Atomic Commission Plunges Into Planning For Future Work

Operations Handicapped; Earlier Uncertainty; More Atomic Research Plants Being Built; McKellar Smoldering

Washington—(AP)—The Atomic Energy Commission came out of its storm cellar today and plunged immediately into long range planning for peaceful and military development of nuclear power.

The tornado which raged about the commission during 11 weeks of argument on Capitol Hill subsided last night when the Senate voted 50 to 31 to confirm David E. Lilienthal in the chairman's job he has held since last January 1.

Lilienthal's aides said commission operations had been "seriously" handicapped by uncertainty over the legal status of the commission's membership.

They added that as the Senate argument droned on over charges that Lilienthal was "soft" in his attitude toward communism the work of the agency suffered progressively.

This, they said, was reflected particularly in efforts to hire personnel and complete long-term industrial contracts.

Lilienthal made an oblique reference to the commission's difficulties in a terse victory statement in which he said "the important thing now is to get on with this job."

"This job" entails the outright ownership for the government of all atomic plants and materials in this country as well as sweeping authority over research and development work in all fields.

The \$14,000 post of director of engineering is among the more important job vacancies still to be filled.

Also the commission wants to revise the present short-term nature of most of its contracts with industrial firms and universities for operation of the chain of big atomic research plants now in use or being built.

But while all six of President Truman's atomic nominations were approved, there are indications that the controversy may flare up again in the next few weeks.

Senator McKellar (D-Tenn.), who opened the fight against Lilienthal, has indicated that he will demand searching scrutiny of the commission's funds.

When the commission took over the military's bomb developing and manufacturing agency on January 1 the estimated value of atomic properties owned by the government was \$1,400,000,000.

This organization, however, is being expanded as new research plants go into operation.

While one phase of commission effort deals with harnessing atoms to power production for industry another continues the research from which today's program originated—the military use of atomic energy.

Die Underground

Exeter, Pa.—(AP)—Nine men were killed and nine others injured today in an anthracite mine explosion 350 feet underground.

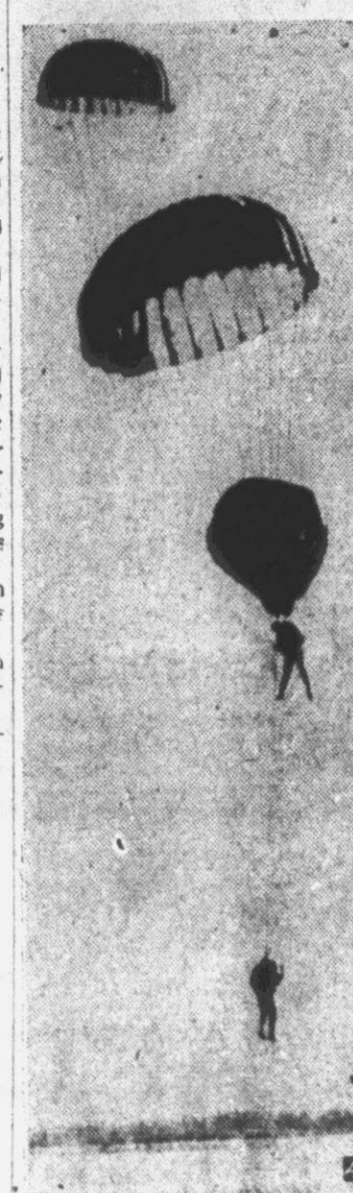

Only two victims were found soon after the early morning blast ripped through the Knov Coal Company operation.

Rescue workers digging through the debris several hours later found additional bodies.

Assistant Police Chief Ed Pettile said the explosion, which rocked the workings soon after the men went on the job, was caused by gas. There was no comment from the company.

The eastern Pennsylvania mine located near Wilkes-Barre employs 175 men but only 17 were reported in the shaft where the blast took place.

Unusual Rescue

In this spectacular rescue scene, which the army says occurred April 1 near Fairbanks, Alaska, Pfc. Raymond G. Kenyon (center of East Greenwich, R. I., grasps shroud lines of collapsed parachute of Cpl. Charles A. Harris (lower figure) of Wallonville, Ill., while Kenyon's chute large one, upper center) brings both men to earth safely. Harris' chute collapsed when a crosswind blew the men together about 100 feet above ground while the Task Force Frigid paratroopers were making a routine practice jump. The Fairbanks Daily News Miner, from which this picture was obtained, explained that the parachute at top belonged to another jumper.

LOWER PRICES "MANDATORY" SAYS TRUMAN

Must Cut Profits Or Wage Increases Justified Warns President

Washington—(AP)—President Truman said today that unless all prices come down wage increases will be justified.

The president told a news conference the justice department is studying the question of whether manufacturing concerns can combine to lower prices without running afoul of the anti-trust laws.

Under one Supreme Court decision, Mr. Truman said, it would be unlawful to combine to cut prices just as it would be to group together to raise them.

The president said this survey is being conducted as one means of getting prices down since the government's power over prices ended last year and it would be impractical to reinstate price controls.

Mr. Truman added that he does not believe the people want such controls.

Continuing, the president said: "Business made very great profits in 1946 and in the first quarter of 1947. Business wants to be free of price controls and now that they are free it is up to business to do something."

The responsibility is squarely on business.

After Mr. Truman mentioned business profits, a reporter asked whether wage increases will be justified if prices are not reduced.

Replying in the affirmative, the president said everybody, including labor and management, ought to have a fair deal on this.

The president said he feels there is no necessity for a recession.

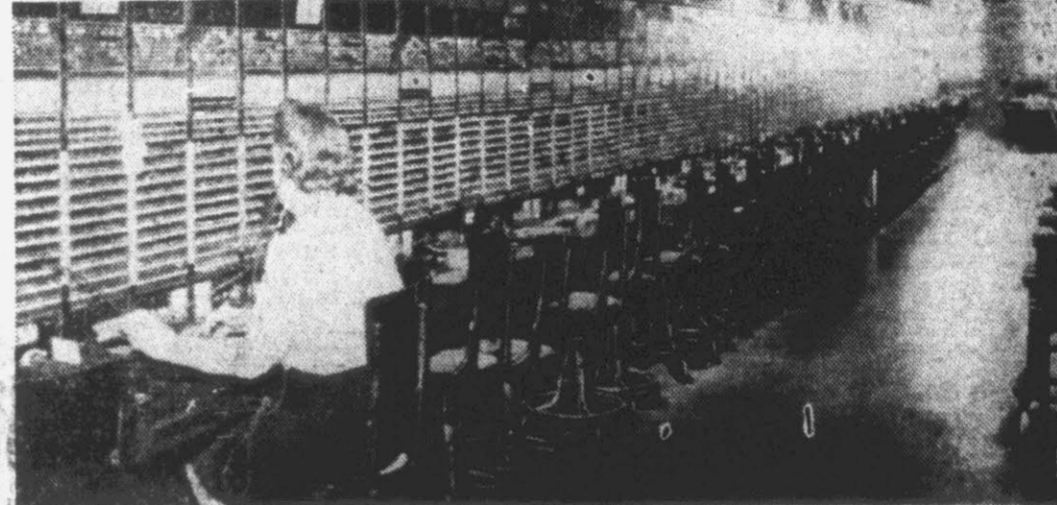

He plans no message to Congress on the situation, Mr. Truman said. Then he added with a smile that Congress is getting plenty on this from the general public.

The President discussed the price situation for nearly a half hour. Asked about his economic

U. S. Demands No Immediate Action On Soviet Proposal

Phone Strike Chief Pickets; Lone Woman On Duty

Joseph A. Belrne (center at top), president of the National Federation of Telephone Workers Union, marches on a picket line in front of the telephone company building at Washington shortly after the beginning of the nation-wide strike of telephone workers Monday. Bottom: A lone unidentified supervisor was the only operator on duty at a long line of empty switchboards in the long distance telephone exchange at Newark, N. J., Monday morning. Other operators in this office had joined 340,000 telephone workers across the nation in walking off the job. (AP Wirephotos.)

Austin Replies To Gromyko Attack On Truman Program; Presses For Keeping Of UN Representatives In Balkan Areas; Greek Delegate Sides With U.S.

By MAX HARRISON
Lake Success, N.Y.—The United States demanded today that the Security Council defer action on a Soviet proposal which would place American aid to Greece under United Nations supervision.

Warren R. Austin, head of the U. S. delegation, in a long reply to Soviet Deputy Foreign Minister Andrei A. Gromyko's attack on the Truman program, declared the council should take no action on the Soviet proposal until after Congress had approved the Administration plan and agreements had been reached between the United States and Greece and Turkey.

"We would then be in a position to judge calmly and objectively and in the spirit of unanimity which I hope will prevail in this council, the merits of the Soviet proposal," he said.

