RESCUE CREWS STILL COUNT TORNADO TOLL

Known Dead Reach 132; Property Losses Reach Millions of Dollars

Woodward, Okla.—(AP)—The tornado-lashed Panhandle area of Texas and Oklahoma counted its known dead at 132 and estimated the injured at 1,305 as rescue crews still searched for additional casualties in the ruins of the hardest hit towns.

The property loss, inflicted on the rich cattle and wheat area by the violent winds of Wednesday night and early Thursday, ran into the millions of dollars.

Field kitchens, emergency stations and other facilities were set up to care for the thousands of homeless. Bulldozers rumbled on through the debris-cluttered communities clearing the wreckage.

Relief supplies continued to move into the stricken area by plane, truck and train and restoration of communication and power facilities was progressing.

This was the casualty toll as listed by the Red Cross midwest area headquarters in St. Louis. Woodward, 85 dead, 1,000 or more injured; Higgins, Tex., 34 dead, 222 injured; Glazier, Tex., 13 dead, 40 injured; White Horse, Okla., none dead, 30 injured; Gray county, Tex., none dead, three injured. Woodward, where 100 blocks of buildings were leveled, had more than 2,000 homeless out of a population of about 3,500. Many of them were being cared for by residents whose homes still were intact.

The property loss here was estimated at more than \$5,000,000 by Alex Gelsmar, vice-president of Woodward bank.

Citizens went about the task of preparing to rebuild their shattered (Continued on Page Four)

Strike Puts Executives In Kitchen

Engineering and accounting executives of the Southern Bell Telephone Company pitch in and help as kitchen workers in the company's cafeteria at Atlanta, Ga., as result of the nation-wide strike of telephone workers. "Sick And Tired"

Jacksonville, Fla.—(P)—Fred R. C. Koester, Jacksonville, attorney who said he was "sick and tired of dead telephones and trying to develop business by foot," filed suit today for \$15,000 in state court against the Southern Bell Telephone Bell Telephone and Telegraph Company.

Koester said his business had suffered to that extent "at least" since the strike of the Southern Federation of Telephone Workers last Monday.

ATOM CONTROL PLAN STUDIED

U. N. Commission Takes Up American Proposal After Vote

Lake Success, N.Y.—(AP)—Delegates of the United Nations Atomic Energy Commission, acting despite the objections of Soviet Russia, took up today an exhaustive study of United States ideas on the making of an international authority for controlling the atom.

The delegates are seeking the answer to a question asked jointly by the United States and France: "Just what is an authority?" The decision to follow the United States work sheet was taken by 10 delegates on the political committee of the atomic commission yesterday at the first closed meeting it has held this year.

Andrei A. Gromyko, Russian delegate, did not vote when the work sheet finally was given a show of hands. Poland's chair at the table was vacant. However, other delegates indicated they expected Russia and Poland would continue the committee deliberations and no boycott was in prospect.

Gromyko maintained throughout the meeting that the committee should start work immediately on a convention banning the atomic bomb now. He told the delegates that Russia desired speedy implementation. (Continued on Page Four)

Dawson May End Defense Today

Kinston, N.C.—(AP)—A new pair of spectacles which he was breaking in and the blinding glare of oncoming headlights were advanced in testimony presented in Superior Court here by Recorder's Court Judge Joe Dawson in a future case. Completion of defense testimony was expected some time today.

The recorder testified yesterday that he had taken one drink at his brother's house in Jasper prior to making the return trip to Kinston which resulted in the collision of his car with the Johnson automobile.

Connally On Russia

The Senator Spoke Bluntly Before His Colleagues Yesterday In Endorsing "The Truman Doctrine"; Used Language Most Administration Officials Avoid

By DEWITT MACKENZIE

Senator Tom Connally, ranking Democratic member of the Senate Foreign Relations Committee, left nothing to imagination in his forthright declaration yesterday in urging the Senate to pass the bill implementing President Truman's proposal to extend financial and limited military aid to Greece and Turkey.

The Texan described Russian aims with a bluntness which most Administration officials have avoided thus far. Said he:

"Soviet Russia by her system of spreading creeping paralysis among smaller and weaker nations hopes to bring about world domination and to control the destiny of Europe. There is no denial that this is one of the purposes of this bill is to enable Greece and Turkey to resist the encroachments of Soviet Russia and her satellite states. We should make that purpose clear to the nation and a people who shall resist this effort to destroy the independence and integrity of free peoples."

Condemned Man Sat 15 Minutes In Chair

Nashville, Tenn.—(AP)—Albert Dubois was executed this morning after sitting calmly in the electric chair for 15 minutes while workmen repaired a broken power line.

The prison electrician discovered the break after Dubois had been strapped in the 31-year-old chair. He was executed at 5:42 a. m. (CST) for the slaying of Albert Willis, a Murfreesboro taxi driver.

Seek Power To Stamp Out Venezuela Plot

Caracas, Venezuela.—(AP)—Rumors of a plot against the regime of President Romulo Betancourt swept the capital today as the provisional government sought to obtain from the constituent assembly extraordinary powers to stamp out every danger menacing public tranquility and social stability.

PROMISE QUICK REPLY TO BID FOR MEETING

Schwollenbach Seeks To Bring Top Spokesmen Together In Strike

Washington.—(AP)—Secretary Schwollenbach promised a quick reply to a request by telephone strike leaders today for a face to face meeting between officials of the union, the American Telephone and Telegraph Company and the labor department.

Schwollenbach told reporters he intended to talk with Joseph A. Beirne, NFW president, during the day but the time was uncertain. The secretary promised an immediate decision after talking to Beirne.

If this is refused, the union proposes to go to President Truman with "our complete story."

