineral-like sand—that comes
from Virginia.

If the senator doesn't carry a
blotter or one of those new pens
around with him, the litemite can
be used to shake over any writing
in ink he does while in the Senate.
This custom goes back to the old
days before blotters.

Frank W. Collier of La Crosse,
Wis., is back in his old job as Post-
master of the House of Representa-
tives. Once before when the Repub-
licans held sway over Congress and
patronage he served as Postmaster
—from 1919 to 1931.

In the interim he served as mi-
nority clerk of the House.

When Collier first came to Wash-
ington in 1908 he was a postal mes-
senger and helped deliver congress-
men's mail by horse and wagon. In
those days there were no office
buildings for the members, and the
mail had to be delivered from the
central post office downtown to the
members' homes or hotels.

Collier said he used to get up
at 4 o'clock in the morning and
walk to work.

There were six horses and wag-
ons, and they made two trips a day.
Today the House Post Office, lo-
cated on the main floor of the Old
pean countries is largely dependent

Referendum Bill For Moore Is Up

Raleigh, April 2—(AP)—Senator Currie of Moore sent up a bill today to authorize a referendum in Moore county, if petitioned by 15 per cent of the qualified voters, on continuing liquor stores in South-
ern Pines and Pinehurst. Stores have been operating there since 1935. If the stores are voted out, an election on whether they would be restored could not be held within three years.
The house calendar committee killed bills to allow referendums on the sale of liquor in Whiteville and Tabor City.

Centenarians Will Be More Numerous

Anderson, S. C., April 2—(AP)—Persons 100 years old will not be uncommon in the near future says Dr. James A. Hayne who headed the South Carolina Health Department for 40 years.
He told the Anderson Rotary Club yesterday that the medical profession is making progress against the chief diseases of the aged, which he listed as hardening of the arteries, arthritis, cancer and senility.

On Kings . . .

(Continued From Page One)
where the communistic electoral vote has been running neck and neck with that of the opposition—and consequently upon the whole of Western Europe.
It's significant that world attention has been drawn to the Spanish crown by none less than Generalissimo Franco himself. He has asked his parliament to declare that Spain still is a monarchy and to designate the procedure for selecting the next ruler. Thus the dictator would seem to be paving the way for the return—sooner or later—of one of the royal princes to assume the crown which was abandoned by Alfonso XIII when the republic was established in 1931. Don Juan, the pretender to the throne, is the principal contender.
There are many who believe that Franco may have a fairly early retirement in mind. While his position isn't untenable, yet his continuation in power is having an adverse economic effect on his country because his regime has been condemned by most foreign governments, both western democracies and communistic.

Special Session Over Palestine

Lake Success, N. Y.—(AP)—The United Nations announced today that Russia, France and China had agreed to a special session of the General Assembly on the Palestine case, thus clearing the final barrier to Britain's filing the explosive case with the international body.
The United States previously gave its approval.
"The British government will now send us the official notification," Victor Hoo, acting Secretary-General of the U. N., said.
British delegation sources said the document would be placed in the hands of the U. N. before night-fall.

Rents-Congress . . .

(Continued from Page One)
That committee, behind closed doors yesterday, okayed a bill to boost all rents 10 per cent.
It would also wipe out almost every present government control on building materials and new buildings.
But—this isn't final with the House committee. It was to work again today and maybe change the bill.
When the House committee finally approves a bill—it was expected to do so today—that bill will go to the full House for a vote.
The House, like the Senate, will vote for, or change, the bill its committee sends up.
If House and Senate vote for different bills, both Houses will have to appoint a special committee to work out a bill which both can approve.
So the size of your rent for the next year still is up in the air. But you'll soon learn the answer.

Helpful Personal Service FINANCING A HOME?

ADEQUATE FINANCING
By all means inquire into this Association's Terms-To-Suit types of Building Loans. Our Loan plans are not rigidly restricted—there is one that will meet perfectly your needs—in amount, in period, in payment terms. All feature attractively low interest charges. All eliminate every wasteful "premium" and "renewal" charge. Inquire.

Draft Evaders Still Sought By G-Men

Washington—(AP)—The draft law is dead but the FBI will go right on tracking down violators.
FBI Director J. Edgar Hoover said last night agents will continue to investigate all cases of willful draft evasion which occurred during the life of the Selective Service Act.