Greek representative, Vassili Dendramis, declared today that Russia's proposal for United Nations supervision over American aid "seems clearly designed" to encourage creation of a "communist dictatorship" in Athens.

The council also heard Polish delegate Oscar Lange urge approval of the Soviet resolution with the proposal to create a new international agency, such as UNRRA, to handle "situations like the one we face in Greece."

Dendramis said the Soviet proposal "would not be in the interest of the people of Greece."

While opposing action on the Soviet resolution, Austin pressed for immediate approval of his own proposal that the U. N. Balkan investigating commission leave representatives to watch over the troubled situation in northern Greece until the council had acted on the commission's forthcoming report.

Austin said there was a "seeming inconsistency in the position of the Soviet delegate."

"On the one hand, he raised objections to a proposal to carry out the obvious purposes of the security council in creating its commission for investigation by leaving a subsidiary group in Greece, Austin said. "One the other hand, he proposed that the security council establish a new commission to supervise the carrying out of aid to Greece."

Austin added:

"I gathered from his remarks that he does not object to the provision by the U. S. out of its resources of aid to Greece. His complaint seems to be that the U. S. had not properly taken the interests of the United Nations into consideration in its proposals."

Marshall, Bevin Agree Saar To Go To France

U. S. Secretary Of State Pushes For Immediate Action In Acceding To French Demand; Bidault Asks Separation Of Ruhr

Moscow—(AP)—The United States and Britain agreed tonight to French demands for detachment of the Saar from Germany and economic integration of the Saar area with France.

U. S. Secretary of State Marshall proposed that initial steps to that end be taken by the Council of foreign ministers immediately.

Both Marshall and British Foreign Secretary Ernest Bevin opposed, however, a French proposal that the industrial Ruhr be detached from Germany. They also rejected the idea of creating special regimes, international ownership or international management of basic German resources in the area.

French Foreign Minister Georges Bidault had put before the council France's proposal that the ownership of coal mines and foundries in the Ruhr be transferred to "those United Nations who fought against Germany." He also proposed that the Ruhr be detached politically from Germany and that a separate regime for it be created "under safeguards of the Security Council."

Bidault also asked for the political and economic separation of the Rhineisnd from Germany. He said "adequate military forces should be stationed there permanently," adding that the Rhineisnd might be organized politically as one of several states enjoying "complete auton-

INITIAL PHONE TREATY DRAFT

Settlement Of Long Distance Line Phase May Be Near

Washington—(AP)—Company and union officials met today to initial a proposed settlement of long distance line phases of the nationwide telephone strike.

They rechecked a draft of the proposed agreement before its submission to the Long Lines Union's executive board and then to the policy committee of the National Federation of Telephone Workers.

An understanding for settling the long distance end of the strike was reached by negotiators last night but it had to be put in writing and initiated before further action.

One of those familiar with the proposed settlement said it calls for arbitration of four wage issues on a national level, with six other major points involved to be settled on a local basis.

He said the national issues involved are a general pay increase, differential pay, progression to higher pay scales, and classification.

(Continued on Page Four)

GOV'T RAPS LEWIS ACTION

Object To Returning UMW Contempt-Of-Court Fine

Washington—(AP)—Federal Judge T. Alan Goldsborough today postponed for two weeks a decision on whether to refund to the United Mine Workers \$2,800,000 of the \$3,500,000 fine he imposed on the union for contempt.

In doing so, the judge said "I regret exceedingly that there hasn't been good faith" on the part of the union and its president, John L. Lewis, in complying with a Supreme Court mandate.

The Supreme Court had ordered the \$2,800,000 refund providing Lewis cancelled a notice terminating the UMW contract with the government. Lewis has done that.

Goldsborough said he thought the matter of returning the \$2,800,000 should be put off until July 1, the date on which the soft coal mines

(Continued on Page 5)

Connally Points Direct At Russia In Blunt Warning Of Ultimate Goals

Washington—(AP)—Sen. Tom Connally (D-Tex.) told the Senate today that Russian expansion must be stopped short of Greece and Turkey because the Soviets are aiming for world domination.

"The Texas senator, top Democratic member of the Foreign Relations Committee, opened the Senate's third day of debate on President Truman's proposal to extend \$400,000,000 in financial and limited military aid to the two countries with a blunt declaration that Russia wants to control the destiny of Europe.

Soviet Russia, by her system of spreading creeping paralysis among smaller and weaker nations, hopes to bring about world domination and to control the destiny of Europe, Connally said in a prepared address. "She hangers for all the land that joins me."

The former chairman of the Foreign Relations Committee said

Final Report On Number In Army

Washington—(AP)—A total of 11,367,989 men and women served in the army between November 1, 1940, and July 31, 1946, the war department reported today.

Saying the report was final of personnel by states of residence for the war period, the announcement reported army strength at 1,799,102 as of July 31, and said 9,568,887 of those who entered service had been separated from duty.

New York contributed 1,157,000 men and 24,741 women to lead all states in people in the army, while Nevada had the smallest number 11,000 men and 317 women.

The figures by states include North Carolina, 254,000 and 3,689; South Carolina 133,000 and 1,869.

Texas-Oklahoma Hit By Violent Tornado

An Estimated 152 Persons Killed, Over Thousand Injured; Rescuers Probing Rubble For Bodies; Survivors Dazed

Woodward, Okla.—(AP)—The Texas State Highway Department quoted the American Red Cross today as estimating that at least 152 persons were killed in a tornado that hit the Texas-Oklahoma Panhandle country last night.

The estimate was Woodward Okla., 100 dead; Shattuck, Okla., 20; Higgins, Tex., 24; and Glazer, Tex., 8. Earlier, two were reported killed at Gage, Okla., which would bring the total to 154 persons dead.

Over a thousand were injured and property damage ran into the millions. Disaster crews were sent to the stricken areas, and peace officers and hastily formed vigilantes guarded against looting.

Fires which followed the tornado were brought under control today. Firemen were aided by torrential rains accompanying the Southwest's most disastrous storm of the year.

Rescue workers today probed the rubble and debris for bodies, and officials said they believed the toll might be higher than now estimated.

Woodward was hardest hit. Jewell L. Wilson, night supervisor at the Woodward Memorial Hos-

Earthquake

Los Angeles—(AP)—A sharp earthquake, subsiding into a long, rolling tremor lasting almost a minute, rocked most of Southern California at 7:59 a. m. today, (PST), but there were no immediate reports of loss of life or serious damage.

Seismologists at California Institute of Technology, Pasadena, said the quake's length indicated that it was deep-seated and probably severe in some locality.

But a quick check of key points from Santa Barbara to the Imperial Valley City of El Centro, disclosed no severe loss.

Postal Probe Ends In "Guilty" Plea By Driver

Greensboro, N. C.—(AP)—Herman Moore, 45, Greensboro postal truck driver, who allegedly abandoned his truck yesterday afternoon and fled with \$35,000, this morning said he wanted to "get it over with as soon as possible," and entered a plea of guilty at a preliminary hearing before United States Commissioner L. Herbin.

Moore signed a request for the case to be tried at the April 21 term at Salisbury.

Counts against the driver include the stealing of a registered package containing \$35,000, damaging government property, and abandoning ordinary mail.

C. H. Heffner, post office inspector here, and B. S. Eldridge, superintendent of mails at the local post office, said Moore had been a good worker and that this was the first time he had failed to perform his duty.

Heffner quoted Moore as admitting the mail theft and saying "I just acted a damn fool."

Highway patrolmen who engineered the capture of the mail driver said they recovered \$34,800 from Moore when they apprehended him near Albemarle, in flight to Washington.

Threaten Strike In Ford Company

Detroit—(AP)—A strike was threatened today by the Foreman's Association, of America, against the Ford Motor Company, one of the first in industry to recognize the F.A.A.

In almost simultaneous actions yesterday, the union and company served notice of termination of their three-year contract, the F.A.A. announcing several grievances and Ford charging that the union had "tended to lead our foremen away from management responsibility."

Mistaken Viewpoint

Wallace Indicates Truman Policy To Stop Russian Expansion Will Lead To War; Actually Policy Aimed At Strong-Arm Methods, Not Communism Itself

By DEWITT MACKENZIE

Henry A. Wallace, who is on a speech-making tour in Europe, told a news conference in London yesterday that he feared the Truman policy of lending money for what Wallace described as "the political purpose of stopping Russian expansion" would establish during the coming three months a pattern which might lead to war.

That's an interesting appraisal of a tense situation, but the former vice-president seems to have left something unsaid.

My understanding of the Truman policy is that it's aimed at aggressive communism, that is, against the Redism being thrust down the throat of any helpless nation by strong-arm methods. The President in asking Congress for money to aid Greece and Turkey, made it clear that his policy was "to help free peoples to maintain their free institutions and their national integrity against aggressive movements that seek to impose upon them totalitarian regimes." And the other day the State Department

asserted that the Greco-Turkish aid "is not directed against any legitimate interest of the Soviet Union."