That is the gist of a double-barreled memorandum addressed to Secretary Schwollenbach by the policy committee of the National Federation of telephone workers. Federation officials arranged a mid-morning meeting with Schwollenbach to discuss it.

A. T. and T. had no immediate comment.

The proposal came as gloom gathered over the strike negotiations. Earlier hopes of federal conciliators, for a speedy settlement were dampened last night when a final offer of A. T. and T.'s long distance division got a chill reception from the policy panel.

Joseph A. Beirne, NFW president, said the company proposal covering "long lines" workers—only 20,000 of the 20,000 strikers, but a strategic group—did not conform to union policy.

This was not a final rejection however, for the policy committee had not finished scanning the 17-page proposal.

The union's plan to go to the White House if joint meetings with (Continued on Page Four)

Marshall Begins Work On Korean Independence

Moscow.—(AP)—Secretary of State George C. Marshall called on Russia today to cooperate with the United States in restoring the independence of Korea as soon as possible and warned that, in the meantime, America intends to go ahead with independence measures in her own zone.

Marshall made public a letter to Soviet Foreign Minister V. M. Molotov which outlined two steps in which he asked Russian cooperation in Korea.

These were:

1. That the Soviet Union and the United States agree to reconvene their joint commission in Korea on the basis of respect for the democratic right of freedom of opinion with the purpose of evolving and solving measures for Korean independence.
2. That a date be fixed during the summer of 1947 for a review by the Washington and Moscow governments of the commission's work.

Claim Greek Guerrillas Forecasting Surrender

Athens.—(AP)—Unofficial sources estimated today that between 10,000 and 12,000 guerrillas were in the Pindus mountain area between Thessaly and Epirus now being surrounded by government troops in an offensive begun Wednesday.

Authorities reported they had intercepted a guerrilla wireless message demanding urgent help and forecasting surrender if it were not forthcoming.

The conservative Athens newspaper Embros, in a dispatch from Trikala in north central Greece reported that the army's operations had exceeded the most optimistic expectations and that the rocket firing aircraft were wreaking great havoc in guerrilla ranks.

Aged Woman Dies In San Quentin's Gas Chamber Protesting Innocence

San Quentin, Calif.—(AP)—Grey-haired, motherly Mrs. Louise Peete Judson, 69, convicted of two murders but still protesting that she was innocent, went to her death in the San Quentin gas chamber at 10 a. m. (PST) today—the second woman ever executed by California.

"It is terribly gruesome for our state to execute a woman," the governor commented, "but in this case the prisoner has murdered not one, but two persons. The crimes were almost identical in that they were planned for years."

Mrs. Judson first was sentenced to life imprisonment for the murder of Jacob C. Denton, a Los Angeles janitor, in 1920. She was paroled, after serving 18 years of the sentence, to Mrs. Margaret Logan, of Pacific Palisades, Calif. It was Mrs. Logan's death three years ago that brought her to the green-painted death chamber.

College Planning Improvements With Big State Appropriation

East Carolina Teachers College will enter the biennium of 1947-1949 with the largest appropriation ever to be made to the institution according to information provided by President Dennis H. Cooke and Treasurer F. D. Duncan.

A maintenance fund of \$341,822 for the first year of the period and of \$25,872 for the second year was voted by the last General Assembly. This large operating fund will enable the college to increase its services both in types offered and in quality. A fund for permanent improvements amounting to \$2,118,160 was also provided by the Legislature and will be used to make extensive changes and improvements on the campus.

Compared with the appropriation for 1946-1947, the maintenance fund for the first year of the next biennium shows an increase of \$140,162 and that for the second year an increase of \$124,512.

The amount will enable the college to establish a bureau of field services through which extension work will be done during the year; to add to its payroll 17 new employees, including faculty members and maintenance and service employees; to increase slightly the allotment for summer school; to give a 20% over-all raise in salaries to the staff; and to provide additional equipment in various departments of the college.

The college will begin its program of building as soon as funds appropriated by the Legislature are released. Plans for new buildings are now being drawn by Eric G. Flannagan, of Henderson, state architect, who designed the beautiful Classroom building on the east campus. The money will be available when conditions for building have improved and funds can be used to better advantage than at present.

Five new buildings which are needed for carrying on the work of the college efficiently and for housing the increasing number of students at the institution will be erected. These include a workshop and warehouse, a gymnasium and physical education building, a dormitory for men, a library, and a dormitory for teachers. Sites for the new buildings have not been announced. Ample space is available

PASSED MINE IN INSPECTION

Exeter, Pa.—(AP)—The shaft where nine coal diggers met death in the nation's second mine blast in two weeks was found safe by federal inspectors last November, it was reported as investigators sought today to determine the official cause.

E. H. McCleary, supervising engineer of the Knox Coal Company, said Inspector G. M. Mortensen found the Schooley shaft free of gas in his Nov. 14 inspection.

Earlier, Joseph J. Walsh, deputy state secretary of mines, blamed ignition of methane gas but said the shaft was "in first class condition" after recent inspections.

There was no immediate comment forthcoming from John L. Lewis, chairman of the United Mine Workers, who ordered the AFL's soft coal diggers into a six-day mourning period for the 111 dead in the Centuria, Ill. explosion March 25.

Centuria's mine was operated by the U. S. Government, which is not connected with Pennsylvania's anthracite fields.

used to better advantage than at present.

The new library will replace the present one, which has become too small to accommodate the present large number of students or to house adequately the 58,200 volumes and the extensive files of newspapers and magazines available at the college. The estimated cost of the new library and its equipment amounts to \$446,000. The present library, according to plans will be used as a building devoted to the work of the music department.