IS EPILEPSY INHERITED? WHAT CAUSES IT?

A booklet containing the opinions of famous doctors on this interesting subject will be sent FREE, while they last, to any reader writing to the Educational Division, 537 Fifth Ave., New York, N. Y., Dept. D-1063

Will Require . . .

in side the family."
While George said he thought the United States made a "tactical error" in not bringing the Greek and Turkish problems before the United Nations in advance of independent United States action, he told reporters he could not agree with the implications of Byrd's proposal.

Bus Driver . . .

(Continued From Page One)
face Transportation Company, owner of the bus, to drive the vehicle back to New York.
Cimillo had hoped the company would allow him to perform this chore, but a grand larceny indictment handed up by the Bronx county grand jury, together with the company's decision, dashed these hopes aside.
A New York detective planned to come here with a warrant and take aim back to the Bronx.

New Greek King . . .

(Continued From Page One)
ventures on April 21.
The 45-year-old Paul, who succeeded his childless brother automatically under Greek law, took the following oath six hours after George expired:
"I swear in the name of the Holy Trinity to protect the prevailing religion of the Greeks, to observe the constitution and laws of the Greek nation, and to maintain and defend the national independence and integrity of the Greek state."
Paul obviously was deeply moved as he took the oath. As he uttered the last word his attendants and members of Parliament from all parties who were present at the ceremony exclaimed:
"Long live King Paul."

Beirne Hints . . .

(Continued from Page 1)
is an entity free to make its own decision."
Chances for passage of a bill to intercept the communications strike before the deadline are slender.
But Chairman Hartley (R-NJ) called the Labor Committee together determined to force a vote on his bill to empower the government to get a court order to avert a strike.
Meanwhile, the Labor Department went ahead with negotiations seeking a settlement of the dispute involving 287,000 members of 39 unions affiliated with the National Federation of Telephone Workers. The NFTW is independent of the AFL and CIO.

Marshall . . .

(Continued from Page One)
Big Four's problems.
Meanwhile, deputy foreign ministers assigned to work on German issues found themselves as badly snarled as their chiefs—and on reparations. The question involved making a report to the Council of Foreign Ministers on complaints of the inter-allied reparations agency against big power failures to meet reparations promises made to 18 smaller nations.
French Foreign Minister Georges Bidault was described as so discouraged that he did not present several compromise suggestions which he had in mind.

Building . . .

(Continued on Page Three)
way, the section beyond the eastern city limits and including Greenwood cemetery and the old NYA section; the Fleming's Cross Roads community, on the north side of Tax River, including the airport but not the Dudley property. This section will be known as North Greenville.
It is estimated that extension of the city limits will add about 2,500 persons to the city's present population of 16,320, making it approximately 19,000. It is also estimated that the additional area includes about \$2,000,000 of property.
Watch Greenville grow.

Ruhr Miners . . .

(Continued from Page One)
ties. British officials earlier, however, had said that a halt in Ruhr production, upon which the economy of Germany and other Euro-
pean countries is largely dependent, would be "catastrophic."

KEEP THE QUESTION MARK OUT OF YOUR CAR

No one knows better than we do how hard it is to get parts for automobiles these days. But it's still true that a repair job can't be better than the parts used in it.
That's why we put so much stress on Buick Engineered Parts.
These are exactly the same in quality, durability and function as the parts Buick used in building the car in the first place. No "maybes," no "just-as-goods," no question marks—you know the quality of every part we use in your automobile.
As long as new-car demand continues to outrun new-car production, as at present, it's still important to keep your car in better-than-average shape.
So why take chances? Why not bring your car to a place where you can be sure everything that goes into it, from parts to servicing skills, is sure to be top quality?

SAFE CARS SAVE LIVES • GOOD CARS BRING GOOD PRICES

It stands against a whirlwind's wrath
...and OIL-PLATES your engine!

AGAINST THE COMBINED, MIGHTY FORCES of wind and electricity, even the world's tallest building seems frail. Yet, though it may sway, it will not fall, for in its slender columns and girders, particles of steel are bonded together by a still mightier elemental force . . . the tremendous force of molecular attraction!