So the Washington policy is to counter aggression. I never heard any suggestion by responsible people in the United States that it is Uncle Sam's business to crusade abroad against communism that is, non-aggressive communism America never has protested the adoption of communism by the numerous states in the Soviet Union.

Any country which wants communism is welcome to it—and the fact that the United States does not want communism, and will not have it at any price, doesn't alter this.

The cases in which the United States and Britain have intervened have been where the Western Allies claimed that strong-arm tactics were being used. There have been several such instances, among them in Hungary, Romania, Poland, Turkey and Greece. The threat to the Turks is held to be more military

(Continued on Page Four)

Sinatra Facing Trial For Brawl

Hollywood—(AP)—Frankie Sinatra, now a member of that large fraternity of Hollywood nightclub fistifiers, will give a jury a blow-by-blow account of his midnight melee Tuesday with New York newspaper columnist Lee Mortimer.

The gaunt little crooner pleaded innocent to a battery charge in Beverly Hills Justice Court late yesterday and asked for a jury trial which was set for May 28.

Accounts of the Sinatra-Mortimer one-round bout at a nightclub were colorful and varied. However Sinatra appeared the winner. He was escorted into Judge Bert P. Woodward's court by sheriff's deputies, walking briskly and unscratched.

Some Anxiety Over Possible Steel Walkout

Pittsburgh—(AP)—Ominous speculation on a possible steel strike today drew from an industrial source the statement that responsibility for a work stoppage would lie in Washington—unless Congress shows the industry and the union a path out of their troubles.

"Much of the contract discussions has hinged on what Congress intends to do about labor legislation and partial-to-partial pay," an industrial spokesman declared. "Congress should do something—or else the responsibility for a strike is theirs."

A source close to the CIO United Steelworkers Union stated "there is no doubt there is considerable anxiety over the possibility of a strike."

Such talk stemmed from gloomy reports that a serious hitch has developed in contract negotiations between five major U. S. Steel subsidiaries and the union.

Chandler Hearing Set For Wednesday

Boston, Mass.—(AP)—Douglas Chandler, 54-year-old Chicago-born writer accused of broadcasting for the Nazis during the war, will be given a hearing in federal court on April 16 to determine whether he is mentally fit to stand trial for treason. Federal Judge Ford, in setting the date for the hearing said today three psychiatric reports on Chandler during his 27 days confinement in the U. S. Marine Hospital would be announced then.

Pullman Derails Injuring Fifteen

Raton, New Mexico—(AP)—The Santa Fe Railway Super Chief luxury all-Pullman train, was derailed in northern New Mexico late yesterday, injuring 15 persons and blocking the Santa Fe's northern main line.

The accident was the seventh in as many days on the nation's railroads.

Among the injured were Mrs. Rosika Netcher, one of the famous Dolly sisters of the theater, and her husband, Irving, of New York and Chicago.

Attending physicians said none of the wreck injured was in serious condition.

Equipment failure was indicated as a possible cause if the wreck. Santa Fe officials early today announced finding of a loose piece of steel used to fasten rails to the ties. The piece was found where the first car jumped the rails a half mile from the crash.

Social and Personal

Social Calendar

Mrs. Lovit Hines, Jr. is a patient in Memorial General hospital in Winston where she underwent an operation on Tuesday.

Mr. and Mrs. Eugene Dillahunt, of Long Island, are guests of Mr. and Mrs. R. C. May, 508 E. Ninth street, enroute to Mexico City.

Tavasso-Hawkins
Mrs. James Reva Hawkins requests the honor of your presence at the marriage of her daughter Rachel Whitehead to

Mr. Elmer Carlo Tavasso on Saturday, the twelfth of April at five o'clock in the afternoon. First Presbyterian Church, Greenville, North Carolina.

No invitations sent in town.

Roberson-Davenport
Mr. and Mrs. James Fleming Davenport request the honor of your presence at the marriage of their daughter Katherine to

M. Oscar Everett Roberson on Saturday, April the twenty-sixth at five o'clock in the afternoon. Memorial Baptist Church, Greenville, North Carolina.

No invitations sent in Greenville.

Mobley-Baker
Mr. and Mrs. S. N. Baker announce the marriage of their daughter Emily Ida

Herbert L. Mobley on Saturday, the fifth of April Nineteen hundred and forty-seven Greenville, North Carolina.

Brickhouse-Pierce
Mr. and Mrs. I. J. Broadhurst of Greenville, N. C. announce the marriage of their daughter, Mrs. Lucille B. Pierce, to Frank Edward Brickhouse of Winterville and Greenville at 11:00 Saturday morning, April 5, at the Eighth Street Christian Church, Dr. H. G. Haney, pastor, officiated. Only members of the families and a few friends were present.

The bride wore a light blue suit with black accessories and a corsage of sweetheart roses. Mrs. Billy B. Wells of Greenville, daughter of the bride, was maid of honor and the bride's only attendant. She wore an aqua suit with black accessories and a corsage of Tahitian roses. Billy B. Wells of Greenville, son-in-law of the bride acted as the groom's best man.

The mother of the bride wore a black suit with black accessories and a corsage of pink carnations. The groom's mother wore a black and white suit with black accessories and a corsage of pink carnations.

Mrs. Brickhouse is the daughter of Mr. and Mrs. I. J. Broadhurst of Greenville. Mr. Brickhouse is the son of Mr. and Mrs. W. M. Brickhouse of Winterville, N. C. He is connected with the City Plumbing Company of Greenville.

Following the ceremony the bridal couple left for a wedding trip to unannounced points. Mr. and Mrs. Brickhouse will make their home in Greenville.

Manning-Bennett
Pineville, Kentucky.—The marriage of Miss Doris Bennett, daughter of Mr. and Mrs. H. C. Bennett of Twila, Kentucky, and Burney Warren Manning, son of Mr. and Mrs. W. W. Manning of Greenville, was solemnized March 14 at the home of the Rev. Wallace P. Starr of Wallin's Creek, Ky.

Mrs. Manning received her education at the Twila school.

Mr. Manning is a Bible student of Clear Creek Missionary Baptist school.

They will make their home at Clear Creek, Pineville, Ky.

Meeting of Woman's Club
The regular meeting of the Woman's Club will be held at the Woman's club at 3 p. m. Friday. This meeting will be in advance of the other programs for the afternoon.

Please bring gifts for the foster children.

Revival at Bethel
The Driskel, Kaye Evangelist Party, of Obernyale, Kansas, will begin a revival at the Pentecostal Holiness Church, Bethel, Monday evening, April 14. Services each evening at 7:45. Good singing, good preaching. Everyone is invited to attend these services. Mrs. Eva Belle Brown, pastor.

Programs For Art Festival
Thursday, 7:30 p. m.—Program in New Classroom building E. C. T. C., illustrated lecture, "Good Taste in Furniture," E. C. Powell, State University, Bowling Green, O. (This program courtesy Art Club at E. C. T. C.)

Friday, April 11—Exhibits in both gallery and Woman's Club open from 2 p. m. to 9 p. m.

3:00 p. m.—Program in Woman's Club. Featured for this program will be arrangements of flowers by Garden Club members, local florists and others. Talk, "Cut Flowers in the Home," Miss Lila R. Gaut, Music, direction of Miss Martha Cammack.

7:30 p. m.—Program in Woman's Club—Music, direction of Dan Vannoy. Talk, "House Plans," a combination of modern and traditional. E. W. Griffith, Jr. A tour of exhibits directed by Miss Jean Lane.

Saturday, April 12—Exhibits in Woman's Club will be open from 10 a. m. until 5 p. m. Exhibits in Gallery will be open from 2 p. m. to 9 p. m.

3:00 p. m.—Program in auditorium of Sheppard Memorial Library. (This program planned for grammar grade children). Chalk Talk, Mrs. Robert Starling. Dramatics, direction of Mrs. June Rose. Music, direction of Mrs. Dink James.

Sunday, April 13th—Exhibits in Woman's Club will be open from 2 to 5 p. m.

3:30 p. m.—Program in Woman's Club, Music, York Memorial M. E. Zion Senior Choir, direction of Mrs. Neva W. Cherry.

Forty Years Ago Today

THE DAILY REFLECTOR

April 10, 1907

Ferrel Burch gave a birthday party Wednesday afternoon in celebration of his twelfth birthday.

The tearing down of the old Methodist Church building, corner Greene and Second streets, has commenced. Merchants will soon be closing their stores early in the evening.

Attention Junior Hostesses
You are invited to a dance at Oak Grove, Thursday night, April 11. Those who wish to go register at Key Brown's Drug Store at 110 Potts Friday or Saturday. Eus will leave Service Men's Home for an at 6:30 Thursday evening.—Mrs. Key Brown.