RESUME QUIZ IN RFC PROBE

One Side Heard On Inquiry Of Loan To B-&O Railroad

Washington.—(AP)—Senator Flanders (R-Vt.) advocated a wait and see policy today on the Senate banking committee's current investigation of an \$80,000,000 reconstruction finance corporation loan to the Baltimore & Ohio Railroad.

The committee heard Cassius Clay, former B. & O. general solicitor, charge yesterday that Jesse Jones, as head of the RFC, approved "a fraudulent bankruptcy for the railroad in 1944."

"Let's wait and hear both sides," Flanders suggested in an interview. "We heard only one side yesterday."

Among the witnesses called for the second installment of the investigation today were C. B. Henderson, outgoing chairman of the RFC; Russell Snodgrass, former assistant RFC general counsel who now is the B. & O.'s vice-president in charge of finance, and B. & O. chairman Stewart McDonald, former deputy federal loan administrator under Jones.

Senator Maybank (D-SC) who like Flanders, is a member of the Banking committee, declared that Clay gave Jones "a clean bill of health" in his testimony.

Clay testified that he believes (Continued on Page Four)

U.S. Asks Recall Of Polish Chief In Liaison Office

Frankfurt.—(AP)—The United States Army today asked Polish authorities for the "immediate recall" of the chief of the Polish liaison section attached to U. S. Army headquarters for "aggressively anti-United States speeches."

The request was sent by Lieut. Gen. Clarence R. M. Huebner, European command chief of staff, to the chief of the Polish military mission, allied control authority, Berlin.

The text of Huebner's letter was as follows: "I regret that circumstances prompt me to request the immediate recall of Col. Tadeusz Podwysoki, chief of the Polish liaison section accredited to this headquarters."

"My attention has been drawn to the fact that three times in the course of an evening, Col. Podwysoki, in the presence of a number of allied officers, made aggressively anti-United States speeches."

"This expressed attitude is, of course, unbecomingly allied officer particularly when in the position occupied by Col. Podwysoki and cannot be tolerated by this headquarters. x x x"

on the 100-acre campus.

To house the large number of men students attending the college two dormitories will be provided one new and one involving the remodeling of Ragsdale Hall, which is now used as a residence for women teachers. The new dormitory will cost approximately \$325,000 and will be equipped at a cost of \$20,000. Repairing and equipping Ragsdale Hall for use by men students will cost approximately \$15,000. A new dormitory for teachers is included in present plans, and a total appropriation of \$430,000 has been designated for it.

The new gymnasium will be a spacious structure providing the essentials for a good health and physical education program. A sum of \$465,000 has been earmarked for it. The Wright building, now in use by the physical education department, also houses the classrooms and some studios of the music department. The main part of the building is used both as a gymnasium and as an auditorium where college assemblies and entertainments are staged. When the new building is completed, the Wright building will be used as a student union.

The new library will replace the present one, which has become too small to accommodate the present large number of students or to house adequately the 58,200 volumes and the extensive files of newspapers and magazines available at the college. The estimated cost of the new library and its equipment amounts to \$446,000. The present library, according to plans will be used as a building devoted to the work of the music department.

SPEED UP ON LABOR BILLS

House And Senate Vote Measures Section By Section

Washington.—(AP)—Congress members pushing tough labor bills signaled full steam ahead today as opponents contended the result will be "chaos and confusion" for both unions and industry.

Here is the picture on Capitol Hill:

The House Labor Committee, with a ban on the closed shop and other union restrictions already approved, turned to section-by-section voting on the rest of its bill. This includes prohibition of industry-wide bargaining and still more curbs on strikes.

The Senator labor group split wide apart on a slightly milder measure, assembled to start voting on its draft.

Besides agreeing to outlaw the closed shop, which requires workers to be union members to get a job, the House committee voted yesterday to forbid any strike which does

Treasure Island Scene Of Ruins

San Francisco.—(AP)—Treasure Island, which glittered as the site of a pre-war exposition and then seemed a camouflaged painted naval base, was a scene of charred, water-soaked ruins today.

Fire struck the man-made island in San Francisco bay late yesterday. It gutted five navy buildings and equipment at an estimated loss of \$300,000. For a while the entire installation was threatened.

Thirty-four persons, 29 navy men and five civilian firemen, were injured, none seriously.

Activities Of Henry Wallace Meet Disfavor

Washington.—(AP)—Senator Eastland (D-Miss.) told the Senate today that Henry A. Wallace is "performing a great disservice to the American people" by speeches abroad opposing President Truman's Greek-Turkey aid program.

Wallace, Eastland declared, "has attempted to induce the friends and allies of his country to desert her."

Saying that Wallace was invited to France by Communist leaders, Eastland added:

"No American citizen has the moral right to conspire with foreign peoples in order to undermine and to weaken the hand of his country."

"The least that can be said is that Mr. Wallace is performing a grave disservice to the American people when he attempts to induce Great Britain to desert the United States and thereby force us to sail the perilous seas alone."

Eastland said that people abroad do not realize that Wallace does not enjoy the confidence of the great majority of American citizens, that his policies have been repudiated in this country.

(If the Senate should approve the House would have to tackle the problem and no one can predict the outcome there, either.)

U. S. PROGRAM CRITICIZED ON WALLACE TOUR

New World War Predicted; British Told To Avoid "Choosing Sides"

London.—(AP)—Henry A. Wallace said tonight Britain could save the world from war by refusing to take sides between Russia and the United States.

"If you show the way, all progressive peoples can speak out before it is too late for the principles of a strong United Nations and world progress," the former vice-president said in a speech prepared for delivery to a meeting sponsored by The New Statesman and Nation.

The New Statesman and Nation is a leftist weekly which has been an organ for the voice of labor party rebels against British foreign policy.