WHEN YOU CHANGE FOR SPRING to Conoco Nth motor oil, the same elemental force of molecular attraction bonds molecules of a special lubricating ingredient to molecules of engine metal! So close is this bond of molecule to molecule, that cylinder walls and other engine parts are actually OIL-PLATED!

BECAUSE OIL-PLATING STAYS UP on cylinder walls . . . doesn't all drain down even overnight . . . a change to Conoco Nth gives you EXTRA protection when you first start your engine "dry" . . . EXTRA protection from corrosive acid action when your engine is idle . . . EXTRA protection from sludge and carbon caused by wear . . . EXTRA smooth, cool, silent miles.

STOP WHERE YOU SEE THE RED of Your Conoco Mileage Merchant. Continental Oil Company

Colored News Rev. P. H. Mumford, pastor of York Memorial A. M. E. Zion Church, reminds the general public of the special services next Sunday beginning at 5:30 a. m. with music by the senior choir, message by the pastor, subject, "Christ's Unrealized Power." 9:45 Sunday school, W. J. Hester, superintendent, 11 a. m. message by the pastor, subject, "Christ the Living Stone." At this service the Ten Virgins rally will report. We ask that every member of the church support his captain, 7:30 p. m. There will be an interesting "Easter" program, "The Easter Resurrection." This program is sponsored by some of the leading talents of the city and community. You will miss a fine treat, if you fail to share in this program.

We extend a cordial welcome to each and all, to register yourself in these services.

Card of Thanks We gratefully thank both our colored friends and white friends for your kindness during the illness and death of our mother, Mrs. Bettie Dickens—The Family.

Card of Thanks We gratefully thank the city traffic patrol for your kindness during the funeral procession of our mother, Mrs. Bettie Dickens—The Family.

The ancients made glass containers by wrapping molten glass around a core of sand, later removing the core. Later, man discovered the secret of producing transparent, rather than opaque glass.

German oil companies are sawing old submarine hulls in half and standing them on end for oil storage tanks.

Cases Tried In Police Court In Police Court Monday Judge J. W. H. Roberts convicted John Bryant, Jr., colored, of reckless driving and assault with a deadly weapon—an automobile, sentenced him to six months on the roads, suspended on condition that he pay \$400 to Curtis Whitley for damages and court costs.

William A. James and Lillie Jenkins, both colored, were fined \$25 for fornication and adultery.

Jody Hardy, colored, was fined \$15 for being drunk and ordered to pay a taxi driver \$3 and court costs.

Fred O. Foreman, colored, was not guilty of assault with a deadly weapon and carrying a concealed weapon.

Joe Conway and Thomas Burge paid \$15 for being drunk.

Della Coburn was fined \$15 for reckless driving and having no driver's license. The court recommended that no driver's license be issued to her for two years.

James E. Brewer paid \$15 for assault.

Jack Dunn paid \$50 and costs for driving while drunk, and his license was ordered revoked for a year.

Barring Upset, Boston Red Sox Will Clean Up

By GALE TALBOT

Tampa, Fla.—(AP)—Barring a terrific upset, the Boston Red Sox will be right back in the World Series next fall, seeking revenge for the humiliating job done on them by the Cardinals in the '46 play-off.

Joe Cronin's American League champs look big and tough and menacing, both at the plate and on the pitching mound. They might not repeat last year's feat of winning 104 games, but it will be a remarkable thing if any club presses

them seriously down the stretch. For a time this spring many observers were "high" on the Detroit Tigers, recalling the late spectacular drive which propelled them into second place by a five-game margin over the Yankees. More recently, though, the wonder has grown as to what Tiger or Tigers might knock across the 127 runs that Hank Greenberg's bat produced last year.

The feeling has become widespread that the Tiger bosses made a big mistake when they peddled Hank to Pittsburgh. Several Detroit pitchers are said to be unhappy about the deal.

The American League finish should look about like this: 1, Boston; 2, Detroit; 3, New York; 4, Washington; 5, Cleveland; 6, Chicago; 7, St. Louis; and 8, Philadelphia.

The Movies Today

Sports

By The Associated Press

Five big baseball battles and two tennis matches were on tap for North Carolina college teams this afternoon.