Coffee Hour Honors Miss Davenport
Miss Thelma Pagan entertained at a coffee hour Friday morning at the home of Mrs. James W. Smith Boylan avenue, in Raleigh, honoring Miss Katherine Davenport, vice-director of Greenville.

The table was centered with an arrangement of spring flowers. Country ham, home-made rolls, deviled eggs, potato chips, coffee and olives were served to close friends of the honoree.

The hostess presented Miss Davenport a corsage of white flowers and a gift of silver.

Engagement Announced
Mr. and Mrs. Louis Woodson Gaylord announce the engagement of their daughter, Harriet MacNeill, to Mr. Cecil Gilbert Whitehurst, son of Mr. and Mrs. Charles Gilbert Whitehurst of Bethel, North Carolina. The wedding will take place the latter part of May.

Host to Kiwanis Directors
Director J. Arthur Collins will be host at supper at Nelson Hopkins Tavern on the Tar to the Kiwanis Club's officers and directors at their monthly meeting tonight at 7 o'clock. President Eli Bloom will preside. It is a custom in Kiwanis for a director or an officer to entertain the group at monthly meetings.

Birth Announcement
Mr. and Mrs. Horace L. Baldrice of Washington, D. C. announce the birth of a daughter, Mary Ann, on March 30.

Mrs. Baldrice is the former Miss Annie Garris, Greenville, Rt. 1.

Birth Announcement
Mr. and Mrs. V. M. Hicks, Jr., of Chapel Hill, announce the birth of a son, Vonnie Monroe Hicks, III, on April 9 at Watts hospital in Durham.

Mrs. Hicks is the former Miss Peggy West of Greenville.

Fireside Club Meets
The Fireside Club met at the home of Mr. and Mrs. J. Knott Proctor on Tuesday evening, April 8th. Assisting hosts were Mr. and Mrs. Plato Evans, Mr. and Mrs. Paul Ricks and Mr. and Mrs. T. I. Wag-

RARE BAROMETER—A 17th century Aroraux French barometer, carved from a single piece of wood and covered in gold leaf, is exhibited by Alice Rosen-Fisher, New York collector. It was hidden from the Germans during the occupation.

P. H. Cannon and Miss Peggy Tucker.

Notice To Parents
Parents of children who plan to enter Third Street School next September are notified that a pre-school clinic will be held at the school tomorrow morning at 9 o'clock. They are requested to take their children to be examined and registered. The clinic is also open to parents with children under six years of age to be vaccinated for diphtheria and whooping cough.

To Represent College
Mary Andrews, whichard of Greenville, Helen Jemette of Raleigh, and Ella Cashwell of Saxapahaw, French majors and members of the Phi Sigma chapter of Sigma Pi Alpha, national honorary foreign language fraternity, will represent East Carolina Teachers college at a meeting of the National Congress of the fraternity at Meredith college in Raleigh on April 12.

Community Sing
A community sing will be held at Rose Hill F. W. B. Church Sunday, April 13, at 3:30 p. m. The service will consist of a devotional period, congregational singing and special selections in songs by guest singers.

We are very fortunate in being able to present the Bear Grass Trio from Williamston at this service. The Nobles and the Hines quartets from Winterville, the Rose Hill choir, and also singers from Greenville.

These programs are sponsored by the Rose Hill choir and Young Peoples League under the direction of Mrs. Tyree Buck and Mr. J. Lee Dail.

Come, come, come all and enjoy an afternoon of fellowship in songs.

Bride Elect Honored
Wednesday evening at 8 p. m. Mrs. Marjorie Phillips and Mrs. L. B. Tucker entertained Miss Edna Mae Cannon, a bride of the month, at the home of Mrs. L. B. Tucker. Miss Cannon was presented a beautiful corsage when she entered.

Several contests were played, prizes going to Mrs. Marie Gardner, Mrs. P. H. Cannon and Miss Shirley Savage. Miss Cannon was showered with many lovely gifts. The hostesses remembered her with crystal in her chosen pattern.

Delicious refreshments were served by the hostesses, assisted by Mrs.

LOST 52 Lbs. FAT!
Amazing Candy Plan Slims Down Figure
Mrs. C. D. Wells, Texas, writes: "I was continually trying different ways to reduce, but without success. I weighed 170 pounds. Then I tried the AVIDS-Virginia Candy Reducing Plan and lost 52 pounds. Now I weigh only 118." Your experience may or may not be the same as Mrs. Wells, but why not try the AVIDS way. Thousands of others have used AVIDS Plan successfully to aid:

In clinical tests conducted by medical doctors more than 100 persons lost 14 to 18 pounds average in a few weeks with the AVIDS Candy Reducing Plan.

With this Plan you don't cut out any meats, starches, pastes, meats or butter. You simply cut them down. It's simple and easier when you enjoy delicious AVIDS as directed. No drugs. No laxatives. No exercise. No massage. Absolutely harmless. 30 day sample of April only \$2.75. If not delighted with results, MONEY BACK on the very first box. Please

To Attend Meeting in Raleigh
Ruth White, assistant dean of women at East Carolina Teachers college, will attend the meeting of the North Carolina Association of Deans of Women in Raleigh on April 12. The dean's association will convene there on Saturday for its annual meeting. The program will include two sessions of speeches and discussion and a luncheon at the Raleigh Women's club. Representatives from colleges throughout the state will attend.

Bethel Soldier Absent Without Leave 4 Years

Police are holding for Fort Bragg army authorities James McCray, 24, of Bethel, who has been away from his post of duty without leave since April 1, 1943.

Police said McCray, desiring to get his business with the army straightened out, told his story to the draft board yesterday and was detained.

He told authorities that while on furlough in 1943 and in civilian clothes, he was arrested in Rocky Mount for carrying a concealed weapon and was given a year on the roads; that he had a prison official to write to the army for him and has a copy of the letter; that after serving his term he went to his home at Bethel and has been there ever since—three years.

PONTIAC

A fine car made finer

ONLY PONTIAC OFFERS THIS ALL-AROUND VALUE

- TRU-ARC SAFETY STEERING—More positive control with less effort.
- DUPLEX REAR SPRINGS—Mechanically compensate for light or heavy loads; liners eliminate squeak.

Hayes' Recital To Be April 20

Roland Hayes, an outstanding Negro tenor, will give a recital at C.M. Eppes High School auditorium April 20, 5:00 p.m.

During the 1945-46 season, Mr. Hayes made more than sixty appearances before capacity audiences totaling over 100,000 music enthusiasts.

The distinguished tenor's progress has brought him many awards including that of Doctor of Music from Ohio Wesleyan University at Delaware, Ohio, and Doctor of Laws from Morehouse College, Atlanta, Ga.

Hayes' concert in Royal Albert Hall, London, and the National Art Gallery with Dame Myro Hess in London, have been praised by the then U.S. Ambassador John S. Winant and General Jacob L. Devers. Command performances before King George and Queen Mary are among his treasured memories.

There will be reserved sections for writers at the forthcoming recital. White tickets are now on sale in Greenville at Bissette's Drug Store and East Carolina Teachers College.

City Receives Big Check From New York Bank

By CHESTER WALSH

City Clerk J. O. Dival yesterday received a check for \$801,879.46 for the electric light and water department's improvement bonds at the Greenville Utilities Commission plant, \$890,000 was for the bonds, \$210 for premium and \$1,639.46 for accrued interest from January 1 to March 31. The Chase National Bank of New York City and associates bought the bonds.

The bonds were delivered to the State Local Government Commission in Raleigh last Tuesday. The Chase National Bank had deposited the funds with the Wachovia Bank and Trust Company in Raleigh. The bond issue was approved at a special election last December for enlargements and improvements at the utilities plant. The work is now underway.

Dr. Cooke Is Speaker At West Edgemont

Dr. Dennis H. Cooke, president of East Carolina Teachers College spoke Tuesday evening at a meeting of the Parent-Teachers Association of the West Edgemont school near Rocky Mount on the subject "The High School and the College Student Look at Teaching."

Special guests at the meeting were high school students of the junior and senior classes of the school.

Dr. Cooke discussed the question of choosing teaching as a career and pointed out some of the conditions which attract young people into the classroom or discourage them from becoming teachers.

Drive a Pontiac - and envy no one!

We sincerely believe that no car is more generally satisfactory to its owners than a Pontiac.

Year after year, Pontiac offers the fullest measure of quality—plus outstanding economy of operation and upkeep. It really leaves nothing essential to be desired—in performance, in comfort or in handling ease. And, always, it is one of the most beautiful cars to be seen on the streets and highways.