Renewing his criticism of the Truman doctrine in the middle east, Wallace said in his prepared text: "I do not believe that there will be war this month or next month but I do believe that a continuation of the present policy will set during the next few months a rigid framework which will maintain a state of perpetual spiritual warfare that will, after a time, produce depression in the United States and, eventually, a world wide war."

"I believe this is true also of the Russians. In the short term, a hard policy against Russia may be highly successful. In the long term, I don't see how it can help peace. At first, by policing Russia's every border we may force her to contract her influence. But within her borders she may prepare for eventual war instead of taking the risks that all nations must take for lasting peace."

"If war comes, Wallace said, all nations would be given the suicidal task of choosing sides.

"You are asked by many of my countrymen to make that choice today," he continued. "To do so means the end of social reform and the hopes of peace, thank God you do not have to make that choice. Your destiny is to save the world from that choice by refusing to make it yourselves."

Wallace defined the Truman doctrine as one of unconditional aid to anti-Soviet governments.

Federal School Aid

Senate Education Subcommittee Begins Hearings On Mass Of Bills Providing Federal Money For Education In States' Grammar And High Schools

By JAMES M. MOW

Washington.—(AP)—An old battle, of vast and deep-reaching interest, is starting in the Senate.

It's this: Should the federal government give the states money to help them improve education in their grammar and high schools?

This fight goes way back. So far Congress has ignored or voted down suggestions that the government help the states this way.

Year after year bills to provide such aid have been offered in Congress. This year, too.

The Senate Education Subcommittee started hearings on these bills Wednesday. The hearings will resume April 21 and may last two weeks.

As usual with important bills, droves of witnesses will be heard. It seems pretty sure the committee will approve some kind of bill and send it up to the full Senate for a vote.

No one can predict the outcome there although this year there's a teacher shortage plus wide demands for higher teacher pay.

Forty Years Ago Today

THE DAILY REFLECTOR

April 11, 1907

The old buildings on the lot, corner of Coancho and Fourth streets, recently purchased by the John Flanagan Busby Co., are being moved off. About the first of May the company will begin the erection of a large brick building on this lot, which to carry on its buggy manufacturing and undertaking business.

Day on Tuesday, April 8th, with a luncheon held at the Woman's Club at 1:00. This was the first such occasion since before the war and it is hoped this affair will be made an annual event.

The club was most attractively decorated with lovely arrangements of spring flowers.
The meeting was opened with the invocation by Mrs. E. W. Harrey. Mrs. H. L. Omond, who most charmingly acted as toastmistress, then extended greetings to the guests and introduced Miss Mimi Tripp and Mr. Donald Perry. They rendered several lovely musical selections.

After a delightful luncheon the roll call of club membership was held. A lovely gold cup, in honor of Mrs. Sallie Southall Cotten, who was the founder of the first book club of Greenville, the End of the Century Club, was presented to the Lector Club for having the largest percentage of membership present.

The feature of the day was presented by Dr. and Mrs. I. G. Greer of Thomasville, who gave a most entertaining program of ballads and folk songs. Dr. Greer sang several of the most popular, accompanied by Mrs. Greer.

After several announcements the meeting was adjourned with everyone looking forward to Book Club Day next year. We feel indebted to the chairman, Mrs. J. T. Little and co-chairman, Mrs. W. H. Taft, who were directly responsible for this successful occasion.—Reporter.

W. C. T. U. Notes

The annual meeting of the north-east district of the North Carolina Woman's Christian Temperance union will be held at the First Methodist Church in Washington next Tuesday, April 15th, beginning at ten o'clock. Each person attending is asked to bring a light lunch. These lunches will be served by the local union. The public is invited.

Officers of the northeast district are Mrs. E. Leon Roeluck, Washington, president; Mrs. S. M. Boettcher, Elizabeth City, vice president; Mrs. W. T. C. Briggs, Greenville, recording secretary-treasurer; Miss Athleen Rollins, Bethel, T. T. leader; Mrs. C. W. Brown, Greenville, L. T. L. leader.

Mrs. L. E. Brown, state president, and Mrs. W. H. Causey, promotion secretary, are expected to arrive in Greenville Saturday after attending the southeast district meeting in Lumberton today. They will be en route to Washington for the meeting Tuesday.

Red Oak News

A large crowd from far and near attended the seventh annual sunrise service at Red Oak last Sunday. At exactly 4:42 o'clock the first notes of "Crown Him Kings" were heard and a vested choir entered and took their places. Several beautiful duets, trios and special numbers were rendered by the choir.

Miss Dot Savage and Miss Marian Brown of Greenville brought us an Easter message and prayer.

The church was beautifully decorated and was an inspiration to every person present. As each person entered the church, they seemed amazed at the beauty of it. Against a background of greenery was a white archway and back of the archway was a softly lighted cross.

To the left was a scene of the burial place of Jesus. Gray moss and a background of greenery added to the effectiveness of the scene. Miss Vivian Allen and Mrs. Earl Simmons, dressed in Angel costumes stood at the tomb during part of the program.

At the right was a scene which was similar to the picture on the programs. A burning candelabra, flanked on each side by Easter lilies and gorgeous purple, pink and white hyacinths, gifts from Mrs. J. B. Kittrell of Greenville made a picture long to be remembered. Daffodils were used to outline the background and seemed to be growing around the little white picket fence that enclosed the entire garden.

One of the loveliest scenes was a tableau, "Jesus, Keep Me Near The

Cross," with Mrs. Inez Haddock, dressed in a full dusty rose chiffon and taffeta evening gown, kneeling at the cross, while the two angels kept watch.

Those who attended this service received a great inspiration on that beautiful Easter day.

Mr. and Mrs. Ola Kittrell were presented a lovely Easter lily as a gift from the church in appreciation of the work in "decorating the church for this service."