The North Carolina collegians continued to entertain out-of-state braves as Ohio University, beaten yesterday by Wake Forest, visited the University of North Carolina; Villanova engaged Wake Forest and Duke received the Quantico Marines. N. C. State tangled with McCrary and Lenoir-Rhyne invaded South Carolina for a game with Newberry in other diamond tilts.

Tennis teams from Haverford and Yale engaged Davidson and Wake Forest, respectively.

Tar Heel teams fared well against visiting opponents yesterday. Wake Forest's baseball team got two-hit pitching from two freshmen, Bob Bell of Rocky Mount and Jim Holder of Winston-Salem, to open the season with an 8-2 victory over Ohio, while the North Carolina took advantage of erratic seventh inning play by Villanova to push six runs home to win 7 to 5. Only Duke, beaten 4 to 2 in a 12-inning battle with Michigan State, dropped a diamond contest to an outsider, but Davidson was outclassed, 6-2 by the Charlotte Hornets of the Tri-State League.

The two tennis meets of the day saw North Carolina whipping out a 4-1 victory over Yale in matches cut short by rain and the Kalamazoo State Teachers of Michigan edging out Davidson, 5 to 4.

The Duke golf team, sparked by Carolinas amateur champion, Jim McNair, opened its season with a 21-6 triumph over V.P.I. and the University of North Carolina linksmen pocketed their second loop win in as many starts with a 21-1-2 to 5 win from Davidson.

Leahy Tells His Training Secret

Atlantic City, N. J.—(AP)—Frank Leahy, head coach of the Notre Dame football team, gave away today his "secret" for the development of top-flight passers.

"Get the passer down on one knee and have him throw the ball as though it were a dart," Leahy said in an interview.

From such a simple exercise, Leahy revealed, he developed Charley O'Rourke at Boston college and Angelo Bertelli at Notre Dame. Johnny Lujack, a Notre Dame All-America of the 1946 season, is Leahy's current knee-bender.

PIRATES PREP FOR GUILFORD

Opening Games Of Baseball Season Start April 3-4

Coach John Cameron's ECTC Pirates have been going through concentrated practice in preparation for their opening games with Guilford College Thursday and Friday afternoon. Because of the strong winds and rain, practice has been somewhat limited in the past two weeks, but the team is showing up well and prospects are bright for the coming season. Cameron is particularly pleased with his pitching staff, which has shown satisfying progress in recent intrasquad games.

The starting lineup has not been determined as yet. There are several strong bidders at each position who are performing well. Ben Hester, who hails from Oxford, seems to be the only sure starter. Hester is holding down third base and is proving to be the nucleus of the infield with his dazzling play around the keystone sack.

The one injury to hit the club occurred when Junior Hayes, hard-hitting infielder from Rocky Mount, was forced to the sidelines with a sore arm. His power at the plate is being utilized through his pinch-hitting efforts.

Following the games with Guilford on Thursday and Friday, ECTC plays host to Murry Greason's strong Wake Forest nine on Saturday.

The tentative lineup for Thursday's opener is as follows: 1st base, C. O. McMullen; 2nd base, Paul Craver or Charles Reagan; short, Russell Gaylord; 3rd base, Ben Hester; left field, Milton Glover; center field, Sam Stell; right field,

Polio Preparedness Meet At Goldsboro

Goldsboro, N.C.—(AP)—A statewide preparedness conference on poliomyelitis will be held here tomorrow with 1,000 expected to attend. State and national health leaders will appear on the program, which is sponsored by the State Department of Health and the National Foundation for Infantile Paralysis.

One of the chief purposes of the conference is to organize groups for fights on polio in case of an epidemic outbreak.

Cases Tried In County Court

Judge Dink James disposed of the following cases in County Court Tuesday:

Driving while drunk: Charlie G. Moore, \$50 and costs and license ordered revoked for a year; Marvin Walston, four months on the roads, suspended on condition that he pay \$50 and costs and lose his license for a year; not to ride in a motor vehicle other than a public bus and be placed on probation for two years.

Non-support of illegitimate child: Willie Gray guilty. Reckless driving: John W. Whitfield, pleaded guilty, paid costs and lost driver's license for an additional four months.

Abandonment and non-support:

James Hudson, catcher, George Wynn or George Wood. The pitcher will probably be Carl and Little, portsider from Ayden.