The 1947 Pontiac Silver Streak is an example of what we mean. People who get it need envy no one—and the same will be true of those who get their Pontiacs in 1948, 1949 or 1950. Year after year, Pontiac is a fine car—in every respect.

THE SOONER YOU PLACE YOUR ORDER for a new Pontiac, the earlier you will get it. So place your order now for future delivery.

Musc Festival At Ayden High School

By CHESTER WALSH

The Pitt County schools' second annual music festival will be held at the Ayden High School tomorrow night, April 11, at 8 o'clock.

About 500 children from the county schools will participate in the elementary and high school choruses. Miss Martha Carmack of East Carolina Teachers College will

Symphonic Concert Tickets Being Sold

The sale of tickets for the concert by the North Carolina Symphony Orchestra on April 14 at East Carolina Teachers College began today.

Tickets and reservations may be obtained at the office of the Austin Building (telephone 3006) on the campus at the following hours: 9:00 to 12:00 in the morning and 2:00 to 4:00 in the afternoon.

The sale will continue through April 14, when the state symphony under the direction of Dr. Benjamin Swelin will give a performance in the Wright auditorium on the campus.

The concert will be sponsored by the college entertainment committee and will be one of the programs offered during the school year on the regular entertainment series.

ADMINISTRATOR'S NOTICE

Strength FOR THE DAY

By EARL L. DOUGLAS

DELAY CAN DESTROY

A noted composer in his biography tells how one night there suddenly came to him the melody and structure of a symphony. Its distinctive parts sang through his mind. For some reason he was too busy at that time to make any notes. The next day it returned with not quite the vividness of the night before but nevertheless with sufficient clarity that he might well have captured the genius of it. The third day he was ready to go to work on it, but all recollection of it had departed. The golden opportunity had passed. Parables without number have been written about the necessity of taking advantage of opportunity when it arises. Not enough has been written, however, on the persistent tendency of human nature to procrastinate and to put off the doing of anything definite until the hour of decision becomes imperative. The secret of tragic loss under such circumstances is not that opportunity does not return but that we by our desultory ways are not prepared to make use of it if it does. Probably the symphony was still in the composer's mind and heart, but he had packed so many inconsequential things between the symphony and himself that the power to capture it and write it down had become exhausted.

Every time we neglect the doing of a right thing, we increase at an astounding progression the difficulty of right and wholesome action.

WASHINGTON LETTER

Washington—When the U. S. Children's Bureau first published a pamphlet called "Infant Care" back in 1914, there were raised eyebrows. It was all right for the federal government to tell farmers how to raise horses and hogs, but some folks thought it was outside the government's province to tell mothers how to care for and feed their babies.

"Infant Care" is today one of the nation's best sellers. By February of this year, 20,000,000 copies had been sold. Single copies may be obtained free from the bureau, and American women write in for them from all over the world.

At the time the bureau decided to get out the pamphlet, 10 American babies out of every 101 were dying in their first year of life. Today fewer than four out of 100 die.

"It was a crusading work, a pamphlet leveled against the ignorance and superstition of the time—the paregoric era, it might be called," an official of the Children's Bureau explains.

The book was a plea for sunshine, pure water, milk certified to be clean even "if it does cost 16 cents a quart." Above all else, the book brought to thousands of mothers knowledge that had not previously been theirs.

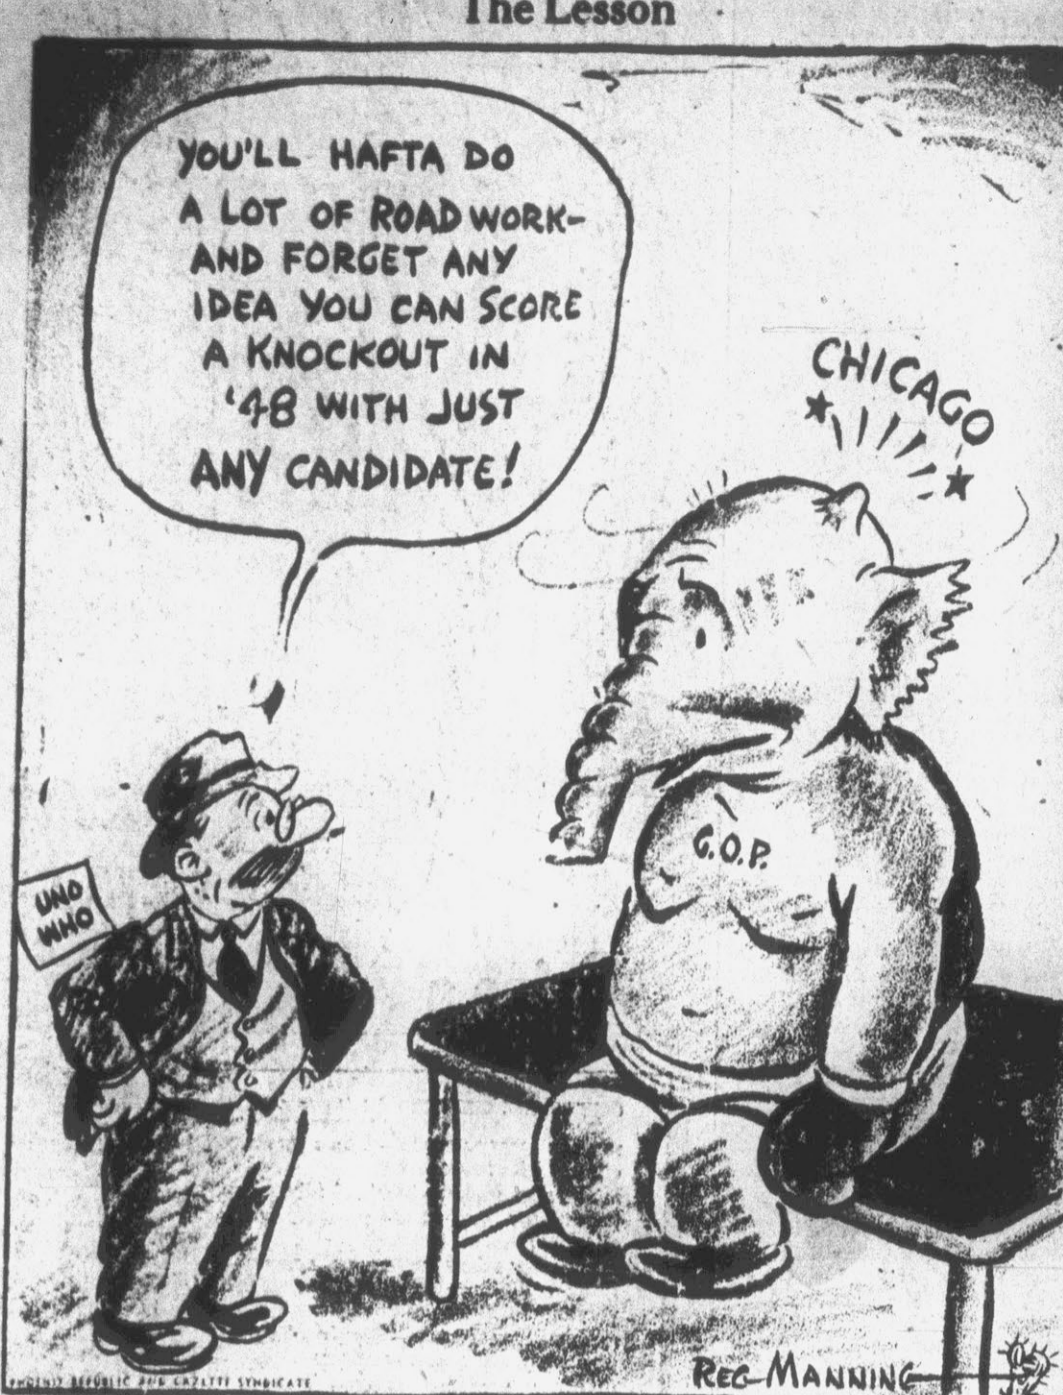

"People will do better if they know better" was the faith behind that pioneering work," says the Children's Bureau.

Newsmen attending press conferences of Mrs. Truman's secretaries, Mrs. James Helm and Miss Restal Orlum, are now being herded into the family dining room at the White House instead of one of the state parlors where they used to meet.

This is because of the tourists, who are permitted to peer into all the downstairs rooms of the Executive Mansion — The East Room, the Green, Red and Blue rooms and the State dining room. Newsmen figured they were put in the family dining room, the one first floor room not open to tourists, so the guides would not have to explain them.

Before the war press women used to gather in the Green Room until an usher would take them up the broad marble staircase to the family quarters on the second floor. Mrs. Roosevelt received them in the Monroe Room, a charming and sunny study where Monroe once held his cabinet meetings.