It was last Sunday that the ladies came out ahead of the men again in their second contest. They were not too far ahead but were far enough that they won. One hundred twenty-eight were present and the young married folks' class had so many they could hardly squeeze in their class rooms. We will have to hurry and get to work on our new Sunday school rooms.

One of the largest crowds seen in recent years jammed the Belvoir school last Wednesday evening to witness the second performance of "The Red Oak Minstrel." The crowd was in a gay mood and rounds and rounds of applause was given each number. Many who had seen it before were there and many have said they would be present at the next performance. The date and place will be advertised in this paper in a day or two. Thank you, friends of Belvoir, for the royal welcome you gave us.

A large number of Red Oak Home Demonstration Club Women attended the Spring Federation in Greenville last Tuesday afternoon and the 15th district meeting held in Washington on Wednesday. Mrs. B. C. Tyson will go to Tarboro next Tuesday and to Jackson on Wednesday where she will conduct the recreation for the 13th and 14th district meetings.

Friends of our genial friend, F. L. Allen will be sorry to know that he is still confined to Pitt General hospital.

Earl Joyner has returned to his home from the hospital and is getting along nicely.

We extend a cordial welcome to our new neighbors, Mr. and Mrs. Joe Joyner, Jr., who have recently moved into their new home on the Farmville Boulevard.

Two Appointed Members Of ECTC Faculty

Dr. Harold C. Jones of Mt. Berry, Ga., and Mrs. Bernice W. Wragg of Houston, Texas, have been appointed as members of the faculty at East Carolina Teachers College, according to an announcement from the office of Dr. Dennis H. Cooke, college president. Both will begin their work during the summer session of 1947.

Dr. Jones is now professor of biology at Berry College in Georgia where he has taught since 1934. He will teach biology at East Carolina. Dr. Jones holds the master's degree from Oberlin College in Ohio and the doctor's degree from Peabody College in Nashville, Tenn. He taught at Oberlin and the University of Nebraska before he began his present work in Georgia. He is the author of a number of research studies and articles in the field of zoology.

Mrs. Wragg will join the college faculty as a member of the department of art. She is now an art supervisor in the city schools of Houston, Texas. She is a graduate of Stephen F. Austin State Teachers College at Nacogdoches, Texas, has done special studying in art at North Texas State Teachers College at Denton, and holds the master's degree from the Colorado State College of Education at Greeley.

Cancer A Threat To All, No One Is Safe

By MRS. W. C. HARRIS
No one is safe from cancer. Unless we act one in eight will die of cancer. No one is safe from cancer. Every three minutes someone in the United States dies of cancer! No one is safe! There is one chance in eight that you yourself will be a victim of this deadly killer. Yes, cancer is now causing one death in every eight!

This inhuman enemy respects no law of mankind—it strikes young and old, rich and poor alike.

17,000,000 Americans now living are doomed to die of cancer unless we do something about it. The present cancer death rate proves this statement of fact—no one is safe from cancer!

Cancer is the greatest and cruellest killer of American women between the ages of 35 and 55. Cancer is the second greatest killer of men. And cancer kills children.

Criminal Superior Court here Monday morning at 10 o'clock. A heavy docket will confront the New Hanover County jurist.

Some important cases are scheduled for trial, including one or two capital cases.

IF BACK ACHES DUE TO KIDNEYS

Flush Them Out This Doctor's Way
If excess acidity of your urine makes your back ache so you groan . . . so you get up 3 or 4 times a night to pass water, now be of good cheer.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He developed a medicine made of exactly the right amount of 16 herbs, roots, vegetables, balsams—truly Nature's own way to relief.

Now millions have used it. The medicine is Dr. Kilmer's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may be causing your backache . . . increasing the flow of urine to help ease that burning sensation when you pass water . . . and bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's really marvelous.

For free trial supply, send to Dept. W. Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

Grand Master To Conclude Term As Head Masons

W. J. (Dick) Bundy, Greenville attorney and grand master of Masons in North Carolina, will go to Raleigh Sunday to attend the annual meeting of the North Carolina Grand Lodge Ancient, Free and Accepted Masons.

The grand lodge will be in session through Wednesday, probably Thursday morning. Bundy's term as grand master will end at that time. Deputy Grand Master Luther T. Hartsell, Jr., of Concord, is in line to become grand master.

During the past year Grand Master Bundy traveled more than 23,000 miles in his official visitations to Masonic lodges. He makes his last official visitation tonight when he goes to Windsor to address the lodge there.

Bundy, a 33-degree Mason, attended the conference of Masonic grand masters in Washington

H. E. Vandiford, Of Ayden, Back In Army

It has been announced by the Army Recruiting Station at Greenville that Herman E. Vandiford of Rt. 1, Ayden, has been reenlisted in the New Regular Army.

Vandiford was reenlisted in the grade of Sergeant. Prior to his last discharge, he served with the Infantry. The Sergeant has almost five years previous service in the Armed Forces, most of the time being spent overseas in the Pacific Theater of Operations.

Sergeant Vandiford formerly served with the Greenville Police Department. He is married to the former Miss Doris M. Harris of Ayden.

D. C. As potentate of Sudan Temple, Mystic Shrine, he attended the Imperial Shrine ceremonial in San Francisco, Calif. He made this trip by plane.

Dairy Trials To Be Held In June, July

Charlotte, N.C.—(AP)—Trials of five dairies of this section charged with adulteration and misbranding of milk will not be held until the June or July term of Mecklenburg Superior Court, according to Solicitor Basil Whitener.

Originally set for next week, the

cases were postponed, Whitener said, because counsel for the defendants have demanded separate trials and have notified the court they will call hundreds of witnesses.

For the first time in 14 years, U. S. farm population was larger in 1945 (by 800,000) than the previous year.

Arthur Collins Host Kiwanis Directors

By CHESTER WALSH
J. Arthur Collins was host at supper for the Kiwanis Club officers and directors at their meeting last night at Nolson Hopkins Tavern on the Tar, on a high bluff overlooking Tar River, in the Province of Bruce. President Eli Bloom presided.

Barbecued chicken and all of the "trimmings" featured the menu. Business transacted included planning for the Kiwanis minstrel to be held May 14-15 at the college; discussion of the Kiwanis International convention in Chicago June 29-July 3; a review of the activities of the Underprivileged Child Committee by Chairman Arthur Tripp; consideration of applications for membership in the club and extending of congratulations to the recently organized Washington Kiwanis Club.

Eli Bloom is president of the local club, Nathan C. Brooks, vice-president, David C. Moore, Jr., secretary-treasurer. Edwin E. Rawl is immediate past president and lieutenant-governor. Directors are David A. Evans, Judge J. W. H. Roberts, Guy V. Smith, W. H. Wapard, J. Arthur Collins, Tier

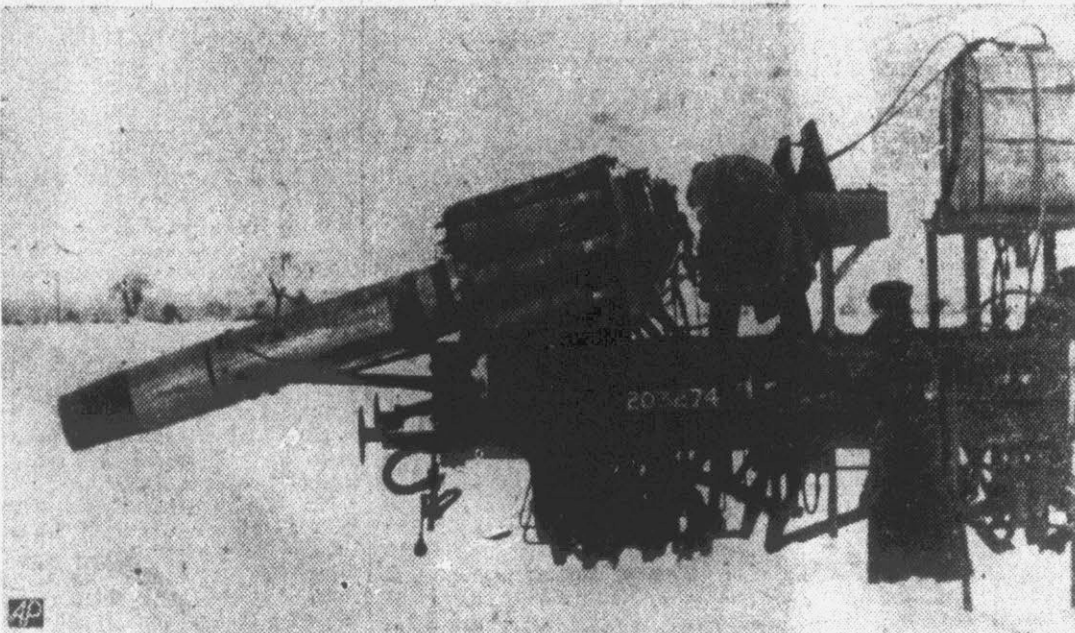

Gardner, Milo Smith and Tom Wilson. Carlos Murray, John A. Collins Jr., Hubert Joyner of Farmville, and Chester Walsh, public relations chairman, were guests.

DANCER—Mildred Mila-
dova of Oklahoma City, former
Ballet Russe de Monte Carlo
dancer, is now in the movies.

The North Carolina Symphony Orchestra, first state symphony in America, will appear in concert here in Wright auditorium, East Carolina Teachers College Monday, April 14th, 8 P. M. They will give a specially prepared free concert for the children of the elementary grades in Wright Auditorium Monday at 2:30 P. M.

Railroad Men Get "Furloughs"

Pittsburgh—(AP)—Shutdowns in the coal fields today had resulted in the furloughing of 1,135 railroad

workers and thousands of others were threatened with idleness unless mines are soon put back in full production.

The Chesapeake & Ohio Railway laid off 300 car shop workers today at its Russell, Ky. yards because of a shortage of coal shipments from West Virginia and Kentucky mines. A spokesman said as many as 10,000 operating and maintenance employees might be affected unless the coal situation improves by Saturday. The C&O normally serves 295 mines of which 115 were in operation yesterday.

At Richmond, the Norfolk & Western Railway reported furloughing 835 motive power employees temporarily because of the coal-loading decline.

Finnish Gov't Quits In Crisis

Helsinki, Finland—(AP)—The government of Premier Mauno Pekkala resigned today in what was described here as a purely domestic political crisis engendered by Finland's postwar economic problems. Pekkala became premier March 24, 1946, succeeding Juho K. Paasikivi, who resigned to assume the presidency.

The crisis arose from almost two months of discussion over an economic stabilization program, culminating last week in demands from the People's Democratic Union for abandonment of controls over wages plus a sharpening of price control.

Phone Operators In Test New Jersey Law

Newark, N. J.—(AP)—Three women leaders of the New Jersey Bell Telephone Switchboard Operators union were arrested today on charges of violating the state's two-day-old anti-public utility strike law as a major court test of the law's constitutionality apparently got underway.

The three pleaded innocent on arraignment at 11:10 a. m.

York Memorial Church. Rev. P. H. Mumford, Pastor. Sunday 9:45, Sunday school, W. J. Hester, Supt.

11 a. m. Message by the pastor, subject, "Sin and its Destructive Influence in the World Today." Music by the senior choir. All captains of the heating plant drive will make their final report Sunday at 11 o'clock.