The best way to start a drive in this town is to wine and dine peo-

Initial Phone . . .
 (Continued From Page One)

At a party which opened the Red Cross drive here, a steel company guest host to the towns hungry celebrities and a notable number of outsiders as well.

Though it was Sunday, when the ordinary citizen can't buy a drink for love or money at any of the town's hotels or restaurants, the circular bar at the hotel where the party was held was dispensing everything from pink ladies to zombies.

A buffet table ran the length of three walls and was centered with three hunk of leg laden with jumbo shrimps. In addition to the shrimp, guests finished off seven rib- coats of beef, hot hams, turkeys, potatoes au gratin, green beans, noided salads, seeds of sandwiches, heests and sweets.

Mistaken . . .
 (Continued from Page One)

That's the American attitude which Mr. Wallace thinks might lead to war, and while he didn't say when he thought this war might eventuate, declared that he felt a sense of urgency in "watching these two great giants, America and Russia, getting ready for a death struggle." Well, supposing we agree with him and decide to adopt a policy of hands-off outside the United States until it happens?

Russia has made no bones of its intention to spread the Redism. Supposing Moscow did take over Greece and Turkey, and with this vital strategic base in position to extend Russian domination to the whole Middle East and to Western Europe. Supposing this process continued until the Western Hemisphere was virtually isolated, with most of the rest of the world toeing the Russian line, either through desire or necessity.

What then? Would this be more likely to insure peace? Would it guarantee the security of the United States? Would it strengthen the position of American democracy at home and safeguard its form of government? Or would a congressional committee on un-American activities still be voting to cite E-

Big John's . . .
 (Continued on Page Three)

Festively, there was a gimmick in the contract. It said the miners could quit work any time they wanted to.

Big John was using the government contract to do the very thing the government had told him not to do: Quit work April 1.

That was only the start of Big John's return to the sun-bright place up front in the headlines.

With this stroke, he called national attention to what Lewis termed the wretched, unsafe condition of the mines.

More than that. Senate and House committees called him at once to come up before them and talk about mine safety.

He did that. You may have read that he was more than a match for the Senate and House members. He was, all of that.

With his big eyebrows, big gestures and big, snarling voice, he was more than able to swat down any congressman who buzzed too close. It was an amazing show of one-

Disappointment For Small Boy
 Raleigh, N. C.—(AP)—Governor Cherry was a bit flabbergasted today. A spruced up youngster did it.

The governor shakes hands with thousands of school children in a year's time. Today a large group from Blue's Creek called on him.

As they moved down the line, Governor Cherry shook hands with each one and inquired their names.

When he came to this particular lad, the bright-faced boy seemed a bit hurt when the governor asked his name.

"Heck governor," he said, "you met me last year."

Everyone Claims Share in Wealth
 Philadelphia—(AP)—Everybody is in the act now.

Some 28 individuals, the Commonwealth of Pennsylvania and now the United States Government are involved in the share-claiming of \$2,200,000 found in a South Philadelphia cellar by a 875 a week backkeeper. Collector of Internal Revenue Frank Smith entered the Government's bid in the contest by filing income tax liens against Benjamin Lieberman, founder of the cache, his wife Jessie, and four others for \$18,753 each.

Named beside the Liebermans were Israel, Henry and William Kodroff, owners of the Cooklyn Milk Company where Lieberman worked, and Bernard Yankelevitz, otherwise unidentified.

Harold Stassen Talks To Stalin
 Moscow—(AP)—Harold E. Stassen, candidate for the 1948 Republican nomination for President of the United States, talked with Prime Minister Stalin last night.

Stassen, former Minnesota governor, his research assistant, Robert Atteson, and Jay Cooke of the Pennsylvania Republican State Finance Committee spent 80 minutes with Stalin and Soviet Foreign Minister V. M. Molotov.

Later Stassen told reporters: "We had a frank discussion of the two economic systems." He said that Stalin carried on a very alert discussion, now and then smoking a cigarette.

Before he left New York Feb. 27 on a tour of 19 European nations Stassen said he expected to see Stalin and all the other heads of the governments. He said he was going to study economic conditions abroad and add to his background on world conditions.

Dr. Meline Irons Addresses PTA

The growth and development of the pre-school child was the subject of a lecture delivered by Dr. Meline Irons, local pediatrician, guest speaker at the April meeting of the Training School P.T.A. at the Training School auditorium Wednesday afternoon.

The speaker, Greenville's only woman physician, distiled her topic into three aspects: Anatomical or structural development, physiological development and mental development.

Under physiological development the physician stressed the importance of immunization for whooping cough, diphtheria, tetanus and smallpox at the ages recommended by medical doctors.

In providing proper mental development, Dr. Irons urged parents and teachers to encourage regular habits, emotional satisfaction, to avoid sudden noises, to provide regular eating habits, and regularity in sleeping habits. In advising the parents and teachers to practice patience, thoughtfulness and kindness toward the pre-school age child, Dr. Irons warned her listeners, "as you act, the child reacts accordingly."

The business meeting conducted by Mrs. J. Vance Perkins, president, concluded the program with a discussion of the \$275,000 building fund which the Legislature recently appropriated for the training schools building program.

Krug Blames UMW

Washington—(AP)—Secretary of Interior Krug declared today that the record of John L. Lewis' mine workers on safety in the coal pits is one of "almost unbroken neglect."

He told a Senate public land subcommittee the union had failed to take advantage of the creation of mine safety committees under the Krug-Lewis coal contract.

Surround Guerrillas In Major Offensive

Athens—(AP)—Greek military sources said today that government forces were trying to surround some 3,000 Lefist guerrillas in a campaign fought more than a mile above sea level in the Pindus mountains between Thessaly and Epirus.

These sources, in Athens and Larisa, reported that the government troops were getting supplies and support from airplanes in an offensive begun at dawn yesterday with the announced aim of breaking the back of guerrilla resistance.

Pres. Truman To Fly Home For Weekend

Washington—(AP)—President Truman will fly to Missouri Saturday for a weekend visit with his mother. The White House, announcing this today, said that Mr. Truman will fly directly to his mother's home at Grandview.

The 94-year-old mother, Mrs. Martha E. Truman, is reported "doing nicely" after fracturing her hip in a fall several weeks ago.

Assign Watchman To Oxford County Home

Oxford, N. C.—(AP)—A deputy sheriff has been assigned at watchman at the county home, where 28 old folks live, because the grab jury reported a "serious fire hazard" exists there. The home is a single-story, steam heated building. The grand jury asked that watchman be placed at the home until the condition could be remedied.

negotiations with the Russian government on the success of which ultimate peace depends."

GI TRAINING SCHOOL FOR PILOTS OPENS

Barnes Aircraft Service Doing Good Work At Airport; Services Planes

By CHESTER WALSH

The Barnes Aircraft Service, Inc., base operator of the Pitt-Greenville Airport, has opened the GI Training Schools for Pilots at the airport. Manager Charles E. Steinmeyer has announced. The school has been approved by the Veterans Administration and the North Carolina Department of Education.

Veterans of World War II who desire to become pilots may enter the school by applying to the Veterans Administration for a certificate of eligibility. Steinmeyer said then they take the certificate to the school and training starts right away.

Detroit Pauses To Honor Ford

Detroit—(AP)—This industrial metropolis—built in large part because of the work of Henry Ford—paused today to honor him in death.

Great factories of the world's automotive capital ordered halts to production for a moment in the funeral of the pioneer industrialist.

The last rites for the millionaire who died Monday night were scheduled for 2:30 p.m. (EST), and thousands of mourners were expected to pay Ford his farewell.

Tornado . . .

(Continued from Page One)

Other military units helped with relief work.

Woodward is in the heart of the cattle country.

Power and lights failed, and emergency generators were used at hospital and dressing stations.

Only one telephone line remained in operation, but by daybreak another circuit was established.

Streets were blocked by debris and cars were rolled into knots as if they were pieces of tinfoil, and twisted between huge fingers.

Survivors wandered the streets in a daze, still unable to realize what had happened.

Texas, varied between 24 and 30. The estimate of dead at Higgins, The Red Cross today estimated 24 for the Texas Panhandle town but Howard Boxwell, a mortician, said the toll might reach 30. About 150 were believed injured. The town has a population of 750.

Lower Prices . . .

(Continued on Page Three)

survey yesterday with his cabinet and economic advisers, Mr. Truman explained.

The meeting was a regularly quarterly review which had been postponed from last week. It was not a special meeting.

The ground school classes are being held in classrooms at East Carolina Teachers College. The flight course is taught at the airport. Lacy Sutton is chief pilot; Jack Jolley is supervisor of maintenance; Lee Livingston is chief mechanic; Miss Dorothy Wiggins, who learned to fly here before the war, is a licensed pilot and ground instructor.

The Barnes Aircraft Service, operator of the airport, is now equipped to service all types of planes; sells octane gas and oil and can supply parts. Other conveniences will be added from time to time.

Airport Executive Secretary Willard T. Kyzer said. The company is using Aeronca planes for training. Incidentally, the company is dealer here for the smooth flying ship.

Steinmeyer said the company has a 14-passenger Lockheed Lodestar plane which is available for charter. The plane will also make special charter flights from Lumberton to Greenville and New York and return. The airport telephone is 4238.

Gov't Raps . . .

(Continued from Page One)

will be back in private possession. But he granted a government request for "two week delay with this comment:

"This court doesn't see that good faith can be established in two weeks."

UMW lawyers had asked for the refund immediately, contending that Lewis and the UMW had complied with court orders. The government, however, said it wanted time to determine whether there had been compliance in view of the current "safety shutdown" in some mines.

The word "corn" originally referred to all grain, especially to commonest grain crop in any locality, but in the United States it refers particularly to maize or Indian corn.

Open Circus Season In Blaze Of Splendor

New York—(AP)—The circus season sprang to life at Madison Square Garden last night when Ringling Bros. Barnum and Bailey dazzled 13,000 customers—and even some of the performers—with its 1947 edition.

"Such costumes and spectacles I never saw in Europe," said Andreas Schelfout, formerly of the Strassburger circus in Holland.

U.S. Demands . . .

(Continued from Page 1)

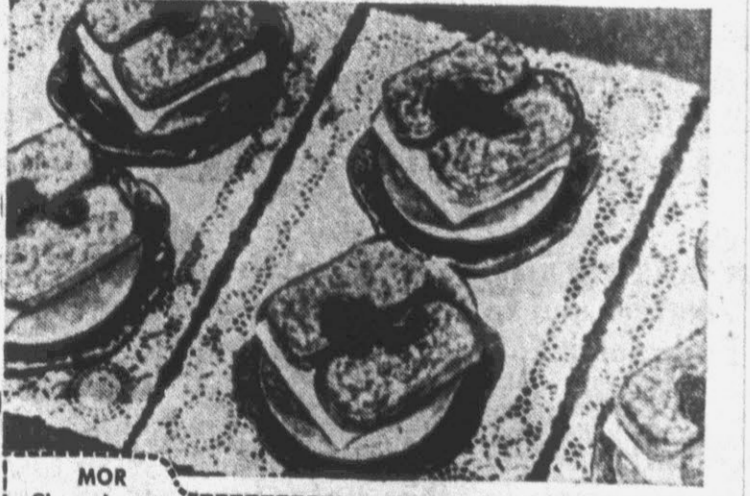

"I would like to remind the committee that, at the moment, the United States program of aid to Greece and Turkey is still only a proposal."

He said the aid program was drafted in accord with requests of the Greek and Turkish governments and that the U. S. was willing to rely upon statements from those governments as to whether there was any interference in their internal affairs.

Wilson's Weekly Bulletin
By George Rector
Food Consultant to Wilson & Co.

Invite the Crowd In

Whether you're a teen-ager, a bride, or more experienced in life, it's fun to be able to invite the crowd in at a moment's notice. Easy, too, when you keep tested recipes and the makings for "quick eats" on hand.

MOR Cheeseburgers

Cut 1 can MOR into 10 slices
Pan-fry on one side in
1/2 tbsp. ADVANCE SHORTENING
Turn and cover each two slices of MOR with a square slice of CERTIFIED AMERICAN CHEESE
Continue cooking until second side of MOR is browned and cheese is softened.
Meanwhile cut
5 buns in half and toast. Place half of a toasted bun, cut side down, on the cheese and with a pancake turner flip the sandwich, bun side down, onto a serving plate. Top with other half of bun or not as preferred. Serves 5.

Double Duty Menu

Delicious MOR cheeseburgers, a fruit salad, coffee . . . and all's ready for a cozy Sunday evening chat. A grand combination, too, for the family lunch.

Fresh pineapple or strawberries will lend a Spring touch to the fruit salad. Top with zesty honey French dressing for extra thanks.

Supper Special

Certified Corned Beef Hash pie, ready in a wink, will star on any supper menu. Spread half of a can of Certified Corned Beef Hash on the bottom and sides of a casserole to resemble a pie crust. Fill "crust" with two cups of cooked cabbage mixed with one and a half cups of white sauce. Crumble remaining half can of Certified Corned Beef Hash into small pieces and sprinkle over the

top. Bake in a moderate oven, 350° F., for 30 minutes and it's ready for the table. Tasty! Different!

Dutch Treat

Right for either lunch or dinner is tempting Rivel Soup: an interesting oldtime Pennsylvania Dutch favorite. Make this deliciously different soup with Wilson's B-V and it's done in a jiffy. Here's how:

Combine 1 cup flour, 1/2 tsp. salt, 1 beaten egg, and blend until pieces are slightly larger than rice kernels. Add mixture slowly to boiling broth made of 4 cups hot water, 2 tsp. Certified Margarine and 2 tsp. Wilson's B-V. Cover, simmer 12 to 15 minutes, stirring occasionally, and 4 generous servings are ready.

Yours for flavor,
George Rector

Colored News
The Bathsheba-Benedict Club will present the C. M. E. High School Glee Club in concert tonight at 8 o'clock in the Eppes gymnasium. This will be the annual concert of this group. This group consists of the best talent in the state. You will miss a great treat to hear this group of young artists. The public is invited.
Mr. and Mrs. Henry Barrett, 523 Vance street, Greenville, had as guests Messrs. Marcellus Council, Clay Council and Mesdames Emma and Pope Council of Raleigh, Easter Monday. After being highly served with the Easter morning dinner, they were entertained in the living room by the eldest son of the Barrett family with music, which consisted of "The Blue Danube Waltz," Johann Strauss, "Meditation," McLowell, and secular music. The latter part of the afternoon was spent viewing the beautiful scenery of the city of Greenville. From the expressions on the visitors' faces, they motored toward their home town, Raleigh, with joy and happiness which they sought and found in the city of Greenville.

THANKS TO CAPUDINE
What a joy it is to use Capudine for simple headache and neuralgia. It not only relieves the pain, but also allows the resulting upset nerves. Acts quick because it's liquid. Try Capudine. Use only as directed.

Limited Long-Distance Service Available To Customers Of Carolina Telephone And Telegraph Co.

Telephone service within the territory of the Carolina Telephone & Telegraph Company, which operates in practically all of Eastern North Carolina, will not be interrupted by the strike of the Bell System employees.

Long Distance calls will also be accepted to all points in the state of Virginia and to telephones in Washington, D.C., and Philadelphia.

Long Distance calls to Bell System points in North Carolina and to most points in other states may not be completed unless they are emergency calls.

The Carolina Telephone & Telegraph Company can accept and handle calls to the following cities and towns in North Carolina and to other towns in their vicinity: Ahoskie, Clinton, Dunn, Elizabethtown, Elizabeth City, Edenton, Sanford, Pinehurst, Fayetteville, Henderson, Kinston, Louisburg, New Bern, Oxford, Raeford, Roanoke Rapids, Rocky Mount, Robersonville, Scotland Neck, Tarboro, Washington, Williams-ton, Wilson and Weldon.

We sincerely hope that the inconvenience of this situation will be of short duration.

CAROLINA TELEPHONE And TELEGRAPH CO., Inc.

4-H Club News

Final plans for the participation of 4-H Club boys and girls of Pitt County in a Better Methods Electric Contest were made here today at a meeting of S. C. Winchester, county farm agent; W. J. Ridout, Jr., agricultural engineer of the N. C. Extension Service and director of the contest; Mr. P. G. Mannissette, representing the Virginia Electric & Power Company; and other members of the county agent's staff.

Boys and girls, entering the contest, now underway, must make a detailed study of a farm chore and make a report and recommendations on how this chore can be simplified by the use of electricity. The contest is designed to stimulate the use of more modern, farm methods for better production at less cost in time and effort.