We kindly ask every member of the church to report to his or her captain before the report is made.

At 3 p. m. the senior choir will render a feast of spiritual music for the Women's Club.

7:30 p. m. General class service. All class leaders will please be present and take charge of their classes. Wednesday night prayer meeting. You will find a cordial welcome at York Memorial.

Rock Springs F. W. B. Church. Rev. S. Hemby, pastor. Sunday school 9:30, William Taylor, superintendent. The pastor will use for his subject, "Eternal Peace at 11 a. m. 7:30 p. m. He will preach from the subject, "Eternal Hope, Rev. Hemby and choir will serve at Mt. Calvary, also the Usher Board of his church.

Mrs. W. H. Causey, traveling secretary of the W. C. T. U. of Winston-Salem, N. C., will be guest speaker to the women of all churches of the city Sunday afternoon at 3 p. m. at Sycamore Hill Baptist Church. The women as well as the men are especially invited. So please be on time to hear this great speaker and organizer.

One of the greatest and most spiritual sessions of the Missionary Union was held last Sunday at the Pentecostal Holiness Church at Falkland of which Mrs. Emma Corey is pastor. A bus and several cars from this city filled the church to capacity. The highlights of the session was the topic "Christ is Risen," rendered by Mrs. Etta Dupree. This topic pictured our risen Lord and His trial the week before His crucifixion. She expressed that God so loved us that He gave His only son that we might have life. Our hearts burned while she spoke to us with such spiritual fervor. A free-will offering of \$15.85 was presented to the church. Mrs. Corey expressed her heart-felt thankfulness to the union for the offering. This union is scheduled to meet with the first Baptist Church of Simpson the second Sunday in May at 3 p. m. A bus will be chartered for all members and friends of the union for the trip.

A family reunion of the Heber Green family was held last Sunday at Falkland at the home of the senior Mr. and Mrs. Greene. The sons, daughters, grandchildren and friends of the family visited the union at 3:00 after which a delicious dinner was served at five p. m. This reunion is held annually with the parents of the family. Many thanks to them and their friends for their visit to the union.

EXCESS HOUSING. Mansfield, Ill. - (AP) - The village board has decided that the 700 inhabitants have no need for a jail so they sold it at auction for \$375. There had not been a prisoner here in 15 years and the village has had no night watchman for 25 years.

NEW HAZARD. Kansas City - (AP) - Kids get in the darndest places!

Police yesterday extricated five-year-old Charles Stewart from the chimney of a back-yard barbecue oven after finding him securely wedged in feet first and with only his head showing.

Collyer Found Dead In Booby Trap

An unidentified detective looks at the body of Langley Collyer, 61-year-old recluse, after a four-foot layer of rubbish had been removed from it in his decaying mansion on New York's upper Fifth Avenue. He was found dead in one of the numerous tunnels he had dug beneath piles of junk to serve as booby traps for intruders. The body was only a few feet from the spot where his blind brother, Homer, was found dead of a heart attack March 21. The brothers had lived there in seclusion for more than 30 years. (AP Wirephoto)

so showed that the boys and girls had worked hard in preparing the program. Outstanding in the chorus work were the numbers "There is a Balm in Gilead" and "Deep River." Also the duet by Jean Johnson and Doris Lynch, "I Waited for the Lord," was unusually fine in its rendition. Then the solos by Jean Johnson and Doris Lynch stood out in the evening's program. Jean Johnson has one of the best voices heard in high school circles in Eastern Carolina in recent years. She has a rich contralto voice and plans to make singing her career. Her friends and music lovers are sure she will make good. Supt. June H. Rose said. It is the opinion of many that Jean Johnson is a future Marian Anderson, famous Negro opera and concert star. John Taylor, another student at

Eppes High School, is a talented and accomplished pianist and has bright prospects of becoming a concert performer. However, it is very difficult to praise one number above the others, because of the fine quality of all the offerings. The program included selections by the Girls' Glee Club; solos by Emma J. Harris, John Hill, Joan Beatty, Levy Tyson, Jean Johnson, Doris Lynch and John Taylor; Mixed Chorus; Mixed Ensemble; Girls' Octet; and a duet, "I Waited for the Lord," by Jean Johnson and Doris Lynch. Alice Jenkins is student accompanist. Prof. W. H. Davenport is principal of the school. At intermission, Supt. J. H. Rose spoke to the audience and complimented the work of the mutual organizations, the work of the entire school, and thanked the school patrons for their spirit of cooperation and helpfulness as shown throughout the year. The program was sponsored by the Bachelor Benedict Club and members of the club acted as ushers at the concert.

PERCH AS BIG AS SHAD
 Fish are biting in Tar River and some creeks as fast as you can drop in your line. Capt. R. O. Williams, retired army officer, while fishing at Bell's Seine Hole, three miles below Greenville, caught nine white perch yesterday that were so big he thought they were young shad. He was back on the river this morning.

Jackie Robinson "On The Spot" And Knows It

Brooklyn—(AP)—"I am on the spot and I know it. But I'm prepared for it. I am certain I can win them over in Brooklyn as I did in Montreal."

That was the observation today of Jackie Robinson—first Negro ever to reach the major leagues in modern organized baseball.

The brilliant 28-year-old former U.C.L.A. all-around athlete, who bids fair to become a drawing card rivaling Bob Feller and Ted Williams, was still in a daze over the swiftly moving events which made him a Dodger yesterday.

"It feels wonderful to be a major leaguer, even if I haven't actually played in the big leagues yet," Robinson beamed. "I hope I can justify everybody's faith in me."

The star second baseman, who had been asked to move to a strange position at first base by his Montreal manager, Clay Hopper, at the request of Branch Rickey, Brooklyn 92 president, said it mattered little to him where he played, as long as he saw action.

Local Linksmen Lose To Kinston

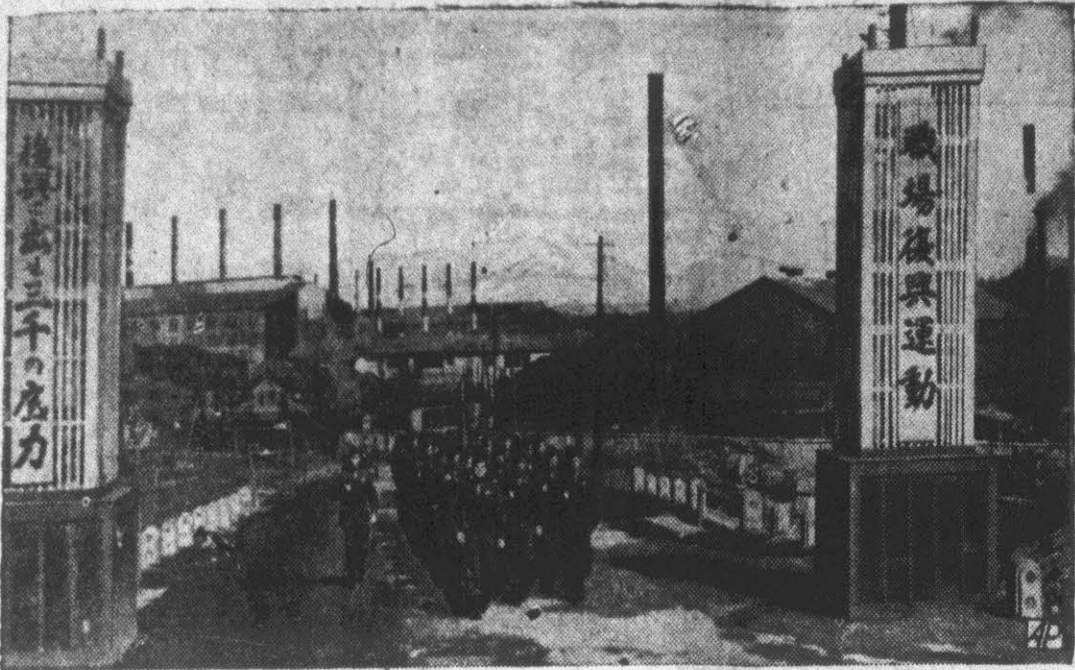

Greenville Linksmen lost to Kinston, 33-17, Wednesday on the Kinston golf course in a regularly scheduled Eastern Carolina Golf Association match.

W. L. Allen, playing in the number one spot, had low model for the team with a 75; Tyson Bilbro shot a 78 and Reynolds May had the third best ball with an 80.

Other members of the team with their scores follow:

Luke Herrins, 81; Howard Waldrop, 81; Boyd Moore, 81; J. E. Phelps, 83; J. M. Barrett, 84; Milton Harrington, 84; Cecil Bilbro, 84; Bruce Baker, 86; D. W. Mosier, 87.

Hunter Keck, 88; John Proctor, 89; Herbert Waldrop, 89; J. L. Kilgo, 89; Jack Edwards, 90; Seth Hooker, 90; Bill Hodges, 90; Red Corbett, 91; and Gentry Galloway, 92.

Greenies Lose

Kinston — Sam McLawhorn and Herbert Pate limited Greenville to seven hits while their mates pounded a trio of visiting moundmen for 17 blows here yesterday to give Kinston Eagles a 12-6 victory over the Greenies.

Charlie Hutchins paced the victors at the plate with four hits in five trips. Mauney got three of Greenville's hits.

Refuse Request For Extradition

Jefferson City, Mo.—(AP)—Gov. Phil M. Donnelly refused last night to let North Carolina authorities extradite Royal S. Wadsworth, alleged fugitive from a North Carolina prison camp since 1936.

The governor said Wadsworth had rehabilitated himself in the last 11 years, had served in the army with a good record—including 33 months overseas—and presented evidence that he had become a self supporting citizen of St. Louis where he is employed by a roofing company.

North Carolina asked that he be returned to serve two years remaining on a sentence for house breaking. Wadsworth's wife and child accompanied him to the extradition hearing.

Midgets Playing Goldsboro Here

Greenville's Midgets will be after their third victory tomorrow afternoon at 3:00 p. m. when they meet the Goldsboro Goldbugs at Third Street park.

This game will mark the opening of the Eastern North Carolina Baseball League.

Starting line-up for the locals is tentatively set as follows: Sidney Gable, 1b; Sam Hux, 2b; Jimmy Aman, 3b; Earl Stocks, ss; Eddie Farley, lf; Kent Lee, cf; Jake Higgs, rf; Leon Moore, c; Julian Vainright, p.

Batting Display As Senators Win Tilt

The Harrisburg Senators of the Class B Inter-State League went on a batting rampage here today to defeat Raleigh of the Class C Carolina league, 20-15, in a 39-hit slugfest.

The Senators accounted for 22 safe blows while the Raleigh Caps came out with 17 hits.

Raleigh's Hennencheck performed the mound-work for the visitors and his offerings were blasted all over and out of the park.

Baksi Dislikes Woodcock's Grin

Brighton, England—(AP)—Joe Baksi, the American heavyweight from Kulpmont, Pa., vowed today to erase a "sneering i-won-again-folks" grin from the next post-fight picture of British Champion Bruce Woodcock.

"I don't know Bruce personally—never saw him fight," said Baksi who will get his introduction to Woodcock next Tuesday at London's Harringay Arena. "But I took a dislike to that pose he assumes in the ring after a victory—cocking his head to the side and raising an eyebrow."

"I'm out to see that nothing like that is repeated over my battered form."