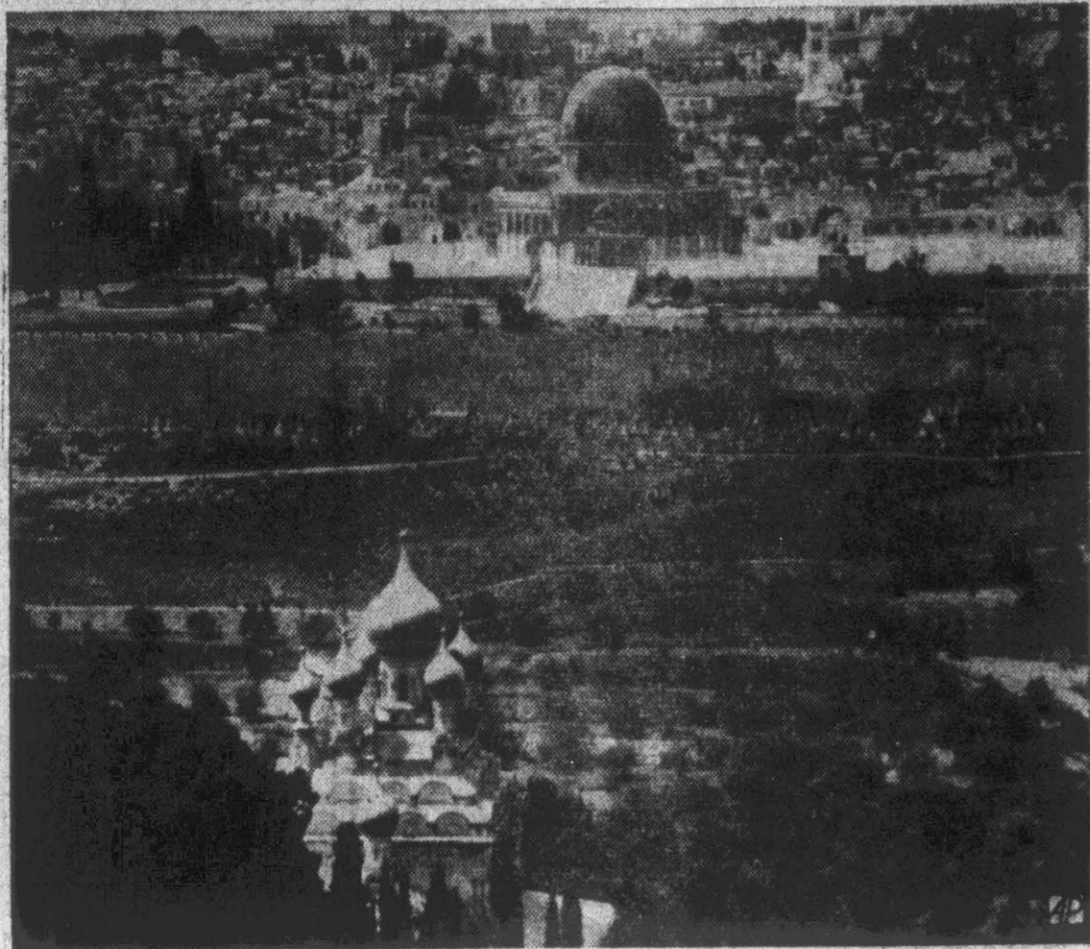

Participating in this territorial contest are 16 North Carolina counties receiving their principal supply of electricity from the Virginia Electric & Power Company and the cooperatives it serves. Two winners—one boy and one girl—will be chosen from each of the 16 counties to attend a 4-H Club Congress scheduled to be held at N. C. State College in October. This Congress will climax the territorial contest.

Expenses of the Congress are being paid by the Virginia Electric and Power Company, with each county winner receiving a two-day, all-expense trip to Raleigh.

One winner from each county also will receive from the Westinghouse Educational Foundation a gold-filled Medal of Honor. The Virginia Electric & Power Company will award two first prizes of \$100 scholarships to the boy and girl winning in the Electric Congress in Raleigh. Two second prizes of engraved gold watches also will be awarded by the Virginia Electric & Power Company at the Congress.

Winners at the Electric Congress will be eligible to compete with other winners in the State for an all-expense trip to the National 4-H Club Congress to be held in Chicago in December.

Assistant County Agent W. H. Pruden is in charge of the contest in this county. He expressed the hope that all Pitt County 4-H Club boys and girls will participate. Details of the contest will be presented to 4-H Club members at meetings

ZOO'S PROUD PAPA—A keeper in the Vienna zoo gets an exceptionally broad smile from George the hippopotamus, new father of baby Josef, who weighed 120 pounds.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 18 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause burning, itching, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 18 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Weather Delays Pirates' Game With A. C. C.
 By JACK HEDGEPEETH
 With Old Man Weather doing a turn-about yesterday, the scheduled baseball game between Atlantic Christian college and E. C. T. C. was postponed until next Thursday. A few hours after the game was called, the weather cleared and Coach John Cameron put his Pirates through a nine-inning intra-club game. The game was by far the most satisfying of the season, with the

HARTLEY BILL IN COMMITTEE

Republican Labor Measure Reaches Voting Stage

Washington—(AP)—A stiff new bill to put the brakes on strikes and unions reached the voting stage in the House Labor Committee today. Traces of opposition to it still smoldered among some Republican members. Several Democrats, getting their first look at the terms, were ready to swing on it with all their power. The bill, with a couple of changes, got the approval yesterday of Republican leaders and the policy-shaping GOP Steering Committee. One change would provide a period of mediation and arbitration for settling strikes, such as the telephone row, which the bill defines as affecting the national health, welfare and safety. The other would remove a proposed ban on the union shop if both management and labor want one. The bill still would forbid the closed shop, under which an employer may hire only union members. Under the union shop, non-union men may be hired, but they must join the union soon after going on the payroll. Chairman Hartley (R-NJ) stood by a prediction that all 75 committee Republicans will vote solidly to bring the bill before the House, although some might attach "reservations" and support additional changes on the floor.

Greenies Trounce Kinston In First Of Exhibition Contests

Locals Turn In 14-4 Victory; Pitching Staff In Brilliant Performance; Rookie Bob Pare Takes Batting Honors

By BERT MOYE
 Approximately a thousand baseball fans turned out at Guy Smith Stadium last night to see the Greenville Greenies open their exhibition series and all were treated to many thrills and spills by Manager Johnny Pare's boys as they trounced the Kinston Eagles 14-4. Highlights of the game was the brilliant pitching of the three Greenville hurlers and the hard hitting of Rookie Bobby Pare. Johnny Foell, a product of last year's team, started on the mound for the locals and pitched the first three innings, allowing no hits, striking out six of the nine men who faced him, walked one. He was followed on the mound by Phil Redden, who hurled the next three innings, who was touched for two hits, no runs, two walks and three strikeouts. Hank Ranweiler pitched the last three innings and allowed two hits, no walks, four runs (through no fault of his own), and struck out three men. Rookie Bobbie Pare, Greenie shortstop, took batting honors in last night's encounter, connecting for two home runs and a single in six trips to the plate, the second homer coming in the sixth frame with one man on base. Both were over the left field wall. He knocked in four of the Greenville runs. Willard Mauney, leftfielder, with double and single, and Jim Yeagle, catcher, with two singles, were the only other Greenies to collect more than one hit apiece. Greenville scored in the first frame when Mauney doubled, advanced to third on an infield out, and later scored on Turnage's wild pitch. They scored again in the second frame when Yeagle walked, advanced to second on an infield out, and came home on Mauney's single. What proved to be the winning runs for the Greenies came in the fifth inning when they put across four runs. Bobbie Pare, first man up, homered over the left field wall for the first run. Fraker was hit by pitcher Dennis, Maxwell singled advancing Fraker to third, and then scored when Dennis threw wild to first trying to catch Maxwell off first base, allowing Maxwell to advance to second. Yeagle singled to bring home Maxwell, ball being errored allowing Yeagle to go on down to second and later scored when Redden singled. The Greenies scored four more runs in the sixth frame on Bobby Pare's two-run homer, three walks, two hits aided by an error. They put another four run spurge on in the eighth frame on two hits, two walks, an error, stolen base and wild pitch. Kinston did all their scoring in the seventh frame on five errors and two hits. The Greenies go to Kinston to play the Eagles in a return there this afternoon at 3:30 o'clock and on Sunday afternoon at 2:30 they will meet the Harrisburg Senators here at Guy Smith Stadium. Three Big Decisions For Rickey As Stunned Durocher Goes Into Exile

Brooklyn—(AP)—Now that some of the shock of Leo Durocher's banishment from baseball for the 1947 season by Commissioner A. B. (Happy) Chandler has worn off, President Branch Rickey of the Brooklyn Dodgers was faced today with the task of solving swiftly three crucial problems. First, Rickey must name a manager to succeed the exiled Durocher for the impending season which gets under way just five days from now. Second, the Dodgers' Mahatma must make up his mind whether to retain or discharge Leo when the suspension is lifted at the end of the playing season, Sept. 28. Third, Rickey has only five more days to make good on his winter statement that "a decision on Jackie Robinson will be made on or before the opening day of the National League season." The first problem is probably the least difficult for him to solve. Although Rickey said he was not yet ready to name a pilot to succeed Durocher, it was generally believed the assignment would go to either Coach Ray Bladen or Scout John (Pepper) Martin. Durocher's suspension does not become effective until April 15. It ends Sept. 28, the day the regular championship season ends, except that if Brooklyn wins the pennant the suspension also holds good for the World Series. The crestfallen Durocher, virtually tongue-tied throughout the en-
